## Independent Auditors' Report

---

To the Honorable Members of the Board of Directors  
Industrial Development Authority of Brunswick County, Virginia  
Lawrenceville, Virginia

### Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of Industrial Development Authority of Brunswick County, Virginia (a component unit of the County of Brunswick, Virginia) as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## *Opinion*

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of Industrial Development Authority of Brunswick County, Virginia, as of June 30, 2016, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## *Change in Accounting Principle*

As described in Note 13 to the financial statements, in 2016, Industrial Development Authority of Brunswick County, Virginia adopted new accounting guidance, GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, and No. 82, *Pension Issues - an amendment of GASB Statements No. 67, No. 68, and No. 73*. Our opinion is not modified with respect to this matter.

## *Other Matters*

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and schedule of pension funding on pages 4-9 and 43-45 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Industrial Development Authority of Brunswick County, Virginia's basis financial statements. The supporting schedule is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supporting schedule is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supporting schedule is fairly stated in all material respects in relation to the basic financial statements as a whole.

## Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 15, 2017, on our consideration of Industrial Development Authority of Brunswick County, Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Industrial Development Authority of Brunswick County, Virginia's internal control over financial reporting and compliance.

*Robinson, Farmer, & Associates*

Charlottesville, Virginia

February 15, 2017

To the Honorable Members of the Board of Directors  
Industrial Development Authority of Brunswick County, Virginia  
Lawrenceville, Virginia

As management of the Authority, we offer this narrative overview and analysis of the financial performance and overview of the Authority's financial activities for the fiscal year ended June 30, 2016. We encourage readers to consider the information presented herein in connection with the Authority's basic financial statements.

### **Financial Highlights for FY2016**

The assets and deferred outflows of resources of the Authority exceed its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$14,626,211.

The Authority's decrease in net position totaled \$134,719 for the current year. The decrease in net position for 2016, down from FY2015's increase of \$1,339,299 can be attributed to the Authority's decrease in the capital contribution revenue during the year.

### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements. Since the Authority is engaged only in business-type activities, its basic financial statements are comprised of only two components: 1) enterprise fund financial statements and 2) notes to financial statements.

**Enterprise fund financial statements.** The enterprise fund financial statements are designed to provide readers with a broad overview of the Authority's finances, in a manner similar to a private-sector business.

The statement of net position presents information on the Authority's 1) assets and deferred outflows of resources and 2) liabilities and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The statement of revenues, expenses and changes in net position presents information showing how the Authority's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (i.e. earned but unused vacation leave).

**Notes to financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the financial statements.

## Financial Analysis of the Authority as a Whole

### Statement of Net Position:

The following table reflects the condensed Statement of Net Position:

Summary of Statement of Net Position As of June 30, 2016 and 2015			
	June 30, 2016	June 30, 2015	
Current assets	\$ 3,512,051	\$ 4,040,236	
Noncurrent assets	11,905,470	12,091,680	
Total assets	\$ 15,417,521	\$ 16,131,916	
Deferred outflow of resources	\$ 11,850	\$ 11,547	
Current liabilities	\$ 128,266	\$ 599,536	
Noncurrent liabilities	649,544	745,593	
Total liabilities	\$ 777,810	\$ 1,345,129	
Deferred inflows of resources	\$ 25,350	\$ 37,404	
Net Position:			
Net investment in capital assets	\$ 8,227,155	\$ 7,701,417	
Unrestricted	6,399,056	7,059,513	
Total net position	\$ 14,626,211	\$ 14,760,930	

The Authority's combined net position decreased by \$134,719 during the year.

At the end of the current fiscal year, the Authority was able to report positive balances in both categories of net position. The same situation held true for the prior fiscal year.

## Financial Analysis of the Authority as a Whole: (continued)

The following table shows the revenues and expenses of the Authority for the past two fiscal years:

Changes in Net Position Years Ended June 30, 2016 and 2015		
	<u>June 30, 2016</u>	<u>June 30, 2015</u>
<b>Revenues:</b>		
Operating revenue	\$ 579,272	\$ 527,265
Intergovernmental grants	-	10,040,377
Capital contributions	11,886	1,259,030
Other revenue	9,043	13,658
Gain (loss) on disposal of property	<u>(74,836)</u>	<u>1,500</u>
Total revenues	<u>\$ 525,365</u>	<u>\$ 11,841,830</u>
<b>Expenses:</b>		
Operating expenses	\$ 288,665	\$ 10,296,096
Depreciation and amortization	243,379	123,677
Industrial projects	94,490	44,787
Interest expense	<u>33,550</u>	<u>37,971</u>
Total expenses	<u>\$ 660,084</u>	<u>\$ 10,502,531</u>
Increase (decrease) in net position	\$ (134,719)	\$ 1,339,299
Net position beginning of year	<u>14,760,930</u>	<u>13,421,631</u>
Net position end of year	<u><u>\$ 14,626,211</u></u>	<u><u>\$ 14,760,930</u></u>

### Revenues

The Industrial Development Authority's revenues decreased by \$11,316,465 during the current year. The decrease was related to a \$10 million Tobacco Settlement Grant that was passed through to Transcontinental Gas Pipe Line Company, LLC received in the prior year.

### Expenses

For the fiscal year ended June 30, 2016, total expenses decreased by \$9,842,447, of which \$10,000,000 was related to the Authority passing through a Tobacco Settlement Grant to Transcontinental Gas Pipe Line Company, LLC in the prior year.

### Long-term Debt

At the end of the fiscal year, the Authority had \$745,593 in notes and advances outstanding versus \$1,313,066 last year, a decline of \$567,473 or 43.22%. The decrease was a result of the normal amortization of existing debt obligations. There were no new debt obligations incurred by the Authority during this fiscal year. Additional information on the Authority's long-term debt can be found in Note 6 of this report.

## Capital Assets and Other Investments

The Authority's investment in capital and other assets as of June 30, 2016 amounts to \$8,971,247 (net of accumulated depreciation and amortization). Below is a comparison of the items that comprise capital assets and other investments as of June 30, 2016 with that of June 30, 2015.

	<u>2016</u>	<u>2015</u>
Land, Property and Equipment (net)	\$ 360,797	\$ 165,602
Investment in industrial assets	8,111,951	8,348,881
Leases receivable	<u>498,499</u>	<u>573,191</u>
Total capital assets and other investments	<u>\$ 8,971,247</u>	<u>\$ 9,087,674</u>

The increase in land, property and equipment and in investment in industrial assets is attributed to the additional investment in industrial assets. Additional information on the Authority's capital and other assets can be found in Notes 3, 4, and 7 of this report.

## Economic Factors and Review of Operations

The Industrial Development Authority of Brunswick County, Virginia is an organization dedicated to promoting economic growth in Brunswick County through industrial development within Brunswick County and surrounding areas. The Authority provides a comprehensive approach to industrial development including retention and expansion of existing industries; recruitment and attraction of new businesses; industrial site planning and development; and financial and legal facilitation. The Authority employs a full-time director, one full-time support staff and a part-time financial manager. It is governed by a Board of Directors appointed by the Brunswick County Board of Supervisors.

Located strategically between Richmond, Virginia and Raleigh/Durham, North Carolina the Authority offers developed buildings and sites for industries including:

- ❑ Brunswick County Industrial Park located in a Virginia Enterprise Zone (complete with utility services).
- ❑ I-85 Business Center Park, consisting of 114 acres, located ¼ mile from I-85 on U.S. Route 1; also located in a Virginia Enterprise Zone which was made possible by expansion of the Brunswick County Enterprise Zone in 2013.
- ❑ Roanoke River Regional Business Park where 240 acres are available for new industrial enterprises and is also located in a Virginia Enterprise Zone. The Park is located in Mecklenburg County but jointly owned by the Brunswick County IDA and Mecklenburg County IDA.

In addition to providing opportunities for future industrial prospects, the Authority has supported its existing local industries with industrial investment expenditures. Many of the Authority's development expenditures are committed to improving the infrastructure.

There are a number of industrial prospects considering expanding or locating their business within the County of Brunswick. These new business investments, supported by local leadership, will result in a significant increase in the County's tax base.

Highlighting this year's economic development activities resulting in both immediate and projected job creation for our community:

Construction continued on a new \$1.3 billion plus combined cycle natural gas fired Dominion Virginia Power Plant. The Plant is located on a 213 acre site on US Route 58 about eight (8) miles east of the Town of Lawrenceville. The Power Plant construction is scheduled to be completed mid-2016 and the number of on-site construction workers has peaked at 1,400 per day. The new jobs created by the Plant construction have been important to helping to address the high unemployment in Brunswick County and the surrounding region. About 9% of the workers live in Brunswick County and about 50% live in the region. This Dominion investment is the largest business investment ever made in Brunswick County. It will generate \$4.0 million to \$5.0 million a year in new tax revenue.

Dominion Virginia Power is also constructing approximately 14 miles of new electric transmission lines in Brunswick County from the new plant north and building a new substation in the area of I-85 and Route 712. This construction also generated a substantial number of new employment opportunities.

Additionally, to provide the very large volume of natural gas required by the Dominion Power Plant, Williams Companies, Inc. is building a pipeline, identified as the Brunswick Lateral, that will connect in Pittsylvania County to the company's pipeline that spans from Texas to the northeast U.S. The total investment for this new construction across five (5) Virginia counties will be about \$300 million and will also provide approximately 350 new construction jobs. This pipeline construction is also providing about 250 new employment opportunities in which Brunswick County residents can take advantage of and the new pipeline will result in a significant amount of new tax revenue for the County.

Under the *Areas of Development Opportunity Program* that was implemented in 2006 to strategically undertake economic development projects a number of projects were continued and new projects undertaken. This included: (1) continuing the effort to use the hotel feasibility study that was completed to promote the development of a hotel in the Lawrenceville area; (2) continuing efforts that are expanding the water and wastewater infrastructure to make service available in areas where there are large tracts of land that could be used for industrial sites; and (3) developing plans to update the *Visioning 2007* – the strategic economic development action plan prepared to serve as a “blueprint” for increasing commerce and industry that will expand the County's tax revenue base and generate new well-paying employment opportunities. This included the full operation of the Economic Development Coordinating Council in which there is participation by business, government and civic leadership that will improve collaboration in promoting industrial and commercial growth.

The construction was completed by the IDA to provide water and wastewater service to Dominion Virginia Power and other industry in the US 58 east corridor. This project was funded by a \$546,042.00 Grant from the Tobacco Commission and a \$5.0 million loan from VRA.

Work was also continued to expand the water and sewer infrastructure in Brunswick County. The County is working to renew the permit obtained in the year 2004 to draw a peak of approximately 8.3 million gallons per day from the Meherrin River.

The IDA paid off the note on the Brunswick Office Center rather than renew it for another 10 to 20 years; which saved the IDA more than \$100,000.00 in interest and removed the debt on the building.

Brunswick County, represented by the IDA and County Administration, continued to participate as a member of the Virginia Growth Alliance (VGA), a regional marketing and economic development organization with 13 participating localities located in proximity to each other in Southside Virginia. Numerous projects are undertaken through the organization to bring new industry to the area; which includes both national and international marketing efforts.

### **Contacting the Authority's Financial Management**

This financial report is designed to provide a general overview of the Authority's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in the report or requests for additional financial information should be directed to the Authority's Executive Director, 116 West Hicks Street, Lawrenceville, VA 23868.

# INDUSTRIAL DEVELOPMENT AUTHORITY OF BRUNSWICK COUNTY, VIRGINIA

Note to Financial Statements  
As of June 30, 2016

---

## **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

### **A. Organization and Purpose**

Industrial Development Authority of Brunswick County (the "Authority") was organized on August 23, 1971 in accordance with Chapter 33 Section 15.2-4901 Et. Seq., of the Code of Virginia (1950), as amended (the "Act"). The purpose of the Authority shall be to acquire, own, lease, and dispose of properties to enable it to promote industry and develop trade by inducing manufacturing, industrial, governmental, and commercial enterprises to locate in or remain in the Commonwealth of Virginia and to further the use of its agricultural products and natural resources. The Act empowers the Authority to issue tax exempt bonds to fund the Authority's purpose. Liability under the bonds may be retained by the Authority or it may be assumed by the enterprises for whom facilities are constructed. Collection of revenues pledged to liquidate the bonds may be assigned to a trustee. The revenue bonds are not deemed to constitute a debt or pledge of the faith and credit of the Commonwealth of Virginia or any municipality thereof.

The Authority is a separate and distinct entity from the County of Brunswick, Virginia and is, in accordance with the Act, a political subdivision of the Commonwealth of Virginia. The Authority is considered to be a component unit of the County of Brunswick, Virginia.

The Authority is governed by a Board of Directors appointed by the Board of Supervisors of Brunswick County, Virginia to serve a term of four years.

### **B. Financial Reporting Entity**

The basic criterion for including organizations within the reporting entity, as set forth in GASB No. 14 and as amended by GASB No. 39 is financial accountability. Financial accountability includes the appointment of a voting majority of the organization's governing body and the ability of the primary government to impose its will on the organization or if there is a financial benefit/burden relationship. In addition, an organization which is fiscally dependent on the primary government should be included in the reporting entity. Industrial Development Authority of Brunswick County, Virginia's financial statements include all operations of Industrial Development Authority of Brunswick County, Virginia. The Authority has no component units.

### **C. Basic Financial Statements**

Management's Discussion and Analysis - GASB Statement No. 34 requires the financial statements be accompanied by a narrative introduction and analytical overview of the government's financial activities in the form of "management's discussion and analysis" (MD&A).

#### Enterprise Fund Financial Statements

Statement of Net Position - The Statement of Net Position is designed to display financial position of the Authority. Governments will report all capital assets in the Statement of Net Position and will report depreciation expense - the cost of "using up" capital assets - in the Statement of Revenues, Expenses, and Changes in Net Position. The net position of a government will be broken down into three categories - 1) net investment in capital assets, 2) restricted; and 3) unrestricted.

# INDUSTRIAL DEVELOPMENT AUTHORITY OF BRUNSWICK COUNTY, VIRGINIA

## Note to Financial Statements

As of June 30, 2016 (Continued)

---

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

#### D. Basis of Accounting

Industrial Development Authority of Brunswick County, Virginia operates as an enterprise fund and its accounts are maintained on the accrual basis of accounting. Under this method, revenues are recognized when earned, and expenses are recorded as liabilities when incurred, without regard to receipt or payment of cash. The Authority accrues revenue for services rendered but not yet billed at the end of the fiscal year. The accompanying financial statements are prepared in accordance with pronouncements issued by the Governmental Accounting Standards Board. The principles prescribed by GASB represent generally accepted accounting principles applicable to governmental units.

The Authority distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Authority's principal ongoing operations. The principal operating revenues of the Authority are lease revenue, bond and fee revenues, and Tobacco Settlement Grants. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

#### E. Cash and Cash Equivalents

The Authority's cash and cash equivalents consist of cash on hand, demand deposits, certificates of deposit and short-term investments with original maturities of three months or less from the date of acquisition, all of which are readily convertible to known amounts of cash.

#### F. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the financial statements. Capital assets are defined by the Authority as assets with an initial, individual cost of more than \$2,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. No interest was capitalized during the current or previous fiscal year.

Property, plant, and equipment and infrastructure are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	39
Improvements	5
Machinery, equipment and vehicles	5 to 7

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

#### G. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense) until then. The Authority only has two items that qualify for reporting in this category. One item is comprised of certain items related to the measurement of the net pension asset. These include differences between expected and actual experience. The other item is comprised of contributions to the pension plan made during the current year and subsequent to the net pension asset measurement date, which will be recognized as a reduction of the net pension asset next fiscal year. For more detailed information on these items, reference the pension note.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The Authority has two types of items that qualify for reporting in this category. The Authority reports deferred gains which arise from property sales and lease backs. This amount is deferred and recognized as an inflow of resources in the period that the amount becomes available. In addition, certain items related to the measurement of the net pension liability are reported as deferred inflows of resources. These include differences between expected and actual experience, change in assumptions, and the net difference between projected and actual earnings on pension plan investments. For more detailed information on these items, reference the pension note.

#### H. Land and Improvements Held for Sale

Land and improvements held for sale are recorded at the lower of cost or market. Cost is determined by the acquisition price, if purchased, and estimated fair value at the date of contribution, if contributed. Subsequent improvements are added to the land and improvements held for sale.

#### I. Pensions

For purposes of measuring the net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Authority's Retirement Plan and the additions to/deductions from the Authority's Retirement Plan's net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## INDUSTRIAL DEVELOPMENT AUTHORITY OF BRUNSWICK COUNTY, VIRGINIA

Note to Financial Statements  
As of June 30, 2016 (Continued)

---

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

#### J. Other Significant Accounting Policies

- Accounts receivable are reported at book value utilizing the direct write-off method for uncollectible accounts. Uncollected balances have not been significant and no allowance for uncollectible accounts is recorded;
- Other assets are reported at cost;
- Long-term leases of industrial assets are reported as sales pursuant to standards of the Governmental Accounting Standards Board.

#### K. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### L. Net Position

Net position is the difference between a) assets and deferred outflows of resources and b) liabilities and deferred inflows of resources. Net investment in capital assets represent capital assets, less accumulated depreciation, less any outstanding debt related to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position.

#### M. Net Position Flow Assumption

Sometimes the Authority will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Authority's policy to consider restricted - net position to have been depleted before unrestricted - net position is applied.

### NOTE 2 - DEPOSITS AND INVESTMENTS:

#### Deposits

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act") Section 2.2-4400 et. seq. of the Code of Virginia. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

## INDUSTRIAL DEVELOPMENT AUTHORITY OF BRUNSWICK COUNTY, VIRGINIA

Note to Financial Statements  
As of June 30, 2016 (Continued)

---

### NOTE 2 - DEPOSITS AND INVESTMENTS: (Continued)

#### Investments

Statutes authorize the Authority to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, "prime quality" commercial paper and corporate notes, banker's acceptances, repurchase agreements and the State Treasurer's Local Government Investment Pool (LGIP).

#### Custodial Credit Risk (Investments)

To protect against potential fraud and embezzlement, the assets of the Authority shall be secured through third-party custody and safekeeping procedures. Bearer instruments shall be held only through third-party institutions. Investments officials shall be bonded to protect the public against embezzlement and malfeasance. Collateralized securities such as repurchase agreements shall be purchases using the delivery versus payment procedure. Unless prevailing practices or economic circumstances dictate otherwise, ownership shall be protected through third-party custodial safekeeping.

The Authority's investments at June 30, 2016 consist solely of investment in the Commonwealth of Virginia Local Government Investment Pool.

#### Credit Risk of Debt Securities

The Authority's rated investments as of June 30, 2016 were rated by Standard and Poor's and/or an equivalent national rating organization and the ratings are presented below using the Standard and Poor's rating scale.

Rated Debt Investments' Values		
Rated Debt Investments	Fair Value	AAAm
Local Government Investment Pool	\$ 366,075	\$ 366,075
Total	\$ 366,075	\$ 366,075

#### External Investment Pool

The fair value of the positions in the external investment pool (Local Government Investment Pool) is the same as the value of the pool shares. As this pool is not SEC registered, regulatory oversight of the pool rests with the Virginia State Treasury. LGIP is an amortized cost basis portfolio under the provisions of GASB Statement No. 79. There are no withdrawal limitations or restrictions imposed on participants.

Capital assets, net	\$ 165,602	\$ 195,195	\$ -	\$ 360,797

## NOTE 5 - PENSION PLAN:

### *Plan Description*

All full-time, salaried permanent employees of the Authority are automatically covered by VRS Retirement Plan upon employment. This is an agent multiple-employer plan administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the Code of Virginia, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

## NOTE 5 - PENSION PLAN: (Continued)

### *Plan Description (Continued)*

The System administers three different benefit structures for covered employees - Plan 1, Plan 2, and, Hybrid. Each of these benefit structures has different eligibility criteria. The specific information for each plan and the eligibility for covered groups within each plan are set out in the table below:

RETIREMENT PLAN PROVISIONS		
PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
<p><b>About Plan 1</b> Plan 1 is a defined benefit plan. The retirement benefit is based on a member's age, creditable service and average final compensation at retirement using a formula. Employees are eligible for Plan 1 if their membership date is before July 1, 2010, and they were vested as of January 1, 2013.</p>	<p><b>About Plan 2</b> Plan 2 is a defined benefit plan. The retirement benefit is based on a member's age, creditable service and average final compensation at retirement using a formula. Employees are eligible for Plan 2 if their membership date is on or after July 1, 2010, or their membership date is before July 1, 2010, and they were not vested as of January 1, 2013.</p>	<p><b>About the Hybrid Retirement Plan</b> The Hybrid Retirement Plan combines the features of a defined benefit plan and a defined contribution plan. Most members hired on or after January 1, 2014 are in this plan, as well as Plan 1 and Plan 2 members who were eligible and opted into the plan during a special election window. (see "Eligible Members")</p> <ul style="list-style-type: none"> <li>• The defined benefit is based on a member's age, creditable service and average final compensation at retirement using a formula.</li> <li>• The benefit from the defined contribution component of the plan depends on the member and employer contributions made to the plan and the investment performance of those contributions.</li> </ul>

*Plan Description (Continued)*

RETIREMENT PLAN PROVISIONS (CONTINUED)		
PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
<p><b>Hybrid Opt-In Election (Cont.)</b> Members who were eligible for an optional retirement plan (ORP) and had prior service under Plan 1 were not eligible to elect the Hybrid Retirement Plan and remain as Plan 1 or ORP.</p>	<p><b>Hybrid Opt-In Election (Cont.)</b> Members who were eligible for an optional retirement plan (ORP) and have prior service under Plan 2 were not eligible to elect the Hybrid Retirement Plan and remain as Plan 2 or ORP.</p>	<p><b>*Non-Eligible Members (Cont.)</b> Those employees eligible for an optional retirement plan (ORP) must elect the ORP plan or the Hybrid Retirement Plan. If these members have prior service under Plan 1 or Plan 2, they are not eligible to elect the Hybrid Retirement Plan and must select Plan 1 or Plan 2 (as applicable) or ORP.</p>
<p><b>Retirement Contributions</b> Employees contribute 5% of their compensation each month to their member contribution account through a pre-tax salary reduction. Some political subdivisions elected to phase in the required 5% member contribution but all employees will be paying the full 5% by July 1, 2016. Member contributions are tax-deferred until they are withdrawn as part of a retirement benefit or as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees. VRS invests both member and employer contributions to provide funding for the future benefit payment.</p>	<p><b>Retirement Contributions</b> Employees contribute 5% of their compensation each month to their member contribution account through a pre-tax salary reduction. Some political subdivisions elected to phase in the required 5% member contribution but all employees will be paying the full 5% by July 1, 2016.</p>	<p><b>Retirement Contributions</b> A member's retirement benefit is funded through mandatory and voluntary contributions made by the member and the employer to both the defined benefit and the defined contribution components of the plan. Mandatory contributions are based on a percentage of the employee's creditable compensation and are required from both the member and the employer. Additionally, members may choose to make voluntary contributions to the defined contribution component of the plan, and the employer is required to match those voluntary contributions according to specified percentages.</p>

RETIREMENT PLAN PROVISIONS (CONTINUED)		
PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
<p><b>Disability Coverage</b> Members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.7% on all service, regardless of when it was earned, purchased or granted.</p> <p>VSDP members are subject to a one-year waiting period before becoming eligible for non-work-related disability benefits.</p>	<p><b>Disability Coverage</b> Members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.65% on all service, regardless of when it was earned, purchased or granted.</p> <p>VSDP members are subject to a one-year waiting period before becoming eligible for non-work related disability benefits.</p>	<p><b>Disability Coverage</b> Employees of political subdivisions (including Plan 1 and Plan2 opt-ins) participate in the Virginia Local Disability Program (VLDP) unless their local governing body provides an employer-paid comparable program for its members.</p> <p>Hybrid members (including Plan 1 and Plan 2 opt-ins) covered under VLDP are subject to a one-year waiting period before becoming eligible for non-work-related disability benefits.</p>
<p><b>Purchase of Prior Service</b> Members may be eligible to purchase service from previous public employment, active duty military service, an eligible period of leave or VRS refunded service as creditable service in their plan. Prior creditable service counts toward vesting, eligibility for retirement and the health insurance credit. Only active members are eligible to purchase prior service. When buying service, members must purchase their most recent period of service first. Members also may be eligible to purchase periods of leave without pay.</p>	<p><b>Purchase of Prior Service</b> Same as Plan 1.</p>	<p><b>Purchase of Prior Service</b> <u><b>Defined Benefit Component:</b></u> Same as Plan 1, with the following exceptions:</p> <ul style="list-style-type: none"> <li>• Hybrid Retirement Plan members are ineligible for ported service.</li> <li>• The cost for purchasing refunded service is the higher of 4% of creditable compensation or average final compensation.</li> <li>• Plan members have one year from their date of hire or return from leave to purchase all but refunded prior service at approximate normal cost. After that one-year period, the rate for most categories of service will change to actuarial cost.</li> </ul> <p><u><b>Defined Contribution Component:</b></u> Not applicable.</p>

## INDUSTRIAL DEVELOPMENT AUTHORITY OF BRUNSWICK COUNTY, VIRGINIA

Note to Financial Statements  
As of June 30, 2016 (Continued)

---

### NOTE 5 - PENSION PLAN: (Continued)

#### *Plan Description (Continued)*

The system issues a publicly available comprehensive annual financial report (CAFR) that includes financial statements and required supplementary information for the plans administered by VRS. A copy of the most recent report may be obtained from the VRS website at <http://www.varetire.org/Pdf/Publications/2015-annual-report-pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

#### *Employees Covered by Benefit Terms*

As of the June 30, 2014 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	<u>Number</u>
Inactive members or their beneficiaries currently receiving benefits	2
Inactive members:	
Vested inactive members	1
Non-vested inactive members	1
Inactive members active elsewhere in VRS	-
Total inactive members	2
Active members	2
Total covered employees	<u>6</u>

#### *Contributions*

The contribution requirement for active employees is governed by §51.1-145 of the Code of Virginia, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. Prior to July 1, 2012, all or part of the 5.00% member contribution may have been assumed by the employer. Beginning July 1, 2012 new employees were required to pay the 5% member contribution. In addition, for existing employees, employers were required to begin making the employee pay the 5.00% member contribution. This could be phased in over a period of up to 5 years and the employer is required to provide a salary increase equal to the amount of the increase in the employee-paid member contribution.

The Authority's contractually required contribution rate for the year ended June 30, 2016 was 9.77% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2013.

## INDUSTRIAL DEVELOPMENT AUTHORITY OF BRUNSWICK COUNTY, VIRGINIA

Note to Financial Statements  
As of June 30, 2016 (Continued)

---

### NOTE 5 - PENSION PLAN: (Continued)

#### *Contributions (Continued)*

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the Authority were \$11,739 and \$11,547 for the years ended June 30, 2016 and June 30, 2015, respectively.

#### *Net Pension Liability*

The Authority's net pension liability was measured as of June 30, 2015. The total pension asset used to calculate the net pension asset was determined by an actuarial valuation performed as of June 30, 2014, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2015.

#### *Actuarial Assumptions - General Employees*

The total pension liability for General Employees in the Authority's Retirement Plan was based on an actuarial valuation as of June 30, 2014, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2015.

Inflation	2.5%
Salary increases, including inflation	3.5% - 5.35%
Investment rate of return	7.0%, net of pension plan investment expense, including inflation*

\* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of pension liabilities.

Post-Retirement:

RP-2000 Combined Mortality Table Projected with Scale AA to 2020 with males set forward 1 year

Post-Disablement:

RP-2000 Disability Life Mortality Table Projected to 2020 with males set back 3 years and no provision for future mortality improvement

The actuarial assumptions used in the June 30, 2014 valuation were based on the results of an actuarial experience study for the period from July 1, 2008 through June 30, 2012. Changes to the actuarial assumptions as a result of the experience study are as follows:

Largest 10 - Non-LEOS:

- Update mortality table
- Decrease in rates of service retirement
- Decrease in rates of disability retirement
- Reduce rates of salary increase by 0.25% per year

All Others (Non 10 Largest) - Non-LEOS:

- Update mortality table
- Decrease in rates of service retirement
- Decrease in rates of disability retirement
- Reduce rates of salary increase by 0.25% per year

# INDUSTRIAL DEVELOPMENT AUTHORITY OF BRUNSWICK COUNTY, VIRGINIA

Note to Financial Statements  
As of June 30, 2016 (Continued)

## NOTE 5 - PENSION PLAN: (Continued)

### *Long-Term Expected Rate of Return*

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class (Strategy)</u>	<u>Target Allocation</u>	<u>Arithmetic Long-Term Expected Rate of Return</u>	<u>Weighted Average Long-Term Expected Rate of Return</u>
U.S. Equity	19.50%	6.46%	1.26%
Developed Non U.S. Equity	16.50%	6.28%	1.04%
Emerging Market Equity	6.00%	10.00%	0.60%
Fixed Income	15.00%	0.09%	0.01%
Emerging Debt	3.00%	3.51%	0.11%
Rate Sensitive Credit	4.50%	3.51%	0.16%
Non Rate Sensitive Credit	4.50%	5.00%	0.23%
Convertibles	3.00%	4.81%	0.14%
Public Real Estate	2.25%	6.12%	0.14%
Private Real Estate	12.75%	7.10%	0.91%
Private Equity	12.00%	10.41%	1.25%
Cash	1.00%	-1.50%	-0.02%
Total	<u>100.00%</u>		<u>5.83%</u>
		Inflation	2.50%
		*Expected arithmetic nominal return	<u>8.33%</u>

\* Using stochastic projection results provides an expected range of real rates of return over various time horizons. Looking at one year results produces an expected real return of 8.33% but also has a high standard deviation, which means there is high volatility. Over larger time horizons the volatility declines significantly and provides a median return of 7.44%, including expected inflation of 2.50%.

INDUSTRIAL DEVELOPMENT AUTHORITY OF BRUNSWICK COUNTY, VIRGINIA

Note to Financial Statements  
As of June 30, 2016 (Continued)

**NOTE 5 - PENSION PLAN: (Continued)**

*Discount Rate*

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2018, the rate contributed by the employer for the Authority Retirement Plan will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly. From July 1, 2018 on, participating employers are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

*Changes in Net Pension Asset*

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (Asset) (a) - (b)
Balances at June 30, 2014	\$ 264,882	\$ 308,370	\$ (43,488)
Changes for the year:			
Service cost	\$ 5,280	\$ -	\$ 5,280
Interest	18,364	-	18,364
Differences between expected and actual experience	1,693	-	1,693
Contributions - employer	-	11,547	(11,547)
Contributions - employee	-	5,909	(5,909)
Net investment income	-	14,624	(14,624)
Benefit payments, including refunds of employee contributions	(5,072)	(5,072)	-

# INDUSTRIAL DEVELOPMENT AUTHORITY OF BRUNSWICK COUNTY, VIRGINIA

Note to Financial Statements  
As of June 30, 2016 (Continued)

## NOTE 5 - PENSION PLAN: (Continued)

### *Sensitivity of the Net Pension Asset to Changes in the Discount Rate*

The following presents the net pension liability of the Authority using the discount rate of 7.00%, as well as what the Authority's net pension asset would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

	Rate		
	1% Decrease	Current Discount	1% Increase
	(6.00%)	(7.00%)	(8.00%)
Net Pension Asset	\$ (25,304)	\$ (50,041)	\$ (71,077)

### *Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

For the year ended June 30, 2016, the Authority recognized pension expense of (\$5,670). At June 30, 2016, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 111	\$ -
Net difference between projected and actual earnings on pension plan investments	-	8,016
Employer contributions subsequent to the measurement date	11,739	-
Total	\$ 11,850	\$ 8,016

\$11,739 is reported as deferred outflows of resources related to pensions resulting from the Authority's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the fiscal year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future reporting periods as follows:

Year ended June 30	
2017	\$ (3,053)
2018	(3,164)
2019	(3,165)
2020	1,477
2021	-
Thereafter	-

## NOTE 6 - LONG-TERM DEBT:

Annual requirements to amortize the Authority's long-term debt and related interest are as follows:

<u>Year Ending June 30</u>	<u>Principal</u>	<u>Interest</u>
2017	\$ 96,049	\$ 6,653
2018	98,952	3,750
2019	<u>50,592</u>	<u>758</u>
Total	\$ <u>245,593</u>	\$ <u>11,161</u>

Changes in long-term debt:

Balances outstanding July 1, 2015	\$ 813,066
Retirements:	
Bonds and notes	<u>(567,473)</u>
Balance outstanding June 30, 2016	\$ <u>245,593</u>

Details of indebtedness:

	<u>Total</u>	<u>Due within 1 year</u>
\$1,450,000 Town of Lawrenceville County Water and Sewer Bond agreement dated October 1, 1997 (and amendments) due in semiannual payments of \$51,350 through December 1, 2018, interest at 3%	\$ <u>245,593</u>	\$ <u>96,049</u>
Total	\$ <u>245,593</u>	\$ <u>96,049</u>

## NOTE 7 - INVESTMENT IN INDUSTRIAL ASSETS:

The Authority funded an expansion of the Town of Lawrenceville's water treatment plant. This investment is valued at \$4,202,887 and is being amortized over a 40 year life. In return for this investment, the Authority receives a share of revenues and owns all of the water treatment capacity created by the plant expansion. Amortization expense for fiscal year ended June 30, 2016 was \$105,072. Accumulated amortization as of June 30, 2016 was \$1,221,251.

In December 2010, the Authority entered into an agreement with the County of Brunswick and the Meherrin River Regional Jail Authority (the "Jail") for water and wastewater expansion to service the Jail. The Authority agreed to reimburse the Jail a total of \$766,499 for the cost of improvements. As of June 30, 2016, the water and wastewater expansion was complete. The parties have agreed that the Jail shall have a guaranteed right to use a minimum of 100,000 gpd of water.

---

### NOTE 7 - INVESTMENT IN INDUSTRIAL ASSETS: (Continued)

Details of the Authority's investment in Industrial Assets are as follows:

	<u>Cost</u>	<u>Accumulated Amortization</u>	<u>Net Industrial Assets</u>
Water Treatment Plant	\$ 4,202,887	\$ (1,221,251)	\$ 2,981,636
Dominion Plant Water Line Improvements	<u>5,274,330</u>	<u>(144,015)</u>	<u>5,130,315</u>
Total Industrial Assets	<u>\$ 9,477,217</u>	<u>\$ (1,365,266)</u>	<u>\$ 8,111,951</u>

### NOTE 8 - LAND AND IMPROVEMENTS HELD FOR SALE:

Industrial Development Authority of Brunswick County, Virginia has invested \$929,089 to purchase a 50% interest in the Roanoke River Regional Business Park. Funding for this project includes tobacco settlement funds as well as an obligation to repay the County of Brunswick, Virginia a total of \$500,000 as lots are sold to industries and industrial development funds become available from the Commonwealth of Virginia.

The Authority has invested \$1,442,566 in a 114 acre site adjacent to Route 1 in the Town of Alberta. The Park was named the I-85 Business Center Park to attract small to medium size manufacturers and service industries.

The Authority was granted the Brunswick County Industrial Park, a 63.09 acre site with a value of \$287,349, from the County of Brunswick, Virginia.

### NOTE 9 - NET POSITION:

The Authority has net position as follows:

Capital Assets (Note 4)	\$ 360,797
Investment in Industrial Assets (net of amortization of \$1,128,336) (Note 7)	8,111,951
Less Debt (Note 6)	<u>(245,593)</u>
Net investment in capital assets	<u>\$ 8,227,155</u>
Total unrestricted	<u>\$ 6,399,056</u>

## INDUSTRIAL DEVELOPMENT AUTHORITY OF BRUNSWICK COUNTY, VIRGINIA

Note to Financial Statements  
As of June 30, 2016 (Continued)

---

### NOTE 10 - INTERGOVERNMENTAL AND INDUSTRIAL AGREEMENTS:

#### Industrial Development Agreements

In pursuit of advancing economic development, Industrial Development Authority of Brunswick County has entered into agreements with industries, the Commonwealth of Virginia and other local governments. These agreements are complex and vary in their terms, length, and extent of legal and financial commitment accruing to the Authority. A summary of the significant agreements follows:

#### Commonwealth of Virginia

The Authority owns and leases to the Virginia Department of Corrections the land and structure upon which a 1500 inmate private prison facility has been constructed. The agreement provides that the Commonwealth will purchase the facility at the end of the initial twenty-year lease for the sum of \$1.00, and further provides for the Commonwealth to remit payments in lieu of taxes in a negotiated amount (initially \$332,320) during the twenty-year term of the lease.

#### Town of Lawrenceville, Virginia

The Authority funded an expansion of the Lawrenceville Water Treatment Plant capacity by one million gallons per day of treatment capacity. By contract, the Authority owns the entire 1,000,000 gallons of additional treatment capacity, and as a result, that water capacity constitutes a substantial asset of the Authority. In addition, the Authority is entitled to receive a share of the water charges to users identified as "Authority customers," defined as all customers (except residential) located outside the Town boundaries who/which connect to the Town's water system after the date of the Lawrenceville/IDA contract. The share of the Authority has been pegged at 46.7%, which the parties determined to represent that share of water charges representing capital recovery costs (as opposed to operation and maintenance costs, which are retained by the Town).

#### County of Brunswick, Virginia

Under arrangements similar to that between the Authority and the Virginia Department of Corrections, the Authority issued bonds for the construction of a new Courthouse facility for Brunswick County. The payments from the County to the Authority equal the Authority's obligation to the bond holders.

Brunswick County and the Authority joined together in the development of the Roanoke River Regional Business Park (RRRBP), which is located in Mecklenburg County. To enable the Authority to participate in this project, the County loaned the Authority \$500,000 to be used for the purchase of land. No repayments are due from the Authority to the County until closing occurs on a sale of property within the RRRBP, at which time there is a proportional repayment (the amount of which is determined under the terms of a negotiated agreement between the Authority and the County).

#### County of Mecklenburg, Virginia

One funding source for the RRRBP project was an Industrial Development Grant in the sum of \$1,298,600. The RRRBP property is owned jointly by the Authority and the Industrial Development Authority of Mecklenburg County. The Authority has been designated as the administrator of that \$1,298,600 grant.

## INDUSTRIAL DEVELOPMENT AUTHORITY OF BRUNSWICK COUNTY, VIRGINIA

### Note to Financial Statements

As of June 30, 2016 (Continued)

---

#### **NOTE 10 - INTERGOVERNMENTAL AND INDUSTRIAL AGREEMENTS: (Continued)**

##### Industrial Development Authority of Mecklenburg County, Virginia

The Authority has entered into a contractual arrangement with the Industrial Development Authority of Mecklenburg County for operation of the RRRBP, which is owned jointly and equally by the two Authorities.

##### Private Industry

GEO Group has secured a contract with the Commonwealth to operate the private prison for a term of five years. GEO Group has agreed to a contract with the County. That agreement provides for GEO Group to make payments of \$40,000 per year to the Authority during the term of GEO Group's initial five year operating agreement. If GEO Group's contract to operate the private prison is not renewed by the Commonwealth after the initial five-year contract expires, payments from GEO Group to the Authority will cease.

#### **NOTE 11 - CONDUIT DEBT OBLIGATIONS:**

From time to time, the Authority has issued Industrial Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the Authority, the State, nor any political subdivision thereof, is obligated in any matter for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. Bonds issued by the Authority include the following:

Industrial Development Authority of Brunswick County, Virginia Lease Revenue Note, Series 2004A, issued September 14, 2004 (School Improvement/ Renovation Project)	\$ 7,500,000
Industrial Development Authority of Brunswick County, Virginia Lease Revenue Note, Series 2004B, issued September 14, 2004 (School Improvement/ Renovation Project)	850,000
Industrial Development Authority of Brunswick County, Virginia Lease Revenue Note, Series 2003, issued December 31, 2003 (Brunswick Academy Association)	2,000,000
Industrial Development Authority of Brunswick County, Virginia Lease Revenue Note, Series 2002, issued July 31, 2002 (Saint Paul's College Project)	1,800,000
Industrial Development Authority of Brunswick County, Virginia Lease Revenue Bonds, Series 1997, issued December 5, 1997 (Brunswick County Courthouse Facilities)	4,000,000
Industrial Development Authority of Brunswick County, Virginia Lease Revenue Bonds, Series 1996, issued July 11, 1996 (Commonwealth of Virginia Correctional Facility)	58,095,000
Industrial Development Authority of Brunswick County, Virginia Exempt Facility Revenue Bonds, Series 1996, issued December 16, 1996 (Aegis Waste Solutions, Inc. Project)	5,200,000

## INDUSTRIAL DEVELOPMENT AUTHORITY OF BRUNSWICK COUNTY, VIRGINIA

Note to Financial Statements  
As of June 30, 2016 (Continued)

---

### **NOTE 12 - SOURCES OF REVENUE:**

Each business entity applying for tax-exempt industrial revenue bonds must pay a filing fee unless waived by the Authority. If bonds are subsequently issued, the entity must then pay an annual service fee until the bonds are retired. The Board of Supervisors of Brunswick County, Virginia has appropriated funds for the operations and development expenditures of the Authority.

### **NOTE 13 - ADOPTION OF ACCOUNTING PRINCIPLES:**

#### Governmental Accounting Standards Authority Statement No. 79, *Certain External Investment Pools and Pool Participants*

The Authority implemented the provisions of the above Statement during the fiscal year ended June 30, 2016. This Statement addresses accounting and financial reporting for certain external investment pools and pool participants. Specifically, it establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. An external investment pool qualifies for that reporting if it meets all of the applicable criteria established in this Statement. There was no material impact on the Authority's financial statement as a result of the implementation of Statement No. 79. All required disclosures are located in Note 2.

#### Governmental Accounting Standards Authority Statement No. 82, *Pension Issues - an amendment of GASB Statements No. 67, No. 68, and No. 73*

The Authority early implemented provisions of the above Statement during the fiscal year ended June 30, 2016. The objective of this Statement is to address certain issues that have been raised with respect to Statements No. 67, *Financial Reporting for Pension Plans*, No. 68, *Accounting and Financial Reporting for Pensions*, and No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*. Specifically, this Statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. No restatement was required as a result of this implementation.

### **NOTE 14 - UPCOMING PRONOUNCEMENTS:**

Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, improves the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. This Statement replaces Statements No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple Employer Plans*. It also includes requirements for defined contribution OPEB plans that replace the requirements for those OPEB plans in Statement No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*, as amended, Statement 43, and Statement No. 50, *Pension Disclosures*. This Statement is effective for financial statements for fiscal years beginning after June 15, 2016.

## INDUSTRIAL DEVELOPMENT AUTHORITY OF BRUNSWICK COUNTY, VIRGINIA

Note to Financial Statements  
As of June 30, 2016 (Continued)

---

### NOTE 14 - UPCOMING PRONOUNCEMENTS: (Continued)

Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pension*, improves accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). This Statement replaces the requirements of Statements No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple Employer Plans*, for OPEB. Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, establishes new accounting and financial reporting requirements for OPEB plans. This Statement is effective for fiscal years beginning after June 15, 2017.

Statement No. 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*, addresses a practice issue regarding the scope and applicability of Statement No. 68, *Accounting and Financial Reporting for Pensions*. This issue is associated with pensions provided through certain multiple-employer defined benefit pension plans and to state or local governmental employers whose employees are provided with such pensions. The requirements of this Statement are effective for reporting periods beginning after December 15, 2015.

Statement No. 80, *Blending Requirements for Certain Component Units—an amendment of GASB Statement No. 14*, improves financial reporting by clarifying the financial statement presentation requirements for certain component units. This Statement amends the blending requirements established in paragraph 53 of Statement No. 14, *The Financial Reporting Entity, as amended*. The requirements of this Statement are effective for reporting periods beginning after June 15, 2016.

Statement No. 81, *Irrevocable Split-Interest Agreements*, improves accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2016, and should be applied retroactively.

Management is currently evaluating the impact these standards will have on the financial statements when adopted.

# INDUSTRIAL DEVELOPMENT AUTHORITY OF BRUNSWICK COUNTY, VIRGINIA

## Notes to Required Supplementary Information Year Ended June 30, 2016

---

In 2015, Covered Employee Payroll (as defined by GASB 68) included the total payroll for employees covered under the pension plan whether that payroll is subject to pension coverage or not. This definition was modified in GASB Statement No. 82 and now is the payroll on which contributions to a pension plan are based. The ratios presented use the same measure.

**Changes of benefit terms** - There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation. The 2014 valuation includes Hybrid Retirement Plan members for the first time. The hybrid plan applies to most new employees hired on or after January 1, 2014 and not covered by enhanced hazardous duty benefits. Because this was a new benefit and the number of participants was relatively small, the impact on the liabilities as of the measurement date of June 30, 2015 are not material.

**Changes of assumptions** - The following changes in actuarial assumptions were made effective June 30, 2013 based on the most recent experience study of the System for the four-year period ending June 30, 2012:

**Largest 10 - Non-LEOS:**

- Update mortality table
- Decrease in rates of service retirement
- Decrease in rates of disability retirement
- Reduce rates of salary increase by 0.25% per year

**Largest 10 - LEOS:**

- Update mortality table
- Decrease in male rates of disability

**All Others (Non 10 Largest) - Non-LEOS:**

- Update mortality table
- Decrease in rates of service retirement
- Decrease in rates of disability retirement
- Reduce rates of salary increase by 0.25% per year

**All Others (Non 10 Largest) - LEOS:**

- Update mortality table
- Adjustments to rates of service retirement for females
- Increase in rates of withdrawal
- Decrease in male and female rates of disability

## Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

---

To the Honorable Members of the Board of Directors  
Industrial Development Authority of Brunswick County, Virginia  
Lawrenceville, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the business-type activities of Industrial Development Authority of Brunswick County, Virginia (a component unit of the County of Brunswick, Virginia) as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise Industrial Development Authority of Brunswick County, Virginia and have issued our report thereon dated February 15, 2017.

### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Industrial Development Authority of Brunswick County, Virginia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Industrial Development Authority of Brunswick County, Virginia's internal control. Accordingly, we do not express an opinion on the effectiveness of Industrial Development Authority of Brunswick County, Virginia's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether Industrial Development Authority of Brunswick County, Virginia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
