DANIEL D. LEE
HARRISON A. MOODY
DR. MARK E. MOORE

COUNTY ADMINISTRATOR

W. KEVIN MASSENGILL

FOUNDED 1752

November 30, 2023

To the Honorable Members of the Board of Supervisors and the citizens of Dinwiddie County, Virginia:

We are pleased to submit to you the Annual Comprehensive Financial Report (ACFR) for Dinwiddie County (the County) for the fiscal year ended June 30, 2023. The Code of Virginia (Section 15.2-2511) requires that local governments publish, within six months of the close of each fiscal year, a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed Certified Public Accountants. This report has been prepared by the County's Accounting Department in accordance with standards of financial reporting as prescribed by the Governmental Accounting Standards Board (GASB) and the Auditor of Public Accounts (APA).

County management assumes full responsibility for the completeness and reliability of the information presented in this report. To this end, the County has established a comprehensive framework of internal controls to ensure compliance with applicable laws, regulations, and County policies; to safeguard the County's assets; and to compile sufficient reliable information for the preparation of GAAP financial statements. Because the cost of internal controls should not outweigh their benefits, this internal control framework has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free of material misstatement. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner that fairly presents the financial position and results of the various funds and component units of the County.

To provide the required, independent review and confirmation of management's representations, Robinson, Farmer, Cox Associates PLLC, licensed certified public accountants, has audited the County's financial statements. The goal of the independent audit is to provide reasonable assurance that the financial statements are free of material misstatement. Therefore, the independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon their audit, that there was a reasonable basis for rendering an unmodified opinion that the County's financial statements for the fiscal year ended

June 30, 2023 are fairly presented in all material respects and in conformity with GAAP. The auditors' report is presented as the first component of the financial section of the ACFR.

Immediately following the independent auditors' report in the ACFR is Management's Discussion and Analysis (MD&A). GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements. This letter of transmittal is designed to complement and to be read in conjunction with the MD&A.

The audited basic financial statements and notes to those financial statements then follow the MD&A in the ACFR. The supplementary information, supporting schedules, and statistical tables provided after the basic financial statements and notes contain information in support of the basic financial statements that is more detailed and unaudited.

Dinwiddie County, as a recipient of federal funds, is also required to undergo an annual Single Audit in conformity with the provisions of the Single Audit Act as amended; Title 2 US Code of Federal Regulations Part 200 *Uniform Administrative Requirements, Cost Principles and Audit, Requirements for Federal Awards* ("Uniform Guidance"); and the specifications of *Audits of Counties, Cities and Towns* issued by the Auditor of Public Accounts. The standards governing Single Audit engagements require the independent auditor to report on the fair presentation of the financial statements, as well as on the County's internal controls and compliance with legal requirements, especially those involving the administration of federal awards. Reports on the Single Audit are located in the Compliance Section at the end of the ACFR.

Profile of the Government

Dinwiddie County was established May 1, 1752, from Prince George County and was named after Robert Dinwiddie, Lieutenant Governor of Virginia from 1751 to 1758. Its first inhabitants can be traced back to the Paleolithic period, with early stone tools from this period having been discovered in various fields within the County. During the Civil War, there were more battles fought within Dinwiddie County's boundaries than in any other location in the United States, and the County is home to Pamplin Historical Park and the National Museum of the Civil War Soldier.

Part of Virginia's Appomattox Basin, Dinwiddie County occupies 507 square miles in the southeastern section of Virginia, located within several hours of Washington, D.C., the Atlantic Ocean beaches, or the Blue Ridge mountains. The Nottoway and Appomattox Rivers, the City of Petersburg, and the counties of Chesterfield, Amelia, Nottoway, Brunswick, Greensville, Sussex, and Prince George border it. Interstates 85 and 95 provide north-south access, and U.S. Route 460 provides an east-west transportation route. The East Coast's main switching station for two major railroad lines, the Dinwiddie County Airport, and the Dinwiddie County Commerce Park help to promote economic opportunities for the County. Sports tourism and agri-tourism have also become important aspects of the County's economy in recent years.

Dinwiddie County offers a blend of suburban and rural living, with agriculture contributing significantly to the economy and the quality of life that its approximately 28,552 residents enjoy. Lake Chesdin, located along the northern rim of Dinwiddie County, provides numerous recreational opportunities. The Town of McKenney, with a population of approximately 457, is the only incorporated town located within the County.

Dinwiddie County has a traditional form of county government, guided by an elected five member Board of Supervisors and five elected Constitutional Officers – Commonwealth’s Attorney, Commissioner of the Revenue, Treasurer, Sheriff, and Clerk of the Circuit Court. The County Administrator and his staff are responsible for carrying out the policies of the Board of Supervisors while providing a full range of services including general government administration; judicial administration; public safety; public works; health and welfare; and community development. Both paid staff and volunteer fire departments, who receive financial and administrative support from the County, provide fire protection services. Emergency medical services are also provided through a combination of paid staff and volunteers.

The Dinwiddie County School Board administers public education in the County. The School Board is a separate legal entity with five elected board members. However, since the School Board has no independent, revenue-raising authority and is fiscally dependent on the local government, the County is financially accountable for the school system in its ACFR. In order to provide a comprehensive view of the County’s financial status, school financial activities are reported separately within the financial statements as a component unit.

The Industrial Development Authority of Dinwiddie County, the Dinwiddie County Water Authority, and the Dinwiddie Airport and Industrial Authority are also legally separate entities, but financially dependent upon the County, and are therefore discretely presented as component units in the ACFR. Discretely presented component units are reported in a separate column in the combined financial statements to emphasize that they are legally separate from the primary government (the County). More information on component units may be found in the Notes to the Financial Statements.

The Code of Virginia requires the County to maintain a balanced budget in each fiscal year, and Dinwiddie County’s annual budget serves as the foundation for financial planning and control. These budgetary controls ensure compliance with provisions embodied in the annual appropriated budget approved by the Board of Supervisors. The budget process begins each fall with County departments, Constitutional Offices, and outside agencies submitting requests to County Administration by the date established in the budget calendar. After a series of work sessions with the Board of Supervisors, County Administration and staff, the County Administrator then submits to the Board of Supervisors a budget that includes proposed operating, capital, and debt service expenditures and the means of financing such expenditures. Citizen comments on the proposed tax rates and budget are obtained through public hearings. After consideration of public comment, the Board of Supervisors sets the tax rates and approves the annual budget at the fund level. The budget is implemented through annual appropriation, with supplemental appropriations approved by the Board of Supervisors as necessary during the fiscal year in accordance with the Code of Virginia (Section 15.2-2507). The County Administrator is authorized to transfer funds and personnel from time to time within and between the offices and activities delineated in the annual budget resolution as he may deem in the best interests of the County in order to carry out the work of the County as approved by the Board of Supervisors during the fiscal year. Budgetary compliance is monitored through real-time, on-line and monthly financial reports provided to County departments and the Board of Supervisors by County Administration.

Factors Affecting the Government's Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered in the broader perspective of the environment within which Dinwiddie County operates.

Local Economy

Dinwiddie has maintained business investment and positive economic activity in FY 2023. When considering the population change from 2000 to 2010 within the overall Tri-Cities/Tri-County Region (Cities of Petersburg, Hopewell, Colonial Heights and Counties of Chesterfield, Dinwiddie, and Prince George), Dinwiddie County was the second fastest growing community with a 14.1% increase. Since 2010, however, the population has slightly increased from 28,001 in 2010 to 28,552 in the most recent Weldon Cooper Center for Public Service population estimate.

After unemployment spiked in April 2020 with a rate of 9.4% due to the COVID19 health crisis, the local unemployment rate dropped to 3.1% by June 30, 2023 as businesses tried to resume normal activities once vaccinations became available to employees and customers. The County's rate, while greater than Virginia's rate of 2.8%, is still less than the national rate of 3.8%.

Predominant industries/employers in the County are distribution, government, advanced manufacturing, forestry, and agriculture. With the County located between two military installations, national defense spending in the region is also important to the local economy.

Dinwiddie has seen continued growth in the small business community. Industrial development has been slower with higher interest rates weighing on business decisions. The Dinwiddie Airport has continued to see increases in corporate jet traffic and general aviation traffic overall. The County is continuing efforts to make industrial sites more ready to go by participating in the Virginia Business Ready Sites Program (VBRSP) working to move sites to a Tier 4, and position these sites to be more attractive.

Local sales tax revenue, which can also be an indication of the overall condition of the County's economy, increased in FY 2023 with receipts 13.6% higher than FY 2022. New home construction in FY 2023 yielded 140 homes added to the County's real estate tax book, an increase from last fiscal year which yielded an additional 103 homes. FY 2023 experienced an aggressive real estate market with the sales ratio finishing at approximately 60% overall. This is an indication that sales to assessments reflected an aggressive confidence in the market. The County's last general tax reassessment was effective January 1, 2019, and the next general tax reassessment will be effective no later than January 1, 2025. Additionally, 313 new business licenses were issued in FY 2023, which reflects a decrease of 111 licenses from the year before. Overall, Dinwiddie County has demonstrated a steadily increasing real estate market over the course of the last fiscal year, considering continued effects from the COVID19 health crisis, increased car values, and high inflation.

Long-term Financial Planning

Both County staff and external financial advisors provide guidance in addressing the long-term capital and operating needs of the County. One result of this guidance is the preparation of a Capital Improvements Plan (CIP). Reflecting the County's strategic initiatives, the CIP is adopted

annually by the Board of Supervisors, with the first year funding appropriated and the remaining years provided for planning purposes. FY 2019 marked the first year of the adoption of a ten-year CIP, as opposed to the prior years' five-year plans, to better prepare the Board of Supervisors and the public for upcoming projects. The FY 2023-2032 CIP projects represent the Board of Supervisors' commitment to public safety, schools, and infrastructure maintenance. The County utilizes a balanced approach to capital project funding; using a combination of debt financing, draws on unassigned fund balance, and pay-as-you-go current year appropriation. In FY 23 the County chose not to issue new debt, instead funding the CIP through a \$1.8 million transfer from the unassigned general fund balance.

Financial Policies

The larger the unassigned general fund balance, the greater the County's ability to cope with financial emergencies, fluctuations in revenues, and to maintain bond rating agencies' expectations. With the debt financing of a new high school and a new elementary school, the County received its first public credit rating of A+ from Standard & Poors in 2004, an upgraded rating to AA- in 2008, and then an upgraded rating to AA in 2014. Moody's Investors Service upgraded the County's issuer rating from Aa3 to Aa2 in 2023.

The County has established and maintained a target rate of the unassigned general fund balance of at least 15% of total budgeted expenditures minus annual debt service payments and bonds proceeds expenditures. Funds in excess of the targeted 15% fund balance may be considered to supplement pay-as-you-go capital outlay expenditures, other non-recurring expenditures or as additions to fund balance.

In addition, the County strives to maintain a diversified and stable revenue system to shelter the government from fluctuations in any one revenue source and ensure its ability to provide ongoing services. The County intends to fund ongoing expenditures through ongoing revenues, not one-time revenue sources. One-time or other special revenues will not be used to finance continuing County operations, but instead will be used for special projects such as CIP projects.

Major Initiatives in FY 2023

The following projects were started and/or completed during FY 2023, without any local tax rate increase.

❖ Public Works:

- Completed the Pamplin Building roof replacement project.
- Completed several HVAC/Boiler unit replacements in County buildings.
- Purchased a new roll off truck that will be received in FY 24 and a used skid steer received in FY 23.
- Added another cardboard recycling trailer to the County's recycling program.
- Built a shooting range for the county's 4-H Shooting Club.

❖ Public Safety:

- Placed one ambulance back in service after chassis remount and received two new ambulances that were purchased in FY 22.
- Received the new ladder truck that was purchased in FY 22.
- Purchased two fire engines with expected delivery in FY 24.

- Continued a renovation of McKenney Volunteer Fire Department that includes windows, flooring and bathrooms.
- Chief Animal Control Officer served on the Virginia Animal Control Association board.
- Communications Director served as vice president of the Virginia Association of Public Safety Communications Officials.
- Continued the multi-year radio system replacement project that is expected to be completed in FY 2024.
- ❖ Other Capital Purchases:
 - Supported infrastructure improvements at the Dinwiddie County Water Authority, Appomattox River Water Authority, South Central Waste Water Authority, and the Dinwiddie County Airport.
- ❖ Information Technology:
 - Continued the multi-year broadband project supported by grants from the Virginia Telecommunications Initiative, the Tobacco Indemnification Commission, and the Cameron Foundation along with County funds.
 - Implemented complex financial, revenue, and CAMA systems with the Accounting, the Commissioner of the Revenue, and the Treasurer's offices which had a huge impact on all county departments' fiscal responsibilities.
 - Initiated Laserfiche electronic storage for Office of Children's Services.
 - Focused on various cybersecurity initiatives and IT staff security training.
- ❖ Parks and Recreation:
 - Continued a parks and recreation master plan study that will be completed in FY 2024.
 - Lead the effort to establish the Central Virginia Regional Athletics Partnership, which is a coordinated athletics leagues partnership of 7 localities to help foster and enhance athletic competition and support. (Colonial Heights, New Kent, Petersburg, Hopewell, Prince George, Fort Gregg Adams & Dinwiddie).
 - Reinstated the Five Forks 5K event with a 30% increase in participation.
- ❖ Community Development:
 - Continued the Comprehensive Land Use Plan update that will be completed in FY 2024.
 - Purchased two new vehicles for Planning and Building Inspections.
 - Awarded \$30,000 Virginia Tourism Commission grant for marketing the County Fair.
 - Educated 18 residents on local government operations during the inaugural Citizens Academy, which furthered the Board's efforts to increase transparency and created a pool of ambassadors to the community.
- ❖ Constitutional Officers:
 - Sheriff:
 - Purchased seven vehicles for the Sheriff's Office.
 - Awarded \$10,712 USDOJ Byrne JAG grant to replace tactical team equipment
 - Awarded four \$52,840 School Resource Officer grants from the Virginia Department of Criminal Justice Services.
 - Awarded \$6,400 HEAT grant for cameras from the Virginia State Police

- The Commissioner of the Revenue:
 - Opened the only DMV Select office in the County to better serve citizens in July 2022.
 - Commissioner served as legislative liaison at the Virginia General Assembly for the Commissioners of the Revenue Association of Virginia (CRAV) and the Virginia Association of Assessing Officers and on several of their committees.
- Clerk of the Circuit Court:
 - Awarded \$47,318 Library of Virginia grant for historical records preservation.
 - Implemented a new evidence presentation system in the courtroom.
 - Clerk served on several Virginia Court Clerk Association committees.
- ❖ Human Services:
 - Dinwiddie Office of Children’s Services:
 - Director was recognized by the Virginia Office of Children’s Services as the Outstanding CSA Coordinator in November 2022.
 - Community Service Coordinator and VJCCCA Community Counselor through the Dinwiddie Prevention Committee began engaging with students at risk for expulsion in the Dinwiddie County Public Schools.
 - Human Resources:
 - Created and convened a Diversity, Equity, and Inclusion Committee and an Employee Engagement Committee.
 - Director named the 2023 Woman of Impact for the American Heart Association.
- ❖ Legal Services:
 - County Attorney served on the Local Government Attorneys of Virginia’s Board of Directors.
- ❖ Accounting
 - The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Dinwiddie County for its annual comprehensive financial report (ACFR) for the fiscal year ended June 30, 2022. This was the eighth consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized ACFR. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current ACFR continues to meet the Certificate of Achievement Program’s requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements

The preparation of this report would not have been possible without the efficient and dedicated services of the accounting staffs of the County, Schools, and Department of Social Services; the Treasurer’s Office; and the Commissioner of the Revenue. Additionally, this report reflects the

results of the Board of Supervisors' commitment to financial excellence, and we appreciate their continued support of the financial management of Dinwiddie County.

Respectfully submitted,

Independent Auditors' Report

**To the Honorable Members of the Board of Supervisors
County of Dinwiddie
Dinwiddie, Virginia**

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Dinwiddie, Virginia, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the County of Dinwiddie, Virginia's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Dinwiddie, Virginia, as of and for the year ended June 30, 2023, and the respective changes in financial position, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Dinwiddie Water Authority, which represent 11 percent, 21 percent, and 3 percent, respectively, of the assets, net position, and revenues of the County of Dinwiddie, Virginia as of June 30, 2023, and the respective changes in financial position for the year then ended. Those statements were audited by other auditors whose report has been furnished to us, and our opinions, insofar as it relates to the amounts included for Dinwiddie Water Authority are based solely on the report of the other auditors.

We did not audit the financial statements of Airport and Industrial Authority, which represent 3 percent, 5 percent, and 1 percent, respectively, of the assets, net position, and revenues of the County of Dinwiddie, Virginia as of June 30, 2023, and the respective changes in financial position for the year then ended. Those statements were audited by other auditors whose report has been furnished to us, and our opinions, insofar as it relates to the amounts included for Airport and Industrial Authority are based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of County of Dinwiddie, Virginia, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principles

As described in Note 23 to the financial statements, in 2024, the County adopted new accounting guidance, GASB Statement No. 96, *Subscription-Based Information Technology Arrangements (SBITAs)*. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about County of Dinwiddie, Virginia's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the *Specifications for Audits of Counties, Cities, and Towns* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the *Specifications for Audits of Counties, Cities, and Towns*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of County of Dinwiddie, Virginia's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about County of Dinwiddie, Virginia's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and schedules related to pension and OPEB funding as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise County of Dinwiddie, Virginia's basic financial statements. The accompanying combining and individual fund financial statements and schedules and schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit and the report of the other auditors, the combining and individual fund financial statements and schedules and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 27, 2023, on our consideration of County of Dinwiddie, Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of County of Dinwiddie, Virginia's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering County of Dinwiddie, Virginia's internal control over financial reporting and compliance.

COUNTY OF DINWIDDIE, VIRGINIA
MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of County of Dinwiddie, Virginia, we offer readers of the County's FY 2023 financial statements this narrative overview and analysis for the purpose of assisting them with understanding significant financial issues, providing an overview of the County's financial activity, and identifying changes in the County's financial position. Readers are also encouraged to read the transmittal letter at the front of this report and the County's financial statements which follow this analysis.

Financial Highlights

- Dinwiddie County's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources at the close of fiscal year 2023 by \$71,093,465 (net position).
- On a government-wide basis for governmental activities, the County had expenses net of program revenue of \$43,989,562. This amount is \$9,146,203 less than the general revenues of \$53,135,765 (change in net position).
- As of the close of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$36,480,869, an increase of \$1,132,435 in comparison with the prior year.
- Of the governmental funds' ending balances, unassigned fund balance for the general fund was \$23,796,800 or 39.9% of total general fund expenditures and other financing uses. This represents an 8.8% increase in unassigned fund balance from FY 2022.

Using this Annual Financial Report

This Annual Financial Report consists of four sections: introductory, financial, statistical, and compliance. This management's discussion and analysis intends to serve as an introduction to the County's basic financial statements which are comprised of three components: government-wide financial statements; fund financial statements; and notes to the financial statements. Required supplementary information follows the basic financial statements. Other supplementary information and supporting schedules are also presented in the financial section. The unaudited statistical section shows financial data and trends over time, and the compliance section reports on the County's compliance with internal controls and various federal and state requirements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the County's finances as a whole and include all assets and liabilities using accrual basis of accounting in a manner similar to a private-sector business. The government-wide financial statements provide both long-term and short-term information about the County's overall financial status.

The Statement of Net Position presents information on all of the County's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities presents information showing how the County's net position changed during the most recent fiscal year. All of the current year's revenues and expenses are reported in the Statement of Activities, regardless of when cash was received or paid.

COUNTY OF DINWIDDIE, VIRGINIA

MANAGEMENT'S DISCUSSION AND ANALYSIS

The governmental activities of the County include general government administration, judicial administration, public safety, public works, health and welfare, education, parks and recreation, and community development. The government-wide financial statements can be found in Exhibits A and B.

The government-wide financial statements include not only the County itself (known as the primary government), but also the legally separate School Board, Industrial Development Authority, Airport and Industrial Authority, Water Authority and Broadband Authority, all of which Dinwiddie County is financially accountable. Financial information for the component units is reported separately from the financial information presented for the primary government. Neither the School Board, the IDA, nor the Broadband Authority issue separate financial statements. Whereas the Airport and Industrial Authority and the Water Authority both issue separate financial statements. (See Exhibits I-J and II-KK).

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Dinwiddie County, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into two categories: governmental funds and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions or services reported as governmental activities in the government-wide financial statements. Whereas the government-wide financial statements are prepared on the accrual basis of accounting, the governmental fund financial statements are prepared on the modified accrual basis of accounting. The focus of modified accrual reporting is on near-term inflows and outflows of financial resources and the balance of financial resources available at the end of the fiscal year. Since the governmental funds focus is narrower than that of the government-wide financial statements, a reconciliation between the two methods is provided after the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances. The County has four major governmental funds - the General Fund, the Capital Projects Fund, the Debt Service Fund, and the Special Revenue Fund. (See Exhibits C-F).

Fiduciary Funds

The County is the trustee, or fiduciary, for the County's private purpose trust and custodian fund. It is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the County's fiduciary activities are reported in a separate statement of fiduciary net position. The County excludes these activities from the County's government-wide financial statements because the County cannot use these assets to finance its operations. The private purpose trust funds are used for scholarships and for disadvantaged citizens in the County. The custodial fund consists of County funds used to provide accountability of Department of Social Services client monies for which the County is custodian. (See Exhibits G-H).

COUNTY OF DINWIDDIE, VIRGINIA

MANAGEMENT'S DISCUSSION AND ANALYSIS

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 27 through 106 of this report.

Other Information

Presented as required supplementary information are budgetary comparison schedule for the General Fund, Special Revenue Fund and the County and School Board's progress in funding its obligation to provide pension and other post-employment benefits to its employees (See Exhibits K-DD).

Presented as other supplementary information are combining fund statements and schedules for Debt Service, Capital Projects and Fiduciary Funds, and for the School Board as a discretely presented component unit. Additionally, supporting schedules detail budgetary comparison schedules for all governmental funds (See Exhibits EE-KK and Schedules 1-2).

Government-Wide Financial Statement Analysis

County of Dinwiddie, Virginia's Condensed Statement of Net Position

	Governmental Activities	
	2023	2022
Current and other assets	\$ 65,206,498	\$ 70,112,614
Capital assets	85,564,728	85,875,197
	150,771,226	155,987,811
Deferred outflows of resources	2,307,579	2,883,921
Total assets and deferred outflows	153,078,805	158,871,732
Current liabilities	11,422,779	14,169,915
Noncurrent liabilities	50,670,397	56,965,786
	62,093,176	71,135,701
Deferred inflows of resources	19,892,164	25,788,769
Total liabilities and deferred inflows	81,985,340	96,924,470
Net position:		
Net investment in capital assets	33,187,931	28,342,600
Restricted	2,498,261	4,581,411
Unrestricted	35,407,273	29,023,251
Total net position	\$ 71,093,465	\$ 61,947,262

COUNTY OF DINWIDDIE, VIRGINIA

MANAGEMENT'S DISCUSSION AND ANALYSIS

Government-Wide Financial Statement Analysis (Continued)

FY 20233 current assets decreased over FY 20222 primarily due to a decrease in net pension asset due to market conditions changes and spend down of bond funds for the Public Safety Radio Project. Capital assets show a net decrease from FY 2022 of \$310,469 which resulted from annual depreciation outweighing capital purchases and the addition of subscription assets. Deferred outflows also decreased in response to market condition changes in pension related items.

FY 20233 current liabilities decreased over FY 20222 primarily due to spend down of COVID-19 funds during the year. FY 2023 long term liabilities decreased by scheduled annual debt service payments. Deferred revenues, primarily December property tax assessments, decreased with the change in vehicle values since the FY 2022 tax assessments. Deferred pension and OPEB inflows decreased due to market condition changes in pension related items.

As noted earlier, net position may serve over time as a useful indicator of the County's financial position. As shown in the table above, the County's net position increased by 14.8% from FY 20222 to FY 2023. Approximately 47% of the County's net position reflects its investment in capital assets (e.g., land, buildings, machinery, equipment, vehicles, and infrastructure), less any outstanding debt that was used to acquire those assets. The County uses these capital assets to provide a variety of services to its citizens, including education. Accordingly, these assets are not available for future spending. Although the County's investment in capital assets is reported net of related debt, it should be noted that the resources used to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The remaining net position balance of \$35,407,273 is unrestricted and may be used to meet the government's ongoing obligations to its citizens and creditors. This represents an increase of \$6,384,022 from the unrestricted net position at the end of FY 2022, which was due primarily to revenues exceeding expenses by \$9,146,203 as shown below and a decrease in restricted net pension asset of \$2,035,122.

Interest and other fiscal charges	1,401,045	1,518,965
Total expenses	<u>60,179,645</u>	<u>51,340,881</u>
Change in net position	9,146,203	9,698,984
Net position, beginning	<u>61,947,262</u>	<u>52,248,278</u>
Net position, ending	<u>\$ 71,093,465</u>	<u>\$ 61,947,262</u>

Total governmental activities revenues show an increase of \$8,285,983 (13.6%) in FY 2023 from FY 2022, which is primarily due to receipt and recognition of federal COVID19 revenues, and increased sales tax and interest revenue due to inflation and higher investment interest rates.

Total governmental activities expenses show an increase of \$8,838,764 (17.2%) in FY 2023 from FY 2022, which also corresponds to the increase in federal COVID19 and local funds available to spend on public safety, health and welfare, and education priorities.

COUNTY OF DINWIDDIE, VIRGINIA

MANAGEMENT’S DISCUSSION AND ANALYSIS

Government-Wide Financial Statement Analysis (Continued)

From the government-wide Statement of Activities, the County had total expenses net of program revenue of \$43,989,562, which were \$9,146,203 less than the general revenues of \$53,135,765 (change in net position). As shown in the chart above, each category of expenditure far exceeds the program revenue received for each governmental activity. This is a good indicator of the County’s reliance on tax revenues.

Financial Analysis of Governmental Funds

The focus of the County’s governmental funds is to provide information on near-term inflows, outflows, and balances of available resources. Such information is useful in assessing the County’s financing requirements. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the County’s programs.

As shown on the Balance Sheet, the combined fund balances equal \$36,480,869, which can be further divided into the following components based on liquidity: \$3,655,643 restricted by bond covenants or various contributors and grantors and enabling federal or state legislation; \$9,028,426 committed by the Board of Supervisors for economic development, future debt service, capital projects, and health and welfare; and \$23,796,800 unassigned fund balance.

As shown on the Statement of Revenues, Expenditures and Changes in Fund Balances, the General Fund increased by \$1,979,106, which was primarily due to greater than expected property tax, sales tax, and interest revenue. The Debt Service Fund increased by \$6,512, which was the result of a scheduled use of fund balance. The Capital Projects Fund decreased by \$694,462, which was the net result of a scheduled use of fund balance for re-appropriated continuing project expenditures and the new projects appropriated in FY 2023. The Special Revenue Fund decreased by \$158,721 primarily from a decrease in Children’s Services Act reimbursements requested from the State.

COUNTY OF DINWIDDIE, VIRGINIA

MANAGEMENT’S DISCUSSION AND ANALYSIS

Financial Analysis of Governmental Funds (Continued)

The graphs on this page illustrate the various revenue streams and expenditure categories in the governmental funds. Education and public safety are the largest expenditure categories, which aligns with the Board of Supervisors’ funding priorities.

COUNTY OF DINWIDDIE, VIRGINIA

MANAGEMENT’S DISCUSSION AND ANALYSIS

General Fund Budgetary Highlights

The general fund is the chief operating fund for the County - the County’s basic services are reported in the general fund. The difference between the original expenditure budget and the final amended expenditure budget was an increase of \$129,522 due to grants received during the year.

During the year, revenues and other sources exceeded the budgetary estimates by \$3,132,293. This was primarily due to property tax collections, sales tax, and interest revenue greater than anticipated. Expenditures were less than budgetary estimates by \$1,769,575, primarily due to vacancy savings with associated benefits and various professional services, and categorically across public safety, community development, and health and welfare.

See Exhibit K and Schedules 1 and 2 for more details.

Capital Assets

The County’s investment in capital assets for its governmental activities as of June 30, 2023, amounted to \$85,564,728 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, machinery and equipment, lease equipment, and lease buildings. Construction in Progress increased primarily due to expenditures in the multi-year Public Safety Radio Replacement Project and public safety apparatus that will not be delivered until FY 24. Buildings increased due to new roof and mechanical systems. Machinery and Equipment increased primarily with the delivery of public safety apparatus. With the implementation of GASB 96, Subscription Assets now appear in Capital Assets.

**Governmental Activities
Change in Capital Assets**

	<u>July 1, 2022</u>	<u>Net Increase (Decrease)</u>	<u>June 30, 2023</u>
Land	\$ 2,846,482	\$ -	\$ 2,846,482

 Total Primary Government capital assets, net	 \$ <u>85,865,291</u>	 \$ <u>(300,563)</u>	 \$ <u>85,564,728</u>

Additional information on the County’s capital assets can be found in Note 5 of this report.

Long-Term Obligations

The County’s combined total long-term obligations decreased \$5,968,466 during the current fiscal year, primarily due to scheduled principal payments. At the end of the current fiscal year, the

COUNTY OF DINWIDDIE, VIRGINIA

MANAGEMENT’S DISCUSSION AND ANALYSIS

County had total bonded debt outstanding of \$51,115,964, which has required debt service payments through 2034. Of this amount, \$3,482,964 comprises debt backed by the full faith and credit of the County. The note payable represents a financing agreement for a replacement HVAC system at an elementary schools and a replacement ladder firetruck. The remainder of the County’s bonded debt represents bonds secured solely by leasehold interests in real property - lease revenue bonds. The County’s credit rating from Standard & Poor’s remains AA for general obligation bonds and AA- for lease revenue bonds. Moody’s Investors Service upgraded the County’s issuer rating from Aa3 to Aa2 in 2023. Lease liabilities are primarily for E911 towers with payments through 2037, and subscription liabilities are newly recorded obligations for FY 2023.

	<u>County Obligations</u>		<u>School Board Obligations</u>	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>
General obligation bonds	\$ -	\$ -	\$ 3,482,964	\$ 454,538
Note payable	931,000	51,180	1,270,000	69,805
Lease revenue bonds	23,194,484	4,147,425	22,237,516	3,599,073
Lease liabilities	1,257,373	261,219	-	-
Subscription liabilities	302,654	19,100	-	-
Total Primary Government debt	\$ 25,685,511	\$ 4,478,924	\$ 26,990,480	\$ 4,123,416

Additional information on the County’s long term obligations can be found in Note 7 of this report.

Economic Factors and Next Year’s Budgets and Rates

The local unemployment rate dropped from 3.3% at June 30, 2022 to 3.1% at June 30, 2023. The County’s rate, while greater than Virginia’s rate of 2.8%, is still less than the national rate of 3.8%. These and other national and state economic factors were considered in preparing the County’s budget for FY 2024. The County’s population increased 14.1% from 2000 to 2010; however it increased only 2% from 2010 to the most recent Weldon Cooper Center for Public Service population estimate.

County Administration typically takes a very conservative approach to revenue and expenditures projections, and the FY 2024 consolidated budget reflects that approach, showing an overall decrease of \$2,324,123 from the FY 2023 budget. This is primarily due to a decrease in projected capital projects expenditures. Per County financial policy, the unassigned general fund balance is not used to balance the FY 2024 operational budget. The Board of Supervisors has adopted a financial policy that requires maintenance of a 15% general fund balance based on the total expenditure budget, less debt service and bond proceeds. The minimum amount is calculated for FY 2024 at \$17,799,747, and the general fund balance at June 30, 2024, is budgeted at \$19,736,660.

Requests for Information

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of Dinwiddie County’s finances and to show the County’s accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the County Administrator, Post Office Drawer 70, 14010 Boydton Plank Road, Dinwiddie, Virginia 23841.

Reconciliation of the Balance Sheet of Governmental Funds
 To the Statement of Net Position
 June 30, 2023

Total fund balances per Exhibit C - Balance Sheet - Governmental Funds	\$	36,480,869
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds:		
Capital assets, cost	\$	140,180,096
Accumulated depreciation		<u>(54,615,368)</u>
		85,564,728
Financial statement elements related to pensions are applicable to future periods and, therefore, are not reported in the funds:		
Net pension asset	\$	2,138,445
Deferred outflows of resources related to pensions		1,730,137
Deferred inflows of resources related to pensions		<u>(2,267,555)</u>
		1,601,027
Financial statement elements related to other postemployment benefits (OPEB) are applicable to future periods and, therefore, are not reported in the funds:		
NET OPEB liabilities	\$	(1,292,895)
Deferred outflows of resources related to OPEB		354,170
Deferred inflows of resources related to OPEB		<u>(1,298,458)</u>
		(2,237,183)
Certain other assets and deferred outflows of resources are also not available to pay for current period expenditures and, therefore, are not reported in the funds:		
Unavailable revenues - property taxes	\$	5,792,540
Unavailable revenues - opioid settlement		181,197
Deferred amount on bond refunding		<u>223,272</u>
		6,197,009
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds:		
Lease revenue bonds	\$	(45,432,000)
General obligation bonds		(3,482,964)
Notes payable		(2,201,000)
Bond issuance premiums		(2,132,314)
Landfill postclosure care		(472,256)
Interest payable		(505,061)
Lease liabilities		(1,257,373)
Subscription liabilities		(302,654)
Compensated absences		<u>(723,527)</u>
		(56,509,149)
Certain other liabilities and deferred inflows of resources are also not due and payable in the current period and, therefore, are not reported in the funds:		
Deferred amount on bond refunding		<u>(3,836)</u>
Net position of governmental activities	\$	<u><u>71,093,465</u></u>

Reconciliation of the Statement of Revenues,
Expenditures, and Changes in Fund Balances of Governmental Funds
To the Statement of Activities
For the Year Ended June 30, 2023

Net change in fund balances - total governmental funds \$ 1,132,435

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.

Capital asset additions	\$ 5,116,671	
Depreciation expense	<u>(2,985,598)</u>	2,131,073

Transfer of joint tenancy assets between the Primary Government and the Component Unit - School Board		(2,844,200)
---	--	-------------

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Amortization on bond premium and deferred amounts on bond refunding	\$ 517,261	
Opioid settlement	181,197	
Property taxes	<u>554,208</u>	1,252,666

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.

Principal retired on lease revenue bonds	\$ 4,607,000	
Principal retired on general obligation bonds	640,928	
Principal retired on notes payable	259,000	
Principal retired on lease liabilities	113,586	
Principal retired on subscription liabilities	109,910	
Issuance of leases	(9,767)	
Decrease in landfill postclosure liability	<u>42,185</u>	5,762,842

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds.

Change in compensated absences	\$ (26,845)	
Change in OPEB related items	203,633	
Change in pension related items	1,468,638	
Change in accrued interest payable	<u>65,961</u>	1,711,387

Change in net position of governmental activities		<u>\$ 9,146,203</u>
---	--	---------------------

THIS PAGE LEFT BLANK INTENTIONALLY

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The County of Dinwiddie, Virginia (County) is governed by an elected five member Board of Supervisors. The County provides a full range of services for its citizens. These services include police and fire protection, sanitation services, recreational activities, cultural events, education, and social services.

The financial statements of the County of Dinwiddie, Virginia have been prepared in conformity with the specifications promulgated by the Auditor of Public Accounts (APA) of the Commonwealth of Virginia, and accounting principles generally accepted in the United States as specified by the Governmental Accounting Standards Board. The more significant of the government's accounting policies are described below.

Financial Statement Presentation

Government-wide and Fund Financial Statements

Government-wide financial statements - The reporting model includes financial statements prepared using full accrual accounting for all of the government's activities. This approach includes not just current assets and liabilities but also capital assets and long-term liabilities (such as buildings and general obligation debt).

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

Statement of Net Position - The Statement of Net Position is designed to display financial position of the primary government (governmental and business-type activities) and its discretely presented component units. Governments will report all capital assets in the government-wide Statement of Net Position and will report depreciation expense - the cost of "using up" capital assets - in the Statement of Activities. The net position of a government will be broken down into three categories - 1) net investment in capital assets, 2) restricted; and 3) unrestricted.

Statement of Activities - The government-wide statement of activities reports expenses and revenues in a format that focuses on the cost of each of the government's functions. The expense of individual functions is compared to the revenues generated directly by the function (for instance, through user charges or intergovernmental grants).

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023 (CONTINUED)

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Budgetary comparison schedules - Demonstrating compliance with the adopted budget is an important component of a government's accountability to the public. Many citizens participate in one way or another in the process of establishing the annual operating budgets of state and local governments, and have a keen interest in following the actual financial progress of their governments over the course of the year. Many governments revise their original budgets over the course of the year for a variety of reasons.

A. Financial Reporting Entity

The basic criterion for determining whether a governmental department, agency, institution, commission, public authority, or other governmental organization should be included in a primary governmental unit's reporting entity for the basic financial statements is financial accountability. Financial accountability includes the appointment of a voting majority of the organization's governing body and the ability of the primary government to impose its will on the organization or if there is a financial benefit/burden relationship. In addition, an organization which is fiscally dependent on the primary government should be included in its reporting entity. These financial statements present the County of Dinwiddie (the primary government) and its component units. Blended component units, although legally separate entities, are, in substance, part of the government's operations and so data from these units are combined with data of the primary government. Each discretely presented component unit, on the other hand, is reported in a separate column in the government-wide financial statements to emphasize it is both legally and substantively separate from the government.

B. Individual Component Unit Disclosures

Blended Component Unit. The County has no blended component units to be included for the fiscal year ended June 30, 2023.

Discretely Presented Component Units. The five School Board members are elected by the citizens of Dinwiddie County. The School Board is responsible for the operations of the County's School System within the County boundaries. The School Board is fiscally dependent on the County, and the primary funding is from the General Fund of the County. The County has the ability to approve its budget and any amendments. The School Board does not issue a separate financial report. The financial statements of the School Board are presented as a discrete presentation in the County financial statements for the fiscal year ended June 30, 2023. Fund financial statements of the School Board are included in the supplementary information section.

The Dinwiddie County Industrial Development Authority (IDA) is responsible for industrial and commercial development in the County. The Authority consists of seven members appointed by the Board of Supervisors. The Authority is fiscally dependent on the County, and the County has the ability to impose its will on the IDA by significantly influencing its programs and activities. Therefore, it is included in the County's financial statements as a discrete presentation for the year ended June 30, 2023. The Authority does not issue a separate financial report. Fund financial statements are not included in the supplementary information section since there is limited activity for the IDA which is all reflected as part of the basic financial statements.

The Dinwiddie Broadband Authority is responsible for internet access development in the County. The Authority's Board consists of five members. The Authority is fiscally dependent on the County, and therefore, it is included in the County's financial statements as a discrete presentation for the year ended June 30, 2023. The Broadband Authority does not issue a separate financial report.

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

B. Individual Component Unit Disclosures (Continued)

Discretely Presented Component Units (Continued)

Dinwiddie County Water Authority (Water Authority) was created by the Board of Supervisors of Dinwiddie County under the provisions of the Virginia Water and Sewer Authorities Act. The Water Authority was established for the purpose of providing and maintaining water and sewer facilities to residential and commercial customers within Dinwiddie County and is constantly improving and expanding its facilities to serve a greater number of residents and businesses. The Authority's Board of Directors is appointed by the Board of Supervisors of Dinwiddie County. The Water Authority and Dinwiddie County have Support Agreements, whereby the County will, subject to appropriation, pay the Authority budgeted amounts for debt service of the Series 2016 Water and Sewer Revenue Bonds and Series 2012 Water System Refunding Revenue Bonds, for operation and maintenance of the Courthouse System and Church Road System, and for deficiencies in the operating revenues of the Authority's main water and sewer system. The Support Agreements also require the Director of the Water Authority to notify the County Administrator if in any month the Authority is unable to make its required debt service payment, and to request an appropriation from the Board of Supervisors to make up any deficiency. The existence of these Support Agreements makes the Water Authority financially dependent on the County, and therefore, it is discretely presented in the County's financial statements for the year ended June 30, 2023. The Water Authority issues a separate audited financial report which may be obtained at 23008 Airport Drive, North Dinwiddie, VA 23803.

The Dinwiddie Airport and Industrial Authority (Airport Authority) is a public body organized by the General Assembly of Virginia to construct, operate, and maintain a regional airport and to promote industry in Dinwiddie, Virginia. The Airport Authority is governed by seven directors. The Board of Supervisors of Dinwiddie County appoints all seven of the Airport Authority's Board members. The Airport Authority and Dinwiddie County have Support Agreements, whereby the County will, subject to appropriation, pay the Authority budgeted amounts for debt service of the Refunding Series 2011A and 2011B Airports Revolving Fund Revenue Bonds and the Series 2019 Airport Revenue Bond, for operation and maintenance expenses, and for deficiencies in the Authority's operating revenues. The Support Agreement also requires the Airport Authority to notify the County Administrator if in any month the Authority is unable to make its required debt service payment, and to request an appropriation from the Board of Supervisors to make up any deficiency. The existence of this Support Agreement makes the Authority financially dependent on the County, and therefore, it is discretely presented in the County's financial statements for the year ended June 30, 2023. The Airport Authority also issues a separate audited financial report which may be obtained at 6775 Beck-Chappell Drive, North Dinwiddie, VA 23803.

C. Other Related Organizations

Related organizations that are excluded from the County's Annual Financial Report are as follows:

The Appomattox Regional Library is a regional free library system that serves the localities of the City of Hopewell, Prince George County, Dinwiddie County, and the Town of McKenney. The regional library system is jointly governed by a regional library Board of Trustees, which consists of nine members appointed by the Board of Supervisors of each County and the City Council of Hopewell. Annual appropriations are made in proportion to the service needs of each jurisdiction. The County's contribution for fiscal year 2023 was \$323,072.

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

C. Other Related Organizations (Continued)

The Crater Youth Care Commission was created in 1972 by resolutions of the governing bodies of the Member Jurisdictions for the purpose of owning, maintaining, and operating a regional facility for the secure detention of juvenile offenders. The Commission has also operated a non-secure juvenile shelter care facility and certain other alternative juvenile justice programs. Member jurisdictions are the Cities of Emporia, Hopewell, and Petersburg, and the Counties of Dinwiddie, Prince George, Sussex, and Surry. Annual contributions made by the Member Jurisdictions are based on the Member Jurisdictions' populations and average annual usage of secure detention by each of the Member Jurisdictions. Contributions help to fund operating expenses, capital expenditures, and debt obligations. The County's contribution for fiscal year 2023 was \$249,948.

The Dinwiddie Health Department (Department) serves the citizens of Dinwiddie County. The County, along with the Virginia Department of Health, makes an annual contribution for operating support, which is based on the needs of the Department. The County's contribution for fiscal year 2023 was \$325,649.

The District 19 Community Services Board is a multi-jurisdictional, community-based organization whose mission is to improve the quality and productivity of the lives of individuals who experience or are at risk of experiencing mental disabilities and or substance abuse. The mission is accomplished through a fully integrated continuum of services in collaboration with the cities of Colonial Heights, Emporia, Hopewell, and Petersburg, and the Counties of Dinwiddie, Greensville, Prince George, Surry, and Sussex. Annual appropriations are made in proportion to the service needs of each locality. The County's contribution for fiscal year 2023 was \$96,828.

The Meherrin River Regional Jail Authority is a regional jail system that, beginning July 1, 2012, serves the localities of Brunswick County, Dinwiddie County, and Mecklenburg County. The Authority is jointly governed by a Board consisting of three representatives from each of the member jurisdictions. Annually, the Jail Authority establishes a per diem charge (including the operating and debt service components) for the care, maintenance, and subsistence of prisoners from member jurisdictions during the next fiscal year. Based on proportionate prisoner populations, Dinwiddie County's per diem percentage for fiscal year 2023 is 22%. The County's charges for fiscal year 2023 were \$1,680,940.

Rowanty Technical Center (Center) prepares high school students for employment and higher education in many fields. A jointly operated facility serving Dinwiddie, Prince George and Sussex County Public Schools, Rowanty Technical Center is located in Carson, Virginia, equidistant from each of the county high schools. The Center is governed by a Board made up of two representatives from each of the participating localities. The School Boards of the participating localities provide each year such funds as are necessary to establish, operate, and maintain the Center on a pro rata basis. The pro rata share of each member for operation is based upon average daily membership and the pro rata share for capital outlay projects is determined annually by unanimous consent of the members. The School Board's contribution for FY 2023 was \$821,138.

The Appomattox Regional Governor's School for the Arts and Technology provides gifted and talented students a differentiated and rigorous education, cultivates a supportive environment that inspires unique artistic and technological visions, promotes cultural tolerance, nurtures community partnerships, and produces active, engaged citizens. This school board is jointly governed by a representative from each of the following localities: the counties of Amelia, Charles City, Chesterfield, Dinwiddie, Powhatan, Prince George, Southampton, Surry and Sussex and the cities of Colonial Heights, Franklin, Hopewell, Petersburg, and Richmond. The County of Dinwiddie pays the school a set rate for each student that attends. The School Board's contribution for FY 2023 was \$152,732.

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

C. Other Related Organizations

Included in the County's Financial Report

None

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The accompanying financial statements are prepared in accordance with pronouncements issued by the Governmental Accounting Standards Board. The principles prescribed by GASB represent generally accepted accounting principles applicable to governmental units.

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of recognition in the financial statements of various kinds of transactions or events.

The government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The government-wide statement of activities reflects both the gross and net cost per functional category (public safety, public works, health and welfare, etc.) which are otherwise being supported by general government revenues, (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.) The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants, and contributions. The program revenues must be directly associated with the function (public safety, public works, health and welfare, etc.) or a business-type activity.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. Revenues are recognized when they have been earned and they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service principal and interest expenditures on general long-term debt, including lease and subscription liabilities, as well as expenditures related to compensated absences, claims and judgments, postemployment benefits, and environmental obligations are recognized later based on specific accounting rules applicable to each, generally when payment is due. General capital asset acquisitions, including entering into contracts giving the government the right to use lease and subscription assets, are reported as expenditures in the governmental funds. Issuance of long-term debt and financing through leases and subscriptions are reported as other financing sources.

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation: (Continued)

The County's fiduciary funds are presented in the fund financial statements by type. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

Property taxes, ambulance service billing, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Accordingly, real and personal property taxes are recorded as revenues and receivables when billed, net of allowances for uncollectible amounts. Property taxes not collected within 60 days after year-end are reflected as unavailable revenues. Sales and utility taxes, which are collected by the state or utilities and subsequently remitted to the County, are recognized as revenues and receivables upon collection by the state or utility, which is generally within two months preceding receipt by the County.

Licenses, permits, fines and rents are recorded as revenues when received. Intergovernmental revenues, consisting primarily of federal, state and other grants for the purpose of funding specific expenditures, are recognized when earned or at the time of specific expenditure. Revenues from general purpose grants are recognized in the period to which the grant applies. All other revenue items are considered to be measurable and available only when cash is received by the government.

In the fund financial statements, financial transactions and accounts of the County are organized on the basis of funds. The operation of each fund is considered to be an independent fiscal and separate accounting entity, with a self-balancing set of accounts recording cash and/or other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

1. Governmental Funds - are those through which most governmental functions typically are financed. The County reports the following governmental funds as major funds:

General Fund - is the primary operating fund of the County. This fund is used to account for all financial transactions and resources except those required to be accounted for in another fund. Revenues are derived primarily from property and other local taxes, state and federal distributions, licenses, permits, charges for service, and interest income. A significant part of the General Fund's revenues is used principally to finance the operations of the Component Unit School Board.

Debt Service Fund - The Debt Service Fund accounts for and reports financial resources that are restricted, committed, or assigned to expenditure for principal and interest. Debt service funds should also be used to report financial resources being accumulated for future debt service. The Debt Service Fund accounts for debt service expenditures for the county and school system. Payment of principal and interest on the school system's general long-term debt financing is provided by appropriations from the General Fund.

Capital Projects Fund - The Capital Projects Fund accounts for and reports financial resources that are restricted, committed or assigned to expenditure for capital outlays, except for assets held in trust for individuals, private organizations, or other governments. The Capital Projects Fund accounts for financial resources to be used for the acquisition or construction of major capital facilities.

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023 (CONTINUED)

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation: (Continued)

1. Governmental Funds (Continued)

Special Revenue Fund - The Special Revenue Fund accounts for the proceeds of specific revenue sources (other than major capital projects) requiring separate accounting because of legal or regulatory provisions or administration action.

2. Fiduciary Funds - (Trust and Custodial Funds) - accounts for assets held by the County unit in a trustee capacity or as an agent or custodian for individuals, private organizations, other governmental units, or other funds. Custodial Funds are held by the County Treasurer as custodian of funds for certain children in foster care. Private Purpose Trust Funds are held for the purpose of awarding scholarships to Dinwiddie students and for helping needy citizens in the County. These funds utilize the accrual basis of accounting. Fiduciary funds are not included in the government-wide financial statements.

E. Cash and Cash Equivalents:

Cash and cash equivalents include cash on hand, amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the government.

State statutes authorize the government to invest in obligation of the U. S. Treasury, commercial paper, corporate bonds and repurchase agreements.

F. Investments

Certificates of deposits and short-term repurchase agreements are reported in the accompanying financial statements as cash and cash equivalents. The Local Government Investment Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares. Investments are valued using fair value measurements which provides guidance for determining a fair value measurement for financial reporting purposes and also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. See Note 3 for additional information on the County's investments measured at fair value.

State statutes authorize the government to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds and repurchase agreements.

G. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e. the current portions of the interfund loans). All other outstanding balances between funds are reported as "advances to/from other funds."

All trade and property tax receivables are shown net of an allowance for uncollectibles. The County calculates its allowance for uncollectible accounts using historical collection data and, in certain cases, specific account analysis. The allowance amounted to approximately \$605,532 at June 30, 2023 and is comprised solely of property taxes.

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023 (CONTINUED)

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

G. Receivables and Payables

Real and Personal Property Tax Data:

The tax calendars for real and personal property taxes are summarized below.

	<u>Real Property</u>	<u>Personal Property</u>
Levy	January 1	January 1
Due Date	June 5/December 5 (50% each date)	June 5/December 5 (50% each date)
Lien Date	January 1	January 1

The County bills and collects its own property taxes.

H. Capital Assets

Capital assets are defined by the County as land, buildings, equipment, lease, and subscription with an initial individual cost of more than \$10,000 (amount not rounded) and an estimated useful life in excess of two years. The County does not have any infrastructure in its capital assets since roads, streets, bridges and similar assets within its boundaries are the property of the Commonwealth of Virginia. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at the acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the primary government, as well as the component unit School Board, are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Land improvements	20
Buildings	5-40
Machinery and equipment	5-20
Lease building	5-40
Lease equipment	5-20
Subscription asset	2-5

The remainder of this page left blank intentionally.

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

I. Leases and Subscription-Based IT Arrangements

The County has various lease assets and subscription-based IT arrangements (SBITAs) requiring recognition. A lease is a contract that conveys control of the right to use another entity's nonfinancial asset. Lease recognition does not apply to short-term leases, contracts that transfer ownership, leases of assets that are investments, or certain regulated leases. A SBITA is defined as a contract that conveys control of the right to use another party's (a SBITA vendor's) information technology (IT) software, alone or in combination with tangible capital assets (the underlying IT assets), as specified in the contract for a period of time in an exchange or exchange-like transaction.

Lessee

The County recognizes lease liabilities and intangible right-to-use lease assets (leased equipment) with an initial value of \$10,000, individually or in the aggregate in the government-wide financial statements. At the commencement of the lease, the lease liability is measured at the present value of payments expected to be made during the lease term (less any lease incentives). The lease liability is reduced by the principal portion of payments made. The leased equipment is measured at the initial amount of the lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs. The lease asset is amortized over the shorter of the lease term or the useful life of the underlying asset.

Lessor

The County recognizes leases receivable and deferred inflows of resources in the government-wide fund financial statements. At commencement of the lease, the lease receivable is measured at the present value of lease payments expected to be received during the lease term, reduced by the principal portion of lease payments received. The deferred inflow of resources is measured at the initial amount of the lease receivable, less lease payments received from the lessee at or before the commencement of the lease term (less any lease incentives).

Subscriptions

The County recognizes intangible right-to-use subscription assets (subscription assets) and corresponding subscription liabilities with an initial value of \$10,000, in individually or in the aggregate, in the government-wide financial statements. At the commencement of the subscription, the subscription liability is measured at the present value of payments expected to be made during the subscription liability term (less any contract incentives). The subscription liability is reduced by the principal portion of payments made. The subscription asset is measured at the initial amount of the subscription liability payments made to the SBITA vendor before commencement of the subscription term, and capitalizable implementation costs, less any incentives received from the SBITA vendor at or before the commencement of the subscription term. The subscription asset is amortized over the shorter of the subscription term or the useful life of the underlying IT asset.

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

I. Leases and Subscription-Based IT Arrangements (Continued)

Key Estimates and Judgments

Lease and subscription-based IT arrangement accounting includes estimates and judgments for determining the (1) rate used to discount the expected lease and subscription payments to present value, (2) lease and subscription term, and (3) lease and subscription payments.

- The County uses the interest rate stated in lease or subscription contracts. When the interest rate is not provided or the implicit rate cannot be readily determined, the County uses its estimated incremental borrowing rate as the discount rate for leases and subscriptions.
- The lease and subscription terms include the noncancellable period of the lease or subscription and certain periods covered by options to extend to reflect how long the lease or subscription is expected to be in effect, with terms and conditions varying by the type of underlying asset.
- Fixed and certain variable payments as well as lease or subscription incentives and certain other payments are included in the measurement of the lease receivable (lessor), lease liability (lessee) or subscription liability.

The County monitors changes in circumstances that would require a remeasurement or modification of its leases and subscriptions. The County will remeasure the lease receivable and deferred inflows of resources (lessor), the lease asset and liability (lessee) or the subscription asset and liability if certain changes occur that are expected to significantly affect the amount of the lease receivable, lease liability or subscription liability.

J. Compensated Absences

Vested or accumulated vacation leave is reported in governmental funds only if it has matured, for example, as a result of employee resignations and retirements. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported as an expense in the statement of activities and a long-term obligation in the statement of net position. No liability is recorded for nonvesting accumulating rights to received sick pay benefits. However, a liability is recognized for that portion of accumulating sick leave benefits that is estimated will be taken as “terminal leave” prior to retirement.

K. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

L. Net Position

For government-wide reporting the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources is called net position. Net position is comprised of three components: net investment in capital assets, restricted, and unrestricted.

- Net investment in capital assets consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances of bonds, notes, and other debt that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are included in this component of net position.
- Restricted net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Assets are reported as restricted when constraints are placed on asset use either by external parties or by law through constitutional provision or enabling legislation.
- Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that does not meet the definition of the two preceding categories.

Sometimes the County will fund outlays for a particular purpose from both restricted (e.g. restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

M. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County's and School Board's Retirement Plan and the additions to/deductions from the County and School Board's Retirement Plan's net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

N. Other Postemployment Benefits (OPEB)

For purposes of measuring the net VRS related OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to the OPEB, and OPEB expense, information about the fiduciary net position of the VRS GLI, HIC, Teacher HIC and Retiree Health Insurance Plans and the additions to/deductions from the VRS OPEB Plans' net fiduciary position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

O. Long-term Obligations

In the government-wide financial statements, long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the bonds outstanding method, which approximate the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023 (CONTINUED)

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

O. Long-term Obligations (Continued)

In the fund financial statements, governmental fund types recognize bond premiums and discounts, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

P. Prepaid Items

Certain payments to vendors reflect costs applied to future accounting periods and are recorded as prepaid items in both the government-wide and the fund financial statements. Prepaid items are accounted for using the consumption method and are valued at cost. Prepaid items in governmental funds are reported as nonspendable fund balance.

Q. Fund Balance

In governmental fund types, the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources is called “fund balance.” County’s governmental funds report the following categories of fund balance, based on the nature of any limitations requiring the use of resources for specific purposes:

- Nonspendable fund balance - amounts that are either not in spendable form (such as inventory and prepaids) or are legally or contractually required to be maintained intact (corpus of a permanent fund);
- Restricted fund balance - amounts that can be spent only for the specific purposes stipulated by external resource providers such as grantors or enabling federal, state, or local legislation. Restrictions may be changed or lifted only with the consent of the resource providers;
- Committed fund balance - amounts that can be used only for the specific purposes determined by the adoption of an ordinance committing fund balance for a specified purpose by the Board of Supervisors prior to the end of the fiscal year. Once adopted, the limitation imposed by the ordinance remains in place until the resources have been spent for the specified purpose or the Board adopts another ordinance to remove or revise the limitation;
- Assigned fund balance - amounts a government intends to use for a specific purpose but do not meet the criteria to be classified as committed; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment;
- Unassigned fund balance - amounts that are available for any purpose; positive amounts are only reported in the general fund. Additionally, any deficit fund balance within the other governmental fund types is reported as unassigned.

When fund balance resources are available for a specific purpose in more than one classification, it is the County’s policy to use the most restrictive funds first in the following order: restricted, committed, assigned, and unassigned as they are needed.

COUNTY OF DINWIDDIE, VIRGINIA

JUNE 30, 2023 (CONTINUED)

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Q. Fund Balance (Continued)

The Board of Supervisors establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment, which does not lapse at year end, is further indicated in the budget document as a designation or commitment of the fund (such as for special incentives). Assigned fund balance is established by the County Administrator, who has been given the delegated authority to assign amounts by the Board of Supervisors. Through adoption or amendment of the budget as intended for specific purpose (such as the purchase of capital assets, construction, debt service, or other purposes).

The details of governmental fund balances, as presented in aggregate on Exhibit C, are as follows:

	<u>General Fund</u>	<u>Debt Service</u>	<u>Capital Projects</u>	<u>Special Revenue Fund</u>	<u>Total</u>
Fund Balances:					
Restricted:

R. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position includes a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has multiple items that qualify for reporting in this category. The first item is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second item is comprised of certain items related to pension and OPEB. For more detailed information on these items, reference the related notes.

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023 (CONTINUED)

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

R. Deferred Outflows/Inflows of Resources

In addition to liabilities, the statement of financial position includes a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has multiple items that qualify for reporting in this category. Under a modified accrual basis of accounting, unavailable revenue representing property taxes receivable is reported in the governmental funds balance sheet. This amount is comprised of uncollected property taxes due prior to June 30, 2nd half installments levied during the fiscal year but due after June 30th, and amounts prepaid on the 2nd half installments and is deferred and recognized as an inflow of resources in the period that the amount becomes available. Under the accrual basis, 2nd half installments levied during the fiscal year but due after June 30th and amounts prepaid on the 2nd half installments are reported as deferred inflows of resources. In addition, certain items related to pension, OPEB and leases are reported as deferred inflows of resources. For more detailed information on these items, reference the related notes.

NOTE 2—STEWARDSHIP, COMPLIANCE, AND ACCOUNTING:

The following procedures are used by the County in establishing the budgetary data reflected in the financial statements:

1. On or before May 1st, the County Administrator submits to the Board of Supervisors a proposed operating and capital budget for the fiscal year commencing the following July 1. The operating and capital budget includes proposed expenditures and the means of financing them.
2. Public hearings are required to be conducted to obtain citizen comments.
3. Prior to June 30, the budget is legally enacted through passage of an Appropriations Resolution.
4. The Appropriations Resolution places legal restrictions on expenditures at the fund or category level. The appropriation for each fund or category can be revised only by the Board of Supervisors. The County Administrator is authorized to transfer budgeted amounts within general government departments.
5. All budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
6. Appropriations lapse on June 30, for all County units.
7. All budgetary data presented in the accompanying financial statements is the original budget at June 30. Several supplemental appropriations were necessary during the year and at year end because they were not included in the original budget.
8. Expenditures and appropriations
Expenditures did not exceed appropriations during the fiscal year ended June 30, 2023.

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023 (CONTINUED)

NOTE 3—DEPOSITS AND INVESTMENTS:

Deposits

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the “Act”) Section 2.2-4400 et. Seq. of the Code of Virginia. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

Investments

Statutes authorize local governments and other public bodies to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, “prime quality” commercial paper that has received at least two of the following ratings: P-1 by Moody’s Investors Service, Inc.; A-1 by Standard & Poor’s; or F1 by Fitch Ratings, Inc. (Section 2.2-4502), banker’s acceptances, repurchase agreements, and the State Treasurer’s Local Government Investment Pool (LGIP).

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The County has the following recurring fair value measurements as of June 30, 2023:

- Corporate equity stocks and mutual funds of \$4,191,426 held in the fiduciary funds are valued using quoted market prices (Level 1 inputs)
- Corporate and government agency bonds of \$2,281,157 are valued using a matrix pricing model (Level 2 inputs)

Custodial Credit Risk (Investments)

The County’s investment policy requires that all securities purchased for the County be held by the County or by the County’s designated custodian. The County’s investments at June 30, 2023 were held by the County or in the County’s name by the County’s custodial banks.

COUNTY OF DINWIDDIE, VIRGINIA

NOTE 3—DEPOSITS AND INVESTMENTS: (CONTINUED)

Credit Risk of Debt Securities

The County’s rated debt investments as of June 30, 2023 were rated by Standard and Poor’s and Moody’s and the ratings are presented below using the Standard & Poor’s and Moody’s rating scale. The County’s investment policy has an emphasis on high credit quality and known marketability. Obligations of the Commonwealth of Virginia and its local governments and public bodies are allowable under the County’s investment policy provided they have a debt rating of at least AA by Standard & Poor’s.

County's Rated Debt Investments' Values

Rated Debt Investments	Fair Quality Ratings		
	AAAm	AA+	Unrated
Primary Government:			
Local Government Investment Pool	\$ 29,048,736	\$ -	\$ -
Virginia State Non-Arbitrage Pool	2,212,072	-	-
Corporate Bonds	-	-	572,419
Municipal/Public Bonds	-	1,708,738	-
Total	\$ <u>31,260,808</u>	\$ <u>1,708,738</u>	\$ <u>572,419</u>

According to the County’s investment policy, no more than 50% of the portfolio may be invested in securities maturing in greater than 1 year.

Concentration of Credit Risk

Concentration of credit risk is the risk of a loss attributed to the magnitude of a government’s investment in a single issuer. Approximately 87% of the County’s investments at June 30, 2023, were with the Local Government Investment Pool and therefore, are not categorized as to concentration of credit risk. The County had no investments that were more than five percent of the County’s total investments.

NOTE 3—DEPOSITS AND INVESTMENTS: (CONTINUED)

Interest Rate Risk

The County’s investment policy states that the County’s investment maturities are to precede or coincide with the expected need of funds. The County does not have a formal policy regarding interest rate risk.

Investment Maturities (in years)

<u>Investment Type</u>	<u>Fair Value</u>	<u>Less Than 1 Year</u>	<u>1-5 Years</u>	<u>6-10 Years</u>	<u>Greater Than 10 Years</u>
Primary Government:					
Local Government Investment Pool	\$ 29,048,736	\$ 29,048,736	\$ -	\$ -	\$ -
Virginia State Non-Arbitrage Pool	2,212,072	2,212,072	-	-	-
Corporate Bonds	572,419	572,419	-	-	-
Municipal Bonds	1,708,738	-	1,197,149	164,524	347,065
Total	<u>\$ 33,541,965</u>	<u>\$ 31,833,227</u>	<u>\$ 1,197,149</u>	<u>\$ 164,524</u>	<u>\$ 347,065</u>

External Investment Pools

The value of the positions in the external investment pools (Local Government Investment Pool and State Non-Arbitrage Pool) is the same as the value of pool shares. As LGIP and SNAP are not SEC registered, regulatory oversight of the pool rests with the Virginia State Treasury. LGIP and SNAP are amortized cost basis portfolio. There are no withdrawal limitations or restrictions imposed on participants.

NOTE 6—INTERFUND-TRANSFERS:

Interfund-transfers for the year ended June 30, 2023, consisted of the following:

<u>Fund</u>	<u>Transfers In</u>	<u>Transfers Out</u>
Primary Government:		
Governmental Funds:		
General Fund	\$ 448,579	\$ 10,833,396
Debt Service	7,490,217	-
Capital Projects	6,661,930	1,081,536
Special Revenue Fund	906,557	3,592,351
Total Governmental Funds	<u>\$ 15,507,283</u>	<u>\$ 15,507,283</u>
Component Unit - School Board:		
Operating Fund	-	158,223
Special Revenue Fund	158,223	-
Total Component Unit - School Board	<u>\$ 158,223</u>	<u>\$ 158,223</u>
Total-All Funds	<u>\$ 15,665,506</u>	<u>\$ 15,665,506</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgeting authorization.

The School Board Operating Fund where the employees’ salaries are charged is generally used to liquidate compensated absences, pension, and other postemployment benefit liabilities.

Long-term obligation information for the Water Authority and the Airport and Industrial Authority are not disclosed here. That information can be found in their separately issued audited financial statements.

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023 (CONTINUED)

NOTE 8—CONDUIT DEBT OBLIGATIONS:

To provide for the construction and equipping of student housing facilities and related parking facilities at Richard Bland College, the Industrial Development Authority of Dinwiddie County, VA, issued \$3,000,000 in Series 2006 Revenue Bonds on December 1, 2006. These bonds are special limited obligations of the Industrial Development Authority, payable solely from and secured by a Promissory Note between the Richard Bland College Foundation, Inc. and a Support and Operating Agreement between the Richard Bland College Foundation, Inc. and Richard Bland College. The bonds do not constitute a debt or pledge of the faith and credit of the Authority, the County, or the State, and accordingly have not been reported in the accompanying financial statements. At June 30, 2023, Revenue Bonds outstanding were \$1,976,920.

To provide for the refinancing of debt at the Faison School for Autism, the Industrial Development authority of Dinwiddie County, VA, issued \$6,170,000 in Series 2015 Revenue Bonds on December 18, 2015. These bonds are special limited obligations of the Industrial Development Authority, payable solely from and secured by a Promissory Note with the Faison School for Autism, Inc. The bonds do not constitute a debt or pledge of the faith and credit of the Authority, the County, or the State, and accordingly have not been reported in the accompanying financial statements. At June 30, 2023, Revenue Bonds outstanding were \$3,431,442.

NOTE 9—LANDFILL POST CLOSURE COSTS:

The County closed its landfill in 2007 and is liable for post-closure monitoring for a period of thirty years. The amount reported as landfill post-closure liability at June 30, 2023, represents the estimated liability for post-closure monitoring, of \$472,256 over a period of eight years. These amounts are based on what it would cost to perform all post-closure care in 2023. Actual costs may be higher due to inflation, changes in technology or changes in regulations.

The County demonstrated financial assurance requirements for closure, post-closure care, and corrective action costs through the submission of a Local Governmental Financial Test to the Virginia Department of Environmental Quality in accordance with Section 9va c20-70 of the Virginia Administrative Code.

NOTE 10—DEFERRED, UNAVAILABLE, AND UNEARNED REVENUE:

At June 30, 2023, deferred and unavailable revenue are reported as follows:

	Government-wide Statements	Balance Sheet
	Governmental Activities	Governmental Funds
Unavailable property tax revenue representing uncollected property tax billings that are not available for the funding of current expenditures	\$ -	\$ 5,792,540
2nd half assessments due in December 2023	15,207,417	15,207,417
Prepaid property taxes due in December 2023 but paid in advance by taxpayers	1,105,280	1,105,280
	<u>\$ 16,312,697</u>	<u>\$ 22,105,237</u>

The County also reports unearned revenue of \$1,679,914 related to ARPA funding as of June 30, 2023.

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023 (CONTINUED)

NOTE 11—COMMITMENTS AND CONTINGENCIES:

Federal programs

Federal programs in which the County and discretely presented component units participate were audited in accordance with the provisions of the Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Pursuant to the provisions of this guidance all major programs and certain other programs were tested for compliance with applicable grant requirements.

While no matters of noncompliance were disclosed by audit, the Federal Government may subject grant programs to additional compliance tests which may result in disallowed expenditures. In the opinion of management, any future disallowance of current grant program expenditures, if any, would be immaterial.

Economic development incentives

Periodically, the County and the Industrial Development Authority (IDA) will enter into agreements with various granting agencies and businesses that wish to locate or expand business within the County. As part of these agreements, the County or the IDA may be subject to certain ‘clawback’ provisions in which the County or the IDA will be required to refund grant monies back to the granting agency if the businesses do not meet certain requirements under the grant agreements. The County and the IDA have a policy to require businesses to place funds in escrow that would be adequate to cover any amounts subject to such provisions. As such, neither the County nor the IDA consider there to be a liability related to such agreements.

NOTE 12—LITIGATION:

The County is subject to certain claims that arise in the ordinary course of operations. Many of these claims are in the early stages of the evaluation process. Accordingly, it is not possible at the present time to estimate the ultimate legal and financial liability, if any, with respect to certain lawsuits or other proceedings. In the opinion of management, after consultation with counsel, the eventual outcome of such claims has not yet been determined probable to have a material adverse effect on the County’s operations or financial position.

NOTE 13—RISK MANAGEMENT:

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries insurance.

The County is a member of the Virginia Association of Counties Group Self Insurance Risk Pool for workers’ compensation. This program is administered by a servicing contractor, which furnishes claims review and processing.

Each member jointly and severally agrees to assume, pay, and discharge any liability. The County pays the Association contributions and assessments based upon classifications and rates into a designated cash reserve fund out of which expenses of the Association and claims and awards are to be paid. In the event of a loss deficit and depletion of all available excess insurance, the Association may assess all members in the proportion which the premium of each bears to the total premiums of all members in the year in which such deficit occurs.

The County continues to carry commercial insurance for all other risks of losses. During the last three fiscal years, settled claims from these risks have not exceeded commercial coverage.

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023 (CONTINUED)

NOTE 14—PENSION PLANS:

Plan Description

All full-time, salaried permanent employees of the County and (nonprofessional) employees of public school divisions are automatically covered by a VRS Retirement Plan upon employment. This is an agent multiple-employer plan administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the Code of Virginia, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

Benefit Structures

The System administers three different benefit structures for covered employees - Plan 1, Plan 2 and Hybrid. Each of these benefit structures has different eligibility criteria, as detailed below.

- a. Employees with a membership date before July 1, 2010, vested as of January 1, 2013, and have not taken a refund, are covered under Plan 1, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced retirement benefit beginning at age 65 with at least 5 years of service credit or age 50 with at least 30 years of service credit. Non-hazardous duty employees may retire with a reduced benefit as early as age 55 with at least 5 years of service credit or age 50 with at least 10 years of service credit. Hazardous duty employees (law enforcement officers, firefighters, and sheriffs) are eligible for an unreduced benefit beginning at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 5 years of service credit.
- b. Employees with a membership date from July 1, 2010 to December 31, 2013, that have not taken a refund or employees with a membership date prior to July 1, 2010 and not vested before January 1, 2013, are covered under Plan 2, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of service credit or when the sum of their age plus service credit equals 90. Non-hazardous duty employees may retire with a reduced benefit as early as age 60 with at least 5 years of service credit. Hazardous duty employees are eligible for an unreduced benefit beginning at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 5 years of service credit.
- c. Non-hazardous duty employees with a membership date on or after January 1, 2014 are covered by the Hybrid Plan combining the features of a defined benefit plan and a defined contribution plan. Plan 1 and Plan 2 members also had the option of opting into this plan during the election window held January 1 - April 30, 2014 with an effective date of July 1, 2014. Employees covered by this plan are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of service credit, or when the sum of their age plus service credit equals 90. Employees may retire with a reduced benefit as early as age 60 with at least 5 years of service credit. For the defined contribution component, members are eligible to receive distributions upon leaving employment, subject to restrictions.

NOTE 14—PENSION PLANS: (CONTINUED)

Average Final Compensation and Service Retirement Multiplier

The VRS defined benefit is a lifetime monthly benefit based on a retirement multiplier as a percentage of the employee’s average final compensation multiplied by the employee’s total service credit. Under Plan 1, average final compensation is the average of the employee’s 36 consecutive months of highest compensation and the multiplier is 1.70% for non-hazardous duty employees, 1.85% for sheriffs and regional jail superintendents, and 1.70% or 1.85% for hazardous duty employees as elected by the employer. Under Plan 2, average final compensation is the average of the employee’s 60 consecutive months of highest compensation and the retirement multiplier is 1.65% for non-hazardous duty employees, 1.85% for sheriffs and regional jail superintendents, and 1.70% or 1.85% for hazardous duty employees as elected by the employer. Under the Hybrid Plan, average final compensation is the average of the employee’s 60 consecutive months of highest compensation and the multiplier is 1.00%. For members who opted into the Hybrid Retirement Plan from Plan 1 or Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans.

Cost-of-Living Adjustment (COLA) in Retirement and Death and Disability Benefits

Retirees with an unreduced benefit or with a reduced benefit with at least 20 years of service credit are eligible for an annual COLA beginning July 1 after one full calendar year from the retirement date. Retirees with a reduced benefit and who have less than 20 years of service credit are eligible for an annual COLA beginning on July 1 after one calendar year following the unreduced retirement eligibility date. Under Plan 1, the COLA cannot exceed 5.00%. Under Plan 2 and the Hybrid Plan, the COLA cannot exceed 3.00%. The VRS also provides death and disability benefits. Title 51.1 of the Code of Virginia, as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

Employees Covered by Benefit Terms

As of the June 30, 2021 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	Primary Government	Component Unit School Board Nonprofessional
Inactive members or their beneficiaries currently receiving benefits	159	80
Inactive members:		
Vested inactive members	30	13
Non-vested inactive members	50	30
Inactive members active elsewhere in VRS	97	15
Total inactive members	177	58
Active members	213	75
Total covered employees	549	213

COUNTY OF DINWIDDIE, VIRGINIA

NOTE 14—PENSION PLANS: (CONTINUED)

Contributions

The contribution requirement for active employees is governed by §51.1-145 of the Code of Virginia, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

The County’s contractually required employer contribution rate for the year ended June 30, 2023 was 9.83% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the County were \$1,207,902 and \$1,146,180 for the years ended June 30, 2023 and June 30, 2022, respectively.

The Component Unit School Board’s contractually required employer contribution rate for nonprofessional employees for the year ended June 30, 2023 was 3.98% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the Component Unit School Board’s nonprofessional employees were \$72,337 and \$125,693 for the years ended June 30, 2023 and June 30, 2022, respectively.

Net Pension Liability (Asset)

The net pension liability (NPL) is calculated separately for each employer and represents that particular employer’s total pension liability determined in accordance with GASB Statement No. 68, less that employer’s fiduciary net position. The County’s and Component Unit School Board’s (nonprofessional) net pension liabilities were measured as of June 30, 2022. The total pension liabilities used to calculate the net pension liabilities were determined by an actuarial valuation performed as of June 30, 2021, and rolled forward to the measurement date of June 30, 2022.

Actuarial Assumptions - General Employees

The total pension liability for General Employees in the County’s and Component Unit School Board’s (nonprofessional) Retirement Plan was based on an actuarial valuation as of June 30, 2021, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022.

Inflation	2.50%
Salary increases, including inflation	3.50% - 5.35%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation

NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2023 (CONTINUED)

NOTE 14—PENSION PLANS: (CONTINUED)

Long-Term Expected Rate of Return

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class (Strategy)</u>	<u>Long-Term Target Asset Allocation</u>	<u>Arithmetic Long-term Expected Rate of Return</u>	<u>Weighted Average Long-term Expected Rate of Return*</u>
Public Equity	34.00%	5.71%	1.94%
Fixed Income	15.00%	2.04%	0.31%
Credit Strategies	14.00%	4.78%	0.67%
Real Assets	14.00%	4.47%	0.63%
Private Equity	14.00%	9.73%	1.36%
MAPS - Multi-Asset Public S	6.00%	3.73%	0.22%
PIP - Private Investment P:	3.00%	6.55%	0.20%
Total	100.00%		5.33%
		Inflation	2.50%
		Expected arithmetic nominal return**	7.83%

*The above allocation provides a one-year expected return of 7.83%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.72%, including expected inflation of 2.50%.

**On October 10, 2019, the VRS Board elected a long-term rate of return of 6.75% which was roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

The remainder of this page left blank intentionally.

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023 (CONTINUED)

NOTE 14—PENSION PLANS: (CONTINUED)

Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions; the County and Component Unit School Board (nonprofessional) was also provided with an opportunity to use an alternative employer contribution rate. For the year ended June 30, 2023, the alternate rate was the employer contribution rate used in FY 2012 or 100% of the actuarially determined employer contribution rate from the June 30, 2021 actuarial valuations, whichever was greater. Through the fiscal year ended June 30, 2022, the rate contributed by the school division for the VRS Teacher Retirement Plan was subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2022 on, participating employers and school divisions are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Pension Plan Data

Information about the VRS Political Subdivision Retirement Plan is also available in the separately issued VRS 2022 Annual Comprehensive Financial Report (Annual Report). A copy of the 2022 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/pdf/publications/2022-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

Component Unit School Board (Professional Plan)

Plan Description

All full-time, salaried permanent professional employees of public school divisions are automatically covered by the VRS Teacher Retirement Plan upon employment. This is a cost-sharing multiple employer plan administered by the Virginia Retirement System (the System). Additional information related to the plan description is included in the first section of this note.

Contributions

The contribution requirement for active employees is governed by §51.1-145 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. Each School Division's contractually employer required contribution rate for the year ended June 30, 2023 was 16.62% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the school division were \$4,540,092 and \$4,282,970 for the years ended June 30, 2023 and June 30, 2022, respectively.

In June 2022, the Commonwealth made a special contribution of approximately \$442.4 million to the VRS Teacher Retirement Plan. This special payment was authorized by a budget amendment included in Chapter 1 of the 2022 Appropriation Act, and is classified as a non-employer contribution.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, the school division reported a liability of \$27,447,886 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2022 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation performed as of June 30, 2021 and rolled forward to the measurement date of June 30, 2022. The school division's proportion of the Net Pension Liability was based on the school division's actuarially determined employer contributions to the pension plan for the year ended June 30, 2022 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2022, the school division's proportion was 0.28830% as compared to 0.27527% at June 30, 2021.

For the year ended June 30, 2023, the school division recognized pension expense of \$1,292,657. Since there was a change in proportionate share between measurement dates, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions. Beginning with the June 30, 2022 measurement date, the difference between expected and actual contributions is included with the pension expense calculation.

NOTE 14—PENSION PLANS: (CONTINUED)

Component Unit School Board (Professional Plan) (Continued)

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

Net Pension Liability

The net pension liability (NPL) is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB Statement No. 67, less that system's fiduciary net position. As of June 30, 2022, NPL amounts for the VRS Teacher Employee Retirement Plan is as follows (amounts expressed in thousands):

	Teacher Employee Retirement Plan
Total Pension Liability	\$ 54,732,329
Plan Fiduciary Net Position	45,211,731
Employers' Net Pension Liability (Asset)	<u>\$ 9,520,598</u>
 Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	 82.61%

The total pension liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net pension liability is disclosed in accordance with the requirements of GASB Statement No. 67 in the System's notes to the financial statements and required supplementary information.

The long-term expected rate of return and discount rate information previously described also apply to this plan.

School Board Clerk and Deputy Clerk	10,000

NOTE 16—GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN):

Plan Description

The Group Life Insurance (GLI) Plan was established pursuant to §51.1-500 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent employees of the state agencies, teachers, and employees of participating political subdivisions are automatically covered by the VRS GLI Plan upon employment. This is a cost-sharing multiple-employer plan administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

In addition to the Basic GLI benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional GLI Program. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured plan, it is not included as part of the GLI Plan OPEB.

The specific information for GLI OPEB, including eligibility, coverage and benefits is described below:

Eligible Employees

The GLI Plan was established July 1, 1960, for state employees, teachers, and employees of political subdivisions that elect the plan. Basic GLI coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their accumulated retirement member contributions and accrued interest.

Benefit Amounts

The GLI Plan is a defined benefit plan with several components. The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled. The accidental death benefit is double the natural death benefit. In addition to basic natural and accidental death benefits, the plan provides additional benefits provided under specific circumstances that include the following: accidental dismemberment benefit, seatbelt benefit, repatriation benefit, felonious assault benefit, and accelerated death benefit option. The benefit amounts are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value. For covered members with at least 30 years of service credit, the minimum benefit payable was set at \$8,000 by statute in 2015. This will be increased annually based on the VRS Plan 2 cost-of-living adjustment calculation. The minimum benefit adjusted for the COLA was \$8,984 as of June 30, 2023.

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023 (CONTINUED)

NOTE 16—GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

Contributions

The contribution requirements for the GLI Plan are governed by §51.1-506 and §51.1-508 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the GLI Plan was 1.34% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.80% (1.34% x 60%) and the employer component was 0.54% (1.34% x 40%). Employers may elect to pay all or part of the employee contribution; however, the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2023 was 0.54% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the GLI Plan from the County were \$69,662 and \$65,235 for the years ended June 30, 2023 and June 30, 2022, respectively.

Contributions to the Group Life Insurance Plan from the Component Unit School Board professional group were \$155,040 and \$144,618 for the years ended June 30, 2023 and June 30, 2022, respectively. Contributions to the Group Life Insurance Plan from the Component Unit School Board nonprofessional group were \$11,758 and \$11,290 for the years ended June 30, 2023 and June 30, 2022, respectively.

GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Plan OPEB

At June 30, 2023, the County reported a liability of \$668,755 for its proportionate share of the Net GLI OPEB Liability. The Component Unit School Board professional and nonprofessional groups reported liabilities of \$1,482,484 and \$115,714, respectively, for its proportionate share of the Net GLI OPEB Liability. The Net GLI OPEB Liability was measured as of June 30, 2022 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation performed as of June 30, 2021 and rolled forward to the measurement date of June 30, 2022. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the GLI Plan for the year ended June 30, 2022 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2022, the County's proportion was 0.05550% as compared to 0.05270% at June 30, 2021. At June 30, 2022, the Component Unit School Board professional and nonprofessional groups' proportion was 0.12310% and 0.00960%, as compared to 0.11760% and 0.00950% at June 30, 2021.

For the year ended June 30, 2023, the County recognized GLI OPEB expense of \$39,472. For the year ended June 30, 2022, the Component Unit School Board professional and nonprofessional group recognized GLI OPEB expense of \$46,350 and \$843. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

Actuarial Assumptions

The total GLI OPEB liability was based on an actuarial valuation as of June 30, 2021, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022. The assumptions include several employer groups. Salary increases and mortality rates included herein are for relevant employer groups. Information for other groups can be referenced in the VRS Annual Report.

Inflation	2.50%
Salary increases, including inflation:	
Teachers	3.50%-5.95%
Locality - General employees	3.50%-5.35%
Locality - Hazardous Duty employees	3.50%-4.75%
Investment rate of return	6.75%, net of investment expenses, including inflation

Mortality Rates - Teachers

Pre-Retirement:

Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males

Post-Retirement:

Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females

Post-Disablement:

Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally

Mortality Improvement Scale:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

Actuarial Assumptions (Continued)

Mortality Rates - Teachers (Continued)

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

Mortality Rates - Non-Largest Ten Locality Employers - General Employees

Pre-Retirement:

Pub-2010 Amount Weighted Safety Employee Rates projected generationally; males set forward 2 years; 105% of rates for females set forward 3 years

Post-Retirement:

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 95% of rates for males set forward 2 years; 95% of rates for females set forward 1 year

Post-Disablement:

Pub-2010 Amount Weighted General Disabled Rates projected generationally; 110% of rates for males set forward 3 years; 110% of rates for females set forward 2 years

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally

NET GLI OPEB Liability

The net OPEB liability (NOL) for the GLI Plan represents the plan’s total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2022, NOL amounts for the GLI Plan is as follows (amounts expressed in thousands):

	GLI OPEB Plan
	<u> </u>
Total GLI OPEB Liability	\$ 3,672,085
Plan Fiduciary Net Position	2,467,989
Employers' Net GLI OPEB Liability (Asset)	<u>\$ 1,204,096</u>
Plan Fiduciary Net Position as a Percentage of the Total GLI OPEB Liability	67.21%

The total GLI OPEB liability is calculated by the System’s actuary, and each plan’s fiduciary net position is reported in the System’s financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System’s notes to the financial statements and required supplementary information.

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2023 (CONTINUED)

NOTE 16—GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

Long-Term Expected Rate of Return

The long-term expected rate of return on the System’s investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System’s investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Long-Term Target Asset Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long-term Expected Rate of Return*
Public Equity	34.00%	5.71%	1.94%
Fixed Income	15.00%	2.04%	0.31%
Credit Strategies	14.00%	4.78%	0.67%
Real Assets	14.00%	4.47%	0.63%
Private Equity	14.00%	9.73%	1.36%
MAPS - Multi-Asset Public Strategies	6.00%	3.73%	0.22%
PIP - Private Investment Partnership	3.00%	6.55%	0.20%
Total	100.00%		5.33%
		Inflation	2.50%
		Expected arithmetic nominal return**	7.83%

*The above allocation provides a one-year return of 7.83%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.72%, including expected inflation of 2.50%.

** On October 10, 2019, the VRS Board elected a long-term rate of return of 6.75%, which was roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023 (CONTINUED)

NOTE 16—GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

Discount Rate

The discount rate used to measure the total GLI OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ended June 30, 2022, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. From July 1, 2022 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB’s fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

Sensitivity of the Employer’s Proportionate Share of the Net GLI OPEB Liability to Changes in the Discount Rate

The following presents the employer’s proportionate share of the net GLI OPEB liability using the discount rate of 6.75%, as well as what the employer’s proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	Rate		
	1% Decrease (5.75%)	Current Discount (6.75%)	1% Increase (7.75%)
County's proportionate share of the GLI Plan Net OPEB Liability	\$ 973,117	\$ 668,755	\$ 422,789
Component School Board (Nonprofessional Plan)'s proportionate share of the GLI Plan Net OPEB Liability	168,377	115,714	73,155
Component School Board (Professional Plan)'s proportionate share of the GLI Plan Net OPEB Liability	2,157,187	1,482,484	937,231

GLI Plan Fiduciary Net Position

Detailed information about the GLI Program’s Fiduciary Net Position is available in the separately issued VRS 2022 Annual Comprehensive Financial Report (Annual Report). A copy of the 2022 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/pdf/publications/2022-annual-report.pdf>, or by writing to the System’s Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023 (CONTINUED)

NOTE 17—HEALTH INSURANCE CREDIT (HIC) PLAN (OPEB PLAN):

Plan Description

The Political Subdivision Health Insurance Credit (HIC) Plan was established pursuant to §51.1-1400 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent employees of participating political subdivisions are automatically covered by the VRS Political Subdivision HIC Plan upon employment. This is an agent multiple-employer plan administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The HIC is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

The specific information about the Political Subdivision HIC Plan OPEB, including eligibility, coverage and benefits is described below:

Eligible Employees

The Political Subdivision Retiree HIC Plan was established July 1, 1993 for retired political subdivision employees of employers who elect the benefit and retire with at least 15 years of service credit. Eligible employees include full-time permanent salaried employees of the participating political subdivision who are covered under the VRS pension plan. These employees are enrolled automatically upon employment.

Benefit Amounts

The Political Subdivision Retiree HIC Plan is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired political subdivision employees of participating employers. For employees who retire, the monthly benefit is \$1.50 per year of service per month with a maximum benefit of \$45.00 per month. For employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is \$45.00 per month.

HIC Plan Notes

The monthly HIC benefit cannot exceed the individual premium amount. There is no HIC for premiums paid and qualified under LODA; however, the employee may receive the credit for premiums paid for other qualified health plans. Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the HIC as a retiree.

Employees Covered by Benefit Terms

As of the June 30, 2021 actuarial valuation, the following employees were covered by the benefit terms of the HIC OPEB plan:

	Component Unit School Board (Nonprofessional Plan)
Inactive members or their beneficiaries currently receiving benefits	28
Inactive members:	
Vested inactive members	1
Total inactive members	29
Active members	75
Total covered employees	104

Contributions

The contribution requirements for active employees is governed by §51.1-1402(E) of the Code of Virginia, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. The School Board's contractually required employer contribution rate for the year ended June 30, 2023 was 0.77% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the School Board to the HIC Plan were \$16,702 and \$13,073 for the years ended June 30, 2023 and June 30, 2022, respectively.

Net HIC OPEB Liability

The School Board's net HIC OPEB liability was measured as of June 30, 2022. The total HIC OPEB liability was determined by an actuarial valuation performed as of June 30, 2021, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022.

NOTE 17—HEALTH INSURANCE CREDIT (HIC) PLAN (OPEB PLAN): (CONTINUED)

Actuarial Assumptions (Continued)

Mortality Rates - Non-Largest Ten Locality Employers - General Employees (Continued)

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023 (CONTINUED)

NOTE 17—HEALTH INSURANCE CREDIT (HIC) PLAN (OPEB PLAN): (CONTINUED)

Long-Term Expected Rate of Return

The long-term expected rate of return on the System’s investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System’s investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Long-term Target Asset Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long-term Expected Rate of Return*
Public Equity	34.00%	5.71%	1.94%
Fixed Income	15.00%	2.04%	0.31%
Credit Strategies	14.00%	4.78%	0.67%
Real Assets	14.00%	4.47%	0.63%
Private Equity	14.00%	9.73%	1.36%
MAPS - Multi-Asset Public Strategies	6.00%	3.73%	0.22%
PIP - Private Investment Partnership	3.00%	6.55%	0.20%
Total	100.00%		5.33%
		Inflation	2.50%
		Expected arithmetic nominal return**	7.83%

*The above allocation provides a one-year return of 7.83%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.72%, including expected inflation of 2.50%.

*On October 10, 2019, the VRS Board elected a long-term rate of return of 6.75% which was roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

Discount Rate

The discount rate used to measure the total HIC OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ended June 30, 2022, the rate contributed by the entity for the HIC OPEB was 100% of the actuarially determined contribution rate. From July 1, 2022 on, employers are assumed to continue to contribute 100% of the actuarially determined

COUNTY OF DINWIDDIE, VIRGINIA

Health Insurance Credit Program Plan Data

Information about the VRS Political Subdivision HIC Plan is available in the separately issued VRS 2022 Annual Comprehensive Financial Report (Annual Report). A copy of the 2022 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/pdf/publications/2022-annual-report.pdf>, or by writing to the System’s Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

NOTE 18—TEACHER EMPLOYEE HEALTH INSURANCE CREDIT (HIC) PLAN (OPEB PLAN):

Plan Description

The Virginia Retirement System (VRS) Teacher Employee Health Insurance Credit (HIC) Plan was established pursuant to §51.1-1400 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent professional employees of public school divisions are automatically covered by the VRS Teacher Employee HIC Plan. This is a cost-sharing multiple-employer plan administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The HIC is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree’s death.

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023 (CONTINUED)

NOTE 18—TEACHER EMPLOYEE HEALTH INSURANCE CREDIT (HIC) PLAN (OPEB PLAN): (CONTINUED)

The specific information for the Teacher HIC Plan OPEB, including eligibility, coverage, and benefits is described below:

Eligible Employees

The Teacher Employee Retiree HIC Plan was established July 1, 1993 for retired Teacher Employees covered under VRS who retire with at least 15 years of service credit. Eligible employees include full-time permanent professional salaried employees of public school divisions covered under VRS. These employees are enrolled automatically upon employment.

Benefit Amounts

The Teacher Employee HIC Plan is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired teachers. For Teacher and other professional school employees who retire, the monthly benefit is \$4.00 per year of service per month with no cap on the benefit amount. For Teacher and other professional school employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is either: \$4.00 per month, multiplied by twice the amount of service credit, or \$4.00 per month, multiplied by the amount of service earned had the employee been active until age 60, whichever is lower.

HIC Plan Notes

The monthly HIC benefit cannot exceed the individual premium amount. Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the HIC as a retiree.

Contributions

The contribution requirements for active employees is governed by §51.1-1401(E) of the Code of Virginia, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Each school division's contractually required employer contribution rate for the year ended June 30, 2023 was 1.21% of covered employee compensation for employees in the VRS Teacher Employee HIC Plan. This rate was the final approved General Assembly rate, which was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the school division to the VRS Teacher Employee HIC Plan were \$346,394 and \$323,945 for the years ended June 30, 2023 and June 30, 2022, respectively.

In June 2022, the Commonwealth made a special contribution of approximately \$12 million to the VRS Teacher HIC Plan. This special payment was authorized by a budget amendment included in Chapter 1 of the 2022 Appropriation Act, and is classified as a non-employer contribution.

Teacher Employee HIC OPEB Liabilities, Teacher Employee HIC OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Teacher Employee HIC Plan OPEB

At June 30, 2023, the school division reported a liability of \$3,587,886 for its proportionate share of the VRS Teacher Employee HIC Plan Net OPEB Liability. The Net VRS Teacher Employee HIC OPEB Liability was measured as of June 30, 2022 and the total VRS Teacher Employee HIC OPEB liability used to calculate the Net VRS Teacher Employee HIC Plan OPEB Liability was determined by an actuarial valuation performed as of June 30, 2021 and rolled forward to the measurement date of June 30, 2022. The school division's proportion of the Net VRS Teacher Employee HIC OPEB Liability was based on the school division's actuarially determined employer contributions to the VRS Teacher Employee HIC OPEB plan for the year ended June 30, 2022 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2022, the school division's proportion of the VRS Teacher Employee HIC was 0.28725% as compared to 0.27372% at June 30, 2021.

For the year ended June 30, 2023, the school division recognized VRS Teacher Employee HIC Plan OPEB expense of \$280,060. Since there was a change in proportionate share between measurement dates, a portion of the VRS Teacher Employee HIC Net OPEB expense was related to deferred amounts from changes in proportionate share and differences between actual and expected contributions.

At June 30, 2023, the school division reported deferred outflows of resources and deferred inflows of resources related to the VRS Teacher Employee HIC OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ 146,248
Net difference between projected and actual earnings on Teacher HIC OPEB plan investments	-	3,601
Change in assumptions	104,820	9,162
Change in proportionate share and differences between actual and expected contributions	172,707	152,023
Employer contributions subsequent to the measurement date	<u>346,394</u>	<u>-</u>
Total	<u>\$ 623,921</u>	<u>\$ 311,034</u>

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2023 (CONTINUED)

NOTE 18—TEACHER EMPLOYEE HEALTH INSURANCE CREDIT (HIC) PLAN (OPEB PLAN): (CONTINUED)

Long-Term Expected Rate of Return

The long-term expected rate of return on the VRS System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of VRS System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Long-Term Target Asset Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long-term Expected Rate of Return*
Public Equity	34.00%	5.71%	1.94%
Fixed Income	15.00%	2.04%	0.31%
Credit Strategies	14.00%	4.78%	0.67%
Real Assets	14.00%	4.47%	0.63%
Private Equity	14.00%	9.73%	1.36%
MAPS - Multi-Asset Public Strategies	6.00%	3.73%	0.22%
PIP - Private Investment Partnership	3.00%	6.55%	0.20%
Total	100.00%		5.33%
		Inflation	2.50%
		Expected arithmetic nominal return**	7.83%

*The above allocation provides a one-year return of 7.83%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.72%, including expected inflation of 2.50%.

**On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which was roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

The remainder of this page left blank intentionally.

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023 (CONTINUED)

NOTE 18—TEACHER EMPLOYEE HEALTH INSURANCE CREDIT (HIC) PLAN (OPEB PLAN): (CONTINUED)

Discount Rate

The discount rate used to measure the total Teacher Employee HIC OPEB was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ended June 30, 2022, the rate contributed by each school division for the VRS Teacher Employee HIC Plan will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined rate. From July 1, 2022 on, all agencies are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the Teacher Employee HIC OPEB plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total Teacher Employee HIC OPEB liability.

Sensitivity of the School Division’s Proportionate Share of the Teacher Employee HIC Net OPEB Liability to Changes in the Discount Rate

The follow presents the school division’s proportionate share of the VRS Teacher Employee HIC Plan net HIC OPEB liability using the discount rate of 6.75%, as well as what the school division’s proportionate share of the net HIC OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	Rate		
	1% Decrease (5.75%)	Current Discount (6.75%)	1% Increase (7.75%)
School division's proportionate share of the VRS Teacher Employee HIC OPEB Plan Net HIC OPEB Liability	\$ 4,043,589	\$ 3,587,886	\$ 3,201,598

Teacher Employee HIC OPEB Fiduciary Net Position

Detailed information about the VRS Teacher Employee HIC Plan’s Fiduciary Net Position is available in the separately issued VRS 2022 Annual Comprehensive Financial Report (Annual Report). A copy of the 2022 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/pdf/publications/2022-annual-report.pdf>, or by writing to the System’s Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023 (CONTINUED)

NOTE 19—RETIREE HEALTH INSURANCE PLAN (OPEB PLAN):

County and School Board

Plan Description

In addition to the pension benefits described in Note 14, the County and the School Board allow retirees to participate in their respective health insurance plans until they become Medicare eligible if they retire directly from either entity with at least 15 years of service and meet the minimum requirements to receive an early or regular VRS retirement benefit.

Benefits Provided

County benefits include medical and dental. For pre-Medicare coverage, retirees pay the full active premium rates. Currently the plans offered to retirees are the High Deductible Health plan and the Key Advantage 1000 plan. Retirees and spouses that become Medicare Eligible are no longer eligible for the retiree medical plan. The plan does not include a death benefit for spouses of employees.

School Board health plan benefits include medical and dental. For pre-Medicare coverage, retirees pay the full active premium rates. Currently the plan offered to retirees are the High Deductible Health plan and the Key Advantage 500 and 1000 plans. Retirees and spouses that become Medicare eligible are able to pay for the Medicare Supplement Plan for which there is no implicit subsidy. If an employee dies while employed and was eligible for retirement, the surviving spouse (or eligible family member) will be eligible to continue medical coverage, if they were covered before the employee's death.

Plan Membership

At June 30, 2022 (the valuation date), the following employees were covered by the benefit terms:

	Primary Government	Component Unit School Board
Total active employees with coverage	190	390
Total retirees with coverage	2	13
Total	192	403

Contributions

The County and School Board's retirees pay 100% of the premiums directly to the insurance company. The benefits of the plans are funded on a pay-as-you-go basis. The County and School Boards fund on a cash basis as benefits are paid. No assets have been segregated or restricted to provide for and restricted to provide for postretirement benefits.

Total OPEB Liability

The County and School Board's total retiree health insurance OPEB liabilities of \$624,140 and \$1,716,597, respectively, were measured as of June 30, 2022, and are based on actuarial valuations performed on June 30, 2022.

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023 (CONTINUED)

NOTE 19—RETIREE HEALTH INSURANCE PLAN (OPEB PLAN): (CONTINUED)

County and School Board: (Continued)

Actuarial Assumptions

The total OPEB liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Salary Increases	The salary increase rate was 2.50% per annum
Discount Rate	3.69%
Investment Rate of Return	7.00%
Healthcare Trend Rate	The trend for 2023 is 7.5%. The ultimate trend is 3.94% and is reached in 2075.

Mortality rates for the County were based on the following actuarial assumptions:

Pre-Commencement: RP-2014 EE mortality with SOA Scale BB (base year 2014 projected to 2020) and 90% male rates.

Post-Commencement: RP-2014 EE mortality with SOA Scale BB (base year 2014 projected to 2020) and 90% male rates.

Post-Disablement: RP-2014 Disability Mortality set forward 1 year for males rates.

These mortality assumptions were chosen to match the mortality assumptions used in the June 30, 2016 Annual Financial Statement for the Virginia Retirement System.

Mortality rates for the School Board were based on the following actuarial assumptions:

Pre-Commencement: SOA RP-2014 adjusted to 2006 White Collar Mortality Projected with Scale BB to year 2020.

Post-Commencement: SOA RP-2014 adjusted to 2006 White Collar Mortality Projected with Scale BB to year 2020.

Post-Disablement: SOA RP-2014 adjusted to 2006 Disabled Retiree Mortality Projected with Scale BB to year 2020 - Male and Female increased by 115%.

These mortality assumptions were chosen to match the mortality assumptions used in the June 30, 2016 Annual Financial Statement for the Virginia Retirement System.

Disability rates:

- County Employees: The VRS State Employee Disability Rate table as was used in the 2019 VRS OPEB Plans actuarial valuation.
- LEOS Public Safety: The VRS SPORS Disability Rate table as was used in the 2019 VRS OPEB plans actuarial valuation.
- School Board Professionals: The VRS Teachers Disability Rate table as was used in the 2019 VRS OPEB Plans actuarial valuation.
- School Board Non-Professionals: The VRS State Employee Disability Rate table as was used in the 2019 VRS OPEB plans actuarial valuation.

Changes in plan provisions, actuarial assumptions, and actuarial methods

1. The discount rate is 3.69% based on the Fidelity Municipal 20 Year GO Bond Index Rate as of June 30, 2022, compared to the prior Statement No. 75 discount rate of 1.92%.
2. The claims assumption was updated to include the most recent plan experience
3. The trend assumption was updated to the most recent table released by the Society of Actuaries.

Discount Rate

The discount rate used to measure the total retiree health insurance OPEB liability was 3.69%. This was based on the Fidelity Municipal 20 Year GO Bond Index Rate of June 30, 2022.

NOTE 21—LINE OF DUTY ACT (LODA) (OPEB BENEFITS):

The Line of Duty Act (LODA) provides death and healthcare benefits to certain law enforcement and rescue personnel, and their beneficiaries, who were disabled or killed in the line of duty. Benefit provisions and eligibility requirements are established by title 9.1 Chapter 4 of the Code of Virginia. Funding of LODA benefits is provided by employers in one of two ways: (a) participation in the Line of Duty and Health Benefits Trust Fund (LODA Fund), administered by the Virginia Retirement System (VRS) or (b) self-funding by the employer or through an insurance company.

The County has elected to provide LODA benefits through an insurance company. The obligation for the payment of benefits has been effectively transferred from the County to VACORP. VACORP assumes all liability for the County’s LODA claims that are approved by VRS. The pool purchases reinsurance to protect the pool from extreme claims costs.

The current-year OPEB expense/expenditure for the insured benefits is defined as the amount of premiums or other payments required for the insured benefits for the reporting period in accordance with the agreement with the insurance company for LODA and a change in liability to the insurer equal to the difference between amounts recognized as OPEB expense and amounts paid by the employer to the insurer. The County’s LODA coverage is fully covered or “insured” through VACORP. This is built into the LODA coverage cost presented in the annual renewals. The County’s LODA premium for the year ended June 30, 2023 was \$49,873.

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023 (CONTINUED)

NOTE 22—LEASES RECEIVABLE:

The County leases office space to tenants under the following lease contract. In fiscal year 2023, the County recognized principal and interest revenue in the amount of \$19,336 and \$664, respectively. A description of the leases is as follows:

<u>Lease Description</u>	<u>Start Date</u>	<u>End Date</u>	<u>Payment Frequency</u>	<u>Discount Rate</u>	<u>Receivable Balance</u>
Health Department lease	7/1/2021	12/31/2023	Monthly	3.25%	\$ 9,606
Total					<u>\$ 9,606</u>

Expected future payments at June 30, 2023 are as follows:

<u>Year Ended June 30</u>	<u>Governmental Activities</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2024	\$ 9,906	\$ 94	\$ 10,000
Total	<u>\$ 9,906</u>	<u>\$ 94</u>	<u>\$ 10,000</u>

Lease revenue for the above lease for the year ended June 30, 2023 was \$19,236.

NOTE 23—ADOPTION OF ACCOUNTING PRINCIPLES:

The County implemented provisions of Governmental Accounting Standards Board Statement No. 96, *Subscription-Based IT Arrangements (SBITAs)* during the fiscal year ended June 30, 2023. Statement No. 96, *SBITAs* requires recognition of certain subscription assets and liabilities for certain contracts that convey control of the right to use another party's (a SBITA vendor's) information technology (IT) software, alone or in combination with tangible capital assets (the underlying IT assets), as specified in the contract for a period of time in an exchange or exchange-like transaction. No restatement of beginning net position was required as a result of this implementation. Using the facts and circumstances that existed at the beginning of the year of implementation, the following balances were recognized as of July 1, 2022 related to the subscriptions:

Primary Government:

	<u>Governmental Activities</u>
Subscription assets	\$ 412,564
Subscription liability(ies)	<u>\$ 412,564</u>

COUNTY OF DINWIDDIE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023 (CONTINUED)

NOTE 24—UPCOMING PRONOUNCEMENTS:

Statement No. 99, *Omnibus 2022*, enhances the comparability in accounting and financial reporting and improves the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The effective dates differ based on the requirements of the Statement, ranging from April 2022 to reporting periods beginning after June 15, 2023.

Statement No. 100, *Accounting Changes and Error Corrections* - an amendment of GASB Statement No. 62, enhances accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The requirements of this Statement are effective for reporting periods beginning after June 15, 2023.

Statement No. 101, *Compensated Absences*, updates the recognition and measurement guidance for compensated absences. It aligns the recognition and measurement guidance under a unified model and amends certain previously required disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2023.

Implementation Guide No. 2021-1, *Implementation Guidance Update—2021*, with dates ranging from reporting periods beginning after June 15, 2022 to reporting periods beginning after June 15, 2023.

Implementation Guide No. 2023-1, *Implementation Guidance Update—2023*, effective for fiscal years beginning after June 15, 2023.

Management is currently evaluating the impact these standards will have on the financial statements when adopted.

Notes to Required Supplementary Information

Pension Plans

For the Year Ended June 30, 2023

Changes of benefit terms - There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions - The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

All Others (Non-10 Largest) - Non-Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

All Others (Non-10 Largest) - Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Largest 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Component Unit School Board - Professional Employees:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

Notes to Required Supplementary Information - Primary Government OPEB
 For the Year Ended June 30, 2023

Valuation Date: 6/30/2022
 Measurement Date: 6/30/2022

No assets are accumulated in a trust that meets the criteria in GASB 75 to pay related benefits.

Methods and assumptions used to determine OPEB liability:

Actuarial Cost Method	Entry age normal
Discount Rate	3.69%
Inflation	2.50% per year as of June 30, 2023
Healthcare Trend Rate	The trend for 2023 is 7.5%. The ultimate trend is 3.94% and is reached in 2075.

Combining Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds
 Discretely Presented Component Unit - School Board
 For the Year Ended June 30, 2023

	Operating Fund	Special Revenue Fund	Total Governmental Funds
REVENUES			
Revenue from the use of money and property	\$ 146,975	\$ 243	\$ 147,218
Charges for services	-	956,149	956,149
Miscellaneous	265,471	-	265,471
Recovered costs	318,853	10,979	329,832
Intergovernmental:			
Local government	15,990,100	-	15,990,100
Commonwealth	37,698,411	458,386	38,156,797
Federal	2,894,108	5,950,313	8,844,421
Total revenues	<u>\$ 57,313,918</u>	<u>\$ 7,376,070</u>	<u>\$ 64,689,988</u>
EXPENDITURES			
Current:			
Education	\$ 56,419,324	\$ 7,143,403	\$ 63,562,727
Capital projects	934,442	-	934,442
Debt service:			
Principal retirement	413,314	-	413,314
Interest and other fiscal charges	63,428	-	63,428
Total expenditures	<u>\$ 57,830,508</u>	<u>\$ 7,143,403</u>	<u>\$ 64,973,911</u>
Excess (deficiency) of revenues over (under) expenditures	<u>\$ (516,590)</u>	<u>\$ 232,667</u>	<u>\$ (283,923)</u>
OTHER FINANCING SOURCES (USES)			
Transfers in	\$ -	\$ 158,223	\$ 158,223
Transfers out	(158,223)	-	(158,223)
Total other financing sources (uses)	<u>\$ (158,223)</u>	<u>\$ 158,223</u>	<u>\$ -</u>
Net change in fund balances	\$ (674,813)	\$ 390,890	\$ (283,923)
Fund balances - beginning of year	1,218,389	1,867,818	3,086,207
Fund balances - end of year	<u>\$ 543,576</u>	<u>\$ 2,258,708</u>	<u>\$ 2,802,284</u>

Amounts reported for governmental activities in the statement of activities (Exhibit 2) are different because:

Net change in fund balances - total governmental funds - per above	\$ (283,923)
--	--------------

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital asset additions	\$ 3,875,764	
Depreciation expense	(2,717,503)	
Allocation of jointly owned assets - original cost less depreciation	<u>1,618,115</u>	2,776,376

The repayment of equipment purchase agreement consumes the current financial resources of governmental funds; however, they do not have an effect on net position 413,314

Special contributions received from the Commonwealth for the teacher cost sharing pool are not reported in the governmental funds 1,275,356

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds.

Change in compensated absences	\$ (116,016)	
Change in pension related items	3,635,320	
Change in OPEB related items	<u>177,556</u>	<u>3,696,860</u>

Change in net position of governmental activities \$ 7,877,983

THIS PAGE LEFT BLANK INTENTIONALLY

Statistical Section

This part of the report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

Contents

Tables

Financial Trends

These tables contain trend information to help the reader understand how the County's financial performance and wellbeing have changed over time.

1-4

Revenue Capacity

These tables contain information to help the reader assess the factors affecting the County's ability to generate its property and sales taxes.

5-8

Debt Capacity

These tables present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue debt in the future.

9-10

Demographic and Economic Information

These tables offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place and to help make comparisons over time and with other governments.

11-12

Operating Information

These tables contain information about the County's operations and resources to help the reader understand how the County's financial information relates to the services the County provides and the activities it performs.

13-15

Sources: Unless otherwise noted, the information in these tables is derived from the annual financial reports for the relevant year.

THIS PAGE LEFT BLANK INTENTIONALLY

**Independent Auditors' Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

**To the Honorable Members of the Board of Supervisors
County of Dinwiddie
Dinwiddie, Virginia**

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of County of Dinwiddie, Virginia, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise County of Dinwiddie, Virginia's basic financial statements, and have issued our report thereon dated November 27, 2023. Our report includes a reference to other auditors who audited the financial statements of Dinwiddie Water Authority and Airport and Industrial Authority, as described in our report on the County of Dinwiddie, Virginia's financial statements. This report does not include the results of the other auditors' testing or internal controls over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered County of Dinwiddie, Virginia's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of County of Dinwiddie, Virginia's internal control. Accordingly, we do not express an opinion on the effectiveness of County of Dinwiddie, Virginia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether County of Dinwiddie, Virginia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Robinson, Farnum, Cox Associates

Richmond, Virginia
November 27, 2023

**Independent Auditors' Report on Compliance for Each Major Program and on
Internal Control over Compliance Required by the Uniform Guidance**

**To the Honorable Members of the Board of Supervisors
County of Dinwiddie
Dinwiddie, Virginia**

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited County of Dinwiddie, Virginia's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of County of Dinwiddie, Virginia's major federal programs for the year ended June 30, 2023. County of Dinwiddie, Virginia's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, County of Dinwiddie, Virginia complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of County of Dinwiddie, Virginia and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of County of Dinwiddie, Virginia compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to County of Dinwiddie, Virginia's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on County of Dinwiddie, Virginia's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about County of Dinwiddie, Virginia's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding County of Dinwiddie, Virginia's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of County of Dinwiddie, Virginia's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of County of Dinwiddie, Virginia's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Report on Internal Control over Compliance (Continued)

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

COUNTY OF DINWIDDIE, VIRGINIA

Notes to Schedule of Expenditures of Federal Awards
For the Year Ended June 30, 2023

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the County of Dinwiddie, Virginia under programs of the federal government for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County of Dinwiddie, Virginia, it is not intended to be and does not present the financial position, changes in net position, or cash flows of the County of Dinwiddie, Virginia.

Note 2 - Summary of Significant Accounting Policies

(1) Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(2) Pass-through entity identifying numbers are presented where available.

Note 3 - Food Donation

The value of federal awards expended in the form of noncash assistance for food commodities is reported in the schedule.

Note 4 - Relationship to Financial Statements

Federal expenditures, revenues and capital contributions are reported in the County's basic financial statements as follows:

Intergovernmental federal revenues per the basic financial statements:

Primary government:

General Fund	\$	1,936,497
Less: Payment in lieu of taxes		(1,722)
Special Revenue Fund		3,631,675
Total primary government	\$	<u>5,566,450</u>

Component Unit - School Board:

Operating Fund	\$	2,894,108
Special Revenue Fund		5,950,313
Total component unit school board	\$	<u>8,844,421</u>

Total federal expenditures per basic financial statements	\$	<u>14,410,871</u>
---	----	-------------------

Total federal expenditures per the Schedule of Expenditures of Federal Awards	\$	<u><u>14,410,871</u></u>
---	----	--------------------------

Note 5 - Subrecipients

Expenditures to subrecipients are presented on the Schedule of Expenditures of Federal Awards.

Note 6 - De Minimis Cost Rate

The County did not elect to use the 10-percent de minimis indirect cost rate allowed under Uniform Guidance.

Note 7 - Loan Balances

The County has no loans or loan guarantees which are subject to reporting requirements for the current year.
