An examination involves performing procedures to obtain evidence about management's assertion. The nature, timing, and extent of the procedures selected depend on judgment, including an assessment of the risks of material misstatement of management's assertion, whether due to fraud or error. We are providing this assertion in connection with the census data submitted to the actuary of the Virginia Retirement System for pensions. The census data provided by the Virginia Retirement System to the plans' actuary, Gabriel, Roeder, Smith & Company, used to prepare the actuarial valuations as of June 30, 2023 is complete and accurate based on the accumulation of census data reported by participating employers for the period from July 1, 2022 to June 30, 2023. The liabilities associated with the June 30, 2023 census data were rolled forward to June 30, 2024, in accordance with Government Accounting Standards Board Statement No. 68 (GASB 68), and were used in the GASB 68 Accounting Valuation reports as of June 30, 2024. The relevant census data elements, as established by the Virginia Retirement System to administer the pension plans set forth in Title 51.1, Chapters 1, 2, 2.1, 3, and 4 of the *Code of Virginia* (1950), as amended, include the following:
