

# ANNUAL COMPREHENSIVE FINANCIAL REPORT

Local Roots, Global Reach

## ISLE OF WIGHT COUNTY, VIRGINIA

FISCAL YEAR ENDING

JUNE 30, 2023

## **Acknowledgments**

The preparation of this report has been accomplished by the efficient and dedicated services of the staff of the Department of Finance, the Treasurer's Office and various departments.

The following Finance Department employees were instrumental in the preparation of this report:

### **Isle of Wight County**

#### **FINANCE DEPARTMENT**

Teresa Morgan, Comptroller  
Nancy Mayo, Senior Accountant  
Donna Proffitt, Senior Accountant  
Kay McKee, Payroll Coordinator  
Marina Hitchings, Financial Analyst  
Stephanie Hancock, Accounts Payable Technician  
Erin Wishall, Purchasing Agent

#### **TREASURER'S OFFICE**

Dahlis Atkins, Interim Treasurer

### **Isle of Wight County Schools**

#### **CENTRAL OFFICE**

Larisa Harris, Chief Financial Officer  
Sandra Carr, Senior Accounting and Payroll Technician  
Dana Carr, Payroll Technician  
Lacey Winner, Accounts Payable Technician

It is also appropriate to thank Randy Keaton, County Administrator, Donald Robertson, Assistant County Administrator, Dr. Theo Cramer, Isle of Wight County Schools Superintendent, County and School Department Heads, Constitutional Officers, our many dedicated employees of the County and the School System, and the Board of Supervisors and School Board for making possible the excellent financial position of the County through their interest and support in planning and conducting the business and financial affairs of the County and our School System.

Stephanie M. Wells  
Chief Financial Officer

January 2, 2024

Members of the Board of Supervisors and Citizens of the County of Isle of Wight, Virginia:

We are pleased to submit the Annual Comprehensive Financial Report (ACFR) of the County of Isle of Wight, Virginia for the fiscal year ended June 30, 2023. This report is intended to provide informative and relevant financial data for the residents of the County, Board of Supervisors, investors, creditors, and any other interested readers.

Responsibility for the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the County's management. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the County. To provide a reasonable basis for making these representations, management of the County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with U. S. generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. Further, as management we assert that all disclosures necessary to enable the reader to gain an understanding of the County's financial activities have been included in this financial report.

Robinson, Farmer, Cox Associates, a certified public accounting firm, audited the County's basic financial statements. The goal of the independent audit was to provide reasonable assurance that the basic financial statements of the County for the fiscal year ended June 30, 2023, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements and assessing the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the County's basic financial statements for the fiscal year ended June 30, 2023, are fairly presented in conformity with GAAP with noted emphasis in the independent auditors report as presented in the first component of the financial section of this report. The independent audit of the financial statements of the County is part of a broader, federal, and state mandated "Single Audit" designed to meet the special needs of federal and state grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the government's internal controls and

compliance with legal requirements, with additional emphasis on the administration of federal and state awards.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

## **Profile of the Government**

Isle of Wight County was formally established in 1634, although prior to 1637, the County was known as Warrosquyoacke. It is one of the oldest county governments in the United States of America and one of the original eight (8) shires by an order of King Charles I. Nestled on the shores of the James River in southeastern Virginia, Isle of Wight's residents enjoy its rural nature spread over 320 square miles coupled with the quaint atmosphere of two (2) incorporated Towns – Smithfield and Windsor.

Isle of Wight County has a rich history that pre-dates its formal establishment in 1634. The County provided fertile farmland and hunting opportunities for its Native American inhabitants prior to the first English settlement in 1619. It still provides an excellent quality of life for over 40,000 residents while balancing its rural history with a future focused on quality commercial and residential growth.

The County has a Council-Manager form of government. The five members of the Board of Supervisors (Council) are elected from districts and serve staggered four-year terms. The Board of Supervisors is the policy-making and legislative authority for the County. They are also responsible for adopting an annual budget and appointing a County Administrator (Manager). The Administrator is responsible for implementing policies, managing daily operations, and appointing County employees. The County provides a wide array of services to citizens. Major programs include Public Safety, Health and Welfare, Parks and Recreation, and Community Development. The financial reporting for the County covers all these major areas, as well as the County Public Schools.

The **Public Safety** programs of the County feature five fire stations and two rescue squads staffed by career fire-medics and well-trained volunteers with state-of-the-art equipment and well-maintained facilities. Four of the five fire stations provide first response services for both fire and EMS calls.

The **Health and Welfare** services program for the County was vastly improved by acquiring a facility formerly utilized as a family medical practice to serve as the location for the Isle of Wight County Health Department. The property was offered to the County at half of its appraised value and after extensive renovations were completed, it serves the community well by allowing the Health Department to significantly expand its public health services. Other Health & Welfare services are provided by our Department of Social Services as well as various community partnerships that are provided funding annually such as Western Tidewater Community Services Board and Western Tidewater Free Clinic.

**Parks and Recreation** programs are essential to the quality of life of County residents. The Isle of Wight County Fair has become one of the community's signature events. Held at Heritage Park, it provides great family entertainment and highlights the County's rural roots, attracting over 38,000 visitors annually from all over the Commonwealth of Virginia.

The County is also home to Windsor Castle Park located in the heart of downtown Smithfield. It is a 210-acre riverside park that features a woodland trail system, picnic and play areas, a dog park, kayak and canoe launch, scenic overlook, and the Windsor Castle Historic Site. Windsor Castle Farm was originally part of a 1,450-acre parcel patented in 1637 by Arthur Smith and is situated on a knoll overlooking the Pagan River. The site preserves the rich historic heritage of the Castle, as well as providing a passive public park on the estate grounds.

The Parks and Recreation department also provides a multitude of program for citizens of all ages through the year. The Senior Program, the youth athletics and the community recreation programs allow for various sources of activities for community participation. Planning for maintenance and expansion of parks, playgrounds and trails throughout the community is developed annually through the Capital Improvement Plan.

**Community Development** continues to be an extremely important focus of the Board of Supervisors in that it provides an opportunity for the County to preserve its natural beauty while simultaneously promoting smart growth. The Community Development Department and the Economic Development Department both contribute efforts to promote county-wide economic development and residential development planning and growth. The County's Comprehensive Future Land Use Plan is designed to encourage manageable residential and commercial growth in specific areas of the County while preserving farmland and forestry to maintain the County's rural character and natural beauty.

As part of its community-wide vision, the County has designated three strategic growth areas called Development Service Districts, or DSDs. The three DSDs are located around and close to the existing population centers of Carrollton, Windsor, and Camptown. The benefits of these strategic growth areas include:

- Existing and planned public water and sewer facilities.
- Ready access to the region's transportation network, including Routes 17, 258, 460, and 58 as well as two rail lines, which provide direct connections to the Virginia Ports.
- Proximity to the nearby population centers of Suffolk, Franklin, Newport News, and Hampton as well as the rest of the Hampton Roads region; and
- Planned, future growth opportunities including a mix of residential, commercial, and industrial land uses.

Even with its historic, low-density land use pattern, the County has maintained a healthy population growth rate for nearly thirty years. Since the 1990 US Census, the County has grown an average of approximately 1.8% per year, which is higher than the State's average growth rate of 1.3% over the same time period. The Weldon Cooper Center projects 45,105 persons by 2040, representing a 17% increase over 2020 for an approximate average annual growth rate of 0.84% over the twenty year period. This average growth rate is slowing, but is still anticipated to be higher than the projected average annual growth rate for the State for the same time period. This slowing of average growth rate is attributed to the wider trend of a slowdown of birthrates and the general aging of the population as well as the general economic turndown that began in 2008. While the economy had been in an expansion phase for several years, the Coronavirus pandemic caused many communities to have a decline in permitting. The County has not seen the same level of reduction in permits, especially residential.

The County's **Public Schools** are operated by a legally distinct governing body and the County provides a significant portion of the funding for a school system recognized for excellence.

Isle of Wight County Schools implement research-based instructional strategies to provide rigorous and engaging learning experiences that ensure student success. The division educates 5,641 students in grades PreK-12 at nine schools: five elementary schools, two middle schools, and two high schools.

All nine schools remain fully accredited by the Virginia Department of Education. Isle of Wight County Schools earned an on-time graduation rate of 93.9 percent for the Class of 2023, according to data released by the Virginia Department of Education. 52 percent of the graduates earned an advanced studies diploma. The Isle of Wight County Schools' on-time graduation rate continues to exceed the state average.

## **Economic Overview**

Isle of Wight County remains a community of choice for homeowners and businesses alike because of its rural aesthetics, affordable tax rates and convenient commuting times to the region's employment centers. As we continue to recover from the Coronavirus pandemic and its continued interruptions to business, the County experienced increases in certain types of tax revenues in FY 2023. Sales tax revenue increased again by 6% from FY 2022. In addition, the County realized an 11% increase in business license revenue. Personal Property tax revenue increased by 14% due to the large increase in the values of vehicles even after the Board of Supervisors lowered the tax rate on personal property. Lodging taxes and Meals taxes continue to rebound with increases of 11% and 18% respectively.

Even during uncertain economic conditions, maintaining and improving the quality of life for residential and commercial residents requires a continued commitment to long-term strategies for economic development.

In the Windsor Development Service District, County leadership continues to make significant investments in Shirley T. Holland Intermodal Park, which is paying off by attracting interest from significantly more developer entities and potential end users than in previous years. In FY23, the Economic Development Authority (EDA) entered into purchase agreements with three development companies on three tracts of available EDA-owned land within the Intermodal Park for distribution and logistics facilities.

Located within Phase III of Shirley T. Holland Intermodal Park, Port 258 Logistics Center is a planned 120,000 square-foot cross dock distribution facility available for lease. The developer will break ground in December 2023 and deliver the building in Spring/Summer 2025.

Located within Phase II of Shirley T. Holland Intermodal Park, 460 Commerce Center is a planned, Class A 352,000 square-foot industrial building suitable for light manufacturing or warehousing and distribution uses. The developer will break ground in early 2024 and the building will be available for lease. Plans are underway to extend William A. Gwaltney Way, the park's access road, which will provide a second entrance for the new building.

Located on U.S. Route 460, Tidewater Logistics Center is a planned Class A speculative industrial development with up to 1.2 million square feet in five buildings suitable for light manufacturing and warehousing and distribution uses. It will be constructed in two phases beginning in 2024. The buildings will be available for lease.

The Intermodal Park is strategically located for Port of Virginia-related businesses and offers some of the largest developable, locality-controlled tracts in the region. Easy and quick access to the Port is possible via U.S. Route 460, U.S. Route 58 or by rail on the adjacent Norfolk Southern Heartland Corridor. The Intermodal Park is already home to three nationally recognized companies that use Port facilities: Keurig Dr Pepper, Safco Products Company and World Market's Virginia Distribution Center. Together these facilities employ over 750 people.

The Intermodal Park is located within Foreign Trade Zone #20, which offers federal incentives. In 2020, its designation within a Virginia Enterprise Zone was reaffirmed by the Commonwealth, so it continues for another five years to offer eligibility for state and local incentive programs for firms that locate or expand there. In FY23, the Economic Development Department, working with the Commonwealth, completed a major expansion of the Enterprise Zone to add new acreage along the U.S. 460 and U.S. 58 (Business) corridors. Along with the Enterprise Zone incentives, businesses may also qualify for Port of Virginia grant programs.

Industrial companies surrounding the International Paper Franklin Mill continue to be major economic drivers in the Camptown Development Service District.

International Paper's Global Cellulose Fibers mill exports nearly 100 percent of the fluff pulp produced. It is shipped to global customers who make super-absorbent products such as baby diapers, adult incontinence and feminine hygiene products and wipes. The company provides more than 330 jobs and continues to add jobs to help meet increasing demand.

In 2021, Franklin Lumber, a sawmill reopened in 2013 by former International Paper employees, invested over \$12 million to expand its facility and install a new log processing machine. The new line began operating in Summer 2022 and achieves major production efficiencies over the legacy International Paper processing machinery formerly used by Franklin Lumber.

In late 2019, M&M Milling, a toll processor specializing in grinding, blending, and sizing of agricultural materials, established its first East Coast location in Isle of Wight County. The company purchased and renovated a dormant industrial facility that ceased operations over a decade ago near the City of Franklin. The new operation represents more than \$2.35 million in capital investment, will employ at least 15 people when fully operational and will purchase hundreds of thousands of bushels of shelled corn from local farmers each year as part of its production processes. Future plans include adding new customers and product lines.

Reflecting its capability to host larger aircraft with its 5,000-foot runway, the County's municipal airport was renamed the Franklin Regional Airport in 2019. The City of Franklin owns the airport and the adjacent 60-acre industrial park, which is jointly marketed with Isle of Wight County. Both the airport and the industrial park were added to the Virginia Enterprise Zone with the 2022 expansion.

The Newport Development Service District is the fastest growing area of Isle of Wight County. Approximately 1,875 housing units are approved or under construction in the Brewers Neck and Carrollton Boulevard corridors. In FY23, Bartlett's Station, a planned commercial development along Route 17/Carrollton Boulevard, began construction on several outparcels, including Royal Farms, Rio Car Wash and Langley Federal Credit Union. A medical office and climate-controlled storage facility are also approved. The new retail center will be anchored by a Publix grocery store, which is projected to open in late 2024.

Since 2016, the County has approved conditional use permits for eight solar facilities with approximately 2,619 acres in panels, or roughly 3.25% of the County's agriculturally zoned land. There are five additional solar farms proposed and currently under review. To date, only one solar farm, Woodland Solar, is operational.

Permits for new single-family houses, to include both detached and attached, totaled 246 in FY 2023 compared to 328 in FY 2022, representing a 33% decrease. There have been no new rental multifamily dwelling units permitted in FY 2023. This number excludes any owner-occupied condominium units which are defined as a multifamily use in the Zoning Ordinance. The value of new single-family construction decreased from \$74.1 million in FY 2022 to \$45.8 million in FY 2023, a 62% decrease. New commercial construction value, however, increased from \$4.9 million in FY 2022 to \$5.1 million in FY 2023, or a 4% increase. Altogether, the total construction value of all building permits, including renovations to existing structures and new structures, increased from \$171.8 million in FY 2022 to \$188.5 million in FY 2023, representing a 9.7% increase. Construction continued on the Bartlett Station mixed use community which includes up to 230 condominiums and seven commercial parcels. Brewers Station will include 162 apartments in the first phase of its development with a commercial site. Construction also began on the South Harbor mixed use community which will include 340 age restricted single family homes and a 3.5 acre commercial site adjacent to the existing Eagle Harbor planned development. The Bennis Grant Apartments broke ground for 240 rental multifamily units. Beginning in FY 2024, construction began on several new commercial projects, including the new Riverside Hospital.

## **Financial Guidelines**

The County prepares an annual Operating Budget that balances revenues and expenditures within available resources to ensure the sustainability of day-to-day operations and essential services for its citizenry.

The County also prepares a Capital Improvement Plan (CIP) annually. The CIP serves as a planning tool for the efficient, effective, and equitable distribution of public improvements throughout the County. The plan represents a balance between finite resources and an increasing number of competing priorities. The County develops a five-year CIP each year inclusive of the capital needs of the Public Schools. The Board of Supervisors approves the first year of the plan as the Capital Budget after legal advertising and public hearing requirements have been met. The CIP also anticipates significant projects that are envisioned beyond the initial five-year period and identifies projects up to ten years out to allow for appropriate long-term planning and financial projections.

The Capital Improvement Program Committee plans for and recommends funding for the County's capital needs in advance of the annual budget preparation through review and submission of the CIP. The CIP represents a fiscally responsible approach in its level of reliance on long-term financing for general County improvement projects. The CIP will utilize debt financing as a funding source only after it has been determined that the County can afford to service this debt and the associated operating expenses in subsequent years.

The **Debt Guidelines** adopted to meet the fiscal challenges of financing capital projects identified in the Capital Budget are as follows:

- The County's tax-supported debt service will not exceed 12 percent of general governmental expenditures. Tax-supported debt service shall include any debt service on general obligation bonds which are not self-supporting from a user fee revenue stream (i.e. water and sewer fee). A self-supporting revenue stream is defined as a revenue stream that provides coverage of all debt service obligations without general fund support. Any long-term financing lease obligations which may be subject to annual appropriation by the County will also be included in calculations of tax-supported debt service.
- The County's tax-supported debt will not exceed 4 percent of the assessed value of taxable real and personal property in the County.

### **Major Initiatives and Accomplishments**

The Board of Supervisors approved the construction of a water line extension from the Town of Smithfield and a booster pump station to serve the new Hardy Elementary School for a total cost of \$6.5 million. The water line will also serve three neighborhoods in the immediate vicinity of the school. The new water line from the Town of Smithfield will replace the existing wells in the area.

The Isle of Wight Sheriff's Department received a grant in the amount of \$267,743 to fund the addition of Four School Resource Officers for the remainder of the 2023 fiscal year. The County also appropriated \$900,000 to the School System for the addition of security upgrades to the County Schools and \$220,000 to fund vehicles and equipment for the School Resource Officers.

The Wrenn's Mill Refuse and Recycling Center underwent a major rebuild to correct flooding, traffic flow, accessibility, and safety for the site attendants and the County's citizens. The project totaled \$900,000 and was a joint effort between a private contractor, and the County's Public Works and Information Technology departments. The new center has been seen as a model by our citizens and other localities who have visited the site.

The County's Fire Rescue Department was successful in obtaining a Department of Homeland Security Assistance to Firefighters Grant in the amount of \$959,000 to replace the Self-Contained Breathing Apparatus equipment for our Five Volunteer Fire Departments. This was the second largest grant in Virginia for 2022.

### **Awards**

In recognition of its Annual Comprehensive Financial Report (ACFR) for the year ending June 30, 2022, a Certificate of Achievement for Excellence in Financial Reporting was awarded to Isle of Wight County by the Government Finance Officers Association of the United States and Canada (GFOA). The Certificate of Achievement is the highest form of recognition in governmental accounting and reporting, and its attainment represents a significant accomplishment by a government and its management.

The County also received the GFOA's Distinguished Budget Presentation Award for its budget for the Fiscal Year Beginning July 1, 2022.

## Acknowledgement

We would like to express our appreciation to the County staff who contributed to the timely preparation of this report. We would also like to thank the members of the Board of Supervisors for their interest and support in planning and conducting the financial operations of the County in a responsible and professional manner.

Respectfully submitted,

Randy R. Keaton  
County Administrator

Stephanie M. Wells

**Independent Auditors' Report**

---

**To the Honorable Members of the Board of Supervisors  
County of Isle of Wight  
Isle of Wight, Virginia**

**Report on the Audit of the Financial Statements**

***Opinions***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Isle of Wight, Virginia, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, the business type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Isle of Wight, Virginia, as of and for the year ended June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of County of Isle of Wight, Virginia, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Change in Accounting Principles***

As described in Note 1 to the financial statements, in 2022, the County adopted new accounting guidance, GASB Statement Nos. 96, Subscription-Based Information Technology Arrangements (SBITAs). Our opinions are not modified with respect to this matter.

## ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about County of Isle of Wight, Virginia's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the *Specifications for Audits of Counties, Cities, and Towns* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the *Specifications for Audits of Counties, Cities, and Towns*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of County of Isle of Wight, Virginia's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about County of Isle of Wight, Virginia's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and schedules related to pension and OPEB funding as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise County of Isle of Wight, Virginia's basic financial statements. The accompanying other supplementary information and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 2, 2024, on our consideration of County of Isle of Wight, Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of County of Isle of Wight, Virginia's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering County of Isle of Wight, Virginia's internal control over financial reporting and compliance.

Richmond, Virginia  
January 2, 2024

## *Management's Discussion & Analysis*

*This page intentionally left blank*

## Introduction

This section of the County of Isle of Wight, Virginia's (County) annual financial report presents our discussion and analysis of the County's financial performance for the fiscal year ended June 30, 2023. Please read it in conjunction with the County's financial statements, which follow this section.

## FINANCIAL HIGHLIGHTS

- The net position of the County, excluding the component units, as of June 30, 2023 was \$34.9 million, a 28.9% increase from the previous fiscal year mostly attributable to a decrease in liabilities and deferred inflow of resources. The decrease in liabilities is related to payment of long-term debt and the decrease in deferred inflow of resources is from recognition of pension inflows. Of the total net position, \$1.4 million is restricted for capital projects, while \$53.8 million is unrestricted.
- The County's net position for the governmental activities was \$25.3 million, a (29.4)% increase from FY 2022 largely due to a decrease in liabilities and deferred inflow of resources. Net investment in capital assets resulted in a deficit of \$15.8 million, while net position restricted is \$2.0 million and \$39.1 million remains unrestricted.
- The net position of business activities was \$9.6 million resulting from a deficit in net investment in capital assets of \$5.2 million offset by restricted and unrestricted net position of \$14.8 million. This is (175.9)% better than the previous year due to capital contributions for infrastructure land improvements from the General Fund. Business activities has no restricted net position restricted and \$14.8 million unrestricted. Transfers of private infrastructure assets that have been capitalized by the County provided a \$7.65 million reduction in Net Investment in Capital Assets from prior year to the FY 2023 balance of (\$5,216,521).
- The County's General Fund reported a net decrease in fund balance of \$(4.0) million largely attributable to an \$8 million court ordered refund of Machinery & Tools taxes and related interest to the County's largest taxpayer. Of the \$30.8 million FY 2023 General Fund total fund balance, \$26.9 million is unassigned while the remainder is nonspendable, restricted or committed.
- The County's long-term debt at June 30, 2023 was \$178.6 million, an decrease of (5.0)%.
- The County's tax rate on real estate did not increase from the prior year rate of \$0.85 per \$100 of assessed value.

## OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts - *Management's Discussion and Analysis* (this section), the *basic financial statements*, and *required and other supplementary information*. The basic financial statements include two statements presenting different views of the County:

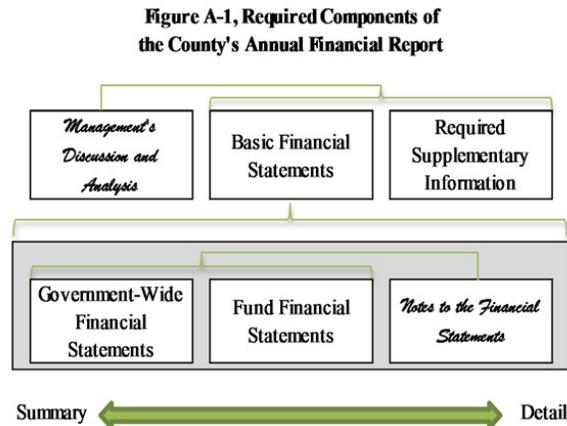

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the County's overall financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the government, reporting the County's operations in more detail than the government-wide statements.
- *The governmental funds* statement tells how *general government* services were financed in the *short-term* as well as what remains for future spending.
- *Proprietary fund* statements offer *short-* and *long-term* financial information about the activities the government operates *like businesses*, such as public utilities.
- *Fiduciary fund* statements provide information about the financial relationships in which the County acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong, such as Special Welfare.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required and other supplementary information* that further explains and supports the information in the financial statements.

Management’s Discussion & Analysis

Components of Financial Report

Figure A-1 shows how the required parts of this annual report are arranged and related to one another.

Statements

Figure A-2 summarizes the major features of the County’s financial statements, including the portion of the County government they cover and the types of information they contain. The remainder of this overview section of management’s discussion and analysis explains the structure and contents of each of the statements.

	Type of Statements			
	Government-wide	Governmental Funds	Proprietary Funds	Fiduciary Funds
<b>Scope</b>	Entire County’s government (except fiduciary funds) and the County’s component units	The activities of the County that are not proprietary or fiduciary	Activities the County operates similar to private businesses: public utilities	Instances in which the County is the trustee or agent for someone else’s resources: Special Welfare
<b>Required financial statements</b>	Statement of net position Statement of activities	Balance sheet Statement of revenues, expenditures & changes in fund balances	Statement of net position Statement of revenues, expenses and changes in fund net position Statement of cash flows	Statement of fiduciary net position
<b>Accounting basis and measurement focus</b>	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus.	Accrual accounting and economic resources focus
<b>Type of asset/liability information</b>	All assets and liabilities, both financial and capital, short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long-term; the County’s funds do not currently contain capital assets, although they can
<b>Type of inflow/outflow information</b>	All revenues and expenses during the year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during the year, regardless of when cash is received or paid	All revenues and expenses during the year, regardless of when cash is received or paid

Management's Discussion & Analysis

---

**Government-wide Statements**

The *government-wide financial statements* report information about the County using accounting methods similar to those used by private-sector companies. These statements provide both long-term and short-term information about the County's overall financial status. Government-wide financial reporting consists of two statements: the Statement of Net Position and the Statement of Activities. These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the accrual basis of accounting, which is similar to reporting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The two government-wide statements report the County's net position and how they have changed. Net position, the difference between the County's assets, deferred outflows of resources, liabilities, and deferred inflows of resources is one way to measure the County's financial health or position.

- Over time, increases or decreases in the County's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the County, one needs to consider additional non-financial factors such as changes in the County's tax base.

The government-wide statements of the County include the following:

- **Governmental activities** - Most of the County's basic services are reported here including general government, judicial administration, public safety, public works, education, health and welfare, parks and recreation and economic and community development. Property taxes, other local taxes, and state and federal grants finance most of these activities.
- **Business-type activities** - The County's water, sewer and stormwater services are reported as business-type activities. These services are mostly supported by charges for services based on use.
- **Component Units** - The County includes two separate legal entities in its report - the Isle of Wight County School Board and the Economic Development Authority of the County of Isle of Wight. While legally separate, the County is financially accountable and provides operating and capital funding to these component units.

**Fund Financial Statements**

The fund financial statements provide additional information about the County's most significant funds. These statements focus on the individual parts of the County government and groupings of related accounts that are used to maintain control over resources that have been segregated for specific purposes. Governments use fund accounting to ensure and demonstrate finance-related legal compliance. The fund financial statements are divided into three categories: governmental funds, proprietary funds and fiduciary funds. These financial statements are supplemented by accompanying Notes to the Financial Statements and Required Supplemental Information.

**Governmental funds** - Most of the County's basic services are included in governmental funds, which focus on (1) *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's services. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information on the subsequent page, which explains the relationship (or differences) between them.

County of Isle of Wight, Virginia

Management’s Discussion & Analysis

**Proprietary Funds** - Services for which the County charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long and short-term financial information. The County's enterprise fund (one type of proprietary fund) is used to report the same functions presented as business-type activities in the government-wide financial statements, but the fund financial statements provide more detail and additional information, such as cash flows. The County’s public utilities enterprise fund accounts for the operation of its water and sewer systems while the stormwater enterprise fund accounts for the operation of its stormwater system.

**Fiduciary Funds** - The fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County’s services. The accounting used for fiduciary funds is similar to that of the proprietary funds. The County maintained Special Welfare Fund in fiscal year 2021.

**FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE**

**NET POSITION**

Table A-1 summarizes the Statement of Net Position at June 30, 2023 and 2022.

**Table A-1**

\*Restated FY2022 blance (Note 19-Part A for detail)

As described earlier, net position may serve over time as a useful indicator of a government’s financial position. At the close of the fiscal year, the County’s assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$34.9 million, a (11.2)% increase from the previous year. While governmental assets decreased and business activities assets increased, total assets remained neutral when compared to June 30, 2022.

The largest portion of the County’s net position at June 30, 2023 is unrestricted net position which increased from the prior year by (344.1) %. The restricted net position of the County in FY 2023 was \$2.0 million, which represents 5.7% of total net position.

County of Isle of Wight, Virginia

Management's Discussion & Analysis

Changes in Net Position (Statement of Activities)

**Governmental Activities**

Of the total net position of the County, \$25.3 million can be attributed to governmental activities. This is a \$(10.5) million or (29.4)% increase from the prior year. The \$(28.4) million decrease in Current and Other Assets resulted from the \$(25.8) million of bond proceeds that were used to fund various capital improvement projects, but primarily the Hardy Elementary School. In addition, there was a reduction in the County's investments of approximately \$4.7 million. The total long-term liabilities decreased by \$(5.3) million for the fiscal year predominantly due to the \$(7.7) million decrease in net general obligation bonds payable due to the paydown of outstanding debt.

**Business-Type Activities**

The Public Utilities and Stormwater Funds had a positive net position of \$9.6 million, which is \$6.1 million better than the prior year. The net position includes \$14.8 million which is unrestricted. A deficit of \$5.2 million in net investment in capital assets is attributable to existing debt obligations and depreciation of assets. Total liabilities remained relatively neutral compared to June 30, 2022.

The following summarizes the County's changes in net position for the years ended June 30, 2023 and 2022:

Table A-2

Management's Discussion & Analysis

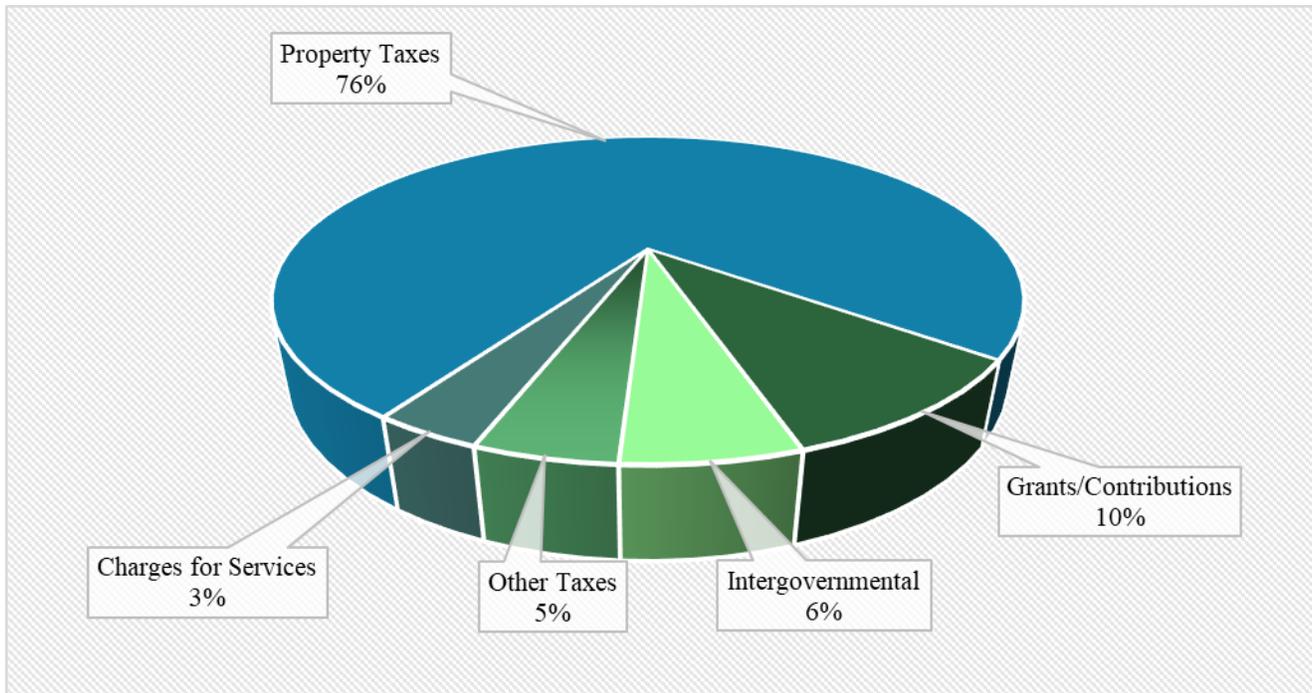

**REVENUES**

The total revenue of the County was \$107.4 million in the year ended June 30, 2023, which is \$(2.5) million less than the prior year while the total expenses of all programs and services was \$97.3 million which is \$(6.3) million less than FY 2022. A more detailed explanation of the changes in both governmental and business-type activities is given below.

**Governmental Activities**

The County's total revenues for governmental activities were \$93.5 million, of which a significant portion, 75.6% comes from local taxes. Expenses of all governmental programs and services were \$86.1 million. Charges for services for FY 2023 were \$4.0 million, a decrease from the prior year. Revenues from operating grants increased by \$(2.3) million from the prior year. Capital grants and contributions decreased significantly in FY 2023 by \$(8.1) million. Tax revenues for the governmental funds also decreased \$(3.8) million from the prior year largely due to the refund of machinery and tool tax revenue.

Figure A-3 Government-wide Revenues

**Business-Type Activities**

Total revenues increased from the prior year by 50.6 %. Overall, the Public Utilities Fund Net Position improved when compared to prior year at a \$6.7 million increase. County management continues to seek ways to diversify and expand the Public Utilities revenue sources. The Utility System customer base is not large enough to allow the Public Utility activity to be self-sufficient. The Stormwater function has sufficient revenue sources to support its function.

Management’s Discussion & Analysis

**EXPENSES**

The total cost of County activities this year was \$97.3 million. A breakdown of expenses by both governmental and business-type activities is presented below.

**Governmental Activities**

Education continues to be one of the County’s highest priorities and commitments representing 32.0% of total costs and 33.5% of General Fund expenditures. The cost of all *governmental* activities this year was \$86.1 million, a (7.3)% increase from the previous year. While increases occurred in several functional areas, the most significant increase was in Education. This increase was largely due to the construction of a new elementary school.

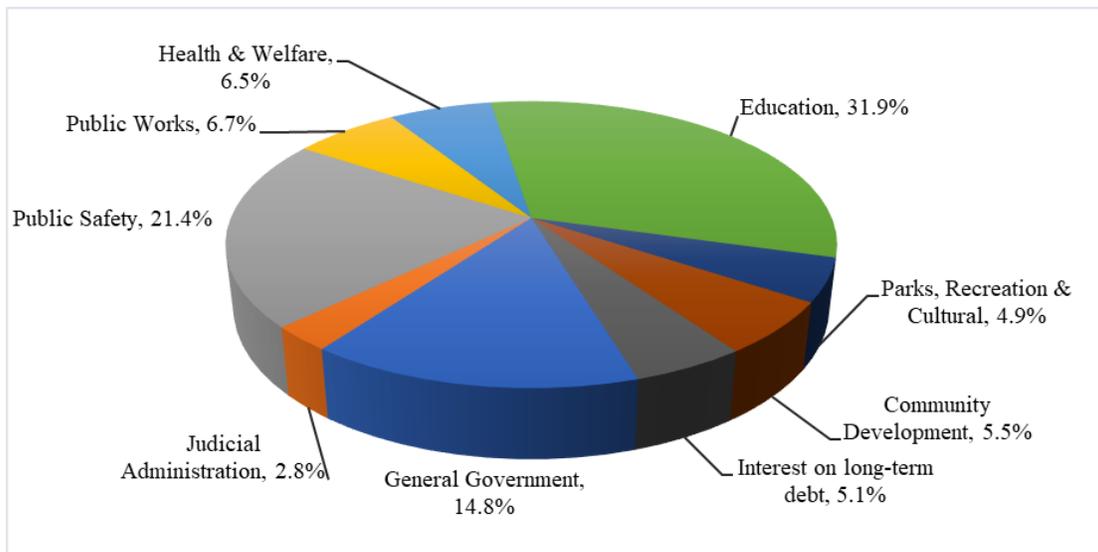

Table A-3a presents the cost of each of the County’s governmental functions as well as each function’s net cost (total cost less fees generated by the activities and intergovernmental aid).

Table A-3a

	Total Cost of Services			Net Cost of Services		
	2023	2022	% Change	2023	2022	% Change
Governmental Activities:						
General government administration	\$ 12,739,010	\$ 6,812,766	87.0%	\$ 9,612,998	\$ (4,461,760)	315.5%

Total expenses	<u>\$ 86,121,818</u>	<u>\$ 92,906,416</u>	<u>-7.3%</u>	<u>\$ 73,014,622</u>	<u>\$ 73,870,232</u>	<u>-1.2%</u>

Figure A-4 presents each of the County’s governmental functions as a percentage of total cost.

Figure A-4 Cost of Services by Function

Management’s Discussion & Analysis

**Governmental Activities (continued)**

Expenses for governmental activities have increased 22.1% over the last five fiscal years which is relative to the rate of inflation for the same period. In Fiscal Year 2023 there was a significant increase in expenditures over Fiscal Year 2022 due to capital expenditures in Education for the elementary school currently under construction. Figure A-5 presents the County’s governmental activities expenses year over year for the current and last four fiscal years.

**Figure A-5 Total Governmental Expenses**

**Business-type Activities**

Expenses for business-type activities had a 4.98 % increase over FY 2022.

Table A-3b presents the cost of each of the County’s business-type functions as well as each function’s net cost (total cost less fees generated by the activities). A positive number indicates insufficient revenue to cover cost of providing services.

**Table A-3b**

	Total Cost of Services			Net Cost of Services		
	2023	2022	% Change	2023	2022	% Change
Business-type Activities:						
Public Utilities	\$ 9,777,597	\$ 9,456,664	3.4%	\$ (2,605,127)	\$ 1,756,644	-248.3%
Stormwater	1,396,019	1,187,198	17.6%	(62,975)	(294,555)	-78.6%
<b>Total expense</b>	<b>\$ 11,173,616</b>	<b>\$ 10,643,862</b>	<b>5.0%</b>	<b>\$ (2,668,102)</b>	<b>\$ 1,462,089</b>	<b>-282.5%</b>

The net cost of services for the Public Utilities Fund was 248.3% less than the previous year. The Stormwater Fund had a net cost of services of \$(0.06) million.

In FY 2023, the General Fund combined with the Debt Fund transferred \$4.2 million to support the operations of the Public Utilities fund. Financial support provided by the General Fund has been the practice in prior fiscal years but had started trending down during the last few fiscal years. The increase in the amount transferred was primarily due to fund the Hardy Elementary Water Line and Water Tank projects. The transfer this fiscal year is approximately (61.8)% less than was transferred in the previous fiscal year. The operation of Public Utilities is expected to continue to grow and it is the intent of the County to establish a repayment schedule to the Governmental Funds for previous operating transfers.

## FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

The County uses fund accounting to maintain control over resources that have been segregated for specific purposes and to ensure and demonstrate compliance with finance-related legal requirements.

### Governmental funds

The primary purpose of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. This information assists in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. At the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$59.8 million, of which \$26.9 million or 44.9% is unassigned.

**General Fund.** The General Fund is the chief operating fund of the County. At the end of the current fiscal year, the unassigned fund balance was \$26.9 million or (9.1)% higher than FY 2022. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total current expenditures. At June 30, 2023, the unassigned fund balance represented approximately 32.9% of the total General Fund expenditures. For June 30, 2023, the general fund had a total fund balance of \$30.8 million, or (11.5)% lower than the previous year. The committed fund balance was higher than FY 2022 at \$3.0 million. Of this amount, \$2.2 million is committed for the Purchase Agricultural Conservation Easement Program (PACE), and \$0.8 million is earmarked for commitments for the Economic Development Incentive Program. The assigned fund balance is \$0.3 million while the remaining fund balance component is in the nonspendable category (\$0.4 million).

**Capital projects fund.** The capital projects fund accounts for all construction projects of general public improvements, excluding capital projects related to business-type activities, which are accounted for in their respective fund. At the end of the current fiscal year, the fund balance was \$24.5 million, a decrease of \$(23.0) million or 48.3% less than FY 2022. The restricted fund balance was \$17.6 million which is restricted for School and County capital projects.

**Non-Major Governmental Funds.** The County accounts for other programs and services in different funds. These funds include the Department of Social Services, Children's Services Fund, E-911 Funds, Community Development Block Grant Funds, the County Fair, the Grants Fund and the Heritage Park Concert Fund. At June 30, 2023, the combined fund balances were \$0.8 million.

### Proprietary funds

The County's proprietary funds consist of the Public Utilities and Stormwater Fund. More detailed information can be found in the government-wide financial statements.

**Public Utility Fund.** The net position of the Public Utility Fund at the end of the current fiscal year was a surplus of \$(3.4) million, of which a deficit of \$6.8 million is representative of net investment in capital assets and \$- million is restricted for Utility infrastructure projects. Additionally, \$10.2 million in unrestricted net position was significantly higher than FY 2022. Future economic growth within the County will continue to increase the customer base and consequently increase revenue which would reduce the dependence of the Public Utility Fund on the contributions provided by the General Fund.

**Stormwater Fund.** The net position of the Stormwater Fund for FY 2023 was \$6.2 million which is a (8.3)% decrease over the prior year. The net investment in capital assets for the Stormwater Fund at the end of the current fiscal year was \$1.5 million and the unrestricted net position was \$4.6 million representing a decrease of (1.1)% from FY 2022.

Management's Discussion & Analysis

General Fund Budgetary Highlights

The County's annual budget is prepared on an operating basis and includes estimated revenues and annual appropriations for operations. Actual general fund revenues (excluding other financing sources) were \$4.0 million less than the final budget. The difference between the original budget for FY 2023 and the final budget (excluding other financing sources) was \$0.9 million. Actual General Fund expenditures, excluding interfund transfers and debt service costs, were \$68.8 million. This is approximately \$7.2 million more than the prior year mostly due to an increase public safety expenditures (\$1.7 million) and Debt Service (\$1.3 million) offset by decreases in other areas.

Capital Assets

At the end of fiscal year 2023, the County had invested \$135.7 million, net of accumulated depreciation, in a broad range of capital assets, including land, equipment, buildings, and vehicles. (See Table A-4.)

Annually, the Board of Supervisors adopts a five (5) year Capital Improvement Plan with a five (5) year horizon. The capital improvement plan begins with a review of requests from departments, agencies and other organizations by a sub-committee, comprised of three (3) members from the Planning Commission and two (2) members from the Board of Supervisors. The funding stream, consisting of operating revenues, reserves and bonded debt is also reviewed in connection with the requests. The proposed plan is then presented to the Planning Commission for discussion and review and subsequently presented to the Board of Supervisors for adoption. More detailed information on the County's capital assets is presented in Note 6 to the basic financial statements.

Management’s Discussion & Analysis

**Long-Term Debt**

At year-end the County had \$144.3 million in bonds, loans, direct borrowings, lease obligations and SBITA liabilities as shown in Table A-5. The Commonwealth of Virginia limits the amount of debt outstanding to 10% of the localities assessed value of real property. At June 30, 2023, the County’s debt ratio to assessed value was approximately 2.79% demonstrating the County’s conservative debt borrowing policy and management approach. The only new debt issued by the County in the fiscal year ending June 30, 2023, is \$0.5 million as part of the Financing Program to purchase vehicles and equipment for the County. More detailed information on the County’s long-term debt is presented in Note 7 to the basic financial statements.

**Table A-5**

	Governmental Activities		Business-Type Activities		Total Primary Government	
	2023	2022	2023	2022	2023	2022

**ECONOMIC FACTORS AND NEXT YEAR’S BUDGETS**

Recent reviews of fiscal performance by external agencies resulted in both stable and improved bond ratings. County Bond ratings are reviewed periodically by multiple agencies such as Fitch, Standard & Poor's and Moody's. The reviews analyze economic indicators and the performance of the County's financial management. These positive ratings reflect continued economic growth in the County, strong financial management, and conservative budgeting practices all of which allow the County to continue its commitment to protect the financial resources of the citizens of Isle of Wight.

- The County’s per capita personal income, as of the latest data available, was \$42,122.
- The unemployment rate for Isle of Wight County for 2023 is 2.80% compared to 2022 which was 3.1%.
- Property tax rates remained at \$0.85 for real estate and \$1.75 for Machinery & Tools and \$3.90 in FY23 for personal property.

These indicators were taken into account when adopting the operating and capital budget for fiscal year 2023-2024. The adopted budget includes the following highlights.

- A reduction in the real estate tax rate from \$.85 to \$.71 was adopted as part of the FY24 budget.
- An increase in the Machinery & Tools to \$1.95 and personal property tax to \$3.90.
- The largest uses of County funds are for Education (\$30.5 million), Public Safety (\$16.7 million), and Debt Service (\$12.2 million).

## **OTHER FACTORS TO CONSIDER**

### **Isle of Wight County**

The County is committed to using its resources wisely and to delivering quality services to its citizens. The County continually strives to enhance the cost-effectiveness of its operations and the services it provides without sacrificing quality.

The Board of Supervisors' strategic plan incorporates a Values Statement, Mission Statement and four primary strategic directions as follows:

#### ***Isle of Wight Values Statement***

To sustain Isle of Wight County's stature as a COMMUNITY OF CHOICE for people, families, and businesses alike while preserving and protecting our rural heritage, our bountiful mix of natural resources and our natural beauty for present and future generations.

#### ***Isle of Wight County Mission Statement***

As a COMMUNITY OF CHOICE, Isle of Wight County is committed to providing an excellent quality of life for all citizens through the provision of fiscally responsible services and programs.

#### ***Isle of Wight County Slogan***

*A COMMUNITY OF CHOICE committed to excellence.*

#### ***Isle of Wight County's Strategic Direction/Agenda***

- 1. Effective governance and community partnerships.*
- 2. Economic well-being and quality of life.*
- 3. Managing growth and change.*
- 4. Funding the future.*

### **Isle of Wight County Schools**

Isle of Wight County Schools (IWCS) is committed to preparing our students for excellence in the 21st century by ensuring that they are provided with the knowledge and skills needed to be successful in pursuit of college, careers and citizenship in the global world community. Annually, IWCS educates almost approximately 5552 students in a comprehensive Pre-Kindergarten through twelfth grade instructional program, consisting of five elementary, two middle and two high schools. All IWC schools are fully accredited by the Virginia Department of Education and by the Southern Association of Colleges and Schools.

## **CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the County's finances and to demonstrate the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the County's Department of Finance at 757-365- 6273.

*County of Isle of Wight, Virginia****Reconciliation of the Governmental Funds' Statement of Revenues, Expenditures,  
and Changes in Fund Balances to the Statement of Activities*****For the Fiscal Year Ended June 30, 2023**

<b>Net change in fund balances - governmental funds</b>	<b>\$ (28,248,766)</b>
Amount reported for governmental activities in the Statement of Activities are different because:	
Internal service funds are used to charge the costs of technology and risk management to individual funds. The net revenues (expenses) of certain activities of internal service funds are reported with governmental activities	140,468
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense. Transfers of capital assets to the school board are recorded as additional expenses related to education.	
Capital outlay - capital assets	27,994,335
Capital outlay - right to use assets	357,324
Depreciation and amortization expense	(3,599,712)
Miscellaneous transactions involving capital assets	(2,254,153)
Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position.	
Bond and direct borrowing proceeds, including premiums and discounts	(525,000)
Subscription and lease liabilities	(357,324)
Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of net position.	
Repayment of subscription and lease liabilities	165,041
Repayment of bonds and direct borrowing principal	8,330,046
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.	1,503,123
Some expenses reported in the Statement of Activities, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.	
Accrued liabilities	(274,252)
Accrued interest	47,156
Compensated absences	6,351
Pension	669,126
OPEB	100,678
Landfill closure costs	(124,940)
Amortization of bond premiums	447,467
Amortization of deferred loss on refunding	(372,479)
<b>Change in net position of governmental activities</b>	<b>\$ 4,004,489</b>

The accompanying notes are an integral part of these financial statements.

**Note 1 – Summary of Significant Accounting Policies**

The County of Isle of Wight, Virginia (the County) is a municipal corporation governed by an elected five member Board of Supervisors. The County provides a full range of services for its citizens. These services include police and fire protection, general services, community development, sanitation services, recreational activities, cultural events, education, and social services.

The financial statements of the County have been prepared in conformity with the U.S. generally accepted accounting principles (GAAP) as promulgated by the Governmental Accounting Standards Board (the GASB) and the specifications promulgated by the Auditor of Public Accounts (APA) of the Commonwealth of Virginia. The County's more significant accounting policies are described herein.

**A. Financial Reporting Entity**

The basic criterion for determining whether a governmental department, agency, institution, commission, public authority, or other governmental organization should be included in the Primary Government's reporting entity for the basic financial statements is financial accountability. Financial accountability includes the appointment of a voting majority of the organization's governing body and the ability of the Primary Government to impose its will on the organization or if there is a financial benefit/burden relationship. In addition, an organization which is fiscally dependent on the Primary Government should be included in its reporting entity. These financial statements present the County (the Primary Government) and its component units. Each discretely presented component unit is reported in a separate column in the basic financial statements to emphasize that it is legally separate from the government.

**Discretely Presented Component Units**

The *Isle of Wight County Public School Board* (School Board) members are elected by the citizens of the County of Isle of Wight. The School Board is responsible for the operations of the County's School System within the County boundaries. The School Board is fiscally dependent on the County. The County has the ability to approve its budget and any amendments. The primary funding source for the School System is the General Fund of the County. The School Board does not issue a separate financial report. The financial statements of the School Board are presented as a discretely presented component of the County financial statements.

The *Economic Development Authority of Isle of Wight County* (EDA) was created by the Board of Supervisors and is responsible for industrial and commercial development in the County. The EDA consists of seven members appointed by the primary government's Board of Supervisors. The EDA is fiscally dependent on the County creating a financial benefit/burden relationship. The County Board of Supervisors can impose its will on the Authority. The financial statements of the EDA are presented as a discretely presented component of the County financial statements. The EDA does not issue a separate financial report.

**B. Financial Reporting Model and basis of Presentation**

**Government-wide Financial Statements** – The government-wide Statement of Net Position and Statement of Activities report the overall financial activity of the County, excluding fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities of the County. These statements distinguish between the governmental and business-type activities of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

June 30, 2023

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**B. Financial Reporting Model and basis of Presentation (Continued)**

The Statement of Activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this rule are other charges between the County's public utility function and various other functions of the County. Elimination of these charges would distort the direct costs and program revenues reported for the various functions.

**Fund Financial Statements** – The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each fund category - governmental, proprietary, and fiduciary - are presented. The emphasis on fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

The County reports the following major governmental funds:

**General** – This is the County's primary operating fund. It accounts for all financial resources of the County, except those required to be accounted for in another fund. Revenues are derived primarily from property and other local taxes, state and federal distributions, licenses, permits, charges for services, and interest income. The services which are administered by the County and accounted for in the General Fund include, among others, County Board, Finance, Administration, Public Safety, and General Services.

**Capital Projects** – Accounts for financial resources to be used for the acquisition or construction of major capital facilities.

**Debt Service** – Accounts for resources to be used for repayments of principal and interest on the general long-term debt of the County.

The County reports two major proprietary funds, the Enterprise **Public Utilities Fund**, which provides water and sewer services for the County and the **Stormwater Fund** which provides stormwater services for the County.

**June 30, 2023**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

***B. Financial Reporting Model and basis of Presentation (Continued)***

The County reports two Internal Service Funds, the **Information Technology Fund**, which provides implementation and maintenance of the technology infrastructure and the **Risk Management Fund**, which finances property, workers' compensation, auto and general liability coverage.

Additionally, the County reports a **Fiduciary Fund**. Fiduciary Funds (Trust and Custodial Funds) account for assets held by the County in a trustee capacity or as custodian for individuals, private organizations, other governmental units, or other funds. This includes Custodial Funds, which consist of the Special Welfare Fund. Fiduciary funds are not included in the government-wide financial statements.

***C. Basis of Accounting***

The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flow takes place. Nonexchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenues from property taxes are recognized in the period for which the levy is intended to finance, which is the year in which the taxes are levied. Revenue from grants and other contributions are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been met. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the County must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the County on a reimbursement basis.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 45 days of the end of the current fiscal period. Expenditures generally are recorded when the liability is incurred, as under accrual accounting. However, principal and interest on general long-term debt, claims and judgments, and compensated absences are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under direct borrowings are reported as other financing sources. Significant revenue sources which are susceptible to accrual include property taxes, miscellaneous taxes, charges for services, grants, and investment income. All other revenue sources including fines and forfeitures, inspection fees, and recreation fees are considered to be measurable and available only when cash is received.

**June 30, 2023**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

***D. Accounting Changes***

In Fiscal Year 2023, the County adopted new statements of financial accounting standards issued by the Governmental Accounting Standards Board:

- Statement No. 91, *Conduit Debt Obligations*
- Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*
- Statement No. 96, *Subscription-Based Information Technology Arrangements*
- Statement No. 99, *Omnibus 2022*

GASB Statement No. 91, *Conduit Debt Obligations*, provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures.

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, provides guidance for financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs) and availability payment arrangements (APAs). The Statement defines a PPP as an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. The Statement also defines an APA as an arrangement in which a government compensates an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time in an exchange or exchange-like transaction.

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA.

GASB Statement No. 99, *Omnibus 2022*, addresses a variety of practice issues, such as requirements related to extension of the use of LIBOR, accounting for SNAP distributions, leases and SBITAs that were identified during implementation and application of certain GASB Statements . The effective periods of Statement No. 99 covered multiple fiscal years. The County implemented some of the requirements of this statement in its fiscal year ended June 30, 2022 financials, and the residual items in the current fiscal year and found that there were no material impacts to the County’s financial statements.

June 30, 2023

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

***E. Cash and Cash Equivalents***

The County's and School Board's cash and cash equivalents are stated at cost, which approximates fair value. Cash and cash equivalents include cash on hand, demand deposits, and short term investments with original maturities of three months or less from the date of acquisition. Deposit and investment instruments include certificates of deposit, savings accounts, money market funds, Virginia State Non-Arbitrage Program, bankers' acceptances, the Commonwealth Local Government Investment Pool (LGIP) and United States (U.S.) government securities. Investments are generally on deposit with banks and savings and loan institutions and are collateralized under the provisions of the Virginia Security for Public Deposits Act, Section 2.1-359 et seq. Securities are held in safekeeping by the respective financial institutions. Investment income is reported in the same fund that reports the investment.

***F. Prepaid Items***

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements using the consumption method.

***G. Investments***

Investments for the Primary Government, as well as for its component units, are reported at fair value based upon quoted market prices.

***H. Property Taxes***

All property tax receivables are shown net of an allowance for uncollectible accounts. The County calculates its allowance for uncollectible accounts using historical collection data, specific account analysis and management's judgment.

The County bills and collects taxes and recognizes such taxes as revenues, when measurable and available in the governmental funds' financial statements and for the period in which they are levied for, in the government-wide financial statements property taxes, net of allowance for uncollectible amounts, not collected within 45 days after year end, are reflected as deferred inflow of resources in the governmental fund financial statements. Real property taxes are budgeted and billed to fund operations occurring within the year they are required to be paid. The County in 2015 changed the billing cycle for personal property tax to April with the first payment due June 5 and second payment due on December 5. The County bills and collects its own property taxes.

The County levies property taxes on the following schedule with due dates, collection dates and lien dates as shown.

	<u>Real property</u>	<u>Personal property</u>
Levy date	July 1	January 1
Due date and collection date	December 5/June 5	June 5/December 5
Lien date for delinquent taxes	90 days after due date	90 days after due date

**June 30, 2023**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

***H. Property Taxes (Continued)***

While the assessed value of real estate for the County’s ten largest taxpayers comprises 6.20% of the County’s real estate tax base, credit risk with respect to real estate taxes receivable is limited due to the large number of property owners comprising the County’s total tax base.

The Personal Property Tax Relief Act of 1998 (PPTRA) provided for the Commonwealth to reimburse a portion of the personal property tax levied on the first \$20,000 of personal use cars, motorcycles and trucks. During the 2005 Special Session I, the Virginia General Assembly passed Senate Bill 5005. The bill provides for the Commonwealth to reimburse a portion of the tangible personal property tax levied bases on a fixed relief amount. The fixed relief amount was capped at \$950,000,000 in total for all localities with the County’s share capped at \$5,115,890, which the County received during the year ended June 30, 2022. The Commonwealth requires localities to record the revenue from PPTRA as received from other governments, not as property taxes.

***I. Connection Fees***

Connection fees accounted for in the Public Utilities Fund represents charges to new customers for their fair share of the capital cost of the system already in place and/or the cost of increasing the capacity of the system to meet the additional demand created by the connection of new customers.

***J. Unbilled Utility Receivables***

Estimated water sales for water usage prior to year-end that are unbilled are recognized as current year revenues and are included in utility receivables.

***K. Internal and Intra-entity Activity***

The County has the following types of interfund transactions:

***Loans*** – Interfund loan amounts are provided with a requirement for repayment. Interfund loans are reported as interfund receivables (i.e. due from other funds) in lender funds and interfund payables (i.e. due to other funds) in borrower funds.

***Services provided and used*** – Sales and purchases of goods and services between funds for a price approximate their external exchange value. Interfund services provided and used are reported as revenues in seller funds and expenditures or expenses in purchaser funds. Unpaid amounts are reported as interfund receivables and payables in the fund balance sheets or fund statements of net position.

***Reimbursements*** – Repayments are from the funds responsible for particular expenditures or expenses to the funds that initially paid for them. Reimbursements are reported as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund.

June 30, 2023

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

***K. Internal and Intra-entity Activity (Continued)***

***Transfers*** – Transfers are flows of assets (such as cash or goods) without equivalent flows of assets in return and without a requirement for repayment. In governmental funds, transfers are reported as other financing uses in the funds making transfers and as other financing sources in the funds receiving transfers. In proprietary funds, transfers are reported after nonoperating revenues and expenses.

***L. Inventory***

Inventory of materials and supplies held for future use are stated at cost using the first-in, first-out method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

***M. Capital Assets***

Purchased and leased capital assets include land and land improvements, buildings and building improvements, equipment, vehicles and intangibles assets. Any asset or group of assets acquired by the County are considered capital assets if they have an estimated useful life in excess of two years and an acquisition cost (or fair market value when received) of at least \$5,000. Such assets are recorded at historical cost (or estimated historical cost) if constructed or purchased. Donated capital assets are recorded at acquisition value at the date of donation. The County does not have any infrastructure in its capital assets since roads, streets, bridges and similar assets within its boundaries are the property of the Commonwealth of Virginia. Accumulated depreciation and amortization are reported as reductions of capital assets. There were no impaired capital assets at June 30, 2023.

The costs of normal maintenance and repairs not adding to the value of the asset or materially extending asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Purchased and leased capital assets of the Primary Government, as well as the component units, are depreciated or amortized over their estimated useful lives using the straight-line method. The estimated useful lives applied to capital assets are as follows:

	<u>Years</u>
Buildings and building improvements	15-50
Land improvements	15-40
Equipment	5-20
Vehicles	5-16
Intangibles	3-7

The intangible right-to-use lease assets and subscription-based IT assets are measured at the initial amount of the lease or subscription contract liability (i.e. present value of payments expected to be made during the term of the contract), less any payments made, or incentives received at or before the contract commencement date, plus any initial direct costs ancillary to placing the underlying asset in service. The lease and subscription assets are amortized using the straight-line method over the term of the lease or subscription agreement.

**June 30, 2023**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

***N. Compensated Absences***

County and School Board employees are granted vacation and sick leave in varying amounts as services are provided. They may accumulate, subject to certain limitations, unused vacation and sick leave earned and, upon retirement, termination or death, may be compensated for certain amounts at their current rates of pay at the time of separation.

The liability for compensated absences reported in the government-wide and proprietary fund financial statements has been calculated using the vesting method, which includes leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination. The liability for compensated absences is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

***O. Expenditure Recognition***

The County uses the purchase method to account for health insurance payments. The July premiums are included in the current fiscal year's operating budget. Therefore, the July employer's portion of premiums submitted in June are reported as expenditures for the current period. Some payments for costs applicable to next fiscal year are recorded as prepaid items.

***P. Bond Premiums, Discounts, and Deferred Gains and Losses on Refunding***

In the government-wide and proprietary fund financial statements, bond premiums and discounts, as well as gains and losses on refunding, are deferred and amortized over the life of the bonds using the straight line method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, during the current period. The face amount of debt issued is reported as other financing sources. Premiums on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

***Q. Deferred Outflows/Inflows of Resources***

In addition to assets, the statement of financial position includes a separate section for deferred outflows of resources. Deferred Outflows of Resources represents a consumption of net assets that applies to a future period and will not be recognized as an expense or expenditure until that time. In addition to liabilities, the statement of financial position includes a separate section for deferred inflows of resources. Deferred Inflows of Resources represents an acquisition of net assets that applies to a future period and will not be recognized as revenue until that time.

***R. Pension***

The Virginia Retirement System (VRS) County and School Board Non-Professional Plan is a multiple-employer agent plan. The VRS School Board Professional Retirement Plan is a multiple-employer cost-sharing plan. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County and School Board's Retirement Plans and the additions to/deductions from the County and School Board's Retirement Plans fiduciary net position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

June 30, 2023

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

***S. Other Postemployment Benefit Plans***

Medical Insurance Programs

The County and the IOW County Public Schools Medical Insurance Plans are single-employer plans administered by the County and the Schools. Experience gains or losses are amortized over the average working lifetime of all participants, which for the current period is six years. Plan amendments are recognized immediately. Changes in actuarial assumptions are amortized over the average working lifetime of all participants.

Group Life Insurance Program

The VRS Group Life Insurance Program (GLI) is a multiple employer, cost-sharing plan. It provides coverage to state employees, teachers, and employees of participating political subdivisions. The GLI was established pursuant to Section 51.1-500 et seq. of the *Code of Virginia*, as amended, and which provides the authority under which benefit terms are established or may be amended. The GLI is a defined benefit plan that provides a basic GLI benefit for employees of participating employers. For purposes of measuring the total GLI OPEB liability, deferred outflows of resources and deferred inflows of resources related to the GLI OPEB, and GLI OPEB expense, information about the fiduciary net position of the VRS GLI OPEB and the additions to/deductions from the VRS GLI OPEB's net fiduciary position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Health Insurance Credit Program

The County and the School Board Non-professional plans are single employer plans for political subdivisions. The School Board Professional HIC Program is a multiple employer, cost-sharing plan. The HIC programs were established pursuant to Section 51.1-1400 et seq. of the *Code of Virginia* as amended, and which provide the authority under which benefit terms are established or may be amended. For purposes of measuring the HIC Programs' total OPEB liability, deferred outflows of resources and deferred inflows of resources related to the HIC Programs' OPEB, and the HIC Programs' OPEB expense, information about the fiduciary net position of the HIC Programs, and the additions to/deductions from the HIC Programs' net fiduciary position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Virginia Local Disability Program

The County has three Virginia Local Disability Programs (VLDP) The first and second plans are the County and School Board non-professional plans, which are political subdivision employee plans. The third plan is the School Board professional plan, which is a teacher employee plan. The plans are multiple-employer, cost-sharing plans. For purposes of measuring the net VLDP OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to the VLDP OPEB expenses, information about the fiduciary net position of the VLDP, and the additions to/deductions from the VLDPs' net fiduciary positions have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

June 30, 2023

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**T. Net Position**

In the government-wide and proprietary fund financial statements, net position is displayed in three components as follows:

**Net Investment in Capital Assets** – This consists of capital assets, net of accumulated depreciation/ amortization, less the outstanding balances of any bonds, mortgages, notes, other borrowings and deferred inflows and outflows that are attributable to the acquisition, construction, or improvement of those assets.

**Restricted** – This consists of net position that are legally restricted by outside parties or by law through constitutional provisions or enabling legislation (e.g. customers’ deposits, unexpended bond proceeds net of related outstanding liability). When both restricted and unrestricted resources are available for use, generally it is the County’s policy to use restricted resources first, then unrestricted resources when they are needed.

**Unrestricted** – This consists of net position that do not meet the definition of “restricted” or “net investment in capital assets.”

**U. Fund Balance**

In the fund financial statements, fund balances for governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balances are reported in five components as follows:

**Nonspendable** – This component includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

**Restricted** – This component consists of amounts constrained to specific purposes by their providers (e.g. creditors, grantors, contributors, or laws or regulations of other governments) or by law through constitutional provisions or enabling legislation.

**Committed** – This component consists of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the County’s highest level of decision making authority, the County’s Board of Supervisors, which is by board resolution. Those committed amounts cannot be used for any other purpose unless the County removes or changes the specified use by taking the same type of action (County resolutions) it employed previously to commit those amounts.

**Assigned** – This component consists of amounts that are constrained by the County’s intent to be used for specific purposes, but are neither restricted nor committed. The authority for assigning fund balance is expressed by the Board of Supervisors.

**Unassigned** – This classification represents amounts that have not been restricted, committed or assigned to specific purposes within the General Fund. The General Fund is the only fund that reports a positive unassigned fund balance amount. Other governmental funds besides the General Fund can only report a negative unassigned fund balance amount.

**June 30, 2023**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

***U. Fund Balance (Continued)***

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources (committed, assigned and unassigned) first, then unrestricted resources as they are needed.

***V. Estimates***

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

***W. Subsequent Events***

The County has evaluated subsequent events through December 15, 2022, the date on which the financial statements were available to be issued.

***X. Pending GASB Statements***

At June 30, 2023, the Governmental Accounting Standards Board (GASB) had issued statements not yet implemented by the County. The statements which might impact the County are as follows:

GASB Statement No. 99, *Omnibus 2022*, addresses (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The effective dates differ based on the requirements of the Statement, ranging from April 2022 to fiscal years beginning after June 15, 2023.

GASB Statement No. 100, *Accounting Changes and Error Corrections* - an amendment of GASB Statement No. 62, provides more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability for accounting changes and error corrections. The requirements of this Statement are effective for fiscal years beginning after June 15, 2023.

GASB Statement No. 101, *Compensated Absences*, updates the recognition and measurement guidance for compensated absences. It aligns the recognition and measurement guidance under a unified model and amends certain previously required disclosures. The requirements of the Statement are effective for fiscal years beginning after December 15, 2023.

Management has not determined the effects these new Statements may have on prospective financial statements.

---

June 30, 2023

---

**Note 2 – Deposits and Investments**

Cash and investments are held separately and in pools by several of the County’s funds. The County maintains various cash and investment pools that are available for use by all funds. Income from pooled investments is allocated to the funds based on their proportional share of their investment balance.

A summary of deposits and investments held by the Primary Government at June 30, 2023 is as follows:

<b>Deposits</b>	
Demand deposits	\$ 29,264,832
Cash on hand	1,950
<b>Investments</b>	
LGIP	20,007,603
Zero coupon bond	2,217,570
SNAP	17,604,199
VIP Short Term	8,797,420
VIP Long Term	78,814
Total deposits and investments	<u>\$ 77,972,388</u>
 <b>Reconciliation to Statements of Net Position</b>	
Government-wide:	
Cash and cash equivalents	\$ 48,998,067
Restricted cash and cash equivalents	17,880,517
Investments	11,093,804
Total deposits and investments	<u>\$ 77,972,388</u>

**A. Deposits**

All cash of the Primary Government and discretely presented component units is maintained in accounts collateralized in accordance with the Virginia Security for Public Deposits Act (Act), a multiple financial institution collateral pool, Section 2.2-4400 et. Seq. of the *Code of Virginia* or covered by the Federal Depository Insurance Corporation (FDIC). Under the Act, financial institutions, holding public deposits in excess of the amounts insured by FDIC must pledge collateral in the amount of 50% of excess deposits to a collateral pool in the name of the State Treasury Board, while savings and loan institutions are required to collateralize 100% of deposits in excess of FDIC limits. The State Treasury Board can assess additional collateral from participating financial institutions to cover collateral shortfalls in the event of default and is responsible for monitoring compliance with the collateralization and reporting requirements of the Act and for notifying local governments of compliance by financial institutions. All funds, unless otherwise classified as restricted, are deposited into pooled bank accounts; the major account defined as the General Fund concentration account. As disbursements are made from the payroll, budget, and social services bank accounts, funds from the general fund concentration account are automatically transferred to those bank accounts to cover those disbursements on a daily basis. All cash classified as restricted is related to grantor or debtor requirements.

**June 30, 2023**

---

**Note 2 - Deposits and Investments (Continued)**

***B. Investment Policy***

In accordance with the *Code of Virginia* and other applicable law and regulations, the County's investment policy (Policy) permits investments in obligations of the U.S. government, an agency thereof, or government sponsored corporations; high quality commercial paper and bankers' acceptances; repurchase agreements and certificates of deposit of Virginia banks and savings institutions; and the Local Government Investment Pool (LGIP) and State Non-Arbitrage Program. The maximum percentage of the portfolio permitted in commercial paper is 35% and not more than 5% can be in commercial paper issued by one corporation.

The LGIP is an externally managed investment pool that is not registered with the Securities Exchange Commission. Pursuant to the *Code of Virginia*, the Treasury Board of the Commonwealth sponsors the LGIP and has delegated certain functions to the State Treasurer. The LGIP reports to the Treasury Board at their regularly scheduled monthly meetings. The LGIP values portfolio securities by the amortized cost method and on a monthly basis this valuation is compared to current market to monitor any variance. The LGIP is in compliance with the requirements of GASB Statement 79 and elects to measure its investments at amortized cost for financial reporting. Therefore, participants (the County) in the LGIP should also measure their investments in the LGIP at amortized cost for financial reporting. The maturity of the LGIP is less than one year and classified as cash and cash equivalents.

According to GASB 72 investments in the LGIP and SNAP should be excluded from measurement at Fair Value and thus exempt from the Fair Value Hierarchy Classifications.

The Virginia State Non-Arbitrage Program's (SNAP) Fund is a commingled investment program that operates in compliance with GASB 79 and that was authorized by the Government Non-Arbitrage Act in 1989 (*Code of Virginia* Section 2.2-4700 et. seq.). Virginia SNAP and the SNAP Fund are administered by the Treasury Board of the Commonwealth of Virginia. Virginia SNAP offers several investment options, including the SNAP Fund, and arbitrage rebate reporting services that are specifically designed for the investment of tax exempt bond proceeds.

The Virginia Investment Pool (VIP) is a commingled investment program organized as an external local government investment pool with oversight provided by a shareholder elected board of trustees. VIP offers a short term daily liquidity pool (NAV), and a 1-3 Year High Quality Bond Fund (HQB) designed for the investment of longer-term monies that are not necessary for near term disbursement. VIP-NAV has a bond fund rating from S&P of AAAM. VIP-HQB has a bond fund rating from S&P of AA+f.

June 30, 2023

**Note 2 - Deposits and Investments (Continued)**

**C. Credit Risk**

Credit risk is the risk that the County will not recover their investments due to the inability of the counterparty to fulfill its obligation. As required by state statute, the Policy requires commercial paper have a debt rating of no less than "A-1" (or its equivalent) from at least two of the following: Moody's, Duff and Phelps, Inc., Standard & Poor's, and Fitch Investors' Service. Negotiable Certificates of Deposit and bank deposit notes maturing in less than one year must have a short-term debt rating of at least "A-1" by Standard and Poor's and "P-1" by Moody's Investor Services.

The Primary Government's investments are rated by Standard & Poor's as follows:

	<u>AAAm / AA+f</u>	<u>AA+</u>	<u>Total</u>
Zero coupon bond	\$ -	\$ 2,217,570	\$ 2,217,570
SNAP	17,604,199	-	17,604,199
VIP Investments	8,876,234	-	8,876,234
LGIP	20,007,603	-	20,007,603
	<u>\$ 46,488,036</u>	<u>\$ 2,217,570</u>	<u>\$ 48,705,606</u>

**D. Interest Rate Risk**

Interest rate risk is the risk that the fair value of investments will decrease as a result of an increase in interest rates. As a means of limiting exposure to fair value losses arising from rising interest rates, the Policy limits the investment of operating funds to investments with a stated maturity of no more than two years from the date of purchase. The average maturity of the operating fund investment portfolio may not exceed 12 months. Proceeds from the sale of bonds must be invested in compliance with the specific requirements of the bond covenants and may be invested in securities with longer maturities.

Custodial Credit Risk (Investments): This is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of investments or collateral securities that are in the possession of an outside party.

Concentration of Credit Risk: Concentration of credit risk is defined as the risk of loss attributed to the magnitude of a government's investment in a single issuer. If certain investments in any one issuer represent 5 percent of total investments, there must be a disclosure for the amount and issuer. Investments issued or explicitly guaranteed by the U. S. Government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this requirement, therefore, concentration of credit risk does not apply to the LGIP or SNAP.

County of Isle of Wight, Virginia

Notes to Basic Financial Statements

June 30, 2023

Note 2 - Deposits and Investments (Continued)

D. Interest Rate Risk (Continued)

The Primary Government had the following investments and maturities:

	Fair Value	Less than 1 year	More than 1 year
Zero coupon bond	\$ 2,217,570	\$ -	\$ 2,217,570
SNAP	17,604,199	-	17,604,199
LGIP	20,007,603	-	20,007,603
VIP Short Term	8,797,420	8,797,420	-
VIP Long Term	78,814	-	78,814
	<u>\$ 48,705,606</u>	<u>\$ 8,797,420</u>	<u>\$ 39,908,186</u>

E. Fair Value

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The County has the following recurring fair value measurement as of June 30, 2023.

- U.S. Treasury Zero Coupon bond of \$2,217,570 is valued using a matrix pricing model (Level 2 inputs).
- VIP Short Term and Long Term of \$8,876,234 is typically measured at the net asset value (NAV) not required to be in fair value (FV) hierarchy.

Note 3 - Due from Other Governments

The County and School Board receivables from other governments are as follows:

	Primary Government			Total	Component Unit School Board
	General Fund	Capital Projects Fund	Nonmajor Governmental Funds		
<u>Amounts Due From:</u>					
Commonwealth of Virginia:					
Operating grants	\$ 43,177	\$ -	\$ 107,024	\$ 150,201	\$ 4,249,669

Other	298	-	-	298	-
<b>Totals</b>	<u>\$ 1,454,104</u>	<u>\$ 72,196</u>	<u>\$ 683,907</u>	<u>\$ 2,210,207</u>	<u>\$ 6,093,222</u>

County of Isle of Wight, Virginia

Notes to Basic Financial Statements

June 30, 2023

Note 4 – Interfund Balances and Activity

A. Interfund Balances

These balances result from operating transactions between funds and are repaid during the next fiscal year within the normal course of business. The following balance at June 30, 2023 represents amounts due to/from other funds, consisted of the following:

Primary Government

<u>Fund</u>	<u>Due To</u>	<u>Due From</u>
General Fund	\$ 218,637	\$ -
Special Revenue-Children's Services Act	-	27,223
Special Revenue-E-911	-	191,414
Total Primary Government	<u>\$ 218,637</u>	<u>\$ 218,637</u>

Component Unit-School Board

<u>Fund</u>	<u>Due To</u>	<u>Due From</u>
School Operating Fund	\$ 2,331,132	\$ -
School Grants Fund	-	2,256,408
School Health Fund	-	8,752
School Capital Projects Fund	-	8,706
School Textbook Fund	-	57,266
School Cafeteria Fund	-	-
Total Component Unit-School Board	<u>\$ 2,331,132</u>	<u>\$ 2,331,132</u>

Note: Represents the reclass of cash deficits in the nonmajor governmental funds to Due to the General Fund and a reduction of cash in the General Fund.

B. Interfund Transfers

Interfund transfers are intended to support the functions provided by the recipient fund. Transfers to the Grant, CSA and Social Services funds provide grant match and program funding. Transfers to the E911 fund include statutory contributions from restricted funding sources as well as a required percent of operating support to the E911 system. The General Fund also contributes to the county's Public Utilities system for operating and capital. Transfers to the Internal Service funds for services outside of those reported as charges for services are rare but would generally be to fund a shortfall or special project or purchase

**Note 5 – Receivables**

***A. Advance to Component Unit - Industrial Development Authority (EDA)***

On September 2012, the County advanced \$500,000 to the Industrial Development Authority to purchase parcels of land for future development. In January 2014, a payment of \$125,000 was made towards the outstanding receivable by Johnson Development Associates. Repayment of this note was to be made within 30 days of the sale of any property owned by the IDA (now EDA). However, no property has been sold by the EDA as repayment. The outstanding principal balance of the note as of June 30, 2023 is \$375,000.

***B. Loan Receivable***

On January 2023, the County entered into a 120-month note with Ragged Island Oysters for the purchase of property located on Carrollton Blvd (formerly known as the Stoup Property). The purchase price of the property was \$100,000. In January 2023 a \$10,000 payment was made towards the outstanding receivable. The repayment of the sum of \$90,000 together with 3.00% interest is payable in monthly installments of \$869.05 beginning January 25, 2023. The outstanding principal balance as of June 30, 2023 is \$87,414.

<b>Fiscal Year</b>	<b>Principal Payments</b>	<b>Interest Payments</b>	<b>Total Payments</b>
2024	\$ 8,585	\$ 2,494	\$ 11,079
2025	8,176	2,253	10,429
2026	8,424	2,004	10,428
2027	8,680	1,748	10,428
2028	8,944	1,484	10,428
2029-2033	44,605	3,192	47,797
<b>Total</b>	<b>\$ 87,414</b>	<b>\$ 13,175</b>	<b>\$ 100,589</b>

***C. Leases Receivable***

***Primary Government - Governmental Activities***

On 07/01/2021, Isle of Wight County, VA entered into a 510-month lease as Lessor for the use of parking space. An initial lease receivable was recorded in the amount of \$46,752. As of June 30, 2023 the value of the lease receivable is \$44,904. The lessee is required to make annual fixed payments of \$1,814. The lease has an interest rate of 2.5830%. The value of the deferred inflow of resources as of 06/30/2023 was \$44,552, and Isle of Wight County recognized lease revenue of \$1,100 during the fiscal year. The lessee has one extension option for 300 months.

On 01/01/2022, Isle of Wight County, VA entered into a 36-month lease as Lessor for the use of a parcel of land. An initial lease receivable was recorded in the amount of \$3,260. As of June 30, 2023, the value of the lease receivable is \$1,086. The lessee is required to make annual fixed payments of \$1,096. The lease has an interest rate of 0.8770%. The value of the deferred inflow of resources as of 06/30/2023 was \$1,630, and Isle of Wight County recognized lease revenue of \$1,086 during the fiscal year.

*County of Isle of Wight, Virginia*

*Notes to Basic Financial Statements*

**June 30, 2023**

---

**Note 5 – Receivables (Continued)**

***C. Leases Receivable (Continued)***

On 07/01/2021, Isle of Wight County, VA entered into a 159 month lease as Lessor for the use of building space. An initial lease receivable was recorded in the amount of \$2,224,065. As of June 30, 2023, the value of the lease receivable is \$1,970,435. The lessee is required to make monthly fixed payments of \$13,685. The lease has an interest rate of 1.8360%. The value of the deferred inflow of resources as of 06/30/2023 was \$1,888,357, and Isle of Wight County recognized lease revenue of \$167,854 during the fiscal year. The lessee has 2 extension options, each for 60 months.

On 07/01/2021, Isle of Wight County, VA entered into a 975 month lease as Lessor for the use of building space. An initial lease receivable was recorded in the amount of \$19,597. As of June 30, 2023, the value of the lease receivable is \$18,963. The lessee is required to make annual fixed payments of \$563. The lease has an interest rate of 2.5830%. The value of the deferred inflow of resources as of 06/30/2023 was \$19,115, and Isle of Wight County recognized lease revenue of \$241 during the fiscal year. The lessee has one extension option for 600 months.

Expected future payments, which are included in the measurement of the lease receivable at June 30, 2023 are as follows:

<b>Fiscal Year</b>	<b>Principle Payments</b>	<b>Interest Payments</b>	<b>Total Payments</b>
2024	\$ 130,940	\$ 36,753	\$ 167,693
2025	152,919	34,208	187,127
2026	162,691	31,266	193,957
2027	165,709	28,248	193,957
2028	168,782	25,175	193,957
2029 - 2033	945,179	75,961	1,021,140
2034 - 2038	258,421	10,057	268,478
2039 - 2043	5,613	6,271	11,884

Note 5 – Receivables (Continued)

C. Leases Receivable (Continued)

*Discretely Presented Component Units- Economic Development Authority (EDA)*

On 07/01/2021, Economic Development Authority entered into a 60 month lease as Lessor for the use of certain parcel of property. An initial lease receivable was recorded in the amount of \$83,098. As of June 30, 2023, the value of the lease receivable is \$51,433. The lessee is required to make annual fixed payments of \$16,022. The lease has an interest rate of 1.0590%. The value of the deferred inflow of resources as of 06/30/2023 was \$50,242, and Economic Development Authority recognized lease revenue of \$16,428 during the fiscal year. The lessee has 4 extension options, each for 12 months.

On 07/01/2021, Economic Development Authority entered into a 30 month lease as Lessor for the use of a parcel of land. An initial lease receivable was recorded in the amount of \$23,406. As of June 30, 2023, the value of the lease receivable is \$4,698. The lessee is required to make semi-annual fixed payments of \$4,715. The lease has an interest rate of 0.7270%. The value of the deferred inflow of resources as of 06/30/2023 was \$4,681, and Economic Development Authority recognized lease revenue of \$9,363 during the fiscal year.

On 07/01/2021, Economic Development Authority entered into a 30 month lease as Lessor for the use of a parcel of land. An initial lease receivable was recorded in the amount of \$14,619. As of June 30, 2023, the value of the lease receivable is \$2,934. The lessee is required to make semi-annual fixed payments of \$2,945. The lease has an interest rate of 0.7270%. The value of the deferred inflow of resources as of 06/30/2023 was \$2,924, and Economic Development Authority recognized lease revenue of \$5,847.49 during the fiscal year.

On 07/01/2021, Economic Development Authority entered into a 30 month lease as Lessor for the use of a parcel of land. An initial lease receivable was recorded in the amount of \$13,249. As of June 30, 2023, the value of the lease receivable is \$2,660. The lessee is required to make semi-annual fixed payments of \$2,669.04. The lease has an interest rate of 0.7270%. The value of the deferred inflow of resources as of 06/30/2023 was \$2,650, and Economic Development Authority recognized lease revenue of \$5,299.55 during the fiscal year.

Expected future payments, which are included in the measurement of the lease receivable at June 30, 2023 are as follows:

Fiscal Year	Principal Payments	Interest Payments	Total Payments
2024	\$ 26,745	\$ 582	\$ 27,327
2025	17,137	370	17,507
2026	17,843	189	18,032
<b>Total</b>	<b>\$ 61,725</b>	<b>\$ 1,141</b>	<b>\$ 62,866</b>

<b>Total depreciation expense - governmental activities</b>	<b>\$ 3,471,637</b>	<b>\$ 128,075</b>	<b>\$ 3,599,712</b>

**Tenancy In Common**

\* GS.Sec. 15.2-1800.1 of the Code of Virginia provides that whenever a locality has incurred a financial obligation of a public school that is payable over more than one fiscal year, to fund the acquisition, construction or improvement of public school property, the local governing body of the locality shall be deemed to have acquired title to the public school as a tenant in common for the term of the obligation. The code further provides that a local governing body may elect not to acquire tenancy in common to some or all of the public school property in its locality, by adopting a resolution declining such tenancy in common for current and future financial obligations.

The Board of Supervisors determined that for accounting and audit purposes it is in the best interest of the County to decline to claim such tenancy in common to all of the public school property in the County. This was adopted by the Board of Supervisors on June 16, 2022.

Note 7 – Long-Term Obligations (Continued)

**A. General Obligation Bonds**

The government issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both governmental and business-type activities and are direct obligations and pledge the full faith and credit of the government. These bonds are generally issued with varied amounts of principal maturing each year. No Sinking fund covenants currently exist. General obligation bonds currently outstanding are as follows:

	Amount Outstanding
<b>General Obligation Public Improvement Bonds, Series 2022</b>	\$ 16,955,000
On February 24, 2022 the County issued \$16,955,000 in General Obligation Public Improvement Bonds to finance various capital projects and Hardy Elementary School for Isle of Wight County Schools. Interest on the bonds is due semiannually at a rate of 2.25%-5.00% until maturity. These bonds were issued at a premium of \$1,889,277 which is being amortized over the life of the bonds.	
<b>General Obligation Public Improvement Refunding Bonds, Series 2020A</b>	30,585,000
On October 27, 2020 the County issued \$32,020,000 in General Obligation Public Improvement Bonds to finance various capital projects and Hardy Elementary School for Isle of Wight County Schools. Interest on the bonds is due semiannually at a rate of 2.00%-5.00% until maturity. These bonds were issued at a premium of \$2,713,997 which is being amortized over the life of the bonds.	
<b>General Obligation Public Improvement Bonds Series 2020B</b>	52,930,000
On October 27, 2020, the County issued \$54,405,000 in General Obligation Public Improvement Refunding Bonds with a true interest cost of 1.96% to refund various bond series. In addition, a portion of the proceeds will be used to purchase United States Treasury Securities (State and Local Government Series (SLGS) which will be placed in an irrevocable trust together with an initial cash deposit to be used solely to refund the County's Series 2011A, Series 2012, Series 2014A and Series 2014B. The refunding of the bonds resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$7,169,281. This difference, reported in the accompanying government-wide financial statements is being amortized over the life of the new debt. The refunding resulted in an overall present value savings of \$5,702,814 in debt service over the next 23 years. Interest is payable semiannually commencing on January 1, 2021 at a rate which varies from 2.00-2.40%. These bonds were issued at a premium of \$1,533,679 which is being amortized over the life of the bonds.	
<b>General Obligation Public Improvement Refunding Bonds, Series 2017B</b>	28,144,996
On September 21, 2017, the County issued \$30,700,000 in General Obligation Public Improvement Refunding Bonds to advance refund Series 2010D and a portion of Series 2011A & 2012. Interest is payable semiannually commencing on January 1, 2018 at a rate which varies from 3.00-5.00%. These bonds were issued at a premium of \$4,324,168 which is being amortized over the life of the bonds.	

County of Isle of Wight, Virginia

Notes to the Basic Financial Statements

June, 30, 2023

---

Note 7 – Long-Term Obligations (Continued)

A. General Obligation Bonds (Continued)

**VRA Refunding of Isle of Wight BAB Series 2010C, Series 2017C** \$ 7,605,000

On November 15, 2017, the Virginia Resources Authority (VRA) issued \$9,260,000 of bonds to refund the Series 2010C (Taxable - Build America Bonds). A portion of the proceeds was used to purchase the Restricted Escrow Fund Securities and to provide the cash that will be placed in various escrow funds to refund the bonds. Interest is payable semiannually commencing on July 1, 2018 at a rate which varies from 4.43% to 5.13%. These bonds were issued at a premium of \$1,804,027 which is being amortized over the life of the bonds.

**General Obligation Public Improvement Bonds Series 2017** 4,562,425

On May 5, 2017, the County issued \$7,900,000 in General Obligation Public Improvement Bonds to finance various capital projects related to career and technical education for Isle of Wight County Schools. Interest on the bonds is due semiannually at a rate of 2.4% until maturity.

**General Obligation Public Improvement Bonds Series 2016** 3,359,285

On July 29, 2016, the County issued \$8,000,000 in General Obligation Public Improvement Bonds, Series 2016 with a semi-annual interest payable at a rate of 1.651% over the life of the bond. The bonds were issued to finance the acquisition, construction and equipping of facilities and equipment related to public safety purposes and uses and to pay the cost of issuance.

**General Obligation Refunding Bonds of 2015 (tax exempt bonds)** 14,950,000

On June 9, 2015, the County issued \$17,395,000 in General Obligation Refunding Bonds with principal payable in various annual installments through 2031. Interest is payable semi-annually at a rate of 2.79% over the life of the bond. The bonds were used to advance refund prior issues.

**General Obligation Bonds of 2011 VPSA (tax exempt bonds)** 2,500,000

\$7,500,000 dated June 2011 with principal payable in various annual installments beginning June 2014 through June 2027. These bonds were obtained through the Virginia Public School Authority pooled Qualified School Construction Bonds (QSCB). The QSCBs are tax credit bonds such that the interest component of the bond is subject entirely to the federal subsidy reimbursement which offsets completely the interest on these bonds. The bonds are being used for the school construction and renovation projects.

Total General Obligation Bonds Outstanding \$ 161,591,706

*County of Isle of Wight, Virginia*

Total	<u>\$ 129,309,331</u>	<u>\$ 33,446,992</u>	<u>\$ 32,282,375</u>	<u>\$ 7,799,493</u>	<u>\$ 161,591,706</u>	<u>\$ 41,246,485</u>

Debt service requirements for general obligation bonds are principally met by the General Fund. The Governmental Activities, including Landfill Closure will also be liquidated by the General Fund. Compensated Absences (except for School Board and Proprietary Funds) will be liquidated by the General Fund. Internal Service Funds predominantly serve the Governmental Funds. Accordingly, long-term obligations for them are included as part of the totals for Governmental Activities. The net pension liability and net OPEB liability are liquidated by the correlating funds in respect to the departmental costs and are reflected, based on allocation, on Internal Services Fund, Enterprise Funds and Entity-Wide Fund statements. Claims and Judgements are liquidated by the Risk Management Fund.

***B. Refunded Debt***

Defeased Obligations

In prior years, the County defeased certain bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. At June 30, 2023, the outstanding balance of the defeased debt, including current year defeased debt, is \$39,400,340.

***C. Purchase Agricultural Conservation Easement Program***

On May 19, 2005, Board of Supervisors adopted an ordinance establishing the Purchase Agricultural Conservation Easement Program (PACE). The primary purpose of the ordinance is to promote and encourage the preservation of farmland in Isle of Wight County. Through PACE, the County acquires development rights in designated areas within the County through the purchase of agricultural land preservation easements. Landowners who meet certain eligibility criteria may sell an easement to the County while holding fee simple title to the land and continuing to farm. The County acquires development rights by executing installment purchase agreements with the landowners. These agreements provide for the payment of the principal balance to be paid in a single installment due approximately thirty years after execution of the agreement. Interest on the unpaid principal balance is payable semi-annually and interest expense was \$209,836 for June 30, 2023.

*County of Isle of Wight, Virginia*

*Notes to the Basic Financial Statements*

**June 30, 2023**

**Note 7 – Long-Term Obligations (Continued)**

***C. Purchase Agricultural Conservation Easement Program (Continued)***

These obligations are constituted within the meaning of Article VII, Section 10 of the Virginia Constitution and are general obligations of the County, pledging the full faith and credit and unlimited taxing power of the County. By policy, interest will be paid from a dedicated portion of real estate taxes with principal payments being made from a maturing zero coupon Treasury securities purchased from the dedicated portion of real estate taxes. At June 30, 2023, two installment purchase agreements totaling 619.08 acres at a total purchase price of \$4,326,512 are outstanding.

The following is a summary of the repayment schedules:

Fiscal Year Ending June 30,	Governmental Activities	
	Principal	Interest
2024	-	209,836
2025	-	209,836
2026	-	209,836

**Note 8 – Pension Plan**

A. Plan Description

All full-time, salaried permanent employees of the County of Isle of Wight, Virginia and the County of Isle of Wight, Virginia School Board (School Board), are automatically covered by the VRS Retirement Plan or the VRS Teacher Retirement Plan upon employment. These plans are administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

The System administers three different benefit structures for covered employees – Plan 1, Plan 2, and Hybrid. Each of these benefit structures has a different eligibility criteria. The specific information for each plan and the eligibility for covered groups within each plan are set out in the table below:

<b>RETIREMENT PLAN PROVISIONS</b>		
<b>PLAN 1</b>	<b>PLAN 2</b>	<b>HYBRID RETIREMENT PLAN</b>
<p><b>About Plan 1</b> Plan 1 is a defined benefit plan. The retirement benefit is based on a member’s age, service credit and average final compensation at retirement using a formula.</p>	<p><b>About Plan 2</b> Same as Plan 1</p>	<p><b>About the Hybrid Retirement Plan</b> The Hybrid Retirement Plan combines the features of a defined benefit plan and a defined contribution plan.</p> <ul style="list-style-type: none"> <li>• The defined benefit is based on a member’s age, service credit and average final compensation at retirement using a formula.</li> <li>• The benefit from the defined contribution component of the plan depends on the member and employer contributions made to the plan and the investment performance of those contributions.</li> <li>• In addition to the monthly benefit payment payable from the defined benefit plan at retirement, a member may start receiving distributions from the balance in the defined contribution account, reflecting the contributions, investment gains or losses, and any required fees.</li> </ul>

Note 8 - Pension Plan (Continued)

A. Plan Description (Continued)

PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
<p><b>Eligible Members</b> Employees are in Plan 1 if their membership date is before July 1, 2010, and they were vested as of January 1, 2013, and they have not taken a refund.</p> <p><i>Hybrid Opt-In Election</i> VRS non-hazardous duty-covered Plan 1 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014. The Hybrid Retirement Plan's effective date for eligible Plan 1 members who opted in was July 1, 2014. If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan. Members who were eligible for an optional retirement plan (ORP) and had prior service under Plan 1 were not eligible to elect the Hybrid Retirement Plan, and remain as Plan 1 or ORP.</p>	<p><b>Eligible Members</b> Employees are in Plan 2 if their membership date is on or after July 1, 2010, or their membership date is before July 1, 2010, and they were not vested as of January 1, 2013.</p> <p><i>Hybrid Opt-In Election</i> Eligible Plan 2 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014. The Hybrid Retirement Plan's effective date for eligible Plan 2 members who opted in was July 1, 2014.</p> <p>If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan. Members who were eligible for an optional retirement plan (ORP) and have prior service under Plan 2 were not eligible to elect the Hybrid Retirement Plan, and remain as Plan 2 or ORP.</p>	<p><b>Eligible Members</b> Employees are in the Hybrid Retirement Plan if their membership date is on or after January 1, 2014. This includes:</p> <ul style="list-style-type: none"> <li>•Political subdivision employees*</li> <li>• School division employees (teachers)</li> <li>•Members in Plan 1 or Plan 2 who elected to opt into the plan during the election window held January 1 April 30, 2014; the plan's effective date for opt-in members was July 1, 2014</li> </ul> <p><i>* Non-Eligible Members</i> Some employees are not eligible to participate in the Hybrid Retirement Plan. They include:</p> <ul style="list-style-type: none"> <li>•Political subdivision employees who are covered by enhanced benefits for hazardous duty employees</li> </ul> <p>Those employees eligible for an optional retirement plan (ORP) must elect the ORP plan or the Hybrid Retirement Plan. If these members have prior service under Plan 1 or Plan 2, they are not eligible to elect the Hybrid Retirement Plan and must select Plan 1 or Plan 2 (as applicable) or ORP.</p>

June 30, 2023

**Note 8 - Pension Plan (Continued)**

A. Plan Description (Continued)

PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
<p><b>Retirement Contributions</b>                      Employees contribute 5% of their compensation each month to their member contribution account through a pretax salary reduction. Member contributions are tax-deferred until they are withdrawn as part of a retirement benefit or as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees. VRS invests both member and employer contributions to provide funding for the future benefit payment.</p>	<p><b>Retirement Contributions</b>                      Same as Plan 1.</p>	<p><b>Retirement Contributions</b>                      A member’s retirement benefit is funded through mandatory and voluntary contributions made by the member and the employer to both the defined benefit and the defined contribution components of the plan. Mandatory contributions are based on a percentage of the employee’s creditable compensation and are required from both the member and the employer. Additionally, members may choose to make voluntary contributions to the defined contribution component of the plan, and the employer is required to match those voluntary contributions according to specified percentages.</p>
<p><b>Service Credit</b>                      Service credit includes active service. Members earn service credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional service credit the member was granted. A member’s total service credit is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.</p>	<p><b>Service Credit</b>                      Same as Plan 1.</p>	<p><b>Service Credit</b>                      Defined Benefit Component: Under the defined benefit component of the plan, service credit includes active service. Members earn service credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional service credit the member was granted. A member’s total service credit is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.                      Defined Contributions Component: Under the defined contribution component, service credit is used to determine vesting for the employer contribution portion of the plan.</p>

June 30, 2023

**Note 8 - Pension Plan (Continued)**

A. Plan Description (Continued)

PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
<p><b>Vesting</b>                      Vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members become vested when they have at least five years (60 months) of service credit. Vesting means members are eligible to qualify for retirement if they meet the age and service requirements for their plan. Members also must be vested to receive a full refund of their member contribution account balance if they leave employment and request a refund.                      Members are always 100% vested in the contributions that they make.</p>	<p><b>Vesting</b>                      Same as Plan 1.</p>	<p><b>Vesting</b>                      Defined Benefit Component: Defined benefit vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members are vested under the defined benefit component of the Hybrid Retirement Plan when they reach five years (60 months) of service credit. Plan 1 or Plan 2 members with at least five years (60 months) of service credit who opted into the Hybrid Retirement Plan remain vested in the defined benefit component.                      Defined Contributions Component: Defined contribution vesting refers to the minimum length of service a member needs to be eligible to withdraw the employer contributions from the defined contribution component of the plan.                      Members are always 100% vested in the contributions that they make.                      Upon retirement or leaving covered employment, a member is eligible to withdraw a percentage of employer contributions to the defined contribution component of the plan, based on service.                      •After two years, a member is 50% vested and may withdraw 50% of employer contributions.                      •After three years, a member is 75% vested and may withdraw 75% of employer contributions.                      •After four or more years, a member is 100% vested and may withdraw 100% of employer contributions.                      Distributions not required, except as governed by law.</p>

June 30, 2023

Note 8 - Pension Plan (Continued)

A. Plan Description (Continued)

PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
<p><b>Calculating the Benefit</b> The basic benefit is determined using the average final compensation, service credit and plan multiplier. An early retirement reduction is applied to this amount if the member is retiring with a reduced benefit. In cases where the member has elected an optional form of retirement payment, an option factor specific to the option chosen is then applied.</p>	<p><b>Calculating the Benefit</b> See definition under Plan 1.</p>	<p><b>Calculating the Benefit</b> Defined Benefit Component: See definition under Plan 1.  Defined Contribution Component: The benefit is based on contributions made by the member and any matching contributions made by the employer, plus net investment earnings on those contributions.</p>
<p><b>Average Final Compensation</b> A member's average final compensation is the average of the 36 consecutive months of highest compensation as a covered employee.</p>	<p><b>Average Final Compensation</b> A member's average final compensation is the average of the 60 consecutive months of highest compensation as a covered employee.</p>	<p><b>Average Final Compensation</b> Same as Plan 2. It is used in the retirement formula for the defined benefit component of the plan.</p>
<p><b>Service Retirement Multiplier:</b> The retirement multiplier is a factor used in the formula to determine a final retirement benefit. The retirement multiplier for nonhazardous duty members is 1.70%.</p> <p><b>Sheriffs and regional jail superintendents:</b> The retirement multiplier for sheriffs and regional jail superintendents is 1.85%.</p> <p><b>Political subdivision hazardous duty employees:</b> The retirement multiplier of eligible political subdivision hazardous duty employees other than sheriffs and regional jail superintendents is 1.70% or 1.85% as elected by the employer.</p>	<p><b>Service Retirement Multiplier:</b> Same as Plan 1 for service earned, purchased or granted prior to January 1, 2013. For non-hazardous duty members the retirement multiplier is 1.65% for service credit earned, purchased or granted on or after January 1, 2013.</p> <p><b>Sheriffs and regional jail superintendents:</b> Same as Plan 1.</p> <p><b>Political subdivision hazardous duty employees:</b> Same as Plan 1.</p>	<p><b>Service Retirement Multiplier:</b> Defined Benefit Component: The retirement multiplier for the defined benefit component is 1.00%. For members who opted into the Hybrid Retirement Plan from Plan 1 or Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans.</p> <p><b>Sheriffs and regional jail superintendents:</b> Not applicable.</p> <p><b>Political subdivision hazardous duty employees:</b> Not applicable.</p> <p>Defined Contribution Component: Not applicable.</p>

**Note 8 - Pension Plan (Continued)**

A. Plan Description (Continued)

PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
<p><b>Disability Coverage</b> Members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.70% on all service, regardless of when it was earned, purchased or granted.</p>	<p><b>Disability Coverage</b> Members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.65% on all service, regardless of when it was earned, purchased or granted.</p>	<p><b>Disability Coverage</b> Employees of political subdivisions and school divisions (including Plan 1 and Plan 2 opt-ins) participate in the Virginia Local Disability Program (VLDP) unless their local governing body provides an employerpaid comparable program for its members. Hybrid members (including Plan 1 and Plan 2 opt-ins) covered under VLDP are subject to a one-year waiting period before becoming eligible for non-workrelated disability benefits.</p>
<p><b>Purchase of Prior Service</b> Members may be eligible to purchase service from previous public employment, active duty military service, an eligible period of leave or VRS refunded service as service credit in their plan. Prior service credit counts toward vesting, eligibility for retirement and the health insurance credit. Only active members are eligible to purchase prior service. Members also may be eligible to purchase periods of leave without pay.</p>	<p><b>Purchase of Prior Service</b> Same as Plan 1.</p>	<p><b>Purchase of Prior Service</b> Defined Benefit Component: Same as Plan 1, with the following exception: Hybrid Retirement Plan members are ineligible for ported service.  Defined Contribution Component: Not applicable.</p>

June 30, 2023

**Note 8 - Pension Plan (Continued)**

B. Employees Covered by Benefit Terms

**County Plan (Agent Plan)**

As of the June 30, 2021 actuarial valuation, the following employees were covered by the benefit term of the pension plan:

	<u>Number</u>
<b>Inactive members or their beneficiaries currently receiving benefits</b>	<b><u>213</u></b>
<i>Inactive members:</i>	
Vested inactive members	51
Non-vested Inactive members	89
LTD	-
Inactive members active elsewhere in VRS	<u>137</u>
<b>Total inactive members</b>	<b><u>490</u></b>
<b>Active members</b>	<b><u>299</u></b>
<b>Total covered employees</b>	<b><u><u>789</u></u></b>

**School Board Non-Professional Plan (Agent Plan)**

As of the June 30, 2021 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	<u>Number</u>
<b>Inactive members or their beneficiaries currently receiving benefits</b>	<b><u>70</u></b>
<i>Inactive members:</i>	
Vested inactive members	11
Non-vested Inactive members	60
LTD	-
Inactive members active elsewhere in VRS	<u>24</u>
<b>Total inactive members</b>	<b><u>165</u></b>
<b>Active members</b>	<b><u>70</u></b>
<b>Total covered employees</b>	<b><u><u>235</u></u></b>

**June 30, 2023**

---

**Note 8 - Pension Plan (Continued)**

C. Contributions

**County (Agent Plan)**

The contribution requirement for active employees is governed by Section 51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

The County's contractually required contribution rate for the year ended June 30, 2023, was 11.47% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by an employee during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the County were \$2,110,085 and \$1,604,862 for the years ended June 30, 2023, and 2022, respectively.

**School Board Non-Professional Plan (Agent Plan)**

The contribution requirement for active employees is governed by Section 51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

The School Board non-professional's contractually required contribution rate for the year ended June 30, 2023, was 6.54% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by an employee during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the School Board for the non-professional plan were \$140,821 and \$125,410 for the years ended June 30, 2023, and 2022, respectively.

June 30, 2023

---

**Note 8 - Pension Plan (Continued)**

C. Contributions (Continued)

**School Board Professional Plan (Cost-Sharing Plan)**

The contribution requirement for active employees is governed by Section 51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. The School Board professional's contractually required contribution rate for the year ended June 30, 2023 was 16.62% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the School Board for the professional plan were \$6,271,814 and \$5,570,195 for the years ended June 30, 2023, and June 30, 2022, respectively.

In June 2022, the Commonwealth made a special contribution of approximately \$442.4 million to the VRS Teacher Employee Plan. This special payment was authorized by a budget amendment included in Chapter 1 of the 2022 Appropriation Act, and is classified as a non-employer contribution.

D. Net Pension Liability

**County and School Board Non-Professional Plans (Agent Plans)**

The net pension liability (NPL) is calculated separately for each employer and represents that particular employer's total pension liability determined in accordance with GASB Statement No. 68, less that employer's fiduciary net position. For political subdivisions, the net pension liability was measured as of June 30, 2022. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2021, rolled forward to the measurement date of June 30, 2022.

**School Board Professional Plan (Cost-Sharing Plan)**

At June 30, 2023, the School Board reported a liability for the professional plan of \$35,697,485 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2021, and rolled forward to the measurement date of June 30, 2022. The School Board's proportion of the net pension liability was based on the School Board's actuarially determined employer contributions to the pension plan for the year ended June 30, 2022, relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2022, the School Board's proportion was 0.37495% as compared to 0.36300% at June 30, 2021.

June 30, 2023

**Note 8 - Pension Plan (Continued)**

D. Net Pension Liability (Continued)

**School Board Professional Plan (Cost-Sharing Plan)**

The net pension liability (NPL) is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB Statement No. 67, less that system's fiduciary net position. As of June 30, 2022, NPL amounts for the VRS Teacher Employee Retirement Plan is as follows (amounts expressed in thousands):

	<b>Teacher Employee Retirement Plan</b>
Total pension liability	\$ 54,732,329
Plan fiduciary net position	<u>45,211,731</u>
<b>Employers' net pension liability</b>	<b>\$ <u>9,520,598</u></b>
Plan fiduciary net position as a percentage of the total pension liability	82.61%

The total pension liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net pension liability is disclosed in accordance with the requirements of GASB Statement No. 67 in the System's notes to the financial statements and required supplementary information.

E. Actuarial Assumptions

**County and School Board Non-Professional Plans (Agent Plans)**

**General Employees**

The total pension liability for General Employee's in the County's retirement plan and the total pension liability for the General Employees in the School Board non-professional retirement plan were based on an actuarial valuation as of June 30, 2021, using the Entry Age Normal Actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022.

Inflation	2.50%
Salary increases, including inflation	3.50% - 5.35%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation

June 30, 2023

**Note 8 - Pension Plan (Continued)**

E. Actuarial Assumptions (Continued)

<i>Mortality rates:</i>	15% of deaths are assumed to be service-related
<i>Pre-Retirement:</i>	Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years
<i>Post-Retirement:</i>	Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years
<i>Post-Disablement:</i>	Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years
<i>Beneficiaries and Survivors:</i>	Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years
<i>Mortality Improvement:</i>	Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020.
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Rates	No change
Line of Duty Disability	No change
Discount Rate	No change

June 30, 2023

**Note 8 - Pension Plan (Continued)**

E. Actuarial Assumptions (Continued)

***Public Safety Employees with Hazardous Duty Benefits***

The total pension liability for Public Safety employees with Hazardous Duty Benefits in the County’s retirement plan was based on an actuarial valuation as of June 30, 2021, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date as of June 30, 2022.

Inflation	2.50%
Salary increases, including inflation	3.50% - 4.75%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation

<i>Mortality rates:</i>	45% of deaths are assumed to be service-related
<i>Pre-Retirement:</i>	Pub-2010 Amount Weighted Safety Employee Rates projected generationally with a Modified MP-2020 Improvement Scale; 95% of rates for males; 105% of rates for females set forward 2 years
<i>Post-Retirement:</i>	Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally with a Modified MP-2020 Improvement Scale; 110% of rates for males; 105% of rates for females set forward 3 years
<i>Post-Disablement:</i>	Pub-2010 Amount Weighted General Disabled Rates projected generationally with a Modified MP-2020 Improvement Scale; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years
<i>Beneficiaries and Survivors:</i>	Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally with a Modified MP-2020 Improvement Scale; 110% of rates for males and females set forward 2 years
<i>Mortality Improvement:</i>	Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

June 30, 2023

**Note 8 - Pension Plan (Continued)**

E. Actuarial Assumptions (Continued)

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Largest 10 Hazardous Duty
Disability Rates	No change
Salary Rates	No change
Line of Duty Disability	No change
Discount Rate	No change

**School Board Professional Plan (Cost-Sharing Plan)**

The total pension liability for the VRS Teacher retirement plan was based on an actuarial valuation as of June 30, 2021, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date as of June 30, 2022.

Inflation	2.50%
Salary increases, including inflation	3.50% - 5.95%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation

<i>Mortality rates:</i>	
<i>Pre-Retirement:</i>	Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males
<i>Post-Retirement:</i>	Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females
<i>Post-Disablement:</i>	Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females
<i>Beneficiaries and Survivors:</i>	Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally
<i>Mortality Improvement:</i>	Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the four-year period from July 1, 2016, through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

June 30, 2023

**Note 8 - Pension Plan (Continued)**

E. Actuarial Assumptions (Continued)

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Rates	No change
Line of Duty Disability	No change
Discount Rate	No change

F. Long-Term Expected Rate of Return

**County and School Board Non-Professional Plans (Agent Plans) and the School Board Professional Plan (Cost-Sharing Plan)**

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Target Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Average Long-Term Expected Rate of Return*
Public Equity	34.00%	5.71%	1.94%
Fixed Income	15.00%	2.04%	0.31%
Credit Strategies	14.00%	4.78%	0.67%
Real Assets	14.00%	4.47%	0.63%
Private Equity	14.00%	9.73%	1.36%
MAPS - Multi-Asset Public Strategies	6.00%	3.73%	0.22%
PIP - Private Investment Partnership	3.00%	6.55%	0.20%
<b>Total</b>	<b>100.000%</b>		<b>5.33%</b>
	Inflation		2.50%
	Expected arithmetic nominal return**		7.83%

\*The above allocation provides a one-year return of 7.83%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.72%, including expected inflation of 2.50%.

\*\*On October 10, 2019, the VRS Board elected a long-term rate of return of 6.75%, which was roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

June 30, 2023

Note 8 - Pension Plan (Continued)

G. Discount Rate

**County and School Board Non-Professional Plans (Agent Plans) and the School Board Professional Plan (Cost-Sharing Plan)**

The discount rate used to measure the total pension liabilities was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions; political subdivisions were also provided with an opportunity to use an alternate employer contribution rate. Through the fiscal year ending June 30, 2023, the rate contributed by the school division for the VRS Teacher Retirement Plan will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. For the year ended June 30, 2022, the alternate rate was the employer contribution rate used in FY 2012 or 100% of the actuarially determined employer contribution rate from the June 30, 2021, actuarial valuations, whichever was greater. From July 1, 2022 on, participating employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liabilities.

H. Changes in the Net Pension Liability (Asset)

**County Plan (Agent Plan)**

	Increase (Decrease)		
	Total Pension Liability	Plan Fiduciary Net Pension	Net Pension Liability/(Asset)
	(a)	(b)	(a) - (b)
<b><i>Balances at June 30, 2021</i></b>	\$ 59,473,574	\$ 60,180,036	\$ (706,462)
Changes for the Year:

**June 30, 2023**

**Note 8 - Pension Plan (Continued)**

J. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

**County Plan (Agent Plan)**

For the year ended June 30, 2023, the County recognized pension expense of \$1,376,213. At June 30, 2023, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

**County:**

	<b>Deferred Outflows of Resources</b>		<b>Deferred Inflows of Resources</b>	
Difference between expected and actual experience	\$ 15,999		\$(1,048,476)	
Changes in assumptions	\$ 713,562		-	
Net differences between projected and actual earnings on pension plan investments	-		\$(1,682,910)	
Employer contribution subsequent to the measurement date	\$ 2,110,085		-	
<b>Total</b>	<b>\$ 2,839,646</b>		<b>\$(2,731,386)</b>	

The \$2,110,085 reported as deferred outflows of resources related to pensions resulting from the County's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future reporting periods as follows:

<b>Reporting Year Ending June 30</b>	<b>Amount</b>
2024	\$ (620,738)
2025	(1,051,400)
2026	(1,156,800)
2027	827,113
2028	-
Thereafter	-
	<b>\$ (2,001,825)</b>

June 30, 2023

**Note 8 - Pension Plan (Continued)**

J. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

**School Board Non-Professional Plan (Agent Plan)**

For the year ended June 30, 2023, the School Board recognized pension expense related to its non-professional plan of \$(51,492). At June 30, 2023, the School Board reported deferred outflows of resources and deferred inflows of resources related to pensions for its non-professional plan from the following sources:

**School Board Non-Professional:**

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience		\$(74,059)
Changes in assumption	-	-
Net difference between projected and actual earnings on pension plan investments	-	\$(221,941)
Employer contributions subsequent to the measurement date	\$ 140,821	-
<b>Total</b>	<u>\$ 140,821</u>	<u>\$(296,000)</u>

The \$140,821 reported as deferred outflows of resources related to pensions resulting from the School Board non-professional plan's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2024. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense in future reporting periods as follows:

<u>Reporting Year Ended June 30</u>	<u>Amount</u>
2024	\$ (160,321)
2025	(89,718)
2026	(150,073)
2027	104,112
2028	-
Thereafter	-
	<u>\$ (296,000)</u>

June 30, 2023

**Note 8 - Pension Plan (Continued)**

J. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions  
(Continued)

**School Board Professional Plan (Cost-Sharing)**

For the year ended June 30, 2023, the School Board recognized pension expense related to the professional plan of \$1,939,851. Since there was a change in proportionate share between measurement dates, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions. Beginning with the June 30, 2022 measurement date, the difference between expected and actual contributions is included with the pension expense calculation.

At June 30, 2023, the School Board reported deferred outflows of resources and deferred inflows of resources related to pensions for the professional plan from the following sources:

**School Board Professional:**

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	-	\$(2,461,483)
Net difference between projected and actual earnings on pension plan investments	-	\$(4,654,204)
Changes in assumptions	\$ 3,365,554	-
Changes in proportionate share	\$ 1,332,505	\$(834,368)
Employer contributions subsequent to the measurement date	\$ 6,271,814	-
<b>Total</b>	<u>\$ 10,969,873</u>	<u>\$(7,950,055)</u>

The \$6,271,814 reported as deferred outflows of resources related to pensions resulting from the School Board's contributions for the professional plan subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future reporting periods as follows:

<u>Reporting Year Ending June 30</u>	<u>Amount</u>
2024	\$ (1,045,637)
2025	(1,515,473)
2026	(3,057,078)
2027	2,366,192
2028	-
Thereafter	-
	<u>\$ (3,251,996)</u>

**Note 9 – Other Post Employment Benefits Medical Insurance Program**

A. Plan Description

The County and the Isle of Wight County School Board (School Board) have defined benefit other postemployment benefit (OPEB) – medical insurance plans that provide OPEB for all permanent full-time employees of the County and the School Board. The plans have separate plan provisions. The plans were established by the respective Boards and any amendments to the plans must be approved by the Boards. These plans are single-employer defined benefit OPEB plan administered by the County and School Board. No assets are accumulated in a trust that meets the criteria in paragraph four of GASB Statement No. 75. These plans do not issue stand-alone financial reports.

The specific information for Medical Insurance Program’s OPEB, including eligibility, is set out in the tables below:

**County**

Isle of Wight County employees are eligible for retiree health benefits until Medicare eligibility once they meet Virginia Retirement System (VRS) pension eligibility requirements and have 15 years of service. Retirees are required to contribute 100% of the health benefit premium. Spouses are not eligible for retiree health care benefits.

**School Board**

Isle of Wight County School Board employees are eligible for retiree health benefits until Medicare eligibility once they meet Virginia Retirement System (VRS) pension eligibility requirements and have 15 years of service. Spouses are eligible to participate in the plan while the retiree is eligible for coverage by paying full cost of coverage. Coverage ends when retiree reaches Medicare age or passes away.

B. Employees Covered by Benefit Terms

At July 30, 2021 (valuation date), the following employees were covered by the benefit terms:

**County:**

	<u>Number</u>
Active Participants	277
Retiree participants	-
Spouses of Retirees	-
Beneficiaries	-
<b>Total</b>	<u><u>277</u></u>

**June 30, 2023**

**Note 9 – Other Post Employment Benefits Medical Insurance Program (Continued)**

B. Employees Covered by Benefit Terms (continued)

**School Board:**

	<i>Number</i>
Active Participants	611
Retiree participants	17
Spouses of Retirees	-
Beneficiaries	-
<b>Total</b>	<b>628</b>

C. Total Medical Insurance Program OPEB Liability

The County’s total Medical Insurance OPEB liability of \$1,135,201 was measured as of June 30, 2023, and was determined by an actuarial valuation as of July 1, 2021. The School Board’s total Medical Insurance OPEB liability of \$3,850,614 was measured as of June 30, 2023, and was determined by an actuarial valuation as of July 1, 2021.

D. Actuarial Assumptions and Other Inputs

The total Medical Insurance Program OPEB liabilities were based on an actuarial valuation as of July 1, 2021, using the Entry Age Normal actuarial cost method and the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%
Salary increases	3.50% per annum
Discount rate	3.65% per annum
Healthcare cost trend rates	5.20% graded down to 4.50% over 10 years

The discount rate was based on the Bond Buyer General Obligation 20-Bond Municipal Bond Index.

June 30, 2023

**Note 9 - Other Postemployment Benefits – Medical Insurance Program (Continued)**

F. Sensitivity of the Total Medical Insurance OPEB Liabilities to Changes in the Discount Rate

The following presents the total OPEB liabilities of the County and the School Board calculated using the stated discount rate, as well as what the County’s and the School Board’s total Medical Insurance OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.65%) or 1-percentage-point higher (4.65%) than the current discount rate (3.65%):

	<b>1% Decrease 2.65%</b>	<b>Current Discount Rate 3.65%</b>	<b>1% Increase 4.65%</b>
<b>County</b>	\$ 1,231,904	\$ 1,135,201	\$ 1,046,135
<b>School Board</b>	\$ 4,105,134	\$ 3,850,614	\$ 3,606,604

G. Sensitivity of the Total Medical Insurance OPEB Liabilities to Changes in Healthcare Cost Trend Rate

The following represents the total Medical Insurance OPEB liabilities of the County and the School Board calculated using the stated discount rate, as well as what the County’s and the School Board’s total Medical Insurance OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

	<b>1% Decrease</b>	<b>Current Trend Rate</b>	<b>1% Increase</b>
<b>County</b>	\$ 980,113	\$ 1,135,201	\$ 1,320,204
<b>School Board</b>	\$ 3,411,294	\$ 3,850,614	\$ 4,363,586

H. Medical Insurance OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Medical Insurance OPEB

For the year ended June 30, 2023, the County recognized Medical Insurance OPEB expense of \$(11,211) and the School Board recognized Medical Insurance OPEB expense of \$279,551.

County of Isle of Wight, Virginia

Notes to Basic Financial Statements

June 30, 2023

**Note 9 - Other Postemployment Benefits – Medical Insurance Program (Continued)**

At June 30, 2023, the County and School Board recognized deferred inflows and outflows of resources from the following sources:

	<u>County</u>		<u>School Board</u>	
	<u>Deferred Outflows of Resource</u>	<u>Deferred Inflows of Resources</u>	<u>Deferred Outflows of Resource</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 3,824	\$(146,950)	\$ 553,964	\$(927,902)
Changes in assumptions	\$ 34,105	\$(152,118)	\$ 337,311	\$(330,918)
	<u>\$ 37,929</u>	<u>\$(299,068)</u>	<u>\$ 891,275</u>	<u>\$(1,258,820)</u>

Amounts recognized as deferred inflows and outflows of resources will be recognized in the Medical Insurance OPEB expense in future reporting periods as follows:

<u>Reporting Year Ending June 30</u>	<u>County</u>	<u>School Board</u>
2024	\$ (110,839)	\$ (40,075)
2025	(76,489)	(50)
2026	(56,778)	(50)
2027	(17,033)	(61,417)
2028	-	(204,580)
Thereafter	-	(61,373)
	<u>\$ (261,139)</u>	<u>\$ (367,545)</u>

I. Medical OPEB Expense Detail

<u>Year Ending June 30, 2023</u>	<u>County</u>	<u>School Board</u>
Service Cost	\$ 94,728	\$ 188,349
Interest on total OPEB Liability	37,874	131,273
Recognition of Deferred Inflows/Outflows of Resources:		
Recognition of economic/demographic gains or losses	(83,846)	(81,154)
Recognition of assumption changes or inputs	(59,967)	41,083
<b>OPEB Expense / (Income)</b>	<u>\$ (11,211)</u>	<u>\$ 279,551</u>

**Note 10 - Other Postemployment Benefits – Group Life Insurance Program**

**Group Life Insurance**

The Virginia Retirement System (VRS) Group Life Insurance Program is a multiple employer, costsharing plan. It provides coverage to state employees, teachers, and employees of participating political subdivisions. The Group Life Insurance Program was established pursuant to § 51.1-500 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. The Group Life Insurance Program is a defined benefit plan that provides a basic group life insurance benefit for employees of participating employers. For purposes of measuring the net Group Life Insurance Program OPEB Liability, deferred outflows of resources and deferred inflows of resources related to the Group Life Insurance Program OPEB, and Group Life Insurance Program OPEB expense, information about the fiduciary net position of the VRS Group Life Insurance program OPEB and the additions to/deductions from the VRS Group Life Insurance Program OPEB's fiduciary net position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**A. Plan Description**

All full-time, salaried permanent employees of the County and the School Board non-professional and the School Board professional employees are automatically covered by the VRS Group Life Insurance Program (GLI) upon employment. This plan is administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

In addition to the Basic GLI benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional GLI Program. For members who elect the optional GLI coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from the members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured program, it is not included as part of the GLI OPEB.

The specific information for GLI OPEB, including eligibility, coverage and benefits is set out in the table below:

<b>GROUP LIFE INSURANCE PROGRAM PLAN PROVISIONS</b>
<p><b>Eligible Employees</b> The GLI was established July 1, 1960, for state employees, teachers and employees of political subdivisions that elect the program.</p> <p>Basic GLI coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their accumulated retirement member contributions and accrued interest.</p>

June 30, 2023

Note 10 - Other Postemployment Benefits – Group Life Insurance Program (continued)

A. Plan Description (continued)

<b>GROUP LIFE INSURANCE PROGRAM PLAN PROVISIONS</b>
<p><b>Benefit Amounts</b></p> <p>The benefits payable under the GLI Program have several components.</p> <ul style="list-style-type: none"><li>• Natural Death Benefit: The natural death benefit is equal to the employee’s covered compensation rounded to the next highest thousand and then doubled.</li><li>• Accidental Death Benefit: The accidental death benefit is double the natural death benefit.</li><li>• Other Benefit Provisions: In addition to the basic natural and accidental death benefits, the program provides additional benefits provided under specific circumstances. These include:<ul style="list-style-type: none"><li>o Accidental dismemberment benefit</li><li>o Safety belt benefit</li><li>o Repatriation benefit</li><li>o Felonious assault benefit</li><li>o Accelerated death benefit option</li></ul></li></ul>
<p><b>Reduction in Benefit Amounts</b></p> <p>The benefit amounts provided to members covered under the Group Life Insurance Program are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value.</p>
<p><b>Minimum Benefit Amount and Cost-of-Living Adjustment (COLA)</b></p> <p>For covered members with at least 30 years of service credit, there is a minimum benefit payable under the Group Life Insurance Program. The minimum benefit was set at \$8,000 by statute in 2015. This will be increased annually based on the VRS Plan 2 cost-of-living adjustment calculation. The minimum benefit adjusted for the COLA was \$8,984 as of June 30, 2023.</p>

B. Contributions

The contribution requirements for the Group Life Insurance Program are governed by § 51.1-506 and § 51.1-508 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the Group Life Insurance Program was 1.34% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.80% (1.34% X 60%) and the employer component was 0.54% (1.34% X 40%). Employers may elect to pay all or part of the employee contribution, however the employer must pay all of the employer contribution. Each employer’s contractually required employer contribution rate for the year ended June 30, 2023, was 0.54% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021.

June 30, 2023

**Note 10 - Other Postemployment Benefits – Group Life Insurance Program (Continued)**

B. Contributions (continued)

The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. In June 2022, the Commonwealth made a special contribution of approximately \$30.4 million to the Group Life Insurance plan. This special payment was authorized by a Budget Amendment included in Chapter 1 of the 2022 Appropriation Act.

Contributions to the GLI from the County and School Board for the years ended June 30, 2023 and June 30, 2022 were as follows.

	<b>FY 2023</b>	<b>FY 2022</b>
County	\$ 99,360	\$ 85,453
School Board Non-Professional	\$ 11,803	\$ 10,299
School Board Professional	\$ 204,299	\$ 188,426

C. GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Group Life Insurance Program OPEB

At June 30, 2023, the participating employers' reported liabilities for its proportionate share of the net GLI OPEB liability as follows:

	<b>FY 2023</b>	<b>FY 2022</b>
County	\$ 882,723	\$ 837,111
School Board Non-Professional	\$ 105,599	\$ 84,875
School Board Professional	\$ 1,931,491	\$ 1,804,620

The net GLI OPEB liability was measured as of June 30, 2022 and the total GLI OPEB liability used to calculate the net GLI OPEB liability was determined by an actuarial valuation performed as of June 30, 2021, and rolled forward to the measurement date of June 30, 2021. The covered employers' proportion of the net GLI OPEB liability was based on the covered employer's actuarially determined employer contributions to the GLI for the year ended June 30, 2022, relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2022, comparisons of the participating employers' proportions to June 30, 2021 are as follows:

	<b>FY 2022</b>	<b>FY 2021</b>
County	0.07331%	0.07190%
School Board Non-Professional	0.00877%	0.00729%
School Board Professional	0.16041%	0.15500%

June 30, 2023

**Note 10 - Other Postemployment Benefits – Group Life Insurance Program (Continued)**

C. GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Group Life Insurance Program OPEB (Continued)

For the year ended June 30, 2023, the County, School Board non-professional, and School Board professional employees recognized GLI OPEB expense of \$37,880, \$3,325, and \$68,973, respectively. Since there was a change in the proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2023, the employers reported deferred outflows of resources and deferred inflows of resources related to the GLI OPEB from the following sources:

**County:**

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 69,901	\$(35,413)
Net difference between projected and actual earnings on GLI OPEB program investments	-	\$(55,157)
Change in assumptions	\$ 32,924	\$(85,981)
Changes in proportion	\$ 29,994	\$(3,912)
Employer contributions subsequent to the measurement date	\$ 99,360	-
<b>Total</b>	<b>\$ 232,179</b>	<b>\$(180,463)</b>

The \$99,360 reported as deferred outflows of resources related to the GLI OPEB resulting from the employer's contributions made after the measurement date but before the end of the reporting period will be recognized as a reduction of the net GLI OPEB liability in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

<b>Reporting Year Ending June 30</b>	<b>Amount</b>
2024	\$ (5,782)
2025	(8,127)
2026	(40,866)
2027	10,460
2028	(3,329)
Thereafter	-
<b>Total</b>	<b>\$ (47,644)</b>

June 30, 2023

**Note 10 - Other Postemployment Benefits – Group Life Insurance Program (Continued)**

C. GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Group Life Insurance Program OPEB (Continued)

**School Board Non-Professional:**

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 8,362	\$(4,236)
Net difference between projected and actual earnings on GLI OPEB program investments	-	\$(6,598)
Change in assumptions	\$ 3,939	\$(10,286)
Changes in proportion	\$ 32,582	\$(32,309)
Employer contributions subsequent to the measurement date	\$ 11,803	-
<b>Total</b>	<b>\$ 56,686</b>	<b>\$(53,429)</b>

The \$11,803 reported as deferred outflows of resources related to the GLI OPEB resulting from the employer's contributions made after the measurement date but before the end of the reporting period will be recognized as a reduction of the net GLI OPEB liability in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

<b>Reporting Year Ending June 30</b>	<b>Amount</b>
2024	\$ (1,654)
2025	(1,051)
2026	(8,806)
2027	323
2028	2,642
Thereafter	-
<b>Total</b>	<b>\$ (8,546)</b>

June 30, 2023

**Note 10 - Other Postemployment Benefits – Group Life Insurance Program (Continued)**

C. GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Group Life Insurance Program OPEB (Continued)

**School Board Professional**

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 152,950	\$(77,487)
Net difference between projected and actual earnings on GLI OPEB program investments	-	\$(120,690)
Change in assumptions	\$ 72,042	\$(188,135)
Changes in proportion	\$ 80,237	\$(41,725)
Employer contributions subsequent to the measurement date	\$ 204,299	-
<b>Total</b>	<b>\$ 509,528</b>	<b>\$(428,037)</b>

The \$204,299 reported as deferred outflows of resources related to the GLI OPEB resulting from the employer's contributions made after the measurement date but before the end of the reporting period will be recognized as a reduction of the net GLI OPEB liability in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

<b>Reporting Year Ending June 30</b>	<b>Amount</b>
2024	\$ (25,699)
2025	(22,110)
2026	(91,582)
2027	18,484
2028	(1,901)
Thereafter	-
<b>Total</b>	<b>\$ (122,808)</b>

June 30, 2023

**Note 10 - Other Postemployment Benefits – Group Life Insurance Program (Continued)**

D. Actuarial Assumptions

The total GLI OPEB liability was based on an actuarial valuation as of June 30, 2021, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022.

Inflation	2.50%
Salary increases, including inflation:	
Teachers	3.50% - 5.95%
Locality - General employees	3.50% - 5.35%
Locality - Hazardous Duty employees	3.50% - 4.75%
Investment rate of return	6.75%, net of investment expenses, including inflation

**Mortality Rates – Teachers**

Pre-Retirement	Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males
Post-Retirement	Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females
Post-Disablement	Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females
Beneficiaries and Survivors	Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally
Mortality Improvement Scale	Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/ Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

June 30, 2023

**Note 10 - Other Postemployment Benefits – Group Life Insurance Program (Continued)**

D. Actuarial Assumptions (Continued)

*Mortality Rates – General Employees*

Pre-Retirement	Pub-2010 Amount Weighted Safety Employee Rates projected generationally; males set forward 2 years; 105% of rates for females set forward 3 years
Post-Retirement	Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 95% of rates for males set forward 2 years; 95% of rates for females set forward 1 year
Post-Disablement	Pub-2010 Amount Weighted General Disabled Rates projected generationally; 110% of rates for males set forward 3 years; 110% of rates for females set forward 2 years
Beneficiaries and Survivors	Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally
Mortality Improvement Scale	Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/ Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

June 30, 2023

**Note 10 - Other Postemployment Benefits – Group Life Insurance Program (Continued)**

D. Actuarial Assumptions (Continued)

*Mortality Rates – Hazardous Duty Employees*

Pre-Retirement	Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years
Post-Retirement	Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years
Post-Disablement	Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years
Beneficiaries and Survivors	Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years
Mortality Improvement Scale	Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates.

The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Top 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

June 30, 2023

**Note 10 - Other Postemployment Benefits – Group Life Insurance Program (Continued)**

E. Net GLI OPEB Liability

The net OPEB liability (NOL) for the GLI represents the program’s total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date June 30, 2022, NOL amounts for the GLI are as follows (amounts expressed in thousands):

	<b>Group Life Insurance OPEB Program</b>	
Total GLI OPEB Liability	\$	3,672,085
Plan Fiduciary Net Position		2,467,989
<b>GLI Net OPEB Liability (Asset)</b>	<b>\$</b>	<b>1,204,096</b>

Plan Fiduciary Net Position as a Percentage of the Total GLI OPEB Liability 67.21%

The total GLI OPEB liability is calculated by the System’s actuary, and each plan’s fiduciary net position is reported in the System’s financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System’s notes to the financial statements and required supplementary information.

F. Long-Term Expected Rate of Return

The long-term expected rate of return on the System’s investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System’s investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<b>Asset Class (Strategy)</b>	<b>Long-Term Target Asset Allocation</b>	<b>Arithmetic Long-Term Expected Rate of Return</b>	<b>Weighted Average Long-Term Expected Rate of Return*</b>
Public Equity	34.00%	5.71%	1.94%
Fixed Income	15.00%	2.04%	0.31%
Credit Strategies	14.00%	4.78%	0.67%
Real Assets	14.00%	4.47%	0.63%
Private Equity	14.00%	9.73%	1.36%
MAPS - Multi-Asset Public Strategies	6.00%	3.73%	0.22%
PIP - Private Investment Partnership	3.00%	6.55%	0.20%
<b>Total</b>	<b>100.00%</b>		<b>5.33%</b>
	Inflation		2.50%
	Expected arithmetic nominal return**		7.83%

June 30, 2023

**Note 10 - Other Postemployment Benefits – Group Life Insurance Program (Continued)**

F. Long-Term Expected Rate of Return (Continued)

- \* The above allocation provides a one-year return of 7.83%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.72%, including expected inflation of 2.50%.
- \*\*On October 10, 2019, the VRS Board elected a long-term rate of return of 6.75%, which was roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

G. Discount Rate

The discount rate used to measure the total GLI OPEB Liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2022, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Boardcertified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. From July 1, 2022 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB’s fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB Liability.

H. Sensitivity of the Participating Employers’ Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the participating employers’ proportionate share of the net GLI OPEB liability using the discount rate of 6.75%, as well as what the participating employers’ proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	<b>1% Decrease (5.75)%</b>	<b>Current Discount Rate (6.75)%</b>	<b>1% Increase (7.75)%</b>
<b>County</b>	\$ 1,284,465	\$ 882,723	\$ 558,060
<b>School Board Non-Professional</b>	\$ 153,659	\$ 105,599	\$ 66,760
<b>School Board Professional</b>	\$ 2,810,546	\$ 1,931,491	\$ 1,221,095

I. Group Life Insurance Program Fiduciary Net Position

Detailed information about the Group Life Insurance Program's Fiduciary Net Position is available in the separately issued VRS 2022 *Annual Comprehensive Financial Report* (Annual Report). A copy of the 2022 VRS Annual Report may be downloaded from the VRS website [varetire.org/Pdf/Publications/2022-annual-report.pdf](http://varetire.org/Pdf/Publications/2022-annual-report.pdf), or by writing to the System’s Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

June 30, 2023

**Note 11 - Other Postemployment Benefits – Health Insurance Credit Program**

A. Plan Description

The County has two types of Health Insurance Credit Program (HIC) OPEB plans: (1) a multiple-employer, agent defined benefit plan for political subdivisions (County and School Board Non-Professional Plan), and (2) a multiple-employer, cost-sharing plan for VRS teacher employees (School Board professional plan). For the County plan, all full-time, salaried permanent employees of participating political subdivisions are automatically covered by the VRS Political Subdivision Health Insurance Credit Program (HIC) upon employment. For the School Board professional Plan, all full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Employee Health Insurance Credit Program. These plans are administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The health insurance credit is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree’s death.

**County & School Board Non-Professional Plan**

The specific information about the County Health Insurance Credit (HIC) OPEB, including eligibility, coverage and benefits is set out in the table below:

<b>POLITICAL SUBDIVISION HIC PLAN PROVISIONS</b>
<p><b><i>Eligible Employees</i></b>                      The Political Subdivision Retiree HIC was established July 1, 1993, for retired political subdivision employees of employers who elect the benefit and who retire with at least 15 years of service credit.</p> <p>Eligible employees are enrolled automatically upon employment. They include:</p> <ul style="list-style-type: none"> <li>• Full-time permanent salaried employees of the participating political subdivision who are covered under the VRS pension plan.</li> </ul>
<p><b><i>Benefit Amounts</i></b>                      The political subdivision's Retiree HIC provides the following benefits for eligible employees:</p> <ul style="list-style-type: none"> <li>• At Retirement: For employees who retire, the monthly benefit is \$1.50 per year of service per month with a maximum benefit of \$45.00 per month.</li> <li>• Disability Retirement: For employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is \$45.00 per month.</li> </ul>
<p><b><i>Health Insurance Credit Program Notes</i></b></p> <ul style="list-style-type: none"> <li>• The monthly HIC benefit cannot exceed the individual premium amount.</li> <li>• No HIC for premiums paid and qualified under Line of Duty Act (LODA); however, the employee may receive the credit for premiums paid for other qualified health plans.</li> <li>• Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the HIC as a retiree.</li> </ul>

B. Employees Covered by Benefit Terms

**County Plan**

As of the June 30, 2021 actuarial valuation, the following employees were covered by the benefit terms of the HIC OPEB plan.

	<u>June 30, 2021</u>
Active	162
Total Inactive	39
Retirees <sup>1</sup>	37
Disabled	-
Inactive, Vested	2
Inactive, Active Elsewhere in VRS	-
<b>Total Participants<sup>2</sup></b>	<u><u>201</u></u>

<sup>1</sup>The 2021 count of retirees is a combination of retiree and disabled retiree counts.

**School Board Non-Professional Plan**

As of the June 30, 2021 actuarial valuation, the following employees were covered by the benefit terms of the HIC OPEB plan.

	<u>June 30, 2022</u>
Active	70
Total Inactive	<u>17</u>
<b>Total Participants<sup>2</sup></b>	<u><u>87</u></u>

*County of Isle of Wight, Virginia*

*Notes to Basic Financial Statements*

---

**June 30, 2023**

---

**Note 11 - Other Postemployment Benefits – Health Insurance Credit Program (Continued)**

C. Contributions

The contribution requirement for active employees is governed by Section 51.1-1402(E) of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. For the year ended June 30, 2023, the contractually required employer contribution rates for the County, School Board non-professional and School Board professional were 0.16%, 0.69% and 1.21%, respectively, of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the HIC Program from the participating employers for the years ended June 30, 2023, and June 30, 2022, were as follows:

	<b>FY 2023</b>	<b>FY 2022</b>
County	\$ 16,326	\$ 17,952
School Board Professional	456,612	421,174
School Board Non-Professional	14,857	9,189

In June 2022, the Commonwealth made a special contribution of approximately \$12 million to the VRS Teacher Health Insurance Credit Program. This special payment was authorized by a budget amendment included in Chapter 1 of the 2022 Appropriation Act, and is classified as a nonemployer contribution.

D. Net HIC OPEB Liability

**County & School Board Non-Professional Plans**

The County plan's net HIC OPEB liability was measured as of June 30, 2022. The total HIC OPEB liability was determined by an actuarial valuation performed as of June 30, 2021, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022.

**School Board Professional Plan**

The net OPEB liability (NOL) for the Teacher Employee HIC represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2022, NOL amounts for the VRS Teacher Employee HIC are as follows (amounts expressed in thousands):

*County of Isle of Wight, Virginia*

*Notes to Basic Financial Statements*

**June 30, 2023**

**Note 11 - Other Postemployment Benefits – Health Insurance Credit Program (Continued)**

	<b>Teacher Employee HIC OPEB Plan</b>
Total teacher employee HIC OPEB liability	\$ 1,470,891
Plan fiduciary net position	<u>221,845</u>
Teacher employee net HIC OPEB Liability (Asset)	<u>\$ 1,249,046</u>
Plan Fiduciary Net Position as a Percentage of the Total Teacher Employee HIC OPEB Liability	15.08%

The total Teacher Employee HIC OPEB liability is calculated by the System’s actuary, and the plan’s fiduciary net position is reported in the System’s financial statements. The net Teacher Employee HIC OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System’s notes to the financial statements and required supplementary information.

**E. Actuarial Assumptions**

The total HIC OPEB liabilities were based on an actuarial valuation as of June 30, 2021, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022.

Inflation	2.50%
Salary increases, including inflation:	
Locality-General Employees	3.50%-5.35%
Locality- Hazardous Duty Employees	3.50%-4.75%
Teacher Employees	3.50%-5.95%
Investment rate of return	6.75%, net of investment expenses, including inflation

*County of Isle of Wight, Virginia*

*Notes to Basic Financial Statements*

**June 30, 2023**

**Note 11 - Other Postemployment Benefits – Health Insurance Credit Program (Continued)**

E. Actuarial Assumptions (continued)

***Mortality Rates – General Employees***

Pre-Retirement	Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years
Post-Retirement	Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years
Post-Disablement	Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years
Beneficiaries and Survivors	Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years
Mortality Improvement Scale	Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

County of Isle of Wight, Virginia

Notes to Basic Financial Statements

June 30, 2023

Note 11 - Other Postemployment Benefits – Health Insurance Credit Program (Continued)

E. Actuarial Assumptions (continued)

*Mortality Rates – Hazardous Duty Employees*

Pre-Retirement	Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years
Post-Retirement	Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years
Post-Disablement	Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years
Beneficiaries and Survivors	Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years
Mortality Improvement Scale	Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Top 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

*County of Isle of Wight, Virginia*

*Notes to Basic Financial Statements*

**June 30, 2023**

**Note 11 - Other Postemployment Benefits – Health Insurance Credit Program (Continued)**

E. Actuarial Assumptions (continued)

***Mortality Rates – Teachers***

Pre-Retirement	Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males
Post-Retirement	Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females
Post-Disablement	Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females
Beneficiaries and Survivors	Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally
Mortality Improvement Scale	Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

June 30, 2023

**Note 11 - Other Postemployment Benefits – Health Insurance Credit Program (Continued)**

F. Long-Term Expected Rate of Return

The long-term expected rate of return on VRS System investments was determined using a lognormal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of VRS System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<b>Asset Class (Strategy)</b>	<b>Long-Term Target Asset Allocation</b>	<b>Arithmetic Long-Term Expected Rate of Return</b>	<b>Weighted Average Long-Term Expected Rate of Return*</b>
Public Equity	34.00%	5.71%	1.94%
Fixed Income	15.00%	2.04%	0.31%
Credit Strategies	14.00%	4.78%	0.67%
Real Assets	14.00%	4.47%	0.63%
Private Equity	14.00%	9.73%	1.36%
MAPS - Multi-Asset Public Strategies	6.00%	3.73%	0.22%
PIP - Private Investment Partnership	3.00%	6.55%	0.20%
<b>Total</b>	<b>100.00%</b>		<b>5.33%</b>
Inflation			2.50%
** Expected arithmetic nominal return			7.83%

\*The above allocation provides a one-year return of 7.83%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.72%, including expected inflation of 2.50%

\*\*On October 10, 2019, the VRS Board elected a long-term rate of return of 6.75%, which was roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

June 30, 2023

**Note 11 - Other Postemployment Benefits – Health Insurance Credit Program (Continued)**

G. Discount Rate

The discount rate used to measure the total HIC OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2022, the rate contributed by the entity for the HIC OPEB was 100% of the actuarially determined contribution rate. From July 1, 2022, on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the HIC OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total HIC OPEB liability.

H. Changes in Net HIC OPEB Liability

**County Plan**

	Increase (Decrease)		
	Total HIC OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net HIC OPEB Liability (a) - (b)
<b>Balance at June 30, 2021</b>	\$ 276,682	\$ 233,705	\$ 42,977

I. Sensitivity of the HIC Net OPEB Liabilities to Changes in the Discount Rate

The following presents the net HIC OPEB liabilities using the discount rate of 6.75%, as well as what the net HIC OPEB liabilities would be if they were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	1% Decrease (5.75)%	Current Discount Rate (6.75)%	1% Increase (7.75)%
<b>School Board Professional</b>	\$ 5,257,299	\$ 4,664,814	\$ 4,162,580
<b>School Board Non-Professional</b>	\$ 116,925	\$ 105,396	\$ 95,482
<b>County</b>	\$ 124,714	\$ 91,026	\$ 62,169

June 30, 2023

**Note 11 - Other Postemployment Benefits – Health Insurance Credit Program (Continued)**

J. HIC OPEB Liabilities, HIC OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to HIC OPEB

**County Plan**

For the year ended June 30, 2023, the County plan recognized HIC OPEB expense of \$9,010. At June 30, 2023, the County plan reported deferred outflows of resources and deferred inflows of resources related to the HIC OPEB from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 2,680	\$(19,944)
Net difference between projected and actual earnings on investments	-	\$(5,751)
Change in assumptions	\$ 55,288	\$(57)
Employer contributions subsequent to the measurement date	\$ 16,326	-
<b>Total</b>	<b>\$ 74,294</b>	<b>\$(25,752)</b>

The \$16,326 reported as deferred outflows of resources related to the HIC OPEB resulting from the County plan's contributions subsequent to the measurement date will be recognized as a reduction of the total HIC OPEB liability in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIC OPEB will be recognized in the HIC OPEB expense in future reporting periods as follows (amounts expressed in the thousands):

<b>Reporting Year Ending June 30</b>	<b>Amount</b>
2024	\$ 5,176
2025	3,384
2026	4,386
2027	12,013
2028	7,257
Thereafter	-
<b>Total</b>	<b>\$ 32,216</b>

June 30, 2023

**Note 11 - Other Postemployment Benefits – Health Insurance Credit Program (Continued)**

J. HIC OPEB Liabilities, HIC OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to HIC OPEB (Continued)

**School Board Non-Professional Plan**

For the year ended June 30, 2023, the School Board Non-Professional plan recognized HIC OPEB expense of \$11,216. At June 30, 2023, the School Board Non-Professional plan reported deferred outflows of resources related to the HIC OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	-	\$(10,416)
Net difference between projected and actual earnings on investments	\$ 352	-
Change in assumptions	\$ 14,756	-
Employer contributions subsequent to the measurement date	\$ 14,857	-
<b>Total</b>	<b>\$ 29,965</b>	<b>\$(10,416)</b>

The \$14,857 reported as deferred outflows of resources related to the HIC OPEB resulting from the School Board Non-Professional plan’s contributions subsequent to the measurement date will be recognized as a reduction of the total HIC OPEB liability in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIC OPEB will be recognized in the HIC OPEB expense in future reporting periods as follows (amounts expressed in the thousands):

Reporting Year Ending June 30	Amount
2024	\$ 1,869
2025	1,869
2026	832
2027	122
2028	-
Thereafter	-
<b>Total</b>	<b>\$ 4,692</b>

June 30, 2023

**Note 11 - Other Postemployment Benefits – Health Insurance Credit Program (Continued)**

J. HIC OPEB Liabilities, HIC OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to HIC OPEB (Continued)

**School Board Professional Plan**

At June 30, 2023, the School Board professional plan reported a liability of \$4,664,814 for its proportionate share of the VRS Teacher Employee HIC Program Net OPEB liability. The Net VRS Teacher Employee HIC OPEB liability was measured as of June 30, 2022 and the total VRS Teacher Employee HIC OPEB liability used to calculate the Net VRS Teacher Employee HIC OPEB liability was determined by an actuarial valuation performed as of June 30, 2021 and rolled forward to the measurement date of June 30, 2022. The School Board professional plan’s proportion of the Net VRS Teacher Employee HIC OPEB liability was based on the School Board professional plan’s actuarially determined employer contributions to the VRS Teacher Employee HIC OPEB plan for the year ended June 30, 2022, relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2022, the School Board professional plan’s proportion of the VRS Teacher Employee HIC was 0.37347% as compared to 0.36082% at June 30, 2021.

For the year ended June 30, 2023, the School Board professional plan recognized VRS Teacher Employee HIC OPEB expense of \$376,007. Since there was a change in proportionate share between measurement dates a portion of the VRS Teacher Employee HIC Net OPEB expense was related to deferred amounts from changes in proportionate share and differences between actual and expected contributions.

At June 30, 2023, the School Board professional plan reported deferred outflows of resources and deferred inflows of resources related to the VRS Teacher Employee HIC OPEB from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	-	\$(190,145)
Net difference between projected and actual earnings on program investments	-	\$(4,682)
Change in assumptions	\$ 136,283	\$(11,912)
Changes in proportionate share	\$ 168,998	\$(105,222)
Employer contributions subsequent to the measurement date	\$ 456,612	-
<b>Total</b>	<b>\$ 761,893</b>	<b>\$(311,961)</b>

June 30, 2023

---

**Note 11 - Other Postemployment Benefits – Health Insurance Credit Program (Continued)**

J. HIC OPEB Liabilities, HIC OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to HIC OPEB (Continued)

**School Board Professional Plan (Continued)**

The \$456,612 reported as deferred outflows of resources related to the Teacher Employee HIC OPEB resulting from the School Board professional plan’s contributions subsequent to the measurement date will be recognized as a reduction of the total Teacher Employee HIC OPEB liability in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIC OPEB will be recognized in the HIC OPEB expense in future reporting periods as follows:

<b>Reporting Year Ending June 30</b>	<b>Amount</b>
2024	\$ (11,032)
2025	(5,805)
2026	179
2027	11,231
2028	(8,262)
Thereafter	7,009
<b>Total</b>	<b>\$ (6,680)</b>

K. Health Insurance Credit Program Plan Data

Detailed information about the VRS County and School Board Health Insurance Credit is available in the separately issued VRS 2022 *Annual Comprehensive Financial Report* (Annual Report). A copy of the 2022 VRS Annual Report may be downloaded from the VRS website [varetire.org/pdf/publications/2022-annual-report.pdf](http://varetire.org/pdf/publications/2022-annual-report.pdf), or by writing to the System’s Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

June 30, 2023

**Note 12 - Other Postemployment Benefits – Virginia Local Disability Program**

A. Plan Description

The County has two types of Virginia Local Disability Programs (VLDP) OPEB plans. The first plan, for the County and School Board non-professional employees, is a multiple-employer cost-sharing plan for political subdivisions. The second plan, for the School Board professional employees, is a multiple-employer cost-sharing plan for VRS teacher employees. For the County and School Board non-professional plans, all full-time, salaried general employees, including local law enforcement officers, firefighters, or emergency medical technicians of the County and School Board non-professional plans who do not provide enhanced hazardous duty benefits; who are in the VRS Hybrid Retirement Plan benefit structure and whose employer has not elected to opt out of the VRS-sponsored program are automatically covered by the VRS Political Subdivision Employee VLDP. For the School Board professional plan, all full-time, salaried permanent (professional) employees of public school divisions who are in the VRS Hybrid Retirement Plan benefit structure and whose employer has not elected to opt out of the VRS-sponsored program are automatically covered by the VRS Teacher Employee VLDP. These plans are administered by the System, along with pension and other OPEB plans, for eligible public employer groups in the Commonwealth of Virginia. These plans are required by Title 51.1 of the Code of Virginia, as amended, to provide short-term and long-term disability benefits for their hybrid plan employees either through a local plan or through the VLDP.

The specific information for each plan and the eligibility for covered groups within each plan are set out in the table below:

<b>POLITICAL SUBDIVISION AND TEACHER EMPLOYEE VLDP PLAN PROVISIONS</b>
<p><b>County and School Board Non-Professional Plans</b></p> <p><i>Eligible Employees</i></p> <p>The Political Subdivision Employee VLDP was implemented January 1, 2014 to provide short-term and long-term disability benefits for non-work-related and work-related disabilities for employees with Hybrid retirement benefits. Eligible employees are enrolled automatically upon employment, unless their employer has elected to provide comparable coverage. They include:</p> <ul style="list-style-type: none"> <li>• Full-time general employees; including local law enforcement officers, firefighters, or emergency medical technicians who do not have enhanced hazardous duty benefits; of public political subdivisions covered under VRS.</li> </ul> <p><b>School Board Professional Plan</b></p> <p><i>Eligible Employees</i></p> <p>The Teacher Employee Virginia Local Disability Program was implemented January 1, 2014, to provide short-term and long-term disability benefits for non-work-related and work-related disabilities for employees with hybrid plan retirement benefits. Eligible employees are enrolled automatically upon employment, unless their employer has elected to provide comparable coverage. They include:</p> <ul style="list-style-type: none"> <li>• Teachers and other full-time permanent (professional) salaried employees of public school divisions covered under VRS.</li> </ul>

**Note 12 - Other Postemployment Benefits – Virginia Local Disability Program (Continued)**

A. Plan Description (Continued)

***Benefit Amounts***

The Political Subdivision Employee and the Teacher Employee VLDP provides the following benefits for eligible employees:

*Short-Term Disability:*

- The program provides a short-term disability benefit beginning after a seven-calendar-day waiting period from the first day of disability. Employees become eligible for non-work-related short-term disability coverage after one year of continuous participation.
- During the first five years of continuous participation in VLDP with their current employer, employees are eligible for 60% of their pre-disability income if they go out on non-work-related or work-related disability.
- Once the five-year eligibility period is satisfied, employees are eligible for higher income replacement levels.

*Long-Term Disability:*

- The VLDP program provides a long-term disability benefit beginning after 125 workdays of short-term disability. Members are eligible if they are unable to work or are working fewer than 20 hours per week.
- Members approved for long-term disability will receive 60% of their pre-disability income. If approved for work-related long-term disability, the VLDP benefit will be offset by the workers' compensation benefit. Members will not receive a VLDP benefit if their workers' compensation benefit is greater than the VLDP benefit.

**Virginia Local Disability Program Notes**

- Members approved for short-term or long-term disability at age 60 or older will be eligible for a benefit, provided they remain medically eligible.
- VLDP Long-Term Care Plan is a self-funded program that assists with the cost of covered long-term care services.

June 30, 2023

**Note 12 - Other Postemployment Benefits – Virginia Local Disability Program (Continued)**

B. Contributions

The contribution requirement for active hybrid plan employees is governed by Section 51.1-1178(C) of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to the County, School Board non-professional, and School Board professional plans by the Virginia General Assembly. For the year ended June 30, 2023, the contractually required employer contribution rates of covered employee compensation for employees in the VLDP for the County, School Board non-professional, and School Board professional plans were 0.85%, 0.85%, and 0.47%, respectively. These rates were based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the VLDP from the County, School Board non-professional plan, and School Board professional plan to the VLDP from the participating employers for the years ended June 30, 2023, and June 30, 2022 were as follows:

	<b>FY 2023</b>	<b>FY 2022</b>
County	\$ 47,357	\$ 38,924
School Board Non-Professional	\$ 8,143	\$ 5,174
School Board Professional	\$ 66,050	\$ 54,565

C. VLDP OPEB Liability, VLDP OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the VLDP OPEB

At June 30, 2023, the County, School Board non-professional, and School Board professional plans reported OPEB assets of \$5,884, \$782 and \$1,622, respectively for their proportionate share of their VLDP Net OPEB liabilities. The VLDP Net OPEB liabilities were measured as of June 30, 2022, and the total VLDP OPEB liabilities used to calculate the VLDP net OPEB liabilities were determined by actuarial valuations as of June 30, 2021, and rolled forward to the measurement date of June 30, 2022. The County, School Board non-professional, and School Board professional plans' proportions of the VLDP Net OPEB liabilities were based on the County, School Board non-professional, and School Board professional plans' actuarially determined employer contributions to their VLDP OPEB plans for the year ended June 30, 2022, relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2022, comparisons of the participating employers' proportions to June 30, 2021 are as follows:

	<b>FY 2022</b>	<b>FY 2021</b>
County	1.00081%	0.99627%
School Board Non-Professional	0.13306%	0.09363%
School Board Professional	1.44244%	1.28996%

For the year ended June 30, 2023, the County, School Board non-professional, and School Board professional plans recognized VLDP OPEB expenses of \$32,142, \$4,314 and \$41,313, respectively. Since there was a change in proportionate share between measurement dates, a portion of the VLDP net OPEB expenses were related to deferred amounts from changes in proportion.

*County of Isle of Wight, Virginia*

*Notes to Basic Financial Statements*

**June 30, 2023**

**Note 12 - Other Postemployment Benefits – Virginia Local Disability Program (Continued)**

C. VLDP OPEB Liability, VLDP OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the VLDP OPEB (continued)

**County Plan**

At June 30, 2023, the County plan reported deferred outflows of resources and deferred inflows of resource related to VLDP OPEB from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 8,273	\$(12,591)
Net difference between projected and actual earnings on investments	-	\$(26)
Changes in proportion	\$ 57	\$(89)
Change in assumptions	\$ 225	\$(2,111)
Employer contributions subsequent to the measurement date	\$ 47,357	-
<b>Total</b>	<b>\$ 55,912</b>	<b>\$(14,817)</b>

The \$47,357 reported as deferred outflows of resources related to the VLDP OPEB resulting from the County plan’s contributions subsequent to the measurement date will be recognized as a reduction of the net VLDP OPEB liability in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Political Subdivision Employee VLDP OPEB will be recognized in the Political Subdivision Employee VLDP OPEB expense in future reporting periods as follows:

<b>Reporting Year Ending June 30</b>	<b>Amount</b>
2024	\$ (465)
2025	(545)
2026	(2,749)
2027	312
2028	(408)
Thereafter	(2,407)
<b>Total</b>	<b>\$ (6,262)</b>

June 30, 2023

**Note 12 - Other Postemployment Benefits – Virginia Local Disability Program (Continued)**

C. VLDP OPEB Liability, VLDP OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the VLDP OPEB (continued)

**School Board Non-Professional Plan**

At June 30, 2023, the School Board non-professional reported deferred outflows of resources and deferred inflows of resource related to VLDP OPEB from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 1,100	\$(1,674)
Net difference between projected and actual earnings on investments	-	\$(3)
Changes in proportion	\$ 501	\$(924)
Change in assumptions	\$ 30	\$(281)
Employer contributions subsequent to the measurement date	\$ 8,143	-
<b>Total</b>	<b>\$ 9,774</b>	<b>\$(2,882)</b>

The \$8,143 reported as deferred outflows of resources related to the VLDP OPEB resulting from the School Board non-professional plan’s contributions subsequent to the measurement date will be recognized as a reduction of the net VLDP OPEB liability in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the VLDP OPEB will be recognized in the VLDP OPEB expense in future reporting periods as follows:

<b>Reporting Year Ending June 30</b>	<b>Amount</b>
2024	\$ (21)
2025	(45)
2026	(469)
2027	(39)
2028	(127)
Thereafter	(550)
<b>Total</b>	<b>\$ (1,251)</b>

June 30, 2023

**Note 12 - Other Postemployment Benefits – Virginia Local Disability Program (Continued)**

C. VLDP OPEB Liability, VLDP OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the VLDP OPEB (continued)

**School Board Professional Plan**

At June 30, 2023, the School Board professional plan reported deferred outflows of resources and deferred inflows of resources related to the VLDP OPEB from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 19,127	\$(4,921)
Net difference between projected and actual earnings on investments	-	\$(451)
Changes in proportion	\$ 261	\$(765)
Change in assumptions	\$ 4,838	-
Employer contributions subsequent to the measurement date	\$ 66,050	-
<b>Total</b>	<b>\$ 90,276</b>	<b>\$(6,137)</b>

The \$66,050 reported as deferred outflows of resources related to the VLDP OPEB resulting from the School Board professional plan’s contributions subsequent to the measurement date will be recognized as a reduction of the net VLDP OPEB liability in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the VLDP OPEB will be recognized in the VLDP OPEB expense in future reporting periods as follows:

<b>Reporting Year Ending June 30</b>	<b>Amount</b>
2024	\$ 1,220
2025	1,234
2026	923
2027	3,172
2028	1,750
Thereafter	9,790
<b>Total</b>	<b>\$ 18,089</b>

*County of Isle of Wight, Virginia*

*Notes to Basic Financial Statements*

**June 30, 2023**

**Note 12 - Other Postemployment Benefits – Virginia Local Disability Program (Continued)**

D. Actuarial Assumptions

The total VLDP OPEB liability was based on an actuarial valuation as of June 30, 2021, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022.

Inflation	2.50%
Salary increases, including inflation:	
Political Subdivision Employees	3.50%-5.35%
Teacher Employees	3.50%-5.95%
Investment rate of return	6.75%, including inflation

**County and School Board Non-Professional Plan**

Mortality Rates – General and Non-Hazardous Duty Employees

Pre-Retirement	Pub-2010 Amount Weighted General Employee Rates projected generationally; males set forward 2 years; 105% of rates for females set forward 3 years
Post-Retirement	Pub-2010 Amount Weighted General Healthy Retiree Rates projected generationally; 95% of rates for males set forward 2 years; 95% of rates for females set forward 1 year
Post-Disablement	Pub-2010 Amount Weighted General Disabled Rates projected generationally; 110% of rates for males set forward 3 years; 110% of rates for females set forward 2 years
Beneficiaries and Survivors	Pub-2010 Amount Weighted General Contingent Annuitant Rates projected generationally
Mortality Improvement Scale	Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

June 30, 2023

**Note 12 - Other Postemployment Benefits – Virginia Local Disability Program (Continued)**

D. Actuarial Assumptions (continued)

The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020, except the change in discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

**School Board Professional Plan**

Mortality Rates – Teachers

Pre-Retirement	Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males
Post-Retirement	Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females
Post-Disablement	Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females
Beneficiaries and Survivors	Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally
Mortality Improvement Scale	Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

June 30, 2023

**Note 12 - Other Postemployment Benefits – Virginia Local Disability Program (Continued)**

D. Actuarial Assumptions (continued)

The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

E. Net VLDP OPEB Liability

The net OPEB liabilities (NOL) for the County, School Board non-professional and School Board professional plans VLDP represents the programs’ total OPEB liabilities determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2022, NOL amounts for the County, School Board non-professional and School Board professional plans VLDP is as follows (amounts expressed in thousands):

	<b>County and School Board Non-Professional Plans</b>	<b>School Board Professional Plan</b>
	<b>VLDP OPEB Plans</b>	
Total Employee VLDP OPEB liability	\$ 7,360	\$ 7,207
Plan fiduciary net position	7,948	7,320
<b>Employers’ net VLDP OPEB liability (asset)</b>	<b>\$ (588)</b>	<b>\$ (113)</b>
Plan fiduciary net position as a percentage of the total VLDP OPEB liability	107.99%	101.57%

The total VLDP OPEB liabilities are calculated by the System’s actuary, and the plan’s fiduciary net positions are reported in the System’s financial statements. The net VLDP OPEB liabilities are disclosed in accordance with the requirements of GASB Statement No. 74 in the System’s notes to financial statements and required supplementary information.

June 30, 2023

**Note 12 - Other Postemployment Benefits – Virginia Local Disability Program (Continued)**

F. Long-Term Expected Rate of Return

The long-term expected rate of return on VRS System investments was determined using a lognormal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of VRS System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<b>Asset Class (Strategy)</b>	<b>Long-Term Target Asset Allocation</b>	<b>Arithmetic Long-Term Expected Rate of Return</b>	<b>Weighted Average Long-Term Expected Rate of Return*</b>
Public Equity	34.00%	5.71%	1.94%
Fixed Income	15.00%	2.04%	0.31%
Credit Strategies	14.00%	4.78%	0.67%
Real Assets	14.00%	4.47%	0.63%
Private Equity	14.00%	9.73%	1.36%
MAPS - Multi-Asset Public Strategies	6.00%	3.73%	0.22%
PIP - Private Investment Partnership	3.00%	6.55%	0.20%
<b>Total</b>	<b>100.00%</b>		<b>5.33%</b>
Inflation			2.50%
** Expected arithmetic nominal return			7.83%

\* The above allocation provides a one-year return of 7.83%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.72%, including expected inflation of 2.50%.

\*\* On October 10, 2019, the VRS Board elected a long-term rate of return of 6.75%, which was roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%

G. Discount Rate

The discount rate used to measure the total VLDP OPEB was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2022, the rate contributed by the County and School Board non-professional and professional plans for the VLDP will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2022, on, all agencies are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the School Board non-professional and School board professional plans VLDP OPEB plans' fiduciary net positions were projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total School Board non-professional School Board professional plans VLDP OPEB liabilities.

June 30, 2023

**Note 12 - Other Postemployment Benefits – Virginia Local Disability Program (Continued)**

H. Sensitivity of the VLDP Net OPEB Liability to Changes in the Discount Rate

The following presents the proportionate share of the net VLDP OPEB liabilities using the discount rate of 6.75%, as well as what the proportionate share of the net VLDP OPEB liabilities would be if they were calculated using a discount rate that is one percentage point lower 5.75% or one percentage point higher 7.75% than the current rate:

	<b>1% Decrease (5.75%)</b>	<b>Current Discount Rate (6.75%)</b>	<b>1% Increase (7.75%)</b>
County	\$ 624	\$(5,884)	\$(11,535)
School Board Non-Professional	\$ 83	\$(782)	\$(1,534)
School Board Professional	\$ 11,750	\$(1,622)	\$(13,187)

I. VLDP OPEB Fiduciary Net Position

Detailed information about the School Board non-professional plan VLDP’s Fiduciary Net Position is available in the separately issued VRS 2022 *Annual Comprehensive Financial Report* (Annual Report). A copy of the 2022 VRS Annual Report may be downloaded from the VRS website at [varetire.org/Pdf/Publications/2022-annual-report.pdf](http://varetire.org/Pdf/Publications/2022-annual-report.pdf), or by writing to the System’s Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

**June 30, 2023**

---

**Note 13 – Commitments and Contingent Liabilities**

**A. Joint Ventures**

***Southeastern Public Service Authority (SPSA)***

The County is a member of the Southeastern Public Authority ("SPSA"), together with the Cities of Chesapeake, Franklin, Norfolk, Portsmouth, Suffolk, Virginia Beach and the County of Southampton. SPSA operates a regional system for the reception, transfer, processing and disposal of solid waste. Under intergovernmental contracts with SPSA ("Use and Support Agreements"), each member government is required to dispose of 95% of the waste generated within its jurisdiction and to pay SPSA's costs through "tipping fees" payments. Due to certain in-kind contributions, Suffolk is not subject to these tipping fees, and Virginia Beach's tipping fee payment obligations are capped. The effect of this structure is that Chesapeake, Franklin, Isle of Wight, Norfolk, Portsmouth and Southampton are contractually obligated to provide for the break-even operations of SPSA's solid waste system, based on relative population.

***Western Tidewater Water Authority (WTWA)***

In September 2009, the County amended its agreement with the Western Tidewater Water Authority ("WTWA") which provides for construction of the Western Branch Pipeline used to convey purchased raw water. The amendment to the contract contains provisions for the Authority to negotiate a water supply agreement between the Cities of Suffolk and Norfolk and the County. In addition, the County pays a fixed charge as an outside customer to the City of Suffolk to reserve the capacity for County's annual water resource requirements. The County pays a fixed charge to the Western Tidewater Water Authority for access to its water supply reservoir. In fiscal year 2023, the County contributed approximately \$1,190,812 to the Authority for the City of Norfolk and \$1,745,021 to the City of Suffolk. The County also contributed \$32,510 during the year for its share of costs incurred by the Authority.

**B. Post Closure Landfill Costs**

State and federal laws and regulations require the County to perform certain continuing maintenance and monitoring functions subsequent to the closure of a landfill site. The County ceased accepting solid waste at its landfill in 1987 and completed initial closure measures in that same year. The County closed its landfill prior to the date mandated by state and federal law and regulation and, therefore, the County is only liable for post-closure monitoring. During fiscal year 2006, the County was deemed to be in violation of the Virginia Solid Waste Management Regulations and the approved Closure Plan. The County submitted a corrective action plan to the Commonwealth's Department of Environmental Quality. During 2008, the County provided for additional financial assurance in the amount of \$1,000,000. This amount was reduced to the actual cost of implementation of the CAP, upon approval of VDEQ. The current estimated future annual total cost of the post-closure monitoring and maintenance is \$1,884,658 based on the expected cost for all equipment, facilities and services required to monitor and maintain the landfill post-closure.

During the fiscal year ended June 30, 2023, the County expended \$123,417 in post-closure costs. The current costs of landfill closure and post-closure care is an estimate subject to changes resulting from inflation, technology or change in applicable laws or regulations.

June 30, 2023

---

**Note 13 – Commitments and Contingent Liabilities (Continued)**

**C. Risk Management**

The County and School Board are exposed to various risks of loss related to torts; theft of, damage to or destruction of assets; errors and omissions; injuries to employees; and natural disasters. For general liability, automobile liability and workers compensation and employers' liability, the County participates with other localities in the Virginia Association of Counties (VACO) Risk Management Program. The VACO Risk Management Program provides counties and county related agencies with insurance coverage for property and liability insurance and risk management services through the Virginia Association of Counties Group Self- Insurance Risk Pool (VACoRP).

The County pays an annual premium for its share of the cost of the insurance which includes general liability, product liability and personal injury with a limit of \$5,000,000 for each occurrence; \$5,000,000 combined limit for auto liability and \$1,000,000 limit for workers compensation coverage and Cyber Risk \$3,000,000 per claim.

The School Board participates in the Virginia School Boards Association Property & Casualty Pool for its general liability and automobile liability with limits of \$1,000,000, respectively, for each occurrence.

The School Board's workers' compensation coverage is \$500,000 and the School board has additional excess liability coverage and there have not been any reductions in insurance coverage for the County or the School Board from the prior year and settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

The School Health Benefits Internal Service Fund was established to account for the School Board's group health insurance. The School Board provides insurance benefits from this fund through its third-party administrator. The School Board pays the basic premiums for the employees' coverage into the fund and allows employees to select additional benefits for themselves and their dependents with premiums paid by the employees for such additional benefits. Contracted insurance providers receive disbursements from the fund based on monthly enrollment and premium calculations. All funds are available to pay claims, claim reserves and administrative costs of the program.

The changes in medical claims liability for the three years ended June 30, 2023 are as follows:

	<u>2023</u>	<u>2022</u>	<u>2021</u>
Claims liabilities, beginning of year	\$ 413,660	\$ 296,180	\$ 516,992
Claims and changes in estimates	7,135,425	6,163,366	5,993,195
Claims payments and changes in estimates	<u>(6,989,106)</u>	<u>(6,045,886)</u>	<u>(6,214,007)</u>
Claims liabilities, end of year	<u>\$ 559,979</u>	<u>\$ 413,660</u>	<u>\$ 296,180</u>

June 30, 2023

Note 13 – Commitments and Contingent Liabilities (Continued)

**D. Encumbrances**

Outstanding encumbrances at year end represent the estimated amount of the expenditures required to complete contracts, purchase orders and other commitments in process of completion at fiscal year end. Encumbrances are reflected in the financial statements as a part of Assigned Fund Balance. Outstanding encumbrances as of June 30, 2023 for the County are as follows:

<u>Governmental Funds</u>	
General Fund	\$ 261,886
Capital Projects	10,251,510
County Fair	56
E-911	7,847
Total	<u>\$ 10,521,299</u>

**E. Pension and Other Post Employment Benefits**

Pension and Other Post Employment Benefits (OPEB) are long term liabilities created by a commitment to provide benefits to employees post employment. The Net Pension Liability and Net OPEB Liability are determined by an actuarial assessment and presented on the face of the financial statements. Amounts for deferred inflows and deferred outflows are also presented on the face of the financial statements. Details about the actuarial assessment and inflows and outflows are presented in the Pension and OPEB note disclosures. Individual plan expenses are also presented in those notes. Aggregate amounts of the recognized pension expense and OPEB expense for the Fiscal Year ended June 30, 2023 are presented below.

Aggregate pension expense recognized for the fiscal year ended June 30, 2023

	<u>County</u>	<u>School Board Professional</u>	<u>School Board Non-Professional</u>	<u>Total</u>
Pension Expense	\$ 1,376,213	\$ 1,939,851	\$ (51,492)	\$ 3,264,572

Aggregate other post employment benefits expense recognized as of June 30, 2023

	<u>County</u>	<u>School Board Professional</u>	<u>School Board Non-Professional</u>	<u>Total</u>
Medical Insurance	\$ (11,211)	\$ 279,551	\$ -	\$ 268,340

Health Insurance Credit	9,010	376,007	11,216	396,233
Disability Program	32,142	41,313	4,314	77,769
	<u>\$ 67,821</u>	<u>\$ 765,844</u>	<u>\$ 18,855</u>	<u>\$ 852,520</u>

*County of Isle of Wight, Virginia*

*Notes to Basic Financial Statements*

---

**June 30, 2023**

---

**Note 13 – Commitments and Contingent Liabilities (Continued)**

**F. Contingencies**

Amounts received or receivable for grants or contracts from outside agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed amounts, including amounts already collected, may constitute a liability of the applicable funds. The amounts, if any, which may be disallowed by any grantors, cannot be determined at this time, but management of the County believes any such amounts will be immaterial to its financial position.

**G. Litigation**

The County is a defendant in litigation filed by a party alleging the County's failure to maintain a drainage easement resulting in erosion and unlawful taking of their real property. The County is vigorously defending the case. The facts and legal basis of this case are similar to a matter in which the County received a favorable decision. The County believes that it will also prevail in this matter and no contingency has been recognized in the financial statements. The possible outcome ranges from a verdict for the County to a loss of approximately \$150,000.

**Note 14 – Deferred and Unavailable Revenue**

At June 30, 2023, deferred and unavailable revenue were reported as follows:

	<u>Government-wide Statements</u>	<u>Balance Sheet</u>
	<u>Governmental Activities</u>	<u>Governmental Funds</u>
Unavailable property tax revenue representing uncollected property tax billings that are not available for the funding of current expenditures	\$	\$ 3,935,531
Assessments intended to fund future expenditures	16,065,696	16,065,696
Prepaid property taxes due in future periods but paid in advance by taxpayers	<u>149,531</u>	<u>149,531</u>
	<u>\$ 16,215,227</u>	<u>\$ 20,150,758</u>

**Note 15 – Annexation Agreement**

The County has entered into an agreement with the City of Franklin (City) whereby the City waived any and all of its rights and power to seek the annexation of the County's territory within a designated area adjacent to the City. In return, the County agreed to share local tax revenues collected by the County within the designated area using a predetermined formula. For the year ended June 30, 2023, the payments made to the City were \$816,565 for collections through June 30, 2022.

**Note 16 - Tax Abatements**

Isle of Wight County negotiates performance agreements on an individual basis with private entities to stimulate investments and job creation. There were no tax abatements in fiscal year 2023.

**Note 19- Prior Period Adjustment**

**A. Restatements**

When prior period adjustments are recorded, the resulting effects are disclosed in the notes to the financial statements. For single-period statements, the disclosure must indicate the effects of these adjustments on the beginning net position for the current reporting period and on the change in net position for the immediately preceding period (prior fiscal year). The County's Governmental Activities had an adjustment to beginning net position related to an error in reporting Deferred Inflow of Resources for property taxes.

The County levies taxes on assessed personal property, machinery and tools (M&T), and business equipment on a calendar year basis. The assessment is determined by property values as of January 1st of each year and the levy is determined by the tax rates adopted by the County Board of Supervisors (the "Board") around April of that same year. The County operates on a June 30th fiscal year, with a budget adopted by the Board comprised of one-half of each calendar year's personal property taxes (that overlap the fiscal year) and a full calendar year of M&T and business equipment that funds, and is collected during the fiscal year that begins July 1.

For example, the County's budget for the year ended June 30, 20X2 is comprised of one-half of calendar year 20X1 personal property taxes and one-half of calendar year 20X2 personal property taxes, with the second half of calendar year 20X2 personal property taxes budgeted to fund fiscal year 20X3. Additionally, M&T and business equipment taxes levied for calendar year 20X2 are budgeted to fund fiscal year 20X3. The second half of personal property tax is due in December 20X2 and M&T and business equipment are due in August and December of 20X2 and provides funding for the adopted budget of the 20X3 fiscal year.

The adoption of the budget to use the calendar year tax levy for expenditures of the following fiscal year creates the start of the period for which levied. Therefore, the County reports the second half of the personal property tax levy and all of the M&T and business equipment tax as a Deferred Inflow of Resources in the Fund Statements. For this same reason, the County will also report a Deferred Inflow of Resources in the Government Wide Statements for the second half of the tax levy which is a change from prior years' accounting practices.

Governmental Activities

Net Position, July 1, 2022, as previously stated	\$ 35,793,345
Prior period adjustments:	
Error correction, deferred revenue	(14,526,577)
<u>Net Position, July 1, 2022, as restated</u>	<u>\$ 21,266,768</u>

***Required Supplementary Information***

---

**June 30, 2023**

---

**Notes to Budget and Actual Required Supplementary Information**

The following procedures are used by the County in establishing the budgetary data reflected in the financial statements:

1. On or before April 1, the County Administrator submits to the Board of Supervisors a proposed operating and capital budget for the fiscal year commencing the following July 1. The General and Capital Projects Fund budgets include proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain citizen comments.
3. Prior to June 30, the budget is legally enacted through passage of an Appropriations Resolution.
4. The Appropriations Resolution places legal restrictions on expenditures at the fund level or classification level. Only the Board of Supervisors can revise the appropriation for each fund or classification. The County Administrator is authorized to transfer budgeted amounts within general government funds. However, the School Board is authorized to transfer budgeted amounts within the school system's classifications.
5. Formal budgetary integration is employed as a management control device during the year and budgets are legally adopted for the General, Special Revenue, Capital Projects, and Proprietary funds of the Primary Government and Component Unit - School Board.
6. All budgets are adopted on a basis consistent with U.S. generally accepted accounting principles.
7. Appropriations lapse on June 30 for all County units with the exception of funds, contracts, projects that have been restricted, committed or assigned may be carried over ("ROLLED OVER") annually. This process is authorized by the annual budget ordinance Section 10 and meets the budget and appropriation requirements mandated by state law. All unexpended appropriations of the School Board revert back to the County at the end of each fiscal year.
8. The Primary Government has assigned fund balance for encumbrances.

## Notes to Schedule:

\* Includes contributions (mandatory and match on voluntary) to the defined contribution portion of the Hybrid Retirement Plan.

\* As of January 1, 2024, VRS will require separation of defined benefit and defined contribution rates and the plans will be required to be administered separately. As a result, this schedule will not reflect the hybrid portion going forward.

*County of Isle of Wight, Virginia*

*Notes to Required Supplementary Information Virginia Retirement System*

**June 30, 2023**

**Note 1. Change of benefit terms:** There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

**Note 2. Changes of assumptions:** The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

**NON-HAZARDOUS DUTY EMPLOYEES:**

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020.
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

**HAZARDOUS DUTY EMPLOYEES:**

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Rates Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Largest 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

**TEACHER (PROFESSIONAL) EMPLOYEES:**

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

**June 30, 2023**

**I. Medical Insurance Programs**

***Changes of Benefit Terms***

There have been no actuarially material changes to the Virginia Retirement System benefit provisions since the prior actuarial valuation.

***Actuarial Assumptions***

Changes of assumptions and other inputs reflect the effects of changes in the discount rate each period. The following is the discount rate used for the period presented:

2023	3.65%
------	-------

The healthcare trend assumption was updated. These rates are consistent with information from the Getzen Trend Model, Milliman's Health Cost Guidelines, and actuarial judgement. The healthcare trend assumption includes the impact of the Further Consolidated Appropriations Act, 2020, which became law on December 20, 2019. This law repeals the Cadillac Tax completely and removes the Health Insurer Fee permanently beginning in 2021.

***Mortality Rates***

Pre-Retirement Mortality Rates	RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with Scale BB to 2020; males setback 1 year, 85% of rates; females setback 1 year. 25% of deaths are assumed to be service-related.
Post-Retirement Mortality Rates	RP-2014 Employee Rates to age 49, Healthy Annuitant rates at ages 50 and older projected with Scale BB to 2020; males set forward 1 year; females setback 1 year with 1.5% increase compounded from ages 70 to 85.
Post-Disablement Mortality Rates	RP-2014 Disabled Mortality Rates projected with Scale BB to 2020; males 115% of rates; females 130% of rates.

***Total OPEB Liability***

The Valuation Date is July 1, 2021. This is the date as of which the actuarial valuation is performed. The Measurement Date is June 30, 2023. This is the date as of which the total OPEB liability is determined. The Reporting Date is June 30, 2023. This is the employer's fiscal year ending date. The total OPEB liability was determined by an actuarial valuation as of the valuation date, calculated based on the discount rate and other actuarial assumptions, and was then projected forward to the measurement date.

No assets are accumulated in a trust that meets the criteria in GASB 75 to pay related benefits.

**Notes to Required Supplementary Information - OPEB (Continued)**

**June 30, 2023**

**II. Group Life Insurance Program**

***Changes of Benefit Terms***

There have been no actuarially material changes to the Virginia Retirement System benefit provisions since the prior actuarial valuation.

***Changes of Assumptions***

The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

**School Board Professional**

*Teachers*

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1;set separate rates based on experience for Plan 2/Hybrid;changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

**County and School Board Non-Professional Plans**

*General Employees*

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1;set separate rates based on experience for Plan 2/Hybrid;changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

**Notes to Required Supplementary Information - OPEB (Continued)**

**June 30, 2023**

*Hazardous Duty Employees*

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Top 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

**III. Health Insurance Credit Program**

***Changes to Benefit Terms***

There have been no actuarially material changes to the Virginia Retirement System benefit provisions since the prior actuarial valuation.

***Changes of Assumptions***

The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 20, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

**County and School Board Non-Professional Plan**

*Non-Largest Ten Locality Employers - General Employees*

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

*Major Governmental Funds*

---

**Year Ended June 30, 2023**

---

The following funds are presented with other supplementary information:

- The *Capital Projects Fund* accounts for revenues and expenditures related to capital projects undertaken by the County as a governmental function. Financial statements have been presented in the Financial Section. This section provides additional budgetary data not presented elsewhere. This fund receives local, state and federal funding depending on the nature of the capital project.
- The *Debt Service Fund* accounts for resources assigned for repayments of principal and interest on the long-term debt of the County when a separate fund is required by debt covenants or management desires to build debt reserves. The County does not currently have any debt covenants requiring the debt service fund. This Fund also records the transactions for debt refundings. Financial statements have been presented in the Financial Section. This section provides additional budgetary data not presented elsewhere.

*This page intentionally left blank*

*County of Isle of Wight, Virginia*

*Other Supplementary Information*  
*Nonmajor Governmental Funds*

---

**Year Ended June 30, 2023**

---

The following is a brief description of the nonmajor governmental funds reported by the County:

- The ***Department of Social Services Fund*** accounts for revenues and expenditures related to services provided to citizens in the community. Revenues are derived from state and federal funding.
- The ***Children's Services Fund*** accounts for revenues and expenditures related to services provided to the youth of the County. Revenues are derived from state and local funding.
- The ***E-911 Fund*** accounts for revenues and expenditures related to operation of the Emergency Communications Center, which supports all Public Safety Response Agencies of the county. Revenues are derived from local and state collected E911 wireless taxes and recovered costs from the County and the towns of Smithfield and Windsor.
- The ***Community Development Block Grant Fund*** accounts for revenues and expenditures related to management of the Federal rehabilitation loan program for individuals.
- The ***County Fair Fund*** accounts for revenues and expenditures related to services provided to the community to provide entertainment activities emphasizing the agriculture industry of the county. Revenues are derived from charges for services and local funding.
- The ***Grants Fund*** accounts for special revenues that are legally restricted to expenditures for specified purposes. The Grants Fund provides accounting for certain federal and state grants awarded to the County.

*County of Isle of Wight, Virginia**Component Unit – School Board**Reconciliation of the Governmental Funds' Balance Sheet to the Statement of Net Position***June 30, 2023**

<b>Total fund balances - School Board - governmental funds</b>	\$ 2,924,185
--	--------------

Amounts reported for government activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the fund statements, net of accumulated depreciation.

Non depreciable capital assets	1,750,617
Depreciable capital assets	151,087,919
Accumulated depreciation and amortization	(76,015,288)

Pension and OPEB assets are not available resources and, therefore are not reported in the funds

Net pension asset	388,271
Net OPEB asset	2,404

Long-term obligations are not due and payable in the current period and are not reported in funds.

Direct borrowing	(5,362,507)
Lease liability	(680,079)
Compensated absences	(589,297)
OPEB liability	(10,657,914)
Net pension liability	(35,697,485)
Accrued interest	(22,087)

Deferred outflows of resources related to pension	11,110,694
Deferred outflows of resources related to OPEB	2,349,397
Deferred inflows of resources related to pension	(8,246,055)
Deferred inflows of resources related to OPEB	(2,071,682)

The internal service fund is used by management to charge the cost of health benefits. The assets and liabilities of the internal services fund is included in governmental activities in the Statement of Net Position.

*County of Isle of Wight, Virginia**Component Unit – School Board**Reconciliation of the Governmental Funds' Statements of Revenues, Expenditures, and Changes in Fund Balances to the Statement of Activities***For the Fiscal Year Ended June 30, 2023**

<b>Net change in fund balances - School Board - governmental funds</b>	\$	987,525
--	----	---------

Amounts reported for governmental activities in the statements  
of Net Position are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense exceeds capital outlays and transfers.

Capital outlay		1,426,679
Depreciation expense		(3,531,929)
Right to use lease asset, net amortization		159,036

Debt proceeds provide current financial resources to governmental funds but issuing debt increases long term liabilities in the statement of net position. Repayment of principal is an expenditure of the governmental funds but the repayment reduces long term liabilities in the statement of net position.

Lease liabilities issued		(273,306)
Repayment of direct borrowings		567,362
Repayment of lease liability		108,505

Special contributions received from the Commonwealth for the teacher cost sharing pool are not reported in the governmental funds		1,658,670
---	--	-----------

Some expenses reported in the Statement of Activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Increase in compensated absences		(64,566)
OPEB expense		300,765
Pension benefit		4,524,275
Increase in accrued interest		3,382

The internal service fund is used by management to charge the cost of health benefits. The net loss of the internal service fund is reported with governmental activities in the Statement of Activities

**June 30, 2022**

---

This part of the County of Isle of Wight’s Annual Comprehensive Financial Report presents detailed information as context for understanding the information in the financial statements, note disclosures and required supplementary information.

**Contents**

**Exhibits**

Financial Trends

C-1 through C-4

These tables contain trend information to help the reader assess the factors affecting the County’s ability to generate its property and sales taxes.

Revenue Capacity

C-5 through C-10

These tables contain information to help the reader assess the factors affecting the County’s ability to generate its property and sales taxes.

Debt Capacity

C-11 through C-13

These tables present information to help the reader assess the affordability of the County’s current levels of outstanding debt and the County’s ability to issue debt in the future.

Demographic and Economic Information

C-14

These tables offer demographic and economic indicators to help the reader understand the environment within which the County’s financial activities take place and to help make comparisons over time and with other governments.

Operating Information

C-15 through C-17

These tables contain information about the County’s operation and resources to help the reader understand how the County’s financial information relates to the services the County provides and the activities it performs.

*Sources:* Unless otherwise noted, the information in these tables is derived from the Annual Comprehensive Financial Report for the relevant year.

**Independent Auditors' Report on Internal Control over Financial Reporting  
and on Compliance and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance with *Government Auditing Standards***

---

To the Honorable Members of the Board of Supervisors  
County of Isle of Wight  
Isle of Wight, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of County of Isle of Wight, Virginia as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise County of Isle of Wight, Virginia's basic financial statements, and have issued our report thereon dated January 2, 2024.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered County of Isle of Wight, Virginia's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of County of Isle of Wight, Virginia's internal control. Accordingly, we do not express an opinion on the effectiveness of County of Isle of Wight, Virginia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified. We did identify a certain deficiency in internal control described in the accompanying schedule of findings and questioned costs as 2023-001 that we consider to be a material weakness.

## Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether County of Isle of Wight, Virginia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item 2023-002.

## County of Isle of Wight, Virginia's Response to Findings

*Government Auditing Standards* required the auditor to perform limited procedures on County of Isle of Wight, Virginia's response to the findings identified in our audit as described in the accompanying schedule of findings and questioned costs. County of Isle of Wight, Virginia's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

## Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditors' Report on Compliance for Each Major Program and on  
Internal Control over Compliance Required by the Uniform Guidance**

---

To the Honorable Members of the Board of Supervisors  
County of Isle of Wight  
Isle of Wight, Virginia

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited County of Isle of Wight, Virginia's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of County of Isle of Wight, Virginia's major federal programs for the year ended June 30, 2023. County of Isle of Wight, Virginia's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, County of Isle of Wight, Virginia complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of County of Isle of Wight, Virginia and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of County of Isle of Wight, Virginia's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to County of Isle of Wight, Virginia's federal programs.

## ***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on County of Isle of Wight, Virginia's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about County of Isle of Wight, Virginia's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding County of Isle of Wight, Virginia's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of County of Isle of Wight, Virginia's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of County of Isle of Wight, Virginia's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

## Report on Internal Control over Compliance (Continued)

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## COUNTY OF ISLE OF WIGHT, VIRGINIA

Notes to Schedule of Expenditures of Federal Awards  
Year Ended June 30, 2023

---

### Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the schedule) includes the federal award activity of the County of Isle of Wight, Virginia under programs of the federal government for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the reporting requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County of Isle of Wight, Virginia, it is not intended to and does not present the financial position, changes in net position or cash flows of the County of Isle of Wight, Virginia.

### Note 2 - Summary of Significant Accounting Policies

(1) Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(2) Pass-through entity identifying numbers are presented where available.

### Note 3 - Food Donation

Nonmonetary assistance is reported in the schedule at the fair market value of the commodities received and disbursed.

### Note 4 - De Minimis Cost Rate

The County did not elect to use the 10-percent de minimis indirect cost rate allowed under Uniform Guidance.

### Note 5 - Loan Balances

The County has no loans or loan guarantees which are subject to reporting requirements for the current year.

### Note 6 - Relationship to Financial Statements

Federal expenditures, revenues and capital contributions are reported in the County's basic financial statements as follows:

Intergovernmental federal revenues per the basic financial statements:

Primary government:

General Fund	\$	371,506
Capital Projects Fund		203,732
Department of Social Services Fund		1,971,098
Children's Services Fund		49,770
Grants Fund		233,995
		<hr/>
Total primary government	\$	2,830,101

Component Unit School Board:

School Operating Fund	\$	740,953
School Cafeteria Fund		1,991,737
School Grants Fund		5,673,488
		<hr/>
Total Component Unit School Board	\$	8,406,178

Total federal expenditures per basic financial statements	\$	11,236,279
---	----	------------

Amounts required to reconcile federal revenues to expenditures:

Less: QSCB federal interest subsidy	\$	(319,580)
-------------------------------------	----	-----------

Total federal expenditures per the Schedule of Expenditures of Federal Awards	\$	10,916,699
---	----	------------

Auditee qualified as low-risk auditee?	Yes
--	-----

COUNTY OF ISLE OF WIGHT, VIRGINIA

Schedule of Findings and Questioned Costs (Continued)  
Year Ended June 30, 2023

---

**Section II - Financial Statement Findings**

2023-001 (Material Weakness)

*Criteria:* Identification of material adjustments to the financial statements that were not detected by the Component Unit School Board's internal controls indicates that a material weakness exists.

*Condition:* The Component Unit School Board's financial statements did not contain all necessary adjustments to reconcile to the entity's internal documents to comply with generally accepted accounting principles (GAAP).

*Effect:* There is a reasonable possibility that a material misstatement of the Component Unit School Board's financial statements will not be prevented or detected by the entity's internal controls over financial reporting.

*Cause:* Internal controls were not in place over financial reporting and year-end adjusting entries were not identified prior to the auditor's arrival to conduct the audit.

*Recommendation:* The Component Unit School Board should implement steps and controls to improve its financial reporting process.

*Management's Response:* The Component Unit School Board is taking corrective action for FY24.

**Section III - Federal Award Findings and Questioned Costs**

Finding 2023-002: Eligibility - Child Nutrition Cluster (Assistance Listing Number 10.553/10.555/10.559)

*Program:* Child Nutrition Cluster (Assistance Listing Number 10.553/10.555/10.559)

*Criteria:* Applicants who meet the published federal income eligibility guidelines should be given free or reduced price meals as applicable.

*Condition:* Thirty-five applications were selected for testing. The School Board incorrectly approved two applications for free meals, when they should have been approved for reduced. One application was approved for reduced meals, when it should have been approved for free. One application was denied, when it should have been approved for free. Additionally, there were seven applicants selected where the application could not be provided by the School Board.

*Cause:* Household income and family size data were incorrectly entered into the online software, and other applications were misplaced.

*Effect:* Applicants were not approved or denied appropriately.

*Recommendation:* Controls should be strengthened to ensure that the amounts entered into the online software are accurate.

*Views of Responsible Officials:* The Component Unit School Board is considering corrective action for FY24.

COUNTY OF ISLE OF WIGHT, VIRGINIA

Schedule of Findings and Questioned Costs (Continued)  
Year Ended June 30, 2023

---

**Section IV - Commonwealth of Virginia Findings**

2023-003

- Criteria:* Section 22.1-81 of the Code of Virginia requires local school boards to report revenues, expenditures, positions, and other information annually to the State Board of Education using the Annual School Report.
- Condition:* The School Board has not yet prepared the Annual School Report.
- Effect:* The State Board of Education has not been provided with the Annual School Report for the year ended June 30, 2023.
- Cause:* Procedures were not in place to properly prepare the Annual School Report by the due date of September 15, 2023.
- Recommendation:* School Board management should have procedures in place to ensure that the Annual School Report is completed and submitted to the State Board of Education by September 15th.
- Management's Response:* The Component Unit School Board is taking corrective action for FY24.
