# **VIRGINIA BEACH CITY PUBLIC SCHOOLS**

## **CHARTING THE COURSE**

November 18, 2019

The Honorable Members of the School Board  
and the Citizens of the  
City of Virginia Beach, Virginia:

We are pleased to submit to you the Comprehensive Annual Financial Report of the School Board of the City of Virginia Beach, Virginia (the School Board) for the fiscal year ended June 30, 2019. Responsibility for the accuracy of the data and the completeness and fairness of presentation, including all disclosures, rests with management. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the Governmental Activities and various funds of the School Board. All disclosures necessary to enable the reader to gain an understanding of the School Board's financial activities have been included.

The Comprehensive Annual Financial Report is divided into four sections:

Introductory Section – includes this Transmittal Letter, reproductions of the Government Finance Officers Association (GFOA) and the Association of School Business Officials (ASBO) financial reporting certificate awards, the School Board members (June 30, 2019), and an Organizational Chart (June 30, 2019).

Financial Section – includes the Independent Auditors' Report, Management's Discussion and Analysis (MD&A), Basic Financial Statements, Notes to the Basic Financial Statements, Required Supplementary Information for Retirement, Other Postemployment Benefits and Major Governmental Funds, Notes to the Required Supplementary Information, and Combining and Individual Fund Statements and Schedules for Nonmajor Funds.

Statistical Section – includes a number of tables and graphs that present various financial, student/personnel, demographic, economic, and other information, for the School Board and City of Virginia Beach, generally presented on a multi-year basis.

Compliance Section – includes the Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.

Generally Accepted Accounting Principles require that management provide a narrative introduction, overview, and analysis to accompany the Basic Financial Statements in the form of MD&A. This Transmittal Letter is designed to complement MD&A and should be read in conjunction with it. The School Board's MD&A is presented immediately following the Independent Auditors' Report.

The School Board of the City of Virginia Beach is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996. Information related to this single audit, including the Schedule of Expenditures of Federal Awards, findings and recommendations, if any, and auditors' reports, is included in the City of Virginia Beach's Comprehensive Annual Financial Report.

### THE REPORTING ENTITY AND ORGANIZATION

The present City of Virginia Beach (City) was formed on January 1, 1963 by the merger of Princess Anne County and the former, smaller City of Virginia Beach. This merger created one of the largest cities in the Commonwealth of Virginia with an area of 310 square miles and 38 miles of shoreline on the Atlantic Ocean and the Chesapeake Bay.

The School Board is responsible for elementary and secondary education within the city. The elected eleven-member School Board, vested with legislative powers, appoints the Superintendent who is the executive and administrative head of the public school division. The City Council approves the School Board's operating budget, levies the necessary taxes to finance their portion of the operations, and approves the borrowing of money and issuance of bonds when necessary. The City Council is prohibited from exercising any control over specific appropriations within the operating budget of the School Board. However, City Council may exercise control in total by major categories (e.g., Instruction; Administration, Attendance and Health; Pupil Transportation; Operations and Maintenance; Technology) as prescribed by the Code of Virginia, as amended.

In accordance with the requirements of the Governmental Accounting Standards Board (GASB), the financial reporting entity consists of the primary government (the City of Virginia Beach), as well as its component units, which are legally separate organizations for which the City Council is financially accountable (e.g., a component unit that is fiscally dependent on the primary government). The School Board is considered a component unit of the City and the financial position and results of operations of the School Board are also presented in the City's Comprehensive Annual Financial Report. The School Board has no component units for financial reporting purposes.

The School Board is fiscally dependent (i.e., it does not have taxing or levying authority, or borrowing authority). It derives most of its funding from allocations from the City and the Commonwealth of Virginia. It is the fourth largest school division in the Commonwealth of Virginia.

Leadership is provided by the School Board working in concert with the Superintendent. The School Board consists of eleven citizens directly elected to serve four-year overlapping terms. The City's Charter designates that the composition of the School Board consists of one member from among the residents of each of the seven districts elected from the city at-large, with four additional at-large members. The School Board is responsible for setting policy, while the Superintendent and his administrative staff are charged with managing the school division's operations.

The administrative structure is divided into eight operational areas, as follows: Chief of Staff; School Leadership; School Division Services (such as construction, facilities planning, food services, pupil transportation, distribution services, custodial services, maintenance, safe schools, and similar activities); Technology; Budget and Finance; Teaching and Learning; Human Resources; and Communications and Community Engagement.

### ECONOMIC CONDITION AND OUTLOOK

The School Board serves the largest city in the Commonwealth of Virginia with a population of approximately 450,000 people and oversees the fourth largest school system, with a school enrollment of nearly 67,000 students and more than 10,000 employees. Situated on the coast of the Atlantic Ocean adjacent to the Chesapeake Bay, Virginia Beach is 146 air miles from Washington, D.C.

Since 1998, Virginia Beach City Public Schools (VBCPS) has invested \$750 million to modernize or replace 34 of the school division's oldest facilities. School facilities in need of modernization or replacement are provided limited funding for maintenance/repairs and upgrades through the operating budget. Table 24 in the Statistical Section of this report provides various school building information, including the year that each school opened and any school modernization, replacement or other related school construction that occurred.

Virginia Beach is well known as a resort community. Its diversification, however, has been the underlying strength of the city's economy. Major components of the city's economic base include the following: advanced manufacturing, information technology, professional services, biomedical, retail, agriculture, the military community consisting of three bases, and the omnipresent resort and convention trade. The largest employment sector in Virginia Beach is the government sector, which is composed of federal, civilian, military, state, and local governments. The City has been designated as one of the "America's best big city to live in," by WalletHub, "In the Top 10 of Mid-Sized Cities with Best Economic Growth Potential" by Business Facilities and "the most technologically advanced city of its size in America" by The Center for Digital Government.

In Fiscal Year 2019, the City announced 20 projects which attracted more than \$143.3 million in private investment and created 493 new jobs. Existing company expansions also resulted in the retention of 369 jobs.

The Town Center of Virginia Beach is the heart of a mixed-use, "main street" style development

within the city's emerging Central Business District and the home of major entertainment, cultural, business and retail activities. Town Center spans 25 acres and 17 city blocks in the Pembroke area of the city, bounded by Virginia Beach Boulevard, Constitution Drive, Columbus Street and Independence Boulevard. The complex is projected to ultimately include more than 1,000,000 square feet of Class "A" office space and more than 830,000 square feet of multi-level upscale retail space. It currently includes a business class hotel and conference center, luxury apartments and condominiums, performing arts theater, fine dining, specialty shops and free structured parking. Recent growth of the project has encouraged many high-end international retailers to move to Town Center, including Anthropologie, Lululemon Athletica, Free People, and West Elm. The newest phase of Town Center includes 33,000 square feet of new retail space anchored by Pottery Barn and Williams Sonoma, a 17,000 square foot experimental theater, a 5,000 square foot restaurant, public plaza, and 131 new apartments, which opened in Fall 2018.

Virginia Beach is a great city for business, boasting a skilled, educated workforce, strategic location, low tax rates and a dynamic, diverse economy. Because of its strategic mid-Atlantic location, both global and U.S. markets are readily accessed through a superior multi-modal transportation network, which includes an extensive railway system, an international airport, vast shipping terminals and one of the East Coast's largest ports.

Virginia Beach offers a low cost environment for doing business, as well as a mix of commercial properties suitable for national and international business operations. A key component to the city's economy is international business development, as nearly 200 foreign-based companies are located in the area in addition to the many local companies who operate around the globe. With 12 foreign consular offices and direct shipping to all of the world's major ports, the Virginia Beach Metropolitan Statistical Area (MSA) is truly an international business gateway. In fiscal year 2017-2018, Telefonica completed laying and put into operation a transatlantic cable, dubbed MAREA owned and funded by Microsoft and Facebook, from Virginia Beach to Spain. This established Virginia Beach as the mid-Atlantic's digital port city, and it is expected to draw some of the world's leading technology companies to accompanying data parks and spur additional investment. The MAREA cable, along with the BRUSA cable, which will connect Virginia Beach to Brazil, will connect the rest of North America to the City's Next Generation Network, a 110-mile municipal infrastructure project providing high-speed connectivity for telecom service providers. Google also announced plans to lay a subsea cable from France to Virginia Beach.

PointOne, a hyperscale data center developer headquartered in Alberta, Canada, plans to invest \$80 million in Virginia Beach. The project consists of two phases and will involve construction of two 31,000-square-foot facilities that will house edge computing data centers, a cable landing station for future subsea cables and an international internet business exchange.

On July 10, 2018, City Council authorized the design-build of the Virginia Beach Sports Center. The Center will be City-owned and privately operated, and the debt for the project will be paid by tourism funds through the Tourism Investment Program Fund, which includes primarily hotel and restaurant meal taxes generated by visitors. This project is designed to attract tournament

events from outside the region and to provide an amenity for local events. The Center is anticipated to open in fall 2020 and add 68 sporting events annually, having a fiscal impact of \$4.2 million by the fifth year of operation.

Following a year of public engagement, commissioned studies, and project vetting, City of Virginia Beach representatives and Venture Realty Group reached an agreement on proposed terms for the development of Atlantic Park, a mixed-use, multi-venue development planned for the former Dome site located between 18<sup>th</sup> and 20<sup>th</sup> streets. The agreement will be a binding contract and subject to approval by City Council and the Virginia Beach Development Authority (VBDA). The 10.35 acre Atlantic park will include mixed-use commercial development anchored by residential and entertainment uses that will provide a vibrant atmosphere in the heart of the Central Beach Entertainment District. Project elements include:

- Mixed-use commercial tenant spaces including retail, experiential retail, and restaurants
- Class A commercial office spaces
- Approximately 425+/- market rate residential rental units
- Wavegarden Lagoon surf park with supportive retail, cabanas and park amenities
- State-of-the-art music and entertainment venue for an estimated 3,500 ticketholders
- Structured parking garages integrated in the development with an estimated 1,935 spaces
- Pedestrian common areas and amenities commonly found in first-class mixed-use developments

The project's estimated fiscal impact, once stabilized, is close to \$8.2 million. Based on this estimate, direct revenue distributions include \$1.9 million to Virginia Beach City Public Schools, \$2.8 million to the City's General fund and \$3.5 million to the City's Tourism Investment Program (TIP) fund.

The preliminary project master plan calls for a combined investment estimated at \$325 million composed of private investment of \$230 million for the retail, residential, commercial office and surf park and public investment of \$95 million for public parking, streetscapes and the entertainment venue paid for through the TIP fund. No general fund tax revenues will be used for this project.

In addition to being a wonderful place to live, work and play, Virginia Beach is a fun place to visit. The city is well-known as a year-round destination for business and pleasure. Veterans United Home Loans Amphitheater, one of the nation's top outdoor amphitheaters, held 27 events in 2018 with average attendance of 10,219 patrons and five shows had over 15,000 patrons in attendance. The Virginia Beach Convention Center stands at more than 500,000 square feet, including a 31,000 square-foot ballroom with LED lighting, a 150,000 square-foot column-free exhibit hall, 38,999 square feet of meeting space and 2,230 free parking spaces. This award-winning facility is the first Virginia Green certified convention center and is also the

largest building in Virginia to achieve LEED (Leadership in Energy and Environmental Design) Gold Certification for Existing Buildings. A total of 20.2 million visitors traveled to Virginia Beach in 2018, a 6% increase over 2017. These visitors spent nearly \$2.1 billion in 2018.

As performer and entrepreneur Pharrell Williams demonstrated in April 2019 with his inaugural Something in the Water Festival, Virginia Beach is a shining example of the possibilities.

Less than eight weeks before the first act was scheduled to hit the stage during the music and art extravaganza, 25,000 tickets sold out in just 20 minutes. Event goers filled hotels and restaurants not only in Virginia Beach, but in surrounding cities. Virginia Beach residents, schools, businesses, volunteers, city staff and first responders came together in what city officials called “community harmony” to welcome national and local talent and visitors to the area, resulting in an unprecedented success for a three-day festival. The return on the city’s million-dollar investment was found to be more than \$24 million, according to an Old Dominion University professor of economics. A survey of thousands of attendees found that 86% were “extremely likely” to buy tickets to the 2020 Something in the Water Festival.

Pharrell’s vision only confirmed what so many already know about Virginia Beach: It is a first-class, *world-class* destination for vacations, entertainment, business and education, offering the perfect environment for work, for play and for raising a family.

## MAJOR INITIATIVES

In 2018-19, Virginia Beach City Public Schools (VBCPS) built upon its demonstrated commitment to excellence with additional gains and growth related to student achievement and social-emotional well-being for students.

For the third year in a row, all 82 of the division’s testing schools earned accreditation from the Virginia Department of Education. Virginia Beach was the only division in Southside Hampton Roads to earn this accolade.

However, this impressive feat is just the tip of the iceberg for Virginia Beach City Public Schools. VBCPS’ graduation rate continues to soar, hitting a record 93.9%. VBCPS also saw its lowest-ever dropout rate at 3.0%. Across the board, the division has seen monumental gains in Advanced Placement (AP) scores and the number of career certifications earned by our students. Families move to Virginia Beach for the school division, and taxpayers are proud to support such a high-achieving system. VBCPS continues to ensure our schools are welcoming places to learn and that they are providing rigorous instruction that is personalized to fit students’ individual needs. Take for example the amazing news coming in about the class of 2019. These graduates were offered more than **\$103 million** in scholarships. Not to mention that when the State Board of Education recognized schools in the Commonwealth for exceeding state accreditation standards, VBCPS received 15 Exemplar Performance Awards, more than any other city in Hampton Roads.

In VBCPS secondary schools, students continue to have an array of choices from the school division's academy/advanced academic programs. These unique schools-within-schools provide expanded academic opportunities for students across the division. Six high schools, one middle school and three elementary schools are designated themed academies while two programs - the International Baccalaureate Program at Princess Anne High School and the Mathematics and Science Academy at Ocean Lakes High School - are advanced academic programs featuring extended learning opportunities. These specialized programs help to connect students' passions with the curriculum as well as challenge them with intensive learning opportunities.

VBCPS will soon add an additional opportunity to its portfolio with an expected launch date in 2020. The Environmental Studies Program will be hosted at The Brock Environmental Center and will focus on sustainability issues and environmental education.

In fact, VBCPS is the only school division statewide named a 2019 Virginia Environmental Excellence Program Sustainability Partner. This distinction is presented by the Virginia Department of Environmental Quality to private or public organizations that make sustainability part of their culture through leadership, innovation and continual improvement. Additionally, every single school in VBCPS was recognized this year as a PEARL School by Lynnhaven River Now.

To further show a commitment to sustainability, in 2018, VBCPS broke ground on a \$78 million replacement project at Princess Anne Middle School and a \$32 million replacement of Thoroughgood Elementary School. These two replacement projects will be the 10<sup>th</sup> and 11<sup>th</sup> Leadership in Energy and Environmental Design (LEED) certified buildings in the division. LEED buildings use less energy, are less expensive to operate and cause fewer greenhouse gas emissions than their peers. Through LEED construction of new facilities, and performance contract work in existing buildings, VBCPS has increased the overall square footage of the division since 2006 by approximately eight percent while reducing energy consumption by nearly 28 percent.

VBCPS also continues to thrive in the arts. For the 10th consecutive year, VBCPS was named one of the Best Communities for Music Education by the National Association of Music Merchants (NAMM) Foundation for outstanding commitment to music education. Less than 5% of school districts across the nation earn this prestigious award.

Great Neck and Salem middle schools earned distinction as Advancement Via Individual Determination (AVID) National Demonstration Schools. This elite designation has been awarded to only approximately 190 of 5,600 AVID schools worldwide.

Technical and Career Education (TCE) offerings provide an even greater array of possibilities for students. As part of VBCPS' mission to provide students with the skills necessary to succeed in a world class economy, they are offered the opportunity to sit for sought-after industry credential tests through the Office of Technical and Career Education. This year, VBCPS issued its 100,000th career credential.

Demonstrating a major commitment to supporting students and families connected to our nation's military, 50 Virginia Beach schools were named 2019 Virginia Purple Star schools, bringing the division's total number of Virginia Purple Start schools to 58. This is the most awards presented to any school division in Virginia and comprise nearly half of the state's 104 honorees.

The division also has continued to find new ways to engage parents and families in the work of the schools and their children's academic performance. Schoology, an online portal, allows parents to access their child's school record, including grades and attendance as well as standardized achievement data. AlertNow is a rapid notification system that allows schools to instantly communicate with parents and community members via text, email and phone. In addition, VBCPS continues to maintain multiple platforms and publications at the division level to keep student families and community members engaged. VBCPS has a school division app; active Facebook and Twitter pages; Instagram and Snapchat accounts; a community blog, *The Core*; and a weekly digital newsletter, *A Slice of VBCPS*.

VBCPS also offers a Parent Connection program, which provides workshops, guest columns, daily engagement tips and other resources to help connect parents and schools to support student learning and growth. This is in addition to the division's robust volunteer and Partners-in-Education programs. During the 2018-19 school year, more than 35,000 volunteers and partners donated more than 439,000 hours of service to Virginia Beach City Public Schools. The value of this service is estimated at more than \$9 million.

VBCPS is a national representative for sending students out into the world not only educated for whatever occupational path they choose, but also prepared emotionally and socially for their adult lives.

## FINANCIAL INFORMATION

Management is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the School Board are protected from loss, theft, or misuse; and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with Generally Accepted Accounting Principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

The School Board maintains extensive budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriated budget. Activities of the General Fund and Special Revenue funds are included in the annual appropriated budget. The level of budgetary control (i.e., the level at which expenditures cannot legally exceed the appropriated amount) is established at the individual fund level for the General Fund and the Special Revenue funds. In addition, certain controls are exercised administratively on the General Fund (e.g., budget units, personnel positions, capital outlay, and certain line-items; and

the appropriations related thereto). A budget unit is an activity (e.g., Elementary Classroom, Gifted Education and Academy Programs) of a category (e.g., Instruction). In addition, certain controls are exercised on the Special Revenue funds (e.g., federal and state grants, and the appropriations related thereto). The School Board also maintains an encumbrance accounting system as one method of maintaining budgetary control. Outstanding encumbrances of certain governmental funds at the end of the fiscal year are reappropriated as part of the following fiscal year's operating budget.

The School Board has adopted budgets for the following funds: General, Grants, Cafeterias, Textbooks, Communication Towers/Technology, Vending Operations, and Equipment Replacement Funds. As demonstrated by the statements and schedules included in the financial section of this report, the School Board continues to meet its responsibility for sound financial management.

The local government provides an appropriation for education in excess of the Commonwealth of Virginia Standards of Quality (SOQ) payments, and determines the level of total education support by means of a Revenue Sharing Formula. The amount derived from the application of this formula is allocated to Debt Service, "Pay As You Go" Capital Improvements, and the Operating Budget. Debt Service, which is managed and controlled by the City, receives the first allocation of funds; "Pay As You Go" Capital Improvements, which are projects which can reasonably be expected to be completed within one year receives the next allocation; and the balance of the funds are allocated as operating budget support.

Long-term financial planning includes a five-year forecast submission to the City establishing underlying assumptions about expected costs, revenues, position turnover, inflation, and enrollment as well as evaluating the budget impact of post-employment benefits, the risk management program, and assessing the fiscal impact of the capital improvement program on the school division's operations. With over 50 percent of General Fund revenue derived from the City appropriation, assumptions regarding the City's revenue growth play a major role in forecast results and the budget development process. In addition, nearly 85 percent of the School Board's Operating budget is tied to personnel and assumptions related to salary increases, rise in healthcare costs and the impact of pension costs and other post-employment benefits are significant factors in future forecasting.

#### INDEPENDENT AUDIT

An independent audit of the School Board's finances is required each fiscal year by either the Virginia Auditor of Public Accounts or a firm of independent Certified Public Accountants. Accordingly, the records have been audited by CliftonLarsonAllen LLP and its report on the financial statements is included herein.

## FINANCIAL REPORTING CERTIFICATE AWARDS

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the School Board for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2018. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of a governmental entity financial report. In order to be awarded a Certificate of Achievement, a governmental entity must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, whose contents conform to program standards. The CAFR must satisfy both Generally Accepted Accounting Principles and applicable legal requirements. A GFOA Certificate is the highest form of recognition awarded in the field of governmental financial reporting and is valid for a period of one year only. We believe that our current CAFR continues to conform to the Certificate of Achievement program requirements, and we are submitting it to the GFOA to determine the School Board's eligibility for another certificate award.

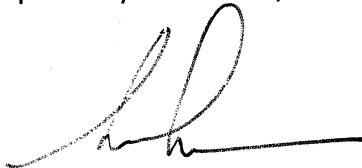

In addition, the Association of School Business Officials International (ASBO) awarded a Certificate of Excellence in Financial Reporting to the School Board for its CAFR for the fiscal year ended June 30, 2018. ASBO sponsors this Certificate of Excellence in Financial Reporting program to foster excellence in the preparation and issuance of school system annual financial reports. This prestigious international certificate award is the highest form of recognition in school financial reporting and is valid for a period of one year only. We believe that our current CAFR conforms also to the ASBO Certificate of Excellence program requirements, and we are submitting it to the ASBO to determine the School Board's eligibility for another certificate award.

## ACKNOWLEDGMENTS

Preparation of this report would not have been possible without the dedicated efforts of the entire staff of the Office of Business Services. During the year, they rendered professional and knowledgeable financial services to and on behalf of the school division, and maintained the financial records on a current and timely basis. We are most appreciative of these efforts and take this opportunity to recognize these outstanding public servants and their dedication, work ethics, and integrity.

In addition, appreciation and recognition is given for the strong conservative policies and practices dictated by the School Board in the oversight of the financial affairs of the school division, which have achieved the results contained in this financial report. The School Board and the administration are commended for their continuing support which is vital to the financial health of the school division and demonstration of the commitment to financial accountability, stewardship, and transparency.

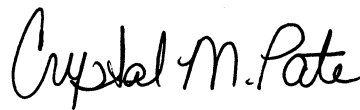

Respectfully Submitted,

## INDEPENDENT AUDITORS' REPORT

The Honorable Members of the School Board  
Virginia Beach, Virginia

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the School Board of the City of Virginia Beach, Virginia (the Board) (a component unit of the City of Virginia Beach, Virginia), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *Specifications for Audits of Counties, Cities and Towns* issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Board as of June 30, 2019, and the respective changes in financial position and cash flows where applicable, thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Other Matters***

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management discussion and analysis, the budgetary comparison schedules, schedules of employer contributions, schedules of changes in net pension liability, schedule of employer's share of net pension liability, and schedule of changes in net OPEB liability as referenced in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Other Information***

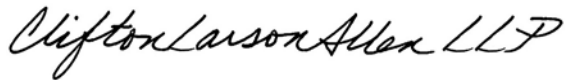

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Board's basic financial statements. The supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary data is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical tables listed in the table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated November 18, 2019, on our consideration of the Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "CliftonLarsonAllen LLP". The signature is written in a cursive, flowing style.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**JUNE 30, 2019**

---

Management's discussion and analysis (MD&A) provides a narrative overview and analysis of the financial activities of the School Board of the City of Virginia Beach, Virginia (the School Board) for the fiscal year ended June 30, 2019. The MD&A should be read in conjunction with the information contained in the transmittal letter, which begins on page 1, and the financial statements and notes, which immediately follow the MD&A.

**FINANCIAL HIGHLIGHTS**

On a government-wide basis for governmental activities, the assets and deferred outflows of the School Board were less than its liabilities and deferred inflows by \$136,701,264 (net deficit) at June 30, 2019. Of this amount, \$593,456,835 is investment in capital assets, \$21,722,834 is restricted for grants, cafeterias, and textbooks, and (\$751,880,933) is an unrestricted deficit. The deficit is due to net pension liability and net OPEB liability in the amounts \$609,201,000 and \$168,666,000 respectively.

On a government-wide basis for governmental activities, the School Board's revenues of \$856,982,125 exceeded expenses of \$798,328,855 by \$58,653,270.

The School Board's Governmental funds reported total fund balances of \$6,059,623 at June 30, 2019. Of this amount, \$1,276,554 is nonspendable (i.e., inventories and prepaid items), \$21,722,834 is restricted (e.g., federal and state grantor agencies, cafeterias, textbook adoptions), \$3,919,462 is committed (e.g., communication towers/technology, vending, equipment replacement), \$11,144,533 is assigned (e.g., instructional technology, athletics, Green Run Collegiate, instruction, administration, attendance, and health, pupil transportation, operations and maintenance, technology) and (\$32,003,760) is unassigned in the capital projects fund.

In the General Fund, the School Board returned unexpended appropriations and excess revenue for Fiscal Year 2019 to the City of Virginia Beach (City) in the amount of \$26,824,198, as required by the Code of Virginia, as amended. Of these funds, the following are designated for use in Fiscal Year 2020. \$5,800,000 is for planned use due to ongoing fiscal constraints, \$4,859,000 to complete full day kindergarten implementation and \$673,247 for SECEP classrooms (interactive whiteboards replacements, playground equipment upgrades, and fencing).

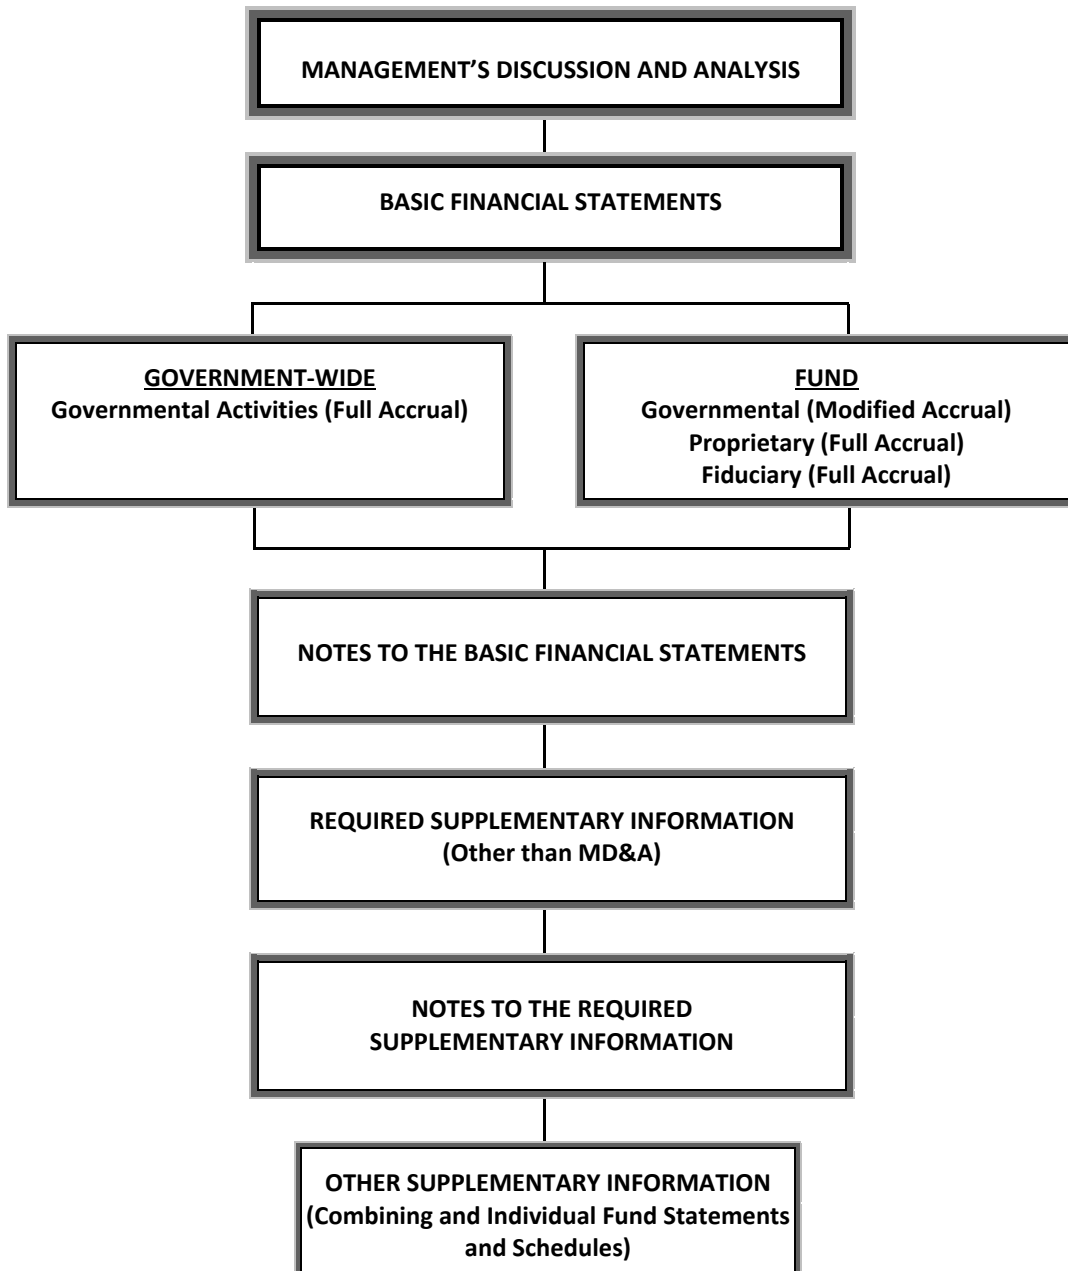

**OVERVIEW OF THE FINANCIAL STATEMENTS**

The MD&A serves as an introduction to the School Board's basic financial statements. The School Board's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains required supplementary information and other supplementary information in addition to the basic financial statements.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**JUNE 30, 2019**

---

This Comprehensive Annual Financial Report (CAFR) consists of four sections, as follows: Introductory, Financial, Statistical, and Compliance. The following presents the components of the Financial Section of the CAFR.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**JUNE 30, 2019**

---

**GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The government-wide financial statements are designed to present a broad overview of the School Board's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the School Board's assets and deferred outflows, and liabilities and deferred inflows, with the difference between the two reported as net position. Increases and decreases in net position over time may serve as a useful indicator of whether the financial position of the School Board is improving or deteriorating.

The Statement of Activities presents information showing how the School Board's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation leave, claims and judgments).

The government-wide financial statements distinguish functions related to governmental activities (principally supported by taxes and intergovernmental revenues) and business-type activities (intended to recover all or a significant portion of costs through user fees and charges). The School Board reports only governmental activities, since it has no business-type activities.

Both of the government-wide financial statements (Statement of Net Position and Statement of Activities) present governmental activities of the School Board. These governmental activities are principally supported by the City, State sales tax, and intergovernmental revenues. The reported governmental activities of the School Board are Instruction; Administration, Attendance and Health; Pupil Transportation; Operations and Maintenance; Cafeterias; and Technology.

The government-wide financial statements are presented in Exhibits A-1 and A-2 of this report.

**FUND FINANCIAL STATEMENTS**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School Board, like other state and local governments and public school divisions, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the School Board can be divided into three categories: Governmental funds, Proprietary funds, and Fiduciary funds.

**Governmental Funds**

Governmental funds are used to account for essentially the same activities reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**JUNE 30, 2019**

---

at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By conducting this comparison, a better understanding may be achieved in the long-term impact of the School Board's near-term financing decisions. Both the Governmental Funds Balance Sheet (Exhibit A-3) and the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances (Exhibit A-4) provide a reconciliation for each statement to facilitate this comparison between governmental funds and governmental activities.

The School Board maintains eight individual governmental funds. Information is presented separately in the Governmental Funds Balance Sheet (Exhibit A-3) and in the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances (Exhibit A-4) for the General, School Grants, School Cafeterias, and Capital Projects Funds, which are considered to be major funds. Data from the other four governmental funds, which are considered nonmajor funds, are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is presented in the form of combining statements in Statements D-1 and D-2 of this report.

The School Board adopts an annual appropriated budget for all of its major and nonmajor governmental funds, except the Capital Projects Fund (appropriations for capital projects do not parallel the School Board's fiscal year). Budgetary comparison schedules have been provided for the General, School Grants, and School Cafeterias Funds in the Required Supplementary Information section of this report (Schedules C-1 through C-3) to demonstrate compliance with this budget. Individual fund budgetary comparison schedules for each nonmajor fund are presented in Schedules D-3 through D-6 of this report to also demonstrate compliance with this budget.

As noted above, the basic governmental fund financial statements are presented in Exhibits A-3 and A-4 of this report.

**Proprietary Funds**

The School Board maintains one type of Proprietary fund, which is the Internal Service Fund type. Internal Service funds are an accounting device used to accumulate and allocate costs internally among the School Board's various activities and the City. The School Board uses Internal Service funds to account for its Risk Management and Health Insurance programs. Because both of these services predominantly benefit governmental functions, they have been included within governmental activities in the government-wide financial statements.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**JUNE 30, 2019**

---

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Both Internal Service funds are combined into a single, aggregated presentation in the proprietary fund financial statements (Exhibits A-5 through A-7). Individual fund data for the Internal Service funds is presented in the form of combining statements in Statements E-1 through E-3 of this report.

As noted above, the basic proprietary fund financial statements are presented in Exhibits A-5 through A-7 of this report.

**Fiduciary Funds**

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the School Board's programs.

The School Board's Fiduciary funds are Agency and Trust funds. Agency funds are used to account for assets held by the School Board as an agent for individuals, private organizations, other governmental units, and/or other funds. Agency funds do not involve the measurement of results of operations, as they are custodial in nature (assets equal liabilities). The Agency funds of the School Board are the Payroll Deductions, Fringe Benefits, and School Activity Accounts Funds and are presented in Schedule F-1 of this report. The Trust funds are for Other Postemployment Benefits (OPEB) and accounts for assets in essentially the same manner as a Proprietary Fund using the economic resources measurement focus.

The basic fiduciary fund financial statements are presented in Exhibit A-8 and A-9 of this report.

**Notes to the Basic Financial Statements**  
**and the Required Supplementary Information**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements and the required supplementary information.

The Notes to the Basic Financial Statements begin after Exhibit A-9 and the Notes to the Required Supplementary Information begin after Schedule C-3 of this report.

**Other Information**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the School Board's retirement plans and Other Postemployment Benefits for the professional and nonprofessional employees.

Required supplementary information begins after the Notes to the Basic Financial Statements.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**JUNE 30, 2019**

As noted above, the combining statements for the Nonmajor Governmental funds are presented in Statements D-1 and D-2; the combining statements for the Internal Service funds are presented in Statements E-1 through E-3; and the combining statement for the Agency funds is presented in Schedule F-1 of this report.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

**NET POSITION**

Liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by \$136,701,264 (net deficit) at June 30, 2019, as illustrated in the Summary of Net Position (with comparative amounts at June 30, 2018), as follows:

<b>Summary of Net Position</b>			
	<b>2019</b>	<b>2018</b>	<b>Variance</b>
Current Assets	\$ 195,942,921	\$ 199,077,231	\$ (3,134,310)
Capital Assets	593,456,835	535,329,375	58,127,460
Total Assets	<u>\$ 789,399,756</u>	<u>\$ 734,406,606</u>	<u>\$ 54,993,150</u>
Deferred Outflows	<u>\$ 103,974,000</u>	<u>\$ 115,367,000</u>	<u>\$ (11,393,000)</u>
Current Liabilities	\$ 143,566,784	\$ 116,595,445	\$ 26,971,339
Net Pension Liability	609,201,000	639,194,000	(29,993,000)
Net OPEB Liability	168,666,000	164,150,000	4,516,000
Other Noncurrent Liabilities	<u>27,183,236</u>	<u>25,788,695</u>	<u>1,394,541</u>
Total Liabilities	<u>\$ 948,617,020</u>	<u>\$ 945,728,140</u>	<u>\$ 2,888,880</u>
Deferred Inflows	<u>\$ 81,458,000</u>	<u>\$ 99,400,000</u>	<u>\$ (17,942,000)</u>
Net Position:			
Invested in Capital Assets	\$ 593,456,835	\$ 535,329,375	\$ 58,127,460
Restricted for:			
Capital Projects	-	6,661,276	(6,661,276)
Grants	1,693,515	1,431,040	262,475
Cafeterias	13,099,712	11,657,774	1,441,938
Textbooks	6,929,607	8,013,741	(1,084,134)
Unrestricted (Deficit)	<u>(751,880,933)</u>	<u>(758,447,740)</u>	<u>6,566,807</u>
Total Net Position (Deficit)	<u><u>\$ (136,701,264)</u></u>	<u><u>\$ (195,354,534)</u></u>	<u><u>\$ 58,653,270</u></u>

The largest portion of the School Board's net position reflects its investment in capital assets (e.g., land, buildings, equipment, vehicles). The School Board uses these assets (e.g., schools, buses) for elementary and secondary educational purposes; consequently, these assets are not available for future spending.

An additional portion of the School Board's net position represents resources that are subject to external restrictions on their use. The \$751,880,933 unrestricted deficit reflects the effects of GASB Statement No. 68 (Accounting and Financial Reporting for Pensions) and Statement No. 75

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**JUNE 30, 2019**

(Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions). At June 30, 2019 the net pension liability is \$609,201,000 and the net OPEB liability is \$168,666,000.

**CHANGES IN NET POSITION**

The School Board's revenues of \$856,982,125 exceeded expenses of \$798,328,855 by \$58,653,270 during Fiscal Year 2019. The implementation of GASB Statement No. 75 during Fiscal Year 2018 required a restatement of beginning net position for the net OPEB liability and related deferred outflow and inflow of resources for Fiscal Year 2018. The restatement decreased prior year net position by \$145,998,000. Changes in Net Position (with comparative amounts for the year ended June 30, 2018), is illustrated as follows:

<b>Changes in Net Position</b>			
	<b>2019</b>	<b>2018</b>	<b>Variance</b>
<b><u>Revenues</u></b>			
Program Revenues:			
Charges for Services	\$ 14,535,577	\$ 14,324,576	\$ 211,001
Operating Grants	164,873,615	164,134,388	739,227
General Revenues:			
Local Government	402,681,270	437,309,444	( 34,628,174)

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**JUNE 30, 2019**

Total revenue decreased by \$21,980,013 (2.5%). This is a net result of:

- A decrease in local government revenue source of \$34,628,174 mainly due to a lack of bond sales by the City for capital projects; and
- Increases in general revenue mainly due to sale of land of \$4,856,229; increase in Impact Aid funding from the Federal Government of \$3,727,898; and increase in State Sales Tax revenue of \$2,056,013.

Total expenses decreased by \$31,846,076 (3.8%). This is a net result of:

- A decrease in Instruction expenses of \$40,537,571 mainly due to the net book value decrease of the school buildings transferred to the City under the "tenancy in common" (Note 4B), as well as a decrease in allocated internal service fund charges;
- Increases in Pupil Transportation expenses of \$1,653,933 due to increase in depreciation expense and allocated internal service fund charges;
- An increase in Operations and Maintenance expense of \$4,389,929 due to various projects including HVAC and roof replacements, library renovations, and parking lot resurfacing; and
- An increase in Technology expense of \$1,441,624 mainly as a result of upfront costs for implementing instructional software to promote learning.

**Governmental Activities**

The following illustration presents the cost of the governmental activities: Instruction; Administration, Attendance and Health; Pupil Transportation; Operations and Maintenance; Cafeterias; and Technology during Fiscal Years 2019 and 2018. The illustration also shows each activity's net cost (total cost less charges for services, operating grants, and capital grants). The net cost shows the financial impact that is placed on the School Board's general revenue sources (local government, federal and state aid, interest earnings, and other nonspecific revenue sources).

<b>Total and Net Cost of Governmental Activities</b>				
	Total Cost of Services 2019	Net Cost of Services 2019	Total Cost of Services 2018	Net Cost of Services 2018
<u>Expenses</u>				
Instruction	\$ 566,224,421	\$ 429,426,757	\$606,761,992	\$ 471,673,371

**FINANCIAL ANALYSIS OF THE SCHOOL BOARD'S FUNDS**

As noted earlier, the School Board uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**GOVERNMENTAL FUNDS**

The focus of the School Board's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the School Board's financing requirements. In particular, the unassigned fund balance may serve as a useful measure of the School Board's net resources available for spending at the end of the fiscal year.

As of June 30, 2019, the School Board's governmental funds reported combined fund balances of \$6,059,623, a decrease of \$39,851,643 in comparison with the prior fiscal year. Of the total amount of the combined fund balances, \$1,276,554 is nonspendable (i.e., inventories and prepaid items), \$21,722,834 is restricted (e.g., federal and state grantor agencies, cafeterias, textbook adoptions), \$3,919,462 is committed (e.g., communication towers/technology, vending, equipment replacement), \$11,144,533 is assigned (e.g., instructional technology, athletics, Green Run Collegiate, instruction, administration, attendance, and health, pupil transportation, operations and maintenance, technology), and \$(32,003,760) is unassigned (capital projects fund).

**General Fund**

The General Fund is the general operating fund of the School Board that is used to account for all of the financial resources, except those required to be accounted for in another fund. At June 30, 2019, the fund balance of the General Fund was \$11,806,192. Of this amount, \$661,659 is nonspendable (i.e., prepaid items) and \$11,144,533 is assigned (e.g., instructional technology, athletics, Green Run Collegiate, instruction, administration, attendance, and health, pupil transportation, operations and maintenance, technology).

**General Fund Budget Amendment**

<u>Amount</u>	<u>Purpose</u>
\$ 7,837,731	There was a supplemental budget amendment, other than for encumbrances, during fiscal year 2019. The General Fund budget amendment (e.g. school buses, interactive white boards, white fleet replacement, and technology infrastructure) was funded through an increase in revenue from the local government.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2019**

---

General Fund Original Budget to Final Budget Difference Reconciliation

General Fund:

\$ 7,451,629 – FY 2018 Outstanding Encumbrances Appropriated  
7,837,731 – Budget Amendment (See above)  
\$ 15,289,360 – Original Budget to Final Budget Difference (including the Other Financing  
 Uses budget)

General Fund Final Budget to Actual Expenditures Variance Reconciliation

The following table presents a summary comparison of the General Fund's final budget compared to actual expenditures by type. The variance includes \$10,431,132 of outstanding encumbrances at June 30, 2019.

	Final Budget	Actual	Variance from Final Budget	%
<u>Expenditures</u>				
Salaries and Benefits	\$649,780,227	\$637,683,260	\$12,096,967	1.86%
Purchased Services	57,318,578	48,203,772	9,114,806	15.90%
Other	23,445,869	22,661,001	784,868	3.35%
Materials and Supplies	38,790,093	31,924,559	6,865,534	17.70%
Capital Outlay	<u>11,574,716</u>	<u>11,114,498</u>	<u>460,218</u>	3.98%
Total Expenditures	<u>\$ 780,909,483</u>	<u>\$ 751,587,090</u>	<u>\$ 29,322,393</u>	<u>3.75%</u>

The remaining available balances, which is not expected to affect future services, are as follows:

- \$12.1 million in salaries and benefits due to vacancies and lapsed salaries;
- \$9.1 million in purchased services includes \$4.3 million in carryover and other commitments; the remaining variance is due to lower than anticipated expenditures for contractual services in general maintenance and repairs, technical and other services as well as lower expenditures for consulting and technology repair services as a result of a fundamental change in division practices; and
- \$6.9 million in materials and supplies includes \$4.6 million in carryover and other commitments; the remaining variance is due to lower than anticipated expenditures

MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2019**

---

for instructional, medical and vehicle and equipment supplies as well as the close out of certain initiatives. Low fuel costs also contributed to the residual balance.

Transfers:

\$ 194,619 – Final Budget to Actual Expenditures Variance

Transfers are budgeted in the Instructional and Technology Categories and presented separately as required for reporting purposes. The budget is mainly for the local match requirements of federal and state grants budgeted in the Grants Special Revenue Fund.

**Special Revenue Funds**

The Special Revenue funds are used to account for the proceeds of specific revenue sources (other than capital projects), which are legally restricted or committed to be expended for specified purposes. These funds are used to finance designated programs and are generally not available for other purposes. The School Board's Special Revenue funds are as follows:

**Major Funds:**

School Grants – accounts for certain private, Commonwealth of Virginia, and Federal grants (with matching local funds, if required).

School Cafeterias – accounts for the revenues (e.g., Commonwealth of Virginia, Federal Government) and expenditures associated with the food services operations of the school division.

**Nonmajor Funds:**

School Textbooks – accounts for the financing (e.g., Commonwealth of Virginia) and acquisitions of textbooks and related materials used in the school division.

School Communication Towers/Technology – accounts for the rent receipts (long-term contracts with telecommunication companies) relating to the communication towers constructed on School Board property and technology related expenditures.

School Vending Operations – accounts for receipts (long-term exclusive contract with a vending company) relating to the bottled drinks vending operations of the school division and expenditures (including school-level allocations).

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**JUNE 30, 2019**

---

School Equipment Replacement – accounts for the financing (e.g., local government) and acquisition of various replacement equipment.

School Grants Fund: During Fiscal Year 2019, revenues and other financing sources totaled \$45,726,144 and expenditures totaled \$45,463,669. This resulted in an increase in the fund balance of \$262,475, due to a net increase in local match requirements. The remaining fund balance will be used for the required local match of Commonwealth of Virginia approved FY 2019 grant proceeds to be disbursed in FY 2020.

School Cafeterias Fund: During Fiscal Year 2019, revenues totaled \$30,721,118 and expenditures totaled \$29,397,383. This resulted in an increase in the fund balance of \$1,323,735. The remaining fund balance will be used for cafeteria and equipment upgrades to support the Scratch Cooking Initiative and various personnel initiatives.

Nonmajor Special Revenue Funds: During Fiscal Year 2019, revenues totaled \$4,954,049 and expenditures totaled \$5,810,527. This resulted in a combined decrease in the fund balances of all nonmajor Special Revenue funds of \$856,478. The School Communication Towers/Technology, School Vending Operations, and School Equipment funds had an increase in fund balance while the School Textbooks Fund incurred a planned decrease in fund balance. The remaining fund balances of these nonmajor Special Revenue funds will be used in the future for technology purposes, equipment replacements and other appropriate needs.

**Proprietary Funds – Internal Service Funds**

The Internal Service funds are used to account for the financing of goods and/or services provided by one department or agency to other departments or agencies of the governmental unit (and to other governmental units), on a cost-reimbursement basis. The School Board operates Internal Service funds for the school division's Risk Management and Self-Insured Health Care Benefits programs.

During Fiscal Year 2019, total revenues including nonoperating revenues amounted to \$161,223,690. Expenses totaled \$152,541,027. This resulted in an increase in net position of \$8,682,663 which includes a \$2,000,000 transfer from the Operating Fund for the School Risk Management Fund as well as favorable claims experience during the plan year creating a positive impact on the School Health Insurance Fund Net Position balance.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2019**

---

**Capital Projects Fund (Major Fund)**

During Fiscal Year 2019, revenues including other financing sources totaled \$18,705,903 and expenditures totaled \$62,575,099. This resulted in a decrease in the fund balance of \$43,869,196 due to no bond sales by the City.

Proceeds from public improvement charter bond issues, State Literary Fund Loans, Virginia Public School Authority financing, local funding sources, and construction grants (including lottery proceeds) from the Commonwealth of Virginia are accounted for in the Capital Projects Fund until improvement projects are completed. The City provides the aforementioned sources of revenues (classified as From Local Government in the financial statements, except interest earnings and Commonwealth of Virginia revenues).

When capital projects are completed, the costs of the improvements (meeting the capitalization threshold) are transferred from construction in progress to the appropriate capital asset account. The various significant active capital projects for the current fiscal year are presented below.

John B. Dey Elementary School Modernization  
Princess Anne Middle School Replacement  
Thoroughgood Elementary School Replacement

Renovations/Replacements-HVAC Systems  
Renovations/Replacements-Reroofing  
Energy Performance Contracts

**CAPITAL ASSETS**

Section 15.2-1800.1 of the Code of Virginia, as amended, affects the reporting of local School Board capital assets and related debt for financial reporting purposes. Under this legislation, the City has a "tenancy in common" with the School Board whenever the City incurs "on-behalf of" debt for any school property which is payable over more than one year. For financial reporting purposes, the City will report the Net Book Value of School Board property equal to the total outstanding principal balance of the applicable "on-behalf of" debt at June 30, 2019. The below illustration reflects capital assets remaining with the School Board (net of those that have been transferred between the School Board and the City as the outstanding principal balance changes).

The School Board's investment in capital assets for its governmental activities as of June 30, 2019 amounts to \$593,456,835 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings and improvements other than buildings, machinery/equipment and vehicles. The total increase in the School Board's investment in capital assets for the current fiscal year was 10.86%, as follows:

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**JUNE 30, 2019**

---

<b>Capital Assets</b> <b>(net of accumulated depreciation)</b> <b>As of June 30, 2019 and 2018</b>			
	2019	2018	Percentage Change
Land	\$ 38,968,372	\$ 39,048,224	(.20)%
Construction in Progress	65,245,069	22,123,760	194.91%
Buildings and Improvements	443,332,759	431,951,501	2.63%
Machinery/Equipment and Vehicles	<u>45,910,635</u>	<u>42,205,890</u>	8.78%
Total Capital Assets (net)	<u>\$ 593,456,835</u>	<u>\$ 535,329,375</u>	10.86%

The increase in Construction in Progress is mainly due to the Thoroughgood Elementary School and Princess Anne Middle School Replacement projects.

Additional information on the School Board's capital assets is presented in Note 4 of this report.

**ECONOMIC FACTORS**

The unemployment rate for Virginia Beach continues to be below the Metropolitan Statistical Area (MSA) and U.S. rates and is also below the Commonwealth of Virginia (state) rate. Average annual unemployment rates for 2018 were 2.9% for Virginia Beach, 3.3% for the MSA, 3.0% for Virginia, and 3.9% for the U.S. Unemployment rates declined in 2018 compared with 2017 for the City, the region, the State and the Nation. There has been a steady decline in the unemployment rate in Virginia Beach since 2010 (U.S. Department of Labor, Bureau of Labor Statistics).

The average number of Virginia Beach residents employed in 2018 was 225,695 from a labor force of 232,432. This reflects a slight increase over 2017 in employment (223,267) and labor force (231,459) of 1.1% and .4%, respectively (U.S. Department of Labor, Bureau of Labor Statistics).

Based on the most recent data available, the per capita personal income for 2017 was \$55,108 for Virginia Beach, \$48,502 for the MSA, \$55,105 for Virginia, and \$51,460 for the U.S. Over the five year period 2012-2017, the per capita personal income for Virginia Beach increased an average of 1.8% per year (U.S. Department of Commerce, Bureau of Economic Analysis). Also, the median household income continued to increase for Virginia Beach in 2018 at \$77,059 compared with

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2019**

---

\$72,586 in 2017. Median household income for the City has increased an average of 3.8% per year since 2012 (U.S. Census Bureau, 2018 American Community Survey).

**Factors Influencing Future Budgets**

- Employee health care costs
- Employee postemployment benefits
- Inadequate state and federal aid
- Unfunded state and federal mandates
- Competitive salaries and pay raises
- Various magnet schools and academies
- Public charter schools
- Implementation of Full Day Kindergarten
- Expansion of Pre-Kindergarten
- Global and national economic conditions
- Student enrollment slightly declining

**REQUESTS FOR INFORMATION**

This Comprehensive Annual Financial Report is designed to provide a general overview of the School Board's finances and to demonstrate the School Board's commitment to financial accountability, stewardship, and transparency. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Director of Business Services, Virginia Beach City Public Schools, 2512 George Mason Drive, P.O. Box 6038, Virginia Beach, Virginia 23456-0038.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS**  
**TO THE STATEMENT OF NET POSITION**  
**JUNE 30, 2019**

Amounts reported for governmental activities in the Statement of Net Position in Exhibit A-1 are different from amounts reported for governmental funds in this exhibit because:

Total Fund Balances - Governmental Funds (this exhibit)	\$	6,059,623
---	----	-----------

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds.

	Cost of Capital Assets	\$ 1,060,016,222	
	less: Accumulated Depreciation	<u>466,559,387</u>	593,456,835

Long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. Long-term liabilities at year end consist of the following:

		(34,250,450)
--	--	--------------

Internal Service Funds are used to account for the risk management and health insurance programs; and related charges to the various governmental funds. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net Position.

	Total Assets	\$ 84,471,240	
	less: Total Liabilities	<u>31,087,512</u>	53,383,728
	Total Net Position		

Governmental Accounting Standards Board Statement Number 68 on Accounting and Financial Reporting for Pensions was implemented in Fiscal Year 2015. Pensions are not reported in the governmental funds (Note 8).

	Net Pension Liability	\$ (609,201,000)	
	Deferred Outflows of Resources	75,221,000	
	Deferred Inflows of Resources	<u>(76,004,000)</u>	(609,984,000)

Governmental Accounting Standards Board Statement Number 75 on Accounting and Financial Reporting for OPEB was implemented in Fiscal Year 2018. OPEB is not reported in the governmental funds (Note 8).

The accompanying notes are an integral part of the basic financial statements.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES**  
**IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**  
**FOR THE YEAR ENDED JUNE 30, 2019**

Amounts reported for governmental activities in the Statement of Activities in Exhibit A-2 are different from amounts reported for governmental funds in this exhibit because:

Net Changes in Fund Balances - Governmental Funds (this exhibit) \$ (39,851,643)

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the Statement of Net Position and allocated over their estimated useful lives as annual depreciation expenses in the Statement of Activities. This is the amount by which capital outlay exceeded depreciation expense (including other transactions (e.g., loss on disposals)) for the fiscal year (Note 10C).

36,077,516

Compensated absences (annual, sick, and personal leave) are reported in governmental funds as expenditures, which are measured by the amount of financial resources used (essentially, the amounts actually paid). However, for governmental activities those costs are shown and measured by the net of the amounts of leave used and earned for the fiscal year in the Statement of Activities.

Leave Used	\$ 11,347,063	
Leave Earned	<u>(11,678,273)</u>	(331,210)

Internal Service Funds are used to account for the risk management and health insurance programs, and related charges to the various governmental funds. The change in net position for the Internal Service Funds for the fiscal year is reported with governmental activities in the Statement of Activities.

Risk Management Transfer	\$ 2,000,000	
Risk Management	(579,759)	
Health Insurance	<u>7,262,422</u>	8,682,663

Section 15.2-1800.1 of the Code of Virginia, as amended, affects the reporting of local School Board capital assets and related debt for financial reporting purposes. Under this legislation, the City has a "tenancy in common" with the School Board whenever the City incurs "on-behalf of" debt for any school property owned by the School Board which is payable over more than one year. For financial reporting purposes, the City will report the Net Book Value of School Board property (the School Board incurs the depreciation expense) equal to the total outstanding principal balance of the applicable "on-behalf of" debt at June 30, 2019. This amount is the applicable Net Book Value change and depreciation expense for the fiscal year.

22,049,944

Governmental Accounting Standards Board Statement Number 68 on Accounting and Financial Reporting for Pensions was implemented in Fiscal Year 2015. This amount is the Pension Expense and Deferred Outflow (pension contributions paid) for the fiscal year (Note 8).

Pension Expense	\$ 29,993,000	
Deferred Inflow	17,222,000	
Deferred Outflow	<u>(12,958,000)</u>	34,257,000

Governmental Accounting Standards Board Statement Number 75 on Accounting and Financial Reporting for OPEB was implemented in Fiscal Year 2018. This amount is the OPEB Expense and Deferred Outflow (OPEB contributions paid) for the fiscal year (Note 8).

OPEB Expense	\$ (4,516,000)	
Deferred Inflow	720,000	
Deferred Outflow	<u>1,565,000</u>	(2,231,000)

Change in Net Position of governmental activities in the Statement of Activities (Exhibit A-2) \$ 58,653,270

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The present City of Virginia Beach, Virginia (City) was formed on January 1, 1963 by the merger of Princess Anne County and the former smaller City of Virginia Beach. The elected eleven-member School Board of the City of Virginia Beach, Virginia (the School Board), vested with the legislative powers, appoints the Superintendent who is the executive and administrative head of the public school division.

The accounting policies of the School Board conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The following is a summary of the significant accounting policies of the School Board:

**A. Government-Wide and Fund Financial Statements**

The accounts of the School Board are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts, which comprise its assets, liabilities, fund equity, revenues, and expenditures/expenses, as appropriate.

The basic financial statements and required supplementary information include both the government-wide (based upon the School Board as a whole) financial statements (i.e., Statement of Net Position and Statement of Activities) and fund financial statements. While the previous reporting model emphasized fund types (i.e., the total of all funds of a particular fund type), the reporting model emphasizes either the School Board as a whole or a major individual fund (within the basic financial statements and required supplementary information).

In the government-wide Statement of Net Position, the governmental activities column is presented on a full accrual and economic resources basis. This basis incorporates long-term assets and receivables, and long-term debt and obligations.

The government-wide Statement of Activities demonstrates the degree to which the direct expenses of an activity are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific activity. Program revenues are those that are directly associated with the specific activity (e.g., Instruction, Pupil Transportation, Cafeterias). Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given activity and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular activity. Taxes and other items not properly included among program revenues are reported as general revenues. The School Board does not allocate indirect expenses. The operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

Fund financial statements are provided for governmental funds, proprietary funds (i.e., internal service funds), and fiduciary funds (i.e., agency funds). By definition, the assets of the fiduciary funds are being held for the benefit of a third party and cannot be used to address activities or obligations of the government; therefore, these funds are excluded from the government-wide financial statements. Furthermore, the internal service funds have been incorporated into the governmental activities column in the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

The School Board reports the following major governmental funds:

**General Fund** - is the general operating fund of the School Board which is used to account for all financial resources, except those required to be accounted for in another fund. Revenues are derived primarily from the Federal Government (including impact aid and awards), Commonwealth of Virginia (including basic aid, awards, and sales tax), and the City of Virginia Beach.

**School Grants Special Revenue Fund** - accounts for certain private, Commonwealth of Virginia, and Federal grants (with matching local funds, if applicable).

**School Cafeterias Special Revenue Fund** - accounts for sales and proceeds from the school cafeterias.

**Capital Projects Fund** - is used to account for the financial resources for the acquisition or construction of major capital facilities.

Additionally, the School Board reports the following fund types:

**Special Revenue Funds** - are used to account for the proceeds of specific revenue sources, other than for the above special revenue funds, which are restricted or committed to be expended for specified purposes. The Textbook Fund accounts for the financing (e.g., Commonwealth of Virginia) and acquisitions of textbooks and related materials used in the school division. The Communication Towers/Technology Fund accounts for rent receipts relating to the communication towers constructed on School Board property. The Vending Operations Fund accounts for receipts and expenditures relating to soft drink vending operations. The Equipment Replacement Fund accounts for financial resources provided for equipment replacement cycle for selected capital equipment for schools and central offices.

**Proprietary Funds/Internal Service Funds** - are used to account for the financing of goods and/or services provided by one department or agency to other departments or agencies of the governmental unit (and to other governmental units), on a cost-reimbursement basis. The School Board has established Internal Service Funds for the Risk Management and Health Insurance programs.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**Fiduciary Funds** - are used to account for assets held by the School Board in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. The Fiduciary Funds are Agency Funds (Payroll Deductions, Fringe Benefits, and School Activity Funds) and the Other Postemployment Benefit Trust Fund for Retiree Health Benefits. The Agency Funds do not involve the measurement of results of operations, as they are custodial in nature (assets equal liabilities). The Other Postemployment Benefit Trust Fund accounts for assets in essentially the same manner as a Proprietary Fund using the economic resources measurement focus.

**B. Financial Reporting Entity**

The School Board is responsible for elementary and secondary education within the City. Members of the School Board are elected by the voters and serve staggered terms on the School Board. The City Council approves the School Board's operating budget, levies the necessary taxes to finance the operations, and approves the borrowing of money and issuance of bonds when necessary. The City Council is prohibited from exercising any control over specific appropriations within the operating budget of the School Board. However, City Council may exercise control in total by major categories (e.g., Instruction; Administration, Attendance, and Health; Pupil Transportation; Operations and Maintenance; Technology) as prescribed by the Code of Virginia, as amended.

The School Board is considered a component unit of the City of Virginia Beach and, accordingly, the financial position and results of operations of the School Board are also presented in the City's Comprehensive Annual Financial Report.

The School Board uses the following criteria in determining reportable component units (legally, separate organizations): 1) significance of their operational or financial relationship with the School Board, 2) for which the School Board is financially accountable, and 3) whose relationship with the School Board is such that exclusion would cause the School Board's financial statements to be misleading or incomplete. The School Board has no component units.

**C. Capital Assets**

Capital assets, which include land, buildings (e.g., schools, portables), improvements other than buildings (e.g., parking lots, curbs and gutters, sidewalks, drainage systems, fences), machinery and equipment, and vehicles (including school buses) are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the School Board as assets with an initial, individual cost of \$5,000 or more. Capital assets are recorded as expenditures in the governmental funds and as assets in the government-wide financial statements. Depreciation is recorded on the capital assets on a government-wide basis using the straight-line method with the following estimated useful lives:

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

Buildings	25 - 50 years
Improvements other than Buildings	20 years
Machinery, Equipment and Vehicles	5 – 20 years

All capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at acquisition value in the year donated.

**D. Basis of Accounting and Measurement Focus**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. The effects of interfund activity have been eliminated from the government-wide financial statements; however, interfund services (e.g., risk management, health insurance) provided and used are not eliminated (elimination of these charges would distort the reported function expenses and program revenues).

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

All Proprietary Funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Proprietary fund-type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net position.

The Agency funds are used to account for the assets held by the School Board as an agent for individuals, private organizations, other governmental units, and/or other funds. Agency funds do not involve the measurement of results of operations, as they are custodial in nature (assets equal liabilities).

The modified accrual basis of accounting is used by all governmental fund types and the full accrual basis of accounting is used by the agency funds. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

to be used to pay liabilities of the current period (for the most part, revenues are considered available, if they are collected within 90 days of the end of the fiscal year). Expenditures are recorded when the related fund liability is incurred, if measurable.

The following is a list of the major revenue sources, which meet the "susceptible to accrual" criteria:

- Commonwealth of Virginia
- State Sales Taxes
- Federal Government

All Proprietary Funds are reported under the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred. Proprietary Funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with a Proprietary Fund's principal ongoing operations. The principal operating revenues of the Internal Service Funds are charges for services. Operating expenses for the Internal Service Funds include administrative expenses, insurance premiums, and claims payments. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for the same purpose, restricted resources are used first, where practicable and permitted.

The School Board reports unearned revenue on its government-wide financial statements, when revenues are received prior to the period in which all eligibility requirements have been met. Unearned revenue at the fund level arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Unearned revenues also arise when resources are received by the government before it has a legal claim to them, as when grant monies are received prior to meeting all eligibility requirements. In subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and revenue is recognized.

**E. Encumbrances**

Encumbrance accounting, in which purchase orders, contracts, and other commitments for the expenditure of monies are recorded (reduces the applicable available appropriation), is followed in the General, Special Revenue, and Capital Projects Funds. Encumbrances outstanding do not constitute expenditures until expended or accrued as liabilities.

**F. Inventories**

All inventories are reported using the weighted average cost inventory method. Reported inventories are accounted for under the consumption method (i.e., recorded as expenditures when used) in the governmental funds.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

The School Cafeteria Fund's inventory includes United States Department of Agriculture (USDA) commodities under the Donated Commodity Program (operated as an adjunct to the National School Lunch Program). This program provides free agricultural products for use in the preparation of school lunches. The contributions are recorded in the financial statements as revenue upon receipt (title of products pass upon delivery) and expenditures at the time of consumption of the products based on the estimated wholesale market value (provided by the USDA). Other inventories are reported using the weighted average cost inventory method.

**G. Deferred Outflows and Inflows of Resources**

The School Board recognizes deferred outflows and inflows of resources. A deferred outflow of resources is a consumption of net position that is applicable to a future reporting period. A deferred inflow of resources is an acquisition of net position that is applicable to a future reporting period. The Statement of Net Position reports deferred outflows and inflows of resources related to pensions and OPEB (See A-1 and Note 8).

**H. Accrued Compensated Leave**

Annual leave, according to a graduated scale based on years of employment, is credited to each employee as it accrues. In general, administrative personnel may accrue a maximum of 50 days. Instructional personnel may accrue a maximum of 8 personal leave days. Upon employment termination, payment is made by the School Board to the respective employee on the unused portion.

School Board employees are granted one sick leave day per month and may accumulate an unlimited number of sick leave days. However, no payment is made by the School Board on the unused portion upon employment termination, except on the condition of retirement. School Board retirees are paid for their unused sick leave.

An accrual has been made in the financial statements for certain accumulated annual, personal, and sick leave days. This estimate includes salary, and the related Social Security and Medicare taxes.

The estimated amount of accrued compensated leave for the School Board's governmental activities is reported in the government-wide financial statements. See Note 5B for the estimated amounts related thereto.

Accrued compensated leave is typically liquidated by the General Fund, or the applicable special revenue (e.g., School Cafeterias) or internal service (e.g., Risk Management) fund.

**I. Fund Balance**

Fund balance is divided into five classifications based primarily on the extent to which the School Board is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**Nonspendable** - The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example, inventories and prepaid items.

**Restricted** - The restricted fund balance classification is used when constraints placed on the use of resources are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the School Board to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the School Board can be compelled by an external party, such as citizens, public interest groups, or the judiciary, to use resources created by enabling legislation only for the purposes specified by the legislation.

**Committed** - The committed fund balance classification, includes amounts, if applicable, that can be used only for the specific purposes imposed by a resolution adopted by the School Board. Those committed amounts cannot be used for any other purpose unless the School Board removes or changes the specified use by taking the same type of action it employed to previously commit those amounts.

Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

**Assigned** - The assigned fund balance classification represents amounts intended to be used by the School Board for specific purposes. Assigned amounts are established by the School Board (see Note 10D).

**Unassigned** - The unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The School Board applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**J. Net Position**

The difference between assets and deferred outflows, and liabilities and deferred inflows in the government-wide statement of net position must be labeled as net position. In addition, net position must be subdivided into three components: net investment in capital assets; restricted net position; and unrestricted net position, as follows:

**Investment in Capital Assets** - The investment in capital assets component presents the net position that comprise the capital assets (net of accumulated depreciation).

**Restricted Net Position** - The restricted net position component presents the net position that is restricted when constraints placed on the net position use are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

**Unrestricted Net Position** - The unrestricted net position component consists of net position that does not meet the “investment in capital assets” or “restricted net position” definition.

**K. Miscellaneous**

**1. Cash and Investments**

The School Board’s cash and investments are pooled and invested with the City’s centralized cash and investment pool (see Note 6). Cash invested at June 30 is included in the various cash accounts reflected in the financial statements. Investments are stated at amortized cost or fair value. Interest earnings on investments are allocated to certain funds based upon the average monthly cash balance of each fund.

**2. Proprietary Funds’ Other Charges**

The Proprietary Funds’ Other Charges category mainly consists of premiums and claims payments (including current estimated claims and judgments) in the Risk Management and Health Insurance Internal Service Funds.

**3. Statement of Cash Flows**

For purposes of the Statement of Cash Flows, all highly liquid debt instruments and certificates of deposit, regardless of maturity date, are grouped into cash and temporary investments. The proprietary funds participate in the City’s centralized cash and investment pool (see Note 6); therefore, separate information on cash equivalents (i.e., investments with original maturities of three months or less upon acquisition) for the fund is not available.

**4. Long-Term Obligations**

All long-term liabilities (see Note 5) are reported in the government-wide financial statements.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**5. Prepaid Items**

Prepaid items are certain required/negotiated payments made during the current fiscal year for goods/services to be delivered/rendered (and recorded as an expenditure/expense on a consumption basis, accordingly) during the following fiscal year(s).

**6. Debt Service**

The School Board has debt service payments on debt incurred by the City “on behalf of” the School Board (see Note 4B for related information). However, information on the School Board and City debt service payments and outstanding debt as a whole are presented in the City’s Comprehensive Annual Financial Report.

**L. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

**M. Pensions**

In government-wide financial statements, pensions are required to be recognized and disclosed using the accrual basis of accounting (see Note 8 and the Required Supplementary Information (RSI) section), regardless of the amount recognized as pension expenditures on the governmental fund statements, which use the modified accrual basis of accounting.

The Virginia Retirement System (VRS) Teacher Retirement Plan is a multiple employer cost-sharing plan. The VRS Political Subdivision Retirement Plan is a multiple employer, agent plan.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the VRS Teacher Retirement Plan and the Political Subdivision Retirement Plan and the additions to/deductions from these plan’s net fiduciary position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**N. Other Postemployment Benefits**

**1. Retiree Health Benefits**

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, and OPEB expense, information about the fiduciary net position of the Other Post-Employment Benefit Trust Fund and the

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

additions to/deductions from the OPEB net fiduciary position have been determined on the same basis as they were reported by the VML/VACo Pooled OPEB Trust. For this purpose, benefit payments are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

**2. Teacher Employee Health Insurance Credit Program**

For purposes of measuring the net Teacher Employee Health Insurance Credit Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Teacher Employee Health Insurance Credit Program OPEB, and the Teacher Employee Health Insurance Credit Program OPEB expense, information about the fiduciary net position of the Virginia Retirement System (VRS) Teacher Employee Health Insurance Credit Program; and the additions to/deductions from the VRS Teacher Employee Health Insurance Credit Program's net fiduciary position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**3. Group Life Insurance**

For purposes of measuring the net Group Life Insurance Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Group Life Insurance Program OPEB, and Group Life Insurance Program OPEB expense, information about the fiduciary net position of the Virginia Retirement System (VRS) Group Life Insurance program OPEB and the additions to/deductions from the VRS Group Life Insurance Program OPEB's net fiduciary position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**4. Teacher Employee and Political Subdivision Employee Virginia Local Disability Program**

For purposes of measuring the net Teacher Employee and Political Subdivision Employee Virginia Local Disability Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Teacher Employee and Political Subdivision Employee Virginia Local Disability Program OPEB, and the Teacher Employee and Political Subdivision Employee OPEB expense, information about the fiduciary net position of the Virginia Retirement System (VRS) Teacher Employee and Political Subdivision Employee Virginia Local Disability Program; and the additions to/deductions from the VRS Teacher Employee and Political Subdivision Employee Virginia Local Disability Program's net fiduciary position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

---

**O. Pronouncements Issued but not Yet Effective**

The Governmental Accounting Standards Board (GASB) has issued the following pronouncements, not yet effective, that may affect future financial position, results of operations, cash flows or the financial presentation of the School Board upon implementation. Management is evaluating these new standards.

<b>GASB STATEMENT NO.</b>	<b>GASB ACCOUNTING STANDARD</b>	<b>EFFECTIVE FISCAL YEAR</b>
84	Fiduciary Activities	2020
87	Leases	2021

**2. RECEIVABLES**

**A. Due from Commonwealth**

The following revenues were due from the Commonwealth of Virginia at June 30, 2019:

State Share Sales Tax	\$ 6,267,889
Special Education – Regional Program	4,520,290
Technology Initiative	1,722,157
Dual Enrollment - TCC	902,962
Juvenile Detention Center	266,095
Other Grants, Entitlements, and Shared Revenues	60,370
Total Due From Commonwealth (Exhibit A-3 and A-1)	<u>\$ 13,739,763</u>

**B. Due from Federal Government**

The following revenues were due from various federal agencies at June 30, 2019:

Adult Basic Education	\$ 74,708
Carl Perkins	804,202
DoDEA MCASP GRIT	125,308
McKinney Homeless	38,801
National School Meal Program	589,942
NJROTC	81,407
Preschool Incentive	76,673
School Breakfast Program	256,874
Title I	2,055,921
Title II	878,230
Title III	20,024
Title IV	286,218
Title VI-B	2,617,991
VPI+ Preschool Expansion	133,793
Other Grants, Entitlements, and Shared Revenues	80,334
Total Due From Federal Gvt (Exhibit A-3 and A-1)	<u>\$ 8,120,426</u>

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

**3. UNEARNED REVENUE**

Unearned revenue represents amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Unearned revenue consists of the following as of June 30, 2019:

General Fund – Summer School Tuition	\$ 581,369
School Grants Fund – Early Reading Intervention, Algebra Readiness, VA Initiative At Risk Four Year Old, Project Graduation , and other	1,382,084
Other Governmental Funds – School Cafeterias – Charges for Services	474,466
Total Unearned Revenue – Governmental Funds (Exhibit A-3)	<u>\$ 2,437,919</u>
School Health Insurance Internal Service Fund – Prepayment of July health insurance premiums (Exhibit A-5)	7,990,683
Total Unearned Revenue – Governmental Activities (Exhibit A-1)	<u><u>\$ 10,428,602</u></u>

**4. CAPITAL ASSETS**

**A. Summary of Changes in Capital Assets**

	Balance July 1, 2018	Increases	Decreases	Balance June 30, 2019
Governmental Activities:				
Capital Assets Not Being Depreciated:				
Land	\$ 39,048,224	\$ -	\$ 79,852	\$ 38,968,372

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**B. Tenancy in Common with the City on Certain School Buildings**

Section 15.2-1800.1 of the Code of Virginia, as amended, affects the reporting of local School Board capital assets and related debt for financial reporting purposes. Under this legislation, the City has a “tenancy in common” with the School Board whenever the City incurs “on behalf of” debt for any school property owned by the School Board which is payable over more than one year. For financial reporting purposes, the City will report the Net Book Value of School Board property (the School Board incurs the depreciation expense) equal to the total outstanding principal balance of the applicable “on behalf of” debt at June 30, 2019, as follows:

School Buildings reported by the City	\$ 319,469,551
Less: Accumulated Depreciation	<u>42,514,650</u>
Net Book Value reported by the City	<u><u>\$ 276,954,901</u></u>

**C. Depreciation Expense on Capital Assets**

Depreciation expense was charged to governmental activities, as follows:

Instruction	\$ 23,270,022
Admin, Attendance, & Health	2,596
Pupil Transportation	4,021,003
Operations and Maintenance	720,510
Cafeterias	705,708
Technology	<u>2,819,121</u>
Total Depreciation Expense	<u><u>\$ 31,538,960</u></u>

Note: Approximately \$7 million of the depreciation expense is on buildings owned by the School Board and reported by the City, and the net accumulated depreciation change/transfer on buildings owned by the School Board and previously reported by the City as a result of the Tenancy in Common provisions disclosed in Note 4B.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

**5. LONG-TERM LIABILITIES**

**A. Summary of Changes in Long-Term Liabilities**

	Balance			Balance	Amounts
	<u>July 1, 2018</u>	<u>Additions</u>	<u>Reductions</u>	<u>June 30, 2019</u>	<u>Due Within</u>
Governmental Activities:					<u>One Year</u>
Accrued Compensated Leave					
(Note 5B)	\$ 33,919,240	\$ 11,678,273	\$ 11,347,063	\$ 34,250,450	\$11,574,004
Estimated Claims and Judgments					
(Notes 9A and 9C)	17,299,000	149,888,000	149,159,838	18,027,162	13,520,372
Net Pension Liability					
(Note 8A)	639,194,000	134,413,000	164,406,000	609,201,000	-
Net OPEB Liability					
(Note 8B-F)	<u>164,150,000</u>	<u>36,419,000</u>	<u>31,903,000</u>	<u>168,666,000</u>	<u>-</u>
Long-Term Liabilities	<u>\$ 854,562,240</u>	<u>\$ 332,398,273</u>	<u>\$ 356,815,901</u>	<u>\$ 830,144,612</u>	<u>\$25,094,376</u>

Note: Long-term liabilities are typically liquidated by the General Fund, or the applicable special revenue (e.g., School Cafeterias) or internal service (e.g., Risk Management) fund.

**B. Accrued Compensated Leave**

The accrued compensated leave is as follows at June 30, 2019:

<u>Compensated</u>	
<u>Leave</u>	
Annual	\$ 10,762,110
Sick	18,616,862
Personal	<u>4,871,478</u>
Total	<u>\$ 34,250,450</u>

**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**6. DEPOSITS AND INVESTMENTS**

The Constitution of Virginia and the Code of Virginia, as amended, require the election of a City Treasurer. The City's Charter provides that the City Treasurer is the custodian of City cash and has powers and duties prescribed by general law. Cash and temporary investments pertaining to the School Board's funds (except school activity account funds) are pooled and invested with the cash and temporary investments of the City. The bank balance of the City's deposits, which includes the School Board's cash pooled with the City, is covered by Federal Depository Insurance or collateralized in accordance with the Virginia Security for Public Deposits Act. Information to categorize investments for the School Board only, by the level of risk assumed, is unavailable for disclosure. However, information on the pooled deposits and investments (including the investments stated at amortized cost and the investments stated at fair value) for the School Board and City as a whole is presented in the City's Comprehensive Annual Financial Report and below, as follows:

**A. Deposits**

Custodial credit risk for deposits policy – All cash of the City including the School Board Component Unit (excluding the School Board's School Activity Accounts) is maintained in accounts collateralized in accordance with the Virginia Security for Public Deposits Act, Section 2.2-4400 et. seq. of the Code of Virginia or covered by Federal Depository Insurance.

The City has compensating balance arrangements with two financial institutions. Bank of America provides services to the City while a \$3.5 million balance is maintained in a demand deposit account. A fluctuating checking account balance based on monthly investment services is a requirement of Branch Banking & Trust (BB&T).

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure fair value of the assets. Level 1 inputs are quoted prices in an active market for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs (the City does not value any of its investments using level 3 inputs).

As of June 30, 2019, the City had the following recurring investments. Except for the investments in the State Non-Arbitrage Program (SNAP), Virginia Investment Pool (VIP), and Local Government Investment Pool (LGIP), all investments are in an internal investment pool.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**

Total Market Value of Investments at June 30, 2019			<u>\$ 789,258,201</u>

The City has investments in U.S. Government securities valued at \$376.9 million (Level 2 inputs). These investments are classified in Level 2 at the fair value hierarchy and are valued using matrix pricing techniques maintained by various pricing vendors. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. Fair value is defined as the

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

quoted market value on the last trading day of the period. These prices are obtained from various pricing sources by the City's custodian bank.

Investments in Money Market Funds (Level 2 inputs) and Commercial Paper (Level 2 inputs) are classified in Level 2 of the fair value hierarchy and are valued in accordance with pricing sources by the City's custodian bank.

The remaining investments are measured in accordance with existing GASB standards and at amortized costs totaled \$239.2 million at June 30, 2019. Investments within the SNAP Investment Pool are held there to meet the debt service reserve requirements of the bond covenants and therefore cannot be withdrawn for any other purpose. Investments within the Local Government Investment Pool (LGIP) have no restrictions on withdrawals and can be obtained upon demand. Investments in the Virginia Investment Pool (VIP) fall within two primary funds, 1-3 Year High Quality Bond Fund and Stable NAV Liquidity Pool. The 1-3 High Quality Bond Fund redemptions are available twice a month and participants are required to provide 5 days' notice. Redemptions greater than \$5 million are requested to be submitted 60 days in advance and if the redemption is greater than 10% of the portfolio's net asset value without the 60 days' notice, the redemption can be executed over time. The Stable NAV Liquidity Pool has no restrictions on withdrawals and funds are available the same day.

**B. Interest Rate Risk**

As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy limits maximum final stated maturities of investments to five years. In addition, the City will structure the investment portfolio so that securities mature to meet cash requirements and by investing operating funds primarily in shorter-term securities.

Investments of debt proceeds held by bond trustees are governed by provisions of the debt agreements. Reverse and escrow funds may be invested in securities exceeding five years to maturity if the maturities of such investments are made to coincide as nearly as practicable with the expected use of the funds.

The City assumes all investments will be held until maturity or until called at their par value. However, an investment may be sold at an earlier date to meet certain obligations or if the investment's credit quality drops. This makes the City's investments sensitive to market rate fluctuations. To mitigate the impact of market rate fluctuations, the City maintains enough liquidity to meet its short-term needs with a smaller portion invested in long-term government-sponsored organizations and high-quality corporate notes.

**C. Credit Risk**

Credit risk is the risk an investor is subject to as a result of the credit quality of investments in debt securities. Statutes, as well as the City's investment policy, authorize the City to invest in

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

---

obligations of the United States or agencies thereof; the Commonwealth of Virginia or political subdivisions thereof; obligations of the International Bank for Reconstruction and Development (World Bank); the Asian Development Bank; the African Development Bank; commercial paper rated A-1 by Standard & Poor's Corporation or P-1 by Moody's Commercial Paper Record; bankers' acceptance instruments; repurchase agreements which are collateralized with securities approved for direct investment; State Treasurer's Local Government Investment Pool (LGIP); and corporate notes with at least a rating of Aa by Moody's or AA by Standard and Poor's.

The LGIP is an externally managed investment pool that is not registered with the Securities Exchange Commission but is managed as a "2a-7 like pool". Pursuant to the Code of Virginia, the Treasury Board of the Commonwealth sponsors the LGIP and has delegated certain functions to the State Treasurer. The LGIP reports to the Treasury Board at their regularly scheduled monthly meetings. The LGIP values portfolio securities by the amortized cost method and on a monthly basis this valuation is compared to current market to monitor any variance. The fair value of the City's position in the pool is the same as the value of the pool shares.

Custodial credit risk for investments policy: For an investment, this is the risk that, in the event of a failure of the counterparty, the City will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The City requires that all investments be clearly marked as to ownership and to the extent possible, be registered in the name of the City. In addition, the City pre-qualifies the financial institutions, brokers/dealers, intermediaries and advisors with which the City will do business.

The City's rated debt investments as of June 30, 2019 were rated by Standard & Poor's and Moody's and/or an equivalent national rating organization and the ratings are presented below using the respective rating scale from both agencies.

	<u>AAA</u>	<u>A1/P1/F1+</u>
State Treasurer's Local Government Investment Pool (LGIP)	\$ 67,000,000	\$ -
U. S. Government Securities	376,942,592	-
State Non Arbitrage Program (SNAP)	24,091,535	-

Concentration of Credit Risk: Concentration of credit risk represents the risk of investments in any one issue that represents 5% or more of investments. The City's investment policy limits the amount it can invest in commercial paper and bankers' acceptance instruments. By policy, investments in commercial paper are limited to 35% of the total available for investment, and not more than 5% of the total available for investment can be invested in any one issuing corporation. Bankers' acceptance instruments shall not exceed 50% of the total investment portfolio's book value on the date of acquisition.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

At June 30, 2019, investments in bankers' acceptance instruments and U.S. Government Securities are recorded at fair value. All other investments are reported utilizing amortized cost due to maturity dates less than one year. The fair valuing of bankers' acceptance instruments and U.S. Government Securities at June 30, 2019 resulted in a net increase of \$3,053,832.

All City and School Board Funds participate in a centralized cash and investment pool. Interest earnings on investments are allocated to the appropriate funds based upon the average monthly cash balance of each fund.

## **7. COMMITMENTS AND CONTINGENCIES**

### **A. Litigation**

The School Board, as of June 30, 2019, is a named defendant in various lawsuits. The School Board is vigorously defending all cases, and expects no losses will be incurred which would have a material effect on the School Board's financial position.

### **B. Intergovernmental Grants, Entitlements, and Shared Revenues**

The School Board participates in a number of federal and state grants, entitlements, and shared revenue programs. These programs are subject to program compliance audits by the applicable federal or state agency or their representatives. Furthermore, the U.S. Congress passed legislation entitled the "Single Audit Act Amendments of 1996" which requires most governmental recipients of federal assistance to have an annual independent organization wide financial and compliance audit. The results thereof are incorporated in the City's Comprehensive Annual Financial Report. The amounts, if any, of expenditures that may be disallowed by these audits cannot be determined at this time, although the School Board expects such amounts, if any, to be immaterial.

### **C. Salaries Payable**

The outstanding Salaries Payable amount represents salaries due (in July and August 2019) to school employees (e.g., teachers) who have opted to be paid over a twelve-month period; and salaries that are due (e.g., for services rendered in June 2019 and not paid until July 2019) to substitutes, part-time employees, and other school personnel.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**D. Construction Projects**

The School Board has active construction projects and related contractual commitments as of June 30, 2019, as follows:

<u>Construction in Progress</u>	<u>Commitments</u>
\$65,245,069	\$37,943,877

**E. Encumbrances**

The School Board has encumbrances such as purchase orders, contracts, and other commitments for the expenditure of monies for goods and/or services not received as of June 30, 2019. These outstanding encumbrances (listed below) do not constitute expenditures until expended or accrued as liabilities and, therefore, are not reflected in the accompanying financial statements.

<u>Fund</u>	<u>Amount of Encumbrances</u>
General	\$ 10,431,132
Capital Projects	37,943,877
Other Governmental	281,769
Total	<u>\$ 48,656,778</u>

**8. RETIREMENT AND OTHER POSTEMPLOYMENT BENEFITS**

**A. Virginia Retirement System**

**1. Plan Description**

All full-time, salaried permanent (professional) employees of Virginia Beach City Public Schools (VBCPS) are automatically covered by the VRS Teacher Retirement Plan, upon employment. All full-time, salaried permanent (non-professional) employees of VBCPS are automatically covered by the VRS Political Subdivision Retirement Plan, upon employment. These plans are administered by the Virginia Retirement System (the System or VRS) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

The System administers three different benefit structures for covered employees in the VRS Teacher Retirement Plan and VRS Political Subdivision Retirement Plan – Plan 1, Plan 2, and

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

Active Members	2,038
Total Covered Employees	5,063

## 3. Contributions

The contribution requirement for active employees is governed by §51.1-145 of the Code of Virginia, as amended, but may be impacted as a result of funding options provided to school divisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. For the Professional Plan (Teacher Retirement Plan), each school division's contractually required contribution rate for the year ended June 30, 2019 was 15.68% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2017. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contribution to the pension plan from the school division were \$63,710,000 and \$65,403,000 for the years ended June 30, 2019 and June 30, 2018, respectively.

For the Nonprofessional (non-teacher) employees. The school division's contractually required employer contribution rate for the fiscal year ended 2019 was 6.73% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

as of June 30, 2017. When combined with employee contributions, this rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the school division were \$2,885,000 and \$2,970,000 for the years ended June 30, 2019 and June 30, 2018, respectively.

**4. Net Pension Liability**

At June 30, 2019, the school division reported a net pension liability of \$596,910,000 for its proportionate share of the Net Pension Liability of the Teacher Retirement Plan (Professional). The Net Pension Liability was measured as of June 30, 2018 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The school division's proportion of the Net Pension Liability was based on the school division's actuarially determined employer contributions to the pension plan for the year ended June 30, 2018 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2018, the school division's proportion was 5.07577% as compared to 5.08685% at June 30, 2017.

In addition, the school division's Net Pension Liability for the Nonprofessional (non-teacher) Retirement Plan was measured as of June 30, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2017, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2018. At June 30, 2019, the school division reported a liability of \$12,291,000 for the Nonprofessional (non-teacher) Retirement Plan.

**5. Pension Expense**

For the year ended June 30, 2019, the school division recognized pension expense of \$31,973,000 for the Teacher Retirement Plan (Professional). Since there was a change in proportionate share between measurement dates, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions.

In addition, for the year ended June 30, 2019, the school division recognized pension expense of \$588,000 for the Nonprofessional (non-teacher) Retirement Plan.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**6. Deferred Outflows/Inflows of Resources**

At June 30, 2019, for the Teacher Retirement Plan (Professional), the school division reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between Expected and Actual Experience	\$ -	\$ 51,042,000
Net Difference between Projected and Actual Earnings on Pension Plan Investments	-	12,658,000
Change in Assumptions	7,125,000	-
Changes in Proportion and Differences between Employer Contributions and Proportionate Share of Contributions	1,140,000	10,253,000
Employer Contributions Subsequent to the Measurement Date	63,710,000	-
Total	<u>\$ 71,975,000</u>	<u>\$ 73,953,000</u>

\$63,710,000 reported as deferred outflows of resources related to pensions resulting from the school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Fiscal Year Ended June 30</u>	<u>Deferred Amounts</u>
2020	\$ (10,841,000)
2021	\$ (15,904,000)
2022	\$ (28,260,000)
2023	\$ (8,361,000)
2024	\$ (2,322,000)

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

In addition, at June 30, 2019, for the Nonprofessional (non-teacher) Retirement Plan, the school division reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between Expected and Actual Experience	\$ 361,000	\$ 72,000
Net Difference between Projected and Actual Earnings on Pension Plan Investments	-	1,616,000
Change in Assumptions	-	363,000
Employer Contributions Subsequent to the Measurement Date	2,885,000	-
Total	<u>\$ 3,246,000</u>	<u>\$ 2,051,000</u>

\$2,885,000 reported as deferred outflows of resources related to pensions resulting from the school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ended June 30	Deferred Amounts
2020	\$ 746,000
2021	\$ (138,000)
2022	\$ (2,122,000)
2023	\$ (176,000)
2024	\$ -

## **7. Actuarial Assumptions**

### Professional/Teacher Retirement Plan

The total pension liability for the VRS Teacher Retirement Plan was based on an actuarial valuation as of June 30, 2017, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2018.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

Inflation	2.5 percent
Salary increases, including Inflation	3.5 percent - 5.95%
Investment rate of return	7.0 percent, net of pension plan investment expense, including inflation*

\* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of pension liabilities.

**Mortality rates:**

**Pre-Retirement:**

RP-2014 White Collar Employee Rates to age 80, White Collar Healthy Annuitant Rates at ages 81 and older projected with Scale BB to 2020.

**Post-Retirement:**

RP-2014 White Collar Employee Rates to age 49, White Collar Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males 1% increase compounded from ages 70 to 90; females set back 3 years with 1.5% increase compounded from ages 65 to 70 and 2.0% increase compounded from ages 75 to 90.

**Post-Disablement:**

RP-2014 Disability Mortality Rates projected with Scale BB to 2020; 115% of rates for males and females.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the four-year period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

- Update to more current mortality table – RP-2014 projected to 2020
- Lowered retirement rates at older ages and changed final retirement from 70 to 75
- Adjusted withdrawal rates to better fit experience at each year age and service through 9 years of service
- Adjusted disability rates to better match experience
- No change to salary scale

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

Nonprofessional (non-teacher) Retirement Plan

The total pension liability for Nonprofessional Retirement Plan (non-teacher) was based on an actuarial valuation as of June 30, 2017, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2018.

Inflation	2.5 percent
Salary increases, including Inflation	3.5 percent - 5.35%
Investment rate of return	7.0 percent, net of pension plan investment expense, including inflation*

\* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of pension liabilities.

Mortality rates:

Largest 10 – Non-Hazardous Duty: 20% of deaths assumed to be service related

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with Scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with Scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

All Others (Non 10 Largest) – Non-Hazardous Duty: 15% of deaths are assumed to be service related

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with Scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Mortality Table Rates projected with Scale BB to 2020; males set forward 2 years, 110% of rates: females 125% of rates.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

- Update to a more current mortality table – RP-2014 projected to 2020
- Lowered retirement rates at older ages and changed final retirement from 70 to 75
- Adjusted withdrawal rates to better fit experience at each year age and service through 9 years of service
- Lowered disability rates
- No change in salary scale

**8. Long-Term Expected Rate of Return**

The long-term expected rate of return on pension system investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

<u>Asset Class (Strategy)</u>	<u>Target Allocation</u>	<u>Arithmetic Long-Term Expected Rate of Return</u>	<u>Weighted Average Long-Term Expected Rate of Return</u>
Public Equity	40.00%	4.54%	1.82%
Fixed Income	15.00%	0.69%	0.10%
Credit Strategies	15.00%	3.96%	0.59%
Real Assets	15.00%	5.76%	0.86%
Private Equity	15.00%	9.53%	1.43%
Total	<u>100.00%</u>		<u>4.80%</u>
Inflation			<u>2.50%</u>
*Expected arithmetic nominal return			<u>7.30%</u>

\*The above allocation provides a one-year return of 7.30%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.83%, including expected inflation of 2.50%.

## 9. Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2018, the rate contributed by the school division for the VRS Professional/Teacher Retirement Plan will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions; political subdivisions were also provided with an opportunity to use an alternate employer contribution rate. For the year ended June 30, 2018, the alternate rate was the employer contribution rate used in FY2012 or 90% of the actuarially determined employer contribution rate from the June 30, 2015, actuarial valuations, whichever was greater. From July 1, 2018 on, school divisions are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

**10. Sensitivity of the Net Pension Liability to Changes in the Discount Rate**

The following presents the school division's proportionate share of the net pension liability for the Professional/Teacher Retirement Plan using the discount rate of 7.00%, as well as what the school division's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

	1.00% Decrease 6.00%	Current Discount Rate 7.00%	1.00% Increase 8.00%
School Division's Proportionate Share of the Net Pension Liability for the VRS Teacher Retirement Plan	\$ 911,795,000	\$ 596,910,000	\$ 336,272,000

In addition, the following presents the net pension liability of the Nonprofessional (non-teacher) Retirement Plan using the discount rate of 7.00%, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

	1.00% Decrease 6.00%	Current Discount Rate 7.00%	1.00% Increase 8.00%
School Division's Net Pension Liability (Asset) for the NonProfessional (non-teacher) Retirement Plan	\$ 38,710,000	\$ 12,291,000	\$ (9,967,000)

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

**11. Combining Pension Liabilities, Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Statement of Net Position**

	Virginia Retirement System		
	Professional Plan	Nonprofessional Plan	Combined Totals
Net Pension Liability	\$ 596,910,000	\$ 12,291,000	\$ 609,201,000
Pension Expense	\$ 31,973,000	\$ 588,000	\$ 32,561,000

**13. Pension Plan Fiduciary Net Position – Teacher Retirement Plan**

Detailed information about the VRS Teacher Retirement Plan's Fiduciary Net Position or the VRS Political Subdivision is available in the separately issued VRS 2018 Comprehensive Annual Financial Report (CAFR). A copy of the 2018 VRS CAFR may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2018annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

**B. Other Postemployment Benefits – Retiree Health Benefits**

**1. Plan Description**

The City and School Board Other Postemployment Benefit (OPEB) Plans are each a single-employer, defined benefit plan, administered by the City and School Board in accordance with State and City statutes. Section 15.2-1500 of the Virginia State Code provides that every locality shall provide for the governmental functions of the locality, including employment of the officers

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

and other employees. In connection with this employment, the School Board has established certain plans to provide post-employment benefits other than pensions as defined in Section 15.2-1545 of the Virginia Code to retirees and their spouses and eligible dependents.

In accordance with Article 8, Chapter 15, Subtitled II of Title 15.2 of the Virginia Code, the City and School Board have elected to establish a trust for the purpose of accumulating and investing assets to fund OPEB. The School Board, in accordance with this election, has joined the Virginia Pooled OPEB Trust Fund (Trust) established by the Virginia Municipal League and the Virginia Association of Counties in 2008 for the purpose of accumulating and investing assets to fund post-employment benefits other than pensions for counties, cities, towns, school divisions, and other authorized political subdivisions of the Commonwealth of Virginia.

The Trust's Board of Trustees has fiduciary responsibility for the investment of monies and administration of the Trust pursuant to the Trust Agreement. The Board of Trustees is composed of nine members. Trustees are members of Local Finance Boards of participating employers and are elected for staggered three-year terms by the participants in the Trust. In accordance with Section 15.2-1547 of the Virginia Code, City Council appointed the City's Deferred Compensation Board Trust as the OPEB's Local finance Board to serve as the trustee of the City and School Board with respect to the OPEB trust. The board includes City employees, an appointee from City Council, a member of the Sheriff's Office, a member of the School Board, and the Schools' Chief Financial Officer. The trust does not administer the retiree health benefits of each participating employer. Deposits to the trust are irrevocable and held solely for the payment of OPEB benefits for the City and School Board.

**2. Plan Membership**

The membership as of January 1, 2018 includes:

Active Plan Members	10,161
Retirees and Surviving Spouses currently receiving benefits	628
Spouse of Current Retirees currently receiving benefits	<u>55</u>
	<u><u>10,844</u></u>

**3. Benefits Provided**

The School Board provides health insurance benefits for their retirees. These benefits are provided through a self-insured program. Employees that retire under VRS guidelines with at least 25 years of service with the City and/or School Board as well as those who retire on a work-related disability compensable under the Workers' Compensation Act before age 65 are eligible for health insurance coverage. This benefit is payable until the retiree becomes eligible for Medicare.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**4. Contributions**

Contribution requirements of the City, School Board, and plan members are established and may be amended by the respective legislative bodies. The required contributions were actuarially determined and are based upon projected pay as you go financing requirements with an additional amount to prefund benefits. For the period ending June 30, 2019, the School Board's OPEB cost of \$6,650,700 was less than its actuarially determined employer contribution of \$7,656,200 by \$1,005,500. Plan members from each organization contributed \$3,075, \$2,103, and \$1,459 for the POS Premier, POS Standard, and POS Basic plans respectively, annually for retiree-only point of service coverage. The School Board retirees with coverage for their spouses contributed \$10,284, \$8,019, and \$6,519 for the POS Premier, POS Standard, and POS Basic plans, respectively, annually until Medicare eligibility. The School Board has determined that all current employees and retirees shall contribute to the cost of their health care coverage and no level of benefit shall be provided free of charge. Rates are calculated by an actuary with the City and School Board health care consultant and finalized by the Benefits Executive Committee, comprised of City and School executive leadership.

**5. Investments Policy, Target Allocation, Rate of Return**

The OPEB plan's policy in regard to the allocation of invested assets is established and may be amended by the Virginia Pooled OPEB Trust Fund Board of Trustees. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the OPEB plan.

The best estimate range for the long-term expected rate of return is determined by taking the annual average long-term future inflation and real return components including the anticipated effects of return volatility and correlation among various asset classes. The capital market assumptions are per Milliman's investment consulting practice as of December 31, 2018.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

Asset Class	Target Allocation	Long-Term Expected Arithmetic Real Rate of Return	Long-Term Expected Geometric Real Rate of Return
Core Fixed Income	19.60%	2.13%	2.02%
High Yield Bonds	1.40%	4.00%	3.54%
Large Cap US Equities	26.00%	4.90%	3.76%

Portfolio Nominal Mean Return		7.15%	6.65%
Portfolio Standard Deviation			10.85%
<b>Long-Term Expected Rate of Return</b>			<b>6.50%</b>

For the year ended June 30, 2019, the annual money-weighted rate of return on investments, net of investment expense, was 4.60%. The money-weighted rate of return considers the changing amounts actually invested during a period and weights the amount of plan investments by the proportion of time they are available to earn a return during that period. External cash flows are determined on a monthly basis and are assumed to occur at the beginning of each month. External cash inflows are netted with external cash outflows, resulting in a net external cash flow in each month. The money-weighted rate of return is calculated net of investment expenses.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**6. Net OPEB Liability**

The components of the net OPEB liability of the School Board at June 30, 2019, were as follows:

<b>Net OPEB Liability</b>	<u>June 30, 2018</u>	<u>June 30, 2019</u>
Total OPEB Liability	\$ 93,821,157	\$ 99,814,583
Fiduciary Net Position	<u>(30,396,819)</u>	<u>(31,768,081)</u>
Net OPEB Liability	\$ 63,424,338	\$ 68,046,502
Fiduciary Net Position as a % of Total OPEB Liability	32.40%	31.83%
Covered Employee Payroll	\$ 444,517,100	\$ 444,517,100
Net OPEB Liability as a % of Covered Payroll	14.27%	15.31%

**7. Actuarial Methods and Assumptions**

The Total OPEB Liability was determined by an actuarial valuation as of January 1, 2018, calculated based on the discount rate and actuarial assumptions below, and projected forward to the measurement date of June 30, 2019. There have been no significant changes between the valuation date and the fiscal year end.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

Inflation	2.50%
Salary Increases	5.35% up to 2 years of service, 4.75% 3 years of service, 4.45% 4-6 years of service, 4.35% 7 years of service, 4.25% 8 years of service, 4% 9-10 years of service, 3.65% 11-19 years of service, 3.50% for 20 or more years of service, including inflation
Long-Term Expected Rate of Return	6.50%
Healthcare Cost Trend Rates	Rates consistent with information from the Getzen Trend Model; 6.50% in 2018, 5.80% in 2019, 5.10% in 2020, then grading to an ultimate rate of 4.30% for 2082 and after
Actuarial Cost Method	Entry Age Normal
Mortality	<p>Pre-Retirement: RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older with Scale BB to 2020; males 95% of rates; females 105% of rates. 20% of deaths are assumed to be service related</p> <p>Post-Retirement: RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70-90.</p> <p>Post- Disability: RP-2014 Disables Mortality Rates projected with Scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.</p>

## **8. Discount Rate**

The discount rate used to measure the total OPEB liability was 6.50%.

	<u>June 30, 2018</u>	<u>June 30, 2019</u>
Discount Rate	7.00%	6.50%
Long-Term Expected Rate of Return, Net of Investment Expense	7.00%	6.50%
Municipal Bond Rate	N/A	N/A

The plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the Total OPEB Liability is equal to the long-term expected rate of return.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

**9. Changes in the Net OPEB Liability**

	Increase (Decrease)		
	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB Liability (a) - (b)
Balance at June 30, 2018	\$ 93,821,157	\$ 30,396,819	\$ 63,424,338
Changes for the year:			
Service Cost	\$ 2,429,766		\$ 2,429,766
Interest on Total OPEB Liability	6,508,729		6,508,729

Recognition of Deferred Inflows/Outflows of Resources		
Recognition of Economic/Demographic Gains or Losses	191,818	191,818
Recognition of Assumption Changes or Inputs	3,378,611	2,790,421
Recognition of Investment Gains or Losses	10,716	(135,086)
<b>OPEB Expense</b>	<u><b>\$ 10,419,370</b></u>	<u><b>\$ 7,217,298</b></u>

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

At June 30, 2019, the School Board reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between Expected and Actual Experience	\$ 1,016,637	\$ -
Changes in Assumptions	17,906,635	-
Net Difference between Projected and Actual Earnings	177,947	-
Total	<u>\$ 19,101,219</u>	<u>\$ -</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal Year Ending June 30:	
2020	\$ 3,581,145
2021	\$ 3,581,145
2022	\$ 3,581,144
2023	\$ 3,716,229
2024	\$ 3,570,429
Thereafter*	\$ 1,071,127

\*Note that additional future deferred inflows and outflows of resources may impact these numbers.

# **11. Sensitivity Analysis**

The following presents the Net OPEB liability of the School Board, calculated using the discount rate of 6.50%, as well as what the School Board's Net OPEB Liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.50%) or 1 percentage point higher (7.50%) than the current rate.

	1.00% Decrease 5.50%	Discount Rate 6.50%	1.00% Increase 7.50%
Total OPEB Liability	\$ 107,694,511	\$ 99,814,583	\$ 92,559,112
Fiduciary Net Position	(31,768,081)	(31,768,081)	(31,768,081)
Net OPEB Liability	<u>\$ 75,926,430</u>	<u>\$ 68,046,502</u>	<u>\$ 60,791,031</u>

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

The following presents the Net OPEB Liability of the School Board, calculated using the current healthcare cost trend rates, as well as what the School Board's Net OPEB Liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current rates.

	1.00% Decrease	Current Trend Rate	1.00% Increase
Total OPEB Liability	\$ 89,356,368	\$ 99,814,583	\$ 112,001,591
Fiduciary Net Position	(31,768,081)	(31,768,081)	(31,768,081)
Net OPEB Liability	\$ 57,588,287	\$ 68,046,502	\$ 80,233,510

**C. Other Postemployment Benefits – Teacher Employee Health Insurance Credit Program**

**1. Plan Description**

The Virginia Retirement System (VRS) Teacher Employee Health Insurance Credit Program is a multiple-employer, cost-sharing plan. The Teacher Employee Health Insurance Credit Program was established pursuant to §51.1-1400 et seq. of the *Code of Virginia*, as amended, and which provides the authority under which benefit terms are established or may be amended. The Teacher Employee Health Insurance Credit Program is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired teachers. All full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Employee Health Insurance Credit Program. This plan is administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The health insurance credit is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

The specific information for the Teacher Health Insurance Credit Program OPEB, including eligibility, coverage, and benefits is set out in the table below:

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

TEACHER EMPLOYEE HEALTH INSURANCE CREDIT PROGRAM (HIC) PLAN PROVISIONS
<p><b>Eligible Employees</b></p> <p>The Teacher Employee Retiree Health Insurance Credit Program was established July 1, 1993 for retired Teacher Employees covered under VRS who retire with at least 15 years of service credit.</p> <p>Eligible employees are enrolled automatically upon employment. They include:</p> <ul style="list-style-type: none"> <li>• Full-time permanent (professional) salaried employees of public school divisions covered under VRS.</li> </ul>
<p><b>Benefit Amounts</b></p> <p>The Teacher Employee Retiree Health Insurance Credit Program provides the following benefits for eligible employees:</p> <ul style="list-style-type: none"> <li>• <b><u>At Retirement</u></b> – For Teacher and other professional school employees who retire with at least 15 years of service, the monthly benefit is \$4.00 per year of service per month with no cap on the benefit amount.</li> <li>• <b><u>Disability Retirement</u></b> – For Teacher and other professional school employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is either: <ul style="list-style-type: none"> <li>○ \$4.00 per month, multiplied by twice the amount of service credit, or</li> <li>○ \$4.00 per month, multiplied by the amount of service earned had the employee been active until age 60, whichever is lower.</li> </ul> </li> </ul>
<p><b>Health Insurance Credit Program Notes:</b></p> <ul style="list-style-type: none"> <li>• The monthly Health Insurance Credit benefit cannot exceed the individual premium amount.</li> <li>• Employees who retire after being on long-term disability under VLDP must have at least 15 year of service credit to qualify for the health insurance credit as a retiree.</li> </ul>

**2. Plan Membership**

The membership as of June 30, 2018 includes:

Active Plan Members	150,416
Inactive Members or their Beneficiaries currently receiving benefits	64,355
Inactive Members entitled to but not yet receiving benefits	<u>2,154</u>
	<u><u>216,925</u></u>

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**3. Contributions**

The contribution requirement for active employees is governed by §51.1-1401(E) of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Each school division's contractually required employer contribution rate for the year ended June 30, 2019 was 1.20% of covered employee compensation for employees in the VRS Teacher Employee Health Insurance Credit Program. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2017. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the school division to the VRS Teacher Employee Health Insurance Credit Program were \$4,997,000 and \$5,023,000 for the years ended June 30, 2019 and June 30, 2018, respectively.

**4. Teacher Employee Health Insurance Credit Program OPEB Liabilities, Teacher Employee Health Insurance Credit Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Teacher Employee Health Insurance Credit Program OPEB**

At June 30, 2019, the school division reported a liability of \$64,113,000 for its proportionate share of the VRS Teacher Employee Health Insurance Credit Program Net OPEB Liability. The Net VRS Teacher Employee Health Insurance Credit Program OPEB Liability was measured as of June 30, 2018 and the total VRS Teacher Employee Health Insurance Credit Program OPEB liability used to calculate the Net VRS Teacher Employee Health Insurance Credit Program OPEB Liability was determined by an actuarial valuation as of that date. The school division's proportion of the Net VRS Teacher Employee Health Insurance Credit Program OPEB Liability was based on the school division's actuarially determined employer contributions to the VRS Teacher Employee Health Insurance Credit Program OPEB plan for the year ended June 30, 2018 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2018, the school division's proportion of the VRS Teacher Employee Health Insurance Credit Program was 5.04954% as compared to 5.06312% at June 30, 2017.

For the year ended June 30, 2019, the school division recognized VRS Teacher Employee Health Insurance Credit Program OPEB expense of \$5,105,000. Since there was a change in proportionate share between measurement dates June 30, 2017 and June 30, 2018 a portion of the VRS Teacher Employee Health Insurance Credit Program Net OPEB expense was related to deferred amounts from changes in proportion.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

At June 30, 2019, the school division reported deferred outflows of resources and deferred inflows of resources related to the VRS Teacher Employee Health Insurance Credit Program OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 317,000
Net difference between projected and actual earnings on Teacher HIC OPEB plan investments	-	48,000
Change in assumptions	-	559,000
Changes in proportionate share	-	707,000
Employer contributions subsequent to the measurement date	4,997,000	-
Total	<u>\$ 4,997,000</u>	<u>\$ 1,631,000</u>

\$4,997,000 reported as deferred outflows of resources related to the Teacher Employee HIC OPEB resulting from the school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Teacher Employee HIC OPEB Liability in the Fiscal Year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Teacher Employee HIC OPEB will be recognized in the Teacher Employee HIC OPEB expense in future reporting periods as follows:

**Year ended June 30**

FY 2020	\$ (289,000)
FY 2021	\$ (289,000)
FY 2022	\$ (289,000)
FY 2023	\$ (260,000)
FY 2024	\$ (270,000)
Thereafter	\$ (234,000)

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**5. Actuarial Assumptions**

The total Teacher Employee HIC OPEB liability for the VRS Teacher Employee Health Insurance Credit Program was based on an actuarial valuation as of June 30, 2017, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2018.

Inflation	2.5 percent
Salary increases, including inflation – Teacher Employees	3.5 percent – 5.95 percent
Investment rate of return	7.0 percent, net of plan investment expenses, including inflation*

\* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of OPEB liabilities.

**Mortality rates – Teachers**

Pre-Retirement:

RP-2014 White Collar Employee Rates to age 80, White Collar Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020.

Post-Retirement:

RP-2014 White Collar Employee Rates to age 49, White Collar Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males 1% increase compounded from ages 70 to 90; females set back 3 years with 1.5% increase compounded from ages 65 to 70 and 2.0% increase compounded from ages 75 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with Scale BB to 2020; 115% of rates for males and females.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the four-year period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change

**6. Net Teacher Employee HIC OPEB Liability**

The net OPEB liability (NOL) for the Teacher Employee Health Insurance Credit Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2018, NOL amounts for the VRS Teacher Employee Health Insurance Credit Program is as follows (amounts expressed in thousands):

	<b>Teacher Employee HIC OPEB Plan</b>
Total Teacher Employee HIC OPEB Liability	\$ 1,381,313
Plan Fiduciary Net Position	<u>111,639</u>
Teacher Employee net HIC OPEB Liability	<u>\$ 1,269,674</u>
Plan Fiduciary Net Position as a Percentage of the Total Teacher Employee HIC OPEB Liability	8.08%

The total Teacher Employee HIC OPEB liability is calculated by the System's actuary, and the plan's fiduciary net position is reported in the System's financial statements. The net Teacher Employee HIC OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

**7. Long-Term Expected Rate of Return**

The long-term expected rate of return on VRS System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

(expected returns, net of VRS System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<b>Asset Class (Strategy)</b>	<b>Target Allocation</b>	<b>Arithmetic Long-Term Expected Rate of Return</b>	<b>Weighted Average Long-Term Expected Rate of Return</b>
Public Equity	40.00%	4.54%	1.82%
Fixed Income	15.00%	0.69%	0.10%
Credit Strategies	15.00%	3.96%	0.59%
Real Assets	15.00%	5.76%	0.86%
Private Equity	15.00%	9.53%	1.43%
Total	<u>100.00%</u>		<u>4.80%</u>
	Inflation		<u>2.50%</u>
	* Expected arithmetic nominal return		<u>7.30%</u>

\* The above allocation provides a one-year return of 7.30%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.83%, including expected inflation of 2.50%.

## **8. Discount Rate**

The discount rate used to measure the total Teacher Employee HIC OPEB was 7.00%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2018, the rate contributed by each school division for the VRS Teacher Employee Health Insurance Credit Program will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. From July 1, 2018 on, all agencies are assumed to contribute 100% of the actuarially determined contribution rate. Based on those assumptions, the Teacher Employee HIC OPEB plan's fiduciary net position was projected to be available to make all projected future

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

benefit payments of current active and inactive employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total Teacher Employee HIC OPEB liability.

**9. Sensitivity of the School Division's Proportionate Share of the Teacher Employee HIC Net OPEB Liability to Changes in the Discount Rate**

The following presents the school division's proportionate share of the VRS Teacher Employee Health Insurance Credit Program net HIC OPEB liability using the discount rate of 7.00%, as well as what the school division's proportionate share of the net HIC OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

	1.00% Decrease 6.00%	Current Discount Rate 7.00%	1.00% Increase 8.00%
School division's proportionate share of the VRS Teacher Employee HIC OPEB Plan	\$ 71,609,000	\$ 64,113,000	\$ 57,738,000
Net HIC OPEB Liability			

**10. Teacher Employee HIC OPEB Fiduciary Net Position**

Detailed information about the VRS Teacher Employee Health Insurance Credit Program's Fiduciary Net Position is available in the separately issued VRS 2018 Comprehensive Annual Financial Report (CAFR). A copy of the 2018 VRS CAFR may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2018-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**D. Other Postemployment Benefits – Group Life Insurance**

**1. Plan Description**

The Virginia Retirement System (VRS) Group Life Insurance Program is a multiple employer, cost-sharing plan. It provides coverage to state employees, teachers, and employees of participating political subdivisions. The Group Life Insurance Program was established pursuant to §51.1-500 et seq. of the *Code of Virginia*, as amended, and which provides the authority under which benefit terms are established or may be amended. The Group Life Insurance Program is a defined benefit plan that provides a basic group life insurance benefit for employees of participating employers. All full-time, salaried permanent employees of the state agencies, teachers and employees of participating political subdivisions are automatically covered by the VRS Group Life Insurance Program upon employment. This plan is administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

In addition to the Basic Group Life Insurance benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional Group Life Insurance Program. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured program, it is not included as part of the Group Life Insurance Program OPEB.

The specific information for Group Life Insurance Program OPEB, including eligibility, coverage and benefits is set out in the table below:

<b>GROUP LIFE INSURANCE PROGRAM PLAN PROVISIONS</b>
<p><b>Eligible Employees</b></p> <p>The Group Life Insurance Program was established July 1, 1960, for state employees, teachers and employees of political subdivisions that elect the program, including the following employers that do not participate in VRS for retirement:</p> <ul style="list-style-type: none"><li>• City of Richmond</li><li>• City of Portsmouth</li><li>• City of Roanoke</li><li>• City of Norfolk</li><li>• Roanoke City Schools Board</li></ul> <p>Basic group life insurance coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their member contributions and accrued interest.</p>

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**Benefit Amounts**

The benefits payable under the Group Life Insurance Program have several components.

- **Natural Death Benefit** – The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled.
- **Accidental Death Benefit** – The accidental death benefit is double the natural death benefit.
- **Other Benefit Provisions** – In addition to the basic natural and accidental death benefits, the program provides additional benefits provided under specific circumstances. These include:
  - Accidental dismemberment benefit
  - Safety belt benefit
  - Repatriation benefit
  - Felonious assault benefit
  - Accelerated death benefit option

**Reduction in benefit Amounts**

The benefit amounts provided to members covered under the Group Life Insurance Program are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value.

**Minimum Benefit Amount and Cost-of-Living Adjustment (COLA)**

For covered members with at least 30 years of creditable service, there is a minimum benefit payable under the Group Life Insurance Program. The minimum benefit was set at \$8,000 by statute. This amount is increased annually based on the VRS Plan 2 cost-of-living adjustment and is currently \$8,279 effective July 1, 2018.

**2. Plan Membership**

The membership as of June 30, 2018 includes:

Active Plan Members	365,149
Inactive Members or their Beneficiaries currently receiving benefits	<u>179,410</u>
	<u>544,559</u>

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**3. Contributions**

The contribution requirements for the Group Life Insurance Program are governed by §51.1-506 and §51.1-508 of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the Group Life Insurance Program was 1.31% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.79% (1.31% X 60%) and the employer component was 0.52% (1.31% X 40%). Employers may elect to pay all or part of the employee contribution, however the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2019 was 0.52% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2017. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Contribution to the Group Life Insurance Program from the entity for Professionals (Teachers) was \$2,190,000 and \$2,131,000 for the years ended June 30, 2019 and June 30, 2018, respectively. Contribution to the Group Life Insurance Program from the entity for Nonprofessionals was \$242,000 and \$235,000 for the years ended June 30, 2019 and June 30, 2018, respectively.

**4. GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Group Life Insurance Program OPEB**

At June 30, 2019, the entities reported a liability for Professionals (Teachers) of \$32,738,000 and for Nonprofessionals of \$3,604,000 for its proportionate share of the Net GLI OPEB Liability. The Net GLI OPEB Liability was measured as of June 30, 2018 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation as of that date. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the Group Life Insurance Program for the year ended June 30, 2018 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2018, the participating employer's proportion for Professionals (Teachers) was 2.15565% and for Nonprofessionals .23729% as compared to 2.17633% for Professionals (Teachers) and .24033% for Nonprofessionals at June 30, 2017.

For the year ended June 30, 2019, the participating employer recognized GLI OPEB expense of \$156,000 for Professionals (Teachers) and \$9,000 for Nonprofessionals. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2019, the employer reported deferred outflows of resources and deferred inflows of resources related to the Professional (Teacher) GLI OPEB from the following sources:

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,601,000	\$ 587,000
Net difference between projected and actual earnings on Teacher GLI OPEB plan investments	-	1,065,000
Change in assumptions	-	1,364,000
Changes in proportionate share	-	376,000
Employer contributions subsequent to the measurement date	2,190,000	-
Total	<u>\$ 3,791,000</u>	<u>\$ 3,392,000</u>

At June 30, 2019, the employer reported deferred outflows of resources and deferred inflows of resources related to the Nonprofessional GLI OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 176,000	\$ 65,000
Net difference between projected and actual earnings on Teacher GLI OPEB plan investments	-	117,000
Change in assumptions	-	150,000
Changes in proportionate share	-	81,000
Employer contributions subsequent to the measurement date	242,000	-
Total	<u>\$ 418,000</u>	<u>\$ 413,000</u>

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

\$2,190,000 and \$242,000 reported as deferred outflows of resources related to the Professional (Teacher) and Nonprofessional GLI OPEB, respectively, resulting from the employer's contributions subsequent to the measurement date will be recognized as a reduction of the Net GLI OPEB Liability in the Fiscal Year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Professional (Teacher) and Nonprofessional GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

**Year ended June 30 - Professional (Teacher)**

FY 2020	\$(557,000)
FY 2021	\$(557,000)
FY 2022	\$(557,000)
FY 2023	\$(251,000)
FY 2024	\$ 38,000
Thereafter	\$ 93,000

**Year ended June 30 - Nonprofessional**

FY 2020	\$ (69,000)
FY 2021	\$ (69,000)
FY 2022	\$ (69,000)
FY 2023	\$ (36,000)
FY 2024	\$ (3,000)
Thereafter	\$ 9,000

**5. Actuarial Assumptions**

The total GLI OPEB liability was based on an actuarial valuation as of June 30, 2017, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2018.

Inflation	2.5 percent
Salary increases, including inflation –	
Teachers	3.5 percent – 5.95 percent
Locality – General employees	3.5 percent – 5.35 percent
Investment rate of return	7.0 Percent, net of investment expenses, including inflation*

\* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of the OPEB liabilities.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**Mortality rates – Teachers**

Pre-Retirement:

RP-2014 White Collar Employee Rates to age 80, White Collar Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020.

Post-Retirement:

RP-2014 White Collar Employee Rates to age 49, White Collar Health Annuitant Rates at ages 50 and older projected with scale BB to 2020; males 1% increase compounded from ages 70 to 90; females set back 3 years with 1.5% increase compounded from ages 65 to 70 and 2.0% increase compounded from ages 75 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with Scale BB to 2020; 115% of rates for males and females.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the four-year period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change

**Mortality rates – Largest Ten Locality Employers - General Employees**

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages and extended final retirement age from 70 to 75
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Lowered disability rates
Salary Scale	No change

**Mortality rates – Non-Largest Ten Locality Employers - General Employees**

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages and extended final retirement age from 70 to 75.
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Lowered disability rates
Salary Scale	No change

**6. Net GLI OPEB Liability**

The net OPEB liability (NOL) for the Group Life Insurance Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2018, NOL amounts for the Group Life Insurance Program is as follows (amounts expressed in thousands):

	<b><u>Group Life Insurance OPEB Program</u></b>
Total GLI OPEB Liability	\$ 3,113,508
Plan Fiduciary Net Position	<u>1,594,773</u>
Employers' Net GLI OPEB Liability (Asset)	<u>\$ 1,518,735</u>
Plan Fiduciary Net Position as a Percentage of the Total GLI OPEB Liability	51.22%

The total GLI OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

**7. Long-Term Expected Rate of Return**

The long-term expected rate of return on the System's investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

<b>Asset Class (Strategy)</b>	<b>Target Allocation</b>	<b>Arithmetic Long-Term Expected Rate of Return</b>	<b>Weighted Average Long-Term Expected Rate of Return</b>
Public Equity	40.00%	4.54%	1.82%
Fixed Income	15.00%	0.69%	0.10%
Credit Strategies	15.00%	3.96%	0.59%
Real Assets	15.00%	5.76%	0.86%
Private Equity	15.00%	9.53%	1.43%
Total	<u>100.00%</u>		<u>4.80%</u>
		Inflation	<u>2.50%</u>
		* Expected arithmetic nominal return	<u>7.30%</u>

\* The above allocation provides a one-year return of 7.30%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.83%, including expected inflation of 2.50%.

## **8. Discount Rate**

The discount rate used to measure the total GLI OPEB liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS guidance and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2018, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. From July 1, 2018 on, employers are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**9. Sensitivity of the Employer's Proportionate Share of the Net GLI OPEB Liability to Changes in the Discount Rate**

The following presents the employer's proportionate share of the net Professional (Teacher) and Nonprofessional GLI OPEB liability using the discount rate of 7.00%, as well as what the employer's proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

	1.00% Decrease	Current Discount	1.00% Increase
	6.00%	Rate 7.00%	8.00%
Employer's proportionate share of the Professional (Teacher)			
Group Life Insurance Program	\$ 42,785,000	\$ 32,738,000	\$ 24,581,000
Net OPEB Liability			
Employer's proportionate share of the Nonprofessional			
Group Life Insurance Program	\$ 4,710,000	\$ 3,604,000	\$ 2,706,000
Net OPEB Liability			

**10. Group Life Insurance Program Fiduciary Net Position**

Detailed information about the Group Life Insurance Program's Fiduciary Net Position is available in the separately issued VRS 2018 Comprehensive Annual Financial Report (CAFR). A copy of the 2018 VRS CAFR may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2018-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**E. Other Postemployment Benefits – Virginia Local Disability Program**

**1. Plan Description**

The Virginia Retirement System (VRS) Teacher Employee and Political Subdivision Employee Virginia Local Disability Program is a multiple-employer, cost-sharing plan. All full-time, salaried permanent (professional) employees of public school divisions and full-time, salaried general employees of political subdivisions who are in the VRS Hybrid Retirement Plan benefit structure and whose employer has not elected to opt out of the VRS-sponsored program are automatically covered by the VRS Teacher Employee Virginia Local Disability Program or the VRS Political Subdivision Employee Virginia Local Disability Program respectively. These plans are administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for eligible public employer groups in the Commonwealth of Virginia. School divisions are required by Title 51.1 of the Code of Virginia, as amended to provide short-term and long-term disability benefits for their Hybrid employees either through a local plan or through the Virginia Local Disability Program (VLDP).

The specific information for each plan and the eligibility for covered groups within each plan are set out in the table below:

<b>TEACHER EMPLOYEE AND POLITICAL SUBDIVISION EMPLOYEE VIRGINIA LOCAL DISABILITY PROGRAM (VLDP) PLAN PROVISIONS</b>
<p><b>Eligible Employees</b></p> <p>The Teacher Employee and Political Subdivision Employee Virginia Local Disability Program was implemented January 1, 2014 to provide short-term and long-term disability benefits for non-work-related and work-related disabilities for employees with Hybrid retirement benefits</p> <p>Eligible employees are enrolled automatically upon employment, unless their employer has elected to provide comparable coverage. They include:</p> <ul style="list-style-type: none"><li>• Teachers and other full-time permanent (professional) salaried employees of public school divisions covered under VRS.</li><li>• Full-time general employees; including local law enforcement officers, firefighters, or emergency medical technicians who do not have enhanced hazardous duty benefits; of public political subdivisions covered under VRS.</li></ul>
<p><b>Benefit Amounts</b></p> <p>The Teacher Employee and Political Subdivision Employee Virginia Disability Local Program (VLDP) provides the following benefits for eligible employees:</p>

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**Short-Term Disability –**

- The program provides a short-term disability benefit beginning after a seven-calendar-day waiting period from the first day of disability. Employees become eligible for non-work-related short-term disability coverage after one year of continuous participation in VLDP with their current employer.
- During the first five years of continuous participation in VLDP with their current employer, employees are eligible for 60% of their pre-disability income if they go out on non-work-related or work-related disability.
- Once the eligibility period is satisfied, employees are eligible for higher income replacement levels

**Long-Term Disability –**

- The VLDP program provides a long-term disability benefit beginning after 125 workdays of short-term disability. Members are eligible if they are unable to work at all or are working fewer than 20 hours per week.
- Members approved for long-term disability will receive 60% of their pre-disability income. If approved for work-related long-term disability, the VLDP benefit will be offset by the workers' compensation benefit. Members will not receive a VLDP benefit if their workers' compensation benefit is greater than the VLDP benefit.

**Virginia Local Disability Program Notes:**

- Members approved for short-term or long-term disability at age 60 or older will be eligible for a benefit, provided they remain medically eligible.
- VLDP Long-Term Care Plan is a self-funded program that assists with the cost of covered long-term care services.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**2. Plan Membership**

**Virginia Local Disability Program - Teachers**

The plan membership as of June 30, 2018 includes:

Active Plan Members	7,239
Inactive Members or their Beneficiaries currently receiving benefits	<u>0</u>
	<u>7,239</u>

**Virginia Local Disability Program - Political Subdivisions**

The plan membership as of June 30, 2018 includes:

Active Plan Members	6,331
Inactive Members or their Beneficiaries currently receiving benefits	<u>5</u>
	<u>6,336</u>

**3. Contributions**

The contribution requirement for active Hybrid employees is governed by §51.1-1178(C) of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to school divisions and political subdivisions by the Virginia General Assembly. Each school division's and political subdivision's contractually required employer contribution rate for the year ended June 30, 2019 was 0.41% and 0.72%, respectively of covered employee compensation for employees in the VRS Teacher Employee Virginia Local Disability Program or the VRS Political Subdivision Employee Virginia Local, respectively.

This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2017. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the school division to the VRS Teacher Employee Virginia Local Disability Program were \$333,000 and \$194,000 for the years ended June 30, 2019 and June 30, 2018, respectively. Contributions from the political subdivision to the VRS Political Subdivision Employee Virginia Local Disability Program were \$103,000 and \$72,000 for the years ended June 30, 2019 and June 30, 2018, respectively.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**4. Teacher Employee and Political Subdivision Virginia Local Disability Program OPEB Liabilities, Teacher Employee and Political Subdivision Virginia Local Disability Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Teacher Employee and Political Subdivision Virginia Local Disability Program OPEB**

At June 30, 2019, the school division reported a liability of \$127,000 for its proportionate share of the VRS Teacher Employee Virginia Local Disability Program Net OPEB Liability. The Net VRS Teacher Employee Virginia Local Disability Program OPEB Liability was measured as of June 30, 2018 and the total VRS Teacher Employee Virginia Local Disability Program OPEB liability used to calculate the Net VRS Teacher Employee Virginia Local Disability Program OPEB Liability was determined by an actuarial valuation as of that date. The school division's proportion of the Net VRS Teacher Employee Virginia Local Disability Program OPEB Liability was based on the school division's actuarially determined employer contributions to the VRS Teacher Employee Virginia Local Disability Program OPEB plan for the year ended June 30, 2018 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2018, the school division's proportion of the VRS Teacher Employee Virginia Local Disability Program was 16.82241% as compared to 16.44512% at June 30, 2017.

For the year ended June 30, 2019, the school division recognized VRS Teacher Employee Virginia Local Disability Program OPEB expense of \$235,000. Since there was a change in proportionate share between June 30, 2017 and June 30, 2018 a portion of the VRS Teacher Employee Virginia Local Disability Program Net OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2019, the school division reported deferred outflows of resources and deferred inflows of resources related to the VRS Teacher Employee Virginia Local Disability Program OPEB from the following sources:

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ 10,000
Net difference between projected and actual earnings on Teacher VLDP OPEB plan investments	1,000	-
Change in assumptions	8,000	-
Employer contributions subsequent to the measurement date	333,000	-
Total	<u>\$ 342,000</u>	<u>\$ 10,000</u>

\$333,000 reported as deferred outflows of resources related to the Teacher Employee VLDP OPEB resulting from the school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Teacher Employee VLDP OPEB Liability in the Fiscal Year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Teacher Employee VLDP OPEB will be recognized in the Teacher Employee VLDP OPEB expense in future reporting periods as follows:

**Year ended June 30**

FY 2020	\$ -
FY 2021	\$ -
FY 2022	\$ -
FY 2023	\$ (1,000)
FY 2024	\$ -
Thereafter	\$ -

In addition, at June 30, 2019, the political subdivision reported a liability of \$38,000 for its proportionate share of the VRS Political Subdivision Employee Virginia Local Disability Program Net OPEB Liability. The Net VRS Political Subdivision Employee Virginia Local Disability Program OPEB Liability was measured as of June 30, 2018 and the total VRS Political Subdivision Employee Virginia Local Disability Program OPEB liability used to calculate the Net VRS Political Subdivision Employee Virginia Local Disability Program OPEB Liability was determined by an actuarial valuation as of that date. The political subdivision's proportion of the Net VRS Political Subdivision Employee Virginia Local Disability Program OPEB Liability was based on the political

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

subdivision's actuarially determined employer contributions to the VRS Political Subdivision Employee Virginia Local Disability Program OPEB plan for the year ended June 30, 2018 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2018, the political subdivision's proportion of the VRS Political Subdivision Employee Virginia Local Disability Program was 4.93874% as compared to 5.20662% at June 30, 2017.

For the year ended June 30, 2019, the political subdivision recognized VRS Political Subdivision Employee Virginia Local Disability Program OPEB expense of \$84,000. Since there was a change in proportionate share between June 30, 2017 and June 30, 2018 a portion of the VRS Political Subdivision Employee Virginia Local Disability Program Net OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2019, the political subdivision reported deferred outflows of resources and deferred inflows of resources related to the VRS Political Subdivision Employee Virginia Local Disability Program OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 4,000
Net difference between projected and actual earnings on Teacher VLDP OPEB plan investments	1,000	-
Change in assumptions	-	4,000
Employer contributions subsequent to the measurement date	103,000	-
Total	<u>\$ 104,000</u>	<u>\$ 8,000</u>

\$103,000 reported as deferred outflows of resources related to the Political Subdivision Employee VLDP OPEB resulting from the political subdivision's contributions subsequent to the measurement date will be recognized as a reduction of the Net Political Subdivision Employee VLDP OPEB Liability in the Fiscal Year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Political Subdivision Employee VLDP OPEB will be recognized in the Political Subdivision Employee VLDP OPEB expense in future reporting periods as follows:

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**Year ended June 30**

FY 2020	\$ (1,000)
FY 2021	\$ (1,000)
FY 2022	\$ (1,000)
FY 2023	\$ (1,000)
FY 2024	\$ (1,000)
Thereafter	\$ (2,000)

**5. Actuarial Assumptions**

**Teacher Employee Virginia Local Disability Program**

The total Teacher Employee VLDP OPEB liability for the VRS Teacher Employee Virginia Local Disability Program was based on an actuarial valuation as of June 30, 2017, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2018.

Inflation	2.5 percent
Salary increases, including inflation – Teacher Employees	3.5 percent – 5.95 percent
Investment rate of return	7.0 percent, net of plan investment expenses, including inflation*

\* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of OPEB liabilities.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**Mortality rates – Teachers**

Pre-Retirement:

RP-2014 White Collar Employee Rates to age 80, White Collar Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020.

Post-Retirement:

RP-2014 White Collar Employee Rates to age 49, White Collar Health Annuitant Rates at ages 50 and older projected with scale BB to 2020; males 1% increase compounded from ages 70 to 90; females set back 3 years with 1.5% increase compounded from ages 65 to 70 and 2.0% increase compounded from ages 75 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with Scale BB to 2020; 115% of rates for males and females.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the four-year period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change

**Political Subdivision Employee Virginia Local Disability Program**

The total Political Subdivision Employee VLDP OPEB liability for the VRS Political Subdivision Employee Virginia Local Disability Program was based on an actuarial valuation as of June 30, 2017, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2018.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

Inflation	2.5 percent
Salary increases, including inflation – Political Subdivision Employees	3.5 percent – 5.35 percent
Investment rate of return	7.0 percent, net of plan investment expenses, including inflation*

\* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of OPEB liabilities.

**Mortality rates – Largest Ten Locality Employers - General and Non-Hazardous Duty Employees**

**Pre-Retirement:**

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males 95% of rates; females 105% of rates.

**Post-Retirement:**

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

**Post-Disablement:**

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages and extended final retirement age from 70 to 75
Withdrawal Rates	Adjusted termination rates to better fit experience at each year age and service year
Disability Rates	Lowered disability rates
Salary Scale	No change

**Mortality rates – Non-Largest Ten Locality Employers - General and Non-Hazardous Duty Employees**

**Pre-Retirement:**

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males 90% of rates; females set forward 1 year.

**Post-Retirement:**

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 1 year with 1.0% increase compounded from ages 70 to 90; females set forward 3 years.

**Post-Disablement:**

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages and extended final retirement age from 70 to 75.
Withdrawal Rates	Adjusted termination rates to better fit experience at each year age and service
Disability Rates	Lowered disability rates
Salary Scale	No change

**6. Net VLDP OPEB Liability**

**Teacher Employee Virginia Local Disability Program**

The net OPEB liability (NOL) for the Teacher Employee Virginia Local Disability Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2018, NOL amounts for the VRS Teacher Employee Virginia Local Disability Program is as follows (amounts expressed in thousands):

	<b>Teacher Employee VLDP OPEB <u>Plan</u></b>
Total Teacher Employee VLDP OPEB Liability	\$1,401
Plan Fiduciary Net Position	<u>647</u>
Teacher Employee net VLDP OPEB Liability (Asset)	<u><u>\$ 754</u></u>
Plan Fiduciary Net Position as a Percentage of the Total Teacher Employee VLDP OPEB Liability	46.18%

The total Teacher Employee VLDP OPEB liability is calculated by the System's actuary, and the plan's fiduciary net position is reported in the System's financial statements. The net Teacher Employee VLDP OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

**Political Subdivision Employee Virginia Local Disability Program**

The net OPEB liability (NOL) for the Political Subdivision Employee Virginia Local Disability Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2018, NOL amounts for the VRS Political Subdivision Employee Virginia Local Disability Program is as follows (amounts expressed in thousands):

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

	<b>Political Subdivision Employee VLDP OPEB <u>Plan</u></b>
Total Political Subdivision VLDP OPEB Liability	\$ 1,588
Plan Fiduciary Net Position	<u>816</u>
Political Subdivision net VLDP OPEB Liability (Asset)	<u>\$ 772</u>
Plan Fiduciary Net Position as a Percentage of the Total Political Subdivision VLDP OPEB Liability	51.39%

The total Political Subdivision Employee VLDP OPEB liability is calculated by the System's actuary, and the plan's fiduciary net position is reported in the System's financial statements. The net Political Subdivision Employee VLDP OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

**7. Long-Term Expected Rate of Return**

The long-term expected rate of return on VRS System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of VRS System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

<b>Asset Class (Strategy)</b>	<b>Target Allocation</b>	<b>Arithmetic Long-Term Expected Rate of Return</b>	<b>Weighted Average Long-Term Expected Rate of Return</b>
Public Equity	40.00%	4.54%	1.82%
Fixed Income	15.00%	0.69%	0.10%
Credit Strategies	15.00%	3.96%	0.59%
Real Assets	15.00%	5.76%	0.86%
Private Equity	15.00%	9.53%	1.43%
Total	<u>100.00%</u>		<u>4.80%</u>
	Inflation		<u>2.50%</u>
	* Expected arithmetic nominal return		<u>7.30%</u>

\* The above allocation provides a one-year return of 7.30%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.83%, including expected inflation of 2.50%.

## **8. Discount Rate**

The discount rate used to measure the total Teacher Employee VLDP OPEB and the Political Subdivision Employee VLDP OPEB was 7.00%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2018, the rate contributed by the school division for the VRS Teacher Employee Virginia Local Disability Program will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly. From July 1, 2018 on, all agencies are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the Teacher Employee VLDP OPEB and the Political Subdivision Employee VLDP OPEB plans' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total Teacher Employee VLDP OPEB liability and the total Political Subdivision Employee VLDP OPEB liability.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**9. Sensitivity of the School Division's Proportionate Share of the Teacher and Political Subdivision Employee VLDP Net OPEB Liability to Changes in the Discount Rate**

The following tables presents the school division's proportionate share of the VRS Teacher Employee Virginia Local Disability Program net VLDP OPEB liability and the VRS Political Subdivision Employee Virginia Local Disability Program net VLDP OPEB liability using the discount rate of 7.00%, as well as what the school division's/political subdivision's proportionate share of the net VLDP OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

	1.00% Decrease 6.00%	Current Discount Rate 7.00%	1.00% Increase 8.00%
School division's proportionate share of the VRS Teacher Employee VLDP OPEB Plan	\$ 156,000	\$ 127,000	\$ 101,000
Net VLDP OPEB Liability			
Political Subdivision's proportionate share of the VRS Political Subdivision VLDP OPEB Plan	\$ 45,000	\$ 38,000	\$ 33,000
Net VLDP OPEB Liability			

**10. VLDP OPEB Fiduciary Net Position**

Detailed information about the VRS Teacher Employee Virginia Local Disability Program's Fiduciary Net Position and the VRS Political Subdivision Employee Virginia Local Disability Program's Fiduciary Net Position is available in the separately issued VRS 2018 Comprehensive Annual Financial Report (CAFR). A copy of the 2018 VRS CAFR may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2018-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

**9. RISK MANAGEMENT AND HEALTH CARE BENEFITS**

**A. School Self-Insurance Program**

The School Board is self-insured for a portion of its risks. The self-insurance coverage for Fire and Property Insurance is \$100,000 per occurrence (includes unnamed windstorm and earthquake damage) and 1% of the total insured value of the damaged covered property when such loss or damage results from a named windstorm (minimum deductible – \$250,000 per occurrence); Boiler and Machinery Breakdown coverage is \$10,000 per occurrence; School Leaders Liability (including general liability and errors and omissions) coverage is \$350,000 per occurrence; Crime (Employee Dishonesty) coverage is \$2,500 per occurrence; Environmental Impairment is \$25,000 and Cyber Liability coverage has a \$50,000 self-insured retention. Automobile Liability retention (engine on) is \$450,000 per occurrence; Automobile Physical Damage retention (engine off) is \$60,000 per occurrence; and the Excess Workers' Compensation self-insured retention is \$750,000 per claim.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

Commercial insurance is purchased to cover the amount in excess of the above self-insured levels for specific losses. When economically feasible, commercial insurance is purchased to cover certain exposures completely. The amount of settlements did not exceed insurance coverage for each of the past three fiscal years and the insurance coverage is substantially the same as in recent prior fiscal years.

Claims processing and payments for all insurance claims are made through commercial carriers and third-party administrators. The School Board uses the information provided by the third-party administrators to aid in the determination of self-insurance liabilities. The computed liability as of June 30, 2019 is \$8,597,000 (undiscounted), as follows:

Fiscal Year	Beginning-of-Fiscal-Year Liability	Current-Year Claims and Changes in Estimates	Claims Payments	Balance at Fiscal Year-End
2016-17	\$ 7,554,000	\$5,838,000	\$6,025,000	\$7,367,000
2017-18	\$ 7,367,000	\$5,828,000	\$5,224,000	\$7,971,000
2018-19	\$ 7,971,000	\$7,550,000	\$6,924,000	\$8,597,000

**B. Surety Bonds**

All School Board employees are covered by a faithful performance bond in the amount of \$100,000 to protect the School Board in the event of fraudulent acts.

**C. Self-Insured Health Care Benefits Program**

Effective January 1, 2000, the School Board established a self-insured health care benefits program for all School Board and City employees. Certain claims expenses paid on behalf of each employee during a single policy year are covered by excess loss insurance with a specific stop-loss limit of \$600,000. The amount of settlements did not exceed insurance coverage for each of the past three fiscal years.

Claims processing and payments for all health care claims are made through third-party administrators. The School Board uses the information provided by the third-party administrators and a health care benefits consultant to aid in the determination of self-insurance liabilities. The computed liability as of June 30, 2019 is \$9,430,162 (undiscounted), as follows:

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

<u>Fiscal Year</u>	<u>Beginning-of-Fiscal-Year Liability</u>	<u>Current-Year Claims and Changes in Estimates</u>	<u>Claims Payments</u>	<u>Balance at Fiscal Year-End</u>
2016-17	\$ 7,539,000	\$ 132,594,000	\$ 132,809,000	\$ 7,324,000
2017-18	\$ 7,324,000	\$ 134,456,000	\$ 132,452,000	\$ 9,328,000
2018-19	\$ 9,328,000	\$ 142,338,000	\$ 142,235,838	\$ 9,430,162

**10. CERTAIN INTERFUND TRANSACTIONS, EXHIBITS A-4 TO A-2 RECONCILIATION  
FOR CAPITAL OUTLAY AND FUND BALANCE CLASSIFICATIONS**

**A. Interfund Transfers**

The following are the School Board's interfund transfers in and transfers out that occurred during fiscal year 2019:

<u>Fund</u>	<u>Interfund Transfers In</u>	<u>Interfund Transfers Out</u>
General Fund	\$ -	\$ 5,798,609
School Grants		
Special Revenue	3,798,609	-
School Risk Management		
Internal Service	2,000,000	-
Total per Exhibit A-4 and A-6	<u>\$ 5,798,609</u>	<u>\$ 5,798,609</u>

Purpose: Operational and Risk Management support during Fiscal Year 2018-19

**B. Interfund Receivables and Payables**

The following are the School Board's interfund receivables and payables as of June 30, 2019:

<u>Fund</u>	<u>Interfund Receivables (Due from Other Funds)</u>	<u>Interfund Payables (Due to Other Funds)</u>
General Fund	\$ 2,209,036	\$ -
School Grants		
Special Revenue	-	2,209,036
Total per Exhibit A-3	<u>\$ 2,209,036</u>	<u>\$ 2,209,036</u>

Purpose: Eliminate School Grants fund negative cash balance at June 30, 2019  
(expected to be repaid within one year)

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

---

**C. Exhibits A-4 to A-2 Reconciliation for Capital Outlay**

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures (Exhibit A-4). However, for governmental activities those costs are shown in the Statement of Net Position and allocated over their estimated useful lives as annual depreciation expenses in the Statement of Activities (Exhibit A-2). Below is the amount by which capital outlay exceeded depreciation expense (including other transactions (e.g., loss on disposals)) for the fiscal year.

Capital Outlay:	
Capital Projects Fund	\$ 51,152,099
General Fund	8,349,658
Grants Special Revenue Fund	1,179,120
School Cafeterias Special Revenue Fund	707,800
School Risk Management Internal Service	<u>34,853</u>
Total Capital Outlay	\$ 61,423,530
Less:	
Depreciation Expense	\$(31,538,960)
Depreciation Expense and Accumulated Depreciation change/transfer related to the Tenancy in Common by the City on certain School Buildings (Notes 4B&C)	6,812,456
Loss on Disposals	<u>(619,510)</u>
Total Depreciation Expense and Other	<u>\$(25,346,014)</u>
Total Amount by which Capital Outlay Exceeded Depreciation Expense and Other (Exhibit A-4)	<u><u>\$ 36,077,516</u></u>

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2019**

**D. Fund Balance Classifications**

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned (Note 1I) based primarily on the extent to which the School Board is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on the fund balance for the major governmental funds and all of the other governmental funds are presented below.

	General	School Grants	School Cafeterias	Capital Projects	Nonmajor Governmental	Total Governmental Funds
<u>Nonspendable</u>						
Inventories and Prepays Items	\$ 661,659	\$ -	\$ 514,895	\$ -	\$ 100,000	\$ 1,276,554
<u>Restricted</u>

June 30, 2019	\$ 63,710,358	\$ 63,710,358	\$ -	\$ 406,316,058	15.68%

Changes of benefit terms – There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions – The following changes in actuarial assumptions were made effective June 30, 2016 based on the most recent experience study of the System for the four-year period ending June 30, 2016:

- Update to a more current mortality table – RP2014 projected to 2020
- Lowered retirement rates at older ages and changed final retirement age from 70 to 75
- Adjusted withdrawal rates to better fit experience at each year age and service through 9 years of service
- Adjusted disability rates to better match experience
- No change to salary scale

Notes to Schedule:

This schedule is presented to illustrate the requirement to show information for 10 years. However, recalculations of prior years are not required and until a 10-year trend is complied, OPEB plans should present information for those years for which information is available.

This schedule is presented using the optional format of combining the required schedules in GASB 74 paragraphs 36a and 36b.

\*Employer contributions include trust contributions and explicit subsidy payments provided directly to retirees from the School Board's own resources. They also include estimated implicit subsidy payments for retirees from the School Board's own resources.

Notes to the Schedule:

Valuation Timing:

Actuarial valuations for OPEB funding purposes are performed biennially as of January 1.  
The most recent valuation was performed as of January 1, 2018.

Methods and Assumptions used to determine contribution rates:

Actuarial Cost Method	Projected Unit Credit
Amortization Method	Level Dollar, Closed
Amortization Period	28 Years Remaining as of January 1, 2018
Amortization Growth Rate	none noted
Asset Valuation Method	Market Value
Inflation	2.50%
Payroll Growth	None assumed
Discount Rate	7.00%
Retirement Age	VRS Plan 1: 65 and VRS Plans2/Hybrid: Normal Social Security Retirement Age
Mortality	Based on the RP-2014 Employee Mortality Table for Males or Females as appropriate, with adjustments for mortality improvements based on Scale BB

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION**  
**JUNE 30, 2019**

---

**A. Budget Information**

The following presents the procedures followed by the School Board in establishing the budgetary data reflected in the financial statements and other budget information:

1. The Superintendent is required by Section 22.1-92 of the Code of Virginia, as amended, to prepare and submit to the City Council, with the approval of the School Board, the estimate of the amount of money deemed to be needed during the next fiscal year for the support of the public schools of the school division. Before the School Board gives final approval to its operating and capital improvement program budgets, the School Board is required to hold at least one public hearing.
2. The City Manager is required by the City Charter to present a proposed operating budget to the City Council, which includes the School Board's operating budget, at least 90 days before the beginning of each fiscal year, which begins July 1. The proposed operating budget must be balanced with projected expenditures equal to estimated revenues and/or the required financing from the proper fund balances. The necessary budget ordinances are also submitted at this time.
3. The City Council is required by the City Charter to hold a public hearing on the budget at which time all interested persons are given an opportunity to comment.
4. If the proposed operating budget is not legally adopted by the City Council upon one reading of the budget ordinances by June 1, the operating budget is automatically adopted as proposed.
5. Annual budgets are legally adopted for the General and Special Revenue funds. The budgets for these funds are adopted on a basis consistent with Generally Accepted Accounting Principles (GAAP). The level of budgetary control (that is, the level at which appropriated budget expenditures cannot exceed the appropriated amount) for the General Fund and Special Revenue funds is established at the individual fund level.
6. Additional appropriations require one reading of the ordinance for approval by the School Board and the City Council, and must be offset by additional estimated revenues and/or a transfer from the proper undesignated fund balances. Additional appropriations, which exceed 1% of the total estimated revenues shown in the adopted City budget, require one reading by City Council for approval after a public hearing.
7. The Superintendent is authorized to transfer appropriations up to a maximum of \$250,000. Transfers in excess of \$250,000 require one reading by the School Board for approval.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION**  
**JUNE 30, 2019**

---

8. The accounting system is employed as a budgetary management control device to monitor the individual schools and departments. In addition, certain controls are exercised administratively on the General Fund (e.g., budget units, personnel positions, and certain line-items; and the appropriations related thereto). A budget unit is an activity (e.g., Elementary Classroom, Gifted Education and Academy Programs) of a category (e.g., Instruction). In addition, certain controls are exercised on the Special Revenue Funds (e.g., federal and state grants; and the appropriations related thereto).
9. Unexpended appropriations lapse (except for the School Capital Projects Fund) and are closed to the proper fund balances at the end of each fiscal year (June 30). However, the General Fund's fund balance (i.e., total assets (e.g., cash) less liabilities (e.g., salaries payable), outstanding encumbrances and prepaid items) is paid back (i.e., reverts) to the City (\$26,824,198 Fiscal Year 2019) before the aforementioned closing process. Appropriations for the subsequent fiscal year are increased in the amount necessary to satisfy the outstanding encumbrances at June 30.
10. Capital Projects for the School Board and City are budgeted separately from the Operating Budget. Since the School Board and City have hundreds of projects in its Capital Improvement Program and the City has an annual limitation (without a referendum) on the amount of bonds that may be issued, allocations for capital projects represent funding by phases of a number of projects based upon their anticipated execution of contractual obligations. The appropriations for Capital Projects do not parallel the School Board's fiscal year. Upon approval by the School Board, the School Board's Capital Improvement Program appropriation requests are submitted to the City Council. The appropriations require one reading of the ordinance for approval after public hearings on the Capital Improvement Program. The accounting, encumbering, and controlling of the funds are based upon the project length of each individual project which may be over several years. Therefore, budgetary comparisons are not presented for Capital Projects in this report. Appropriations reallocated to new or existing capital projects require one reading of the ordinance by City Council for approval.

**B. Budget Amendments**

There was a supplemental budget amendment, other than for encumbrances, for \$7,837,731 for the General Fund during fiscal year 2019. The General Fund budget amendment was funded through an increase in revenue from the local government of \$2,000,000 for school bus replacement; \$750,000 for white fleet vehicle replacement; \$1,500,000 for interactive white board replacement; \$1,000,000 for cameras, computers, fencing, repositioning security kiosk related to Safe Schools Office; \$382,731 for new and flexible replacement classroom furniture –

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION**  
**JUNE 30, 2019**

---

Princess Anne High; \$2,000,000 for the Risk Management Fund; and \$205,000 for the Athletic Fund.

**C. Pension and Other Employee Benefits**

Multiple year trend information for the VRS Teacher Retirement Plan, the VRS Political Subdivision Retirement Plan, Other Post-Employment Benefit (OPEB) Trust Fund, VRS Teacher Employee Health Insurance Credit Program (HIC), VRS Group Life Insurance Program (GLI), VRS Teacher Employee Virginia Local Disability Program (VLDP), and VRS Political Subdivision Employee Virginia Local Disability Program (VLDP) is presented as required supplementary information. This information is intended to help users assess the funding status on a going concern basis, and the progress made in accumulating assets to pay benefits when due.

Additional information pertaining to the Pension and OPEB plans presented are located in note 8 of the Notes to the Basic Financial Statements.

**D. VRS OPEB Plan Changes of Benefits and Funding Terms**

There have been no actuarially material changes to the VRS benefit provisions since the prior actuarial valuation. A hybrid plan with changes to the defined benefit plan structure and a new defined contribution component was adopted in 2012. The hybrid plan applies to most new employees hired on or after January 1, 2014 and not covered by enhanced hazardous duty benefits.

**E. VRS OPEB Methods and Assumptions Used in Calculations of Actuarially Determined Contributions**

The actuarially determined contribution rates are determined every two years. The last determination of the actuarial contribution rates was as of June 30, 2017 payable for the fiscal years 2018 and 2019. For the non-Political Subdivision plans the amortization period of the unfunded liability less the deferred contribution begins at 30 years on June 30, 2013 and will decrease by one each year until reaching 0 years. Each subsequent year, a new base will be added to the unfunded liability and will be amortized over a closed 20 year period. For the Political Subdivision plans the amortization period of the unfunded begins at 30 years on June 30, 2013 and will decrease by one each year until reaching 0 years. Each subsequent year, a new base will be added to the unfunded liability and will be amortized over a closed 20 year period.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**  
**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION**  
**JUNE 30, 2019**

---

**F. VRS OPEB Plan Changes of Assumptions**

There have been no changes to the actuarial assumptions since the prior measurement date. The updated assumptions adopted based on the experience study for the period June 30, 2012 to June 30, 2016 were reflected for the June 30, 2017 measurement date.

The System is funded with fixed contribution rates for the state and with varying contributions for employees based on their job and personal elections. The Actuarially Determined Contributions in the *Schedule of Employer Contributions* are calculated as of the beginning of the fiscal year in which contributions are reported.

The following actuarial methods and assumptions (from the July 1, 2017 actuarial valuation) were used to determine the Actuarially Determined Contribution reported for fiscal year end 2017 in that schedule:

Actuarial cost method	Entry age normal
Amortization method	Level percentage of payroll, closed
Remaining amortization period	26 years, 20 years, 19 years, 18 years, 17 years
Asset valuation method	5-year moving average
Price Inflation	2.50 percent
Salary increases, including price Inflation	Teachers: 3.50 to 4.75 percent Political Subdivisions: General Employees: 3.50 to 5.35 percent
Long-term Rate of Return net of Investment expense, including Price inflation	7.00 percent
Healthcare Cost Trend Rate	N/A

## **NONMAJOR GOVERNMENTAL FUNDS**

### **SPECIAL REVENUE FUNDS**

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than capital projects) that are legally restricted or dedicated to be expended for specified purposes. The School Board has the following Special Revenue Funds:

*School Textbooks* – accounts for the financing (e.g., Commonwealth of Virginia) and acquisition of textbooks and related materials used in the school division.

*School Communication Towers/Technology* – accounts for the rent receipts (long-term contracts with telecommunication companies) relating to the communication towers constructed on School Board property and technology related expenditures.

*School Vending Operations* – accounts for the receipts (long-term exclusive contract with a vending company) relating to the bottled drinks vending operations of the school division and expenditures (including school-level allocations).

*School Equipment Replacement* – accounts for the financing (e.g., local government) and acquisition of various replacement equipment.

## **INTERNAL SERVICE FUNDS**

The Internal Service Funds are used to account for the financing of goods and/or services provided by one department or agency to other departments or agencies of the governmental unit (and to other governmental units), on a cost reimbursement basis. The School Board has established Internal Service Funds for the following activities:

*School Risk Management* - provides insurance and the administration thereof for the School Board.

*School Health Insurance* - provides health insurance and the administration thereof for the School Board and City employees.

## **AGENCY FUNDS**

The Agency Funds are used to account for the assets held by the School Board as an agent for individuals, private organizations, other governmental units, and/or other funds. Agency Funds do not involve the measurement of results of operations, as they are custodial in nature (assets equal liabilities). The School Board has the following Agency Funds:

*Payroll Deductions* - accounts for employee payroll deductions.

*Fringe Benefits* - accounts for the School Board contributions for certain fringe benefits (e.g., life insurance, retirement).

*School Activity Accounts* - accounts for the individual school activity accounts.

**SCHOOL BOARD OF THE CITY OF VIRGINIA BEACH, VIRGINIA**

## STATISTICAL SECTION

This part of the School Board of the City of Virginia Beach Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the School Board's financial health. These tables are unaudited.

### Contents

### Tables

#### Financial Trends

1 – 10

These tables contain trend information to help the reader understand how the School Board's financial performance and well-being have changed over time.

#### Operating Information

11 – 24

These tables contain service and infrastructure data to help the reader understand how the information in the School Board's financial report relates to the services the School Board provides and the activities it performs.

#### Demographic and Economic Information

25 – 29

These tables offer demographic and economic indicators to help the reader understand the environment within which the School Board's financial activities take place.

#### Revenue Capacity

30 – 33

These tables contain information to help the reader assess the factors affecting the City's ability to generate property taxes. Additional information can be found in the City of Virginia Beach Comprehensive Annual Financial Report.

#### Debt Capacity

34 – 35

These tables present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future. Additional information can be found in the City of Virginia Beach Comprehensive Annual Financial Report.

Sources: Unless otherwise noted, the information in these tables is derived from the Comprehensive Annual Financial Report for the relevant year.

- Not Available (officially published by the Commonwealth of Virginia, Department of Education)

**Note:** This table represents the per pupil cost of operations of the Virginia Beach City Public Schools broken down by source of support. The per pupil amount for the Total Expenditures for Operations is the total expenditures of the Local Educational Agency (LEA) minus the amount for the Facilities Function (e.g., Capital Improvement Program), Debt Service, Non LEA Programs, and Capital Outlay Additions to yield Total Expenditures for Operations. The Total Expenditures for Operations include regular day school, school food services, summer school, adult education, athletics, textbooks, and other educational functions.

The aforementioned methodology and computations were developed by the Commonwealth of Virginia Department of Education (DOE). The assumption taken by the DOE is that the LEA would spend all of its State money received, all of the Sales Tax money received, and all of its Federal money received, before spending any of the local appropriations and other local receipts. Therefore, the Total Expenditures for Operations is the sum of the State portion, the Sales Tax portion, and the Federal portion, with the local portion (City appropriations and other local receipts) being the remainder after the others have been deducted.

The State amount includes all the monies sent to the LEA by the DOE minus an amount sent by the DOE for the running of the Hospital, Clinics, and Detention Home project and an amount sent by the DOE for vocational equipment. The State Sales Tax is the 1 cent tax on goods and services allocated to a particular LEA (plus a 1/8 of one percent increase allocation). The Federal portion includes all federal funds sent to the LEA directly from the Federal Government or through the State to the LEA minus an amount for additional capital outlay paid for by Federal funds. The local funds portion is equal to the Total Expenditures for Operations minus the amounts for State funds, State Sales Tax, and Federal funds.

2017	2013	.3925	.4500
2018	2013	.3925	.4500
2019	2015	.4046	.4500

**Note:** The components used in the formula for calculating the school divisions' composite index (used to distribute basic aid, standards of quality, and various other state payments) are:

True Value of Real Property  
Adjusted Gross Income  
Taxable Retail Sales  
March 31 ADM (year after base year)  
Total Population

The Local Share of Standards of Quality (SOQ) Factor is multiplied by the original calculated local composite index of each school division. This factor provides the apportioned cost of the SOQ between the State and school divisions of average ability to pay as established by the Appropriations Act.

2019	67,181	66,349	98.8%	98.4%

**Note:** This table represents the number of pupils promoted as a percentage of end of the year membership. Beginning in fiscal year 2014, the calculation was updated which employs the Virginia Department of Education longitudinal database. This calculation counts the students in the current fiscal year's fall enrollment that were in the same grade for the previous fiscal year's fall enrollment, instead of the students who were identified as retained by the school division on the last day of school. The data is reported to the Commonwealth of Virginia Department of Education by the school divisions.

- Not Available (officially published by the Commonwealth of Virginia, Department of Education)

**Note:** This table represents a percentage of dropouts compared to membership in grades 7-12 and ungraded pupils ages 12 and older as reported to the Commonwealth of Virginia Department of Education by the school divisions. Dropouts are defined as pupils who withdraw from school for reasons other than promotion, transfer, death, or graduation, and do not enter another school during the school year. Also included are pupils who are in attendance on the last day of the school year who fail to return to school by October 31 of the following school year.

The dropout percentage is calculated as the number of dropouts divided by the membership on September 30th of that school year. A dropout is an individual in grades 7-12 or ungraded (UG) (due to not successfully completing the Literacy Testing Program (LTP)) who was enrolled in school at some time during the previous school year and was not enrolled on October 1 of the current school year, or was not enrolled following exclusionary conditions: transfer to another public school district, private school, or state- or district-approved education program, temporary school-recognized absence due to suspension, illness, or death.

\* In January 2016 the format of the SAT changed from a 3-section (Mathematics, Critical Reading, and Writing) to a 2-section (Mathematics and Evidence-based Reading and Writing (ERW)). The data for 2017 graduates was based on the newer 2-section format only and isn't comparable to previous years.

\*\* Evidence-Based Reading and Writing (ERW) replaced Critical Reading in 2017. Stats prior to 2017 are for Critical Reading and Stats for 2017 and after are for ERW.

\* Note: In FY15 Bayside Middle School took the 6th graders out of that location and put them into the Bayside Middle 6th Grade Campus, creating another Middle School. FY15 number for Middle Schools has been adjusted.

\*\* Note: In FY17 Old Donation Center and Kemps Landing Magnet were combined into one Auxiliary Center and renamed Old Donation School to house Grades 2-8 Gifted Students.

2019	67,181	66,593	66,599	66,944

**Note:** This table represents membership data reported to the Commonwealth of Virginia Department of Education at different points during the year. The September 30 Membership is the sum of pupils present and absent on September 30 or the school day closest to September 30 (however, excludes pre-kindergarten pupils). The March 31 Average Daily Membership is the average daily membership for the first seven months of the school year. The End-of-Year Membership is the sum of the pupils present and absent on the last day of the school year. The Average Daily End-of-Year Membership is the average daily membership for the school year.

Note: Under state law, the City's outstanding general obligation debt should not exceed 10 percent of total assessed property value. However, the City has established financial affordability indicators. The affordability indicators are as follows:

- The total annual debt service for general government supported debt will not exceed 10% of general government expenditures (excluding interfund transfers).
- The City's overall net debt will not exceed 3.5% of the estimated full value of taxable real property.
- The City's overall net debt per capita will not exceed \$3,000.
- The City's overall net debt per capita shall not exceed 6.5% of per capita personal income.

# COMPLIANCE SECTION

This Page Intentionally Left Blank

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Members of the School Board  
of the City of Virginia Beach  
Virginia Beach, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the School Board of the City of Virginia Beach, Virginia (the Board), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements, and have issued our report thereon dated November 18, 2019..

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Board's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Board's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in cursive script that reads "CliftonLarsonAllen LLP".
