COUNTY OF ACCOMACK COUNTY ADMINISTRATOR'S OFFICE

Post Office Box 388 Accomac, Virginia 23301 (757) 787-5700 (757) 824-5444 administration@co.accomack.va.us

Michael T Mason, CPA County Administrator

May 31, 2024

To the Honorable Members of the Board of Supervisors To the Citizens of Accomack County, Virginia

I am pleased to present the County of Accomack (the County) Comprehensive Annual Financial Report (Annual Report) for the fiscal year ended June 30, 2023. The *Code of Virginia* §15.2-2511 requires localities have their accounts and records, including those associated with constitutional officers, audited annually by an independent certified public accountant and to submit an audited financial report to the Auditor of Public Accounts (APA) of the Commonwealth. This Annual Report was prepared by the County's Finance Department in accordance with the standards issued by the Government Accounting Standards Board and the APA.

The Annual Report is intended to provide financial information to our residents, the Accomack County Board of Supervisors, our creditors, those who invest in us and any other entities that seek complete financial information about the County.

This Annual Report consists of management's representations concerning the County's finances. The County assumes full responsibility for the completeness and fairness of presentation of the information presented within it. To provide a reasonable basis for making these representations, a comprehensive internal control framework has been established to ensure compliance with applicable laws and regulations and County policies, safeguard the County's assets, and provide sufficient reliable information for the preparation of the County's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and accurate, in all material respects, and presents fairly the financial position and results of operations of the various funds and component units of the County.

The County was audited by Brown Edwards & Company, LLP (Brown Edwards), a firm of licensed certified public accountants. The independent auditor's responsibility is to express opinions on the County financial statements based on evidence obtained during the course of the audit. In order to provide opinions, the auditors performed procedures to obtain evidence supporting the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of

the risks of material misstatement of the financial statements, whether due to error or fraud. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Brown Edwards concluded, based upon the audit evidence they obtained, that there was a reasonable basis for forming and expressing unmodified opinions that the County's financial statements for the fiscal year ended June 30, 2023, are fairly presented, in all material respects, in conformity with GAAP. Their report on the financial statements is located in the Financial Section of this report.

Accounting principles generally accepted in the United States require management to provide a Management's Discussion and Analysis (MD&A). The MD&A is comprised of a narrative introduction and an analytical overview of a government's financial activities. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the independent auditor's report.

ABOUT THE COUNTY

Accomack County, Virginia is located on the northern portion of the Eastern Shore of Virginia peninsula. It is bordered on the south by Northampton County, Virginia, and the state of Maryland to the north. The County covers approximately 476 square miles of rich farmland, undisturbed beaches, expanses of marsh and forest, and small towns rich in history and culture. The county has a total area of 1,310 square miles, of which 455 square miles is land and 855 square miles (65.25%) is water. It has miles of shoreline on both the Chesapeake Bay on the west and the Atlantic Ocean on the east, constituting one of the largest unspoiled wetlands habitat in the world. Accomack County's picturesque small towns and villages offer a modern-day refuge to those who seek the serenity of streets lined with Colonial- and Victorian-era homes and storefronts. The towns of Accomac and Onancock are designated State Historic Districts that feature restored Colonial architecture. Recreational opportunities attract fishermen, boaters, and beach-lovers to Accomack County and its pristine barrier islands.

Accomack County was established in the Virginia colony in 1634. It was one of the eight original counties of Virginia. The county's name comes from a Native American word meaning "the other shore".

In 1642, the name of the county was changed to Northampton. In 1663, Northampton was divided into two counties. The northern county took the name Accomack while the southern retained the name Northampton.

Today, Accomack County is home to the Wallops Flight Facility, operated by the National Aeronautics & Space Administration (NASA). This flight facility supports NASA's scientific research and provides for the development and

launching of orbital and sub-orbital payloads, placing the facility at the center of NASA's space and earth science programs.

GOVERNMENT

The governing body of the County is the Accomack Board of Supervisors, which is composed of nine members each elected to a four-year term. The current term for each Board member is January 1, 2024 to December 31, 2027 and all members must reside in the district they represent. The County utilizes the traditional board form of county government with a county administrator who is hired by and serves at the will of the Board. The County has taxing powers subject to statewide restrictions and tax limits. There are 14 incorporated towns located within the County.

The County provides a broad array of local government services and continues to maintain a real estate tax rate that ranks as one of the lower tax rates in Virginia when compared to similar counties in terms of population and demographics. Services provided by the County that are worth noting and may differentiate it from other Virginia local governments include its operation of a small general aviation airport, a sanitary landfill and twenty-seven water access sites providing convenient access to the Chesapeake Bay, Atlantic Ocean and the small bays and creeks in between. The County also operates a small wastewater collection system, but it does not own or operate a wastewater treatment facility relying instead on agreements with third parties for waste treatment needs. In addition, the County provides 24/7 emergency medical services through a combination volunteer/career system delivered from 13 independent volunteer fire companies and 1 independent volunteer rescue squad.

ANNUAL REPORT ORGANIZATION

The County of Accomack's annual report includes all funds of the County, the primary government, and its seven different component units listed below:

- Accomack County School Board
- Accomack-Northampton Planning District Commission
- Economic Development Authority of Accomack County
- Eastern Shore Public Library
- Quinby Boat Harbor Committee
- Greenbackville Boat Harbor Committee
- Greenbackville/Captain's Cove Mosquito Control Commission

These component units are included in the reporting entity because of the County's financial accountability for these organizations. The Accomack County School Board is by far the most significant of these component units. The School Board is made up of nine elected members and is charged with overseeing the public school system. Unlike the County, the School Board does not have taxing authority.

The Comprehensive Annual Financial Report is presented in four sections as follows:

<u>Introductory Section</u>: The Introductory Section includes this letter of transmittal, a certificate of achievement for excellence in financial reporting, the County's organizational chart and list of principal officials.

<u>Financial Section</u>: The Financial Section includes Management's Discussion and Analysis (MD&A), government-wide and fund financial statements, notes to the financial statements, required and other supplementary information and the independent auditor's report on the MD&A, financial statements and schedules.

<u>Statistical Section</u>: The Statistical Section contains selected financial and demographic information generally presented on a multi-year basis.

<u>Compliance Section</u>: The Compliance Section contains information on County programs that are financed by federal grants. This information is required by the Single Audit Act and by the Commonwealth of Virginia Auditor of Public Accounts.

COVID-19 & LOCAL ECONOMY

The County continues to make strategic investments to assist the local economy with recovery from the COVID-19 pandemic. The funding source for these investments has predominantly been federal financial assistance the County has received through the Coronavirus Aid, Relief and Economic Security (CARES) Act and American Rescue Plan Act (ARPA).

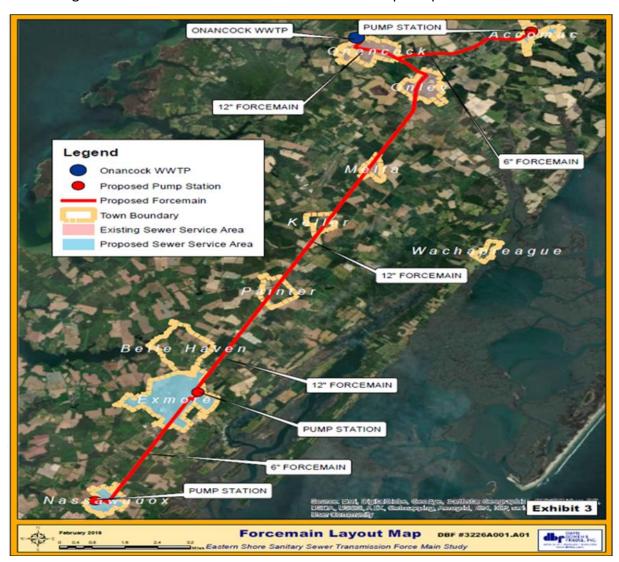

The CARES Act established the \$150 billion Coronavirus Relief Fund, which served as the conduit for distributing federal funding to states and eligible units of local government, the District of Columbia and U.S. Territories and Tribal governments. The CARES Act requires that payments from the Coronavirus Relief Fund only be used to cover expenses that are necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID–19); were not accounted for in the budget most recently approved as of March 27, 2020 (the date of enactment of the CARES Act) for the State or government; and were incurred during the period that begins on March 1, 2020, and ends on December 31, 2022. The County received two allocations of federal financial assistance via the CARES Act totaling \$5,638,892. The first allocation was received in June 2020 and the second in August 2020. Most of the County's CARES act funding was expended in fiscal year 2021 and thus is not reflected in this financial report, nevertheless, any discussion about the County's response to the pandemic would be incomplete without mentioning the importance of this funding and its top uses, which included providing direct aid to negatively impacted businesses, broadband proliferation to unserved areas and pass through funding to the County's fourteen incorporated towns.

As part of the American Rescue Plan, the U.S government created the Coronavirus State and Local Fiscal Recovery Fund (CSLFRF), which received \$350 billion reserved for state, local, and Tribal governments across the country to support their response to and recover from the COVID-19 public health emergency. Accomack County received a total of \$6,277,004 from the CSLFRF distributed in two equal installments. The first installment was received in June 2021 and the second in June 2022. CSLFRF spending was guided input obtained from the public during town hall style meetings. As of June 30, 2023, all CSLFRF has been fully expended or committed to the following initiatives, which would have not been financially feasible without this infusion of federal funding:

- \$3,366,747 to the Eastern Shore of Virginia Broadband Authority (ESVBA) to be used to satisfy local match requirements required to apply for two Commonwealth Virginia Telecommunication Initiative (VATI) grants to deploy high speed internet to unserved and underserved areas. One grant has been awarded using \$1,473,745 of this amount and another has been applied for pledging the remainder.
- \$786,667 to the Eastern Shore 911 Commission to be used in conjunction with a \$8,245,000 allocation in congressional direct funding and \$291,774 from Northampton County to replace the Eastern Shore's emergency radio communication system.
- \$600,000 in grants to new or existing local child care providers to expand child care services in Accomack County. This funding created 126 new child care slots in the County.
- \$250,000 to the Eastern Shore Coalition Against Domestic Violence, which enabled the construction of a new shelter for victims of sexual assault and domestic violence.
- \$650,000 in grants to local volunteer fire and rescue companies negatively impacted by the pandemic.
- \$215,493 to assist with construction of a new public library and Eastern Shore Heritage Center in the Town of Parksley.
- \$408,097 for other predominantly public safety initiatives.

MAJOR INITIATIVES FOR 2024 AND BEYOND

Expand Centralized Wastewater Collection and Treatment Options - In 2018, a regional infrastructure summit was held by the region's congressional representative to discuss how federal funding could be leveraged to fund infrastructure improvements on the Eastern Shore. Present at this meeting were a number of local, state and federal representatives along with local community leaders who assembled to discuss regional issues affecting the vitality of the Eastern Shore of Virginia. During this meeting, consensus was obtained that the lack of centralized sewer options was the top regional obstacle limiting further economic development of the area. Shortly after this meeting, a stakeholder group was created to explore ways to address this issue. This group convened to gain insight and expertise into wastewater treatment standards of practice and technologies available. The group later spearheaded the completion of the Eastern Shore Sanitary Sewer Transmission Force Main Study, which focused conceptually on not only how to bring more centralized treatment options to the Eastern Shore, but also on assisting existing government-owned treatment facilities, which were either nearing the end of their useful lives or operating at well

under their designed capacity. The study recommended a phased approach to meeting local wastewater treatment needs with the scope of phase 1 to construct a

force main (sewer line) from the Town of Nassawadox, located in Northampton County, to the Town of Onancock, located in Accomack County, along with a service spur to the Town of Accomac. The Hampton Roads Sanitation District (HRSD), a political subdivision of the Commonwealth, agreed to partner on this proposed project at the request of Accomack County and Northampton County and the concurrence of other major project stakeholders. HRSD agreed in principle to fund and construct this force main conditioned upon Accomack and Northampton becoming part of the HRSD's service area and HRSD obtaining ownership of the Town of Onancock's wastewater treatment plan, a modern, well-maintained plant operating at significantly under its designed treatment capacity. The process for becoming part of HRSD required HRSD to petition Accomack and Northampton Circuit Courts to grant inclusion of each county's territory into the District. This step was completed in October of 2020 when, after a public hearing was held, both courts approved HRSD's request. Since this milestone was achieved, HRSD has obtained control of the Town of Onancock wastewater treatment plant and recently largely completed construction of the force main stretching from the Town of Nassawadox to the Town of Onancock. As part of this project, the County transferred ownership of its Central Accomack Sewer System to HRSD in May 2023. This County collection system was already connected to the Town of Onancock's wastewater collection and treatment network and provided HRSD with an established infrastructure path from the County's Industrial Park outside of the Town of Melfa to the Town of Onancock. Construction continues on two spur collection lines connecting the Towns of Accomac and Wachapreague to the Onancock treatment plant but construction is mostly complete at a cost of well over \$24 million with project financing supplied by HRSD and through state grants. The focus in 2024 will be on completing construction of both spur lines and exploring new expansion opportunities for this system and on identifying wastewater treatment solutions for Northern Accomack, which today largely lacks wastewater treatment options.

 <u>Continue to market the Wallops Research Park and Support NASA Wallops Flight</u> <u>Facility and Virginia Space</u> – The Wallops Research Park (WRP) is a prime location for

aerospace and aviation operations offering 200+ acres specifically for Unmanned Aircraft Systems and medium class space launch vehicles, particularly those seeking to and leverage enhance capabilities of the Mid-Atlantic Regional Spaceport and NASA Wallops Flight Facility. The first tenant of the Park, Rocket Lab, a global leader in launch services and space systems, recently completed its fourth launch of its 59ft Electron

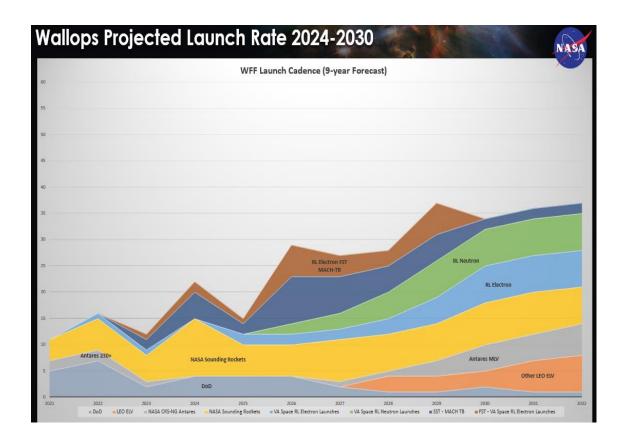

Rocket from Launch Complex 2 in Wallops Island. This launch was a dedicated mission for the National Reconnaissance Office (NRO). It was Rocket Lab's first NRO mission from U.S. soil.

In addition, the NASA Wallops Flight Facility has been selected by Rocket Lab as the home for its new larger Neutron rocket's first launch pad and production facility, further supporting the growth of commercial space capabilities in Accomack County. Rocket Lab expects to begin launching the medium class orbital Neutron from Wallops Island beginning in 2024. The new production complex, now under construction, will include a rocket production, assembly, and

integration facility and result in the creation of roughly 250 new jobs. The "rocket ranch" as locals have come to call it, is located just outside the NASA gate to Wallops Island.

- The WRP is directly adjacent to the NASA Wallops Flight Facility and close to Wallops Island providing tenants a distinctive business advantage not available anywhere. The Wallops Flight Facility is home to unique and valuable assets that can be leveraged for federal, state and private sector development. In total, there are approximately 6,200 acres within the WFF, which provide three major capabilities: Research Airport; World Class Launch Range; and end-to-end engineering design, fabrication, and testing facilities. In total, the Wallops Research Park represents over \$8M in County and Commonwealth investment.
- Continue to strategically focus on supporting economic growth in and around Wallops Island <u>Virginia</u> - Use of the Mid-Atlantic Regional Spaceport (MARS) and NASA Wallops Flight Facility by those seeking low cost and uncongested access to space continues to grow. Northup Grumman and Rocket Lab, both who have an established local presence, plan to expand their use of Wallops Island in the future. Rocket launches from Accomack County are expected to triple from their current rate by 2030. This increased launch cadence is a huge opportunity for the County to capitalize on the economic growth that will accompany it; however, in order to do this, the County must invest in providing new quality-of-life type infrastructure and services in the area surrounding Wallops Island. Improved road access, additional residential housing, new wastewater treatment options and expanded broadband access, are just a few of the areas that the County must focus on improving, which is why they are identified as priority areas in the County's current strategic plan.

<u>Recruiting and Retaining a Quality Workforce</u> – The County is no different from other employers on the Eastern Shore and across the Commonwealth in that it must maintain and recruit a quality workforce in order to deliver the services its customers expect and demand. During fiscal year 2023, the County initiated a comprehensive employee compensation and classification study, which was completed in the fall of 2023 by a third party. The study revealed that County employee compensation levels were 15.9% below the 50th percentile of the external market and suggested the County increase compensation to address this issue. Early in 2024, the County implemented 73% of the recommended pay adjustments identified in the study. The remaining 27% has been approved for fiscal year 2025. It is vital that the County fully implement the study's compensation across all County departments.

FISCAL YEAR 2024 ADOPTED BUDGET

For the 2024 Fiscal Year, the Board of Supervisors adopted a Primary Government total operating and capital budget of \$78,061,099, which is a 14.7% increase from the previous year. Of this amount, approximately \$5.1M was for one-time capital spending.

The development of the Fiscal Year 2024 budget was guided by the following priorities:

The largest single planned capital expenditure included in the Fiscal Year 2024 County budget was \$700,000 to convert the vacant old public library building in Accomac to County office space. The public library moved from Accomac to a new facility located in the Town of Parksley in June 2023. The two largest recurring operational increases approved for fiscal year 2024 were a \$575,937 (3%) increase in local matching funds for the public school system and \$2,137,158 for employee compensation increases, which included a 7% general pay increase and a set-aside to implement anticipated recommendations from a forthcoming third-party employee classification and compensation study. An \$867,000 addition to the County's Rainy Day Fund was also approved bringing its balance to an amount equal to 12.1% of budgeted general fund and school operating fund revenue.

The County's real estate tax rate will remain the same as the prior year. The County's personal property tax rate was increased from \$2.99 to \$3.72 for calendar year 2023. It should be noted that the new \$3.72 tax rate is the same rate that was in effect for 2021. The personal property tax rate was temporarily decreased in 2022 in order to minimize the citizen tax burden brought about by an unprecedented increase in new and used vehicle taxable values. Once vehicle values began to decrease in 2023, the personal property tax rate was returned to its previous amount. Property tax rates are detailed in the *Management Discussion and Analysis* section.

AWARDS AND ACKNOLEDGEMENTS

The Government Finance Officers Association (GFOA) of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to the County of Accomack, Virginia, for its comprehensive annual financial report for the fiscal year ending June 30, 2022. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to GFOA to determine its eligibility for another certificate.

The GFOA also presented an award for Distinguished Budget Presentation to the County for the annual budget for the fiscal year beginning July 1, 2023. This program recognizes that the budget document meets program criteria as a policy document, operations guide, financial plan, and as a communications device. This is the highest form of recognition for excellence in government budgeting.

I want to thank the members of the Board of Supervisors for their conservative approach to the County's finances that have allowed the County to remain financially stable through the pandemic and beyond. The County Finance department is also commended for, once again, preparing this quality financial report, which requires much professionalism and a significant amount of time and effort especially for a small locality with such a limited number of staff. Your efforts are much appreciated by the Board of Supervisors and the County's leadership team. Lastly, I want to acknowledge the hard work of all County staff who continue to bring forward innovative and cost effective ways to provide quality services to the community within the confines of one of the lowest real estate tax rates of similar sized counties in Virginia.

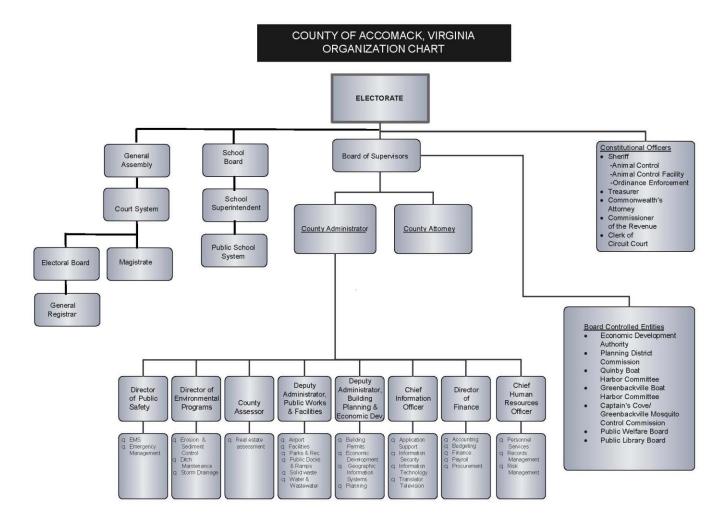

Respectfully submitted,

1. D. Mary

Michael T. Mason, CPA County Administrator

Independent Auditor's Report

To the Honorable Members of the Board of Supervisors County of Accomack, Virginia Accomac, Virginia

Report on the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Accomack, Virginia ("County") as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Accomack, Virginia, as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Accomack-Northampton Planning District Commission or the Eastern Shore Public Library, which together represent 7 percent, 19 percent, and 5 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units as of June 30, 2023, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Accomack-Northampton Planning District Commission and the Eastern Shore Public Library, is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and *Specifications for Audits of Counties, Cities, and Towns* issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County of Accomack, Virginia and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

• Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information be presented to supplement the basic financial statements. Such information is the responsibility of management, and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Accomack, Virginia's basic financial statements. The combining and individual fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 31, 2024, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County of Accomack, Virginia's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County of Accomack, Virginia's internal control over financial control over financial reporting and compliance.

Newport News, Virginia May 31, 2024

County of Accomack MANAGEMENT'S DISCUSSION AND ANALYSIS Year Ended June 30, 2023

Honorable Members of the Board of Supervisors Citizens of Accomack County

As management of the County of Accomack, Virginia, we offer readers of the County's Annual Comprehensive Financial Report this narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2023. This Management's Discussion and Analysis (MD&A) section is intended to introduce the County's basic financial statements and provide an analytical overview of the County's financial activities. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal and with the County's financial statements.

Financial Highlights

- The assets and deferred outflows of resources of the County exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$96,846,879 (net position). Of this amount, \$52,225,491 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The County's total net position increased by \$16,916,373 (21%). Net position of the governmental-type activities increased \$19,000,942 (27%) and net position of the business-type activities decreased \$2,084,569 (20%). This increase in governmental type of activities is due in part to use of federal grant monies related to the COVID-19 pandemic, provided through the Coronavirus State and Local Fiscal Recovery Fund (CSLFRF) allowed the locality to use grant funds in lieu of governmental fund revenues to cover governmental fund costs as prescribed in the final rule. The County also benefited from increases in the federal funds rate approved by the Federal Reserve, which produced better than forecasted investment returns providing over 186% more in investment earnings/rent than the prior year. On the expense side, contributing to increase in net position of the governmental-type activities was the School Board component unit inability to spend \$9,449,245 (44%) of the local funds appropriated to it by the County during the fiscal year. Business-type activity expenses increased as the County's new landfill cell began accepting waste shortly after the fiscal year began.
- The County's unrestricted net position increased by \$19,036,842 (57%). Unrestricted net position of the governmental-type activities increased \$20,759,021 (55%) and unrestricted net (deficit) of the business-type activities decreased (\$1,722,179) (41%). A decrease in the contribution to the local School Board component unit increased unrestricted net position of the governmental-type.
- Program revenues of the County's government activities increased by \$1,053,872 (6%) driven largely by additional operating and capital grant revenue restricted for community development. Program expenses of the County's governmental activities decreased by \$1,951,769 (3%) in large measure to making over \$3.2 million less in support expenses to Accomack County Public Schools in FY 2023 than in FY 2022. The Schools benefited from significant federal and state COVID relief funds allowing the need for less support from the County. Funds budgeted but not transferred are carried over for subsequent year appropriation and shown in the Assigned Fund Balance on Exhibit 3, cumulatively. Business-type activities expense increased by 203% to \$6,760,323. In fiscal year 2022, a reduction in the landfill closure and post-closure liability reduced operating costs substantially. Business-type expenses reported for fiscal year 2023 are more in line with traditional operating costs.
- The General fund reported an ending fund balance of \$61,816,212, an increase of \$17,632,311 (40%). Of the ending fund balance, \$6,214 was restricted for Wetlands mitigation. \$13,217,051 was committed pursuant to the County's "Rainy Day"/Revenue Stabilization policy, \$33,138,719 was assigned to various projects and schools and \$15,454,228 was unassigned.
 - The amount of General Fund ending fund balance committed pursuant to the County's "Rainy Day"/Revenue Stabilization Policy is equal to 11.2% of total General Fund Revenue and Component Unit School Operating Revenue less contributions from the Primary Government.
 - The amount of General Fund ending fund balance available for expenditure (Committed Fund Balance + Assigned Fund Balance + Unassigned Fund Balance) was \$61,809,998 or 145% of total general fund expenditures or 100% of Total Fund Balances as shown on Exhibit 3.

- The County's outstanding debt decreased (net of repayments) by \$2,878,179 or 12.2% during fiscal year 2023. No new bonded debt was issued in fiscal year 2023.
- Adoption of New Accounting Statement for fiscal year 2023-The County implemented GASB Statement No. 96, (GASB 96) SBITA, issued by Governmental Accounting Standards Board (GASB), which covers specific contracts or obligations for subscription-based information technology arrangements (SBITA) and prescribes similar treatment as GASB 87 to SBITAs.

Overview of the Financial Statements

The County's financial statements present two types of statements, each with a different focus on the County's finances. The first focus is on the County as a whole (government-wide) and secondly the fund financial statements. The government-wide financial statements provide both short- and long-term information about the County's overall financial status. The fund financials focus on the individual parts of County government, reporting the County's operation in more detail than the government-wide statements, which present a longer-term view. Presentation of both perspectives provides the user a broader overview, enhances the basis for comparison, and better reflects the County's accountability.

<u>Government-wide financial statements</u> - Government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to private-sector business, and use the full accrual method of accounting. They include the Statement of Net Position (Exhibit 1) and the Statement of Activities (Exhibit 2). All current year revenues and expenses are reported in the Statement of Activities regardless of when cash is received or paid.

The statement of net position presents information on all of the County's assets, liabilities, and deferred inflows/outflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating. To assess the overall health of the County, one needs to consider other nonfinancial factors such as changes in the County's property tax base, condition of the County's infrastructure and one-time sources of revenues.

In the Statement of Net Position and the Statement of Activities, the County's fund-based activity is classified as follows:

<u>Governmental activities</u> – Most the County's basic services are reported here, including general government, judicial administration, public safety, public works, health and welfare, educations, parks and recreation and community development departments. Property taxes, other local taxes and federal and state grants finance most of these activities.

<u>Business-type activities</u> – The County's Airport, Landfill, Parks and Recreation Revolving and Water/Sewer Funds are reported here as the County charges fees for services.

<u>Component Units</u> – The County has seven component units with one discretely presented. Although legally separate, the component units are included as the County is financially accountable for them and as such, exclusion could cause the County's financial statements to be misleading. For the Eastern Shore Public Library and the Accomack-Northampton Planning District Commission, please see separately issued financial statements available from each entity.

Fund financial statements - A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The fund financial statements provide detailed information about the county's most significant funds – not the County as a whole. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

<u>Governmental funds</u> - Governmental fund reporting focuses primarily on the sources, uses, and balances of current financial resources and has a budgeting orientation. These funds are reported on the modified accrual basis of accounting. Unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on the balance of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental fund balance sheet and the governmental statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison with governmental funds and governmental activities.

The County maintains fourteen individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance for the General Fund, Virginia Public Assistance Fund, Comprehensive Youth Services Fund, County Debt Service Fund and County Capital Projects Funds, all of which are considered to be major funds. Data from the remaining nine governmental funds are combined into a single aggregated presentation. Individual fund data for these non-major funds is provided in the "Other Supplemental Information" section of the report. The County adopts an appropriated budget annually for its Governmental funds. A budgetary comparison statement has been provided for the general fund and major special revenue funds to demonstrate compliance with this budget. Budgetary comparison schedules for non-major funds are also provided in the "Other Supplemental for non-major funds are also provided in the "Other Supplemental for non-major funds are also provided in the "Other Supplemental for non-major funds are also provided in the "Other Supplemental for non-major funds are also provided in the "Other Supplemental for non-major funds are also provided in the "Other Supplemental Information" section of the report.

<u>Proprietary funds</u> - The County maintains four enterprise funds. Enterprise funds are used to report on the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its landfill, water/wastewater services and portions of its recreation activities in addition to the operation of the County Airport.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for landfills, water/wastewater services, airport operation and portions of recreation activities. The Landfill Enterprise Fund and Airport Enterprise Fund are considered to be major funds of the County.

<u>Fiduciary funds</u> - The County uses fiduciary funds to account for resources held for other governments, individuals, or agencies not part of the County. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes. The fiduciary funds are agency funds Special Welfare and the Other Postemployment Benefits Trust Fund. The agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. These fiduciary activities are excluded from the County's government-wide financial statements because the County cannot use these assets to finance its operations.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a County's financial health. The County's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$96,846,879 at year-end.

The largest portion of the County's net position (37%) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment); less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot readily be used to liquidate these liabilities.

The next largest portion of the County's net position (54%) is unrestricted meaning it may be used to meet the government's ongoing obligations.

County of Accomack, Virginia Net Position

Restricted	9,050,160	12,102,423	107,058	230,109	9,157,218	12,332,532
Unrestricted	58,194,667	37,435,646	(5,969,176)	(4,246,997)	52,225,491	33,188,649
Total net position	\$ 88,742,159	\$ 69,741,217	\$ 8,104,720	\$ 10,189,289	\$ 96,846,879	\$ 79,930,506

A portion of the County's net position (9%) represents resources that are subject to restrictions (external and internal) on how they may be used. The two largest of this category, \$ 4,851,291 is restricted for use for public safety in the Consolidated EMT fund and the Consolidated Fire fund and \$2,981,063 is restricted for Pension.

At the end of the current fiscal year, the County is able to report positive balances of net position for both governmental activities and business-type activities.

The County's net position increased by \$16,916,373 or 21% during the fiscal year. Governmental activities show an increase of 27% while business-type activities have a decrease in net position of 20%. Primary explanations for these changes were previously noted.

<u>Governmental Activities</u> – As shown below Governmental activities increased the County's net position by \$19,000,942 or 27% during the fiscal year. Key elements of this increase are shown in the data chart as follows:

Accomack County, Virginia

Net position, June 30	\$ 88,742,159			\$ 10,189,289 \$	96,846,879		

• Property taxes are the largest single-revenue source comprising 53% of total governmental revenues. Property taxes increased by \$1,607,637 or 4%. An increase was expected due to a projected increase of 6.67% in the taxable value from the prior year reassessment for which the County lowered its tax rate by 1.5 cents to offset the impact instead of lowering the tax rate by 4.5 cents in order to negate the reassessment.

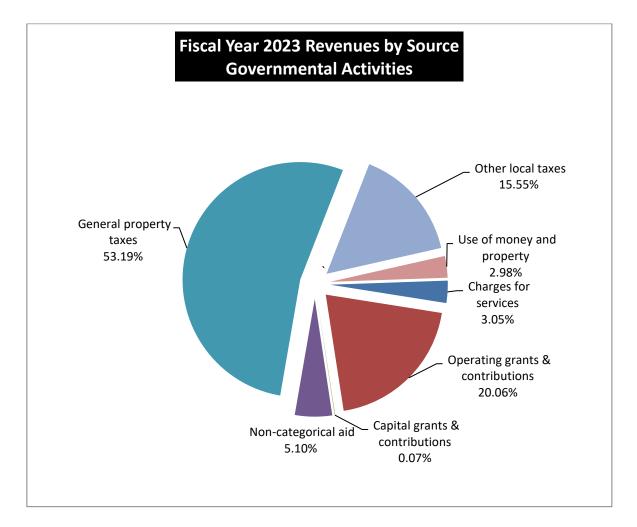

• Operating grants and contributions for governmental activities is the second largest revenue source comprising 20% of governmental revenues. This revenue source increased by \$637,301 or 4% during the fiscal year. Minimal change was anticipated.

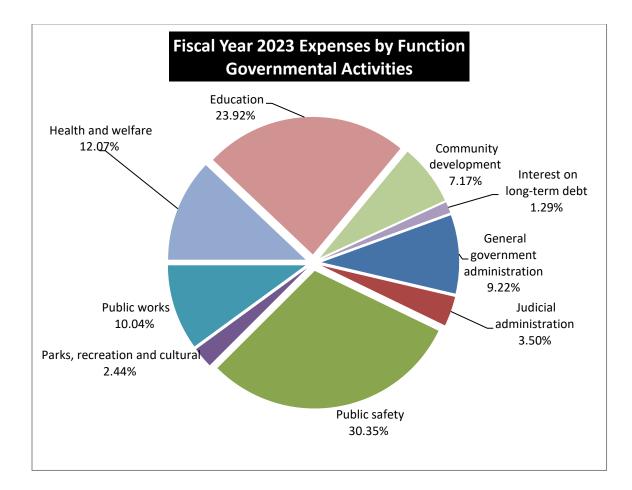

• Other local taxes increased by \$1,553,526 or 16% due to a continued increase in state sales tax as inflation began to impact the country and prices of goods, an increase in local meals tax and a new cigarette tax imposed in the current fiscal year.

• Public Safety expenses is the largest single category comprising 30% of total governmental expenses. This is slightly up (\$556,461 or 3%) from FY22 driven by increases in first responder compensation.

• Contribution to Accomack Public Schools and the Education expense is the second largest single category comprising 24% of total governmental expenses. Expenses for this category decreased by \$3,291,125 or 20% from the previous year. Much of this decrease is due to the leveling out of pandemic relief funding to the schools. The amount the schools did not require has traditionally been carried forward for their use upon approval by the Board of Supervisors.

• Health & Welfare expense is the third largest category comprising 12% of governmental expenses. Expenses for this category increased \$517,727 or 8% as compared to the previous year due to Department of Social Services funding for which there is a local match being more than needed in FY22 and an increase in Comprehensive Services Act funding for payments for services.

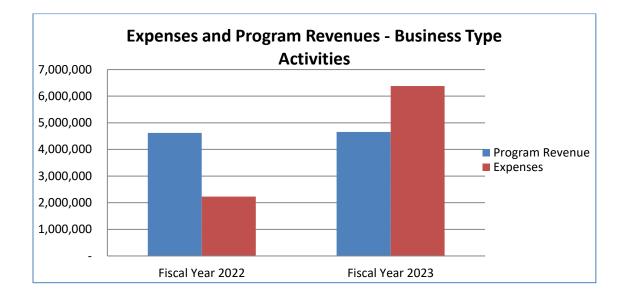

Business-type Activities – Business-type activities decreased the County's total net position by \$2,084,569 or 3% during the fiscal year.

Business-type program revenues increased by \$36,344 or 1% mostly from an increase in participation in Parks and Recreation programs. Parks and Recreation revenue increased \$12,634 or 290% from an increase in reservation fees for usage of Sawmill Park and an increase in participation fees for programs, specifically basketball. The Landfill had no increase in tipping fees and level tipping volume.

All business-type expenses increased by 203% or \$4,530,893 as compared to the prior fiscal year. Landfill expenses increased by \$4,525,531 or 474%. In FY22, after review with Department of Environmental Quality, operating costs for the landfill closure and post-liability were reduced. The completion and opening of the County's new landfill cell occurred in FY23. Other expenses included major repair costs, as well as purchases of heavy machinery and equipment used in landfill operations. Parks and Recreation expenses increased by \$10,018 or 136%. This included increases in part-time wages and program supplies and equipment related to the increase in program participation.

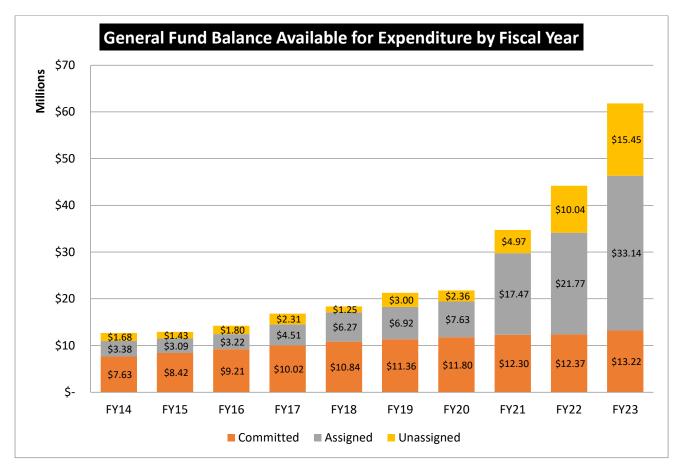

Financial Analysis of the County's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with financerelated legal requirements.

<u>Governmental Funds</u> - The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financial requirements. In particular, the amount of fund balance available for expenditure may serve as a useful measure of a County's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$68,760,187. Details are as follows:

- 1. The General Fund accounted for 90% percent or \$61,816,212 of the combined ending governmental fund balance.
 - \$15,454,228 or 25% of this balance constitutes unassigned fund balance, which is not tied to any specific use and is available for spending at the County's discretion.
 - \$13,217,051 or 21% is committed for a "Rainy Day" or Revenue Stabilization. This amount represents 11.2% of General Fund Revenue combined with School Operating Fund Revenue less revenue from the Primary Government.
 - Use of these funds is only permitted to temporarily address significant revenue shortfalls, to mitigate public safety threats both man-made and natural or to take emergency actions necessary to preserve the County and School Divisions overall financial health.
 - \$33,138,719 or 54% is assigned to various projects yet to be completed or funds carried forward for use in the next fiscal year.
 - The remainder, \$6,214, of general fund balance is restricted to specific use by an entity external to County government.

- The General Fund reported an increase in fund balance of \$17,632,311 or 40%. General Fund Committed Fund Balance increased by \$850,000 or 7%. The entire amount of committed fund balance, \$13,217,051, is associated with the County's "Rainy Day"/Revenue Stabilization Policy. The General Fund unassigned fund balance increased by \$5,413,747 or 54% primarily as a result of increased operating grants, property tax and other local taxes increases and premium on the bonds refunded.
- The Consolidated Emergency Services Fund accounted for 7% or \$4,851,291 of the combined ending governmental fund balance. This entire balance is restricted for providing emergency medical services throughout the County.

<u>**Proprietary funds**</u> - The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. All of the proprietary funds reported positive net position at the end of the year.

Budgetary Highlights

General Fund Budget Amendments:

Revenues:

The difference between the Primary Government General Fund original budget and final amended budget (Schedule 1) was \$5,861,637 or 12%. The variance was primarily due to budget amendments made to recognize other state (\$360,557) and federal (\$4,529,860) grant funds awarded to the County during the fiscal year. Details by line item may be seen in detail in Schedule 1, which is the Schedule of Revenues – Budget to Actual.

Expenditures:

The difference between the Primary Government General Fund original budget and the final amended budget (schedule 2) was \$11,780,210 or 24%. Significant individual adjustments making up this difference are noted as follows:

- <u>Public Safety related amendments</u> The original budget for Public Safety was amended to increase by \$6,000,700. The increase included \$4,466,833 for acceptance of grant award for the second ARPA tranche and unspent FY22 carryovers of the first ARPA tranche. Additionally, CDBG Urgent Needs carryover funding in the amount of \$385,838 altered the original budget. Various awarded additional funds (grants) and FY22 carryovers of lesser funding contributed to the FY23 budget revisions as well.
- <u>Community Development related amendments</u> The original budget for community development was amended during FY23 by \$3,501,261. ARPA FY22 carryovers and FY23 awards account for \$2,304,162. Various other grants awarded during FY23 and project carryovers from FY22 also occurred.
- <u>Public Works related amendments</u> The original budget was amended to increase by \$1,355,607 in total to record for miscellaneous projects funded by funds carried forward from prior year (\$251,111) and storm drainage projects carried forward (\$444,741). Public Works' budget was also amended to reflect an increase for the County garage for work performed for other departments by \$226,491.

General Fund Budget Variances:

The Primary Government General Fund reported a positive variance between actual revenue and the final budget of \$4,167,731 and a positive variance between actual expenditures and the final budget of \$17,326,624.

Capital Asset and Debt Administration

<u>Capital assets</u> - The County's investment in capital assets for its governmental and business-type activities as of June 30, 2023, amounts to \$57,654,690 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, intangibles, machinery, equipment, right to use assets and construction in progress.

Additional information on the County's capital assets can be found in Note 6 of this report.

Long-term debt - At the end of the fiscal year, the County had total debt outstanding, including unamortized bond premiums, of \$22,601,256. Of this amount, \$9,325,996 represents debt backed by the full faith and credit of the County. The remainder of the County's debt is secured by property or specific revenue sources. The County issued no new debt of any type in fiscal year 2023.

Legislation enacted during a prior fiscal year required the Primary Government to assume debt historically reported by the School Board. At June 30, 2023, this legislation results in \$9,325,996 in debt reported on the County's Statement of Net position that is specific to school property and an expense increase of \$1,139,276 reported on the County's Statement of Activities for the transfer of school property on which debt was retired during the fiscal year to the school board. The legislation affects the reporting of local school capital assets as well and will continue until there is no debt of the schools remaining.

Additional information on the County's long-term debt and joint tenancy can be found in Note 10 of this report.

Economic Factors and Next Year's Budgets and Rates

Overall, General Fund revenues for fiscal year 2024 are forecast to increase by 7.9% from those of FY23. This percentage change is comparing the adopted fiscal year 2024 budget before any amendments that may occur during the fiscal year to total general fund budget as amended on Exhibit 26. The major factors in this change were:

- Cigarette taxes Cigarette taxes are forecasted to increase 196% over the amount budgeted for fiscal year 2023 due to a \$0.10 increase per pack effective July 1, 2023. The action to increase the tax rate was taken in an effort to diversify the County's major revenue sources lessening the burden on the traditional property taxpayer. The County's proximity to the state of Maryland, a high tobacco tax state, translates into extremely high cigarette sales per capita for the County as residents from Maryland and other states north of Accomack County flock to the County to take advantage of low tax rates on tobacco products.
- Investment earnings Investment earnings are forecast to increase 600% over FY23 due to increases in the federal funds rate.
- State aid Policy changes contained in the Commonwealth's adopted fiscal year 2024 budget provide more state financial support for state supported local offices particularly those associated with local constitutional officers. Constitutional Officers include the County Treasurer, Commissioner of Revenue, Sheriff, Clerk of Circuit Court, and Commonwealth's Attorney all of which are elected positions. Aid from the Commonwealth is forecasted to increase by 9.71%.

Total General Fund expenditures, including capital expenditures not in the capital projects funds, are forecast to increase 7.6% using the same comparator. This increase is mostly driven by the County's plan to increase staff compensation so that it aligns favorably with that offered by other comparable Virginia local governments.

Property Tax Rates

Below are the adopted property tax rates for calendar year 2022 (fiscal year 2023) and calendar year 2023 (fiscal year 2024).

2023 Real Estate Tax Rates:

2022 Real Estate Tax Rates:

Base Rate	\$0.465 per \$100 of assessed valuation
Adder for EMS Services	\$0.130 per \$100 of assessed valuation
Adder for Mosquito Control	\$0.025 per \$100 of assessed valuation

2023 Personal Property Tax Rates on most vehicles:

Base Rate	\$3.63 per \$100 of assessed valuation
Adder for EMS Services	\$0.09 per \$100 of assessed valuation

2022 Personal Property Tax Rates on most vehicles:

Base Rate\$2.90 per \$100 of assessed valuation Adder for EMS Services.......\$0.09 per \$100 of assessed valuation

In 2022, the taxable value of vehicles located in Accomack County skyrocketed by 22% due to computer chip shortages and low used car inventories. This prompted the Accomack County Board of Supervisors to temporarily decrease the tax rate on vehicles to shield taxpayers from the corresponding tax burden. It was largely anticipated when the rate was decreased that these inflated values would gradually come down over the next several years and when this occurred, the Board would slowly increase the tax rate back to the rate in effect in 2021. In 2023, taxable values decreased sharply erasing the value gains from 2022. Having the 2022 value increase entirely eliminated only one year later was a surprise. In order to negate the revenue loss associated with such a steep decline in vehicle values and acting on the Board's position from the prior year that the decrease then approved in the personal property tax rate was only temporary, the calendar year 2023 tax rate was increased back to its 2021 rate. The adopted personal property tax rates for all other personal property classifications remain unchanged from the prior tax year.

Operating Expenditures

Fiscal year 2024 operating expenditures are budgeted to increase to provide a 7% wage increase for County and state-supported local positions that went into effect July 1, 2023. In addition, the budget includes funding to pay for and implement an employee classification and compensation study for the purpose of aligning employee compensation with the external market and additional employee pension contributions to enhance the County's current hazardous duty retirement supplement provided to its career first responders. The 2024 operating budget also provides an additional \$576,000 to the School Division based on the County's traditional revenue sharing formula. The County shares "new" revenue with the School Division based on this formula, which calls for approximately 52% of the annual growth from general fund property taxes, certain other local taxes, and non-categorical aid to be appropriated to the School Division.

Capital Expenditures

The County's adopted capital budget (before revisions) for 2024 totals just over \$5.1 million. This entire capital budget is essentially cash funded using unassigned fund balance to pay for infrastructure improvements. The capital plan includes funding that addresses a variety of County needs including docks and ramps projects at Johnsons Wharf, Quinby Harbor, Folly Creek and Greenbackville, paving for a number of County parking lots, and funds to address County space needs for staffing. Full details can be found in the County's Annual Plan as adopted in March, 2023.

Other Initiatives

The fiscal year 2024 budget continues with the plan to strengthen the portion of the County's general fund balance that is committed for a "Rainy Day" or revenue stabilization. The plan calls for this fund balance to be at least equal to 16.7% of County and School Board operating revenue by fiscal year 2028. Next year's budget is planned to set aside \$867,000 for this purpose. With this addition, the amount committed is expected to move the percentage to 14.2% of General Fund Revenue combined with School Operating Fund Revenue (less revenue from the Primary Government) based on the fiscal year 2024 adopted budget.

Employment and Population

The local unemployment rate remained level from June 2022 to June 2023 as shown below. The County's 3.2% unemployment rate falls between the unemployment rate for the Commonwealth and the rate for the entire country as of June 30, 2023.

Unemployment Rates				
	June 2021	June 2022	June 2023	
Accomack County	4.5%	3.2%	3.0%	
Commonwealth of Virginia	4.5%	2.9%	3.0%	
USA	6.1%	3.8%	3.4%	

According to the Virginia Employment Commission, the number of persons employed in the County increased from 15,111 in June, 2021 to 15,665 in June, 2022, to 16,071 in June, 2023. The increase from June 2022 to June 2023 is 406 or approximately 2.6%. The County's population has remained generally flat over the last decade. No significant change is anticipated in the next fiscal year nor does the fiscal year 2024 budget reflect any such change. Final Census results from the 2020 count shows 33,413 for the County an increase of 249 from the 2010 count.

Requests for Information

This financial report is designed to provide our residents, taxpayers, customers, investors, and creditors with a general overview of the County of Accomack, Virginia's finances and to demonstrate accountability for the money the County receives and pays out. Questions concerning any of the information provided in this report or requests for additional financial information should be directed to the County Administrator, Accomack County Finance Department at <u>finance@co.accomack.va.us</u> or P.O. Box 388, Accomac, Virginia 23301.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balance -Governmental Funds to the Statement of Activities Year Ended June 30, 2023

Net changes in fund balances-governmental funds (Exhibit 5) Amounts reported for governmental activities in the Statement of Activities are different because:		\$ 16,490,195
Governmental funds report capital outlays as expenditures. However, in the statement of		
activities, the cost of those assets is allocated over their estimated useful lives and reported		
as depreciation expense.		
Expenditures for capital outlays	3,143,267	
Depreciation expense	(2,708,109)	
Net adjustment		435,158
The net effect of various miscellaneous transactions involving capital assets (i.e., sales,		
donations, retirements) is to increase (decrease) net assets.		(103,949)
School Board capital assets financed by are jointly owned by the County and the School Board.		
The County share of School Board assets is in proportion to the debt owed on such by the County.		
The transfers to the School Board are affected by the relationship of the debt to assets on a year		
to year basis. The net transfer resulting from this relationship decreased the transfers to the Schoo	l	(1,139,276)
Board. Revenues in the Statement of Activities that do not provide current financial resources are		
not reported as revenues in the funds		
Property taxes	(572,676)	
Change in deferred outflows related OPEB	(39,124)	
Change in deferred outflows related to pensions	(614,585)	
Net adjustment		(1,226,385)
The issue of long-term debt provides current financial resources to governmental funds, while		
the repayment of the principal of long-term debt consumes the current financial resources		
of governmental funds. Neither transaction, however, has any effect on net position. Also,		
governmental funds report the effect of premiums, discounts, and similar items when debt		
is first issued, whereas these amounts are deferred and amortized in the statement of activities.		2,262,442
This amount is the net effect of these differences in the treatment of long-term debt and related		
Some expenses reported in the statement of activities do not require the use of current financial		
resources and, therefore, are not reported as expenditures in governmental funds.		
Change in accrued interest payable	48,718	
Change in compensated absences	(127,365)

Notes to Financial Statements June 30, 2023

Note 1 – Summary of Significant Accounting Policies

A. Financial Reporting Entity

The County was formed as an independent county in 1634. The County is governed by a Board of Supervisors consisting of nine members each of which are elected to a four-year term.

The County's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applicable to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The County's financial reporting entity is defined, and its financial statements are presented in accordance with GAAP, which defines the distinction between the County as the Primary Government and its related entities. Accordingly, these financial statements present the County and its component units, entities for which the County is considered to be financially accountable, hereafter referred to as the Reporting Entity.

Discretely Presented Component Units

The component unit columns in the financial statements include the financial data of the County's component units. They are presented in separate columns to emphasize that they are legally separate from the County. All component units have a fiscal year end of June 30, 2023.

Accomack County School Board - The Accomack County School Board was created by state law and is vested with the responsibility of administering the public school system. The School Board is composed of nine members all of whom are elected. The County levies taxes for its operation, issues bonds or enters into capital leases for its capital requirements and approves its annual budget. The School Board is reported as a governmental fund type. The School Board does not issue separate financial statements.

Economic Development Authority of Accomack County - The Economic Development Authority of Accomack County (EDA), formerly known as the Industrial Development Authority of Accomack County (IDA), was established to promote industry and develop trade by inducing manufacturing, industrial, government, and commercial enterprises to locate in Accomack County. The IDA changed its mission in fiscal year 2008 to enhance the economy and development of the County hence the name change. The Authority consists of seven directors, all of which are appointed by the County Board of Supervisors. The County approves the annual operating budget of the Authority. The Authority is reported as an enterprise fund type. The Authority does not issue separate financial statements.

Eastern Shore Public Library - The Eastern Shore Public Library was created for the purpose of providing public library services to residents of the Eastern Shore of Virginia. The Library Board consists of five members, a majority of which is appointed by the Accomack County Board of Supervisors. The Library is fiscally dependent upon the County for its annual contribution. Separately issued financial statements can be obtained from the Eastern Shore Public Library, Post Office Box 360, Accomac, Virginia 23301. The Library is reported as a governmental fund type.

Notes to Financial Statements June 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

A. Financial Reporting Entity (Continued)

Discretely Presented Component Units (Continued)

Accomack-Northampton Planning District Commission - The Accomack-Northampton Planning District Commission is a multi-jurisdictional entity created for the purpose of promoting the orderly and efficient development of the physical, social, and economic elements in its district. The Commission consists of thirteen members of which seven are appointed by and serve at the pleasure of the County Board of Supervisors. The Commission receives significant financial assistance from the County and is fiscally dependent on this assistance. Separately issued financial statements can be obtained from the Accomack-Northampton Planning District Commission, Post Office Box 417, Accomac, Virginia 23301. The Commission is reported as a governmental fund type.

Quinby Boat Harbor Committee - The Quinby Boat Harbor Committee was established to diligently conduct and enforce the rules and regulations regarding the use and occupancy of the Quinby Boat Harbor. The Committee consists of nine members, all of which are appointed and serve at the pleasure of the County Board of Supervisors. Appointment of a voting majority of the organization's governing body and the ability of the primary government to impose its will on the organization demonstrates financial accountability. Separately issued financial statements can be obtained from the Quinby Boat Harbor Committee, Post Office Box 343, Quinby, Virginia 23423. The Committee is reported as a governmental fund type.

Greenbackville Harbor Committee - The Greenbackville Harbor Committee was established to diligently conduct and enforce the rules and regulations regarding the use and occupancy of the Greenbackville Boat Harbor. The Committee consists of five members, all of which are appointed by and serve at the pleasure of the County Board of Supervisors. Appointment of a voting majority of the organization's governing body and the ability of the primary government to impose its will on the organization demonstrates financial accountability. Separately issued financial statements can be obtained from the Greenbackville Harbor Committee, Post Office Box 74, Greenbackville, Virginia 23356. The Committee is reported as a governmental fund type.

Captain's Cove Greenbackville Mosquito Control Commission - The Captain's Cove Greenbackville Mosquito Control Commission is responsible for insect control in the Captain's Cove Greenbackville area of Accomack County. The Commission consists of three members of which two are appointed by the Primary Government. The County levies taxes on behalf of the Commission to finance the Commission's operations. Beginning in April 2021, the County became the fiscal agent (as for the EDA noted above). The Commission does not issue separate financial statements. The Commission is reported as a governmental fund type.

Notes to Financial Statements June 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

A. Financial Reporting Entity (Continued)

Jointly Governed Organizations

The following entities are excluded from the accompanying financial statements:

Eastern Shore of Virginia 911 Commission - The County has joined together with Northampton County to create the Eastern Shore of Virginia 911 Commission. The purpose of the Commission is to manage the 911 system in order to save the lives and property of the citizens of Accomack and Northampton Counties. The Commission is governed by a twelve member board, six of which are appointed by Accomack County. Prior to January 1, 2007, the Commission was funded primarily by a local consumer utility tax levied and collected by both Accomack and Northampton County. State legislation effective January 1 repealed the authority to levy this tax replacing it with a state-controlled communication sales and use tax, which is remitted to both counties on a monthly basis and subsequently distributed to the Commission. In fiscal year 2023, the County contributed \$945,595 to the Commission. The Commission's complete financial activity is included in the financial report of Northampton County, Virginia, its fiscal agent.

Related Organizations

The following entity is excluded from the accompanying financial statements:

Eastern Shore Community Services Board - The County, in conjunction with Northampton County, participates in the Eastern Shore Community Services Board. The County's Board of Supervisors appoints a voting majority of the Board members of the Eastern Shore Community Services Board, but the County's accountability for this organization does not extend beyond making the appointments. During fiscal year 2023, the County contributed \$204,037 to the Board for operations. Complete financial statements for the Board may be obtained by contacting the Eastern Shore Community Services Board, P.O. Box 453, Nassawadox, Virginia 23413.

B. Government-Wide Financial Statements

The basic financial statements include both government-wide (based on the County as a whole) and fund financial statements with all non-fiduciary activities categorized as governmental or proprietary. Fiduciary activities, whose resources are not available to finance the County's programs, are not included in the government-wide statements. In accordance with GAAP, the County's financial statements are comprised of the following components.

The reporting model includes financial statements prepared using full accrual accounting for all the County's activities. This approach includes not just current assets and liabilities, but also capital assets, deferred inflows and outflows, and long-term liabilities. Accrual accounting also reports all of the revenues and cost of providing services each year, not just those received or paid in the current year or soon thereafter.

Notes to Financial Statements June 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

B. Government-Wide Financial Statements (Continued)

Statement of Net Position

The Statement of Net Position is designed to display the financial position of the Primary Government and its discretely presented component units. The County reports all capital assets, net of accumulated depreciation, in the government-wide Statement of Net Position and report depreciation expense - the cost of "using up" capital assets - in the Statement of Activities. The net position of a government may be broken down into three categories: 1) net investment in capital assets, 2) restricted, and 3) unrestricted.

Statement of Activities

The government-wide Statement of Activities reports expenses and revenues in a format that focuses on the cost of each government function. The expense of individual functions is compared to the revenues generated directly by the function (for instance, through user charges or intergovernmental grants).

Fund Financial Statements

The Fund financial statements organize and report the financial transactions and balances of the County on the basis of fund categories. Separate statements for each of the County's three fund categories - Governmental (e.g., General), Proprietary (e.g., Enterprise) and Fiduciary are presented. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. For the governmental funds, the financial statements consist of a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances, which are presented on current financial resources and modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. For the Enterprise funds, the financial statement of Cash Flows. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows, liabilities, deferred inflows, fund equity, revenues and expenditures or expenses, as appropriate. Fiduciary fund statements are used to report assets that are held in a trustee or custodial capacity and consist of a Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position.

Reconciliation of Government-wide and Fund Financial Statements

A summary reconciliation of the difference between the total governmental fund balances and total net position for governmental activities, as shown in the government-wide Statement of Net Position, is presented in an accompanying reconciliation to the governmental funds' Balance Sheet. The asset, liability and deferred inflows and outflows of resources elements, which comprise the reconciliation differences, stem from governmental funds using the current financial resources measurement focus and the modified accrual basis of accounting while the governmental-wide financial statements use the economic resources measurement focus and the accrual basis of accounting.

Notes to Financial Statements June 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

C. Measurement Focus and Basis of Presentation

Government-wide Financial Statements: The Statement of Net Position and the Statement of Activities display information about the County as a whole, except for fiduciary funds, and are prepared using the economic resources measurement focus, which differs from the manner in which governmental fund financial statements are prepared.

The government-wide Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, are clearly identifiable to a particular function. Program revenues include charges for services, grants, and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues of the County. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the County. The County does not allocate indirect expenses.

As discussed earlier, the government has seven discretely presented component units. Only the Accomack County School Board is considered to be a major component unit and thus shown in a separate column in the government-wide financial statements. The remaining six are consolidated into one column in the government-wide financial statements labeled "other". Individual component unit financial data for these nonmajor component units is reported in the *Other Supplementary Information* section.

As a general rule, the effect of interfund activity has been removed from the government-wide financial statements except payments in lieu of taxes and other charges between the Landfill Fund and the General Fund. Elimination of these charges would distort the direct costs and program revenues reported for the various functions.

D. Fund Financial Statements

Financial transactions and accounts of the County are organized on the basis of funds. The operation of each fund is considered to be an independent fiscal and separate accounting entity, with a self-balancing set of accounts recording cash and/or other financial resources together with all related liabilities and residual equities or balances and changes therein. Fund financial statements are designed to present financial information of the County at this more detailed level. The emphasis of fund financial statements is on major governmental and proprietary funds, each displayed in a separate column. The following is a brief description of the specific funds used by the County:

Notes to Financial Statements June 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

D. Fund Financial Statements (Continued)

Governmental Funds - These funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Accordingly, real and personal property taxes are recorded as deferred revenue and receivables when billed. Sales taxes, which are collected by the State by year-end and subsequently remitted to the County, are recognized as revenues and receivables upon collection by the State, which is generally in the month preceding receipt by the County. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures of governmental funds.

The County reports the following major governmental funds:

General Fund: The General Fund is the County's primary operating fund. It accounts for and reports financial resources of the general government except those required to be accounted for in another fund. Revenues are primarily derived from property taxes. A significant part of the General Fund's revenues is used to finance operations of the Accomack County School Board.

Virginia Public Assistance Fund: The Virginia Public Assistance Fund accounts for and reports the resources of the Social Services department, which is responsible for administering welfare-related programs as mandated by the *Code of Virginia*. Revenues are primarily derived from the intergovernmental funding including significant local funding from the County's General Fund.

Consolidated Emergency Medical Services Fund: The Consolidated Emergency Medical Services Fund accounts for and reports revenues and expenditures associated with fire and rescue services. Revenues are derived from a special property tax levied on all residents of the County except those located in the Town of Chincoteague. Expenditures are restricted for use on fire and rescue services.

County Capital Projects Fund: The County Capital Projects Fund is used to account for and report on the acquisition or construction of major capital facilities in the County. This fund also accounts for proceeds from bonds issued on behalf of the Accomack County School Board and disbursed to the school board for education-related capital projects.

County Debt Service Fund: The County Debt Service Fund accounts for and reports revenues derived from a special property tax levied on County residents exclusively for the current and future retirement of debt. The majority of the debt service reported by the fund pertains to public school construction. In Virginia, public school systems do not have borrowing authority so all school-related debt must be issued and, therefore, reported by the County.

Notes to Financial Statements June 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

D. Fund Financial Statements (Continued)

The County reports the following major proprietary funds:

Landfill Fund: The Landfill Fund is an enterprise fund used to account for waste disposal operations of the County's North Landfill and South Transfer Station. The cost of waste disposal services is primarily financed through user charges to the County, residents, and commercial customers.

Airport Fund: The Airport fund is used to account for the operation of the County's airport located in Melfa, Virginia. The cost of operating the Airport is primarily funded through user fees.

Additionally, the County reports the following nonmajor governmental fund types, nonmajor proprietary funds and Fiduciary Funds:

Special Revenue Funds: Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

Enterprise Funds: Enterprise funds are used to report an activity for which a fee is charged to external users for goods or services.

Fiduciary Funds: Fiduciary funds are used to account for assets held by the County in a trustee capacity or as an agent for other individuals or organizations. Fiduciary funds consist of the Other Postemployment Benefits Trust Fund and the following custodial funds: Special Welfare Fund and Sheriff Canteen Fund. These are fiduciary funds used to account for assets held by the County in a trustee capacity or as agent or custodian for other governmental units or other funds. They are presented in the fund financial statements by type. The County's Custodial funds include assets held for entities for which the County is the fiscal agent. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements

E. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

Notes to Financial Statements June 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

E. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, sales taxes, licenses, and interest associated with the fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source. Expenditure driven grants are recognized as revenue with the qualifying expenditure have been incurred and all other eligibility requirements have been met, and the amount is received during the period for the revenue source. All other revenue items are considered to be measurable and available only when cash is received by the County.

Proprietary funds and custodial funds are reported using the economic resources measurement focus and the accrual basis of accounting.

F. Budgetary Basis of Accounting

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds except for the Rehabilitation Projects Fund and the County Capital Projects Fund, which adopt project/grant-length budgets. The following procedures are used by the County in establishing the budgetary data reflected in the financial statements:

- Prior to March 30, the County Administrator submits to the Board of Supervisors a proposed operating and capital budget for the fiscal year beginning the following July 1. The operating and capital budget includes proposed expenditures and the means for financing them. This budget excludes intergovernmental grant revenues and expenditures unless they were officially awarded prior to the budget submission to the Board of Supervisors. Intergovernmental grants awarded after adoption of the budget are reflected in the amended budget once approved by the Board of Supervisors.
- Public hearings are conducted to obtain citizen comments.

Notes to Financial Statements June 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

F. Budgetary Basis of Accounting (Continued)

- Prior to June 30, the budget is legally enacted through passage of an Appropriations Resolution. The Appropriations Resolution places legal restrictions on expenditure at the department level. The appropriation for each department or category can be revised only by the Board of Supervisors. The School Board is authorized to transfer budgeted amounts within the school system's categories.
- Formal budgetary integration is employed as a management control device during the year for all funds.
- Appropriations lapse on June 30 for all County units except for Capital Funds, which carry unexpended balances into the following year on a continuing appropriation basis.
- Budget amounts reported in the financial statements are labeled as either original or final. The original budget is the initial adopted budget plus amendments made prior to the beginning of the fiscal year. The final budget is the original budget combined with amendments approved during the fiscal year.

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, & Net Position/Fund Balance

i. Deposits and Investments

Cash and cash equivalents include amounts in demand deposits, as well as short-term, highly liquid investments with a maturity date within three months of the date acquired by the County. Cash and cash equivalents are recorded at cost, which approximates market. This definition also applies to cash and cash equivalents presented in the statement of cash flows.

Short-term investments may consist of certificates of deposit, repurchase agreements, commercial paper, and investments in the Local Government Investment Pool (LGIP) and Virginia Investment Pool (VIP). When the County has bond proceeds unspent they are held for the benefit of the County by State Non-Arbitrage Program (SNAP). Applicable investments are measured at fair value and are categorized within the fair value hierarchy using valuation techniques promulgated by GAAP.

ii. Receivables

All receivables, including tax receivables, are shown net of allowance for uncollectible. At June 30, 2023, the allowance for General fund uncollectible taxes receivable as shown in Note 3 represents 24.8% of the outstanding balance of taxes receivable in that fund. Similarly, for the Consolidated Emergency Medical Services fund, the County Debt Service fund and all non-major funds, the allowance of uncollectible taxes receivable represents 26.8%, 26.4%, and 26.6% respectively.

Outstanding balances between funds are reported as due to/from other funds. Any residual balances outstanding between the governmental and business-type activities are reported in the government-wide statements as internal balances. Outstanding balances between the County and its component units are reported as due to/from component unit or due to/from Primary Government.

Notes to Financial Statements June 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, & Net Position/Fund Balance (Continued)

iii. Inventories and Prepaid Items

Inventories are valued at cost using the first-in/first-out (FIFO) method. Only the Airport Enterprise Fund reports inventory, which consists of aviation fuel and pilot supplies. The cost of these inventories is recorded as expenses when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and reported as prepaid items in both the government-wide and fund financial statements of the component units presented. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

iv. Capital Assets

Capital assets, including land, improvements to land, buildings, building improvements, vehicles, machinery, equipment, and intangible assets that individually cost \$5,000 and over, with a useful life of greater than one year are reported in proprietary funds and applicable governmental or business-type activities columns in the government-wide financial statements. The County does not capitalize roads and bridges since these assets belong to the Commonwealth of Virginia. Capital assets are stated at historical cost or estimated historical cost. Gifts or contributions of capital assets are recorded at their acquisition value as of the date of the donation. Capital assets are depreciated over their useful lives using the straight-line method. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. No interest was capitalized during the current or previous year. Estimated lives for County and School Board Component Unit assets are as follows:

Buildings	30 – 50 years
Improvements other than buildings	15 – 40 years
School Buses	12 years
Cars and light-duty trucks	5 – 7 years
Heavy equipment	10 years
Computer and related	5 years
Intangibles (software)	5 years
Right to use assets	5 – 20 years
Other machinery and equipment	5 – 20 years

v. Leases

The County is a lessee for various items of equipment and real property. The County recognizes lease liabilities and intangible right-to-use assets (lease assets) in the statement of net position related to these agreements.

At the commencement of a lease, the County initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs, if any. Subsequently, the lease asset is amortized on a straight-line basis over the life of the lease.

Notes to Financial Statements June 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, & Net Position/Fund Balance (Continued)

v. Leases (Continued)

The County is a lessor for non-cancellable leases of communication facility towers and land. The County recognizes a lease receivable and a deferred inflow of resources related to these agreements. At the commencement of a lease, the County initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue on a straight-line basis over the life of the lease term.

Key estimates and judgements include how the County determines (1) the discount rate it uses to discount the expected lease payments/receipts to present value, (2) lease term, and (3) lease payments/receipts.

- The County uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the non-cancellable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments for the lessee.
- The County monitors changes in circumstance that would require a re-measurement of its lease and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

vi. Deferred Outflows/Inflows of Resources

Deferred inflows and outflows of resources represent the acquisition and consumption, respectively, of net assets that applies to a future period. At June 30, 2023, the Primary Government had deferred outflows of resources representing debt refunding resulting in loss transactions, which are amortized over the life of the refunded debt, deferred charges related to Pension and OPEB contributions, experience, assumptions, earnings, and proportion. The Primary Government also had deferred inflows of resources related to property tax revenue, deferred inflows and outflows related to changes in the Pension and OPEB experience, assumptions, earning and proportion which are amortized over the average future service life of all plan members, except earnings, which are amortized over a five year period, and deferred inflows related to lease revenue which are amortized over the term of cumulated leases including any extensions to the terms which are reasonably certain will be exercised.

Under a modified accrual basis of accounting, unavailable revenue representing property taxes receivable is reported in the governmental funds balance sheet. This amount is comprised of uncollected property taxes due prior to June 30, 2nd half installments levied during the fiscal year but due after June 30th, and amounts prepaid on the 2nd half installments. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Under the accrual basis of accounting, 2nd half installments levied during the fiscal year but due after June 30th and amounts prepaid on the 2nd half installments are reported as deferred inflows of resources.

Notes to Financial Statements June 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, & Net Position/Fund Balance (Continued)

vii. Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net position is comprised of three components:

<u>Net Investment in Capital Assets</u> - Consists of the historical cost of capital assets net of any accumulated depreciation and outstanding debt which was used to finance those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position.

<u>Restricted</u> - Consists of assets where limitations are imposed on their use through enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors or the laws and regulations of other governments.

<u>Unrestricted</u> - Net position not reported as net investment in capital assets or restricted.

viii. Net Position Flow Assumption

Sometimes the County will fund outlays for a particular purpose from both restricted (e.g. restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted-net position and unrestricted-net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted-net position to have been depleted before unrestricted-net position is applied.

ix. Fund Balance Flow Assumptions

Sometimes the County will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statement, flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Notes to Financial Statements June 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, & Net Position/Fund Balance (Continued)

x. Fund Balance

In the governmental fund financial statements, fund balance is reported in five categories which denote the nature and extent of constraints, if any, placed on the County's fund balance. These five categories are as follows:

Fund Balance Category	Definition	Applicability
Nonspendable	Includes amounts that are not in expendable form.	The County reports long-term receivables that are not available for expenditure in this category.
Restricted	Includes amounts restricted to specific uses by external entities or by law. Externally imposed restrictions include amounts that are restricted for specific purposes.	The County reports residual amounts of taxes levied exclusively for debt service, fire & rescue, and mosquito control along with unspent bond proceeds held in trust in this category.
Committed	Amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Accomack County Board of Supervisors.	The County reports amounts committed by resolution of the Board of Supervisors for use in emergency situations as committed fund balance. This amount is shown in the financial statements as committed to <i>Rainy</i> <i>Day/Stabilization</i> . Additions are approved by Board action. Use of these funds is only permitted to address revenue shortages that are greater than 1% of General Fund revenue, an urgent event that jeopardizes public safety, or to mitigate damage caused by a natural disaster, and they must be approved by formal action of the Board of Supervisors.
Assigned	Consists of amounts intended to be used by the County for a specific purpose but are neither restricted nor committed.	Assigned for subsequent year's expenditures is the portion of fund balance that has been approved by formal action of the Board of Supervisors for appropriation in the fiscal year 2021 budget. Amendment of this amount requires approval of the Board. Additional assignments for residual funds associated with ongoing capital projects and special revenue funds have been made by the Finance Director who is given that authority.
Unassigned	Fund balance that has not been reported in any other classification.	Positive unassigned fund balance is only reported in the General Fund. In governmental funds other than the General Fund, a negative unassigned fund balance may be reported if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes.

Notes to Financial Statements June 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

H. Revenues and Expenditures/Expenses

i. Program Revenue

Amounts reported as program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and grants and contributions (including special assessment) that are restricted to meeting the operational or capital requirement of a particular function or segment. All taxes including those dedicated for specific purposes and internally dedicated resources are reported as general revenues rather than as program revenue.

ii. Property Taxes

Property is assessed at its value on January 1. Property taxes attach as an enforceable lien on property as of January 1. Real estate and personal property taxes are due in two installments payable in December and June. Personal property taxes are prorated based on the number of months property is owned. The County bills and collects its own property taxes.

In 1998, the Virginia General Assembly passed the Personal Property Tax Relief Act (PPTRA). The purpose of this legislation was to gradually eliminate the personal property tax on automobiles by increasing Commonwealth funding to localities. The PPTRA provides tax relief via a tax credit that appears on the citizen's tax assessment as a reduction to taxes due. The credit applies to the first \$20,000 of taxable value of automobiles and motorcycles held for personal use. Revenue from the Commonwealth pertaining to PPTRA is recorded as non-categorical aid.

iii. Compensated Absences

All County and School Board full-time employees earn annual leave based on years of service. Accumulated annual leave vests immediately. County and School Board employees are paid for unused annual leave, at their normal rate of pay, at termination. Annual leave termination payments are limited only by maximum accumulation policies. All County and School Board Component Unit full-time employees also earn ten hours of sick leave per month. Maximum accumulation is unlimited. Employees of the County are entitled to the lesser of 25% of accrued sick leave or \$5,000 upon termination providing the employee has 5 years of service. Employees of the School Board are entitled to the lesser of 25% of accrued sick leave or \$7,500 upon termination providing the employee has 5 years of service. Employees of the School Board are entitled to the lesser of service. The amount of unpaid annual, sick and compensatory leave, including applicable payroll taxes, is accrued when incurred in the government-wide and proprietary fund financial statements. Only the current portion due, if any, is recorded in the fund financial statements. Compensated absences are reported in governmental funds only if they are matured.

Notes to Financial Statements June 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

H. Revenues and Expenditures/Expenses (Continued)

iv. Proprietary Funds Operating and Non-operating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with proprietary fund's principal ongoing operations. The principal operating revenues of the water/sewer fund, airport fund, landfill fund and parks and recreation revolving fund are charges to customers. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues not meeting this definition are reported as nonoperating revenues and expenses.

V. Use if Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

I. Pensions

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County's and School Board's Retirement Plan and the additions to/deductions from the County's and School Board's Retirement Plan's net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

J. Other Postemployment Benefits (OPEB)

Group Life Insurance

The Virginia Retirement System (VRS) Group Life Insurance (GLI) Program provides coverage to state employees, teachers, and employees of participating political subdivisions. The GLI Program was established pursuant to §51.1-500 et seq. of the *Code of Virginia*, as amended, and which provides the authority under which benefit terms are established or may be amended. The GLI Program is a defined benefit plan that provides a basic group life insurance benefit for employees of participating employers. For purposes of measuring the net GLI Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the GLI OPEB, and GLI OPEB expense, information about the fiduciary net position of the VRS GLI Program OPEB and the additions to/deductions from the VRS GLI OPEB's net fiduciary position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Notes to Financial Statements June 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

J. Other Postemployment Benefits (OPEB) (Continued)

Political Subdivision, Teacher Employee and School Non-Professional Staff Health Insurance Credit Program

The VRS Political Subdivision Health Insurance Credit Program (County), the Virginia Retirement System (VRS) Teacher Employee Health Insurance Credit (HIC) and the VRS Political Subdivision (Non-Professional Plan) were established pursuant to §51.1-1400 et seq. of the *Code of Virginia*, as amended, and which provides the authority under which benefit terms are established or may be amended. The County, the Teacher Employee HIC Program, and the Non-Professional Plan are all defined benefit plans that provides a credit toward the cost of health insurance coverage for retired political subdivision employees, teachers, and non-professional school staff. For purposes of measuring the net OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to the Programs' OPEB, and the related OPEB expenses, information about the fiduciary net position of the County, VRS Teacher Employee HIC Programs, and Non-Professional Staff; and the additions to/deductions from the County and VRS Teacher Employee and Non-Professional staff HIC Programs' net fiduciary position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

K. Future GASB Pronouncements

The Governmental Accounting Standards Board (GASB) has issued the following Statements which are not yet effective.

In April 2022, the GASB issued **Statement No. 99**, *Omnibus 2022*. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The requirements related to extension of the use of LIBOR, accounting for SNAP distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging governments, clarification of certain provisions in Statement 34, as amended, and terminology updates related to Statement 53 and Statement 63 are effective upon issuance. The requirements related to leases, PPPs, and SBITAs are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter.

In June 2022, the GASB issued **Statement No. 100**, *Accounting Changes and Error Corrections*. This Statement requires disclosure in notes to financial statements of descriptive information about accounting changes and error corrections, such as their nature. In addition, information about the quantitative effects on beginning balances of each accounting change and error correction should be disclosed by reporting unit in a tabular format to reconcile beginning balances as previously reported to beginning balances as restated. The requirements of this Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter. Earlier application is encouraged.

Notes to Financial Statements June 30, 2023

Note 1 – Summary of Significant Accounting Policies (Continued)

K. Future GASB Pronouncements (Continued)

In June 2022, the GASB issued **Statement No. 101**, *Compensated Absences*. The Statement updates the recognition and measurement guidance for compensated absences and amends certain previously required disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2023.

Management has not determined the effects these new GASB Statements may have on prospective financial statements.

Note 2 – Deposits and Investments

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act") Section 2.2-4400 et. seq. of the *Code of Virginia*. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

Statutes authorize the County Treasurer, an elected official, to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, "prime quality" commercial paper and certain corporate notes, banker's acceptances, repurchase agreements and the State Treasurer's Local Government Investment Pool (LGIP) and Virginia Investment Pool, a service of Virginia Municipal League and Virginia Association of Counties (VIP). Short-term investments are stated at amortized cost or at fair value with any net appreciation or depreciation in fair value reflected as investment income.

The carrying amount of cash and investments of the Primary Government and the School Board Component Unit at June 30, 2023, is as follows:

Deposits with financial institutions	\$ 9,592,529
Investments	68,174,287
Petty cash	4,159
Total cash and investments of the Primary Government	
and School Board Component Unit	<u>\$ 77,770,975</u>
A reconciliation to the basic financial statements is as follows:	
Primary Government cash and investments per Exhibit 1	\$ 75,092,977
School Board Component Unit cash and investments per Exhibit 1	
2,197,954	
Restricted cash - Business Type Activity - Landfill	480,044
Total cash and investments in the custody of the Treasurer	<u>\$ 77,770,975</u>

Notes to Financial Statements June 30, 2023

Note 2 – Deposits and Investments (Continued)

Credit Risk of Debt Securities

Per state statutes, all commercial paper must be rated "prime quality" by at least two nationally recognized statistical rating organizations (A-1 by both Standard & Poor's and Moody's Investor Service) and corporate notes and bonds must be rated in the AAA or AA categories by both Standard & Poor's and Moody's Investor Service. As of June 30, 2023, the County's investments as rated by Standard & Poor's were as follows:

Investment Type	Amount	Rating
Virginia Local Government Investment Pool	\$ 35,894,796	AAAm
VACo/VML Virginia Investment Pool - NAV liquidity pool	20,109,251	AAAm
VACo/VML Virginia Investment Pool - VIP 1-3 year		
High Quality Bond Fund	11,690,196	AA+f/SI
State Non-Arbitrage Program (SNAP)	480,044	AAAm
	<u>\$ 68,174,287</u>	

Concentration of Credit Risk

State statute limits the percentage of the portfolio that can be invested in any one issuer, excluding the U.S. Government, U.S. Government Agencies, the Commonwealth of Virginia and its authorities, mutual funds, and pooled investment funds. No more than 35% of total available funds may be invested in commercial paper. Furthermore, no more than 5% of the total funds available for investment may be invested in commercial paper of anyone issuing corporation. As of June 30, 2023, the County's investment portfolio was invested with Virginia Local Investment Pool which is administered by the Treasury Board of the Commonwealth of Virginia and VACo/VML Virginia Investment Pool which is a government trust under Section 115 of the Internal Revenue Code established through the Joint Exercise of Powers provisions of the State Code.

Interest Rate Risk

All of the County's investments as of June 30, 2023, have maturity dates of less than one year. The County had no policy on interest rate risk or other investment policy at June 30, 2023.

Custodial Credit Risk

As of June 30, 2023, all investment securities purchased by the County Treasurer were held by bank trust departments in the County's name and evidenced by safekeeping receipts in the County's name.

Notes to Financial Statements June 30, 2023

Note 3 – Allowance for Uncollectible Accounts

The County calculates its allowance for uncollectible accounts using historical collection data, specific account analysis and subsequent cash receipts. The allowances at June 30, 2023, are as follows:

		Major Funds			
		Consolidated			
		Emergency			
		Medical	County	Nonmajor	
	General Fund	Services Fund	Debt Fund	Funds	Total
Type: Taxes receivable	<u>\$ 4,780,136</u>	<u>\$ 687,116</u>	<u>\$ 379,540</u>	<u>\$ 251,939</u>	<u>\$6,098,731</u>

Note 4 – Due from Other Governmental Entities

Amounts due from other governments at June 30, 2023, consisted of the following:

	Major Governmental Funds				Total	
	General	Virginia Public Assistance	County Capital Projects	Nonmajor Government	Primary Government, Governmental	
Primary Government	Fund	Fund	Fund	Funds	Activities	
Commonwealth of Virginia:		A	A	A	• • • • • • • • • • • • • • • • • • •

Notes to Financial Statements June 30, 2023

Note 6 - Capital Assets (Continued)

B. School Board Component Unit: (Continued)

Total depreciation expense charged to the School Board component unit was \$3,866,364. Legislation enacted during the fiscal year 2002, Section 15.2-1800.1 of the *Code of Virginia*, 1950, as amended, has changed the reporting of local school capital assets and related debt for financial statement purposes. Historically, debt incurred by local governments "on-behalf" of school boards was reported in the school board's discrete column along with the related capital assets. Under the new law, local governments have a "tenancy in common" with the school board whenever the locality incurs any financial obligation for any school property which is payable over more than one fiscal year. For financial reporting purposes, the legislation permits the locality to report the portion of school property related to any outstanding financial obligation eliminating any potential deficit from capitalizing assets financed with debt. The effect on the County of Accomack, Virginia, for the year ended June 30, 2023, is that debt and related assets in the amount of \$6,534,568 have been transferred to the Primary Government from the School Board Component Unit for financial reporting purposes.

C. Economic Development Authority Component Unit:

	Balance July 1, 2022	Additions	<u>Retirements</u>	Balance June 30, 2023
Capital assets not being depreciated:				
Land	<u>\$ 390,289</u>	<u>\$ 682,005</u>	<u>\$ -</u>	<u>\$ 1,072,294</u>

Total Economic Development				
Authority component unit, net	<u>\$ </u>	<u>\$ 2,543,109</u>	<u>\$ -</u>	<u>\$ 3,276,181</u>

Total depreciation expense charged to the Authority during the fiscal year amounted to \$16,901.

Notes to Financial Statements June 30, 2023

Note 7 – Unearned Revenue

Unearned revenue represents amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Under the modified accrual basis of accounting, such amounts are measurable, but not available. Under the full accrual basis of accounting, such amounts are measurable, but are unearned.

Unearned revenue at June 30, 2023, consisted of the following:

	Special Revenue				School Board			
	General Funds - Fund Nonmajor		Enterprise Funds		Component Unit			
Advance grant funding received Prepaid rent received	\$	1,766 -	\$	65,148	\$	- 5,805	\$	742,072
	\$	1,766	\$	65,148	\$	5,805	\$	742,072

Note 8 – Compensated Absences

Accrued compensated absences are as follows at June 30, 2023:

	Primary (Primary Government		
		Business-	Board	
	Governmental Type		Component	
Compensated Leave	Activities	Activities	Unit	
Annual	\$ 1,236,640	\$ 50,518	\$ 733,406	
Sick	445,716	27,998	773,991	
Compensatory	541,106	6,569		
	<u>\$ 2,223,462</u>	<u>\$ 85,085</u>	<u>\$ 1,507,397</u>	

Note 9 – Leases

Lessee

The County reports an intangible right to use assets and a lease liability for leases. The first table shows those leases for both Governmental Activities and Business Type Activity whereby the County is the lessee. The County leases a variety of equipment, such as copiers, postage machines, vehicles, and generators along with several pieces of land. Payments are monthly or, in the case of the land, annual. The imputed rate of interest for each lease is 2.74%.

Notes to Financial Statements June 30, 2023

Note 9 – Leases (Continued)

Lessee (Continued)

Principal and interest payments on the leased property are due as follows for Governmental Activities and Business Type Activities noting principal and interest.

Fiscal Year

	<u>\$ 1,009,230</u>	<u>\$ 984,633</u>	<u>\$ </u>	<u>\$ 266</u>

Notes to Financial Statements June 30, 2023

Note 9 – Leases (Continued)

Lessor

The County also reports lease revenue from land, a building, communication tower space, and a sign used by a commercial business. Payments are received according to lease agreements either annually, semi-annually, or monthly. All leases where the County is the lessor are part of Governmental Activities. The imputed rate of interest for all leases is 2.282%.

Principal and interest revenue are due as follows:

Fiscal Year	Governme	Governmental Activities			
Ending	Leased	Property			
<u>June 30,</u>	Principal	Interest			
2024	\$ 184,742	\$ 60,430

Notes to Financial Statements June 30, 2023

Note 11 – Landfill Closure and Post-Closure Care Cost

State and federal laws and regulations require the County to place a final cover on its North Landfill if it stops accepting waste and to perform certain maintenance and monitoring functions at this site for thirty years after closure. Although closure and post-closure costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these closure and post-closure care costs in each period based on landfill capacity used as of each statement of net position date. An expansion project at the north landfill was completed in late fall of 2022.

The \$8,054,099 reported as landfill closure and post-closure care liability at June 30, 2023, represents the cumulative amount reported to date based on the use of 100% of the estimated capacity of the North Landfill Cell Six A, fully closed all other north cells, and the south landfill entirely. Cell 7 of the North Landfill opened during the current year and the County will recognize the remaining estimated cost of closure and post-closure care as its estimated capacity is filled. These amounts are based on what costs would be to perform all closure and post-closure care in 2023. Actual costs may be higher due to inflation, changes in technology, or changes in regulations. The County expects to fund landfill closure and post-closure care costs from operating revenues and those funds accumulated to date.

The County uses the Commonwealth of Virginia's financial assurance mechanism to meet the Department of Environmental Quality's assurance requirements for landfill closure and post-closure costs. The County demonstrated financial assurance requirements for closure, post-closure care, and corrective action costs through the submission of a Local Government Financial Test to the Virginia Department of Environmental Quality in accordance with Section 9VA C20-70 of the Virginia Administrative Code.

Note 12 – Deferred Inflows of Resources

Governmental funds report deferred inflows in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the components of these deferrals were as follows:

Primary Government Deferred revenue:	General Fund	En	nsolidated nergency Medical Services Fund		County Debt Service Fund		onmajor Special Revenue Funds		Total
Unbilled property taxes Prepaid taxes Leases Total deferred revenue	\$ 11,996,426 3,756,069 2,224,704 \$ 17,977,199	\$ \$	1,571,972 569,749 - 2,141,721	\$ •	885,579 302,721 - 1,188,300	\$ \$	577,419 232,640 - 810,059	\$ 5	15,031,396 4,861,179 2,224,704 22,117,279
Unavailable revenue: Uncollected taxes	<u>\$ 1,065,251</u>	<u>\$</u>	138,744	<u>\$</u>	78,162	<u>\$</u>	50,974	<u>\$</u>	1,333,131

Notes to Financial Statements June 30, 2023

Note 13 – Interfund Transfers

Interfund transfers for the year ended June 30, 2023, were made up of the following:

		Transfers		Transfers
Primary Government		In		Out
Governmental funds:				
General Fund	\$	3,389,543	\$	(2,191,916)
Virginia Public Assistance Fund		809,045		-
Consolidated emergency medical services		-		(3,390,543)
County capital projects fund		1,099,233		-
Nonmajor governmental funds		284,638		-
Total Governmental Funds	<u>\$</u>	5,582,459	<u>\$</u>	<u>(5,582,459</u>)
The purpose of the interfund transfers is as follows:				
Purpose				Amount
Finance pay-as-you-go capital projects from General Fund			\$	1,099,233
Satisfy grant local match requirements in CSA fund				182,915
Supplement operations and local match requirements of the 809,045	Dep	t. of Social Ser	vices	
Fund costs of Board designated projects with County EMS fu	nd re	venue		3,390,543
Supplement operations of the County's Stormwater Ordinan 85,723	ce Fu	ind		
Supplement operations of the County's Fire Programs Fund				15,000
Total Primary Government			<u>\$</u>	<u>5,582,459</u>

The Primary Government also transferred \$13,128,806 to the School Board Component Unit, \$733,805 to the Eastern Shore Library Component Unit, \$135,057 to the Planning District Component Unit, \$85,266 to the Captain's Cove/Greenbackville Mosquito Control Commission Component Unit (Mosquito Commission) in the form of specified tax revenues, and \$7,500 to the Economic Development Authority Component Unit. These amounts are reported as expenses in the County's financial statements with the exception of the Mosquito Commission tax payments.

Note 14 – Commitments and Contingent Liabilities

Encumbrances - The Accomack County Schools had encumbered a total of \$4,080,309 in the School Operating fund (\$4,045,765) and in the School Grant fund (\$34,544). Items for the School Operating fund included camera upgrades (\$111,574), telephone upgrades (\$148,935), bleachers and sports lighting at Nandua and Arcadia High Schools (\$623,893), bus replacement and upgrades (\$583,456), parking lot repairs (\$677,368), walk in coolers (\$171,419), roof replacement at Tangier Combined School (\$747,967), playground equipment (\$353,057), and a variety of other school related items (\$628,096). Items for the School Grant fund included a variety of other school related items (\$34,544).

Notes to Financial Statements June 30, 2023

Note 14 - Commitments and Contingent Liabilities (Continued)

Commitments - The County and Accomack County Schools have various construction projects in process as of year-end under which they are committed to payments to contractors not included in accounts payable at year-end. The total outstanding commitment for these projects at June 30, 2023, is \$396,041 and \$100,494, for the County and Schools, respectively.

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial. The primary government and its component units are defendants in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the government's counsel the resolution of these matters will not have a material adverse effect on the financial condition of the reporting entity.

Note 15 – Risk Management

The County is a member of the Virginia Municipal Group Self Insurance Association for workers' compensation and the Virginia Association of Counties Risk Pool for property, general liability, automobile, and crime insurance. Each Association member jointly and severally agrees to assume, pay and discharge any liability. The County pays the Virginia Municipal Group Insurance Association and the Virginia Association of Counties Risk Pool contributions and assessments based upon classifications and rates into a designated cash reserve fund out of which expenses of the Association and claims and awards are paid. In the event of a loss deficit and depletion of all available excess insurance, the Associations may assess all members in the proportion which the premium of each bear to the total premiums of all members in the year in which such deficit occurs. The County continues to carry commercial insurance for all other risks of losses. During the last three fiscal years, settled claims from these risks have not exceeded commercial coverage.

Note 16 – Excess of Expenditures Over Appropriations

For the year ended June 30, 2023, the following expenditures exceeded appropriation:

Primary Government

General Fund:		
Risk management	\$	88 <i>,</i> 748
Registrar		62,051
Animal control		60,003
COVID19 urgent needs		369
Sanitation and waste removal		390,463
Property tax relief		5,997
Boating facilities		47,221
Bay Consortium Workforce Development Board		233
Debt service leases		84,738
Total General Fund	<u>\$</u>	739,823

Notes to Financial Statements June 30, 2023

Note 16 – Excess of Expenditures Over Appropriations (Continued)

School Board Component Unit

School Cafeteria Fund

<u>\$ 803,017</u>

The General Fund variances were funded by unassigned fund balance. All non-major fund variances, primarily Schools were funded by grant program income or unassigned fund balance.

Note 17 – Surety Bonds

The following elected officials and County employees were covered by surety bonds at June 30, 2023:

Commonwealth of Virginia Division of Risk Management (Commonwealth funded):
James A. Lilliston, Treasurer	500,000
Walter T. Wessells, Sheriff	30,000
Deborah Midgett, Commissioner of the Revenue	3,000
Samuel H. Cooper, Clerk of the Court	350,000
Virginia Association of Counties Self Insurance Risk Pool:	
All County employees - blanket bond coverage	1,000,000
All School employees - blanket bond coverage	1,000,000
All Social Service employees - blanket bond coverage	1,000,000

Note 18 – Trust for Other Postemployment Benefits

The County of Accomack has established an irrevocable trust pursuant to Section 15.2-1544 of the *Code of Virginia*, as amended for the purpose of accumulating and investing assets to fund Other Postemployment Benefits (OPEB) and to participate in the Virginia Pooled OPEB Trust Fund and has established a Local Finance Board to become a Participating Employer in the Trust Fund. The Trust Fund provides administrative, custodial and investment services to the Participating Employers in the Trust Fund. For the fiscal year ending June 30, 2023, the County contributed \$133,057 to the Trust Fund. Expenses allocated to the Trust Fund during the fiscal year ended June 30, 2023, were \$139,764.

The County participates in the Virginia Pooled OPEB Trust Fund, an irrevocable trust established for the purpose of accumulating assets to fund postemployment benefits other than pensions. The Trust Fund issues a separate report, which can be obtained by requesting a copy from the plan administrator, Virginia Municipal League (VML) at P.O. Box 12164, Richmond, Virginia 23241.

Notes to Financial Statements June 30, 2023

Note 19 – Other Postemployment Benefits-Health Insurance

A. County

Plan Description

The County Post-Retirement Medical Plan is a single employer defined benefit healthcare plan which provides post-retirement health insurance benefits to qualifying employees. The exact benefit is dependent on the eligibility rules for each benefit. The following is a summary of three postemployment health insurance benefits available to retirees.

<u>Post-65 Retiree Health Insurance Plan</u> - Provides post-retirement supplemental health insurance benefits for employees who are at least 65 years old, are enrolled in Medicare parts A and B, and who have at least 15 years of service with the County if they retire from service prior to January 1, 2017. The sunset date of January 1, 2014, was adopted by the County in fiscal year 2014. After this date, no additional retirees will be eligible for the Plan.

<u>County Supplemental Health Insurance Credit Plan</u> - Provides a monthly insurance premium reimbursement to employees who retire with 15 more years of VRS service, participate in a County- sponsored or personal health insurance plan and were employed by the County as of June 30, 2014. The amount of the monthly reimbursement is based on total VRS years of service.

<u>Early Retiree Health Insurance Continuation Plan</u> - Allows employees who retire prior to age 65 and have at least 15 years of service to remain on the County's health insurance plan at their own expense until they reach age 65. The County's Post-Retirement Medical Plan does not issue a separate, audited GAAP-basis report.

Plan Administration

Accomack County administers the Accomack County Retiree Benefits Plan (ACRBP)-a single employer defined benefit plan that is used to provide postemployment benefits other than pensions (OPEB) for all permanent full-time general and public safety employees of the County. Management of the ACRBP is vested in the Accomack County Local Finance Board (ACLF Board), which consists of the Chief Financial Officer of the County, the County Treasurer, and at least one other additional person who shall be a citizen of the Commonwealth with proven integrity, business ability, and demonstrated experience in cash management and in investments.

Notes to Financial Statements June 30, 2023

Note 19 – Other Postemployment Benefits-Health Insurance (Continued)

A. County (Continued)

Benefits Provided

The County establishes employer contribution rates for plan participants as part of the budgetary process each year. The County also determines how the plan will be funded each year, whether it will partially fund the plan or fully fund the plan. Again, this is determined annually as part of the budgetary process. For retirees participating in the *Post-65 Retiree Health Insurance Plan*, the County pays 50% of the monthly employee-only insurance premium with the retiree responsible for the remainder. Participation ceases upon the retiree's death or the retiree's failure to pay their share of the premium. Retirees participating in the *Early Retiree Health Insurance Continuation Plan* are responsible for 100% of the cost of continuing their County insurance coverage. Participation ceases at age 65. Retirees participating in the *County's Supplemental Health Insurance Credit Plan* receive a monthly reimbursement for insurance premiums paid. The base monthly credit is equal to \$2.50 for each year of VRS service. An additional credit of \$450 per month is paid to retirees who became permanently and totally disabled as a direct result of an injury sustained in the performance of their County job. The total reimbursement cannot exceed the premium paid by the retiree. The disability credit ceases when the retiree becomes Medicare eligible or dies. The base credit continues until the retiree's death.

Plan Membership

At June 30, 2022 (valuation date), the following employees were covered by the benefit terms:

Total active employees with coverage	264
Total retirees with coverage	63
Total	327

Contributions

Accomack County Code grants the authority to establish and amend the contribution requirements of the County and plan members to the Accomack County Local Finance Board. The Board establishes rates based on an actuarially determined rate. For the year ended June 30, 2023, the County's average contribution rate was .90 percent of covered-employee payroll. Plan members are not required to contribute to the plan.

Investment Policy

ACRBP's policy in regard to the allocation of invested assets is established and may be amended by the Accomack County Local Finance Board by a majority vote of its members. It is the policy of the Accomack County Local Finance Board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. ACRBP's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans. The following was the Board's adopted asset allocation policy as of June 30, 2023:

Notes to Financial Statements June 30, 2023

Note 19 – Other Postemployment Benefits-Health Insurance (Continued)

A. County (Continued)

Investment Policy (Continued)

Asset Class	Target allocation
Domestic Equity	36%
International Funds	18%
Fixed Income - U.S.	21%
Hedge Funds	10%
Real Estate	7%
Private Equity	5%
Commodities	3%
Total	<u> 100% </u>

Concentrations

The Trust does not hold investments in any one organization that represent five percent or more of the OPEB Trust's Fiduciary Net Position.

Rate of Return

For the year ended June 30, 2023, the annual money-weighted rate of return on investments, net of investment expense, was 8.55%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Net/OPEB Liability

The County's net OPEB liability was measured as of June 30, 2023. The total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2022.

Actuarial Assumptions

The total OPEB liability in the June 30, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.75%
Discount rate	6.89%
Investment Rate of Return	7.00%

Mortality rates for active employees and healthy retirees were based on the PUB2010 Headcount tables for General employees and for Safety employees and for males and females, fully generational, projected using scale SSA2020.

The long-term expected rate of return on OPEB Plan investments is 7.00% as of June 30, 2023.

Notes to Financial Statements June 30, 2023

Note 19 – Other Postemployment Benefits-Health Insurance (Continued)

A. County (Continued)

Discount Rate

The discount rate used to measure the total OPEB liability was 6.89 percent. The projection of cash flows used to determine the discount rate assumed that County contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Changes in Net OPEB Liability - County

	Total OPEB <u>Liability (a)</u>	<u>Pc</u>	Net osition (b)		Liability (a)-(b)

The net position as a percentage of total OPEB liability for June 30, 2023 is 46.1%.

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following amounts present the net OPEB liability of the County, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.89%) or one percentage point higher (7.89%) than the current discount rate:

		Current	
	1.00%	Discount	1.00%
	Decrease	Rate	Increase
	5.89%	6.89%	7.89%
Net OPEB liability	<u>\$ 902,699</u>	<u>\$ </u>	<u>\$ 663,556</u>

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the net OPEB liability of the County, as well as what the net OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage point lower (3.25%) or one percentage point higher (5.25%) than the current healthcare cost trend rates:

	1.00%	Healthcare	1.00%
	Decrease	Cost Trend	Increase
	3.25%	4.25%	5.25%
Net OPEB liability	<u>\$ 654,463</u>	<u>\$ </u>	<u>\$ 913,532</u>

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended June 30, 2023, the County recognized OPEB expense/(recovery) in the amount of \$(29,692). At June 30, 2023, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

		eferred tflows of	Deferred Inflows of		
	Resources		Resources		
Differences between expected and actual experience	\$	72,036	\$	(434,469)	
Changes of assumptions		3,236		(328,939)	
Net difference between projected and actual earnings					
on OPEB plan investments		23,285			
	<u>\$</u>	<u>98,557</u>	<u>\$</u>	<u>(763,408</u>)	

Notes to Financial Statements June 30, 2023

Note 19 – Other Postemployment Benefits-Health Insurance (Continued)

A. County (Continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense in future reporting periods as follows:

Year Ending				
June 30,	Amount	Amount		
2024	\$ (113,553)		
2025	(116,509)		
2026	(98,176)		
2027	(119,652)		
2028	(99,669)		
Thereafter	(117,292)		

Additional disclosures on changes in net OPEB liability, related ratios, and employer contributions can be found in the required supplementary information following the notes to the financial statements.

B. School Board

Plan Description

The School Board Post-Retirement Medical Plan is a single employer defined benefit healthcare plan that provides post-retirement health care insurance benefits for employees who are eligible. Employees who retired effective 1985-86 school year or later and under provisions of the Virginia Supplemental Retirement System (VSRS) prior to age 65 and were on full-time status in a VSRS covered position and were participating in the hospitalization plan at the time of retirement are eligible. The School Board's Post-Retirement Healthcare Plan does not issue a separate, audited GAAP basis report.

Benefits Provided

Postemployment benefits provided to eligible retirees include health insurance. The benefits that are provided for active employees are the same for eligible retirees, spouses, and dependents of eligible retirees. All permanent employees of the School Board who meet eligibility requirements of the pension plan are eligible to receive postemployment health care benefits. Retirees pay 100% of the monthly premiums. Coverage ceases when retirees reach the age of 65. Surviving spouses can stay in the plan but must pay the full premium.

Plan Membership

At June 30, 2022 (valuation date), the following employees were covered by the benefit terms:

Total active employees with coverage	806
Total retirees with coverage	19
Total	825

Notes to Financial Statements June 30, 2023

Note 19 – Other Postemployment Benefits-Health Insurance (Continued)

B. School Board (Continued)

Contributions

The School Board establishes employer contribution rates for plan participants as part of the budgetary process each year. The School Board also determines how the plan will be funded each year, whether it will partially fund the plan or fully fund the plan. Again, this is determined annually as part of the budgetary process.

Total OPEB Liability

The School Board's total OPEB liability was measured as of June 30, 2023. The total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2022.

Actuarial Assumptions

The total OPEB liability in the June 30, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Salary Increases	2.50%
Discount rate	3.87%

The mortality rates for active and healthy retirees were calculated using the PUBT2010 Headcount for males and females, fully generational, projected using scale SSA2020. Disability tables are based on PUBT2010 DIS Headcount tables for males and females, fully generational, projected using scale SSA2022.

The date of the most recent actuarial experience study for which significant assumptions were based is June 30, 2022.

Discount Rate

The discount rate used due to no prefunding of benefits in the OPEB trust for this plan is equal to the yield on a 20-year municipal bond Aa index as of June 30, 2023. The discount rate used for this year's valuation is 3.87%.

Changes in Total OPEB Liability

	School Board Total OPEB Liability
Balance at June 30, 2022	\$ 2,213,999
Changes for the year:	
Service Cost	67,760
Interest	82,089

B. School Board (Continued)

_ ..

Amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense in future reporting periods as follows:

Year Ending		
June 30,	Amount	
2024	\$ (68,619)	
2025	(68,619)	
2026	(68,619)	
2027	(68,619)	
2028	(68,619)	
Thereafter	(338,851)	

Additional disclosures on changes in net OPEB liability, related ratios, and employer contributions can be found in the required supplementary information following the notes to the financial statements.

Note 20 – Other Postemployment Benefits Liability - Virginia Retirement System Plans

In addition to their participation in the pension plans offered through the Virginia Retirement System (VRS), the County of Accomack also participates in various cost-sharing and agent multi-employer other postemployment benefit plans, described as follows.

Plan Descriptions

Group Life Insurance Program

All full-time teachers and employees of political subdivisions are automatically covered by the VRS Group Life Insurance (GLI) Program upon employment.

In addition to the Basic Group Life Insurance Benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional Group Life Insurance Program. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured program, it is not included as part of the GLI Program OPEB. Specific information for the GLI is available at https://www.varetire.org/members/benefits/life-insurance/basic-group-life-insurance/basic-group-life-insurance/basic-group-life-insurance.asp

Notes to Financial Statements June 30, 2023

Note 20 – Other Postemployment Benefits Liability - Virginia Retirement System Plans Plan Descriptions (Continued)

Plan Descriptions (Continued)

Teacher Employee Health Insurance Credit Program

All full time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Employee Health Insurance Credit (HIC) Program. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The health insurance credit is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

Specific information about the Teacher HIC is available at <u>https://www.varetire.org/retirees/insurance/</u><u>healthinscredit/index.asp</u>.

The GLI and Teacher HIC are administered by the VRS along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Both of these plans are considered multiple employers, cost sharing plans.

General Employee Health Insurance Credit Program

The General Employee Health Insurance Credit Program (HIC) is available for all full time, salaried employees of local government entities other than teachers. The General Employee HIC provides all the same benefits as the Teacher HIC, except that this plan is considered a multi-employer agent plan.

As of the June 30, 2022, actuarial valuation, the following employees were covered by the benefit terms of the General Employee Health Insurance Credit Program:

	Primary	School
	Government	Board
Inactive members:		
Members or their beneficiaries currently		
receiving benefits	38	51
Vested inactive members	3	5
Non-vested inactive members	-	-
Inactive members active elsewhere in VRS		
Total inactive members	41	56
Active members	147	156
Total covered employees	188	212

Notes to Financial Statements June 30, 2023

Note 20 – Other Postemployment Benefits Liability - Virginia Retirement System Plans Plan Descriptions (Continued)

Contributions

Contributions to the VRS OPEB programs were based on actuarially determined rates from actuarial valuations as of June 30, 2022. The actuarially determined rates were expected to finance the cost of benefits earned by employees during the year, with an additional amount to fund any unfunded accrued liability. Specific details related to the contributions for the VRS OPEB programs are as follows:

Primary Government Group Life Insurance Program

Governed by:	<i>Code of Virginia</i> 51.1-506 and 51.1-508 and may be impacted as a result of funding provided to School Divisions and governmental agencies by the Virginia General Assembly.
Total rate:	1.34% of covered employee compensation. Rate allocated 60/40; 0.80% employee and 0.54% employer. Employers may elect to pay all or part of the employee contribution.

June 30, 2023, Contribution - general employees \$78,204 June 30, 2022, Contribution - general employees \$70,410

In June 2022, the Commonwealth made a special contribution of approximately \$30.4 million to the Group Life Insurance plan. This special payment was authorized by a Budget Amendment included in Chapter 1 of the 2022 Appropriation Act.

Teacher Group Life Insurance Program

Governed by:	<i>Code of Virginia</i> 51.1-506 and 51.1-508 and may be impacted as a result of funding provided to School Divisions and governmental agencies by the Virginia General Assembly.
Total rate:	1.34% of covered employee compensation. Rate allocated 60/40; 0.80% employee and 0.54% employer. Employers may elect to pay all or part of the employee contribution.

June 30, 2023, Contribution - general employees \$166,791 June 30, 2022, Contribution - general employees \$161,859

Notes to Financial Statements June 30, 2023

OPEB Liabilities, OPEB Expense and Deferred Inflows and Outflows of Resources Related to OPEB

The net OPEB liabilities were measured as of June 30, 2022, and the total OPEB liabilities used to calculate the net OPEB liabilities was determined by an actuarial valuation performed as of June 30, 2021, and rolled forward to the measurement date of June 30, 2022. The covered employer's proportion of the net OPEB liabilities were based on the covered employer's actuarially determined employer contributions for the year ended June 30, 2022, relative to the total of the actuarially determined employer contributions for all participating employers.

Primary Government Group Life Insurance Program

June 30, 2023 proportionate share of liability June 30, 2022 proportion June 30, 2021 proportion June 30, 2023 expenses	\$ \$	721,735 0.0599% 0.0606% 20,011

Actuarial Assumptions and Other Inputs

The total OPEB liability was determined using the following assumptions based on an actuarial valuation date of June 30, 2021, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022:

Inflation	2.50%
Salary increases, including inflation:	
Locality - general employees	3.50% - 5.35%
Locality - hazardous duty employees	3.50% - 4.75%
Teachers	3.50% - 5.95%
Healthcare cost trend rates:	
Under age 65	7.00% - 4.75%
Ages 65 and older	5.25% - 4.75%
Investment rate of return, net investment expenses	GLI & HIC: 6.75%

Mortality rates used for the various VRS OPEB plans are the same as those used for the actuarial valuations of the VRS pension plans. The mortality rates are discussed in detail in Note 21.

Net OPEB Liabilities

The net OPEB liabilities represent each program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2022, net OPEB liability amounts for the various VRS OPEB programs are as follows:

	Group Life Insurance Program	Teacher Health Insurance Credit Program
Total OPEB liability	\$3,672,085,295	\$1,470,891,106
Plan fiduciary net position	2,467,988,880	221,844,577
Employers' net OPEB liability	\$ 1,204,096,415	\$ 1,249,046,529
Plan fiduciary net position as a percentage of total OPEB liability	67.21%	15.08%

The total liability is calculated by the VRS actuary and each plan's fiduciary net position is reported in the VRS financial statements. The net OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the VRS notes to the financial statements and required supplementary information.

Notes to Financial Statements June 30, 2023

Note 20 – Other Postemployment Benefits Liability - Virginia Retirement System Plans Plan Descriptions (Continued)

Long-Term Expected Rate of Return

Group Life Insurance and Health Insurance Credit Programs

The long-term expected rate of return on VRS investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Target Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Average Long-Term Expected Rate of Return
Public equity	34.00%	5.71%	1.94%
Fixed income	15.00%	2.04%	0.31%
Credit strategies	14.00%	4.78%	0.67%
Real assets	14.00%	4.47%	0.63%
Private equity	14.00%	9.73%	1.36%
MAPS-Multi-Asset Public Strategies	6.00%	3.73%	0.22%
PIP-Private Investment Partnership	3.00%	6.55%	0.20%
	100.00%		5.33%
	Inflation		2.50%

* The above allocation provides for a one-year return of 7.83%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected rate of return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.72%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which was roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.5%.

Notes to Financial Statements June 30, 2023

Note 20 – Other Postemployment Benefits Liability - Virginia Retirement System Plans Plan Descriptions (Continued)

Discount Rate

The discount rate used to measure the GLI and HIC OPEB liabilities was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Guidance, and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2022, the rate contributed by the employer for the OPEB liabilities will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. From July 1, 2021, on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the OPEB plans' fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total OPEB liability.

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liabilities of the County of Accomack using the discount rate of 6.75%, as well as what the County's net OPEB liabilities would be if it were calculated using a discount rate that is one percentage point lower (5.75% HIC; GLI) or one percentage point higher (7.75% HIC; GLI) than the current discount rate:

	1.00% Decrease	Current Discount Rate		1.00% Increase	
Primary Government GLI Net OPEB liability	\$ 1,050,209	\$	721,735	\$	456,283
Teacher GLI Net OPEB liability	\$ 2,414,220	\$	1,659,124	\$	1,048,904
School Board Non-professional GLI Net OPEB liability	\$ 254,405	\$	174,835	\$	110,531
Teacher HIC Net OPEB liability	\$ 4,522,766	\$	4,013,062	\$	3,580,998
School Board Non-professional HIC Net OPEB liability	\$ 372,646	\$	338,937	\$	309,774
General Employee HIC Net OPEB liability	\$ 238,427	\$	205,384	\$	177,270

OPEB Plan Fiduciary Net Position

Detailed information about the various VRS OPEB plan fiduciary net position is available in the separately issued VRS 2022 Annual Comprehensive Financial Report (Annual Report). A copy of the 2022 VRS Annual Report may be downloaded from the VRS website at <u>http://www.varetire.org/Pdf/Publications/2022-annual-report.pdf</u>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

Notes to Financial Statements June 30, 2023

Note 21 – Defined Benefit Pension Plan

Plan Description

All full-time, salaried permanent employees of the County and non-professional employees (non-teachers) of the School Board are automatically covered by the VRS Retirement Plan upon employment. This multi-employer agent plan is administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

The System administers three different benefit structures for covered employees - Plan 1, Plan 2, and Hybrid. Each of these benefit structures has a different eligibility criterion. The specific information for each plan and the eligibility for covered groups within each plan are available at

https://www.varetire.org/members/benefits/defined-benefit/plan1.asp, https://www.varetire.org/members/benefits/defined-benefit/plan2.asp, https://www.varetirement.org/hybrid.html

Employees Covered by Benefit Terms

As of the June 30, 2021, actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	County Number	School Board Number
Inactive members or their beneficiaries currently receiving benefits	220	105
Inactive members:		
Vested inactive members	43	30
Non-vested inactive members	99	63
LTD	-	-
Total inactive members	362	198
Active elsewhere in VRS	88	31
Active members	284	156
Total covered employees	734	385

Contributions

The contribution requirement for active employees is governed by §51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

The County's and School Board's contractually required contribution rates for the year ended June 30, 2023, were 8.83% and 2.70%, respectively, of covered employee compensation. These rates were based on an actuarially determined rate from an actuarial valuation as of June 30, 2021.

Notes to Financial Statements June 30, 2023

Note 21 – Defined Benefit Pension Plan (Continued)

Contributions (Continued)

These rates, when combined with employee contributions, were expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the County were \$1,273,643 and \$1,087,176 for the years ended June 30, 2023 and 2022, respectively. Contributions to the pension plan from the School Board were \$92,274 and \$82,888 for the years ended June 30, 2023 and 2022, respectively.

Net Pension Liability

The net pension liability is calculated separately for each employer and represents that particular employer's total pension liability determined in accordance with GASB Statement No. 68, less that employer's fiduciary net position. For political subdivisions, the net pension liability was measured as of June 30, 2022. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2021, rolled forward to the measurement date of June 30, 2022.

Actuarial Assumptions

The total pension liability for General Employees and Public Safety employees with Hazardous Duty Benefits in the Political Subdivision's Retirement Plan was based on an actuarial valuation as of June 30, 2021, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022.

Inflation2.50%General Employees - Salary increases, including inflation2.50%Public Safety Employees with hazardous duty benefits -
Salary increases, including inflation3.50% - 5.35%Salary increases, including inflation3.50% - 5.35%Investment rate of return6.75%, net of pension plan investment
expense, including inflation

Mortality rates: General employees - 15% to 20% of deaths are assumed to be service related. Public Safety Employees - 45% to 70% of deaths are assumed to be service related. Mortality is projected using the applicable Pub-2010 Mortality Table with various set back or set forwards for both males and females.

The actuarial assumptions used in the June 30, 2021, valuation was based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

General Employees - Non-Hazardous Duty: Updated mortality table; adjusted retirement rates; adjusted withdrawal rates to better fit experience at each age and service through 9 years of service; no change to disability rates; no change to salary scale; no change to line of duty disability; and no change to discount rate.

Public Safety Employees: Updated mortality table; adjusted retirement rates to better fit experience and extended final retirement age from 65 to 70; decreased rates of withdrawal; no change to disability rates, salary scale, line of duty disability, or discount rate.

Pension Plan Data

Information about the VRS Political Subdivision Retirement Plans is also available in the separately issued VRS 2022 Annual Report. A copy of the 2022 VRS Annual Report may be downloaded from the VRS website at http://www.varetire.org/Pdf/Publications/2022-annual-report.pdf, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500

Note 22 – Defined Benefit Pension Plan - Teacher Cost Sharing Plan

Plan Description

All full-time, salaried permanent (professional) employees of Virginia public school divisions, including County of Accomack, (the "School Division"), are automatically covered by the VRS Teacher Retirement Plan upon employment. This multiple employer, cost sharing plan is administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employers pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

Contributions

The contribution requirement for active employees is governed by §51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. Each school division's contractually required contribution rate for the year ended June 30, 2023, was 16.62% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the school division were \$4,874,201 and \$4,779,628 for the years ended June 30, 2023 and 2022, respectively.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, the school division reported a liability of \$30,638,239 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2022, and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation performed as of June 30, 2021, and rolled forward to the measurement date of June 30, 2022. The school division's proportion of the Net Pension Liability was based on the school division's actuarially determined employer contributions to the pension plan for the year ended June 30, 2022, relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2022, the school division's proportion was 0.32181% as compared to 0.31132% at June 30, 2021.

Notes to Financial Statements June 30, 2023

Note 22 – Defined Benefit Pension Plan - Teacher Cost Sharing Plan (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

For the year ended June 30, 2023, the school division recognized pension expense of \$1,052,241. Since there was a change in proportionate share between measurement dates, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions. Beginning with the June 30, 2022, measurement date, the difference between the expected and actual contributions is included with the pension expense calculation.

At June 30, 2023, the school division reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>County</u>	Deferred Outflows of Resources		Deferred Inflows of Resources		
Differences between expected and actual experience	\$ -	\$	(2,112,628)		
Changes of assumptions	2,888,569		-		
Net difference between projected and actual earnings on					
pension plan investments	1,025,182		(3,994,585)		
Change in Proportionate Share	-		(2,133,690)		
Employer current year contributions	4,874,201		-		
	\$ 8,787,952	\$	(8,240,903)		

The \$4,874,201 reported as deferred outflows of resources related to pensions resulting from the school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Increase (Reduction) to Pension Expense			
Year Ending	County			
2024	\$ (1,601,568)			
2025	(1,872,925)			
2026	(2,886,450)			
2027	2,033,791			
2028	-			
Thereafter	-			
	\$ (4,327,152)

Note 24 – Termination Benefit - School Board Early Retirement Option Program

The School Board established an Early Retirement Program in which eligible employees electing early retirement will be eligible to earn an annual supplement not to exceed 10% of his/her contracted salary earned during their last year of full-time employment with the School Division. An employee must work at least 10 days during the contract year in order to receive the 10% supplement. Employees electing early retirement may continue in the program until the earlier of (1) the death of the retired employee, or (2) participation by the retirement employee for seven years in the Early Retirement Option Program after retirement.

Any full-time employee of the School Board is eligible to retire under the Early Retirement Option Program at any time after age 50, provided (1) he/she is a professional employee and has completed 30 years of service with the last 15 consecutive years being in the Accomack County Public School System or he/she is a classified employee (teaching assistant, cafeteria worker, cafeteria manager, clerical staff, building or bus maintenance worker, or custodian) and has completed a minimum of the last 15 consecutive full-time years with the Accomack County Public School System (2) he/she has reached age 50 prior to September 1st of the year electing this option. Program participation ends the September 1st following a maximum of seven years of participation in the program.

The value of the supplement paid to the retiree exceeds the fair value of the services rendered by the retiree. The liability for this termination benefit is calculated by taking the difference of the supplement received and the fair value of services rendered and multiplied by years remaining in the program. As of June 30, 2023, all plan participants have concluded service, and the liability is zero.

Notes to Required Supplementary Information

June 30, 2023

Note 1

Presented budgets were prepared in accordance with accounting principles generally accepted in the United States of America.

Note 2 – Pension Related Information Notes

<u>Changes of benefit terms</u> - There have been no actuarial material changes to the System benefit provisions since the prior actuarial valuation.

<u>Changes of assumptions</u> - The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post- retirement health, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020.
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Rates	No change
Discount Rate	No change

Non-Hazardous Duty

Hazardous Duty

Mortality Rates (pre-retirement, post- retirement health, and disabled)	Update to PUB2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020.
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Largest 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty	No change
Discount Rate	No change

Notes to Required Supplementary Information June 30, 2023

Component Unit School Board - Professional Employees

Mortality Rates (pre-retirement, post-	Update to PUB2010 public sector mortality tables.
retirement health, and disabled)	For future mortality improvements, replace load with
	a modified Mortality Improvement Scale MP-2020.
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set
	separate rates based on experience for Plan 2/Hybrid;
	changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each year
	age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

Note 3 – Local Health Insurance OPEB Related Information Notes

County:

- Valuation Date: 06/30/2022
- Measurement Date: 06/30/2023

Methods and assumptions used to determine contribution rates

Actuarial Cost Method	Entry age normal level % of salary
Amortization Method/Period	Level % of salary, 30 years
Asset Valuation Method	Fair market value of assets
Inflation	2.75%
Medical Trend Rate	6.00% initially, grading down to 4.25% ultimate
Discount Rate	6.89%
Investment Rate of Return	7.00%
Retirement Age	The average age at retirement is 62
Mortality Rates	The mortality rates are based on the PUB2010 Headcount
	tables for General employees and for Safety employees and for
	males and females, fully generational, projected using scale
	SSA2022.

School Board:

- Valuation Date: 06/30/2022
- Measurement Date: 06/30/2023

No assets are accumulated in a trust that meets the criteria in GASB 75 to pay related benefits.

Notes to Required Supplementary Information June 30, 2023

Actuarial Cost Method	Entry age normal level % of salary
Discount Rate	3.87%
Inflation	2.50%
Healthcare Trend Rate	6.25%/6.00% initially, grading down to 4.25%/4.50% ultimate
Salary Increases	2.50%
Retirement Age	The average age at retirement is 62
Mortality Rates	The mortality rates were calculated using the PUBT2010
	Headcount tables for males and females, fully generational,
	projected using scale SSA2022.

Methods and assumptions used to determine OPEB liability:

Note 4 – VRS OPEB Plan Related Information Notes

<u>Changes of benefit terms</u> - There have been no actuarial material changes to the System benefit provisions since the prior actuarial valuation.

<u>Changes of assumptions</u> - The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020, except the change in discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Other Supplementary Information

Nonmajor Governmental Funds

Special Revenue Funds - Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purposes other than debt service or capital projects.

- <u>Law Library Fund</u> Accounts for revenues and expenditures associated with the County's law library.
- <u>Stormwater Ordinance Fund</u> Accounts for revenues levied in connection with the Virginia Stormwater Management Program. Expenditures may only be used to administer that program.
- <u>Courthouse Security Fund</u> Accounts for revenues derived from court fees levied in accordance with the *Code of Virginia* § 53.1-120. Use of these funds is restricted for courthouse security.
- <u>Drug Seizures Fund</u> Accounts for revenues associated with the sale of assets confiscated from illegal drug activities. Expenditures of this fund are restricted for use on law enforcement activities.
- <u>Fire Programs Fund</u> Accounts for grant revenues received from the Commonwealth Department of Fire Programs which are restricted for fire education, training and related.
- <u>Rehabilitation Projects Fund</u> Accounts for revenue and expenditures associated with community development block grants predominantly used for rehabilitation of low-income housing.
- <u>Captain's Cove/Greenbackville Mosquito Control Fund</u> Accounts for revenues derived from a special property tax levied on residents of Captain's Cove and Greenbackville areas. Expenditures are restricted for use on mosquito control services within those areas.
- <u>Comprehensive Youth Services Fund</u> Accounts for and reports revenues and expenditures associated with the Comprehensive Services Act (CSA). The Comprehensive Services Act is a mandated Commonwealth program; the purpose of which is to provide high quality, child centered, family focused, cost effective, community-based services to high-risk youth and their families. Revenues are primarily derived from intergovernmental funding including significant local funding from the County's General Fund.
- <u>Consolidated Fire and Rescue Service Fund</u> This fund was created as a result of consolidating Fire and Rescue District Special Revenue Funds 2,3,4 and 5. It accounts for general tax revenues designated to provide operational funding to County volunteer fire and rescue companies.

Nonmajor Proprietary Funds

Proprietary Funds - Proprietary funds are used to account for activities that are similar to businesses in the private sector.

- <u>Water and Sewer Fund</u> Accounts for water and sewer operations in the County. Currently, the only water and sewer services delivered by the County are to businesses located inside or in close proximity to the County Industrial Park or Wallops Research Park. Operations are primarily funded through user fees.
- <u>Parks and Recreation Revolving Fund</u> This fund in used to account for parks and recreation events which are financed in whole or in part by user fees.

Custodial Funds

Custodial Funds- Custodial funds are used to account for the assets held by a government unit as an agent for individuals, organizations, other governmental units, and/or other funds. Custodial funds do not involve the measurement of results of operations, as they are custodial in nature. The County has the following custodial funds:

- <u>Special Welfare</u> The Special Welfare fund is established under the authority of Section 63.1-51, *Code of Virginia*, as amended. This fund accounts for Social Security or Veteran's Administration benefits for specific individuals for which the County is acting as the custodian. It also accounts for donations and the provision for emergency assistance to indigent citizens.
- <u>Sheriff Canteen Fund</u> The Sheriff Canteen Fund accounts for funds held on behalf of inmates of the County jail.

Discretely Presented Component Unit – School Board

- School Operating Fund Accounts for and reports the primary operating activities of the Accomack County Public Schools, including School Activity Funds.
- School Cafeteria Fund Accounts for and reports on the operating activities of school food service facilities.
- **School Capital Projects Fund** Accounts for and reports the acquisition or construction of major school capital facilities financed, for the most part, by County issued debt.

Exhibit 40

Discretely Presented Component Unit - School Board Statement of Revenues, Expenditures, and Changes in Fund Balances -Governmental Funds

Net changes in fund balance per above		\$ (43,834)
Amounts reported for governmental activities in the Statement of Activities are diff	erent because:	
Governmental funds report capital outlays as expenditures. However, in the state	ment of activiti	es
the cost of those assets is allocated over their estimated useful lives and reported	as depreciation	
expense. This net effect is as follows:		
Capital asset expenditures	\$ 5,117,635	
Depreciation on capital assets	(3,866,364))
Net book value of capital assets retired	(18,245))
Net adjustment		1,233,026
School Board capital assets are jointly owned by the County and the School Board.	The County	
share of School Board assets is in proportion to the debt owed on such by the Cou	nty. The transfe	ers
to the School Board are affected by the relationship of the debt to assets on a yea	r to year basis.	
The net transfer resulting from this relationship increases the transfers to the Scho	ol Board.	1,139,276
The repayment of the principal of long-term debt consumes the current financial r	esources of	
governmental funds but has no effect on net assets.		
Principal expenditures - leases		82,361
Some expenses reported in the statement of activities do not require the use of cu	irrent financial	
resources and, therefore, are not reported as expenditures in governmental funds		
Compensated absences	31,544	
OPEB expense	380,626	
Pension expense	5,536,474	_
Net adjustment		5,948,644
Change in net position of governmental activities		\$ 8,359,473

Statement of Cash Flows

	Economic
	Development Authority
Cash flows from operating activities	
Payments to suppliers	\$ (10,531)
Other receipts	26,077
Net cash provided by operating activities	15,546
Cash flows from noncapital financing activities	
Operating subsidy from Primary Government	7,500
Cash flows from capital and related financing activities:	
Capital grants and contributions	2,548,400
Purchase of capital assets	(2,560,010)
Interest payments on debt	(15,032)
Net cash used in capital and related financing activities	(26,642)
Cash flows from investing activities	
Interest income	3
Net decrease in cash and cash equivalents	(3,593)
Cash and Cash Equivalents	
Beginning of the year	25,336
End of year	\$ 21,743
Reconciliation of operating income to net cash provided by operating activities	
Operating loss	\$ (1,502)
Adjustments to reconcile operating loss to net cash provided by operating activities:	
Depreciation	16,901
Amortization of lease deferral	(15,247)
Changes in assets and liabilities:	
(Increase) decrease in lease receivable	14,938
Increase (decrease) in accounts payable	456
Net cash provided by operating activities	\$ 15,546
Supplemental schedule of non-cash investing and financing activities:	
Issuance of lease of premises to third-party	\$ 38,506

<u>Contents</u>	<u>Page</u>
Financial Trends	165
These schedules contain trend information to help the reader understand how the county's financial performance and well-being have changed over time.	
Revenue Capacity	171
These schedules contain information to help the reader assess the county's most significant local revenue source, the property tax.	
Debt Capacity	175
These schedules present information to help the reader assess the affordability of the county's current levels of outstanding debt and the county's ability to issue additional debt in the future. Note that no legal debt margin information is presented as the Code of Virginia only sets legal debt limits for towns and cities. Counties have no legal debt limit imposed by law. Also note that pledged revenue information is not presented as the County has not issued any revenue backed debt.	
Demographic and Economic Information	180
These schedules offer demographic and economic indicators to help the reader understand the environment within which the county's financial activities take place.	
Operating Information	183
These schedules contain service and infrastructure data to help the reader understand how the information in the county's financial report relates to the services the county provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from comprehensive annual financial reports for the relevant year.

¹ Net (expense) revenue is the difference between the expenses and program revenues. It indicates the degree to which a function or program is supported with its own fees and program-specific grants versus its reliance upon funding from taxes and other general revenues. A number in parentheses is net expenses indicating that expenses were greater than program revenues and, therefore, general revenues were needed to finance that function or program. Numbers without parentheses are net revenues, meaning that program revenues were more than sufficient to cover expenses.

Notes: Real Property is assessed annually at fair market value. Property is assessed at 100 percent of estimated fair market value however, the County has adopted the provisions of Title 58.1-3230 of the Code of Virginia that provides for land use-value assessment when real estate is devoted to agricultural, horticultural or forest uses. Tax rates are per \$100 of assessed value. The County is divided into various different tax rate districts. The above direct tax rates are those for the district with the highest rate.

¹ This schedule is prepared using the cash basis of accounting.

² Does not include penalty or interest.

³ Levy is net of senior/disabled tax relief, veterans tax relief and relief provided by the Personal Property Tax Relief Act (PPTRA). The PPTRA provides personal property tax relief to owners of personal use vehicles via a tax credit that appears on the citizen's tax bill. Localities receive a fixed amount of restricted State for this program which is intended to reimburse the County for tax relief granted. Additional information on the PPTRA is found in the notes to the financial statements.

⁴ The County changed the billing frequency for Public Service Corp real estate and personal property taxes from annually to semi-annually in Fiscal Year 2016.

General Note: With each year of personal property regular that the County loses collectiability to passage of time, the write off of uncollected tax shows as a "collection" in the County's software. This portion is not included in the above table as a collection.

Notes: Details regarding the County's outstanding debt can be found in the notes to the financial statements.

¹ See Table 12 for population and personal income data.
 ² General Obligation Bonds issued to improve/construct County landfills is reported as business-type activity because this debt is being repaid from landfill user fees.

Compliance Section

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based On An Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Honorable Members of the Board of Supervisors of County of Accomack, Virginia Accomac, Virginia

We have audited, in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Accomack, Virginia (the "County"), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated May 31, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies in internal control, described in the accompanying schedule of findings and questioned costs, as item IC-2023-001, that we consider to be a material weakness.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under Government Auditing Standards, which are described in the accompanying schedule of findings and questioned costs, as VA-2023-001 and VA-2023-002.

County's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the County's response (Corrective Acton Plan and Client's Status of Prior Year Findings) to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response (Corrective Acton Plan and Client's Status of Prior Year Findings) was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Brown, Edwards & Company, S. L. P.

CERTIFIED PUBLIC ACCOUNTANTS

Newport News, Virginia May 31, 2024 As more fully described in the Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, we performed tests of the County's compliance with certain provisions of the laws, regulations, contracts, and grants shown below.

Federal Compliance Matters

Compliance Supplement for Single Audits of State and Local Governments

Provisions and conditions of agreements related to federal program selected for testing.

Independent Auditor's Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by the Uniform Guidance

To the Honorable Members of the Board of Supervisors of County of Accomack, Virginia Accomac, Virginia

Report on Compliance for Each Major Federal Program

Opinion on Compliance for Each Major Program

We have audited the County of Accomack, Virginia's (the "County") compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2023. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the County of Accomack, Virginia, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County of Accomack, Virginia and to meet our other ethical responsibilities, in accordance with relevant ethical requirements related to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal documentation of the County of Accomack, Virginia's compliance with the compliance requirements referred to above.

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the County of Accomack, Virginia's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about the County's compliance of the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County of Accomack, Virginia's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County of Accomack, Virginia's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County of Accomack, Virginia's internal control over compliance Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item FA-2023-001. Our opinion on each major federal program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on the County's response (Corrective Acton Plan and Client's Status of Prior Year Findings) to the noncompliance findings identified in our audit as described in the accompanying schedule of findings and questioned costs. The County's response (Corrective Acton Plan and Client's Status of Prior Year Findings) was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we aknesses or significant to be material weaknesses as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Notes to Schedule of Expenditures of Federal Awards

June 30, 2023

Note 1 – Basis of Accounting

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the County of Accomack, Virginia under programs of the federal government for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Because the Schedule presents only a selected portion of the operations of the County of Accomack, Virginia, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County of Accomack, Virginia.

Note 2 – Summary of Significant Accounting Policies

(1) Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(2) Pass-through entity identifying numbers are presented where available.

Note 3 – Food Donation

Nonmonetary assistance is reported in the schedule at the fair market value of the commodities received and disbursed.

Note 4 – De Minimis Cost Rate

The County did not elect to use the 10-percent de minimis indirect cost rate allowed under Uniform Guidance.

Note 5 – Loan Balances

The County has no loans or loan guarantees which are subject to reporting requirements for the current year.

Notes to Schedule of Expenditures of Federal Awards

June 30, 2023

Note 7 – Relationship to Financial Statements

Federal expenditures, revenues and capital contributions are reported in the County's basic financial statements as follows:

Intergovernmental federal revenues per the basic financial statements:

Primary government:	
General Fund	\$ 4,276,408
Virginia Public Assistance Fund	2,337,950
Hazard Mitigation Fund	455,094
Rehabilitation Projects Fund	796,416
Airport	37,636
Total primary government	7,903,504
Component Unit School Board:	
School Operating Fund	11,357,736
School Cafeteria Fund	3,566,104
Total component unit school board	14,923,840
Total federal expenditures per basic financial statements	22,827,344
Payments in lieu of taxes	(32,933)
Federal Indirect Costs charged to DSS	(147,218)
Non-cash expenditures - value of donated commodities	150,372
Total federal expenditures per the Schedule of Expenditures	
of Federal Awards	<u>\$ 22,797,565</u>

Schedule of Findings and Questioned Costs

June 30, 2023

A. Summary of Auditor's Results

- 1. The auditor's report expresses an **unmodified opinion** on the financial statements.
- 2. **One material weakness** relating to the audit of the financial statements was reported in the Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.
- 3. Two instances of noncompliance material to the financial statements were disclosed.
- 4. **No significant deficiencies and no material weaknesses** relating to the audit of the major federal award programs was reported in the Independent Auditor's Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by the Uniform Guidance.
- 5. The auditor's report on compliance for the major federal award programs expresses an **unmodified opinion**.
- 6. The audit disclosed one audit finding relating to the major programs.

The programs tested as major were:

	Assistance
	Listing
Name of Program	Number
Title I Grants to Local Educational Agencies	84.010
Coronavirus State and Local Fiscal Recovery Funds	21.027
Education Stabilization Fund	84.425C,
	84.425D,
	84.425U

- 7. The threshold for distinguishing Type A and B programs was **\$750,000**.
- 8. The County was **not** determined to be a **low-risk auditee**.

B. Findings - Financial Statement Audit

IC-2023-001: Financial Reporting (Material Weakness)

Condition:

Complete and accurate financial information for the fiscal year-end annual financial report was not able to be produced timely. Material misstatements within the financial statements were identified throughout the audit.

Criteria:

Management should have processes and procedures in place so as to be able to generate financial statements and reports that are complete and accurate on a timely basis and in accordance with generally accepted accounting principles (GAAP).

Cause:

The current size of the finance staffing of the County and School Board may not be sufficient to detect and prevent material errors.

Effect:

Financial statements and reports prepared in accordance with GAAP were not able to be generated accurately on a timely basis.

Recommendation:

We recommend that management re-evaluate the current staff structure and assignment of responsibilities in order to re-align roles and responsibilities with appropriate personnel or otherwise bolster their resource base so as to be able to meet the criteria.

Views of Responsible Officials and Planned Corrective Action:

See Corrective Action Plan.

Notes to Schedule of Expenditures of Federal Awards June 30, 2023

C. Findings and Questioned Costs - Major Federal Award Program Audit

FA-2023-001: Lack of Timely Reporting, Reporting, Education Stabilization Funds (ESF) #84.425C, 84.425D, and 84.425U (Material Weakness and Nonmaterial Compliance)

Condition:

Federal Funding Accountability and Transparency Act (FFATA) report required to be submitted by the Schools to the Virginia Department of Education (VDOE) annually, by September 29, 2023, for the year under audit, was not completed until January 2024.

Criteria:

Reports must be filed timely.

Cause:

The submission was overlooked in the transition of duties due to staff turnover.

Effect:

Schools are not in compliance with grant requirements.

Questioned Cost Amount:

n/a

Perspective Information:

n/a

Context:

n/a

Recommendation:

Those in positions of oversight and monitoring of federal awards should ensure that all required reports are filed timely.

Views of Responsible Officials and Planned Corrective Action:

The Schools agree with this finding. See Corrective Action Plan.

Notes to Schedule of Expenditures of Federal Awards June 30, 2023

D. Findings - Commonwealth of Virginia

VA-2023-001: Unclaimed Property

Condition:

A total of approximately \$2,575 in outstanding checks of amounts greater than \$100 per check as of June 30, 2023, were over a year old as of June 30, 2022. These checks are from the County Accounts Payable and School Board Payroll cash accounts.

Criteria:

All outstanding checks greater than \$100 and outstanding for more than a year should be submitted to the Commonwealth of Virginia as unclaimed property annually in November.

Recommendation:

We recommend that any checks over \$100 that are aged over one year old as of the fiscal year end be reported as unclaimed property by the following November deadline.

Views of Responsible Officials and Planned Corrective Action:

The Treasurer's Office and County Finance Department agree with this finding and will work together to come up with processes and/or procedures to correct these issues going forward. See Corrective Action Plan.

VA-2023-002: Conflicts of Interest

Condition:

Twelve out of fifty-one conflict of interest forms were not filed by the February 1, 2023, deadline.

Criteria:

All conflict of interest forms should be completed and filed by the February 1, 2023, deadline.

Recommendation:

We recommend that applicable Board members be contacted prior to the deadline to ensure forms are filed in a timely manner.

Views of Responsible Officials and Planned Corrective Action:

Management agrees with this finding and will work to ensure all forms are received by the deadline in the future. See Corrective Action Plan.

Michael T. Mason, CPA County Administrator

Status of Prior Year Findings

IC-2022-001: Financial Reporting (Material Weakness)

Condition:

Material misstatements within the financial statements were identified throughout the audit.

Recommendation:

We recommend that management re-evaluate the current staff structure and assignment of responsibilities in order to re-align roles and responsibilities with appropriate personnel or otherwise bolster their resource base so as to be able to meet the criteria.

Current Status:

See current year Finding IC-2023-01.

Management's Response

Please see current year response as written.

FA-2022-001: Procurement (Material Weakness)

Condition:

The School Board's written procurement policies do not include policies that cover CFR §200.318e, §200.318f, §200.318i, §200.319b, §200.319c, §200.319d, §200.319e, §200.320a1, §200,322, §200.324b, §200.326 and §200.327.

Recommendation:

Procurement policies should be reviewed and updated to be in compliance with the requirements identified in 2 CFR Part 200.

Current Status

Finding was resolved in the current year.

Management's Response:

Management concurs the finding was resolved during fiscal year 2023.

Michael T. Mason, CPA County Administrator

Status of Prior Year Findings (Continued)

VA-2022-001: Unclaimed Property

Condition:

A total of approximately \$1,400 in outstanding checks of amounts greater than \$100 per check as of June 30, 2022, were over a year old as of 06/30/20. These checks are from the County Accounts Payable and County Payroll cash accounts.

Recommendation:

We recommend that any checks over \$100 that are aged over one year old as of the fiscal year end be reported as unclaimed property by the following November deadline.

Current Status See current year Finding VA-2023-01.

Management's Response:

Please see current year response as written.

VA-2022-002: Special Welfare

Condition:

Several inactive special welfare accounts with funds at year end had not been returned to the respective individual, funding source, or submitted to the Commonwealth as unclaimed property.

Recommendation:

We recommend that all unused special welfare funds be returned to the individual, the respective funding source, or submitted to the Commonwealth as unclaimed property. If the individuals or respective funding sources cannot be identified, the Accomack Social Services Board should work with the state Social Services Board to develop a plan for disposal of funds in accordance with the Code of Virginia.

Current Status:

Finding was resolved in the current year.

Michael T. Mason, CPA County Administrator

Status of Prior Year Findings (Continued)

Management's Response:

Management concurs the finding was resolved during fiscal year 2023.

VA-2022-003: Conflicts of Interest

Condition:

Two out of fifty-eight conflict of interest forms were not filed by the February 1, 2022, deadline.

Recommendation:

We recommend that applicable board members be contacted prior to the deadline to ensure forms are filed in a timely manner.

Current Status: See current year Finding VA-2023-02.

Management's Response:

Please see current year response as written.

VA-2022-004: Security for Public Deposits Act (SPDA)

Condition:

Two accounts with Truist Bank were not reported as public funds and thus are not insured in accordance with the Virginia SPDA.

Recommendation:

We recommend that these two accounts be reported to Truist Bank as public funds.

Current Status:

Finding was resolved in the current year.

Corrective Action Plan for Finding IC2023-001: Financial Reporting (Material Weakness)

Accomack County understands the repeat finding regarding financial reporting. The County has taken steps to improve its financial reporting including the timeliness of ACFR completion by approving additional full-time positions for the County Finance Department. One of these positions, previously created as an entry level position, was upgraded in FY24 to the level of deputy director in order to secure additional knowledge and expertise needed to improve financial reporting. In addition, the County recently engaged a third party to analyze staff's compensation and classification in order to determine whether it was adequate compared to the external market. The results of the study indicated that, on average, employee compensation levels were 15.9% under those offered by comparable organizations. As a result, in fiscal year 2024, significant increases in employee compensation have been approved which are expected to improve filling key vacant positions in the County Finance Department including that of the Finance Director and Deputy Finance Director. Accomack County continues to consider financial reporting, including the year-end annual financial report, a core competency and are open to suggestions in processes or protocols that will advance our capacity and capability in this area from Brown Edwards.

Responsible Official: Michael T. Mason, CPA, County Administrator <u>mmason@co.accomack.va.us</u> (757-787-5716); estimated completion date of no later than June 30, 2024 for the new hire.

Corrective Action Plan for Finding FA-2023-001: Lack of Timely Reporting, Reporting, Education Stabilization Funds (ESF) #84.425C, 84.425D, and 84.425U (Material Weakness and Nonmaterial Compliance)

A master calendar is now being kept of required reports and their due date to ensure timely reporting.

Responsible Official: Dr. Rhonda Hall, Accomack County Public Schools Superintendent, <u>rhonda.hall@accomack.k12.va.us</u> (757-787-5759); Estimated completion date is not later than the June 30, 2024.

Corrective Action Plan for Finding VA-2023-001: Unclaimed Property

Accomack County concurs with this finding and has worked with staff on acquiring additional training needed to facilitate proper and timely reporting for unclaimed property.

Responsible Official: James Lilliston, County Treasurer <u>ililliston@co.accomack.va.us</u> (757-787-5740); Estimated completion date is not later than the timely filing of the unclaimed property report in FY24.

Corrective Action Plan for Finding VA-2023-002: Conflicts of Interest

Accomack County management agrees that twelve out of the fifty-one conflict of interest forms were not filed by the February 1, 2023 deadline despite numerous communications from management reminding the appointed persons of this statutory due date. All forms were eventually filed by the officers with the County Administrator. *Code of Virginia* § 2.2-3124 requires the clerk of the governing body report to the Commonwealth's Attorney any local officer's or employee's failure to file the required form so that civil penalties can be assessed and collected. Management will continue to aggressively communicate filing deadlines to those officers and employees required to file disclosure forms and agrees to more heavily promote the provisions of *Code of Virginia* § 2.2-3124 as a deterrent.

Responsible Official: Michael T. Mason, CPA, County Administrator <u>mmason@co.accomack.va.us</u> (757-787-5716); All conflict of interest forms for the most recently completed filing date, February 1, 2024, were received on time.
