**INDEPENDENT AUDITORS' REPORT**

---

**TO THE HONORABLE MEMBERS OF  
THE TOWN COUNCIL  
TOWN OF LURAY, VIRGINIA**

**Report on the Audit of the Financial Statements**

***Opinions***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of Town of Luray, Virginia, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of Town of Luray, Virginia, as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Luray, Virginia, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Town of Luray, Virginia's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the *Specifications for Audits of Counties, Cities, and Towns* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the *Specifications for Audits of Counties, Cities, and Towns*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Town of Luray, Virginia's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Town of Luray Virginia's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and schedules related to pension and OPEB funding as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Town of Luray, Virginia's basic financial statements. The accompanying other supplementary information and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Information**

Management is responsible for the other information included in the annual report. The other information comprises the statistical information but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

## **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated October 28, 2024, on our consideration of Town of Luray, Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Town of Luray, Virginia's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Town of Luray, Virginia's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**Town of Luray Annual Audit Report**

**Fiscal Year Ended June 30, 2024**

We are pleased to present the Annual Audit Report for the Town of Luray's fiscal year ending June 30, 2024. The audit was conducted by Robinson, Farmer, Cox Associates, a certified public accounting firm in Staunton, Virginia. The firm has audited our financial records and prepared statements of the governmental activities, business type activities, and each major fund. The Town received an unmodified opinion on the financial statements based on the results of this audit. Additionally, the compliance tests performed by the firm disclosed no reportable instances of noncompliance. The following management discussion provides an overall review of the Town's financial activities for the fiscal year ending June 30, 2024. The intent of the discussion and analysis is to examine the Town's financial performance as a whole. Readers should also review the basic financial statements to enhance their understanding of the Town's performance.

The assets and deferred outflows of resources of the Town exceeded its liabilities and deferred inflows at the close of the fiscal year ending June 30, 2024 by \$24,759,047 (net position). Of this amount, \$3,154,332 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors. The unrestricted net position has increased by \$440,427 over last fiscal year's unrestricted balance of \$2,713,905.

Assets and deferred outflows of resources increased by \$459,955 over the previous budget year. Assets and deferred outflows of resources totaled \$37,828,036 on June 30, 2024, while liabilities and deferred inflows only \$13,068,989. As you will note on the adjacent chart the largest assets are held in capital assets, this category includes land, buildings, improvements, etc.

At June 30, 2024, the Town's general fund balance is \$2,367,515. This is a decrease of \$377,984 from last year's fund balance of \$2,745,499. At June 30, 2024, the fund balance available for spending at the Town of Luray's discretion amounted to \$2,287,693 (unassigned fund balance).

Luray's investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding, represents approximately 86 percent of total net position. The Town uses these capital assets to provide services to citizens; therefore, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Total net position	\$ 14,080,816	\$ 14,125,260	\$ 9,412,524	\$ 10,633,787	\$ 23,493,340	\$ 24,759,047

Liabilities and deferred inflows of resources total \$13,068,989 and are composed primarily of long-term debt. The remainder of the liabilities include accounts payable, customer deposits, accrued interest, and unearned tax revenue. The Town is well below the legal margin of debt. This margin is established by computing the total assessed value of real estate within the Town. Ten percent of that total less the net debt applicable to limit is considered the legal margin of debt. On June 30, 2024, the total assessed value of real estate in the Town of Luray was \$506,438,700. The legal debt margin would therefore be \$42,936,762 (\$50,643,870 ten percent of assessed value less \$7,707,108 net debt). As the above information demonstrates, Luray is well below that margin.

## **Overview of the Financial Statements**

Aside from identifying any issues related to non-compliance with standard accounting procedures, the auditors examined the Town's operations and records. As a result of this work certain yearly financial statements were composed and are included in the audit report. These statements demonstrate the overall financial position of the Town, the degree of budgetary compliance and focus on the in-flow and out-flow of resources (cash-flow) within the Town. Furthermore, they identify the balance of expendable resources at the end of the fiscal year. The auditor's financial statements are comprised of three components:

- Government-wide financial statements,
- Fund financial statements, and
- Notes to the financial statements.

**Government-wide financial statements** - The Government-wide financial statements are designed to provide readers with a broad overview of the Town's finances. The reports are very similar to the private sector in that all current year revenue and expenses are taken into account regardless of when cash is received or paid. Two financial statements are used to present this information: 1) the *statement of net position* and 2) the *statement of activities*. The statement of net position presents information on all of the Town's assets and liabilities, with the difference between the two reported as net position. The statement of activities presents information showing how the Town's net position changed during the fiscal year. The statement is focused on the gross and net cost of various government functions which are supported by general tax and other revenue.

The *statement of activities* presents expenses before revenues, emphasizing that in government, revenues are generated for the express purpose of providing services. Both the *statement of net position* and the *statement of activities* focus on functions that are primarily funded by taxes and intergovernmental revenues. Such activities include general government administration, public safety, public works, parks and recreation and cultural, and community development. Business-type activities of the Town include the Water and Sewer Funds.

The Town's *net position* is divided into three categories: (1) net investment in capital assets; (2) restricted; and (3) unrestricted. The preceding chart of Luray's assets provided a breakout of assets. At the end of the current fiscal year, the Town is able to report positive balances in all categories of *net position*, both for the Town as a whole and as well as for its separate governmental and business-type activities.

Fund financial statements - A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Luray, Virginia, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

All of the funds of the Town can be divided into three categories: Governmental funds, Proprietary funds, and Fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as the statement of activities in the government-wide financial statements. This chart demonstrates spending distribution among the various governmental funds. Unlike the government-wide financial statements, the governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on the balance of expendable resources available at the end of the fiscal year.

Such information may be useful in evaluating a government's near-term financing requirements. Governmental activities increased the Town's net position by \$44,444. Total spending in governmental funds was \$7,644,498.

Proprietary funds are the enterprise or business type funds. The Town uses enterprise funds to account for the water and sewer activities operated by the Town. The proprietary funds show operational income of \$93,945. The water fund had an operational income of \$212,435 and the sewer fund had an operational loss of \$118,490. Overall operating expenses show an increase of \$113,689 compared to the June 30, 2023 proprietary fund statements. Unrestricted net position of the water and sewer funds at the end of the fiscal year is \$2,265,529.

Fiduciary funds are used to account for assets held by a government in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. Since fiduciary funds report assets held in a trustee or agency capacity for others, these funds cannot be used to support the government's own programs. The Town has no fiduciary funds at this time.

### **Economic Factors in Next Year's Budget**

- The Town of Luray will continue to promote economic development through the Revolving Loan Program which was established as a part of the Community Development Block Grant. The purpose of the Revolving Loan Program is an ongoing effort to revitalize the downtown area. Currently, the program has one active loan participant. The Town will continue to seek out ways to promote this program.
- The Town intends to utilize local budgeted funds to extend pedestrian trail facilities from the schools to the Ralph Dean Recreation Park.
- The Town of Luray received in total just over \$5,000,000 in American Rescue Plan Act funding. Allocations for funding will conclude by December 31, 2024 in accordance with the deadline set forth. Several infrastructure projects remain in progress and will be completed within the fiscal year.
- ARPA projects that are in progress include; replacement of several sewer segments, sewer influent pump station control panel upgrades, Wastewater system and plant upgrades, water improvements to Hite Spring, and Hite Spring source water pump station improvements.
- The Town continues to see growth in the development of the Luray Landing neighborhood through the continued buildout of townhomes. The construction of duplexes and single family homes are forthcoming to complete the overall housing development project.
- The Town continues to see increases in transient occupancy tax and meals tax revenues due to economic development within the Town.
- With the completion of the approximate \$1.1 million dollar investment and implementation of an electronic water meter system, the Town anticipates increased revenue due to improved accuracy in metering. Funding from ARPA and short term financing from Blue Ridge Bank were utilized to complete the project. Interest only short term financing will be converted to long term financing in FY24-25.
- The Town continues to support the Yagers Spring Greenway Extension in collaboration with the Hawksbill Greenway Foundation.
- The Town of Luray plans to pursue the demo and abatement of the Recreation Park rental house and move forward with site prep and designs for a recreation park office space.
- The Town continues to investigate the source of Inflow and Infiltration to the town's sewer system causing increased flows. Capital funding will be used to camera the main trunk line, locate the source of infiltration, and investigate instances of inflow from residential storm drainage.

### **Requests for Information**

This financial report is designed to provide a general overview of the Town of Luray, Virginia's finances for all those with an interest in the Town's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Town of Luray, Town Manager, 45 E. Main Street; Luray, Virginia 22835.

The notes to the financial statements are an integral part of this statement.

Reconciliation of the Statement of Revenues,  
Expenditures, and Changes in Fund Balances of Governmental Funds  
to the Statement of Activities  
Year Ended June 30, 2024

---

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$	(377,984)
--	----	-----------

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation/amortization expense. The following is a summary of items supporting this adjustment:

Capital outlays	\$ 1,563,503	
Depreciation/amortization expense	<u>(1,187,805)</u>	
		375,698

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Property taxes	\$ <u>8,312</u>	
		8,312

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Issuance of long-term debt	\$ (50,182)	
Principal repayments	105,454	
Accrued interest	<u>72</u>	
		55,344

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds.

Change in compensated absences	\$ (33,298)	
Pension expense	75,238	
OPEB expense	<u>(58,866)</u>	
		<u>(16,926)</u>

Change in net position of governmental activities	\$ <u><u>44,444</u></u>
---	-------------------------

The notes to the financial statements are an integral part of this statement.

## TOWN OF LURAY, VIRGINIA

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024

---

#### **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

The financial statements of the Town conform to generally accepted accounting principles (GAAP) applicable to governmental units promulgated by the Governmental Accounting Standards Board (GASB). The following is a summary of the more significant policies:

#### **A. Financial Reporting Entity**

Town of Luray, Virginia (the town) is a municipal corporation governed by an elected seven-member Town Council. The accompanying financial statements present the government and entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements (see note below for description) to emphasize that it is legally separate from the government.

**Blended Component Units** - The Town has no blended component units for the fiscal year ended June 30, 2024.

**Discretely Presented Component Units** - The Town has no discretely presented component units for the fiscal year ended June 30, 2024.

**Jointly Governed Organizations** - The Luray-Page County Airport Authority operates the Luray Caverns Airport. There are five authority members in total. Two members are appointed by the Town, two are appointed by the County of Page, Virginia, and one at-large member is appointed jointly. The Town does have the ability to impose its will on the Airport Authority through its appointments of members, approval of budgets, and its ability to modify the decisions of the authority. However, the Town does not retain an ongoing financial interest or an ongoing financial responsibility in the Authority. The day-to-day activity of the airport is overseen by the Authority. The Town contributes to the insurance expense of the Authority on an annual basis, but overall this amount is immaterial to the financial statements of the Town.

#### **B. Government-wide and fund financial statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

**Statement of Net Position** – The Statement of Net Position is designed to display the financial position of the primary government (governmental and business-type activities). Governments will report all capital assets in the government-wide Statement of Net Position and will report depreciation expense, the cost of “using up” capital assets, in the Statement of Activities. The net position of a government will be broken down into three categories – 1) net investment in capital assets; 2) restricted; and 3) unrestricted.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

**B. Government-wide and fund financial statements (continued)**

Statement of Activities – The government-wide Statement of Activities reports expenses and revenues in a format that focuses on the cost of each of the government's functions. The expense of individual functions is compared to the revenues generated directly by the function (for instance, through user charges or intergovernmental grants).

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

**C. Budgetary comparison schedules**

Demonstrating compliance with the adopted budget is an important component of a government's accountability to the public. Many citizens participate in one way or another in the process of establishing the annual operating budgets of state and local governments, and have a keen interest in following the actual financial progress of their governments over the course of the year. Many governments revise their original budgets over the course of the year for a variety of reasons. The budgetary comparison schedules present the original budget, the final budget, and the actual activity of the major governmental funds.

**D. Measurement focus, basis of accounting, and financial statement presentation**

The accompanying financial statements are prepared in accordance with pronouncements issued by the Governmental Accounting Standards Board. The principles prescribed by GASB represent generally accepted accounting principles applicable to governmental units.

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of recognition in the financial statements of various kinds of transactions or events.

The government-wide and proprietary financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

**D. Measurement focus, basis of accounting, and financial statement presentation (continued)**

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized when they have been earned and they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service principal and interest expenditures on general long-term debt, including lease liabilities, as well as expenditures related to compensated absences, claims and judgments, and postemployment benefits are recognized later based on specific accounting rules applicable to each, generally when payment is due. General capital asset acquisitions, including entering into contracts giving the government the right to use lease assets, are reported as expenditures in the governmental funds. Issuance of long-term debt and financing through leases are reported as other financing sources.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Accordingly, real and personal property taxes are recorded as revenues and receivables when billed, net of allowances for uncollectible amounts. Property taxes not collected within 60 days after year-end are reflected as unavailable revenues. Sales and utility taxes, which are collected by the state or utilities and subsequently remitted to the Town, are recognized as revenues and receivables upon collection by the state or utility, which is generally in the month preceding receipt by the Town.

Licenses, permits, fines and rents are recorded as revenues when received. Intergovernmental revenues, consisting primarily of federal, state and other grants for the purpose of funding specific expenditures, are recognized when earned or at the time of the specific expenditure. Revenues from general purpose grants are recognized in the period to which the grant applies. All other revenue items are considered to be measurable and available only when cash is received by the government.

The government reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for and reports all financial resources of the general government, except those required to be accounted for in another fund.

The *Special revenue fund* accounts for and reports the proceeds of the specific revenue sources that are legally restricted to expenditures for specified purposes. The CDBG fund is a special revenue fund of the Town.

The government reports the following major proprietary funds:

The *water fund* accounts for the activities of the Town's water system. The fund reports the operations of the Town's water distribution system.

The *sewer fund* accounts for the activities of the Town's sewer system. The fund reports the operations of the Town's sewage treatment plant, sewage pumping station and collection system.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

**D. Measurement focus, basis of accounting, and financial statement presentation (continued)**

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are other charges between the government's water and sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water and sewer enterprise funds are charges to customers for sales and services. The water and sewer funds also recognize the portion of tap fees intended to recover the cost of connecting new customers to the system as operating revenue. Operating expenses for enterprise funds include the cost of sales and services, administrative expense, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

**E. Assets, liabilities, and deferred outflows/inflows of resources net position/fund balance**

**1. Cash and cash equivalents**

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. For purposes of the statement of cash flows, the government's proprietary funds consider their demand deposits and all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

**2. Receivables and payables**

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans). All other outstanding balances between funds are reported as "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

**3. Inventories and Prepaid Items**

Inventories are valued at cost using the first-in/first-out (FIFO) method and consist of expendable supplies and vehicle repair parts. The cost of such inventories is recorded as expenditures/expenses when consumed rather than when purchased.

Certain payments to vendors represent costs applicable to future accounting periods and are recorded as prepaid items both in the government-wide and fund financial statements. The cost of prepaids items is recorded as expenditures/expenses when consumed rather than purchased.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

**E. Assets, liabilities, and deferred outflows/inflows of resources net position/fund balance  
(continued)**

**4. *Property taxes***

Property is assessed at its value on January 1. Property taxes attach as an enforceable lien on property as of January 1. Real estate and personal property taxes are payable in two installments on June 5th and December 5th. The Town bills and collects its own property taxes.

The taxes receivable balance at June 30, 2024 includes amounts not yet billed or received from the second half of the January 1, 2024 levy (due December 5, 2024). These items are included in unavailable revenue since these taxes are restricted for use until fiscal year 2025.

**5. *Allowance for uncollectible accounts***

The Town calculates its allowance for uncollectible accounts using historical collection data and, in certain cases, specific account analysis. The allowance amounted to approximately \$203,074 at June 30, 2024 and is composed of property taxes, refuse, and water and sewer accounts receivable. The portion of the allowance for property taxes in the amount of \$26,343 represents 2.90% of the accounts receivable balance at year end. The portion of the allowance of \$176,731 attributable to refuse and water and sewer represents 22.02% of the accounts receivable balance at June 30, 2024.

**6. *Use of estimates***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**7. *Capital assets***

Capital assets are tangible and intangible assets, which include property, plant, equipment, lease, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), and are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years.

As the Town constructs or acquires capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost (except for intangible right-to-use lease assets (lease assets), the measurement of which is discussed in more detail below). The reported values excludes normal maintenance and repairs, which are amounts spent in relation to capital assets that do no increase the asset's capacity or efficiency or increases its estimated useful life.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)****E. Assets, liabilities, and deferred outflows/inflows of resources net position/fund balance (continued)****7. Capital assets (continued)**

Donated capital assets are recorded at acquisition value at the date of donation. Acquisition value is the price that would be paid to acquire an asset with equivalent service potential on the date of the donation. Intangible assets follow the same capitalization policies as tangible capital assets and are reported with tangible assets in the appropriate asset class.

Land and construction in progress are not depreciated. The other tangible and intangible property, plant, equipment, lease assets, and infrastructure of the primary government are depreciated/amortized using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and improvements	40
Structures, lines, and accessories	33
Machinery and equipment	3-10
Land improvements	15
Infrastructure	30
Lease equipment	4-5

**8. Compensated absences**

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported in the government-wide financial statements. No expenditure is reported for these amounts in the fund financial statements. No liability is recorded for nonvesting accumulating rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulating sick leave benefits that it is estimated will be taken as "terminal leave" prior to retirement. The Town accrues salary-related payments associated with the payment of compensated absences.

**9. Long-term obligations**

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued and premiums on issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

**E. Assets, liabilities, and deferred outflows/inflows of resources net position/fund balance (continued)**

**10. Fund balance**

The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable fund balance – amounts that are either not in spendable form (such as inventory and prepaids) or are legally or contractually required to be maintained intact (corpus of a permanent fund);
- Restricted fund balance – amounts that can be spent only for the specific purposes stipulated by external resource providers such as grantors or enabling federal, state, or local legislation. Restrictions may be changed or lifted only with the consent of the resource providers;
- Committed fund balance – that can be used only for the specific purposes determined by the adoption of an ordinance committing fund balance for a specified purpose by the Town Council prior to the end of the fiscal year. Once adopted, the limitation imposed by the ordinance remains in place until the resources have been spent for the specified purpose or the Council adopts another ordinance to remove or revise the limitation;
- Assigned fund balance – amounts a government intends to use for a specific purpose but do not meet the criteria to be classified as committed; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment;
- Unassigned fund balance – amounts that are available for any purpose; positive amounts are only reported in the general fund. Additionally, any deficit fund balance within the other governmental fund types is reported as unassigned.

When fund balance resources are available for a specific purpose in more than one classification, it is the Town's policy to use the most restrictive funds first in the following order: restricted, committed, assigned, and unassigned as they are needed.

Town Council establishes (and modifies or rescinds) fund balance commitments by passage of an ordinance. This is typically done through adoption and amendment of the budget. A fund balance commitment, which does not lapse at year end, is further indicated in the budget document as a designation or commitment of the fund (such as for special incentives). Assigned fund balance is established by Town Council through adoption or amendment of the budget as intended for specific purpose (such as the purchase of capital assets, construction, debt service, or for other purposes).

In the general fund, the Town strives to maintain an unassigned fund balance to be used for unanticipated emergencies of approximately 20% of the actual GAAP basis expenditures and other financing sources and uses.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

**E. Assets, liabilities, and deferred outflows/inflows of resources net position/fund balance (continued)**

**11. *Net position***

For government-wide reporting as well as in proprietary funds, the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources is called net position. Net position is comprised of three components: net investment in capital assets, restricted, and unrestricted.

- Net investment in capital assets consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances of bonds, notes, and other debt that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are included in this component of net position.
- Restricted net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Assets are reported as restricted when constraints are placed on asset use either by external parties or by law through constitutional provision or enabling legislation.
- Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that does not meet the definition of the two preceding categories.

Sometimes the Town will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Town's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

**12. *Deferred Outflows/Inflows of Resources***

In addition to assets, the statement of financial position includes a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expenditure/expense) until then. The Town has multiple items that qualify for reporting in this category. One item is the deferred charge related to services and maintenance from the financed purchase of IT equipment. The other item is comprised of certain items related to pension and OPEB. For more detailed information on these items, reference the related notes.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

**E. Assets, liabilities, and deferred outflows/inflows of resources net position/fund balance (continued)**

**12. *Deferred Outflows/Inflows of Resources (continued)***

In addition to liabilities, the statement of financial position includes a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Town has multiple items that qualify for reporting in this category. Under a modified accrual basis of accounting, unavailable revenue representing property taxes receivable is reported in the governmental funds balance sheet. This amount is comprised of uncollected property taxes due prior to June 30, 2<sup>nd</sup> half installments levied during the fiscal year but due after June 30<sup>th</sup> and amounts prepaid on the 2<sup>nd</sup> half installments and is deferred and recognized as an inflow of resources in the period that the amount becomes available. Under the accrual basis, 2<sup>nd</sup> half installments levied during the fiscal year but due after June 30<sup>th</sup> and amounts prepaid on the 2<sup>nd</sup> half installments are reported as deferred inflows of resources. In addition, certain items related to pension, OPEB and leases. For more detailed information on these items, reference the related notes.

**13. *Pensions***

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Town's Retirement Plan and the additions to/deductions from the Town's Retirement Plan's net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**14. *Other Postemployment Benefits (OPEB)***

For purposes of measuring the net VRS related OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to the OPEB, and OPEB expense, information about the fiduciary net position of the VRS GLI and LODA OPEB Plans and the additions to/deductions from the VRS OPEB Plans' fiduciary net position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

***Medical, Dental, and Prescription Insurance – Pay as You Go Program***

For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense have been determined based on an actuarial valuation. Benefit payments are recognized when due and payable in accordance with the benefit terms.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

**E. Assets, liabilities, and deferred outflows/inflows of resources net position/fund balance  
(continued)**

**15. Leases**

The Town leases various assets requiring recognition. A lease is a contract that conveys control for the right to use another entity's nonfinancial asset. Lease recognition does not apply to short-term leases, contracts that transfer ownership, leases of assets that are investments, or certain regulated leases.

**Lessee**

The Town recognizes lease liabilities and intangible right-to-use lease assets (lease assets) with an initial value of \$5,000, individually or in the aggregate in the government-wide financial statements. At the commencement of the lease, the lease liability is measured at the present value of payments expected to be made during the lease term (less any lease incentives). The lease liability is reduced by the principal portion of payments made. The lease asset is measured at the initial amount of the lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs. The lease asset is amortized over the shorter of the lease term or the useful life of the underlying asset.

**Lessor**

The Town recognizes leases receivable and deferred inflows of resources in the government-wide and governmental fund financial statements. At commencement of the lease, the lease receivable is measured at the present value of lease payments expected to be received during the lease term, reduced by any provision for estimated uncollectible amounts. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is measured at the initial amount of the lease receivable, less lease payments received from the lessee at or before the commencement of the lease term (less any lease incentives).

**Key Estimates and Judgments**

Lease accounting includes estimates and judgments for determining the (1) rate used to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The Town uses the interest rate stated in lease contracts. When the interest rate is not provided or the implicit rate cannot be readily determined, the Town uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease and certain periods covered by options to extend to reflect how long the lease is expected to be in effect, with terms and conditions varying by the type of underlying asset.
- Fixed and certain variable payments as well as lease incentives and certain other payments are included in the measurement of the lease liability (lessee) or lease receivable (lessor).

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

**E. Assets, liabilities, and deferred outflows/inflows of resources net position/fund balance (continued)**

**15. Leases (continued)**

The Town monitors changes in circumstances that would require remeasurement or modification of its leases. The Town will remeasure the lease asset and liability (lessee) or the lease receivable and deferred inflows of resources (lessor) if certain changes occur that are expected to significantly affect the amount of the lease liability or lease receivable.

**NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY:**

**A. Budgetary Information**

The following procedures are used by the Town in establishing the budgetary data reflected in the financial statements:

1. Prior to March 30, the Town Manager submits to the Town Council a proposed operating and capital budget for the fiscal year commencing the following July 1. The operating and capital budget includes proposed expenditures and the means of financing them. All funds have legally adopted budgets.
2. Public hearings are conducted to obtain citizen comments.
3. Prior to June 30, the budget is legally enacted through passage of an Appropriations Resolution.
4. The Appropriations Resolution places legal restrictions on expenditures at the function level. The appropriation for each department or category can be revised only by the Town Council. The Town Manager is authorized to transfer budgeted amounts within general government departments.
5. Formal budgetary integration is employed as a management control device during the year for the General Fund.
6. All budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
7. Appropriations lapse on June 30 for all Town units.
8. All budgetary data presented in the accompanying financial statements is the revised budget as of June 30.

TOWN OF LURAY, VIRGINIA

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

**NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY: (CONTINUED)**

**B. Excess of expenditures over appropriations**

For the year ended June 30, 2024, the Town's following functions had expenditures which exceeded appropriations.

<u>Fund</u>	<u>Function</u>	<u>Excess of Expenditures over Appropriations</u>
General	Public safety	\$ 85,887
General	Health and welfare	\$ 2,245

**C. Deficit fund equity**

At June 30, 2024, none of the Town's funds had deficit fund equity.

**NOTE 3 – INTERFUND OBLIGATIONS:**

Interfund receivables/payables are the net result of temporary overdrafts in the operating and payroll bank accounts of one fund which is offset by positive amounts in other funds. At June 30, 2024, interfund obligations were as follows:

<u>Fund</u>	<u>Due From</u>	<u>Due To</u>
Sewer	\$ 75,000	\$ -
Water	-	75,000
Total	\$ 75,000	\$ 75,000

**NOTE 4 – DUE FROM OTHER GOVERNMENTAL UNITS:**

Amounts due from other governmental units at June 30, 2024, are as follows:

	<u>Governmental Activities</u>
<u>Commonwealth of Virginia:</u>	
Sales tax	\$ 56,923
Communications tax	7,924
DCJS TDO/ECO reimbursement	2,548
Other noncategorical aid	1,184
<u>Federal Government:</u>	
Community development block grant	24,500
Total	\$ 93,079

THIS SPACE LEFT BLANK INTENTIONALLY

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 7 – COMPENSATED ABSENCES:**

Town employees earn sick leave at the rate of one day per month and such leave if not used may be accumulated up to 120 days. Maximum payout of sick leave at retirement is \$2,500. Vacation leave is earned at various rates depending on the date of employment and number of years of service. Vacation leave accrued in one year must be taken by the end of the following year or it will be lost. Upon separation or retirement, a full-time employee shall be paid for all accrued annual leave, up to the maximum allowed. The Town has outstanding accrued compensated absences totaling \$198,213 in the governmental activities and \$91,365 in the business-type activities.

**NOTE 8 – PENSION PLAN:**

***Plan Description***

All full-time, salaried permanent employees of the Town are automatically covered by a VRS Retirement Plan upon employment. This is an agent multiple-employer plan administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the Code of Virginia, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

***Benefit Structures***

The System administers three different benefit structures for covered employees – Plan 1, Plan 2, and Hybrid. Each of these benefit structures has different eligibility criteria, as detailed below.

- a. Employees with a membership date before July 1, 2010, vested as of January 1, 2013, and have not taken a refund, are covered under Plan 1, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced retirement benefit beginning at age 65 with at least 5 years of service credit or age 50 with at least 30 years of service credit. Non-hazardous duty employees may retire with a reduced benefit as early as age 55 with at least 5 years of service credit or age 50 with at least 10 years of service credit. Hazardous duty employees (law enforcement officers, firefighters, and sheriffs) are eligible for an unreduced benefit beginning at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 5 years of service credit.
- b. Employees with a membership date from July 1, 2010 to December 31, 2013, that have not taken a refund or employees with a membership date prior to July 1, 2010 and not vested before January 1, 2013, are covered under Plan 2, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of service credit or when the sum of their age and service equals 90. Non-hazardous duty employees may retire with a reduced benefit as early as age 60 with at least 5 years of service credit. Hazardous duty employees are eligible for an unreduced benefit beginning at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 5 years of service credit.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 8 – PENSION PLAN: (CONTINUED)**

***Benefit Structures (Continued)***

- c. Non-hazardous duty employees with a membership date on or after January 1, 2014 are covered by the Hybrid Plan combining the features of a defined benefit plan and a defined contribution plan. Plan 1 and Plan 2 members also had the option of opting into this plan during the election window held January 1 – April 30, 2014 with an effective date of July 1, 2014. Employees covered by this plan are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of service credit, or when the sum of their age and service equal 90. Employees may retire with a reduced benefit as early as age 60 with at least 5 years of service credit. For the defined contribution component, members are eligible to receive distributions upon leaving employment, subject to restrictions.

***Average Final Compensation and Service Retirement Multiplier***

The VRS defined benefit is a lifetime monthly benefit based on a retirement multiplier as a percentage of the employee's average final compensation multiplied by the employee's total service credit. Under Plan 1, average final compensation is the average of the employee's 36 consecutive months of highest compensation and the multiplier is 1.70% for non-hazardous duty employees, 1.85% for sheriffs and regional jail superintendents, and 1.70% or 1.85% for hazardous duty employees as elected by the employer. Under Plan 2, average final compensation is the average of the employee's 60 consecutive months of highest compensation and the retirement multiplier is 1.65% for non-hazardous duty employees, 1.85% for sheriffs and regional jail superintendents, and 1.70% or 1.85% for hazardous duty employees as elected by the employer. Under the Hybrid Plan, average final compensation is the average of the employee's 60 consecutive months of highest compensation and the multiplier is 1.00%. For members who opted into the Hybrid Retirement Plan from Plan 1 or Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans.

***Cost-of-Living Adjustment (COLA) in Retirement and Death and Disability Benefits***

Retirees with an unreduced benefit or with a reduced benefit with at least 20 years of service credit are eligible for an annual COLA beginning July 1 after one full calendar year from the retirement date. Retirees with a reduced benefit and who have less than 20 years of service credit are eligible for an annual COLA beginning on July 1 after one calendar year following the unreduced retirement eligibility date. Under Plan 1, the COLA cannot exceed 5.00%. Under Plan 2 and the Hybrid Plan, the COLA cannot exceed 3.00%. The VRS also provides death and disability benefits. Title 51.1 of the Code of Virginia, as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 8 – PENSION PLAN: (CONTINUED)**

***Employees Covered by Benefit Terms***

As of the June 30, 2022 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	<u>Number</u>
Inactive members or their beneficiaries currently receiving benefits	42
Inactive members:	
Vested inactive members	10
Non-vested inactive members	6
Inactive members active elsewhere in VRS	<u>28</u>
Total inactive members	44
Active members	<u>46</u>
Total covered employees	<u><u>132</u></u>

***Contributions***

The contribution requirement for active employees is governed by §51.1-145 of the Code of Virginia, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

The Town’s contractually required employer contribution rate for the year ended June 30, 2024 was 14.93% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the Town were \$340,241 and \$345,501 for the years ended June 30, 2024 and June 30, 2023, respectively.

***Net Pension Liability***

The net pension liability (NPL) is calculated separately for each employer and represents that particular employer’s total pension liability determined in accordance with GASB Statement No. 68, less that employer’s fiduciary net position. The Town’s net pension liability was measured as of June 30, 2023. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2022, and rolled forward to the measurement date of June 30, 2023.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2024 (CONTINUED)**

**NOTE 8 – PENSION PLAN: (CONTINUED)**

***Actuarial Assumptions – General Employees***

The total pension liability for General Employees in the Town's Retirement Plan was based on an actuarial valuation as of June 30, 2022, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023.

Inflation	2.50%
Salary increases, including inflation	3.50% – 5.35%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation

**Mortality rates:**

- All Others (Non-10 Largest) – Non-Hazardous Duty: 15% of deaths are assumed to be service related
- Pre-Retirement:
  - Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years
- Post-Retirement:
  - Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years
- Post-Disablement:
  - Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years
- Beneficiaries and Survivors:
  - Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years
- Mortality Improvement:
  - Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the changes in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study are as follows:

**All Others (Non-10 Largest) – Non-Hazardous Duty:**

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates, Salary Scale, Line of Duty Disability, and Discount Rate	No changes

**NOTE 8 – PENSION PLAN: (CONTINUED)**

***Actuarial Assumptions – Public Safety Employees with Hazardous Duty Benefits***

The total pension liability for Public Safety employees with Hazardous Duty Benefits in the Town's Retirement Plan was based on an actuarial valuation as of June 30, 2022, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023.

Inflation	2.50%
Salary increases, including inflation	3.50% – 4.75%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation

**Mortality rates:**

All Others (Non-10 Largest) –Hazardous Duty: 45% of deaths are assumed to be service related

Pre-Retirement:

Pub-2010 Amount Weighted Safety Employee Rates projected generationally with a Modified MP-2020 Improvement Scale; 95% of rates for males; 105% of rates for females set forward 2 years

Post-Retirement:

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally with a Modified MP-2020 Improvement Scale; 110% of rates for males; 105% of rates for females set forward 3 years

Post-Disablement:

Pub-2010 Amount Weighted General Disabled Rates projected generationally with a Modified MP-2020 Improvement Scale; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally with a Modified MP-2020 Improvement Scale; 110% of rates for males and females set forward 2 years

Mortality Improvement:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the changes in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study are as follows:

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2024 (CONTINUED)**

**NOTE 8 – PENSION PLAN: (CONTINUED)**

***Actuarial Assumptions – Public Safety Employees with Hazardous Duty Benefits (Continued)***

All Others (Non-10 Largest) – Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Largest 10 Hazardous Duty
Disability Rates, Salary Scale, Line of Duty Disability, and Discount Rate	No changes

***Long-Term Expected Rate of Return***

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<b>Asset Class (Strategy)</b>	<b>Long-Term Target Asset Allocation</b>	<b>Arithmetic Long-Term Expected Rate of Return</b>	<b>Weighted Average Long-Term Expected Rate of Return*</b>
Public Equity	34.00%	6.14%	2.09%
Fixed Income	15.00%	2.56%	0.38%
Credit Strategies	14.00%	5.60%	0.78%
Real Assets	14.00%	5.02%	0.70%
Private Equity	16.00%	9.17%	1.47%
MAPS - Multi-Asset Public Strategies	4.00%	4.50%	0.18%
PIP - Private Investment Partnership	2.00%	7.18%	0.14%
Cash	1.00%	1.20%	0.01%
Total	<u>100.00%</u>		<u>5.75%</u>
		Inflation	2.50%
		Expected arithmetic nominal return**	<u>8.25%</u>

\* The above allocation provides a one-year expected return of 8.25%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 7.14%, including expected inflation of 2.5%.

TOWN OF LURAY, VIRGINIA

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

**NOTE 8 – PENSION PLAN: (CONTINUED)**

***Long-Term Expected Rate of Return (Continued)***

\*\* On June 15, 2023, the VRS Board elected a long-term rate of return of 6.75% which was roughly at the 45<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.50%.

***Discount Rate***

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state employer contributions; the Town was also provided with an opportunity to use an alternative employer contribution rate. For the year ended June 30, 2023, the alternate rate was the employer contribution rate used in FY 2012 or 100% of the actuarially determined employer contribution rate from the June 30, 2022 actuarial valuations, whichever was greater. From July 1, 2023 on, participating employers are assumed to continue to contribute 100% and of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

***Changes in Net Pension Liability***

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Balances at June 30, 2022	\$ 14,104,755	\$ 13,212,837	\$ 891,918
Changes for the year:			
Service cost	\$ 343,235	\$ -	\$ 343,235
Interest	948,594	-	948,594
Differences between expected and actual experience	479,305	-	479,305

Balances at June 30, 2023	\$ 15,086,108	\$ 13,719,623	\$ 1,366,485

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

**NOTE 8 – PENSION PLAN: (CONTINUED)*****Sensitivity of the Net Pension Liability to Changes in the Discount Rate***

The following presents the net pension liability of the Town using the discount rate of 6.75%, as well as what the Town's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	Rate		
	1% Decrease	Current Discount	1% Increase
	(5.75%)	(6.75%)	(7.75%)
Town's Net Pension Liability	\$ 3,265,256	\$ 1,366,485	\$ (173,424)

***Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

For the year ended June 30, 2024, the Town recognized pension expense of \$207,344. At June 30, 2024, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 315,159	\$ 187,104
Net difference between projected and actual earnings on pension plan investments	-	211,361
Change in proportionate share	17,877	17,877
Employer contributions subsequent to the measurement date	340,241	-
Total	\$ 673,277	\$ 416,342

Information about the VRS Political Subdivision Retirement Plan is also available in the separately issued VRS 2023 Annual Comprehensive Financial Report (Annual Report). A copy of the 2023 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2023-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

THIS SPACE LEFT BLANK INTENTIONALLY

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 9 – GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN):**

***Plan Description***

The Group Life Insurance (GLI) Plan was established pursuant to §51.1-500 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent employees of the state agencies, teachers, and employees of participating political subdivisions are automatically covered by the VRS GLI Plan upon employment. This is a cost-sharing multiple-employer plan administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

In addition to the Basic GLI benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional GLI Plan. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured plan, it is not included as part of the GLI Plan OPEB.

The specific information for GLI Plan OPEB, including eligibility, coverage and benefits is described below:

***Eligible Employees***

The GLI Plan was established July 1, 1960, for state employees, teachers, and employees of political subdivisions that elect the plan. Basic GLI coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their accumulated retirement member contributions and accrued interest.

***Benefit Amounts***

The GLI Plan is a defined benefit plan with several components. The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled. The accidental death benefit is double the natural benefit. In addition to basic natural and accidental death benefits, the plan provides additional benefits provided under specific circumstances that include the following: accidental dismemberment benefit, seatbelt benefit, repatriation benefit, felonious assault benefit, and accelerated death benefit option. The benefit amounts are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value. For covered members with at least 30 years of service credit, the minimum benefit payable was set at \$8,000 by statute in 2015. This will be increased annually based on the VRS Plan 2 cost-of-living adjustment calculation. The minimum benefit adjusted for the COLA was \$9,254 as of June 30, 2024.

***Contributions***

The contribution requirements for the GLI Plan are governed by §51.1-506 and §51.1-508 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the GLI Plan was 1.34% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.80% (1.34% x 60%) and the employer component was 0.54% (1.34% x 40%).

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 9 – GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)**

***Contributions (Continued)***

Employers may elect to pay all or part of the employee contribution; however, the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2024 was 0.54% of covered employee compensation. This rate was the final approved General Assembly rate, which was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the GLI Plan from the entity were \$12,782 and \$12,936 for the years ended June 30, 2024 and June 30, 2023, respectively.

In June 2023, the Commonwealth made a special contribution of approximately \$10.1 million to the Group Life Insurance Plan. This special payment was authorized by Chapter 2 of the Acts of Assembly 2022, Special Session I, as amended by Chapter 769, 2023 Acts of Assembly Reconvened Session, and is classified as a special employer contribution.

***GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Group Life Insurance Plan OPEB***

At June 30, 2024, the entity reported a liability of \$121,970 for its proportionate share of the Net GLI OPEB Liability. The Net GLI OPEB Liability was measured as of June 30, 2023 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation performed as of June 30, 2022, and rolled forward to the measurement date of June 30, 2023. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the GLI Plan for the year ended June 30, 2023 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2023, the participating employer's proportion was 0.01017% as compared to 0.01016% at June 30, 2022.

For the year ended June 30, 2024, the participating employer recognized GLI OPEB expense of \$3,961. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

THIS SPACE LEFT BLANK INTENTIONALLY

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

**NOTE 9 – GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)**

***GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Plan OPEB (Continued)***

At June 30, 2024, the employer reported deferred outflows of resources and deferred inflows of resources related to the GLI OPEB from the following sources:

	<b><u>Deferred Outflows of Resources</u></b>	<b><u>Deferred Inflows of Resources</u></b>
Differences between expected and actual experience	\$ 12,182	\$ 3,702
Net difference between projected and actual earnings on GLI OPEB plan investments	-	4,901
Change of assumptions	2,607	8,451
Changes in proportionate share	1,241	2,524
Employer contributions subsequent to the measurement date	<u>12,782</u>	<u>-</u>
Total	<u>\$ 28,812</u>	<u>\$ 19,578</u>

\$12,782 reported as deferred outflows of resources related to the GLI OPEB resulting from the employer's contributions subsequent to the measurement date will be recognized as a reduction of the Net GLI OPEB Liability in the fiscal year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

<b><u>Year Ended June 30</u></b>	
2024	\$ (1,077)
2025	(5,399)
2026	1,608
2027	95
2028	1,225
Thereafter	-

***NET GLI OPEB Liability***

The net OPEB liability (NOL) for the GLI Plan represents the plan's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2023, NOL amounts for the GLI Plan are as follows (amounts expressed in thousands):

		<b>GLI OPEB Plan</b>
Total GLI OPEB Liability	\$	3,907,052
Plan Fiduciary Net Position		2,707,739
GLI Net OPEB Liability (Asset)	\$	<u>1,199,313</u>
Plan Fiduciary Net Position as a Percentage of the Total GLI OPEB Liability		69.30%

The total GLI OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

**NOTE 9 – GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)**

***Long-Term Expected Rate of Return***

The long-term expected rate of return on the System's investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<b>Asset Class (Strategy)</b>	<b>Long-Term Target Asset Allocation</b>	<b>Arithmetic Long-term Expected Rate of Return</b>	<b>Weighted Average Long-term Expected Rate of Return*</b>
Public Equity	34.00%	6.14%	2.09%
Fixed Income	15.00%	2.56%	0.38%
Credit Strategies	14.00%	5.60%	0.78%
Real Assets	14.00%	5.20%	0.70%
Private Equity	16.00%	9.17%	1.47%
MAPS - Multi-Asset Public Strategies	4.00%	4.50%	0.18%
PIP - Private Investment Partnership	2.00%	7.18%	0.14%
Cash	1.00%	1.20%	0.01%
Total	100.00%		5.75%
		Inflation	2.50%
		Expected arithmetic nominal return**	8.25%

\*The above allocation provides a one-year return of 8.25%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 7.14%, including expected inflation of 2.50%.

\*\* On June 15, 2023, the VRS Board elected a long-term rate of return of 6.75% which was roughly at the 45<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.50%.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

**NOTE 9 – GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)**

**Discount Rate**

The discount rate used to measure the total GLI OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ended June 30, 2023, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 113% of the actuarially determined contribution rate. From July 1, 2023 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB’s fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

**Sensitivity of the Employer’s Proportionate Share of the Net GLI OPEB Liability to Changes in the Discount Rate**

The following presents the employer’s proportionate share of the net GLI OPEB liability using the discount rate of 6.75%, as well as what the employer’s proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	Rate		
	1% Decrease	Current Discount	1% Increase
	(5.75%)	(6.75%)	(7.75%)
Town's proportionate share of the GLI Plan Net OPEB Liability	\$ 180,798	\$ 121,970	\$ 74,408

**GLI Plan Fiduciary Net Position**

Detailed information about the GLI Plan’s Fiduciary Net Position is available in the separately issued VRS 2023 Annual Comprehensive Financial Report (Annual Report). A copy of the 2023 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2023-annual-report.pdf>, or by writing to the System’s Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 10 – LINE OF DUTY ACT (LODA) PROGRAM:**

***Plan Description***

The Virginia Retirement System (VRS) Line of Duty Act Program (LODA) was established pursuant to §9.1-400 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. The LODA Program provides death and health insurance benefits to eligible state employees and local government employees, including volunteers, who die or become disabled as a result of the performance of their duties as a public safety officer. In addition, health insurance benefits are provided to eligible survivors and family members. Participating employers made contributions to the program beginning in FY 2012. The employer contributions are determined by the System's actuary using anticipated program costs and the number of covered individuals associated with all participating employers.

The specific information for LODA OPEB, including eligibility, coverage and benefits is described below:

***Eligible Employees***

All paid employees and volunteers in hazardous duty positions in Virginia localities as well as hazardous duty employees who are covered under the Virginia Retirement System (VRS), the State Police Officers' Retirement System (SPORS), or the Virginia Law Officers' Retirement System (VaLORS) are automatically covered by the LODA Program. As required by statute, the Virginia Retirement System (the System) is responsible for managing assets of the program.

***Benefit Amounts***

The LODA program death benefit is a one-time payment made to the beneficiary or beneficiaries of a covered individual. Amounts vary as follows: \$100,000 when a death occurs as the direct or proximate result of performing duty as of January 1, 2006, or after; \$25,000 when the cause of death is attributed to one of the applicable presumptions and occurred earlier than five years after the retirement date; or an additional \$20,000 benefit is payable when certain members of the National Guard and U.S. military reserves are killed in action in any armed conflict on or after October 7, 2001.

The LODA program also provides health insurance benefits. The health insurance benefits are managed through the Virginia Department of Human Resource Management (DHRM). The health benefits are modeled after the State Employee Health Benefits Program plans and provide consistent, premium-free continued health plan coverage for LODA-eligible disabled individuals, survivors and family members.

**THIS SPACE LEFT BLANK INTENTIONALLY**

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2024 (CONTINUED)**

**NOTE 10 – LINE OF DUTY ACT (LODA) PROGRAM: (CONTINUED)**

***Contributions***

The contribution requirements for the LODA Program are governed by §9.1-400.1 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies by the Virginia General Assembly. Each employer's contractually required employer contribution rate for the LODA Program for the year ended June 30, 2024 was \$830 per covered full-time-equivalent employee. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021 and represents the pay-as-you-go funding rate and not the full actuarial cost of the benefits under the program. The actuarially determined pay-as-you-go rate was expected to finance the costs and related expenses of benefits payable during the year. Contributions to the LODA Program from the entity were \$21,580 and \$17,046 for the years ended June 30, 2024 and June 30, 2023, respectively.

***LODA OPEB Liabilities, LODA OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the LODA OPEB***

At June 30, 2024, the entity reported a liability of \$514,955 for its proportionate share of the Net LODA OPEB Liability. The Net LODA OPEB Liability was measured as of June 30, 2023 and the total LODA OPEB liability used to calculate the Net LODA OPEB Liability was determined by an actuarial valuation as of June 30, 2022, and rolled forward to the measurement date of June 30, 2023. The entity's proportion of the Net LODA OPEB Liability was based on the entity's actuarially determined pay-as-you-go employer contributions to the LODA OPEB plan for the year ended June 30, 2023 relative to the total of the actuarially determined pay-as-you-go employer contributions for all participating employers. At June 30, 2023, the entity's proportion was 0.12850% as compared to 0.13120% at June 30, 2022.

For the year ended June 30, 2024, the entity recognized LODA OPEB expense of \$78,751. Since there was a change in proportionate share between measurement dates, a portion of the LODA OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2024, the entity reported deferred outflows of resources and deferred inflows of resources related to the LODA OPEB from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 27,468	\$ 96,966
Net difference between projected and actual earnings on LODA OPEB program investments	-	1,507
Change in assumptions	114,378	106,186
Change in proportionate share	98,180	40,855
Employer contributions subsequent to the measurement date	21,580	-
Total	\$ <u>261,606</u>	\$ <u>245,514</u>

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

**NOTE 10 – LINE OF DUTY ACT (LODA) PROGRAM: (CONTINUED)**

***LODA OPEB Liabilities, LODA OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the LODA OPEB (Continued)***

\$21,580 reported as deferred outflows of resources related to the LODA OPEB resulting from the entity’s contributions subsequent to the measurement date will be recognized as a reduction of the Net LODA OPEB Liability in the fiscal year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the LODA OPEB will be recognized in LODA OPEB expense in future reporting periods as follows:

<u>Year Ended June 30</u>		
2024	\$	7,184
2025		7,231
2026		5,482
2027		602
2028		(5,397)
Thereafter		(20,590)

***Actuarial Assumptions***

The total LODA OPEB liability was based on an actuarial valuation as of June 30, 2022, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023. The assumptions include several employer groups. Salary increases and mortality rates included herein are for relevant employer groups. Information for other groups can be referenced in the VRS Annual Report.

Inflation	2.50%
Salary increases, including inflation:	
Locality employees	N/A
Medical cost trend rates assumption:	
Under age 65	7.00%-4.75%
Ages 65 and older	5.25%-4.75%
Year of ultimate trend rate:	
Under age 65	Fiscal year ended 2028
Ages 65 and older	Fiscal year ended 2023
Investment rate of return	3.86% including inflation*

\* Since LODA is funded on a current-disbursement basis, the assumed annual rate of return of 3.68% was used since it approximates the risk-free rate of return.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

**NOTE 10 – LINE OF DUTY ACT (LODA) PROGRAM: (CONTINUED)**

***Actuarial Assumptions (Continued)***

**Mortality Rates – Non-Largest Ten Locality Employers with Public Safety Employees**

Pre-Retirement:

Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years

Post-Retirement:

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years

Post-Disablement:

Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years

Mortality Improvement Scale:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Top 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

**NOTE 10 – LINE OF DUTY ACT (LODA) PROGRAM: (CONTINUED)**

**Net LODA OPEB Liability**

The net OPEB liability (NOL) for the LODA Program represents the program’s total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2023, NOL amounts for the LODA Program are as follows (amounts expressed in thousands):

	<u>LODA Program</u>
Total LODA OPEB Liability	\$ 406,211
Plan Fiduciary Net Position	5,311
LODA Net OPEB Liability (Asset)	<u>\$ 400,900</u>
Plan Fiduciary Net Position as a Percentage of the Total LODA OPEB Liability	1.31%

The total LODA OPEB liability is calculated by the System’s actuary, and each plan’s fiduciary net position is reported in the System’s financial statements. The net OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System’s notes to the financial statements and required supplementary information.

**Long-Term Expected Rate of Return**

The long-term expected rate of return on LODA OPEB Program’s investments was set at 3.86% for this valuation. Since LODA is funded on a current-disbursement basis, it is not able to use the VRS Pooled Investments 6.75% assumption. Instead, the assumed annual rate of return of 3.86% was used since it approximates the risk-free rate of return. This Single Equivalent Interest Rate (SEIR) is the applicable municipal bond index rate based on the Fidelity Fixed Income General Obligation 20-year Municipal Bond Index as of the measurement date of June 30, 2023.

**Discount Rate**

The discount rate used to measure the total LODA OPEB liability was 3.86%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made per the VRS Statutes and that they will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ended June 30, 2023, the rate contributed by participating employers to the LODA OPEB Program will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

**NOTE 10 – LINE OF DUTY ACT (LODA) PROGRAM: (CONTINUED)**

***Sensitivity of the Covered Employer's Proportionate Share of the Net LODA OPEB Liability to Changes in the Discount Rate***

The following presents the covered employer's proportionate share of the net LODA OPEB liability using the discount rate of 3.86%, as well as what the covered employer's proportionate share of the net LODA OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (2.86%) or one percentage point higher (4.86%) than the current rate:

	Discount Rate		
	1% Decrease (2.86%)	Current (3.86%)	1% Increase (4.86%)
Town's proportionate share of the LODA Net OPEB Liability	\$ 577,387	\$ 514,955	\$ 462,138

***Sensitivity of the Covered Employer's Proportionate Share of the Net LODA OPEB Liability to Changes in the Health Care Trend Rate***

Because the LODA Program contains a provision for the payment of health insurance premiums, the liabilities are also impacted by the health care trend rates. The following presents the covered employer's proportionate share of the net LODA OPEB liability using the health care trend rate of 7.00% decreasing to 4.75%, as well as what the covered employer's proportionate share of the net LODA OPEB liability would be if it were calculated using a health care trend rate that is one percentage point lower (6.00% decreasing to 3.75%) or one percentage point higher (8.00% decreasing to 5.75%) than the current rate:

	Health Care Trend Rates		
	1% Decrease (6.00% decreasing to 3.75%)	Current (7.00% decreasing to 4.75%)	1% Increase (8.00% decreasing to 5.75%)
Town's proportionate share of the LODA Net OPEB Liability	\$ 439,699	\$ 514,955	\$ 611,926

***LODA OPEB Fiduciary Net Position***

Detailed information about the LODA Program Fiduciary Net Position is available in the separately issued VRS 2023 Annual Comprehensive Financial Report (Annual Report). A copy of the 2023 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2023-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 11 – MEDICAL, DENTAL, AND PRESCRIPTION INSURANCE – PAY AS YOU GO (OPEB PLAN):**

***Plan Description***

In addition to the pension benefits described in Note 8 and other postemployment benefits described in Notes 9 and 10, the Town administers a single-employer defined benefit healthcare plan, the Town of Luray OPEB Plan. The plan provides postemployment health care benefits to all eligible permanent employees who meet the requirements under the Town’s pension plans. The plan does not issue a publicly available financial report.

***Benefits Provided***

Postemployment benefits are provided to eligible retirees include Medical, Dental, and Prescription insurance. The benefits that are provided for active employees are the same for eligible retirees, spouses and dependents of eligible retirees. All permanent employees of the Town who meet eligibility requirements of the pension plan are eligible to receive post-employment health care benefits.

***Plan Membership***

At July 1, 2023 (the valuation date), the following employees were covered by the benefit terms:

Total active employees with coverage	<u>35</u>
Total	<u><u>35</u></u>

***Contributions***

The board does not pre-fund benefits; therefore, no assets are accumulated in a trust fund. The current funding policy is to pay benefits directly from general assets on a pay-as-you-go basis. The funding requirements are established and may be amended by the Town Council. The amount paid by the Town for OPEB as the benefits came due during the year ended June 30, 2024 was \$0.

***Total OPEB Liability***

The Town’s total OPEB liability was measured as of July 1, 2023. The total OPEB liability was determined by an actuarial valuation as of that date.

***Actuarial Assumptions***

The total OPEB liability in the July 1, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified.

Salary Increases	2.50% increases annually
Discount Rate	3.86%
Investment Rate of Return	Not applicable

Mortality rates for Active employees and healthy retirees were based on RP-2014 Fully Generational Mortality Table, with base year 2006, using two-dimensional improvement scale MP-2021.

**NOTE 11 – MEDICAL, DENTAL, AND PRESCRIPTION INSURANCE – PAY AS YOU GO (OPEB PLAN):**  
**(CONTINUED)**

***OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources***

For the year ended June 30, 2024, the Town recognized OPEB expense in the amount of \$13,500. At June 30, 2024, the entity reported deferred outflows of resources and deferred inflows of resources related to the OPEB Plan from the following sources:

	<b><u>Deferred Outflows of Resources</u></b>	<b><u>Deferred Inflows of Resources</u></b>
Differences between expected and actual experience	\$ 300	\$ 32,700
Changes of assumptions	16,200	35,500
Total	<u>\$ 16,500</u>	<u>\$ 68,200</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the OPEB Plan will be recognized in OPEB expense in future reporting periods as follows:

**Year Ended June 30,**

2024	\$ (14,000)
2025	(12,200)
2026	(11,200)
2027	(11,300)
2028	(2,400)
Thereafter	(600)

Additional disclosures on changes in net OPEB liability, related ratios, and employer contributions can be found on the required supplementary information following the notes to the financial statements.

**NOTE 12 – SUMMARY OF OTHER POSTEMPLOYMENT BENEFIT (OPEB) PLANS:**

The following is a summary of the Town's OPEB plans as of June 30, 2024:

	<b><u>Deferred Outflows</u></b>	<b><u>Deferred Inflows</u></b>	<b><u>Net OPEB Liabilities</u></b>	<b><u>OPEB Expense</u></b>
VRS OPEB Plans:				
Group Life Insurance Plan (Note 9)	\$ 28,812	\$ 19,578	\$ 121,970	\$ 3,961
Line of Duty Act Program (Note 10)	261,606	245,514	514,955	78,751
Town Stand-Alone Plan (Note 11)	16,500	68,200	161,600	13,500
Totals	<u>\$ 306,918</u>	<u>\$ 333,292</u>	<u>\$ 798,525</u>	<u>\$ 96,212</u>

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2024 (CONTINUED)**

**NOTE 13 – DEFERRED/UNAVAILABLE REVENUE:**

Deferred/unavailable revenue represents amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Under the modified accrual basis of accounting, such amounts are measurable, but not available. Under the accrual basis, assessments for future periods are deferred. Deferred/unavailable revenue is comprised of the following:

	Governmental Activities	Governmental Funds
Deferred/unavailable revenue:		
Unavailable property tax revenue representing uncollected property tax billings that are not available for the funding of current expenditures	\$ -	\$ 155,431
2nd half assessments due in December	754,579	754,579
Prepaid property taxes due after June 30 but paid in advance by taxpayers	74,431	74,431
Total deferred/unavailable revenue	\$ 829,010	\$ 984,441

**NOTE 14 – CONTINGENT LIABILITIES (INCLUDING FEDERALLY ASSISTED PROGRAMS – COMPLIANCE AUDITS):**

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial.

**NOTE 15 – DEPOSITS AND INVESTMENTS:**

Deposits

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the “Act”) Section 2.2-4400 et. seq. of the Code of Virginia. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

Investments

Statutes authorize the Town to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), Asian Development Bank, the African Development Bank, “prime quality” commercial paper that has received at least two of the following ratings: P-1 by Moody’s Investors Service, Inc.; A-1 by Standard & Poor’s; or F1 by Fitch Ratings, Inc. (Section 2.2-4502), banker’s acceptances, repurchase agreements, and the State Treasurer’s Local Government Investment Pool (LGIP).

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2024 (CONTINUED)**

---

**NOTE 15 – DEPOSITS AND INVESTMENTS: (CONTINUED)**

**Custodial Credit Risk**

Custodial credit risk is the risk that in the event of the failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Town's investing activities are managed under the custody of the Treasurer. The Town has no policy regarding custodial credit risk.

**NOTE 16 – RISK MANAGEMENT:**

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town joined together with other local governments in Virginia to form the Virginia Risk Sharing Association (VRSA), a public entity risk pool currently operating as a common risk management and insurance program for participating local governments. The Town pays an annual premium to the Association for its workers compensation insurance. The Town also joined together with other local governments in Virginia to form the VRSA a public entity risk pool currently operating as a common property and liability program for participating local governments. The Town pays annual premiums to the Pool for its automobile, liability, property, boiler and machinery, and fidelity crime coverage.

In the event of a loss deficit and depletion of all available excess insurance, these pools may assess all members in the proportion which the premium of each bears to the total premiums of all members in the year in which such deficit occurs.

The Town continues to carry commercial insurance for employee health and accident insurance. Settled claims resulting from this risk have not exceeded commercial insurance coverage in any of the past three fiscal years.

**NOTE 17 – LITIGATION:**

At June 30, 2024, there were no matters of litigation involving the Town or which would materially affect the Town's financial position should any court decisions on pending matters not be favorable to such entities.

**NOTE 18 – INTERFUND TRANSFERS:**

Interfund transfers for the year ended June 30, 2024 consisted of the following:

	<u>Transfers In</u>	<u>Transfers Out</u>
General Fund \$	-	\$ 512,169
Water Fund	397,630	-
Sewer Fund	114,539	-
Total	<u>\$ 512,169</u>	<u>\$ 512,169</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgeting authorization.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 19 – LEASE RECEIVABLE:**

The Town entered into a noncancellable lease agreement for the Luray Depot with a lease term of 3 years and interest rate of 1.319% as the discount rate for leases. The lease agreement requires monthly payments of \$500. The Town recognized lease revenue of \$5,951 and interest revenue of \$49. As of June 30, 2024, the lease receivable balance was \$499.

**NOTE 20 – UNEARNED REVENUE:**

Unearned revenue reported in the Town's governmental activities of \$613,410 consists of grant funding received under the Coronavirus State and Local Fiscal Recovery Fund that had not been expended as of June 30, 2024.

**NOTE 21 – UPCOMING PRONOUNCEMENTS:**

Statement No. 101, *Compensated Absences*, updates the recognition and measurement guidance for compensated absences. It aligns the recognition and measurement guidance under a unified model and amends certain previously required disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2023.

Statement No. 102, *Certain Risk Disclosures*, provides users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. The requirements of this Statement are effective for fiscal years beginning after June 15, 2024.

Statement No. 103, *Financial Reporting Model Improvements*, improves key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025.

Management is currently evaluating the impact these standards will have on the financial statements when adopted.

Pension Plan  
Year Ended June 30, 2024

---

**Changes of benefit terms** – There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

**Changes of assumptions** – The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

All Others (Non-10 Largest) – Non-Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

All Others (Non-10 Largest) – Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Largest 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Schedule of Employer's Share of Net LODA OPEB Liability  
Line of Duty Act (LODA) Program  
For the Measurement Dates of June 30, 2017 through June 30, 2023

Date (1)	Employer's Proportion of the Net LODA OPEB Liability (Asset) (2)	Employer's Proportionate Share of the Net LODA OPEB Liability (Asset) (3)	Covered- Employee Payroll * (4)	Employer's Proportionate Share of the Net LODA OPEB Liability (Asset) as a Percentage of its Covered-Employee Payroll (3)/(4) (5)	Plan Fiduciary Net Position as a Percentage of Total LODA OPEB Liability (6)
2023	0.12850%	\$ 514,955	\$ 870,568	59.15%	1.31%
2022	0.13120%	\$ 496,382	\$ 774,448	64.09%	1.87%
2021	0.10940%	482,489	712,165	67.75%	1.68%
2020	0.10390%	435,024	720,296	60.40%	1.02%
2019	0.12095%	433,952	514,229	84.39%	0.79%
2018	0.11719%	368,000	677,057	54.35%	0.60%
2017	0.09995%	263,000	671,497	39.17%	1.30%

\* The contributions for the Line of Duty Act Program are based on the number of participants in the Program using a per capita-based contribution versus a payroll-based contribution. Therefore, covered-employee payroll is the relevant measurement, which is the total payroll of the employees in the OPEB plan.

Schedule is intended to show information for 10 years. Information prior to the 2017 valuation is not available. However, additional years will be included as they become available.

	Contractually Required Contribution (1)	Relation to Contractually Required Contribution (2)	Contribution Deficiency (Excess) (3)	Covered- Employee Payroll * (4)	
2024	\$ 21,580	\$ 21,580	\$ -	\$ 678,560	3%
2023	17,046	17,046	-	870,568	2%
2022	18,064	18,064	-	774,448	2%
2021	15,064	15,064	-	712,165	2%
2020	14,115	14,115	-	720,296	2%
2019	16,233	16,233	-	514,229	3%
2018	12,482	12,482	-	677,057	2%
2017	10,780	10,780	-	671,497	2%
2016	9,858	9,858	-	666,044	1%
2015	9,858	9,858	-	678,595	1%

\* The contributions for the Line of Duty Act Program are based on the number of participants in the Program using a per capita-based contribution versus a payroll-based contribution. Therefore, covered-employee payroll is the relevant measurement, which is the total payroll of employees in the OPEB plan.

Notes to Required Supplementary Information  
Line of Duty Act (LODA) Program  
Year Ended June 30, 2024

---

**Changes of benefit terms** – There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

**Changes of assumptions** – The actuarial assumptions used in the June 30, 2022 valuation were based on results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020. Changes to the actuarial assumptions as a result of the experience study are as follows:

**Employees in the Non-Largest Ten Locality Employers with Public Safety Employees**

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Top 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change

Year Ended June 30, 2024

---

Valuation Date: 7/1/2023  
Measurement Date: 7/1/2023

No assets are accumulated in a trust that meets the criteria in GASB 75 to pay related benefits.

*Methods and assumptions used to determine OPEB liability:*

Actuarial Cost Method	Entry age actuarial cost method
Discount Rate	3.86% as of July 1, 2023, representing the Municipal GO AA 20-year yield curve rate as of the measurement date.
Healthcare Trend Rate	6.50% for fiscal year end 2024 , decreasing 0.25% per year to an ultimate rate of 5.00%
Salary Increase Rates	2.50% as of July 1, 2021
Retirement Age	The average age at retirement is 62
Mortality Rates	RP-2014 Fully Generational Mortality Table, with base year 2006, using two-dimensional improvement scale MP-2021.

## **STATISTICAL INFORMATION**

## STATISTICAL SECTION

### Contents

### Tables

#### Financial Trends

These tables contain trend information to help the reader understand how the Town's financial performance and well-being have changed over time.

1 - 6

#### Revenue Capacity

These tables contain information to help the reader assess the factors affecting the Town's ability to generate its property and sales taxes.

7 - 10

#### Debt Capacity

These tables present information to help the reader assess the affordability of the Town's current levels of outstanding debt and the Town's ability to issue debt in the future.

11 - 14

#### Demographic and Economic Information

This table offers demographic and economic indicators to help the reader understand the environment within which the Town's financial activities take place and to help make comparisons over time and with other governments.

15

#### Operating Information

These tables contain information about the Town's operations and resources to help the reader understand how the Town's financial information relate to the services the Town provides and the activities it performs.

16 - 19

#### *Sources:*

Unless otherwise noted, the information in these tables is derived from the comprehensive annual financial reports for the relevant year. The Town implemented GASB Statement 34 in fiscal year 2001; schedules presenting government-wide information include information beginning in that year.

## **COMPLIANCE**

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

---

**THE HONORABLE MEMBERS OF  
THE TOWN COUNCIL  
TOWN OF LURAY, VIRGINIA**

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, the business-type activities, and each major fund of Town of Luray, Virginia, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Town of Luray, Virginia's basic financial statements, and have issued our report thereon dated October 28, 2024.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Town of Luray, Virginia's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Town of Luray, Virginia's internal control. Accordingly, we do not express an opinion on the effectiveness of Town of Luray, Virginia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

## Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Town of Luray, Virginia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON  
INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

---

**THE HONORABLE MEMBERS OF  
THE TOWN COUNCIL  
TOWN OF LURAY, VIRGINIA**

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited the Town of Luray, Virginia's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Town of Luray, Virginia's major federal programs for the year ended June 30, 2024. Town of Luray, Virginia's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Town of Luray, Virginia complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Town of Luray, Virginia and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Town of Luray, Virginia's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Town of Luray, Virginia's federal programs.

## ***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Town of Luray, Virginia's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Town of Luray, Virginia's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Town of Luray, Virginia's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Town of Luray, Virginia's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Town of Luray, Virginia's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Notes to Schedule of Expenditures of Federal Awards:

NOTE A - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the Town of Luray, Virginia under programs of the federal government for the year ended June 30, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Town of Luray, Virginia, it is not intended to and does not present the financial position, change in net position, or cash flows of the Town of Luray, Virginia.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principals contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The Town of Luray, Virginia has elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Pass-through identifying numbers are presented where available.

NOTE C - SUBRECIPIENTS

No awards were passed through to subrecipients.

NOTE D - LOANS

The Town did not have any loans or loan guarantees which are subject to reporting requirements in the current year.

NOTE E - RELATIONSHIP TO FINANCIAL STATEMENTS

Federal expenditures, revenues, and capital contributions are reported in the Town's basic financial statements as follows:

Intergovernmental federal revenues per the basic financial statements:

Primary government:	
Governmental funds	
General fund	\$ 1,017,180
Special revenue fund - CDBG	24,500
Total primary government	\$ 1,041,680
Total federal expenditures per the Schedule of Expenditures of	
Federal awards	\$ 1,041,680
