City of Richmond

LEVAR M. STONEY
MAYOR

November 5, 2020

Members of the Governing Council and Residents of the City of Richmond, Virginia:

We are pleased to present the City of Richmond, Virginia's (City) Comprehensive Annual Financial Report (CAFR) for the fiscal year (FY) ended June 30, 2020. This report is intended to provide informative and relevant financial data to the residents of the City, the City Council, investors, creditors, and any other interested reader. It includes all statements and disclosures necessary for the reader to obtain a thorough understanding of the City's financial activities. The reader should pay particular attention to the required Management's Discussion and Analysis – a narrative overview and analysis of the financial statements – included in this document. Any individual with comments or questions concerning this report is encouraged to contact the City of Richmond's Department of Finance at (804) 646-7000. This report may also be found online at www.richmondgov.com/finance.

The financial statements included in this report conform to the accounting principles generally accepted in the United States of America (GAAP) established by the Governmental Accounting Standards Board (GASB). The City's management is responsible for the establishment and maintenance of accounting and other internal controls to accomplish three purposes: ensuring compliance with applicable laws and City policies, safeguarding assets, and properly recording reliable information for the preparation of the City's financial statements in accordance with GAAP. City management is responsible for the accuracy and fairness of the presentation of the financial statements and other information as presented herein and, to the best of management's knowledge, the data presented in this report is accurate in all material respects.

CliftonLarsonAllen LLP (CLA), a certified public accounting firm, audited the City's basic financial statements. As an independent auditor, CLA rendered an unmodified opinion stating that the City's basic financial statements for the fiscal year ended June 30, 2020 are fairly presented in all material respects and in conformity with GAAP. The report of independent auditors is presented as the first component of the Financial Section of this report.

Overview of the City of Richmond, Virginia

The City, incorporated in 1782, is a municipal corporation of the Commonwealth of Virginia and is the state capital. The City occupies 62.55 square miles and serves a growing population of 230,436 as of the U.S. Census Bureau's 2019 annual population estimate. In the Commonwealth, cities have sole jurisdiction over the entire area within their boundaries and operate independently of any county government. There are no overlapping jurisdictions and, consequently, residents of Virginia cities are not subject to overlapping debt or taxation.

Richmond, because of its location in the middle of the eastern seaboard, is within 750 miles of two-thirds of the nation's population and less than 100 miles from the nation's capital. The City is ideally suited as a commerce hub because of the intersection of Interstates 95, 64, and 295, two major rail freight lines, and Amtrak passenger service. The Port of Richmond and Richmond International Airport provide water and air transportation services to the region's residents and businesses.

The results are a diverse economic base that includes research and development, manufacturing, retail, services, law, distribution, tourism, banking, and state government, which contributes to a stable and positive business environment. Richmond is home to the Fifth District Federal Reserve Bank, one of 12 Federal Reserve Banks, and is also home to the Fourth Circuit U.S. Court of Appeals, one of 13 in the United States. Richmond has eleven Fortune 1000 companies headquartered in the region including seven Fortune 500 firms – Altria Group, CarMax, Performance Food Group, Dominion Energy, Owens & Minor, Genworth Financial, and Markel.

City of Richmond

Accolades bestowed on the City in 2019-2020 include the following: Richmond was named a top U.S. City of the Future for Foreign Direct Investment (*fDi Magazine*, July 2019); Richmond was named one of the 10 Cities to Watch in 2020 (*Worth Magazine*); and the #3 Best City (Outside Silicon Valley) For Your Next Startup (*BroadbandNow*, February 2019).

Several higher education institutions, including Virginia Union University, Union Theological Seminary & Presbyterian School of Christian Education, University of Richmond, including its law school, J. Sergeant Reynolds Community College, and Virginia Commonwealth University (VCU), including its health system schools, are located within the City. VCU is home to nationally ranked graduate and professional programs.

This active educational environment supports the City's flourishing cultural community, numerous sports and entertainment attractions, and one of the nation's largest river park systems. The Virginia Museum of Fine Arts, located in the City's Fan District, is home to the largest public Fabergé collection outside Russia, and is considered a world class public museum. The Richmond Flying Squirrels, the Minor League AA affiliate of the San Francisco Giants Major League Baseball team, play at The Diamond in Richmond, and Richmond has served as home for the Washington Redskins' summer training camp.

The James River, which runs through Richmond, has made the City the only urban U.S. city with Class IV white water rapids running through downtown. The City's James River Park system, with 550 acres, is a large part of the reason *The Huffington Post* called Richmond "one of the top 10 cities to relocate to in the U.S."

Profile of the Government

On January 1, 2005, the City government was re-organized under a strong Mayor-Council form of government, wherein the mayor serves as the chief executive officer and is responsible for the proper administration of city government.

The City remains focused on being a welcoming, inclusive, diverse, innovative, and equitable City that ensures a high quality of life for all, moving toward the goal of becoming "One City" with a Triple-A (AAA) bond rating. The City has maintained strong credit ratings in recent years, and in February 2020, Moody's Investor Services upgraded the City's outstanding general obligation debt rating to Aa1. As Standard & Poor's and Fitch Ratings both reaffirmed the City's AA+ rating, the City's ratings from all three of the major rating agencies fall only one notch below the highest possible rating. As this CAFR outlines, the City continues to make progress and is well on its way to achieving the primary goals of managing to balanced budgets and increasing the unassigned fund balance, maintaining existing tax rates, increasing delinquent tax collections, and reducing spending.

The City's daily operations are directed by a Chief Administrative Officer who is appointed by the Mayor and subject to the consent of a majority of the members of Council. The Chief Administrative Officer serves at the pleasure of the Mayor, carries out the City Council's policies, and appoints administrative department heads as well as other officers and employees of the administration.

The Council establishes local laws, provides government policy and oversight, and approves the City budget. The Council is comprised of nine members elected from single member districts to serve four year terms. The President of Council and the Vice-President are selected by a majority vote of its members every two years. The Council appoints the City Assessor, City Auditor, Inspector General, and City Attorney. The City Attorney serves as the legal advisor to the Council, City administration, boards, commissions, and agencies of the City.

The City provides a full range of general governmental services for its residents. These services include police and fire protection, sanitation services, the construction and maintenance of roads, streets and other infrastructure, recreational activities, and cultural events. In addition to general government activities, the City's gas, water and wastewater utilities are regional providers of services to customers in the City as well as in the surrounding counties. The City government also provides the majority of the funding for the public schools systems, though the schools are operated by a legally distinct entity and a separately elected school board.

City of Richmond

The City's CAFR includes all funds of the City, the primary government, as well as all of its component units. Five discretely presented component units (the Richmond Ambulance Authority, Richmond Redevelopment and Housing Authority, Richmond Behavioral Health Authority, School Board of the City of Richmond, and the Richmond Economic Development Authority) are included in the reporting entity because of the City's financial accountability for these organizations. These component units are reported in separate columns in the City's basic financial statements. Additional information concerning these legally separate organizations can be found in the notes to the financial statements.

Budget Process

The budget serves as the foundation for the City's financial planning and spending control. The City adopts an annual budget. The proposed Fiscal Year 2020 budget was presented to City Council in March 2019. City Council undertook an intensive review of the proposed budget in a series of public meetings and outlined their policy priorities. Prior to adopting the 2020 budget, a public hearing was held in April with budget adoption in May 2019.

Legal budgetary restrictions for Fiscal Year 2020 were established at the governmental function (e.g. Department of Finance), with effective administrative controls maintained through detailed line-item budgets. Some agencies also maintained subtotal portions of their appropriations at the program/cost center level (e.g. Sheriff's Office) or service code level (e.g. Department of Public Works). Any revisions that alter the total budgeted amounts and/or appropriations of any fund must be approved by the City Council. Budget to actual comparisons are provided in this report for governmental funds where an appropriated budget has been adopted. These comparisons are presented in the "Other Required Supplementary Information" section of the financial statements.

Expenditures

Most agencies did stay within range of their amended budget. Exhibit H-1 located in the financial section of this report provides budgetary comparison information for the City's General Fund agencies.

Revenue

As part of the City's Well Managed Government building blocks, many improvements have been made in the area of financial management. The City has continued to build on improvements made during prior years, including continued utilization of a five-year forecast for financial planning and the implementation of a comprehensive tax compliance plan.

General Fund revenues and other financing sources were over budget by \$9.1 million for fiscal year ended June 30, 2020.

Economic Overview

The national, state, and city economies were in a solid position heading into the COVID-19 pandemic, which had a significant dampening effect on the final quarter of FY2020. The national unemployment rate was 11.1% as of June 2020, 7.4% higher than the 3.7% rate a year ago. At the local level, Richmond's economy was strong heading into the months of April, May, and June. The City unemployment rate, was 9.2% for the month ending June 2020. This was 0.8% higher than the Virginia rate of 8.4%.

The City's economy, which had been showing steady growth, was and continues to be impacted by COVID-19. On March 30, 2020, the Governor issued a statewide Stay at Home executive order to protect the health and safety of Virginians and mitigate the spread of COVID-19 through June 10, 2020. On May 8, 2020, Governor Northam presented a detailed, multi-phased plan entitled "Forward Virginia". Phase One, "Safer at Home", became effective on May 15, 2020. Phase One had considerable

City of Richmond

economic impacts on Richmond given the necessary limitations imposed on restaurants, bars, gyms, entertainment, and other businesses.

Phase Two of “Forward Virginia” became effective on June 5, 2020. This Executive Order continued recommendations for teleworking, social distancing, and required that masks be worn in all indoor public settings. These re-openings provided some additional economic activity to Richmond – but non-essential retail, personal grooming services, and more were still shut down in Phase Two. As of the end of the 2020 Fiscal Year, Richmond and Virginia remained in Phase Two with plans to enter Phase Three beginning July 1, 2020.

Like some other urban areas throughout the country, Richmond has seen a resurgence of people moving back into the City. The City’s population has grown each year since 2004 reaching 230,436 in 2019, according to US Census Bureau estimates.

There were a number of economic development initiatives underway during FY2020. Business attraction, retention and expansion efforts by the Department of Economic Development resulted in \$68 million of new capital investment announced in the City including GlaxoSmithKline Consumer Healthcare’s expanded research and development facility, Shamin Hotels corporate headquarters, and Cameramatics establishing its U.S. operations in Richmond. New mixed-used and multifamily residential projects continue to move forward in Richmond including The River’s Edge II (344 units / \$75 million) in Manchester and Scott’s Collection (390 units / \$82 million) in Scott’s Addition. Virginia Commonwealth University continues to invest in new facilities with its announced \$121 million STEM facility.

The growth of the Life Sciences industry continues to be a strategic priority for the City. Phlow Corporation, a Richmond based start-up, was awarded a \$354 million contract to manufacture essential medicines, including medicines for the COVID-19 pandemic response. Phlow Corporation’s contract has the potential to increase to \$812 million. Phlow Corporation’s presence in Richmond has increased the profile of the City as a location for life science innovation and opportunity.

In June 2018, service began for the Greater Richmond Transit Company’s Pulse, a rapid transit system serving a 7.6 mile route along Broad and Main Street, which has a goal of adding over \$1 Billion in additional assessed value over 20 years.

Major Initiatives and Accomplishments: Well Managed Government

The City Administration outlined a vision of making Richmond One City through a series of changes in the way government operates. This vision included running a top-notch, well managed organization grounded in accountability and strong financial management that serves the community, runs the business, manages resources and develops employees.

Throughout the fiscal year, a number of proactive financial reporting actions were continued through FY2020, including the continued utilization of a five-year revenue and expenditure forecast, monthly financial reports and quarterly budget projections, and introduction and adoption of a structurally balanced budget that maintains core services, protects the fiscal integrity of the City, ensures the City is poised for future growth, and budgets for priorities. Moving forward to FY2020, the Administration will continue to expand on these accomplishments, making strides toward achieving the goal of a well-managed government with an AAA bond rating.

Financial Policies and Guidelines

The following policies and guidelines represent principles and practices that guide the City and help to foster the City’s financial stability. These are not the only financial guidelines, but are those that have had a major impact in recent years or will have a major impact on the City’s future financial positions. For a complete listing of the City’s Financial Guidelines, please see the City’s website www.richmondgov.com.

City of Richmond

Fund Balance Guidelines

As of June 30, 2020, the General Fund Unassigned Fund Balance was \$112.77 million, which equals 15.2 percent of the adopted FY2021 General Fund budgeted expenditures, including transfers. The City considers the Unassigned Fund Balance to be comprised of funds that have no limitations or restrictions or planned use.

The City has had a fund balance policy in place since 1988. On December 11, 2017, the City Council adopted a revised unassigned fund balance policy, which states:

- It is the goal of the City that the total of the “rainy day” fund be equal to at least 16.67 percent of budgeted general fund operating expenses for the latest fiscal year for which the City Council has adopted a general fund budget.
- It is the goal of the City that the unassigned fund balance be equal to at least 13.67 percent of budgeted general fund operating expenses for the latest fiscal year for which the City Council has adopted a general fund budget.
- It is the goal of the City that the Budget and Revenue Stabilization Contingency Reserve be equal to three percent of budgeted general fund operating expenses for the latest fiscal year for which the City Council has adopted a general fund budget.
- It is the policy of the City that appropriations be made from the unassigned fund balance only when catastrophic, unforeseen, or unavoidable events cause a reduction in revenue or an increase in expenditures, either or both.

Debt Guidelines

The City originally adopted a resolution in 1989 establishing guidelines for the planning, issuance and management of debt, for and on behalf of the City. These policy guidelines were revised by resolution adopted on December 11, 2017. The City issues debt for the purpose of acquiring and constructing capital projects and for making major renovations to existing capital assets.

It is the policy of the City to provide operating funds for projects that are perennial and/or of an ongoing maintenance type activity. In addition, it is the policy of the City that general fund supported debt, including bonds and notes authorized but unissued, will be limited by any of the following adopted policies:

- Total debt service to be paid on general obligation, moral obligation, and subject to appropriation debt shall not exceed 10 percent of the General Fund and Richmond Public Schools’ budgets plus the non-local portion of the recurring special fund for Street Maintenance.
- General obligation, moral obligation, and subject to appropriation debt will not exceed 3.75 percent of the assessed value of real estate, personal property, and machinery and tools in the City.
- General Fund supported debt will be structured in a manner such that 60 percent of the outstanding debt will be repaid within ten years.
- The City will issue General Fund supported debt with an average life consistent with the useful life of the asset being financed and with a maximum term of 30 years.
- It is a goal of the City to provide cash funding from annual operating funds for a portion of the City’s five-year Capital Improvement Plan (pay-as-you-go funding).

City of Richmond

A. No Overlapping Debt

The City is a separate and distinct political unit and is autonomous and independent of any county or any other political subdivision of the Commonwealth. The City is not coterminous with or subject to any county or school district taxation and is not liable for any indebtedness other than its own.

B. Legal Debt Margin

Article VII, Section 10 of the Constitution of Virginia provides that the legal general obligation debt limit for cities is ten percent of the last preceding assessment for real estate taxes. At June 30, 2020 the City had a legal debt limit of \$2,706,264,400 and the statutory capacity to issue approximately \$1,861,697,855 of additional general obligation debt.

The City's legal debt margin is computed as follows:

10% of assessed value of taxable real estate as of January 1, 2020 ¹	\$ 2,706,264,400
Less: bonds and notes payable ²	(844,566,545)
Legal margin for creating additional debt	<u>\$ 1,861,697,855</u>

¹ Source: City Assessor of Real Estate

² Does not include \$846,577,565 of Richmond Public Utility Revenue Bonds that by State law are not required to be included in calculations for legal margin for creation of debt.

C. Short-Term Debt

As of June 30, 2020, the City had a Bond Anticipation Note Line of Credit Facility (BAN) in place in the amount of \$60.0 million to finance new school construction projects. The City does not borrow to meet seasonal needs or day-to-day operations.

D. Long-Term Debt

Bonds of the City, including general obligation bonds, serial equipment notes and certain public utility bonds, and bond anticipation notes are direct general obligations, to which the full faith and credit of the City are pledged. The Council is authorized and required, unless other funds are lawfully available and appropriated for timely payment, to levy and collect on all property taxable by the City such ad valorem taxes as may be necessary to pay when due the principal of, premium, if any, and interest on such bonds and notes as the same shall become due and payable. The City has never defaulted in the payment of principal, premium, or interest on any debt.

Enterprise Funds and Internal Service Funds pay from user fees the principal of and interest on certain general obligations bonds, revenue bonds and serial equipment notes issued for the program purposes of each fund. All other monies for the principal of and interest on such debt are appropriated in the General Fund budget. No long-term bonds are sold to finance current operations.

E. Authorized but Unissued Bonds and Notes

As of June 30, 2020, the City had a total of \$306,558,732 of additional general obligation and revenue bonds authorized but not issued, for funding Capital Improvement Projects and the acquisition of Equipment. Of these authorized but not issued bonds and notes, \$171,953,549 is earmarked for self-supporting Public Utility revenue bond funded projects, \$12,841,722 of General Obligation bond funded projects of the Stormwater Utility, \$114,609,462 for various General Fund supported capital projects, and \$7,153,999 for funding of equipment purchases.

City of Richmond

Acknowledgements

The preparation of this report could not have been accomplished without the dedicated services of the entire staff of the Department of Finance. We would like to express our particular appreciation to all members of the Accounting and Reporting Division who directly assisted and contributed to its preparation. We would also like to thank the City Council for their interest, guidance, and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Sincerely,

Levar M. Stoney
Mayor

Lenora G. Reid, CPA

MANAGEMENT REPORT ON RESPONSIBILITY FOR FINANCIAL REPORTING

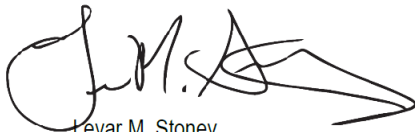

The management of the City of Richmond, Virginia has the responsibility for preparing the accompanying financial statements with integrity and objectivity. The School Board of the City of Richmond, Economic Development Authority of the City of Richmond, Virginia, Richmond Ambulance Authority, Richmond Behavioral Health Authority, and Richmond Redevelopment and Housing Authority are under the direct control of their respective governing boards and management. The financial statements were prepared in accordance with accounting principles generally accepted in the United States of America and, to the best of our knowledge, are not materially misstated. The financial statements include amounts that are, in some instances, based on management's best estimates and judgments. Management also prepared the statistical information in this annual report and is responsible for its accuracy and consistency with the financial statements.

The City's financial statements have been audited by CliftonLarsonAllen, LLP, independent certified public accountants, selected by the City Council. Management has made available to CliftonLarsonAllen, LLP, all of the City's financial records and related data as well as the minutes of the City Council meetings. Furthermore, management believes that all representations made to CliftonLarsonAllen, LLP during its audit were valid and appropriate.

Management of the City is responsible for establishing and maintaining a system of internal controls that provides reasonable assurance as to the integrity and reliability of the financial statements, the protection of assets from unauthorized use or disposition, and the prevention and detection of fraudulent financial reporting. The system of internal controls should provide for appropriate division of responsibility that is communicated to employees with significant roles in the financial reporting process and updated as necessary. Management continually monitors the system of internal controls for compliance.

The City maintains an internal program through the City Auditor. The City Auditor independently assesses the effectiveness of internal controls and recommends possible improvements thereto. Management has considered the City Auditor's and CliftonLarsonAllen, LLP's recommendations concerning the City's system of internal control and has taken actions that we believe are cost-effective in the circumstances to respond appropriately to these recommendations.

Management also recognizes its responsibility for fostering a strong ethical climate so that the City's affairs are conducted according to the highest standards of personal and City conduct. Management communicates ethical standards to employees through personnel rules, administrative regulations, and city law.

INDEPENDENT AUDITORS' REPORT

The Honorable Members of City Council
The City of Richmond, Virginia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Richmond, Virginia (the City), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the following aggregate discretely presented component units: Richmond School Board, Richmond Economic Development Authority, and Richmond Behavioral Health Authority, which represent 61 percent, 209 percent, and 82 percent, respectively, of the assets and deferred outflows of resources, fund balance/net position, and revenues of the aggregate discretely presented component units. We also did not audit the financial statements of the Richmond Retirement System, which represent 63 percent, 76 percent, and 24 percent, respectively, of the assets and deferred outflows of resources, fund balance/net position, and revenues of the aggregate remaining fund information of the City. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amount included for Richmond School Board, Richmond Economic Development Authority, Richmond Behavioral Health Authority and Richmond Retirement System, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *Specifications for Audits of Counties, Cities and Towns*, issued by the Auditor of Public Accountants of the Commonwealth of Virginia (Specifications). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison schedule – general fund, notes to the budgetary comparison schedule – general fund, and the pension and OPEB information as identified in the accompanying table of contents, be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. This required supplementary information is the responsibility of management. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Richmond's basic financial statements. The combining non-major, internal service, and fiduciary fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Honorable Members of City Council
The City of Richmond, Virginia

The combining non-major, internal service, and fiduciary fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining non-major, internal service, and fiduciary fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical section, as listed in accompanying table of contents, have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 5, 2020, on our consideration of the City of Richmond, Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF RICHMOND, VIRGINIA
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Fiscal Year Ended June 30, 2020
(Unaudited)

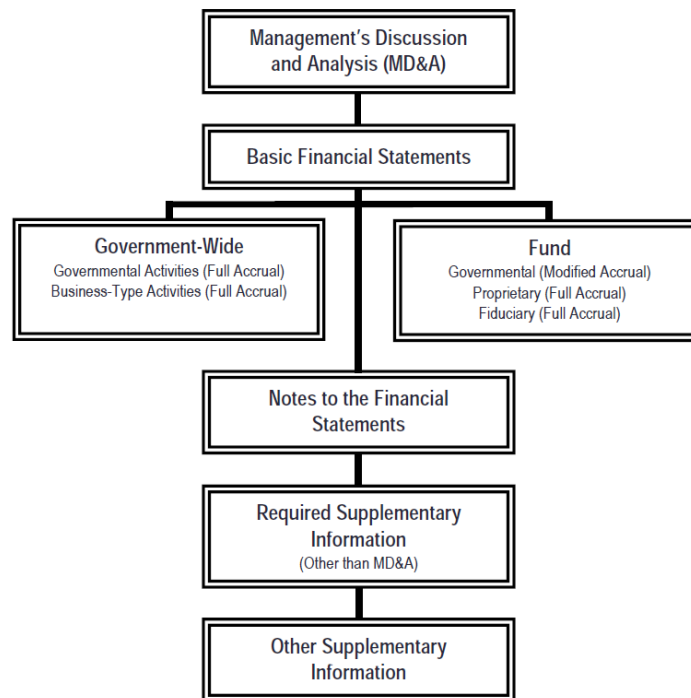

The following discussion and analysis provided by the City's management presents a narrative overview and analysis of the financial activities of the City through the presentation of its Comprehensive Annual Financial Report (CAFR) for the Fiscal Year ended June 30, 2020. City management encourages readers to consider the information presented here in conjunction with the information presented in the Transmittal Letter at the front of this report and the City's Basic Financial Statements which follow this section.

FINANCIAL HIGHLIGHTS FOR FISCAL YEAR 2020

- The City's General Fund reported an ending Fund Balance of \$166.6 million, an increase of \$14.6 million or 9.6 percent compared to the prior year. Of the total General Fund balance: \$8.8 thousand is Nonspendable, \$20.0 million is Committed to Revenue Stabilization, \$90.6 thousand committed to School Board Operations, \$2.0 million is Assigned to subsequent years' Expenditures, \$8.5 million to Capital Reserve, \$0.3 million for the Arts, \$15.8 million for School Facilities, \$0.7 million for Unspent Building Code Fees, \$0.1 million for the Equity Study, \$547.6 thousand for COVID-19 Contingencies, \$5.8 million for OPEB Trust Fund and \$112.8 million is Unassigned. The Unassigned Fund Balance represents 15.4 percent of actual Expenditures and Transfers out of \$732.6 million. The Unassigned Fund Balance exceeds the City's fiscal policy guidelines.
- The City's total taxable assessed value for Real and Personal Property including Machinery and Tools increased by \$4,447.6 million or 17.8 percent.
- The City's General Obligation Bond rating was upgraded to Aa1 by Moody's and was reaffirmed as AA+ by both Standard and Poor's and Fitch Ratings, with a stable outlook.
- At the end of the Fiscal Year, the City's Assets and Deferred Outflows of Resources exceeded Liabilities and Deferred Inflows of Resources by \$1,085.5 million. Net Position was comprised mainly of \$820.4 million attributable to the City's Net Investment in Capital Assets, \$66.0 million in Restricted and \$199.1 million in Unrestricted.
- The City's Cigarette Tax, which was implemented July 1, 2019, with a \$0.50 tax per pack of 20 cigarettes yielded revenues of \$3.9 million.
- The City expanded the Real Estate Tax Relief for the Elderly and Disabled Program. The income allowable increased to \$60,000 and the net worth allowable increased to \$350,000. Additionally, credit percentage guidelines increased in most income categories, with those with income between \$50,001 and \$60,000 becoming newly eligible in 2020.
- The Richmond Public Library suspended fines as of February 28, 2020, to increase accessibility to under served communities.
- Net Position for Governmental Activities increased \$29.9 million or 13.5 percent compared to the prior year.
- For this Fiscal Year, General Fund Revenues and Financing Sources were \$747.2 million. General Fund Expenditures and Other Financing Uses were \$732.6 million. City Taxes accounted for 72.8 percent of Revenue.
- The City's Business-Type Activities Net Position increased by \$15.8 million or 1.9 percent.

OVERVIEW OF THE FINANCIAL STATEMENTS

The City's CAFR consists of three sections: Introductory, Financial and Statistical. As illustrated in the following chart, the financial section of this report consists of five components: Management's Discussion and Analysis (this section), the Basic Financial Statements, Notes to the Financial Statements, Required Supplementary Information and Other Supplementary Information.

The City's financial statements present a focus on the City as a whole (Government-Wide) as well as the major individual funds. The Government-Wide financial statements provide both long-term and short-term information about the City's overall financial status. The Fund financial statements focus on the individual parts of the City government, reporting the operations of the City in more detail than the government-wide statements. Both perspectives, Government-Wide and individual Fund, allow the user to address relevant questions, broaden the basis for comparisons year to year or government to government and enhance the City's accountability.

Government-Wide Financial Statements

The Government-Wide financial statements are designed to provide readers with a broad overview of the City's finances in a manner similar to a private-sector business. Government-Wide financial reporting consists of two statements: the Statement of Net Position and the Statement of Activities. The Statement of Net Position includes all of the City's Assets and Liabilities, both short-term and long-term, while the Statement of Activities reports all of the current year's Revenues and Expenses as soon as the underlying event for recognition occurs, regardless of the timing of the related cash flows. Over time, the increases or decreases in the City's Net Position can be an indicator of the City's financial condition. CAFR users should also consider additional non-financial factors in assessing the overall health of the City.

The City's Government-Wide financial statements are divided into three categories:

- **Governmental Activities** – Most of the City's basic services including Police, Fire, Economic and Community Development, Parks, Recreation and Community Facilities, Social Services and General Administration are reported here. The majority of these activities are supported by property taxes, other local taxes and federal and state funding.
- **Business-Type Activities** – The City's Gas, Water, Wastewater, Stormwater, Parking and Cemeteries are reported here. Fees are charged to customers to help cover the costs of providing these services.

- **Component Units** – Five separate legal entities are included in this report: Richmond School Board, Richmond Economic Development Authority, Richmond Ambulance Authority, Richmond Behavioral Health Authority and Richmond Redevelopment and Housing Authority. Although legally separate, these component units are important because the City is financially accountable for them, and may provide significant operating or capital funding, or both.

Fund Financial Statements

The Fund financial statements provide detailed information about the City's most significant funds and not the City as a whole. Funds are an accounting tool that the City uses to track resources that are segregated for specific activities or objectives. Some funds are required by state law or by bond covenants. Other funds are established to control and manage money for particular purposes or to show that the City is using specific revenue sources such as taxes and grants for their intended purposes. The City has three types of funds: Governmental, Proprietary and Fiduciary.

- **Governmental Funds** – The General Fund, Debt Service Fund, Capital Projects Fund, Special Revenue funds and Permanent Funds are Governmental Funds. These Funds' statements focus on near-term inflows and outflows of spendable resources as well as balances of spendable resources available at the end of the Fiscal Year. Additional information is provided accompanying these statements that explains the relationship between the long-term focused Government-Wide statements and the short-term focused Governmental Fund statements.
- **Proprietary Funds** – Services for which the City charges customers a fee are generally reported in Proprietary Funds. Like the Government-Wide statements, Proprietary Fund statements provide both long and short-term financial information. The City maintains two types of Proprietary Funds:
 - **Enterprise Funds** – Similar to Business-Type Activities included in the Government-Wide statements, the Enterprise Fund financial statements provide more detail and additional information such as Cash-Flow.
 - **Internal Service Funds** – The City uses Internal Service Funds to report activities that provide supplies and services for the City's other programs and activities.
- **Fiduciary Funds** – Fiduciary Funds are used to account for resources held for the benefit of parties outside the government. These Fiduciary activities are excluded from the City's Government-Wide financial statements because the City cannot use these assets to finance its operations. The City maintains two Fiduciary Funds:
 - **Trust Funds** – Provides Retirement and Disability Benefits for all vested full time employees under a City deferred compensation plan created in accordance with the Internal Revenue Code Section 457.
 - **Agency Funds** – Agency Funds are custodial in nature and do not present results of operations or have a measurement focus. The Agency Funds consist of the Assets and Liabilities of several organizations for which the City serves as Fiscal Agent, such as the Department of Parks, Recreation and Community Facilities, the Department of Public Works and the Law Department.

Notes to the Financial Statements

The notes to the financial statements provide information that is essential for a full understanding of the information provided in the Government-Wide and Fund financial statements. The notes also present certain Required Supplementary Information.

GOVERNMENT-WIDE ANALYSIS

Net Position

FY2020, Total Assets for the Primary Government were \$3,549.2 million, an increase from prior year total Assets by \$308.7 million. Total Assets for only Governmental Activities were \$1,611.4 million, up by \$159.6 million or 11.0 percent. Total Assets from Business-Type Activities increased by \$148.9 million and were still predominant in FY2020, accounting for 54.6 percent of total Primary Government Assets compared to 55.2 percent in FY2019.

Total Liabilities were \$2,594.5 million up \$314.6 million from \$2,279.9 million in FY2019. Total Liabilities associated with Governmental Activities increased by \$200.2 million up 15.6 percent while total Liabilities associated with Business-Type Activities increased \$114.4 million or 11.5 percent.

Total Net Position was \$1,085.5 million up \$45.7 million over the prior year's balance. Table 1 summarizes the City's Government-Wide Net Position at June 30, 2020 and 2019.

Note - Immaterial rounding differences between the tables in the MD&A and the Exhibits in the Financial Statements may exist.

Activities

In FY2020, total Primary Government Revenues were \$1,190.8 million, which reflects no change from prior year. Program Revenues (Charges for Service, Grants, and Contributions) of \$615.9 million accounted for 51.7 percent of all Primary Government Revenues, while property and other local taxes attributable to Governmental Activities accounted for \$541.5 million, most of the remainder. Total Revenues for all Governmental Activities were \$816.6 million. Governmental Activities' Program Revenues of \$250.8 million accounted for 30.7 percent.

Total Expenses for Primary Government were \$1,117.3 million. Four activities: General Government, Public Safety and Judiciary, Education, and Business-Type Activities accounted for the following amounts and percentages: \$101.9 million (9.1 percent), \$279.6 million (25.0 percent), \$181.4 million (16.2 percent), and \$299.9 million (26.8 percent), respectively. Table 2 summarizes the City's Government-Wide Activities for the years ended June 30, 2020 and 2019.

GENERAL FUND

The General Fund is by far the City's largest governmental Fund and, therefore, deserves special attention. Total Revenues and Other Financing Sources totaled \$747.2 million in FY2020, an increase of \$31.4 million from the prior year. Property and other local taxes accounted for \$538.2 million or 72.8 percent of total Revenues

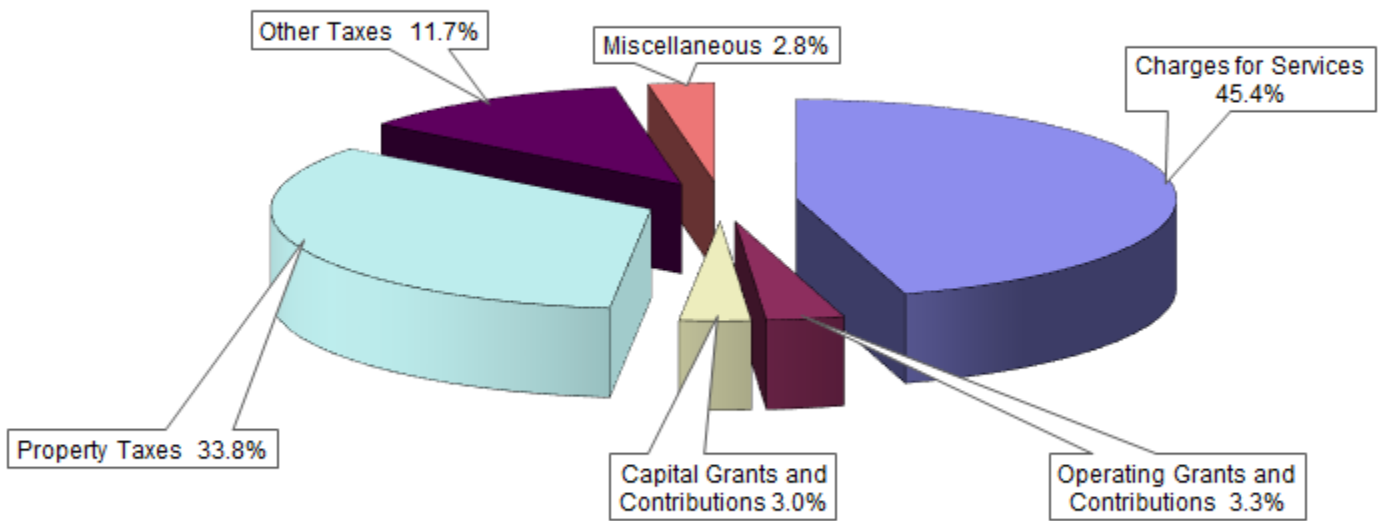

On the other side of the ledger, Expenditures and Transfers Out totaled \$732.6 million, an increase of \$32.8 million or 4.7 percent, from the prior year. Public Safety & Judiciary and Education, the two largest program areas, totaled \$391.3 million, or 60.5 percent of total General Fund Expenses.

Primary Government Sources of Revenues Year Ended June 30, 2020

Primary Government Functional Expenses Year Ended June 30, 2020

CAPITAL ASSETS

The Department of Public Utilities' spent \$68.1 million during the Fiscal Year to expand, upgrade, and renew its Infrastructure. The Gas Utility invested approximately \$8.3 million to support our expanding market base and \$15.1 million in upgrades to existing Infrastructure. The Water Utility invested approximately \$13.4 million in upgrades to existing Infrastructure including \$2.7 million of investments in major Plant, Pumping and Transmission improvements. The Wastewater Utility invested approximately \$23.3 million in upgrades to existing Infrastructure, of which \$2.3 million was spent on major plant improvements. The Storm water Utility invested \$7.6 million to upgrade their existing Infrastructure.

Additional capital asset information can be found in Note 6.

LONG-TERM OBLIGATIONS

As of June 30, 2020, the City had \$1.8 billion of outstanding Bonds, Notes and Bond Premiums, an increase of \$163.4 million compared to the previous year. Outstanding debt of the City's Governmental Activities at year end was \$846.2 million, while the Business-Type Activities outstanding Debt (primarily Utilities and Parking operations) was \$988.5 million.

In FY2020, the City issued its \$132.9 million Series 2019A General Obligation Bonds to finance ongoing City Capital Projects and to refinance existing Bond Debt at lower interest rates. At the time of this Bond Issue, Moody's Investors Services upgraded the City's General Obligation Bond rating to Aa1, while both Standard and Poor's and Fitch Ratings reaffirmed their AA+ credit rating of the City's General Obligation Debt, with a Stable outlook. During the Fiscal Year, the City also issued two General Obligation Equipment Notes in amounts totaling \$8.8 million to finance the acquisition of vehicles and equipment purchased by the City and the Stormwater Utility.

The City's Gas and Wastewater Utilities issued its \$135.4 million, Series 2020A Public Utility Revenue Bonds to finance ongoing utility capital expenditures. The City also refunded existing outstanding Utility debt by issuing its \$180.0 million, Series 2020B Public Utility Revenue and Refunding Bonds, which achieved future debt service savings for the Gas, Water, and Wastewater Utilities. More detailed information about the City's long-term Liabilities is presented in Note 7 of the notes to the financial statements.

COVID-19 MD&A HIGHLIGHTS

The City received \$20.1 million in funding under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) in May 2020. \$3.0 million of this revenue was recognized in 2020 while the remaining balance was deferred as of June 30, 2020.

The City offered a tax amnesty program in the wake of COVID-19 for Admissions, Lodging, and Meals Taxes (ALM) to alleviate short-term cash flow concerns facing a number of City businesses that depend on public tourism and negatively affected by the COVID-19 virus. Qualifying taxpayers that normally file an ALM return and provided a monthly tax remittance could submit a return each month (with or without payment), and either pay all taxes due by June 30, 2020, or enter an approved payment plan by that time.

The City offered a Tax Amnesty Program in the wake of COVID-19 for Real Estate and Personal Property Taxes to alleviate short-term cash flow concerns facing a number of City residents negatively affected by the COVID-19 virus. Qualifying taxpayers were permitted to pay their tangible personal property taxes otherwise due June 5, 2020, and/or their real estate taxes otherwise due June 15, 2020, by August 14, 2020, without penalty or interest.

Parking fines were suspended in response to COVID-19 from March 25, 2020, through the end of the Fiscal Year.

ECONOMIC FACTORS

The City's economy, which had been showing steady growth, was and continues to be impacted by COVID-19. The City shutdown on March 13, 2020, following Governor Northam's state of emergency declaration. On March 30, 2020, the Governor issued a statewide Stay at Home executive order to protect the health and safety of Virginians and mitigate the spread of COVID-19 through June 10, 2020. On this same date, the Governor requested federal disaster assistance that was received in the form of a Major Disaster Declaration on April 2, 2020. This designation provided federal public assistance for all areas of the Commonwealth affected by COVID-19 which included Richmond.

On May 8, 2020, Governor Northam presented a detailed, multi-phased plan entitled "Forward Virginia". Phase One, "Safer at Home", became effective on May 15, 2020. This phase limited social gatherings to 10 or less people and continued recommendations for teleworking, social distancing, and protective masks. However, some Commonwealth localities, including Richmond, delayed implementation of Phase One by two weeks in order to meet the health metrics required by the Commonwealth. Phase One had considerable economic impacts on Richmond given the necessary limitations imposed on restaurants, bars, gyms, entertainment, and other businesses. Late in Phase One the City reopened for non-essential employees on May 22, 2020 while encouraging teleworking where appropriate.

Phase Two of "Forward Virginia" became effective on June 5, 2020. This Executive Order continued recommendations for teleworking, social distancing, and required that masks be worn in all indoor public settings. Some operating limitations imposed on business were reduced; the maximum social gathering size permitted was increased to 10 - 50 people, restaurants and bars could operate indoor dining at 50.0 percent capacity, gyms could operate indoor areas at 30 percent occupancy, and certain entertainment venues (museums, zoos, aquariums, outdoor concerts, performing arts venues, sporting events, etc.) could operate with special restrictions. These reopening's provided some additional economic activity to Richmond – but non-essential retail, personal grooming services, and more were still shut down in Phase Two.

Richmond reopened first floor public access for services and in-person payments on June 15, 2020, at City Hall and the East District Center. Additional facilities reopened to the public by appointment only as of this date. As of the end of the 2020 Fiscal Year, Richmond and Virginia remained in Phase Two with plans to enter Phase Three beginning July 1, 2020.

The economic impacts of COVID-19 and the ensuing continued regulations implemented by Governor Northam have produced considerable deleterious impacts to Richmond's economy. The annual unemployment rate at Fiscal Year end increased 8.7 percent from 3.1 percent in June 2019 to 11.8 percent in June 2020. This COVID-19 related spike in unemployment is not unique to Richmond as the Commonwealth experienced a jump of 5.1 percent in unemployment in the same period. Richmond, the Commonwealth, and the entirety of the United States experienced a high spike in unemployment at the end of Fiscal Year 2020.

COVID-19 has influenced the real estate market as well. Interest rates for home loans saw all-time record lows that, despite high unemployment numbers, has led to increased sales. Residents in Richmond and beyond are becoming geographically untethered from their physical workplaces via teleworking. This untethering has led homeowners to reassess their needs as additional space and comfort have replaced geographical ties in the wake of COVID-19.

While population estimates for 2019 (reported as Fiscal Year 2020) do not reflect these housing shifts, the City did show year over year growth in population from 228,783 in 2018 to 230,436 in 2019. This continues a year over year growth trend in population for the City since 2004.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide City residents, taxpayers, customers, investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the funds it receives and disburses. Questions concerning this report or requests for additional financial information should be directed to the Director of Finance, City of Richmond, 900 East Broad Street, 10th floor Suite 1003, Richmond, Virginia 23219.

**CITY OF RICHMOND, VIRGINIA
RECONCILIATION OF THE STATEMENT OF NET POSITION TO THE BALANCE SHEET
GOVERNMENTAL FUNDS**

June 30, 2020

EXHIBIT C, Concluded

Total Fund Balances for Governmental Funds	\$	133,363,967
--	----	-------------

Amounts reported for Governmental Activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. Those assets consist of:

Land, Works of Art/Historical Treasures	110,604,020	
Infrastructure, net	361,513,047	
Buildings, structures, improvements, and equipment, net	553,352,065	
Construction in progress	<u>179,893,762</u>	1,205,362,894

Other Assets used in governmental activities are not considered current financial resources and, therefore, are not reported in the governmental funds

Deferred loss on refunding debt	20,017,879	
Deferred Outflows Related to Pensions - OPEB-VRS	614,715	
Deferred Outflows Related to Pensions - OPEB-COR	20,081,388	
Deferred Outflows Related to pensions - RRS	94,234,257	
Deferred Outflows Related to pensions - VRS	<u>7,110,412</u>	142,058,651

Some of the City's assets will be collected after year-end, but are not available soon enough to pay for the current period's expenditures and, therefore, are reported as unavailable revenue in the funds.

Taxes	47,939,047	47,939,047
-------	------------	------------

Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the governmental funds. Those liabilities consist of:

Accrued Interest	(12,439,394)	
Governmental bonds, notes payable, and line of credit	(839,349,283)	
Compensated Absences	(20,320,704)	
Pension related - Deferred Inflow of Resources - RRS	(1,912,709)	
Pension related - Deferred Inflow of Resources - VRS	(1,400,563)	
Pension related - Net Pension Liability - RRS	(305,067,879)	
Pension related - Net Pension Liability - VRS	(12,980,010)	
OPEB Deferred Inflow of Resources - VRS	(285,000)	
Net Other Post Employment Benefit liability - VRS	(2,124,233)	
Net Other Post Employment Benefit liability - Richmond Plan	<u>(95,315,654)</u>	(1,291,195,429)

Internal service funds are used by the City to charge costs of certain activities to individual funds. The net position of the internal service funds are reported as components of Governmental Activities

The accompanying notes are an integral part of the financial statements.

CITY OF RICHMOND, VIRGINIA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN THE FUND BALANCES
OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
GOVERNMENTAL FUNDS
For the Fiscal Year Ended June 30, 2020

EXHIBIT D, Concluded

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Net change in Fund Balances - Total Governmental Funds	\$	(6,155,074)
--	----	-------------

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current period.

Purchase/Disposal of Assets	214,511,878	
Depreciation expense	<u>(47,762,797)</u>	166,749,081

The issuance of long term debt (e.g., bonds and leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. These amounts are the net effect of these differences in the treatment of long-term debt and related items.

Proceeds from borrowing, net of escrow payments	(166,930,991)	
Principal payments of bonds, net of payments on behalf of Component Units	102,108,079	
Amortization of bond premiums and refunding	<u>6,631,884</u>	(58,191,028)

Some revenues in the Statement of Activities do not provide of current financial resources and, therefore, are not reported as revenues in the governmental funds.

Change in Deferred Tax Revenue	9,957,009	9,957,009
--------------------------------	-----------	-----------

Some expenditures in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Change in Accrued Interest	1,489,743	
Change in Compensated Absences	(2,014,819)	
Change in Pension	(59,002,124)	
Change in Other Post Employment Benefit Obligations	<u>(25,502,183)</u>	(85,029,383)

Internal Service Funds are used by the City to charge costs of certain activities to individual funds. The net revenue of Internal Service Funds is reported as a component of Governmental Activities.

		<u>2,604,160</u>
Change in Net Position of Governmental Activities	\$	<u><u>29,934,765</u></u>

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Richmond, Virginia (City) was founded by William Byrd in 1737, established as a town in May 1742, and incorporated as a City on July 19, 1782. The City operates on a Mayoral-Council form of government and provides all municipal services to its residents. The more significant of the City's accounting policies are described below.

A. Financial Reporting Entity

The City's financial statements are prepared in conformity with Generally Accepted Accounting Principles (GAAP) in the United States of America as applicable to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The City's financial reporting entity is defined and its financial statements are presented in accordance with GAAP, which defines the distinction between the City as a Primary Government and its related entities. Accordingly, these financial statements present the City and its component units, entities for which the City is considered to be financially accountable, hereafter referred to as the reporting entity. The City has two types of Component Units – Blended and Discretely. The Blended Component Units are separate legal entities, in substance, that are part of the City's operations; thus, financial data from these units are combined with that of the City and reported in the appropriate fund type. Each Blended Component Unit has a June 30 fiscal year-end. The Discretely presented Component Units, on the other hand, are reported in a separate column in the Government-Wide financial statements to emphasize that they are legally separate from the primary government. Each Discretely presented Component Unit has a June 30 fiscal year-end, except for the Richmond Redevelopment and Housing Authority, which has a September 30 fiscal year-end.

Blended Component Units

The City reports two Blended Component Units, the Richmond Retirement System (RRS) and the Advantage Richmond Corporation (ARC). These Component Units are reported as a Fiduciary Pension Trust Fund and an Internal Service Fund, respectively.

The Richmond Retirement System (RRS)

The purpose of the RRS is to manage retirement plans for the City. RRS is fiscally dependent upon the City and provides services primarily to the City's employees. RRS issues a publicly available annual financial report that includes financial statements and required supplementary information. That report can be requested at 900 East Broad Street, Richmond, VA 23219 or may be accessed on the RRS website at the following address:

<http://www.richmondgov.com/Retirement/Publications.aspx#CAFR>.

Advantage Richmond Corporation (ARC)

The purpose of the ARC is to assist the City, when authorized by the City Council, in acquiring, constructing, renovating, equipping, maintaining, and operating public buildings and other public structures for or on behalf of the City and in providing financing for such activities. ARC is fiscally dependent upon and performs services primarily for the City.

Discretely Presented Component Units

The Component Unit column in the Government-Wide financial statements comprises financial data on the City's Discretely presented Component Units. The governing bodies of all Component Units are appointed by the City Council, except the School Board of the City of Richmond, which is elected. The following Component Units are included in the reporting entity because they are financially accountable to the City and there is a financial burden and/or a benefit relationship between the City and the Component Unit.

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

The School Board of the City of Richmond (School Board)

The School Board administers the Richmond Public School system. The City Council approves the School Board's annual operating budget and provides a major portion of the funding through annual appropriations. Complete financial statements of the School Board may be obtained from the administrative offices located at 301 North Ninth Street, Richmond, VA 23219.

Proprietary Component Units

Economic Development Authority of the City of Richmond, Virginia (EDA)

The EDA promotes industry and develops trade by inducing entities to locate in or remain in the City. The City annually provides significant operating subsidies to the EDA, thus, a financial burden/benefit relationship exists between the entities. Complete financial statements for EDA may be requested at 501 E. Franklin Street, Richmond, VA 23219.

Richmond Ambulance Authority (RAA)

RAA provides emergency and non-emergency medical care and transportation services for the City. The City annually provides significant operating subsidies to RAA, thus, a financial burden relationship exists between the City and RAA. Complete financial statements for RAA may be requested at Post Office Box 26286, Richmond, VA 23260.

Richmond Behavioral Health Authority (RBHA)

RBHA provides behavioral health services to residents of the City under Sections 15.1-1676 of the *Code of Virginia* (1950), as amended. The City annually provides significant operating subsidies to RBHA, thus, a financial burden relationship exists between the City and RBHA. Complete financial statements for RBHA may be obtained from the administrative offices located at 107 S. 5th Street, Richmond, VA 23219.

Richmond Redevelopment and Housing Authority (RRHA)

RRHA is responsible for operating a low-rent housing program, which provides housing for eligible families, for operating redevelopment and conservation programs in accordance with the City's Master Plan, and for the delivery of services to citizens of low-rent housing and urban renewal areas through the encouragement and development of social and economic opportunities. The City Council appoints the Commissioners of RRHA and is financially accountable for RRHA's operations. RRHA's September 30 fiscal year-end Audited Financial Statements are included in the City's Component Unit combining financial statements. Complete financial statements for RRHA may be obtained from the administrative offices located at 901 Chamberlayne Avenue, Richmond, VA 23220.

RRHA and the City have different fiscal years, which can result in timing differences in transactions between RRHA and the City as noted in the basic financial statement balances for Due To and From Primary Government and Component Units.

Joint Ventures

Greater Richmond Transit Company (GRTC)

The City retains an ongoing financial responsibility for the Greater Richmond Transit Company, which under a joint venture agreement between the City and the County of Chesterfield, Virginia, provides mass transportation for passengers on a regional basis and associated para-transit service mandated by the Americans with Disabilities Act for the purposes of providing continuous service within and between the jurisdictions of the City, Chesterfield County and Henrico County. Greater Richmond Transit Company, a public service corporation incorporated on April 12, 1973, is governed by a six-member board of directors; three of which are appointed by the City and three by the County of Chesterfield. MV Contract Transportation Inc., is under contract with the Greater Richmond Transit Company to provide the executive management team that manages the operations of the 100 percent owned subsidiary, Old Dominion Transit Management Company, which does business as GRTC Transit System.

Fare revenues and route subsidies pay all costs associated with each locality utilizing the GRTC Transit System services only to the extent that each locality operates routes within their jurisdiction. The City expended \$15,915,367 for operating subsidies for bus routes and para-transit services within the City for the year ended June 30, 2020. The City also expended \$344,493 for local match funds needed to secure 80 percent of Federal grant funds that are used for the Company's capital purchases. Complete financial statements for the Greater Richmond Transit Company can be obtained from the Finance Department, GRTC Transit System, 301 East Belt Boulevard, Richmond, VA 23224.

Jointly Governed Organizations

Capital Region Airport Commission (Commission) was created in 1975 under Chapter 380 (as amended by Chapter 410) of the *Code of Virginia* (Code) when the City and the County of Henrico adopted a resolution declaring a need for the Commission. Since that time, the Counties of Chesterfield and Hanover have become Commission participants.

The Commission is comprised of a fourteen-member board of directors, with four members each appointed by the City, County of Henrico and County of Chesterfield and two members appointed by the County of Hanover. The Commission generates its revenues from service charges to users of the Airport facilities to recover the costs of maintaining, repairing and operating the Airport. Virginia law requires that the Commission submit an annual budget showing estimated revenues and estimated expenditures to the governing bodies. If the Commission's budget contains estimated expenditures which exceed estimated revenues, the governing bodies are required to fund the deficit in proportion to their financial interest in the Commission. If, however, actual revenues are less than estimated revenues identified in the budget (resulting in a deficit), the City and Counties may, at their discretion, appropriate funds necessary to fund the deficit. The City did not provide funding to the Commission during the fiscal year ended June 30, 2020.

Central Virginia Waste Management Authority (CVWMA) was created pursuant to the Virginia Water and Waste Authorities Act (Chapter 51, Title 15.2 of the Code of Virginia (1950), as amended). CVWMA's purpose is to plan, acquire, construct, reconstruct, improve, extend, operate, contract for and maintain any garbage and refuse collection, transfer and disposal program or system, including waste reduction, waste material recovery, recycling as mandated by law or otherwise, resource recovery, waste incineration, landfill operation, ash management, sludge disposal from water and wastewater treatment facilities, household hazardous waste management and disposal, and similar programs within one or more political subdivisions which are members of the CVWMA. The City is a member of the CVWMA. The CVWMA is governed by a Board of Directors consisting of one or more representatives appointed by each of the thirteen member cities, town and counties. The City appointed three of the twenty-member board of directors. The City provided \$2,595,957 in funding to CVWMA for the fiscal year ended June 30, 2020.

The *Greater Richmond Partnership* (GRP) is comprised of members from the City and the counties of Chesterfield, Hanover, and Henrico. Together in partnership with the business leadership of the area, the GRP's purpose is to further economic development of the metropolitan Richmond area. The City has one member on the board that is an elected official and one alternate member. The City provided \$385,000 in funding to GRP for the year ended June 30, 2020.

The *Richmond Metropolitan Convention and Visitors Bureau* (RMCVB) – also “DBA” Richmond Region Tourism - serves the City and the Counties of Chesterfield, Hanover, Henrico and New Kent by promoting conventions, tourism and development in the Metropolitan Richmond area in order to increase revenues, provide increased employment and improve the economic health of all jurisdictions involved. The City has three representatives serving on the RMCVB Board of Directors. The City contributed \$1,729,835 to RMCVB for the year ended June 30, 2020.

The *Richmond Regional Planning District Commission* (RRPDC) is comprised of representatives from nine local jurisdictions which include Counties of Charles City, Chesterfield, Goochland, Hanover, Henrico, New Kent, Powhatan, the City of Richmond, and the Town of Ashland. The major functions of the RRPDC are to promote regional cooperation; coordinate the activities and policies of local member governments; resolve service delivery challenges involving more than one government within the region; and provide planning assistance to local governments. The City has seven representatives serving on the RRPDC. The City provided funding to RRPDC in the amount of \$133,712 for the year ended June 30, 2020.

The *Greater Richmond Convention Center Authority* (GRCCA), a political subdivision of the Commonwealth of Virginia, was created on January 9, 1998 pursuant to the Public Recreational Facilities Authority Act, Chapter 56 of Title 15.2, *Code of Virginia*. The GRCCA was created to acquire, finance, expand, renovate, construct, lease, operate, and maintain the facility and grounds of a visitors and convention center. The political subdivisions participating in the incorporation of the GRCCA are the City and the Counties of Chesterfield, Hanover and Henrico. The GRCCA is governed by a five-member commission comprised of the chief administrative officer of each of the four incorporating political subdivisions and the President/CEO of the Retail Merchants Association of Counties of Chesterfield, Hanover and Henrico. The City contributed \$7,307,076 in transient occupancy tax revenue for the year ending June 30, 2020.

B. Basis of Presentation

Government-Wide and Fund Financial Statements

The basic financial statements include both Government-Wide (based on the City as a whole) and the Fund financial statements, including the major individual funds of the Governmental Funds (General, Capital Projects and Debt Service Funds) and Proprietary Funds (Gas, Water, Wastewater and Storm water), as well as the Fiduciary Funds and the Component Units. Both the Government-Wide and fund financial statements categorize primary activities as either governmental or business-type. In the Government-Wide Statement of Net Position, both the governmental and business-type activities columns are presented on an aggregated basis by column and are reflected on a full accrual, economic resource measurement focus basis, which incorporates long-term assets and receivables as well as long-term debt and obligations. Each presentation provides valuable information that can be analyzed and compared (between years and between governments) to enhance the usefulness of the information.

The Government-Wide Statement of Activities reflects both the gross and net cost per functional category (e.g. Public Safety, Public Works, Human Services, etc.) that are otherwise being supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by directly related program revenues, operating and capital grants, and contributions. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function and grants and contributions that are restricted to meeting the operation or capital requirements of a particular function or segment. Taxes and other items not specifically restricted to the various programs are reported as general revenues. Operating grants presented include operating-specific and discretionary (either operating or capital) grants, while the capital grants column reflects capital-specific grants.

In the Fund financial statements, financial transactions, and accounts of the City are organized on the basis of funds. The operation of each fund is considered to be an independent fiscal and separate accounting entity, with a self-balancing set of accounts recording cash and/or other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations and restrictions, or limitations. GAAP sets forth minimum criteria (percentage of the assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The Non-Major Funds are combined in a single column in the fund financial statements and detailed in the combining statements. The Governmental Fund financial statements are presented on current financial resources measurement focus and modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. Since the Governmental Fund financial statements are presented on a different measurement focus and basis of accounting than the Government-Wide financial statements' governmental activities column, a reconciliation is presented, which briefly explains the adjustments necessary to reconcile the fund financial statements to the governmental activities column of the Government-Wide financial statements.

Internal Service Funds of the City, which traditionally provide services primarily to other funds of the government, are presented in summary form as part of the Proprietary Fund financial statements. In the Government-Wide financial statements, assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues and expenses of the funds are allocated to either the governmental or business-type activities, based on their predominate use of the fund's services. To the extent possible, the costs of these services are reflected in the appropriate functional activity (e.g., Public Safety and Judiciary, Human Services, etc.). See Exhibits E-1 and E-2 for specific allocation of the Stores and Transportation Division Internal Service Fund results to the business-type activities.

The City's Fiduciary Funds are presented in the fund financial statements by type (Pension and Agency). Since by definition these assets are being held for the benefit of a third party (e.g. private parties, pension participants, etc.) and cannot be used to address activities or obligations of the City, these funds are not incorporated into the Government-Wide financial statements.

The following is a brief description of the specific funds used by the City:

Governmental Funds

Governmental Funds are those through which most governmental functions typically are financed. The City reports the following Governmental Funds:

- *General Fund (Major Fund)* – The General Fund is the City's primary operating fund. It accounts for and reports all financial resources of the City's general government not accounted for and reported in another fund.
- *Debt Service Fund (Major Fund)* – The Debt Service Fund accounts for and reports the accumulation of resources for and the payment of principal and interest and fiscal charges not being financed by proprietary funds or financial resources that are restricted, committed, or assigned to expenditures for principal and interest. The Debt Service Fund reports resources if legally mandated. Financial resources that are being accumulated for principal and interest maturing in future years also are reported in the Debt Service Fund.
- *Capital Projects Fund (Major Fund)* – The Capital Projects Fund is used to account for and report financial resources that are restricted, committed, or assigned for capital outlays, including the acquisition or construction of capital facilities and other capital assets approved by City Council. The Capital Projects Fund excludes those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments. Its principal source of funding is the sale of General Obligation Bonds.
- *Special Revenue Funds* – Special Revenue Funds are used to account for and report the proceeds of specific revenue sources (other than expendable trust or major capital projects) that are legally restricted, committed, or assigned to expenditures for specified purposes other than debt service or capital projects. Each fund is established on a functional basis and may include one or more grants or other funding sources.
- *Permanent Funds* – Permanent Funds are used to account for and report resources that are restricted to the extent that only earnings, not principal, may be used for purposes that support the City programs, that is, for the benefit of the government or its citizenry.

Proprietary Funds

Proprietary Funds are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. The City reports the following Proprietary Funds:

- *Enterprise Funds* -Enterprise Funds are used to report activities for which a fee is charged to external users for goods and services. The City maintains seven Enterprise Funds consisting of the Gas, Water, Wastewater operations and Storm water operations (all of which are considered Major Funds), Cemeteries, and Parking Enterprise (which are combined into a single, aggregated presentation as Non-Major Proprietary Funds).

A description of the major Enterprise Funds are as follows:

- *Gas* – The Gas Utility provides natural gas service to the City and surrounding counties. Operation of the Gas Utility is designed to be self-supporting through user charges.
- *Water* – The Water Utility provides retail water service to the City and surrounding counties. Operation of the Water Utility is designed to be self-supporting through user charges.
- *Wastewater* – The Wastewater Utility provides wastewater service to the City and portions of the surrounding counties. Operation of the Wastewater Utility is designed to be self-supporting through user charges.
- *Stormwater Utility* – The Storm water Utility provides storm water service to the City. Operation of the Storm water Utility is designed to be self-supporting through user charges.

- *Internal Service Funds* - Internal Service Funds account for operations that provide services to City departments/agencies on a cost reimbursement basis. The city maintains eight Internal Service Funds consisting of Fleet Management, Radio Management, Health Self-Insurance, Advantage Richmond Corporation, Information Technology, Risk Management, Electric Utility, and Stores and Transportation, which exclusively serves the City's Major Proprietary Funds.
- *Fiduciary Funds* - Fiduciary Funds account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations or other governments.
 - *Pension Trust Funds* – For accounting measurement purposes, the Pension Trust Funds are accounted for in essentially the same manner as Proprietary Funds. The Trust Funds consist of the City's Retirement Plan, OPEB Trust and Deferred Compensation Plan.
 - *Agency Funds* – Agency Funds are custodial in nature and do not present results of operations or have a measurement focus. The Agency Funds consist of the assets and liabilities of several organizations for which the City serves as fiscal agent, such as the Department of Parks, Recreation and Community Facilities, the Department of Public Works and the Law Department.

Reconciliation of Government-Wide and Fund Financial Statements

A summary reconciliation of the difference between total fund balances, as reflected on the Governmental Funds' Balance Sheet, and total net position for governmental activities, as shown on the Government-Wide Statement of Net Position, is presented in a schedule accompanying the Governmental Funds' Balance Sheet. The assets and deferred outflows of resources and liabilities and deferred inflows of resources elements, which comprise the reconciliation differences, stem from Governmental Funds, using the current financial resources measurement focus and the modified accrual basis of accounting, while the government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting. A summary reconciliation of the differences between net change in total fund balances as reflected on the Governmental Funds' Statement of Revenues, Expenditures, and Changes in Fund Balances and the change in net position for governmental activities, as shown on the Government-Wide Statement of Activities, is presented in a schedule accompanying the Governmental Funds' Statement of Revenues, Expenditures, and Changes in Fund Balances. The revenue and expense elements, which comprise the reconciliation differences, stem from the governmental funds using the current financial resources measurement focus and the modified accrual basis of accounting, while the Government-Wide financial statements use the economic resources measurement focus and the accrual basis of accounting.

C. Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All Governmental Funds are accounted for using the current financial resources measurement focus wherein only current assets and current liabilities are included on the Balance Sheet in the fund statements whereas long-term assets and long-term liabilities are included in the Government-Wide statements. Operating statements of the Governmental Funds present increases (e.g. revenues and other financial sources) and decreases (e.g. expenditures and other financing uses) in fund balances.

Revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the fiscal period. Revenues from taxes are generally considered available if received within two months after the fiscal year end. Revenue from categorical and other grants are generally considered available when all eligibility criteria have been met and if received within one year. Expenditures are recorded when the related liability is incurred and payment is due, except for principal and interest on long-term debt, and compensated absences and claims.

The Government-Wide financial statements are reported and accounted for on the economic resources measurement focus and the accrual basis of accounting, which include all assets and deferred outflows of resources and liabilities and deferred inflows of resources associated with governmental and business-type activities. Assets and liabilities associated with fiduciary activities are included in the Statement of Fiduciary Net Position. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the City either gives or receives value without directly receiving or giving equal value in exchange, include sales and income taxes, real estate and personal property taxes, grants, entitlements, and donations. On an accrual basis, revenue from sales taxes are recognized when the underlying

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

exchange transaction takes place. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Operating revenues and expenses in the Proprietary Funds result from providing goods and services in connection with their principal ongoing operations (e.g., charges for services). Operating expenses for the Enterprise and Internal Service Funds include the cost of services, administrative expenses, contractual services, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The Pension Trust Funds' contributions from members, recorded under the full accrual basis of accounting, are recorded when the employer makes payroll payments on behalf of Plan members. The Agency Funds use the full accrual basis of accounting and do not measure the results of operations.

D. Cash and Cash Equivalents

Cash and cash equivalents are stated at cost, which approximates fair value. Cash and cash equivalents include cash on hand, checking and savings accounts, and short-term investments, with original maturities of one year or less from the date of acquisition. For the purpose of the Statement of Cash Flows, the City considers cash and highly liquid investments, including restricted assets, with a maturity of three months or less, as cash and cash equivalents.

E. Investments

Investments are reported at fair value, which is based on quotations obtained from readily available sources.

F. Allowances for Doubtful Accounts

The City calculates its allowances for doubtful accounts using historical collection data, specific account analysis, and management's judgment.

Allowances for doubtful accounts at June 30, 2020, were as follows:

General Fund and Governmental Activities	\$ 12,742,728
Enterprise Funds	11,208,927
Total Allowances for Doubtful Accounts	<u>\$ 23,951,655</u>

G. Inventories

Inventories on hand at June 30, 2020, have been reported on the Government-Wide Statement of Net Position. Inventories of consumable supplies are recorded at cost determined on a first in, first out basis. Inventories in the Proprietary Funds are accounted for under the lower of cost, determined by using weighted average cost or first-in, first-out methods, or market.

H. Capital Assets

Capital assets and improvements include substantially all land and works of art/historical treasures, buildings, equipment, water distribution and sewage collection systems, and other elements of the City's infrastructure having a minimum useful life of two years and having an initial cost of more than \$5,000. Capital assets, which are used for general governmental purposes and are not available for expenditure, are accounted for and reported in the government-wide financial statements. Infrastructure elements include the roads, bridges, curbs and gutters, streets and sidewalks, park land, and improvements.

Capital assets are stated at historical cost or estimated historical cost based on appraisals or on other acceptable methods when historical cost is not available. Donated capital assets are stated at their acquisition value as of the date of the donation. Capital leases are classified as capital assets in amounts equal to the lesser of the fair market value or the discounted present value of net minimum lease payments at the inception of the lease. Accumulated depreciation and amortization are reported as reductions of capital assets.

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

Capital asset depreciation has been provided over the estimated useful lives using the straight-line method as follows:

Governmental:	
Infrastructure	20 to 50 years
Buildings and structures	20 to 50 years
Equipment and other assets	2 to 20 years
Enterprise Funds:	
Gas production, distribution, equipment	17 to 34 years
Water pumping, treatment, distribution, equipment	20 to 50 years
Sewage gathering and treatment equipment	20 to 50 years
Cemeteries	2 to 20 years
Buildings and structures	20 to 60 years
Equipment and other assets	2 to 20 years

I. Construction Period Interest

The City adopted *GASB Statement No. 89 Accounting for Interest Cost Incurred before the End of a Construction Period*. The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. This Statement also reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles.

J. Compensated Absences

The City's general employees earn vacation pay in varying amounts and can accumulate vacation pay based on length of service. All general employees earn sick pay at the same rate regardless of the length of service. Sworn officers earn both vacation pay and sick pay based on length of service and employment date.

Earning rates for vacation pay and sick pay and maximum vacation accumulation hours are as follows:

	Vacation Pay Bi-weekly Earning Rate Min-Max Hours	Sick Pay Bi-weekly Earning Rate Hours	Maximum Vacation Accumulation Hours
General Employees	3.7 - 7.4	3.7	192.0 - 384.0
Sworn Shift Employees	5.2 - 11.1	5.2 - 7.4	268.0 - 576.0

Maximum vacation accumulated hours is payable at the date of separation. Employees leaving City employment are paid all accumulated unused vacation pay up to the maximum limit. The unused balance of sick leave is not paid at the date of separation.

The current portions of the Governmental Activities' compensated absences liabilities are recorded as accrued liabilities when they are expected to be liquidated within the next year. The current and noncurrent portions are recorded in the Government-Wide financial statements. The amount of vacation recognized as expense is the amount earned during the year. Compensated absences are reported in the Governmental Funds only if they have matured, for example, as a result of employee resignations and retirements.

K. Judgment and Claims

The City is self-insured with respect to risks including, but not limited to, property damage and personal injury. The City is self-insured with respect to payments for workers' compensation, general liability, automobile liability, public officials or police professional liability claims. The City also carries commercial insurance in a number of smaller more defined risk areas such as employees' faithful performance, money and securities, unmanned aerial vehicles, cyber insurance and medical professional liability. In the fund financial statements, expenditures for judgments and claims, including estimates of claims that have been incurred but not reported, are recorded in the Risk Management agency within the

Internal Services Fund. The City is self-insured with respect to payments for health care and is reported in the Health Self-Insurance Internal Service Fund (ISF).

L. Deferred Outflows and Inflows of Resources

In addition to assets, the Balance Sheet and Statement of Net Position reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and, therefore, will not be recognized as an outflow of resources (expense/expenditure) until then. The City has deferred outflows of resources related to pensions and the unamortized losses on refunding of debt, resulting from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the Balance Sheet and Statement of Net Position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and, therefore, will not be recognized as an inflow of resources (revenues) until that time. The City has deferred inflows of resources related to unavailable revenues, pensions, prepaid taxes, and others reported under the modified accrual basis of accounting in the Governmental Funds' Balance Sheet. The Governmental Funds report unavailable revenues from property taxes, from federal and state governments, and other sources as appropriate. These amounts are deferred and recognized as revenues in the period the amounts become available or earned.

For the RRS Pension Plan, the City had deferred inflows of \$819,900 due to the difference between expected and actual experience.

Deferred outflows of \$111.69 million was comprised primarily of 1) difference between expected and actual experience of \$5.80 million, 2) the difference between actual and expected investment earnings of \$12.38 million, 3) employer contributions subsequent to the measurement date of \$48.39 million and 4) change in assumptions of \$45.12 million.

For the Virginia Retirement System, deferred outflows consisted of total employer contributions made after the measurement date of \$4.21 million. Deferred Inflows for the VRS plan totaled \$1.40 million, which consisted of \$0.29 million for the difference between expected and actual experience, and change in assumptions of \$0.07 million and the difference between projected and actual earnings on plan investments of \$1.04 million.

For OPEB under the Richmond Plan deferred outflows of resources was \$25.78 million, which represented changes in assumptions of \$5.42 million and experience losses of \$20.36 million.

The VRS OPEB deferred outflow of resources were \$0.61 million comprised of 1) difference between actual and expected experience of \$0.14 million, 2) changes in assumptions of \$0.13 million and 3) employer contributions subsequent to the measurement date of \$0.34 million.

The VRS Group Life OPEB Plan also had a deferred inflow of \$0.29 million, made primarily of changes in assumptions of \$0.06 million, difference between projected and actual earnings of \$0.04 million; changes in proportion of \$0.15 million and difference between expected and actual experience of \$0.03 million.

M. Restricted Assets

In accordance with applicable covenants of certain Enterprise Fund bond issues, cash and other assets have been appropriately restricted. Cash has also been restricted to the extent of customers' deposits, unexpended bond proceeds or by grantor's requirements. When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first and then unrestricted resources, as they are needed.

N. Categories of Fund Balance

GAAP establishes the categories state and local governments must use to categorize fund balance, as follows:

Nonspendable – Amounts that cannot be spent due to either their physical form or as a result of a legal or contractual obligation (such as inventory or the corpus of an endowment fund).

Restricted – Amounts constrained to specific purposes by either a third party (such as grantors, bondholders, or creditors) or by law through constitutional provisions or enabling legislation.

Committed – Amounts constrained to specific purposes by formal action (adoption of an ordinance) by the government's highest level of decision-making authority (City Council). Committed amounts do not lapse nor can they be used for any other purpose unless the government takes the same level of action (adoption of another ordinance) to remove or change the constraint.

City Council, through Ordinance No. 2010-181-163 adopted September 27, 2010, created a new reservation of fund balance called the Revenue Stabilization Fund for the purpose of helping the City manage through the immediate effects of economic factors including, but not limited to, revenue reductions and unanticipated cuts in state funding, and to set aside \$2 million in Fiscal Year 2010 as a reservation of fund balance. During 2012, City Council adopted Resolution No. 2012-R41-69, which amended the policy. To state, "The Mayor will prepare and administer General Fund budgets such that funding will be budgeted annually for a Revenue Stabilization and Contingency Fund (the "RSCF") until the RSCF reaches a minimum of \$10,000,000. On December 11, 2017, the City Council further strengthened this policy by adopting Ordinance No. 2017-215 which sets the target balance of the Committed RSCF to 3.0 percent of budgeted General Fund expenditures. Accordingly, an appropriation from the RSCF cannot be proposed unless; (a) projected general fund revenue reflects a 0.5 percent or greater decrease from current year's authorized budget due to a catastrophic, unforeseen or unavoidable event or (b) expenses increase by 0.5 percent or greater over the current year's authorization due to a catastrophic, unforeseen or unavoidable event. These events must be quantifiable and distinguishable from other events that may occur during the normal course of government operations. If funds are withdrawn from the RSCF, a plan must be put in place within 60 days to replenish the fund to the required minimum level. The City shall dedicate up to one half of any year end surplus or other one time revenue toward reaching the targeted goal.

Assigned – Amounts constrained by the City's expressed intent to use resources for specific purposes. Intent can be expressed by the governing body or by an official or body to which the governing body has delegated the authority. Resolution No. 2011-65-69 and Chapter 8 of the City Charter provided that the Director of Finance is in charge of the financial affairs of the City, and to that end, he/she shall have authority and shall be responsible for the management of City finances in a professionally accountable and responsible manner. In order for assigned funds to be expended for the assigned purpose, an ordinance would need to be adopted by City Council. Assigned funds lapse at the end of the fiscal year in which they were assigned. With the exception of the General Fund, this is the residual fund balance of the classification of all Governmental Funds with positive balances.

Unassigned – Amounts that are available for any purpose. These amounts are reported only in the General Fund, although unassigned fund balance may be expressed as a negative amount in the other governmental funds.

As required by GAAP, the City has adopted a spending policy indicating that when multiple categories of fund resources are available, they will be expended in a specific order beginning first with restricted resources and continuing in a descending order using unassigned resources last. On December 11, 2017, City Council adopted Ordinance No. 2017-215, which amended the fund balance policy, to further increase the required level of unassigned fund balance from 10.00 percent to 13.67 percent of budgeted General Fund expenditures.

O. Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net position is comprised of three components:

Net Investment in Capital Assets – Consists of the historical cost of capital assets net of any accumulated depreciation and outstanding debt which was used to finance those assets.

Restricted – Consists of assets where limitations are imposed on their use through enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, or the laws and regulations of other governments.

Unrestricted – Net position not reported as net investment in capital assets or restricted assets.

P. Internal and Intra-entity Activity

In the process of aggregating data for the Statement of Net Position and the Statement of Activities, some amounts reported as interfund activity and balances in the funds have been eliminated or reclassified. Eliminations are made in the Statement of Net Position to minimize the *grossing-up* effect on assets and liabilities within the governmental and business-type activities columns of the Primary Government. Amounts reported in the funds as interfund receivables and payables are eliminated in the governmental and business-type activities columns of the government-wide financial statements, except for net residual amounts due between governmental and business type activities, which are presented as internal balances. Also, eliminations are made in the Statement of Activities to remove the *doubling-up* effect of Internal Service Fund activity.

Payments from a fund receiving revenue to a fund through which the revenue is to be expended are reported as operating transfers. Such payments include transfers for debt service and capital construction. In the Government-Wide financial statements, resource flows between the Primary Government and the Discretely presented Component Units are reported as if they were external transactions.

Q. Advances to Other Funds

Movement of money representing a loan extending beyond one year are recorded as advances to other funds.

R. Rate Stabilization

City Code section 106-37 authorizes the Utilities Enterprise Funds to establish rate stabilization accounts within each utility. The purpose of rate stabilization is to mitigate and smooth any rate increases that otherwise might be required from year to year by increasing the rate stabilization amounts in years when revenues exceed those needed to meet reasonable rates of return. For the year ended June 30, 2020, Wastewater Utility has approximately \$2.2 million for rate stabilization funds.

The Wastewater Utility expects to utilize these funds over the next two years to mitigate a portion of the expenses that will be required to meet total maximum daily load requirements as imposed by the United States Environmental Protection Agency and the Virginia Department of Environmental Quality.

S. Estimates and Assumptions

A number of estimates and assumptions relating to the reporting of revenues, expenditures, assets, liabilities, and the disclosure of contingent liabilities were used to prepare these basic financial statements in conformity with GAAP. Actual results could differ from those estimates.

T. Identification of Major Revenue Sources Susceptible to Accrual

In the Governmental Funds, property taxes, sales taxes, franchise taxes, licenses, intergovernmental grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when the City receives cash.

U. Permanent Funds

Principal portion of permanent funds are reported as nonspendable while the net revenue of Permanent Funds is available for expenditure. Authorization for spending the investment income is derived from the specifications as prescribed by the donor.

V. Unearned Revenues

Unearned revenue represents a liability related to amounts received but not yet earned or an asset for which an enforceable lien is in place but the tax has not been received. At the government-wide level, unearned revenue is primarily comprised of money received from federal and/or state grants in advance of services to be provided. At the

fund level, unearned revenue is primarily comprised of taxes with an enforceable lien but not available, prepaid taxes and money received from federal and/or state grants in advance of services to be provided.

W. Adoption of New Accounting Pronouncements

During the year ended June 30, 2020, the City implemented the provisions of the following GASB statement:

GASB Statement No. 95, Postponement of the Effective Dates of Certain Authoritative Guidance: The primary objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later. The effective dates of certain provisions contained in the following pronouncements are postponed by one year: • Statement No. 83, Certain Asset Retirement Obligations, Statement No. 84, Fiduciary Activities, Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements, Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period, Statement No. 90, Majority Equity Interests, Statement No. 91, Conduit Debt Obligations, Statement No. 92, Omnibus 2020, Statement No. 93, Replacement of Interbank Offered Rates, Implementation Guide No. 2017-3, Accounting and Financial Reporting for Post-employment Benefits Other Than Pensions (and Certain Issues Related to OPEB Plan Reporting), Implementation Guide No. 2018-1, Implementation Guidance Update—2018, Implementation Guide No. 2019-1, Implementation Guidance Update—2019, Implementation Guide No. 2019-2, Fiduciary Activities.

The effective dates of the following pronouncements are postponed by 18 months: Statement No. 87, Leases, Implementation Guide No. 2019-3, Leases. This statement will help to improve financial reporting by providing governments with sufficient time to apply the authoritative guidance addressed in this Statement which will help to safeguard the reliability of financial statements.

X. Future Accounting Pronouncements

Issued in May 2020, *GASB Statement No. 96 Subscription Based Information Technology Arrangements* provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users. This Statement 1) defines a SBITA; 2) establishes that a SBITA results in a right-to-use subscription asset and a corresponding subscription liability; 3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and 4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended. A government should recognize the subscription liability at the commencement of the subscription term, which is when the subscription asset is placed into service. The subscription liability should be initially measured at the present value of subscription payments expected to be made during the subscription term. Future subscription payments should be discounted using the interest rate the SBITA vendor charges the government, which may be implicit, or the government's incremental borrowing rate if the interest rate is not readily determinable. The subscription asset should be initially measured as the sum of 1) the initial subscription liability amount, 2) payments made to the SBITA vendor before commencement of the subscription term, and 3) capitalized implementation costs, less any incentives received from the SBITA vendor at or before the commencement of the subscription term. A government should recognize amortization of the subscription asset as an outflow of resources over the subscription term. The City will implement this statement in July 2023.

Issued on April 20, 2020 *GASB Statement No. 94 Public-Private and Public- Public Partnerships and Availability Payment Arrangements* is designed to improve local and state governments' accounting for P3 arrangements including those outside the scope of GASB Statement No. 60, Accounting and Financial Reporting for Service Concession Arrangement and Statement No. 87 Leases. Statement No. 94 defines a P3 and provides both P3 and APA guidance. For all P3s Statement 94 provides specific guidance from the perspective of both a government that transfers right to another party and a governmental operator that receives those right. Statement 94 requires governments to account for APAs related to those activities and in which ownership of the asset transfers by the end of the contract as a financed purchase of the underlying infrastructure or other nonfinancial asset. It also requires a government to report an APA that is related to operating or maintaining a nonfinancial asset as an outflow of resources (for example, an expense in the period to which payments relate).

GASB Statement No. 93, Replacement of Interbank Offered Rates was issued in March 2020 and effectively addresses the accounting implications of the replacement of IBOR by clarifying exceptions for some hedging derivative

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

instruments, termination provisions and removes LIBOR as an appropriate benchmark interest rate. It also identifies the Secured Overnight Financing Rate and the Effective Federal Funds Rate as appropriate benchmark interest rates for the qualitative evaluation of the effectiveness of an interest rate swap and provides an exception to the lease modifications guidance in Statement 87 for certain lease contracts that are amended solely to replace an IBOR as the rate upon which variable payments depend.

In January 2020, *GASB Statement No. 92, Omnibus 2020* was issued. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics and includes specific provisions about the following five categories:

- 1) Leases - The amended guidance clarifies the requirements for interim reporting by stating that the effective date of Statement No. 87, Leases, and Implementation Guide 2019-03, Leases, is for fiscal years beginning after December 15, 2019 and for all reporting periods thereafter.
- 2) Intra-entity Transfer of Assets - The updated guidance is intended to eliminate conflicting guidance for intra-entity transfers of capital and financial assets between a government employer or nonemployee contributing entity and a pension plan or other post-employment benefit (OPEB) plan.
- 3) For Post-employment Benefit - Statement No. 84, *Fiduciary Activities*, requires a government to recognize a liability to the beneficiaries of a fiduciary activity when an event has occurred that compels the government to disburse fiduciary resources. The amendments clarify that this requirement also applies to assets that are accumulated for purposes of providing pensions or OPEB through defined benefit pension plans or defined benefit OPEB plans that aren't administered through trusts that meet the scope criteria of Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68*, and Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*. This amendment is effective for reporting periods beginning after June 15, 2020.
- 4) Government Acquisitions - The amended guidance states that the liabilities and assets related to the acquired entity's asset retirement obligations (AROs) should be measured using the accounting and financial reporting requirements per Statement No. 83, *Certain Asset Retirement Obligations*, when the AROs are within the scope of Statement No. 83. This amendment is effective for government acquisitions occurring in reporting periods beginning after June 15, 2020.
- 5) Risk Financing and Insurance - Related Activities of Public Entity Risk Pools-This amendment clarifies guidance in Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*. When applying the reinsurance guidance, amounts recoverable from reinsurers or excess insurers related to paid claims and claim adjustment expenses *may* be reported as reduction of expenses. This amendment became effective upon issuance of Statement No. 92.

The City will implement the various provisions of this statement as required by the individual components of the statement.

GASB Statement No. 91, Conduit Debt Obligations. The primary objectives of this Statement are to provide a method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with 1) commitments extended by issuers, 2) arrangements associated with conduit debt obligations, and 3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The City is reviewing the impact of this Statement and will implement it in 2021.

GASB Statement No 90, Majority Equity Interests. An Amendment of GASB Statements No. 14 and No. 61. The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a Fiduciary Fund, an Endowment (including permanent and term endowments), or Permanent Fund. Those governments and funds should measure the majority equity interest at fair value.

This Statement establishes that ownership of a majority equity interest in a legally separate organization results in the government being financially accountable for the legally separate organization and, therefore, the government should report that organization as a Component Unit.

This Statement also requires that a Component Unit in which a government has a 100 percent equity interest account for its assets, deferred outflows of resources, liabilities, and deferred inflows of resources at acquisition value at the date the government acquired a 100 percent equity interest in the component unit. Transactions presented in flows statements of the Component Unit in that circumstance should include only transactions that occurred subsequent to the acquisition. The City is reviewing the impact of this Statement and will implement it in 2021.

In June 2017, GASB issued *Statement No. 87 Leases*. This Statement increases the usefulness of governments' financial statements by requiring recognition of lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The City will implement this Statement in 2021.

Issued in January 2017, *Statement No. 84 Fiduciary Activities* seeks to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on 1) whether a government is controlling the assets of the fiduciary activity and 2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and post-employment benefit arrangements that are fiduciary activities. The City will review the impact of this Statement and implement in 2021.

2. REAL AND PERSONAL PROPERTY TAXES

Real and personal property taxes are levied on a calendar year basis on January 1, the assessment date, with an assessed value as of that date. Real property taxes become a lien on the property as of assessment. Personal property tax on motor vehicles acquiring or losing situs (location where property is principally parked or garaged) throughout the year are prorated on a monthly basis. For partial months in situs, assessments, abatement, and refunds are rounded to the nearest full month.

Personal property taxes may be paid without penalty and interest on or before June 5 or 60 days from the date the vehicle acquired situs in Richmond. Effective January 1, 2011, real estate taxes are billed on a semi-annual basis. These taxes may be paid without penalty and interest on or before January 14 and June 14. Penalty for late payment is 10 percent or \$10, whichever is greater not to exceed the full amount of the tax. In 2020, the interest rate for unpaid taxes was 10 percent.

The City bills and collects its own property taxes. Delinquent property taxes may be sent to collection services. Property taxes levied January 1, 2020, are intended to finance operations of the fiscal year ended June 30, 2020. The real estate taxes assessed and due on January 14, 2020, and June 14, 2020, are intended to finance operations of the fiscal year ended June 30, 2020.

3. CASH AND CASH EQUIVALENTS AND INVESTMENTS

A. Cash and Cash Equivalents – Primary Government

At June 30, 2020, cash on hand, cash items and petty cash totaled approximately \$48,519 and the carrying value of the City's demand deposits, savings accounts, and time certificates of deposit with institutions totaled \$113,667,559 and is included in cash and cash equivalents. The City's deposits of \$113,667,559 were covered by federal depository insurance or insured in accordance with provisions of the Virginia Security for Public Deposit Act (The Act). This Act requires financial institutions holding public deposits in excess of amounts covered by federal insurance to pledge collateral in the amount of 50 percent of excess deposits, while savings and loans are required to collateralize 100 percent of excess deposits. The State Treasury Board can assess additional collateral from participating financial institutions to cover collateral shortfalls in the event of default and is responsible for monitoring compliance with the collateralization and reporting requirements of the Act and for notifying local governments of compliance by financial institutions. All funds, unless otherwise classified as restricted, are deposited into pooled bank accounts; the major account defined as the General Fund concentration account. As disbursements are made from the payroll, budget and social services bank accounts, funds from the general fund concentration account are automatically transferred to those bank accounts to cover those disbursements on a daily basis. All cash classified as restricted are related to grantor or debtor requirements.

All cash of the City is maintained in accounts collateralized in accordance with the Virginia Security for Public Deposits Act (The Act), Section 2.2-4400 et. Seq. of the Code of Virginia or covered by Federal Depository Insurance Corporation (FDIC). Under the Act, banks holding public deposits in excess of the amounts insured by the FDIC must pledge collateral of 50 percent of the excess deposits to a collateral pool in the name of the State Treasury Board. Savings and loan institutions are required to collateralize 100 percent of deposits in excess of the FDIC limits and are considered insured.

B. Investments

Investment Policy:

City policy is consistent with the statutes of the Commonwealth of Virginia governing investment, wherein permissible investments include obligations of the Commonwealth, the United States, its agencies and instrumentalities, time certificates of deposit, bankers' acceptances, repurchase agreements, demand notes, commercial paper, the State Treasurer's Local Government Investments Pool (The Virginia LGIP), and the State Non-Arbitrage Program (SNAP). As of June 30, 2020, all non-system investments were in either LGIP or SNAP, which were both rated AAAm, and the length of the investments for both programs was less than 90 days. Additionally, the City is authorized to place investments of the RRS in common stocks, corporate debt securities, U.S. Government and Agency Securities, international stocks and bonds, money market, and mutual funds. At no time, shall more than 35 percent of the portfolio be invested in commercial paper. No more than 5 percent of the portfolio shall be invested in the commercial paper of a single entity.

Custodial credit risk for deposits:

At June 30, 2020, the City did not have any deposits that were not covered by depository insurance or collateralized under the Virginia Security for Public Deposits Act.

Custodial credit risk for investments:

As of June 30, 2020, the City holds its investment securities primarily in external investment pools and thus is not subject to custodial credit risk disclosure.

Concentration Risk:

As of June 30, 2020, the City does not have concentration of credit risk, as no investments were with any one issuer representing more than 5 percent of total investments.

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

Investments Measured at Net Asset Value (NAV)	Fair Value	Unfunded Commitments	Redemption Frequency	Required Redemption Notice
US Equity Funds	\$ 105,836,303	\$ -	Daily	3 - 5 days
International Equities	97,178,612	-	Daily	1 - 30 days
Global Fixed Income	176,918,106	-	Daily	1 - 10 days
Real Estate Investment Trusts and Funds	26,335,207	-	Quarterly	45 days
Hedge Funds	22,909,275	-	Daily, Quarterly	1 - 95 days
Total Investments Measured at Net Asset Value (NAV)	<u>\$ 429,177,503</u>			
Total Investments at Fair Value	<u>\$ 573,271,694</u>			

Level 1 investments are valued at active market quoted prices.

Level 2 fixed income investments are valued using a pricing model that utilizes observed market inputs in determining the fair value as well as matrix yield curves.

Level 3 investments are valued by market assumptions that are based off of unobservable inputs.

1. U.S. Equities — Shares held in common stock and mutual funds are classified in Level 1 of the fair value hierarchy and valued using price quotes on active markets for those securities. Units held in commingled funds are valued using the NAV practical expedient of the commingled fund as reported by the investment managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the fund minus its liabilities and then divided by the number of units outstanding.

2. International Equities — International Equities include units in commingled funds that hold investments in securities of international issuers and emerging markets. Units held in these funds are valued using the NAV practical expedient as reported by the investment managers.

3. U.S. Fixed Income — Domestic fixed-income securities include investments in corporate bonds, U.S. Treasury obligations, mortgage-backed securities issued by federal agencies and collateralized mortgage obligations, and mutual funds with underlying investments in fixed-income securities. Investments in corporate bonds, mutual funds, and U.S. Treasury obligations are classified in Level 1 of the fair value hierarchy and valued using prices quoted on active markets for those securities.

Investments in mortgage-backed securities and other fixed-income investments are valued using pricing models maximizing the use of observable inputs for similar securities which includes basing value on yields currently available on comparable securities of issuers with similar credit ratings and are classified in Level 2 of the fair value hierarchy.

4. Global Fixed Income — Global Fixed Income securities include mutual funds invested in fixed-income securities of international issuers, mutual funds and commingled trusts invested in global fixed income securities. Investment managers have the ability to invest in a variety of industry spaces, such as government and corporate bonds, and across a multitude of countries, both developed and emerging markets. Investments in corporate bonds and mutual funds are classified in Level 1 of the fair value hierarchy and valued using prices quoted on active markets for those securities. Units held in commingled funds are valued using the NAV practical expedient of the commingled fund as reported by the investment managers.

5. Real Estate Investment Trusts and Funds — This category includes investments in real estate investment trusts (REITs) and real estate funds that invest in residential, office, retail, and industrial real estate or debt related to real estate acquisitions. Investments in REITs are classified in Level 1 of the fair value hierarchy and valued using prices quoted on active markets for those securities. Units held in real estate funds are valued using the NAV practical expedient of the commingled fund as reported by the investment managers. Real estate funds that are not valued at NAV practical expedient include significant unobservable inputs and are classified in Level 3 of the fair value hierarchy.

6. Hedge Funds — This category consists of investments in hedge funds-of-funds and direct investments. Investment managers in this category have the ability to invest in underlying managers that focus on a variety of different strategies such as long/short, event-driven, leveraging, and other derivative instruments. Units held in investments valued using the NAV practical expedient are excluded from the fair value hierarchy and reported at the NAV provided

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

by the investment managers. Investments in limited partnerships that are not valued at NAV are classified in Level 3 of the fair value hierarchy.

7. Private Debt and Private Equity — Private debt includes investments in limited partnerships and portfolios focused on direct, distressed or mezzanine lending as governed by their respective investment agreements. Private equity includes limited partnerships and portfolios focused on small buyouts, secondary acquisitions, distressed companies, or sector-focused investments. Investments in private debt and private equity represent partnership interests and capital investments valued as limited partnership ownership interests valued based on investment statements and other information provided by each investment manager. Investments in private debt and private equity are classified in Level 3 of the fair value hierarchy.

The City of Richmond also has investments measured at fair value in its ICMA-RC 457 Deferred Compensation Plan and they are categorized according to the fair value hierarchy established by GAAP outlined in GASB 72. The following table shows the fair value measurement as of June 30, 2020.

Participation in External Investment Pools

The City of Richmond has invested bond proceeds subject to rebate of arbitrage earnings in the Virginia State Non-Arbitrage Program ("SNAP"). SNAP is designed to assist local governments in complying with the arbitrage rebate requirements of the Tax Reform Act of 1986. These programs provide comprehensive investment management, accounting and arbitrage rebate calculation services for proceeds of general obligation and revenue tax-exempt bond financing of Virginia cities, counties and towns. As of June 30, 2020, the City had \$179,108,631 in the SNAP short-term investment. SNAP is administered by the Commonwealth of Virginia Treasury Board. The Board is committed to managing certain risk limiting provisions to maintain a stable net asset value (NAV) at \$1.00 per share, which is determined at the close of each business day. The goal of maintaining NAV is facilitated as follows:

- a) SNAP is rated 'AAAm' by Standard & Poor's and managed in a manner to comply with their 'AAAm' rating requirements.
- b) The portfolio securities are valued by the amortized cost method, and on a daily basis this valuation is compared to the current market to monitor any variance.
- c) Investments are limited to short-term, high-quality credits that can be readily converted into cash with limited price variation.

The City is a participant in the Local Government Investment Pool (LGIP) which is administered by the Commonwealth of Virginia Department of Treasury. As of June 30, 2020, the City had \$348,516,443 in LGIP short-term investments. The Commonwealth's Department of Treasury is committed to managing certain risk limiting provisions to maintain a stable net asset value (NAV) at \$1.00 per share, which is determined at the close of each business day. The goal of maintaining NAV is facilitated as follows:

- a) The LGIP is rated 'AAAm' by Standard & Poor's and managed in a manner to comply with their 'AAAm' rating requirements.
- b) The portfolio securities are valued using the amortized cost method, and on a weekly basis this valuation is compared to the current market to monitor any variance.
- c) Investments are limited to short-term, high-quality credits that can be readily converted into cash with limited price variation.

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

The City is also a participant in the Local Government Investment Pool - Extended Maturity (LGIP - EM) which is administered by the Commonwealth of Virginia Department of Treasury. As of June 30, 2020, the City's investment in the fund was valued at \$53,060,158.

- a) The LGIP-EM is rated AA+ / S1 by Standard & Poor's based on the fund's credit quality, market price exposure and management experience.
- b) Investments are limited to high quality investment grade securities with the fund's duration target being 0.75 to 1.25 years.

Healthcare OPEB Trust Plan Investment

The City has invested funds with the Virginia Pooled OPEB Trust Fund (the "OPEB Trust Fund"), which was established to assist Virginia local governments in funding their future OPEB healthcare liabilities. The OPEB Trust Fund was established by the Virginia Association of Counties and the Virginia Municipal League and is an Internal Revenue Code, Section 115, governmental trust, offered to local governments to help defray future healthcare related expenses. The OPEB Trust Fund held total pooled investments of Virginia local governments in excess of \$1.1 billion in 2019, making it the largest pooled OPEB trust in the United States.

The primary benefits of participation in the trust include access to institutional investment fund managers offered through two diversified portfolios, the guidance of an investment consultant, economies of scale through pooling, and administrative services. Participants hold individual trust accounts wherein they can monitor the performance of their investments. As of June 30, 2020, the City of Richmond's investments in the OPEB Trust Fund had a market value of \$782,386. The OPEB Trust Fund issues a separate audited financial report which may be obtained by visiting the website: valocalfinance.org/opeb/ or by contacting the VML/VACo Finance, 8 East Canal Street, Suite 100, Richmond, VA 23219.

4. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The City reports inter-fund balances among many of its funds, as follows:

		Due From				
		Capital Projects	Non-Major Governmental	Non-Major Proprietary	Stormwater	Internal Service
						Total
Due To	General	\$ 85,518,468	\$ 4,600,004	\$ 1,554,110	\$ -	\$ 18,435,868
	Gas	-	-	-	864,957	131,109
	Water	-	-	-	864,958	73,748
	Wastewater	-	-	-	4,235,706	-
	Total	\$ 85,518,468	\$ 4,600,004	\$ 1,554,110	\$ 5,965,621	\$ 18,640,725
						\$ 116,278,928

The balances resulted from the time lag between the dates that inter-fund goods and services are provided or reimbursable expenditures occur and payments among funds are made. The City reports inter-fund transfers among many of its funds. Inter-fund transfers for the year ended June 30, 2020, consisted of the following:

Transfers are used to 1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, 2) move receipts restricted to debt service from the funds collecting the receipts to the Debt Service Fund as debt service payments become due or 3) to use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

* In Fiscal Year 2020, \$2,133,681 of outstanding General Obligation Bonds and \$264,927 of a directly Issued bond debt related to the Richmond Coliseum have been reclassified from Business-Type (Enterprise Fund) Activities debt to Governmental Activities debt due to the closing of the Coliseum.

As of June 30, 2020, the City's Primary Government has total outstanding general obligation bonds and notes of \$845,102,995. Of this total, directly borrowed debt of \$28,976,764 includes bond and note amounts borrowed from Commercial Banks, the Commonwealth of Virginia (Virginia Resources Authority), and from the U.S. Department of Housing and Urban Development (HUD). During the FY2020, the City had in place a \$60.0 million Line of Credit Bond Anticipation Note Facility (See details later in this Footnote) with a year-end outstanding balance of \$14,200,000. Borrowings on this facility will be converted to General Obligation Bonds in subsequent years.

See Note 12 for additional information regarding Other Post Employment Benefits (OPEB). The contributions for OPEB by the City are determined annually by the City's Department of Budget & Strategic Planning and subsequently approved and adopted by City Council through the City's budget process.

Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities in the governmental funds. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expense when due. All liabilities, both current and long-term, are reported in the Statement of Net Position.

General Obligation Bonds and Notes are secured by the full faith and credit of the City and are payable from taxes levied on property located within the City. General Obligation Serial Equipment Notes and capital leases are payable from General Fund and Internal Service Fund revenues. The allocation of debt between Governmental Activities and Business-Type Activities is recorded on a debt by debt basis.

Debt issued during the fiscal year ended June 30, 2020

On November 29, 2018, the City established its Series 2018A General Obligation Line of Credit Bond Anticipation Note Facility (the "Line of Credit") with a Commercial Bank, which was amended to its current Line Amount of \$60.0 million. The Line of Credit is being used to finance the construction of three new Richmond Public Schools. The City pays monthly variable rate interest on the Line of Credit borrowings priced at LIBOR plus 47.5 basis points (0.61 percent on June 30, 2020). The Line of Credit has a final maturity of November 1, 2022. The outstanding balance as of June 30, 2020, was \$14,200,000.

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

On October 23, 2019, the City issued \$132,885,000 of tax-exempt General Obligation Public Improvement and Refunding Bonds, Series 2019A. At the time of the debt offering, Moody's upgraded its bond rating of the City's General Obligation debt to Aa1, from Aa2, while Standard & Poor's and Fitch Ratings both re-affirmed the City's bond ratings of AA+ and AA+, respectively.

The \$132,885,000 par amount of the Series 2019A General Obligation bond proceeds, along with a \$17,045,991 premium received, were used to fund \$90,000,000 of new School construction costs, payoff the \$45,000,000 outstanding balance on the Series 2018B Line of Credit Bond Anticipation Note, and current refund certain maturities of the outstanding Series 2009B General Obligation bonds to achieved debt service savings. The refunding of the Series 2009B bonds achieved debt service savings of \$676,358 over four years and an economic gain of \$664,461. The Series 2019A bonds have coupon interest rates ranging from 2.60 percent to 5.00 percent with interest payable on January 15th and July 15th of each year. Serial annual principal amounts of between \$4,315,000 and \$8,540,000 are payable on July 15th of each year, with a final principal maturity due on July 15, 2039.

On April 15, 2020, the City issue \$135,445,000 of tax-exempt Public Utility Revenue Bonds, Series 2020A, and \$180,000,000 taxable Public Utility Revenue Refunding Bonds, Series 2020B. At the time of this debt offering, Moody's upgraded its bond rating of the City's Public Utility Revenue bond debt to Aa1 from Aa2, while Standard & Poor's and Fitch Ratings both re-affirmed the City's Utility Revenue bond ratings of AA and AA, respectively.

The \$135,445,000 par amount of the Series 2020A bonds, along with \$15,435,394 of premiums received, will be used to fund ongoing capital projects of the City's Gas and Wastewater Utilities during the next approximately 24 months. The Series 2020A bonds have coupon interest rates of between 2.81 percent and 5.00 percent with interest paid semiannually on January 15th and July 15th of each year. Serial annual principal payment amounts of between \$820,000 and \$15,850,000 are payable on January 15th of each year with a final principal payment due January 15, 2050.

The \$180,000,000 par amount of the taxable Series 2020B Public Utility Revenue Refunding bonds, along with a \$2,824,704 cash contribution from the Utilities, were used to advance refund certain principal maturities of the outstanding Series 2013A Public Utility Revenue bonds at lower interest rates. The refunding achieved cash flow debt service savings of \$22,700,127 over the remaining 23 year life of the bonds, and an economic gain of \$16,380,305. The Series 2020B bonds have coupon interest rates of between 1.63 percent and 3.54 percent with semiannual interest due January 15th and July 15th. Principal is payable annually on January 15th of each year in amounts of between \$1,940,000 and \$10,205,000, with a final principal payment due January 15, 2043.

On June 17, 2020, the City issued a \$4,960,000 five-year General Obligation Equipment Note, Series 2020A and a \$3,826,000 seven-year General Obligation Equipment Note, Series 2020B to finance vehicles and equipment purchased by the City's Fleet Management Internal Service Fund and the City's Stormwater Utility. The Notes were privately placed with a commercial bank which agreed to provide five-year financing on the Series 2020A Note at a fixed tax-exempt rate of 1.11 percent, along with seven-year financing on the Series 2020B Note at a fixed tax-exempt rate of 1.19 percent.

The Series 2020A Note calls for the City to make serial principal payments of between \$973,000 and \$1,014,000 on June 1st of each year and semi-annual interest payments due on December 1st and June 1st of each year. The final maturity on the Series 2020A Note is June 1, 2025. The Series 2020B Note calls for the City to make serial principal payments of between \$529,000 and \$566,000 on June 1st of each year and semi-annual interest payments due on December 1st and June 1st of each year. The final maturity on the Series 2020B Note is June 1, 2027.

Defeasance of Debt

On July 14, 2017, the City purchased U.S. Government Securities with proceeds of the General Obligation Public Improvement Refunding Bonds, Series 2017B and 2017C to advance refund principal maturities of the Series 2010D and 2012A General Obligation Bonds. These U.S. Government Securities were deposited into an irrevocable trust with an escrow agent to provide for all future debt service payments due on the refunded bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the City's financial statements. As of June 30, 2020, the remaining principal amount of defeased bonds is \$96,290,000. The call date of the Series 2010D bonds is July 15, 2020, and for the 2012A bonds is March 1, 2022.

On December 21, 2017, the City purchased U.S. Government Securities with proceeds of the General Obligation Public Improvement Refunding Bonds, Series 2017D to advance refund principal maturities of the Series 2013A, and 2014A General Obligation Bonds. These U.S. Government Securities were deposited into an irrevocable trust with an escrow agent to provide for

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

all future debt service payments due on the refunded bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the City's financial statements. As of June 30, 2020, the principal amount of defeased bonds is \$125,420,000. The call date for the Series 2013A Bonds is March 1, 2023 and for the Series 2014A is March 1, 2024.

On April 15, 2020, the City purchased U.S. Government Securities with proceeds of the Public Utility Revenue and refunding Bonds, Series 2020B to advance refund principal maturities of the Series 2013A Public Utility Revenue Bonds. These U.S. Government Securities were deposited into an irrevocable trust with an escrow agent to provide for all future debt service payments due on the refunded bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the City's financial statements. As of June 30, 2020, the principal amount of defeased Utility Revenue bonds is \$161,400,000. The call date for the Series 2013A Bonds is January 15, 2023.

Legal Debt Limit

Article VII, Section 10 of the Constitution of Virginia provides that the legal debt limit for cities for issuing General Obligation debt is ten (10) percent of the last preceding assessment for real estate taxes. At June 30, 2020, the City had a legal debt limit of \$2,706,264,400 (10.00 percent of the taxable real estate value) and the statutory capacity to issue approximately \$1,869,697,855 of additional General Obligation debt (remaining debt margin).

Authority to Issue Debt

As of June 30, 2020, the City had a total of \$306,558,732 of additional general obligation and revenue bonds authorized, but not issued, for funding Capital Improvement Projects and the acquisition of Equipment. Of these authorized, but not issued bonds and notes, \$171,953,549 is earmarked for self-supporting Public Utility revenue bond funded projects, \$12,841,722 for Stormwater Utility Projects, \$114,609,462 for various General Fund supported capital projects and \$7,153,999 for funding of equipment purchases.

Bond Ratings

The City of Richmond periodically has three bond rating firms provide credit evaluations of the City's outstanding General Obligation and Public Utility Revenue bond debt. The current bond rating of the City's outstanding bond debt by each firm is as follows:

General Obligation Bonds	
Moody's	Aa1
Standard & Poor's	AA+
Fitch Ratings	AA+
Public Utility Revenue Bonds	
Moody's	Aa1
Standard & Poor's	AA
Fitch Ratings	AA

9. RISK MANAGEMENT

The City's non-health care related risk management activities are conducted through the Self Insurance agency within General Fund and have been accounted for in accordance with GAAP.

The City is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. For all retained risks, claim expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. There have been no significant reductions in insurance coverage from coverage in the prior year, and settled claims have not exceeded the amount of insurance coverage in any of the past three fiscal years.

For workers' compensation claims, the City assumes the first \$2,000,000 for Heart, Lung and Cancer presumptive claims for Public Safety Officer and \$1,500,000 for All Other employees and non-presumptive claims for Public Safety Officers. The City pays claims filed directly from appropriations to various agencies. Excess workers' compensation coverage provides protection for accidents exceeding the self-insured retentions noted above. Claims for indemnity benefits may be paid over a maximum period of 500 weeks with the exception of certain legally defined cases, which may be paid for the lifetime of the claimant.

The City is self-insured for the first \$1,500,000 of any general liability, automobile liability, public officials or police professional liability claim. The City has purchased \$10,000,000 in excess liability coverage over a \$1,500,000 self-insured retention from States Self-Insurers Risk Retention Group (States), a public entity risk pool domiciled in the State of Vermont. Claims under the \$1,500,000 self-insured retention are paid by the Risk Management Unit within the Internal Service Fund.

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

The City's Department of Public Utilities (DPU) is a member of the Associated Electric Gas and Insurance Services, Ltd., a member-owned company based in New Jersey. In exchange for an annual premium, the utilities are provided insurance coverage to a limit of \$35 million per occurrence for excess liability with self-insured retention of \$1,000,000 per occurrence for General and Employers' Liability, and \$1,000,000 per occurrence for Pollution Liability. DPU is also a member of Energy Insurance Mutual Ltd., which provides excess liability coverage with limits of \$100 million in excess of the \$35 million underlying coverage.

The City also carries commercial insurance in a number of smaller, more defined risk areas such as employees' faithful performance, money and securities, and medical professional liability. The Risk Management Bureau recently secured Fiduciary coverage for the Richmond Retirement System Fund. The Risk Management Bureau also obtained Malicious Acts coverage.

During the fiscal year ended June 30, 2020, premiums for excess coverage and claims paid for self-insured coverage were recognized as revenue and recorded as expenditures or expenses in the appropriate Governmental and Proprietary Funds, respectively.

The City's aggregate actuarially determined liability for uninsured workers' compensation, general liability, and automobile liability at June 30, 2020, was \$47,258,913 (undiscounted) and \$38,228,155 (discounted at 3.50 percent). Changes in the aggregate for these liabilities for FY2019 and FY2020 were:

Fiscal Year	Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claims and Premium Payments	Balance at Fiscal Year End
2019	\$ 33,120,531	\$ 10,969,924	\$ (8,282,134)	\$ 35,808,321
2020	\$ 35,808,321	\$ 11,884,878	\$ (9,465,044)	\$ 38,228,155

Workers' compensation, general liability, and automobile liability future payment projections for fiscal period July 1, 2020, through June 30, 2021, are as follows:

Probability Level	Discounted	Undiscounted
90.00%	\$ 10,839,066	\$ 11,027,118
75.00%	\$ 9,673,769	\$ 9,841,604
Central Estimate	\$ 8,547,615	\$ 8,695,911

10. HEALTH CARE PLAN

On July 1, 2010, the City began to self-insure health care for all eligible employees and retirees by contracting with providers for administrative services only. Services under these contracts include claims adjudication, disease management, lifestyle programs, and wellness initiatives. The Department of Human Resources manages the plan, ensures statutory compliance and makes recommendations to City Council, which has the authority to modify the provisions of the City's active and post-employment benefits program. In accordance with the Affordable Care Act (ACA), any employee who works an average of twenty (20) or more hours within a designated "measurement period" will be eligible to enroll in the City-sponsored health care (with the exception of Seasonal Employees).

Retiree Eligibility

Employees who retire as an active member in the Defined Benefit Plan and Enhanced Defined Benefit Plan and Constitutional employees are eligible for health insurance. Employees must:

- Be under age 65
- Have worked for the City for 15 years or more
- Have worked for the City for 10 or more years with 5 years of continuous participation on the health insurance program immediately prior to retirement

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

Sworn Police, Sworn Fire, Sworn VRS, and Executives currently are not in the defined contribution group are also able to participate in the post-retirement medical coverage even if they were hired after January 1, 1997.

Employees who retire as an active member in the Defined Contribution Plan are not eligible for post-retirement benefits and are only eligible for COBRA.

City Subsidy

The amount of subsidy is determined on a yearly basis and based on length of active service. There are three levels of subsidy:

<u>Years of Active Service</u>	<u>Subsidy</u>
25 +	100.00%
15 to 25	75.00%
10 to 15	50.00%
Less than 10	0.00%

Benefits

CIGNA Healthcare is contracted as the third-party administrator for the medical plans. The City offers two medical plan options: Premier and Classic. In-network services for the Premier Plan are covered at 90 percent with a \$20 office visit co-pay for Primary Care Physicians, and a \$40 office visit co-pay for Specialists. In-network services for the Classic Plan are covered at 80 percent with a \$25 office visit co-pay for Primary Care Physicians, and a \$50 office visit co-pay for Specialists. Out-of-network providers are covered at 50 percent. Wellness checkups and services are covered at 100 percent. Prescription drug coverage is included with both medical plans, utilizing a three tier co-pay structure and optional mail order to refill prescriptions. The City pays the full cost of the coverage for life for Line of Service Retirees.

The City purchases specific stop-loss insurance from Connecticut General Life Insurance Company (CIGNA) limiting claims against the self-insurance program to \$300,000 per occurrence for individual claims, and an additional 125 percent aggregate stop loss limitation that has been subsequently canceled effective as of August 2014, for the City. The following table shows the amounts that have been accrued as a liability within the self-insurance fund based upon an estimate from the City's outside actuary, MERCER.

	Health Insurance Primary Government	
	<u>Fiscal Year 2020</u>	<u>Fiscal Year 2019</u>
Unpaid Claims Beginning of Fiscal Year	\$ 3,644,000	\$ 3,917,000
Incurred Claims (including IBNR)	45,646,262	43,385,424
Claim Payments	(46,032,262)	(43,658,424)
Unpaid Claims End of Fiscal Year	<u>\$ 3,258,000</u>	<u>\$ 3,644,000</u>

11. RETIREMENT PLANS

Richmond Retirement System (RRS)

Defined Benefit Plan

A. Plan Description

The RRS was established by action of the Richmond City Council on February 1, 1945. The City Council appoints five members and the Mayor appoints two members of the Board of Trustees to administer the RRS. However, City Council retains the authority to establish or amend benefit provisions. The RRS is currently not subject to the provisions of the Employee Retirement Income Security Act of 1974.

The RRS is a single-employer Defined Benefit Plan. The RRS has one participating employer, the City, including its component unit Richmond Behavioral Health Authority and a small portion of Richmond Public Schools. The plan covers all full-time permanent employees, with the exception of those elected officials and persons eligible for membership in the Judicial Retirement System and the Virginia Retirement System. A majority of the employees of the School Board participate in the Virginia Retirement System (VRS), which offers both agent and cost sharing

multiple-employer retirement plan options to Virginia localities and acts as a common investment and administrative agent for certain political subdivisions in the Commonwealth of Virginia. Members are vested after five years of creditable service or at their normal retirement age (age 65 for General Employees; age 60 for Public Safety Employees). The plan is contributory for employees.

B. Contribution Policy

The City Code of 1993, as amended, requires the City to contribute to the RRS, annually, an amount as determined by the actuarial, expressed as a percentage of payroll, equal to the sum of the normal contribution and the actuarial determined contribution.

The actuarial determined contribution is the amount necessary to amortize the unfunded actuarial liability and any increase or decrease in the unfunded actuarial liability in future years due to changes in actuarial assumptions, changes in RRS provisions, including the granting of COLA increases, or actuarial gains or losses amortized over a closed period not to exceed 30 years, with payments increasing up to 4.00 percent per year for Fire and Police and level contributions for General Employees.

C. Actuarial Methods and Assumptions Used to Determine Contribution Rates and Net Pension Liability (NPL)

Actuarial determined contribution rates and net pension liability (NPL) are calculated as of July 1 two years prior to the end of the fiscal year in which contributions are reported. The following assumptions were used to determine contribution rates and NPL:

- Actuarial cost method – Entry Age Normal
- Amortization method – Level percent of pay over a closed period not to exceed 30 years for Police and Fire Employees; level dollar amount over a closed period, not to exceed 30 years for General Members.
- Remaining amortization period – 20 years for remaining unfunded accrued liability as of July 1, 2006; 20 years for subsequent changes.
- Asset valuation method – 5 year spread of the difference between actual investment earnings and assumed investment earnings a 7.50 percent with the restriction that the resulting value must be within 90.00 percent to 110.00 percent of market value.
- Inflation rate - 3.00 percent.
- Salary increases General Employees – 3.00 percent to 4.00 percent.
- Salary Increases – Police and Fire Employees from 3.00 percent to 4.50 percent.
- Investment rate of return – 7.50 percent.
- Interest rate - The expected long term rate of return of 7.50 percent was used to determine the Entry Age Actuarial Liability and Normal Cost for purposes of determining contribution rates. For financial reporting, under GASB67, the same 7.50 percent rate was used because it was projected that under the funding policy there will be no future date at which time system assets will be depleted. If that were the case, a blended rate using 7.50 percent long term rate of return assumption would have been used for years until assets are projected to be depleted and a high quality 20 year municipal bond yield would have been used thereafter.
- Annual Money Weighted Rate of Return, Net of Investment Fess - 7.20 percent. Annual money-weighted rate of return is calculated net of all investment management expenses and additional plan investment related expenses that are reported by the plan's custodian and/or were provided to NEPC by the client. The methodology used to determine the money weighted rate of return is different from the calculation of the fiscal year rate of return, which was 7.20 percent net of fees. Cash flows have a larger impact on the money-weighted rate of return than the fiscal year rate of return, which uses a time-weighted calculation.
- For purposes of determining contribution rates, the difference between actual investment earnings and expected investment earnings is recognized over a five-year period, with the restriction that the actuarial asset value cannot be less than 90.00 percent or more than 110.00 percent of market value. This smoothing

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

method is utilized in order to minimize the impact of short term market fluctuations on the RRS contribution rates and funded status. Fair market value of investments was used to determine NPL.

D. Plan Membership

As of June 30, 2020, membership in the RRS was comprised as follows:

Active vested Plan members	1,333
Active Non-vested Plan members	254
Terminated Vested Plan members	1,545
Retirees and beneficiaries receiving benefits	4,327
Total	7,459

E. Net Pension Liability

A detailed schedule of changes in the net pension liability is presented under required supplementary information. This information is intended to help users assess the extent of the City's obligation to the Defined Benefit Plan. The net pension liability of the City at June 30, 2020, for the RRS was as follows.

Total pension liability (TPL)	\$	914,809,221
Plan fiduciary net position		557,110,208
City's net pension liability (NPL)	\$	357,699,013
<hr/>		
Plan fiduciary net position as a percentage of the total pension liability		60.90%
Covered payroll	\$	105,603,023
City's net pension liability as a percentage of covered payroll		338.72%

The plans net pension liability is calculated based on a measurement date of June 30, 2019.

Expected Rate of Return and Target allocation

The long-term expected rate of return on RRS investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (e.g., expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset percentage and by adding expected inflation.

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2020, are summarized below:

Investment	30-Yr. 2018 NEPC Arithmetic Return
Large Cap Equities	8.83%
SMD Cap Equities	9.64%
Developed International Equities	9.64%
Emerging International Equities	12.47%
Hedge Funds	6.71%
Private Equity	11.72%
Global Multi-Sector Fixed Income	5.29%
Opportunistic Fixed Income	5.32%
Private Debt	8.25%
Real Estate (core)	7.25%
Cash	2.75%

F. Sensitivity of the Net Pension Liability

Changes in the discount rate affect the measurement of pension liabilities; therefore, a small change in the discount rate could result in a significant change in the NPL. As an illustration, the following table present the NPL for the RRS, calculated using the discount rate of 7.50 percent, as well as, what the City's NPL would be if it were calculated using a discount rate that is one percentage point lower (6.50 percent) or one percentage point higher (8.50 percent) than the current rate:

Sensitivity of the NPL to Changes in the Discount Rate			
	1.00% Decrease 6.50%	Current Discount Rate 7.50%	1.00% Increase 8.50%
Plan Net Pension Liability	\$ 444,877,811	\$ 357,699,013	\$ 282,566,976

G. Summary of Deferred Outflows and Inflows of Resources

The City reports new deferred outflows of resources and deferred inflows of resources on its Statement of Net Position as a result of pension related activities required under GAAP. Deferred outflows of resources represent a consumption of net position that is applied to future periods and, thus, is not recognized as an outflow of resources or expense until a later year. Deferred inflows of resources are an acquisition of net position that is not recognized in the current year but are recognized as an inflow of resources or revenue in a future year. The component make up of deferred inflows of resources and deferred outflows of resources is as follows:

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

Summary of Deferred Outflows and Inflows of Resources - RRS		
	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 5,798,962	\$ 819,900
Net difference between expected and actual investment earnings	12,377,293	-
Change in assumptions	45,117,695	-
Change in proportion and difference between employer contribution and proportion share of contribution	-	-
Employer contributions subsequent to the measurement date	48,394,653	-
Total	\$ 111,688,603	\$ 819,900

Deferred outflows of resources for contributions subsequent to measurement date will be recognized in net pension liability/collective net pension liability in fiscal year ended 2020. The other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions are amortized over specific years and recognized in pension expense in future years as shown below:

Amortization Schedule of Deferred Outflows and Inflows of Resources		
Year Ended June 30,		
2021	\$	25,356,843
2022	\$	15,438,169
2023	\$	18,395,517
2024	\$	3,283,521
Thereafter	\$	-
Total	\$	62,474,050

For the year ended June 30, 2020, the City recognized RRS pension expense of \$59,446,401. The components of this pension expense include the following:

PENSION EXPENSE - RRS	
Service Cost	\$ 10,463,956
Interest Cost	61,669,092
Experience Loss/(Gain)	(273,300)
Contribution Employee	(1,894,850)
Change in Assumptions	15,039,231
Net Investment Income	
Expected Return on Investments	(40,986,004)
Investment Gain or Loss Expensed	3,283,520
Administrative Expense	1,250,142
Amortization	10,894,614
Pension Expense	\$ 59,446,401

The Defined Benefit Plan is considered part of the City financial reporting entity and is included in the financial statements as a Pension Trust Fund.

Defined Contribution Plan

The RRS also offers a Defined Contribution 401(a) Plan as another retirement option to the City and RBHA. This plan is mandatory for general employees hired on/or after July 1, 2006, and optional for senior executives and public safety officers. The RRS is the administrator for this plan and has contracted with an independent, not-for-profit financial services organization to be the record keeper of the plan. The City contributes a percentage of an employee's creditable compensation, based on years of service, to a portable account for investment by the employee. This plan is non-contributory for employees. There are 1,938 city employees currently enrolled in the plan.

The Defined Contribution Plan is a 401(a) account which grows through contributions from the participating employers and investment earnings. The Defined Contribution Plan is funded entirely by employer contributions, and no employee contributions are required. Participating employers contribute a percentage of the member's salary to an account each pay period in accordance with the following schedule, which is based on years of creditable service:

- Less than 5 years of service 5.00 percent
- 5 to 10 years of service 6.00 percent
- 10 to 15 years of service 8.00 percent
- 15 or more years of service 10.00 percent

The contribution to the RRS plan by the City is determined annually by the City's Department of Budget & Strategic Planning and subsequently approved and adopted through the City's biennial budget process.

RRS Financial can be accessed at: www.richmondgov.com/retirement/publications.aspx

Virginia Retirement System (VRS)

A. Plan Description

The City contributes to the Virginia Retirement System (VRS), a cost-sharing and agent multiple-employer defined benefit pension plan administered by the VRS. City members include constitutional offices of the Sheriff, Courts, Registrar and Treasurer. Benefits vest after five years of service credit. Members earn one month of service credit for each month they are employed and their employer is paying into the VRS. Members are eligible to purchase prior public service, active duty military service, certain periods of leave and previously refunded VRS service as credit in their plan. There are three defined benefit plans for local government employees – Plan 1 and Plan 2 and Hybrid Plan.

- Members hired before July 1, 2010, and who were vested as of January 1, 2013, are covered under Plan 1. Non-hazardous duty members are eligible for an unreduced retirement benefit beginning at age 65 with at least five years of service credit or age 50 with at least 30 years of service credit. They may retire with a reduced benefit as early as age 55 with at least five years of service credit or age 50 with at least 10 years of service credit
- Members hired or rehired on or after July 1, 2010, and who were not vested on January 1, 2013, are covered under Plan 2. Non-hazardous duty members are eligible for an unreduced benefit beginning at their normal Social Security retirement age with at least five years of service credit or when the sum of their age and service equals 90. They may retire with a reduced benefit as early as age 60 with at least five years of service credit.
- Non-hazardous duty employees hired on or after January 1, 2014, are covered under the Hybrid Plan. The VRS Hybrid Retirement Plan combines features of a defined benefit and a defined contribution plan. Employees covered under the VRS Hybrid Plan are eligible for an unreduced benefit when they reach their normal Social Security retirement age or when their age and service equal the sum of 90. Benefits are payable monthly for life in an amount equal to 1.00 percent of their Average Final Salary (AFS) for each year of credited service. Hybrid members make mandatory contributions to the defined contribution component of the plan and may make additional voluntary contributions to the plan, which the employer is required to match. Employees vest in the

matching employer contributions based upon a tiered schedule. Employees are 100.00 percent vested in all matching employer contributions upon reaching 4 years of creditable service.

The VRS Basic Benefit is a lifetime monthly benefit based on a retirement multiplier as a percentage of the member's average final compensation multiplied by the member's total service credit. Under Plan 1, average final compensation is the average of the member's 36 consecutive months of highest compensation. Under Plan 2, average final compensation is the average of the member's 60 consecutive months of highest compensation. The retirement multiplier for non-hazardous duty members is 1.70 percent. The retirement multiplier for sheriffs and regional jail superintendents is 1.85 percent. The retirement multiplier for eligible political subdivision hazardous duty employees other than sheriffs and jail superintendents is 1.70 percent or 1.85 percent as elected by the employer. The multiplier for Plan 2 members was reduced to 1.65 percent effective January 1, 2013, unless they are hazardous duty employees and their employer has elected the enhanced retirement multiplier. At retirement, members can elect the Basic Benefit, the Survivor Option, a Partial Lump-Sum Option Payment (PLOP) or the Advance Pension Option. A retirement reduction factor is applied to the Basic Benefit amount for members electing the Survivor Option, PLOP or Advance Pension Option or those retiring with a reduced benefit.

Eligible hazardous duty members in Plan 1 and Plan 2 are eligible for an unreduced benefit beginning at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit. These members include sheriffs, deputy sheriffs and hazardous duty employees of political subdivisions that have elected to provide enhanced coverage for hazardous duty service. They may retire with a reduced benefit as early as age 50 with at least five years of service credit. All other provisions of the member's plan apply.

Retirees are eligible for an annual cost-of-living adjustment (COLA) effective July 1 of the second calendar year of retirement. Under Plan 1, the COLA cannot exceed 5.00 percent; under Plan 2, the COLA cannot exceed 3.00 percent. During years of no inflation or deflation, the COLA is 0.00 percent. The VRS also provides death and disability benefits. Title 51.1 of the Code of Virginia (1950), as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

VRS issues a publicly available Comprehensive Annual Financial Report (CAFR) that includes financial statements and required supplementary information for the plans administered by VRS. A copy of the report may be obtained from the VRS website located <http://www.varetire.org/publications/index.asp> or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

B. Contribution Policy

The contribution requirement for active employees is governed by Section 51.1-145 of the Code of Virginia (1950), as amended, but may be impacted as a result of funding options provided by the Virginia General Assembly. Employees are required to contribute 5.00 percent of their compensation toward their retirement. Prior to July 1, 2012, all or part of the 5.0 percent member contribution may have been assumed by the employer. Beginning July 1, 2012, new employees were required to pay the 5.00 percent member contribution. In addition, for existing employees, employers were required to begin making the employee pay the 5.00 percent member contribution. This could be phased in over a period of up to 5 years. The employer is required to provide a salary increase equal to the amount of the increase in the employee-paid member contribution.

The City's contractually required contribution rate for the year ended June 30, 2019, was 11.72 percent of covered employee payroll. This rate was based on an actuarial determined rate from an actuarial valuation of June 30, 2017. This rate, when combined with employee contributions, is expected to finance the costs of benefits earned by the employee during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan for the years ended June 30, 2020, and June 30, 2019, were \$4,203,607 and \$4,702,343, respectively.

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

C. Plan Membership

At June 30, 2019, the valuation date, City membership in the VRS was comprised as follows:

Active members	543
Inactive members	-
Members and their beneficiaries receiving benefits	412
Members active elsewhere in VRS	264
Inactive Non-vested members	136
Inactive Vested members	109
Total	1,464

D. Net Pension Liability

For the City of Richmond, the net pension liability was measured as of June 30, 2019. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2018, rolled forward to the measurement date of June 30, 2019. A detailed schedule of changes in the net pension liability is presented under required supplementary information. This information is intended to help users assess the extent of the City's obligation to the Defined Benefit Plan. The net pension liability of the City at June 30, 2020, was as follows:

Total Pension Liability	\$	138,039,662
VRS Fiduciary Net Position		125,059,652
Net Pension Liability	\$	12,980,010
Plan Fiduciary Net Position as a Percentage of Total Pension Liability		90.60%
Covered Payroll	\$	26,924,568
City's Net Pension Liability as a Percentage of Covered Payroll		48.21%

E. Actuarial Methods and Assumptions

The City's net pension liability was measured as of June 30, 2019. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2018, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all period included in the measurement and rolled forward to the measurement date of June 30, 2019.

Actuarial Assumptions for General Employees

The actuarial valuation used the Entry Age Normal actuarial cost method and the following assumptions

- Inflation 2.50 percent
- Salary Increase 3.50 percent to 5.35 percent
- Investment Rate of Return net of pension plan investment expense 6.75 percent
- RP-2014 Mortality rate tables were used projected to 2020

Actuarial Assumptions for Public Safety Employees

The actuarial valuation used the Entry Age Normal actuarial cost method and the following assumptions

- Inflation 2.50 percent
- Salary Increase 3.50 percent to 5.35 percent
- Investment Rate of Return net of pension plan investment expense 6.75 percent
- RP-2014 Mortality rate tables were used projected to 2020

Long Term Expected Rate of Return

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Long Term Expected Rate of Return			
	Target Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long-term Expected Rate of Return
Public Equity	34.00%	5.61%	1.91%
Fixed Income	15.00%	0.88%	0.13%
Credit Strategies	14.00%	5.13%	0.72%
Real Assets	14.00%	5.27%	0.74%
Private Equity	14.00%	8.77%	1.23%
Multi Asset Public Strategies	6.00%	3.52%	0.21%
Private Investment Partnership	3.00%	6.29%	0.19%
	<u>100.00%</u>		<u>5.13%</u>
		Inflation	2.50%
		*Expected arithmetic nominal return	7.63%

* The above allocation provides a one year return of 7.63 percent. However, one year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11 percent, including expected inflation of 2.50 percent. The VRS Board elected a long-term rate of 6.75 percent which is roughly at the 40th percentile of expected long term results of the VRS fund asset allocation.

Discount Rate

The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS statutes and the employer contribution will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. For the year ended June 30, 2019, the City was provided with an opportunity to use an alternate employer contribution rate used in fiscal year 2012 or 100.00 percent of the actuarial determined employer contributions rate from the June 30, 2017, actuarial valuation, whichever is greater. From July 1, 2019, on, participating VRS employers are assumed to contribute 100.00 percent of the actuarial determined contribution rates. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore the Long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

F. Summary of Deferred Outflows and Inflows of Resources VRS

The schedules presented below reflect information required under GAAP and were prepared using an actuarial valuation performed as of June 30, 2018. The valuation was based upon data furnished by the VRS staff concerning active, retired and inactive members, along with pertinent financial information. The projected cash flows used to determine the discount rate assumed that plan member contributions will be made per the VRS statutes and the employer contributions will be made in accordance with the policies established by VRS at rates equal to the difference between actuarial determined contribution rates adopted by the VRS board and the member rate.

Deferred outflows of resources represent a consumption of net position that is applied to future periods and thus is not recognized as an outflow of resources or expense until a later year. Deferred inflows of resources are an acquisition of net position that is not recognized in the current year but are recognized as an inflow of resources or revenue in a future year. The component make up of deferred inflows of resources and deferred outflows of resources is as follows:

Summary of Deferred Outflows and Inflows of Resources - VRS		
	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 357,660	\$ 293,954
Changes in assumptions	2,541,134	64,511
Net difference between projected and actual earnings on plan investments	-	1,042,098
Employer contribution subsequent to the measurement date	4,211,618	-
Total	\$ 7,110,412	\$ 1,400,563

The deferred inflows of the VRS are amortized over a period of 4 years and are presented below to show the amount to be recognized in pension expense in future years. The deferred outflows made subsequent to the measurement date will be recognized as a reduction to NPL in 2020 and are not amortized. \$4,203,607 reported as deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the Fiscal Year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future reporting periods as follows:

Amortization Schedule of Deferred Outflows and Inflows of Resources		
Year Ended June 30,		
2021	\$	1,114,077
2022	\$	325,061
2023	\$	(18,510)
2024	\$	77,603
2025	\$	-
Thereafter	\$	-
Total	\$	1,498,231

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

Changes in the discount rate affect the measurement of pension liabilities; therefore, a small change in the discount rate could result in a significant change in the NPL. To show the impact of a 1 percent change in the discount rate the following table is presented with a rate of 5.75 percent and 7.75 percent comparing the total change in the NPL for a 1 percentage increase or decrease.

Sensitivity of the NPL to Changes in Discount Rate			
	1.00% Decrease 5.75%	Current Discount Rate 6.75%	1.00% Increase 7.75%
Plan Net Pension Liability	\$ 30,185,084	\$ 12,980,010	\$ (725,927)

For the year ended June 30, 2020, the City recognized VRS pension expense of \$3,346,908. The components of this pension expense include the following:

PENSION EXPENSE - VRS	
Service Costs	\$ 3,595,008
Interest on the total pension liability	8,750,975
Expensed portion of current-period difference between expected and actual experience in the total pension liability	182,479
Expensed portion of current period changes in assumptions	1,296,497
Member contributions	(1,301,296)
Projected earning on plan investments	(8,312,537)
Expensed portion of current-period differences between actual and projected earnings on plan investments	77,605
Administrative expenses	79,792
Other	4,992
Recognition of beginning deferred outflows of resources as pension expense	1,565,949
Recognition of beginning deferred inflows of resources as pension expense	(2,592,556)
Pension Expense	<u>\$ 3,346,908</u>

Aggregated Pension Expense

For the year ended June 30, 2020, the City recognized pension expense of \$62,793,309, of which, RRS \$59,446,401 and VRS \$3,346,908 respectively.

	RRS	VRS	Total
Service Cost	\$ 10,463,956	\$ 3,595,008	\$ 14,058,964
Interest Cost	61,669,092	8,750,975	70,420,067
Experience Loss (Gain)	(273,300)	182,479	(90,821)
Contribution Employee	(1,894,850)	(1,301,296)	(3,196,146)
Change in Assumptions	15,039,231	1,296,497	16,335,728
Net Investment Income			
Expected Return on Investments	(40,986,004)	(8,312,537)	(49,298,541)
Investment Gain or Loss Expensed	3,283,520	77,605	3,361,125
Administrative Expense	1,250,142	84,784	1,334,926
Amortization	10,894,614	(1,026,607)	9,868,007
Pension Expense	<u>\$ 59,446,401</u>	<u>\$ 3,346,908</u>	<u>\$ 62,793,309</u>

12. OTHER POSTEMPLOYMENT BENEFITS

From an accrual accounting perspective, the cost of postemployment healthcare benefits, like the cost of pension benefits, generally should be associated with the periods in which the cost occurs, rather than in the future year when it will be paid. In accordance with GAAP, the City recognizes the cost of postemployment healthcare in the year when the employee services are received, reports the accumulated liability from prior years, and provides information useful in assessing potential demands on the City's future cash flows. The City has employees participating in one of two OPEB Plans, The City of Richmond OPEB Plan and the Virginia Retirement System (VRS) OPEB Plan.

Other Post Employment Benefit Plans

A. City of Richmond OPEB Plan Description

The City provides continuous medical insurance coverage for some full-time employees who retire directly from the City, have continuously been enrolled in the health plans for 5 years prior to retirement, and are eligible to receive an early or regular retirement benefit from the City. In addition, they must be employed with the City for at least 10 years of creditable service at retirement. Dental insurance also continues after retirement at the retiree rate. The plan has been changed to only value participants who are currently retired and active members that were hired prior to January 1, 1997. Sworn Police, Sworn Fire, Sworn VRS, and Executives currently not in the defined contribution group are also able to participate in the post- retirement medical coverage even if they were hired after January 1, 1997. All other members hired after this date are assumed to pay the full cost of the program with no implicit rate subsidy and, therefore, have no liability reported under GAAP.

Retirees that become Medicare eligible are no longer eligible for the City retiree medical plan. Surviving spouses of retirees may elect to remain in the deceased member's health insurance plan for up to 36 months after the death of the member paying the same rate as the retiree, but without the City's contribution.

Currently the plans offered to retirees provided by the Connecticut General Life Insurance Co. are the Open Access Plus Copay Plan-OAPA Premier Plan and the Open Access Plus Copay Plan-OAPB Classic Plan. Retirees that become Medicare Eligible are no longer eligible for the City of Richmond retiree medical plan.

For pre-Medicare coverage, retirees pay a portion of the early retiree rates based on years of service at retirement. The City pays a subsidy of premiums based on length of active service. This subsidy is determined on an annual basis. There are four levels of City subsidy.

<u>Years of Active Service</u>	<u>Subsidy</u>
25+	100.00%
15 to 25	75.00%
10 to 15	50.00%
Less than 10	0.00%

The City pays the full cost of coverage of Line-of-Service retirees for life.

Employees may retire under the City of Richmond Retirement Plan with an unreduced pension benefit under the following age and service requirements based on the category of employee:

- General employees are eligible at age 65, with no service requirement
- General employees are eligible with 30 years of service regardless of age
- Police officers and firefighters are eligible at age 60, with no service requirement
- Police officers and firefighters are eligible with 25 years of service regardless of age

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

Employees may retire with a reduced pension benefit under the RRS under the following age and service requirements based on the category of employee:

- General employees are eligible at age 55, with five years of service
- Police officers and firefighters are eligible at age 50, with five years of service

The number of employee participants as of July 1, 2020, the effective date of the biennial OPEB valuation, follows. There have been no significant changes in the number covered or the type of coverage since that date.

Active Employees	1,920
Retired Employees	323
Total	<u>2,243</u>

Pre-Medicare retirees who participate in the plan pay the full active rate less the contribution from the City of Richmond if they are eligible for the subsidy. The monthly rate for the available plans are as follows:

Years of Service	OAPA Premier Plan	OAPB Classic Plan	High Deductible Plan
0 to 10	\$1,141.01	\$1,045.46	\$860.95
10 to 15	\$ 418.25	\$ 401.58	\$330.70
15 to 25	\$ 340.19	\$ 323.52	\$266.42
25+	\$ 262.10	\$ 245.45	\$202.13

The City contributes the following to the above rates based on the participants' years of service at retirement

Years of Service	OAPA Premier Plan	OAPB Classic Plan	High Deductible Plan
0 to 10	\$ 0.00	\$ 0.00	\$ 0.00
10 to 15	\$712.91	\$634.43	\$522.47
15 to 25	\$792.81	\$714.33	\$588.26
25+	\$872.74	\$794.23	\$654.07

These rates are a blend of the rates paid if a retiree completes an annual health assessment and if they do not complete the health assessment. Retiree contributions are assumed to increase at the health care cost trend rate. The City Of Richmond does not produce a separate stand-alone OPEB financial report.

a. Funding Policy

The City currently pays for post employment healthcare benefits on a pay-as-you-go basis. The City funds on a cash basis as benefits are paid. In February 2019, the City began participating in the Virginia Pooled OPEB Trust Fund, an irrevocable trust. The City began making contributions to the trust for investment purposes. In Fiscal Year 2020, the basis of \$500,000 was contributed to this pooled investment trust and the assets of the trust have been segregated or restricted to provide for other post-retirement benefits in the future.

b. Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. Most included coverage is community-rated and annual premiums for community-rated coverage's were used as a proxy for claims costs without age adjustment.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined, regarding the funded status of the plan and the annual

required contributions of the employer, are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. The required schedule of funding progress presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time, relative to the actuarial accrued liability for benefits.

These estimates reflect the potential impact of the Patient Protection and Affordable Care Act (PPACA).

The assumptions used in the basis of the July 1, 2020 valuation include:

- Salary Increases – Not applicable
- Discount Rate – For GASB Statement No. 75 the discount rate is 2.66 percent per annum based on the S&P Municipal Bond 20 Year High Grade Index as of June 30, 2020 compared to the prior discount rate of 3.11 percent.
- Valuation Date - July 1, 2020
- Expected Long – Term Rate of Return on Plan Assets – Not applicable
- Plan Participation – 65.00 percent of employees will elect coverage at retirement.
- Dependent Coverage – 30.00 percent of retirees who elect coverage at retirement will also cover their spouse at retirement.
- Administrative Expenses - are assumed to be included in the per capita medical claims costs.
- Investment Policy - Not Applicable
- Coordination with Medicare - The OPEB program provides primary coverage for pre- Medicare eligible participants. Retiree coverage terminates once a retiree becomes Medicare Eligible
- Age Variance - the medical claims aging table was updated to be based on the aging factors in the Dale Yamamoto study released by the Society of Actuaries in June 2013.

Actuarial Methods:

- Actuarial Method - Retiree postemployment benefit expenses are determined under the Entry Age Normal cost method.
- Asset Valuation Method – Not applicable
- Amortization Period - For Statement 75 contribution calculations: 20 years (closed) beginning July 1, 2017
- For Statement No. 75: Experience gains or losses are amortized over the average working lifetime of all participants which for the current period is 6 years. Plan amendments are recognized immediately. Investment gains or losses are amortized over a 5 year period. Changes in actuarial assumptions are amortized over the average working lifetime of all participants.
- Mortality Rates - were based on the RP- 2000 Employee Mortality Table for constitutional officers and the 1983 Group Annuity Mortality Table for all other employees.
- The actuarial projections are based on established patterns of practice as promulgated by the Actuarial Standards Board.

c. Annual Per Capita Healthcare Cost

Effective for the July 1, 2018 actuarial valuation, an analysis of the City's claims experience was performed for the purposes of setting the retiree medical claims cost. The main purpose is to project the expected annual per capita claims cost for current retirees and future retirees who are currently active.

Benefits are not provided to retirees eligible for Medicare. The annual projected medical claims costs were spread across the active and early retiree population using generally accepted actuarial judgment. It has been assumed that

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

individuals will continue with coverage under their current plan design upon retirement. Furthermore, children and their associated costs have been excluded for purposes of the calculation because generally, retirees do not provide continued coverage to children.

July 1, 2018 annual per capita claim

	<u>Medical/RX*</u>
Retiree Age 65 Pre-Medicare	\$20,638
Spouse Age 65 Pre-Medicare	\$20,638

This claim is for a male at age 65. Medical claims are assumed to increase at the medical health care cost trend rate.

d. Net OPEB Liability

The following table shows the components of City's annual OPEB liability at June 30, 2020 using measurement date as of June 30, 2020.

Total OPEB Liability	\$	115,591,786
Plan Fiduciary Net Position		782,386
Net OPEB Liability - June 30	\$	114,809,400
Plan Fiduciary Net Position as a Percentage of Total OPEB Liability		0.68%
Covered Payroll	\$	115,756,485
Net OPEB Liability as a Percent of Covered Payroll		99.18%

The table below shows the Net OPEB Liability measured as of June 30, 2020, which totals \$114,809,400. The total OPEB Liability of \$115,591,786 when combined with the Fiduciary Net Position of the OPEB Pooled Trust Assets of \$782,386 generates a \$114,809,400 Net OPEB Liability. While the plan has been a pay-as-you-go plan, in 2019 the City began to invest Assets in a Pooled Investment Trust for the purpose of accumulating Assets to pay OPEB expenses.

	Total OPEB Liability	Fiduciary Net Position	Net OPEB Liability
	(a)	(b)	(a) - (b)
Balances as of June 30, 2019	\$ 83,978,162	\$ 250,000	\$ 83,728,162
Changes for the Year			
Service Cost	4,434,106	-	4,434,106
Interest on Total OPEB Liability	2,553,264	-	2,553,264
Experience Losses (Gains)	24,431,269	-	24,431,269
Changes in Assumptions	6,508,726	-	6,508,726
Contributions - Employer	-	6,846,127	(6,846,127)
Contributions - Members	-	-	-
Net Investment Income	-	-	-
Benefits Paid	(6,313,741)	(6,313,741)	-
Administrative Expenses	-	-	-
Recognition of Prior Post-measurement Contribution*	-	-	-
Other Changes	-	-	-
Amortization of or Change in Beginning Balances	-	-	-
Net Changes	31,613,624	532,386	31,081,238
Balances as of June 30, 2020	\$ 115,591,786	\$ 782,386	\$ 114,809,400

e. Sensitivity of Net OPEB Liability to Changes in the Discount Rate

The following table represents the net OPEB liability calculated using the stated discount rate of 2.66%, as well as what the OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the assumed trend rate.

Sensitivity of NOL to Change in Discount Rate			
	1.00% Decrease	Current Discount Rate	1.00% Increase
	1.66%	2.66%	3.66%
Net OPEB Liability	\$ 123,381,655	\$ 114,809,400	\$ 105,861,384

f. Sensitivity of Net OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following table represents the net OPEB liability calculated using the stated health care cost trend assumption, as well as what the OPEB liability would be if it were calculated using a healthcare cost trend rate that is 1 percentage point lower or 1 percentage point higher than the assumed trend rate.

Sensitivity of NOL to Change in Healthcare Cost Trend Rate			
	1.00% Decrease	Current Trend Rate	1.00% Increase
	6.50%	7.50%	8.50%
Net OPEB Liability	\$ 103,218,970	\$ 114,809,400	\$ 130,158,509

g. Summary of Deferred Inflows and Outflows of Resources for Richmond OPEB Plan

Summary of Deferred Outflows and Inflows of Resources - City of Richmond		
	Deferred Outflows of Resources	Deferred Inflows of Resources
Experience Losses	\$ 20,359,391	\$ -
Change of Assumptions	5,423,938	-
Total	\$ 25,783,329	\$ -

The contributions made after the measurement date but before the end of the City's contributing reporting period will be recognized as a reduction of the Net OPEB Liability in the subsequent fiscal period rather than in the current fiscal period.

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

Amounts reported as deferred outflows/inflows of resources related to OPEB will be recognized as OPEB expense as follows:

Amortization of Deferred Inflows & Deferred Outflows of Resources		
Year Ending June 30:		
2021	\$	5,156,666
2022	\$	5,156,666
2023	\$	5,156,666
2024	\$	5,156,666
2025	\$	5,156,665
Thereafter	\$	0
Total	\$	25,783,329

The City does not issue a separate OPEB financial statement for its OPEB plan. The deferred inflows of the VRS are amortized over a period of 4 years and are presented below to show the amount to be recognized in pension expense in future years.

For the year ended June 30, 2020, the City recognized OPEB expense of \$12,144,036. The components of this OPEB expense include the following:

OPEB EXPENSE		
Service Cost	\$	4,434,106
Interest Cost		2,553,264
Experience Loss/(Gain)		4,071,878
Contribution Employee		-
Change in Assumptions		1,084,788
Net Investment Income		-
Expected Return on Investments		-
Investment Gain or Loss Expensed		-
Administrative Expense		-
Amortization		-
Pension Expense	\$	<u>12,144,036</u>

B. Virginia Retirement System Group Life Insurance Other Post-Employment Benefits (VRS GLI OPEB)

a. VRS Plan Description

The Virginia Retirement System (VRS) Group Life Insurance Program (GLI) is a multiple employer, cost-sharing plan and provides coverage to state employees, teachers, and employees of participating political subdivisions. For the City of Richmond these eligible employees include Constitutional Officer Employees only.

The Group Life Insurance Program was established in July 1, 1960 pursuant to §51.1-500 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. The Group Life Insurance Program is a defined benefit plan that provides a basic group life insurance benefit for employees of participating employers. For purposes of measuring the net Group Life Insurance Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Group Life Insurance Program OPEB, and Group Life Insurance Program OPEB expense, information about the fiduciary net position of the Virginia Retirement System (VRS) Group Life Insurance program OPEB and the additions to/deductions from the VRS Group

Life Insurance Program OPEB's net fiduciary position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Eligible Employees

Basic group life insurance coverage is automatic upon employment for constitutional employees that elect the program. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their member contributions and accrued interest.

Benefit Amounts

The benefits payable under the Group Life Insurance Program have several components.

- Natural Death Benefit – The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled.
- Accidental Death Benefit – The accidental death benefit is double the natural death benefit.
- Other Benefit Provisions – In addition to the basic natural and accidental death benefits, the program provides additional benefits provided under specific circumstances. These include:
 - Accidental dismemberment benefit
 - Safety belt benefit
 - Repatriation benefit
 - Felonious assault benefit
 - Accelerated death benefit option

Reduction in Benefit Amounts

The benefit amounts provided to members covered under the Group Life Insurance Program are subject to a reduction factor. The benefit amount reduces by 25 percent on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25 percent on each subsequent January 1 until it reaches 25 percent of its original value.

Minimum Benefit Amount and Cost-of-Living Adjustment (COLA)

For covered members with at least 30 years of creditable service, there is a minimum benefit payable under the Group Life Insurance Program. The minimum benefit was set at \$8,000 by statute in 2015. This amount is increased annually based on the VRS Plan 2 cost-of-living adjustment and is currently \$8,463 as of June 30, 2020.

b. Contributions

The contribution requirements for the Group Life Insurance Program are governed by §51.1-506 and §51.1-508 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the Group Life Insurance Program was 1.31 percent of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split.

The employee component was 0.79 percent and the employer component was 0.52 percent. Employers may elect to pay all or part of the employee contribution; however, the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2019 was 0.52 percent of covered employee compensation. This rate was based on an actuarial determined rate from an actuarial valuation as of June 30, 2017. The actuarial determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the Group Life Insurance Program from the City were \$134,912 and \$133,065 for the years ended June 30, 2020, and June 30, 2019, respectively.

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

c. Actuarial Assumptions

The total GLI OPEB liability was based on an actuarial valuation as of June 30, 2017, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2018.

Inflation	2.50 percent
Salary increases, including inflation –	
General state employees	3.50 percent to 5.35 percent
VaLORS employees	3.50 percent to 4.75 percent
Locality – General employees	3.50 percent to 5.35 percent
Locality – Hazardous Duty employees	3.50 percent to 4.75 percent
Investment rate of return	6.75 percent, net of investment expenses, including inflation*

* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06 percent of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75 percent. However, since the difference was minimal, and a more conservative 6.75 percent investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75 percent to simplify preparation of the OPEB liabilities.

Net Group Life Insurance (GLI) OPEB Liability

The net OPEB liability (NOL) for the Group Life Insurance Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date June 30, 2019, NOL amounts for the Group Life Insurance Program are as follows:

	Group Life Insurance OPEB Program
Total GLI OPEB Liability	\$ 4,425,617
Plan Fiduciary Net Position	<u>2,301,384</u>
Employers' Net GLI OPEB Liability (Asset)	<u>\$ 2,124,233</u>
Plan Fiduciary Net Position as a Percentage of Total GLI OPEB Liability	52.00%

At June 30, 2020, the City of Richmond reported a liability of \$ 2,124,233 for its proportionate share of the Net GLI OPEB Liability. The Net GLI OPEB Liability was measured as of June 30, 2019 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation as of that date. The City's proportion of the Net GLI OPEB Liability was based on the City's actuarial determined employer contributions to the Group Life Insurance Program for the year ended June 30, 2018 relative to the total of the actuarial determined employer contributions for all participating employers. At June 30, 2020, the City of Richmond proportion was 0.13054 percent as compared to 0.13573 percent at June 30, 2019.

For the year ended June 30, 2020, the City recognized GLI OPEB expense of \$15,010. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

d. Deferred Inflows and Outflows

At June 30, 2020, the City reported deferred outflows of resources and deferred inflows of resources related to the GLI OPEB program from the following sources:

Summary of Deferred Outflows and Inflows of Resources - VRS GLI		
	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 141,000	\$ 28,000
Net difference between projected and actual earnings on GLI OPEB program investments	-	44,000
Change in assumptions	134,000	64,000
Change in proportion	-	149,000
Employer Contributions subsequent to the measurement date	339,715	-
Total	\$ 614,715	\$ 285,000

\$339,715 reported as deferred outflows of resources related to the GLI OPEB resulting from the employer's contributions subsequent to the measurement date will be recognized as a reduction of the Net GLI OPEB Liability in the Fiscal Year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

Amortization of Deferred Inflows & Deferred Outflows of Resources		
Year ended June 30,		
2021	\$	(26,563)
2022	\$	(26,561)
2023	\$	(8,081)
2024	\$	16,450
2025	\$	27,962
Thereafter	\$	7,881
Total	\$	(8,912)

Discount Rate

The discount rate used to measure the total GLI OPEB liability was 6.75 percent.

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

Sensitivity of Net Group Life OPEB Liability to Changes in the Discount Rate

The following table represents the VRS net OPEB liability calculated using the stated discount rate, as well as what the OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the assumed trend rate.

Sensitivity of NOL to Changes in Discount Rate				
	1.00% Decrease	Current Discount Rate	1.00% Increase	
	5.75%	6.75%	7.75%	
VRS Net Group Life OPEB Liability	\$ 2,790,654	\$ 2,124,233	\$ 1,583,784	

e. Long-Term Expected Rate of Return

The long-term expected rate of return on the VRS investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of VRS investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Target Allocation	Arithmetic Long Term Expected Rate of Return	Weighted Average Long Term Expected Rate of Return
Public Equity	34.00%	5.61%	1.91%
Fixed Income	15.00%	0.80%	0.13%
Credit Strategies	14.00%	5.13%	0.72%
Real Assets	14.00%	5.27%	0.74%
Private Equity	14.00%	8.77%	1.23%
Multi-Asset Public Strategies	6.00%	3.52%	0.21%
Private Investment Partnership	3.00%	6.29%	0.19%
Total	100.00%		5.13%
		Inflation	2.50%
		* Expected arithmetic nominal return	7.63%

*The above allocation provides a one-year return of 7.63 percent. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the VRS, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11 percent, including expected inflation of 2.50 percent. The VRS Boal elected a long-term rate of 6.75 percent which is roughly at the 40th percentile of expected long term results of the VRS fund asset allocation.

VRS issues a publicly available comprehensive annual report that includes financial statements and OPEB information for the VRS Plan. A copy of the report can be obtained from the VRS website at <http://www.varetire.org/publications/index.asp> or by writing to VRS Chief Financial Officer at P.O. Box 2500 Richmond, VA 23218-2500.

13. DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan (the Plan) created in accordance with Internal Revenue Code (IRC) Section 457. The Plan is available to all City employees and permits deferral until future years of up to 100% of salary with a maximum deferral of \$19,500 for calendar year 2020 whichever is less. The compensation deferred is not available to employees until termination, retirement, death, an unforeseeable emergency, or a small balance account withdrawal. Employees are eligible to initiate a one-time disbursement of an account if the balance is greater than \$1,000 but less than \$5,000 and neither the employee nor the employer has contributed to the account for at least two years. If the balance is under \$1,000, the participant is automatically notified by ICMA-RC and provided a form to request the distribution. In accordance with the amended provisions of IRC Section 457, all assets and income of the plan were transferred to a trust and are held for the exclusive benefit of participants and their beneficiaries. The City is the Trustee for the plan and has contracted with a nongovernmental third party administrator to administer the plan. This plan is reported in accordance with GAAP as an Other Employee Benefits Trust Fund.

As of June 30, 2020, the contributions for the year ended and the fair value of the plan investments were \$8,133,608 and \$115,638,453 respectively.

14. LEASES

All lease transactions have been determined to be operating leases. As of June 30, 2020, the future operating lease commitments are as follows:

<u>Fiscal Year</u>	Governmental Activities
2021	\$ 2,178,078
2022	1,706,587
2023	781,397
2024	332,249
2025	240,587
Total minimum lease payments	<u>\$ 5,238,898</u>
Lease expenses for the year ended June 30, 2020	<u><u>\$ 2,354,917</u></u>

15. CONTINGENCIES, COMMITMENTS AND OTHER MATTERS

A. Combined Sewer Overflow (CSO)

The City operates an advanced wastewater treatment facility with a service area of 81.3 square miles that collects and treats a dry weather flow up to 45 million gallons per day (MGD) and a combination of dry weather flow and combined storm water at flows up to 75 MGD. Within about 35 percent of the City's service area, the main lines and interceptor lines are combined sewers. A system of retention facilities, storage tunnels, intercepting and trunk sewers links the separate and combined systems with the wastewater treatment plant. There is a mechanical or hydraulic regulator structure at each of the twenty-five (25) CSO outfalls and each has the capacity to divert dry weather flow and some storm water flow to the wastewater treatment plant for complete treatment. Phases I and II of the City's CSO control plan are complete. Phase III began in 2006 and will continue into the future.

The City has been cooperating with the Virginia State Water Control Board (Board) since the mid-1970's to address combined sewer overflow impacts and the discharge of partially treated sewage on the James River. The City developed a CSO control plan to meet CSO Policy (EPA's April 19, 1994 CSO Control Policy, published at 59 Fed Reg. 18688, and incorporated into the Clean Water Act pursuant to the Wet Weather Water Quality Act, Section 402(q) of the Clean Water Act, 33 U.S.C. sec. 1342) and most recently updated that control plan in 2007. The Board adopted the technical components of the CSO Plan, and continues to regulate and monitor the City's program through the

CITY OF RICHMOND, VIRGINIA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

current Virginia Pollutant Discharge Elimination System (VPDES) permit and CSO Special Order issued by the Virginia Department of Environmental Quality (DEQ) with oversight from the Environmental Protection Agency (EPA).

The City CSO control plan was estimated at \$295 million in 1995 dollars and is now estimated at \$773 million in 2020 dollars (\$310 million spent to date). Funding for the CSO control plan implementation is a combination of ratepayer dollars, state revolving loan funds, bond proceeds and state and federal grants. By agreement with the Board, the City is required to raise revenue for implementation of its CSO Control Plan by raising and maintaining sewer rates such that the annual sewer bill for a typical residential customer will be at least 1.25 percent of the median household income (MHI) supplemented by the availability of federal and state grants. The City's sewer rates have exceeded the 1.25 percent of MHI requirement since July 2009 and are at 1.71 percent of MHI as of July 2020.

B. Grants

Federal grant programs in which the City participates are audited in accordance with the provisions of the Office of Management and Budget Circular A-133. Grant programs are subject to financial and compliance audits by the federal government, which may result in disallowed expenditures. Based on prior experience, City management believes such disallowances, if any, will be immaterial.

C. Gas Utility Enterprise Fund

To ensure the continuity of natural gas supplies and transmission facilities, the City's Gas Utility Enterprise Fund has entered into various long-term supply and transmission contracts through the year 2048. The aggregate commitments under these contracts amounted to approximately \$1.0 billion at June 30, 2020.

16. DISCONTINUED OPERATIONS

On January 1, 2019, the City closed the Coliseum operation due to loss from operations. The City transferred the Assets and Liabilities to the General Fund for the purpose of maintaining accountability on Assets and Liabilities prior to complete disposal. As a result of the transfer, the City recognized a gain of \$3.3 million on its Coliseum transfer of Net Assets. The Coliseum's 2019 Expense related to its operations totaled approximately \$1.6 million. 2019 Revenues associated with the Coliseum's operations, consisted of both Program and General Revenues, which totaled approximately \$1.2 million. Expenditures and Revenues of the Coliseum operations reported in the non-major proprietary fund were \$1.6 million and \$1.2 million, respectively.

17. SUBSEQUENT EVENTS

On August 3, 2020, the City Council voted for the removal of the remaining Confederate Monuments on City owned property and to provide for the disposition. The monuments are stored at a secure site until final disposition is determined.

On August 20, 2020, in response to the public health emergency with respect to the COVID-19 pandemic, City Council voted to accept the second disbursement from the Coronavirus Relief Fund of \$20.1 million from the Commonwealth of Virginia's allocation. The Council also approved the transfer of monies received from the first allocation of monies, in the amount of \$20.1 million in FY20 from the Department of Fire and Emergency Services' COVID-19 Relief Special Fund, to the FY21 General Fund Budget by appropriating \$40.2 million to a new program in the Department of Fire and Emergency Services.

On March 29, 2005, City Council adopted Ordinance No. 2005-45-31 to authorize the formation of Advantage Richmond Corporation to assist the City of Richmond, Virginia, when authorized by City Council, in acquiring, constructing, renovating, equipping, maintaining and operating public buildings and other public structures for or on behalf of the City through the issuance of lease revenue bonds. The purpose for which Advantage Richmond Corporation was formed is set to conclude on October 26, 2020, with the last payment of the bond, and therefore, Advantage Richmond Corporation is set to dissolve in accordance with its Articles of Incorporation. Article II ("Purposes"), Section 4 ("Dissolution") of the Articles of Incorporation provides that upon dissolution of Advantage Richmond Corporation, the board of directors shall dispose of all assets of the Corporation exclusively to the City. Advantage Richmond Corporation has generated excess funds in the amount of \$3.9 million that must be transferred to the City.

This schedule is prepared on the basis of Generally Accepted Accounting Principles.

CITY OF RICHMOND, VIRGINIA
NOTE TO BUDGETARY COMPARISON SCHEDULE
GENERAL FUND
For the Fiscal Year Ended June 30, 2020

The City follows these procedures, which comply with legal requirements, in establishing the annual budget.

- The General, Special Revenue, and Debt Service Funds have legally adopted annual budgets. The Capital Projects Fund has a five-year spending plan which is legally adopted on an annual basis. On a day to be fixed by the City Council, but in no case earlier than the second Monday of February or later than the seventh day of April each year, the Mayor shall submit to the Council separate current expense budgets for the general operation of the City government, for the public schools, for each utility and a capital budget for the fiscal year commencing to the following July 1. The operating budget includes proposed expenditures and the means for financing those expenditures. The Capital Projects and Special Revenue Funds consist of multiple funds; however, the funds are budgeted for in total rather than by individual funds. Public hearings are conducted to obtain taxpayer comments.
- Prior to May 31, the budget is legally enacted through passage of an ordinance
- The level of budgetary control is the department level for the City. City Council approval is not needed to transfer budget amounts within departments in the City budget; however, any revisions that alter total expenditures of any department or agency must be approved by the City Council.
- Formal budgetary integration is employed as management control during the year for all funds.
- Budgets for the General Fund, Debt Service Funds, Special Revenue Funds, and Capital Projects Fund are principally prepared on the modified accrual basis of accounting.
- Project budgets are utilized in the Capital Projects Fund. Except for the Capital Projects Fund and the Special Revenue Funds that extend beyond all appropriations not encumbered nor obligated lapse at year-end. Appropriations for the Capital Projects Fund are continued until completion of applicable projects, even when projects extend for more than one fiscal year, or until repealed.
- Budgeted amounts are as originally adopted or as amended by the City Council.
- The following departments' expenditures exceeded appropriations for the year June 30, 2020:

Office of Press Secretary to Mayor	(132,809)
City Mayor's Office	(81,850)
Department of Police	(2,880,140)
Department of Fire and Emergency Services	(1,089,924)
Office of DCAO for Human Services	(3,311)
Department of Parks, Recreation and Community Facilities	(84,934)
Non-Departmental	(3,394,969)

Notes to the Required Supplementary Pension Information

Richmond Retirement System Pension Plan

For the Year Ended June 30, 2020

Methods and Assumptions Used to Determine Contribution Rates:

The following changes were made to assumptions:

Remaining Amortization Period - Re-amortize unfunded liability over 12 years as of July 1, 2019.

Inflation - 2.50%

Salary Increases - General Employees - 2.50% to 4.00%

Salary Increases - Police and Fire Employees - 4.50% to 6.50% for FY 2019, 2.50% to 4.50% in future years.

Investment Rate of Return - 7.00%

Retirement Age - General Employees - 20.00% in 1st year of unreduced retirement eligibility; 10.00% at age 55 increasing to 100.00% at age 75

Retirement Age - Police and Fire Employees - 25.00% in 1st year of unreduced retirement eligibility; 10.00% at age 50 increasing to 100.00% at age 65

Mortality-General Employees - Pub-2010 Below Median Income Table for General Employees

Mortality-Police and Fire Employees - Pub-2010 Below Median Income Table for Safety Employees

Notes to Required Supplementary Information - City of Richmond OPEB Plan

Changes in plan actuarial assumptions and actuarial methods:

The discount rate was changed from the prior discount rate of 3.11% to 2.66% based on the S&P Municipal Bond 20 Year High Grade Rate Index as of June 30, 2020.

The medical claims aging table was updated to be based on the Yamamoto factors released in a study of the Society of Actuaries in June 2013.

The eligibility provisions were revised to include those employees hired between 1997 to 2006.

VRS Group Life OPEB Plan

SCHEDULE OF CITY OF RICHMOND SHARE OF NET OPEB LIABILITY

	<u>2018</u>	<u>2019</u>	<u>2020</u>

*The City was not required to report this data until 2018.
Information is not available for years prior to 2013

Notes to Required Supplemental Information - VRS Group Life OPEB Plan For the Year Ended June 30, 2020

Changes in benefit terms - There have not been any significantly material actuarial changes to the VRS benefit provisions since the prior actuarial valuation

Changes in assumptions - There have been no significant changes in actuarial assumptions made since June 30, 2016 the date of the most recent experience study of the VRS.

SUPPLEMENTARY INFORMATION SCHEDULES

&

COMBINING FINANCIAL STATEMENTS

(This Page is Left Blank Intentionally)

Non-Major Governmental Funds

Special Revenue Funds

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources (other than expendable trust or major capital projects) that are legally restricted or committed to expenditures for specified purposes other than debt service or capital projects. Each fund is established on a functional basis and may include one or more grants or other funding sources.

Grant Revenue Funds

These funds are used to account for federal and state grants, private donations and other program revenue.

Consolidated HUD Funds

These funds account for activities for the Community Development Block Grant (CDBG), Emergency Shelter (ESG), Home Investment Partnerships Programs (HOME), Housing Opportunities for Persons with AIDS (HOPWA) and Section 108 Loan Program administered by the Department of Community Development.

Permanent Funds

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the City programs.

Memorial

These bequests provide specific reservation of the principal and use of the income by the City for specific memorial purposes.

Recreation

A gift to be used to maintain cemeteries. The principal of the gift is carried as a nonexpendable trust and the accumulated net revenue is the expendable trust.

Richmond Public Library

Certain bequests compose the nonexpendable trust, and the net revenue accumulated is classified as the expendable trust.

Major Governmental Funds

Capital Projects Fund

The Capital Projects Fund is used to account for and report financial resources that are restricted, committed, or assigned for capital outlays, including the acquisition or construction of capital facilities and other capital assets approved by City Council. The Capital Projects Fund excludes those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments. Its principal source of funding is the sale of General Obligation Bonds.

Debt Service Fund

The Debt Service Fund accounts for and reports the accumulation of resources for and the payment of principal and interest and fiscal charges not being financed by proprietary funds or financial resources that are restricted, committed, or assigned to expenditures for principal and interest. The Debt Service Fund reports resources if legally mandated. Financial resources that are being accumulated for principal and interest maturing in future years also are reported in the Debt Service Fund.

Non-Major Proprietary Funds

Non-Major Proprietary Funds are used for operations (a) that are financed and operated in a manner similar to private business enterprise – when the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or (b) where the City has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Cemeteries

Maintains and operates cemeteries.

Parking Enterprise

Maintains parking related revenue streams, operations and maintenance, and existing debt service.

Depreciation Expense Includes Repairs and Maintenance Expense for Fleet Charges incurred by Non-Major Enterprise and Internal Service Funds

Internal Service Funds

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City Reporting Entity on a cost-reimbursement basis.

Fleet Management

Provides for repairs and maintenance to City-owned vehicles and related equipment, as well as monthly and daily leasing services.

Radio Maintenance

Provides for installation, repairs and maintenance of radio and other emergency communication equipment in City-owned vehicles.

Health Self-Insurance

A joint healthcare plan between the City and Richmond Public Schools, which is a self-insured healthcare plan. The healthcare plan is available to all full-time and part-time employees in permanent positions, working 20 hours or more per week. The plan is a self-insured agreement, which includes individual stop loss and aggregate stop loss.

Advantage Richmond Corporation

Provides leased office space for the City's Social Service Department.

Information Technology

Provides the computing, communications, IT infrastructure, and application development for the City of Richmond departments to support their business operations and service delivery to the public.

Risk Management

Responsible for the preservation and protection of the human, physical, and financial assets of the City, including administration of the safety & loss prevention and worker's compensation claims against the City, and processing certificate of insurance requests.

Electric Utility

Provides street lighting and other electric service to part of the City.

Stores and Transportation Division

Provides supplies and vehicle related services exclusively to utility departments.

Depreciation Expense Includes Repairs and Maintenance Expense for Fleet Charges incurred by Non-Major Enterprise and Internal Service Funds

Fiduciary Funds

Fiduciary Funds are used to account for resources held for the benefit of parties outside the government. The City maintains two Fiduciary Fund types: 1) Trust Funds and 2) Agency Funds. Fiduciary Funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs

Trust Funds.

The Richmond Retirement System

Provides retirement and disability benefits for all vested permanent full time employees.

Other Employee Benefits

A deferred compensation plan created in accordance with the Internal Revenue Code (IRC) Section 457. The plan is available to all City employees and permits deferral until future years of up to 25% of salary with a maximum deferral of \$18,500 per year.

Pooled OPEB Trust

Offers a streamlined and cost-effective investment vehicle specifically designed for OPEB. The Trust offers participants professional investment management on par with the services provided by major pension funds.

Agency Funds

Agency Funds are custodial in nature and do not present results of operations or have a measurement focus. The Agency Funds consist of the assets and liabilities of several organizations for which the City serves as fiscal agent, such as the Department of Welfare, the Department of Recreation and Parks, the Department of Public Works and the Law Department.

Statistical Section

This part of the City's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the city provides and the activities it performs.

CITY OF RICHMOND, VIRGINIA
MISCELLANEOUS STATISTICAL DATA
June 30, 2020

DATE OF INCORPORATION

Richmond was founded by William Byrd in 1737, established as a town in May 1742 and incorporated as a City on July 19, 1782.

AREA OF CITY

The area of the City consists of 62.46 square miles.

FORM OF GOVERNMENT

The City is organized under the Strong Mayoral-Council form of government. The mayoral form consists of a City Mayor, elected at-large, and a City Council which serves as the municipality's legislative body. The Council is composed of nine members elected on a single member district basis. The President of Council and Vice President are chosen by a majority vote of all members of Council from their own members. The Mayor appoints, with the consent of Council, a Chief Administrative Officer to act as the chief administrator of the City. The Chief Administrative Officer serves at the pleasure of the Mayor, carries out the City's administrative and policy-related duties, directs business procedures, and has the power of appointment and removal of the heads of all administrative departments as well as certain other officers and employees of the administration.

SEGREGATION OF TAXABLE SUBJECTS FOR LOCAL TAXATION ONLY

By an Act of the General Assembly of Virginia, approved March 31, 1926, all real estate, tangible personal property, and machinery used for manufacturing and mining purposes, were segregated to the City, and these subjects are not liable to any general tax except the City tax.

During the year 1926, the Commonwealth of Virginia turned over to the City the state tax rate of 25 cents per \$100 of valuation on real estate and tangible personal property then existing.

ASSESSMENTS

The City Assessor of Real Estate assesses real estate annually at "fair market value". The assessment to sales ratio is estimated to be 95.0%. The real estate assessments for the semi-annual real estate billing were based on an effective valuation date of January 1, 2019. The due dates for the semi-annual billing were January 14 and June 14 in the 2020 tax year. The 2020 Land Book will be updated with fair market values as of July 1, 2020. New construction and renovations will be added to the land book through December 31, 2020.

Areas, vaults, marquees, gasoline tanks, electric wires and conduits on, above and under public property are assessed by the City Assessor of Real Estate as certified to the Assessor by the Department of Public Works, since taxes on these subjects are included in the real estate tax bill.

Special assessments for sidewalk and alley paving, boarding, demolition of unsafe structures, weed and refuse lot clearance, if not paid during the current year, charges are added to the real estate tax bill of the upcoming year and become a lien on the property.

The Director of Finance, as required by the State Code, assesses tangible personal property and machinery and tools in manufacturing and mining. Tangible personal property includes automobiles, mobile homes, business equipment and pleasure boats.

TAX RATES

Real Estate:

- \$1.20 per \$100 of Assessed Value: 2008-2020
- \$1.23 per \$100 of Assessed Value: 2007
- \$1.29 per \$100 of Assessed Value: 2006
- \$1.33 per \$100 of Assessed Value: 2005
- \$1.38 per \$100 of Assessed Value: 2003-2004
- \$1.39 per \$100 of Assessed Value: 2002

Tangible Personal Property:

- \$3.70 per \$100 of Assessed Value: 1992-2020

Machinery and Tools Used for Manufacturing and Mining:

- \$2.30 per \$100 of Assessed Value: 1992-2020

Other taxes and fees imposed include:

PILOT (Payment In Lieu of Taxes): companies that do not pay taxes but instead pay a fee for trash collections and disposal, police protection and fire protection. PILOT is billed twice a year in June and December. The PILOT rate is computed based on several different figures from the CAFR, Assessor's Office and other financial reports. Certain companies (e.g. Commonwealth of Virginia) have rates set by the General Assembly.

PSC (Public Service Corporation): companies that deliver public services considered essential to the public interest. These companies are assessed based on the Virginia State Corporation Commission. PSC is billed twice a year June and December. The tax rate for all companies is the same as regular real state and personal property accounts.

Utility Consumers' Tax:

- Monthly Residential Billing:
 - Electricity - \$1.40 plus .015116 per kilowatt-hour and the amount of tax shall not exceed \$4.00 per month.
 - Gas - \$1.78 plus .010091 per 100 CCF delivered per month and the amount of tax shall not exceed \$4.00 per month
- Monthly Commercial and Industrial Billing:
 - Commercial Metered Electricity - \$2.75 plus .016462 per kilowatt-hour (kWh) first 8,945kWh and .002160 per kWh in excess of 8,945kWh
 - Industrial Metered Electricity - \$2.75 plus .0119521 per kilowatt-hour (kWh) first 1,242kWh .001837 per kWh in excess of 1,242kWh
 - Commercial Gas - \$2.88 plus \$.01739027 per CCF delivered (small volume)
 - Commercial Gas - \$24.00 plus \$.07163081 per CCF delivered (large volume)
 - Industrial Metered Gas - \$120.00 plus \$.0011835 per CCF delivered
 - Commercial Telephone – 5% Communication Tax*
- Electric Utility Consumption Tax:
 - Less than 2,500kWh per month .00038 per kWh.
 - Excess of 2,501kWh per month but not in excess of 50,000kWh per month .00024 per kWh.
 - All excess of 50,000kWh per month .00018 per kWh.

Business, Professional, and Occupational Licenses:**For Business with Gross Receipts Exceeding Threshold:**

- Wholesale Merchants - \$.22 per \$100 of gross purchases
- Retail Merchants - \$.20 per \$100 of gross receipts
- Professional Occupations - \$.58 per \$100 of gross receipts
- Contractors - \$.19 per \$100 gross contracts and/or 1.50% of fees from contracts on a fee basis
- Personal Service Contracts - \$.36 per \$100 gross receipts

Thresholds:

- Receipts less than \$5,000 - no tax, \$30 fee only
- Receipts greater than \$5,000 - less than \$100,000, \$30 fee only
- Receipts greater than \$100,000 - rate per merchant classification multiplied by amount of receipts

Motor Vehicle License:

- Private passenger vehicles - \$40.74 on 4,000lbs. or less; \$45.74 on 4,001lbs. or more
- Trucks – Rates graduated in accordance with gross weight; minimum rate \$17, maximum rate \$250

Admission Tax:

- A tax of 7% of any charge for admission of a place of amusement or entertainment where such a charge is \$.50 or more

Bank Franchise Tax:

- \$.80 on each \$100 of value of bank stock

Sales and Use Tax:

- 4.3% State and 1% Local: 2004-2020

Prepared Meals Tax:

- A tax of 7.5% on prepared meals sold in the City in addition to the Sales Tax, effective July 1, 2018

Lodging Tax:

- A tax of 8% of the charge made for each room rented by a transient in a hotel or motel
- 100% of the City's transient lodging tax revenue is allocated to the Greater Richmond Convention Center Authority

Cable TV Tax:

- 5% Communications Tax*

*Effective January 1, 2007, the local consumer tax on communications services, including the 5% Cable TV service tax was replaced with a 5% Communications Tax collected and administered by the Virginia Department of Taxation and distributed to the City on a pro-rata basis as determined by the Auditor of Public Accounts in October 2006.

Cigarette Tax:

- A tax of \$0.025 is placed on each cigarette sold, effective July 1, 2019.

TAXES DUE

Real estate properties are assessed by the City of Richmond Assessor's office and assessments are mailed to tax payers by mid-June of each year. As of tax year 2011 real estate taxes are billed on a semi-annual basis with the payments due on January 14 and June 14 of each tax year. Penalty and interest will be assessed after each of the payment due dates in if the taxes due on the respective due dates are paid thereafter.

Personal property taxes are assessed as of the first day of January of each year. Personal property taxes on motor vehicles are prorated on a monthly basis for vehicles acquiring taxable situs in the City after January 1. The full tax bill must be paid on or before June 5 to avoid penalty and interest.

DELINQUENT TAXES

As of January 1, 2019, real estate taxes are billed semi-annually with due dates of January 14 and June 14. Taxes will be reported as delinquent on January 15 and June 15, respectively of the tax year for which assessed. Personal property taxes are reported as delinquent on June 6th of the tax year for which assessed or 61 days after acquiring taxable situs. A penalty of 10% and a \$30 administrative fee is added to all delinquent taxes. In FY 2020, the interest rate for unpaid taxes was 10%. Business personal property taxes incur an additional 10% late payment penalty if not paid within 60 days of the due date.

OVERLAPPING AREAS AND DEBT

The City is autonomous and entirely independent of any county or any other political subdivision of the state, being a separate and distinct political unit. It is not coterminous with nor subject to any county or school district taxation and is not liable for any indebtedness other than its own. It has the power to levy taxes on all real estate and tangible personal property without limitation of rate or amount.

CITY INDEBTEDNESS

All of the City's General Obligation bonds and notes are a direct obligation, and the full faith and credit of the City is pledged for the payment of all these obligations.

Enterprise Funds and Internal Service Funds pay the principal and interest on certain debt (general obligation bonds, revenue and refunding bonds and serial equipment notes) issued for the program purposes of each fund from user fees. All other debt redemption and interest requirements are appropriated in the General Fund budget. Neither long-term bonds nor revenue anticipation notes are sold to finance current operations.

There are no special assessment or special revenue bonds issued or outstanding. Bonds of the City are legal investments for savings banks and trust funds in New York.

DEBT MANAGEMENT POLICIES

The City Council adopted a resolution in 1989 that was amended in 1991, 2012, and again in 2017 (Resolution No. 2017-R088), establishing guidelines for the planning, issuance and management of debt, for and on behalf of, the City of Richmond. The City will issue long-term debt for the purpose of planning, designing, purchasing, and constructing capital projects and for making major renovations to existing City infrastructure. The City may also incur debt for acquiring vehicles, machinery and equipment with the maturity of any debt offering not exceeding the expected useful life of the acquired asset. It will be the policy of the City to budget annual operating funds for expenditures that are primarily of an on-going maintenance type activity.

It is the policy of the City that tax supported debt shall include all general obligation, moral obligation, and subject to appropriation debt (i.e., capital leases), collectively referred to as total debt, which are paid from the general revenues of the City. The tax supported debt policies listed will not include any self-supporting general obligation or revenue bond debt issued on behalf of a City Enterprise Fund (e.g., Utilities and Parking). It will be the policy of the City that tax supported debt, including bonds and notes authorized but unissued, will be limited by any one of the following:

- Total debt shall not exceed 3.75% of the combined total assessed taxable valuation of taxable real estate, personal property, and machinery and tools.
- Debt service to be paid on total debt shall not exceed 10% of the sum of the General Fund budget, the Richmond Public Schools (RPS) budget, and the City funding from the State for Highway and Street Maintenance, less the transfer portion RPS receives from the City's General Fund to prevent double counting in the calculation.
- The City's ten-year payout ratio of the City's total debt (ie. the principal amount of debt retired within ten years) shall not be less than 60%
- The City will issue tax supported debt with an average life consistent with the useful life of the assets being financed, with a maximum maturity not to exceed 30 years.
- The City will issue general fund supported debt with an average life that is consistent with the useful life of the project.
- The City shall target to provide cash funding from the annual operating budget for a portion of the five-year Capital Improvement Plan (CIP) budget.

FUND BALANCE POLICIES

The City Council adopted a Fund Balance Policy on March 14, 1988, which established major policy goals. On October 26, 1992, the City Council amended the Fund Balance Policy, raising the required level of the unassigned fund balance from 3% to 5% and again November 26, 2001, from 5% to 7% of budgeted General Fund expenditures over a period of years. In 2012, City Council adopted RES. 2012-R042-72, which further increased the required level of unassigned fund balance to 10% of budgeted General Fund expenditures.

On December 11, 2017, the City Council adopted Ordinance No. 2017-215 amending the prior Fund Balance Policies. The Ordinance establishes goals for the Unassigned Fund Balance and the Budget and Revenue Stabilization Contingency Reserve.

Unassigned Fund Balance Policy

- It is the goal of the City that the General Fund's Unassigned Fund Balance be equal to at least 13.67% of budgeted General Fund operating expenses for the latest fiscal year for which City Council has adopted a General Fund Budget.
- It is the policy of the City that appropriations from the Unassigned Fund Balance will be made (i) only in the event of unusual, unanticipated, and seemingly insurmountable hardship, and (ii) only after all other reserves or contingency funds have been exhausted.
- To the extent that the Unassigned Fund Balance is ever drawn upon, the Mayor shall submit to City Council, within 90 days after the date on which such funds have been expended, a plan to restore the amount expended within three years. As of June 30, 2020, the Unassigned Fund Balance was \$112.8 million, which is 15.2% of annual adopted FY 2021 budgeted expenditures and transfers out.

Budget and Revenue Stabilization Contingency Reserve

- It is the goal of the City that the Budget and Revenue Stabilization Contingency Reserve be equal to at least 3.00% of budgeted General Fund operating expenses for the latest fiscal year in which City Council has adopted a General Fund Budget.
- To the extent that the Budget and Revenue Stabilization Contingency Reserve is ever drawn upon, the mayor shall submit to City Council, within 90 days after the date on which such funds were expended, a plan to restore the amount expended within three years. As of June 30, 2020, the Budget and Revenue Stabilization Contingency Reserve balance was \$20 million, which is 2.7% of annual adopted budgeted FY 2021 expenditures and transfers out.

1 - These columns represent the amount and percentage on the tax levy within the respective tax year reporting period. These amounts are adjusted to reflect the state's personal property relief payments in the proper period.

2 - This column includes only the original levy; adjustments to this levy are not reflected. Includes personal property and vehicle licenses.

3 - This column represents delinquent taxes collected within the respective levy year reporting period.
