Independent Auditors' Report

TO THE BOARD MEMBERS OF MIDDLE PENINSULA REGIONAL AIRPORT AUTHORITY MATTAPONI, VIRGINIA

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the business-type activities of Middle Peninsula Regional Airport Authority, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of Middle Peninsula Regional Airport Authority, as of June 30, 2024, and the changes in financial position, and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Middle Peninsula Regional Airport Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Middle Peninsula Regional Airport Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the *Specifications for Audits of Authorities, Boards, and Commissions* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, and the Specifications for Audits of Authorities, Boards, and Commissions, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of Middle Peninsula Regional Airport Authority's internal control.
 Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Middle Peninsula Regional Airport Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Require Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the statistical information but does not include the basic financial statements and our auditors' report thereon. Our opinion on the basic financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

Robinson, Feune, Cent Associates

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2024, on our consideration of Middle Peninsula Regional Airport Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Middle Peninsula Regional Airport Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Middle Peninsula Regional Airport Authority's internal control over financial reporting and compliance.

The accompanying notes to financial statements are an integral part of this statement.

Notes to Financial Statements As of June 30, 2024

NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

A. <u>Description and Purpose of Agency</u>

Middle Peninsula Regional Airport Authority was created by legislation of the Commonwealth of Virginia's General Assembly in 1997 for the purpose of operating and financing a regional airport for the member jurisdictions. Current member jurisdictions include the Counties of Gloucester, King William, and King and Queen and the Town of West Point. Each member jurisdiction appoints one director to serve on the governing body of the Authority.

B. Management's Discussion and Analysis

The Authority has chosen not to present a Management's Discussion and Analysis.

C. Basis of Accounting

Middle Peninsula Regional Airport Authority operates as an enterprise fund and its accounts are maintained on the accrual basis of accounting. Under this method, revenues are recognized when earned, and expenses are recorded as liabilities when incurred, without regard to receipt or payment of cash. The Authority accrues revenue for services rendered but not yet billed at the end of the fiscal year.

The Authority distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Authority's principal ongoing operations. Operating expenses include professional services, administrative expenses, and aviation fuel for resale. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Cash and Cash Equivalents

The Authority's cash and cash equivalents consist of demand deposits and short-term investments with original maturities of three months or less.

E. Prepaid Items

Certain payments to vendors represent costs applicable to future accounting periods and are recorded as prepaid items in the financial statements. The cost of prepaid items is recorded as expenses when consumed rather than when purchased.

F. <u>Inventory</u>

The Authority purchases and resells aviation fuel. This fuel is held in inventory until sold and is carried at the lower of first in, first out or lower of cost or market.

Notes to Financial Statements (Continued) As of June 30, 2024

NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

G. Capital Assets

Capital assets include property, plant and equipment, leased equipment, and infrastructure with an initial individual cost of more than \$5,000 and an estimated useful life of more than two years. Capital assets acquired are recorded at cost. Depreciation is provided over the estimated useful life of each class of depreciable assets ranging from 5 to 30 years and is computed using the straight-line method. Donated capital assets are recorded at the acquisition value at the time of the gift.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

H. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

I. Net Position

Net position is the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net investment in capital assets, if any, represent capital assets, less accumulated depreciation, less any outstanding debt related to the acquisition, construction, or improvement of those assets.

J. Net Position Flow Assumption

Sometimes the Authority will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. To calculate the amounts to report as restricted net position and unrestricted net position in the financial statements, a flow assumption must be made about the order in which the resources are applied. It is the Authority's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

K. Investments

Money market investments, participating interest-earning investment contracts (repurchase agreements) that have a remaining maturity at time of purchase of one year or less, nonparticipating interest-earning investment contracts (nonnegotiable certificated of deposit (CDs)) and external investment pools are measured at amortized cost. All other investments are reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction at year end.

Notes to Financial Statements (Continued) As of June 30, 2024

NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

L. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future period(s) and so will not be recognized as an outflow of resources (expense) until then. The Authority does not have any deferred outflows of resources as of June 30, 2024.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Authority does not have any deferred inflows of resources as of June 30, 2024.

M. Regulated Leases

Leases between the Authority and air carriers and aeronautical users are subject to external laws and regulations. The Authority recognizes inflows of resources based on the payment provisions of the lease contract, and the accounting policies under GASB No. 87 as a lessor do not apply to regulated leases. See Note 4 for additional information.

NOTE 2-DEPOSITS AND INVESTMENTS:

Deposits

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act") Section 2.2-4400 et. Seq. of the <u>Code of Virginia</u>. Under the Act, banks and savings institutions holding public deposits more than the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

<u>Investments</u>

Statutes authorize the Authority to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, "prime quality" commercial paper that has received at least two of the following ratings: P-1 by Moody's Investors Service, Inc.; A-1 by Standard & Poor's; or F-1 by Fitch Ratings, Inc. (Section 2.2-4502), banker's acceptances, repurchase agreements, and the State Treasurer's Local Government Investment Pool (LGIP).

Notes to Financial Statements (Continued) As of June 30, 2024

NOTE 2-DEPOSITS AND INVESTMENTS: (Continued)

Investments (Continued)

Credit Risk of Debt Securities

The Authority's rated debt investments as of June 30, 2024, were rated by Standard & Poor's and the ratings are presented below using Standard & Poor's rating scale. The Authority's investment policy has an emphasis on high credit quality and known marketability. Holdings of commercial paper are not allowed to exceed thirty-five percent of the investment portfolio.

Authority's Rated Debt Investments' Values								
Rated Debt Investments	Qua	Fair lity Ratings						
		AAAm						
Local Government Investment Pool Virginia Investment Pool	\$	1,437 398,363						
Total	\$	399,800						

Interest Rate Risk

According to the Authority's investment policy, no more than 50% of the portfolio may be invested in securities maturing in greater than 1 year.

Investment Maturities (in years)

investment maturities (in years)									
Investment Type	F	air Value	Less Than 1 Year						
Local Government Investment Pool Virginia Investment Pool	\$	1,437 398,363	\$	1,437 398,363					
Total	\$	399,800	\$	399,800					

External Investment Pools

The value of the position in the external investment pool (Local Government Investment Pool) is the same as the value of pool shares. As LGIP is not SEC registered, regulatory oversight of the pool rest with the Virginia State Treasury. LGIP is an amortized cost basis portfolio. There are no withdrawal limitations or restrictions imposed on participants.

The value of the investment in the Virginia Investment Pool (VIP) is reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Authority has measured the fair value of the VIP investments listed above at the net asset value (NAV). There are no withdrawal limitations or restrictions, but the VIP requires 24 hours of notice to transfer funds.

Notes to Financial Statements (Continued) As of June 30, 2024

NOTE 4-REGULATED LEASE:

The Authority leases hangar space to an air ambulance service under a lease contract. The ambulance service has exclusive use of Hangar E-1. In fiscal year 2024, the Authority recognized principal and interest revenue in the amount of \$27,646 and \$572, respectively. The Authority did not receive variable payments for the lease and there is no debt associated with the hangar. Future payments for the lease are as follows:

Notes:

The remainder of this page left blank intentionally.

⁽a) All Airport revenues, as defined in the financing agreement, are pledged to secure the payment of principal and interest on the Bond. In the event of default, the lender may declare the entire unpaid principal and interest on the Bond immediately due and payable.

⁽b) Interest rate is implied. Authority agrees to purchase fuel from vendor for duration of the lease.

Notes to Financial Statements (Continued) As of June 30, 2024

NOTE 5-LONG-TERM OBLIGATIONS: (Continued)

Annual requirements to amortize long-term obligations are as follows:

Bonds from Direct Borrowings Year and Direct Placements **Revenue Bonds** Lease Liability **Ending** June 30 Principal Interest Principal Interest 2025 Ś 63,293 \$ 8,426 \$ - \$ 2026 64,635 7,083 3,187 1.313 2027 66,010 5,708 5.701 299 2028 67,417 4,302 5,859 141 2029 68,855 2,863 1,956 44 2030 55,783 1,403 2031 27,147 637 2032 27,372 276

NOTE 6-CONTINGENCIES AND COMMITMENTS:

Total

On June 30, 2023, the Authority committed \$560,000 to remove trees at the airport for required maintenance. The project will be funded at 90% (\$504,000) by the Federal Aviation Administration, and the remaining \$56,000 will be funded by state and local sources. As of June 30, 2024, \$76,918 had been spent on the project.

30,698

16,703 \$

440,512 \$

NOTE 7-LITIGATION:

There were no matters of litigation involving the Authority which would materially affect the Authority's financial position should any court decisions on pending matters not be favorable to the Authority.

NOTE 8-RISK MANAGEMENT:

The Authority has acquired insurance for buildings, vehicles, computer equipment, worker's compensation, and overall liability through various commercial vendors. Settled claims have not exceeded coverage in the past three years.

NOTE 9-UPCOMING PRONOUNCEMENTS:

Statement No. 101, *Compensated Absences*, updates the recognition and measurement guidance for compensated absences. It aligns the recognition and measurement guidance under a unified model and amends certain previously required disclosures. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023.

Management is currently evaluating the impact this standard will have on the financial statements when adopted.

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

TO THE BOARD MEMBERS OF MIDDLE PENINSULA REGIONAL AIRPORT AUTHORITY MATTAPONI, VIRGINIA

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities*, *Boards*, *and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the business-type activities of Middle Peninsula Regional Airport Authority as of and for the year ended June 30, 2024 and the related notes to the financial statements, which collectively comprise Middle Peninsula Regional Airport Authority's basic financial statements and have issued our report thereon dated December 13, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Middle Peninsula Regional Airport Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Middle Peninsula Regional Airport Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of Middle Peninsula Regional Airport Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

Robinson, Fenny, Cent Associates

As part of obtaining reasonable assurance about whether Middle Peninsula Regional Airport Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Richmond, Virginia December 13, 2024
