**Independent Auditors' Report**

---

**To the Honorable Members of the Board of Supervisors  
County of King William  
King William, Virginia**

**Report on the Audit of the Financial Statements**

***Opinions***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of King William, Virginia, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the County of King William, Virginia's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of King William, Virginia, as of and for the year ended June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of County of King William, Virginia, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Restatement of Beginning Balances***

As described in Note 20 to the financial statements, in 2024, the County restated beginning cash balances in the proprietary funds to included items previously not identified as cash equivalents. Our opinions are not modified with respect to this matter.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## ***Responsibilities of Management for the Financial Statements (Continued)***

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about County of King William, Virginia's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the *Specifications for Audits of Counties, Cities, and Towns* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the *Specifications for Audits of Counties, Cities, and Towns*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of County of King William, Virginia 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about County of King William, Virginia's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and schedules related to pension and OPEB funding as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise County of King William, Virginia 's basic financial statements. The accompanying combining and individual fund financial statements and schedules and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 5, 2024, on our consideration of County of King William, Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of County of King William, Virginia's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering County of King William, Virginia's internal control over financial reporting and compliance.

*Robinson, Farmer, Cox Associates*

Richmond, Virginia  
December 5, 2024

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

---

The management of the County of King William presents the following discussion and analysis as an overview of the County's financial activities for the fiscal year ended June 30, 2024. We encourage readers to read this discussion and analysis in conjunction with the County's financial statements, which follow this discussion and analysis.

### **FINANCIAL HIGHLIGHTS**

#### **Government Wide Finance Statements**

The assets and deferred outflows of resources of the County, on a government-wide basis, exceeded its liabilities, and deferred inflows of resources on June 30, 2024, by \$24,350,264 (net position).

The Primary Government total net position from Governmental Activities, excluding component unit was \$24,350,264 on June 30, 2024, compared to \$23,595,584 total net position on June 30, 2023. Total net position represents the amount by which the County's assets exceeded liabilities. The government net position increased \$754,410.

The total net position from the Component Unit, the School Board, was \$23,764,497 on June 30, 2024, compared to \$16,056,736 total net position on June 30, 2023. Net position increased \$7,707,761 during FY2024.

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This Annual Comprehensive Financial Report (ACFR) consists of four sections: introductory, financial, statistical, and compliance.

- The introductory section includes an organizational chart and a list of principal officials.
- The financial section includes the Independent Auditor's Report, management's discussion, and analysis (this section), the basic financial statements, required supplemental information, and combining and individual fund statements and schedules.
- The statistical section includes selected financial and demographic data related to the County, generally presented on a multi-year basis.
- The compliance section is required under the provisions of the Single Audit Act of 1984 and the U.S. Office of Management and Budget's Uniform Guidance; and includes the auditor's reports on compliance and internal controls. Compliance findings for the current and previous audits along with management plans to rectify future findings are found in the compliance section.

The required supplementary information includes this discussion and analysis, the Schedule of Funding Progress for the Virginia Retirement System, and the Other Postemployment Benefits Program (OPEB).

Finally, the combining and individual fund statements and schedules are included, which present individual statements for major funds other than the General Fund and combining statements for non-major governmental funds, fiduciary funds, and the component unit as well as other supporting schedules.

#### **Government-wide Financial Statements**

The government-wide financial statements (Exhibits 1 and 2) report information about the County using accounting methods like those found in the private sector.

The Statement of Net Position (Exhibit 1) presents information on all the County's assets and liabilities, including governmental activities and School Board activities. Net position is the residual amount remaining after liabilities are deducted from the balance of assets, and provides a measure of the County's financial health, or financial condition. Over time, changes in the net position may serve as an indicator of whether the County's financial condition is improving or

declining. Other non-financial factors will also need to be considered, such as changes in the County's property tax base and the condition of the County's facilities.

The Statement of Activities (Exhibit 2) presents information using the accrual basis of accounting and shows how the County's net position changed during the fiscal year. All the current year's revenues and expenses are shown in this statement, regardless of when cash is received or paid. The Statement of Activities presents expenses before revenues to emphasize that the government's revenues are generated for the express purpose of providing services.

In the government-wide financial statements, the County's activities are divided into three categories:

- **Governmental activities:** Most of the County's basic services are reported here, including general government; judicial administration; public safety; public works; health and welfare; education; parks, recreation and cultural; and community development. These activities are financed primarily by property taxes, other local taxes, and Federal and State grants.
- **Business-type activities:** Business-type activities consist of enterprise funds. Enterprise funds are established to account for the delivery of goods and services to the public and use the accrual basis of accounting, like private sector businesses.
- **Component unit:** The County has one component unit for which it is financially accountable, the King William County Public Schools (School Board). A primary government is accountable for an organization if the organization is fiscally dependent, and the organization is capable of imposing financial benefits or burdens on the primary government. The County approves debt issuances to finance School Board assets and provides significant funding for its operation. The School Board is a legally separate entity and is discretely presented in this annual financial report. Additional information on the component unit can be found in Note 1 of the Notes to Financial Statements section of this report.

## **Fund Financial Statements**

These statements focus on individual parts of the County's government, reporting the County's operations in more detail. Funds are used to ensure compliance with finance-related legal requirements and are used to keep track of specific sources of revenues and expenses for purposes. The County currently has two kinds of funds:

- **Governmental Funds** – Most of the County's basic services are included in governmental funds, which focus on (1) in flows and out flows of cash and other financial assets that can be readily converted to cash and (2) the balances remaining at year-end that are available for spending. The governmental funds financial statements provide a detailed short-term view that helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, additional information is provided to explain the relationship (or differences). The County has two major funds, the General Fund, and the Capital Projects Fund. The General Fund is the main operating account of the County and therefore, the largest of the governmental funds. The Capital Projects Fund is used to account for major capital projects, primarily construction related.
- **Fiduciary Funds** – Fiduciary funds are used to account for resources held by the County for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide statements because the funds are not available to support the County's programs. The County's fiduciary funds consist of special welfare funds, Virginia Juvenile Community Crime Control Act (VJCCCA) agency funds, Victim's Witness Program funds, Project Lifesaver funds, Drug Abuse Resistance Education (D.A.R.E.) funds, and donations to the Sheriff's Office and Fire and EMS department funds. The funds are used to account for monies received, held, and disbursed on behalf of special welfare children, and other local governments and specific programs.

**FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE**

The following table reflects the condensed statement of net position:

**TABLE 1**

King William County Summary of Net Position									
	Primary Government		Primary Government		Component Unit		Total Reporting Entity		
	Governmental Activities		Business-type Activities		School Board		Including School Board		
	2024	2023	2024	2023	2024	2023	2024	2023

<b>Total liabilities and deferred inflows</b>	<b>\$ 41,754,354</b>	<b>\$ 46,695,248</b>	<b>\$ 11,415,090</b>	<b>\$ 10,099,416</b>	<b>\$ 21,978,213</b>	<b>\$ 23,155,798</b>	<b>\$ 75,147,657</b>	<b>\$ 79,950,462</b>	
Net position:									
Net investment in capital assets	\$ 5,037,784	\$ 3,166,483	\$ 983,757	\$ 934,672	\$ 26,552,756	\$ 23,666,721	\$ 32,574,297	\$ 27,767,876	
Restricted	2,369,060	808,618	992	-	1,731,431	883,191	4,101,483	1,691,809	
Unrestricted	13,475,128	15,944,097	2,483,543	2,741,984	(4,519,690)	(8,493,176)	11,438,981	10,192,905	
<b>Total net position</b>	<b>\$ 20,881,972</b>	<b>\$ 19,919,198</b>	<b>\$ 3,468,292</b>	<b>\$ 3,676,656</b>	<b>\$ 23,764,497</b>	<b>\$ 16,056,736</b>	<b>\$ 48,114,761</b>	<b>\$ 39,652,590</b>	

Net position (assets and deferred outflow of resources more than liabilities and deferred inflows of resources) may serve over time as a useful indicator of a government's financial position. On June 30, 2024, the County's governmental assets exceeded liabilities and deferred inflows of resources by \$24,350,264 while School Component Unit exceeded its liabilities by \$23,764,497.

**The Reporting Entity:** The Commonwealth of Virginia requires that counties, as well as their financially dependent component units, be financed under a single taxing structure. This results in counties issuing debt to finance capital assets, such as public schools, for their component units. GASB Statement No. 61, *Financial Reporting Entity, Omnibus*, requires that the primary government and its component units, which make up the total reporting entity, be accounted for separately on the face of the basic financial statements.

### The Statement of Activities

The statement of activities illustrates the cost of governmental activities in net of related revenues. It also shows the general revenue sources that fund governmental operations. A summary of the statement of activities for the fiscal years covering July 1, 2023, thru June 30, 2024, follows:

TABLE 2

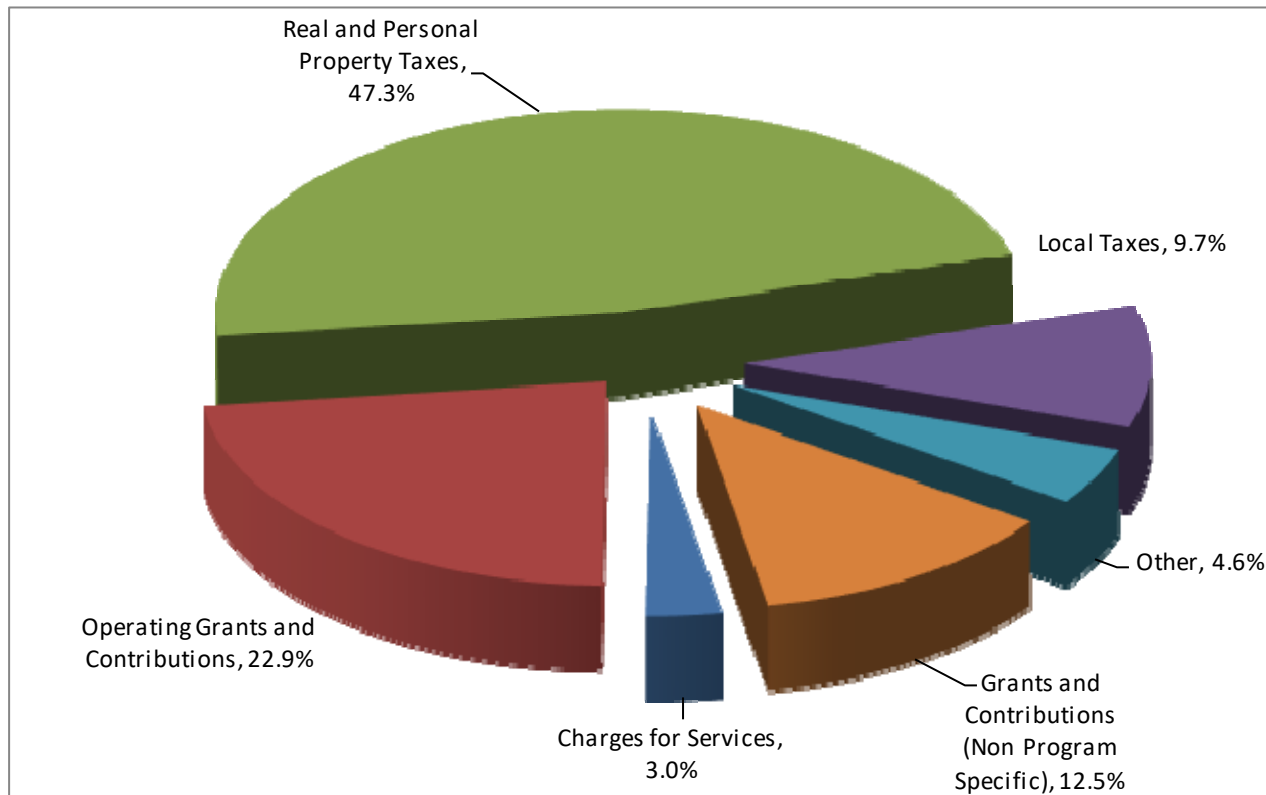

King William County Change in Net Position

### Governmental Activities - Revenues

Primary Government revenues increased from \$45,962,056 to \$50,331,017 or by \$4,368,961 (9.5%) in FY24 from FY23.

- Revenues from governmental activities for fiscal year 2024 totaled \$48,114,601 an increase of \$3.1 million from fiscal year 2023.
- Taxes comprise the largest source of revenues, totaling \$27,450,448, of which general property taxes account for \$22.75 million, or 47.3% of total revenues.
- Program revenues (charges for services, capital grants, and operating grants and contributions) generated a total of \$12,453,217, or 25.9% of total revenues.
- Revenues from grants and contributions not restricted to specific programs totaled \$6,013,576 or 12.5% of total revenues.

<b>Governmental Activities - Expenses</b>
---

Governmental activities expenses increased from \$37,821,404 to \$47,151,827 or 24.7%.

Education continues to be the County's largest program and highest priority with the County's contribution totaling \$21,889,843, or 46.4% of total expenses. Public safety expenses, which total \$9,072,122 or 19.2%, represent the second largest expense category for governmental activities.

Table 3 illustrates the net cost (total expenses less fees generated by the activities and program-specific governmental aid) for the County's governmental activities. Fees, such as charges for services and program specific aid from other governmental or outside entities, help offset the cost of the government services, thereby lessening the burden on the County's taxpayers. The County generates charges for services primarily from fees for certain court services, public safety fees, community development services, and parks and recreation activities. The County obtains grants primarily for public safety, health and welfare, and judicial administration. Net costs reflect the cost for which tax revenues support the services provided by the County government.

**TABLE 3**

<b>Net Cost of Governmental Activities</b> <b>For the Fiscal Years Ended June 30, 2024 and 2023</b>				
	Total Cost of Services		Net Cost of Services	
	2024	2023	2024	2023
<b><u>Governmental Activities</u></b>				
General government	\$ 1,699,235	\$ 1,498,560	\$ 1,208,831	\$ 913,874
Judicial	1,161,992	1,171,306	456,967	506,354
Public safety	9,072,122	9,625,320	7,203,193	7,788,590
Public works	4,722,983	2,536,675	4,722,983	2,536,675
Health and welfare	2,734,576	2,177,819	823,733	679,302
Education	21,889,843	16,478,269	16,827,928	10,165,108
Parks, recreation and cultural	1,392,407	1,113,920	1,005,938	774,981
Community development	3,377,776	2,173,966	1,348,144	1,706,306
Interest on long-term debt and other	1,100,893	1,045,569	1,100,893	1,045,569
Total Governmental Activities	\$ 47,151,827	\$ 37,821,404	\$ 34,698,610	\$ 26,116,759
<b><u>Business-type Activities</u></b>				
Water	\$ 2,424,780.0	\$ 1,075,784.0	\$ 221,490	\$ 512,668
Sewer	-	-	(800,000)	(296,285)
Total Business-type Activities	\$ 2,424,780	\$ 1,075,784	\$ (578,510)	\$ 216,383

After recognizing the effect of revenue from these fees, grants, and contributions, the net cost of governmental activities was \$34,698,610 compared to a total cost of \$47,151,827.

**FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS**

The county uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds:** The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. Unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the fiscal year 2024, the County's government funds reported combined ending fund balances of \$15,748,121. Of this amount \$4,646,892 is assigned for capital projects, \$489,988 is assigned to debt service and \$3,279,408 assigned to various special revenue funds (Parks and Recreation Programs, Water and Sewer, EMS Recovery, and Regional Animal Shelter). The restricted amount of \$106,653 relates to prepaid expenses for fiscal year 2025.

The General Fund's liquidity can be measured by comparing unassigned fund balance to total fund revenues. At the end of the current fiscal year, the General Fund had an unassigned fund balance of \$7.2 million (Exhibit 3). At this level, when combined with committed and non-spendable fund balances, the County has sufficient funds to operate for approximately two months without interrupting service levels. The chart below depicts the composition of the County's General Fund balance for the last five fiscal years.

**Composition of General Fund Balance**

**GENERAL FUND BUDGETARY HIGHLIGHTS**

Table 4 provides a comparison of original budget, final amended budget, and actual revenues and expenditures in the General Fund.

**TABLE 4**

<b>Budgetary Comparison General Fund For the Fiscal Year Ended June 30, 2024</b>			
	<b>Original Budget</b>	<b>Amended Budget</b>	<b>Actual</b>
<b><u>Revenues</u></b>			
Taxes	\$ 27,646,220	\$ 27,646,220	\$ 27,566,624
Other	2,418,510	2,428,510	2,398,622
Intergovernmental	10,323,105	10,463,050	9,717,056
Total revenues	<u>\$ 40,387,835</u>	<u>\$ 40,537,780</u>	<u>\$ 39,682,302</u>
<b><u>Expenditures</u></b>			
Expenditures	\$ 37,413,934	\$ 38,008,458	\$ 38,688,936
Excess (deficiency) of revenues over (under) expenditures	<u>\$ 2,973,901</u>	<u>\$ 2,529,322</u>	<u>\$ 993,366</u>
<b><u>Other financing sources (uses)</u></b>			
Transfers in	\$ 279,714	\$ 897,000	\$ 896,194
Transfers out	<u>(3,253,615)</u>	<u>(3,426,322)</u>	<u>(2,882,824)</u>
Change in fund balance	<u>\$ -</u>	<u>\$ -</u>	<u>\$ (993,264)</u>

During the year, budget amendments approved by the Board of Supervisors could be classified in the following key categories:

- Amendments for operating and capital projects that were incomplete in the prior fiscal year and subsequently re-appropriated in the new fiscal year.
- Amendments for supplemental appropriation for new projects and/or change orders for prior approved projects.
- Amendments for transfers and adjustments to support revised priorities.

**Revenues:** General Fund revenues of \$39,682,302 were less than budget amounts by \$855,478 primarily in intergovernmental revenues. The county received less aid from the federal and state governments than expected mainly in aid from public assistance and welfare administration, with revenues under budgeted amounts by \$361,215 and Children Services Act, with revenues under budgeted amounts by \$201,264.

**Expenditures:** General Fund expenditures were \$680,478 greater than amended budget amounts in FY24. Expenditures are over budgeted amounts due to the overspending of several funds. Health and welfare expenses, which were \$940,742 greater than budgeted amounts, accounts for the majority of the overspending in the general fund.

**CAPITAL ASSETS AND LONG-TERM DEBT**

Governmental Accounting Standards Board (GASB) Statement 34 requires the primary government (the County) to report debt and debt service incurred “on behalf” of component units (the School Board).

**Capital Assets**

The following table summarized the County’s capital assets, net of depreciation, as of June 30, 2024.

**TABLE 5**

<b>Capital Assets</b>								
<b>For the Fiscal Year Ended June 30, 2024</b>								
	<b>Primary Government</b>			<b>Component Unit</b>		<b>Total Reporting Entity</b>

During fiscal year, the following Capital projects were completed:

- Transfer Station
- Video Door Access Project
- BDA System or KWPS
- Purchase of Aylett property

### Long-term Obligations

The following table provides an overview of the Long-Term obligations for the Primary Government.

**TABLE 6**

<b>Summary of Changes in Long-Term Obligations For the Fiscal Year Ended June 30, 2024</b>			
	<b>July 1 2023</b>	<b>Net Increase (Decrease)</b>	<b>June 30, 2024</b>
<b>Governmental Activities:</b>			
General obligation bonds	\$16,629,025	\$ (924,025)	\$15,705,000
Revenue bonds	6,126,100	(817,700)	5,308,400
Compensated absences	602,579	(125,474)	477,105
Net OPEB liabilities	438,285	43,805	482,090
Capital leases	6,242,093	(739,901)	5,502,192
Lease financing bond	3,259,600	(439,100)	2,820,500
County's premium on bonds	1,607,137	(113,182)	1,493,955
Total Government Activities	<u>\$34,904,819</u>	<u>\$(3,115,577)</u>	<u>\$31,789,242</u>

The overall effect of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions is to reflect the County's long-term other postretirement benefit ("OPEB") obligations directly in the financial statements. Under previous accounting guidance, these amounts were recorded incrementally over time, but were not recognized in their entirety. Instead, the total liability which has now been recorded was only disclosed. The new standard not only changes certain measurement methodologies, but also requires certain new disclosures and that the County record a net OPEB liability directly on the statement of net position. However, because similar information has been disclosed in prior years, both in the notes to the financial statements and in required supplementary information, the effect of this new standard is not expected to negatively affect how most governmental entities are viewed by sophisticated readers of their financial statements.

As of June 30, 2024, the County's governmental activities had long-term obligations totaling \$31,789,242 of which \$30.8 million represents indebtedness related to capital leases, long-term commitments, and issuances of bonds on behalf of the county and the School Board component unit.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES**

Based on available data, the local economy continues to improve from the spring 2020 pandemic economic shutdown.

- The local unemployment rate was 2.7% for June 2024, as compared to 2.7% for June 2023. The national rate for this period was 4.3%. The Virginia rate for this period was 3.0%
- According to the Weldon Cooper Center for Public Service, King William County's population was estimated to be 19,030.
- The enrollment in public schools stayed the same from fiscal year 2023 to 2024 at 2,058 students enrolled.
- The latest available per capita personal income for King William County was \$57,290 as of 2024, an increase from the per capita personal income from 2021 of \$53,900.

The FY24 General Fund operating budget totaled \$39,682,302, which was an increase of \$1,541,760 (4%) over the FY23 adopted budget. All tax rates stayed the same from the 2023 to 2024 calendar year.

The increase in the General Fund includes the following:

- ❖ Provided a 1.5% COLA and 2% Merit salary increase for County employees.
- ❖ Provided an increase of \$1,159,514 funding to King William County Public Schools from FY23 to FY24

**REQUESTS FOR INFORMATION**

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of King William County's finances and to demonstrate the County's accountability for the money it receives. Questions concerning this report or requests for additional information should be directed to Dave Wilson, Director of Financial Services, King William County, 180 Horse Landing Road #4, King William, VA 23086 telephone (804) 769-4935, or visit the County's website [www.kwc.gov](http://www.kwc.gov).

Reconciliation of the Balance Sheet of Governmental Funds  
To the Statement of Net Position  
June 30, 2024

---

Amounts reported for governmental activities in the statement of Net Position are different because:

Total fund balances per Exhibit 3 - Balance Sheet - Governmental Funds		\$	15,748,121
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.			
Capital assets, cost	\$	60,165,210	
Accumulated depreciation		<u>(25,863,168)</u>	34,302,042
Other long-term assets are not available to pay for current-period expenditures and, therefore, are unavailable in the funds.			
Unavailable revenue - property taxes	\$	2,165,177	
Unavailable revenue - opioid settlement		291,670	
Net pension asset		<u>35,732</u>	2,492,579
Deferred outflows of resources are not available to pay for current-period expenditures and, therefore, are not reported in the funds.			
Deferred charge on refunding	\$	108,750	
OPEB related items		145,900	
Pension related items		<u>705,677</u>	960,327
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds.			
Bonds and loans payable	\$	(23,833,900)	
Less: Issuance premium (to be amortized over life of debt)		(1,493,955)	
Accrued Interest payable		(374,260)	
Net OPEB liabilities		(482,090)	
Equipment purchase agreements		(5,502,192)	
Compensated absences		<u>(477,105)</u>	(32,163,502)
Deferred inflows of resources are not due and payable in the current period and, therefore, are not reported in the funds.			
Pension related items	\$	(351,638)	
OPEB related items		<u>(105,957)</u>	<u>(457,595)</u>
Net position of governmental activities			<u>\$ 20,881,972</u>

Reconciliation of Statement of Revenues,  
Expenditures, and Changes in Fund Balances of Governmental Funds  
To the Statement of Activities  
For the Year Ended June 30, 2024

---

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ (3,145,305)
--	----------------

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which the capital outlays exceeded the depreciation expense in the current period.

Capital asset additions	\$ 5,195,927	
Depreciation expense	(2,264,205)	
Jointly owned asset allocation of assets	(3,021,580)	
Jointly owned asset depreciation	<u>897,451</u>	807,593

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Property taxes	\$ (116,176)	
Opioid settlement	<u>127,114</u>	10,938

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Principal payments		2,920,726
--------------------	--	-----------

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds.

The following is a summary of items supporting this adjustment:

Change in compensated absences	\$ 125,474	
OPEB expense	17,527	
Pension expense	165,279	
Premium amortization	113,182	
(Increase) decrease in deferred charges on refunding	(19,973)	
(Increase) decrease in accrued interest payable	<u>(32,667)</u>	<u>368,822</u>

Change in net position of governmental activities	\$ <u><u>962,774</u></u>
---	--------------------------

## COUNTY OF KING WILLIAM, VIRGINIA

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024

---

#### **NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

The County of King William, Virginia (County) was formed in 1702 and is governed by an elected five-member Board of Supervisors. The Board of Supervisors is responsible for appointing the County Administrator. The County provides a full range of services for its citizens. These services include police and fire protection; sanitation services; recreational activities; cultural events; education; and social services.

The financial statements of the County of King William, Virginia have been prepared in conformity with the specifications promulgated by the Auditor of Public Accounts (APA) of the Commonwealth of Virginia, and accounting principles generally accepted in the United States as specified by the Governmental Accounting Standards Board. The more significant of the government's accounting policies are described below.

#### **Financial Statement Presentation**

##### **Government-wide and Fund Financial Statements**

**Government-wide financial statements** - The reporting model includes financial statements prepared using full accrual accounting for all of the government's activities. This approach includes not just current assets and liabilities but also capital assets and long-term liabilities (such as buildings and general obligation debt).

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. The exception to this general rule are charges between the government's water and sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

**Statement of Net Position** - The Statement of Net Position is designed to display financial position of the primary government (governmental and business-type activities) and its discretely presented component units. Governments will report all capital assets in the government-wide Statement of Net Position and will report depreciation expense - the cost of "using up" capital assets - in the Statement of Activities. The net position of a government will be broken down into three categories - 1) net investment in capital assets, 2) restricted; and 3) unrestricted.

**Statement of Activities** - The government-wide statement of activities reports expenses and revenues in a format that focuses on the cost of each of the government's functions. The expense of individual functions is compared to the revenues generated directly by the function (for instance, through user charges or intergovernmental grants).

## COUNTY OF KING WILLIAM, VIRGINIA

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024 (CONTINUED)

---

#### **NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

#### **A. Financial Reporting Entity**

The basic criterion for determining whether a governmental department, agency, institution, commission, public authority, or other governmental organization should be included in a primary governmental unit's reporting entity for the basic financial statements is financial accountability. Financial accountability includes the appointment of a voting majority of the organization's governing body and the ability of the primary government to impose its will on the organization or if there is a financial benefit/burden relationship. In addition, an organization which is fiscally dependent on the primary government should be included in its reporting entity. These financial statements present the County of King William (the primary government) and its component units. Blended component units, although legally separate entities, are, in substance, part of the government's operations and so data from these units are combined with data of the primary government. Each discretely presented component unit, on the other hand, is reported in a separate column in the government-wide financial statements to emphasize it is both legally and substantively separate from the government.

#### **B. Individual Component Unit Disclosures**

*Blended Component Unit.* The County has no blended component units to be included for the fiscal year ended June 30, 2024.

*Discretely Presented Component Unit.* The School Board members are elected by the citizens of King William County. The School Board is responsible for the operations of the County's School System within the County boundaries. The School Board is fiscally dependent on the County. The County has the ability to approve its budget and any amendments. The School Board does not issue a separate financial report. The financial statements of the School Board are presented as a discrete presentation in the County financial statements for the fiscal year ended June 30, 2024.

**NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

**C. Other Related Organizations**

*Economic Development Authority*

The Economic Development Authority (Authority), formerly the Industrial Development Authority, was created as a political subdivision of the Commonwealth of Virginia (Commonwealth) by King William County in 1972, pursuant to the provisions of the Industrial Development and Revenue Bond Act, Chapter 49 of Title 15.2, *Code of Virginia*. This Act empowers the Authority, among other activities, to issue tax-exempt bonds to acquire, improve, maintain, equip, own, lease, or dispose of properties by inducing manufacturing and industrial enterprises to locate or remain in the Commonwealth. The County Board of Supervisors appoints the seven directors of the Authority and provides financial support by making direct payments of debt service expenses on behalf of the Authority. To date, activity of the Authority has been minimal and, as such, has been historically accounted for as part of the County's General Fund.

*King William - King and Queen Regional Animal Shelter*

The King William - King and Queen Regional Animal Shelter (Shelter) was created under a resolution between King William County and King and Queen County. The two counties share equally in both the cost of construction and operation of the facilities. The County serves as fiscal agent of the Shelter and administers the operation of the Shelter, and receives a fee of 3% of the annual operating expenditures from King and Queen County for managing the Shelter. The Shelter began operations in 2009 and the activity is accounted for as part of the County's General Fund.

*Hampton Roads Sanitation District*

The Hampton Roads Sanitation District (HRSD) was created by resolution pursuant to state statute and is governed by an eight-member board appointed by the Governor from the localities comprising HRSD's service area. The County currently has no representation on the board, but has agreements with HRSD to provide wastewater treatment services. In 1999, operation of the King William County Wastewater Treatment Plant and Wastewater Collection System, and all wastewater pumping stations owned by the County at that time were transferred to HRSD.

*Middle Peninsula Juvenile Detention Commission*

The Middle Peninsula Juvenile Detention Commission is considered a jointly governed organization and, therefore, its operations are not included in the County's financial statements. The Commission serves numerous localities and is funded through a per diem charge for each juvenile committed to the member jurisdictions, as well as by funding provided by the Commonwealth.

*Middle Peninsula Planning District Commission*

The Middle Peninsula Planning District Commission is considered a jointly governed organization and, therefore, its operations are not included in the County's financial statements. The counties of Essex, Gloucester, King and Queen, Middlesex, Mathews, and the County provide the financial support for the Commission and appoint its governing board. The majority of directors consist of elected officials of the governmental subdivisions within the planning district.

**NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

**C. Other Related Organizations (Continued)**

*Middle Peninsula Northern Neck Community Services Board*

The Middle Peninsula Northern Neck Community Services Board (Board) was created by resolution pursuant to state statute and is considered a jointly governed organization and, therefore, its operations are not included in the County's financial statements. The County appoints one of the board members; however, the County cannot impose its will on the Board since it does not have the ability to modify or approve the budget or overrule or modify the decisions of the Board. The Board is fiscally independent and there is no financial benefit or burden relationship with the County. The County contributed \$71,007 in fiscal year 2024.

*Middle Peninsula Regional Airport Authority*

The Middle Peninsula Regional Airport Authority is considered a jointly governed organization and, therefore, its operations are not included in the County's financial statements. King and Queen County contributes 50% of the annual local tax revenue received from personal property at the airport to support operations, and the remaining expenses, net of revenues, are shared equally between the Town of West Point and the Counties of Gloucester, King and Queen, and the County. Each member jurisdiction appoints one of the directors.

*Middle Peninsula Regional Security Center*

The Middle Peninsula Regional Security Center (Center) is considered a jointly governed organization and, therefore, its operations are not included in the County's financial statements. The counties of Essex, Mathews, Middlesex, King and Queen, and the County provide the financial support for the Center and appoint its governing Board, which has the ability execute contracts and to budget and expend funds. The County appoints two of the nine members to the board. No one locality contributes more than 50% of the Center's funding.

*Pamunkey Regional Library*

The Pamunkey Regional Library (Library) is considered a jointly governed organization and, therefore, its operations are not included in the County's financial statements. The counties of Goochland, Hanover, King and Queen, and the County provide the financial support for the Library and appoint its governing board, which has the ability to execute contracts and to budget and expend funds. The County appoints two of the seven members of the board. No one locality contributes 50% of the Library's funding.

*Virginia Peninsulas Public Service Authority*

The Virginia Peninsulas Public Service Authority (Authority) is considered a jointly governed organization and, therefore, its operations are not included in the County's financial statements. The board consists of 12 members who represent each of the member jurisdictions consisting of numerous localities. The member jurisdictions share in administrative costs on a per capita basis. The County has lease and operating agreements with the Authority to provide solid waste services for the County, which are billed monthly to the individual users of the Authority or to the County.

**NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

**C. Other Related Organizations (Continued)**

*Bridging Communities Regional Career and Technical Center*

The Town of West Point school division, Charles City school division and the county school divisions of King and Queen, Middlesex, New Kent, and King William participate in supporting the Center. The County of New Kent serves as the fiscal agent of the Center. The Center is governed by a six member board of control, which is comprised of one school board member from each of the six school divisions. The School Board's contribution for fiscal year 2024 was approximately \$242,699.

**Included in the County's Financial Report**

None

**D. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The accompanying financial statements are prepared in accordance with pronouncements issued by the Governmental Accounting Standards Board. The principles prescribed by GASB represent generally accepted accounting principles applicable to governmental units.

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of recognition in the financial statements of various kinds of transactions or events.

The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, except for agency funds. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The government-wide statement of activities reflects both the gross and net cost per functional category (public safety, public works, health and welfare, etc.) which are otherwise being supported by general government revenues, (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.) The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants, and contributions. The program revenues must be directly associated with the function (public safety, public works, health and welfare, etc.) or a business-type activity.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. Revenues are recognized when they have been earned and they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service principal and interest expenditures on general long-term debt, including lease and subscription

**NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

**D. Measurement Focus, Basis of Accounting and Financial Statement Presentation: (Continued)**

liabilities, as well as expenditures related to compensated absences, claims and judgments, postemployment benefits, and environmental obligations are recognized later based on specific accounting rules applicable to each, generally when payment is due. General capital asset acquisitions, including entering into contracts giving the government the right to use lease and subscription assets, are reported as expenditures in the governmental funds. Issuance of long-term debt and financing through leases and subscriptions are reported as other financing sources.

The County's fiduciary funds are presented in the fund financial statements by type. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Accordingly, real and personal property taxes are recorded as revenues and receivables when billed, net of allowances for uncollectible amounts. Property taxes not collected within 45 days after year-end are reflected as unavailable revenues. Sales and utility taxes, which are collected by the state or utilities and subsequently remitted to the County, are recognized as revenues and receivables upon collection by the state or utility, which is generally within two months preceding receipt by the County.

Licenses, permits, fines and rents are recorded as revenues when received. Intergovernmental revenues, consisting primarily of federal, state and other grants for the purpose of funding specific expenditures, are recognized when earned or at the time of specific expenditure. Revenues from general purpose grants are recognized in the period to which the grant applies. All other revenue items are considered to be measurable and available only when cash is received by the government.

In the fund financial statements, financial transactions and accounts of the County are organized on the basis of funds. The operation of each fund is considered to be an independent fiscal and separate accounting entity, with a self-balancing set of accounts recording cash and/or other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

1. Governmental Funds - are those through which most governmental functions typically are financed. The County reports the following governmental funds:

General Fund - is the primary operating fund of the County. This fund is used to account for and report all financial transactions and resources except those required to be accounted for in another fund. Revenues are derived primarily from property and other local taxes, state and federal distributions, licenses, permits, charges for service, and interest income. A significant part of the General Fund's revenues is used principally to finance the operations of the Component Unit School Board. The General Fund is considered a major fund for reporting purposes.

Debt Service Fund - accounts for and reports financial resources that are restricted, committed, or assigned to expenditure for principal and interest. Payment of principal and interest on the County and school system's general long-term debt financing is provided by appropriations from the General Fund. The County reports the Debt Service Fund as a major fund.

**NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

**D. Measurement Focus, Basis of Accounting and Financial Statement Presentation: (Continued)**

Capital Projects Funds - accounts for and reports financial resources that are restricted, committed or assigned to expenditure for capital outlays except for those financed by proprietary funds or for assets held in trust for individuals, private organizations or of the governments. The County reports the Capital Projects Fund and the School Capital Project Fund as major funds.

Special Revenue Funds - account for and report the proceeds of specific revenue sources that are restricted, committed or assigned to expenditure associated with ARPA. This fund has been determined to be major for public interest reasons, in that the presentation is of particular importance to financial statement users.

2. Proprietary Funds - Proprietary Funds account for operations that are financed in a manner similar to those found in private business enterprises. The measurement focus is upon determination of net income, financial position, and changes in financial position. Proprietary Funds consist of the Water Fund and the Sewer Fund.

Water Fund - The water fund accounts for the activities of the water treatment plant and the water distribution system.

Sewer Fund - The sewer fund accounts for the activities of the wastewater treatment plant and the wastewater collection system.

3. Fiduciary Funds - (Custodial Funds) - accounts for assets held by the County unit in a trustee capacity or as an agent or custodian for individuals, private organizations, other governmental units, or other funds. These funds include Custodial Funds. Custodial Funds utilize the accrual basis of accounting. Custodial funds do not have a measurement focus. Fiduciary funds are not included in the government-wide financial statements. The County's Custodial Funds include amounts held for others in a fiduciary capacity, which includes the following funds: Special Welfare Fund, Virginia Juvenile Community Crime Council Act (VJCCCA) Fund, Project Lifesaver Fund, D.A.R.E. Fund, Sheriff's Office Fund, and Fire and EMS Fund.

**E. Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, amounts in demand deposits and short-term investments with a maturity date within three months of the date acquired by the government. For purposes of the statement of cash flows, the government's proprietary funds consider their demand deposits and all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

**F. Investments**

Investments with a maturity of less than one year when purchased, non-negotiable certificates of deposit, and other nonparticipating investments, and external investment pools are stated at cost or amortized cost. Investments with a maturity greater than one year when purchased are stated at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction at year end.

State statutes authorize the government to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds and repurchase agreements.

**NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

**G. Receivables and Payables**

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e. the current portions of the interfund loans). All other outstanding balances between funds are reported as “advances to/from other funds.”

All trade and property tax receivables are shown net of an allowance for uncollectibles. The County calculates its allowance for uncollectible accounts using historical collection data and, in certain cases, specific account analysis. The allowance amounted to approximately \$177,178 at June 30, 2024 and is comprised solely of property taxes.

**Real and Personal Property Tax Data:**

The tax calendars for real and personal property taxes are summarized below.

	<b><u>Real Property</u></b>	<b><u>Personal Property</u></b>
Levy	January 1	January 1
Due Date	June 25/December 5 (50% each date)	January 15 (50% each date)
Lien Date	December 5	January 15

The County bills and collects its own property taxes.

**H. Capital Assets**

Capital assets, which include property and equipment are reported in the applicable governmental columns in the government-wide financial statements for both the County and the Component Unit School Board. Capital assets are defined by the County as land, buildings, equipment, lease, subscription, and infrastructure assets with an initial individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed (except for the intangible right-to-use lease and subscription assets, the measurement of which is discussed in more detail below). Donated capital assets are recorded at acquisition value at the date of donation. Assets received in a service concession arrangement are reported at acquisition value.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset’s life is not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

**NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

**H. Capital Assets (Continued)**

Property, plant and equipment, lease assets, subscription assets, and infrastructure of the primary government, as well as the component unit, are depreciated using the straight-line method over the following estimated useful lives.

<u>Assets</u>	<u>Years</u>
Buildings and improvements	5-40
Furniture and equipment	3-5
Infrastructure	40
Land improvements	15
Intangible	10

**I. Compensated Absences**

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation leave not expected to be liquidated with expendable available financial resources are reported as an expense in the Statement of Activities and a long-term obligation in the Statement of Net Position. A liability is recognized for that portion of accumulating sick leave benefits that it is estimated will be taken as “terminal leave” prior to retirement. The General Fund is responsible for paying the liability for compensated absences for the general government employees and has been used in prior years to liquidate the governmental funds’ liability.

County employees earn vacation and sick leave at various rates. After five years of service with the County, employees are paid out for voluntary separation, non-disciplinary separation, and retirement. The rate paid out varies by years of service.

The School Board compensates eligible retiring employees at an approved rate for their unused accumulated sick leave. The retiring employee must retire under the regulations of the VRS and have been under contract in the school division for five consecutive years preceding retirement. The maximum number of allowable days is 150 days. The rate is 16% of the daily rate, or \$20 per day, whichever is greater.

**J. Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

**K. Net Position**

For government-wide reporting, the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources is called net position. Net position is comprised of three components: net investment in capital assets, restricted, and unrestricted.

- Net investment in capital assets consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances of bonds, notes, and other debt that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are included in this component of net position.
- Restricted net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Assets are reported as restricted when constraints are placed on asset use either by external parties or by law through constitutional provision or enabling legislation.
- Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that does not meet the definition of the two preceding categories.

Sometimes the County will fund outlays for a particular purpose from both restricted (e.g. restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

**L. Pensions**

For purposes of measuring the net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County's and School Board's Retirement Plan and the additions to/deductions from the County and School Board's Retirement Plan's fiduciary net position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**M. Other Postemployment Benefits (OPEB)**

For purposes of measuring the net VRS related OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to the OPEB, and OPEB expense, information about the fiduciary net position of the VRS GLI, HIC (nonprofessional), and Teacher HIC OPEB Plans and the additions to/deductions from the VRS OPEB Plans' fiduciary net position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

**N. Long-term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums or discounts, as well as bond issuance costs, during the current period. The face amount of debt issued and premiums on issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**O. Prepaid Items**

Certain payments to vendors reflect costs applied to future accounting periods and are recorded as prepaid items in both the government-wide and the fund financial statements. Prepaid items are accounted for using the consumption method and are valued at cost. Prepaid items in governmental funds are reported as nonspendable fund balance.

**P. Fund Balance**

The following classifications of fund balance describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable fund balance - amounts that are either not in spendable form (such as prepaids) or are legally or contractually required to be maintained intact (corpus of a permanent fund);
- Restricted fund balance - amounts that can be spent only for the specific purposes stipulated by external resource providers such as grantors or enabling federal, state, or local legislation. Restrictions may be changed or lifted only with the consent of the resource providers;
- Committed fund balance - amounts that can be used only for the specific purposes determined by the adoption of an ordinance committing fund balance for a specified purpose by the Board of Supervisors prior to the end of the fiscal year. Once adopted, the limitation imposed by the ordinance remains in place until the resources have been spent for the specified purpose or the Board adopts another ordinance to remove or revise the limitation;
- Assigned fund balance - amounts a government intends to use for a specific purpose but do not meet the criteria to be classified as committed; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment;
- Unassigned fund balance - amounts that are available for any purpose; positive amounts are only reported in the general fund. Additionally, any deficit fund balance within the other governmental fund types is reported as unassigned.

COUNTY OF KING WILLIAM, VIRGINIA

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

**NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

**P. Fund Balance (Continued)**

The Board of Supervisors formally established a minimum unassigned fund balance policy in the General Fund in the amount of twenty (20) percent (approximately 2-3 months) of the General Fund expenditures and outflows at the end of each fiscal year.

The County applies restricted resources first when expenditures are incurred for purpose for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classification could be used.

Board of Supervisors establishes (and modifies or rescinds) fund balance commitments by passage of an ordinance. This is typically done through adoption and amendment of the budget. A fund balance commitment, which does not lapse at year end, is further indicated in the budget document as a designation or commitment of the fund (such as for special incentives). Assigned fund balance is established by Board of Supervisors through adoption or amendment of the budget as intended for specific purpose (such as the purchase of capital assets, construction, debt service, or for other purposes).

The details of governmental fund balances, as presented in aggregate on Exhibit 3, are as follows:

	General	Debt Service	General Capital Projects	School Capital Projects	ARPA	Total
Fund Balances:						
Nonspendable:						
Prepaid items	\$ 106,653	\$ -	\$ -	\$ -	\$ -	\$ 106,653

## COUNTY OF KING WILLIAM, VIRGINIA

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024 (CONTINUED)

---

#### **NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

##### **Q. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position includes a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has multiple items that qualify for reporting in this category. The first item is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding resulted from the difference between the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second item is comprised of certain items related to pension and OPEB. For more detailed information on these items, reference the related notes.

In addition to liabilities, the statement of financial position includes a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has multiple items that qualify for reporting in this category. Under a modified accrual basis of accounting, unavailable revenue representing property taxes receivable and opioid settlement are reported in the governmental funds balance sheet. This amount is comprised of uncollected property taxes due prior to June 30, 2<sup>nd</sup> half installments levied during the fiscal year but due after June 30<sup>th</sup>, and amounts prepaid on the 2<sup>nd</sup> half installments and is deferred and recognized as an inflow of resources in the period that the amount becomes available. Under the accrual basis, 2<sup>nd</sup> half installments levied during the fiscal year but due after June 30<sup>th</sup> and amounts prepaid on the 2<sup>nd</sup> half installments are reported as deferred inflows of resources. In addition, certain items related to pension and OPEB are reported as deferred inflows of resources. For more detailed information on these items, reference the related notes.

##### **R. Component Unit - School Board Capital Asset and Debt Presentation (Jointly Owned Assets)**

By law, the School Board does not have taxing authority and, therefore, it cannot incur debt through general obligation bonds to fund the acquisition, construction, or improvement of its capital assets. That responsibility lies with the County who issues the debt on behalf of the School Board. However, the *Code of Virginia* requires the School Board to hold title to the capital assets (buildings and equipment) due to their responsibility for maintaining the assets.

The Virginia General Assembly amended the *Code of Virginia* to allow a tenancy in common with the School Board whenever the locality incurs a financial obligation which is payable over more than one fiscal year for any school property. The tenancy in common terminates when the associated debt has been paid in full. For financial reporting purposes, the legislation permits the locality to report the portion of the school property related to any outstanding financial obligation, thus eliminating a potential deficit for the primary government due to financing School Board capital assets with debt.

#### **NOTE 2—STEWARDSHIP, COMPLIANCE, AND ACCOUNTING:**

The following procedures are used by the County in establishing the budgetary data reflected in the financial statements:

1. During the month of March, the County Administrator submits to the Board of Supervisors a proposed operating and capital budget for the fiscal year commencing the following July 1. The operating and capital budget includes proposed expenditures and the means of financing them.

## COUNTY OF KING WILLIAM, VIRGINIA

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024 (CONTINUED)

---

#### **NOTE 2—STEWARDSHIP, COMPLIANCE, AND ACCOUNTING: (CONTINUED)**

2. Public hearings are required to be conducted to obtain citizen comments.
3. Prior to June 30, the budget is legally enacted through passage of an Appropriations Resolution.
4. The Appropriations Resolution places legal restrictions on expenditures at the function level, which is the level presented in Exhibit 5. The appropriation for each department or category can be revised only by the Board of Supervisors. The County Administrator is authorized to transfer budgeted amounts within general government departments and the School Board is authorized to transfer budgeted amounts within the school systems categories.
5. Formal budgetary integration is employed as a management control device during the year and budgets are legally adopted for the General Fund, Debt Service Fund, Capital Projects Funds and all other general governmental funds and the School Fund, School Textbook Fund and the School Cafeteria Fund of the Primary Government and Component Unit - School Board.
6. All budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
7. Appropriations lapse on June 30, for all County units. Several Supplemental Appropriations were necessary during the fiscal year.
8. All budgetary data presented in the accompanying financial statements is the original budget at June 30. Several supplemental appropriations were necessary during the year and at year end because they were not included in the original budget.
9. Expenditures and Appropriations  
Expenditures exceeded appropriations in General fund at June 30, 2024.

#### **NOTE 3—DEPOSITS AND INVESTMENTS:**

##### **Deposits**

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the “Act”) Section 2.2-4400 et. Seq. of the Code of Virginia. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits.

##### **Investments**

Statutes authorize local governments and other public bodies to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, “prime quality” commercial paper that has received at least two of the following ratings: P-1 by Moody’s Investors Service, Inc.; A-1 by Standard & Poor’s; or F1 by Fitch Ratings, Inc. (Section 2.2-4502), banker’s acceptances, repurchase agreements, and the State Treasurer’s Local Government Investment Pool (LGIP).

**NOTE 3—DEPOSITS AND INVESTMENTS: (CONTINUED)**

**Investments (Continued)**

The LGIP is a professionally managed money market fund which invests in qualifying obligations and securities as permitted by Virginia statutes. Pursuant to Section 2.2-4605 *Code of Virginia*, the Treasury Board of the Commonwealth sponsors the LGIP and has delegated certain functions to the State Treasurer. The LGIP reports to the Treasury Board at their regularly scheduled monthly meetings. The carrying value of the position in LGIP is the same as the value of the pool shares, i.e., the LGIP maintains a stable net asset value of \$1 per share in accordance with GASB 79. The maturity of the LGIP is less than one year.

The goal of the County is to obtain the highest possible yield on available financial assets invested consistent with state law, while observing the primary goal of preservation of principal and providing necessary liquidity to meet cash flow needs.

**Custodial Credit Risk (Investments)**

The County’s investment policy requires that all securities purchased for the County be held by the County or by the County’s designated custodian. The County’s investments at June 30, 2024 were held by the County or in the County’s name by the County’s custodial banks.

**Credit Risk of Debt Securities**

The County’s rated debt investments as of June 30, 2024 were rated by Standard & Poor’s and the ratings are presented below using the Standard & Poor’s rating scale. The County’s investment policy has an emphasis on high credit quality and known marketability. Obligations of the Commonwealth of Virginia and its local governments and public bodies are allowable under the County’s investment policy provided they have a debt rating of at least AA by Standard & Poor’s. The County’s investment policy does not address credit risk for any other investment instruments.

County's Rated Debt Investments' Values	
Rated Debt Investments	Fair Quality Rating
	AAAm
Primary Government:	
Local Government Investment Pool	\$ 31,036
Virginia State Non-Arbitrage Pool	7,919,199
Total	\$ 7,950,235

COUNTY OF KING WILLIAM, VIRGINIA

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 3—DEPOSITS AND INVESTMENTS: (CONTINUED)**

**Interest Rate Risk**

Investment Maturities (in years)		
Investment Type	Fair Value	Less Than 1 Year
Primary Government:		
Local Government Investment Pool	\$ 31,036	\$ 31,036
Virginia State Non-Arbitrage Pool	7,919,199	7,919,199
Total	<u>\$ 7,950,235</u>	<u>\$ 7,950,235</u>

**External Investment Pools**

The value of the positions in the external investment pools (Local Government Investment Pool and State Non-Arbitrage Pool) is the same as the value of pool shares. As LGIP and SNAP are not SEC registered, regulatory oversight of the pools rest with the Virginia State Treasury. LGIP and SNAP are amortized cost basis portfolios. There are no withdrawal limitations or restrictions imposed on participants.

**Concentration of Credit Risk**

Concentration of credit risk is defined as the risk of loss attributed to the magnitude of a government's investment in a single issuer. If certain investments in any one issuer represent 5% of total investments, there must be a disclosure for the amount and issuer. At June 30, 2024, all of investments were in the Local Government Investment Pool.

Depreciation expense was charged to functions/programs as follows:

Component Unit School Board                      \$ 1,569,095

Legislation enacted during the year ended June 30, 2002, Section 15.2-1800.1 of the Code of Virginia, 1950, as amended, has changed the reporting of local school capital assets and related debt for financial statement purposes. Historically, debt incurred by local governments “on-behalf” of school boards was reported in the school board’s discrete column along with the related capital assets. Under the current law, local governments have a “tenancy in common” with the school board whenever the locality incurs any financial obligation for any school property which is payable over more than one fiscal year. For financial reporting purposes, the legislation permits the locality to report the portion of school property related to any outstanding financial obligation eliminating any potential deficit from capitalizing assets financed with debt. The effect on the County of King William, Virginia for the year ended June 30, 2024, is that school financed assets in the amount of \$17,233,200 are reported in the Primary Government for financial reporting purposes.

COUNTY OF KING WILLIAM, VIRGINIA

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

**NOTE 7—INTERFUND TRANSFERS AND OBLIGATIONS:**

Interfund transfers for the year ended June 30, 2024, consisted of the following:

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgeting authorization.

<u>Fund</u>	<u>Transfers In</u>	<u>Transfers Out</u>
Primary Government:		
Governmental Funds:		
General Fund	\$ 896,194	\$ 2,882,824
Debt Service	2,302,626	-
Capital Projects	2,303,425	488,348
ARPA	-	815,884
Enterprise Funds:		
Water	-	772,010
Sewer	-	543,179
Total-All Funds	<u>\$ 5,502,245</u>	<u>\$ 5,502,245</u>

Details of the Primary Government's interfund receivables and payables as of June 30, 2024 are as follows:

<u>Fund</u>	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
Primary Government:		
Governmental Funds:		
Debt Fund	\$ 389,221	\$ -
ARPA Fund	1,409,116	-
County Capital Projects Fund	-	1,409,116
Total Governmental Funds	<u>\$ 1,798,337</u>	<u>\$ 1,409,116</u>
Enterprise Funds:		
Water	\$ -	\$ 389,221
Total Enterprise Funds	<u>\$ -</u>	<u>\$ 389,221</u>
Total All Funds	<u>\$ 1,798,337</u>	<u>\$ 1,798,337</u>

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments made between funds are made. These balances also include the amount of working capital loans made to internal service funds that the general fund expects to collect in the subsequent year.

**NOTE 9—DEFERRED AND UNAVAILABLE REVENUE:**

At June 30, 2024, deferred and unavailable revenue were reported as follows:

	Government-wide Statements Governmental Activities	Balance Sheet Governmental Funds
Unavailable property tax revenue representing uncollected property tax billings that are not available for the funding of current expenditures	\$ -	\$ 2,165,177
2nd half assessments due in December 2024	5,769,205	5,769,205
Prepaid property taxes due in December 2024 but paid in advance by taxpayers	160,269	160,269
Unavailable opioid settlement revenue that is not available for funding of current expenditures	-	291,670
	<u>\$ 5,929,474</u>	<u>\$ 8,386,321</u>

COUNTY OF KING WILLIAM, VIRGINIA

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

**NOTE 10—COMMITMENTS AND CONTINGENCIES:**

Federal programs in which the County and discretely presented component unit participate were audited in accordance with the provisions of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Pursuant to the provisions of the Uniform Guidance all major programs and certain other programs were tested for compliance with applicable grant requirements.

While no matters of noncompliance were disclosed by audit, the Federal Government may subject grant programs to additional compliance tests which may result in disallowed expenditures. In the opinion of management, any future disallowance of current grant program expenditures, if any, would be immaterial.

A Consent Special Order issued under the authority of Virginia Code 62.1-44.15(8a) between the state Water Control Board and the Hampton Roads Sanitation District, the cities of Chesapeake, Hampton, Newport News, Poquoson, Portsmouth, Suffolk, Virginia Beach and Williamsburg; the counties of King William, Isle of Wight, and York; the James City Service Authority; and the town of Smithfield for the purpose of resolving certain alleged violations of environmental laws and regulations. All parties have agreed to a two-phased approach to address the initiative: the first phase is principally a data collection, evaluation and plan development program and the second phase will implement long-term capacity enhancement and sewer rehabilitation plans.

Developer Agreements

Between fiscal years 2003 and 2007, the County entered into multiple development agreements with local developers. According to the agreements, the County was deeded water and wastewater infrastructure in exchange for future connection fee credits. As of June 30, 2024, all credits in connection with these agreements had been fully earned and were recorded as revenue on the Statement of Revenues, Expenditures and Changes in Fund balances.

Federal and State Assisted Programs

The County and School Board have received proceeds from several federal and state grant programs. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. Based upon past experience, no provision has been made in the accompanying financial statements for the refund of grant monies.

The County was committed under the following construction contracts at June 30, 2024:

Contractor	Project	Contract Sum	Balance
Walter C. Via Enterprises	Water Tower	\$ 2,612,956	\$ 1,015,801
Landmark Structures	Water Tower	6,533,000	4,997,951

**NOTE 11—LITIGATION:**

At June 30, 2024, there were no matters of litigation involving the County or which would materially affect the County's financial position should any court decisions on pending matters not be favorable to such entities.

## COUNTY OF KING WILLIAM, VIRGINIA

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024 (CONTINUED)

---

#### **NOTE 12—RISK MANAGEMENT:**

The County is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets, errors and omissions; injuries to employees and others; and natural disasters. To reduce insurance costs and the need for self-insurance, the County has joined with other municipalities in the Commonwealth of Virginia in several public entity risk pools to operate as common risk management and insurance programs for member municipalities. The County is not self-insured.

The County has coverage with the Virginia Risk Sharing Association (VRSA) for all insurable risks identified by the County. Each VRSA member jointly and severally agrees to assume, pay, and discharge any liability. The County pays VRSA contributions and assessments based upon classifications and rates into a designated cash reserve fund out of which expenses of the VRSA and claims and awards are to be paid. In the event of a loss deficit and depletion of all available excess insurance, the VRSA may assess all members in the proportion which the premium of each bears to the total premiums of all members in the year in which such deficit occurs.

The County continues to carry commercial insurance for all other risks of losses. Settled claims from these risks have not exceeded commercial coverage in any of the last three fiscal years.

#### **Health Insurance - School Board**

The School Board retains a portion of the risks through a self-insurance health insurance program and has also purchased insurance to transfer other risks to outside parties. There has been no significant reduction in insurance coverage during the past year.

#### **NOTE 13—PENSION PLAN:**

##### ***Plan Description***

All full-time, salaried permanent employees of the County and (nonprofessional) employees of public school divisions are automatically covered by a VRS Retirement Plan upon employment. This is an agent multiple-employer plan administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the Code of Virginia, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

##### ***Benefit Structures***

The System administers three different benefit structures for covered employees - Plan 1, Plan 2 and Hybrid. Each of these benefit structures has different eligibility criteria, as detailed below.

**NOTE 13—PENSION PLAN: (CONTINUED)**

***Benefit Structures (Continued)***

- a. Employees with a membership date before July 1, 2010, vested as of January 1, 2013, and have not taken a refund, are covered under Plan 1, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced retirement benefit beginning at age 65 with at least 5 years of service credit or age 50 with at least 30 years of service credit. Non-hazardous duty employees may retire with a reduced benefit as early as age 55 with at least 5 years of service credit or age 50 with at least 10 years of service credit. Hazardous duty employees (law enforcement officers, firefighters, and sheriffs) are eligible for an unreduced benefit beginning at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 5 years of service credit.
- b. Employees with a membership date from July 1, 2010 to December 31, 2013, that have not taken a refund or employees with a membership date prior to July 1, 2010 and not vested before January 1, 2013, are covered under Plan 2, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of service credit or when the sum of their age plus service equals 90. Non-hazardous duty employees may retire with a reduced benefit as early as age 60 with at least 5 years of service credit. Hazardous duty employees are eligible for an unreduced benefit beginning at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 5 years of service credit.
- c. Non-hazardous duty employees with a membership date on or after January 1, 2014 are covered by the Hybrid Plan combining the features of a defined benefit plan and a defined contribution plan. Plan 1 and Plan 2 members also had the option of opting into this plan during the election window held January 1 - April 30, 2014 with an effective date of July 1, 2014. Employees covered by this plan are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of service credit, or when the sum of their age plus service equals 90. Employees may retire with a reduced benefit as early as age 60 with at least 5 years of service credit. For the defined contribution component, members are eligible to receive distributions upon leaving employment, subject to restrictions.

***Average Final Compensation and Service Retirement Multiplier***

The VRS defined benefit is a lifetime monthly benefit based on a retirement multiplier as a percentage of the employee's average final compensation multiplied by the employee's total service credit. Under Plan 1, average final compensation is the average of the employee's 36 consecutive months of highest compensation and the multiplier is 1.70% for non-hazardous duty employees, 1.85% for sheriffs and regional jail superintendents, and 1.70% or 1.85% for hazardous duty employees as elected by the employer. Under Plan 2, average final compensation is the average of the employee's 60 consecutive months of highest compensation and the retirement multiplier is 1.65% for non-hazardous duty employees, 1.85% for sheriffs and regional jail superintendents, and 1.70% or 1.85% for hazardous duty employees as elected by the employer. Under the Hybrid Plan, average final compensation is the average of the employee's 60 consecutive months of highest compensation and the multiplier is 1.00%. For members who opted into the Hybrid Retirement Plan from Plan 1 or Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans.

# COUNTY OF KING WILLIAM, VIRGINIA

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024 (CONTINUED)

### **NOTE 13—PENSION PLAN: (CONTINUED)**

#### ***Cost-of-Living Adjustment (COLA) in Retirement and Death and Disability Benefits***

Retirees with an unreduced benefit or with a reduced benefit with at least 20 years of service credit are eligible for an annual COLA beginning July 1 after one full calendar year from the retirement date. Retirees with a reduced benefit and who have less than 20 years of service credit are eligible for an annual COLA beginning on July 1 after one calendar year following the unreduced retirement eligibility date. Under Plan 1, the COLA cannot exceed 5.00%. Under Plan 2 and the Hybrid Plan, the COLA cannot exceed 3.00%. The VRS also provides death and disability benefits. Title 51.1 of the Code of Virginia, as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

#### ***Employees Covered by Benefit Terms***

As of the June 30, 2022 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	<b><u>Primary Government</u></b>	<b><u>Component Unit School Board (Nonprofessional)</u></b>
Inactive members or their beneficiaries currently receiving benefits	86	30
Inactive members:		
Vested inactive members	30	11
Non-vested inactive members	42	29
Inactive members active elsewhere in VRS	65	9
Active members	<u>123</u>	<u>57</u>
Total covered employees	<u><u>346</u></u>	<u><u>136</u></u>

#### ***Contributions***

The contribution requirement for active employees is governed by §51.1-145 of the Code of Virginia, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

The County's contractually required employer contribution rate for the year ended June 30, 2024 was 9.97% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the County were \$628,204 and \$593,897 for the years ended June 30, 2024 and June 30, 2023, respectively.

**NOTE 13—PENSION PLAN: (CONTINUED)**

***Contributions (Continued)***

The Component Unit School Board’s contractually required employer contribution rate for nonprofessional employees for the year ended June 30, 2024 was 2.35% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the Component Unit School Board’s nonprofessional employees were \$20,043 and \$22,028 for the years ended June 30, 2024 and June 30, 2023, respectively.

***Net Pension Asset***

The net pension asset (NPA) is calculated separately for each employer and represents that particular employer’s total pension liability determined in accordance with GASB Statement No. 68, less that employer’s fiduciary net position. The County’s and Component Unit School Board’s (nonprofessional) net pension assets were measured as of June 30, 2023. The total pension liabilities used to calculate the net pension assets were determined by an actuarial valuation performed as of June 30, 2022, and rolled forward to the measurement date of June 30, 2023.

***Actuarial Assumptions - General Employees***

The total pension liability for General Employees in the County’s and Component Unit School Board’s (nonprofessional) Retirement Plan was based on an actuarial valuation as of June 30, 2022, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023.

Inflation	2.50%
Salary increases, including inflation	3.50% - 5.35%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation

**Mortality rates:**

All Others (Non-10 Largest) - Non-Hazardous Duty: 15% of deaths are assumed to be service-related

**Pre-Retirement:**

Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years

**Post-Retirement:**

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years

COUNTY OF KING WILLIAM, VIRGINIA

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 13—PENSION PLAN: (CONTINUED)**

***Actuarial Assumptions - General Employees (Continued)***

Mortality rates: (Continued)

Post-Disablement:

Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years

Mortality Improvement:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

All Others (Non-10 Largest) - Non- Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

**NOTE 13—PENSION PLAN: (CONTINUED)**

***Actuarial Assumptions - Public Safety Employees with Hazardous Duty Benefits***

The total pension liability for Public Safety employees with Hazardous Duty Benefits in the County’s Retirement Plan was based on an actuarial valuation as of June 30, 2022, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023.

Inflation	2.50%
Salary increases, including inflation	3.50% - 4.75%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation

**Mortality rates:**

All Others (Non-10 Largest) - Hazardous Duty: 45% of deaths are assumed to be service related

**Pre-Retirement:**

Pub-2010 Amount Weighted Safety Employee Rates projected generationally with a Modified MP-2020 Improvement Scale; 95% of rates for males; 105% of rates for females set forward 2 years

**Post-Retirement:**

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally with a Modified MP-2020 Improvement Scale; 110% of rates for males; 105% of rates for females set forward 3 years

**Post-Disablement:**

Pub-2010 Amount Weighted General Disabled Rates projected generationally with a Modified MP-2020 Improvement Scale; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years

**Beneficiaries and Survivors:**

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally with a Modified MP-2020 Improvement Scale; 110% of rates for males and females set forward 2 years

**Mortality Improvement:**

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

COUNTY OF KING WILLIAM, VIRGINIA

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

**NOTE 13—PENSION PLAN: (CONTINUED)**

***Long-Term Expected Rate of Return***

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class (Strategy)</u>	<u>Long-Term Target Asset Allocation</u>	<u>Arithmetic Long-term Expected Rate of Return</u>	<u>Weighted Average Long-term Expected Rate of Return*</u>
Public Equity	34.00%	6.14%	2.09%
Fixed Income	15.00%	2.56%	0.38%
Credit Strategies	14.00%	5.60%	0.78%
Real Assets	14.00%	5.02%	0.70%
Private Equity	16.00%	9.17%	1.47%
MAPS - Multi-Asset Public Strategies	4.00%	4.50%	0.18%
PIP - Private Investment Partnership	2.00%	7.18%	0.14%
Cash	1.00%	1.20%	0.01%
Total	<u>100.00%</u>		<u>5.75%</u>
		Inflation	<u>2.50%</u>
		Expected arithmetic nominal return**	<u>8.25%</u>

\*The above allocation provides a one-year expected return of 8.25%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 7.14%, including expected inflation of 2.50%.

\*\*On June 15, 2023, the VRS Board elected a long-term rate of return of 6.75% which was roughly at the 45<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.50%.

COUNTY OF KING WILLIAM, VIRGINIA

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

**NOTE 13—PENSION PLAN: (CONTINUED)**

***Discount Rate***

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions; the County and Component Unit School Board (nonprofessional) was also provided with an opportunity to use an alternative employer contribution rate. For the year ended June 30, 2024, the alternate rate was the employer contribution rate used in FY 2012 or 100% of the actuarially determined employer contribution rate from the June 30, 2022 actuarial valuations, whichever was greater. Through the fiscal year ended June 30, 2023, the rate contributed by the school division for the VRS Teacher Retirement Plan was subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 112% of the actuarially determined contribution rate. From July 1, 2023 on, participating employers and school divisions are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

**NOTE 13—PENSION PLAN: (CONTINUED)**

***Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

For the year ended June 30, 2024, the County and Component Unit School Board (nonprofessional) recognized pension expense of \$438,223 and (\$161,232), respectively. At June 30, 2024, the County and Component Unit School Board (nonprofessional) reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Primary Government</b>		<b>Component Unit School Board (Nonprofessional)</b>	
	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 97,050	\$ 4,899	\$ -	\$ 146,035
Change in assumptions	-	-	11,695	-
Net difference between projected and actual earnings on pension plan investments	-	346,739	-	73,254
Employer contributions subsequent to the measurement date	628,204	-	20,043	-
Total	<u>\$ 725,254</u>	<u>\$ 351,638</u>	<u>\$ 31,738</u>	<u>\$ 219,289</u>

\$628,204 and \$20,043 reported as deferred outflows of resources related to pensions resulting from the County's and Component Unit School Board's (nonprofessional) contributions, respectively, subsequent to the measurement date will be recognized as a reduction (increase) of the Net Pension Liability (Asset) in the fiscal year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future reporting periods as follows:

<b>Year Ended June 30</b>	<b>Primary Government</b>	<b>Component Unit School Board (Nonprofessional)</b>
2025	\$ (205,671)	\$ (151,727)
2026	(367,136)	(124,870)

***Pension Plan Data***

Information about the VRS Political Subdivision Retirement Plan is also available in the separately issued VRS 2023 Annual Comprehensive Financial Report (Annual Report). A copy of the 2023 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/pdf/publications/2023-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

**Component Unit School Board (Professional)**

***Plan Description***

All full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Retirement Plan upon employment. This is a cost-sharing multiple employer plan administered by the Virginia Retirement System (the System). Additional information related to the plan description is included in the first section of this note.

***Contributions***

The contribution requirement for active employees is governed by §51.1-145 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. Each School Division's contractually employer required contribution rate for the year ended June 30, 2024 was 16.62% of covered employee compensation. This was the General Assembly approved rate, which was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the school division were \$2,016,101 and \$2,017,579 for the years ended June 30, 2024 and June 30, 2023, respectively.

In June 2023, the Commonwealth made a special contribution of approximately \$147.5 million to the VRS Teacher Retirement Plan. This special payment was authorized by Chapter 2 of the Acts of Assembly of 2022, Special Session I, as amended by Chapter 769, 2023 Acts of Assembly Reconvened Session, and is classified as a non-employer contribution. The school division's proportionate share is reflected in the other grants and programs of the financial statements.

***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

At June 30, 2024, the school division reported a liability of \$12,918,018 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2023 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation performed as of June 30, 2022, and rolled forward to the measurement date of June 30, 2023. The school division's proportion of the Net Pension Liability was based on the school division's actuarially determined employer contributions to the pension plan for the year ended June 30, 2023 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2023, the school division's proportion was 0.12781% as compared to 0.13955% at June 30, 2022.

COUNTY OF KING WILLIAM, VIRGINIA

NOTES TO FINANCIAL STATEMENTS

**NOTE 13—PENSION PLAN: (CONTINUED)**

**Component Unit School Board (professional) (Continued)**

***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)***

For the year ended June 30, 2024, the school division recognized pension expense of \$823,564. Since there was a change in proportionate share between measurement dates, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions. Beginning with the June 30, 2022 measurement date, the difference between expected and actual contributions is included with the pension expense calculation.

At June 30, 2024, the school division reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience \$	1,109,669	\$ 504,116
Change in assumptions	585,619	-
Net difference between projected and actual earnings on pension plan investments	-	839,932
Changes in proportion and differences between employer contributions and proportionate share of contributions	37,259	1,289,348
Employer contributions subsequent to the measurement date	2,016,101	-
Total	<u>\$ 3,748,648</u>	<u>\$ 2,633,396</u>

\$2,016,101 reported as deferred outflows of resources related to pensions resulting from the school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the fiscal year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future reporting periods as follows:

<b><u>Year Ended June 30</u></b>	
2025	\$ (659,688)
2026	(1,091,841)
2027	793,863
2028	56,817
2029	-

**NOTE 13—PENSION PLAN: (CONTINUED)**

**Component Unit School Board (professional) (Continued)**

*Actuarial Assumptions*

The total pension liability for the VRS Teacher Retirement Plan was based on an actuarial valuation as of June 30, 2022, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023.

Inflation	2.50%
Salary increases, including inflation	3.50% - 5.95%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation

**Mortality rates:**

- Pre-Retirement:
  - Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males
- Post-Retirement:
  - Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females
- Post-Disablement:
  - Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females
- Beneficiaries and Survivors:
  - Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally
- Mortality Improvement:
  - Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the standard rates

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

**NOTE 13—PENSION PLAN: (CONTINUED)**

**Component Unit School Board (professional) (Continued)**

***Actuarial Assumptions (Continued)***

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

***Net Pension Liability***

The net pension liability (NPL) is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB Statement No. 67, less that system's fiduciary net position. As of June 30, 2023, NPL amounts for the VRS Teacher Employee Retirement Plan is as follows (amounts expressed in thousands):

	<b><u>Teacher Employee Retirement Plan</u></b>
Total Pension Liability	\$ 57,574,609
Plan Fiduciary Net Position	47,467,405
Employers' Net Pension Liability (Asset)	\$ <u>10,107,204</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	82.45%

The total pension liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net pension liability is disclosed in accordance with the requirements of GASB Statement No. 67 in the System's notes to the financial statements and required supplementary information.

The long-term expected rate of return and discount rate information previously described also apply to this plan.

**NOTE 14—GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN):**

***Plan Description***

The Group Life Insurance (GLI) Plan was established pursuant to §51.1-500 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent employees of the state agencies, teachers, and employees of participating political subdivisions are automatically covered by the VRS GLI Plan upon employment. This is a cost-sharing multiple-employer plan administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

In addition to the Basic GLI benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional GLI Plan. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured plan, it is not included as part of the GLI Plan OPEB.

The specific information for GLI OPEB, including eligibility, coverage and benefits is described below:

***Eligible Employees***

The GLI Plan was established July 1, 1960, for state employees, teachers, and employees of political subdivisions that elect the plan. Basic GLI coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their accumulated retirement member contributions and accrued interest.

***Benefit Amounts***

The GLI Plan is a defined benefit plan with several components. The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled. The accidental death benefit is double the natural death benefit. In addition to basic natural and accidental death benefits, the plan provides additional benefits provided under specific circumstances that include the following: accidental dismemberment benefit, seatbelt benefit, repatriation benefit, felonious assault benefit, and accelerated death benefit option. The benefit amounts are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value. For covered members with at least 30 years of service credit, the minimum benefit payable was set at \$8,000 by statute in 2015. This will be increased annually based on the VRS Plan 2 cost-of-living adjustment calculation. The minimum benefit adjusted for the COLA was \$9,254 as of June 30, 2024.

***Contributions***

The contribution requirements for the GLI Plan are governed by §51.1-506 and §51.1-508 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the GLI Plan was 1.34% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.80% (1.34% x 60%) and the employer component was 0.54% (1.34% x 40%). Employers may elect to pay all or part of the employee contribution; however, the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year

COUNTY OF KING WILLIAM, VIRGINIA

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 14—GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)**

***Contributions (Continued)***

ended June 30, 2024 was 0.54% of covered employee compensation. This rate was the final approved General Assembly rate, which was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the GLI Plan from the County were \$37,178 and \$34,768 for the years ended June 30, 2024 and June 30, 2023, respectively.

Contributions to the Group Life Insurance Plan from the Component Unit School Board professional group were \$68,420 and \$68,161 for the years ended June 30, 2024 and June 30, 2023, respectively. Contributions to the Group Life Insurance Plan from the Component Unit School Board nonprofessional group were \$8,559 and \$8,327 for the years ended June 30, 2024 and June 30, 2023, respectively.

In June 2023, the Commonwealth made a special contribution of approximately \$10.1 million to the Group Life Insurance Plan. This special payment was authorized by Chapter 2 of the Acts of Assembly of 2022, Special Session I, as amended by Chapter 769, 2023 Acts of Assembly Reconvened Session, and is classified as a special employer contribution. The entity's proportionate share is reflected in the other grants and contributions of the financial statements.

***GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Plan OPEB***

At June 30, 2024, the County reported a liability of \$327,772 for its proportionate share of the Net GLI OPEB Liability. The Component Unit School Board professional and nonprofessional groups reported liabilities of \$642,712 and \$78,555, respectively, for its proportionate share of the Net GLI OPEB Liability. The Net GLI OPEB Liability was measured as of June 30, 2023 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation performed as of June 30, 2022, and rolled forward to the measurement date of June 30, 2023. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the GLI Plan for the year ended June 30, 2023 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2023, the County's proportion was 0.02733% as compared to 0.02720% at June 30, 2022. At June 30, 2023, the Component Unit School Board professional and nonprofessional groups' proportion was 0.05359% and 0.00655%, respectively as compared to 0.05930% and 0.00650%, respectively at June 30, 2022.

For the year ended June 30, 2024, the County recognized GLI OPEB expense of \$32,475. For the year ended June 30, 2024, the Component Unit School Board professional group recognized GLI OPEB expense of \$3,825. For the year ended June 30, 2024, the Component Unit School Board nonprofessional group recognized GLI OPEB expense of \$1,650. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

***GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Plan OPEB (Continued)***

At June 30, 2024, the employer reported deferred outflows of resources and deferred inflows of resources related to the GLI OPEB from the following sources:

	Primary Government		Component School Board (professional)		Component School Board (nonprofessional)	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 32,736	\$ 9,950	\$ 64,191	\$ 19,510	\$ 7,846	\$ 2,385
Net difference between projected and actual earnings on GLI OPEB plan investment	-	13,172	-	25,828	-	3,157
Change of assumptions	7,006	22,709	13,738	44,530	1,679	5,443
Changes in proportionate share	41,197	85	564	85,390	15,450	12,154
Employer contributions subsequent to the measurement date	37,178	-	68,420	-	8,559	-
Total	\$ 118,117	\$ 45,916	\$ 146,913	\$ 175,258	\$ 33,534	\$ 23,139

\$37,178, \$68,420 and \$8,559, respectively, reported as deferred outflows of resources related to the GLI OPEB resulting from the County, Component Unit School Board professional and nonprofessional group's contributions subsequent to the measurement date will be recognized as a reduction of the Net GLI OPEB Liability in the fiscal year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

	Primary Government	Component Unit School Board (professional)	Component Unit School Board (nonprofessional)
<u>Year Ended June 30</u>			
2025	\$ 14,705	\$ (27,144)	\$ (1,466)
2026	(1,847)	(46,916)	(3,431)
2027	13,371	(6,297)	5,072
2028	5,288	(10,938)	787
2029	3,506	(5,470)	874
Thereafter	-	-	-

**NOTE 14—GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)**

***Actuarial Assumptions***

The total GLI OPEB liability was based on an actuarial valuation as of June 30, 2022, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023. The assumptions include several employer groups. Salary increases and mortality rates included herein are for relevant employer groups. Information for other groups can be referenced in the VRS Annual Report.

Inflation	2.50%
Salary increases, including inflation:	
Teachers	3.50%-5.95%
Locality - General employees	3.50%-5.35%
Locality - Hazardous Duty employees	3.50%-4.75%
Investment rate of return	6.75%, net of investment expenses, including inflation

**Mortality Rates - Teachers**

- Pre-Retirement:
  - Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males
- Post-Retirement:
  - Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females
- Post-Disablement:
  - Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females
- Beneficiaries and Survivors:
  - Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally
- Mortality Improvement Scale:
  - Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

***Actuarial Assumptions: (Continued)***

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

**Mortality Rates - Non-Largest Ten Locality Employers - General Employees**

**Pre-Retirement:**

Pub-2010 Amount Weighted Safety Employee Rates projected generationally; males set forward 2 years; 105% of rates for females set forward 3 years

**Post-Retirement:**

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 95% of rates for males set forward 2 years; 95% of rates for females set forward 1 year

**Post-Disablement:**

Pub-2010 Amount Weighted General Disabled Rates projected generationally; 110% of rates for males set forward 3 years; 110% of rates for females set forward 2 years

**Beneficiaries and Survivors:**

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally

**Mortality Improvement Scale:**

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

***NET GLI OPEB Liability***

The net OPEB liability (NOL) for the GLI Plan represents the plan's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2023, NOL amounts for the GLI Plan is as follows (amounts expressed in thousands):

		<b>GLI OPEB Plan</b>
Total GLI OPEB Liability	\$	3,907,052
Plan Fiduciary Net Position		2,707,739
GLI Net OPEB Liability (Asset)	\$	<u>1,199,313</u>
Plan Fiduciary Net Position as a Percentage of the Total GLI OPEB Liability		69.30%

The total GLI OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

COUNTY OF KING WILLIAM, VIRGINIA

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

**NOTE 14—GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)**

***Long-Term Expected Rate of Return***

The long-term expected rate of return on the System's investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<b>Asset Class (Strategy)</b>	<b>Long-Term Target Asset Allocation</b>	<b>Arithmetic Long-term Expected Rate of Return</b>	<b>Weighted Average Long-term Expected Rate of Return*</b>
Public Equity	34.00%	6.14%	2.09%
Fixed Income	15.00%	2.56%	0.38%
Credit Strategies	14.00%	5.60%	0.78%
Real Assets	14.00%	5.02%	0.70%
Private Equity	16.00%	9.17%	1.47%
MAPS - Multi-Asset Public Strategies	4.00%	4.50%	0.18%
PIP - Private Investment Partnership	2.00%	7.18%	0.14%
Cash	1.00%	1.20%	0.01%
<b>Total</b>	<b>100.00%</b>		<b>5.75%</b>
		<b>Inflation</b>	<b>2.50%</b>
		<b>Expected arithmetic nominal return**</b>	<b>8.25%</b>

\*The above allocation provides a one-year return of 8.25%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 7.14%, including expected inflation of 2.50%.

\*\* On June 15, 2023, the VRS Board elected a long-term rate of return of 6.75%, which was roughly at the 45<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.50%.

COUNTY OF KING WILLIAM, VIRGINIA

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

**NOTE 14—GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)**

***Discount Rate***

The discount rate used to measure the total GLI OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ended June 30, 2023, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 113% of the actuarially determined contribution rate. From July 1, 2023 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

***Sensitivity of the Employer's Proportionate Share of the Net GLI OPEB Liability to Changes in the Discount Rate***

The following presents the employer's proportionate share of the net GLI OPEB liability using the discount rate of 6.75%, as well as what the employer's proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

		Rate		
		1% Decrease	Current Discount	1% Increase
		(5.75%)	(6.75%)	(7.75%)
County's proportionate share of the GLI Plan Net OPEB Liability	\$	485,861	\$ 327,772	\$ 199,957
Component School Board (professional)'s proportionate share of the GLI Plan Net OPEB Liability		952,700	642,712	392,085
Component School Board (nonprofessional)'s proportionate share of the GLI Plan Net OPEB Liability		116,443	78,555	47,922

***GLI Plan Fiduciary Net Position***

Detailed information about the GLI Plan's Fiduciary Net Position is available in the separately issued VRS 2023 Annual Comprehensive Financial Report (Annual Report). A copy of the 2023 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/pdf/publications/2023-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

**NOTE 15—HEALTH INSURANCE CREDIT (HIC) PLAN (OPEB PLAN):**

***Plan Description***

The Political Subdivision Health Insurance Credit (HIC) Plan was established pursuant to §51.1-1400 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent employees of participating political subdivisions are automatically covered by the VRS Political Subdivision HIC Plan upon employment. This is an agent multiple-employer plan administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The HIC is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

The specific information about the Political Subdivision HIC Plan OPEB, including eligibility, coverage and benefits is described below:

***Eligible Employees***

The Political Subdivision Retiree HIC Plan was established July 1, 1993 for retired political subdivision employees of employers who elect the benefit and retire with at least 15 years of service credit. Eligible employees include full-time permanent salaried employees of the participating political subdivision who are covered under the VRS pension plan. These employees are enrolled automatically upon employment.

***Benefit Amounts***

The Political Subdivision Retiree HIC Plan is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired political subdivision employees of participating employers. For employees who retire, the monthly benefit is \$1.50 per year of service per month with a maximum benefit of \$45.00 per month. For employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is \$45.00 per month.

***HIC Plan Notes***

The monthly HIC benefit cannot exceed the individual premium amount. There is no HIC for premiums paid and qualified under LODA; however, the employee may receive the credit for premiums paid for other qualified health plans. Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the HIC as a retiree.

**NOTE 15—HEALTH INSURANCE CREDIT (HIC) PLAN (OPEB PLAN): (CONTINUED)**

***Employees Covered by Benefit Terms***

As of the June 30, 2022 actuarial valuation, the following employees were covered by the benefit terms of the HIC OPEB plan:

	<u>Number</u>
Inactive members or their beneficiaries currently receiving benefits	6
Vested inactive members	1
Active members	<u>66</u>
Total covered employees	<u><u>73</u></u>

***Contributions***

The contribution requirements for active employees is governed by §51.1-1402(E) of the Code of Virginia, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. The School Board’s contractually required employer contribution rate for the year ended June 30, 2024 was 0.70% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the School Board to the HIC Plan were \$11,095 and \$10,720 for the years ended June 30, 2024 and June 30, 2023, respectively.

***Net HIC OPEB Liability***

The School Board’s net HIC OPEB liability was measured as of June 30, 2023. The total HIC OPEB liability was determined by an actuarial valuation performed as of June 30, 2022, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023.

***Actuarial Assumptions***

The total HIC OPEB liability was based on an actuarial valuation as of June 30, 2022, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023.

Inflation	2.50%
Salary increases, including inflation:	
Locality - General employees	3.50%-5.35%
Locality - Hazardous Duty employees	3.50%-4.75%
Investment rate of return	6.75%, net of investment expenses, including inflation

***HIC Plan Data***

Information about the VRS Political Subdivision HIC Plan is available in the separately issued VRS 2023 Annual Comprehensive Financial Report (Annual Report). A copy of the 2023 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/pdf/publications/2023-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

**NOTE 16—TEACHER EMPLOYEE HEALTH INSURANCE CREDIT (HIC) PLAN (OPEB PLAN):**

***Plan Description***

The Virginia Retirement System (VRS) Teacher Employee Health Insurance Credit (HIC) Plan was established pursuant to §51.1-1400 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Employee HIC Plan. This is a cost-sharing multiple-employer plan administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The HIC is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

## COUNTY OF KING WILLIAM, VIRGINIA

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024 (CONTINUED)

---

#### **NOTE 16—TEACHER EMPLOYEE HEALTH INSURANCE CREDIT (HIC) PLAN (OPEB PLAN): (CONTINUED)**

The specific information for the Teacher HIC Plan OPEB, including eligibility, coverage, and benefits is described below:

##### ***Eligible Employees***

The Teacher Employee Retiree HIC Plan was established July 1, 1993 for retired Teacher Employees covered under VRS who retire with at least 15 years of service credit. Eligible employees include full-time permanent (professional) salaried employees of public school divisions covered under VRS. These employees are enrolled automatically upon employment.

##### ***Benefit Amounts***

The Teacher Employee HIC Plan is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired teachers. For Teacher and other professional school employees who retire, the monthly benefit is \$4.00 per year of service per month with no cap on the benefit amount. For Teacher and other professional school employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is either: \$4.00 per month, multiplied by twice the amount of service credit, or \$4.00 per month, multiplied by the amount of service earned had the employee been active until age 60, whichever is lower.

##### ***HIC Plan Notes***

The monthly HIC benefit cannot exceed the individual premium amount. Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the HIC as a retiree.

##### ***Contributions***

The contribution requirements for active employees is governed by §51.1-1401(E) of the Code of Virginia, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Each school division's contractually required employer contribution rate for the year ended June 30, 2024 was 1.21% of covered employee compensation for employees in the VRS Teacher Employee HIC Plan. This rate was the final approved General Assembly rate, which was based on an actuarially determined rate from an actuarial valuation as of June 30, 2017. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the school division to the VRS Teacher Employee HIC Plan were \$153,069 and \$152,528 for the years ended June 30, 2024 and June 30, 2023, respectively.

In June 2023, the Commonwealth made a special contribution of approximately \$4 million to the VRS Teacher HIC Plan. This special payment was authorized by Chapter 2 of the Acts of Assembly of 2022, Special Session I, as amended by Chapter 769, 2023 Acts of Assembly Reconvened Session, and is classified as a special employer contribution. The school division's proportionate share is reflected in the other grants and contributions of the financial statements.

**NOTE 16—TEACHER EMPLOYEE HEALTH INSURANCE CREDIT (HIC) PLAN (OPEB PLAN): (CONTINUED)*****Teacher Employee HIC OPEB Liabilities, Teacher Employee HIC OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Teacher Employee HIC Plan OPEB***

At June 30, 2024, the school division reported a liability of \$1,531,474 for its proportionate share of the VRS Teacher Employee HIC Net OPEB Liability. The Net VRS Teacher Employee HIC OPEB Liability was measured as of June 30, 2023 and the total VRS Teacher Employee HIC OPEB liability used to calculate the Net VRS Teacher Employee HIC OPEB Liability was determined by an actuarial valuation performed as of June 30, 2022, and rolled forward to the measurement date of June 30, 2023. The school division's proportion of the Net VRS Teacher Employee HIC OPEB Liability was based on the school division's actuarially determined employer contributions to the VRS Teacher Employee HIC Plan OPEB plan for the year ended June 30, 2023 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2023, the school division's proportion of the VRS Teacher Employee HIC Plan was 0.12640% as compared to 0.13818% at June 30, 2022.

For the year ended June 30, 2024, the school division recognized VRS Teacher Employee HIC Plan OPEB expense of \$71,565. Since there was a change in proportionate share between measurement dates, a portion of the VRS Teacher Employee HIC Plan Net OPEB expense was related to deferred amounts from changes in proportionate share and differences between actual and expected contributions.

At June 30, 2024, the school division reported deferred outflows of resources and deferred inflows of resources related to the VRS Teacher Employee HIC Plan OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ 67,408
Net difference between projected and actual earnings on Teacher HIC OPEB plan investments	769	-
Change in assumptions	35,650	1,543
Change in proportionate share and differences between actual and expected contributions	31	197,448
Employer contributions subsequent to the measurement date	<u>153,069</u>	<u>-</u>
Total	<u>\$ 189,519</u>	<u>\$ 266,399</u>

**NOTE 16—TEACHER EMPLOYEE HEALTH INSURANCE CREDIT (HIC) PLAN (OPEB PLAN): (CONTINUED)**

***Teacher Employee HIC OPEB Liabilities, Teacher Employee HIC OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Teacher Employee HIC Plan OPEB (Continued)***

\$153,069 reported as deferred outflows of resources related to the Teacher Employee HIC OPEB resulting from the school division’s contributions subsequent to the measurement date will be recognized as a reduction of the Net Teacher Employee HIC OPEB Liability in the fiscal year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Teacher Employee HIC OPEB will be recognized in the Teacher Employee HIC OPEB expense in future reporting periods as follows:

<u>Year Ended June 30</u>	
2025	\$ (52,095)
2026	(47,587)
2027	(39,222)
2028	(39,085)
2029	(30,654)
Thereafter	(21,306)

***Actuarial Assumptions***

The total Teacher Employee HIC OPEB liability for the VRS Teacher Employee Health Insurance Credit Plan was based on an actuarial valuation as of June 30, 2022, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023.

Inflation	2.50%
Salary increases, including inflation	3.50%-5.95%
Investment rate of return	6.75%, net of investment expenses, including inflation

COUNTY OF KING WILLIAM, VIRGINIA

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 16—TEACHER EMPLOYEE HEALTH INSURANCE CREDIT (HIC) PLAN (OPEB PLAN): (CONTINUED)**

***Actuarial Assumptions (Continued)***

**Mortality Rates - Teachers**

Pre-Retirement:

Pub-2010 Amount Weighted Teacher Employee Rates projected generationally; 110% of rates for males

Post-Retirement:

Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females

Post-Disablement:

Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally

Mortality Improvement Scale:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

**NOTE 16—TEACHER EMPLOYEE HEALTH INSURANCE CREDIT (HIC) PLAN (OPEB PLAN): (CONTINUED)**

***Net Teacher Employee HIC OPEB Liability***

The net OPEB liability (NOL) for the Teacher Employee HIC Plan represents the plan’s total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2023, NOL amounts for the VRS Teacher Employee HIC Plan are as follows (amounts expressed in thousands):

		<b>Teacher Employee HIC OPEB Plan</b>
Total Teacher Employee HIC OPEB Liability	\$	1,475,471
Plan Fiduciary Net Position		264,054
Teacher Employee Net HIC OPEB Liability (Asset)	\$	<u>1,211,417</u>
Plan Fiduciary Net Position as a Percentage of the Total Teacher Employee HIC OPEB Liability		17.90%

The total Teacher Employee HIC OPEB liability is calculated by the System’s actuary, and the plan’s fiduciary net position is reported in the System’s financial statements. The net Teacher Employee HIC OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System’s notes to the financial statements and required supplementary information.

*The remainder of this page left blank intentionally.*

# COUNTY OF KING WILLIAM, VIRGINIA

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024 (CONTINUED)

### NOTE 16—TEACHER EMPLOYEE HEALTH INSURANCE CREDIT (HIC) PLAN (OPEB PLAN): (CONTINUED)

#### ***Long-Term Expected Rate of Return***

The long-term expected rate of return on the VRS System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of VRS System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<b>Asset Class (Strategy)</b>	<b>Long-Term Target Asset Allocation</b>	<b>Arithmetic Long-term Expected Rate of Return</b>	<b>Weighted Average Long-term Expected Rate of Return*</b>
Public Equity	34.00%	6.14%	2.09%
Fixed Income	15.00%	2.56%	0.38%
Credit Strategies	14.00%	5.60%	0.78%
Real Assets	14.00%	5.02%	0.70%
Private Equity	16.00%	9.17%	1.47%
MAPS - Multi-Asset Public Strategies	4.00%	4.50%	0.18%
PIP - Private Investment Partnership	2.00%	7.18%	0.14%
Cash	1.00%	1.20%	0.01%
<b>Total</b>	<b>100.00%</b>		<b>5.75%</b>
		<b>Inflation</b>	<b>2.50%</b>
		<b>Expected arithmetic nominal return**</b>	<b>8.25%</b>

\*The above allocation provides a one-year return of 8.25%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 7.14%, including expected inflation of 2.50%.

\*\*On June 15, 2023, the VRS Board elected a long-term rate of 6.75% which was roughly at the 45<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.50%.

#### ***Discount Rate***

The discount rate used to measure the total Teacher Employee HIC OPEB was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ended June 30, 2023, the rate contributed by each school division for the VRS Teacher Employee HIC Plan will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined rate. From July 1, 2023 on, all agencies are assumed to continue to contribute 100% of the actuarially determined

**NOTE 16—TEACHER EMPLOYEE HEALTH INSURANCE CREDIT (HIC) PLAN (OPEB PLAN): (CONTINUED)**

***Discount Rate (Continued)***

contribution rates. Based on those assumptions, the Teacher Employee HIC OPEB plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total Teacher Employee HIC OPEB liability.

***Sensitivity of the School Division’s Proportionate Share of the Teacher Employee HIC Net OPEB Liability to Changes in the Discount Rate***

The follow presents the school division’s proportionate share of the VRS Teacher Employee HIC Plan net HIC OPEB liability using the discount rate of 6.75%, as well as what the school division’s proportionate share of the net HIC OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

		Rate		
		1% Decrease	Current Discount	1% Increase
		(5.75%)	(6.75%)	(7.75%)
School division's proportionate share of the VRS Teacher Employee HIC OPEB Plan				
Net HIC OPEB Liability	\$	1,732,268	\$ 1,531,474	\$ 1,361,318

***Teacher Employee HIC OPEB Fiduciary Net Position***

Detailed information about the VRS Teacher Employee HIC Plan’s Fiduciary Net Position is available in the separately issued VRS 2023 Annual Comprehensive Financial Report (Annual Report). A copy of the 2023 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/pdf/publications/2023-annual-report.pdf>, or by writing to the System’s Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

**NOTE 17—MEDICAL, DENTAL AND VISION PAY-AS-YOU-GO (OPEB PLAN):**

**County and School Board**

***Plan Description***

In addition to the pension and other postemployment benefits previously described, the County administers a single-employer defined benefit healthcare plan, The County of King William Postretirement Benefits Plan. The plan provides postemployment health care benefits to all eligible permanent employees who meet the requirements under the County’s pension plans. The plan does not issue a publicly available financial report.

In addition to the pension and other postemployment benefits previously described, the Component Unit School Board administers a single-employer defined benefit healthcare plan, The King William County Public Schools Postretirement Benefits Plan. The plan provides postemployment health care benefits to all eligible permanent employees who meet the requirements under the School Board’s pension plans. The plan does not issue a publicly available financial report.

**NOTE 17—MEDICAL, DENTAL AND VISION PAY-AS-YOU-GO (OPEB PLAN): (CONTINUED)**

**County and School Board: (Continued)**

***Benefits Provided***

Postemployment benefits that are provided to eligible retirees include medical insurance. The benefits that are provided for active employees are the same for eligible retirees, spouses and dependents of eligible retirees. All permanent employees of the County who meet eligibility requirements of the pension plan are eligible to receive postemployment health care benefits. No benefits are provided to Medicare eligible retirees or their spouses.

Postemployment benefits that are provided to eligible retirees include medical, vision, and dental insurance. The benefits that are provided for active employees are the same for eligible retirees, spouses and dependents of eligible retirees. All permanent employees of the School Board who meet eligibility requirements of the pension plan are eligible to receive postemployment health care benefits. Retirees and spouses that became eligible for Medicare are no longer eligible to participate in the King William County Public School’s retiree medical plan. The participant must pay the entire premium.

***Plan Membership***

At June 30, 2024 (measurement date), the following employees were covered by the benefit terms:

	Primary Government	Component Unit School Board
Total active employees with coverage	107	261
Total retirees with coverage	-	12
Total	107	273

***Contributions***

The County nor the School Board pre-funds benefits; therefore, no assets are accumulated in a trust fund. The current funding policy is to pay benefits directly from general assets on a pay-as-you-go basis. The funding requirements are established and may be amended by the County or School Board. The amount paid by the County and the School Board for OPEB as the benefits came due during the year ended June 30, 2024 was \$0 and \$179,118.

***Total OPEB Liability***

The County and School Board’s total OPEB liability was measured as of June 30, 2024. The total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of July 1, 2023 and July 1, 2022 for the County and School Board, respectively.

***Actuarial Assumptions***

The total OPEB liability in the July 1, 2023 and July 1, 2022 actuarial valuation for the County and School Board, respectively, was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Primary Government	
Discount Rate	3.97% based on 20-year tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher
Salary Increases	The salary increase rate was 2.85% for general employers and 2.25% for Police and Fire employees on top of 2.50% inflation
Healthcare Trend Rate	7.50% for fiscal year ending 2024, decreasing to an ultimate rate of 4.04%
Demographic	Assume 20% of employees with medical coverage would elect to retain coverage at retirement
Component Unit School Board	
Inflation	2.50% per year
Salary Increases	The salary increase rate was 3.50% to 5.35% per annum
Discount Rate	3.93% based on the Bond Buyer General Obligation 20-Bond Municipal Index.
Healthcare Trend Rate	The healthcare trend rate assumption starts at 6.30% graded down to 4.00% over 55 years

***Changes in Total OPEB Liability***

**NOTE 19—LINE OF DUTY ACT (LODA) (OPEB BENEFITS):**

The Line of Duty Act (LODA) provides death and healthcare benefits to certain law enforcement and rescue personnel, and their beneficiaries, who were disabled or killed in the line of duty. Benefit provisions and eligibility requirements are established by Title 9.1 Chapter 4 of the Code of Virginia. Funding of LODA benefits is provided by employers in one of two ways: (a) participation in the Line of Duty and Health Benefits Trust Fund (LODA Fund), administered by the Virginia Retirement System (VRS) or (b) self-funding by the employer or through an insurance company.

The County has elected to provide LODA benefits through an insurance company. The obligation for the payment of benefits has been effectively transferred from the County to VRSA. VRSA assumes all liability for the County's LODA claims that are approved by VRS. The pool purchases reinsurance to protect the pool from extreme claims costs.

The current-year OPEB expense/expenditure for the insured benefits is defined as the amount of premiums or other payments required for the insured benefits for the reporting period in accordance with the agreement with the insurance company for LODA and a change in liability to the insurer equal to the difference between amounts recognized as OPEB expense and amounts paid by the employer to the insurer. The County's LODA coverage is fully covered or "insured" through VRSA. This is built into the LODA coverage cost presented in the annual renewals. The County's LODA premium for the year ended June 30, 2024 was \$37,950.

COUNTY OF KING WILLIAM, VIRGINIA

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 (CONTINUED)

---

**NOTE 20—RESTATEMENT OF BEGINNING BALANCES:**

During the current fiscal year, management identified an error in the classification of cash flows related to classification of cash equivalents. The correction of this error required stating the beginning cash and cash equivalents in the Statement of Cash Flows for the Proprietary Funds by \$9,517,425. The correction of this error had no effect on net position.

The table below summarizes the effect of the restatement.

<u>Account</u>	<u>As Previously Reported</u>	<u>Adjustment</u>	<u>As Restated</u>
Cash and cash equivalents - Water Fund	\$ 905,711	\$ 9,517,425	\$ 10,423,136
Cash and cash equivalents - Sewer Fund	2,130,194	-	2,130,194
Total	\$ 3,035,905	\$ 9,517,425	\$ 12,553,330

**NOTE 21—UPCOMING PRONOUNCEMENTS:**

Statement No. 101, *Compensated Absences*, updates the recognition and measurement guidance for compensated absences. It aligns the recognition and measurement guidance under a unified model and amends certain previously required disclosures. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023.

Statement No. 102, *Certain Risk Disclosures*, provides users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. The requirements of this Statement are effective for fiscal years beginning after June 15, 2024.

Statement No. 103, *Financial Reporting Model Improvements*, improves key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025.

Management is currently evaluating the impact these standards will have on the financial statements when adopted.

\*Excludes contributions (mandatory and match on voluntary) to the defined contribution portion of the Hybrid plan.

Notes to Required Supplementary Information - Pension Plan  
For the Year Ended June 30, 2024

**Changes of benefit terms** - There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

**Changes of assumptions** - The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

All Others (Non-10 Largest) - Non-Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

All Others (Non-10 Largest) - Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Largest 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Component Unit School Board - Professional Employees:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

Notes to Required Supplementary Information  
Teacher Employee Health Insurance Credit (HIC) Plan  
For the Year Ended June 30, 2024

---

**Changes of benefit terms** - There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

**Changes of assumptions** - The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

Notes to Required Supplementary Information - County OPEB  
For the Year Ended June 30, 2024

---

Valuation Date: 7/1/2023  
Measurement Date: 6/30/2024

No assets are accumulated in a trust that meets the criteria in GASB 75 to pay related benefits.

*Methods and assumptions used to determine OPEB liability:*

Actuarial Cost Method	Entry age normal level % of salary
Discount Rate	3.97% based on an index rate for 20-year tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher
Healthcare Trend Rate	7.50% for fiscal year ending 2024, decreasing to an ultimate rate of 4.04%
Salary Increase Rates	The salary increase rate was 2.85% for general employers and 2.25% for Police and Fire employees on top of 2.50% inflation
Demographic Assumption	20% of employees with medical coverage would elect to retain coverage at retirement.

Notes to Required Supplementary Information - Component Unit School Board OPEB  
For the Year Ended June 30, 2024

---

Valuation Date: 7/1/2022  
Measurement Date: 6/30/2024

No assets are accumulated in a trust that meets the criteria in GASB 75 to pay related benefits.

*Methods and assumptions used to determine OPEB liability:*

Actuarial Cost Method	Entry age normal level % of salary
Discount Rate	3.93%
Inflation	2.50%
Healthcare Trend Rate	The healthcare trend rate assumption were 6.30% to 4.00% over 55 years
Salary Increase Rates	The salary increases, including inflation were 3.50% to 5.35%
Retirement Age	The average age of retirement is 65
Mortality Rates	The mortality rates for active and healthy retirees was calculated using the RP-2014 White Collar Employee Rates to age 49 White Collar Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males 1% increase compounded from ages 70 to 90; females setback 3 years with 1.5% increase compounded from ages 65 to 70 and 2.0% increase compounded from ages 75 to 90. The mortality rates for disabled retirees was calculated using the RP-2014 Disabled Mortality Rates projected with Scale BB to 2020; 115% of rates for males and females.

Fund balances - ending	<u>\$ 9,743,773</u>	<u>\$ 542,442</u>	<u>\$ 714,995</u>	<u>\$ 278,098</u>	<u>\$ 11,279,308</u>

Amounts reported for governmental activities in the statement of activities (Exhibit 2) are different because:

Net change in fund balances - total governmental funds - per above \$ 4,255,590

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which the capital outlays exceeded depreciation in the current period.

Capital asset additions	\$ 2,331,001	
Changes in jointly owned assets	2,124,129	
Depreciation expense	<u>(1,569,095)</u>	2,886,035

Special contributions received from the Commonwealth for the teacher cost sharing pool are not reported in the governmental funds 188,465

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds.

The following is a summary of items supporting this adjustment:

Change in compensated absences	\$ (224,365)	
Pension expense	1,386,004	
OPEB expense	<u>148,344</u>	1,309,983

Internal service funds are used by management to charge the costs of certain activities, such as insurance, to individual funds. The net revenue (expense) of certain internal service funds is reported with governmental activities. (932,312)

Change in net position of governmental activities \$ 7,707,761

### Contents

### Tables

#### Financial Trends

These tables contain trend information to help the reader understand how the County's financial performance and wellbeing have changed over time.

1-4

#### Revenue Capacity

These tables contain information to help the reader assess the factors affecting the County's ability to generate its property and sales taxes.

5-8

#### Debt Capacity

These tables present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue debt in the future.

9-11

#### Demographic and Economic Information

These tables offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place and to help make comparisons over time and with other governments.

12

#### Operating Information

These tables contain information about the County's operations and resources to help the reader understand how the County's financial information relates to the services the County provides and the activities it performs.

13-16

*Sources:* Unless otherwise noted, the information in these tables is derived from the comprehensive annual financial reports for the relevant year.

2015	0.38/0.44	0.43/0.51	1.65/2.00		2.25/1.00

## Notes:

- (1) For each type of tax, the two rates include that which is charged for the County as a whole (Districts 1-5), as well as the rate to support King William County Public Schools (Districts 2-5).  
\*This is due to The Split Levy Legislation that was put into affect on July 1, 2014
- (2) Also applies to Public Service

## *COMPLIANCE SECTION*

THIS PAGE LEFT BLANK INTENTIONALLY

**Independent Auditors' Report on Internal Control over Financial Reporting and on  
Compliance and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance with *Government Auditing Standards***

---

**To the Honorable Members of the Board of Supervisors  
County of King William  
King William, Virginia**

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of County of King William, Virginia, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise County of King William, Virginia's basic financial statements, and have issued our report thereon dated December 5, 2024.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered County of King William, Virginia's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of County of King William, Virginia's internal control. Accordingly, we do not express an opinion on the effectiveness of County of King William, Virginia's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2024-004 and 2024-005 to be material weaknesses.

## Report on Internal Control over Financial Reporting (continued)

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2024-001, 2024-002 and 2024-003 to be significant deficiencies.

## Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether County of King William's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and which are described in the accompanying schedule of findings and questioned costs as item 2024-007.

## County of King William, Virginia's Response to Findings

*Government Auditing Standards* requires the auditor to perform limited procedures on County of King William, Virginia's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. County of King William, Virginia's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

## Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Richmond, Virginia  
December 5, 2024

**Independent Auditors' Report on Compliance for Each Major Program and on  
Internal Control over Compliance Required by the Uniform Guidance**

---

**To the Honorable Members of the Board of Supervisors  
County of King William  
King William, Virginia**

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited County of King William, Virginia's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of County of King William, Virginia's major federal programs for the year ended June 30, 2024. County of King William, Virginia's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, County of King William, Virginia complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of County of King William, Virginia and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of County of King William, Virginia's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to County of King William, Virginia's federal programs.

### ***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on County of King William, Virginia's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about County of King William, Virginia's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding County of King William, Virginia's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of County of King William, Virginia's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of County of King William, Virginia's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### ***Other Matters***

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as item 2024-006. Our opinion on each major federal program is not modified with respect to these matters.

*Government Auditing Standards* requires the auditor to perform limited procedures on County of King William, Virginia's response to the noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. County of King William, Virginia's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

## Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## COUNTY OF KING WILLIAM, VIRGINIA

### Notes to Schedule of Expenditures of Federal Awards For the Year Ended June 30, 2024

---

#### Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the County of King William, Virginia under programs of the federal government for the year ended June 30, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County of King William, Virginia, it is not intended to be and does not present the financial position, changes in net position, or cash flows of the County of King William, Virginia.

#### Note 2 - Summary of Significant Accounting Policies

- (1) Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- (2) Pass-through entity identifying numbers are presented where available.

#### Note 3 - Food Donation

The value of federal awards expended in the form of noncash assistance for food commodities is reported in the schedule.

#### Note 4 - Relationship to Financial Statements

Federal expenditures, revenues and capital contributions are reported in the County's basic financial statements as follows:

Intergovernmental federal revenues per the basic financial statements:

Primary government:

General Fund	\$ 809,312
County Capital Projects Fund	1,577,320
School Capital Projects Fund	234,864
ARPA Fund	915,768
Total primary government	<u>\$ 3,537,264</u>

Component Unit School Board:

School Operating Fund	\$ 1,603,458
School Cafeteria Fund	838,011
School Textbook Fund	254,935
Total Component Unit School Board	<u>\$ 2,696,404</u>

Total federal expenditures per basic financial  
statements

\$ 6,233,668

Total federal expenditures per the Schedule of Expenditures  
of Federal Awards

\$ 6,233,668

#### Note 5 - De Minimis Cost Rate

The County elected to use the 10-percent de minimis indirect cost rate allowed under Uniform Guidance for the Elementary and Secondary School Emergency Relief (ESSER) grant. The County did not elect to use the 10-percent de minimis indirect cost rate allowed under Uniform Guidance for any other grants.

#### Note 6 - Loan Balances

The County has no loans or loan guarantees which are subject to reporting requirements for the current year.

COUNTY OF KING WILLIAM, VIRGINIA

Schedule of Findings and Questioned Costs  
For the Year Ended June 30, 2024

---

**Section I-Summary of Auditors' Results**

**Financial Statements**

Type of auditors' report issued unmodified

Internal control over financial reporting:

Material weakness(es) identified? ✓ yes        no

Significant deficiency(ies) identified? ✓ yes        none reported

Noncompliance material to financial statements noted? ✓ yes        no

**Federal Awards**

Internal control over major programs

Material weakness(es) identified?        yes ✓ no

Significant deficiency(ies) identified?        yes ✓ none reported

Type of auditors' report issued on compliance for major programs. unmodified

Any audit findings disclosed that are required to be reported in accordance  
2 CFR section 200.516(a)? ✓ yes        no

Identification of major programs:

<u>Assistance Listing Numbers</u>	<u>Name of Federal Program or Cluster</u>
21.027	COVID-19 - Coronavirus State and Local Fiscal Recovery Funds
84.425	COVID-19 - Education Stabilization Fund
10.553/10.555/10.559	Child Nutrition Cluster

Dollar threshold used to distinguish between type A and type B programs: \$750,000

Auditee qualified as low-risk auditee?        yes ✓ no

County of King William, Virginia  
Schedule of Findings and Questioned Costs (Continued)  
For the Year Ended June 30, 2024

---

**Section II-Financial Statement Findings**

**Finding: 2024-001 (Significant Deficiency):**

**Journal entry procedure**

*Criteria:*

Internal control standards, as required under GASB standards, emphasize the necessity for adequate controls to prevent and detect errors or fraud in financial reporting. A key control is the formal documentation and approval of all journal entries by authorized personnel.

*Condition:*

During the audit, it was observed that journal entries were prepared and recorded without a documented, formal process for review and approval. While management indicated that reviews are informally conducted, no evidence of this approval was retained.

*Cause:*

The lack of a formal policy or procedure for reviewing and approving journal entries contributed to inconsistent documentation practices. Management relied on informal methods that were not adequately monitored or enforced.

*Effect:*

The absence of formal review and approval increases the risk of errors, misstatements, or unauthorized transactions in the financial records. This could undermine the reliability of financial reporting and reduce the entity's ability to prevent and detect financial irregularities.

*Recommendation:*

Management should implement and enforce a formal policy for journal entry approval. All journal entries should be reviewed and approved by an individual with appropriate authority prior to posting. Documentation of the review and approval process should be retained, either in physical or electronic form. Segregation of duties should be ensured, so the preparer of the journal entry is not the same individual who reviews and approves it. Periodic monitoring should be conducted to ensure compliance with the policy. Additionally, staff responsible for journal entries should receive training on the policy to ensure consistent application across the entity.

*Management's Recommendation:*

The County concurs with the recommendation and is considering corrective action for FY25.

County of King William, Virginia  
Schedule of Findings and Questioned Costs (Continued)  
For the Year Ended June 30, 2024

---

**Section II-Financial Statement Findings (Continued)**

**Finding: 2024-002 (Significant Deficiency):**

**Accounts receivable and reconciliations**

*Criteria:*

Governmental Accounting Standards Board (GASB) principles and internal control standards require accurate and timely posting and reconciliation of accounts receivable to ensure financial reporting is complete and free from material misstatement. Accurate reconciliations help ensure the completeness of reported revenues and balances.

*Condition:*

During the audit, it was noted that accounts receivable were not consistently posted to the general ledger. Additionally, reconciliations between source documents and the general ledger were either not performed regularly or were incomplete. As a result, material adjustments to balances reported in the general ledger were needed.

*Cause:*

The entity lacks adequate policies and procedures for posting accounts receivable and performing timely reconciliations. Turnover in the finance department contributed to the oversight.

*Effect:*

The absence of regular posting and reconciliation of accounts receivable increases the risk of errors and misstatements in the financial statements.

*Recommendation:*

Management should develop and implement formal policies and procedures to ensure all accounts receivable transactions are accurately posted to the general ledger. Management should establish a schedule for monthly or quarterly reconciliations of accounts receivable, including documentation of review and approval. Training should be provided to finance staff on reconciliation processes and the importance of maintaining accurate accounts receivable records.

*Management's Recommendation:*

The County concurs with the recommendation and is considering corrective action for FY25.

County of King William, Virginia  
Schedule of Findings and Questioned Costs (Continued)  
For the Year Ended June 30, 2024

---

**Section II-Financial Statement Findings (Continued)**

**Finding: 2024-003 (Significant Deficiency):**

**Transfers and reconciliations**

*Criteria:*

Governmental Accounting Standards Board (GASB) standards require that interfund transfers be reported accurately to reflect the financial position and results of operations for each fund. Specifically, GASB Statement No. 34 mandates proper classification and disclosure of interfund activities. Misreporting interfund transfers may lead to financial statement misrepresentation and noncompliance with applicable accounting principles.

*Condition:*

During the audit, it was noted that interfund transfers recorded in several funds were materially misstated. The amounts reported did not align with supporting documentation, and variances were identified between originating and receiving fund records. No reconciliation processes were in place to address these discrepancies.

*Cause:*

The discrepancies were primarily caused by a lack of formalized procedures for reconciling interfund transfer records between originating and receiving funds, insufficient review and approval processes for transfer transactions, and turnover in the finance department.

*Effect:*

The misstatements in interfund transfers resulted in material adjustments needed to the financial statements.

*Recommendation:*

Management should develop and implement formal policies and procedures to ensure all internal transfers are accurately posted to the general ledger. Management should establish a schedule for monthly or quarterly reconciliations of internal transfers, including documentation of review and approval. Training should be provided to finance staff on reconciliation processes and the importance of accurate reporting.

*Management's Recommendation:*

The County concurs with the recommendation and is considering corrective action for FY25.

County of King William, Virginia  
Schedule of Findings and Questioned Costs (Continued)  
For the Year Ended June 30, 2024

---

**Section II-Financial Statement Findings (Continued)**

**Finding: 2024-004 (Material Weakness):**

**Proprietary capital assets and depreciation**

*Criteria:*

Proprietary funds are required to report capital assets and related depreciation in their financial statements. Capital assets should be recorded at historical cost, depreciated systematically over their useful lives, and presented accurately to ensure compliance with accounting standards.

*Condition:*

During the audit, it was noted that capital asset balances for the proprietary funds were misstated due to inaccurate or incomplete recording of additions. Furthermore, depreciation expense was not posted, leading to incomplete financial reporting of capital assets and understated expenses.

*Cause:*

The inaccuracies were caused by inadequate internal controls over the tracking and reporting of capital assets. The County lacks an established process for timely posting of depreciation expense and reconciliation of asset records to the general ledger.

*Effect:*

The misstatements in capital assets in the proprietary funds resulted in material adjustments needed to the financial statements.

*Recommendation:*

Management should establish a comprehensive capital asset management policy, including routine reconciliation of supporting documentation to the general ledger. Training should be provided to finance staff on usage of the current capital asset software.

*Management's Recommendation:*

The County concurs with the recommendation and is considering corrective action for FY25.

County of King William, Virginia  
Schedule of Findings and Questioned Costs (Continued)  
For the Year Ended June 30, 2024

---

**Section II-Financial Statement Findings (Continued)**

**Finding: 2024-005 (Material Weakness):**

**Reconciliation of investments**

*Criteria:*

GASB standards and sound internal control practices require regular and accurate reconciliation of investment accounts to ensure completeness and accuracy of financial reporting. Investments are to be reported at fair value, and reconciliations should be performed timely to verify account balances and detect discrepancies.

*Condition:*

During the audit, we identified that the investment accounts were not reconciled on a regular basis during the fiscal year. Discrepancies were noted between the investment supporting documentation and the general ledger, resulting in material adjustments.

*Cause:*

The issue arose due to County administration office receiving investment statements, but not providing these statements to the treasury or finance department. Therefore, transactions regarding these investments were not recorded in the financial statements.

*Effect:*

Failure to reconcile investment accounts increases the risk of undetected errors or irregularities and resulted in material adjustments needed to the financial statements.

*Recommendation:*

Management should ensure investment statements are received by the treasury and the finance department for accurate and timely posting to the general ledger.

*Management's Recommendation:*

The County concurs with the recommendation and is considering corrective action for FY25.

Schedule of Findings and Questioned Costs (Continued)  
For the Year Ended June 30, 2024

---

**Section III-Federal Award Findings and Questioned Costs**

**Finding: 2024-006:**

**SLFRF compliance reporting**

Federal Program: CFDA 21.027 - COVID-19 - Coronavirus State and Local Fiscal Recover Funds

*Criteria:*

As required by the U.S. Department of the Treasury, recipients of Coronavirus State and Local Fiscal Recover Funds (SLFRF) must submit periodic reports by the specified deadlines to ensure transparency and accountability in the use of funds.

*Condition:*

The entity failed to submit the required SLFRF Compliance Report SLT-3478 by the required deadline.

*Cause:*

The delay was attributed to insufficient internal controls over federal award reporting. Specifically, there was a lack of a formal process to track and meet compliance deadlines for SLFRF reporting requirements.

*Effect:*

SLFRF grant requirements set forth by the U.S. Department of the Treasury were not met.

*Recommendation:*

Management should implement robust internal controls to ensure compliance with all federal reporting requirements.

*Management's Recommendation:*

The County concurs with the recommendation and is considering corrective action for FY25.

County of King William, Virginia  
Schedule of Findings and Questioned Costs (Continued)  
For the Year Ended June 30, 2024

---

**Section IV-Commonwealth of Virginia Findings and Questioned Costs**

**Finding: 2024-007:**

**Compliance with Virginia Public Procurement Act**

*Criteria:*

The Virginia Public Procurement Act (VPPA) establishes the legal requirements for public procurement within the Commonwealth of Virginia. It mandates that all procurements be conducted in a manner that ensures fair competition, transparency, and adherence to ethical standards. Proper documentation of procurement activities is essential to demonstrate compliance with the Act and provide audit evidence of adherence to competitive bidding, solicitation, and award procedures.

*Condition:*

The County did not provide sufficient audit evidence to demonstrate compliance with the VPPA for procurements during the fiscal year. Competitive bids and supporting documentation were not retained, evidence was lacking for adherence to the public notice and solicitation requirements, and evidence for performance and payment bond requirements were incomplete.

*Cause:*

The issue arose due to the failure to maintain records regarding procurement.

*Effect:*

Noncompliance with the VPPA increases the risk of improper procurement practices, including unfair competition, overpayment for goods or services, and potential legal liabilities. Additionally, the absence of documentation diminishes transparency and public trust.

*Recommendation:*

Management should implement and enforce robust internal controls to ensure all procurement activities are fully documented and maintained, including competitive bid processes, solicitations, and awards.

*Management's Recommendation:*

The County concurs with the recommendation and is considering corrective action for FY25.
