INDEPENDENT AUDITORS' REPORT

The General Assembly, and Legislative
Agencies and Commissions of the
Commonwealth of Virginia

We have audited the accompanying cash basis financial statements of the General Assembly, and Legislative Agencies and Commissions of the Commonwealth of Virginia as of and for the year ended June 30, 2004, as listed in the Table of Contents. These financial statements are the responsibility of the respective managements of the General Assembly, and Legislative Agencies and Commissions of the Commonwealth of Virginia. Our responsibility is to express an opinion on these cash basis financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards for financial audits contained in the Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the General Assembly, and Legislative Agencies and Commissions of the Commonwealth of Virginia, prepares their financial statements on the cash basis, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash and unencumbered cash balances of the General Assembly, and Legislative Agencies and Commissions of the Commonwealth of Virginia as of June 30, 2004, and the revenues it received and the expenditures it paid, for the year then ended on the basis of accounting described in Note 1.

In accordance with Government Auditing Standards, we have also issued our report dated September 22, 2004 on our consideration of the General Assembly, and Legislative Agencies and Commissions of the Commonwealth of Virginia's internal control over financial reporting and our tests of compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

**GENERAL ASSEMBLY AND LEGISLATIVE AGENCIES AND COMMISSIONS
OF THE COMMONWEALTH OF VIRGINIA
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2004**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

- (a) Reporting Entity - The General Assembly of the Commonwealth of Virginia is the legislative body of the State. The Legislative Agencies and Commissions included herein assist the General Assembly in carrying out its responsibilities (see Note 2). These entities are referred to hereafter as 'agencies'.
- (b) Fund Accounting - The accounts of the agencies are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its - revenues, expenditures and expenses. The following funds are used by the agencies.

General Fund - The General Fund is the operating fund of each agency. It is used to account for all appropriations from the General Fund of the Commonwealth and other receipts that are not specifically allocated by law or other contractual agreement to another fund. Proceeds from the sale of fixed assets are retained in each agency's general fund and revert to the General Fund of the Commonwealth only upon resolution of the General Assembly. General operating expenditures, fixed charges and capital improvements are paid through this fund.

Special Revenue Funds - The Special Revenue Funds are used by certain agencies to account for the proceeds of specific revenue sources that are restricted by legal or regulatory provisions or by administrative action.

Enterprise Fund - An Enterprise Fund is used by the Division of Legislative Services to account for certain publishing activities. Such activities are similar to those found in the private sector, where the determination of net income is necessary or useful for sound financial administration.

- (c) Basis of Accounting - The financial statements of the agencies are maintained on the cash basis of accounting , reflecting only revenues received and expenditures paid. Therefore, receivables and payables, inventories, equipment and depreciation, which are material in amount, are not reflected , and these statements do not present the overall financial position or results of operations of the agencies. These statements are presented on the cash basis of accounting which demonstrates compliance with the budget laws of the Commonwealth of Virginia. The more significant attributes of this basis of accounting follow.
 - (1) Appropriations from the Commonwealth and grant revenue are recorded when measurable and deemed available by the State Comptroller to finance operations during the fiscal year. Appropriations are authorizations to spend funds from the General Fund of the Commonwealth, and they have been reported as revenue available to the agencies in these financial statements.
 - (2) All appropriations which have not been disbursed by the end of the fiscal year are unexpended and revert to the General Fund of the Commonwealth. Because these unexpended appropriations revert to the General Fund at the end of the fiscal year, most agencies have a zero balance at year-end, unless they maintain permanent petty cash or travel advance accounts. Outstanding encumbrances lapse at year-end.

- (d) Budgets and Budgetary Accounting - The budget for the agencies is established by the Appropriations Act (the 'Act') as enacted by the General Assembly of Virginia for the biennium ended June 30, 2004. No payments can be made except as provided for in such Act or in any other Act of the General Assembly making an appropriation.

The budget is prepared principally on the cash basis. Budgeted amounts reported in the financial statements are as originally appropriated to the agencies and subsequently adjusted by transfers from other appropriations authorized by the General Assembly.

The related costs are included in the financial statements of the Commonwealth agency which provided the services.

NOTE 4 - CONTINGENCIES:

Certain agencies participate in various Federally assisted grant programs. These programs are subject to financial and compliance audits by the grantors or their representatives. INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STATEMENTS

The General Assembly, and Legislative
Agencies and Commissions of the
Commonwealth of Virginia

We have audited the cash basis financial statements of the General Assembly, and Legislative Agencies and Commissions of the Commonwealth of Virginia, as of and for the year ended June 30, 2004, and have issued our report thereon dated September 22, 2004, which was prepared on a comprehensive basis of accounting other than generally accepted accounting principles. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the General Assembly, and Legislative Agencies and Commissions of the Commonwealth of Virginia's financial statements are free of material misstatement, we performed tests of their compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the General Assembly, and Legislative Agencies and Commissions of the Commonwealth of Virginia's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the respective managements of the General Assembly, and Legislative Agencies and Commissions of the Commonwealth of Virginia, and is not intended to be and should not be used by anyone other than these specified parties.
