Vernon M. Danielsen

#### Letter from the Chairman

A fourth record-breaking year in 2002 provides revenue that will greatly benefit the citizens of Virginia. Two-thirds of ABC profits, after statutory adjustments, are distributed to localities for education, police, fire, rescue, public works and other projects. The remaining one-third goes to the state's General Fund. As a revenue-producing agency, we play an important role in combating the fiscal problems currently facing the Commonwealth.

Virginia ABC remains committed to serving the Commonwealth in a positive manner by charting a course for growth and innovation. There are currently 261 state operated stores with plans to open an additional 10 stores during Fiscal Year 2003 and to operate a total of 300 stores by the end of Fiscal Year 2006.

Two important market development plans utilized by ABC in its store network expansion planning endeavors are the Market Location Strategy (MLS) and Rural Location Strategy (RLS). MLS considers characteristics of each locality that are most vital to the success of a retail liquor store and prioritizes localities on the basis of service conditions and new store market potential. RLS is used by ABC to provide superior customer service to the entire Commonwealth and provides statistics that assist in planning for and operating rural liquor stores. With efficiency as a key measure, ABC has many profitable stores operating in towns with limited market population.

It's not all about revenue at ABC. Public safety is also an important aspect of our service to the Commonwealth. The agency continues to lead in alcohol prevention and community education initiatives. Our special agents are enforcing ABC laws and combating underage drinking throughout the state.

One of our first steps as a new ABC Board was to ensure a strong initiative is developed to dramatically reduce the sales to, and consumption of, alcoholic beverages by underage people in Virginia. Non-compliance rates from our underage buyer program have remained level at 23 to 24 percent for the last three years. This rate of non-compliance is unacceptable to the Board. We are developing new ways to combat the purchase of alcoholic beverages by underage persons.

Three major aspects of our mission statement: to provide excellent customer service, a reliable source of revenue, and effective public safety, say it all.

Vernon M. Danielsen, Chairman

Virginia Department of Alcoholic Beverage Control

# Charting the Right Course

#### Strategic Planning and the 2002 ABC Survey

The first step in charting your course is to determine where you're starting from.

Building on successful, earlier efforts (2000-2002 strategic plan), the Virginia Department of Alcoholic Beverage Control (ABC) began a four-year strategic plan in March of 2002. "Strategic planning is a long-term, ongoing process," said W. Curtis Coleburn, Chief Operating Officer of ABC. "Successful strategic planning is a living, evolving and continually improving process. ABC developed a successful strategic plan for 2000-2002 with mission, values, goals, strategies and implementation steps. With many accomplishments successfully achieved in the past two years, implementation is continuing. It is now time to build on this foundation to define and develop our vision for the future of ABC."

Between April and May, important constituent, stakeholder and customer survey work was implemented. The purpose of this research is to inform the planning process and identify critical issues from various customers, community members and employees. This data will also be used to improve public safety programs and increase revenue for the Commonwealth, as well as identify critical issues ABC will address in the next four years of agency operations planning.

Telephone surveys of a random sampling of 800 citizens older than 21 were conducted, and included the topics of responsible sale and consumption of alcohol, ABC programs and services and the use of the ABC Web site. ABC licensed establishments were also targeted. Telephone surveys of a random sampling of 800 ABC licensees were conducted with owners, managers, or the ABC manager of the establishment. Topics included the agency mission, the ABC Web site, services provided by special agents and services offered by the agency as a whole.

Mail surveys were also utilized. Community groups, media representatives, law enforcement professionals and ABC employees all received surveys to respond to such issues as education, prevention, defining newsworthy stories, communication, services and overall organizational effectiveness.

#### **Public Safety**

Majorities of Virginians feel that drunk driving and underage drinking are problems in their communities. Fifty-five percent consider drunk driving to be either a big or moderate problem in their community. Nearly six in 10 (58%) consider underage drinking to be a big or moderate problem.

Community and law enforcement groups surveyed also indicated that both drunk driving and violations of underage drinking laws were a very serious or somewhat serious problem in their communities (90%).

When it comes to underage use of tobacco products, 62% consider this a big or moderate problem in their community.

#### **Education and Training**

Public awareness of government agencies or services in general is often low. Given this, public awareness of ABC services and programs is surprisingly high. More than four in 10 had heard of publications or educational programs by ABC related to alcohol laws or safe and responsible use of alcohol. More than half of the Community Group respondents (59%) used educational materials provided by the Department. Of those who used the materials, 81% found them to be "very" or "somewhat useful."

On average, licensees evaluated the customer service provided by the Department as "very good." The Department was, on average, seen as "very effective" at promoting the responsible sale and consumption of alcoholic beverages. These responses suggest that most licensees perceive the Department to be meeting the key elements of its mission.

#### **Enforcement**

Overall, police chiefs and sheriffs are very satisfied with how ABC regulates alcohol laws and feel that the enforcement services are very beneficial to their respective jurisdictions.

The top three reasons for the law enforcement contacts with ABC — applications, illegal alcohol activity and underage purchase — were license related. The respondents strongly agreed that the ABC agents acted professionally and responded to the issues in a timely manner.

Ninety-seven percent of the police chiefs and sheriffs surveyed would like to be notified of ABC license applications made in their jurisdiction.

#### **Customer Satisfaction**

About half of Virginians (49%) indicated they purchase liquor or Virginia wines from an ABC store. This group of respondents was asked to evaluate the stores on a number of different features. Product variety and customer service were the most likely to be given "excellent" or "very good" ratings.

Licensees' evaluation of ABC stores was, on average, seen as "very good" in terms of product variety, store hours, store locations, and access to pickup areas. For licensees, the most positive ratings were for the staff at ABC stores. Fifty-five percent of licensees considered the staff at ABC stores to "always" offer helpful service. The clear majority of licensees considered staff to be helpful either "always," or "most of the time." Similarly, 77% of licensees considered staff to be well-informed about the products either "always" or "most of the time."

The majority of Virginians (79%) believe it would not be a good idea to sell distilled spirits in grocery and convenience stores along with beer and wine. Reasons provided included increased youth access to alcohol, public safety concerns and decreased revenue for the Commonwealth. **MAGC** 

## Exploring ABC

## A Review of Mission, Goals and Agency Operations

Mapping the course for a fourth record-breaking year in Fiscal Year 2002, employees of Virginia ABC continued to dedicate themselves to furthering the vision of the agency while carrying out its mission.

The mission of ABC is to control the distribution of alcoholic beverages; operate efficient, conveniently located retail outlets; enforce the laws of the Commonwealth pertaining to alcoholic beverages and youth access to tobacco products; and provide excellent customer service, a reliable source of revenue and effective public safety.

As one of 18 control states across the United States, Virginia shares a common goal of safely and responsibly administering the sale and distribution of alcoholic beverages. This is achieved through regulation of a three-tier system involving wholesalers, distributors and retailers. ABC serves as the wholesaler and retailer of distilled spirits in Virginia, administered by the Wholesale/Retail Operations Division. Goods are purchased from domestic and international vendors and shipped from all over the world to a seven-acre central warehouse facility in Richmond.

Retail outlets include 261 state-operated ABC stores that sell packaged distilled spirits and Virginia wines to the public and to 3,500 mixed beverage licensees for sale/consumption in their restaurants throughout the state. Licensees (also considered retailers) include over 15,000 private or corporate owners of establishments, holding approximately 17,000 ABC licenses allowing sales and/or consumption of beer and wine or mixed beverages on or off-premise. Licensees, as well as ABC store employees, are required to comply with ABC laws.

In Fiscal Year 2002, 261 ABC stores were responsible for over \$405 million in gross sales and the sale of approximately 2,919,348 million cases of distilled spirits, Virginia wines and assorted mixers.

Considerable effort is expended to support the agency's goal to expand the retail store network to improve customer convenience. Market plans, management reports, operational studies, real estate location studies and a wide array of data come into play in the decision-making process to ensure optimum customer service and profitability for the Commonwealth.

Product merchandising and category development also require constant review in order to stay on top of the latest industry trends in merchandising and shelf management. Implementation of a new Point of Sale (POS) system for all retail stores and testing for upcoming implementation of a Management of Inventory and Product Sales (MIPS) began in Fiscal Year 2002. Both are Web-enabled systems that enhance the efficiency of ABC's business activities and provide a platform for well-informed decision making and improved customer service.

A major source of revenue for the Commonwealth, ABC provided over \$189 million in contributions for Fiscal Year 2002. Revenues and taxes are split between local governments and the state General Fund. In Fiscal Year 2002, approximately \$18.8 million of profits were distributed directly to localities for education, police, fire, rescue, public works and other projects.

The agency is dedicated to ensuring that legal-aged adults who choose to responsibly consume alcohol can do so in a safe environment – one that is compliant with the laws and regulations of the Commonwealth. ABC's Bureau of Law Enforcement has eight regional offices and 145 special agents and supervisors located throughout Virginia.

ABC special agents have full police powers with a diverse range of duties – from investigating license applicants, to detecting illegal distilleries, to enforcing criminal and ABC laws in more than 15,000 licensed establishments. Criminal activities ranging from drugs and vice, to money laundering and tax evasion are investigated and prosecuted through the state court system. ABC special agents also participate in federal task forces investigating illegal liquor manufacture and distribution and cigarette smuggling.

Illegal activities in licensed establishments may lead to criminal charges and/or to administrative charges against the license(s). ABC violations investigated by ABC Enforcement are reported to the Hearings and

#### **Spotlight: Information Technology Services Rolls Out New Systems**

Virginia ABC retail stores experienced rollout of a new Point Of Sale (POS) system in Fiscal Year 2002. Averaging seven stores per night, it took a broad cross-agency team to prepare, train, and deploy the new system. The aggressive implementation was 72 percent faster than the 18-month rollout experienced with the previous system seven years ago. The POS system experienced credit card scalability problems after 140 stores were installed. A dedicated vendor and ABC staff worked to identify, fix, and stabilize credit card processing. The rollout was completed five weeks later. The streamlined rollout was necessary to support deployment of another major ABC system, Management of Inventory and Product Sales (MIPS). The POS system includes greatly enhanced functionality, touch screen interface and digitized signature-capture. These features improve usability and save time in back-end reconciliation.

The Information Technology Services Division (ITSD) made an assertive move to deploy Web-based applications that increase service and improve ABC productivity. Web-based tax management reports have reduced telephone calls to approximately 50 per

day, down significantly from a high of 300 per day. This has provided the opportunity to redirect staff, resulting in an increase in label approval throughput by at least 30 percent. The Mixed Beverage Annual Report (MBAR) is also now available via the ABC web site. This statutory reporting requirement can now be accomplished with 15 percent less data entry, one-third the processing time, and an anticipated 15 percent increase in rate of compliance. ITSD will continue to deploy citizen-centric systems to the Web in order to increase productivity, reduce cost, and create revenue opportunity.

MIPS moved into its final stages of development and rollout preparation near the end of Fiscal Year 2002. The Web-based system represents a major change in ITSD development tools and approach to application deployment. A five-person quality control group tested every module before passing the application over for User Acceptance Testing. This quality check identified nearly 1,000 inconsistencies that would have otherwise been experienced by the end user. The quality group ensures standards are maintained and requirements are satisfied.

Appeals Division to be placed on the docket for an administrative hearing. Opposing sides introduce evidence in support of their case before an administrative law judge or hearing officer who weighs the evidence presented and issues a decision a short time later. Administrative hearings can result in dismissal, fines, suspension or revocation of a license.

Once the decision is issued, either party has 30 days to appeal the case to the ABC Board. In an appeal hearing, arguments are presented summarizing each side of the case, but no new evidence is introduced. The Board may uphold the hearing officer's decision, alter it or dismiss it. The Board issues a final order and again each party has 30 days to appeal, this time to the Circuit Court in the locality where the licensed establishment is located.

Some of the most common violations include selling to an intoxicated person, allowing disorderly or lewd conduct, allowing distribution and/or use of illegal narcotics on the premises and selling to an underage person.

Committed to preventing sales of alcoholic beverages and tobacco to underage persons, ABC special agents conduct continuous alcohol and tobacco enforcement operations. Underage buyers are utilized to conduct checks on retail licensees that sell alcohol, including ABC stores, and on retail establishments that sell tobacco products. Random samples from the Underage Buyer Program found compliance rates to be 76 percent, an improvement of seven percentage points over the previous year. Unfortunately, more than half the clerks/servers who sold to underage buyer operatives did so after checking valid identification.

ABC continues to lead the Commonwealth in alcohol prevention and community education initiatives. ABC Enforcement's Education Section provides training to local law enforcement agencies on the alcohol laws of Virginia and to provide compliance training for licensees. In addition, the agency provides thousands of dollars in grant funding to enhance community prevention coalitions, and produces prevention materials and hosts training sessions and conferences for communities, colleges and universities throughout Virginia.

ABC Enforcement's Tax Management section audits and collects the wholesale wine liter and malt beverage taxes for all wine and beer sold in the Commonwealth, amounting to \$61,933,345 in Fiscal Year 2002.

ABC is a multi-faceted agency requiring much business support as it carries out its mission. In addition to Wholesale/Retail Operations, the Bureau of Law Enforcement and Hearings and Appeals, many employees offer their expertise through support divisions.

The Division of Policy, Analysis and Support Services provides program and decision support services to internal and external customers. Staff manages the procurement of goods and coordinates the analysis, development and maintenance of agency policies. The division also leads the agency in developing, updating and reviewing its strategic plan.

The Division of Information Technology Services offers support to all agency divisions by providing sound technology solutions. The division has

Continued on page 15

#### Spotlight: ABC Special Agents Respond In Time Of Crisis

The tragic attacks on the Pentagon and the World Trade Center on the morning of Tuesday, Sept. 11, 2001, had a significant effect on the life of every American. But for 14 special agents from Virginia ABC assigned to the Alexandria Regional Office, what took place on this day will never be forgotten. Located only a few minutes away from the Pentagon, they earned the difficult distinction of being one of the first law enforcement groups to arrive on the scene, which one agent simply described as, "complete pandemonium."

Agents witnessed people running in all directions trying to escape the smoke and the battered structure. The odor of jet fuel was overpowering as the injured screamed for help. ABC special agents immediately began assisting the injured, focusing mainly on the nursery and daycare divisions. Working straight through the day and into the evening, agents picked up rescue and recovery efforts again in the morning. Agents assisted with traffic control, survivor evacuation, transportation of the wounded to hospitals and evidence collection. Agents also helped with the extremely demanding responsibilities of body retrieval and the creation of a temporary morgue.

The Alexandria ABC agents who initially responded continued working into the week and were joined by additional ABC special agents. All other agents from the Alexandria regional office and agents from Fredericksburg and Richmond arrived to offer assistance as needed.

"It gives me a great deal of pride to see the unselfish way these agents reacted," says ABC Director of the Bureau of Law Enforcement S. Christopher Curtis. "They displayed no concern for their own personal welfare, put themselves directly in harm's way and performed admirably under stressful conditions. This was an extremely taxing situation – both mentally and

ABC agents assist at the Pentagon after the Sept. 11 attack.

physically – and they have earned the entire agency's admiration and gratitude."

ABC agents who responded to the Sept. 11, 2001, terrorist attack on the Pentagon are P.G. Disharoon, ASAC, J.H. Holland, ASAC; S.I. Cheatham, SA; C.D. Dillard, SA; R.L. Funkhouser, SA; W.H. Gholson, SA; S.B. Hardeman, SA; K.E. Hudak, SA; D.D. Hunt, SA; R.S. Kehoe, SA; S.M. Meador, SA; L.S. Reinhardt, SA; B.A. Storm, SA and D.F. Vinson, SA.

#### Alexandria Office Receives Commonwealth Valor Award

The ABC Alexandria Regional Office of the Bureau of Law Enforcement Operations was recently awarded the 2001 Commonwealth Valor award from the Department of Transportation. The plaque is inscribed: "In recognition of the uncommon valor and intrepidity of its personnel in response to the crash of hijacked American Airlines Flight 77 into the Pentagon on September 11, 2001."

"We did not respond as individual agents as much as we responded as a region," said Philip Disharoon, ASAC of the Alexandria Regional Office. "While certain agents responded to the initial crash, the region as a whole joined together to contribute and assist where possible."

During 2002, ABC special agents and staff of the Bureau of Law Enforcement issued 10,002 one-day banquet and special event licenses; 2,209 new retail, wholesale and special permit licenses; and 2,196 written warnings and violation reports.

The Bureau conducted 12,937 criminal investigations; 8,498 inspections of licensed establishments; 16 illegal still investigations; 2,220 public and licensee training presentations; 4,560 alcohol Under Age Buyer compliance checks at licensees; and 4,260 tobacco Under Age Buyer compliance checks at tobacco retailers. During the year they made 3,397 arrests.

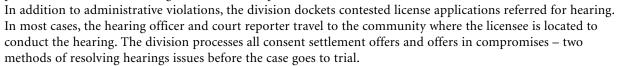

revamped its development environment and has taken the lead in preparing the agency for Internet-based transactions through implementation of major new computer-based systems.

The Financial Management Services Division is responsible for all fiscal functions of the agency including payroll, budgeting, cash receipts, cash disbursements and financial reporting. The division processed payments of \$223.5 million in purchases of merchandise for resale in Fiscal Year 2002, and also processed receipts of \$360 million in revenues and an additional \$143 million in taxes for a total of \$503 million in deposits.

Property Management Services Division maintains rented and owned properties including the Central Office, Warehouse, Regional Enforcement offices and ABC stores. Staff performs renovations, upgrades and repairs for these properties. The division negotiates leases for all agency-leased space and takes the lead in preparing contracts for work that is outsourced.

The Human Resources Division screens thousands of applications and consults with managers who are hiring staff to fill vacancies that further enhance the agency's work force. During the fiscal year, 108 new employees joined ABC. The division's Training Section offers new and existing employees professional development and hands-on training in areas such as retail management and technology.

In Fiscal Year 2002, the Hearings and Appeals Division received and processed 1,789 cases resulting in \$2,714,500 in penalties and fines.

The Board Administration Division processes modifications to administrative hearings decisions, late appeals, reconsiderations and all decisions on appeals, known as board orders. Staff is also responsible for processing all Freedom of Information Act (FOIA) requests from citizens.

The Internal Audit Division has agency-wide responsibility for identifying risk, assisting line managers in developing a proper internal control environment, and offering recommendations for creative business solutions to enhance agency business practices and policies. The division is also responsible for conducting agency administrative reviews and investigating all state hotline complaints.

The Public Affairs Division is charged with disseminating information to the news media and to the public. Publicizing agency programs and activities resulted in 73 news releases and staff responded to 770 media inquiries in Fiscal Year 2002. The division also provides writing, graphics, marketing and photographic support to all agency divisions, striving for a unified message.

Throughout the Commonwealth, ABC employees are partnering in charting the course for the agency. Through development of visionary strategic planning and by staying on course throughout the year, all compasses at ABC point to excellence. It was a great year, and agency employees are proud of it. It takes teamwork to accomplish excellence. And the best part is, the ABC team is optimistic that they can do even more next year.

#### **Spotlight: Store Network Expansion Planning**

Two important market development plans that have proven to aid in the mission of ABC are the Market Location Strategy (MLS) and Rural Location Strategy (RLS). The first plan, MLS, is a sound, practical process by which localities are ranked to the degree they can accommodate ABC's stated mission of providing convenient retail outlets and a reliable source of revenue to the Commonwealth of Virginia. MLS considers characteristics of each locality that are most vital to the success of a retail liquor store and prioritizes localities on the basis of service conditions and new store market potential. The final compilation guides real estate evaluations while the various tables of demographic, psycho graphic and qualitative data provide insight into advantages and disadvantages of each locality.

The second plan that is used by ABC to provide superior customer service to the entire Commonwealth is the Rural Location Strategy (RLS). RLS provides the

Department with a quantifiable method to evaluate and prioritize rural service needs that may be more dependent upon geography than population density or growth. Even though rural areas have lower population densities, rural customers are just as likely to buy competitive goods if access to an ABC store is not convenient. The following insight into RLS details how ABC has demonstrated that it can plan for and operate rural liquor stores. With efficiency as a key measure, ABC now has many profitable stores operating in towns with limited population.

Consistent, yet adaptable, the formation of annually updated location strategies allows ABC to maximize its resources while effectively placing retail liquor outlets throughout the state. Utilization of both market development plans allows ABC to expand its store network to both urban and rural locations, helping to achieve its strategic goal of providing excellent customer service and revenue to the Commonwealth.

#### Spotlight: Legislation – 2002 General Assembly

As revenue shortfall figures increased rapidly, the biennial budget was the primary concern of the 2002 session of Virginia's General Assembly. Along the way, however, legislators found time to consider 25 bills touching on the manufacture, sale, or use of alcoholic beverages. Seven of these were enacted into law and became effective July 1, 2002.

Most license applications are required to be made under oath, and a material false statement would be punishable as perjury. Licensees who falsify their applications can be subject to disciplinary proceedings which may result in the suspension or revocation of their license. However, applications for banquets and special events do not require an oath, and after these one-day events are over, there is no license to suspend or revoke. It is now a Class 3 misdemeanor to knowingly make a false statement to secure a banquet or special event license, or to alter, change, borrow, or lend a license. A new section was added to the Code to create this offense by House Bill 248, sponsored by Delegate Winsome Sears.

The issue of consumption of alcoholic beverages by employees of licensed on-premise retailers was the subject of House Bill 249, also introduced by Delegate Sears. Under the previous law, the rule was different for mixed beverage establishments and wine and beer restaurants. While the mixed beverage laws contained an absolute ban on consumption by an employee while on duty, the wine and beer laws had no such prohibition. The new law rewrites the mixed beverage provisions of the Code, with identical provisions for wine and beer licensees. Under the new provisions no licensee or employee shall consume any alcoholic beverages while on duty in a position involved in the selling or serving of alcoholic beverages to customers. There are exceptions created for consuming product samples provided by a wholesaler or manufacturer, and for tasting a beverage that has been delivered to a customer for quality control purposes.

Concessionaires at coliseums, stadia, or similar facilities will have additional opportunities to sell wine and beer under House Bill 437, introduced by Delegate Clifton "Chip" Woodrum. Until July 1, these licensees could only exercise the privileges of the license during professional sporting events or performances immediately subsequent thereto. The new law eliminates the required connection to a sporting event, and allows the sale of wine and beer at any event held at the coliseum or stadium.

The Board is now required to consider objections filed by local residents in determining whether the number of licenses existent in the locality is such that the granting of a license is detrimental to the interest, morals, safety or welfare of the public. The former provision of the Code only required the Board to consider objections of the local governing

W. Curtis Coleburn

body. This change was brought about by House Bill 786, sponsored by Delegate Dwight Jones.

Delegate Jim Almand introduced House Bill 1193, which gives courts the authority to place first-time offenders of the under-age possession of alcoholic beverage statute on probation. Under the amendment to the Code, if the court chooses to use this option, the charges would be dismissed upon fulfillment of the conditions of probation, which must include a treatment or education program or both, if available.

By law, ABC does not enforce local ordinances, and in most cases, except for safety and health code violations, violations of local ordinances do not constitute grounds for disciplinary actions against licensees. House Bill 1365, introduced by Delegate Dwight Jones, adds local public nudity ordinances to the list. Under the revision to the Code, the Board may suspend or revoke a license if the licensee, his employees, or any entertainer performing on the licensed premises has been convicted of a violation of a local public nudity ordinance for conduct occurring on the licensed premises, if the licensee allowed the conduct to occur.

The final new alcohol law was this year's attempt to enact legislation dealing with open containers of alcohol in motor vehicles. The former law makes it unlawful to consume an alcoholic beverage while driving a motor vehicle upon a public highway. Senate Bill 148, sponsored by Senator Thomas Norment, creates a rebuttable presumption that the driver has consumed an alcoholic beverage in violation of this section if there is an open, partially empty, alcoholic beverage container located in the passenger area of the vehicle, and the appearance, conduct, odor of alcohol, speech or other physical characteristic of the driver indicates the consumption of an alcoholic beverage.

## Teamwork and Pride

#### A Tribute to the ABC Team

It takes teamwork to accomplish excellence. Throughout the Commonwealth, each and every member of the team is partnering in charting the course for the agency. Without the hard work and dedication of our employees, ABC could not have achieved a fourth record year. Featured is a small sampling of employees representing the team, in a tribute to all those who make it work for the agency.

"Being part of a revenue-producing agency is unique. What we do at ABC affects many Virginians and we try never to lose sight of that."

"It's nice to work for a state agency that is run much like private sector enterprises, as far as planning and process."

"The best part of working for ABC is the people."

"The working environment here is ideal. It's conducive to creativity, teamwork and success."

"At ABC we have a chance to make a difference by working with students and teaching them about alcohol prevention. I like that."

"As a part of ABC Enforcement, I appreciate being able to work with licensees toward compliance. It's important to public safety in Virginia."

"Providing customer service in all areas of the agency is what counts. It begins before they even walk in our door."

#### **Spotlight: Alcohol Education/Prevention Initiatives**

ABC education

This past year, the Office of Juvenile Justice and Delinquency Prevention (OJJDP) awarded the Department of ABC \$760,000 in federal grant funds. The grant funding was used to address alcohol prevention issues, including availability, regulation and norms using the environmental approach. Through the OJJDP grant

program, ABC awarded over \$160,000 in grant funding to communities in the Commonwealth for alcohol prevention community coalition building, social norms marketing campaigns and

enforcement of underage drinking laws for institutions of higher education. One-day drive-in trainings were offered for communities, colleges and universities and law enforcement on grant writing, evaluation, coalition building, facilitating focus groups and policy options. In addition, educational materials were developed on drinking and driving and blood alcohol concentration.

Virginia ABC also received \$100,000 in grant funding from the National Highway Traffic Safety Administration through the Virginia Department of Motor Vehicles. Through this grant funding, a program was developed for college and university law enforcement agencies called Partners in Progress. This four-part training series aimed to motivate Virginia's colleges, universities and communities to collaborate with law enforcement, prevention professionals, students and Virginia citizens in an effort to address community roadway safety issues as they relate to alcohol use. The series of trainings focused on grant writing, evaluation, TIPS (an alcohol seller/server training), and an equipment clinic, where instruction on impairment goggles and breathalyzers was provided. Over 25 colleges and universities participated in this series. In addition, DMV collaborated with ABC as the lead agency on the statewide None for the Road program. ABC partners with 10 other state agencies to develop, design and implement this statewide campaign. The None for the Road campaign was

honored by receiving the Governor's Highway Traffic Safety award.

In the fall of 2001, the 16th Annual College Conference was held in Richmond, Virginia, with over 30 colleges and universities participating in the two- and one-half-day prevention confer-

ence. Each team developed a strategic plan on alcohol prevention for their campus. In the spring of 2002, a two-day training on vision was held for the colleges and universities and communities that gave insight to the importance of vision within any strategic plan at the community

nity level. Secretary of Education, Belle Wheelan, was the opening keynote speaker.

A report on drinking from Virginia College Campuses was released in the fall of 2001. This report looked at 1999 and 2000 data collected at over 20 colleges and universities by using the Core Behavioral survey. In the spring of 2002, colleges and universities had the opportunity to again participate in the statewide data collection on drinking at no cost to them through a U.S. Department of Education grant. Eighteen colleges and universities participated in 2002. Analysis of this new data will take place during the fall of 2002.

TIPS (Training for Intervention ProcedureS) training was offered in the fall of 2001 and by individual call-in in 2001 and 2002 for ABC licensees. There were 32 on-premise classes and 13 off-premise classes held. A total of 994 participants were trained, 706 in on-premise TIPS and 288 in off-premise TIPS.

Through a grant from the Office of Juvenile Justice and Delinquency Prevention, ABC Education produced a 20-minute video titled "Prevent Underage Sales: Virginia's Alcohol Laws" and accompanying training packet. ABC special agents are delivering the packets to over 15,000 licensees across Virginia and encouraging them to incorporate the program into their in-house server/seller training.

#### **Spotlight: Record Sales and Store Activities**

The 261 ABC retail stores were responsible for over \$405 million in gross sales and the sale of approximately 2,904,466 million cases of distilled spirits, Virginia wines, and assorted mixers. The ABC warehouse received 2,902,796 million cases and shipped 2,931,183 million cases during the fiscal year. The freight cost for shipping the cases of merchandise to our stores was \$1,919,217, with an average cost of 65.4 cents per case. Approximately 76,790 cases were pur-

chased in advance of price increases at a savings of \$485,056 or an average of \$6.32 per case.

At the close of the fiscal year, ABC carried 2,240 items on our price list, an increase of 208 since last fiscal year. Our Special Order Catalog contains an additional 304 items. 4,055 cases were purchased through the use of our special order process, resulting in \$786,205 in revenue.

## A Message from the Chairman, Chief Operating Officer and Chief Financial Officer

We are pleased to present the Fiscal Year 2002 Annual Report for the Virginia Department of Alcoholic Beverage Control. These facts and figures represent a fourth record-breaking year for retail sales by our agency. We stand behind these figures with pride in the accomplishments made possible by the hard working and dedicated employees of ABC. To the best of our knowledge, these figures accurately represent the operations of our agency during the fiscal year. The financial statements of the agency are audited annually by the Auditor of Public Accounts as required by the Code of Virginia.

Chairman Vernon M. Danielsen, seated, confers with Chief Financial Officer Ronald K. Layne, left, and Chief Operating Officer W. Curtis Coleburn.

# Discovery and Excellence

Fiscal Year 2002 was the most profitable in the history of ABC. ABC stores grossed over \$405 million and produced net profits of over \$46 million while per capita consumption remained relatively constant. In addition, Virginia ABC collected \$66 million in excise taxes, \$14.7 million in sales taxes, \$19.9 million in wine taxes, and \$41.9 million in malt beverage taxes for a record total of \$189 million in contributions to the General Fund and the Commonwealth's localities.

## 2002 Financial Highlights\*

\* Before audit.

#### Results in Brief

	FY 2002		
ABC PROFITS	46,167,507		
STATE TAXES	66,431,712		
GENERAL SALES TAX	14,723,005		
WINE LITER TAX	19,982,878		
MALT BEVERAGE TAX	41,950,467		
	189,255,569		
	General Fund	Localities	
ABC PROFITS	<b>General Fund</b> 27,376,233	Localities 18,791,274	
ABC PROFITS STATE TAXES			
	27,376,233		
STATE TAXES	27,376,233 66,431,712		
STATE TAXES GENERAL SALES TAX	27,376,233 66,431,712 14,723,005	18,791,274	

<sup>(1)</sup> Profits are reported in accordance with GAAP. Profits include licensing fees and ABC's portion (12%) of the Wine Liter Tax.

<sup>(2)</sup> State Taxes (20%) on distilled spirits and (4%) on wine sold in ABC stores.

<sup>(3)</sup> General Sales Tax (4.5%).

<sup>(4)</sup> The non-ABC portion (88%) of the Wine Liter Tax. (rate=40¢ per liter)

## 2002 Fiscal Year

- (1) Does not include General Sales Tax (4.5%).
- (2) State taxes on distilled spirits (20%) and wine (4%) sold in ABC Stores.
- (3) Store expenses include miscellaneous revenue and net cash overages.
- (4) Rate of return is calculated by adding Adjusted Net Profits and State taxes then dividing result by Gross Sales.

- (1) Does not include General Sales Tax (4.5%).
- (2) State taxes on distilled spirits (20%) and wine (4%) sold in ABC Stores.
- (3) Store expenses include miscellaneous revenue and net cash overages.
- (4) Rate of return is calculated by adding Adjusted Net Profits and State taxes then dividing result by Gross Sales.

- (1) Does not include General Sales Tax (4.5%).
- (2) State taxes on distilled spirits (20%) and wine (4%) sold in ABC Stores.
- (3) Store expenses include miscellaneous revenue and net cash overages.
- (4) Rate of return is calculated by adding Adjusted Net Profits and State taxes then dividing result by Gross Sales.

- (1) Does not include General Sales Tax (4.5%).
- (2) State taxes on distilled spirits (20%) and wine (4%) sold in ABC Stores.
- (3) Store expenses include miscellaneous revenue and net cash overages.
- (4) Rate of return is calculated by adding Adjusted Net Profits and State taxes then dividing result by Gross Sales.

NS = New Store; R = Relocation; C = Closed CONV = Conventional Store

# Auditor's Report

Walter J. Kucharski, Auditor

# Commonwealth of Virginia

Auditor of Public Accounts P.O. Box 1295 Richmond, Virginia 23218

**SEPTEMBER 27, 2002** 

THE HONORABLE MARK R. WARNER GOVERNOR OF VIRGINIA STATE CAPITOL RICHMOND, VIRGINIA

THE HONORABLE KEVIN G. MILLER CHAIRMAN, JOINT LEGISLATIVE AUDIT AND REVIEW COMMISSION GENERAL ASSEMBLY BUILDING RICHMOND, VIRGINIA

We have audited the accounts and records of the Department of Alcoholic Beverage Control as of and for the year ended June 30, 2002, and submit herewith our complete reports on financial statements and compliance and internal controls.

#### INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

We have audited the accompanying basic statements of the Department of Alcoholic Beverage Control as of and for the year ended June 30, 2002. The financial statements are the responsibility of the Department's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1A, the basic financial statements of the Department are intended to present the financial position and changes in financial position and cash flows on only that portion of the business-type activities and the aggregate remaining fund information of the Commonwealth of Virginia that is attributable to the transactions of the Department. They do not purport to, and do not, present fairly the financial position of the Commonwealth of Virginia as of June 30, 2002, and changes in financial position and its cash flows, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Department of Alcoholic Beverage Control as of June 30, 2002, and the changes in its financial position and cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated September 27, 2002, which includes our consideration of the Department's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, and contracts.

increase in deterred revenue	14,030
Net cash provided by operating activities	\$51,193,310

#### Noncash financing activities:

The Department entered into an installment purchase agreement to purchase new point of sale cash registers and related software costing \$4,618,882.

The accompanying Notes to Financial Statements are an integral part of this statement.

# Notes to Financial Statements as of June 30, 2002

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting Entity

The Department of Alcoholic Beverage Control administers ABC laws with an emphasis on public service and a focus on public safety by ensuring a safe, orderly, and regulated system for convenient distribution and responsible consumption of alcoholic beverages while generating a reasonable profit for the Commonwealth and its localities.

A separate report is prepared for the Commonwealth of Virginia, which includes all agencies, boards, commissions, and authorities over which the Commonwealth exercises or has the ability to exercise oversight authority. The Department is an agency of the Commonwealth of Virginia and is included in the general-purpose financial statements of the Commonwealth.

#### B. Fund Accounting

The activities of the Department are accounted for in an enterprise fund. The enterprise fund is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis, including depreciation, be financed or recovered primarily through user charges.

#### C. Basis of Accounting

The Department's records are maintained on the accrual basis whereby revenues are recognized when earned and expenses are recognized when the liability is incurred.

Operating revenues and expenses include activities related to the sale of alcohol and licenses, as well as enforcement activities. Nonoperating revenues and expenses include activities that have the characteristics of noncapital financing activities, such as the collection of rent, as defined by GASB Statement 9, Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting, and GASB Statement 34.

#### D. Inventories

Merchandise inventory, purchased for resale, is valued at average cost, which is lower than market value.

#### 2. CASH WITH THE TREASURER OF VIRGINIA

All state funds of the Department are held by the Treasurer of Virginia, pursuant to Section 2.2-1800, et. seq., <u>Code of Virginia</u>, who is responsible for the collection, disbursement, custody, and investment of state funds. Each fund's equity in pooled state funds is reported as "Cash" on the balance sheet and is not categorized as to credit risk.

#### 3. FIXED ASSETS

The following schedule presents the changes in fixed assets by category.

	Balance at June 30, 2001	Acqu	iired	D	eleted	Balance June 30, 20	
Land	\$ 1,577,406	\$	-	\$	-	\$ 1,577,4	06
Buildings	9,216,382		-		-	9,216,3	82
Equipment	24,087,906	13,279	,592	(5,98	9,451)	31,378,0	47
Total at historical cost	34,881,694	13,279	,592	(5,98	9,451)	42,171,8	35
Less accumulated							
depreciation for:							
Building	8,478,602	(147,	478)		-	8,626,0	80
Equipment	15,299,878	(4,869,	185)	5,9	05,447	14,263,6	16
Capital assets, net	\$11,103,214	\$8,262	,929	(8	34,004)	\$19,282,1	39

The Department capitalizes all property, plant, and equipment that have a cost or value equal to or greater than \$5,000. Property, plant, and equipment are stated at cost and at the time of acquisition are set up in a comprehensive fixed asset system. Depreciation of the cost of property, plant, and equipment is provided on a straight-line basis over their estimated lives of from ten to thirty years on buildings and from three to eight years on equipment.

#### 4. DUE TO THE COMMONWEALTH

#### A. Note Payable

The Department has a line of credit for \$25,000,000 with the Treasurer of Virginia. Repayment is made from revenue collections pursuant to Title 4.1, Chapter 1 of the <u>Code of Virginia</u>. As of June 30, 2002, the Department had outstanding \$23,439,680 of its available line of credit to extinguish a cash overdraft.

#### B. General Fund

The Department collects certain taxes on behalf of the General Fund of the Commonwealth. The state tax on sales is collected from store sales and is paid quarterly to the General Fund of the Commonwealth. The liter tax is collected on wholesalers' direct wine shipments. Twelve percent of the liter tax is retained by the Department and reported as wine wholesalers' tax on the Department's financial statements. The remainder is paid to the General Fund of the Commonwealth quarterly. Of the liter tax paid to the General Fund, the Commonwealth subsequently transfers 50 percent to localities. Collections and transfers of state tax on sales and liter tax are not reported on the Statement of Revenues, Expenses, and Changes in Net Assets. Activity relating to the amounts due to the General Fund for the year ended June 30, 2002, is summarized below.

	State Tax on Sales	Liter Tax on Wine	Total
Balance due to the General Fund, July 1, 2001	\$ (167,706)	\$ 267,431	\$ 99,725
Receipts for fiscal year	66,432,019	20,000,442	86,432,461
Transfers to the General Fund	(66,368,852)	(19,972,564)	(86,341,416)
Balance due to the General Fund, June 30, 2002	\$ (104,539)	\$ 295,309	\$ 190,770

#### C. Department of Taxation - Sales Tax

The Department collects sales tax on all sales of alcohol and remits collections monthly to the Department of Taxation. Sales tax collections and transfers are not reported on the Statement of Revenues, Expenses, and Changes in Net Assets. Activity relating to the amounts due to the Department of Taxation for the year ended June 30, 2002, is summarized below.

Balance due to the Department of Taxation, July 1, 2001	\$ 1,173,231
Sales tax collections	14,723,005
Transfers to the Department of Taxation	(14,717,729)
Balance due to the Department of Taxation, June 30, 2002	\$ 1,178,507

#### D. Earned Surplus

The Appropriation Act, Chapter 814 of the 2002 Acts of Assembly, requires the Department to transfer an estimate of its fourth quarter profits in the month of June. In accordance with the Alcoholic Beverage Control Act, Section 4.1-116 of the <u>Code of Virginia</u>, the Department transfers any additional net profit to the General Fund of the Commonwealth 50 days after the last day of the quarter. The Department underestimated profit for the fourth quarter resulting in an additional \$3,297,476 due to the General Fund at June 30, 2002.

#### 5. LEASE COMMITMENTS

The Department is committed under various operating lease agreements for store buildings. Rent expense under operating lease agreements amounted to \$9,147,860 for the year. A summary of future obligations under lease agreements as of June 30, 2002, follows.

<b>Year Ending</b> June 30,	
2003	\$ 6,625,767
2004	5,555,171
2005	4,364,599
2006	2,925,708
2007	992,029
2008	113,465
Total obligations	\$20,576,739

#### 6. INSTALLMENT PURCHASES

During fiscal year 2002, the Department entered into a five-year installment purchase agreement through the Master Equipment Leasing Program offered by the Department of the Treasury in order to obtain new point of sale cash registers and software. The interest rate charges range from 4.1087 percent to 4.4192 percent. Principal and interest payments of this commitment for fiscal years subsequent to June 30, 2002 are as follows. Additional cash registers will be obtained and financed in fiscal year 2003 in order to complete the project.

		Total
Principal	Interest	Obligations
\$1,074,768	\$222,103	\$1,296,871
1,121,551	175,320	1,296,871
1,170,372	126,499	1,296,871
1,221,322	75,549	1,296,871
1,105,637_	22,600	1,128,238
\$5,693,650	\$622,071	\$6,315,722
	\$1,074,768 1,121,551 1,170,372 1,221,322 1,105,637	\$1,074,768 \$222,103 1,121,551 175,320 1,170,372 126,499 1,221,322 75,549 1,105,637 22,600

The following schedule presents the changes in long term debt.

Balance at June 30, 2001	Increase	Decrease	Balance at June 30, 2002
\$ -	\$5,829,797	\$136,147	\$5,693,650

#### 7. COMPENSATED ABSENCES

Compensated absences reflected in the Statement of Net Assets represent the amounts of vacation, sick, and compensatory leave earned by employees of the Department, but not taken at June 30, 2002. The amount reflects all earned vacation, sick, and compensatory leave payable under the Commonwealth of Virginia's leave payout policies. Information on the Commonwealth's leave payout policies is available at the statewide level in the Commonwealth of Virginia's Comprehensive Annual Financial Report.

Balance as of June 30, 2001	Increases	Decreases	Balance as of June 30, 2002
\$5,235,062	\$2,693,648	\$2,601,347	\$5,327,363

#### 8. SECURITIES LENDING TRANSACTIONS

Investments held by the Treasurer of Virginia represent the Department's allocated share of cash collateral received and reinvested and securities received for the State Treasury's securities lending program. Information related to the credit risk of these investments and the State Treasury's securities lending program is available on a statewide level in the Commonwealth of Virginia's Comprehensive Annual Financial Report.

#### 9. COLLECTIONS OF MALT BEVERAGE TAX

During the year ended June 30, 2002, the Department collected \$41,950,467 in malt beverage taxes. These funds are deposited by the Department directly with the Treasurer of Virginia for credit to the General Fund of the Commonwealth and are not available to the Department to meet current operating needs and are not included in the financial statements.

#### 10. PENSION PLAN AND OTHER POST RETIREMENT BENEFITS

The employees of the Department are employees of the Commonwealth. The employees participate in a defined benefit plan administered by the Virginia Retirement System (VRS). The VRS also administers life insurance and health related plans for retired employees. Information related to these plans is available on a statewide level only in the Commonwealth of Virginia's Comprehensive Annual Financial Report. The Commonwealth, not the Department, has overall responsibility for contributions to these plans.

#### 11. RISK MANAGEMENT

The Department is exposed to various risks of loss related to torts: theft or, damage to, and destruction of assets: errors and omissions; non-performance of duty: injuries to employees; and natural disasters. The Department participates in insurance plans maintained by the Commonwealth of Virginia. The state employee health care and worker's compensation plans are administered by the Department of Human Resource Management and the risk management insurance plans are administered by the Department of Treasury, Division of Risk Management. Risk management insurance includes property, general liability, medical malpractice, faithful performance of duty bond, automobile, and air and watercraft plans. The Department pays premiums to each of these Departments for its insurance coverage. Information relating to the Commonwealth's insurance plans is available at the statewide level in the Commonwealth of Virginia's Comprehensive Annual Financial Report.

#### 12. CONTINGENT LIABILTIES

The Department is named as a party in several legal proceedings. It is not possible at the present time to estimate ultimate outcome or liability, if any, of the Department in respect to the various proceedings; however, it is believed that any ultimate liability resulting from these suits will not have a material, adverse effect on the financial condition of the Department.
