Management's Discussion and Analysis June 30, 2024

Management's discussion and analysis (MD&A) provides readers of our financial statements an unaudited overview of the financial position and activities of New Horizons Regional Education Centers (NHREC) for the year ended June 30, 2024, with selected comparative information for the year ended June 30, 2023. As the MD&A presentation includes highly summarized information, it should be read in conjunction with the accompanying financial statements and related notes to the financial statements. The financial statements, notes and this discussion are the responsibility of the NHREC management.

#### **Financial Highlights**

- In the Government-wide financial statements, the primary government of NHREC's total operating revenues of \$23,780,374 exceeded total operating expenses of \$22,018,846 by \$1,761,528.
- These financial statements include the financial information of a component unit, New Horizons Educational Foundation, Inc., because there is a financial relationship between the Center and the component unit, as well as fiscal interdependence. In the government-wide financial statements of New Horizons Educational Foundation, operating revenues of \$1,290,545 exceeded operating expenses of \$519,788 by \$770,757.
- NHREC's compensated absences, net OPEB liability, net pension liability, SBITA liability and noncurrent liabilities at June 30, 2024 were \$14,416,444, which is an increase of \$348,036 from the prior year. The key factor was an increase in both pension and OPEB liabilities based on actuarial calculations.

#### **Overview of the Financial Statements**

This report consists of government-wide financial statements, fund financial statements, notes to the financial statements and the required supplementary information. The first two statements present a government-wide view of NHREC and the component unit's finances. Within this view, all NHRECs' and the component unit's operations are categorized and reported as governmental activities.

Governmental activities for NHREC include the operation of the Career & Technical Education, Special Education, Governor's School, and Adult programs. Governmental activities for the component unit (New Horizons Educational Foundation) provides funding for scholarships and to NHREC for supplemental activities. These government-wide statements are designed to be more corporate-like in that asset are capitalized and depreciated, rather than expensed as in the fund statements.

Management's Discussion and Analysis June 30, 2024

#### **Basic Financial Statements**

- The Statement of Net Position in the government-wide financial statements focuses on resources available for future operations. In simple terms, this statement presents a snapshot view of the assets of NHREC and the component unit, the liabilities they owe and the net difference. The net difference is further separated into amounts the Board designated for specific purposes and unrestricted amounts. The Statement of Activities focuses on the gross and net costs of NHREC and the component unit's programs. This statement summarizes and simplifies the user's analysis to determine the extent to which programs are self-supporting and/or subsidized by other revenues.
- Fund financial statements focus on the governmental funds by providing more detailed information about the major funds. The governmental fund statements do not capitalize assets, nor do they recognize notes payable. Capital assets and the payments on notes are expensed when purchased in the fund financial statements.
- The notes to the financial statements provide additional disclosures required by governmental accounting standards and provide information to assist the reader in understanding NHREC and the component unit's financial condition.

The MD&A is intended to explain the significant changes in financial position and differences in operation between the current and prior years.

#### **Statement of Net Position**

A condensed version of the Statement of Net Position at June 30, 2024, is as follows:

	NHREC	Component Unit
Current and other assets Capital assets	\$ 9,131,838 6,587,686	\$ 1,761,904 
Total assets Deferred outflow of resources	15,719,524 3,845,924	9,529,605

Management's Discussion and Analysis June 30, 2024

#### **Funding Sources**

The Statement of Revenues, Expenditures and Change in Fund Balance – General Fund -- shows the revenue funding sources by type and amount of funds received.

Local funds, including amounts for adult education, received from the school divisions during the year ended June 30, 2024 are follows:

Newport News	\$ 7,184,6	35.23%
Hampton	5,311,4	170 26.04%
York County	3,743,5	18.36%
Williamsburg/James City County	2,152,4	10.55%
Gloucester	1,009,4	4.95%
Poquoson	844,9	994 4.14%
Isle of Wight	148,7	<u>0.73%</u>
Total local funds revenue	\$ 20,395,3	<u>100.00%</u>

Local funds, including amounts for adult education, received from the school divisions during the year ended **June 30, 2023** are follows:

Newport News	\$ 7,316,511	36.62%
Hampton	5,207,063	26,06%
York County	3,577,187	17,91%
Williamsburg/James City County	2,023,378	10.13%
Poquoson	993,591	4.97%
Gloucester	736,978	3.69%
Isle of Wight	123,955	0.62%
Total local funds revenue	<u>\$ 19,978,663</u>	100.00%

Management's Discussion and Analysis June 30, 2024

#### **Capital Assets**

At June 30, 2024, the primary government of NHREC had \$20,854,828 invested in land and land improvements, building and building improvements and furniture, equipment, vehicles, and construction in progress (a 2.69% increase from FY 2023). The major capital asset additions included the following:

Building and building improvements:	
<ul> <li>Firewall upgrades</li> </ul>	\$ 143,950
<ul> <li>Woodside Lane B Switch</li> </ul>	\$ 140,881
Infrastructure Upgrade	
<ul> <li>Electrical lab renovation</li> </ul>	\$ 37,620
• EDIE lab	\$ 29,751
Furniture, equipment and vehicles:	
<ul> <li>Welding equipment</li> </ul>	\$ 26,498
<ul> <li>Server room equipment</li> </ul>	\$ 16,597
Brake lathe	\$ 12,216
Construction in Progress:	\$ 193,061

At June 30, 2024, the Foundation had \$10,363,147 in land and land improvements, building and building improvements, furniture, equipment, and vehicles.

#### **Long-Term Liabilities and Debt**

At June 30, 2024, the long-term liabilities and debt of the primary government of NHREC consisted of compensated absences, net OPEB obligation, net pension liability, and a capital lease payable, as listed below

#### Primary government:

Compensated absences	\$ 448,011
Net OPEB obligations	2,599,868
Net pension liability	10,740,329
Lease liability	510,469
SBITA liability	 117,767
Total	\$ 14,416,444

The Foundation had a note payable as listed below:

#### Foundation:

Note payable \$ 4,172,406

#### **Summary**

The financial report reflects resources that were directed toward serving the educational needs of the Virginia Peninsula's school divisions by preparing students educationally, technically and socially, according to each student's needs to become productive citizens.

#### INDEPENDENT AUDITOR'S REPORT

The Board of Trustees and Superintendents New Horizons Regional Education Centers

#### **Report on the Audit of the Financial Statements**

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component unit, the major funds, and activity funds of New Horizons Regional Education Centers as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise New Horizons Regional Education Centers' basic financial statements, as listed in the Table of Contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component unit, the major fund, and activity funds of the New Horizons Regional Education Centers, as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of New Horizons Regional Educations Centers and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Emphasis of Matter**

#### Change in Accounting Principal

As described in Note 1 to the financial statements, in the year ended June 30, 2024, New Horizons Regional Education Centers adopted new accounting guidance, GASB Statement No. 96, Subscription-Based Information Technology Agreements. Our opinion is not modified with respect to this matter.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about New Horizons Regional Education Centers' ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*. we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
  include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
  statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of New Horizons Regional Education Centers' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about New Horizons Regional Education Centers' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison, and the required supplementary information as described in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Additional Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 10, 2025, on our consideration of New Horizons Regional Education Centers' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering New Horizons Regional Education Centers' internal control over financial reporting and compliance.

Notes to Financial Statements June 30, 2024

#### NOTE 1. NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES

#### Nature of Business

New Horizons Regional Education Centers (NHREC) are a nonprofit, unincorporated association jointly operated by the School Boards of the following: City of Hampton, City of Newport News, York County, Williamsburg-James City County, City of Poquoson, Gloucester County, and Isle of Wright County Public Schools, pursuant to Title 22.1 Code of Virginia (1950), as amended.

NHREC offers programs in the areas of career and technical special education, as well as a variety of courses in the Governor's School for Science and Technology.

The Centers financial statements are prepared in accordance with accounting principles generally accepted in the United States of America applicable to governmental units, as prescribed by the Governmental Accounting Standards Board (GASB). The Centers significant accounting and reporting policies are described below.

#### The Financial Reporting Entity

The financial reporting entity consists of the primary government, News Horizons Regional Education Centers, and other organizations for which the nature and significance of their relationship with the Centers are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Based on the fact that fiscal interdependency exists and a financial benefit/burden relationship exists between the Center and New Horizons Educational Foundation, Inc., management has included New Horizons Educational Foundation, Inc., an affiliated organization which provides funding to students for scholarships and to NHREC for supplemental activities, in these financial statements.

#### Basic of Presentation

#### Government-wide Financial Statements

The basic financial statements consist of the government-wide statements of the primary government, NHREC, and its component unit, the New Horizons Foundation, Inc., and the fund financial statements, which provide a more detailed level of financial information. Private-sector standards of accounting and financial reporting issued prior to December 1, 1989 generally are followed in the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the GASB.

The government-wide financial statements include the statement of net position and the statement of activities for NHREC and its component unit. These statements are reflected on a full accrual basis of accounting and economic resources measurement focus, which incorporates long-term assets as well as long-term liabilities. Interfund transfers are eliminated to avoid a "doubling up" of revenues and expenditures. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Notes to Financial Statements June 30, 2024

# NOTE 1. NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

The statement of net position presents the financial condition of the governmental type activities of the Centers at year-end. Program revenues include charges to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given function, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Direct expenses are those that are specifically associated with a specific function or segment. Expenses are grouped into the following categories: education, general administration and maintenance of buildings and grounds.

#### **Fund Financial Statements**

During the year, NHREC segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements are presented on a current financial resources measurement focus and the modified accrual basis of accounting. The acquisition, use and balances of the expendable financial resources and the related liabilities are accounted for through governmental funds. The measurement focus is based upon the determination of changes in financial position, rather than upon net income determination.

Fund financial statements report information at the individual fund level. Each fund is considered to be a separate accounting entity. Both the primary government and the component unit report a governmental type (general) fund.

#### Governmental Fund Types

Governmental funds are those through which most governmental functions of NHREC are financed. The acquisition, use and balances of expendable financial resources and related liabilities are accounted for through governmental funds. Measurement is focused on determining changes in financial position, rather than net income. Following are the NHREC's governmental fund types:

General Fund - The general fund is the primary operating fund of NHREC, the primary government, as well as the component unit. Revenues in the primary government are primarily derived from charges for services and contributions from other governmental units. Revenues in the component unit are generated from rental income, grants and contributions, scholarships and honorariums, and fundraisers.

Activity Funds – The activity funds are used in recording receipts from student fees and fund-raising activities, vending machine commissions, travel and other advances reimbursed by the general fund, and other miscellaneous receipts. Disbursements consist primarily of purchases of materials for various student activities, travel, and other reimbursements and advances.

Notes to Financial Statements June 30, 2024

# NOTE 1. NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Income Taxes

New Horizons Education Foundation (NHEF), the component unit, is a nonprofit entity tax-exempt from federal income taxes under the provisions of Internal Revenue Code Section 501(c)(3) and classified by the Internal Revenue Service as other than a private foundation.

#### Cash and Cash Equivalents

Cash and cash equivalents include all cash on hand and in banks, certificates of deposit and highly liquid investments with maturities of three months or less.

#### Accounts Receivable

Accounts receivable consist of all revenues earned at year-end not yet received. Uncollectible amounts are recognized as a reduction in the applicable revenue through the use of an allowance account or charged off at the time information becomes available which would indicate that the particular receivable is not collectible.

#### Lease Receivable

Present value of lease payments anticipated to be received during the lease term.

#### Interfund Activity

During the course of operations, transactions occur between individual funds. Those related to goods and services, and short-term interfund loans, are classified as "accounts receivable" or "accounts payable" in the statement of net position.

#### Right-to-Use Lease Assets

Right-to-use lease assets are representative of NHREC's right to use an asset over the life of a lease in which it is the lessee. The asset is calculated as the initial amount of the lease liability, plus any lease payments made to the lessor before the lease commencement date, plus any initial direct costs incurred, minus any lease incentives received. Right-to-use lease assets are amortized over the shorter of the asset useful life or the term of the lease.

#### Right-to-Use Subscription Assets

A Subscription-Based Information Technology Arrangement (SBITA) is a contract that conveys control of the right to use another party's (a SBITA vendor's) information technology (IT) software, alone or in combination with tangible capital assets (the underlying IT assets), as specified in the contract for a period of time in an exchange or exchange-like transaction. The subscription asset should be initially measured as the sum of (1) the initial subscription liability amount, (2) payments made to the SBITA vendor before commencement of the subscription term, and (3) capitalizable implementation costs, less any incentives received from the SBITA vendor at or before the commencement of the subscription term.

Notes to Financial Statements June 30, 2024

# NOTE 1. NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Capital Assets

Capital outlays are recorded as expenditures in the governmental funds and as assets in the government-wide financial statements to the extent the capitalization threshold is met.

In the government-wide financial statements, capital assets, which include land and land improvements, buildings and building improvements, furniture and equipment, are valued at historical cost or estimated historical cost if actual cost is unavailable. Donated capital assets are recorded at estimated fair market value at the date of donation. Major outlays for capital assets and improvements are capitalized at the completion of construction projects. The capitalization policy stipulates a capitalization threshold of \$5,000.

Estimated useful lives for depreciable assets are as follows:

Estimated
Useful Life
15-30 years
15-40 years
5-10 years

In the <u>fund financial statements</u>, capital assets used in governmental fund operations are recorded as capital outlay (expenditures) of the governmental fund types when purchased.

#### Long-Term Debt

In the government-wide financial statement, long-term debt is reported as a liability. In the fund financial statements, long-term debt for governmental funds is not reported as a liability. Instead, the debt proceeds, including bond premiums and discounts, are reported as other financing sources (uses). Payment of principal and interest, including debt issuance costs, are reported as expenditures.

#### **Compensated Absences**

GASB No. 16, Accounting for Compensated Absences, requires governments to accrue compensated absences if it is probable that the employer will compensate employees for benefits associated with the payment of compensated absences. Accrued leave for each employee is valued at the employee's current rate of pay.

Notes to Financial Statements June 30, 2024

# NOTE 1. NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Government-Wide Net Assets

In the government-wide financial statements, equity is displayed in the following components:

Invested in Capital Assets, Net of Related Debt – This consists of capital assets, net of accumulated depreciation, less the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – This consists of net position that is restricted by the Centers' creditors, by grantors and/or by other contributors.

*Unrestricted* – This consists of net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

#### Governmental Fund Balances

In the fund financial statements, fund balances for governmental funds are reported in classifications that comprise a hierarchy based primarily to the extent to which the Centers are bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balances are reported in the following components:

Assigned – This classification is amounts that are designated by the primary government or component unit to be used for specific purposes, but are neither restricted nor committed. The authority for assigning the fund balance is determined by the Board of Trustees.

*Unassigned* – This classification represents amounts that have not yet been restricted, committed or assigned to specific purposes within the General Fund.

The Board of Trustees of New Horizons Regional Education Centers approved a policy regarding net assets as follows:

At the end of the fiscal year, all excess revenue over expenditures shall be recorded as "Unrestricted Net Assets." The Board may commit a portion of the "Unrestricted Net Assets" to be used for Board approved construction, capital improvements or other uses.

#### **Deferred Outflows and Inflows of Resources**

Deferred outflows of resources represent a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. Deferred inflows of resources represent an acquisition of net position that applies to a future period and so will not be recognized as revenue until then.

Notes to Financial Statements June 30, 2024

# NOTE 1. NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Use of Estimates

NHREC has made a number of estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these financial statements in conformity with generally accepted accounting principles. Estimates are used primarily when accounting for grant receivables (due from/to other governments), depreciation, prepaid expenses and deferred revenues.

#### Adoption of New Accounting Pronouncement

During the year ended June 30, 2024, New Horizons Regional Education Centers adopted GASB Statement No. 96, Subscription-Based Information Technology Arrangements (SBITAs), which requires the recognition of certain SBITA assets and liabilities that previously were classified as operating expenses. The Statement establishes a single model for SBITA accounting based on the foundational principle that SBITA's are the right to use an underlying information technology asset. Under this statement, NHREC is required to recognize an intangible right-to-use subscription asset and corresponding subscription liability. As a result, the Statement of Net Position now includes a receivable and inflow for the present value of payments expected to be made on the subscription assets. Subscription activity is further described in Note 7. As of June 30, 2024, NHREC had \$131,663 in right-to-use assets net of accumulated amortization of \$81,482 and \$117,767 in subscription liabilities related to these arrangements.

#### NOTE 2. DEPOSITS AND INVESTMENTS

At June 30, 2024, the carrying amount of the NHREC's deposits was \$5,493,164 and the bank balance was \$5,922,666. The discretely presented component unit had a carrying amount of \$1,760,434 in deposits and the bank balance was \$1,768,595. These deposits are secured by the FDIC limit up to \$250,000.

#### NOTE 3. ACCOUNTS RECEIVABLE

As of June 30, 2024, accounts receivable were composed of the following:

Hampton City Schools	\$ 463,258
York County Public Schools	355,070
Commonwealth of Virginia	192,382
Greater Peninsula Workforce Development Consortium	173,591
Williamsburg – James City County Public Schools	137,330

Isle of Wight County Public Schools		_	<u>-</u>		148,750	148,750
	<u>\$5,505,409</u>	\$	13,218,599	\$	1,664,245	\$20,388,253

<sup>\*</sup>Special education revenue includes annual contributions, tuition, additional positive support payments, and extended school year payments.

# NOTE 7. LEASES & SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS (SBITAs)

#### **Operating Leases**

NHREC has entered into operating lease agreements for equipment, and for classroom space in Newport News and York County. These agreements expire between July 2026 and June 2027. NHREC recognizes right of use assets and lease liabilities based on the present value of lease payments over the lease term at commencement date. Lease costs for the year ended June 30, 2024 was \$274,109.

The table below presents a maturity analysis of lease liabilities and reconciliation of the total amount of such liabilities at June 30, 2024:

Year Ending June 30:	
2025	\$ 273,980
2026	276,327
2027	 245,600
Total lease payments	795,907
Less discount for net present value	 26,156
Present value of lease liability	\$ 769,751
Less current maturities of lease liabilities	 259,282
Noncurrent lease liability	\$ 510,469

Notes to Financial Statements June 30, 2024

# NOTE 7. LEASES & SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS (SBITAs) (Continued)

Other information for the operating leases:

The weighted average remaining lease term in years

The weighted average discount rate

2.8 years

2.3%

#### **Facilities Leased to Others**

NHREC leased career and technical education space in its Butler Farm location to Virginia Peninsula Community College under a lease expiring October 1, 2023. The lease agreement provided for base monthly rental payments. NHREC has recognized \$66,375 lease revenue and \$84 interest income related to its lessor agreements.

NHREC's Board minutes from May 28, 2024, confirm that the organization has been in a lease agreement with Virginia Peninsula Community College/Thomas Nelson Community College for space at Butler Farm Campus for its mechatronics program since 2015. A prior lease amendment covered the period from 2018 to 2023, and a new agreement extends the lease from July 2024 to July 2025. Under the Second Amendment to the Deed of Lease, VPCC is required to pay \$1 for the extension.

#### **Subscription-Based Information Technology Arrangements (SBITAs)**

NHREC obtains the right to use a vendors' information technology software through a long-term contract. Payments are annual.

Future principal and interest payment requirements related to the subscription liability at June 30, 2024 are as follows:

Year ending June 30	Principal	Interest	Total		
2025	\$ 69,332	\$3,097	\$ 72,429		
2026	\$ 71,327	\$1,102	\$ 72,429		
2025 - 2026	\$ 140,659	\$4,199	\$ 144,858		

During the year, NHREC did not recognize any outflows related to variable payments. If any were present, they would have been properly excluded from the initial measurement of the subscription liability.

As of June 30, 2024, NHREC did not have any commitments related to subscriptions for which the subscription term has not commenced.

Notes to Financial Statements June 30, 2024

#### NOTE 8. FUND BALANCES

In the fund financial statements, fund balances for governmental funds at June 30, 2024 are reported in classifications that comprise a hierarchy based primarily on the extent to which NHREC is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balances are reported in three components as follows:

	Primary Government	Component Unit	
Assigned for capital improvements - includes amounts donated by the local school systems for specific capital improvement projects	\$ 1,575,128	\$	-
Assigned funds set aside by the Board of Directors for various capital and other projects	2,262,864		-
Assigned for donor restricted purposes	-		421,390
Unassigned	3,125,954		232,337
	\$ 6,963,946	\$	653,727

Notes to Financial Statements June 30, 2024

#### NOTE 9. RELATED PARTY TRANSACTIONS

New Opportunity L.L.C. (LLC), a single member LLC of which New Horizons Educational Foundation, Inc. is the sole member, signed an \$11,000,000 promissory note with the Economic Development Authority of the City of Newport News (the Authority) in November 2013. The promissory note obligates the LLC to pay the Authority all principal and interest due under the terms of the Authority's \$11,000,000 Tax-Exempt Revenue Bond, Series 2013. The Authority assigned this promissory note to PNC Bank, and all payments are therefore made to PNC Bank as noted in Note 5.

New Horizons Regional Education Center Association (the Association) deposited \$1,027,842 in a debt service reserve account at PNC Bank that will be used to cure any debt service payment deficiencies, and if none, to ultimately pay the final year of bond debt service payments. This amount is recorded as prepaid rent in the Statement of Net Position.

Proceeds from this loan were used to finance the construction of a special education facility that is leased by the Association (also known as New Horizons Regional Education Centers). Construction of the facility began during the year ended June 30, 2015, and was completed in January 2016. The facility was built on the New Horizons Woodside Lane campus on land owned by the Association.

This land is leased to the LLC for 30 years pursuant to a ground lease. The LLC used the loan proceeds to finance construction of the facility, which along with the land and existing facilities, is being leased back to the Association for 15 years (the term of the bond debt). Lease payments made by the Association to the LLC are equal to the debt service payments due on the loan. At the expiration of the 30 year ground lease, all property, including the new building, reverts back to the Association.

New Horizons Education Foundation, Inc. also created Woodside Lane L.L.C. (Woodside LLC) to manage the financing and procurement of services for the renovation of the Woodside Lane CTE facility. Woodside LLC is a single member LLC of which New Horizons Educational Foundation, Inc. is the sole member.

NHREC also has \$68,585 due from the Foundation, which includes \$44,999 in grant funds to support the NHREC Career and Technical program and additional amounts for reimbursement of expenses for NHREC's Teacher of the Year event.

Notes to Financial Statements June 30, 2024

#### NOTE 10. DEFINED BENEFIT PENSION PLANS

#### Summary of Significant Accounting Policies

The Virginia Retirement System (VRS) Teacher Employee Retirement Plan is a multiple-employer cost sharing plan. The VRS Nonprofessional Plan is a multi-employer, agent plan. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of NHREC's Professional and Nonprofessional Retirement Plans and the additions to/deductions from NHREC's Professional and Nonprofessional net fiduciary positions have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). In addition, benefit payments (including refunds of employee contribution) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### Plan Description

All full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Retirement Plan upon employment. All full-time, salaried permanent nonprofessional employees are automatically covered by a separate VRA retirement plan. These Plans are administered by the Virginia Retirement System (the System) along with Plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

The System administers three different benefit structures for both professional and nonprofessional covered employees – Plan 1, Plan 2, and Hybrid. Each of these benefit structures has different eligibility criteria. The specific information for each plan and the eligibility for covered groups within each plan are defined below:

#### VRS Plan 1 Retirement Plan Provisions

**About Plan 1-** VRS Plan 1 is a defined benefit plan. The retirement benefit is based on a member's age, creditable service and average final compensation at retirement using a formula.

*Eligible Members* - Employees are in VRS Plan 1 if their membership date is before July 1, 2010, and they were vested as of January 1, 2013, and they have not taken a refund.

*Hybrid Opt-In Election* - VRS non-hazardous duty covered Plan 1 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014.

Notes to Financial Statements June 30, 2024

#### NOTE 10. DEFINED BENEFIT PENSION PLANS (Continued)

The Hybrid Retirement Plan's effective date for eligible Plan 1 members who opted in was July 1, 2014. If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan. Non-professional and professional members who were eligible for an optional retirement plan (ORP) and had prior service under VRS Plan 1 were not eligible to elect the Hybrid Retirement Plan and remain as VRS Plan 1 or ORP.

**Retirement Contributions** - Employees contribute 5% of their compensation each month to their member contribution account through a pre-tax salary reduction. Member contributions are tax-deferred until they are withdrawn as part of a retirement benefit or as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees. VRS invests both member and employer contributions to provide funding for the future benefit payment.

Service Credit – Service credit includes active service. Members earn service credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional service credit the member was granted. A member's total service credit is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.

**Vesting** - Vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members become vested when they have at least five years (60 months) of creditable service. Vesting means members are eligible to qualify for retirement if they meet the age and service requirements for their plan.

Members also must be vested to receive a full refund of their member contribution account balance if they leave employment and request a refund. Members are always 100% vested in the contributions that they make.

Calculating the Benefit – The Basic Benefit is determined using the average final compensation, service credit and plan multiplier. An early retirement reduction is applied to this amount if the member is retiring with a reduced benefit. In cases where the member has elected an optional form of retirement payment, an option factor specific to the option chosen is then applied.

**Average Final Compensation** - A member's average final compensation is the average of the 36 consecutive months of highest compensation as a covered employee.

**Service Retirement Multiplier** - The retirement multiplier is a factor used in the formula to determine a final retirement benefit. The retirement multiplier for non-hazardous duty members is 1.7%.

Normal Retirement Age - Age 65

Notes to Financial Statements June 30, 2024

#### NOTE 10. DEFINED BENEFIT PENSION PLAN (Continued)

**Earliest Unreduced Retirement Eligibility** – Members are eligible for an unreduced retirement benefit at age 65 with at least 5 years (60 months) of creditable service or at age 50 with at least 30 years of creditable service.

*Earliest Reduced Eligibility* – Members may retire with a reduced benefit as early as age 55 with at least five years (60 months) of creditable service or age 50 with at least 10 years of creditable service.

**Cost-of-Living Adjustment (COLA) in Retirement** - The Cost-of-Living Adjustment (COLA) matches the first 3% increase in the Consumer Price Index for all Urban Consumers (CPI-U) and half of any additional increase (up to 4%) up to a maximum COLA of 5%.

*Eligibility* - For members who retire with an unreduced benefit or with a reduced benefit with at least 20 years of service credit, the COLA will go into effect on July 1 after one full calendar year from the retirement date.

For members who retire with a reduced benefit and who have less than 20 years of service credit, the COLA will go into effect on July 1 after one calendar year following the unreduced retirement eligibility date.

*Exceptions to COLA Effective Dates* - The COLA is effective July 1 following one full calendar year (January 1 to December 31) under any of the following circumstances:

- The member is within five years of qualifying for an unreduced retirement benefit as of January 1, 2013.
- The member retires on disability.
- The member retires directly from short-term or long-term disability.
- The member is involuntarily separated from employment for causes other than job performance or misconduct and is eligible to retire under the Workforce Transition Act or the Transitional Benefits Program.
- The member dies in service and the member's survivor or beneficiary is eligible for a monthly death-in-service benefit. The COLA will go into effect on July 1 following one full calendar year (January 1 to December 31) from the date the monthly benefit begins.

**Disability Coverage** – Members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.7% on all service, regardless of when it was earned, purchased or granted.

**Purchase of Prior Service** - Members may be eligible to purchase service from previous public employment, active duty military service, an eligible period of leave or VRS refunded service as service credit in their plan. Prior service credit counts toward vesting, eligibility for retirement and the health insurance credit. Only active members are eligible to purchase prior service. Members also may be eligible to purchase periods of leave without pay.

Notes to Financial Statements June 30, 2024

#### NOTE 10. DEFINED BENEFIT PENSION PLAN (Continued)

#### **VRS Plan 2 Retirement Plan Provisions**

**About Plan 2 -** Plan 2 is a defined benefit plan. The retirement benefit is based on a member's age, creditable service and average final compensation at retirement using a formula.

*Eligible Members* – Nonprofessional employees are in Plan 2 if their membership date is on or after July 1, 2010, or their membership date is before July 1, 2010, and they were not vested as of January 1, 2013. Professional employees are in Plan 2 if their membership date is from July 1, 2010 to December 31, 2013, and they have not taken a refund, or they have a membership date prior to July 1, 2010, and they were not vested before January 1, 2013.

*Hybrid Opt-In Election* - Eligible Plan 2 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014.

The Hybrid Retirement Plan's effective date for eligible VRS Plan 2 members who opted in was July 1, 2014. If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan.

Nonprofessional members who were eligible for an optional retirement plan (ORP) and had prior service under VRS Plan 2 were not eligible to elect the Hybrid Retirement Plan and remain as VRS Plan 2 or ORP.

**Retirement Contributions** – Same as Plan 1.

Service Credit - Same as Plan 1.

**Vesting** - Same as Plan 1.

Calculating the benefit - See definition under Plan 1.

**Average Final Compensation** - A member's average final compensation is the average of their 60 consecutive months of highest compensation as a covered employee.

**Service Retirement Multiplier** - Same as Plan 1 for service earned, purchased or granted prior to January 1, 2013. The retirement multiplier is 1.65% for service credit earned, purchased or granted on or after January 1, 2013.

For nonprofessional non-hazardous duty members, the retirement multiplier is also 1.65% for service credit earned, purchased or granted on or after January 1, 2013.

Normal Retirement Age - Normal Social Security retirement age.

Notes to Financial Statements June 30, 2024

## **NOTE 10. DEFINED BENEFIT PENSION PLAN (Continued)**

Earliest Unreduced Retirement Eligibility –VRS - Normal Social Security retirement age with at least five years (60 months) of service credit or when their age and service equal 90.

*Earliest Reduced Retirement Eligibility – VRS* - Age 60 with at least five years (60 months) of service credit.

**Cost-of-Living Adjustment (COLA) in Retirement** - The Cost-of-Living Adjustment (COLA) matches the first 2% increase in the CPI-U and half of any additional increase (up to 2%) for a maximum COLA of 3%.

Eligibility for COLA - Same as VRS Plan 1.

Exceptions to COLA Effective Dates - Same as VRS Plan 1.

**Disability Coverage** – Members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.65% on all service, regardless of when it was earned, purchased or granted.

Purchase of Prior Service - Same as Plan 1.

## **Hybrid Retirement Plan Provisions**

**About the Hybrid Retirement Plan -** The Hybrid Retirement Plan combines the features of a defined benefit plan and a defined contribution plan.

- The defined benefit is based on a member's age, service credit and average final compensation at retirement using a formula.
- The benefit from the defined contribution component of the plan depends on the member and employer contributions made to the plan and the investment performance of those contributions.
- In addition to the monthly benefit payment payable from the defined benefit plan at retirement, a member may start receiving distributions from the balance in the defined contribution account, reflecting the contributions, investment gains or losses and any required fees.

Notes to Financial Statements June 30, 2024

#### **NOTE 10. DEFINED BENEFIT PENSION PLAN (Continued)**

*Eligible Members* - Employees are in the Hybrid Retirement Plan if their membership date is on or after January 1, 2014. This includes:

- School division employees (Professional and Nonprofessional)
- Members in Plan 1 or Plan 2 who elected to opt into the plan during the election window held January 1 April 30, 2014; the plan's effective date for opt-in members was July 1, 2014.

**Non-Eligible Members** – Those employees eligible for an optional retirement plan (ORP) must elect the ORP plan or the Hybrid Retirement Plan. If these members have prior service under Plan 1 or Plan 2, they are not eligible to elect the Hybrid Retirement Plan and must select Plan 1 or Plan 2 (as applicable) or ORP.

**Retirement Contributions** – A member's retirement benefit is funded through mandatory and voluntary contributions made by the member and the employer to both the defined benefit and the defined contribution components of the plan. Mandatory contributions are based on a percentage of the employee's creditable compensation and are required from both the member and the employer. Additionally, members may choose to make voluntary contributions to the defined contribution component of the plan and the employer is required to match those voluntary contributions according to specified percentages.

#### Service Credit -

<u>Defined Benefit Component:</u> Under the defined benefit component of the plan, service credit includes active service. Members earn service credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional service credit the member was granted. A member's total service credit is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.

<u>Defined Contributions Component:</u> Under the defined contribution component, service credit is used to determine vesting for the employer contribution portion of the plan.

#### Vesting -

<u>Defined Benefit Component:</u> Defined benefit vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members are vested under the defined benefit component of the Hybrid Retirement Plan when they reach five years (60 months) of service credit. Plan 1 or Plan 2 members with at least five years (60 months) of service credit who opted into the Hybrid Retirement Plan remain vested in the defined benefit component.

Notes to Financial Statements June 30, 2024

#### **NOTE 10. DEFINED BENEFIT PENSION PLAN (Continued)**

<u>Defined Contributions Component:</u> Defined contribution vesting refers to the minimum length of service a member needs to be eligible to withdraw the employer contributions from the defined contribution component of the plan.

Members are always 100% vested in the contributions that they make.

Upon retirement or leaving covered employment, a member is eligible to withdraw a percentage of employer contributions to the defined contribution component of the plan, based on service. After two years, a member is 50% vested and may withdraw 50% of employer contributions. After three years, a member is 75% vested and may withdraw 75% of employer contributions. After four or more years, a member is 100% vested and may withdraw 100% of employer contributions.

Distribution is not required except as governed by law.

#### Calculating the Benefit -

Defined Benefit Component: See definition under Plan 1.

<u>Defined Contribution Component:</u> The benefit is based on contributions made by the member and any matching contributions made by the employer, plus net investment earnings on those contributions.

Average Final Compensation - Same as Plan 2. It is used in the retirement formula for the defined benefit component of the plan.

#### Service Retirement Multiplier -

<u>Defined Benefit Component</u>: The retirement Multiplier for the defined benefit component is 1.0%. For members who opted into the Hybrid Retirement Plan from Plan 1 or Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans.

<u>Defined Contribution Component:</u> Not applicable.

#### Normal Retirement Age -

<u>Defined Benefit Component:</u> Same as Plan 2.

<u>Defined Contribution Component:</u> Members are eligible to receive distributions upon leaving employment, subject to restrictions.

#### Earliest Unreduced Retirement Eligibility -

<u>Defined Benefit Component:</u> Normal Social Security retirement age and have at least five years (60 Months) of creditable service or when their age and service equal 90.

<u>Defined Contribution Component:</u> Members are eligible to receive distributions upon leaving employment, subject to restrictions.

Notes to Financial Statements June 30, 2024

#### **NOTE 10. DEFINED BENEFIT PENSION PLAN (Continued)**

#### Earliest Reduced Retirement Eligibility -

<u>Defined Benefit Component:</u> Members may retire with a reduced benefit as early as age 60 with at least five years (60 months) of creditable service.

<u>Defined Contribution Component:</u> Members are eligible to receive distributions upon leaving employment, subject to restrictions.

## Cost-of-Living Adjustment (COLA) in Retirement -

<u>Defined Benefit Component:</u> Same as Plan 2.

<u>Defined Contribution Component:</u> Not applicable.

Eligibility: Same as Plan 1 and Plan 2.

Exceptions to COLA Effective Dates: Same as Plan 1 and Plan 2.

**Disability Coverage** – Professional employees and employees of political subdivisions (including Plan 1 and Plan 2 opt-ins) participate in the Virginia Local Disability Program (VLDP) unless their local governing body provides an employer-paid comparable program for its members.

Hybrid members (including Plan 1 and Plan 2 opt-ins) covered under VLDP are subject to a one year waiting period before becoming eligible for non-work-related disability benefits.

#### Purchase of Prior Service

<u>Defined Benefit Component:</u> Same as Plan 1, with the following exceptions:

• Hybrid Retirement Plan members are ineligible for ported service.

Defined Contribution Component: Not applicable.

**Employees covered by Benefit Terms** - As of the June 30, 2022 actuarial evaluation, the following nonprofessional employees were covered by the benefit terms of the pension plan:

Notes to Financial Statements June 30, 2024

# NOTE 10. DEFINED BENEFIT PENSION PLAN (Continued)

Nonprofessional Employees (non-teacher):	
Inactive members or their beneficiaries currently receiving benefits	13
Inactive members:	
Vested inactive members	2
Non-vested inactive members	6
Inactive members active elsewhere in VRS	5
Total inactive members	26
Active members	10
Total covered employees	36

Contributions - The contribution requirement for active employees is governed by §51.1-145 of the Code of Virginia, as amended, but may be impacted as a result of funding options provided to school divisions and political subdivisions by the Virginia General Assembly. Employees are required to contribute 5% of their compensation toward their retirement. Each school division's contractually required contribution rate to the Teacher Retirement Plan (Professional) for the year ended June 30, 2024 was 16.62% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from NHREC were \$1,823,330 and \$1,721,158 for the years ended June 30, 2024 and 2023, respectively.

In June 2023, the Commonwealth made a special contribution of approximately \$147.5 million to the VRS Teacher Employee Plan. This special Payment was authorized by Chapter 2 of the Acts of the Assembly of 2022, Session 1, as amended by Chapter 769, 2023 Acts of Assembly Reconvened Session, and is classified as a non-employer contribution. The NHREC proportionate share is reflected as a decrease in net pension liability.

In addition, for the Nonprofessional (non-teacher) employees, NHREC's contractually required employer contribution rate for the year ended June 30, 2024 was 15.30% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the Nonprofessional (non-teacher) pension plan from NHREC were \$58,141 and \$52,702 for the years ended June 30, 2024 and **June 30, 2023**, respectively.

Notes to Financial Statements June 30, 2024

#### **NOTE 10. DEFINED BENEFIT PENSION PLAN (Continued)**

Net Pension Liability – At June 30, 2024, NHREC reported a liability of \$10,430,635 for its proportionate share of the Net Pension Liability of the Teacher Retirement Plan (Professional). The Net Pension Liability was measured as of June 30, 2023 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2022 and rolled forward to the measurement date of June 30, 2023. NHREC's proportion of the Net Pension Liability was based on the actuarially determined employer contributions to the pension plan for the year ended June 30, 2023 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2023, NHREC's proportion was 0.10320% as compared to 0.10337% at June 30, 2022.

In addition, NHREC's net pension liability for Nonprofessional (non-teacher) Retirement Plan is calculated separately for each employer and represents that particular employer's total pension liability determined in accordance with GASB Statement No. 68, less that employer's net position. NHREC's net pension liability was measured as of June 30, 2023. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2022 rolled forward to the measurement date of June 30, 2023. At June 30, 2024, NHREC reported a liability of \$309,693 for the Nonprofessional (non-teacher) Retirement Plan.

**Pension Expense** – For the year ended June 30, 2024, NHREC recognized pension expense of \$1,009,879 for the Teacher Retirement Plan (Professional). Since there was a change in proportionate share between measurement dates, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions. Beginning with the June 30, 2022, measurement date, the difference between expected and actual contributions is included with the pension expense calculation.

In addition, for the year ended June 30, 2024, NHREC recognized pension expense of \$19,173 for the Nonprofessional (non-teacher) Retirement Plan.

**Deferred Outflows/Inflows of Resources** – At June 30, 2024, for the Teacher Retirement Plan (Professional), NHREC reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Notes to Financial Statements June 30, 2024

# NOTE 10. DEFINED BENEFIT PENSION PLAN (Continued)

		Deferred		Deferred
	O	utflows of	I	nflows of
	F	Resources		Resource
Net Difference between projected and actual				
earnings on pension plan investments	\$	-	\$	678,202
Changes of assumptions		472,857		-
Changes in proportion and differences between				
employer contributions and proportionate				
share of contributions		63,355		195,516
Difference between expected and actual				
experience		896,000		407,048
Employer contributions subsequent to the				
measurement date		1,823,330		<u>-</u>
Total	\$	3,255,542	\$	1,280,766

Deferred outflows of resources of \$1,823,330 related to pensions resulting from NHREC's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	eferred Amounts
2025	\$ (261,544)
2026	(600,440)
2027	812,918
2028	200,512
2029	 <u> </u>
	\$ 151,446

In addition, at June 30, 2024, for the Nonprofessional (non-teacher) Retirement Plan, NHREC reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Ou	eferred tflows of esources	In	Deferred flows of esource

Notes to Financial Statements June 30, 2024

#### **NOTE 10. DEFINED BENEFIT PENSION PLAN (Continued)**

Deferred outflows of resources of \$58,141 related to pensions resulting from NHREC's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	eferred Amounts
2025	\$ (28,660)
2026	(19,215)
2027	14,977
2028	558
2029	 <u>-</u>
	\$ (32,340)

# **Actuarial Assumptions and Methods**

#### Professional/Teacher Retirement Plan

The total pension liability for the VRS Teacher Retirement Plan was based on an actuarial valuation as of June 30, 2022, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023.

Inflation 2.5 percent Salary increases, including inflation 3.5 percent - 5.95% Investment rate of return 6.75 percent, including inflation

## Mortality rates:

**Pre-Retirement:** 

Pub-2010 Amount Weighted Teachers Employees Rates projected generationally; 110% of rates for males.

Notes to Financial Statements June 30, 2024

#### **NOTE 10. DEFINED BENEFIT PENSION PLAN (Continued)**

#### Post Retirement:

Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females.

#### Post-Disablement:

Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females.

#### Beneficiaries and Survivors:

Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally.

#### Mortality Improvement:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the standard rates.

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the four-year period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

- Mortality Rates (Pre-retirement, post-retirement healthy, and disabled) Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020.
- Retirement Rates Adjusted rates to better fit experience for Plan 1; set separate rates based one experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all.
- Withdrawal Rates Adjusted rates to better fit experience at each year age and service through 9 years of service
- Disability Rates No change
- Salary Scale No change
- Discount rate No change

#### Nonprofessional (non-teacher) Retirement Plan

The total pension liability for Nonprofessional Retirement Plan (non-teacher) was based on an actuarial valuation as of June 30, 2022, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023.

Inflation 2.5 percent Salary increases, including inflation 3.5 percent – 5.35% Investment rate of return 6.75 percent, net of expenses, including inflation

Notes to Financial Statements June 30, 2024

#### **NOTE 10. DEFINED BENEFIT PENSION PLAN (Continued)**

Mortality rates: 15% of deaths are assumed to be service related

#### Pre-Retirement:

Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years.

#### Post Retirement:

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set back 3 years.

#### Post-Disablement:

Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years.

#### Beneficiaries and Survivors:

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years.

#### Mortality Improvement:

Rates are projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates.

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

- Mortality Rates (Pre-retirement, post-retirement healthy, and disabled) –
   Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020.
- Retirement Rates Adjusted rates to better fit experience for Plan 1; set separate rates based in experience for Plan 2/Hybrid; changed final retirement age
- Withdrawal Rates Adjusted rates to better fit experience at each year age and service through 9 years of service.

Notes to Financial Statements June 30, 2024

#### NOTE 10. DEFINED BENEFIT PENSION PLAN (Continued)

- Disability Rates No change
- Salary Scale No change
- Line of Duty Disability No change
- Discount Rate No change

#### **Net Pension Liability**

The Teacher Plan net pension liability (NPL) is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB Statement No. 67, less that system's fiduciary net position. As of June 30, 2023, NPL amounts for the VRS Teacher/Professional Employee Retirement Plan is as follows (amounts expressed in thousands):

	cher Employee etirement Plan
Total Pension Liability Plan Fiduciary Net Position	\$ 57,574,609 47,467,405
Employers' Net Pension Liability (Asset)	\$ <u>1,107,204</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	82.45%

The total pension liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net pension liability is disclosed in accordance with the requirements of GASB Statement No. 67 in the System's notes to the financial statements and required supplementary information.

Long-Term Expected Rate of Return - The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Notes to Financial Statements June 30, 2024

#### NOTE 10. DEFINED BENEFIT PENSION PLAN (Continued)

DETTIVED DETVETTT TETVSTOT	VI Erri (Continue	*)	W/a:ala4a.4
			Weighted
		Arithmetic	Average
		Long-Term	Long-Term
		Expected	Expected
	Target	Rate of	Rate of
Asset Class (Strategy)	Allocation	Return	Return
Public Equity	34.00%	6.14%	2.09%
Fixed Income	15.00%	2.56%	0.38%
Credit Strategies	14.00%	5.60%	0.78%
Real Assets	14.00%	5.02%	0.70%
Private Equity	16.00%	9.17%	1.47%
MAPS – Multi-Asset Public Str	ategies 4.00%	4.50%	0.18%
PIP – Private Investment Partne	ership 2.00%	7.18%	0.14%
Cash	1.00%	1.20%	0.01%
Total	100.00%		5.75%
Inflation			2.50%
Expected arithmetic nominal ret	turn		8.25%

• The above allocation provides a one-year rate of return of 8.25%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.14%, including expected inflation of 2.50%. On June15, 2023, the VRS Board elected a long-term rate of 6.75% which was roughly at the 45<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.50%.

#### Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2023, the rate contributed by the School Division for the VRS Professional/Teacher Retirement Plan will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 112% of the actuarially determined contribution rate. For the Nonprofessional (nonteacher) Plan, consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions; political subdivisions were also provided with an opportunity to use an alternate employer contribution rate. For the year ended June 30, 2023, the alternate rate was the employer contribution rate used in FY 2012 or 100% of the actuarially determined employer contribution rate from the June 30, 2022 actuarial valuations, whichever was greater.

Notes to Financial Statements June 30, 2024

## NOTE 10. DEFINED BENEFIT PENSION PLAN (Continued)

From July 1, 2023 on, school divisions and participating employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plans' fiduciary net positions were projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

# Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents NHREC's proportionate share of the net pension liability for the Professional/Teacher Retirement Plan using the discount rate of 6.75%, as well as what NHREC's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	1% Decrease	Discount Rate	1% Increase
	(5.75%)	(6.75%)	(7.75%)
NHREC's Proportionate share Of the net pension liability For the VRS Teacher			
Retirement Plan	<u>\$ 18,489,796</u>	\$ 10,430,635	\$3,805,342

In addition, the following presents the net pension liability of the Nonprofessional (non-teacher) Retirement Plan using the discount rate of 6.75%, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	1% Decrease (5.75%)	Current Discount Rate (6.75%)	1% Increase (7.75%)
NHREC's Proportionate share of the net pension liability for the VRS Nonprofessional Retirement Plan	<u>\$ 466,369</u>	\$ 309,693	<u>\$ 168,854</u>

Notes to Financial Statements June 30, 2024

#### Pension Plan Data

Detailed information about the VRS Teacher Retirement Plan's Fiduciary Net Position or the VRS Nonprofessional Employee Retirement Plan is available in the separately issued VRS 2023 Annual Comprehensive Financial Report (Annual Report). A copy of the 2023 VRS Annual Report may be downloaded from the VRS website at <a href="http://www.varetire.org/Pdf/Publications/2022-annual-report.pdf">http://www.varetire.org/Pdf/Publications/2022-annual-report.pdf</a>, or by writing to the System's Chief Financial Officer at P. O. Box 2500, Richmond, VA 23218-2500.

## Payables to the VRS Professional and Nonprofessional Plans

At June 30, 2024, \$247,855 was payable to the VRS Professional Plan and \$7,440 was payable to the Nonprofessional Plan.

Notes to Financial Statements June 30, 2024

#### NOTE 11. OTHER POSTEMPLOYMENT BENEFITS

#### **VRS Plans**

NHREC participates in a cost-sharing multiple employer Group Life Insurance Program, a Teacher Employee Health Insurance Credit Program, a Political Subdivision Health Insurance Credit Plan, a Political Subdivision Employee Virginia Disability Program, and a Teacher Employee Virginia Local Disability Program offered by Virginia Retirement System ("VRS").

VRS issues a publicly available 2023 Annual Comprehensive Financial Report (Annual Report) that includes financial statements and required supplementary information for the plans administered by VRS. A copy of the most recent report may be obtained from the VRS website at <a href="http://www.varetire.org/pdf/publications/2023-annual -report.pdf">http://www.varetire.org/pdf/publications/2023-annual -report.pdf</a>, or by writing to VRS' Chief Financial Office at P.O. Box 2500, Richmond, Virginia 23218-2500.

The actuarial assumptions and long term expected rate of return are the same for the VRS OPEB programs. As such, the presentation of the actuarial assumptions and long term expected rate of return are combined below. Specific information for the OPEB plans will be presented after this section.

#### Actuarial Assumptions

The VRS OPEB liability was based on an actuarial valuation as of June 30, 2022, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023.

Inflation	2.5 percent
Salary increases, including inflation –	
General state employees	3.5 percent - 5.35 percent
Teachers	3.5 percent - 5.95 percent
SPORS employees	3.5 percent - 4.75 percent
VaLORS employees	3.5 percent - 4.75 percent
JRS employees	4.0 percent
Locality – General employees	3.5 percent - 5.35 percent
Locality – Hazardous Duty employees	3.5 percent - 4.75 percent
Investment rate of return	6.75 percent, including inflation

Notes to Financial Statements June 30, 2024

Total	100.00%	- -	5.75%
	Inflation		2.50%
* Expected arithme	tic nominal return		8.25%

Notes to Financial Statements June 30, 2024

#### **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

\* The above allocation provides a one-year return of 7.25%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 7.14%, including expected inflation of 2.50%.

On June 15, 2023 the VRS Board elected a long-term rate of return of 6.75%, which was roughly at the 40th percentile of long-term results of the VRS fund asset allocation at that time, providing a medial return of 7.14%, including expected inflation of 2.5%.

# <u>Virginia Retirement System – Group Life Insurance Program</u> Summary of Significant Accounting Policies

The Virginia Retirement System (VRS) Group Life Insurance Program is a multiple employer, cost-sharing plan. It provides coverage to state employees, teachers, and employees of participating political subdivisions. The Group Life Insurance Program was established pursuant to Section 51.1-500 et seq. of the *Code of Virginia*, as amended, and which provides the authority under which benefit terms are established or may be amended. The Group Life Insurance Program is a defined benefit plan that provides a basic group life insurance benefit for employees of participating employers. For purposes of measuring the net Group Life Insurance Program OPEB liability deferred outflows of resources and deferred inflows of resources related to the Group Life Insurance Program OPEB, Group Life Insurance Program OPEB expense, information about the fiduciary net position of the VRS Group Life Insurance Program OPEB and the additions to / deductions from the VRS Group Life Insurance Program OPEB's fiduciary net position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### Plan Description

All full-time, salaried permanent employees of the state agencies, teachers and employees of participating political subdivisions are automatically covered by the VRS Group Life Insurance Program upon employment. This plan is administered by the Virginia Retirement System (the System), along with pensions and other OBEB plans, for public employer groups in the Commonwealth of Virginia.

Notes to Financial Statements June 30, 2024

## **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

In addition to the Basic Group Life Insurance benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional Group Life Insurance Program. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured program, it is not included as part of the Group Life Insurance Program OPEB.

The specific information for Group Life Insurance Program OPEB, including eligibility, coverage and benefits is set out in the table below:

## GROUP LIFE INSURANCE PROGRAM PLAN PROVISIONS

# Eligible Employees

The Group Life Insurance Program was established July 1, 1960, for state employees, teachers and employees of political subdivisions that elect the program, including the following employers that do not participate in VRS for retirement:

- City of Richmond
- City of Portsmouth
- City of Roanoke
- City of Norfolk
- Roanoke City Schools Board

Basic group life insurance coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their accumulated retirement member contributions and accrued interest.

#### **Benefit Amounts**

The benefits payable under the Group Life Insurance Program have several components.

- <u>Natural Death Benefit</u> The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled.
- <u>Accidental Death Benefit</u> The accidental death benefit is double the natural death benefit.
- Other Benefit Provisions In addition to the basic natural and accidental death benefits, the program provides additional benefits provided under specific circumstances. These include:
  - Accidental dismemberment benefit
  - Seatbelt benefit
  - Repatriation benefit
  - o Felonious assault benefit
  - o Accelerated death benefit option

#### **Reduction in benefit Amounts**

The benefit amounts provided to members covered under the Group Life Insurance Program are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value.

Notes to Financial Statements June 30, 2024

#### **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

#### Minimum Benefit Amount and Cost-of-Living Adjustment (COLA)

For covered members with at least 30 years of creditable service, there is a minimum benefit payable under the Group Life Insurance Program. The minimum benefit was set at \$8,000 by statute in 2015. This will be increased annually based on the VRS Plan 2 cost-of-living adjustment calculation. The minimum benefit adjusted for COLA was \$9,254 as of June 30, 2024.

#### **Contributions**

The contribution requirements for the Group Life Insurance Program are governed by §51.1-506 and §51.1-508 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the Group Life Insurance Program was 1.34% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.80% (1.34% X 60%) and the employer component was 0.54% (1.34% X 40%). Employers may elect to pay all or part of the employee contribution, however the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2024 was 0.54% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the Group Life Insurance Program from NHREC for the nonprofessional employees were \$1,993 and \$1,861 for the years ended June 30, 2024 and June 30, 2023, respectively. Contributions for the professional employees were \$58,875 and \$56,029 for the years ended June 30, 2023 and June 30, 2022, respectively.

# GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Group Life Insurance Program OPEB

At June 30, 2024, NHREC reported a liability of \$17,510 for its proportionate share of the Net GLI OPEB Liability for nonprofessional employees and \$528,298 for its proportionate share of the Net GLI OPEB Liability for professional employees. The Net GLI OPEB Liability was measured as of June 30, 2023 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation performed as of June 30, 2022, and rolled forward to the measurement date of July 30, 2023. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the Group Life Insurance Program for the year ended June 30, 2023, relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2023, the participating employer's proportion for nonprofessional employees was 0.00146% as compared to 0.00174% at June 30, 2022.

Notes to Financial Statements June 30, 2024

# NOTE 11. OTHER POSTEMPLOYMENT BENEFITS (Continued)

At June 30, 2023 NHREC's proportion was 0.04405% as compared to 0.04510% at June 30, 2022 for professional employees.

For the year ended June 30, 2024, the participating employer recognized GLI OPEB expense of \$1,257 for nonprofessional employees and \$23,808 for professional employees. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2024, the employer reported deferred outflows of resources and deferred inflows of resources related to the GLI OPEB for nonprofessional employees from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between expected and actual experience	\$	1,749	\$	532
Net difference between projected and actual earnings on GLI OPEB program investments		-		704
Change in assumptions		374		1,213
Changes in proportion		743		3042
Employer contributions subsequent to the measurement date		1,993		-
Total	\$	4,859	\$	5,491

\$1,993 reported as deferred outflows of resources related to the GLI OPEB resulting from the employer's contributions subsequent to the measurement date will be recognized as a reduction of the Net GLI OPEB Liability in the Fiscal Year ending June 30, 2025 for nonprofessional employees.

Notes to Financial Statements June 30, 2024

# NOTE 11. OTHER POSTEMPLOYMENT BENEFITS (Continued)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

#### Year ended June 30

FY 2025	\$ (230)
FY 2026	(1,185)
FY 2027	(226)
FY 2028	(575)
FY 2029	(409)
Thereafter	 
	\$ (2,625)

At June 30, 2024, the employer reported deferred outflows of resources and deferred inflows of resources related to the GLI OPEB for professional employees from the following sources:

	d Outflows of esources	Deferred Inflows of Resources	
Differences between expected and actual experience	\$ 52,764	\$	16,037
Net difference between projected and actual earnings on GLI OPEB program investments	-		21,230
Change in assumptions	11,293		36,603
Changes in proportion	8,652		22,930
Employer contributions subsequent to the measurement date	58,875		-
Total	\$ 131,584	\$	96,800

\$58,875 reported as deferred outflows of resources related to the GLI OPEB resulting from the employer's contributions subsequent to the measurement date will be recognized as a reduction of the Net GLI OPEB Liability in the Fiscal Year ending June 30, 2025 for professional employees.

Notes to Financial Statements June 30, 2024

## **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

#### Year ended June 30

FY 2025	\$ (7,098)
FY 2026	(25,644)
FY 2027	7,597
FY 2028	(1,970)
FY 2029	3,024
Thereafter	 
	\$ (24,091)

#### Net GLI OPEB Liability

The net OPEB liability (NOL) for the Group Life Insurance Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2023, NOL amounts for the Group Life Insurance Program is as follows (amounts expressed in thousands):

	Group Life Insurance <u>OPEB Program</u>
Total GLI OPEB Liability Plan Fiduciary Net Position	\$3,907,052 2,707,739
GLI Net OPEB Liability (Asset)	<u>\$1,199,313</u>
Plan Fiduciary Net Position as a Percentage of the Total GLI OPEB Liability	69.30%

The total GLI OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

Notes to Financial Statements June 30, 2024

# **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

#### Discount Rate

The discount rate used to measure the total GLI OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2023, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 113% of the actuarially determined contribution rate. From July 1, 2023 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

# Sensitivity of the Employer's Proportionate Share of the Net GLI OPEB Liability to Changes in the Discount Rate

The following presents the employer's proportionate share of the net GLI OPEB liability for nonprofessional employees using the discount rate of 6.75%, as well as what the employer's proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	1.00% Decrease	<b>Current Discount</b>	1.00% Increase
	(5.75%)	Rate 6.75%)	(7.75%)
Employer's proportionate			
share of the Group Life			
Insurance Program			
Net OPEB Liability	\$25,955	\$17,510	\$10,682

Notes to Financial Statements June 30, 2024

## **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

The following presents the employer's proportionate share of the net GLI OPEB liability for professional employees using the discount rate of 6.75%, as well as what the employer's proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	1.00% Decrease (5.75%)	Current Discount Rate (6.75%)	1.00% Increase (7.75%)
Employer's proportionate			
share of the Group Life			
Insurance Program			
Net OPEB Liability	\$783,102	\$528,298	\$322,286

#### Group Life Insurance Program Fiduciary Net Position

Detailed information about the Group Life Insurance Program's Fiduciary Net Position is available in the separately issued VRS 2023 *Annual Comprehensive Financial Report* (Annual Report). A copy of the 2023 VRS Annual Report may be downloaded from the VRS website at <a href="waretire.org/pdf/publications/2022-annual-report.pdf">waretire.org/pdf/publications/2022-annual-report.pdf</a>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

## Payables to the VRS Group Life Insurance OPEB Plan

At June 30, 2024, \$472 was payable to the VRS Group Life Insurance OPEB Plan for the nonprofessional plan and \$13,611 was payable for the professional plan.

# <u>Virginia Retirement System - Teacher Employee Health Insurance Credit</u> <u>Program and Political Subdivision Health Insurance Credit Program</u>

## **Summary of Significant Accounting Policies**

The Virginia Retirement System (VRS) Teacher Employee Health Insurance Credit Program is a multiple-employer, cost-sharing plan, and the Political Subdivision Health Insurance Credit Program is a multi-employer, agent defined benefit plan. Both Programs were established pursuant to §51.1-1400 et seq. of the *Code of Virginia*, as amended, and which provides the authority under which benefit terms are established or may be amended. Both Programs are defined benefit plans that provide a credit toward the cost of health insurance coverage for retired teachers and retired political subdivision employees of participating employers.

Notes to Financial Statements June 30, 2024

#### **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

For purposes of measuring the net Teacher Employee Health Insurance Credit Program OPEB liability or the net Political Subdivision Health Insurance Credit OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Teacher Employee Health Insurance Credit Program OPEB and the Political Subdivision Health Insurance Credit Program oPEB, and the Teacher Employee Health Insurance Credit Program oPEB expenses, information about the fiduciary net position of the Virginia Retirement System (VRS) Teacher Employee Health Insurance Credit Program and the Political Subdivision Health Insurance Credit Program; and the additions to/deductions from the VRS Teacher Employee Health Insurance Credit Program's and Political Subdivision Health Insurance Credit Program's net fiduciary positions have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

# General Information about the Teacher Employee Health Insurance Credit Program and Political Subdivision Health Insurance Credit Program

#### Plan Description

All full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Employee Health Insurance Credit Program. All full-time, salaried permanent employees of participating political subdivisions are automatically covered by the VRS Political Subdivision Health Insurance Credit Program upon employment. These plans are administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The health insurance credit is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

New Horizons Regional Education Centers began participating in the Political Subdivision Health Insurance Credit Programs on July 1, 2020.

Notes to Financial Statements June 30, 2024

## **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

The specific information for the Teacher Health Insurance Credit Program OPEB and the Political Subdivision Health Insurance Credit Program OPEB, including eligibility, coverage, and benefits is set out in the table below:

# TEACHER EMPLOYEE AND PLITICAL SUBDIVISIONS HEALTH INSURANCE CREDIT PROGRAM (HIC) PLAN PROVISIONS

## Eligible Employees - Teacher Employer Plan

The Teacher Employee Retiree Health Insurance Credit Program was established July 1, 1993 for retired Teacher Employees covered under VRS who retire with at least 15 years of service credit.

Eligible employees are enrolled automatically upon employment. They include:

• Full-time permanent (professional) salaried employees of public school divisions covered under VRS.

## Eligible Employees - Political Subdivision Plan

The Political Subdivision Retiree Health Insurance Credit Program was established on July 1, 1993, for retired political subdivision employees who elect the benefit and who retire with at least 15 years of service credit.

Eligible employees are enrolled automatically upon employment. They include:

• Full-time permanent employees of the participating political subdivision who are covered under the VRS pension plan.

#### **Benefit Amounts**

The Teacher Employee Retiree Health Insurance Credit Program provides the following benefits for eligible employees:

- At Retirement For Teacher and other professional school employees who retire with at least 15 years of service credit, the monthly benefit is \$4.00 per year of service per month with no cap on the benefit amount.
- <u>Disability Retirement</u> For Teacher and other professional school employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is either:
  - o \$4.00 per month, multiplied by twice the amount of service credit, or
  - \$4.00 per month, multiplied by the amount of service earned had the employee been active until age 60, whichever is lower.

The Political Subdivision's Retiree Health Insurance Credit Program provides the following benefits for eligible employees:

- <u>At Retirement</u> For employees who retire, the monthly benefit is \$1.50 per year of service per month with a maximum benefit of \$45.00 per month.
- <u>Disability Retirement</u> For employees who retire on disability or go on long-term-disability under the Virginia Local Disability Program (VLDP), the monthly benefit is \$45.00 per month.

Notes to Financial Statements June 30, 2024

# NOTE 11. OTHER POSTEMPLOYMENT BENEFITS (Continued)

#### **Health Insurance Credit Program Notes:**

- For both Plans, the monthly Health Insurance Credit benefit cannot exceed the individual premium amount.
- For both Plans, employees who retire after being on long-term disability under VLDP must have at least 15 year of service credit to qualify for the health insurance credit as a retiree.

Political Subdivision Plan – No Health Insurance Credit for premiums paid and qualified under LODA; however, the employee may receive the credit for premiums paid for other qualified health plans.

# Political Subdivision Employees Covered by Benefit Terms

As of the June 30, 2023, actuarial valuation, the following employees were covered by the benefit terms of the HIC OPEB plan:

Nonprofessional Employees (non-teacher): Inactive members or their beneficiaries currently receiving benefits 0 Inactive members: Disabled 1 Vested inactive members 0 Non-vested inactive members 0 Inactive members active elsewhere in VRS 6 Total inactive members 7 9 Active members Total covered employees 16

#### **Contributions**

The contribution requirement for active employees is governed by §51.1-1402(E) of the Code of Virginia, as amended, but may be impacted as a result of funding provided to school divisions and political subdivisions by the Virginia General Assembly. Each school division's contractually required employer contribution rate for the year ended June 30, 2023 was 1.21% of covered employee compensation for employees in the VRS Teacher Employee Health Insurance Credit Program. For the Political Subdivision Health Insurance Credit Plan, NHREC's contractually required employer contribution rate for the year ended June 30, 2024 was 0.56% of covered employee compensation. These rates were based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the school division to the VRS Teacher Employee Health Insurance Credit Program were \$131,044 and \$125,410 for the years ended June 30, 2024 and June 30, 2023, respectively. Contributions from NHREC to the Political Subdivision Health Insurance Credit Program were \$2,067 and \$1,930 for the years ended June 30, 2024 and 2023.

Notes to Financial Statements June 30, 2024

#### **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

In June 2023, the Commonwealth made a special contribution of approximately \$4 million to the VRS Teacher Health Insurance Credit Program. This special payment was authorized by Chapter 2 of the Acts of the Assembly of 2022, Special Session I, as amended by Chapter 769, 2023 Acts of Assembly Reconvened Session, and is classified as a non-employer contribution. NHREC's proportionate share is reflected as a reduction in net pension liability.

Teacher Employee Health Insurance Credit Program OPEB Liabilities, Teacher Employee Health Insurance Credit Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Teacher Employee Health Insurance Credit Program OPEB

At June 30, 2024, NHREC reported a liability of \$1,259,268 for its proportionate share of the VRS Teacher Employee Health Insurance Credit Program Net OPEB Liability. The Net VRS Teacher Employee Health Insurance Credit Program OPEB Liability was measured as of June 30, 2023 and the total VRS Teacher Employee Health Insurance Credit Program OPEB liability used to calculate the Net VRS Teacher Employee Health Insurance Credit Program OPEB Liability was determined by an actuarial valuation as of June 30, 2022 and rolled forward to the measurement date of June 30, 2023. NHREC's proportion of the Net VRS Teacher Employee Health Insurance Credit Program OPEB Liability was based on NHREC's actuarially determined employer contributions to the VRS Teacher Employee Health Insurance Credit Program OPEB plan for the year ended June 30, 2023, relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2023, NHREC's proportion of the VRS Teacher Employee Health Insurance Credit Program was 0.10395% as compared to 0.10463% at June 30, 2022.

For the year ended June 30, 2024, the school division recognized VRS Teacher Employee Health Insurance Credit Program OPEB expense of \$99,582.

At June 30, 2024, the school division reported deferred outflows of resources and deferred inflows of resources related to the VRS Teacher Employee Health Insurance Credit Program OPEB from the following sources:

Notes to Financial Statements June 30, 2024

# NOTE 11. OTHER POSTEMPLOYMENT BENEFITS (Continued)

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between expected and actual experience	\$	-	\$	55,427
Net difference between projected and actual earnings on Teacher HIC OPEB plan investments		632		-
Change in assumptions		29,314		1,269
Changes in proportionate share		27,402		41,994
Employer contributions subsequent to the measurement date		131,044		-
Total	\$	188,392	\$	98,690

\$131,044 reported as deferred outflows of resources related to the Teacher Employee HIC OPEB resulting from the school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Teacher Employee HIC OPEB Liability in the Fiscal Year ending June 30, 2025.

Notes to Financial Statements June 30, 2024

## **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Teacher Employee HIC OPEB will be recognized in the Teacher Employee HIC OPEB expense in future reporting periods as follows:

FY 2025	\$ (4,736)
FY 2026	(9,103)
FY 2027	(7,340)
FY 2028	(7,293)
FY 2029	(8,991)
Thereafter	 (3,879)
	\$ (41,342)

#### Net Teacher Employee HIC OPEB Liability

The net OPEB liability (NOL) for the Teacher Employee Health Insurance Credit Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2023, NOL amounts for the VRS Teacher Employee Health Insurance Credit Program is as follows (amounts expressed in thousands):

	Teacher Employee HIC OPEB <u>Plan</u>
Total Teacher Employee HIC OPEB Liability	\$ 1,475,471
Plan Fiduciary Net Position	<u>264,054</u>
Teacher Employee net HIC OPEB Liability (Asset)	<u>\$ 1,211,417</u>
Plan Fiduciary Net Position as a Percentage	
of the Total Teacher Employee HIC OPEB Liability	17.90%

The total Teacher Employee HIC OPEB liability is calculated by the System's actuary, and the plan's fiduciary net position is reported in the System's financial statements. The net Teacher Employee HIC OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

Notes to Financial Statements June 30, 2024

#### **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

#### Net Political Subdivision HIC OPEB Liability

NHREC's net Political Subdivision Health Insurance Credit OPEB Liability was measured as of June 30, 2023. The total Health Insurance OPEB liability was determined by an actuarial valuation performed as of June 30, 2022, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023.

#### Discount Rate

The discount rate used to measure the total Teacher Employee HIC OPEB and the Political Subdivision HIC OPEB was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2023, the rate contributed by each school division for the VRS Teacher Employee Health Insurance Credit Program will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. The rate contributed by NHREC for the Political Subdivision HIC OPEB was also 100% of the actuarially determined contribution rate. From July 1, 2023 on, all agencies and employers are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the Teacher Employee HIC OPEB plan's and the Political Subdivision HIC OPEB Plan's fiduciary net positions were projected to be available to make all projected future benefit payments of current active and inactive employees in the Teacher Employee HIC OPEB plan and eligible employees in the nonprofessional employee OPEB plan. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total Teacher Employee HIC OPEB liability and the total Political Subdivision HIC OPEB Plan.

Notes to Financial Statements June 30, 2024

#### **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

Sensitivity of the School Division's Proportionate Share of the Teacher Employee HIC Net OPEB Liability and the Political Subdivision HIC Net OPEB Liability to Changes in the Discount Rate

The following presents the school division's proportionate share of the VRS Teacher Employee Health Insurance Credit Program net HIC OPEB liability using the discount rate of 6.75%, as well as what the school division's proportionate share of the net HIC OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

Notes to Financial Statements June 30, 2024

#### **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

#### <u>Virginia Retirement System - Political Subdivision Virginia Local Disability</u> Program

#### **Summary of Significant Accounting Policies**

#### Political Subdivision Employee Virginia Local Disability Program

The Virginia Retirement System (VRS) Political Subdivision Employee Virginia Local Disability Program is a multiple-employer, cost-sharing plan. For purposes of measuring the net Political Subdivision Employee Virginia Local Disability Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Political Subdivision Employee Virginia Local Disability Program OPEB, and the Political Subdivision Employee Virginia Local Disability Program OPEB expense, information about the fiduciary net position of the Virginia Retirement System (VRS) Political Subdivision Employee Virginia Local Disability Program; and the additions to/deductions from the VRS Political Subdivision Employee Virginia Local Disability Program's net fiduciary position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

# General Information about the Political Subdivision Employee Virginia Local Disability Program

#### Plan Description

All full-time, salaried general employees; including local law enforcement officers, firefighters, or emergency medical technicians of political subdivisions who do not provide enhanced hazardous duty benefits; who are in the VRS Hybrid Retirement Plan benefit structure and whose employer has not elected to opt out of the VRS-sponsored program are automatically covered by the VRS Political Subdivision Employee Virginia Local Disability Program.

Notes to Financial Statements June 30, 2024

#### **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

#### **Plan Description** (Continued)

This plan is administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for eligible public employer groups in the Commonwealth of Virginia. Political subdivisions are required by Title 51.1 of the Code of Virginia, as amended to provide short-term and long-term disability benefits for their Hybrid employees either through a local plan or through the Virginia Local Disability Program (VLDP).

The specific information for each plan and the eligibility for covered groups within each plan are set out in the table below:

# POLITICAL SUBDIVISION EMPLOYEE VIRGINIA LOCAL DISABILITY PROGRAM (VLDP) PLAN PROVISIONS

#### Eligible Employees

The Political Subdivision Employee Virginia Local Disability Program was implemented January 1, 2014 to provide short-term and long-term disability benefits for non-work-related and work-related disabilities for employees with Hybrid retirement benefits

Eligible employees are enrolled automatically upon employment, unless their employer has elected to provide comparable coverage. They include:

• Full-time general employees; including local law enforcement officers, firefighters, or emergency medical technicians who do not have enhanced hazardous duty benefits; of public political subdivisions covered under VRS.

#### **Benefit Amounts**

The Political Subdivision Employee Virginia Disability Local Program (VLDP) provides the following benefits for eligible employees:

#### **Short-Term Disability** –

- The program provides a short-term disability benefit beginning after a seven-calendar-day waiting period from the first day of disability.
   Employees become eligible for non-work-related short-term disability coverage after one year of continuous participation in VLDP with their current employer.
- During the first five years of continuous participation in VLDP with their current employer, employees are eligible for 60% of their pre-disability income if they go out on non-work-related of work-related disability.
- Once the eligibility period is satisfied, employees are eligible for higher income replacement levels

Notes to Financial Statements June 30, 2024

#### **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

#### Long-Term Disability -

- The VLDP program provides a long-term disability benefit beginning after 125 workdays of short-term disability. Members are eligible if they are unable to work at all or are working fewer than 20 hours per week.
- Members approved for long-term disability will receive 60% of their predisability income. If approved for work-related long-term disability, the VLDP benefit will be offset by the workers' compensation benefit.
   Members will not receive a VLDP benefit if their workers' compensation benefit is greater than the VLDP benefit.

#### **Virginia Local Disability Program Notes:**

- Members approved for short-term or long-term disability at age 60 or older will be eligible for a benefit, provided they remain medically eligible.
- VLDP Long-Term Care Plan is a self-funded program that assists with the cost of covered long-term care services.

#### **Contributions**

The contribution requirement for active Hybrid employees is governed by §51.1-1178(C) of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to political subdivisions by the Virginia General Assembly. Each political subdivision's contractually required employer contribution rate for the year ended June 30, 2024 was 0.85% of covered employee compensation for employees in the VRS Political Subdivision Employee Virginia Local Disability Program. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from NHREC to the VRS Political Subdivision Employee Virginia Local Disability Program were \$1,879 and \$1,322 for the years ended June 30, 2024 and June 30, 2023, respectively.

Notes to Financial Statements June 30, 2024

#### **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

Political Subdivision Employee Virginia Local Disability Program OPEB Liabilities, Political Subdivision Employee Virginia Local Disability Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Political Subdivision Employee Virginia Local Disability Program OPEB

At June 30, 2024, NHREC reported a liability of \$(409) for its proportionate share of the VRS Political Subdivision Employee Virginia Local Disability Program Net OPEB Liability. The Net VRS Political Subdivision Employee Virginia Local Disability Program OPEB Liability was measured as of June 30, 2023 and the total VRS Political Subdivision Employee Virginia Local Disability Program OPEB liability used to calculate the Net VRS Political Subdivision Employee Virginia Local Disability Program OPEB Liability was determined by an actuarial valuation as of June 30, 2022, and rolled forward to the measurement date of June 30, 2023. The political subdivision's proportion of the Net VRS Political Subdivision Employee Virginia Local Disability Program OPEB Liability was based on the political subdivision's actuarially determined employer contributions to the VRS Political Subdivision Employee Virginia Local Disability Program OPEB plan for the year ended June 30, 2023 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2023, the political subdivision's proportion of the VRS Political Subdivision Employee Virginia Local Disability Program was 0.02541% as compared to 0.03271% at June 30, 2022.

For the year ended June 30, 2024, the political subdivision recognized VRS Political Subdivision Employee Virginia Local Disability Program OPEB expense of \$1,029. Since there was a change in proportionate share between measurement dates a portion of the VRS Political Subdivision Employee Virginia Local Disability Program Net OPEB expense was related to deferred amounts from changes in proportion.

Notes to Financial Statements June 30, 2024

#### NOTE 11. OTHER POSTEMPLOYMENT BENEFITS (Continued)

At June 30, 2024, the political subdivision reported deferred outflows of resources and deferred inflows of resources related to the VRS Political Subdivision Employee Virginia Local Disability Program OPEB from the following sources:

	Deferred Res	erred Inflows of Resources	
Differences between expected and actual experience	\$	154	\$ 255
Net difference between projected and actual earnings on VLDP OPEB plan investments		1	-
Change in assumptions		3	37
Changes in proportion and differences between Employer contributions and proportionate share of contributions	-	27	26
Employer contributions subsequent to the measurement date		1,879	-
Total	\$	2,064	\$ 318

\$1,879 reported as deferred outflows of resources related to the Political Subdivision Employee VLDP OPEB resulting from the political subdivision's contributions subsequent to the measurement date will be recognized as a reduction of the Net Political Subdivision Employee VLDP OPEB Liability in the Fiscal Year ending June 30, 2025.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Political Subdivision Employee VLDP OPEB will be recognized in the Political Subdivision Employee VLDP OPEB expense in future reporting periods as follows:

Notes to Financial Statements June 30, 2024

#### Net Political Subdivision Employee VLDP OPEB Liability

The net OPEB liability (NOL) for the Political Subdivision Employee Virginia Local Disability Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2023, NOL amounts for the VRS Political Subdivision Employee Virginia Local Disability Program is as follows (amounts expressed in thousands):

Local Disability I logiani is as follows (aniounts express	ed in thousands).
	Political Subdivision Employee VLDP OPEB <u>Plan</u>
Total Political Subdivision VLDP OPEB Liability Plan Fiduciary Net Position Political Subdivision net VLDP OPEB Liability (Asset)	\$ 9,525 11,134 \$ (1,609)
Plan Fiduciary Net Position as a Percentage of the Total Political Subdivision VLDP OPEB Liabili	ty 116.89%

The total Political Subdivision Employee VLDP OPEB liability is calculated by the System's actuary, and the plan's fiduciary net position is reported in the System's financial statements. The net Political Subdivision Employee VLDP OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

Notes to Financial Statements June 30, 2024

#### **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

#### Discount Rate

The discount rate used to measure the total Political Subdivision Employee VLDP OPEB was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2023, the rate contributed by the political subdivision for the VRS Political Subdivision Employee Virginia Local Disability Program will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2023 on, all agencies are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the Political Subdivision Employee VLDP OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total Political Subdivision Employee VLDP OPEB liability.

# Sensitivity of the Political Subdivision's Proportionate Share of the Political Subdivision Employee VLDP Net OPEB Liability to Changes in the Discount Rate

The following presents the political subdivision's proportionate share of the VRS Political Subdivision Employee Virginia Local Disability Program net VLDP OPEB liability using the discount rate of 6.75%, as well as what the political subdivision's proportionate share of the net VLDP OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	(5.7	75%)	Rat	e (6.75%)	(7.75%)

# Payables to the Political Subdivision Employee Virginia Local Disability Program OPEB Plan

At June 30, 2024, the amounts payable to the Political Subdivision Employee Virginia Local Disability Program OPEB Plan was \$181.

#### <u>Virginia Retirement System – Teacher Employee Virginia Local Disability</u> <u>Program</u>

#### **Summary of Significant Accounting Policies**

#### Teacher Employee Virginia Local Disability Program

The Virginia Retirement System (VRS) Teacher Employee Virginia Local Disability Program is a multiple-employer, cost-sharing plan. For purposes of measuring the net Teacher Employee Virginia Local Disability Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Teacher Employee Virginia Local Disability Program OPEB, and the Teacher Employee Virginia Local Disability Program OPEB expense, information about the fiduciary net position of the Virginia Retirement System (VRS) Teacher Employee Virginia Local Disability Program; and the additions to/deductions from the VRS Teacher Employee Virginia Local Disability Program's net fiduciary position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### General Information about the Teacher Employee Virginia Local Disability Program

#### Plan Description

All full-time, salaried permanent (professional) employees of public school divisions who are in the VRS Hybrid Retirement Plan benefit structure and whose employer has not elected to opt out of the VRS-sponsored program are automatically covered by the VRS Teacher Employee Virginia Local Disability Program. This plan is administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for eligible public employer groups in the Commonwealth of Virginia. School divisions are required by Title 51.1 of the Code of Virginia, as amended to provide short-term and long-term disability benefits for their Hybrid employees either through a local plan or through the Virginia Local Disability Program (VLDP).

Notes to Financial Statements June 30, 2024

#### **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

The specific information for each plan and the eligibility for covered groups within each plan are set out in the table below:

# TEACHER EMPLOYEE VIRGINIA LOCAL DISABILITY PROGRAM (VLDP) PLAN PROVISIONS

#### **Eligible Employees**

The Teacher Employee Virginia Local Disability Program was implemented January 1, 2014 to provide short-term and long-term disability benefits for non-work-related and work-related disabilities for employees with Hybrid retirement benefits

Eligible employees are enrolled automatically upon employment, unless their employer has elected to provide comparable coverage. They include:

• Teachers and other full-time permanent (professional) salaried employees of public school divisions covered under VRS.

#### **Benefit Amounts**

The Teacher Employee Virginia Disability Local Program (VLDP) provides the following benefits for eligible employees:

#### **Short-Term Disability** –

- The program provides a short-term disability benefit beginning after a seven-calendar-day waiting period from the first day of disability.
   Employees become eligible for non-work-related short-term disability coverage after one year of continuous participation in VLDP with their current employer.
- During the first five years of continuous participation in VLDP with their current employer, employees are eligible for 60% of their pre-disability income if they go out on non-work-related of work-related disability.
- Once the eligibility period is satisfied, employees are eligible for higher income replacement levels

#### **Long-Term Disability** –

- The VLDP program provides a long-term disability benefit beginning after 125 workdays of short-term disability. Members are eligible if they are unable to work at all or are working fewer than 20 hours per week.
- Members approved for long-term disability will receive 60% of their predisability income. If approved for work-related long-term disability, the VLDP benefit will be offset by the workers' compensation benefit.
   Members will not receive a VLDP benefit if their workers' compensation benefit is greater than the VLDP benefit.

Notes to Financial Statements June 30, 2024

#### **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

#### **Virginia Local Disability Program Notes:**

- Members approved for short-term or long-term disability at age 60 or older will be eligible for a benefit, provided they remain medically eligible.
- VLDP Long-Term Care Plan is a self-funded program that assists with the cost of covered long-term care services.

#### **Contributions**

The contribution requirement for active Hybrid employees is governed by §51.1-1178(C) of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Each school division's contractually required employer contribution rate for the year ended June 30, 2024 was 0.47% of covered employee compensation for employees in the VRS Teacher Employee Virginia Local Disability Program. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the school division to the VRS Teacher Employee Virginia Local Disability Program were \$26,669 and \$23,723 for the years ended June 30, 2024 and **June 30, 2023**, respectively.

Teacher Employee Virginia Local Disability Program OPEB Liabilities, Teacher Employee Virginia Local Disability Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Teacher Employee Virginia Local Disability Program OPEB

At June 30, 2024, the school division reported a liability of \$3,589 for its proportionate share of the VRS Teacher Employee Virginia Local Disability Program Net OPEB Liability. The Net VRS Teacher Employee Virginia Local Disability Program OPEB Liability was measured as of June 30, 2023 and the total VRS Teacher Employee Virginia Local Disability Program OPEB liability used to calculate the Net VRS Teacher Employee Virginia Local Disability Program OPEB Liability was determined by an actuarial valuation as of June 30, 2022, and rolled forward to the measurement date of June 30, 2023.

Notes to Financial Statements June 30, 2024

#### **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

The school division's proportion of the Net VRS Teacher Employee Virginia Local Disability Program OPEB Liability was based on the school division's actuarially determined employer contributions to the VRS Teacher Employee Virginia Local Disability Program OPEB plan for the year ended June 30, 2023 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2023, the school division's proportion of the VRS Teacher Employee Virginia Local Disability Program was 0.54051% as compared to 0.54361% at June 30, 2022.

For the year ended June 30, 2024, the school division recognized VRS Teacher Employee Virginia Local Disability Program OPEB expense of \$19,034. Since there was a change in proportionate share between measurement dates a portion of the VRS Teacher Employee Virginia Local Disability Program Net OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2024, the school division reported deferred outflows of resources and deferred inflows of resources related to the VRS Teacher Employee Virginia Local Disability Program OPEB from the following sources:

	d Outflows of esources	Deferred Inflows of Resources		
Differences between expected and actual experience	\$ 15,749	\$	1,573	
Net difference between projected and actual earnings on Teacher VLDP OPEB plan investments	111		-	
Change in assumptions	1,560		-	
Changes in proportion and differences between Employer contributions and proportionate share of contributions	440		239	
Employer contributions subsequent to the measurement date	26,669		-	
Total	\$ 44,529	\$	1,812	

Notes to Financial Statements June 30, 2024

#### **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

\$26,669 of deferred outflows of resources related to the Teacher Employee VLDP OPEB resulting from the school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Teacher Employee VLDP OPEB Liability in the Fiscal Year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Teacher Employee VLDP OPEB will be recognized in the Teacher Employee VLDP OPEB expense in future reporting periods as follows:

#### Year ended June 30

FY 2025	\$ 1,437
FY 2026	1,321
FY 2027	2,163
FY 2028	1,631
FY 2029	1,632
Thereafter	 7,864
	\$ 16,048

#### Net Teacher Employee VLDP OPEB Liability

The net OPEB liability (NOL) for the Teacher Employee Virginia Local Disability Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2023, NOL amounts for the VRS Teacher Employee Virginia Local Disability Program is as follows (amounts expressed in thousands):

	Teacher Employee VLDP OPEB <u>Plan</u>
Total Teacher Employee VLDP OPEB Liability	\$ 10,672
Plan Fiduciary Net Position	10,007
Teacher Employee net VLDP OPEB Liability (Asset)	\$ 665
Plan Fiduciary Net Position as a Percentage	
of the Total Teacher Employee VLDP OPEB Liability	93.77%

Notes to Financial Statements June 30, 2024

#### **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

The total Teacher Employee VLDP OPEB liability is calculated by the System's actuary, and the plan's fiduciary net position is reported in the System's financial statements. The net Teacher Employee VLDP OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

#### Discount Rate

The discount rate used to measure the total Teacher Employee VLDP OPEB was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2023, the rate contributed by the school division for the VRS Teacher Employee Virginia Local Disability Program will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2023 on, all agencies are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the Teacher Employee VLDP OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total Teacher Employee VLDP OPEB liability.

# Sensitivity of the School Division's Proportionate Share of the Teacher Employee VLDP Net OPEB Liability to Changes in the Discount Rate

The following presents the school division's proportionate share of the VRS Teacher Employee Virginia Local Disability Program net VLDP OPEB liability using the discount rate of 6.75%, as well as what the school division's proportionate share of the net VLDP OPEB liability would be if it were calculated using a discount rate that is one percentage point lower 5.75% or one percentage point higher 7.75% than the current rate:

	% Decrease 5.75%)	Current Discount Rate (6.75%)		1.00% Increase (7.75%)	
School division's proportionate					
share of the VRS Teacher					
Employee VLDP OPEB Plan					
Net VLDP OPEB Liability	\$ 10,115	\$	3,589	\$	(2,087)

#### **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

#### Payables to the Teacher Employee Virginia Local Disability Program OPEB Plan

At June 30, 2024, the amount payable to the Teacher Employee Virginia Local Disability Program OPEB Plan was \$2,777.

#### **NHREC OPEB Liability – Medical Benefits**

#### Plan Description

NHREC provides post-retirement health care benefits, as a single-employer plan, in accordance with organization policy, to all employees who retire from NHREC who had health coverage as an active employee, are eligible to retire under the Virginia Retirement System, and meet the following requirements:

- Age 55 with 5 Years of Vested Service with VRS
- Age 50 with 10 Years of Vested Service with VRS
- A minimum of 24 months of participation in the health care plan prior to retirement.

Retirees have the option of receiving payment of \$30.00 per day (up to 200 days) for unused sick leave accumulated <u>OR</u> if their hire date is prior to July 1, 2015, use accumulated sick leave to purchase group health insurance that is offered through NHREC until the employee is eligible for Medicare. NHREC will pay the allowable percentage of its contribution until the retiree is eligible for Medicare. The retiree is required to pay the employee cost plus the unsubsidized percentage as well as any additional cost relating to having spouses or dependents covered in the plan. The following table describes the employer subsidy percentage based on sick days accrued:

Number of Sick Leave	Amount NHREC Pays of
Days Earned at NHREC	Single Employee's Coverage Only
1 - 49	0%
50 - 99	50%
100 - 149	65%
150 - 199	80%
200 or more	100%

#### **Funding Policy**

NHREC has not advance-funded or established a funding methodology for the annual Other Postemployment Benefit (OPEB) costs or the net OPEB obligation. For fiscal year 2023-2024, no retirees received post-employment health benefits, and NHREC provided no contributions toward annual OPEB costs, as none were required. Required contributions are based on projected pay-as-you-go financing.

Notes to Financial Statements June 30, 2024

#### **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

# OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The Net OPEB Liability was measured as of June 30, 2024 and the total OPEB liability used to calculate the Net OPEB Liability was determined by an actuarial valuation as of July 1, 2023, rolled forward to June 30, 2024.

For the year ended June 30, 2024, the NHREC recognized OPEB expense of \$(308,423). OPEB expense was calculated as follows:

Service cost	\$	125,773
Interest		31,693
Projected earnings on OPEB trust		-
Changes in benefit terms		(193,704)
Differences between expected and actual earnings		
In current fiscal year recognized in current year		-

Employer contributions subsequent to the					
measurement date				<u>-</u>	
Total	\$	104,814	\$	1,030,111	

Notes to Financial Statements June 30, 2024

#### **NOTE 11. OTHER POSTEMPLOYMENT BENEFITS** (Continued)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Deferred Amounts	_
2025	\$ (272,185	5)
2026	(212,388	3)
2027	(211,262	2)
2028	(211,260	))
2029	(18,202	2)
Thereafter		=
	<u>\$ (925,297)</u>	<u>7)</u>

The components of the net OPEB liability for the year ended June 30, 2024 were as follows:

Total OPEB liability	\$ 781,035
Plan fiduciary net position	 
Net OPEB liability	\$ 781,035
Fiduciary net position as a percent of total	
OPEB liability	0.00%

#### Actuarial Methods and Assumptions

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and that actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

Actuarial calculations are based on the benefits provided under the terms of the substantive plan in effect at the time of each valuation and on the pattern of sharing of costs between employer and plan members to that point.

The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan member in the future.

Actuarial calculations reflect a long-term perspective. Consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

Notes to Financial Statements June 30, 2024

### NOTE 11. OTHER POSTEMPLOYMENT BENEFITS (Continued)

In the June 30, 2024 actuarial valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions included a 3.97% rate of return (discount rate) as required by GASB 75 and an annual healthcare cost trend rate of 3.94%.

**Discount Rate** – the discount rate used to determine the liabilities was 3.97% and 3.86% at June 30, 2024 and 2023, respectively.

#### Changes in Net OPEB Liability - NHREC Plan

Schedule is intended to show information for 10 years. Additional years will be included as they become available.

Changes of benefit terms -- There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions -- The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020, except the change in the discount rate, which was based on the VRS Board action effective as of July 19, 2019. Changes to the actuarial assumptions as a result of the experience study and the VRS Board action are as follows:

- \* Mortality Rates (Pre-retirement, post-retirement healthy, and disabled) Update to PUB2010 public sector mortality tables.

  For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
- \* Retirement Rates Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
- \* Withdrawal Rates Adjusted rates to better fit experience at each year age and service through 9 years of service
- \* Disability Rates No change
- \* Salary Scale No change
- \* Discount Rate No change

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Trustees
New Horizons Regional Education Centers

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activity, the component unit, the major funds, and the activity funds of New Horizons Regional Education Centers, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise New Horizons Regional Education Centers' basic financial statements, and have issued our report thereon dated March 10, 2025.

#### Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered New Horizons Regional Education Centers' internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of New Horizons Regional Education Centers' internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether New Horizons Regional Education Centers' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Centers's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The Board of Trustees New Horizons Regional Education Centers

#### Report on Compliance for Each Major Federal Program

#### Opinion on Each Major Federal Program

We have audited New Horizons Regional Education Centers's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of New Horizons Regional Education Centers's major federal programs for the year ended June 30, 2024. New Horizons Regional Education Centers's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, New Horizons Regional Education Centers complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

#### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of New Horizons Regional Education Centers and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of New Horizons Regional Education Centers's compliance with the compliance requirements referred to above.

#### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to New Horizons Regional Education Centers's federal programs.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on New Horizons Regional Education Centers's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about New Horizons Regional Education Centers's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding New Horizons Regional Education Centers's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of New Horizons Regional Education Centers's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of New Horizons Regional Education Centers's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### **Report on Internal Control over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Total Expenditures of Federal Awards		\$ 840,105

<sup>\*</sup> Major program

Notes to the Schedule of Expenditures of Federal Awards Year Ended June 30, 2024

#### NOTE 1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the Organization under programs of the Federal government for the year ended June 30, 2024 and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U. S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Because the Schedule presents only a selected portion of the operations of the Organization, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Organization.

#### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-122, *Cost Principles for Non-Profit Organizations*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

New Horizons Regional Education Centers has not elected to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

Schedule of Findings and Questioned Costs Year Ended June 30, 2024

#### **SUMMARY OF AUDITORS' RESULTS**

- 1. An unqualified opinion was issued on the financial statements of New Horizons Regional Education Centers.
- 2. No significant deficiencies or material weaknesses relating to the audit of the financial statements are reported in the Independent Auditor's Report on Internal Control over Financial Reporting.
- 3. The audit did not disclose any instances of noncompliance material to the financial statements.
- 4. No material weakness or significant deficiencies in internal control relating to the audit of the major federal award programs are reported in the Independent Auditor's Report on Internal Control over Compliance required by the Uniform Guidance.
- 5. An unmodified opinion was issued on compliance for major programs.
- 6. The audit disclosed a compliance finding that is required to be reported in accordance with 2 CFR section 200.516(a). The Organization has a lack of time and attendance records for employees. Management concurs and will implement improvements.
- 7. The programs tested as a major program were:
  - Workforce Innovation and Opportunity Act (WIOA) in School and Out of School CFDA No. 17.259.
- 8. The dollar threshold used for distinguishing between Type A and B programs was \$750,000.
- 9. New Horizons Regional Education Centers was determined to be a high-risk auditee due to not having been subject to a single audit within the previous two years.
