

THE AUDITOR OF PUBLIC ACCOUNTS LOCALITY STORMWATER UTILITY REPORTING FORM

The purpose of this form is to implement the following locality stormwater utility reporting requirement established by Paragraph D.1. of Item 2 of the Fiscal Year 2019-2020 State Budget ([Chapter 854](#) of the 2019 Acts of Assembly): *Each locality establishing a utility or enacting a system of service charges to support a local stormwater management program pursuant to §15.2-2114, Code of Virginia, shall provide to the Auditor of Public Accounts by October 1 of each year, in a format specified by the Auditor, a report as to each program funded by these fees and the expected nutrient and sediment reductions for each of these programs. For any specific stormwater outfall generating more than \$200,000 in annual fees, such report shall include identification of specific actions to remediate nutrient and sediment reduction from the specific outfall.*

Each locality subject to the reporting requirement set forth above should complete and submit this report form each year to the Auditor of Public Accounts by October 1, in an electronic format emailed to LocalGovernment@apa.virginia.gov. **The report for the Fiscal Year 2020 (or applicable reporting period) is due by October 1, 2020.**

SECTION 1 – LOCALITY INFORMATION

Locality Name: Town of Blacksburg
Contact Name/Title: Kafi Howard/Town Engineer
Contact Address: 400 S Main St., Blacksburg VA 24060
Contact Email: khoward@blacksburg.gov
Contact Phone: (540) 443-1354
Report Completion Date: October 1, 2020

SECTION 2 - STORMWATER UTILITY FEES

For your stormwater utility fees provide the following information from your current fiscal year or most recent audited annual financial report. (Note: “Draft” or preliminary amounts from the current fiscal year may be submitted due to the timing of this report’s October 1 deadline, which is prior to a locality’s annual audited financial report deadline of December 15.)

Financial Statement Fund Name: Click or tap here to enter text.

Fiscal year: Click or tap here to enter text.

Revenues	Expenditures	Ending Fund Balance or Net Position
\$ 1,250,186	\$ 929,759	\$1,546,148
If necessary, provide any additional detail/clarification below about the financial information provided at Section 2. Click or tap here to enter text.		

SECTION 3 – FUNDED PROGRAMS AND OTHER MAJOR ACTIVITIES

Provide a brief description of each major program funded by the utility fee system and, where applicable, the expected nutrient and sediment reductions for each of these programs.

A. Operations & Maintenance Program

The Town of Blacksburg employs an operations and maintenance program that provides three primary services in the operations maintenance category: inspection and maintenance of the storm drainage network, inspection and maintenance of Town-owned stormwater facilities and inspection of private stormwater facilities. In the past fiscal year, the Town provided routine inspection of the storm drainage system, which includes inlets, manholes and curb structures. The Town inspected and maintained all of the Town-owned facilities. The Town also inspected 87 of the privately owned stormwater facilities and continues to work with the owners to confirm that maintenance is being performed.

The estimated nutrient reduction for this year for these facilities was 95.58 lbs. The estimated sediment reduction for these facilities was 14.31 tons for this year.

B. Capital Improvement Program

Click or tap here to enter text.

The Town of Blacksburg has set aside funds for the following stormwater projects as part of the Stormwater Capital Improvement project list.

1. Design & Construction for Harding Avenue Drainage Improvements
2. Design for Penn Street Flooding
3. Design for Webb Street Flooding
4. Design for Scott Alan Circle Stream Improvements
5. Preliminary Engineering for Progress Street and Main Street flooding
6. Other Small Stormwater Projects under 10,000

We currently do not have detail enough to provide nutrient and sediment reduction calculations for these projects.
