INDEPENDENT AUDITOR'S REPORT

To the Board of Supervisors
County of Henry, Virginia

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component units, and each major fund of the County of Henry, Virginia, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the County of Henry, Virginia's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, and each major fund of the County of Henry, Virginia, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Our responsibilities under those standards and specifications are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County of Henry, Virginia and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As described in Note 1 to the financial statements, in 2022, the County adopted new accounting guidance, GASB Statement No. 87, Leases. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County of Henry, Virginia's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County of Henry, Virginia's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County of Henry, Virginia's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1-8 and budgetary comparison information and schedules related to pension and OPEB on pages 100–109, 110-115, and 116-131 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Henry, Virginia's basic financial statements. The accompanying other supplementary information and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

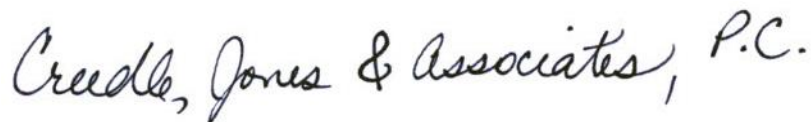

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the statistical section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 5, 2022, on our consideration of the County of Henry, Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of County of Henry, Virginia's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County of Henry, Virginia's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The management of the County of Henry, Virginia presents the following discussion and analysis as an overview of the County of Henry, Virginia's financial activities for the fiscal year ending June 30, 2022. We encourage readers to read this discussion and analysis in conjunction with the County's basic financial statements.

Financial Highlights

At the close of the fiscal year, the assets and deferred outflows of resources of the County's governmental activities exceeded its liabilities and deferred inflows of resources by \$82,293,035. Of this amount, \$47,025,379 is unrestricted and may be used to meet the government's ongoing obligations to citizens and creditors. For the business-type activities, the assets and deferred outflows of resources exceeded the liabilities and deferred inflows of resources by \$1,311,943 with an unrestricted balance of \$146,435.

The County's total net position increased by \$5,671,683 during the current fiscal year. Of this amount, an increase of \$5,708,189 is related to governmental activities and a decrease of \$36,506 is attributed to business-type activities.

As of June 30, 2022, the County's Governmental Funds reported combined ending fund balances of \$67,545,098, a decrease of \$12,024,421 in comparison with the prior year. Approximately 48.08% of this amount is available for spending at the County's discretion (unassigned fund balance).

At the end of fiscal year 2022, the general fund's unassigned fund balance was \$32,476,297, or approximately 39.63% of total general fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements report information about the County as a whole using accounting methods similar to those found in the private sector. They also report the County's net position and how they have changed during the fiscal year.

Statement of Net Position: presents information on all of the County's assets and liabilities. The difference between a) assets and deferred outflows of resources and b) liabilities and deferred inflows of resources can be used as one way to measure the County's financial health or financial condition. Over time, increases or decreases in the net position can be one indicator of whether the County's financial condition is improving or deteriorating. Other nonfinancial factors will also need to be considered, such as changes in the County's property tax base and the condition of County facilities.

Statement of Activities: presents information using the accrual basis accounting method and shows how the County's net position changed during the fiscal year. All of the current year's revenues and expenses are shown in the Statement of Activities, regardless of when cash is received or paid.

The government-wide financial statements distinguish governmental activities from business-type activities identified as the primary government. The governmental activities of the County include general government administration, judicial administration, public safety, public works, health and welfare, parks, recreation and cultural, community development, and education. Philpott Marina activities represent the business-type activities.

Furthermore, the government-wide financial statements include legally separate entities, the school board and the Industrial Development Authority, for which the County is financially accountable. The County is the fiscal agent for the Henry-Martinsville Social Services, which is supported by funds from the Federal government, Commonwealth of Virginia, County General Fund, and the City of Martinsville, Virginia. Financial information for component units is reported separately from the financial information presented for the primary government itself.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The County uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the County's most significant funds rather than the County as a whole. Major funds are separately reported while all others are combined into a single aggregated presentation.

The County has three types of funds:

Governmental Funds - Most of the County's basic services are included in Governmental Funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances remaining at year end that are available for spending. The Governmental Funds financial statements provide a detailed short-term view that helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs. Because this information does not encompass the long-term focus of the government-wide statements, additional information is provided with the fund's financial statements to explain the relationship (or differences). Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General, Children's Services Act, E-911 Central Dispatch, Law Library, Fieldale Sanitary District, and Special Grant Projects Funds, all of which are considered to be major funds.

Proprietary Funds – The County uses an Enterprise Fund which operates in a manner similar to private business enterprises. Costs are recovered primarily through user charges. Proprietary Fund financial statements provide both long and short-term financial information. The County uses an Internal Service Fund to account for financing of goods and services provided by one department or agency to other departments or agencies of the County government.

Fiduciary Funds – The County is the trustee, or fiduciary, for the County's custodial funds. Custodial funds utilize the accrual basis of accounting described in the Governmental Fund presentation. Since by definition, these assets are being held for the benefit of a third party and cannot be used to support activities or obligations of the government, these funds are not incorporated into the government-wide financial statements.

Notes to the Basic Financial Statements

The accompanying notes to the basic financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

Other

In addition to the basic financial statements and accompanying notes, this report also presents certain required and other supplementary information such as budgetary comparison schedules.

Governmental accounting and reporting standards also require reporting certain information about the County's other postemployment benefits as required supplementary information. The County has elected to include this information within the notes to the basic financial statements.

FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE

Statement of Net Position

The following table reflects the condensed Statement of Net Position:

Summary of Net Position

As of June 30, 2022 and 2021

	Governmental Activities		Business-Type Activities		Total Primary Government	
	2022	2021	2022	2021	2022	2021
Assets						
Current and other assets	\$ 91,958,230	\$ 105,137,496	\$ 273,062	\$ 190,695	\$ 92,231,292	\$ 105,328,191

Total Liabilities	130,987,941	146,058,472	126,627	82,621	131,114,568	146,141,093
Deferred Inflows of Resources	9,850,936	401,873	-	-	9,850,936	401,873
Net Position						
Net investment in capital assets	26,292,952	25,800,942	1,165,508	1,240,375	27,458,460	27,041,317
Restricted	8,974,704	-	-	-	8,974,704	-
Unrestricted	47,025,379	50,783,904	146,435	108,074	47,171,814	50,891,978
Total Net Position	82,293,035	76,584,846	1,311,943	1,348,449	83,604,978	77,933,295
Total Liabilities, Deferred Inflows of Resources, and Net Position	\$ 223,131,912	\$ 223,045,191	\$ 1,438,570	\$ 1,431,070	\$ 224,570,482	\$ 224,476,261

The County's combined net position at June 30, 2022 of \$83,604,978 represents an increase of \$5,708,189 from the combined net position at June 30, 2021. 32.84% of the County's net position is reflected in its net investment in capital assets (land, buildings, improvements, etc.). The County uses these assets to provide services to its citizens and, consequently, these assets are not available for future spending. The resources needed to repay the debt related to these capital assets must be provided from other sources. 56.43% of total net position is unrestricted and available for providing services to the citizens of the County and satisfying creditors. The remaining 10.73% of net position is restricted for other capital projects.

Statement of Activities

The following table summarizes revenues and expenses for the primary government:

Change in Net Position Before Transfers	5,708,189	10,911,799	(36,506)	(34,563)	5,671,683	10,877,236
Transfers	-	(26,521)	-	26,521	-	-
Change in Net Position	5,708,189	10,885,278	(36,506)	(8,042)	5,671,683	10,877,236
Beginning Net Position	76,584,846	65,699,568	1,348,449	1,356,491	77,933,295	67,056,059
Ending Net Position	\$ 82,293,035	\$ 76,584,846	\$ 1,311,943	\$ 1,348,449	\$ 83,604,978	\$ 77,933,295

Governmental activities increased the County's net position by \$5,708,189 for fiscal year 2022. Revenues from governmental activities totaled \$72,309,952. General property taxes comprise the largest source of these revenues, totaling \$30,293,383 or 41.89% of all governmental activities revenue. Business-type activities revenues totaled \$217,755 and expenses totaled \$254,261, decreasing the net position by \$36,506.

The total cost of all governmental activities for this fiscal year was \$66,601,763. Public safety was the County's largest program with expenses totaling \$21,199,420. Education, which totals \$17,687,517, represents the second largest expense.

For the County's governmental activities, the net expense (total cost less fees generated by the activities and program-specific governmental aid) is illustrated in the following table:

Net Cost of Governmental Activities

For the Fiscal Years Ended June 30, 2022 and 2021

	<u>2022</u>		<u>2021</u>	
	<u>Total Cost of Services</u>	<u>Net Cost of Services</u>	<u>Total Cost of Services</u>	<u>Net Cost of Services</u>

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing financing requirements. Unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of a fiscal year. The County's governmental funds reported combined ending fund balances of \$67,545,098. The combined governmental fund balance decreased \$12,024,421 from the prior year.

The General Fund is the main operating fund of the County. At the end of the current fiscal year, the General Fund had an unassigned fund balance of \$32,476,297. The General Fund's liquidity can be measured by comparing unassigned fund balance to total fund expenditures. Unassigned fund balance represents 39.63% of total fund expenditures, while total fund balance represents 82.11% of that same amount.

The General Fund contributed operating funds to finance the component units as follows: \$19,376,804 School Board operations, \$4,263,138 to finance the Industrial Development Authority, and \$765,552 to the Social Services Board.

The Special Grant Projects Fund has a total fund balance of \$172,362, all of which is assigned for ongoing and future grant projects.

BUDGETARY HIGHLIGHTS

General Fund

The following table provides a comparison of original budget, final budget, and actual revenues and expenditures in the General Fund:

Budgetary Comparison

General Fund

For the Fiscal Years Ended June 30, 2022 and 2021

	<u>2022</u>			<u>2021</u>		
	<u>Original Budget</u>	<u>Final Budget</u>	<u>Actual</u>	<u>Original Budget</u>	<u>Final Budget</u>	<u>Actual</u>
Revenues						
Taxes	\$ 29,006,699	\$ 29,006,699	\$ 29,890,472	\$ 27,905,117	\$ 27,905,117	\$ 29,167,772
Other	23,488,060	24,342,150	26,096,129	17,483,199	18,735,309	21,023,164
Intergovernmental	11,801,511	23,747,259	16,031,534	10,453,906	17,750,080	17,563,010
Total	64,296,270	77,096,108	72,018,135	55,842,222	64,390,506	67,753,946
Expenditures	63,756,282	120,757,709	81,887,621	54,228,040	138,857,477	94,088,747
Excess (Deficiency) of Revenues Over Expenditures	539,988	(43,661,601)	(9,869,486)	1,614,182	(74,466,971)	(26,334,801)
Other Financing Sources (Uses)						
Transfers in (out)	(1,936,211)	(2,513,842)	(2,127,411)	(1,614,182)	(2,550,710)	(1,973,445)
Total	(1,936,211)	(2,513,842)	(2,127,411)	(1,614,182)	(2,550,710)	(1,973,445)
Net Change in Fund Balance Before Transfer from Surplus	(1,396,223)	(46,175,443)	(11,996,897)	-	(77,017,681)	(28,308,246)
Transfer from Surplus Funds	1,396,223	46,175,443	-	-	77,017,681	-
Change in Fund Balance	\$ -	\$ -	\$ (11,996,897)	\$ -	\$ -	\$ (28,308,246)

Final amended budget revenues exceeded the original budget by \$12,799,838.

The final amended budget appropriations for expenditures exceeded the original appropriation by \$57,001,427 primarily due to appropriations carried forward on encumbrances, open grants, incomplete capital projects, additional money appropriated to the new jail facility project, and new funding from the CARES Act and American Rescue Plan Act.

Actual revenues were less than final budget amounts by \$5,077,973, or 6.59%, while actual expenditures were \$38,870,088, or 32.19% less than final budget amounts.

CAPITAL ASSETS AND LONG-TERM DEBT

Capital Assets

As of June 30, 2022, the County's governmental activities net capital assets after allocation of net school buildings with outstanding debt total \$125,358,066, which represents a net increase of \$13,509,782 or 12.08% over the previous fiscal year-end balance. The business-type activities net capital assets total \$1,165,508, a decrease of \$74,867 or 6.04% over the previous fiscal year.

Total Governmental Activities	<u>\$113,243,799</u>	<u>\$ (1,961,772)</u>	<u>\$ 111,282,027</u>

General obligation indebtedness must be approved by voter referendum prior to issuance except for debt incurred from the State Literary Fund or the Virginia Public School Authority.

More detailed information on the County's long-term obligations is presented in Note 13 to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The County's elected and appointed officials considered many factors when setting the fiscal-year 2023 budget.

The average unemployment rate for the County of Henry, Virginia in June 2022 was 3.2%, a decrease of 2.2% from June 2021. This compares unfavorably to the state's rate of 2.9% and favorably to the national rate of 3.8%.

The latest estimate by University of Virginia Weldon Cooper Center for Public Service is a population of 50,000 a decrease of 1.9% from the 2020 U.S. Census.

These rates along with other indicators were taken into account when adopting the General Fund budget for 2023, which accounts for most of the County's operational costs. The fiscal year 2023 Adopted Budget anticipates General Fund revenues and expenditures to be \$72,097,430, a 9.75% increase over the fiscal year 2022 original budget.

REQUESTS FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the County's finances and to demonstrate the County's accountability for the money it receives. Questions concerning this report or requests for additional information should be directed to the County of Henry, Director of Finance, P. O. Box 7, Collinsville, Virginia 24078-0007, telephone 276-634-4630, or visit the County's website at www.henrycountyva.gov.

The accompanying notes to the financial statements are an integral part of this statement.

County of Henry, Virginia

Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position

At June 30, 2022

Total Fund Balances for Governmental Funds \$ 67,545,098

Total net position reported for governmental activities in the Statement of Net Position is different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. Those assets consist of:

Land and construction in progress	\$ 3,450,814
Construction-in-progress	1,426,100
School assets associated with debt held by County	31,947,609
Land improvements	6,059,690
Buildings and improvements, net of accumulated depreciation	77,019,791
Furniture, equipment, and vehicles, net of accumulated depreciation	<u>5,454,062</u>

Total Capital Assets 125,358,066

Right to use leased assets used in governmental activities are not financial resources and therefore are not reported in the funds.

Right to use assets at historical cost	\$ 374,067	
Accumulated amortization	<u>(124,689)</u>	249,378

Other assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds.

Unavailable revenue - taxes and licenses	2,152,529
--	-----------

Deferred outflows and inflows of resources are applicable to future periods and, therefore, are not reported in the funds.

Deferred outflows of resources related to pensions	4,817,848
Deferred inflows of resources related to pensions	(8,618,156)
Deferred outflows of resources related to OPEB	373,693
Deferred inflows of resources related to OPEB	<u>(741,201)</u>

Total Deferred Outflows and Inflows of Resources (4,167,816)

Internal service funds are used by the County to charge the cost of health insurance benefits to individual funds and the component units. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net Position.

7,387,059

Liabilities applicable to the County's governmental activities are not due and payable in the current period and, accordingly, are not reported as fund liabilities.

Balances of long-term liabilities affecting net position are as follows:

Bonds, financed purchase obligations, and notes payable with related premiums	(108,039,818)
Accrued interest payable	(862,075)
OPEB (obligation) asset	(856,359)
Net pension liability	(2,977,340)
Lease liabilities	(253,478)
Landfill closure and post-closure liability	(277,954)
Compensated absences	<u>(2,964,255)</u>

Total (116,231,279)

Total Net Position of Governmental Activities \$ 82,293,035

The accompanying notes to the financial statements are an integral part of this statement.

The accompanying notes to the financial statements are an integral part of this statement.

County of Henry, Virginia

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances
of Governmental Funds to the Statement of Activities
Year Ended June 30, 2022

Net Change in Fund Balances - Total Governmental Funds \$ (12,024,421)

**Amounts reported for governmental activities in the Statement of Activities
are different because:**

Governmental Funds report capital outlays as expenditures. However,
in the Statement of Activities, the cost of those assets is allocated over
their estimated useful lives as depreciation expense.

Net capital outlays and dispositions of assets	\$ 16,383,339	
Depreciation expense	<u>(1,866,286)</u>	14,517,053
Right to use leased asset capital outlay expenditures which were capitalized	374,067	
Amortization expense for intangible assets	<u>(124,689)</u>	249,378

Revenues in the Statement of Activities that do not provide current financial resources are deferred in the fund statements. This amount represents the difference in the amounts recorded as revenues in the fund statements versus the Statement of Activities on a year-to-year basis.		402,911
--	--	---------

Bond and financed purchase obligations proceeds are reported as financing sources in
Governmental Funds and thus contribute to the change in fund balance.
In the Statement of Net Position, however, issuing debt increases the
long-term liabilities and does not affect the Statement of Activities.
Similarly, the repayment of principal is an expenditure in the
Governmental Funds but reduces the liability in the Statement of Net
Position.

Tower lease	11,200	
Repayment of principal and adjustment to bond premiums and discounts	2,185,518	
Lease liabilities issued/paid, net	(253,478)	
Change in accrued interest	<u>205,684</u>	
Net Adjustment		2,148,924

Change in allocation of school's capital assets (new school buildings) that have
debt held and payable by the County associated with the buildings.

Change in net school assets allocated to County	<u>(1,007,271)</u>	(1,007,271)
---	--------------------	-------------

Internal service funds are used by the County to charge the cost of health insurance benefits. This is the net income from these funds.		710,322
--	--	---------

Some expenses reported in the Statement of Activities do not require the use of
current financial resources and, therefore, are not reported as expenditures in
governmental funds. Changes in the following accounts are as follows:

Net pension liability	10,118,526	
Deferred inflows - pension	(8,618,156)	
Deferred outflows - pension	(832,469)	
Deferred outflows - OPEB	(35,399)	
Deferred inflows - OPEB	(339,328)	
Other postemployment benefits	653,065	
Landfill obligation - closure monitoring	(12,223)	
Compensated absences	<u>(222,723)</u>	
Net Adjustment		711,293

Change in Net Position of Governmental Activities		<u>\$ 5,708,189</u>

County of Henry, Virginia

Notes to the Financial Statements

Year Ended June 30, 2022

1 Summary of Significant Accounting Policies

Narrative Profile

The County of Henry, Virginia (the "County") has a population of approximately 50,000 living within an area of 382 square miles. The County is located in the foothills of the Blue Ridge Mountains, in the southern Piedmont region of Virginia. The borders are shared with Patrick County to the west, Franklin County to the north, Pittsylvania County to the east, and the North Carolina line to the south.

The County was named for Patrick Henry, who lived there from 1780 to 1784. They originally were part of Pittsylvania County, but then went on their own in 1777.

The County of Henry, Virginia (the "County") is governed under the County Administration-Board of Supervisors form of government. The County engages in a comprehensive range of municipal services, including general government administration, judicial administration, public safety, public works, health and welfare, parks, recreation, and cultural, community development, and education.

The financial statements of the County have been prepared in conformity with the specifications promulgated by the Auditor of Public Accounts (APA) of the Commonwealth of Virginia, and the accounting principles generally accepted in the United States as specified by the Governmental Accounting Standards Board. The more significant of the government's accounting policies are described below:

1-A. Financial Reporting Entity

The basic criterion for determining whether a governmental department, agency, institution, commission, public authority, or other governmental organization should be included in a primary governmental unit's reporting entity for the basic financial statements is financial accountability. Financial accountability includes the appointment of a voting majority of the organization's governing body and the ability of the primary government to impose its will on the organization or if there is a financial benefit/burden relationship. In addition, an organization which is fiscally dependent on the primary government should be included in its reporting entity. These financial statements present the County of Henry, Virginia (the primary government) and its component units. Blended component units, although legally separate entities, are, in substance, part of the government's operations and so data from these units are combined with data of the primary government. Each discretely presented component unit, on the other hand, is reported in a separate column in the combined financial statements to emphasize it is legally separate from the government.

Individual Component Unit Disclosures

Discretely Presented Component Units

Henry County School Board

Henry County School Board (the "School Board") is organized as an independently governed school system for operating the public schools in the County. Citizens of the County elect school board members. The School Board is financially dependent on

appropriations by the County Board of Supervisors for current operations, with any surplus funds returned to the County annually. In addition, major capital improvements are financed by long-term debt issued by the County. In accordance with requirements of the Auditor of Public Accounts of the Commonwealth of Virginia, the School Board is considered to be a major component unit of the County. The government-wide statements are shown on the Statement of Net Position and the Statement of Activities, and the School Board governmental fund combining statements are shown in the Other Supplementary Information section.

Industrial Development Authority of Henry County, Virginia

The Industrial Development Authority of Henry County, Virginia (the "IDA") operates as an enterprise activity by assisting local industry with bond financing. The IDA is a legally separate organization; however, the Board of Supervisors of the County appoints all of the IDA's Board, and the County is legally obligated for the debts of the IDA. The IDA is presented as a discretely presented component unit for reporting purposes. The government-wide statements are shown on the Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Fund Net Position and the governmental fund statements are shown in the Other Supplementary Information section.

Henry-Martinsville Social Services Board

The Henry-Martinsville Social Services Board (the "HMSS") operates the Department of Social Services for both the County and the City. This joint entity was established June 1, 1997. Of the nine Board members, the County appoints six. The County is financially accountable for HMSS because it appoints a majority of the Board members and because the County is legally obligated to finance the deficits of and provide financial support to the Board. The County and the City have an agreement in which the City will reimburse the County for their share of administrative, operating, and maintenance costs that are unreimbursed by state or federal grants. The government-wide statements are shown on the Statement of Net Position and the Statement of Revenues, Expenditures, and Changes in Fund Balances, and the governmental fund statements are shown in the Other Supplementary Information section. These entities are collectively included and referred to as the "County."

Exclusions from the Reporting Entity

Related Organization

Henry County Public Service Authority

The primary function of Henry County Public Service Authority (the "HCPSA") is to provide water and sewer services to areas of the County. The HCPSA Board of Directors approves its own budget and maintains oversight of all programs. Most of the funding for HCPSA comes from state and federal grants as well as from charges for services. The County provides some financial assistance, but HCPSA is not financially dependent on the County. The Board of Supervisors appoints a Board member to the HCPSA from each County district. While not a component unit of the County, HCPSA is considered to be a related organization since the County has determinable ongoing financial interests in or responsibilities for HCPSA.

1-B. Financial Reporting Model

The County's Annual Comprehensive Financial Report includes management's discussion and analysis, the basic financial statements, required and other supplementary information, described as follows:

Management's Discussion and Analysis – The basic financial statements are accompanied by a narrative introduction as well as an analytical overview of the County's financial activities.

Government-wide Financial Statements – The government-wide financial statements include the Statement of Net Position and the Statement of Activities. These statements report financial information for the County as a whole. The primary government and the component units are presented separately within these financial statements with the focus on the primary government. Individual funds are not displayed but the statements distinguish governmental activities, generally supported by taxes and grants and the County's general revenues, from business-type activities, generally financed in whole or in part with fees charged to external customers. The fiduciary funds of the primary government are not included in the government-wide financial statements.

The Statement of Net Position presents the financial position of the governmental and business-type activities of the County and its discretely presented component units at year end.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities and for each identifiable activity of the business-type activities of the County. Direct expenses are those that are specifically associated with a function and, therefore, clearly identifiable to that particular function. The County does not allocate indirect expenses to functions in the Statement of Activities.

The Statement of Activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services which report fees and other charges to users of the County's services; (2) operating grants and contributions which finance annual operating activities including restricted investment income; and (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets. These revenues are subject to externally imposed restrictions to these program uses. For identifying to which function program revenue pertains, the determining factor for *charges for services* is which function *generates* the revenue. For *grants and contributions*, the determining factor is to which function the revenues are *restricted*.

Other revenue sources not considered to be program revenues are reported as general revenues of the County. The comparison of direct expenses with program revenues identifies the extent to which each governmental function and each identifiable business activity is self-financing or draws from the general revenues of the County.

Fund Financial Statements – During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. Fund financial statements are provided for governmental, proprietary, and fiduciary funds.

Major individual governmental and proprietary funds are reported in separate columns.

Reconciliation of Government-wide and Fund Financial Statements – Since the governmental funds financial statements are presented on a different measurement focus and basis of accounting than the government-wide financial statements, a summary reconciliation of the difference between total fund balances as reflected on the governmental funds balance sheet and total governmental activities net position as shown on the government-wide Statement of Net Position is presented. In addition, a summary reconciliation of the difference between the total net change in fund balances as reflected on the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances, and the change in net position of governmental activities as shown on the government-wide Statement of Activities is presented.

Budgetary Comparison Schedules – Demonstrating compliance with the adopted budget is an important component of a government's accountability to the public. Many citizens participate in the process of establishing the annual operating budgets of state and local governments and have a keen interest in following the actual financial progress of their governments over the course of the year. The County and many other governments revise their original budgets over the course of the year for a variety of reasons.

GASB-Required Supplementary Pension – GASB issued Statement No. 68–*Accounting and Financial Reporting for Pensions—an amendment of GASB No. 27*. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions.

1-C. Financial Statement Presentation

In the fund financial statements, financial transactions and accounts of the County are organized on the basis of funds. The operation of each fund is considered to be an independent fiscal and separate accounting entity, with a self-balancing set of accounts recording cash and/or other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. The following is a brief description of the funds reported by the County in each of its fund types in the financial statements:

- **Governmental Funds** – Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Fund liabilities are assigned to the fund from which they will be liquidated. The County reports the difference between its governmental fund assets and deferred outflows of resources and its liabilities and deferred inflows of resources as fund balance. The following are the County's major governmental funds:

- **General Fund**

The General Fund is the primary operating fund of the County and accounts for all revenues and expenditures applicable to the general operations of the County which are not accounted for in other funds. Revenues are derived primarily from property and other local taxes, licenses, permits, charges for services, use of money and property, and intergovernmental grants. The General Fund is considered a major fund for financial reporting purposes. A significant part of the General Fund's revenue is transferred to other funds and component units, principally to finance the operations of the County's Public Schools.

- *Special Revenue Funds*

Special Revenue Funds account for the proceeds of specific revenue sources (other than those derived from special assessments, expendable trusts, or dedicated for major capital projects) requiring separate accounting due to legal or regulatory provisions or administrative action. Special Revenue Funds include the following:

- *Children's Services Act Fund*

The Children's Services Act Fund accounts for revenue derived from the Commonwealth of Virginia for the care of the localities' special needs children. This special revenue fund is considered a major governmental fund for reporting purposes.

- *E-911 Central Dispatch Fund*

The E-911 Central Dispatch Fund accounts for the financial transactions associated with the operation of the County's 911 Emergency Services Center. Revenues are primarily derived from reimbursements from the City of Martinsville, Virginia, County of Henry, Virginia, the State Compensation Board, and Virginia Wireless Board. This special revenue fund is considered a major governmental fund for reporting purposes.

- *Law Library Fund*

The Law Library Fund accounts for revenue received from other funds for the use of the library. This special revenue fund is considered a major governmental fund for reporting purposes.

- *Fieldale Sanitary District Fund*

Fieldale Sanitary District – This fund accounted for money held in trust for the benefit of the Fieldale Sanitary District through June 30, 2013. Effective July 1, 2013, the Fieldale Sanitary District Board gifted to the County the remaining cash assets of the District. These funds are accounted for as a special revenue fund to be used for street lights and curb maintenance for the community of Fieldale.

- ***Proprietary Funds*** – Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position, and cash flows. The County has one enterprise fund at this time, Philpott Marina Fund, which accounts for activities of the Marina for recreational use by the citizens of Henry County and the surrounding area. The Component Unit – IDA Fund is also accounted for as a proprietary fund.

- ***Internal Service Funds*** – Internal service funds account for financing of goods and services provided by one department or agency to other departments or agencies of the County government. Internal service funds consist of the following:

- *Self-Insurance*

This fund accounts for costs associated with providing health insurance benefits to employees of the County, School Board, and Social Services and with managing claims pertaining thereto.

- ***Capital Projects Funds*** – Capital Projects Funds account for financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary funds. Capital Projects Funds include the following:

- *Special Grant Projects Fund*

The Special Grant Projects Fund accounts for all financial resources used for recording activity for CDBG and related type grants. This fund is considered a major governmental fund for reporting purposes.

- ***Fiduciary Funds (Custodial Funds)*** – Fiduciary funds account for assets held by the County in a trustee capacity or as an agent or custodian for individuals, private organizations, other governmental units, or other funds. Custodial funds utilize the accrual basis of accounting. Since by definition, these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide financial statements. The County maintains the following fiduciary funds:

- **Special Welfare Fund** – The Special Welfare Fund is used to reimburse the Children's Service Act Fund, State Agencies, and others for expenses incurred on behalf of Henry-Martinsville Social Services welfare clients. Income is derived primarily from the Social Security Administration and other local organizations on behalf of the Social Services' clients.
- **Jail Inmate Fund** – This fund is comprised of cash on inmates of the Henry County Jail at the time of their arrest or contributions to them from their family members. These funds can only be used for the health and welfare of specific County inmates.
- **OPEB Trust Fund** – This fund is comprised of the money held in trust to fund post-retiree benefits of health insurance for the County, the School Board, and Henry-Martinsville Social Services.

Component Unit (Henry County School Board)

The Henry County School Board has the following funds:

School Fund – The School Fund accounts for the general operations and activities of the schools with the exception of the textbook purchases and cafeteria operations.

School Textbook Fund – The School Textbook Fund handles purchases of textbooks for the school system.

School Cafeteria Fund – The School Cafeteria Fund accounts for all school cafeteria operations including federal and state grants, meal charges, and food purchases.

School Activity Fund – The School Activity Fund accounts for funds used to support co-curricular and extracurricular student activities.

1-D. Measurement Focus and Basis of Accounting

The accompanying financial statements are prepared in accordance with pronouncements issued by the Governmental Accounting Standards Board. The principles prescribed by GASB represent generally accepted accounting principles applicable to governmental units.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses

are recorded when a liability is incurred, regardless of timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The government-wide Statement of Activities reflects both the gross and net cost per functional category (general government administration, judicial administration, public safety, public works, health and welfare, etc.) which are otherwise being supported by general government revenues, (property taxes, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants, and contributions. The program revenues must be directly associated with the function (general government administration, judicial administration, public safety, public works, health and welfare, etc.) or a business-type activity.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The County's fiduciary funds are presented in the fund financial statements by type. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Accordingly, real and personal property taxes are recorded as revenues and receivables when billed, net of allowances for uncollectible amounts. Property taxes not collected within 60 days after year end are reflected as unavailable revenues. Sales and utility taxes, which are collected by the state or utilities and, subsequently, remitted to the County, are recognized as revenues and receivables upon collection by the state or utility, which is generally within two months preceding receipt by the County.

Licenses, permits, fines, and rents are recorded as revenues when received. Intergovernmental revenues, consisting primarily of federal, state, and other grants for the purpose of funding specific expenditures, are recognized when earned or at the time of the specific expenditures. Revenues from general purpose grants are recognized in the period to which the grant applies. All other revenue items are considered to be measurable and available only when cash is received by the government.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with the proprietary fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

1-E. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Fund Equity

1-E-1 Cash and Cash Equivalents

The County operates a cash and investment pool which most funds utilize. The County pools money from several funds to facilitate disbursement and investment and to maximize investment income.

1-E-2 Investments

Investments are stated at fair value which approximates market; no investments are valued at cost. Certificates of deposit and short-term repurchase agreements are reported in the accompanying financial statements as cash and cash equivalents.

State statutes authorize the government to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds, repurchase agreements, State Treasurer's Local Government Investment Pool (LGIP), and the State Non-Arbitrage Program (SNAP).

1-E-3 Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portions of the interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statement as internal balances.

The County levies real estate taxes on all real property on a fiscal year basis, at a rate enacted by the County Board of Supervisors on the assessed value of property (except public utility property) as determined by the Commissioner of Revenue of Henry County. The Commonwealth of Virginia assesses public utility property. Neither the County nor the Commonwealth of Virginia imposes a limitation on the tax rate. All property is assessed at 100 percent of fair market value and real estate is reassessed every four years. The Commissioner of Revenue prorates billings for property incomplete as of January 1, but completed during the year. Any taxes paid after the due date is subject to a 10 percent penalty and an 8 percent interest charge.

Real estate taxes are billed annually and due by December 5. Liens are placed on the property on the date real estate taxes are delinquent, and interest at the rate of 10 percent per annum is added to the delinquent tax and penalty, and must be satisfied prior to the sale or transfer of the property. Any uncollected amounts from previous years' levies are incorporated in the taxes receivable balance.

Personal property tax assessments on tangible business property are based on a declining graduated percent of cost based on year of acquisition. All motor vehicles are based on 100 percent of loan value of the property as of January 1 of each year. Personal property taxes do not create a lien on property. Any taxes paid after the due date is subject to a 10 percent penalty and an 8 percent interest charge.

Property taxes receivable are included as unavailable revenue in the fund financial statements since these taxes are not considered to be available to liquidate liabilities of the current period.

Any uncollected amounts from prior year levies are incorporated in the taxes receivable balance. Under the provisions of the Personal Property Tax Relief Act of 1998 (PPTRA), the County receives taxpayers' payments in fiscal year 2021 from the State for its share of the local personal property tax payment (for personal use motor vehicles), with the remainder collected by the County.

1-E-4 Lease Receivable

The County's lease receivable is measured at the present value of lease payments expected to be received during the lease term. Under the lease agreement, the County may receive variable lease payments that are dependent upon the lessee's revenue. The variable payments are recorded as an inflow of resources in the period the payment is received.

A deferred inflow of resources is recorded for the lease. The deferred inflow of resources is recorded at the initiation of the lease in an amount equal to the initial recording of the lease receivable. The deferred inflow of resources is amortized on a straight-line basis over the term of the lease.

1-E-5 Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30 are recorded as prepaid items using the consumption method by recording an asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed. At the fund reporting level, an equal amount of fund balance is reported as nonspendable as this amount is not available for general appropriation.

1-E-6 Capital Assets

General capital assets are those capital assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in governmental funds. The County reports these assets in the governmental activities column of the government-wide Statement of Net Position but does not report these assets in the governmental fund financial statements. Capital assets utilized by enterprise funds are reported both in the business-type activities column of the government-wide Statement of Net Position and in the enterprise funds' Statement of Net Position.

Capital outlays are recorded as expenditures of the General, Children's Services Act, E-911 Central Dispatch, Law Library, Fieldale Sanitary District, and Special Grant Projects funds and as assets in the government-wide financial statements to the extent the County's capitalization thresholds are met. The capitalization thresholds for capitalizing capital assets are \$5,000 and \$100,000 for building additions. All capital assets are valued at historical cost or estimated historical cost if actual cost is not available. Donated capital assets are valued at their estimated fair market value on the date donated. Depreciation is recorded on general capital assets on a government-wide basis.

In the fund financial statements, maintenance, repairs, and minor equipment costs are charged to operations when incurred. Expenditures that meet the County's capitalization policy and materially change capacities or extend useful lives are capitalized in the government-wide financial statements. Upon sale or retirement of land, buildings, or equipment, the cost and related accumulated depreciation, if applicable, are eliminated from the respective accounts, and any resulting gain or loss is included in current year's operations.

Capital assets of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

<u>Asset Description</u>	<u>Estimated Lives</u>
Buildings	15-40 years
Equipment	3-15 years

1-E-7 Right to Use Assets

The County has recorded right to use lease assets as a result of implementing GASB 87. The right to use assets are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, less lease incentives, and plus ancillary charges necessary to place the lease into service. The right to use assets are amortized on a straight-line basis over the life of the related lease.

1-E-8 Deferred Outflows/Inflows of Resources

The Statement of Net Position includes a separate section for deferred outflows of resources. This represents the usage of net position applicable to future periods and will be recognized as expenditures in the future period to which it applies. This category also includes amounts related to pensions for certain actuarially determined differences between projected and actual investment earnings.

The Statement of Net Position also includes a separate section for deferred inflows of resources. This represents an acquisition of net position applicable to future periods and will be recognized as revenue in the future period to which it applies. Currently, this category includes revenues received in advance, amounts related to pensions for certain actuarially determined differences between projected and actual experience, and lease deferrals.

Deferred inflows of resources in the Governmental Funds Balance Sheet include unavailable revenue. Unavailable revenue consists primarily of special assessment, loans and notes receivable. The County considers revenues available if they are collected within 60 days of the end of the fiscal year.

1-E-9 Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the County will compensate the employees for the benefits through paid time off or some other means.

All compensated absence liabilities include salary-related payments, where applicable.

The total compensated absence liability is reported on the government-wide financial statements. Proprietary funds report the total compensated absence liability in each individual fund at the fund reporting level. Governmental funds report the compensated absence liability at the fund reporting level when paid.

1-E-10 Pensions

The Virginia Retirement System (VRS) Political Subdivision Retirement Plan is a multi-employer, agent plan. The Virginia Retirement System (VRS) Teacher Employee Retirement Plan is a multiple employer, cost-sharing plan. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Political Subdivision's Retirement Plan and Virginia Retirement System (VRS) Teacher Retirement Plan and the additions to/deductions from the Political Subdivision's Retirement Plan's and VRS Teacher Retirement Plan's net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

1-E-11 Group Life Insurance Program

The Virginia Retirement System (VRS) Group Life Insurance Program is a multiple employer, cost-sharing plan. It provides coverage to state employees, teachers, and employees of participating political subdivisions. The Group Life Insurance Program was established pursuant to §51.1-500 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. The Group Life Insurance Program is a defined benefit plan that provides a basic group life insurance benefit for employees of participating employers. For purposes of measuring the net Group Life Insurance Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Group Life Insurance Program OPEB, and Group Life Insurance Program OPEB expense, information about the fiduciary net position of the VRS Group Life Insurance program OPEB and the additions to/deductions from the VRS Group Life Insurance Program OPEB's fiduciary net position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

1-E-12 Health Insurance Credit Program

The Political Subdivision Health Insurance Credit Program is a multiple-employer, agent defined benefit plan that provides a credit toward the cost of health insurance coverage for retired political subdivision employees of participating employers. The Political Subdivision Health Insurance Credit Program was established pursuant to §51.1-1400 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. For purposes of measuring the net Political Subdivision Health Insurance Credit Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Political Subdivision Health Insurance Credit Program OPEB, and the Political Subdivision Health Insurance Credit Program OPEB expense, information about the fiduciary net position of the Virginia Retirement System (VRS) Political Subdivision Health Insurance Credit Program; and the additions to/deductions from the VRS Political Subdivision Health Insurance Credit Program's net fiduciary position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

1-E-13 Teacher Employee Health Insurance Credit Program

The Virginia Retirement System (VRS) Teacher Employee Health Insurance Credit Program is a multiple-employer, cost-sharing plan. The Teacher Employee Health Insurance Credit Program was established pursuant to §51.1-1400 et seq. of the *Code of Virginia*, as amended, and which provides the authority under which benefit terms are established or may be amended. The Teacher Employee Health Insurance Credit Program is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired teachers. For purposes of measuring the net Teacher Employee Health Insurance Credit Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Teacher Employee Health Insurance Credit Program OPEB, and the Teacher Employee Health Insurance Credit Program OPEB expense, information about the fiduciary net position of the Virginia Retirement System (VRS) Teacher Employee Health Insurance Credit Program; and the additions to/deductions from the VRS Teacher Employee Health Insurance Credit Program's net fiduciary position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

1-E-14 Other Postemployment Benefit Plans

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the County of Henry, Virginia's OPEB Plan for Retiree's Health Insurance and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. See Notes to the financial statement for more information regarding the Plan.

1-E-15 Fund Equity

Fund equity at the governmental fund financial reporting level is classified as fund balance. Fund equity for all other reporting is classified as net position.

Governmental Fund Balances – Generally, governmental fund balances represent the difference between the current assets and deferred outflows of resources, and current liabilities and deferred inflows of resources. Governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which resources can be spent. Fund balances are classified as follows:

Nonspendable – amounts that cannot be spent either because they are in non-spendable form or because they are legally or contractually required to be maintained intact.

Restricted – amounts that can be spent only for specific purposes because of constitutional provisions, charter requirements or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level of action to remove or change the constraint.

Assigned – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes.

Unassigned – all amounts not classified as nonspendable, restricted, committed, or assigned.

Net Position – Net position represents the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources. Net investment in capital assets consists of cost of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. This net investment in capital assets amount also is adjusted by any bond issuance deferral amounts. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. All other net position is reported as unrestricted.

1-E-16 Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for Philpott Marina. Operating expenses are necessary costs incurred to provide the good or service that are the primary activity of the fund. All other items that do not directly relate to the principal and usual activity of the fund are recorded as nonoperating revenues and expenses. These items include investment earnings and gains or losses on the disposition of capital assets.

1-E-17 Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after the non-operating revenues/expenses section in proprietary funds.

1-E-18 Long-Term Obligations

In the Government-wide financial statements and propriety fund types in the Fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, as well as insurance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of applicable bond premium or discount. Bond insurance costs are reported as deferred charges and amortized over the term of the related debt.

In the Fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

1-E-19 Encumbrances

Encumbrance accounting, the recording of purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriations, is employed as an extension of formal budgetary integration in the General, Children's Services Act, E-911 Central Dispatch, Law Library, Fieldale Sanitary District, and Special Grant Projects funds.

1-E-20 Land and Building – Held for Sale

The IDA has land and building that are held for resale to potential industries in the County. The assets are recorded at cost. Periodically, incidental rent is received for the use of these facilities.

1-E-21 Unearned Revenues

This account includes amounts recognized as receivables but not revenues in governmental funds because the revenue recognition criteria have not been met.

1-E-22 Adoption of New GASB Statements

During the fiscal year ended June 30, 2022, the County adopted the following GASB statements:

Statement No. 87, Leases increases the usefulness of the financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. A lessee will be required to recognize a lease liability and an intangible right-to-use a lease asset, and a lessor will be required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about leasing activities. The requirements of this statement are effective for the fiscal year ending June 30, 2022 for the County.

GASB Statement No. 92, Omnibus 2020 enhances comparability in accounting and financial reporting and improves the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics and includes specific provisions about the following: (1) The effective date of GASB Statement No. 87, Leases, and Implementation Guide No. 2019-3, Leases, for interim financial reports. (2) Reporting of intra-entity transfers of assets between a primary government employer and a component unit defined benefit pension plan or defined benefit other postemployment benefit (OPEB) plan. (3) The applicability of GASB Statements No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68, as amended, and No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, as amended, to reporting assets accumulated for postemployment benefits. (4) The applicability of certain requirements of GASB Statement No. 84, Fiduciary Activities, to postemployment benefit arrangements. (5) Measurement of liabilities (and assets, if any) related to asset retirement obligations (AROs) in a government acquisition. (6) Reporting by public entity risk pools for amounts that are recoverable from reinsurers or excess insurers. (7) Reference to nonrecurring fair value measurements of assets or liabilities in authoritative literature. (8) Terminology used to refer to derivative instruments. The requirements of this statement are effective for the fiscal year ending June 30, 2022 for the County.

Statement No. 93, Replacement of Interbank Offered Rates, establishes accounting and financial reporting requirements related to the replacement of Interbank Offered Rates (IBORs) in hedging derivative instruments and leases. It also identifies appropriate benchmark interest rates for hedging derivative instruments. The requirements of this Statement, except for removal of London Interbank Offered Rate (LIBOR) as an appropriate benchmark interest rate and the requirements related to lease modifications, are effective for reporting periods beginning after June 15, 2020. The removal of LIBOR as an appropriate benchmark interest rate is effective for reporting periods ending after December 31, 2021. All requirements related to lease modifications in this Statement are effective for reporting periods beginning after June 15, 2021. The requirements of this statement are effective for the fiscal year ending June 30, 2022 for the County.

GASB Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code (IRC) Section 457 Deferred Compensation Plans – an Amendment of GASB Statements No. 14 and No. 84, and a Supersession of GASB Statement No. 32. This Statement provides a more consistent financial reporting of defined contribution plans, defined contribution OPEB plans and other employee benefit plans, while mitigating the costs associated with reporting those plans. Certain provisions of this Statement are effective for fiscal year 2022 for the County.

GASB Statement No. 98, *The Annual Comprehensive Financial Report*, This Statement establishes the term annual comprehensive financial report and its acronym ACFR. That new term and acronym replace instances of comprehensive annual financial report and its acronym in generally accepted accounting principles for state and local governments. The requirements of this statement are effective for the fiscal year ending June 30, 2022 for the County.

1-F. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

2 Stewardship, Compliance, and Accountability

Budgets and Budgetary Accounting

The Board of Supervisors annually adopts budgets for the various funds of the primary government and component units. All appropriations are legally controlled at the department level for the primary Government Funds. The School Board appropriation is determined by the Board of Supervisors and controlled in total by the primary government. Unexpended and unencumbered appropriations lapse at the end of each fiscal year except as allowed by the Appropriations Resolution.

Budgetary Data

The following procedures are used by the County in establishing the budgetary data reflected in the financial statements:

1. Prior to April 18, the County Administrator submits to the Board of Supervisors a proposed operating and capital budget for the fiscal year commencing July 1. The operating budget and capital budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain citizen comments.
3. Prior to June 30, the budget is legally enacted through passage of an Appropriations Resolution.
4. The Appropriations Resolution places legal restrictions on expenditures at the fund, function, and departmental level. These appropriations for each fund, function, and department can be revised only by the Board of Supervisors.
5. Formal budgetary integration is employed as a management control device during the year and budgets are legally adopted for all major funds and component units.
6. All budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
7. Supplemental Appropriations are adopted if necessary during the fiscal year.
8. The County Administrator is authorized to transfer budgeted amounts within general government departments subject to limitations set in the Appropriations Resolution; however, the School Board and Henry-Martinsville Social Services are authorized to transfer budgeted amounts within each of their respective budget categories.

Expenditures in Excess of Appropriations

Expenditures did not exceed appropriations at the fund level.

Fund Deficits

There are no fund deficits.

3 Deposits and Investments

Deposits

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act") Section 2.2-4400 *et seq.* of the *Code of Virginia*. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in amount from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

Investments

Investment Policy

In accordance with state statutes, the current investment policy of the County authorizes investments in obligations of the United States and agencies thereof, Bankers' Acceptances, commercial paper, repurchase agreements, tax exempt and taxable Municipal Bonds, the Virginia State Non-Arbitrage Program (SNAP) or other authorized Arbitrage Investment Management programs, and the State Treasurer's Local Government Investment Pool (the Virginia LGIP, a 2a-7 like pool). Both SNAP and LGIP are not registered with the SEC but are overseen by the Treasurer of Virginia and the State Treasury Board. The fair value of the County's position in the pools is the same as the value of the pool shares.

The County's investments are subject to credit risk, concentration of credit risk, interest rate risk, and custodial risk as described below. The County's investments are not subject to foreign currency risk.

Credit Risk

As required by State statute, the policy requires that commercial paper have a short-term debt rating of no less than "A-1" or "P-1" or "F-1" (or its equivalent) from Moody's Investors Service or Standard & Poor's or Fitch. Municipal Bonds must have a rating of "AA" or higher by at least two of the following National Credit Rating Agencies: Moody's Investors Service, Standard & Poor's or Fitch.

Although state statute does not impose credit standards on repurchase agreement counterparties, bankers' acceptances, or money market mutual funds, the County has established stringent credit standards for these investments to minimize portfolio risk.

Concentration of Credit Risk

The Policy establishes limitations on portfolio composition by issuer in order to control concentration of credit risk. The Policy establishes limitations on the holdings as follows:

1. The portfolio will be diversified with no more than 5% of the value of the portfolio invested in the securities of any single issuer. This limitation shall not apply to the U.S. Government, or Agency thereof, or U.S. Government sponsored corporation securities and fully insured and/or collateralized certificates of deposit.
2. The maximum percentage of the Investment Portfolio in each eligible security type is limited as follows:

U.S. Treasury	100%
Agency Securities (no more than 35% in any one agency)	100%
Money Market Mutual Funds	100%
Repurchase Agreements	40%
Municipal Obligations (no more than 5%* in any one issuer)	20%
Bankers Acceptances (no more than 5%* in any one bank)	20%
Negotiable Certificates of Deposit (no more than 5%* in any one bank)	20%
Commercial Paper (no more than 5%* in any one issuing corporation)	20%
Virginia Local Government Investment Pool	100%
Virginia State Non-Arbitrage Program	100% of Bond Proceeds
*or \$1 Million, whichever is greater	

Interest Rate Risk

As a means of limiting exposure to fair value losses arising from rising interest rates, the Policy limits the investment of operating funds to investments with a stated maturity of no more than five years from the date of purchase.

Custodial Credit Risk

The Policy requires that all investment securities purchased by the County be held by a third-party custodial agent who may not otherwise be counterparty to the investment transaction. As of June 30, all of the County's investments are held in a custodian's trust department in the County's name.

The County's investments consist of the following:

	<u>Fair Value</u>	<u>Weighted Average Maturity (Years)</u>
Municipal bonds	\$ 1,961,262	2.50
U.S. Government bonds	6,867,196	4.10
Collateralized Money Market - Trustee	35,770	N/A
Money Market - SNAP	8,974,704	N/A
Certificates of deposit	<u>17,929,763</u>	3.80
	<u>\$ 35,768,695</u>	

County's investments by credit rating consist of the following:

<u>Rating (Moody's or S&P)</u>	<u>Fair Value</u>
AA+ or higher	\$ 8,828,458
Unrated	<u>26,940,237</u>
	<u>\$35,768,695</u>

Cash and investments are reflected in the financial statements as follows:

Component Units

Fair Value

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The County has the following recurring fair value measurements as of June 30, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments by Fair Value Level				
Municipal bonds	\$ -	\$ 1,961,262	\$ -	\$ 1,961,262
U.S. Government bonds	-	6,867,196	-	6,867,196
	<u>\$ -</u>	<u>\$ 8,828,458</u>	<u>\$ -</u>	<u>\$ 8,828,458</u>

The Component Unit – IDA owns 42.80% of CCAT Leveraged Lender, LLC. The capital account balance per the Schedule K-1 as of June 30, 2022 is \$3,753,639.

4 Receivables

Receivables at June 30, 2022 consist of the following:

	<u>Primary Government</u>			<u>Component Units</u>		
	<u>Governmental Activities</u>	<u>Business-Type Activities</u>	<u>School Board</u>	<u>Industrial Development Authority</u>	<u>Henry-Martinsville Social Services</u>	<u>Custodial Funds</u>
Accounts Receivable

11 Right to Use Leased Assets

The County has recorded the right to use leased assets. The assets are right to use for leased equipment. The related leases are discussed in the Leases note. The right to use lease assets are amortized on a straight-line basis over the terms of the related leases.

Right to use asset activity for the year ended June 30, 2022 was as follows:

Governmental Activities

	Balance July 1, 2021	Increases	Decreases	Balance June 30, 2022
Right to use assets				
Equipment	\$ -	\$ 374,067	\$ -	\$ 374,067

C. Long-Term Agreement

The County entered into a long-term agreement with Verizon in 2008 for construction and renovations made to a tower. The agreement was for \$265,600 and will be paid back over approximately 14 years in lieu of Verizon paying rent. The annual amount is \$19,200.

D. Component Units

Following is a summary of the changes in long-term liabilities that are recorded in the component units for the year ended June 30, 2022:

	<u>Balance July 1, 2021</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance June 30, 2022</u>	<u>Due Within One Year</u>
School Board

Deferred inflows for OPEB	2,508,810
Deferred inflows for pension liability	<u>28,018,664</u>
	<u>\$ 30,575,880</u>
Henry-Martinsville Social Services	
Deferred inflows for OPEB	\$ 144,826
Deferred inflows for pension liability	<u>2,154,539</u>
	<u>\$ 2,299,365</u>

17 Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County joined together with other local governments in Virginia to form the Virginia Risk Sharing Association and Virginia Association of Counties Group Self-Insurance Risk Pool, both public entity risk pools currently operating as a common risk management and insurance program for participating local governments. In the event of a loss deficit and depletion of all available excess insurance, the pool may assess all members in the proportion which the premium of each bears to the total premiums of all members in the year in which such deficit occurs.

The County continues to carry commercial insurance for all other risks of loss, including employee dishonesty and employee health and accident insurance. The component units carry commercial insurance for all risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Surety Bond coverage is as follows:

Treasurer	\$ 750,000
Commissioner of Revenue	3,000
Clerk of Circuit Court	124,000
Sheriff	30,000
Employees of above officers - blanket bond	1,000,000
County Administrator	1,000,000
Employees of County and Board members - blanket bond	1,000,000
Clerk of the School Board	10,000
Director of Public Welfare	100,000
Employees of Social Services - blanket bond	100,000

18 Commitments and Contingencies

Federal programs in which the County and all discretely presented component units participate were audited in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Pursuant to the requirements of the Uniform Guidance, all major programs and certain other programs were tested for compliance with applicable grant requirements. While no matters of noncompliance were disclosed by the audit, the Federal Government may subject grant programs to additional compliance tests which may result in disallowed expenditures. In the opinion of management, any future disallowance of current grant program expenditures, if any, would be immaterial.

19 Litigation

The City of Martinsville has initiated proceedings in the Martinsville Circuit Court in which it seeks authorization to transition to town status. Reversion would bring the residents of the City within the County. The reversion process has been and will continue to be a lengthy process. The County is defending against the City's proposed reversion under the terms thus far proposed by the City. The litigation presently is before a three-judge panel appointed by the Virginia Supreme Court. Depending on forthcoming rulings, the process could head in a number of different directions. Whatever course the litigation takes over the next several months, reversion, if approved, would impact the services that are provided by County, County expenses for those services, and County revenues, among other things. New revenues from the town will be insufficient to cover the costs of the new services the County will be providing in the town. New services could cost the County an additional \$4 million to \$7 million per year. In the initial year of reversion, there also will be significant one-time expenses in the nature of capital expenditures and on-boarding costs for new personnel and facilities related to the County's new service obligations. One-time expenses could cost the County between \$2 million and \$4 million in the initial year of reversion. These figures are estimates, and the actual cost ultimately could exceed these estimates.

At June 30, 2022, there were no other matters of litigation involving the County which would materially affect the County's financial position should any court decisions or pending matters not be favorable to such entities.

20 Performance Agreements

The County has signed performance agreements with various companies that have located within the County. As part of many of these agreements, the County has agreed to pay cash incentives to the companies. As of June 30, 2022, the County had no outstanding commitments for future payments under these agreements.

21 Legal Compliance

The Virginia Public Finance Act contains state law for issuance of long-term and short-term debt. The Act states, in part, that no municipality may issue bonds or other interest-bearing obligations, including existing indebtedness, which will at any time exceed ten percent of the assessed valuation on real estate as shown by the last preceding assessment for taxes. Short-term revenue anticipation bonds/notes, general obligation bonds approved in a referendum, revenue bonds, and contract obligations for publically owned or regional projects should not be included in the debt limitation.

Computation of Legal Debt Margin

Total Assessed Value of Taxed Real Property	<u>\$ 2,955,483,423</u>
Debt Limits per Constitution of Virginia - 10% Assessed Value	\$ 295,548,342
<i>Amount of Debt Applicable to Debt Limit</i>	
Gross Debt	<u>105,311,323</u>
Legal Debt Margin - June 30, 2022	<u>\$ 190,237,019</u>

Note: Includes all long-term general obligation bonded debt and Literary Fund Loans. Excludes capital leases, landfill closure, and compensated absences.

22 Appropriation to School from General Fund

Following is a summary of adjustments made to the local school appropriation when converting from fund financial statements to government-wide financial statements:

	<u>School Board</u>
Appropriation from General Fund	\$ 19,736,804
Net fixed asset and depreciation adjustment on the school buildings still owned by the County until the debt is paid off	1,007,271
Adjustment for the net allocation of internal service self-insurance fund services and costs	(478,682)
Adjustment for long-term debt paid by School on buildings owned by the County until the debt is paid off	<u>(2,637,318)</u>
Appropriation to School Fund per Government-Wide Statements	<u>\$ 17,628,075</u>

23 Pension Plan

Plan Description

All full-time, salaried permanent (professional) employees of the political subdivision are automatically covered by a VRS Retirement Plan upon employment. All full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Retirement Plan upon employment. This plan is administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

The System administers three different benefit structures for covered employees and employees in the VRS Teacher Retirement Plan – Plan 1, Plan 2, and Hybrid. Each of these benefit structures has different eligibility criteria. The specific information for each plan and the eligibility for covered groups within each plan are set out in the table below:

RETIREMENT PLAN PROVISIONS

PLAN 1

About Plan 1

Plan 1 is a defined benefit plan. The retirement benefit is based on a member's age, service credit, and average final compensation at retirement using a formula.

Eligible Members

Members are in Plan 1 if their membership date is before July 1, 2010, and they were vested as of January 1, 2013, and they have not taken a refund.

Hybrid Opt-In Election

VRS non-hazardous duty covered Plan 1 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014.

The Hybrid Retirement Plan's effective date for eligible Plan 1 members who opted in was July 1, 2014.

If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan.

Members who were eligible for an optional retirement plan (ORP) and had prior service under Plan 1 were not eligible to elect the Hybrid Retirement Plan and remain as Plan 1 or ORP.

PLAN 2

About Plan 2

Same as Plan 1.

Eligible Members

Members are in Plan 2 if their membership date is on or after July 1, 2010, or their membership date is before July 1, 2010, and they were not vested as of January 1, 2013.
Teachers: Members are in Plan 2 if their membership date is from July 1, 2010, to December 31, 2013, and they have not taken a refund. Members are covered under Plan 2 if they have a membership date prior to July 1, 2010, and they were not vested before January 1, 2013.

Hybrid Opt-In Election

Eligible Plan 2 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014.

The Hybrid Retirement Plan's effective date for eligible Plan 2 members who opted in was July 1, 2014.

If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan.

Members who were eligible for an optional retirement plan (ORP) and have prior service under Plan 2 were not eligible to elect the Hybrid Retirement Plan and remain as Plan 2 or ORP.

HYBRID RETIREMENT PLAN

About the Hybrid Retirement Plan

The Hybrid Retirement Plan combines the features of a defined benefit plan and a defined contribution plan.

- The defined benefit is based on a member's age, service credit, and average final compensation at retirement using a formula.

- The benefit from the defined contribution component of the plan depends on the member and employer contributions made to the plan and the investment performance of those contributions.

- In addition to the monthly benefit payment payable from the defined benefit plan at retirement, a member may start receiving distributions from the balance in the defined contribution account, reflecting the contributions, investment gains or losses, and any required fees.

Eligible Members

Members are in the Hybrid Retirement Plan if their membership date is on or after January 1, 2014. This includes:

- Political subdivision employees*
- School division employees
- Members in Plan 1 or Plan 2 who elected to opt into the plan during the election window held January 1 - April 30, 2014; the plan's effective date for opt-in members was July 1, 2014

**Non-Eligible Members*

Some employees are not eligible to participate in the Hybrid Retirement Plan. They include:

- Political subdivision employees who are covered by enhanced benefits for hazardous duty employees

Those employees eligible for an optional retirement plan (ORP) must elect the ORP plan or the Hybrid Retirement Plan. If these members have prior service under Plan 1 or Plan 2, they are not eligible to elect the Hybrid Retirement Plan and must select Plan 1 or Plan 2 (as applicable) or ORP.

PLAN 1

Retirement Contributions

Members contribute 5% of their compensation each month to their member contribution account through a pre-tax salary reduction. Member contributions are tax-deferred until they are withdrawn as part of a retirement benefit or as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees. VRS invests both member and employer contributions to provide funding for the future benefit payment.

Service Credit

Service credit includes active service. Members earn service credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional service credit the member was granted. A member's total service credit is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.

Vesting

Vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members become vested when they have at least five years (60 months) of service credit. Vesting means members are eligible to qualify for retirement if they meet the age and service requirements for their plan. Members also must be vested to receive a full refund of their member contribution account balance if they leave employment and request a refund.

Members are always 100% vested in the contributions that they make.

PLAN 2

Retirement Contributions

Same as Plan 1.

Service Credit

Same as Plan 1.

Vesting

Same as Plan 1.

HYBRID RETIREMENT PLAN

Retirement Contributions

A member's retirement benefit is funded through mandatory and voluntary contributions made by the member and the employer to both the defined benefit and the defined contribution components of the plan. Mandatory contributions are based on a percentage of the employee's creditable compensation and are required from both the member and the employer. Additionally, members may choose to make voluntary contributions to the defined contribution component of the plan, and the employer is required to match those voluntary contributions according to specified percentages.

Service Credit

Defined Benefit Component:

Under the defined benefit component of the plan, service credit includes active service. Members earn service credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional service credit the member was granted. A member's total service credit is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.

Defined Contributions Component:

Under the defined contribution component, service credit is used to determine vesting for the employer contribution portion of the plan.

Vesting

Defined Benefit Component:

Defined benefit vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members are vested under the defined benefit component of the Hybrid Retirement Plan when they reach five years (60 months) of service credit. Plan 1 or Plan 2 members with at least five years (60 months) of service credit who opted into the Hybrid Retirement Plan remain vested in the defined benefit component.

Defined Contributions Component:

Defined contribution vesting refers to the minimum length of service a member needs to be eligible to withdraw the employer contributions from the defined contribution component of the plan.

Members are always 100% vested in the contributions that they make.

PLAN 1

Calculating the Benefit

The basic benefit is determined using the average final compensation, service credit and plan multiplier. An early retirement reduction is applied to this amount if the member is retiring with a reduced benefit. In cases where the member has elected an optional form of retirement payment, an option factor specific to the option chosen is then applied.

An early retirement reduction factor is applied to the Basic Benefit if the member retires with a reduced retirement benefit or selects a benefit payout option other than the Basic Benefit.

Average Final Compensation

A member's average final compensation is the average of the 36 consecutive months of highest compensation as a covered employee.

Service Retirement Multiplier

VRS: The retirement multiplier is a factor used in the formula to determine a final retirement benefit. The retirement multiplier for non-hazardous duty members is 1.70%.

Sheriffs and regional jail superintendents: The retirement multiplier for sheriffs and regional jail superintendents is 1.85%.

Political subdivision hazardous duty employees: The retirement multiplier of eligible political subdivision hazardous duty employees other than sheriffs and regional jail superintendents is 1.70% or 1.85% as elected by the employer.

PLAN 2

Calculating the Benefit

See definition under Plan 1.

Average Final Compensation

A member's average final compensation is the average of their 60 consecutive months of highest compensation as a covered employee.

Service Retirement Multiplier

VRS: Same as Plan 1 for service earned, purchased, or granted prior to January 1, 2013. For non-hazardous duty members, the retirement multiplier is 1.65% for service credit earned, purchased, or granted on or after January 1, 2013.

Sheriffs and regional jail superintendents: Same as Plan 1.

Political subdivision hazardous duty employees: Same as Plan 1.

HYBRID RETIREMENT PLAN

Upon retirement or leaving covered employment, a member is eligible to withdraw a percentage of employer contributions to the defined contribution component of the plan, based on service.

- After two years, a member is 50% vested and may withdraw 50% of employer contributions.
- After three years, a member is 75% vested and may withdraw 75% of employer contributions.
- After four or more years, a member is 100% vested and may withdraw 100% of employer contributions.

Distributions not required, except as governed by law .

Calculating the Benefit

Defined Benefit Component:

See definition under Plan 1.

Defined Contribution Component:

The benefit is based on contributions made by the member and any matching contributions made by the employer, plus net investment earnings on those contributions.

Average Final Compensation

Same as Plan 2. It is used in the retirement formula for the defined benefit component of the plan.

Service Retirement Multiplier

Defined Benefit Component:

VRS: The retirement multiplier for the defined benefit component is 1.00%.

For members who opted into the Hybrid Retirement Plan from Plan 1 or Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans.

Sheriffs and regional jail superintendents: Not applicable.

Political subdivision hazardous duty employees: Not applicable.

Defined Contribution Component

Not applicable.

PLAN 1

Normal Retirement Age

VRS: Age 65.

Political subdivisions hazardous duty employees:
Age 60.

Earliest Unreduced Retirement Eligibility

VRS: Age 65 with at least five years (60 months) of service credit or at age 50 with at least 30 years of service credit.

Political subdivisions hazardous duty employees:
Age 60 with at least five years of service credit or age 50 with at least 25 years of service credit.

Earliest Reduced Retirement Eligibility

VRS: Age 55 with at least five years (60 months) of service credit or age 50 with at least 10 years of service credit.

Political subdivisions hazardous duty employees:
Age 50 with at least five years of service credit.

Cost-of-Living Adjustment (COLA) in Retirement

The Cost-of-Living Adjustment (COLA) matches the first 3% increase in the Consumer Price Index for all Urban Consumers (CPI-U) and half of any additional increase (up to 4%) up to a maximum COLA of 5%.

Eligibility:

For members who retire with an unreduced benefit or with a reduced benefit with at least 20 years of service credit, the COLA will go into effect on July 1 after one full calendar year from the retirement date.

For members who retire with a reduced benefit and who have less than 20 years of service credit, the COLA will go into effect on July 1 after one calendar year following the unreduced retirement eligibility date.

PLAN 2

Normal Retirement Age

VRS: Normal Social Security retirement age.

Political subdivisions hazardous duty employees:
Same as Plan 1.

Earliest Unreduced Retirement Eligibility

VRS: Normal Social Security retirement age with at least five years (60 months) of service credit or when their age plus service credit equal 90.

Political subdivisions hazardous duty employees:
Same as Plan 1.

Earliest Reduced Retirement Eligibility

VRS: Age 60 with at least five years (60 months) of service credit.

Political subdivisions hazardous duty employees:
Same as Plan 1.

Cost-of-Living Adjustment (COLA) in Retirement

The Cost-of-Living Adjustment (COLA) matches the first 2% increase in the CPI-U and half of any additional increase (up to 2%), for a maximum COLA of 3%.

Eligibility:

Same as Plan 1

HYBRID RETIREMENT PLAN

Normal Retirement Age

Defined Benefit Component:

VRS: Same as Plan 2.

Political subdivisions hazardous duty employees:
Not applicable.

Defined Contribution Component:

Members are eligible to receive distributions upon leaving employment, subject to restrictions.

Earliest Unreduced Retirement Eligibility

Defined Benefit Component:

VRS: Normal Social Security retirement age and have at least five years (60 months) of service credit or when their age and service equal 90.

Political subdivisions hazardous duty employees:
Not applicable.

Defined Contribution Component:

Members are eligible to receive distributions upon leaving employment, subject to restrictions.

Earliest Reduced Retirement Eligibility

Defined Benefit Component:

VRS: Age 60 with at least five years (60 months) of service credit.

Political subdivisions hazardous duty employees:
Not applicable

Defined Contribution Component:

Members are eligible to receive distributions upon leaving employment, subject to restrictions.

Cost-of-Living Adjustment (COLA) in Retirement

Defined Benefit Component:

Same as Plan 2

Defined Contribution Component:

Not applicable

Eligibility:

Same as Plan 1 and Plan 2

PLAN 1

Exceptions to COLA Effective Dates:

The COLA is effective July 1 following one full calendar year (January 1 to December 31) under any of the following circumstances:

- The member is within five years of qualifying for an unreduced retirement benefit as of January 1, 2013.
- The member retires on disability.
- The member retires directly from short-term or long-term disability.
- The member is involuntarily separated from employment for causes other than job performance or misconduct and is eligible to retire under the Workforce Transition Act or the Transitional Benefits Program.
- The member dies in service and the member's survivor or beneficiary is eligible for a monthly death-in-service benefit. The COLA will go into effect on July 1 following one full calendar year (January 1 to December 31) from the date the monthly benefit begins.

Disability Coverage

Members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.70% on all service, regardless of when it was earned, purchased, or granted.

Purchase of Prior Service

Members may be eligible to purchase service from previous public employment, active duty military service, an eligible period of leave or VRS refunded service as service credit in their plan. Prior service credit counts towards vesting, eligibility for retirement and the health insurance credit. Only active members are eligible to purchase prior service. Members also may be eligible to purchase periods of leave without pay.

PLAN 2

Exceptions to COLA Effective Dates:

Same as Plan 1

Disability Coverage

Members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.65% on all service, regardless of when it was earned, purchased, or granted.

Purchase of Prior Service

Same as Plan 1

HYBRID RETIREMENT PLAN

Exceptions to COLA Effective Dates:

Same as Plan 1 and Plan 2

Disability Coverage

Employees of political subdivisions and school divisions (including Plan 1 and Plan 2 opt-ins) participate in the Virginia Local Disability Program (VLDP) unless their local governing body provides an employer-paid comparable program for its members.

Hybrid members (including Plan 1 and Plan 2 opt-ins) covered under VLDP are subject to a one-year waiting period before becoming eligible for non-work related disability benefits.

Purchase of Prior Service

Defined Benefit Component:

Same as Plan 1, with the following exceptions:

- Hybrid Retirement Plan members are ineligible for ported service.

Defined Contribution Component:

Not applicable

Employees Covered by Benefit Terms

As of the June 30, 2020 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	Primary Government - County	School Board - General Employees
	<u>Number</u>	<u>Number</u>
Inactive members or their beneficiaries currently receiving benefits	319	227
Inactive members:		
Vested inactive members	55	18
Non-vested inactive members	94	37
LTD	0	0
Inactive members active elsewhere in VRS	<u>140</u>	<u>40</u>
Total inactive members	289	95
Active members	<u>407</u>	<u>183</u>
Total covered employees	<u>1015</u>	<u>505</u>

Contributions

The contribution requirement for active employees is governed by §51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to political subdivisions and school divisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

If the employer used the certified rate: The County of Henry, Virginia's political subdivision contractually required contribution rate for the year ended June 30, 2022 was 12.52% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019. The County of Henry, Virginia school board – general employees' contribution rate was 8.64%.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the County of Henry, Virginia for the County employees were \$2,483,140 and \$2,192,899 for the years ended June 30, 2022 and June 30, 2021, respectively.

For the County of Henry, Virginia school board – general employees, employer contributions were \$274,102 and \$294,164 for the years ended June 30, 2022 and June 30, 2021, respectively.

Each school divisions - teachers contractually required contribution rate for the year ended June 30, 2022 was 16.62% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019. The actuarially determined rate, which combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the County of Henry, Virginia school division - teachers were \$6,560,912 and \$6,271,100 for the years ended June 30, 2022 and June 30, 2021, respectively.

In June 2021, the Commonwealth made a special contribution of approximately \$61.3 million to the VRS Teacher Employee Plan. This special payment was authorized by a budget amendment included in Chapter 552 of the 2021 Appropriation Act, and is classified as a non-employer contribution.

Net Pension Liability

The net pension liability (NPL) is calculated separately for each employer and represents that particular employer's total pension liability determined in accordance with GASB Statement No. 68, less that employer's fiduciary net position. For County of Henry, Virginia, the net pension liability was measured as of June 30, 2021. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2020 rolled forward to the measurement date of June 30, 2021.

Net Pension Liability – Teacher Employee Retirement Plan

The net pension liability (NPL) is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB Statement No. 67, less that system's fiduciary net position. As of June 30, 2021, NPL amounts for the VRS Teacher Employee Retirement Plan is as follows (amounts expressed in thousands):

	Teacher Employee Retirement Plan
Total Pension Liability	\$53,381,141
Plan Fiduciary Net Position	<u>45,617,878</u>
Employer's Net Pension Liability (Asset)	<u><u>\$ 7,763,263</u></u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	85.46%

The total pension liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net pension liability is disclosed in accordance with the requirements of GASB Statement No. 67 in the System's notes to the financial statements and required supplementary information.

Actuarial Assumptions – General Employees and School Division - Teachers

The total pension liability for General Employees in the Political Subdivision's Retirement Plan and VRS Teacher Retirement Plan was based on an actuarial valuation as of June 30, 2020, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2021.

	<u>General Employees</u>	<u>Teachers</u>
Inflation	2.50%	2.50%
Salary increases, including inflation	3.50% - 5.35%	3.50% - 5.95%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation	6.75%, net of pension plan investment expenses, including inflation

Political Subdivisions

Mortality rates:

All Others (Non 10 Largest) – Non-Hazardous Duty: 15% of deaths are assumed to be service related.

Pre-Retirement:

Mortality Improvement:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

All Others (Non 10 Largest) – Hazardous Duty:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Largest 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Long-Term Expected Rate of Return

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class (Strategy)</u>	<u>Long-Term Target Asset Allocation</u>	<u>Arithmetic Long-Term Expected Rate of Return</u>	<u>Weighted Average Long-Term Expected Rate of Return*</u>
Public Equity	34.00%	5.00%	1.70%
Fixed Income	15.00%	0.57%	0.09%
Credit Strategies	14.00%	4.49%	0.63%
Real Assets	14.00%	4.76%	0.67%
Private Equity	14.00%	9.94%	1.39%
MAPS - Multi-Asset Public Strategies	6.00%	3.29%	0.20%
PIP - Private Investment Partnership	<u>3.00%</u>	6.84%	<u>0.21%</u>
Total	<u>100.00%</u>		4.89%
	Inflation		<u>2.50%</u>
	Expected arithmetic nominal return*		<u>7.39%</u>

*The above allocation provides a one-year return of 7.39%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.94%, including expected inflation of 2.50%.

*On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which was roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions; political subdivisions were also provided with an opportunity to use an alternate employer contribution rate. For the year ended June 30, 2021, the alternate rate was the employer contribution rate used in FY 2012 or 100% of the actuarially determined employer contribution rate from the June 30, 2017, actuarial valuations, whichever was greater. Through the fiscal year ending June 30, 2021, the rate contributed by the school division for the VRS Teacher Retirement Plan will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. From July 1, 2021 on, participating employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the Long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in Net Pension Liability

Component Unit School Board - General Employees	<u>\$ 1,507,011</u>	<u>\$ (489,570)</u>	<u>\$ (2,189,491)</u>
School Division's Proportionate Share of the VRS Teacher Employee Retirement Plan			
Net Pension Liability	<u>\$ 66,508,183</u>	<u>\$ 34,461,165</u>	<u>\$ 8,098,212</u>

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2022, the County of Henry, Virginia recognized pension expense of \$1,648,263.

For the year ended June 30, 2022, the County of Henry, Virginia school board - general employees recognized pension expense of \$44,823.

At June 30, 2022, the County of Henry, Virginia school division - teachers reported a liability of \$34,461,165 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2021 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation performed as of June 30, 2020, and rolled forward to the measurement date of June 30, 2021. The County of Henry, Virginia school division - teachers' proportion of the Net Pension Liability was based on the County of Henry, Virginia school division - teachers actuarially determined employer contributions to the pension plan for the year ended June 30, 2021 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2021, the school division - teachers' proportion was 0.44391% as compared to 0.44702% at June 30, 2020.

For the year ended June 30, 2022, the County of Henry, Virginia school division - teachers recognized pension expense of \$119,039. Since there was a change in proportionate share between measurement dates, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions.

At June 30, 2022, the County of Henry, Virginia, County of Henry, Virginia school division – general employees and County of Henry, Virginia school division - teachers reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Primary Government - County (Includes Component Unit - Henry-Martinsville Social Services)		
Differences between expected and actual experience	\$ 691,100	\$ 99,200
Change in assumptions	2,848,070	-
Net difference between projected and actual earnings on pension plan investments	-	10,673,495
Employer contributions subsequent to the measurement date	<u>2,483,140</u>	<u>-</u>
Total - County and Social Services	<u>\$ 6,022,310</u>	<u>\$ 10,772,695</u>

Note: Amounts allocated between the Primary Government and the Component Unit – Henry- Martinsville Social Services.

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Component Unit School Board - General Employees		
Differences between expected and actual experience	\$ -	\$ 22,079
Change in assumptions	338,688	-
Net difference between projected and actual earnings on pension plan investments	-	2,259,338
Employer contributions subsequent to the measurement date	<u>274,102</u>	<u>-</u>
Total	<u>\$ 612,790</u>	<u>\$ 2,281,417</u>

Component Unit School Board - Teachers

Differences between expected and actual experience	\$ -	\$ 2,935,193
Change in assumptions	6,037,506	-
Net difference between projected and actual earnings on pension plan investments	-	21,716,504
Changes in proportion and differences between Employer contributions and proportionate share of contributions	12,819	1,085,550
Employer contributions subsequent to the measurement date	<u>6,560,912</u>	<u>-</u>
Total	<u>\$ 12,611,237</u>	<u>\$ 25,737,247</u>

\$2,483,140 for the County, \$274,102 for School Board General Employees and \$6,560,912 for the Teachers reported as deferred outflows of resources related to pensions resulting from the County of Henry, Virginia and the County of Henry, Virginia school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the Fiscal Year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future reporting periods as follows:

Pension Plan Fiduciary Net Position

Detailed information about the VRS Political Subdivision's and Teacher Retirement Plans' Fiduciary Net Position is available in the separately issued VRS 2021 *Annual Comprehensive Financial Report* (Annual Report). A copy of the 2021 VRS Annual Report may be downloaded from the VRS website at varetire.org/Pdf/Publications/2021-annual-report.pdf, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

Payables to the Pension Plan

The political subdivision, school board general employees, and teachers recognize \$307,463, \$41,719, and \$819,274, respectively of payables to a pension plan outstanding at the end of the reporting period. This amount represents June 2022 legally required contributions to the pension plan due by July 10 per VRS reporting requirements.

24 Other Post-Employment Benefits - Group Life Insurance Program

Plan Description

All full-time, salaried permanent employees of the state agencies, teachers and employees of participating political subdivisions are automatically covered by the VRS Group Life Insurance Program upon employment. This plan is administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

In addition to the Basic Group Life Insurance benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional Group Life Insurance Program. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured program, it is not included as part of the Group Life Insurance Program OPEB.

The specific information for Group Life Insurance Program OPEB, including eligibility, coverage and benefits is set out in the table below:

GROUP LIFE INSURANCE PROGRAM PLAN PROVISIONS
<p>Eligible Employees</p> <p>The Group Life Insurance Program was established July 1, 1960, for state employees, teachers and employees of political subdivisions that elect the program, including the following employers that do not participate in VRS for retirement:</p> <ul style="list-style-type: none"> • City of Richmond • City of Portsmouth • City of Roanoke • City of Norfolk • Roanoke City Schools Board <p>Basic group life insurance coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their accumulated retirement member contributions and accrued interest.</p>
<p>Benefit Amounts</p> <p>The benefits payable under the Group Life Insurance Program have several components.</p> <ul style="list-style-type: none"> • <i>Natural Death Benefit:</i> The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled. • <i>Accidental Death Benefit:</i> The accidental death benefit is double the natural death benefit. • <i>Other Benefit Provisions:</i> In addition to the basic natural and accidental death benefits, the program provides additional benefits provided under specific circumstances. These include: <ul style="list-style-type: none"> Accidental dismemberment benefit Safety belt benefit Repatriation benefit Felonious assault benefit Accelerated death benefit option
<p>Reduction in Benefit Amounts</p> <p>The benefit amounts provided to members covered under the Group Life Insurance Program are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value.</p>
<p>Minimum Benefit Amount and Cost-of-Living Adjustment (COLA)</p> <p>For covered members with at least 30 years of creditable service, there is a minimum benefit payable under the Group Life Insurance Program. The minimum benefit was set at \$8,000 by statute in 2015. This will be increased annually based on the VRS Plan 2 cost-of-living adjustment calculation. The minimum benefit adjusted for the COLA was \$8,722 as of June 30, 2022.</p>

Contributions

The contribution requirements for the Group Life Insurance Program are governed by §51.1-506 and §51.1-508 of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the Group Life Insurance Program was 1.34% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee

component was 0.80% (1.34% X 60%) and the employer component was 0.54% (1.34% X 40%). Employers may elect to pay all or part of the employee contribution, however the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2022 was 0.54% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Contribution to the Group Life Insurance Program from the County were \$110,611 and \$97,480 for the years ended June 30, 2022 and June 30, 2021, respectively.

For the component unit school board – general employees, contributions to the Group Life Insurance Program were \$19,165 and \$20,248 for the years ended June 30, 2022 and June 30, 2021, respectively.

For the component unit school board – teacher, contributions to the Group Life Insurance Program were \$221,439 and \$211,381 for the years ended June 30, 2022 and June 30, 2021, respectively.

GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Group Life Insurance Program OPEB

At June 30, 2022, the participating employer reported a liability of \$1,017,922 for the political subdivision, \$211,432 for the component unit school board – general employees, and \$2,207,459 for the component unit school board – teacher for its proportionate share of the Net GLI OPEB Liability. The Net GLI OPEB Liability was measured as of June 30, 2021 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation performed as of June 30, 2020, and rolled forward to the measurement date of June 30, 2021. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the Group Life Insurance Program for the year ended June 30, 2021 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2021, the participating employer's proportion was .08743% for the political subdivision, .01816% for the school board – general employees, and .18960% for the school board – teacher as compared to .8748% for the political subdivision, .01823% for the component unit school board – general employees, and .19004% for the component unit school board – teacher at June 30, 2020.

For the year ended June 30, 2022, the participating employer recognized GLI OPEB expenses of \$43,552 for the political subdivision, \$9,342 for the component unit school board – general employees, and \$74,369 for component unit school board – teacher. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2022, the employer reported deferred outflows of resources and deferred inflows of resources related to the GLI OPEB from the following sources:

Political Subdivision

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 116,098	\$ 7,756
Net difference between projected and actual earnings on GLI OPEB program investments	-	242,956

Actuarial Assumptions

The total GLI OPEB liability was based on an actuarial valuation as of June 30, 2020, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2021.

Inflation	2.50%
Salary increases, including inflation -	
Teachers	3.50% - 5.95%
Locality - General employees	3.50% - 5.35%
Locality - Hazardous Duty employees	3.50% - 4.75%
Investment rate of return	6.75%, net of investment expenses, including inflation

Mortality rates – Teachers

Pre-Retirement:

Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males

Post-Retirement:

Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females

Post-Disablement:

Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally

Mortality Improvement Scale:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the four-year period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

Mortality rates – Non-Largest Ten Locality Employers - General Employees

Pre-Retirement:

Pub-2010 Amount Weighted Safety Employee Rates projected generationally; males set forward 2 years; 105% of rates for females set forward 3 years

Post-Retirement:

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 95% of rates for males set forward 2 years; 95% of rates for females set forward 1 year

Post-Disablement:

Pub-2010 Amount Weighted General Disabled Rates projected generationally; 110% of rates for males set forward 3 years; 110% of rates for females set forward 2 years

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally

Mortality Improvement Scale:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Mortality rates – Non-Largest Ten Locality Employers – Hazardous Duty Employees

Pre-Retirement:

Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years

Post-Retirement:

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years

Post-Disablement:

Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years

Mortality Improvement Scale:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Top 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Net GLI OPEB Liability

The net OPEB liability (NOL) for the Group Life Insurance Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2021, NOL amounts for the Group Life Insurance Program are as follows (amounts expressed in thousands):

	Group Life Insurance OPEB Program
Total GLI OPEB Liability	\$ 3,577,346
Plan Fiduciary Net Position	<u>2,413,074</u>
GLI Net OPEB Liability (Asset)	<u>\$ 1,164,272</u>
Plan Fiduciary Net Position as a Percentage of the Total GLI OPEB Liability	67.45%

The total GLI OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

Long-Term Expected Rate of Return

The long-term expected rate of return on the System's investments was determined using a lognormal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Long-Term Target Asset Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Average Long-Term Expected Rate of Return*
Public Equity	34.00%	5.00%	1.70%
Fixed Income	15.00%	0.57%	0.09%
Credit Strategies	14.00%	4.49%	0.63%
Real Assets	14.00%	4.76%	0.67%
Private Equity	14.00%	9.94%	1.39%
MAPS - Multi-Asset Public Strategies	6.00%	3.29%	0.20%
PIP - Private Investment Partnership	<u>3.00%</u>	6.84%	<u>0.21%</u>
Total	<u>100.00%</u>		4.89%
	Inflation		<u>2.50%</u>
	Expected arithmetic nominal return*		<u>7.39%</u>

*The above allocation provides a one-year return of 7.39%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.94%, including expected inflation of 2.50%.

*On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which was roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

Discount Rate

The discount rate used to measure the total GLI OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2021, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2021 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

Sensitivity of the Employer's Proportionate Share of the Net GLI OPEB Liability to Changes in the Discount Rate

The following presents the employer's proportionate share of the net GLI OPEB liability using the discount rate of 6.75%, as well as what the employer's proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	1.00% Decrease (5.75%)	Current Discount Rate (6.75%)	1.00% Increase (7.75%)
State Agency's Proportionate Share of the Group Life Insurance Plan			
Net OPEB Liability - Political Subdivision	\$ 1,487,221	\$ 1,017,922	\$ 638,942
Net OPEB Liability - School Division	308,910	211,432	132,714
Net OPEB Liability - Teacher	3,225,177	2,207,459	1,385,605

Group Life Insurance Program Fiduciary Net Position

Detailed information about the Group Life Insurance Program's Fiduciary Net Position is available in the separately issued VRS 2021 *Annual Comprehensive Financial Report* (Annual Report). A copy of the 2021 VRS Annual Report may be downloaded from the VRS website at varetire.org/Pdf/Publications/2021-annual-report.pdf, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

Payables to the VRS Group Life Insurance OPEB Plan

The political subdivision, school board general employees, and teachers recognize \$24,349, \$4,598, and \$53,126, respectively of payables to a group life insurance OPEB plan outstanding at the end of the reporting period. This amount represents June 2022 legally required contributions to the OPEB plan due by July 10 per VRS reporting requirements.

25 Other Post-Employment Benefits - Health Insurance Credit Program

Plan Description

All full-time, salaried permanent employees of participating political subdivisions are automatically covered by the VRS Political Subdivision Health Insurance Credit Program upon employment. This plan is administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The health insurance credit is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

The specific information about the Political Subdivision Health Insurance Credit Program OPEB, including eligibility, coverage and benefits is set out in the table below:

POLITICAL SUBDIVISION HEALTH INSURANCE CREDIT PROGRAM (HIC) PLAN PROVISIONS	
Eligible Employees The Political Subdivision Retiree Health Insurance Credit Program was established July 1, 1993 for retired political subdivision employees of employers who elect the benefit and who retire with at least 15 years of service credit. Eligible employees are enrolled automatically upon employment. They include: <ul style="list-style-type: none"> • Full-time permanent salaried employees of the participating political subdivision who are covered under the VRS pension plan. 	
Benefit Amounts The political subdivision's Retiree Health Insurance Credit Program provides the following benefits for eligible employees: <ul style="list-style-type: none"> • <i>At Retirement:</i> For employees who retire, the monthly benefit is \$1.50 per year of service per month with a maximum benefit of \$45.00 per month. • <i>Disability Retirement:</i> For employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is \$45.00 per month. 	
Health Insurance Credit Program Notes: <ul style="list-style-type: none"> • The monthly Health Insurance Credit benefit cannot exceed the individual premium amount. • No health insurance credit for premiums paid and qualified under LODA, however, the employee may receive the credit for the premiums paid for other qualified health plans. • Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the health insurance credit as a retiree. 	

Employees Covered by Benefit Terms

As of the June 30, 2020 actuarial valuation, the following employees were covered by the benefit terms of the HIC OPEB plan:

	Primary Government - County	School Board - General Employees
	Number	Number
Inactive members or their beneficiaries currently receiving benefits	34	104
Inactive members:		
Vested inactive members	5	1
Non-vested inactive members	-	-
Inactive members active elsewhere in the System	-	-
Total inactive members	39	105
Active members	136	183
Total covered employees	<u>175</u>	<u>288</u>

Contributions

The contribution requirement for active employees is governed by §51.1-1402(E) of the Code of Virginia, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. The County of Henry, Virginia's contractually required employer contribution rate for the year ended June 30, 2022 was 0.06% of covered employee compensation and 1.02% for the component unit school board-general employees. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2020. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the County of Henry, Virginia to the Political Subdivision Health Insurance Credit Program were \$3,769 and \$3,679 for the years ended June 30, 2022 and June 30, 2021, respectively.

For the component unit school board – general employees, contributions to the Health Insurance Credit Program were \$35,848 and \$38,076 for the years ended June 30, 2022 and 2021, respectively.

During the 2020 session, House Bill 1513 was enacted. This bill required the addition of Health Insurance Credit benefits for non-teacher employees effective July 1, 2021. While benefit payments became effective July 1, 2021, employers were required to pre-fund the benefits beginning July 1, 2020. The bill impacted 95 employers and resulted in approximately \$2.5 million of additional employer contributions in FY 2021.

Net HIC OPEB Liability

The County of Henry, Virginia's net Health Insurance Credit OPEB liability was measured as of June 30, 2021. The total Health Insurance Credit OPEB liability was determined by an actuarial valuation performed as of June 30, 2020, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2021.

Actuarial Assumptions

The total HIC OPEB liability was based on an actuarial valuation as of June 30, 2020, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2021.

Inflation	2.50%
Salary increases, including inflation	
Locality - General Employees	3.50% - 5.35%
Locality - Hazardous Duty Employees	3.50% - 4.75%
Investment rate of return	6.75%, net of investment expenses, including inflation

Mortality rates – Non-Largest Ten Locality Employers - General Employees

Pre-Retirement:

Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years

Post-Retirement:

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years

Post-Disablement:

Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years

Mortality Improvement Scale:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Mortality rates – Non-Largest Ten Locality Employers – Hazardous Duty Employees

Pre-Retirement:

Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years

Post-Retirement:

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years

Post-Disablement:

Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years

Mortality Improvement Scale:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Top 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Long-Term Expected Rate of Return

The long-term expected rate of return on the System's investments was determined using a lognormal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class (Strategy)</u>	<u>Long-Term Target Asset Allocation</u>	<u>Arithmetic Long-Term Expected Rate of Return</u>	<u>Weighted Average Long-Term Expected Rate of Return*</u>
Public Equity	34.00%	5.00%	1.70%
Fixed Income	15.00%	0.57%	0.09%
Credit Strategies	14.00%	4.49%	0.63%
Real Assets	14.00%	4.76%	0.67%
Private Equity	14.00%	9.94%	1.39%
MAPS - Multi-Asset Public Strategies	6.00%	3.29%	0.20%
PIP - Private Investment Partnership	<u>3.00%</u>	6.84%	<u>0.21%</u>
Total	<u>100.00%</u>		4.89%
	Inflation		<u>2.50%</u>
	*Expected arithmetic nominal return		<u>7.39%</u>

*The above allocation provides a one-year return of 7.39%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.94%, including expected inflation of 2.50%.

*On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which was roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

Discount Rate

The discount rate used to measure the total HIC OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2021, the rate contributed by the entity for the HIC OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2021 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the HIC OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total HIC OPEB liability.

Health Insurance Credit Program Plan Data

Information about the VRS Political Subdivision Health Insurance Credit Program is available in the separately issued VRS 2021 *Annual Comprehensive Financial Report* (Annual Report). A copy of the 2021 VRS Annual Report may be downloaded from the VRS website at varetire.org/Pdf/Publications/2021-annual-report.pdf, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

Payables to the Political Subdivision Health Insurance Credit Program OPEB Plan

The political subdivision and school board-general employees recognize \$313 and \$3,448, respectively of payables to a health insurance credit program OPEB plan outstanding at the end of the reporting period. This amount represents the June 2022 legally required contributions to the OPEB plan due by July 10 per VRS reporting requirements.

26 Other Post-Employment Benefits - Teacher Employee Health Insurance Credit Program

Plan Description

All full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Employee Health Insurance Credit Program. This plan is administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The health insurance credit is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

The specific information for the Teacher Health Insurance Credit Program OPEB, including eligibility, coverage, and benefits is set out in the table below:

TEACHER EMPLOYEE HEALTH INSURANCE CREDIT PROGRAM (HIC) PLAN PROVISIONS

Eligible Employees

The Teacher Employee Retiree Health Insurance Credit Program was established July 1, 1993 for retired Teacher Employees covered under VRS who retire with at least 15 years of service credit.

Eligible employees are enrolled automatically upon employment. They include:

- Full-time permanent (professional) salaried employees of public school divisions covered under VRS.

Benefit Amounts

The Teacher Employee Retiree Health Insurance Credit Program provides the following benefits for eligible employees:

- *At Retirement:* For Teacher and other professional school employees who retire, the monthly benefit is \$4.00 per year of service per month with no cap on the benefit amount.
- *Disability Retirement:* For Teacher and other professional school employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is either:
 - \$4.00 per month, multiplied by twice the amount of service credit, or
 - \$4.00 per month, multiplied by the amount of service earned had the employee been active until age 60, whichever is lower.

Health Insurance Credit Program Notes:

- The monthly Health Insurance Credit benefit cannot exceed the individual premium amount.
- Employees who retire after being on long-term disability under VLDP must have at least 15 year of service credit to qualify for the health insurance credit as a retiree.

Contributions

The contribution requirement for active employees is governed by §51.1-1401(E) of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Each school division's contractually required employer contribution rate for the year ended June 30, 2022 was 1.21% of covered employee compensation for employees in the VRS Teacher Employee Health Insurance Credit Program. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the County of Henry, Virginia school division to the VRS Teacher Employee Health Insurance Credit Program were \$496,059 and \$473,489 for the years ended June 30, 2022 and June 30, 2021, respectively.

Teacher Employee Health Insurance Credit Program OPEB Liabilities, Teacher Employee Health Insurance Credit Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Teacher Employee Health Insurance Credit Program OPEB

At June 30, 2022, the County of Henry, Virginia's school division reported a liability of \$5,679,280 for its proportionate share of the VRS Teacher Employee Health Insurance Credit Program Net OPEB Liability. The Net VRS Teacher Employee Health Insurance Credit Program OPEB Liability was measured as of June 30, 2021 and the total VRS Teacher Employee Health Insurance Credit Program OPEB liability used to calculate the Net VRS Teacher Employee Health Insurance Credit Program OPEB Liability was determined by an actuarial valuation performed as of June 30, 2020 and rolled forward to the measurement date of June 30, 2021. The County of Henry, Virginia school division's proportion of the Net VRS Teacher Employee Health Insurance Credit Program OPEB Liability was based on the County of Henry, Virginia school division's actuarially determined employer contributions to the VRS Teacher Employee Health Insurance Credit Program OPEB plan for the year ended June 30, 2021 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2021, the County of Henry, Virginia school division's proportion of the VRS Teacher Employee Health Insurance Credit Program was 0.44246% as compared to 0.44591% at June 30, 2020.

For the year ended June 30, 2022, the school division recognized VRS Teacher Employee Health Insurance Credit Program OPEB expense of \$424,810. Since there was a change in proportionate share between measurement dates a portion of the VRS Teacher Employee Health Insurance Credit Program Net OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2022, the County of Henry, Virginia school division reported deferred outflows of resources and deferred inflows of resources related to the VRS Teacher Employee Health Insurance Credit Program OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 99,103
Change in assumptions	153,521	22,825
Net difference between projected and actual earnings on Teacher HIC OPEB program investments	-	74,813
Changes in proportionate share	-	139,767
Employer contributions subsequent to the measurement date	<u>496,059</u>	<u>-</u>
Total	<u>\$ 649,580</u>	<u>\$ 336,508</u>

\$496,059 reported as deferred outflows of resources related to the Teacher Employee HIC OPEB resulting from the school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Teacher Employee HIC OPEB Liability in the Fiscal Year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Teacher Employee HIC OPEB will be recognized in the Teacher Employee HIC OPEB expense in future reporting periods as follows:

**Year Ended
June 30,**

2023	\$ (44,670)
2024	(45,520)
2025	(42,592)
2026	(36,677)
2027	(7,769)
Thereafter	(5,759)

Actuarial Assumptions

The total Teacher Employee HIC OPEB liability for the VRS Teacher Employee Health Insurance Credit Program was based on an actuarial valuation as of June 30, 2020, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2021.

Inflation	2.50%
Salary increases, including inflation Teacher Employees	3.50% - 5.95%
Investment rate of return	6.75%, net of plan investment expenses, including inflation

Mortality rates – Teachers

Pre-Retirement:

Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males

Post-Retirement:

Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females

Post-Disablement:

Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally

Mortality Improvement Scale:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post- retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

Net Teacher Employee HIC OPEB Liability

The net OPEB liability (NOL) for the Teacher Employee Health Insurance Credit Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2021, NOL amounts for the VRS Teacher Employee Health Insurance Credit Program is as follows (amounts expressed in thousands):

	Teacher Employee HIC OPEB Plan
Total Teacher Employee HIC OPEB Liability	\$ 1,477,874
Plan Fiduciary Net Position	<u>194,305</u>
Teacher Employee net HIC OPEB Liability (Asset)	<u>\$ 1,283,569</u>
Plan Fiduciary Net Position as a Percentage of the Total Teacher Employee HIC OPEB Liability	13.15%

The total Teacher Employee HIC OPEB liability is calculated by the System's actuary, and the plan's fiduciary net position is reported in the System's financial statements. The net Teacher Employee HIC OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

Long-Term Expected Rate of Return

The long-term expected rate of return on VRS System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of VRS System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class (Strategy)</u>	<u>Long-Term Target Asset Allocation</u>	<u>Arithmetic Long-Term Expected Rate of Return</u>	<u>Weighted Average Long-Term Expected Rate of Return*</u>
Public Equity	34.00%	5.00%	1.70%
Fixed Income	15.00%	0.57%	0.09%
Credit Strategies	14.00%	4.49%	0.63%
Real Assets	14.00%	4.76%	0.67%
Private Equity	14.00%	9.94%	1.39%
MAPS - Multi-Asset Public Strategies	6.00%	3.29%	0.20%
PIP - Private Investment Partnership	<u>3.00%</u>	6.84%	<u>0.21%</u>
Total	<u>100.00%</u>		4.89%
	Inflation		<u>2.50%</u>
	*Expected arithmetic nominal return		<u>7.39%</u>

*The above allocation provides a one-year return of 7.39%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.94%, including expected inflation of 2.50%.

*On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which was roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

Discount Rate

The discount rate used to measure the total Teacher Employee HIC OPEB was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2021, the rate contributed by each school division for the VRS Teacher Employee Health Insurance Credit Program will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2021 on, all agencies are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the Teacher Employee HIC OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total Teacher Employee HIC OPEB liability.

Sensitivity of the County of Henry, Virginia School Division's Proportionate Share of the Teacher Employee HIC Net OPEB Liability to Changes in the Discount Rate

The following presents the County of Henry, Virginia school division's proportionate share of the VRS Teacher Employee Health Insurance Credit Program net HIC OPEB liability using the discount rate of 6.75%, as well as what the County of Henry, Virginia school division's proportionate share of the net HIC OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	1% Decrease (5.75%)	Current Discount Rate (6.75%)	1% Increase (7.75%)
School division's proportionate share of the VRS Teacher Employee HIC OPEB Plan			
Net HIC OPEB Liability	\$ 6,393,295	\$ 5,679,280	\$ 5,075,053

Teacher Employee HIC OPEB Fiduciary Net Position

Detailed information about the VRS Teacher Employee Health Insurance Credit Program's Fiduciary Net Position is available in the separately issued VRS 2021 *Annual Comprehensive Financial Report* (Annual Report). A copy of the 2021 VRS Annual Report may be downloaded from the VRS website at [varetire.org/Pdf/Publications/2021 annual-report.pdf](http://varetire.org/Pdf/Publications/2021%20annual-report.pdf), or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

Payables to the Teacher Health Insurance Credit Program OPEB Plan

The school division – teacher recognize \$47,972 of payables to a teacher health insurance program OPEB plan outstanding at the end of the reporting period. This amount represents the June 2022 legally required contributions to the OPEB plan due by July 10 per VRS reporting requirements.

27 Other Postemployment Benefits (OPEB)–Healthcare

General Information About the OPEB Plan

Summary of Plan Provisions

The following is our understanding of the plan provisions for retiree coverage. Where the following differs from the official plan rules, the valuation should be revised.

Eligibility Conditions

A retiring employee participating in the Employer's medical program with at least 15 years of County service, and retires under the VRS plan is eligible to elect post-retirement coverage.

Eligibility for VRS Retirement

Early Retirement – Plan 1

- The employee must have 10 years of service and 50 years of age; or,
- The employee must have 5 years of service and 55 years of age.

Full Retirement – Plan 1

- The employee must have 65 years of age and vested in VRS; or,
- The employee must have 30 years of service and 50 years of age.

Early Retirement – Plan 2&Hybrid

- The employee must have 5 years of service and 60 years of age.

Full Retirement – Plan 2&Hybrid

- The employee must have reached Normal Social Security retirement age with at least 5 years of service; or,
- Age and service must equal 90.

Covered Employees

All full time employees (must be covered by the active plan at the time of retirement).
Coverage ceases at age 65 for new retirees.

Type of Coverage	Employee	Spouse
Life Insurance	No post-retirement life insurance is valued.	Not Applicable
Dental Coverage	Post-retirement dental coverage is provided on an Access only basis, retirees pay the active rate.	Same as Employee
Vision Coverage	Post-retirement vision coverage is provided on an Access only basis (COBRA – 18 months). Retirees pay retiree rate.	Same as Employee
Medical Coverage		
➤ Employee Cost Sharing	Active employees and retirees charged the same rate. Retiree pays 100% of this blended premium.	Employee pays 100% of blended spousal premium
➤ Coverage Ceases	Effective July 1, 2020 and for future SSD retirees, coverage ceases upon the earlier of death or attainment of Medicare eligibility.	Effective July 1, 2020 and for future SSD retirees, spouse coverage ceases upon earlier of retiree death or Medicare eligibility. Surviving spouses are offered COBRA to age 65.
Disability Coverage	No post-retirement disability insurance is valued.	Not Applicable
Long Term Care Coverage	No post-retirement long term care insurance is valued.	Not Applicable

Amendments

The Employer reserves the right to amend the Plan at any time subject to Board action.

Commonwealth of Virginia

The Commonwealth of Virginia reimburses County retirees' an amount equal to \$1.50 times their years of service up to 30 years. The Commonwealth of Virginia reimburses retired School administrators and teachers an amount equal to \$4.00 times their years of service up to 30 years. This credit has no effect on the Employer's medical contribution or OPEB obligation.

Employees covered by benefit terms. At July 1, 2020 (the valuation date) the following employees were covered by the benefit terms:

County	<u>Count</u>	<u>Total OPEB Liability</u>
Inactive employees or beneficiaries currently receiving benefits	6	\$ 162,947
Active employees	<u>280</u>	<u>1,071,466</u>
Total	<u>286</u>	<u>\$ 1,234,413</u>

Henry-Martinsville Social Services

Inactive employees or beneficiaries currently receiving benefits	0	\$ -
Active employees	<u>81</u>	<u>174,655</u>
Total	<u>81</u>	<u>\$ 174,655</u>

School Board

Inactive employees or beneficiaries currently receiving benefits	27	\$ 485,537
Active employees	<u>976</u>	<u>4,216,378</u>
Total	<u>1003</u>	<u>\$ 4,701,915</u>

Employer Contributions

The funding policy of the plan sponsor is to contribute annually an amount sufficient to satisfy benefit payment requirements to participants.

Employee Contributions

None

Net OPEB Liability

The employer's net OPEB liability is reported herein as of June 30, 2022 for the employer fiscal year and reporting period of July 1, 2021 to June 30, 2022. The values shown for this fiscal year and reporting period are based on a measurement date of July 1, 2021 and the corresponding measurement period of July 1, 2020 to July 1, 2021 for GASB 75 and a measurement date of June 30, 2022 and corresponding measurement period of July 1, 2021 to June 30, 2022 for GASB 74. The measurement of the total OPEB liability is based on a valuation date of July 1, 2020.

Actuarial Assumptions and Actuarial Methods

The total OPEB liability in the July 1, 2021 actuarial valuation was determined using the following key actuarial assumptions, applied to all periods included in the measurement:

Discount Rate	6.75% for GASB 75 6.75% for GASB 74
Salary Scale	2.50%
Healthcare Cost Trend Rates	7.00% for fiscal year 2022, decreasing 0.25% per year to an ultimate rate of 5.00%
Mortality	RP-2014 Mortality Table, fully generational, with base year 2006, projected using two-dimensional mortality improvement scale MP-2021
Actuarial Cost Method	Entry Age Actuarial Cost Method

Expected Return on Assets

6.75%

Discount Rate

- The discount rate for GASB 75 has been set equal to 6.75% which is the rate of return on assets.
- The discount rate for GASB 74 has been set equal to 6.75% which is the rate of return on assets.

30 Landfill Post-Closure Care Cost

The County maintains a landfill, which was closed in 1993. In accordance with state and federal laws and regulations, the County placed a final cover on this site and was required to perform certain maintenance and monitoring functions at the site for a minimum of ten years after closure. The County is currently in compliance with the landfill gas regulations and is no longer required to operate an active system and reverted back to quarterly monitoring in fiscal year 2015. The County is currently in compliance with the groundwater protection standards and, as such, DEQ has allowed the County to stop groundwater monitoring. The County applied to DEQ for termination of post-closure care in November 2016. DEQ is requiring that two issues be resolved prior to their approval to terminate post-closure care of the facility. The first is a land issue related to gas compliance and the other is a surface water issue. The County has completed the required surface water sampling and has submitted to DEQ for their approval. In addition, staff and LaBella Associates are working on resolving the land issue related to gas compliance.

The \$277,954 reported as landfill post-closure care liability at June 30, 2022 represents what it would cost to perform all future post-closure care. Also, actual costs for post-closure monitoring may change due to inflation, deflation, changes in technology, or changes in regulations. The County intends to fund these costs from general revenues. The County uses the financial test method of demonstrating assurance for post-closure care cost.

31 Revenue Sharing Agreements

The County of Henry, Virginia and the Henry County Industrial Development Authority have entered into three revenue sharing agreements with the City of Martinsville, Virginia.

Two of the agreements, one dated April 30, 2002 and one dated August 31, 2009, are related to the Patriot Centre Industrial Park. The third dated September 25, 2007 is related to the Commonwealth Crossing Business Centre Industrial Park and land currently being referred to as the Bryant Property which is located adjacent to the Patriot Centre Industrial Park.

All these agreements state that the County agrees when a business locates on one of the designated sites in these industrial parks, it will pay the City one-third of all revenues generated from real estate, personal property, machinery & tools, and consumer utility taxes. No revenues will be shared until such time the County has recovered the cumulative costs of developing and maintaining the parks.

Based on the businesses currently located on revenue sharing lots in the Patriot Centre Industrial Park, it is estimated it will be within five years before the County recovers its costs in order to share revenues.

Based on the businesses currently located on revenue sharing lots at the Commonwealth Crossing Business Centre Industrial Park, it is estimated it will be within five years before the County recovers its costs in order to share revenues.

32 Enterprise Zone Incentive Program

The County has two Enterprise Zones as established by the Commonwealth of Virginia which provides existing and new companies locating in these zones both state and local incentives for meeting applicable investment and employment criteria.

Under the local program, the County provides funding to the Industrial Development Authority to provide refunds of local property taxes for qualified companies making investments for modernization, plant expansion or new operations. In addition, the County will waive building permit fees for the companies making the minimum required investments for the purpose of creating or retaining jobs.

Investments by applicable companies must be made in one or more of three categories: Real Estate, Machinery & Tools, or Furniture, Fixtures & Equipment. To qualify, the business must make investments in one or more of these categories with an assessed value of at least \$50,000. The tax refunds are calculated on the County's assessment and taxes on the company's new investments, it is verified the company paid all taxes, and the company's employment levels are equal to or greater than when the application for refund was submitted.

The qualifying companies are refunded 100% of the local taxes applicable to the new investments in year one. In years two through five, the companies are refunded 50% of the local taxes applicable to the new investments. All refunds are made through the Industrial Development Authority which is funded by the County.

During the year ended June 30, 2022, the Industrial Development Authority provided Enterprise Zone Incentive Program tax refunds of \$937,316 to thirteen qualifying companies.

33 Industrial Development Authority Investment

In an effort by the County to further develop the Commonwealth Crossing Business Centre industrial park by constructing an industrial training facility, a water storage tank, water lines and a sewer lift station, the County, through the Industrial Development Authority, in partnership with the Martinsville-Henry County Economic Development Corporation, entered into a Federal New Markets Tax Credit transaction on December 7, 2017. This transaction allowed the County with its local funding partners to leverage existing commitments to this project of approximately \$9.1 million to obtain additional funding of approximately \$2.7 million. As a part of this transaction, an investor invested funds into the project in exchange for the federal tax credits. As a part of structuring this transaction to comply with Internal Revenue Service regulations, the Industrial Development Authority made an initial investment of \$3,741,200 for a 42.8% interest in CCAT Leveraged Lender, LLC with the Martinsville-Henry County Economic Development Corporation having the other 57.2% interest. At the closing of this transaction, the County General Fund transferred \$2,772,070 to the Industrial Development Authority and the Henry County Public Service Authority transferred assets valued at \$1,111,279 to the Industrial Development Authority, both of which were used as the source of the investment. As a part of the structure of this transaction an entity named CCAT, Inc. constructed and owns these assets. This investment had a carrying value at June 30, 2022 of \$3,753,639 based on the capital account for the Industrial Development Authority on Form 1065 K-1 of the tax return of CCAT Leveraged Lender, LLC.

34 Upcoming Announcements

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability of Payment Arrangements*, addresses issues related to public-private and public-public partnership arrangements. The provisions of this Statement are effective for fiscal year 2023.

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription based information technology arrangements for government end users. The provisions of this Statement are effective for fiscal year 2023.

GASB Statement No. 99, *Omnibus 2022*. This Statement will enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The requirements in paragraphs 11–25 related to leases, PPPs, and SBITAs are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. The requirements in paragraphs 4–10 related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter.

GASB Statement No. 100, *Accounting Changes and Error Corrections*. An Amendment of GASB Statement No. 62 – will be effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023.

GASB Statement No. 101, *Compensated Absences* - requires recording compensation due to employees as a liability if not paid at the date of the financial statements. The amount due should be calculated at the employee's pay rate as of the date of financials. The Statement reduces the note disclosure and excludes certain compensated absences such as parental leave, military leave, and jury duty from the calculated liability. This Statement is effective for fiscal years beginning after December 15, 2023.

35 Subsequent Events

Management has performed an analysis of the activities and transactions subsequent to June 30, 2022 to determine the need for any adjustments to and/or disclosures within the audited financial statements for the year ended June 30, 2022. Management has performed their analysis through December 5, 2022.

2013	N/A	N/A	N/A	N/A	N/A

*Includes contributions (mandatory and match on voluntary) to the defined contribution portion of the Hybrid plan.

Note: This schedule should present 10 years of data; however, the information prior to fiscal year 2015 is not available.

This schedule includes defined contribution plan contribution amounts

For Reference Only:

Column 1 – Employer contribution rate multiplied by the employer's covered payroll

Column 2 – Employer contributions as referenced in Covered Payroll & Contributions report on VRS website

Column 4 – Employer's covered payroll amount for the fiscal year

County of Henry, Virginia

Notes to Required Supplementary Information

For the Year Ended June 30, 2022

Changes of benefit terms – There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions – The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

All Others (Non 10 Largest) – Non-Hazardous Duty:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

All Others (Non 10 Largest) – Hazardous Duty:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Rates Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Largest 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Teacher:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change

Column 2 – Employer contributions as referenced in Covered Payroll & Contributions report on VRS website

Column 4 – Employer's covered payroll amount for the fiscal year

County of Henry, Virginia

Notes to Required Supplementary Information – HIC OPEB

For the Year Ended June 30, 2022

Changes of benefit terms – There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions – The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Non-Largest Ten Locality Employers - General Employees

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Non-Largest Ten Locality Employers – Hazardous Duty Employees

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Top 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Teacher

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

Notes to Schedule:

The employer has elected to make an annual contribution equal to the benefit payments. The employer share of net benefits is the difference between the expected benefit payments and the retiree contributions. It is sometimes referred to as "pay-as-you-go."

The expected benefit payments are actuarially determined to reflect the age difference between the overall covered group and the retiree group.

Actuarially determined contributions, which are based on the 'pay-as-you-go' cost, and actual contributions are from the measurement periods ending June 30 of the year prior to the year-end of the reporting periods shown.

County of Henry, Virginia

Combining Statement of Revenues, Expenditures, and Changes in Fund Balances
Component Unit - School Board

Year Ended June 30, 2022

Net Change in Fund Balances - per above \$ 1,059,671

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over the estimated useful lives and reported as depreciation expense. This is the amount by which depreciation and disposition was less than capital outlays. 1,374,222

Construction related to renovation of school buildings is part of the County Primary Government since the debt is in the County name. However, the school building belongs to the County until such time the debt is paid off. All debt payments paid by the School Board are adjusted and shown as being paid by the County. 1,007,271

Bond and financed purchase obligations proceeds are reported as financing sources in Governmental Funds and thus contribute to the change in fund balance.

In the Statement of Net Position, however, issuing debt increases the long-term liabilities and does not affect the Statement of Activities.

Similarly, the repayment of principal is an expenditure in the Governmental Funds but reduces the liability in the Statement of Net Position.

Proceeds of financed purchase obligations	\$ -	
Repayments on financed purchase obligations	<u>368,429</u>	
Net Adjustment		368,429

Governmental funds use the modified accrual basis of accounting whereas the Statement of Activities for the Governmental-Type statements use the full accrual method in reporting expenses and liabilities. Therefore, the following adjustment reflects the net changes in the following accounts:

Compensated absences	122,299
Net pension liability/(asset)	33,435,199
Deferred inflows - pension	(23,060,837)
Deferred outflows - pension	(3,415,633)
Deferred outflows - OPEB	(114,346)
Deferred inflows - OPEB	(914,117)

COMPLIANCE SECTION

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors
County of Henry, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and *Specifications for Audits of Counties, Cities and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, the business-type activities, the discretely presented component units, and each major fund of County of Henry, Virginia, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise County of Henry, Virginia's basic financial statements, and have issued our report thereon dated December 5, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered County of Henry, Virginia's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of County of Henry, Virginia's internal control. Accordingly, we do not express an opinion on the effectiveness of County of Henry, Virginia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

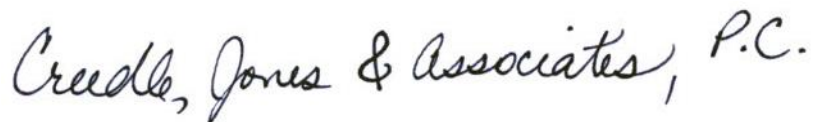

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether County of Henry, Virginia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Supervisors
County of Henry, Virginia

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited County of Henry, Virginia's compliance with the types of compliance requirements identified as subject to and in the *OMB Compliance Supplement* that could have a direct and material effect on each of County of Henry, Virginia's major federal programs for the year ended June 30, 2022. County of Henry, Virginia's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, County of Henry, Virginia, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, Audit Requirements for Federal Awards* (Uniform Guidance); and *Specifications for Audits of Counties, Cities and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Our responsibilities under those standards, the Uniform Guidance, and specifications are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of County of Henry, Virginia and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of County of Henry, Virginia's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to County of Henry, Virginia's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on County of Henry, Virginia's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about County of Henry, Virginia's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding County of Henry, Virginia's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of County of Virginia's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of County of Henry, Virginia's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

REPORT ON COMPLIANCE WITH COMMONWEALTH OF VIRGINIA'S LAWS, REGULATIONS, CONTRACTS, AND GRANTS

To the Board of Supervisors
County of Henry, Virginia

We have audited the financial statements of the County of Henry, Virginia, as of and for the year ended June 30, 2022, and have issued our report thereon dated December 5, 2022.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and *Specifications for Audits of Counties, Cities and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards and specifications require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

Compliance with Commonwealth of Virginia's laws, regulations, contracts, and grants applicable to the County of Henry, Virginia, is the responsibility of the County of Henry, Virginia's management. As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of the County of Henry, Virginia's compliance with certain provisions of the Commonwealth of Virginia's laws, regulations, contracts, and grants. However, the objective of our audit of the basic financial statements was not to provide an opinion on overall compliance with such provisions. Accordingly, we do not express such an opinion.

The following is a summary of the Commonwealth of Virginia's laws, regulations, contracts, and grants for which we performed tests of compliance:

Code of Virginia

- Budget and Appropriation Laws
- Cash and Investments
- Conflicts of Interest
- Retirement Systems
- Debt Provisions
- Procurement
- Unclaimed Property
- Personal Property Tax Relief Act

State Agency Requirements

- Social Services
- Education
- Children's Services Act Funds
- Economic Development Opportunity Fund

The results of our tests disclosed one instance of noncompliance with the provisions referred to in the preceding paragraph. With respect to items not tested, nothing came to our attention that caused us to believe that the County of Henry, Virginia had not complied, in all material respects, with those provisions. It is as follows:

- Social services terminated employees' SAMS access not timely removed

This report is intended solely for the information of the Board of Supervisors, County of Henry, Virginia's management, Auditor of Public Accounts of the Commonwealth of Virginia, and applicable state agencies, and is not intended to be, and should not be, used by anyone other than these specified parties.

See accompanying notes to schedule of expenditures of federal awards.

Notes to Schedule of Expenditures of Federal Awards

1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of County of Henry, Virginia under programs of the federal government for the year ended June 30, 2022. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of County of Henry, Virginia, it is not intended to and does not present the financial position, changes in net position, or cash flows of County of Henry, Virginia.

2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

3. Indirect Cost Rate

County of Henry, Virginia has not elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

4. Nonmonetary Assistance

In addition to amounts reported on the Schedule of Expenditures of Federal Awards, the County consumed nonmonetary assistance in the form of food commodities. Commodities with a fair value of \$452,367 at the time received were consumed during the year ended June 30, 2022. These commodities were included in the determination of federal awards expended during the year ended June 30, 2022.

5. Subrecipients

No awards passed through to subrecipients.

County of Henry, Virginia

Schedule of Findings and Questioned Costs
