**Independent Auditors' Report**

---

**To the Honorable Members of the Board of Supervisors  
County of Patrick, Virginia  
Stuart, Virginia**

**Report on the Audit of the Financial Statements**

***Opinions***

We have audited the accompanying financial statements of the governmental activities, business-type activities, discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Patrick, Virginia, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the County of Patrick, Virginia's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, business-type activities, discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Patrick, Virginia, as of and for the year ended June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Patrick County School Board's School Activity Funds which represent 8.6 percent, 35.0 percent, and 1.9 percent, respectively, of the assets, fund balances, and revenues of the discretely presented component unit-School Board as of June 30, 2022, and the respective changes in financial position thereof for the year then ended. Those statements were audited by other auditors whose report has been furnished to us, and our opinions, insofar as it relates to the amounts included for Patrick County School Board's School Activity Funds, are based solely on the report of the other auditors.

***Change in Accounting Principles***

As described in Note 24 to the financial statements, in 2022, the County adopted new accounting guidance, GASB Statement Nos. 87, *Leases* and 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*. Our opinions are not modified with respect to this matter.

***Restatement of Beginning Balances***

As described in Note 25 to the financial statements, in 2022, the County of Patrick, Virginia restated beginning balances to correct an error related to school board capital leases. Our opinion is not modified with respect to this matter.

## ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about County of Patrick, Virginia's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the *Specifications for Audits of Counties, Cities, and Towns* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the *Specifications for Audits of Counties, Cities, and Towns*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of County of Patrick, Virginia's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about County of Patrick, Virginia's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and schedules related to pension and OPEB funding as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise County of Patrick, Virginia's basic financial statements. The accompanying combining and individual fund financial statements and schedules and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory section and other statistical information but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 7, 2022, on our consideration of County of Patrick, Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of County of Patrick, Virginia's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering County of Patrick, Virginia's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Robinson, Famer, Cox Associates". The script is cursive and fluid.

Blacksburg, Virginia

## MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Patrick County, Virginia, we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2022. We encourage readers to consider the information presented here in conjunction with the basic audited financial statements that follow.

### Financial Highlights

- The assets and deferred outflows of resources of the County's governmental activities exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$17,152,221 (net position). Of this amount, \$9,336,567 was considered unrestricted.
- The assets and deferred outflows of resources of the County's business-type activities exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$3,951,042 (net position). Of this amount, \$146,105 was considered unrestricted.
- The liabilities and deferred inflows of resources of the School Board component unit exceeded its assets and deferred outflows of resources at the close of the fiscal year by \$9,112,522 (net position).
- The assets of the EDA component unit exceeded its liabilities at the close of the fiscal year by \$3,115,018 (net position). Of this amount, \$1,598,820 was considered unrestricted.
- As of the close of the current fiscal year, the County reported combined ending fund balances of \$15,473,843. This is \$4,274,370 more than the prior fiscal year total fund balances. Of the current fiscal year fund balances, \$12,945,484 is considered unassigned, \$9,655 is considered non-spendable prepaid items, \$1,370,714 is considered restricted, and \$1,147,990 is considered assigned to specific funds.

When compared to the prior fiscal year, unassigned balances increased by \$3,049,290, non-spendable prepaid items decreased by \$25,975, restricted balances increased \$968,929, and assigned fund balances increased by \$282,126. The increase in unassigned fund balances was due to increases in collections of sales and use, food & beverage, real estate and personal property taxes, and ambulance services.

The increase in the restricted fund balance is mainly attributable to the collection of the additional 1% sales tax to benefit school construction that began on January 1, 2022 (passed in a November 2020 referendum) and to an increase in Transient occupancy tax collections.

As of June 30, 2022, there is a liability for unearned revenue of \$2,868,522 from Covid-19 related grants. This amount is considered a liability since it will need to be returned to the Department of the Treasury if not spent on items allowed under the State and Local Fiscal Recovery Fund program.

- During the year, the County's governmental fund revenues exceeded expenditures by \$4,122,369. This is the second year in a row Patrick County has seen excess revenue over \$4 million, growing reserves thereby helping to mitigate current and future risks, such as revenue shortfalls and unanticipated expenditures.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements are comprised of three components:

- Government-wide financial statements,
- Fund financial statements, and
- Notes to the financial statements.

This report also contains other supplementary information in addition to the basic financial statements.

Government-wide Financial Statements - The Government-wide Financial Statements are designed to provide the readers with a broad overview of the County's finances in a manner similar to a private-sector business.

The Statement of Net Position (Exhibit 1) presents information on all of the County's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between them reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities (Exhibit 2) presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the Government-wide Financial Statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). Patrick County's governmental activities include general government, courts, public safety, sanitation, social services, education, cultural events, and recreation. Public utilities consisting of water and sewer services are the county's only business-type activity.

The Government-wide Financial Statements include not only the County of Patrick, Virginia itself (known as the primary government), but also a PSA Water Fund and a PSA Sewer Fund (known as business-type activities) and a legally separate school board for which the County of Patrick is financially accountable. The financial statements also include the Economic Development Authority, a discretely presented component unit that the County of Patrick does not control, but which does share a significant financial relationship.

Fund financial statements - A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County of Patrick, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Each of the funds of the County can be classified as one of three categories: governmental funds, proprietary funds, and fiduciary funds.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

### Overview of the Financial Statements (Continued)

Governmental funds - Governmental funds are used to account for essentially the same functions reported as governmental activities in the Government-wide Financial Statements. However, unlike the Government-wide Financial Statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on the balance of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the Governmental Fund Balance Sheet (Exhibit 3) and the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances (Exhibit 5) provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County adopts an annual appropriated budget for its governmental funds. Budgetary comparison statements have been provided to demonstrate compliance with this budget (Exhibit 12).

Proprietary Funds - The County maintains three proprietary funds: The PSA Water Fund, the PSA Sewer Fund, and the Self-insured Health Insurance Fund.

The PSA Water Fund and the PSA Sewer Fund account for activities similar to those found in the private sector. In fiscal year 2013, the PSA Fund revenue consisted of water service only. In fiscal year 2014, Patrick County completed the sewer line construction and began providing this service, thereby increasing its customer base and revenues. In fiscal year 2015, the PSA Fund was separated into the PSA Water Fund and the PSA Sewer Fund to designate revenues and expenditures to each of the separate services.

The Health Insurance Fund, an internal service fund, maintains funds for employee insurance premiums to pay health insurance claims.

Fiduciary funds - Patrick County is the trustee, or fiduciary, for the County's agency funds and expendable trust funds. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the County's fiduciary activities are reported in a separate Statement of Fiduciary Net Position (Exhibit 10). The County excludes these activities from the Government-wide Financial Statements because the County cannot use these assets to finance its operations. The county has three fiduciary funds: Special Welfare, Dehart Cemetery, and Jail Inmate Fund.

Notes to the Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided in the Government-wide and Fund Financial Statements.

Other information - In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information for budgetary comparison and presentation of combining financial statements for the discretely presented component units and the non-major funds.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

### Overview of the Financial Statements (Continued)

Notes to the statements also provide detailed information for post-employment benefits. These include the Line of Duty Act (Note 9), Health Insurance for both County and School Board employees (Note 10 and 11), Group Life Insurance (Note 12), and the Health Insurance Credit for both County employees and Teachers (Note 13 and 14). Note 15 provides an overall summary of the postemployment benefits for both the Primary Government and School Board.

### Government-wide Financial Analysis

As noted earlier, net position may serve as a useful indicator of a County's financial position. In the case of the County's Primary Government, assets and deferred outflows of resources exceed liabilities and deferred inflows by \$21,103,263 at the close of the fiscal year 2022. The Component Units (School & EDA) closed the year with a deficit balance of \$5,997,504.

The largest portion of the County's net position, \$9,878,106, reflects its investment in capital assets (e.g., land, buildings, machinery and equipment, infrastructure, and construction in progress), less any outstanding debt related to the acquisition of those assets. These capital assets are used to provide services to citizens. Consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Unrestricted net position of \$9,482,672, or 44.9% of the Primary Government's total net position may be used to meet the County's ongoing obligations to citizens and creditors.

The following table summarizes the Statement of Net Position as presented in the government-wide financial statement (Exhibit 1) for 2022 and 2021:

	Primary Government		Component Units (School & EDA)	
	2022	2021	2022	2021
Current assets	\$ 26,427,237	\$ 19,994,824	\$ 7,334,595	\$ 4,828,439
Capital assets	40,747,592	42,053,522	15,279,018	13,055,924
Total assets	<u>\$ 67,174,829</u>	<u>\$ 62,048,346</u>	<u>\$ 22,613,613</u>	<u>\$ 17,884,363</u>
Deferred outflows of resources	<u>\$ 4,194,454</u>	<u>\$ 4,721,489</u>	<u>\$ 5,388,058</u>	<u>\$ 6,622,352</u>
Current liabilities	\$ 4,402,470	\$ 3,072,534	\$ 3,908,853	\$ 3,032,332
Long-term liabilities	35,760,529	41,932,513	17,705,353	29,223,344
Total liabilities	<u>\$ 40,162,999</u>	<u>\$ 45,005,047</u>	<u>\$ 21,614,206</u>	<u>\$ 32,255,676</u>
Deferred inflows of resources	<u>\$ 10,103,021</u>	<u>\$ 5,496,691</u>	<u>\$ 12,384,969</u>	<u>\$ 4,447,231</u>
Net position				
Net investment in capital assets	\$ 9,878,106	\$ 9,784,882	\$ 15,205,226	\$ 11,967,397
Restricted	1,742,485	401,785	1,318,298	764,472
Unrestricted (deficit)	9,482,672	6,081,430	(22,521,028)	(24,928,061)
Total net position (deficit)	<u>\$ 21,103,263</u>	<u>\$ 16,268,097</u>	<u>\$ (5,997,504)</u>	<u>\$ (12,196,192)</u>

## MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

### Government-wide Financial Analysis (Continued)

For the second year in a row, the County experienced an increase in total net position, in the amount of \$4,835,166. Contributing to this increase was the debt restructuring in 2019 and another year in implementing a balanced budget. The Component Units experienced an increase in net position of \$6,198,688, due to the Virginia Retirement System receiving a better-than-expected return on investments in the teacher's retirement fund.

The following table summarizes the Statement of Activities as presented in the government-wide financial statement (Exhibit 2) for 2022 and 2021:

Statement of Activities:	Primary Government		Component Units (School & EDA)	
	2022	2021	2022	2021
Program revenues				
Charges for services	\$ 1,059,998	\$ 785,290	\$ 93,308	\$ 50,604
Operating grants and contributions	7,262,484	8,837,980	28,796,456	23,836,707
Capital grants and contributions	5,272	-	236,833	236,162
General revenues				
Property taxes	15,302,307	14,603,190	-	-
Other taxes	5,323,716	3,577,053	-	-
Revenue from use of money and property	34,146	26,172	-	-
Miscellaneous	542,804	317,355	-	-
Grants and contributions not restricted to specific programs	1,176,435	1,201,825	-	-
Total revenues	<u>\$ 30,707,162</u>	<u>\$ 29,348,865</u>	<u>\$ 29,126,597</u>	<u>\$ 24,123,473</u>
Expenses				
General government	\$ 1,340,090	\$ 1,327,133	\$ -	\$ -
Judicial administration	1,247,221	1,336,335	-	-
Public safety	7,475,067	8,416,494	-	-
PSA	228,149	210,758	-	-
Public works	1,792,663	2,102,031	-	-
Health and welfare	3,772,066	3,333,505	-	-
Education	7,138,439	5,387,904	31,426,092	29,377,334
Parks, recreation and cultural	606,344	625,388	-	-
Community development	1,014,611	1,391,317	145,756	598,046
Non-departmental	-	264,006	-	-
Interest on long-term debt	1,257,346	1,180,969	-	-
Total expenses	<u>\$ 25,871,996</u>	<u>\$ 25,575,840</u>	<u>\$ 31,571,848</u>	<u>\$ 29,975,380</u>
Change in net position	<u>\$ 4,835,166</u>	<u>\$ 3,773,025</u>	<u>\$ (2,445,251)</u>	<u>\$ (5,851,907)</u>

The statement of activities illustrates the cost of governmental activities net of related revenues. It also shows the general revenue sources that fund governmental operations.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

### Financial Analysis of the County's Funds

Governmental Funds - The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a County's net resources available for spending at the end of the fiscal year. As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$15,473,843. Of this total, a negligible \$9,655, constitutes non-spendable amounts for prepaid items, 8.80% of the total amount, \$1,370,714, constitutes restricted fund balance, and 7.43% of the total amount, \$1,147,990, constitutes assigned fund balance. Both restricted and assigned fund balances are available only for specific purposes as directed by external parties such as grantors, laws or legislation. The remaining balance, \$12,945,484, or 83.66%, is unassigned, meaning there are no restrictions placed on the funds.

The General Fund is the operating fund of the County. At the end of the current fiscal year, total fund balance of the General Fund was \$15,246,791. Of this amount, \$12,945,484 was considered unassigned.

Total governmental fund revenues for fiscal year ended June 30, 2022, increased \$1,390,804 and expenditures increased \$1,380,211 over fiscal year ended June 30, 2021. The most significant increase in revenue from the prior fiscal year to the current is due to the collection of the additional 1% sales tax to benefit school construction that began on January 1, 2022 (passed in a November 2020 referendum) and an increase in general property and transient occupancy taxes. The real estate tax rate increased from \$0.68 to \$0.73 per \$100 of assessed value effective January 1, 2022.

The most significant increase in expenditures was spent on Health & Welfare, Education, and Public Safety.

Asset Forfeiture Fund	2,828	3,926
Total Expenditures	<u>\$ 27,523,950</u>	<u>\$ 26,143,739</u>

### General Fund Budgetary Highlights

At the end of fiscal year 2022, General Fund additional budget appropriations resulted in an increase of \$2,380,787 between originally adopted budget appropriations for expenditures and transfers out and the final budget. The increase resulted primarily from re-appropriations of FY2021 budget commitments (related mostly to public safety), an additional contribution to the county schools, expenditures related to other funds (causing an increase in transfers into the General Fund), and an overall increase in the cost of items due to inflation.

General Fund revenues exceeded final budget projections in FY2022 by \$4 million, the majority of which was attributable to an additional \$1.2 million in general property taxes and \$1.6 million in other taxes (including local sales and transient occupancy taxes.) Tax revenue projections were budgeted conservatively due to the continuation of the COVID-19 pandemic, but ultimately performed much better than expected.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

### Capital Assets and Debt Administration

Capital Assets - The County's investment in capital assets for its governmental funds as of June 30, 2022 amounts to \$36,942,655 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, and machinery and equipment. Investment in capital assets for business-type activities amounts to \$3,804,937 (net of accumulated depreciation). Capital asset activity for the school board component as of June 30, 2022, amounts to \$13,762,820 (net of accumulated depreciation).

Additional information on the County of Patrick's capital assets can be found in Note 16 of this report.

Long-term Obligations - At the end of the current fiscal year, the County had total debt outstanding as follows:

Governmental Activities:	
General Obligation Bonds	\$ 20,092,937
Lease Revenue Bonds	10,503,000
Bond Premiums	1,383,404
Accrued Interest Payable	495,008
Literary Loans	525,000
Capital Leases	95,314
Compensated Absences	655,842
Net Pension Liability	1,676,804
Net OPEB Liabilities	828,228
Total	<u>\$ 36,255,537</u>

Additional information on the County of Patrick's long-term debt can be found in Note 6 of this report. Included in this note is information about new lease liabilities for public safety vehicles.

### Long-Term Obligations - Component Unit-School Board

Capital leases	\$ 73,792
Compensated absences	448,138
Net pension liability	11,226,215
Net OPEB liabilities	5,957,208
Total	<u>\$ 17,705,353</u>

Additional information on the long-term obligations for the School Board Component Unit can be found in Note 7 of this report.

### Economic Factors

The June 2021 unemployment rate for the County of Patrick, Virginia was 3.5%, which is a decrease from the rate of 5.3% in June 2021.

The latest estimate by the University of Virginia Weldon Cooper Center for Public Service is a population of 17,554 dated July 1, 2021, reflects a decrease of 0.3 of % from the 2020 U.S. Census.

Finally, according to a Bureau of Labor Statistics report, over the 12 months ended June 2022, the Consumer Price Index increased 9.1 percent, the largest increase since the 12-month period ending November 1981.

County of Patrick, Virginia  
Reconciliation of the Balance Sheet of Governmental Funds  
to the Statement of Net Position  
June 30, 2022

---

Amounts reported for governmental activities in the statement of net position are different because:

Total fund balances per Exhibit 3 - Balance Sheet - Governmental Funds	\$ 15,473,843
--	---------------

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

Land	\$ 1,197,264	
Buildings and improvements	34,479,228	
Machinery and equipment	<u>1,266,163</u>	36,942,655

Other long-term assets are not available to pay for current-period expenditures and, therefore, are unavailable in the funds.

Unavailable revenue	1,059,502
---------------------	-----------

Internal service funds are used by management to charge the costs of certain activities, such as insurance and telecommunications, to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.

(297,828)

Deferred outflows of resources are not available to pay for current-period expenditures and, therefore, are not reported in the funds.

Deferred charge on refunding	\$ 1,730,169	
Pension related items	2,209,343	
OPEB related items	<u>254,942</u>	4,194,454

Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds.

Bond premiums	\$ (1,383,404)	
Accrued interest payable	(495,008)	
Compensated absences	(655,842)	
Net pension liability	(1,676,804)	
Net OPEB liabilities	(828,228)	
Lease liabilities	(95,314)	
Literary loans	(525,000)	
Lease revenue bonds	(10,503,000)	
General obligation bonds	<u>(20,092,937)</u>	(36,255,537)

Deferred inflows of resources are not due and payable in the current period and, therefore, are not reported in the funds.

Pension related items	\$ (3,717,037)	
OPEB related items	<u>(247,831)</u>	(3,964,868)

County of Patrick, Virginia  
Reconciliation of the Statement of Revenues,  
Expenditures, and Changes in Fund Balances of Governmental Funds  
to the Statement of Activities  
For the Year Ended June 30, 2022

---

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$	4,274,370
--	----	-----------

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which the depreciation expense exceeded capital outlays in the current period.

Capital outlays	\$ 566,356	
Depreciation expense	(1,745,948)	(1,179,592)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Increase (decrease) in unavailable revenue - tax revenue	\$ 19,779	
Increase (decrease) in unavailable revenue - opioid settlement	371,771	
Increase (decrease) in unavailable revenue - EMS billings	4,850	396,400

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of, premiums discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Issuance of debt:		
Lease liabilities	\$ (152,001)	
Principal repayments:		
General obligation bonds and lease revenue bonds	1,239,836	
Literary loans	120,000	
Lease liabilities	127,151	1,334,986

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds.

Change in compensated absences	\$ 102,667	
Amortization of bond premium	165,942	
Amortization of deferred amount on refunding	(101,774)	
Change in accrued interest payable	25,759	
Change in net pension liability and related deferred items	280,226	
Change in net OPEB liabilities and related deferred items	(7,296)	465,524

Internal service funds are used by management to charge the costs of certain activities, such as insurance, to individual funds. The net revenue (expense) of certain internal service funds is reported with governmental activities.

(352,719)

Change in net position of governmental activities	\$	4,938,969
---	----	-----------

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022

---

**Note 1-Summary of Significant Accounting Policies:**

The financial statements of the County conform to generally accepted accounting principles (GAAP) applicable to governmental units promulgated by the Governmental Accounting Standards Board (GASB). The following is a summary of the more significant policies:

**A. Financial reporting entity**

County of Patrick, Virginia is a municipal corporation governed by an elected five-member Board of Supervisors. The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements (see note below for description) to emphasize that it is legally separate from the government.

Blended component units - The Patrick County Public Service Authority provides water and sewer service to the County. The Public Service Authority is fiscally dependent upon the County. In addition, the County Board appoints the Public Service Authority's Board.

Discretely Presented Component Units - The component unit columns in the financial statements include the financial data of the County's discretely presented component units. They are reported in a separate column to emphasize that they are legally separate from the County.

The Patrick County School Board operates the elementary and secondary public schools in the County. School Board members are popularly elected. The School Board is fiscally dependent upon the County because the County approves all debt issuances of the School Board and provides significant funding to operate the public schools since the School Board does not have separate taxing powers. The School Board is presented as a governmental fund type. The School Board does not issue a separate financial statement.

The Economic Development Authority of Patrick County (EDA) was created to acquire, own, lease and dispose of properties to the end that such activities may promote industry and develop trade by inducing enterprises to locate and remain in Patrick County, Virginia. The Authority is also authorized to issue revenue bonds for the purpose of obtaining and constructing facilities. The Authority is governed by seven directors appointed by the Board of Supervisors of Patrick County, Virginia. A separate financial statement may be obtained by contacting the EDA.

Related Organizations - None

Jointly Governed Organizations:

1. The County and the City of Martinsville participate in supporting the Blue Ridge Regional Library. For the fiscal year ended June 30, 2022, the County contributed \$280,782 to the Library.
2. The County and the Counties of Franklin and Henry and the City of Martinsville participate in supporting the Piedmont Regional Community Services Board. For the fiscal year ended June 30, 2022, the County contributed \$71,179 to the Community Services Board.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

---

**Note 1-Summary of Significant Accounting Policies: (continued)**

**B. Government-wide and fund financial statements**

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The Statement of Net Position is designed to display the financial position of the primary government (governmental and business-type activities) and its discretely presented component units. Governments will report all capital assets in the government-wide Statement of Net Position and will report depreciation expense - the cost of "using up" capital assets - in the Statement of Activities. The net position of a government will be broken down into three categories - 1) net investment in capital assets; 2) restricted; and 3) unrestricted.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter is excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds, if any, are reported as separate columns in the fund financial statements.

Budgetary comparison schedules - Demonstrating compliance with the adopted budget is an important component of a government's accountability to the public. Many citizens participate in one way or another in the process of establishing the annual operating budgets of state and local governments, and have a keen interest in following the actual financial progress of their governments over the course of the year. Many governments revise their original budgets over the course of the year for a variety of reasons. Under the current financial reporting model, governments provide budgetary comparison information in their annual reports, including the original budget and a comparison of final budget and actual results.

**C. Measurement focus, basis of accounting, and financial statement presentation**

The accompanying financial statements are prepared in accordance with pronouncements issued by the Governmental Accounting Standards Board. The principles prescribed by GASB represent generally accepted accounting principles applicable to governmental units.

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of recognition in the financial statements of various kinds of transactions or events.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

---

**Note 1-Summary of Significant Accounting Policies: (continued)**

C. Measurement focus, basis of accounting, and financial statement presentation: (continued)

The government-wide, proprietary, and fiduciary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The government-wide statement of activities reflects both the gross and net cost per functional category (public safety, public works, health and welfare, etc.) which are otherwise being supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The statement of activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants, and contributions. The program revenues must be directly associated with the function (public safety, public works, health and welfare, etc.) or a business-type activity.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, including lease liabilities, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions, including entering into contracts giving the government the right to use lease assets, are reported as expenditures in the governmental funds. Issuance of long-term debt and financing through leases are reported as other financing sources.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Accordingly, real and personal property taxes are recorded as revenues and receivables when billed, net of allowances for uncollectible amounts. Property taxes not collected within 60 days after year-end are reflected as unavailable revenues.

Sales and utility taxes, which are collected by the state or utilities and subsequently remitted to the County, are recognized as revenues and receivables upon collection by the state or utility, which is generally in the month preceding receipt by the County.

Licenses, permits, fines and rents are recorded as revenues when received. Intergovernmental revenues, consisting primarily of federal, state and other grants for the purpose of funding specific expenditures, are recognized when earned or at the time of the specific expenditure. Revenues from general-purpose grants are recognized in the period to which the grant applies. All other revenue items are considered to be measurable and available only when the government receives cash.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

---

**Note 1-Summary of Significant Accounting Policies: (continued)**

C. Measurement focus, basis of accounting, and financial statement presentation: (continued)

The County's fiduciary funds are presented in the fund financial statements. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide financial statements.

In the fund financial statements, financial transactions and accounts of the County are organized on the basis of funds. The operation of each fund is considered to be an independent fiscal and separate accounting entity, with a self-balancing set of accounts recording cash and/or other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The government reports the following major governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for and reports all financial resources of the general government, except those required to be accounted for in other funds. The General Fund includes the activities of the Courthouse Maintenance, Contingency, Inmate Medical, CAP Depreciation, VPA, CSA, Dare, Law Library, Fred Clifton Park, Capital Projects, Courthouse Security, Fire Programs, Four for Life, Treasurer's Deferred Account, Prepaid Taxes, Spay and Neuter, HEM, Stormwater, Inmate Daily, Fire and Rescue Equipment, Skate Park, ARPA, Broadband, Bob White Covered Bridge, and Transient Occupancy Tax Funds.

The government reports the following nonmajor governmental funds:

*Special Revenue Funds* account for and report the proceeds of specific revenue sources (other than those dedicated for major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action. The Asset Forfeiture Fund is reported as a nonmajor special revenue fund.

The government reports the following major proprietary funds:

The *Water Fund* is used to account for and report the activities related to the blended Patrick County Public Service Authority's water distribution system.

The *Sewer Fund* is used to account for and report the activities related to the blended Patrick County Public Service Authority's sewer system.

Additionally, the government reports the following fund types:

*Internal Service Funds* account for the financing of goods and services provided to other departments or agencies of the government, or to other governments, on a cost reimbursement basis. The Internal Service Funds consist of the Self-insured Health Insurance Fund.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

---

**Note 1-Summary of Significant Accounting Policies: (continued)**

C. Measurement focus, basis of accounting, and financial statement presentation: (continued)

*Fiduciary Funds (Custodial Funds)* account for assets held by the government in a trustee capacity or as custodian for individuals, private organizations, other governmental units, or other funds. Custodial funds include the Special Welfare, DeHart Cemetery and the Inmate Funds.

The discretely presented component unit School Board of the government reports the following governmental funds:

Major Fund - School Operating Fund - This fund is the primary operating fund of the School Board and accounts and reports for all revenues and expenditures applicable to the general operations of the public school system. Revenues are derived primarily from charges for services, appropriations from the County of Patrick, and state and federal grants. The School Operating Fund is considered a major fund of the School Board for financial reporting purposes.

Nonmajor Fund - School Activity Fund - This fund accounts for and reports all funds received from extracurricular school activities, such as entertainment, athletic contests, club dues, fundraisers, etc., and from any and all activities of the individual schools.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between departments of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Assets, liabilities, deferred inflows/outflows of resources and net position/fund balance

1. Cash and cash equivalents

Cash and cash equivalents include cash on hand, amounts in demand deposits and short-term investments with a maturity date within three months of the date acquired by the government. For purposes of the statement of cash flows, the government's proprietary funds consider their demand deposits and all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

---

**Note 1-Summary of Significant Accounting Policies: (continued)**

D. Assets, liabilities, deferred inflows/outflows of resources and net position/fund balance: (continued)

2. Investments

Investments with a maturity of less than one year when purchased, non-negotiable certificates of deposit, and other nonparticipating investments, and external investment pools are stated at cost or amortized cost. Investments with a maturity greater than one year when purchased are stated at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction at year end.

3. Receivables and payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either “due to/from other funds” (i.e., the current portion of interfund loans). All other outstanding balances between funds are reported as “advances to/from other funds” (i.e. the noncurrent portion of interfund loans).

4. Property taxes

Property is assessed at its value on January 1<sup>st</sup>. Property taxes attach as an enforceable lien on property as of January 1<sup>st</sup>. Real estate taxes are payable on June 5<sup>th</sup> and December 5<sup>th</sup>. Personal property taxes are due and collectible annually on December 5<sup>th</sup>. The County bills and collects its own property taxes.

5. Allowance for uncollectible accounts

The County calculates its allowance for uncollectible accounts using historical collection data and, in certain cases, specific account analysis. The allowance amounted to approximately \$340,863 at June 30, 2022 and is comprised of property taxes (\$65,153), EMS charges (\$259,071) water charges (\$16,522) and sewer charges (\$117).

6. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

---

**Note 1-Summary of Significant Accounting Policies: (continued)**

D. Assets, liabilities, deferred inflows/outflows of resources and net position/fund balance: (continued)

7. Capital assets

Capital assets are tangible and intangible assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), and are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost (except for intangible right-to-use lease assets (lease assets), the measurement of which is discussed in more detail below) or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of the donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Land and construction in progress are not depreciated. The other tangible and intangible property, plant, equipment, lease assets, and infrastructure of the primary government, as well as the component units, is depreciated/amortized using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	40
Building improvements	40
Infrastructure - structures, lines, and accessories	20-40
Machinery, equipment, and vehicles	5-30
Leased - Machinery, equipment, and vehicles	5-30

8. Compensated absences

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. In accordance with current accounting standards, no liability is recorded for non-vesting accumulating rights to receive sick pay benefits. The County accrues salary-related payments associated with the payment of compensated absences. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

---

**Note 1-Summary of Significant Accounting Policies: (continued)**

D. Assets, liabilities, deferred inflows/outflows of resources and net position/fund balance: (continued)

9. Long-term obligations

In the government-wide financial statements, long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

10. Prepaid items

Certain payments to vendors represent costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

11. Fund balance

The County reports fund balance in accordance with current financial reporting standards. The County evaluated its funds and classified fund balance into the following five categories:

- Nonspendable - amounts that are either not in spendable form, such as prepaid items and inventory or are legally or contractually required to be maintained intact (corpus of a permanent fund);
- Restricted - amounts that are restricted by external parties such as creditors or imposed by grants, law or legislation;
- Committed - amounts constrained to specific purposes by the government itself, using its highest level of decision making authority, which the County considers to be the Board of Supervisors; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;
- Assigned - amounts that have been allocated by committee action where the government's intent is to use the funds for a specific purpose. The County considers this level of authority to be the Board of Supervisors or any Committee granted such authority by the Board of Supervisors;
- Unassigned - this category is for any balances that have no restrictions placed upon them; positive amounts are only reported in the general fund.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

---

**Note 1-Summary of Significant Accounting Policies: (continued)**

D. Assets, liabilities, deferred inflows/outflows of resources and net position/fund balance: (continued)

11. Fund balance (continued)

The Board of Supervisors is the County's highest level of decision-making authority and the formal action that is required to establish, modify, or rescind a fund balance commitment is a resolution approved by the Board of Supervisors. The resolution must either be approved or rescinded, as applicable, prior to the last day of the fiscal year for which the commitment is made. The amount subject to the constraint may be determined in the subsequent period.

The County considers restricted fund balance to be spent when an expenditure is incurred for purposes for which restricted and unassigned, assigned, or committed fund balances are available, unless prohibited by legal documents or contracts. When an expenditure is incurred for purposes for which committed, assigned or unassigned amounts are available, the County considers committed fund balance to be spent first, then assigned fund balance, and lastly unassigned fund balance.

12. Deferred outflows/inflows of resources

In addition to assets, the statement of financial position includes a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has multiple items that qualify for reporting in this category. One item is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding resulted from the difference between the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The other item is comprised of certain items related to pension and OPEB. For more detailed information on these items, reference the related notes.

In addition to liabilities, the statement of financial position includes a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has multiple items that qualify for reporting in this category. Under a modified accrual basis of accounting, unavailable revenue representing property taxes, EMS billings, and opioid abatement receivables are reported in the governmental funds balance sheet. The property tax amount is comprised of uncollected property taxes due prior to June 30, 2nd half installments levied during the fiscal year but due after June 30th, and amounts prepaid on the 2nd half installments and is deferred and recognized as an inflow of resources in the period that the amount becomes available. Under the accrual basis, 2nd half installments levied during the fiscal year but due after June 30th and amounts prepaid on the 2nd half installments are reported as deferred inflows of resources. In addition, certain items related to pension and OPEB are reported as deferred inflows of resources. For more detailed information on these items, reference the related notes.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

---

**Note 1-Summary of Significant Accounting Policies: (continued)**

D. Assets, liabilities, deferred inflows/outflows of resources and net position/fund balance: (continued)

13. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County's Retirement Plan and the additions to/deductions from the County's Retirement Plan's fiduciary net position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

14. Other Postemployment Benefits (OPEB)

For purposes of measuring the net VRS related OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to the OPEB, and OPEB expense, information about the fiduciary net position of the VRS GLI, HIC, and Teacher HIC OPEB Plans and the additions to/deductions from the VRS OPEB Plans' fiduciary net position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

In addition, the County and School Board allow retirees to stay on their health insurance plans creating an implicit subsidy. Please see related notes for more information.

15. Net Position

For government-wide reporting as well as in proprietary funds, the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources is called net position. Net position is comprised of three components: net investment in capital assets, restricted, and unrestricted.

- Net investment in capital assets consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances of bonds, notes, and other debt that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are included in this component of net position.
- Restricted net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Assets are reported as restricted when constraints are placed on asset use either by external parties or by law through constitutional provision or enabling legislation.
- Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that does not meet the definition of the two preceding categories.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

---

**Note 1-Summary of Significant Accounting Policies: (continued)**

D. Assets, liabilities, deferred inflows/outflows of resources and net position/fund balance: (continued)

15. Net Position (continued)

Sometimes the County will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

16. Leases

The County leases various assets requiring recognition. A lease is a contract that conveys control of the right to use another entity's nonfinancial asset. Lease recognition does not apply to short-term leases, contracts that transfer ownership, leases of assets that are investments, or certain regulated leases.

*Lessee*

The County recognizes lease liabilities and intangible right-to-use lease assets (lease assets) with an initial value of \$5,000, individually or in the aggregate in the government-wide financial statements. At the commencement of the lease, the lease liability is measured at the present value of payments expected to be made during the lease term (less any lease incentives). The lease liability is reduced by the principal portion of payments made. The lease asset is measured at the initial amount of the lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs. The lease asset is amortized over the shorter of the lease term or the useful life of the underlying asset.

*Key Estimates and Judgments*

Lease accounting includes estimates and judgments for determining the (1) rate used to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The County uses the interest rate stated in lease contracts. When the interest rate is not provided or the implicit rate cannot be readily determined, the County uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease and certain periods covered by options to extend to reflect how long the lease is expected to be in effect, with terms and conditions varying by the type of underlying asset.
- Fixed and certain variable payments as well as lease incentives and certain other payments are included in the measurement of the lease liability (lessee).

The County monitors changes in circumstances that would require a remeasurement or modification of its leases. The County will remeasure the lease asset and liability (lessee) if certain changes occur that are expected to significantly affect the amount of the lease liability.

County of Patrick, Virginia

Notes to Financial Statements

**Note 2-Stewardship, Compliance, and Accountability:**

A. Budgetary information

The following procedures are used by the County in establishing the budgetary data reflected in the financial statements:

1. Prior to March 30<sup>th</sup>, the County Administrator submits to the Board of Supervisors a proposed operating and capital budget for the fiscal year commencing the following July 1<sup>st</sup>. The operating and capital budget includes proposed expenditures and the means of financing them. The following funds have legally adopted budgets: General Fund and the School Operating Fund.
2. Public hearings are conducted to obtain citizen comments.
3. Prior to June 30<sup>th</sup>, the budget is legally enacted through passage of an Appropriations Resolution.
4. The Appropriations Resolution places legal restrictions on expenditures at the function level. Only the Board of Supervisors can revise the appropriation for each department or category. The County Administrator is authorized to transfer budgeted amounts within general government departments; however, the School Board is authorized to transfer budgeted amounts within the school system's categories.
5. Formal budgetary integration is employed as a management control device during the year for the General Fund and Special Revenue Funds. The School Operating Fund is integrated only at the level of legal adoption.
6. All budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
7. Appropriations lapse on June 30, for all County units. The County's practice is to appropriate Capital Projects by Project. Several supplemental appropriations were necessary during this fiscal year.
8. Budgetary data presented in the accompanying financial statements is the revised budget as of June 30, and the original budget adopted by the Board of Supervisors.

B. Excess of expenditures over appropriations

For fiscal year ended June 30, 2022, there were no funds/departments that over expended appropriations.

C. Deficit fund balance

At June 30, 2022, only the Self-insured Health Insurance Fund had a deficit fund balance.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

**Note 3-Deposits and Investments:**

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act") Section 2.2-4400 et. seq. of the Code of Virginia. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

Statutes authorize local governments and other public bodies to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, "prime quality" commercial paper that has received at least two of the following ratings: P-1 by Moody's Investors Service, Inc.; A-1 by Standard + Poor's; or F1 by Fitch Ratings, Inc. (Section 2.2-4502), banker's acceptances, repurchase agreements, and the State Treasurer's Local Government Investment Pool (LGIP).

**Credit Risk of Debt Securities:**

The County has not adopted an investment policy for credit risk.

The County's and School's rated debt investments as of June 30, 2022 were rated by Standard + Poor's and/or an equivalent national rating organization and the ratings are presented below using the Standard + Poor's rating scale.

County's Rated Debt Investments' Values	
Rated Debt Investments	Fair Quality Ratings
	AAAm
Local Government Investment Pool (LGIP)	\$ 10,680,956

**Concentration of Credit Risk:**

At June 30, 2022, the County did not have any investments meeting the definition requiring concentration of credit risk disclosures that exceeded 5% of total investments.

**Interest Rate Risk:**

The County has not adopted an investment policy for interest rate risk. Listed below are the County's investments subject to interest rate risk and their corresponding maturity dates.

Investment Type	Fair Value	Less than 1 year
Local Government Investment Pool (LGIP)	\$ 10,680,956	\$ 10,680,956

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

**Note 3-Deposits and Investments: (continued)**

External Investment Pool:

The value of the positions in the external investment pool (Local Government Investment Pool (LGIP)) is the same as the value of the pool shares. As this pool is not SEC registered, regulatory oversight of the pool rests with the Virginia State Treasury. LGIP is an amortized cost basis portfolio. There are no withdrawal limitations or restrictions imposed on participants.

**Note 4-Due from Other Governmental Units:**

Total long-term obligations					<u>\$ 17,705,353</u>	<u>\$ 356,284</u>

**Note 8—Pension Plans:**

**Plan Description**

All full-time, salaried permanent employees of the County and (nonprofessional) employees of public school divisions are automatically covered by a VRS Retirement Plan upon employment. This is an agent multiple-employer plan administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the Code of Virginia, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

**Benefit Structures**

The System administers three different benefit structures for covered employees - Plan 1, Plan 2 and Hybrid. Each of these benefit structures has different eligibility criteria, as detailed below.

- a. Employees with a membership date before July 1, 2010, vested as of January 1, 2013, and have not taken a refund, are covered under Plan 1, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced retirement benefit beginning at age 65 with at least 5 years of service credit or age 50 with at least 30 years of service credit. Non-hazardous duty employees may retire with a reduced benefit as early as age 55 with at least 5 years of service credit or age 50 with at least 10 years of service credit. Hazardous duty employees (law enforcement officers, firefighters, and sheriffs) are eligible for an unreduced benefit beginning at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 5 years of service credit.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

---

**Note 8—Pension Plans: (continued)**

***Benefit Structures (continued)***

- b. Employees with a membership date from July 1, 2010 to December 31, 2013, that have not taken a refund or employees with a membership date prior to July 1, 2010 and not vested before January 1, 2013, are covered under Plan 2, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of service credit or when the sum of their age plus service credit equals 90. Non-hazardous duty employees may retire with a reduced benefit as early as age 60 with at least 5 years of service credit. Hazardous duty employees are eligible for an unreduced benefit beginning at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 5 years of service credit.
- c. Non-hazardous duty employees with a membership date on or after January 1, 2014 are covered by the Hybrid Plan combining the features of a defined benefit plan and a defined contribution plan. Plan 1 and Plan 2 members also had the option of opting into this plan during the election window held January 1 - April 30, 2014 with an effective date of July 1, 2014. Employees covered by this plan are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of service credit, or when the sum of their age plus service credit equal 90. Employees may retire with a reduced benefit as early as age 60 with at least 5 years of service credit. For the defined contribution component, members are eligible to receive distributions upon leaving employment, subject to restrictions.

***Average Final Compensation and Service Retirement Multiplier***

The VRS defined benefit is a lifetime monthly benefit based on a retirement multiplier as a percentage of the employee's average final compensation multiplied by the employee's total service credit. Under Plan 1, average final compensation is the average of the employee's 36 consecutive months of highest compensation and the multiplier is 1.70% for non-hazardous duty employees, 1.85% for sheriffs and regional jail superintendents, and 1.70% or 1.85% for hazardous duty employees as elected by the employer. Under Plan 2, average final compensation is the average of the employee's 60 consecutive months of highest compensation and the retirement multiplier is 1.65% for non-hazardous duty employees, 1.85% for sheriffs and regional jail superintendents, and 1.70% or 1.85% for hazardous duty employees as elected by the employer. Under the Hybrid Plan, average final compensation is the average of the employee's 60 consecutive months of highest compensation and the multiplier is 1.00%. For members who opted into the Hybrid Retirement Plan from Plan 1 or Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans.

***Cost-of-Living Adjustment (COLA) in Retirement and Death and Disability Benefits***

Retirees with an unreduced benefit or with a reduced benefit with at least 20 years of service credit are eligible for an annual COLA beginning July 1 after one full calendar year from the retirement date. Retirees with a reduced benefit and who have less than 20 years of service credit are eligible for an annual COLA beginning on July 1 after one calendar year following the unreduced retirement eligibility date. Under Plan 1, the COLA cannot exceed 5.00%. Under Plan 2 and the Hybrid Plan, the COLA cannot exceed 3.00%. The VRS also provides death and disability benefits. Title 51.1 of the Code of Virginia, as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

**Note 8—Pension Plans: (continued)**

***Employees Covered by Benefit Terms***

As of the June 30, 2020 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	Primary Government	Component Unit School Board Nonprofessional
Inactive members or their beneficiaries currently receiving benefits	90	97
Inactive members:		
Vested inactive members	22	13
Non-vested inactive members	28	21
Inactive members active elsewhere in VRS	33	20
Total inactive members	83	54
Active members	158	93
Total covered employees	331	244

***Contributions***

The contribution requirement for active employees is governed by §51.1-145 of the Code of Virginia, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

The County's contractually required employee contribution rate for the year ended June 30, 2022 was 13.68% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the County were \$910,445 and \$864,835 for the years ended June 30, 2022 and June 30, 2021, respectively.

The Component Unit School Board's contractually required employee contribution rate for nonprofessional employees for the year ended June 30, 2022 was 6.83% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the Patrick County School Board's nonprofessional employees were \$118,271 and \$106,674 for the years ended June 30, 2022 and June 30, 2021, respectively.

County of Patrick, Virginia

Notes to Financial Statements

**Note 8—Pension Plans:** (continued)

***Net Pension Liability***

The net pension liability (NPL) is calculated separately for each employer and represents that particular employer's total pension liability determined in accordance with GASB Statement No. 68, less that employer's fiduciary net position. The County's and Component Unit School Board's (nonprofessional) net pension liabilities were measured as of June 30, 2021. The total pension liabilities used to calculate the net pension liabilities were determined by an actuarial valuation performed as of June 30, 2020, and rolled forward to the measurement date of June 30, 2021.

***Actuarial Assumptions - General Employees***

The total pension liability for General Employees in the County's Retirement Plan and Component Unit School Board's (nonprofessional) Retirement Plan was based on an actuarial valuation as of June 30, 2020, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2021.

Inflation	2.50%
Salary increases, including inflation	3.50% - 5.35%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation

**Mortality rates:**

All Others (Non-10 Largest) - Non-Hazardous Duty: 15% of deaths are assumed to be service related

**Pre-Retirement:**

Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years.

**Post-Retirement:**

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years.

**Post-Disablement:**

Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years.

**Beneficiaries and Survivors:**

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years.

**Mortality Improvement:**

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

**Note 8—Pension Plans: (continued)**

**Actuarial Assumptions - General Employees (continued)**

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

All Others (Non 10 Largest) - Non-Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

**Actuarial Assumptions - Public Safety Employees with Hazardous Duty Benefits**

The total pension liability for Public Safety employees with Hazardous Duty Benefits in the County's Retirement Plan was based on an actuarial valuation as of June 30, 2020, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2021.

Inflation	2.50%
Salary increases, including inflation	3.50% - 4.75%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation

County of Patrick, Virginia

**Note 8—Pension Plans: (continued)**

***Actuarial Assumptions - Public Safety Employees with Hazardous Duty Benefits (continued)***

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

All Others (Non-10 Largest) - Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Largest 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

***Long-term Expected Rate of Return***

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

**Note 8—Pension Plans: (continued)**

***Long-term Expected Rate of Return (continued)***

The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Long-Term Target Asset Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long-term Expected Rate of Return*
Public Equity	34.00%	5.00%	1.70%
Fixed Income	15.00%	0.57%	0.09%
Credit Strategies	14.00%	4.49%	0.63%
Real Assets	14.00%	4.76%	0.67%
Private Equity	14.00%	9.94%	1.39%
MAPS - Multi-Asset Public Strategies	6.00%	3.29%	0.20%
PIP - Private Investment Partnership	3.00%	6.84%	0.21%
Total	100.00%		4.89%
		Inflation	2.50%
		Expected arithmetic nominal return*	7.39%

\* The above allocation provides a one-year expected return of 7.39%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.94%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of return of 6.75% which was roughly at the 40<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

***Discount Rate***

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions; the County and Component Unit School Board (nonprofessional) was also provided with an opportunity to use an alternative employer contribution rate. For the year ended June 30, 2021, the alternate rate was the employer contribution rate used in FY 2012 or 100% of the actuarially determined employer contribution rate from the June 30, 2017 actuarial valuations, whichever was greater.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

**Note 8—Pension Plans: (Continued)**

***Discount Rate (Continued)***

Through the fiscal year ended June 30, 2021, the rate contributed by the school division for the VRS Teacher Retirement Plan was subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2021 on, participating employers and school divisions are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

**Note 8—Pension Plans: (continued)**

***Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

For the year ended June 30, 2022, the County and Component Unit School Board (nonprofessional) recognized pension expense of \$629,887 and (\$74,991), respectively. At June 30, 2022, the County and Component Unit School Board (nonprofessional) reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Primary Government		Component Unit-School Board (nonprofessional)	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 217,247	\$ 467,170	\$ 18,435	\$ 16,133
Change in assumptions	1,081,651	-	132,700	-
Net difference between projected and actual earnings on pension plan investments	-	3,249,867	-	960,528
Employer contributions subsequent to the measurement date	910,445	-	118,271	-
Total	<u>\$ 2,209,343</u>	<u>\$ 3,717,037</u>	<u>\$ 269,406</u>	<u>\$ 976,661</u>

\$910,445 and \$118,271 reported as deferred outflows of resources related to pensions resulting from the County's and Component Unit School Board's (nonprofessional) contributions, respectively, subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the fiscal year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future reporting periods as follows:

Year Ended June 30	Primary Government	Component Unit School Board (nonprofessional)
2023	\$ (268,282)	\$ (119,796)
2024	(555,012)	(188,553)
2025	(636,787)	(223,496)
2026	(958,058)	(293,681)

County of Patrick, Virginia

**Note 8—Pension Plans: (continued)**

***Pension Plan Data***

Information about the VRS Political Subdivision Retirement Plan is also available in the separately issued VRS 2021 Annual Comprehensive Financial Report (Annual Report). A copy of the 2021 VRS Annual Comprehensive Financial Report may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2021-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

**Component Unit School Board (Professional)**

***Plan Description***

All full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Retirement Plan upon employment. This is a cost-sharing multiple employer plan administered by the Virginia Retirement System (the system). Additional information related to the plan description is included in the first section of this note.

***Contributions***

The contribution requirement for active employees is governed by §51.1-145 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. Each school division's contractually required employer contribution rate for the year ended June 30, 2022 was 16.62% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the school division were \$2,142,251 and \$2,045,566 for the years ended June 30, 2022 and June 30, 2021, respectively.

In June 2021, the Commonwealth made a special contribution of approximately \$61.3 million to the VRS Teacher Retirement Plan. This special payment was authorized by a budget amendment included in Chapter 552 of the 2021 Appropriation Act, and is classified as a non-employer contribution.

***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

At June 30, 2022, the school division reported a liability of \$11,226,215 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2021 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation performed as of June 30, 2020, and rolled forward to the measurement date of June 30, 2021. The school division's proportion of the Net Pension Liability was based on the school division's actuarially determined employer contributions to the pension plan for the year ended June 30, 2021 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2021, the school division's proportion was 0.14461% as compared to 0.14780% at June 30, 2020.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

**Note 8—Pension Plans: (continued)**

**Component Unit School Board (Professional) (continued)**

***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)***

For the year ended June 30, 2022, the school division recognized pension expense of \$(445,158). Since there was a change in proportionate share between measurement dates, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions.

At June 30, 2021, the school division reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ 956,182
Change in assumptions	1,966,804	-
Net difference between projected and actual earnings on pension plan investments	-	7,074,460
Changes in proportion and differences between employer contributions and proportionate share of contributions	-	1,586,010
Employer contributions subsequent to the measurement date	<u>2,142,251</u>	<u>-</u>
Total	<u>\$ 4,109,055</u>	<u>\$ 9,616,652</u>

***Actuarial Assumptions***

The total pension liability for the VRS Teacher Retirement Plan was based on an actuarial valuation as of June 30, 2020, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2021.

Inflation	2.50%
Salary increases, including inflation	3.50% - 5.95%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation

**Mortality rates:**

**Pre-Retirement:**

Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males.

**Post-Retirement:**

Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females.

**Post-Disablement:**

Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females.

**Beneficiaries and Survivors:**

Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally.

**Mortality Improvement:**

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates.

**Component Unit School Board (Professional) (continued)**

***Actuarial Assumptions (Continued)***

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

***Net Pension Liability***

The net pension liability (NPL) is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB Statement No. 67, less that system's fiduciary net position. As of June 30, 2021, NPL amounts for the VRS Teacher Employee Retirement Plan is as follows (amounts expressed in thousands):

		<b>Teacher Employee Retirement Plan</b>
Total Pension Liability	\$	53,381,141
Plan Fiduciary Net Position		45,617,878
Employers' Net Pension Liability (Asset)	\$	<u>7,763,263</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability		85.46%

The total pension liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net pension liability is disclosed in accordance with the requirements of GASB Statement No. 67 in the System's notes to the financial statements and required supplementary information.

The long-term expected rate of return and discount rate information previously described also apply to this plan.

**Note 9—Line of Duty Act (LODA) (OPEB Benefits):**

The Line of Duty Act (LODA) provides death and healthcare benefits to certain law enforcement and rescue personnel, and their beneficiaries, who were disabled or killed in the line of duty. Benefit provisions and eligibility requirements are established by Title 9.1 Chapter 4 of the Code of Virginia. Funding of LODA benefits is provided by employers in one of two ways: (a) participation in the Line of Duty and Health Benefits Trust Fund (LODA Fund), administered by the Virginia Retirement System (VRS) or (b) self-funding by the employer or through an insurance company.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

---

**Note 9—Line of Duty Act (LODA) (OPEB Benefits): (continued)**

The County has elected to provide LODA benefits through an insurance company. The obligation for the payment of benefits has been effectively transferred from the County to VACORP. VACORP assumes all liability for the County's LODA claims that are approved by VRS. The pool purchases reinsurance to protect the pool from extreme claims costs.

The current-year OPEB expense/expenditure for the insured benefits is defined as the amount of premiums or other payments required for the insured benefits for the reporting period in accordance with the agreement with the insurance company for LODA and a change in liability to the insurer equal to the difference between amounts recognized as OPEB expense and amounts paid by the employer to the insurer. The County's LODA coverage is fully covered or "insured" through VACORP. This is built into the LODA coverage cost presented in the annual renewals. The County's LODA premium for the year ended June 30, 2022 was \$64,451.

**Note 10—Other Postemployment Benefits - County Health Insurance:**

***Plan Description***

In addition to the pension benefits described in Note 8, the County administers a single-employer defined benefit healthcare plan, the Patrick County Post-Retirement Medical Plan (PPRMP). The benefit provisions, including employer and employee contributions, are governed by the Board of Supervisors and can be amended through board action. The PPRMP does not issue a publicly available financial report.

***Benefits Provided***

PPRMP provides health insurance benefits to eligible retirees, their spouses and dependents. To be eligible, employees must meet the age and service criteria for retirement benefits under VRS, which requires that the employee must meet one of the following requirements:

- General and Public Safety Employees hired before July 1, 2010:
  - Attain age 50 and 30 years of service
  - Attain age 55 and 5 years of service
- General and Public Safety Employees hired after July 1, 2010:
  - Attain age 60 and 5 years of service
  - Attain age plus years of service equal to/or greater than 90

Coverage for participants include medical, dental, and vision coverage for retirees, spouses, and dependents. County employees are responsible for the entire premium creating the implicit rate subsidy.

***Plan Membership***

At June 30, 2022 (measurement date), the following employees were covered by the benefit terms:

Total active employees with coverage	156
Total retirees with coverage	7
Total spouses of retirees with coverage	2
Total	<u>165</u>

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

---

**Note 10—Other Postemployment Benefits - County Health Insurance: (Continued)**

***Contributions***

The County does not pre-fund benefits; therefore, no assets are accumulated in a trust fund. The current funding policy is to pay benefits directly from general assets on a pay-as-you-go basis. The funding requirements are established and may be amended by the Board of Supervisors. The amount paid by the County for OPEB as the benefits came due during the year ended June 30, 2022 was \$35,910.

***Actuarial Assumptions***

The total OPEB liability in the January 1, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Cost Method	Entry age normal level % of salary
Discount Rate	3.54% as of June 30, 2022
Inflation	2.50% per year as of June 30, 2022
County Participation Rate	It is assumed 20% of future retirees will elect coverage and also cover a spouse.
Healthcare Trend Rate	The healthcare trend rate assumption starts at 5.70% and gradually declines to 4.00% by the year 2075.
Retirement Age	The average age at retirement is estimated based on probability of retirement.
Mortality Rates	The mortality rates for active employees was calculated using the RP-2014 Employee Mortality tables projected to 2020 using Scale BB with males and females set back one year (females set forward one year for public safety employees). The mortality rates for healthy retirees was calculated using the RP-2014 Combined Healthy Mortality tables projected to 2020 using Scale BB with females set back one year (males set forward one year and females set forward 3 years for public safety employees). The mortality rates for disabled retirees and calculated using the RP-2014 Disabled Life Mortality tables projected to 2020 using Scale BB (males set forward 2 years for public safety employees).

***Discount Rate***

The discount rate used to measure the total OPEB liability was 3.54% based on the Bond Buyer General Obligation 20-Bond Municipal Index as of June 30, 2022.

County of Patrick, Virginia

Notes to Financial Statements

***OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources***

For the year ended June 30, 2022, the County recognized OPEB expense in the amount of \$51,786. At June 30, 2022, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Primary Government	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 16,737	\$ 44,307
Change in assumptions	68,624	34,074
Total	<u>\$ 85,361</u>	<u>\$ 78,381</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense in future reporting periods as follows:

Year Ended June 30	Primary Government
2023	\$ 10,778
2024	10,778
2025	10,778
2026	(6,930)
2027	(14,298)
Thereafter	(4,126)

Additional disclosures on changes in total OPEB liability and related ratios can be found in the required supplementary information following the notes to the financial statements.

**Note 11—Other Postemployment Benefits - Component Unit School Board Health Insurance:**

***Plan Description***

The School Board also administers a single-employer defined benefit healthcare plan, the Patrick County School Board Post-Retirement Medical Plan (PPSBRMP). The benefit provisions, including employer and employee contributions, are governed by the Board of Supervisors and can be amended through board action. The PPSBRMP does not issue a publicly available financial report.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

---

**Note 11—Other Postemployment Benefits - Component Unit School Board Health Insurance:**  
**(Continued)**

***Benefits Provided***

PPSBRMP provides health insurance benefits to eligible retirees, their spouses and dependents. To be eligible, employees must meet the age and service criteria for retirement benefits under VRS, which requires that the employee must meet one of the following requirements:

- General and Public Safety Employees hired before July 1, 2010:
  - Attain age 50 and 10 years of service
  - Attain age 55 and 5 years of service
- General and Public Safety Employees hired after July 1, 2010:
  - Attain age 60 and 5 years of service
  - Attain age plus years of service equal to/or greater than 90.

Coverage for participants include medical, dental, and vision coverage for retirees, spouses, and dependents. School employees who do not participate in the Early Retirement Incentive Plan (ERIP) are responsible for the entire premium creating the implicit rate subsidy. School employees that do participate in the ERIP, effective, October 1, 2017, will receive \$487.50 per month toward medical premiums for up to seven years.

***Plan Membership***

At June 30, 2022 (measurement date), the following employees were covered by the benefit terms:

Total active employees with coverage	421
Total retirees with coverage	4
Total spouses of retirees with coverage	<u>1</u>
Total	<u><u>426</u></u>

***Contributions***

The School Board does not pre-fund benefits; therefore, no assets are accumulated in a trust fund. The current funding policy is to pay benefits directly from general assets on a pay-as-you-go basis. The funding requirements are established and may be amended by the Board of Supervisors. Thereafter		(268,652)

Additional disclosures on changes in total OPEB liability and related ratios can be found in the required supplementary information following the notes to the financial statements.

**Note 12-Group Life Insurance (GLI) Plan (OPEB) Plan:**

***Plan Description***

The Group Life Insurance (GLI) Plan was established pursuant to §51.1-500 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent employees of the state agencies, teachers, and employees of participating political subdivisions are automatically covered by the VRS GLI Plan upon employment. This is a cost-sharing multiple-employer plan administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

---

**Note 12-Group Life Insurance (GLI) Plan (OPEB Plan): (continued)**

***Plan Description (continued)***

In addition to the Basic GLI benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional GLI Plan. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured plan, it is not included as part of the GLI Plan OPEB.

The specific information for GLI OPEB, including eligibility, coverage and benefits is described below:

***Eligible Employees***

The GLI Plan was established July 1, 1960, for state employees, teachers, and employees of political subdivisions that elect the plan. Basic GLI coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their accumulated retirement member contributions and accrued interest.

***Benefit Amounts***

The GLI Plan is a defined benefit plan with several components. The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled. The accidental death benefit is double the natural death benefit. In addition to basic natural and accidental death benefits, the plan provides additional benefits provided under specific circumstances that include the following: accidental dismemberment benefit, seatbelt benefit, repatriation benefit, felonious assault benefit, and accelerated death benefit option. The benefit amounts are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value. For covered members with at least 30 years of service credit, the minimum benefit payable was set at \$8,000 by statute in 2015. This will be increased annually based on the VRS Plan 2 cost-of-living adjustment calculation. The minimum benefit adjusted for the COLA was \$8,722 as of June 30, 2022.

***Contributions***

The contribution requirements for the GLI Plan are governed by §51.1-506 and §51.1-508 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the GLI Plan was 1.34% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.80% ( $1.34\% \times 60\%$ ) and the employer component was 0.54% ( $1.34\% \times 40\%$ ). Employers may elect to pay all or part of the employee contribution; however, the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2022 was 0.54% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

---

**Note 12-Group Life Insurance (GLI) Plan (OPEB Plan): (continued)**

***Contributions (continued)***

Contributions to the Group Life Insurance Plan from the County were \$37,087 and \$35,012 for the years ended June 30, 2022 and June 30, 2021, respectively.

Contributions to the Group Life Insurance Plan from the Component Unit School Board (nonprofessional) were \$10,484 and \$9,469 for the years ended June 30, 2022 and June 30, 2021, respectively.

Contributions to the Group Life Insurance Plan from the Component Unit School Board (professional) were \$72,459 and \$68,695 for the years ended June 30, 2022 and June 30, 2021, respectively.

***GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Plan OPEB***

**Primary Government**

At June 30, 2022, the entity reported a liability of \$365,581 for its proportionate share of the Net GLI OPEB Liability. The Net GLI OPEB Liability was measured as of June 30, 2021 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation performed as of June 30, 2020, and rolled forward to the measurement date as of June 30, 2021. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the GLI Plan for the year ended June 30, 2021 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2021, the participating employer's proportion was 0.03140% as compared to 0.03168% at June 30, 2020.

For the year ended June 30, 2022, the participating employer recognized GLI OPEB expense of \$20,197. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

**Component Unit School Board (Nonprofessional)**

At June 30, 2022, the entity reported a liability of \$98,614 for its proportionate share of the Net GLI OPEB Liability. The Net GLI OPEB Liability was measured as of June 30, 2021 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation performed as of June 30, 2020, and rolled forward to the measurement date as of June 30, 2021. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the GLI Plan for the year ended June 30, 2021 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2021, the participating employer's proportion was 0.00850% as compared to 0.00858% at June 30, 2020.

For the year ended June 30, 2022, the participating employer recognized GLI OPEB expense of 1,768. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

***GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Plan OPEB (continued)***

Component Unit School Board (Professional)

At June 30, 2022, the entity reported a liability of \$717,424 for its proportionate share of the Net GLI OPEB Liability. The Net GLI OPEB Liability was measured as of June 30, 2021 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation as of June 30, 2020, and rolled forward to the measurement date as of June 30, 2021. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the GLI Plan for the year ended June 30, 2021 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2021, the participating employer's proportion was 0.06160% as compared to 0.06269% at June 30, 2020.

For the year ended June 30, 2022, the participating employer recognized GLI OPEB expense of \$2,154. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2022, the employer reported deferred outflows of resources and deferred inflows of resources related to the GLI OPEB from the following sources:

	Primary Government		Component Unit School Board (Nonprofessional)		Component Unit School Board (Professional)	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 41,696	\$ 2,786	\$ 11,247	\$ 751	\$ 81,825	\$ 5,466
Net difference between projected and actual earnings on GLI OPEB plan investments	-	87,256	-	23,537	-	171,234
Change in assumptions	20,154	50,019	5,437	13,492	39,551	98,159

**Note 12-Group Life Insurance (GLI) Plan (OPEB Plan): (continued)**

***GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Plan OPEB (continued)***

\$37,087, \$10,484, and \$72,459 reported as deferred outflows of resources related to the GLI OPEB resulting from the employer's contributions subsequent to the measurement date will be recognized as a reduction of the Net GLI OPEB Liability in the fiscal year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

Year Ended June 30	Primary Government	Component Unit School Board (Nonprofessional)	Component Unit School Board (Professional)
2023	\$ (12,790)	\$ (7,130)	\$ (62,581)
2024	(9,473)	(6,036)	(54,864)
2025	(13,473)	(5,987)	(49,414)
2026	(30,142)	(8,847)	(64,204)
2027	(6,518)	(1,869)	(13,757)

***Actuarial Assumptions***

The total GLI OPEB liability was based on an actuarial valuation as of June 30, 2020, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2021. The assumptions include several employer groups. Salary increases and mortality rates included herein are for relevant employer groups. Information for other groups can be referenced in the VRS Annual Report.

Inflation	2.50%
Salary increases, including inflation:	
Teachers	3.50%-5.95%
Locality - General employees	3.50%-5.35%
Locality - Hazardous Duty employees	3.50%-4.75%
Investment rate of return	6.75%, net of investment expenses, including inflation

**Mortality Rates - Teachers**

Pre-Retirement:

Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males.

Post-Retirement:

Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females.

Post-Disablement:

Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females.

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally.

Mortality Improvement Scale:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

***Net GLI OPEB Liability***

The net OPEB liability (NOL) for the GLI Plan represents the plan's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2021, NOL amounts for the GLI Plan are as follows (amounts expressed in thousands):

		GLI OPEB Plan
		<hr/>
Total GLI OPEB Liability	\$	3,577,346
Plan Fiduciary Net Position		2,413,074
GLI Net OPEB Liability (Asset)	\$	<hr/> <hr/> 1,164,272
Plan Fiduciary Net Position as a Percentage of the Total GLI OPEB Liability		67.45%

The total GLI OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

**Note 12-Group Life Insurance (GLI) Plan (OPEB Plan): (continued)**

***Long-Term Expected Rate of Return***

The long-term expected rate of return on the System's investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<b>Asset Class (Strategy)</b>	<b>Long-Term Target Asset Allocation</b>	<b>Arithmetic Long-term Expected Rate of Return</b>	<b>Weighted Average Long-term Expected Rate of Return*</b>
Public Equity	34.00%	5.00%	1.70%
Fixed Income	15.00%	0.57%	0.09%
Credit Strategies	14.00%	4.49%	0.63%
Real Assets	14.00%	4.76%	0.67%
Private Equity	14.00%	9.94%	1.39%
MAPS - Multi-Asset Public Strategies	6.00%	3.29%	0.20%
PIP - Private Investment Partnership	3.00%	6.84%	0.21%
<b>Total</b>	<b>100.00%</b>		<b>4.89%</b>
		Inflation	2.50%
		Expected arithmetic nominal return*	7.39%

\*The above allocation provides a one-year return of 7.39%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.94%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of return of 6.75% which was roughly at the 40<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

**Note 12-Group Life Insurance (GLI) Plan (OPEB Plan): (continued)**

**Discount Rate**

The discount rate used to measure the total GLI OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ended June 30, 2021, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. From July 1, 2021 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

**Sensitivity of the Employer's Proportionate Share of the Net GLI OPEB Liability to Changes in the Discount Rate**

The following presents the employer's proportionate share of the net GLI OPEB liability using the discount rate of 6.75%, as well as what the employer's proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	Rate		
	1% Decrease	Current Discount	1% Increase
	(5.75%)	(6.75%)	(7.75%)
County's proportionate share of the GLI Plan Net OPEB Liability	\$ 534,128	\$ 365,581	\$ 229,473
Component Unit School Board's (nonprofessional) proportionate share of the GLI Plan Net OPEB Liability	\$ 144,079	\$ 98,614	\$ 61,899
Component Unit School Board's (professional) proportionate share of the GLI Plan Net OPEB Liability	\$ 1,048,183	\$ 717,424	\$ 450,322

***GLI Plan Fiduciary Net Position***

Detailed information about the GLI Plan's Fiduciary Net Position is available in the separately issued VRS 2021 Annual Comprehensive Financial Report (Annual Report) A copy of the 2021 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2021-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

**Note 13—Health Insurance Credit (HIC) Plan (OPEB Plan):**

***Plan Description***

The Political Subdivision Health Insurance Credit (HIC) Plan was established pursuant to §51.1-1400 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent employees of participating political subdivisions are automatically covered by the VRS Political Subdivision HIC Plan upon employment. This is an agent multiple-employer plan administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The HIC is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

The specific information about the Political Subdivision HIC Plan OPEB, including eligibility, coverage and benefits is described below:

***Eligible Employees***

The Political Subdivision Retiree HIC Plan was established July 1, 1993 for retired political subdivision employees of employers who elect the benefit and retire with at least 15 years of service credit. Eligible employees include full-time permanent salaried employees of the participating political subdivision who are covered under the VRS pension plan. These employees are enrolled automatically upon employment.

***Benefit Amounts***

The Political Subdivision Retiree HIC Plan is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired political subdivision employees of participating employers. For employees who retire, the monthly benefit is \$1.50 per year of service per month with a maximum benefit of \$45.00 per month. For employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is \$45.00 per month.

***HIC Plan Notes***

The monthly HIC benefit cannot exceed the individual premium amount. There is no HIC for premiums paid and qualified under LODA; however, the employee may receive the credit for premiums paid for other qualified health plans. Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the HIC as a retiree.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

**Note 13—Health Insurance Credit (HIC) Plan (OPEB Plan): (continued)**

***Employees Covered by Benefit Terms***

As of the June 30, 2020 actuarial valuation, the following employees were covered by the benefit terms of the HIC OPEB plan:

	<u>Primary Government</u>	<u>School Board</u>
	<u>Number</u>	<u>Number</u>
Inactive members or their beneficiaries currently receiving benefits	2	43
Inactive members:		
Vested inactive members	2	1
Active members	<u>38</u>	<u>93</u>
Total covered employees	<u>42</u>	<u>137</u>

***Contributions***

The contribution requirements for active employees is governed by §51.1-1402(E) of the Code of Virginia, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. The County's contractually required employer contribution rate for the year ended June 30, 2022 was 0.34% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2020. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the County to the HIC Plan were \$5,033 and \$4,706 for the years ended June 30, 2022 and June 30, 2021, respectively.

The Component Unit School Board's contractually required employer contribution rate for the year ended June 30, 2022 was 0.91% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2020. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the County to the HIC Plan were \$17,667 and \$15,910 for the years ended June 30, 2022 and June 30, 2021, respectively.

During the 2020 session, House Bill 1513 was enacted. This bill required the addition of Health Insurance Credit benefits for non-teacher employees effective July 1, 2021. While benefit payments became effective July 1, 2021, employers were required to pre-fund the benefits beginning July 1, 2020. The bill impacted 95 employers and resulted in approximately \$2.5 million of additional employer contributions in FY 2021.

**Note 13—Health Insurance Credit (HIC) Plan (OPEB Plan): (continued)**

***Long-Term Expected Rate of Return***

The long-term expected rate of return on the System's investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Long-Term Target Asset Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long-term Expected Rate of Return*
Public Equity	34.00%	5.00%	1.70%
Fixed Income	15.00%	0.57%	0.09%
Credit Strategies	14.00%	4.49%	0.63%
Real Assets	14.00%	4.76%	0.67%
Private Equity	14.00%	9.94%	1.39%
MAPS - Multi-Asset Public Strategies	6.00%	3.29%	0.20%
PIP - Private Investment Partnership	3.00%	6.84%	0.21%
Total	<u>100.00%</u>		<u>4.89%</u>
		Inflation	<u>2.50%</u>
		Expected arithmetic nominal return*	<u>7.39%</u>

\*The above allocation provides a one-year return of 7.39%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.94%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of return of 6.75% which was roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

**Note 13—Health Insurance Credit (HIC) Plan (OPEB Plan): (continued)**

**Discount Rate**

The discount rate used to measure the total HIC OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ended June 30, 2021, the rate contributed by the entity for the HIC OPEB was 100% of the actuarially determined contribution rate. From July 1, 2021 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the HIC OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total HIC OPEB liability.

**Changes in Net HIC OPEB Liability**

	Primary Government

***HIC Plan OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to HIC Plan OPEB***

For the year ended June 30, 2022, the County and Component Unit School Board recognized HIC Plan OPEB expense of \$13,436 and \$17,352, respectively. At June 30, 2022, the County and Component Unit School Board reported deferred outflows of resources and deferred inflows of resources related to the County's HIC Program from the following sources:

	Primary Government		Component Unit School Board	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 29,890	\$ 11,685	\$ -	\$ -
Net difference between projected and actual earnings on HIC OPEB plan investments	-	15	-	1,344
Change of assumptions	12,217	-	5,484	-
Employer contributions subsequent to the measurement date	5,033	-	17,667	-
Total	\$ 47,140	\$ 11,700	23,151	\$ 1,344

\$5,033 and \$17,667 reported as deferred outflows of resources related to the HIC OPEB resulting from the County's and the Component Unit School Board's contributions subsequent to the measurement date will be recognized as a reduction of the Net HIC OPEB Liability in the fiscal year ending June 30, 2023.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIC OPEB will be recognized in the HIC OPEB expense in future reporting periods as follows:

Year Ended June 30	Primary Government	Component Unit-School Board Non-Professional
2022	\$ 7,826	1,588
2023	7,816	1,588
2024	7,808	1,300
2025	7,707	(336)
2026	578	-
Thereafter	(1,328)	-

***HIC Plan Data***

Information about the VRS Political Subdivision HIC Program is available in the separately issued VRS 2021 Annual Comprehensive Financial Report (Annual Report). A copy of the 2021 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2021-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

**Note 14- Teacher Employee Health Insurance Credit (HIC) Plan (OPEB Plan):**

***Plan Description***

The Virginia Retirement System (VRS) Teacher Employee Health Insurance Credit (HIC) Plan was established pursuant to §51.1-1400 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Employee HIC Plan. This is a cost-sharing multiple-employer plan administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The HIC is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

The specific information for the Teacher HIC OPEB, including eligibility, coverage, and benefits is described below:

***Eligible Employees***

The Teacher Employee Retiree HIC Plan was established July 1, 1993 for retired Teacher Employees covered under VRS who retire with at least 15 years of service credit. Eligible employees include full-time permanent (professional) salaried employees of public school divisions covered under VRS. These employees are enrolled automatically upon employment.

***Benefit Amounts***

The Teacher Employee HIC Plan is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired teachers. For Teacher and other professional school employees who retire with at least 15 years of service credit, the monthly benefit is \$4.00 per year of service per month with no cap on the benefit amount. For Teacher and other professional school employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is either: \$4.00 per month, multiplied by twice the amount of service credit, or \$4.00 per month, multiplied by the amount of service earned had the employee been active until age 60, whichever is lower.

***HIC Plan Notes***

The monthly HIC benefit cannot exceed the individual premium amount. Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the HIC as a retiree.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

---

**Note 14- Teacher Employee Health Insurance Credit (HIC) Plan (OPEB Plan): (continued)**

***Contributions***

The contribution requirements for active employees is governed by §51.1-1401(E) of the Code of Virginia, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Each school division's contractually required employer contribution rate for the year ended June 30, 2022 was 1.21% of covered employee compensation for employees in the VRS Teacher Employee HIC Plan. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the school division to the VRS Teacher Employee HIC Plan were \$162,206 and \$153,962 for the years ended June 30, 2022 and June 30, 2021, respectively.

***Teacher Employee HIC OPEB Liabilities, Teacher Employee HIC Plan OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Teacher Employee HIC Plan OPEB***

At June 30, 2022, the school division reported a liability of \$1,846,671 for its proportionate share of the VRS Teacher Employee HIC Net OPEB Liability. The Net VRS Teacher Employee HIC OPEB Liability was measured as of June 30, 2021 and the total VRS Teacher Employee HIC OPEB liability used to calculate the Net VRS Teacher Employee HIC Plan OPEB Liability was determined by an actuarial valuation performed as of June 30, 2020 and rolled forward to the measurement date of June 30, 2021. The school division's proportion of the Net VRS Teacher Employee HIC OPEB Liability was based on the school division's actuarially determined employer contributions to the VRS Teacher Employee HIC OPEB plan for the year ended June 30, 2021 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2021, the school division's proportion of the VRS Teacher Employee HIC Plan was 0.14387% as compared to 0.14718% at June 30, 2020.

For the year ended June 30, 2022, the school division recognized VRS Teacher Employee HIC OPEB expense of \$102,773. Since there was a change in proportionate share between measurement dates, a portion of the VRS Teacher Employee HIC Net OPEB expense was related to deferred amounts from changes in proportion.

County of Patrick, Virginia

**Note 14- Teacher Employee Health Insurance Credit (HIC) Plan (OPEB Plan): (continued)**

***Teacher Employee HIC OPEB Liabilities, Teacher Employee HIC Plan OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Teacher Employee HIC Plan OPEB (continued)***

At June 30, 2022, the school division reported deferred outflows of resources and deferred inflows of resources related to the VRS Teacher Employee HIC OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 32,224
Net difference between projected and actual earnings on Teacher HIC OPEB plan investments	-	24,326
Change in assumptions	49,919	7,422
Change in proportionate share	-	208,046
Employer contributions subsequent to the measurement date	162,206	-
Total	\$ 212,125	\$ 272,018

\$162,206 reported as deferred outflows of resources related to the Teacher Employee HIC OPEB resulting from the school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Teacher Employee HIC OPEB Liability in the fiscal year ending June 30, 2023.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

---

**Note 14- Teacher Employee Health Insurance Credit (HIC) Plan (OPEB Plan): (continued)**

***Teacher Employee HIC OPEB Liabilities, Teacher Employee HIC Plan OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Teacher Employee HIC Plan OPEB (continued)***

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Teacher Employee HIC OPEB will be recognized in the Teacher Employee HIC OPEB expense in future reporting periods as follows:

**Year Ended June 30**

2023	\$	(49,883)
2024		(50,159)
2025		(48,779)
2026		(42,542)
2027		(21,396)
Thereafter		(9,340)

***Actuarial Assumptions***

The total Teacher Employee HIC OPEB liability for the VRS Teacher Employee HIC Plan was based on an actuarial valuation as of June 30, 2020, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2021.

Inflation	2.50%
Salary increases, including inflation	3.50%-5.95%
Investment rate of return	6.75%, net of investment expenses, including inflation

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

**Note 14- Teacher Employee Health Insurance Credit (HIC) Plan (OPEB Plan): (continued)**

**Actuarial Assumptions (continued)**

**Mortality Rates - Teachers**

Pre-Retirement:

Pub-2010 Amount Weighted Teacher Employee Rates projected generationally; 110% of rates for males.

Post-Retirement:

Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females.

Post-Disablement:

Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females.

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally.

Mortality Improvement Scale:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

**Note 14- Teacher Employee Health Insurance Credit (HIC) Plan (OPEB Plan): (continued)**

***Net Teacher Employee HIC OPEB Liability***

The net OPEB liability (NOL) for the Teacher Employee HIC Plan represents the plan's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2021, NOL amounts for the VRS Teacher Employee HIC Plan is as follows (amounts expressed in thousands):

		<b>Teacher Employee HIC OPEB Plan</b>
		<hr/>
Total Teacher Employee HIC OPEB Liability	\$	1,477,874
Plan Fiduciary Net Position		194,305
Teacher Employee Net HIC OPEB Liability (Asset)	\$	<hr/> <hr/> 1,283,569
Plan Fiduciary Net Position as a Percentage of the Total Teacher Employee HIC OPEB Liability		13.15%

The total Teacher Employee HIC OPEB liability is calculated by the System's actuary, and the plan's fiduciary net position is reported in the System's financial statements. The net Teacher Employee HIC OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

***Long-Term Expected Rate of Return***

The long-term expected rate of return on the VRS System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of VRS System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

**Note 14- Teacher Employee Health Insurance Credit (HIC) Plan (OPEB Plan): (continued)**

Asset Class (Strategy)	Long-Term Target Asset Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long-term Expected Rate of Return*
Public Equity	34.00%	5.00%	1.70%
Fixed Income	15.00%	0.57%	0.09%
Credit Strategies	14.00%	4.49%	0.63%
Real Assets	14.00%	4.76%	0.67%
Private Equity	14.00%	9.94%	1.39%
MAPS - Multi-Asset Public Strategies	6.00%	3.29%	0.20%
PIP - Private Investment Partnership	3.00%	6.84%	0.21%
Total	100.00%		4.89%
		Inflation	2.50%
		Expected arithmetic nominal return*	7.39%

\*The above allocation provides a one-year return of 7.39%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.94%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which was roughly at the 40<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

**Discount Rate**

The discount rate used to measure the total Teacher Employee HIC OPEB was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ended June 30, 2021, the rate contributed by each school division for the VRS Teacher Employee HIC Plan will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2021 on, all agencies are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the Teacher Employee HIC OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total Teacher Employee HIC OPEB liability.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

**Note 14- Teacher Employee Health Insurance Credit (HIC) Plan (OPEB Plan): (continued)**

***Sensitivity of the School Division's Proportionate Share of the Teacher Employee HIC Net OPEB Liability to Changes in the Discount Rate***

The following presents the school division's proportionate share of the VRS Teacher Employee HIC Plan net HIC OPEB liability using the discount rate of 6.75%, as well as what the school division's proportionate share of the net HIC OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	Rate		
	1% Decrease	Current Discount	1% Increase
	(5.75%)	(6.75%)	7.75%
School division's proportionate share of the VRS Teacher Employee HIC OPEB Plan Net HIC OPEB Liability	\$ 2,078,840	\$ 1,846,671	\$ 1,650,201

***Teacher Employee HIC OPEB Fiduciary Net Position***

Detailed information about the VRS Teacher Employee HIC Plan's Fiduciary Net Position is available in the separately issued VRS 2021 Annual Comprehensive Financial Report (Annual Report). A copy of the 2021 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2021-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

**Note 17-Risk Management:**

The County and School Board are exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The County and School Board participates with other localities in a public entity risk pool for their coverage of general liability, property, crime and auto insurance with the Virginia Association of Counties Risk Pool. Each member of this risk pool jointly and severally agrees to assume, pay and discharge any liability. The County and School Board pay the risk pool contributions and assessments based upon classification and rates into a designated cash reserve fund out of which expenses of the pool, claims and awards are to be paid. In the event of a loss deficit and depletion of all available excess insurance, the pool may assess all members in the proportion in which the premium of each bears to the total premiums of all members in the year in which such deficit occurs. The County and its component unit - School Board continue to carry commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

**Note 18-Contingent Liabilities:**

Federal programs in which the County and discretely presented component unit School Board participate were audited in accordance with the provisions of Uniform Guidance. Pursuant to the provisions of this guidance all major programs and certain other programs were tested for compliance with applicable grant requirements. While no matters of noncompliance were disclosed by audit, the Federal Government may subject grant programs to additional compliance tests, which may result in disallowed expenditures. In the opinion of management, any future disallowances of current grant program expenditures, if any, would be immaterial.

**Note 19-Deferred/Unavailable Revenue:**

Unavailable revenue represents amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Under the modified accrual basis of accounting, such amounts are measurable, but not available. Under the accrual basis, assessments for future periods are deferred. Unavailable revenue is comprised of the following:

	Government-wide Statements	Balance Sheet
	Governmental Activities	Governmental Funds
Primary Government:		
Deferred property tax revenue representing uncollected property tax billings that are not available for the funding of current expenditures	\$ -	\$ 635,846
Deferred EMS billing revenues	-	51,885
Deferred opioid abatement settlement proceeds	-	371,771
2nd half tax assessments due in December 2022	1,748,036	1,748,036
Prepaid property taxes due in December 2022, but paid in advance by taxpayers	4,390,117	4,390,117
Total deferred/unavailable revenue	\$ 6,138,153	\$ 7,197,655

**County of Patrick, Virginia**

**Notes to Financial Statements  
June 30, 2022 (continued)**

**Note 20-Surety Bonds:**

**Primary Government:**

Fidelity & Deposit Company of Maryland-Surety:

Sherri M. Hazelwood, Clerk of the Circuit Court	\$ 115,000
Sandra K. Stone, Treasurer	400,000
Cindy Kendrick, Commissioner of the Revenue	3,000
Dan Smith, Sheriff	30,000
All constitutional officers' employees: blanket bond	50,000

VaRisk 2:

All Social Services employees: blanket bond	\$ 250,000
---	------------

**Component Unit - School Board:**

Zurick North America:

Jason A. Wood, Superintendent of Schools	\$ 10,000
Sarah Leigh D. Collins, Clerk of the School Board	10,000

**Note 21-Self-insured Health Insurance:**

The County of Patrick, Virginia established a limited risk management program for health insurance. Premiums are paid into the health plan fund from the County and School Board and are available to pay claims, and administrative costs of the program. During the fiscal year 2022, a total of \$643,205 was paid in benefits and administrative costs. The risk assumed by the County is based on the number of participants in the program. The risk varies by the number of participants and their specific plan type (Keycare, Bluecare, etc.). Incurred but not reported claims of \$385,177 have been accrued as a liability based primarily on actual cost incurred prior to June 30 but paid after year-end. Interfund premiums are based primarily upon the insured funds' claims experience and are reported as quasi-external interfund transactions. Changes in the claims liability during fiscal year 2022 and the two previous years were as follows:

<u>Fiscal Year</u>	<u>Balance at Beginning of Fiscal Year</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claim Payments</u>	<u>Balance at End of Fiscal Year</u>
2021-22	\$ 347,807	\$ 680,575	\$ (643,205)	\$ 385,177
2020-21	484,592	3,703,461	(3,840,246)	347,807
2019-20	359,866	5,241,796	(5,117,070)	484,592

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

---

**Note 22-Litigation:**

At June 30, 2022, there was one matter of litigation involving the County that could materially affect the financial position. One real estate holder in the County has alleged their property is significantly over-assessed and that a refund between \$138,556 and \$295,635 plus interest should be returned to them. The County has agreed to review information, as provided by a third-party consultant, but that report is not available as of the issuance of these financial statements and therefore no estimable settlement is available to record in the financial statements.

**Note 23-Pandemic Funding:**

**ARPA Funding**

On March 11, 2021, the American Rescue Plan (ARPA) Act of 2021 was passed by the federal government. A primary component of the ARPA was the establishment of the Coronavirus State and Local Fiscal Recovery Fund (CSLFRF). Local governments are to receive funds in two tranches, with 50% provided beginning in May 2021 and the balance delivered approximately 12 months later.

On June 24, 2021, the County received its share of the first half of the CSLFRF funds. The County receive the second half on June 9, 2022. As a condition of receiving CSLFRF funds, any funds unobligated by December 31, 2024, and unexpended by December 31, 2026, will be returned to the federal government. Unspent funds in the amount of \$2,868,522 from the two allocations are reported as unearned revenue as of June 30.

**ESF Funding**

The CARES Act also established the Education Stabilization Fund (ESF) and allocated \$30.75 billion to the U.S. Department of Education. The ESF is composed of three primary emergency relief funds: (1) a Governor's Emergency Education Relief (GEER) Fund, (2) an Elementary and Secondary School Emergency Relief (ESSER) Fund, and (3) a Higher Education Emergency Relief (HEER) Fund. The Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA Act) was signed into law on December 27, 2020 and added \$81.9 billion to the ESF. In March 2021, the American Rescue Plan Act (ARP Act), in support of ongoing state and institutional COVID-19 recovery efforts, added more than \$170 billion to the ESF. The School Board is receiving this funding from the Virginia Department of Education on a reimbursement basis.

**Note 24-Adoption of Accounting Principles:**

The County implemented provisions of Governmental Accounting Standards Board Statement No. 87, *Leases* during the fiscal year ended June 30, 2022. Statement No. 87, *Leases* requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. No restatement of beginning net position was required as a result of this implementation. Using the facts and circumstances that existed at the beginning of the year of implementation, the following balances were recognized as of July 1, 2021 related to the lease:

	Net Position
	Component Unit - School Board
Lessee activity:	
Lease asset	\$ 83,925
Lease liability	\$ 83,925

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

---

**Note 24-Adoption of Accounting Principles: (continued)**

The County implemented provisions of Governmental Accounting Standards Board Statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period* during the fiscal year ended June 30, 2022. This Statement simplifies accounting for interest cost incurred before the end of a construction period. Interest cost incurred during construction is expensed and no longer capitalized as part of project costs. No restatement was required as a result of this implementation.

**Note 25-Restatement of Beginning Balance:**

The School Board restated beginning balances to correct the below error for a financed purchase that was actually paid off at the end of fiscal year 2021. The financial statements have been restated as follows:

	<u>Net Position</u>
	Component Unit - School Board
Beginning balance (deficit), as previously stated	\$ (15,343,207)
Correct reporting of financed purchase	111,727
Correct interest payable related to financed purchase	3,634
Beginning balance (deficit), as restated	<u>\$ (15,227,846)</u>

**Note 26-Upcoming Pronouncements:**

Statement No. 91, *Conduit Debt Obligations*, provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2021.

Statement No. 94, *Public-Private and Public-Public Partnerships and Availability of Payment Arrangements*, addresses issues related to public-private and public-public partnership arrangements. This Statement also provides guidance for accounting and financial reporting for availability payment arrangements. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022.

Statement No. 96, *Subscription-Based Information Technology Arrangements (SBITAs)*, (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022.

Statement No. 99, *Omnibus 2022*, enhances the comparability in accounting and financial reporting and improves the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The effective dates differ based on the requirements of the Statement, ranging from April 2022 to reporting periods beginning after June 15, 2023.

County of Patrick, Virginia

Notes to Financial Statements  
June 30, 2022 (continued)

---

**Note 26-Upcoming Pronouncements: (continued)**

Statement No. 100, *Accounting Changes and Error Corrections* - an amendment of GASB Statement No. 62, enhances accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The requirements of this Statement are effective for reporting periods beginning after June 15, 2023.

Statement No. 101, *Compensated Absences*, updates the recognition and measurement guidance for compensated absences. It aligns the recognition and measurement guidance under a unified model and amends certain previously required disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2023.

Management is currently evaluating the impact these standards will have on the financial statements when adopted.

\*Excludes contributions (mandatory and match on voluntary) to the defined contribution portion of the Hybrid plan.

**County of Patrick, Virginia**  
**Notes to Required Supplementary Information**  
**Pension Plans**  
**For the Year Ended June 30, 2022**

**Changes of benefit terms** - There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

**Changes of assumptions** - The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

**All Others (Non-10 Largest) - Non-Hazardous Duty:**

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

**All Others (Non-10 Largest) - Hazardous Duty:**

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Largest 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

**Component Unit School Board - Professional Employees**

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

Notes to Required Supplementary Information - Health Insurance  
For the Year Ended June 30, 2022

**Primary Government and Component Unit School Board**

Valuation Date: 1/1/2021  
Measurement Date: 6/30/2022

No assets are accumulated in a trust that meets the criteria in GASB 75 to pay related benefits.

*Methods and assumptions used to determine OPEB liability:*

Actuarial Cost Method	Entry age normal
Discount Rate	3.54% as of June 30, 2022
Inflation	2.50% per year as of June 30, 2022
Healthcare Trend Rate	The healthcare trend rate assumption starts at 5.70% and gradually declines to 4.00% by the year 2075.
Retirement Age	The average age at retirement is estimated based on probability of retirement.
County Participation Rate	It is assumed 20% of future retirees will elect coverage and also cover a spouse.
School Board Participation Rate	It is assumed 50% of future retirees who are eligible for ERIP at retirement do not elect to participate. Of the 50%, we assume 20% elect retiree health coverage.
Mortality Rates	The mortality rates for active employees was calculated using the RP-2014 Employee Mortality tables projected to 2020 using Scale BB with males and females set back one year (females set forward one year for public safety employees). The mortality rates for healthy retirees was calculated using the RP-2014 Combined Healthy Mortality tables projected to 2020 using Scale BB with females set back one year (males set forward one year and females set forward 3 years for public safety employees). The mortality rates for disabled retirees and calculated using the RP-2014 Disabled Life Mortality tables projected to 2020 using Scale BB (males set forward 2 years for public safety employees).

County of Patrick, Virginia  
Notes to Required Supplementary Information  
Group Life Insurance (GLI) Plan  
For the Year Ended June 30, 2022

**Changes of benefit terms** - There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

**Changes of assumptions** - The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

**Teachers**

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

**Non-Largest Ten Locality Employers - General Employees**

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

**Non-Largest Ten Locality Employers - Hazardous Duty Employees**

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Top 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Statement of Revenues, Expenditures, and Changes in Fund Balances  
Governmental Funds - Discretely Presented Component Unit - School Board  
For the Year Ended June 30, 2022

	School Operating Fund	Nonmajor Fund School Activity Fund*	Total
<b>REVENUES</b>			
Revenue from the use of money and property	\$ 844	\$ -	\$ 844
Charges for services	93,308	-	93,308
Miscellaneous	653,984	685,779	1,339,763
Recovered costs	101,310	-	101,310
Intergovernmental:			
Local government	6,283,931	-	6,283,931
Commonwealth	21,277,402	-	21,277,402
Federal	7,619,950	-	7,619,950
Total revenues	<u>\$ 36,030,729</u>	<u>\$ 685,779</u>	<u>\$ 36,716,508</u>
<b>EXPENDITURES</b>			
Current:			
Education	\$ 35,642,506	\$ 1,005,443	\$ 36,647,949
Debt service:			
Principal retirement	19,119	-	19,119
Interest and other fiscal charges	1,059	-	1,059
Total expenditures	<u>\$ 35,662,684</u>	<u>\$ 1,005,443</u>	<u>\$ 36,668,127</u>
Excess (deficiency) of revenues over (under) expenditures	<u>\$ 368,045</u>	<u>\$ (319,664)</u>	<u>\$ 48,381</u>
<b>OTHER FINANCING SOURCES (USES)</b>			
Transfers in	\$ -	\$ 318,685	\$ 318,685
Transfers out	(318,685)	-	(318,685)
Issuance of leases	8,986	-	8,986
Total other financing sources and uses	<u>\$ (309,699)</u>	<u>\$ 318,685</u>	<u>\$ 8,986</u>
Net change in fund balances	\$ 58,346	\$ (979)	\$ 57,367
Fund balances - beginning	764,672	444,588	1,209,260
Fund balances - ending	<u>\$ 823,018</u>	<u>\$ 443,609</u>	<u>\$ 1,266,627</u>
Amounts reported for governmental activities in the statement of activities (Exhibit 2) are different because:			
Net change in fund balances - total governmental funds - per above			\$ 57,367
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation expense in the current period.			
Capital outlay		\$ 4,388,499	
Depreciation expense		<u>(1,208,994)</u>	3,179,505
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.			
State non-employer contribution to the pension plan			88,710
The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.			
Issuance of debt:			
Lease liabilities		\$ (8,986)	
Principal payments:			
Lease liabilities		<u>19,119</u>	10,133
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds.			
Change in compensated absences		\$ 23,863	
Change in net pension (asset)/liabilities and related deferred items		2,782,848	
Change in net OPEB liabilities and related deferred items		<u>(27,102)</u>	2,779,609
Change in net position of governmental activities			<u>\$ 6,115,324</u>

\*The School Activity Fund does not require a legally adopted budget.

## COMPLIANCE SECTION

---

**Independent Auditors' Report on Internal Control over Financial Reporting and on  
Compliance and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance with *Government Auditing Standards***

---

**To the Honorable Members of the Board of Supervisors  
County of Patrick, Virginia  
Stuart, Virginia**

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, business-type activities, discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Patrick, Virginia as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the County of Patrick, Virginia's basic financial statements, and have issued our report thereon dated December 7, 2022. Our report includes a reference to other auditors who audited the financial statements of the Patrick County School Activity Fund, as described in our report on the County of Patrick, Virginia's financial statements. This report does not include results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County of Patrick, Virginia's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County of Patrick, Virginia's internal control. Accordingly, we do not express an opinion on the effectiveness of the County of Patrick, Virginia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

## Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County of Patrick, Virginia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Blacksburg, Virginia  
December 7, 2022

**Independent Auditors' Report on Compliance for Each Major Program and on  
Internal Control over Compliance Required by the Uniform Guidance**

---

**To the Honorable Members of the Board of Supervisors  
County of Patrick, Virginia  
Stuart, Virginia**

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited the County of Patrick, Virginia's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County of Patrick, Virginia's major federal programs for the year ended June 30, 2022. The County of Patrick, Virginia's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the County of Patrick, Virginia complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of County of Patrick, Virginia's and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of County of Patrick, Virginia's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to County of Patrick, Virginia's federal programs.

### ***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on County of Patrick, Virginia's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about County of Patrick, Virginia's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding County of Patrick, Virginia's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of County of Patrick, Virginia's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of County of Patrick, Virginia's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

## Report on Internal Control over Compliance (Continued)

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Notes to Schedule of Expenditures of Federal Awards**

**Note 1 -- Basis of Presentation**

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the County of Patrick, Virginia, its blended component unit Patrick County Public Service Authority, and its discretely presented component unit - School Board under programs of the federal government for the year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

**Note 2 -- Summary of Significant Accounting Policies**

- (1) Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- (2) Pass-through entity identifying numbers are presented where available.
- (3) The County did not elect an indirect cost rate because they only request direct costs for reimbursement.

**Note 3 -- Food Donation**

Nonmonetary assistance is reported in the schedule at the fair market value of commodities received and disbursed. At June 30, 2022, the School Board had \$63,981 in food commodities inventory.

**Note 4 -- Subrecipients:**

The County did not have any subrecipients during fiscal year 2022.

**Note 5 -- Relationship to the Financial Statements**

Federal expenditures, revenues and capital contributions are reported in the County's basic financial statements as follows:

Intergovernmental federal revenues per the basic financial statements:

Primary government:		
General Fund		\$ 2,549,364
Less: Payment in lieu of taxes		(23,106)
Less: Interest subsidy		(78,624)
Total primary government		<u>\$ 2,447,634</u>
Component Unit School Board:		
School Operating Fund		\$ 7,619,950
Total component unit school board		<u>\$ 7,619,950</u>
Total federal expenditures per basic financial statements		<u>\$ 10,067,584</u>

County of Patrick, Virginia
