Independent Auditors' Report

To the Honorable Members of the Town Council Town of Wytheville, Virginia Wytheville, Virginia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Wytheville, Virginia, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Wytheville, Virginia, as of June 30, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As described in Note 19 to the financial statements, in 2021, the Town adopted new accounting guidance, GASB Statement Nos. 84, *Fiduciary Activities*. Our opinion is not modified with respect to this matter.

Restatement of Beginning Balances

As described in Note 19 to the financial statements, in 2021, the Town restated beginning balances to reflect the requirements of GASB Statement No. 84. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information, and the schedules related to pension and OPEB funding on pages 61-62 and 63-73 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Wytheville, Virginia's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, and other statistical information, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section and statistical information have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

Prolinan Faver lox associates

In accordance with *Government Auditing Standards*, we have also issued our report dated November 23, 2021, on our consideration of the Town of Wytheville, Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Town of Wytheville, Virginia's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Wytheville, Virginia's internal control over financial reporting and compliance.

Town of Wytheville, Virginia Reconciliation of Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended June 30, 2021

| Amounts reported for governmental activities in the statement of activities are different because: | | | | |
|--|----|-----------------------------|----|-----------|
| Net change in fund balances - total governmental funds | | | \$ | (222,412) |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded the capital outlays in the current period. | | | | |
| Capital asset additions Depreciation expense | \$ | 911,147 (1,521,906) | - | (610,759) |
| The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net position. | | | | (3,100) |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. | | | | |
| Change in unavailable property taxes | | | | (3,322) |
| The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. Debt issued or incurred: | | | | |
| Note payable Change in accrued landfill closure/postclosure cost Principal repayments: | \$ | (237,958) 72,454 | | |
| General obligation bonds Capital leases | | 568,322 333,182 | - | 736,000 |
| Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. Change in compensated absences | \$ | (11,059) | | |
| Change in accrued interest Amortization of deferred charge on refunding Change in pension related items | * | 5,318 (763) (382,017) | | |
| Change in OPEB related items | | (70,570) | | (459,091) |
| Internal service funds are used by management to charge the costs of certain activities, such as postemployment benefits, to individual funds. The net revenue (expense) of certain | | | | |
| internal service funds is reported with governmental activities. | | | | (3,398) |
| Change in net position of governmental activities | | | \$ | (566,082) |

TOWN OF WYTHEVILLE, VIRGINIA

Notes to Financial Statements June 30, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The financial statements of the Town conform to generally accepted accounting principles (GAAP) applicable to governmental units as specified by the Governmental Accounting Standards Board (GASB) and the specifications promulgated by the Auditor of Public Accounts (APA) of Virginia. The more significant accounting policies established in GAAP and used by the Town are discussed below.

A. Financial reporting entity:

Town of Wytheville, Virginia (the Town) is a municipal corporation governed by an elected five-member Town Council. The accompanying financial statements present the government.

Blended Component Units - None

Discretely Presented Component Units - None

Related Organizations - None

Jointly Governed Organizations:

The Town along with the Counties of Wythe and Carroll participate in New River Regional Water Authority. The governing body of this organization is appointed by the respective governing bodies of the participating jurisdictions. The Town is also the fiscal manager for New River Regional Water Authority. For the fiscal year ended June 30, 2021, the Town contributed \$448,578 to New River Regional Water Authority.

The Town along with the Counties of Wythe and Bland participate in Crossroads Regional Industrial Facilities Authority. The governing body of this organization is appointed by respective governing bodies of the participating jurisdictions. For the fiscal year ended June 30, 2021, the Town contributed \$61,687 to Crossroads Regional Industrial Facilities Authority.

The Town along with the Counties of Wythe and Smyth participate in Smyth-Wythe Airport. The governing body of this organization is appointed by respective governing bodies of the participating jurisdictions. For the fiscal year ended June 30, 2021, the Town contributed \$25,280 to Smyth-Wythe Airport.

The Town along with the County of Wythe and Town of Rural Retreat participate in Joint Wythe Industrial Development Authority. The governing body of this organization is appointed by respective governing bodies of the participating jurisdictions. The employees of the Joint IDA are paid by the Town. In addition, for the fiscal year ended June 30, 2021, the Town contributed \$99,549 to Joint Wythe Industrial Development Authority.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

B. Government-wide and fund financial statements:

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Net Position is designed to display the financial position of the primary government (governmental and business-type activities). Governments will report all capital assets in the government-wide Statement of Net Position and will report depreciation expense, the cost of "using up" capital assets, in the Statement of Activities. The net position of a government will be broken down into three categories - 1) net investment in capital assets; 2) restricted; and 3) unrestricted.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

C. Measurement focus, basis of accounting, and financial statement presentation:

The government-wide financial statements are reported using the *economic resources* measurement focus and the accrual basis of accounting, as is the proprietary fund. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources* measurement focus and the modified accrual basis of accounting. Revenues are recognized when they have been earned and they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service principal and interest expenditures on general long-term debt as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

C. Measurement focus, basis of accounting, and financial statement presentation: (Continued)

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Accordingly, real and personal property taxes are recorded as revenues and receivables when billed, net of allowances for uncollectible amounts. Property taxes not collected within 60 days after year-end are reflected as unavailable revenue.

Sales and utility taxes, which are collected by the state or utilities and subsequently remitted to the Town, are recognized as revenues and receivables upon collection by the state or utility, which is generally in the month preceding receipt by the Town.

Licenses, permits, fines and rents are recorded as revenues when received. Intergovernmental revenues, consisting primarily of federal, state and other grants for the purpose of funding specific expenditures, are recognized when earned or at the time of the specific expenditure. Revenues from general-purpose grants are recognized in the period to which the grant applies. All other revenue items are considered to be measurable and available only when the government receives cash.

The government reports the following major governmental funds:

The *general fund* is the Town's primary operating fund. It accounts for and reports all financial resources of the general government, except those required to be accounted for and reported in other funds.

The CARES-ARPA fund accounts for and reports financial resources that are restricted, committed, or assigned expenditures for CARES and ARPA funding.

The government reports the following major proprietary funds:

The Town operates a sewage collection and treatment system and a water distribution system. The activities of the systems are accounted for in the water and sewer funds.

Prior to fiscal year 2018, the OPEB liability was accounted for in the internal service fund, OPEB fund. With the adoption of GASB 75, OPEB related items were moved out of this fund leaving funds held for retiree health insurance. The funding of the Retiree Health Insurance, internally, is accounted for in an internal service fund.

Additionally, the government reports the following fund types:

Special revenue funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Town reports the Homestead Endowment, Wall of Honor, Perpetual Care, and Memorial funds as nonmajor funds.

The *capital projects fund* accounts for and reports financial resources that are restricted, committed, or assigned to expenditure for capital outlays, except for those financed by proprietary funds or for assets held in trust for individuals, private organizations, or other governments. The Town reports the CDBG fund as a nonmajor fund.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

C. Measurement focus, basis of accounting, and financial statement presentation: (Continued)

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are other charges between the government's water and sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town's enterprise fund are charges to customers for sales and services. The Town also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expense, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Town's policy to use restricted resources first, and then unrestricted resources as they are needed.

D. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance:

1. Cash and cash equivalents

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. For the purposes of the statement of cash flows, the government's proprietary funds consider their demand deposits and all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

2. Investments

Investments with a maturity of less than one year when purchased, non-negotiable certificates of deposit, and other nonparticipating investments and external investment pools are stated at cost or amortized cost. Investments with a maturity greater than one year when purchased are stated at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction at year end.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

D. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance: (Continued)

3. Property Taxes

Property is assessed at its value on January 1. Property taxes attach as an enforceable lien on property as of January 1. Real estate taxes are payable on December 15th. Personal property taxes are due and collectible annually on December 15th. The Town bills and collects its own property taxes.

4. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

5. Prepaid Items

Certain payments to vendors represent costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

6. Receivables and Payables

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as "due to/from other funds" (i.e. the current portion of interfund loans). All other outstanding balances between funds are reported as "advances to/from other funds" (i.e. the noncurrent portion of interfund loans).

All trade and property tax receivables are shown net of an allowance for uncollectibles. The Town calculates its allowance for uncollectible accounts using historical data and, in certain cases, specific account analysis. The allowance amounted to approximately \$187,073 at June 30, 2021. The allowance consists of delinquent taxes in the amount of \$7,808, mowing and special assessments of \$33,399 and delinquent water and sewer bills of \$145,866.

7. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

D. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance: (Continued)

7. Capital Assets (Continued)

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is expensed in the period it is paid.

Property, plant, and equipment of the primary government is depreciated using the straight line method over the following estimated useful lives:

| Assets | Years |
|------------------------------------|-------|
| Buildings | 40 |
| Building improvements | 40 |
| Structures, lines, and accessories | 20-40 |
| Machinery and equipment | 4-15 |

8. Compensated Absences

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulating sick leave benefits that it is estimated will be taken as "terminal leave" prior to retirement. The Town accrues salary-related payments associated with the payment of compensated absences. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements.

9. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town has multiple items that qualify for reporting in this category. One item is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The other item is comprised of certain items related to the measurement of the net pension liability and net OPEB liability and contributions to the pension and OPEB plans made during the current year and subsequent to the net pension liability and net OPEB liability measurement date. For more detailed information on these items, reference the related notes.

D. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance: (Continued)

9. Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Town has multiple types of items that qualify for reporting in this category. Under a modified accrual basis of accounting, unavailable revenue representing property taxes receivable is reported in the governmental funds balance sheet. This amount is comprised of uncollected property taxes due prior to June 30 and amounts prepaid and is deferred and recognized as an inflow of resources in the period that the amount becomes available. Under the accrual basis, amounts prepaid are reported as deferred inflows of resources. In addition, certain items related to the measurement of the net pension liability and net OPEB liability are reported as deferred inflows of resources. For more detailed information on these items, reference the related notes.

10. Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

11. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Town's Retirement Plan and the additions to/deductions from the Town's Retirement Plan's fiduciary net position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

12. Other Postemployment Benefits (OPEB)

For purposes of measuring the net VRS related OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to the OPEB, and OPEB expense, information about the fiduciary net position of the VRS GLI and LODA OPEB Plans and the additions to/deductions from the VRS OPEB Plans' fiduciary net position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

- D. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance: (Continued)
 - 12. Other Postemployment Benefits (OPEB) (Continued)

In addition to the VRS related OPEB, the Town allows their retirees to stay on the health insurance plan after retirement. The retiree is required to pay the blended premium cost creating an implicit subsidy OPEB liability. In addition, retirees receive a monthly stipend towards their health insurance cost until the retiree is Medicare eligible.

13. Fund Balance

The following classifications of fund balance describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable fund balance amounts that are not in spendable form (such as inventory and prepaids) or are required to be maintained intact (corpus of a permanent fund);
- Restricted fund balance amounts that can be spent only for the specific purposes stipulated by external resource providers such as grantors or enabling federal, state, or local legislation. Restrictions may be changed or lifted only with the consent of the resource providers;
- Committed fund balance amounts that can be used only for the specific purposes determined by the adoption of an ordinance committing fund balance for a specified purpose by the City Council/Board of Supervisors/Town Council prior to the end of the fiscal year. Once adopted, the limitation imposed by the ordinance remains in place until the resources have been spent for the specified purpose or the Council/Board adopts another ordinance to remove or revise the limitation;
- Assigned fund balance amounts a government intends to use for a specific purpose but do not meet the criteria to be classified as committed; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. Unlike commitments, assignments general only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment:
- Unassigned fund balance amounts that are available for any purpose; positive amounts are only reported in the general fund. Additionally, any deficit fund balance within the other governmental fund types is reported as unassigned.

Committed Fund Balance Policy:

The Town Council is the Town's highest level of decision-making authority and the formal action that is required to be taken to establish, modify, or rescind a fund balance commitment is a resolution approved by Town Council. The resolution must either be approved or rescinded, as applicable, prior to the last day of the fiscal year for which the commitment is made. The amount subject to the constraint may be determined in the subsequent period.

Assigned Fund Balance Policy:

The Town Council has authorized the Town Treasurer as the official authorized to assign fund balance to a specific purpose as approved by this fund balance policy.

D. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance: (Continued)

13. Fund Balance (Continued)

Minimum Unassigned Fund Balance Policy:

The Town will maintain an assigned fund balance in the general fund equal to an amount established by the Town Council for expenditures/operating revenues. The Town considers a balance of less than the amount established by the Town Council to be a cause for concern, barring unusual or deliberate circumstances.

Resource Flow Policy:

When fund balance resources are available for a specific purpose in more than one classification, it is the Town's policy to use the most restrictive funds first in the following order: restricted, committed, assigned and unassigned, as they are needed.

The details of committed fund balance, as presented in aggregate on Exhibit 3, are as follows:

| | | Other |
|---------------------|-----|-----------|
| | Gov | ernmental |
| | | Funds |
| Fund Balances: | | |
| Committed: | | |
| Homestead Endowment | \$ | 305,075 |
| Wall of Honor | | 13,272 |
| Perpetual Care | | 374,480 |
| Memorial Fund | | 23,693 |
| | | |
| Total Committed | \$ | 716,520 |

14. Net Position

For government-wide reporting as well as in proprietary funds, the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources is called net position. Net position is comprised of three components: net investment in capital assets, restricted, and unrestricted.

- Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by outstanding balances of bonds, notes, and other debt that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are included in this component of net position.
- Restricted net position consists of restricted assets reduced by liabilities and deferred
 inflows of resources related to those assets. Assets are reported as restricted when
 constraints are placed on asset use either by external parties or by law through
 constitutional provision or enabling legislation.

D. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance: (Continued)

14. Net Position (Continued)

 Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that does not meet the definition of the two preceding categories.

Sometimes the Town will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Town's policy to consider restricted - net position to have been depleted before unrestricted - net position is applied.

NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY:

A. Budgetary information:

The following procedures are used by the Town in establishing the budgetary data reflected in the financial statements:

- 1. Prior to May 1, the Town Manager submits to the Town Council a proposed operating and capital budget for the fiscal year commencing the following July 1. The operating and capital budget includes proposed expenditures and the means of financing them. The General Fund, Water/Sewer Fund, Wall of Honor Fund, and the Homestead Fund have legally adopted budgets.
- 2. Public hearings are conducted to obtain citizen comments.
- 3. Prior to June 30, the budget is legally enacted through passage of an Appropriations Resolution.
- 4. The Appropriations Resolution places legal restrictions on expenditures at the department level or category level. Only the Town Council can revise the appropriation for each department or category. The Town Manager is authorized to transfer budgeted amounts within general government departments.
- 5. Formal budgetary integration is employed as a management control device during the year for the General Fund.
- 6. All budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
- 7. Appropriations lapse on June 30, for all Town units.

NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY: (CONTINUED)

- A. Budgetary information: (Continued)
 - 8. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to commit that portion of the applicable appropriations, is not part of the Town's accounting system.
- B. Excess of expenditures over appropriations:

For the year ended June 30, 2021, no fund had expenditures in excess of its appropriations.

C. Deficit fund balance:

At June 30, 2021, there were no funds with deficit fund balance.

NOTE 3 - DEPOSITS AND INVESTMENTS:

<u>Deposits</u>: Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act") Section 2.2-4400 et. seq. of the <u>Code of Virginia</u>. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

<u>Investments</u>: Statutes authorize local governments and other public bodies to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, "prime quality" commercial paper that has received at least two of the following ratings: P-1 by Moody's Investors Service, Inc.; A-1 by Standard and Poor's; or F1 by Fitch Ratings, Inc. (Section 2.2-4502), banker's acceptances, repurchase agreements, and the State Treasurer's Local Government Investment Pool (LGIP).

The Town reported no investments at June 30, 2021.

NOTE 4 - DEFERRED/UNAVAILABLE REVENUE:

Deferred/unavailable revenue represents amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Under the modified accrual basis of accounting, such amounts are measurable, but not available. Under the accrual basis, assessments for future periods are deferred.

<u>Unavailable Revenue</u> - Unavailable revenue representing uncollected tax billings that was not available for funding of current expenditures totaled \$115,720 at June 30, 2021.

<u>Prepaid Property Taxes</u> - Property taxes due subsequent to June 30, 2021 but paid in advance by the taxpayers totaled \$11,609 at June 30, 2021.

NOTE 5 - DUE FROM OTHER GOVERNMENTAL UNITS:

The following amount represents receivables from other governments at year-end:

| | Gov | y Government ernmental ctivities |
|---|-----|--|
| Commonwealth of Virginia Local Sales Taxes Noncategorical Aid | \$ | 126,807 59,599 |
| Total Due from Other Governmental Units | \$ | 186,406 |

NOTE 6 - INTERFUND ACTIVITY:

Interfund transfers for the year ended June 30, 2021, consisted of the following:

| Fund | Tra | nsfers In | Transfers Out | | | |
|---------------------------------|-----|-------------|---------------|-------------|--|--|
| General Fund CARES/APRA Fund | \$ | 12,558 - | \$ | - 12,558 | | |
| Total | \$ | 12,558 | \$ | 12,558 | | |

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgeting authorization.

| Fund | Du | ie To | Dι | ie From | Total |
|------------|----|---------|----|---------|--------------|
| Water Fund | \$ | - | \$ | 65,284 | \$ 65,284 |
| Sewer Fund | (| 65,284) | | - | (65, 284) |

During fiscal year 2018, the water fund paid \$65,284 in debt service for the sewer fund. As of June 30, 2021, the amount has not been repaid to the water fund.

NOTE 7 - CAPITAL ASSETS:

Capital asset activity for the year ended June 30, 2021 was as follows:

| | Beginning | | | |
|---|---|---|--|--|
| | Balance, | | | Ending |
| | as restated | Increases | Decreases | Balance |
| Governmental Activities: | | | | |

⁽¹⁾ This amount is related to construction of water/sewer lines for New River Regional Water Authority. The Town has agreed to pay 50% of three Rural Development revenue bonds and 21.28% of a VACO/VML revenue bond, all of which are issued by County of Wythe, Virginia.

Events of Default:

In the event of default for any general obligation bond, the Commonwealth of Virginia may withhold state aid from the locality until such time that the event of default is cured in accordance with Section 15.2-2659 of the Code of Virginia, 1950 as amended.

The remainder of this page is left blank intentionally.

NOTE 9 - CAPITAL LEASES:

Governmental activities:

The Town has entered into a lease agreement to finance the acquisition a fire truck and a street sweeper. This lease agreement qualifies as a capital lease for accounting purposes and, therefore, has been recorded at present value of the minimum lease payments at the date of inception.

The assets acquired through capital leases are as follows:

| | Fire Truck | | |
|--------------------------------|------------|-----------|--|
| | and Street | | |
| | 9 | weeper | |
| Assets | \$ | 837,586 | |
| Less: Accumulated Depreciation | | (359,654) | |
| | | _ | |
| Total | \$ | 477,932 | |
| | | | |

The future minimum lease obligation and the net present value of the minimum lease payment as of June 30, 2021, were as follows:

| Year Ending | Fire Truck and | | |
|-------------------------------------|----------------|------------|--|
| June 30, | Stree | et Sweeper | |
| 2022 | \$ | 162,854 | |
| Less, amount representing interest | | (1,616) | |
| Present Value of Lease Agreement | \$ | 161,238 | |

NOTE 10 - LANDFILL POSTCLOSURE MONITORING LIABILITY:

State and Federal laws and regulations require the Town to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 10 years after closure. The Town closed the landfill in December 1997. As a result of a new estimate provided by the Town's landfill engineer in 2018, total postclosure monitoring costs are estimated to be \$566,919. This estimate is based on ten years of monitoring starting with fiscal year 2019 and ending in fiscal year 2029. The amount is based on what it would cost to perform all postclosure in 2021. Actual costs for postclosure monitoring may change due to inflation, deflation, changes in technology, or changes in regulations. The Town demonstrated financial assurance requirements for closure, postclosure care, and corrective action costs through the submission of a Local Governmental Financial Test for the Virginia Department of Environmental Quality in accordance with Section 9VA C20-70 of the Virginia Administrative Code.

NOTE 11 - PENSION PLAN:

Plan Description

All full-time, salaried permanent employees of the Town are automatically covered by a VRS Retirement Plan upon employment, through the Town of Wytheville, Virginia. This is an agent multiple-employer plan administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. However, the IDA whose financial information is not included in the primary government report, participate in the VRS plan through the Town of Wytheville, Virginia and the participating entities report their proportionate information on the basis of a cost-sharing plan.

Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service based on specific criteria as defined in the <u>Code of Virginia</u>, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

Benefit Structures

The System administers three different benefit structures for covered employees - Plan 1, Plan 2 and Hybrid. Each of these benefit structures has different eligibility criteria, as detailed below.

- a. Employees with a membership date before July 1, 2010, vested as of January 1, 2013, and have not taken a refund, are covered under Plan 1, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced retirement benefit beginning at age 65 with at least 5 years of service credit. Non-hazardous duty employees may retire with a reduced benefit as early as age 55 with at least 5 years of creditable service or age 50 with at least 10 years of service credit. Hazardous duty employees (law enforcement officers, firefighters, and sheriffs) are eligible for an unreduced benefit beginning at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 5 years of service credit.
- b. Employees with a membership date from July 1, 2010 to December 31, 2013, that have not taken a refund or employees with a membership date prior to July 1, 2010 and not vested before January 1, 2013, are covered under Plan 2, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of service credit or when the sum of their age plus service equals 90. Non-hazardous duty employees may retire with a reduced benefit as early as age 60 with at least 5 years of service credit. Hazardous duty employees are eligible for an unreduced benefit beginning at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 5 years of service credit.

NOTE 11 - PENSION PLAN: (CONTINUED)

Benefit Structures (Continued)

c. Non-hazardous duty employees with a membership date on or after January 1, 2014 are covered by the Hybrid Plan combining the features of a defined benefit plan and a defined contribution plan. Plan 1 and Plan 2 members also had the option of opting into this plan during the election window held January 1 - April 30, 2014 with an effective date of July 1, 2014. Employees covered by this plan are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of service credit, or when the sum of their age plus service equals 90. Employees may retire with a reduced benefit as early as age 60 with at least 5 years of service credit. For the defined contribution component, members are eligible to receive distributions upon leaving employment, subject to restrictions.

Average Final Compensation and Service Retirement Multiplier

The VRS defined benefit is a lifetime monthly benefit based on a retirement multiplier as a percentage of the employee's average final compensation multiplied by the employee's total service credit. Under Plan 1, average final compensation is the average of the employee's 36 consecutive months of highest compensation and the multiplier is 1.70% for non-hazardous duty employees, 1.85% for sheriffs and regional jail superintendents, and 1.70% or 1.85% for hazardous duty employees as elected by the employer. Under Plan 2, average final compensation is the average of the employee's 60 consecutive months of highest compensation and the retirement multiplier is 1.65% for non-hazardous duty employees, 1.85% for sheriffs and regional jail superintendents, and 1.70% or 1.85% for hazardous duty employees as elected by the employer. Under the Hybrid Plan, average final compensation is the average of the employee's 60 consecutive months of highest compensation and the multiplier is 1.00%. For members who opted into the Hybrid Retirement Plan from Plan 1 or Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans.

Cost-of-Living Adjustment (COLA) in Retirement and Death and Disability Benefits

Retirees with an unreduced benefit or with a reduced benefit with at least 20 years of service credit are eligible for an annual COLA beginning July 1 after one full calendar year from the retirement date. Retirees with a reduced benefit and who have less than 20 years of service credit are eligible for an annual COLA beginning on July 1 after one calendar year following the unreduced retirement eligibility date. Under Plan 1, the COLA cannot exceed 5.00%. Under Plan 2 and the Hybrid Plan, the COLA cannot exceed 3.00%. The VRS also provides death and disability benefits. Title 51.1 of the Code of Virginia, as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

Contributions

The contribution requirement for active employees is governed by §51.1-145 of the <u>Code of Virginia</u>, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

TOWN OF WYTHEVILLE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2021

NOTE 11 - PENSION PLAN: (CONTINUED)

Contributions (Continued)

The Town's contractually required employer contribution rate for the year ended June 30, 2021 was 10.64% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the Town were \$783,213 and \$654,818 for the years ended June 30, 2021 and June 30, 2020, respectively.

Net Pension Liability

At June 30, 2021, the Town reported a liability of \$5,555,985 for its proportionate share of the net pension liability. The Town's net pension liability was measured as of June 30, 2020. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2019 and rolled forward to the measurement date of June 30, 2020. The Town's proportionate share of the same was calculated using contributions to the plan as of June 30, 2020 as a basis for allocation. At June 30, 2020 and 2019, the Town's proportion was 97.65% and 97.65%, respectively.

The remainder of this page is left blank intentionally.

NOTE 11 - PENSION PLAN: (CONTINUED)

Actuarial Assumptions - General Employees

The total pension liability for General Employees in the Town's Retirement Plan was based on an actuarial valuation as of June 30, 2019, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2020.

Inflation 2.50%

Salary increases, including inflation 3.50% - 5.35%

Investment rate of return 6.75%, net of pension plan investment

expense, including inflation*

Mortality rates:

All Others (Non-10 Largest) - Non-Hazardous Duty: 15% of deaths are assumed to be service related Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020; males 95% of rates; females 105% if rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

^{*} Administrative expenses as a percent of the fair value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of pension liabilities.

NOTE 11 - PENSION PLAN: (CONTINUED)

Actuarial Assumptions - General Employees (Continued)

All Others (Non-10 Largest) - Non-Hazardous Duty:

| | , |
|--|--|
| Mortality Rates (pre-retirement, post- | Updated to a more current mortality table - RP-2014 |
| retirement healthy, and disabled) | projected to 2020 |
| Retirement Rates | Lowered rates at older ages and changed final |
| | retirement from 70 to 75 |
| Withdrawal Rates | Adjusted rates to better fit experience at each year |
| | age and service through 9 years of service |
| Disability Rates | Lowered rates |
| Salary Scale | No change |
| Line of Duty Disability | Increased rate from 14.00% to 15.00% |
| Discount Rate | Decreased rate from 7.00% to 6.75% |

Actuarial Assumptions - Public Safety Employees with Hazardous Duty Benefits

The total pension liability for Public Safety employees with Hazardous Duty Benefits in the Town's Retirement Plan was based on an actuarial valuation as of June 30, 2019, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2020.

Inflation 2.50%

Salary increases, including inflation 3.50% - 4.75%

Investment rate of return 6.75%, net of pension plan investment

expense, including inflation*

Mortality rates:

All Others (Non-10 Largest) - Hazardous Duty: 45% of deaths are assumed to be service related Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020; males 90% of rates; females set forward 1 year.

^{*} Administrative expenses as a percent of the fair value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of pension liabilities.

NOTE 11 - PENSION PLAN: (CONTINUED)

Long-term Expected Rate of Return

The long-term expected rate of return on pension System investments was determined using a lognormal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

| | | | Weighted |
|--------------------------------------|----------------|-------------------|-----------------|
| | Long-Term | Arithmetic | Average |
| | Target | Long-term | Long-term |
| | Asset | Expected | Expected |
| Asset Class (Strategy) | Allocation | Rate of Return | Rate of Return* |
| Public Equity | 34.00% | 4.65% | 1.58% |
| Fixed Income | 15.00% | 0.46% | 0.07% |
| Credit Strategies | 14.00% | 5.38% | 0.75% |
| Real Assets | 14.00% | 5.01% | 0.70% |
| Private Equity | 14.00% | 8.34% | 1.17% |
| MAPS - Multi-Asset Public Strategies | 6.00% | 3.04% | 0.18% |
| PIP - Private Investment Partnership | 3.00% | 6.49% | 0.19% |
| Total | 100.00% | | 4.64% |
| | | Inflation | 2.50% |
| Expe | cted arithmeti | c nominal return* | 7.14% |

^{*} The above allocation provides a one-year return of 7.14%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation. Most recent capital market assumptions compiled for the FY2020 actuarial valuations provide a median return of 6.81%.

Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions; the Town was also provided with an opportunity to use an alternative employer contribution rate. For the year ended June 30, 2020, the alternate rate was the employer contribution rate used in FY2012 or 100% of the actuarially determined employer contribution rate from the June 30, 2017 actuarial valuations, whichever was greater. From July 1, 2020 on, participating employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 11 - PENSION PLAN: (CONTINUED)

Sensitivity of the Town's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Town's proportionate share of the net pension liability using the discount rate of 6.75%, as well as what the Town's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

| | Rate | | | | | |
|--|------------------------------|-----------|-------------|-----------|----|-----------|
| | 1% Decrease Current Discount | | 1% Increase | | | |
| | | (5.75%) | | (6.75%) | | (7.75%) |
| Town's proportionate share of the Town Retirement Plan | | | | | | |
| Net Pension Liability (Asset) | \$ | 9,659,417 | \$ | 5,555,985 | \$ | 2,143,526 |

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2021, the Town recognized pension expense of \$1,175,071. Since there was a change in proportionate share between measurement dates, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions.

At June 30, 2021, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Primary Government | | | ment |
|--|--------------------|-----------|------------|--------|
| | D | eferred | Deferred | |
| | Ou | tflows of | Inflows of | |
| | Re | sources | Resources | |
| Differences between expected and actual experience | \$ | 883,214 | \$ | 28,997 |
| Change in assumptions | | 416,717 | | 26,186 |
| Net difference between projected and actual earnings on pension plan investments | | 805,956 | | - |
| Change in proportionate share | | 23,090 | | 22,544 |
| Employer contributions subsequent to the | | | | |
| measurement date | | 783,213 | | - |
| Total | \$ 2 | 2,912,190 | \$ | 77,727 |

NOTE 11 - PENSION PLAN: (CONTINUED)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

\$783,213 reported as deferred outflows of resources related to pensions resulting from the Town's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the fiscal year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future reporting periods as follows:

| | Primary | | |
|---------------------|------------|--|--|
| Year Ended June 30, | Government | | |
| 2022 | \$ 615,641 | | |
| 2023 | 722,089 | | |
| 2024 | 454,967 | | |
| 2025 | 258,553 | | |

Pension Plan Data

Information about the VRS Political Subdivision Retirement Plan is also available in the separately issued VRS 2020 Comprehensive Annual Financial Report (Annual Report). A copy of the 2020 VRS Annual Report may be downloaded from the VRS website at http://www.varetire.org/pdf/publications/2020-annual-report-pdf, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

NOTE 12 - OTHER POSTEMPLOYMENT BENEFITS - MEDICAL:

Plan Description

The Town administers a cost-sharing defined benefit healthcare plan, The Plan. Several entities participate in the defined benefit healthcare plan through the Town and the participating entities report their proportionate information on the basis of a cost-sharing plan. The plan provides post-employment health care benefits to all eligible permanent employees who meet the requirements under the Town's pension plans. The plan does not issue a publicly available financial report.

Benefits Provided

Post-employment benefits are provided to eligible retirees include Medical, Dental, and Life insurance. The benefits that are provided for active employees are the same for eligible retirees, spouses and dependents of eligible retirees. All permanent employees of the Town who meet eligibility requirements of the pension plan are eligible to receive post-employment health care benefits.

Contributions

The board does not pre-fund benefits; therefore, no assets are accumulated in a trust fund. The current funding policy is to pay benefits directly from general assets on a pay-as-you-go basis. The funding requirements are established and may be amended by the Town Council. The amount paid by the Town for OPEB as the benefits came due during the year ended June 30, 2021 was \$67,750.

NOTE 12 - OTHER POSTEMPLOYMENT BENEFITS - MEDICAL: (CONTINUED)

Net OPEB Liability

At June 30, 2021, the Town reported a liability of \$1,909,200 for its proportionate share of the total OPEB liability. The Town's net OPEB liability was measured as of June 30, 2021. The total OPEB liability was determined by an actuarial valuation performed as of July 1, 2019 and rolled forward to the measurement date of June 30, 2021. The Town's proportionate share of the same was calculated using the same allocation basis as Group Life Insurance Plan OPEB as of June 30, 2021. At June 30, 2021 and 2020, the Town's proportion was 95.48% and 97.72%, respectively.

Actuarial Assumptions

The total OPEB liability in the July 1, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation 2.50% per year

Salary Increases 5.35% to 3.50% depending on years of service with an inflation rate

of 2.50% and a productivity component of 1.00%

Discount Rate 2.21% for accounting and funding disclosures as of June 30, 2020

2.16% for accounting and funding disclosures as of June 30, 2021

Mortality rates for Active employees and healthy retirees, disabled retirees were based on a RP-2014 Total Dataset Mortality Table.

The date of the most recent actuarial experience study for which significant assumptions were based is June 30, 2016.

Discount Rate

The discount rate used when OPEB plan investments are insufficient to pay for future benefit payments is based on the Bond Buyer 20-year Bond GO Municipal Index.

Sensitivity of the Town's Proportionate Share of the Total OPEB Liability to Changes in the Discount Rate

The following amounts present the total OPEB liability of the Town, as well as what the total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (1.16%) or one percentage point higher (3.16%) than the current discount rate:

| | | | Rate | | | |
|------------------------------|-----------|----|-----------|----|------------|--|
| 1% Decrease Current Discount | | | | 19 | % Increase | |
| (1.16%) | | | (2.16%) | | (3.16%) | |
| \$ | 2,067,254 | \$ | 1,909,200 | \$ | 1,760,537 | |

NOTE 12 - OTHER POSTEMPLOYMENT BENEFITS - MEDICAL: (CONTINUED)

Sensitivity of the Town's Proportionate Share of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability of the Town, as well as what the total OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage point lower (1.20% increasing to 3.00%) or one percentage point higher (3.20% increasing to 5.00%) than the current healthcare cost trend rates:

| | | | Rate | | | |
|-------------------|-----------|-------------------|--------------|-------------------|------------|--|
| | | Hea | lthcare Cost | | | |
| 1% Decrease Trend | | | | | % Increase | |
| (1.20% increasing | | (2.20% increasing | | (3.20% increasing | | |
| , | to 3.00%) | | to 4.00%) | | to 5.00%) | |
| | | | | | | |
| \$ | 1,660,661 | \$ | 1,909,200 | \$ | 2,207,504 | |

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended June 30, 2021, the Town recognized OPEB expense in the amount of \$159,454. At June 30, 2021, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| | Deferred | Deferred |
|--|-------------|------------|
| | Outflows of | Inflows of |
| | Resources | Resources |
| Differences between expected and actual experience | \$ - | \$ 251,833 |
| Change in assumptions | 250,622 | 25,870 |
| Total | \$ 250,622 | \$ 277,703 |

Amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense in future reporting periods as follows:

| Year Ended June 30, | |
|---------------------|---------------|
| 2022 | \$ (4,683) |
| 2023 | (4,683) |
| 2024 | (4,683) |
| 2025 | (5,691) |
| 2026 | (6,118) |
| Thereafter | (1,223) |

Additional disclosures on changes in total OPEB liability and related ratios can be found in the required supplementary information following the notes to the financial statements.

NOTE 13 - GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN):

Plan Description

The Group Life Insurance (GLI) Plan was established pursuant to §51.1-500 et seq. of the <u>Code of Virginia</u>, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent employees of the state agencies, teachers, and employees of participating political subdivisions are automatically covered by the VRS GLI Plan upon employment. This is a cost-sharing multiple-employer plan administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia. However, the IDA whose financial information is not included in the primary government report, participates in the GLI Plan through the Town of Wytheville, Virginia and the participating entities report their proportionate information on the basis of a cost-sharing plan.

In addition to the Basic GLI benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional GLI Plan. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured plan, it is not included as part of the GLI Plan OPEB.

The specific information for Group Life Insurance Plan OPEB, including eligibility, coverage and benefits is described below:

Eligible Employees

The GLI Plan was established July 1, 1960, for state employees, teachers, and employees of political subdivisions that elect the plan. Basic GLI coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their accumulated retirement member contributions and accrued interest.

Benefit Amounts

The GLI Plan is a defined benefit plan with several components. The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled. The accidental death benefit is double the natural death benefit. In addition to basic natural and accidental death benefits, the plan provides additional benefits provided under specific circumstances that include the following: accidental dismemberment benefit, safety belt benefit, repatriation benefit, felonious assault benefit, and accelerated death benefit option. The benefit amounts are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value. For covered members with at least 30 years of service credit, the minimum benefit payable was set at \$8,000 by statute in 2015. This will be is increased annually based on the VRS Plan 2 cost-of-living adjustment calculation. The minimum benefit adjusted for the COLA was \$8,616 as of June 30, 2021.

NOTE 13 - GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

Contributions

The contribution requirements for the GLI Plan are governed by §51.1-506 and §51.1-508 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the GLI Plan was 1.34% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.80% (1.34% x 60%) and the employer component was 0.54% (1.34% x 40%). Employers may elect to pay all or part of the employee contribution; however, the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2021 was 0.54% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability.

Contributions to the GLI Plan from the Town were \$41,675 and \$38,494 for the years ended June 30, 2021 and June 30, 2020, respectively.

GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Plan OPEB

At June 30, 2021, the Town reported a liability of \$600,303 for its proportionate share of the Net GLI OPEB Liability.

The Net GLI OPEB Liability was measured as of June 30, 2020 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation performed as of June 30, 2019, and rolled forward to the measurement date of June 30, 2020. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the GLI Plan for the year ended June 30, 2020 relative to the total of the actuarially determined employer contributions for all participating employers.

At June 30, 2020, the Town's proportion of the statewide total was 0.03680% as compared to 0.03563% at June 30, 2019. The Town's allocated portion of the liability was 97.72% in 2020 and 97.64% in 2019.

For the year ended June 30, 2021, the Town recognized GLI OPEB expense of \$27,146. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

NOTE 13 - GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Plan OPEB (Continued)

At June 30, 2021, the employer reported deferred outflows of resources and deferred inflows of resources related to the GLI OPEB from the following sources:

| | Primary Government | | | ment | |
|--|--------------------|-----------|------------|-----------|--|
| | D | eferred | Deferred | | |
| | Ou | tflows of | Inflows of | | |
| | Re | esources | Re | Resources | |
| Differences between expected and actual experience | \$ | 38,505 | \$ | 5,392 | |
| Net difference between projected and actual | | | | | |
| earnings on GLI OPEB program investments | | 18,032 | | - | |
| Change in assumptions | | 30,022 | | 12,535 | |
| Changes in porportionate share | | 26,894 | | 6,752 | |
| Employer contributions subsequent to the | | | | | |
| measurement date | | 41,675 | | - | |
| Total | \$ | 155,128 | \$ | 24,679 | |

\$41,675 reported as deferred outflows of resources related to the GLI OPEB resulting from the Town's contributions subsequent to the measurement date will be recognized as a reduction of the Net GLI OPEB Liability in the fiscal year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

| Year Ended June 30, | |
|---------------------|--------------|
| 2022 | \$ 13,296 |
| 2023 | 18,389 |
| 2024 | 23,036 |
| 2025 | 24,484 |
| 2026 | 8,580 |
| Thereafter | 989 |

NOTE 13 - GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

Actuarial Assumptions

The total GLI OPEB liability was based on an actuarial valuation as of June 30, 2019, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2020. The assumptions include several employer groups. Salary increases and mortality rates included herein are for relevant employer groups. Information for other groups can be referenced in the VRS Annual Report.

Inflation 2.50%

Salary increases, including inflation:

Locality - General employees 3.50% - 5.35% Locality - Hazardous Duty employees 3.50% - 4.75%

Investment rate of return 6.75%, net of investment expenses,

including inflation*

Mortality Rates - Non-Largest Ten Locality Employers - General Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

^{*}Administrative expenses as a percent of the fair value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of OPEB liabilities.

NOTE 13 - GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

Actuarial Assumptions (Continued)

Mortality Rates - Non-Largest Ten Locality Employers - General Employees (Continued)

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

| Mortality Rates (pre-retirement, post- | Updated to a more current mortality table - RP-2014 |
|--|---|
| retirement healthy, and disabled) | projected to 2020 |
| Retirement Rates | Lowered retirement rates at older ages and |
| | extended final retirement age from 70 to 75 |
| Withdrawal Rates | Adjusted termination rates to better fit experience |
| | at each age and service year |
| Disability Rates | Lowered disability rates |
| Salary Scale | No change |
| Line of Duty Disability | Increased rate from 14.00% to 15.00% |
| Discount Rate | Decreased rate from 7.00% to 6.75% |

Mortality Rates - Non-Largest Ten Locality Employers - Hazardous Duty Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with scale BB to 2020; males 90% of rates; females set forward 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 1 year with 1.0% increase compounded from ages 70 to 90; females set forward 3 years.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

NOTE 13 - GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

Actuarial Assumptions (Continued)

Mortality Rates - Non-Largest Ten Locality Employers - Hazardous Duty Employees (Continued)

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

| Mortality Rates (pre-retirement, post- | Updated to a more current mortality table - RP-2014 |
|--|---|
| retirement healthy, and disabled) | projected to 2020 |
| Retirement Rates | Increased age 50 rates and lowered rates at older |
| | ages |
| Withdrawal Rates | Adjusted termination rates to better fit experience |
| | at each age and service year |
| Disability Rates | Adjusted rates to better match experience |
| Salary Scale | No change |
| Line of Duty Disability | Decreased rate from 60.00% to 45.00% |
| Discount Rate | Decreased rate from 7.00% to 6.75% |

NET GLI OPEB Liability

The net OPEB liability (NOL) for the GLI Plan represents the plan's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2020, NOL amounts for the GLI Plan is as follows (amounts expressed in thousands):

| | GLI OPEB Plan | |
|---|---|--|
| Total GLI OPEB Liability Plan Fiduciary Net Position GLI Net OPEB Liability (Asset) | \$ 3,523,937 1,855,102 1,668,835 | |
| Plan Fiduciary Net Position as a Percentage of the Total GLI OPEB Liability | 52.64% | |

The total GLI OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

NOTE 13 - GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

Long-Term Expected Rate of Return

The long-term expected rate of return on the System's investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

| Assat Class (Stratemy) | Long-Term Target Asset | Arithmetic Long-term Expected Rate of Return | Weighted Average Long-term Expected Rate of Return* |
|--------------------------------------|------------------------------|---|---|
| Asset Class (Strategy) | Allocation | | |
| Public Equity | 34.00% | 4.65% | 1.58% |
| Fixed Income | 15.00% | 0.46% | 0.07% |
| Credit Strategies | 14.00% | 5.38% | 0.75% |
| Real Assets | 14.00% | 5.01% | 0.70% |
| Private Equity | 14.00% | 8.34% | 1.17% |
| MAPS - Multi-Asset Public Strategies | 6.00% | 3.04% | 0.18% |
| PIP - Private Investment Partnership | 3.00% | 6.49% | 0.19% |
| Total | 100.00% | | 4.64% |
| | | Inflation | 2.50% |
| Expe | cted arithmeti | c nominal return* | 7.14% |

^{*}The above allocation provides a one-year return of 7.14%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation. More recent capital market assumptions compiled for the FY2020 actuarial valuations provide a median return of 6.81%.

NOTE 13 - GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

Discount Rate

The discount rate used to measure the total GLI OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS guidance and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ended June 30, 2020, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rates. From July 1, 2020 on, employers are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

Sensitivity of the Employer's Proportionate Share of the Net GLI OPEB Liability to Changes in the Discount Rate

The following presents the employer's proportionate share of the net GLI OPEB liability using the discount rate of 6.75%, as well as what the employer's proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

| | | Rate | | | | | |
|--|-----------------------------------|---------|------------------------------|---------|------------------------------|---------|------------|
| | 1% Decrease Current Discount 1% I | | 1% DecreaseCurrent Discount1 | | 1% Decrease Current Discount | | % Increase |
| | | (5.75%) | | (6.75%) | | (7.75%) | |
| Town's proportionate share of the GLI Plan | | | | | | _ | |
| Net OPEB Liability | \$ | 789,144 | \$ | 600,303 | \$ | 446,946 | |

GLI Plan Fiduciary Net Position

Detailed information about the GLI Plan's Fiduciary Net Position is available in the separately issued VRS 2020 Comprehensive Annual Financial Report (Annual Report). A copy of the 2020 VRS Annual Report may be downloaded from the VRS website at http://www.varetire.org/pdf/publications/2020-annual-report.pdf, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

NOTE 14 - LINE OF DUTY ACT (LODA) PROGRAM:

Plan Description

The Virginia Retirement System (VRS) Line of Duty Act Program (LODA) was established pursuant to \$9.1-400 et seq. of the <u>Code of Virginia</u>, as amended, and which provides the authority under which benefit terms are established or may be amended. The LODA Program provides death and health insurance benefits to eligible state employees and local government employees, including volunteers, who die or become disabled as a result of the performance of their duties as a public safety officer. In addition, health insurance benefits are provided to eligible survivors and family members. This is a cost-sharing multiple-employer plan administered by the Virginia Retirement System (the System). Participating employers made contributions to the program beginning in FY 2012. The employer contributions are determined by the System's actuary using anticipated program costs and the number of covered individuals associated with all participating employers.

The specific information for LODA OPEB, including eligibility, coverage and benefits is described below:

Eligible Employees

All paid employees and volunteers in hazardous duty positions in Virginia localities as well as hazardous duty employees who are covered under the Virginia Retirement System (VRS), the State Police Officers' Retirement System (SPORS), or the Virginia Law Officers' Retirement System (VaLORS) are automatically covered by the Line of Duty Act Program (LODA). As required by statute, the Virginia Retirement System (the System) is responsible for managing the assets of the program.

Benefit Amounts

The LODA program death benefit is a one-time payment made to the beneficiary or beneficiaries of a covered individual. Amounts vary as follows: \$100,000 when a death occurs as the direct or proximate result of performing duty as of January 1, 2006, or after; \$25,000 when the cause of death is attributed to one of the applicable presumptions and occurred earlier than five years after the retirement date; or an additional \$20,000 benefit is payable when certain members of the National Guard and U.S. military reserves are killed in action in any armed conflict on or after October 7, 2001.

The LODA program also provides health insurance benefits. Prior to July 1, 2017, these benefits were managed through the various employer plans and maintained the benefits that existed prior to the employee's death or disability. These premiums were reimbursed to the employer by the LODA program. Beginning July 1, 2017, the health insurance benefits are managed through the Virginia Department of Human Resource Management (DHRM). The health benefits are modeled after the State Employee Health Benefits Program plans and provide consistent, premium-free continued health plan coverage for LODA-eligible disabled individuals, survivors and family members. Individuals receiving the health insurance benefits must continue to meet eligibility requirements as defined by LODA.

TOWN OF WYTHEVILLE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2021

NOTE 14 - LINE OF DUTY ACT (LODA) PROGRAM: (CONTINUED)

Contributions

The contribution requirements for the LODA Program are governed by §9.1-400.1 of the <u>Code of Virginia</u>, as amended, but may be impacted as a result of funding provided to state agencies by the Virginia General Assembly. Each employer's contractually required employer contribution rate for the LODA Act Program for the year ended June 30, 2021 was \$717.31 per covered full-time-equivalent employee. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019 and represents the pay-as-you-go funding rate and not the full actuarial cost of the benefits under the program. The actuarially determined pay-as-you-go rate was expected to finance the costs and related expenses of benefits payable during the year. Contributions to the LODA Program from the entity were \$39,452 and \$28,936 for the years ended June 30, 2021 and June 30, 2020, respectively.

LODA OPEB Liabilities, LODA OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the LODA OPEB

At June 30, 2021, the entity reported a liability \$891,741 for its proportionate share of the Net LODA OPEB Liability. The Net LODA OPEB Liability was measured as of June 30, 2020 and the total LODA OPEB liability used to calculate the Net LODA OPEB Liability was determined by an actuarial valuation as of June 30, 2019, and rolled forward to the measurement date of June 30, 2020. The entity's proportion of the Net LODA OPEB Liability was based on the entity's actuarially determined pay-asyou-go employer contributions to the LODA OPEB plan for the year ended June 30, 2020 relative to the total of the actuarially determined pay-as-you-go employer contributions for all participating employers. At June 30, 2020, the entity's proportion was 0.21290% as compared to 0.18140% at June 30, 2019.

For the year ended June 30, 2021, the entity recognized LODA OPEB expense of \$82,651. Since there was a change in proportionate share between measurement dates, a portion of the LODA OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2021, the entity reported deferred outflows of resources and deferred inflows of resources related to the LODA OPEB from the following sources:

The remainder of this page is left blank intentionally.

NOTE 14 - LINE OF DUTY ACT (LODA) PROGRAM: (CONTINUED)

LODA OPEB Liabilities, LODA OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the LODA OPEB (Continued)

| | Primary Government | | | |

| | D | eferred | Deferred | |
| | Ou | tflows of | Inflows of Resources | |
| | Re | esources | | |
| Differences between expected and actual experience | \$ | 94,660 | \$ | 121,574 |
| Net difference between projected and actual | | | | |
| earnings on LODA OPEB program investments | | - | | 1,268 |
| Change in assumptions | | 238,726 | | 55,569 |
| Changes in porportionate share | | 118,227 | | 101,447 |
| Employer contributions subsequent to the | | | | |
| measurement date | | 39,452 | | - |
| Total | \$ | 491,065 | \$ | 279,858 |

\$39,452 reported as deferred outflows of resources related to the LODA OPEB resulting from the entity's contributions subsequent to the measurement date will be recognized as a reduction of the Net LODA OPEB Liability in the fiscal year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the LODA OPEB will be recognized in LODA OPEB expense in future reporting periods as follows:

| Year Ended June 30, | |
|---------------------|--------------|
| 2022 | \$ 21,906 |
| 2023 | 22,140 |
| 2024 | 22,390 |
| 2025 | 22,463 |
| 2026 | 22,542 |
| Thereafter | 60,314 |

Actuarial Assumptions

The total LODA OPEB liability was based on an actuarial valuation as of June 30, 2019, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2020. The assumptions include several employer groups. Salary increases and mortality rates included herein are for relevant employer groups. Information for other groups can be referenced in the VRS Annual Report.

NOTE 14 - LINE OF DUTY ACT (LODA) PROGRAM: (CONTINUED)

Actuarial Assumptions (Continued)

Inflation 2.50%

Salary increases, including inflation:

Locality employees N/A

Mortality Rates - Non-Largest Ten Locality Employers with Public Safety Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with scale BB to 2020; males 90% of rates; females set forward 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 1 year with 1.0% increase compounded from ages 70 to 90; females set forward 3 years.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

^{*}Since LODA is funded on a current-disbursement basis, the assumed annual rate of return of 2.21% was used since it approximates the risk-free rate of return.

NOTE 14 - LINE OF DUTY ACT (LODA) PROGRAM: (CONTINUED)

Actuarial Assumptions (Continued)

Mortality Rates - Non-Largest Ten Locality Employers with Public Safety Employees (Continued)

| Mortality Rates (pre-retirement, post- | Updated to a more current mortality table - RP-2014 |
|--|---|
| retirement healthy, and disabled) | projected to 2020 |
| Retirement Rates | Increased age 50 rates and lowered rates at older |
| | ages |
| Withdrawal Rates | Adjusted termination rates to better fit experience |
| | at each age and service year |
| Disability Rates | Adjusted rates to better match experience |
| Salary Scale | No change |
| Line of Duty Disability | Decreased rate from 60.00% to 45.00% |

Net LODA OPEB Liability

The net OPEB liability (NOL) for the LODA Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2020, NOL amounts for the LODA Program is as follows (amounts expressed in thousands):

| | LODA Program | | |
|---|--------------|-----------------------------|--|
| Total LODA OPEB Liability Plan Fiduciary Net Position LODA Net OPEB Liability (Asset) | | 423,147 4,333 418,814 | |
| Plan Fiduciary Net Position as a Percentage of the Total LODA OPEB Liability | | 1.02% | |

The total LODA OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

Long-Term Expected Rate of Return

The long-term expected rate of return on LODA OPEB Program's investments was set at 2.21% for this valuation. Since LODA is funded on a current-disbursement basis, it is not able to use the VRS Pooled Investments 6.75% assumption. Instead, the assumed annual rate of return of 2.21% was used since it approximates the risk-free rate of return. This Single Equivalent Interest Rate (SEIR) is the applicable municipal bond index rate based on the Bond Buyer General Obligation 20-year Municipal Bond Index published monthly by the Board of Governors of the Federal Reserve System as of the measurement date of June 30, 2020.

NOTE 14 - LINE OF DUTY ACT (LODA) PROGRAM: (CONTINUED)

Discount Rate

The discount rate used to measure the total LODA OPEB liability was 2.21%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made per the VRS Statutes and that they will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ended June 30, 2020, the rate contributed by participating employers to the LODA OPEB Program will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly.

Sensitivity of the Covered Employer's Proportionate Share of the Net LODA OPEB Liability to Changes in the Discount Rate

The following presents the covered employer's proportionate share of the net LODA OPEB liability using the discount rate of 2.21%, as well as what the covered employer's proportionate share of the net LODA OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (1.21%) or one percentage point higher (3.21%) than the current rate:

| | | Discount Rate | | | | | | |
|----------------------|----------|------------------------------|---------|---------|-----------------------|---------|---|------------|
| | 19 | 1% Decrease Current Discount | | | 1% Decrease Current D | | 1 | % Increase |
| | | (1.21%) | (2.21%) | | (3.21%) | | | |
| Town's proportionate | <u> </u> | _ | · | _ | | _ | | |
| share of the LODA | | | | | | | | |
| Net OPEB Liability | \$ | 1,058,485 | \$ | 891,741 | \$ | 766,054 | | |

Sensitivity of the Covered Employer's Proportionate Share of the Net LODA OPEB Liability to Changes in the Health Care Trend Rate

Because the LODA Program contains a provision for the payment of health insurance premiums, the liabilities are also impacted by the health care trend rates. The following presents the covered employer's proportionate share of the net LODA OPEB liability using the health care trend rate of 7.00% decreasing to 4.75%, as well as what the covered employer's proportionate share of the net LODA OPEB liability would be if it were calculated using a health care trend rate that is one percentage point lower (6.00% decreasing to 3.75%) or one percentage point higher (8.00% decreasing to 5.75%) than the current rate:

| | | Health Care Trend Rates | | | | | | | |

| Totals | \$ | 896,815 | \$ | 582,240 | \$ | 3,401,244 | \$ | 269,251 |

NOTE 16 - RISK MANAGEMENT:

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town participates with other localities in a public entity risk pool for their coverage of worker's compensation with the Virginia Municipal League. The Town pays an annual premium to the pools for its general insurance coverage. The agreement for the formation of the pool provides that the pool will be self sustaining through member premiums. The Town continues to carry commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial coverage in any of the past three fiscal years.

NOTE 17 - SURETY BONDS:

Clorendon National Insurance Company
All Town Employees - blanket bond \$ 1,000,000

NOTE 18 - LITIGATION:

As of June 30, 2021, there were no matters of litigation involving the Town which would materially affect the Town's financial position should any court decisions on pending matters not be favorable.

NOTE 19 - ADOPTION OF ACCOUNTING PRINCIPLE:

The Town implemented provisions of Governmental Accounting Standards Board Statement No. 84, *Fiduciary Activities* during the fiscal year ended June 30, 2021. This statement establishes criteria for identifying fiduciary activities of all state and local governments for accounting and financial reporting purposes and how these activities should be reported. The Perpetual Fund and the Memorial Fund are reported as Special Revenue Funds in the current year. The implementation of this standard resulted in the following restatement of fund equity.

| | Pr | Primary Government | | | | |
|---|-----------|--------------------|---------------|--|--|--|
| | Fund B | Fund Balance | | | | |
| | Perpetual | Memorial | Governmental | | | |
| | Care Fund | Fund | Activities | | | |
| Balance, July 1, 2020, as previously reported | \$423,084 | \$ - | \$ 24,620,444 | | | |
| Implementation of GASB 84 | (56,100) | 28,262 | 451,346 | | | |
| Balance, July 1, 2020, as restated | \$366,984 | \$ 28,262 | \$ 25,071,790 | | | |

NOTE 20 - COVID-19 PANDEMIC:

The COVID-19 pandemic and its impact on operations continues to evolve. Specific to the Town, COVID-19 impacted various parts of its 2021 operations and financial results including, but not limited to, costs for emergency preparedness and shortages of personnel. Federal relief has been received through various programs. Management believes the Town is taking appropriate actions to mitigate the negative impact. The extent to which COVID-19 may impact operations in subsequent years remains uncertain, and management is unable to estimate the effects on future results of operations, financial condition, or liquidity for fiscal year 2022.

CARES ACT FUNDING

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was passed by the federal government to alleviate some of the effects of the sharp economic downturn due to the COVID-19 pandemic, which included direct aid for state and local governments from the federal Coronavirus Relief Fund (CRF).

Each locality received its CRF allocations based on population in two equal payments, with the second and final round of funding being received during fiscal year 2021. The Town received total CRF funding of \$1,401,438. As a condition of receiving CRF funds, any funds unexpended as of December 31, 2021 will be returned to the federal government. Unspent CRF funds in the amount of \$30,040 are reported as unearned revenue as of June 30.

ARPA FUNDING

On March 11, 2021, the American Rescue Plan (ARPA) Act of 2021 was passed by the federal government. A primary component of the ARPA was the establishment of the Coronavirus State and Local Fiscal Recovery Fund (CSLFRF). Local governments are to receive funds in two tranches, with 50% provided beginning in May 2021 and the balance delivered approximately 12 months later.

NOTE 20 - COVID-19 PANDEMIC: (CONTINUED)

ARPA FUNDING (CONTINUED)

On June 25, 2021, the Town received its share of the first half of the CSLFRF funds. As a condition of receiving CSLFRF funds, any funds unobligated by December 31, 2024, and unexpended by December 31, 2026, will be returned to the federal government. Unspent funds in the amount of \$4,109,085 from the initial allocation are reported as unearned revenue as of June 30.

NOTE 21 - UPCOMING PRONOUNCEMENTS:

Statement No. 87, Leases, requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021.

Statement No. 89, Accounting for Interest Cost Incurred Before the End of a Construction Period, provides guidance for reporting capital assets and the cost of borrowing for a reporting period and simplifies accounting for interest cost incurred before the end of a construction period. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020.

Statement No. 91, *Conduit Debt Obligations*, provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2021.

Statement No. 92, *Omnibus 2020*, addresses practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics such as leases, assets related to pension and postemployment benefits, and reference to nonrecurring fair value measurements of assets or liabilities in authoritative literature. The effective dates differ by topic, ranging from January 2020 to periods beginning after June 15, 2021.

Statement No. 93, Replacement of Interbank Offered Rates, establishes accounting and financial reporting requirements related to the replacement of Interbank Offered Rates (IBORs) in hedging derivative instruments and leases. It also identifies appropriate benchmark interest rates for hedging derivative instruments. The requirements of this Statement, except for removal of London Interbank Offered Rate (LIBOR) as an appropriate benchmark interest rate and the requirements related to lease modifications, are effective for reporting periods beginning after June 15, 2020. The removal of LIBOR as an appropriate benchmark interest rate is effective for reporting periods ending after December 31, 2021. All requirements related to lease modifications in this Statement are effective for reporting periods beginning after June 15, 2021.

Statement No. 94, *Public-Private and Public-Public Partnerships and Availability of Payment Arrangements*, addresses issues related to public-private and public-public partnership arrangements. This Statement also provides guidance for accounting and financial reporting for availability payment arrangements. The requirements of this Statement are effective for reporting periods beginning after June 15, 2022.

NOTE 21 - UPCOMING PRONOUNCEMENTS:

Statement No. 96, Subscription-Based Information Technology Arrangements (SBITAs), (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. The requirements of this Statement are effective for reporting periods beginning after June 15, 2022.

Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code (IRC) Section 457 Deferred Compensation Plans - an Amendment of GASB Statements No. 14 and No. 84, and a Supersession of GASB Statement. No 32, (1) increases consistency and comparability related to reporting of fiduciary component units in certain circumstances; (2) mitigates costs associated with the reporting of certain plans as fiduciary component units in fiduciary fund financial statements; and (3) enhances the relevance, consistency, and comparability of the accounting and financial reporting for Section 457 plans that meet the definition of a pension plan and for benefits provided through those plans. The effective dates differ based on the requirements of the Statement, ranging from June 2020 to reporting periods beginning after June 15, 2021.

Management is currently evaluating the impact these standards will have on the financial statements when adopted.

Town of Wytheville, Virginia Notes to Required Supplementary Information Pension Plan For the Year Ended June 30, 2021

Changes of benefit terms - There have been actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions - The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

All Others (Non-10 Largest) - Non-Hazardous Duty:

| , | |
|--|--|
| Mortality Rates (pre-retirement, post- | Updated to a more current mortality table - RP-2014 projected to |
| retirement healthy, and disabled) | 2020 |
| Retirement Rates | Lowered rates at older ages and changed final retirement from 70 |
| | to 75 |
| Withdrawal Rates | Adjusted rates to better fit experience at each year age and |
| | service through 9 years of service |
| Disability Rates | Lowered rates |
| Salary Scale | No change |
| Line of Duty Disability | Increased rate from 14.00% to 15.00% |
| Discount Rate | Decreased rate from 7.00% to 6.75% |

All Others (Non-10 Largest) - Hazardous Duty:

| Mortality Rates (pre-retirement, post- | Updated to a more current mortality table - RP-2014 projected to |
|--|--|
| retirement healthy, and disabled) | 2020 |
| Retirement Rates | Increased age 50 rates, and lowered rates at older ages |
| Withdrawal Rates | Adjusted rates to better fit experience at each year age and |
| | service through 9 years of service |
| Disability Rates | Adjusted rates to better fit experience |
| Salary Scale | No change |
| Line of Duty Disability | Decreased rate from 60.00% to 45.00% |
| Discount Rate | Decreased rate from 7.00% to 6.75% |

Town of Wytheville, Virginia Schedule of Town's Proportionate Share of the Total OPEB Liability Town OPEB Plan

For the Measurement Dates of June 30, 2018 through June 30, 2021

| Date (1) | Employer's Proportion of the Total OPEB Liability (Asset) (2) | Employer's Proportionate Share of the Total OPEB Liability (Asset) (3) | Employer's Covered Payroll (4) | Employer's Proportionate Share of the Total OPEB Liability (Asset) as a Percentage of Covered Payroll (3)/(4) (5) |
|-------------|---|--|---|---|
| 2021 | 95.47710% \$ | 1,909,200 | N/A | N/A |
| 2020 | 97.72160% | 1,847,580 | N/A | N/A |
| 2019 | 97.64000% | 1,821,182 | N/A | N/A |
| 2018 | 97.60000% | 1,685,005 | N/A | N/A |

Schedule is intended to show information for 10 years. Information prior to the 2018 measurement date is not available. However, additional years will be included as they become available.

Town of Wytheville, Virginia Notes to Required Supplementary Information Town OPEB Plan For the Year Ended June 30, 2021

Valuation Date: 7/1/2019 Measurement Date: 6/30/2021

No assets are accumulated in a trust that meets the criteria in GASB 75 to pay related benefits.

Methods and assumptions used to determine OPEB liability:

| Actuarial Cost Method | Entry age normal level % of pay |
|-----------------------|---|
| Discount Rate | 2.21% as of June 30, 2020; |
| | 2.16% as of June 30, 2021 |
| Inflation | 2.50% per year |
| Healthcare Trend Rate | The expected healthcare trend rates are based on long- |
| | term healthcare trend rates generated by the Getzen |
| | Trend Model. Rates start at 2.20% in 2019 and gradually |
| | increase to 4.00% by the year 2073 |
| Salary Increase Rates | The salary increase rate includes an inflation rate of |
| | 2.50%, a productivity component of 1.00% and a variable |
| | merit component that is dependent upon years of service. |
| | The rate starts at 5.35% salary increase for 1 year of |
| | service and gradually declines to 3.50% salary increase for |
| | 20 or more years of service. |
| Mortality Rates | Mortality is based in the RP-2014 mortality tables, sex |
| | distinct and fully generational. |

| 2017 | | 33,015 | 33,015 | - | 6,349,095 | 0.52% |

Schedule is intended to show information for 10 years. Information prior to the 2017 valuation is not available. However, additional years will be included as they become available.

Town of Wytheville, Virginia Notes to Required Supplementary Information Group Life Insurance (GLI) Plan For the Year Ended June 30, 2021

Changes of benefit terms - There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions - The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Non-Largest Ten Locality Employers - General Employees

| , | |
|---|--|
| Mortality Rates (pre-retirement, post- | Updated to a more current mortality table - RP-2014 |
| retirement healthy, and disabled) | projected to 2020 |
| Retirement Rates | Lowered retirement rates at older ages and extended |
| | final retirement age from 70 to 75 |
| Withdrawal Rates | Adjusted termination rates to better fit experience at |
| | each age and service year |
| Disability Rates | Lowered disability rates |
| Salary Scale | No change |
| Line of Duty Disability | Increased rate from 14.00% to 15.00% |
| Discount Rate | Decreased rate from 7.00% to 6.75% |

Non-Largest Ten Locality Employers - Hazardous Duty Employees

| Mortality Rates (pre-retirement, post- retirement healthy, and disabled) | Updated to a more current mortality table - RP-2014 projected to 2020 |
|---|--|
| Retirement Rates | Increased age 50 rates and lowered rates at older ages |
| Withdrawal Rates | Adjusted termination rates to better fit experience at each age and service year |
| Disability Rates | Adjusted rates to better match experience |
| Salary Scale | No change |
| Line of Duty Disability | Decreased rate from 60.00% to 45.00% |
| Discount Rate | Decreased rate from 7.00% to 6.75% |

Town of Wytheville, Virginia Schedule of Town's Share of Net LODA OPEB Liability Line of Duty Act (LODA) Program

For the Measurement Dates of June 30, 2017 through June 30, 2020

| Date (1) | Employer's Proportion of the Net LODA OPEB Liability (Asset) (2) | Employer's Proportionate Share of the Net LODA OPEB Liability (Asset) (3) | Covered- Employee Payroll * (4) | Employer's Proportionate Share of the Net LODA OPEB Liability (Asset) as a Percentage of its Covered-Employee Payroll (3)/(4) (5) | Plan Fiduciary Net Position as a Percentage of Total LODA OPEB Liability (6) |
|-------------|--|--|--|---|--|
| 2020 | 0.21290% | \$ 891,741 | \$ N/A | N/A | 1.02% |
| 2019 | 0.18140% | 650,910 | N/A | N/A | 0.79% |
| 2018 | 0.22106% | 693,000 | N/A | N/A | 0.60% |
| 2017 | 0.22489% | 591,000 | N/A | N/A | 1.30% |

^{*} The contributions for the Line of Duty Act Program are based on the number of participants in the Program using a per capita-based contribution versus a payroll-based contribution. Therefore, covered-employee payroll is the relevant measurement, which is the total payroll of the employees in the OPEB plan.

Schedule is intended to show information for 10 years. Information prior to the 2017 valuation is not available. However, additional years will be included as they become available.

Town of Wytheville, Virginia Schedule of Employer Contributions Line of Duty Act (LODA) Program For the Years Ended June 30, 2017 through June 30, 2021

| Date | Contractually Required Contribution | Contributions in Relation to Contractually Required Contribution | Contribution Deficiency (Excess) | Covered- Employee Payroll * | Contributions as a % of Covered - Employee Payroll |
|------|---|--|----------------------------------|-----------------------------------|--|
| Date | (1) | (2) | (3) | (4) | (5) |
| 2021 | \$ 39,452 | \$ 39,452 | \$ - | N/A | N/A |
| 2020 | 28,936 | 28,936 | - | N/A | N/A |
| 2019 | 24,349 | 24,349 | - | N/A | N/A |
| 2018 | 23,546 | 23,546 | - | N/A | N/A |
| 2017 | 24,255 | 24,255 | - | N/A | N/A |

^{*} The contributions for the Line of Duty Act Program are based on the number of participants in the Program using a per capita-based contribution versus a payroll-based contribution. Therefore, covered-employee payroll is the relevant measurement, which is the total payroll of employees in the OPEB plan.

Schedule is intended to show information for 10 years. Since 2018 is the first year for this presentation, only four years of data is available. However, additional years will be included as they become available.

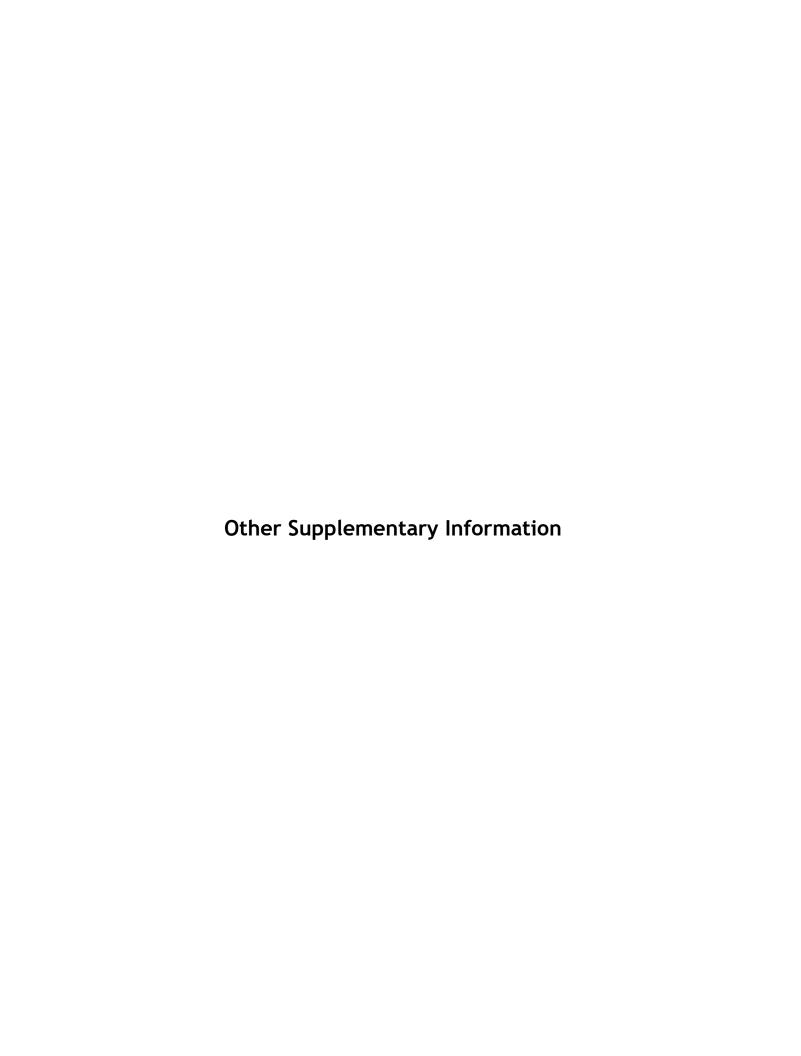

Town of Wytheville, Virginia Notes to Required Supplementary Information Line of Duty Act (LODA) Program For the Year Ended June 30, 2021

Changes of benefit terms - There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions - The actuarial assumptions used in the June 30, 2019 valuation were based on results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Employees in the Non-Largest Ten Locality Employers with Public Safety Employees

| Mortality Rates (pre-retirement, post- | Updated to a more current mortality table - RP-2014 |
|--|---|
| retirement healthy, and disabled) | projected to 2020 |
| Retirement Rates | Increased age 50 rates and lowered rates at older ages |
| Withdrawal Rates | Adjusted termination rates to better fit experience at each |
| | age and service year |
| Disability Rates | Adjusted rates to better match experience |
| Salary Scale | No change |
| Line of Duty Disability | Decreased rate from 60.00% to 45.00% |

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements

Performed in Accordance with Government Auditing Standards

To the Honorable Members of the Town Council Town of Wytheville, Virginia Wytheville, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Wytheville, Virginia as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Town of Wytheville, Virginia's basic financial statements and have issued our report thereon dated November 23, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Wytheville, Virginia's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Wytheville, Virginia's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Wytheville, Virginia's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Wytheville, Virginia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as item 2021-001.

Town of Wytheville, Virginia's Response to Findings

Prolinsa, Faver, lox associates

Town of Wytheville, Virginia's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Town of Wytheville, Virginia's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance

To the Honorable Members of the Town Council Town of Wytheville, Virginia Wytheville, Virginia

Report on Compliance for Each Major Federal Program

We have audited the Town of Wytheville, Virginia's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Town of Wytheville, Virginia's major federal programs for the year ended June 30, 2021. Town of Wytheville, Virginia's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Town of Wytheville, Virginia's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Town of Wytheville, Virginia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Town of Wytheville, Virginia's compliance.

Opinion on Each Major Federal Program

In our opinion, the Town of Wytheville, Virginia complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control over Compliance

Management of the Town of Wytheville, Virginia is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Town of Wytheville, Virginia's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Town of Wytheville, Virginia's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTE A--BASIS OF PRESENTATION:

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the Town of Wytheville, Virginia under programs of the federal government for the year ended June 30, 2021. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Town of Wytheville, Virginia, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Town of Wytheville, Virginia.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

- (1) Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- (2) Pass-through entity identifying numbers are presented where available.
- (3) The Town did not elect the 10% de minimus indirect cost rate because they only request direct costs for reimbursement.

NOTE C--Subrecipients:

The Town did not have any subrecipients for the year ended June 30, 2021.

NOTE D--RELATIONSHIP TO THE FINANCIAL STATEMENTS:

Federal expenditures, revenues and capital contributions are reported in the Town's basic financial statements as follows:

| General fund CARES-ARPA Fund Less: Payments in Lieu of Taxes | \$ 800,375 1,369,328 (8,882) |
|---|---------------------------------------|
| Total federal expenditures per the Schedule of Expenditures of Federal Awards | \$ 2,160,821 |
