**City of Fairfax, Virginia** 10455 Armstrong Street • Fairfax, VA 22030-3630 www.fairfaxva.gov

December 10, 2024

Honorable Mayor, Members of the City Council and Citizens City of Fairfax Commonwealth of Virginia

We are pleased to present the City of Fairfax's (the City) Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2024. The Code of the Commonwealth of Virginia requires that all local governments shall be audited annually with a report to the Governing Body. The ACFR fulfills this reporting requirement.

The financial statements included in this report, which have earned an unmodified ("clean") audit opinion, conform to the standards of financial reporting as prescribed by the Governmental Accounting Standards Board (GASB), the Government Finance Officers Association of the United States and Canada (GFOA), and the Auditor of Public Accounts (APA).

City management is responsible for the accuracy, fairness and completeness of the information, including all disclosures that are presented in this report. To the best of our knowledge, the enclosed data is accurate in all material respects and is reported in a manner that presents fairly the financial position and results of operations of the various funds of the City. All necessary disclosures have been included to enable the reader to gain a thorough understanding of the City's financial affairs.

City management is also responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from loss, theft or misuse and that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The City's financial statements have been audited by Robinson, Farmer, Cox Associates, a certified public accounting firm. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended June 30, 2024, are free of material misstatement. The independent audit involved examining on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by City management; and evaluating the overall financial statement presentation. The independent auditor's report is located at the front of the Financial Section of the ACFR.

Management's Discussion and Analysis (MD&A) is found immediately following the independent auditor's report. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

#### FINANCIAL REPORTING ENTITY

This report includes the financial activities of the City government (the Primary Government), which are controlled by the Mayor and Council, as well as the financial activities of the City's component units. Component units are legally separate entities for which the primary government is financially accountable and, therefore, are included in the Primary Government's ACFR.

The City provides a full range of governmental services including law enforcement, emergency medical response, fire protection and fire code safety; maintenance of over 70 miles of roads; judicial services; health and social services; refuse; wastewater; planning and zoning services; parks, recreation and cultural activities; and general government administration services. These services are either provided by the City or through contracts with Fairfax County. In addition, the City provides inter-County and intra-City bus service. The City also operated its own water treatment and distribution system until January 2014, when the City sold its distribution system to Fairfax County Water Authority and its water treatment plant, reservoir, and dams to Loudoun County Water Authority, effectively divesting from the water treatment and distribution business.

Discretely presented component units are reported in a separate column in the financial statements to emphasize that they are legally separate from the primary government and to differentiate their financial position and results of operations from those of the primary government. The City of Fairfax School Board is presented in its own column for financial presentation purposes as a major component unit. The City's public school program is provided through an independent school district administered by a school board and superintendent that contracts with the Fairfax County Public School system for operating the four City schools – Fairfax High, Katherine Johnson Middle, Daniels Run Elementary, and Providence Elementary. The Economic Development Authority is a non-major component unit.

#### **ORGANIZATION OF GOVERNMENT**

The City is governed under the Council-Manager form of government since changing from Town status in 1961. As a Virginia City, it is independent, and not a part of any county. Under this form of government, a Mayor and six Council members are elected by the citizens every two years to provide direction to the locality. The City Council employs a City Manager who is the executive officer of the City and is responsible to the Council for the proper administration of the City government.

#### ECONOMIC CONDITION AND OUTLOOK

An independent jurisdiction of 6.34 square miles, just 15 miles west of Washington D.C., the City lies in the heart of Northern Virginia. Bounded by Interstate 66 to the north and less than five miles west of the Capital Beltway, the City is at the crossroads of the area's major north/south and east/west highways. Two major airports, Washington Dulles International Airport and Ronald Reagan National Airport, are within 30 minutes of the City. The City-run bus system provides direct access to rail mass transit at the Vienna/Fairfax/GMU Metro station, less than three miles from the center of the City.

#### **Local Economy**

The City's economy remains healthy and stable. The City's at-place workforce increased significantly and according to the US Bureau of Labor Statistics, the City of Fairfax was home to approximately 21,700 jobs in 2024. Like localities nationwide, Fairfax has seen an increase in workforce participation since the equivalent period in 2023, which still has lingering effects from COVID-19. The City's unemployment rate increased slightly by 0.2% and was measured at 2.4%, well below state (2.9%) and national (3.6%) averages.

With 4.4 million square feet of office space, the City of Fairfax remains one of Northern Virginia's employment hubs. The City's office market currently has a 9.5% vacancy rate, lower than that of Fairfax County and of Northern Virginia as a whole. The retail market remains healthy, with a vacancy rate of only 3.1%, less than the regional average for retail vacancies.

Four key revenue sources are bellwethers for the local economy – general property taxes, local sales and use tax, Business Professional and Occupational License (BPOL) taxes, and meals tax. General property assessments increased 6.9% (including new construction) from CY 2023 to CY 2024 and associated revenues increased by \$6.4 million in FY 2024 when compared to the prior year. FY 2024 both BPOL tax revenues and local sales and use tax revenues remained flat, \$11.4 million and \$13.4 million, respectively. Meals tax revenues saw an increase of \$0.6 million or 7.3% in FY 2024.

#### **Economic Development**

The Economic Development Department (EDD) seeks to foster an inclusive, diverse, robust business community. To support a strong commercial tax base, the EDD develops programs that prioritize business attraction and retention, development, redevelopment, and strategic programming. The office also serves as a resource for developers and consultants with specific commercial, office, and industrial development projects assisting with site selection within the city. In addition to these services, the EDD works with the Economic Development Authority (EDA) to market and promote the city to the region and beyond as a healthy and business-friendly environment that empowers businesses to grow through a robust public relations and marketing apparatus, and a best in class portfolio of programs designed to connect customers with the business community. The EDD and the EDA collaborate under the brand Fairfax City Economic Development (FCED).

Working in cooperation through partnerships with the Northern Virginia Economic Development Alliance, Central Fairfax Chamber of Commerce, Old Town Fairfax Business Association, George Mason University, and business and industry associations, FCED leverages its resources and access to talent to maintain and enhance the city's business community while pursuing economic growth.

FCED will continue to expand its programming and work with partners to ensure maximum impact. In FY 2024 the FCED team continued the implementation of the newly received (FY 2023) Streetsense strategic work-plan which focuses on, among other things, impact measurement, goal-oriented program development, and enhanced resource allocation.

As always, FCED will continue to expand its small business support by working with local businesses, organizations, and the Mason Enterprise Center - Fairfax. Researching and

implementing both small business programs and startup resources will allow FCED to address challenges and disparities effecting small businesses, preserve commercial neighborhoods, and support strong and resilient communities.

FCED will continue to work with George Mason University and Northern Virginia Community College to strengthen our partnership in creating a strong city-university relationship. The city-university relationship continues to be one of the City's greatest partnership opportunities and is reflect in ED's oversight of the Mason Enterprise Center – Fairfax (MEC).

#### **Major Real Estate Projects**

The City continues to attract significant investment in commercial and residential redevelopment that aims to fulfill the goals advocated in the City's Comprehensive Plan.

#### Commercial:

*N29:* In July 2024 City Council approved the General Development Plan of N29 WillowWood Plaza. This project proposes to replace existing surface parking at the WillowWood Office Plaza with a seven story building consisting of up to 260 apartments, approximately 5,000 square feet of ground floor retail, and a parking garage on approximately 3 acres.

*City Centre West:* In July 2024 City Council approved the City Centre West residential proposal. This project replaces a former bank with a drive through, a former restaurant, and an existing low-rise office building, and replaces it with an upper-story residential/mixed use building with 79 multifamily condominium units, medical and general office space, a bank with a drive-through, and ground floor retail on approximately 1.75 acres.

*Scout on the Circle:* Final plans to redevelop a 108,000 square feet former shopping center (dating to 1964) were approved in 2014. The mixed-use development includes 400 apartments and 88,000 square feet of retail space, including a 54,000 square foot grocery store. Construction on the project began in February 2018 and began delivering in phases with residential occupancies starting in the spring of 2020. Giant opened the grocery in August 2020. Commercial tenants in the ground floor retail spaces include Roots Natural Kitchen, TeaDM, F45, Salon Lofts, Verizon, Vivian Nail Bar, Izakaya Genki, and Peri Peri.

*The Point:* A 403-unit apartment building with approximately 29,000 square feet of commercial space was originally approved in 2015 for a former industrial site in the Kamp Washington area. Application was approved in 2018 to revise the building plan and site layout, including adjusting the amount of commercial space initially constructed to 21,000 square feet with an additional 9,000 square feet of commercial space as an optional future conversion. The project broke ground in June 2019 with a phased occupancy beginning in 2022.

*Former Paul VI ("Boulevard VI"):* The Diocese of Arlington relocated Paul VI High School to Loudoun County after the conclusion of the 2019-2020 school year. In 2018, the City Council approved the site for residential redevelopment, to include 144 condominium units, 115 townhouses and 7 detached homes, as well as 20,000 square feet of new retail space and 24,000 square feet of community/commercial space in a retained portion of the original school building. Site work and demolition of the former school began in September 2020. Phased occupancy, starting with townhouses and condominiums, began in 2022.

*Breezeway Motel:* This redevelopment of the aging Breezeway Motel and Fairfax Gardens Apartments includes 40 townhouses and 20 "two over two" condominium units. A one-acre parcel within the development along Fairfax Boulevard will be cleared and prepared for future commercial development. The project was approved by the City Council in March 2022.

*Hi-Way Motel:* Demolition of existing motel and redevelopment of site with 54 affordable multifamily housing units and 1,400 sq. ft. ground floor office space. Project was approved by the City Council on December 13, 2022.

#### Residential:

*Capstone Collegiate ("The Flats on University"):* Project includes the redevelopment of a 1970'sera low-rise office buildings site into a 275-unit privately-owned student housing complex. The site, located to the north of the City's downtown, is approximately one mile from the campus of George Mason University. The units are marketed to graduate and undergraduate students at the university. The project was approved by the City Council in December 2018 and site work commenced in September 2020. Residents of the complex took occupancy in August 2022.

*Northfax West:* This mixed-use redevelopment on the site of former vehicle storage lots and vacant land was approved by the City Council in July 2020. The project will include a senior housing community, with 114 independent living units and 86 assisted living units, 56 townhomes, and 3.3 acres of residual land for future mixed-use development. A public improvement plan for streets and drainage facilities was approved in October 2021 and site work commenced in May 2022.

#### **Business Investment & Engagement**

*Business Engagement:* Meetings with businesses are a crucial tool for business retention in the city. During these sessions, FCED showcases our support programs and actively listen to businesses' concerns. This two-way dialogue allows FCED to address business needs effectively, ensuring a supportive environment that fosters long-term growth and success for local enterprises. These meetings are logged in FCED's internal database and customer management relationship platform (CRM), Bludot. Through these strategic interactions, FCED aims to maintain strong, thriving business relationships that contribute to the city's economic vitality. In FY24 FCED met with 56 prospective businesses and 351 existing businesses.

*Business Expansion & Retention:* 70% of the work of the FCED business investment team revolves around supporting existing businesses' success and expansion. FCED-BI provides 1:1 meetings with businesses to showcase low or no cost assistance for expansion, creating business connections, and providing assistance to attend business development opportunities or events. Additionally, FCED hosts events such as Broker Breakfasts to highlight new leasing opportunities, and government contracting networking opportunities for businesses to pitch and win work.

*Business Attraction:* FCED is continuously connecting with regional, national, and international companies looking to relocate or expand their corporate footprint. As a part of this recruitment effort FCED utilizes CoStar to analyze upcoming lease expirations, conferences to engage high growth companies, and public outreach campaigns. This is supplemented by incentive programs including Lease Incentives for Fairfax Tenants and the Technology Zone tax abatement program. As of July 2024, there were over 5,000 businesses located in Fairfax City with over 450 new businesses opening in the fiscal year.

#### Major Leasing Activity:

Attraction CDM Smith, 8,768 sqft Lutheran Social Services of the National Capital Region, 6,942 sqft The Chris Atwood Foundation, 6,704sqft Integrated Dermatology of Fairfax, 6,615 sqft Ellie Mental Health: 5,150 sqft Alliance ABA Therapy: 5,000 sqft

Retention or Expansion Zeta Associates 225,000 sqft started in FY24, closed FY25 Ox Hill Companies, 7,443 sqft UL Solutions: 6,110 sqft

*Lease Incentives for Fairfax Tenants (LIFFT):* Offers a \$5 - \$8 per square foot incentive to new businesses moving into one of 19 designated buildings. In the first round of funding, about \$200,000 was granted to businesses leasing 18 new office spaces in priority Fairfax City buildings. These 18 tenants will be paying over \$3M in rent to the 19 priority buildings over the duration of their leases and support over \$1M in tax revenues to Fairfax City.

*Facade and Interior Improvement Grant (FIIG):* provided financial assistance to new and existing businesses by reimbursing 50% of project costs, up to \$20,000. This program resulted in \$868,000 in private investment.

*Upskill Fairfax City:* FCED has partnered with Northern Virginia Community College (NOVA) to offer no-cost certifications and technical training through specialized courses and certifications at NOVA. This initiative will boost the local workforce by helping residents and employees of Fairfax City businesses develop their skills and advance their careers without the financial burden of tuition. Courses are available in IT, cyber, health care, and skilled trades.

#### FCED Programs & Retail Support

*Fairfax City Restaurant Week:* Fairfax City Restaurant Week (FCRW) is a successful program that has supported the local restaurant community for seven years, particularly during slower periods. It showcases the city's vibrant and diverse culinary scene, a focus that has become even more critical in the post-COVID-19 era. Organized in partnership with the Central Fairfax Chamber of Commerce (CFCC) and the Old Town Fairfax Business Association (OTFBA), FCRW is one of the most inclusive restaurant week initiatives in the region. The event features fixed-price menus—\$25 for lunch/brunch, \$40 for dinner, as well as two-for-\$10 deals— which adds participation opportunities for specialty shops. Last year, FCRW generated an average of \$3.3 million in media coverage per installment.

*Fairfax City FLEX Card:* The Fairfax City Flex Card, launched in October 2022 in partnership with Yiftee, Inc., is a digital gift card accepted at over 50 local businesses. During the 2023 holiday shopping season, Fairfax City Economic Development's (FCED) Buy One, Get One promotion generated \$177,200 in economic impact, achieving a 250.1% ROI. The Flex Card boosts local spending while raising awareness of Fairfax City businesses, spanning spa services and self-care to a wide range of dining and retail destinations.

*Small Business Saturday:* Since 2018, FCED has been a Neighborhood Champion for Small Businesses, with a core mission of supporting local businesses during the holiday season. In partnership with CFCC and OTFBA, FCED organized impactful initiatives like hosting a Welcome Station, distributing brochures of business specials, and launching a dedicated website. A Buy One Get One promotion measured success and sold out within 24 hours.

*Ribbon Cuttings:* In FY2024, FCED collaborated with 31 city businesses to celebrate new business openings and milestone anniversaries through ribbon-cutting events. Ribbon Cuttings recognize local business owners' accomplishments publicly and help establish strong relationships between FCED and local businesses. Events draw attention to businesses through social media posts and videos that commemorate the occasion, amplifying visibility and attracting potential customers.

#### Public Relations & Marketing:

FCED's marketing and public relations division is crucial in executing Fairfax City Economic Development's strategic plan, focusing on branding, PR, social media, and press relations to elevate the city's profile and stimulate economic growth. By aligning marketing and PR efforts, FCED promotes business opportunities, positioning Fairfax City as a dynamic destination for investment and innovation. Through strategic PR initiatives, FCED enhances the city's reputation and visibility, attracting investors and visitors, and ensuring it remains a dynamic and prosperous community. This initiative included the launch of FCED's rebrand, including a new logo and website, to underscore the company's commitment and agility within the economic development sphere, emphasizing that our operations are client and business-focused.

#### Tourism

Fairfax City Economic Development was awarded funds to reinvigorate the city's tourism industry through the American Rescue Plan Act (ARPA) and Virginia Tourism Corporation (VTC). Funds were allocated to dedicate one employee to execute these programs. FCED received these funds in the absence of a City-destination marketing organization and has collaborated with several city departments. Tourism also brings visitors to our hotels, contributing to the tax base. Programs included a town and gown promotion, Discover Fairfax virtual and print maps, mural installations, and light installations.

Beginning in 2024, FCED has also begun the development of a Tourism & Placemaking portfolio within the programs management portfolio. This division simultaneously co-chairs the city-wide efforts for Tourism coordination.

#### Partnerships

*Mason Enterprise Center - Fairfax*: Located at 10300 Eaton Place above FCED, the Mason Enterprise Center (MEC) - Fairfax, is Fairfax City's small business incubator and the flagship of the Mason Enterprise network. A partnership between Fairfax City, the EDA, and George Mason University, it is funded by an annual \$150,000 EDA allocation and tenant rent revenue. The MEC supports around 55 businesses through space, programs, mentorship, and access to resources like the SBDC and APEX accelerator. The EDA is the main tenant and oversees the lease, while the Center director reports regularly on MEC's status and finances to the EDA Commissioners.

*George Mason Costello College of Business:* In October 2023, FCED and the GMU Costello College of Business entered into an agreement to establish multiple programs that promote economic growth while providing students with unique experiential learning opportunities. The agreement will result in projects being delivered from four centers of the business school, three of which began in 2023.

*Business Resource Partners:* FCED is able to leverage resource partners free of cost to local businesses to start and expand their business operations. Partnerships include:

i) Virginia's Small Business Development Center located in the FCED offices offering assistance for all aspects of business establishment and growth;

ii) Innovation Commercialization Assistance Program (ICAP) located in the FCED offices assisting businesses looking to find start up or seed funding or learning to commercialize a novel idea;

iii) Virginia's APEX Accelerator located in FCED offices assisting businesses looking to do business with the government from the local, state, and federal levels.

iv) Dominion Energy Innovation Center run by Virginia's electric utility Dominion Energy assisting energy adjacent businesses find consumers and funding in the Mid-Atlantic region;

v) Virginia Bio a statewide network of biotechnology companies that provide unique opportunities for business development;

vi) Virginia Innovation Partnership Corporation the state entity providing companies major funding through Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) programs, Virginia's State Small Business Credit Initiative (SSBCI), Virginia Venture Partners (VVP), the Commonwealth Commercialization Fund (CCF), the Regional Innovation Fund (RIF), Public Safety Innovation Center, and the Virginia Accelerator Network.

vii) Minority Business Development Agency located in the FCED offices and a part of the US Department of Commerce, MBDA promotes the growth of Minority Business Enterprises through the mobilization and advancement of public and private sector programs.

viii) John Cabot University, Rome, Italy: In 2024 FCED established a partnership with John Cabot University in Rome, Italy with the purpose of activating graduate students through a fellowship to support Italian business expansion within the US market. FCED's role will be guiding student research and collaborating on a strategy for hosting Italian-based companies in the MEC-Fairfax Incubator.

ix) Memberships that enhance our network including: NOVA EDA, Northern Virginia Technology Council, NAIOP Northern Virginia, International Downtown Association, International Council of Shopping Centers, International Economic Development Council, and NOVA Labs.

#### **FINANCIAL CONDITION**

The total taxable assessed value of residential and commercial real property increased by 4.1% over the prior year. In CY 2024, the real estate tax rate increased by \$0.005 to \$1.030 per \$100 of assessed value. No change in the commercial and industrial real estate tax rate of 12.5 cents per \$100 of assessed value. School tuition costs of \$60.9 million were 15.1% higher in FY 2024. The current estimates indicate that the actual average daily membership (ADM), which is the population of City students in the Fairfax County Public School (FCPS) System, increased slightly in FY 2024 to 2,913 from 2,835 in FY 2023.

In order to fully fund existing programs, to keep salaries of public employees competitive, and to address the expanding program needs of the community, careful budgeting is required. The City strives to keep overall operating costs flat. In FY 2024, high inflation slowed yet still played a factor and impacted operating costs in many aspects. During FY 2024, the City provided a merit increase of 3.5% for eligible employees, a 2.0% market rate adjustment (MRA) for eligible general pay scale employees, and a 1.0% cost of living adjustment (COLA) to public safety employees, to remain competitive with surrounding jurisdictions.

The City's outstanding debt continues to be stable and saw a modest increase of \$16.7 million in FY 2024. Though the City uses debt financing in addition to the "pay-as-you-go" approach to fund certain capital projects, the City's net direct debt to tax base ratio decreased to 0.74% on June 30, 2024 from 0.84% at June 30, 2022. The City's Governmental Activities debt for FY 2024 was \$128.3 million versus \$111.6 million in FY 2023.

The following table shows the assessed value of residential and commercial properties has increased by more than 78% since 2005 including a 4.1% increase from 2023 to 2024. Real property taxes, which are based on assessments as of January 1st of each year, are due in two payments. The first six months of real estate tax is due on June 21st and the second half on December 5th.

				Industrial/		
Tax	Residential	Residential % Increase	Industrial/ Commercial	Commercial % Increase	Total Taxable Assessed	Total% Increase
Year	Assessed Value	(Decrease)	Assessed Value	(Decrease)	Value	(Decrease)
2005	3,063,115,200	25.6	1,382,126,100	5.2	4,445,241,300	18.4

#### **BOND RATING**

The City's bond ratings are as follows:

Moody's Investors Service

Standard & Poor's

General Obligation Bonds Aaa AAA

#### **BUDGETARY ACCOUNTING AND INTERNAL CONTROLS**

The budget process begins in the fall. City Council sets guidelines for the budget, usually in November. These guidelines provide the framework for developing the new budget. Operating budget requests from departments and City offices are reviewed and evaluated for priority and, based on estimated revenues, funding is requested by the City Manager in support of those programs, services, and projects. Revenue estimates are derived from a review of current and projected economic indicators, current and proposed federal and state legislation, knowledge of future planned events in the City, review of historic trends, and other factors. By law, local government budgets must be balanced; i.e., current expenditures may not exceed current revenues and appropriated fund balance.

The Capital Improvement Program (CIP) follows a similar process whereby departments submit requests, which are evaluated for priority and funding. The initial proposed CIP is issued in November and forwarded to the City Council and Planning Commission for joint discussion. The Planning Commission then holds a public hearing on the CIP and provides recommendations to the City Council. The City Council holds at least one public hearing on the CIP and defers action until adoption of the operating and capital budgets in April or May. The City Manager refines the initial proposed CIP based on an evaluation of operating funding requests and available resources.

A capital budget (year one of the proposed CIP) is included in the operating budget. The capital budget and operating budget together become the proposed budget.

The City Council reviews the proposed budget and holds a series of public hearings, work sessions, and outreach meetings to provide the public with an opportunity to comment, ensuring that the budget is responsive to the citizens' needs. After careful deliberation, the proposed budget, as modified for additions and deletions, is adopted by City Council.

As a management tool, budgetary control is maintained at the department level requiring the encumbrance of funds, which generates vendor purchase orders. In addition, revenues and expenditures are monitored throughout the year, enabling the City to measure actual income and expenses against those projected in the budget.

#### **CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING**

The GFOA awarded the City a Certificate of Achievement for Excellence in Financial Reporting for the City's ACFR for the 43<sup>rd</sup> consecutive year. GFOA awards a certificate to governmental units that exemplify excellence in financial reporting and conform to the stringent reporting requirements promulgated by that association and various other authoritative bodies.

To earn a Certificate of Achievement an ACFR must tell its financial story clearly, thoroughly, and understandably. The report must be efficiently organized, employ certain standardized terminology and formatting conventions, minimize ambiguities and potentials for misleading inference, enhance understanding of current generally accepted accounting theory, and demonstrate a constructive "spirit of full disclosure".

A Certificate is valid for a period of only one year. The City believes its current report continues to conform to the Certificate of Achievement Program requirements and standards, and is submitting it to the GFOA to determine its eligibility for another certificate for the 2024 fiscal year.

#### **ACKNOWLEDGMENTS**

We wish to express our appreciation to the staff of the Department of Finance. Their efficient and dedicated service assisted in the preparation of this report.

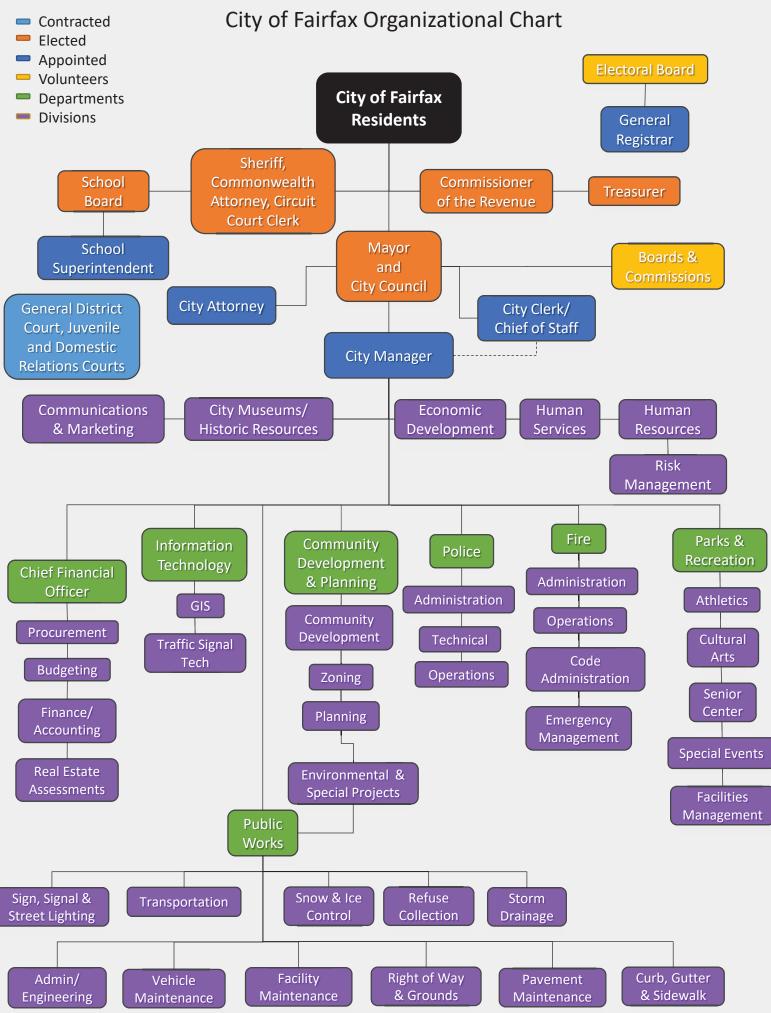

We would also like to thank the Mayor and City Council for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

Laszlo A. Palko City Manager

Chief Financial Officer

#### Independent Auditors' Report

To the Honorable Members of the City Council City of Fairfax, Virginia

#### Report on the Audit of the Financial Statements

#### Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Fairfax, Virginia, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Fairfax, Virginia, as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General Fund and ARPA Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Economic Development Authority, which represent 43 percent, 27 percent, and 4 percent, respectively, of the assets, net position, and revenues of the discretely presented component units as of June 30, 2024. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Economic Development Authority, is based solely on the report of the other auditors.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of City of Fairfax, Virginia, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Change in Accounting Principle

As described in Note 1 to the financial statements, in 2024, the City adopted new accounting guidance, GASB Statement No. 100, *Accounting Changes and Error Corrections* Our opinion is not modified with respect to this matter.

#### Restatement of Beginning Balances

As described in Note 1 to the financial statements, in 2024, the City restated beginning balances to correct balances related to leases, subscriptions and accumulated depreciation. Our opinions are not modified with respect to this matter.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about City of Fairfax, Virginia's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the *Specifications for Audits of Counties, Cities, and Towns* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the *Specifications for Audits of Counties, Cities, and Towns*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of City of Fairfax, Virginia's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about City of Fairfax, Virginia's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and schedules related to pension and OPEB funding as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise City of Fairfax, Virginia's basic financial statements. The accompanying other supplementary information and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal* Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit and the report of the other auditors the other supplementary information and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 10, 2024, on our consideration of City of Fairfax, Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of City of Fairfax, Virginia's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Fairfax, Virginia's internal control over financial reporting and compliance.

Kobinson, Farmer, Cox Associases

Fredericksburg, Virginia December 10, 2024

YEAR ENDED JUNE 30, 2024

This section of the City of Fairfax, Virginia's ("City") Annual Comprehensive Financial Report (ACFR), the Management's Discussion and Analysis (MD&A), provides an overview of the City's financial activities and performance for the fiscal year ended June 30, 2024. Users of these financial statements are encouraged to consider the information presented here in conjunction with the City's basic financial statements and the information furnished in our letter of transmittal, which can be found in the introductory section.

#### HIGHLIGHTS OF GOVERNMENT-WIDE FINANCIAL STATEMENTS

The Primary Government's assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources by \$121.5 million (net position) at the close of the fiscal year (FY) June 30, 2024, and increase of \$7.2 million from FY 2023. The Primary Government includes both governmental and business-type activities.

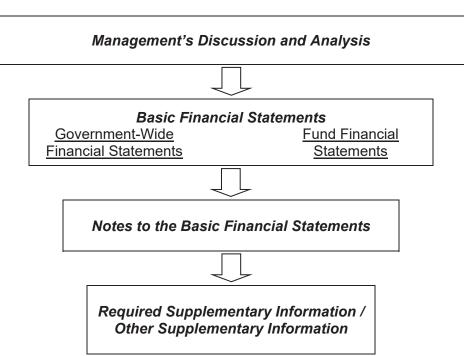

- Increases or decreases in net position may serve as a useful indicator of the financial health of the City. A combination of a 6.9% increase in assessments of taxable real property, a \$1.4 million increase in other local taxes, a \$2.9 million increase in use of money and property, accounted for a healthy increase of governmental net position in FY 2024. Refer to Tables 1 and 2 for more information.
- The Component Unit School Board had an increase in its net position of \$1.0 million during the FY as revenues outpaced expenses. The City's contribution to the School Board increased by \$10.6 million in FY24 while Education expenses also increased by \$6.2 million for the same period.
- At the end of June 30, 2024, the City's governmental, business-type, and Component Unit School Board activities had invested \$220.7, \$52.0, \$11.8 million, net of accumulated depreciation, respectively, in capital assets. Refer to Table 4 for more information.
- The City's total governmental outstanding long-term debt at FY end was \$128.3 million, an increase of \$16.7 million. Refer to the Outstanding Debt Table (Table 5) in this section or Note 7 under the Notes to the Financial Statements section of this report for additional information.

MANAGEMENT'S DISCUSSION AND ANALYSIS

YEAR ENDED JUNE 30, 2024

#### USING THE FINANCIAL SECTION OF THE ANNUAL REPORT

• This Annual Comprehensive Financial Report is presented in four sections: introductory, financial, statistical, and compliance. The financial section is further broken down as displayed in the chart below.

#### COMPONENTS OF THE FINANCIAL SECTION

#### **GOVERNMENT-WIDE STATEMENTS**

The government-wide statements report information about the City as a whole using accounting methods similar to those used by most private-sector companies. The government-wide financial statements provide both long-term and short-term information about the City's overall financial status. One of the most important questions that could be asked about the City's financial position is: "Is the City as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities, which are the government-wide statements, report information about the City as a whole and about its activities in a way to address this question. These statements include all assets and liabilities using the accrual basis of accounting. All the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report on the City's net position and changes in it. One can think of the City's net position – the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources – as one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving or declining. Other non-financial factors will need to be considered, for example, changes in the City's property tax base and the condition of the City's facilities, to assess the overall health of the City.

YEAR ENDED JUNE 30, 2024

In the Statement of Net Position and the Statement of Activities, we divide the City into the following:

*Governmental Activities* – Most of the City's basic services are reported here: General Government, Judicial Administration, Public Safety, Public Works, Health and Social Services, Parks, Recreation and Cultural, and Planning and Community Development. Property taxes, other local taxes, and state and federal aid finance most of these activities.

*Business-type Activities* – The City's Wastewater System, the Stormwater Utility, and the City's Transit System are reported here. The City charges a fee to customers to cover all of the cost of wastewater and stormwater services. In the past, a significant portion of the Transit System had been subsidized by the City, but in the past few years, the City has used "30%" state funds to subsidize its Transit operations.

*Component Units* – The City includes three legal entities as Component Units in its report – the School Board, the Industrial Development Authority, and the Economic Development Authority. The School Board is presented as a separate column while the others are combined as non-major component units for presentation purposes. These legally separate "component units" are each important because the City is financially accountable for them, and provides a significant portion of their operating and capital funding.

#### FUND FINANCIAL STATEMENTS

Traditional users of government financial statements will find the fund financial statement presentation more familiar. The fund financial statements provide more information about the City's most significant funds – not the City as a whole. The fund financial statements focus on the individual parts of the City government, reporting the City's operations in more detail than the government-wide statements.

The City has three types of funds:

*Governmental funds* – This fund type includes most of the City's basic services, and focuses on (1) how cash and other financial assets that are readily converted to cash, flow in and out, and (2) on the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs.

*Proprietary funds* – This fund type includes services for which the City charges customers a fee, and the fee is to support the majority, if not all, of the cost. Proprietary funds, like the government-wide statements, provide both long and short-term financial information.

*Fiduciary funds* – This fund type accounts for assets held by the City in a trustee capacity and consists of pension trust funds.

*Notes to the Financial Statements* – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements immediately follow the basic financial statements.

*Other Information* – In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the City's progress in funding its obligation to provide pension benefits to its employees and other information related to its pension plans. Required supplementary information immediately follows the notes to the financial statements.

The combining statements in connection with non-major funds and component units are presented immediately following the required supplementary information on pensions.

YEAR ENDED JUNE 30, 2024

#### FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

This section of the MD&A covers the Government-wide Financial Statements (Tables 1 and 2), which can also be found in the Basic Financial Statements section of the ACFR.

#### **Statement of Net Position**

Table 1 presents the condensed Statement of Net Position of the Primary Government and the School Board Component Unit in a comparative format:

Table 1
Summary of Statement of Net Position
June 30, 2024, and 2023
(in millions) *

								Major	
			Component Unit						
	-	mental ⁄ities	Busine: Activ		Tot	als	School	l Board	
	2024	2023	2024	2023	2024	2023	2024	2023	
Assets:									
Current and other assets	\$158.5	\$136.0	\$26.9	\$27.7	\$185.4	\$163.7	\$6.6	\$1.7	
Capital assets, net	\$220.7	\$221.6	\$52.0	\$49.8	\$272.7	\$271.4	\$11.8	\$10.8	
Total Assets	\$379.2	\$357.6	\$78.9	\$77.5	\$458.1	\$435.1	\$18.4	\$12.5	
Deferred outflows of resources	\$24.1	\$36.3	\$2.0	\$2.6	\$26.1	\$38.9	-	-	
Liabilities:									
Current and other liabilities	\$51.8	\$59.4	\$8.4	\$5.7	\$60.2	\$65.1	\$6.6	\$1.7	
Long-term liabilities	\$212.8	\$202.3	\$39.5	\$40.1	\$252.3	\$242.4	\$0.1	\$0.1	
Total Liabilities	\$264.6	\$261.7	\$47.9	\$45.8	\$312.5	\$307.5	\$6.7	\$1.8	
Deferred inflows of resources	\$49.6	\$51.3	\$0.6	\$0.9	\$50.2	\$52.2	\$0.0	\$0.0	
Net Position:									
Net investment in capital assets	\$116.4	\$104.9	\$33.2	\$29.5	\$149.6	\$134.4	\$11.8	\$10.8	
Restricted	\$2.8	\$1.9	-	-	\$2.8	\$1.9		-	
Unrestricted	(\$30.1)	(\$25.9)	(\$0.8)	\$3.9	(\$30.9)	(\$22.0)	(\$0.1)	(\$0.1)	
Total net position	\$89.1	\$80.9	\$32.4	\$33.4	\$121.5	\$114.3	\$11.7	\$10.7	

\*Immaterial rounding differences between the Tables in the MD&A and the Exhibits in the Financial Section of the ACFR may exist.

Over time, net position may serve as a useful indicator of the City's financial position. For the most recently concluded fiscal year, the City's Primary Government assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$121.5 million, which is an increase of \$7.2 million from the net position as of June 30, 2023. The total net position of Primary Government and School Board increased by \$8.2 million from the net position as of June 30, 2023.

The largest portion of the City's net position reflects its investment in capital assets (e.g. land, buildings, infrastructure improvements, machinery and equipment, and construction in progress, net of accumulated depreciation) less any related outstanding debt used to acquire those assets. As of June 30, 2024, this investment totaled \$284.5 million for the entire reporting entity (\$272.7 million for the Primary Government and \$11.8 million for the School Board Component Unit). The City uses these assets to provide services to its citizens; consequently, these assets are not readily available for future spending.

#### YEAR ENDED JUNE 30, 2024

#### **Statement of Activities**

The following table shows the revenues and expenses of the governmental and business-type activities and the School Board Component Unit:

YEAR ENDED JUNE 30, 2024

#### **Governmental Activities**

Revenues for the City's governmental activities were \$190.4 million, which is an increase of \$26.6 million from FY 2023:

- General property taxes are the largest revenue source for the City. A 6.9% increase in the CY 2024 assessments accounts for a robust increase in general property tax revenues of \$6.4 million in FY 2024 over FY 2023.
- Other local taxes increased by \$1.4 million in FY 2024. Specifically, sales and use taxes, business license taxes, and the meals tax continue to extend year-over-year increases.
- The use of money and property experienced another significant increase of \$2.9 million in FY 2024 over FY 2023 (an 85.6% increase.) Interest rate returns have increased from 3.4% in January 2023 to 5.4% June 2024.
- Operating grants and contributions increased by \$10.3 million in FY 2024 over FY 2023 due mostly to realization of ARPA revenue replacement (one-time), and charges for services also increased by \$1.4 million in FY 2024 over FY 2023.

The chart below shows FY 2024 governmental revenues by program source:

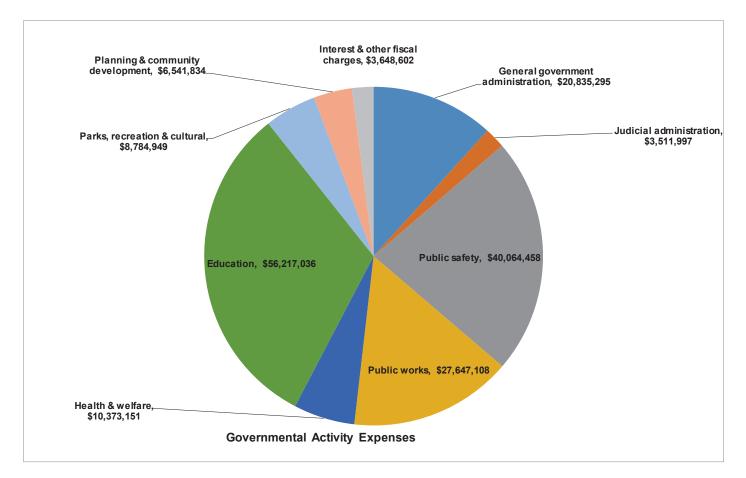

#### YEAR ENDED JUNE 30, 2024

Expenses for the City's governmental activities were \$177.6 million in FY 2024, which is an increase of \$24.0 million from FY 2023.

- FY 2024 saw a 3.5% merit increase and a 2.0% market rate adjustment for eligible general pay scale employees. The budget also allowed a 1.0% cost of living adjustment to public safety (Police and Fire) employees, and their programmed annual step increase. These investments ensure greater parity within the Northern Virginia region and support our recruitment and retention efforts.
- Education expense category experienced a \$10.8 million (23.9%) increase in FY 2024 over FY 2023. This category continues to remain the single largest expense to the City.
- Public works expenses increased by \$1.5 million in FY 2024. Personnel vacancies contributed to increased overtime payments.

As shown in the chart below, education remains the City's largest program, followed by public safety and public works.

The chart below shows FY 2024 governmental expenses by major category:

#### YEAR ENDED JUNE 30, 2024

#### Business-type Activities

Business-type activities decreased the City's net position by \$1.0 million, mainly caused current and other liabilities. Total revenues also decreased by \$2.3 million from FY 2023, mostly due to decreases in operating grants and contributions. Business-type activities expenses increased by \$1.5 million, driven by increased public works expenses.

#### Component Unit Activities

The School Board's net position was \$11.7 million at the end of FY 2024, an increase of \$1.0 million from the net position as of June 30, 2023. The increase in net position was mainly caused by current and other assets increasing year-overyear.

#### FINANCIAL ANALYSIS OF THE CITY'S FUNDS (See Exhibits 3-10)

This section of the MD&A discusses the City's Fund Financials, which as noted earlier, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Consequently, the amounts presented in Exhibits 3 through 7 in the Basic Financial Statements section of the ACFR will differ from the amounts presented in Exhibits 1 and 2. Exhibit 4 provides a reconciliation between the Balance Sheet of the Governmental Funds and the Statement of Net Position to allow the reader to understand the connection.

#### Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance is a useful measure of a City's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$73.4 million, an increase of \$28.9 million from the prior year. Approximately 44.0% of this total amount (\$32.3 million) constitutes unassigned fund balance, which is available for spending at the City's discretion. The remainder of the fund balance is classified as non-spendable (\$6.4 million), restricted (\$2.3 million), and assigned (\$31.7 million) to indicate that the funds are not available for discretionary spending.

The General Fund is the primary operating fund of the City. The total fund balance increased by \$10.0 million in FY 2024 (revenues of \$168.3 million less expenditures of \$151.1 million and other financing uses (net) of \$7.2 million). The City's General Capital Projects Fund and Other Governmental Funds reflected an overall increase of \$18.9 million. The increase in fund balance of the General Capital Projects Fund was due to transfers in from the General Fund and issuance of debt.

The General Capital Projects and Other Governmental fund balances are committed or assigned to capital projects, and unavailable for other spending.

#### Proprietary funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements for Business-type Activities. Unrestricted net position of the Wastewater Fund, Stormwater Utility Fund, and Transportation Fund at June 30, 2024 totaled \$3.0 million, (\$1.5) million, and (\$2.2) million, respectively. The total proprietary fund unrestricted net position decreased by \$4.8 from the prior year to (\$0.8) million.

#### YEAR ENDED JUNE 30, 2024

Major events in the Governmental and Proprietary Funds during the current fiscal year included the following:

- Second year of the Stormwater Utility (effective July 1, 2022), and supported customer fees that are based on the amount of impervious surface on each parcel.
- Continued development of the Sherwood Community Center Expansion project between the City of Fairfax and Fairfax County.
- Utilization of \$11.6 million in ARPA funds, specifically for revenue replacement, negative economic impacts, and infrastructure-stormwater.
- An increase in Wastewater utility rate of 6.0% to support the City's share of capital project costs required for the Noman M. Cole, Jr. Wastewater Treatment Plant.

#### General Fund Budgetary Highlights

While the previous sections discuss changes in actual results from FY 2023 to FY 2024, the following section provides a summarized final-budget-to-actual analysis of the General Fund to show how actual results compare to the final budget. While results may be positive year-over-year, they may still show a negative variance with the final budget.

Table 3 summarizes Exhibit 7, which can be found in the Basic Financial Statements section of the ACFR.

#### Table 3 General Fund Budgetary Highlights Fiscal Year 2024 (in millions) \*

	F	Final Budget	Actual	Over	Actual /(Under) l Budget
Revenues:					
Taxes	\$	138.6	\$ 141.8	\$	3.2
Intergovernmental		8.0	11.5		3.5

Fund balance, beginning		11.5	33.6		22.1
Fund balance, ending	\$	-	\$ 43.6	\$	43.6

YEAR ENDED JUNE 30, 2024

Actual General Fund revenues were \$11.2 million more than the final budget amounts, and actual expenditures mirrored the final budget. Highlights of the comparison of the final budget to actual figures for the fiscal year ended June 30, 2024, include the following:

- Tax revenues increased based on annual assessed values increasing by 6.9% and a 0.005 real estate rate increase (\$6.4 million). Additionally, the city is continuing to experience a reduction in commercial vacancies which directly impacts tax revenues; the city's office market currently has a 9.5% vacancy rate, lower than that of Fairfax County and of Northern Virginia as a whole.
- Overall expenditures came in at budget (\$151.0 million), driven by continued program/department efficiencies and vacancy savings.

#### CAPITAL ASSETS

As of June 30, 2024, the City's governmental activities, business-type activities, and the activities of the Component Unit School Board had invested \$220.7, \$52.0, \$11.8 million net of accumulated depreciation, respectively, in capital assets, as reflected in Table 4 below.

			Component Unit

#### Table 4 Statement of Capital Assets June 30, 2024, and 2023 (in millions) \*

YEAR ENDED JUNE 30, 2024

The City's investment in capital assets for governmental and business-type activities as of June 30, 2024, amounts to \$272.7 million, net of accumulated amortization and accumulated depreciation. This investment in capital assets includes land, construction in progress, buildings, improvements, machinery and equipment, and infrastructure. Common infrastructure items include roadways, bridges, storm drainage areas, wastewater lines, sidewalks, curbs, bike paths and traffic lights.

Major capital asset transactions of the City during FY 2024 in both the governmental and business-type activities included the following:

- Continued investment in the Willard-Sherwood Community Center Expansion project between the City of Fairfax and Fairfax County.
- > Investment in the Fire Station #3 project with planned site purchase in early FY 2025.
- > Continued Old Town Hall Rehabilitation project as construction in progress.

The City's investment in capital assets for its School Board Component Unit as of June 30, 2024, was \$11.8 million, net of accumulated depreciation, a net increase of \$1.0 million from the prior fiscal year. Prior to factoring depreciation, capital assets, specifically buildings and improvements and machinery and equipment increased by \$4.9 million during FY 2024.

Additional information on the City's capital assets can be found in Note 6 of the Notes to the Financial Statements section of this report.

#### OUTSTANDING DEBT

Total City Debt	\$	128.3	\$	111.6	\$	33.3	\$	34.1	\$	161.6	\$	145.7

YEAR ENDED JUNE 30, 2024

The City's total debt for governmental activities increased by \$16.7 million, and debt for business-type activities decreased by \$0.8 million in FY 2024. The City's debt reported a combined total of \$161.6 million, an increase of \$15.9 million from the prior year.

Additional information on the City of Fairfax's long-term debt can be found in Note 7 of Notes to the Financial Statements section of this report.

#### **ECONOMIC FACTORS**

The City's at-place workforce continues to be strong and according to the US Bureau of Labor Statistics, the City of Fairfax was home to approximately 21,700 in early 2024. The City's unemployment rate now stands at 2.4% as of May 2024, which is a slight increase from the 2023 annual average of 2.2%. The City's current unemployment is better than Virginia's average (2.9%) and the national average (3.6%). With 4.4 million square feet of office space, the City of Fairfax remains one of Northern Virginia's employment hubs. The City's office market currently has a 9.5% vacancy rate, considerably lower than that of Fairfax County and of Northern Virginia as a whole. The retail market remains healthy, with a vacancy rate of only 3.1%, less than the regional average for retail vacancies. The City's bond ratings, Aaa (Moody's Investor Services) and AAA (Standard and Poor's) place it in the top tier of municipal bond issuers. The City continues to maintain a strong economic base. The City continues to attract significant investment in commercial and residential redevelopment and some projects include: N29, City Centre West, The Point, and Northfax West. The FCED also proactively pursues business engagement, business expansion and retention, and business attraction within the City; some major leasing activities were CDM Smith, Ellie Mental Health, and Zeta Associates.

#### CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors, and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. Questions concerning this report or requests for additional financial information should be directed to the Chief Financial Officer, City of Fairfax, 10455 Armstrong Street, Fairfax, Virginia 22030, telephone (703) 385-7850, or visit the City's web site at www.fairfaxva.gov.

#### Reconciliation of Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities Year Ended June 30, 2024

		Primary Government Governmental Funds
Amounts reported for governmental activities in the Statement of Activities are different because:		
Net changes in fund balances - total governmental funds	\$	28,948,381
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which the capital outlays exceeded depreciation in the current period. The following details support this adjustment:		
Capital outlay \$	9,683,285	
Depreciation expense	(10,420,789)	(737,504)
Transfer of assets from Primary Government to the Component Unit School Board		(1,370,779)
Revenues in the Statement of Activities that do not provide current financial resources are		
not reported as revenues in the funds.		443,653
The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items. A summary of items supporting this adjustment is as follows:		
Issuance of debt \$		
Bond premium	(1,374,382)	
Principal retired on general obligation debt	3,243,000	
Principal retired on public improvement bonds	560,000	
Principal retired on lease revenue bonds Principal retired on notes payable	3,013,000 595,000	
Principal retired on lease liabilities	38,993	
Principal retired on subscriptions	616,443	
Principal retired on equipment financing agreements	410,679	(16,072,267)
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds. The following is a summary of items supporting this adjustment:		
Change in accrued interest payable \$	(553,626)	
Change in compensated absences	42,493	
OPEB expense	251,515	
Pension expense	(3,093,591)	
Amortization of premiums on bonds payable	232,844	
Amortization of loss on refunding	(421,234)	(3,541,599)
Change in net position of governmental activities	\$	7,669,885

## Notes to the Financial Statements June 30, 2024

## NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Fairfax, Virginia, conform with accounting principles generally accepted in the United States of America (GAAP), as applied to governmental units promulgated by the Governmental Accounting Standards Board (GASB). The more significant of the government's accounting policies are described below.

#### A. Entity and Services

The City of Fairfax, Virginia (the "City") is a political subdivision of the Commonwealth of Virginia. Cities in Virginia are separate from counties, and thus, the City is not part of any other political subdivision. Citizens elect a Mayor and a six-member City Council to two-year terms and a Treasurer and Commissioner of Revenue to four-year terms. The Mayor and the Council appoint a City Manager to act as chief executive.

The City provides the following services: public safety (police and fire), community development (e.g., planning and zoning), public works (e.g., streets), sewage collection, refuse collection, and local bus service. The City contracts with Fairfax County and the Commonwealth of Virginia to provide the following services to its residents: courts, correctional facilities, educational services (in City-owned buildings), welfare, libraries, and sewage treatment.

## B. <u>Financial Reporting Entity</u>

As required by GAAP, the accompanying financial statements present the financial data of the City (the Primary Government) and its component units. The financial data of the component units are included in the City's basic financial statements because of the significance of their operational or financial relationships with the City. The City and its component units are together referred to herein as the reporting entity.

*Discretely Presented Component Units* - Discretely presented component units are reported separate from the primary government to emphasize that they are both legally and substantially separate from the City. The following organizations have been included in the reporting entity as discretely presented component units:

<u>City of Fairfax School Board</u> - The City of Fairfax School Board is responsible for educating the school age population of the City facilitated through a contractual school services agreement with the County of Fairfax, Virginia. The City of Fairfax School Board consists of five (5) qualified voters of the City elected by popular vote at large. The School Board is fiscally dependent upon the City because the City Council approves the annual budget of the School Board, levies the necessary taxes to finance operations and approves the borrowing of money and issuance of debt. Further, the City is enjoined in the School Service Agreement for tuition under the County contract. The School Board does not issue separate financial statements and, as such, they have been included in these statements. The School Board utilizes an operating and a capital projects fund:

<u>School Operating Fund</u> - This fund is the primary operating fund of the School Board and accounts for and reports all revenues and expenditures applicable to the general operations of the public school system. Revenues are derived primarily from charges for services, appropriations from the City and state and federal grants.

<u>School Bond Renovation Fund</u> - Accounts for and reports financial resources that are restricted, committed or assigned to expenditure for capital outlays, except for those financed by proprietary funds or for assets held in trust for individuals, private organizations, or other governments

## NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

## B. Financial Reporting Entity: (Continued)

#### Discretely Presented Component Units: (Continued)

<u>Economic Development Authority (EDA)</u> - The Authority has responsibility for encouraging industrial and commercial development in the City and making recommendations to City Council. The Authority has a Board consisting of seven directors appointed by City Council. Although the Authority is legally separate, they are fiscally dependent on the City. Separate financial statements are issued.

#### Other Related Organizations not included in these Financial Statements

<u>Fairfax Volunteer Fire Department, Inc.</u> - Fairfax Volunteer Fire Department, Inc. is organized as a volunteer firefighting organization and is designed as a Fire Company of the City. The Department Chief is the Department Head, appointed by the City Manager, after consultation with the Board of Directors of the Fairfax Volunteer Fire Department, Inc., and with concurrence of City Council. The Department Chief has responsibility and authority for all operations and administration of the Department. The City cannot impose its will on the Volunteer Fire Department or override or modify the decisions of the Board of Directors. The Volunteer Fire Department is fiscally independent and there is no financial benefit or burden relationship with the City. Therefore, it is not included in the City's financial statements.

<u>Historic Fairfax City, Inc. - Historic Fairfax, Inc.</u> - was incorporated in 1983 as a non-profit corporation for the purpose of promoting and preserving historic properties and increasing public awareness and appreciation of the history of the City of Fairfax and the Courthouse area. The Board consists of fourteen (14) members. Five (5) members are appointed by City Council. The Corporation is legally separate, and the City cannot impose its will on the Corporation. The Corporation is fiscally independent and there is no financial benefit or burden relationship with the City. Therefore, it is not included in the City's financial statements.

<u>Northern Virginia Regional Park Authority</u> - The Northern Virginia Regional Park Authority (NVRPA) was created under the authority of the Code of Virginia, Title 15.1, Chapter 27-Park Authorities Act, for the purpose of planning, acquiring, developing, constructing, operating, and maintaining a system of regional parks within the geographical limits of the political subdivisions composing the said Authority. The bylaws were adopted on February 3, 1959 and amended on April 14, 1965. The NVRPA consists of twelve (12) members. Two (2) members are appointed by City Council. The NVRPA is legally separate and the City cannot impose its will on the NVRPA, which is also fiscally independent and there is no financial benefit or burden relationship with the City. Therefore, it is not included in the City's financial statements.

# NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

#### C. Government-Wide and Fund Financial Statements

The basic financial statements include both government-wide (based on the City as a whole) and fund financial statements. The focus is on both the City as a whole and the fund financial statements, including the major individual funds of the governmental and proprietary fund categories, as well as the fiduciary funds, (by category) and the component units. Both the government-wide and fund financial statements (within the basic financial statements) categorize primary activities as either governmental or business-type. In the government-wide Statement of Net Position, the governmental activities columns (a) are presented on a consolidated basis and (b) are reflected on a full accrual, economic resource basis, which incorporates long-term assets as well as long-term debt and obligations. Each presentation provides valuable information that can be analyzed and compared (between years and between governments) to enhance the usefulness of the information.

The government-wide Statement of Activities reflects both the gross and net cost per functional category (public safety, public works, health and welfare, etc.) that are otherwise being supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants, and contributions. The program revenues must be directly associated with the function (public safety, public works, health and welfare, etc.) or a business-type activity. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function, and 2) grants and contributions that are restricted to meeting the operation or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues. Operating grants and contributions include operating-specific and discretionary grants while the capital grants column reflects capital-specific grants. Proprietary fund operating revenues consist of charges for services and related revenues. Nonoperating revenues consist of contributions, grants, investment earnings and other revenues not directly derived from the providing of services.

As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's proprietary funds and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

In the fund financial statements, financial transactions and accounts of the City are organized on the basis of funds. The operation of each fund is considered to be an independent fiscal and separate accounting entity, with a self-balancing set of accounts recording cash and/or other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The governmental fund statements are presented on a current financial resource and modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements' governmental column, a reconciliation is presented to briefly explain the adjustment necessary to reconcile the fund financial statements to the governmental column of the government-wide financial statements. The proprietary funds utilize the accrual basis of accounting, where the measurement focus is upon determination of net income.

## NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

#### C. Government-Wide and Fund Financial Statements: (Continued)

The City's fiduciary funds are two pension trust funds and since, by definition, these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the City, these funds are not incorporated into the government-wide statements.

The following is a brief description of the specific funds used by the City:

**Governmental Funds** - Account for the expendable financial resources, other than those accounted for in Proprietary and Fiduciary Funds, and utilize the modified accrual basis of accounting, where the measurement focus is upon determination of financial position and changes in financial position, rather than the determination of net income. The individual governmental funds are:

<u>General Fund</u> - The primary operating fund of the City and is used to account for and report all revenues and expenditures applicable to the general operations of the City, which are not accounted for in other funds. Revenues are derived primarily from property and other local taxes, licenses, permits, charges for services, use of money and property, and intergovernmental grants. Many of the more important activities of the City, including operation of the City's general service departments, street and highway maintenance, public safety, parks, cemetery, library and recreation programs, are accounted for in this fund. The General Fund is considered a major fund for financial reporting purposes.

<u>Capital Projects Funds</u> - Account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays, except for those financed by proprietary funds. The General Capital Projects Fund is considered a major fund. The Stormwater Fund is reported as a nonmajor fund.

<u>Special Revenue Funds</u> - Account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The ARPA Fund is considered a major fund. The Commercial Transportation Tax Fund, the Legacy for Fairfax Fund and Old Town Fairfax Fund are reported as nonmajor funds.

**Proprietary Funds** - Account for operations that are financed in a manner similar to private business enterprises wherein the measurement focus is upon determination of net income, net position, and changes in net position. Enterprise funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. The City's enterprise funds consist of the following:

<u>Wastewater Fund</u> - This major fund is used to account for the operation and maintenance of the City's sanitary sewer system.

<u>Transportation Fund</u> -- This major fund is used to account for the operation and maintenance of the City's CUE Bus System, which receives funding through grants from the Commonwealth and the Federal government as well as Commercial Transportation Tax Fund transfers and charges for services.

<u>Water Utility Fund</u> - This nonmajor fund is used to account for the remaining activities after the sale of the City's water system in a prior fiscal year.

<u>Stormwater Utility Fund</u> - This major fund is used to account for the operation and maintenance of the City's stormwater system.

## NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

#### C. Government-Wide and Fund Financial Statements: (Continued)

**Fiduciary Funds** - Account for assets held by the City in a trustee capacity and utilize the accrual basis of accounting. The following funds are includes in this fund type:

<u>City Supplemental Pension Trust Fund</u> - Accounts for pension funds for the City's full-time general employees.

<u>Firefighters, Policemen, and Policewomen Pension Trust Fund</u> - Accounts for pension funds for the City's full-time public safety personnel.

#### D. Basis of Accounting

The accompanying financial statements are prepared in accordance with pronouncements issued by the Governmental Accounting Standards Board. The principles prescribed by GASB represent generally accepted accounting principles applicable to governmental units.

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of recognition in the financial statements of various kinds of transactions or events.

The government-wide Statement of Net Position and Statement of Activities, all proprietary funds, and private purpose trust funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these activities are either included on the Statement of Net Position or on the Statement of Fiduciary Net Position. Proprietary fund-type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net position.

The Statement of Net Position, Statement of Activities, proprietary and fiduciary funds are presented on the accrual basis of accounting. Under this method of accounting, revenues are recognized when earned and expenses are recorded when liabilities are incurred without regard to receipt or disbursement of cash.

The governmental fund financial statements, for the Primary Government and component units, are maintained and reported on the modified accrual basis of accounting using the current financial resources measurement focus. Under this method of accounting, revenues are recognized in the period in which they become measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 45 days of the end of the current period. Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual. Accordingly, real and personal property taxes are recorded as revenues and receivables when billed, net of allowances for uncollectable amounts. Property taxes not collected within 45 days after year-end are reflected as deferred inflows of resources - unavailable revenues taxes. Sales and utility taxes, which are collected by the Commonwealth or utilities and subsequently remitted to the City, are recognized as revenues and receivable upon collection, which is generally one or two months preceding receipt by the City. Licenses, permits, fines, and rents are recorded revenues when received.

## NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

## D. Basis of Accounting: (Continued)

Intergovernmental revenues, consisting primarily of Federal, state, and other grants for the purpose of funding specific expenditures, are recognized when the qualifying expenditures have been incurred and all other eligibility requirements have been met. Revenues from general-purpose grants are recognized in the period to which the grant applies. All other revenue items are considered to be measurable and available only when the City receives cash.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this rule include: (1) accumulated unpaid vacation leave, sick leave, and other employee amounts (e.g., other postemployment benefits), which are recognized when paid, and (2) principal and interest payments on general long-term debt, including lease and subscription liabilities, both of which are recognized when due. General capital asset acquisitions, including entering into contracts giving the government the right to use lease and subscription assets, are reported as expenditures in the governmental funds. Issuance of long-term debt and financing through leases and subscriptions are reported as other financing sources.

#### E. Stewardship, Compliance, and Accountability

#### **Budgeting Information**

The City Council's fiscal control is exercised through two distinct processes: budgeting and appropriations. The City budget is developed for informative and fiscal planning purposes only and presents an itemized listing of contemplated expenditures and estimated revenues for the ensuing fiscal year. The City Council adopts an annual budget for the General Fund and ARPA Fund. Budgets for the Capital Projects Funds, Old Town Fairfax Fund, the Commercial Transportation Tax Fund and the Stormwater Fund are prepared annually as part of a five-year plan for capital improvements and represent project-length budgets. Budgets for the enterprise funds serve as a spending guide for the City and do not constitute legally binding limitations.

When the budget becomes effective at the beginning of the fiscal year, the City Council must make appropriations before money may be expended for any budgeted program, project or operation. Appropriations are made on an annual basis with supplemental appropriations made as needed. Such appropriations may be greater than contemplated in the annual budget. All appropriations lapse at year-end.

The City's appropriated budget is prepared by fund and department. Appropriations are legally controlled at the department level. The budget is administratively controlled at the department level. The City Manager may approve all transfers within the same department. All other transfers must be approved by City Council. A supplemental appropriation which exceeds one percent of total expenditures shown in the currently adopted budget must be accomplished by publishing a notice of public hearing in a newspaper having general circulation in the City seven days prior to the hearing. The notice shall state the City's intent to amend the amounts to be appropriated and include a brief synopsis of the proposed action. The City Council approved supplemental appropriations that increased the General Fund original budget by \$6,625,959 in the general fund.

## NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

#### E. Stewardship, Compliance, and Accountability: (Continued)

#### Budgeting Information: (Continued)

The budgets are prepared using the same accounting basis and practices as are used to account for and prepare the financial reports for the fund; thus, the budgets presented in this report for comparison to actual amounts are presented in accordance with accounting principles generally accepted in the United States of America.

Encumbrance accounting, under which purchase orders and contracts are recorded to commit that portion of the applicable appropriation, is employed as an extension of formal budgetary integration. Encumbrances outstanding at year end are not included as expenditures but are reported as commitments of fund balances in all funds and are reappropriated in the following year. Encumbrances totaled \$2,857,331 for the General Fund as of June 30, 2024.

#### Excess of expenditures over appropriations

Fund		Appropriations	Actual		Variance	
General Fund						
City attorney	\$	717,000	\$	748,748	\$	(31,748)
Printing and office supplies		275,177		305,399		(30,222)
Treasurer		1,025,990		1,134,968		(108,978)
Pool maintenance		40,000		44,457		(4,457)
Joint court service		386,000		397,964		(11,964)
Juvenile and domestic relations		625,611		1,103,487		(477,876)
Court services and custody		1,162,475		1,707,929		(545,454)
Fire and rescue suppression		14,064,706		14,127,156		(62,450)
Asphalt maintenance		1,643,497		1,645,197		(1,700)
Facilities maintenance		2,225,048		2,380,258		(155,210)
Regional agencies		150,303		155,803		(5,500)
Human services coordinator		387,075		634,213		(247, 138)
Housing and community development Social services		270,850 2,736,782		309,328 3,732,517		(38,478) (995,735)
Contribution to Fairfax City School Board		45,619,468		47,830,024		(2,210,556)
Special events		1,156,109		1,164,260		(8,151)
Parks and recreation facilities		729,718		785,184		(55,466)
Principal retirement		7,821,679		7,942,691		(121,012)
Interest and fiscal charges		2,322,978		2,328,884		(5,906)
Bond issuance costs		-		484,986		(484,986)

Expenditures exceeded appropriations for the year ended June 30, 2024 as follows:

#### F. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, amounts in demand deposits, and short-term investments with a maturity date within three months of the date acquired by the government. For purposes of the statement of cash flows, the government's proprietary funds consider their demand deposits and all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

## NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

#### F. Cash and Cash Equivalents: (Continued)

Cash of individual funds (other than the Industrial Development Authority and the Economic Development Authority) is combined to form a pool of cash and investments. The pool consists primarily of certificates of deposit, repurchase agreements, government and corporate obligations, commercial paper, and the Commonwealth of Virginia's Local Government Investment Pool (LGIP). All securities are stated at fair value, based on quoted market prices and the investment in the LGIP and SNAP, which operates in accordance with appropriate state laws and regulations, is reported at amortized cost. The reported value of the pool is the same as the fair value of the pool shares. Interest earned as a result of pooling is distributed to the appropriate funds utilizing a formula based on month-end balances. All investments are stated at fair value.

#### G. Inventories and Prepaid Items

Inventory is stated at cost (first-in, first-out), which is not in excess of market value. It consists primarily of operating materials held for consumption and or supplies for repairs and maintenance. Prepaid items are reported on the Consumption Method. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

#### H. <u>Receivables and Payables</u>

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e. the current portion of interfund loans). All other outstanding balances between funds are reported as "advances to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

All trade and property tax receivables are shown net of an allowance for uncollectibles. The City calculates its allowance for uncollectible accounts using historical collection data and, in certain cases, specific account analysis. The allowance amounted to \$358,074 at June 30, 2024 in the General Fund for property taxes.

Property taxes are levied as of January 1 based on the assessed value of real and personal property as of that date. The City's legal right to collect property taxes attaches each year when the rates are approved, and the taxes are assessed. Real estate taxes are collectible twice a year, on June 26 and December 5. Personal property taxes are due on October 5. Amounts not collected within 45 days after year-end are reflected as unavailable revenue.

	Real Property	
Levy date	January 1	January 1
Due date and collection date	June 26 and December 5	October 5
Lien date for delinquent taxes	3 years from due date	Various

# NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

## I. Capital Assets

Capital outlays are recorded as expenditures of the governmental funds and as assets in the proprietary funds and in the government-wide financial statements to the extent the City's capitalizations threshold is met. The City capitalizes assets which have an initial cost of \$10,000 or more per unit (\$5,000 for assets purchased with Federal monies) and a useable life of two or more years. "Infrastructure" assets (roads, bridges, curbs, gutters, etc.) are capitalized when the initial cost exceeds \$50,000. Repairs and maintenance are charged to operations as they are incurred. Additions and betterments are capitalized. The cost of assets retired, along with accumulated depreciation, are removed from the accounts.

All capital assets are included in the financial statements at historical cost or estimated historical cost if actual cost is not available (except for intangible right-to-use lease and subscription assets, the measurement of which is discussed in more detail below). Donated capital assets are valued at their acquisition value on the date donated.

Land and construction in progress are not depreciated. The other tangible and intangible property, plant equipment, lease assets, subscription assets, and infrastructure of the primary government, as well as the component unit, are depreciated/amortized using the straight-line method over the following estimated useful lives:

Buildings and improvements	10-50 years
Infrastructure	12-75 years
Wastewater infrastructure	25-50 years
Machinery and equipment	5-25 years
Intangibles	25-32 years
Subscription assets	1 - 5 years
Lease machinery and equipment	1 - 5 years
Lease buildings	1 - 13 years

Capital assets having historical significance and being maintained by the City, which are not expected to decrease in value and, are not being depreciated.

#### J. Compensated Absences

City employees accumulate vacation leave hours for subsequent use up to the maximum of 300 hours per employee. Unused vacation in excess of 300 hours is credited toward sick leave. Sick leave does not vest with the employee and is not accrued; however, unused sick leave is credited toward years of service for retirement purposes.

All vacation pay is accrued when incurred in the government-wide and proprietary financial statements. For governmental fund types, the amount of accumulated unpaid vacation leave which is payable from available resources is recorded as a liability of the respective fund only if they have matured, for example, as a result of employee retirement or resignation. For City proprietary funds the cost of vacation and sick leave is recorded as a liability when earned.

# NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

## K. Deferred Outflows/Inflows of Resources

In addition to assets, the financial statements includes a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. One type of deferred outflow of resources relates to the amount by which the principal and premium of a refunding bond exceeded the net carrying amount of the refunded debt and is being amortized over the shorter of the life of the refunded or refunding debt. Other deferred outflows are related to pension and OPEB. For more information on these items, reference the related notes.

In addition to liabilities, the financial statements includes a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. Deferred inflows of resources, under the modified accrual basis of accounting, representing property taxes receivable, are reported in the governmental funds' Balance Sheet. This amount is comprised of uncollected property taxes due prior to June 30, 2nd half installments levied during the fiscal year but due after June 30th and amounts prepaid on the 2nd half installments deferred and recognized as an inflow of resources in the period that the amount becomes available. Under the accrual basis, 2nd half installments levied during the fiscal year to fund the next fiscal year and amounts prepaid on the 2nd half installments of resources are also reported for amounts related to pensions, leases, and OPEB. For more information on these items, reference the related notes.

# L. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City's and School Board's Retirement Plan and the additions to/deductions from the City's and School Board's Retirement Plan's net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

# M. Other Postemployment Benefits (OPEB)

For purposes of measuring the net VRS related OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to the OPEB, and OPEB expense, information about the fiduciary net position of the VRS GLI and Teacher HIC OPEB Plans and the additions to/deductions from the VRS OPEB Plans' net fiduciary position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

#### N. Long-Term Obligations

In the government-wide financial statements, long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued and premiums on issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

#### O. Net Position

The difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources is called net position. Net position is comprised of three components: net investment in capital assets, restricted, and unrestricted.

- Net investment in capital assets consists of capital assets, net of accumulated depreciation/ amortization and reduced by outstanding balances of bonds, notes, and other debt that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are included in this component of net position.
- Restricted net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Assets are reported as restricted when constraints are placed on asset use either by external parties or by law through constitutional provision or enabling legislation.
- Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that does not meet the definition of the two preceding categories.

#### P. <u>Net Position Flow Assumption</u>

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

# Q. Component Unit-School Board Capital Asset and Debt Presentation

By law, the School Board does not have taxing authority and, therefore, it cannot incur debt through general obligation bonds to fund the acquisition, construction or improvement of its capital assets. That responsibility lies with the City who issues the debt on behalf of the School Board. However, the Code of Virginia requires the School Board to hold title to the capital assets (buildings and equipment) due to their responsibility for maintaining the asset.

# NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

## Q. Component Unit-School Board Capital Asset and Debt Presentation: (Continued)

In the Statement of Net Position, this scenario presents a dilemma for the City as debt issued on behalf of the School Board is reported as a liability of the Primary Government, thereby reducing the net position of the City. The corresponding capital assets are reported as assets of the School Board (title holder), thereby increasing its net position.

The Virginia General Assembly amended the Code of Virginia to allow a tenancy in common with the School Board whenever the locality incurs a financial obligation which is payable over more than one fiscal year for any school property. The tenancy in common terminates when the associated debt has been paid in full. For financial reporting purposes, the legislation permits the locality to report the portion of the school property related to any outstanding financial obligation, thus eliminating a potential deficit from financing capital assets with debt.

#### R. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources as well as the disclosure of contingent amounts at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

#### S. Fund Balance

In governmental fund types, the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources is called "fund balance." The City's governmental funds report the following categories of fund balance, based on the nature of any limitations requiring the use of resources for specific purposes:

- Nonspendable Fund Balance Amounts that are either not in spendable form (such as inventory and prepaids); or are legally or contratually required to be maintained intact (corpus of a permanent fund)
- *Restricted Fund Balance* Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;
- Committed Fund Balance Amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority (e.g., Council ordinance); to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;
- Assigned Fund Balance Amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority, and
- Unassigned Fund Balance Amounts that are available for any purpose; positive amounts are only reported in the general fund.

## NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

#### S. Fund Balance: (Continued)

When fund balance resources are available for a specific purpose in more than one classification, it is the City's policy to use the most restrictive funds first in the following order: restricted, committed, assigned, and unassigned as they are needed.

City Council establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment, which does not lapse at year end, is further indicated in the budget document as a designation or commitment of the fund (such as for special incentives). In accordance with City policy, assigned fund balance is established by City Council or the Chief Financial Officer as amounts intended for specific purpose (such as the purchase of capital assets, construction, debt service, or for other purposes).

## NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

#### T. Leases and Subscription-Based IT Arrangements

The City has various lease assets and subscription-based IT arrangements (SBITAs) requiring recognition. A lease is a contract that conveys control of the right to use another entity's nonfinancial asset. Lease recognition does not apply to short-term leases, contracts that transfer ownership, leases of assets that are investments, or certain regulated leases. A SBITA is defined as a contract that conveys control of the right to use another party's (a SBITA vendor's) information technology (IT) software, alone or in combination with tangible capital assets (the underlying IT assets), as specified in the contract for a period of time in an exchange or exchange-like transaction.

#### Lessee

The City recognize lease liabilities and intangible right-to-use lease assets (lease assets) in the aggregate in the government-wide financial statements. At the commencement of the lease, the lease liability is measured at the present value of payments expected to be made during the lease term (less any lease incentives). The lease liability is reduced by the principal portion of payments made. The lease asset is measured at the initial amount of the lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs. The lease asset is amortized over the shorter of the lease term or the useful life of the underlying asset.

#### Lessor

The City recognizes leases receivable and deferred inflows of resources in the government-wide and governmental fund financial statements. At commencement of the lease, the lease receivable is measured at the present value of lease payments expected to be received during the lease term, reduced by any provision for estimated uncollectible amounts. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is measured at the initial amount of the lease receivable, less lease payments received from the lessee at or before the commencement of the lease term (less any lease incentives).

#### Subscriptions

The City recognizes intangible right-to-use subscription assets (subscription assets) and corresponding subscription liabilities in the government-wide financial statements. At the commencement of the subscription, the subscription liability is measured at the present value of payments expected to be made during the subscription liability term (less any contract incentives). The subscription liability is reduced by the principal portion of payments made. The subscription asset is measured at the initial amount of the subscription liability payments made to the SBITA vendor before commencement of the subscription term, and capitalizable implementation costs, less any incentives received from the SBITA vendor at or before the commencement of the subscription term. The subscription asset is amortized over the shorter of the subscription term or the useful life of the underlying IT asset.

# NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

#### T. Leases and Subscription-Based IT Arrangements: (Continued)

#### Key Estimates and Judgments

Lease and subscription-based IT arrangement accounting includes estimates and judgments for determining the (1) rate used to discount the expected lease and subscription payments to present value, (2) lease and subscription term, and (3) lease and subscription payments.

- The City uses the interest rate stated in lease or subscription contracts. When the interest rate is not provided or the implicit rate cannot be readily determined, the City uses its estimated incremental borrowing rate as the discount rate for leases and subscriptions.
- The lease and subscription terms include the noncancellable period of the lease or subscription and certain periods covered by options to extend to reflect how long the lease or subscription is expected to be in effect, with terms and conditions varying by the type of underlying asset.
- Fixed and certain variable payments as well as lease or subscription incentives and certain other payments are included in the measurement of the lease receivable (lessor), lease liability (lessee) or subscription liability.

The City monitors changes in circumstances that would require a remeasurement or modification of its leases and subscriptions. The City will remeasure the lease receivable and deferred inflows of resources (lessor), the lease asset and liability (lessee) or the subscription asset and liability if certain changes occur that are expected to significantly affect the amount of the lease receivable, lease liability or subscription liability.

#### U. <u>Restatements:</u>

Beginning balances were restated as follows:

		Net Position				
	-	Governmental Activities	Business-Type Activities	Component Unit EDA		
Balance as reported July 1, 2023	Ş	80,855,580 \$	33,542,265	\$ 2,640,711

Restatement of leases Restatement of subscription liabilities	_	(680,363)	-	1,127,373		
Balance as restated July 1, 2023	Ş	81,401,130	33,737,929	3,768,084		

## V. Adoption of Accounting Principle:

The City Implemented GASB Statement No. 100, Accounting Changes and Error Corrections - an amendment of GASB No. 62. The statement provides more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability for accounting changes and error corrections.

Notes to the Financial Statements June 30, 2024 (Continued)

## NOTE 2-DEPOSITS AND INVESTMENTS

*Deposits* - Deposits with banks are covered by the Federal Deposit Insurance Corporation ("FDIC") and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act") Section 2.2- 4400 et. seq. of the <u>Code of Virginia</u>. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

*Investment Policy* - State statutes and the City's investment policy authorize local governments and other public bodies to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development ("World Bank"), the Asian Development Bank, the African Development Bank "prime quality" commercial paper that has received at least two of the following ratings: P-1 by Moody's Investors Service, Inc.; A-1 by Standard and Poor's; or F1 by Fitch Ratings, Inc. (Section 2.2-4502), and certain corporate notes banker's acceptances, repurchase agreements, and the State Treasurer's Local Government Investment Pool (LGIP).

The LGIP is a professionally managed money market fund which invests in qualifying obligations and securities as permitted by Virginia statutes. Pursuant to Sec. 2.2-4605 of the <u>Code of Virginia</u>, the Treasury Board of the Commonwealth sponsors the LGIP and has delegated certain functions to the State Treasurer. The LGIP reports to the Treasury Board at its regularly scheduled monthly meetings.

Investment in SNAP is used to assist in avoiding arbitrage penalties enacted with the Tax Reform Act of 1986. Sections 2.2-4700 through 2.2-4705 of the Code of Virginia, the Government Non-Arbitrage Investment Act, authorizes the Virginia Treasury Board to provide assistance to the Commonwealth of Virginia, counties, cities, and towns in the Commonwealth, and to their agencies, institutions and authorities of any combination of the foregoing ("Virginia governments") in the management of and accounting for their bond funds, including, without limitation, bond proceeds, reserves, and sinking funds, and the investment thereof.

The policies and standards that regulate specific investments and the composition of the investment portfolio shall include, but not be limited to, the following:

- No investment shall be purchased if the yield is less than that of the most recently auctioned issue of the United States Treasury of a similar term.
- At no time shall more than 35% of the portfolio be invested in commercial paper.
- No more than 10% of the portfolio shall be invested in the commercial paper of a single entity.
- At no time shall the aggregate dollar amount of securities with maturity dates in excess of six months exceed 10% of the total budget of the City for the current fiscal year.
- The Treasurer shall avoid an excessive concentration in any type of investment and an excessive number of investment transactions with any financial institution or broker/dealer.
- The Treasurer shall use the average of the three-month Treasury bill auctions for a quarter as a benchmark for the return on the investment portfolio.

# NOTE 2-DEPOSITS AND INVESTMENTS: (CONTINUED)

The Treasury may direct SNAP to invest bond proceeds in securities with maturities greater than one year if it is determined that such bond proceeds will be redeemed more than one year in the future. Further, investments of \$500,000 or more must be selected on a competitive basis. The Treasurer may purchase or sell investments at his discretion without competition provided that the securities involved meet all the criteria for allowed investments and do not exceed \$500,000. Consideration for the safety of capital shall be paramount over the probable income to be derived. There are also certain standards of "adequacy" and "appropriateness" set by the Treasurer, in addition to the credit worthiness of an institution that must be considered.

Credit Risk of Debt Securities - As required by state statute, the Policy requires that commercial paper have a short-term debt rating of no less than "A-1" (or its equivalent) from at least two of the following; Moody's Investors Service, Standard & Poor's and Fitch Investor's Service. Corporate notes, negotiable Certificates of Deposit and bank deposit notes maturing in less than one year must have a short-term debt rating of at least "A-1" by Standard & Poor's and "P-1" by Moody's Investor Service. Notes having a maturity of greater than one year must be rated "AA" by Standard & Poor's and "Aa" by Moody's Investor Service.

City's Rated Debt Investments' Values						
Rated Debt Investments	Fair Quality Ratings					
		AAAm		AA+		
U.S. Agencies	\$	-	\$	9,712,607		
Local Government Investment Pool		38,051,936		-		
Money Market Mutual Funds		100,632		-		
SNAP		45,119,526		-		
Total	\$	83,272,094	\$	9,712,607		

# External Investment Pools

The value of the positions in the external investment pool (Local Government Investment Pool (LGIP) and SNAP) are the same as the value of the pool shares. As LGIP and SNAP are not SEC registered, regulatory oversight of the pool rests with the Virginia State Treasury. LGIP is amortized cost basis portfolios. There are no withdrawal limitations or restrictions imposed on participants.

*Concentration of Credit Risk* - Concentration of credit risk is defined as the risk of loss attributed to the magnitude of a government's investment in a single issuer. If certain investments in any one issuer represent 5% of total investments, there must be a disclosure for the amount and issuer. At June 30, 2024, no portion of the City's portfolio, excluding the LGIP, SNAP, and U.S. Government money market mutual funds, exceeded 5% of the total portfolio.

Notes to	the Financial Statements
June 30,	2024 (Continued)

## NOTE 2-DEPOSITS AND INVESTMENTS: (CONTINUED)

Interest Rate Risk - Interest rate risk is defined as the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting exposure to fair value losses arising from rising interest rates, the City's policy limits the investment of operating funds to investments with a stated maturity of no more than two years from the date of purchase.

Investment Maturities													
Investment Type	_	Fair Value		Less Than 1 Year	1-5 Years	Greater Than 10 Years							
U.S. Agencies Local Government Investment Pool	\$	9,712,607 38,051,936		1,982,664 \$ 38,051,936		84,772							
SNAP		45,119,526		45,119,526	-								
Total	Ş	92,884,069	Ş	85,154,126 \$	7,645,171 \$	84,772							

Fair Value Measurements - The City categorizes their fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, level 2 inputs are quoted prices in active markets for identical assets. The City gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

Investments that are measured at fair value using amortized cost in determining the net asset value per share are not classified in the fair value hierarchy.

The City has the following recurring fair value measurements at June 30, 2024:

			Fair Value Measure Using							
Investment		hung 20, 2024	Quoted Prices in Active Martets for Identical Assets		Quoted Prices In Active Markets for Similar Assets		Unobservable Inputs			
Investment	_	June 30, 2024	(Level 1)		Level (2)		Level (3)			
U.S. Agencies Money Market Mutual Funds	\$	9,712,607 100,632	\$ 9,712,607 100,632	\$	-	\$	-			
Total	\$	9,813,239	\$ 9,813,239	\$	-	\$	-			

## NOTE 2-DEPOSITS AND INVESTMENTS: (CONTINUED)

External Investment Pools: (Continued)

The City's fiduciary funds had the following recurring fair value measurements at June 30, 2024:

		Fair Value Measure Using							
		Quoted Prices in Active Martets for Identical Assets	Quoted Prices In Active Markets for Similar Assets	Uı	nobservable Inputs				
Investment	June 30, 2024	(Level 1)	Level (2)		Level (3)				
Mutual and money market funds	\$ 146,994,685 \$	77,975,164 \$	69,019,521	\$					
Total	\$ 146,994,685 \$	77,975,164 \$	69,019,521	\$	-				

## NOTE 3-RECEIVABLES AND ALLOWANCE FOR UNCOLLECTIBLE ACCOUNTS

The City determines its allowances using historical collection data, specific account analysis and management's judgment. Receivables at June 30, 2024 for the City's individual major and nonmajor funds, including the applicable allowances for uncollectible accounts, are as follows:

#### Primary Government

	G	iovernmental Activities	Busines Activi		
	_	General Fund	Wastewater Fund	Stormwater Fund	Totals
Property taxes Trade and other accounts	\$ _	44,176,570 \$ 3,005,197	- \$ 1,650,023	۽ ۔ 461,715	5 44,176,570 5,116,935

Less allowance for uncollectible accounts	_	(358,074)	-		(358,074)
Net receivables	\$	46,823,693 \$	1,650,023 \$	461,715 \$	48,935,431

# NOTE 3-RECEIVABLES AND ALLOWANCE FOR UNCOLLECTIBLE ACCOUNTS: (CONTINUED)

Governmental funds report deferred/unavailable/unearned revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of deferred/unavailable revenue and unearned revenue reported were as follows:

	Unavailable/Unearned								
	Governmental Governmenta								
	Activities	Funds							
Property taxes receivable \$ Prepaid property taxes American rescue plan	41,778,991 \$ 582,117 17,708,854	42,991,368 582,117 17,708,854							
Other	6,287,672	6,728,455							
Total \$	66,357,634 \$	68,010,794							

Amounts due from other governments include the following:

	Government	al Activities			
		General	Business-type		Component
		Capital	Activities	Total	Unit
		Projects	Transportation	Primary	School
	General	Fund	Fund	Government	Board
Commonwealth of Virginia:					
Local sales tax	\$2,263,749 \$	-	\$-\$	5 2,263,749 \$	-
Communication sales tax	233,115	-	-	233,115	-

## NOTE 4-DUE TO/FROM PRIMARY GOVERNMENT BALANCES, ADVANCES AND TRANSFERS:

Interfund receivables and payables related to working capital loans at June 30, 2024 are as follows:

	 Due From	Due To
General Fund	\$ 2,977,748 \$	-
Transportation Fund	-	2,881,772
Water Utility Fund	 -	95,976
Total	\$ 2,977,748 \$	2,977,748

A summary of interfund activity is presented as follows:

	_	Transfers In	 Transfers Out
General Fund	\$	9,600,000	\$ 16,805,275
Capital Projects Fund		18,145,579	-
ARPA Fund		-	11,615,663
Old Town Fairfax Fund		295,462	-
Commercial Transportation Tax Fund	ł	2,427,938	7,163,816
Stormwater Utility Fund		592,129	-
Wastewater Fund		41,545	-
Transportation Fund	_	4,482,101	 -
Totals	\$_	35,584,754	\$ 35,584,754

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs, (3) close the residual balances of certain funds into other funds.

#### NOTE 5-INVENTORY:

At June 30, 2024, the City has inventory recorded in the General Fund \$1,000,951 of expendable supplies).

Notes to the Financial Statements June 30, 2024 (Continued)

#### NOTE 8-PENSION PLANS:

#### Plan Description

All full-time, salaried permanent employees of the City and (nonprofessional) employees of public school divisions are automatically covered by a VRS Retirement Plan upon employment. This is an agent multipleemployer plan administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the <u>Code of Virginia</u>, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

## NOTE 8-PENSION PLANS: (CONTINUED)

## **Benefit Structures**

The System administers three different benefit structures for covered employees - Plan 1, Plan 2 and Hybrid. Each of these benefit structures has different eligibility criteria, as detailed below.

- a. Employees with a membership date before July 1, 2010, vested as of January 1, 2013, and have not taken a refund, are covered under Plan 1, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced retirement benefit beginning at age 65 with at least 5 years of service credit or age 50 with at least 30 years of service credit. Non-hazardous duty employees may retire with a reduced benefit as early as age 55 with at least 5 years of service credit. Hazardous duty employees (law enforcement officers, firefighters, and sheriffs) are eligible for an unreduced benefit beginning at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 25 years of service credit. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 5 years of service credit. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 5 years of service credit. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 25 years of service credit. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 5 years of service credit.
- b. Employees with a membership date from July 1, 2010 to December 31, 2013, that have not taken a refund or employees with a membership date prior to July 1, 2010 and not vested before January 1, 2013, are covered under Plan 2, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of service credit or when the sum of their age and service equals 90. Non-hazardous duty employees may retire with a reduced benefit as early as age 60 with at least 5 years of service credit. Hazardous duty employees are eligible for an unreduced benefit beginning at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit. Hazardous duty employees may retire as early as age 50 with at least 5 years of service credit. Hazardous duty employees may retire as early as age 50 with at least 5 years of service credit. Hazardous duty employees may retire as early as age 50 with at least 5 years of service credit. Hazardous duty employees are service credit. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 5 years of service credit. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 5 years of service credit.
- c. Non-hazardous duty employees with a membership date on or after January 1, 2014 are covered by the Hybrid Plan combining the features of a defined benefit plan and a defined contribution plan. Plan 1 and Plan 2 members also had the option of opting into this plan during the election window held January 1 April 30, 2014 with an effective date of July 1, 2014. Employees covered by this plan are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of service credit, or when the sum of their age and service equal 90. Employees may retire with a reduced benefit as early as age 60 with at least 5 years of service credit. For the defined contribution component, members are eligible to receive distributions upon leaving employment, subject to restrictions.

# Average Final Compensation and Service Retirement Multiplier

The VRS defined benefit is a lifetime monthly benefit based on a retirement multiplier as a percentage of the employee's average final compensation multiplied by the employee's total creditable service. Under Plan 1, average final compensation is the average of the employee's 36 consecutive months of highest compensation and the multiplier is 1.70% for non-hazardous duty employees, 1.85% for sheriffs and regional jail superintendents, and 1.70% or 1.85% for hazardous duty employees as elected by the employer. Under Plan 2, average final compensation is the average of the employee's 60 consecutive months of highest compensation and the retirement multiplier is 1.65% for non-hazardous duty employees, 1.85% for sheriffs and regional jail superintendents, and 1.70% or 1.85% for hazardous duty employees as elected by the employer. Under the Hybrid Plan, average final compensation is the average of the average of the employee's 60 consecutive months of highest compensation and the multiplier is 1.65% for hazardous duty employees as elected by the employer. Under the Hybrid Plan, average final compensation is the average of the employee's 60 consecutive months of highest compensation and the multiplier is 1.00%. For members who opted into the Hybrid Retirement Plan from Plan 1 or Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans.

# NOTE 8-PENSION PLANS: (CONTINUED)

# Cost-of-Living Adjustment (COLA) in Retirement and Death and Disability Benefits

Retirees with an unreduced benefit or with a reduced benefit with at least 20 years of creditable service are eligible for an annual COLA beginning July 1 after one full calendar year from the retirement date. Retirees with a reduced benefit and who have less than 20 years of creditable service are eligible for an annual COLA beginning on July 1 after one calendar year following the unreduced retirement eligibility date. Under Plan 1, the COLA cannot exceed 5.00%. Under Plan 2 and the Hybrid Plan, the COLA cannot exceed 3.00%. The VRS also provides death and disability benefits. Title 51.1 of the <u>Code of Virginia</u> as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

## Employees Covered by Benefit Terms

As of the June 30, 2022 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	Primary Government
Inactive members or their beneficiaries currently receiving benefits	381
Inactive members: Vested inactive members	81
Non-vested inactive members	91
Long-term disability (LTD)	-
Inactive members active elsewhere in VRS	75
Total inactive members	247
Active members	372
Total covered employees	1,000

#### Contributions

The contribution requirement for active employees is governed by §51.1-145 of the <u>Code of Virginia</u>, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement

The City's contractually required employer contribution rate for the year ended June 30, 2024 was 14.61% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the City were \$4,995,495 and \$4,709,836 for the years ended June 30, 2024 and June 30, 2023, respectively.

#### NOTE 8-PENSION PLANS: (CONTINUED)

#### Net Pension Liability

The net pension liability (NPL) is calculated separately for each employer and represents that particular employer's total pension liability determined in accordance with GASB Statement No. 68, less that employer's fiduciary net position. The City's net pension liability was measured as of June 30, 2023. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2022, and rolled forward to the measurement date of June 30, 2023.

## Actuarial Assumptions - General Employees

The total pension liability for General Employees in the City's Retirement Plan was based on an actuarial valuation as of June 30, 2022, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023.

Inflation	2.50%
Salary increases, including inflation	3.50% - 5.35%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation

#### Mortality rates:

All Others (Non-10 Largest) - Non-Hazardous Duty: 15% of deaths are assumed to be service-related Pre-Retirement:

Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years

**Post-Retirement:** 

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years

#### Post-Disablement:

Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years

#### Beneficiaries and Survivors:

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years

Mortality Improvement:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

Notes to the Financial Statements June 30, 2024 (Continued)

#### NOTE 8-PENSION PLANS: (CONTINUED)

#### Actuarial Assumptions - General Employees (Continued)

Mortality rates: (Continued)

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020 except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

All Others (Non-10 Largest) - Non-Hazardous Duty:

Mortality Rates (pre-retirement, post- retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

#### Actuarial Assumptions - Public Safety Employees with Hazardous Duty Benefits

The total pension liability for Public Safety employees with Hazardous Duty Benefits in the City's Retirement Plan was based on an actuarial valuation as of June 30, 2022, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023.

Inflation	2.50%
Salary increases, including inflation	3.50% - 4.75%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation

#### Mortality rates:

All Others (Non-10 Largest) - Hazardous Duty: 45% of deaths are assumed to be service related

#### Pre-Retirement:

Pub-2010 Amount Weighted Safety Employee Rates projected generationally with a Modified MP-2020 Improvement Scale; 95% of rates for males; 105% of rates for females set forward 2 years

#### NOTE 8-PENSION PLANS: (CONTINUED)

#### Actuarial Assumptions - Public Safety Employees with Hazardous Duty Benefits: (Continued)

#### Mortality rates: (Continued)

#### Post-Retirement:

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally with a Modified MP-2020 Improvement Scale; 110% of rates for males; 105% of rates for females set forward 3 years

#### Post-Disablement:

Pub-2010 Amount Weighted General Disabled Rates projected generationally with a Modified MP-2020 Improvement Scale; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years

#### Beneficiaries and Survivors:

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally with a Modified MP-2020 Improvement Scale; 110% of rates for males and females set forward 2 years

#### Mortality Improvement:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020 except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

All Others (Non-10 Largest) - Hazardous Duty:

Mortality Rates (pre- retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020		
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70		
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Largest 10 Hazardous Duty		
Disability Rates	No change		
Salary Scale	No change		
Line of Duty Disability	No change		
Discount Rate	No change		

# NOTE 8-PENSION PLANS: (CONTINUED)

## Long-Term Expected Rate of Return

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Long-Term Target Asset Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long-term Expected Rate of Return*
Public Equity	34.00%	6.14%	2.09%
Fixed Income	15.00%	2.56%	0.38%
Credit Strategies	14.00%	5.60%	0.78%
Real Assets	14.00%	5.02%	0.70%
Private Equity	16.00%	9.17%	1.47%
MAPS - Multi-Asset Public Strategies	4.00%	4.50%	0.18%
PIP - Private Investment Partnership	2.00%	7.18%	0.14%
Cash	1.00%	1.20%	0.01%
Total	100.00%		5.75%
		Inflation	2.50%
	Expected arithmetic	c nominal return**	8.25%

\*The above allocation provides a one-year expected return of 8.25%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 7.14%, including expected inflation of 2.50%.

\*\*On June 15, 2023, the VRS Board elected a long-term rate of return of 6.75% which was roughly at the 45<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.50%.

#### NOTE 8-PENSION PLANS: (CONTINUED)

#### Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes, and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions; the City) was also provided with an opportunity to use an alternative employer contribution rate. For the year ended June 30, 2024, the alternate rate was the employer contribution rate used in FY 2012 or 90% of the actuarially determined employer contribution rate from the June 30, 2022 actuarial valuations, whichever was greater. Through the fiscal year ended June 30, 2023, the rate contributed by the school division for the VRS Teacher Retirement Plan was subject to the portion of the VRS Boardcertified rates that are funded by the Virginia General Assembly, which was 112% of the actuarially determined contribution rate. From July 1, 2023 on, participating employers and school divisions are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

# Changes in Net Pension Liability

	-	Primary Government Increase (Decrease)					
	-	Total Pension Liability (a)		Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b)		
Balances at June 30, 2022	\$_	192,067,961	\$	151,726,542 \$	40,341,419		
Changes for the year:							
Service cost	\$	2,638,564	\$	- \$	2,638,564		
Interest		12,753,836		-	12,753,836

## NOTE 8-PENSION PLANS: (CONTINUED)

## Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the City using the discount rate of 6.75%, as well as what the City's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

		Rate					
	1% Decrease Current Discount 1%				1% Increase		
	_	(5.75%)	(6.75%)			(7.75%)	
City Net Pension Liability	s	68,582,360	S	42,121,616	s	20,629,429	

# Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2024, the City and recognized pension expense of \$4,150,194. At June 30, 2024, the City and reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		Primary Government		
	_	Deferred Outflows of Resources	Deferred Inflows of Resources	
Differences between expected and actual experience	\$	1,449,336 \$	381,982	
Change in assumptions		-	-	
Net difference between projected and actual earnings on pension plan investments		-	2,480,881	
Changes in proportion and differences between employer contributions and proportionate share of contributions		302,561	302,561	
Employer contributions subsequent to the measurement date	_	4,995,495	-	
Total	\$_	6,747,392 \$	3,165,424	

## NOTE 8-PENSION PLANS: (CONTINUED)

# Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

\$4,995,495 reported as deferred outflows of resources related to pensions resulting from the City's and contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the fiscal year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future reporting periods as follows:

	Primary
Year Ended June 30	Government
2025	\$ (1,360,842)
2026	(2,332,091)
2027	2,192,668
2028	86,738
2029	-
Thereafter	-

Information about the VRS Political Subdivision Retirement Plan is also available in the separately issued VRS 2023 Annual Comprehensive Financial Report (Annual Report). A copy of the 2023 VRS Annual Report may be downloaded from the VRS website at <u>http://www.varetire.org/Pdf/Publications/2023-annual-report.pdf</u>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

#### Component Unit School Board (Professional)

#### Plan Description

All full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Retirement Plan upon employment. This is a cost-sharing multiple employer plan administered by the Virginia Retirement System (the system). Additional information related to the plan description is included in the first section of this note.

#### Contributions

The contribution requirement for active employees is governed by \$51.1-145 of the <u>Code of Virginia</u>, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. Each school division's contractually required employer contribution rate for the year ended June 30, 2024 was 16.62% of covered employee compensation. This was the General Assembly approved rate which was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the school division were \$12,465 and \$16,386 for the years ended June 30, 2023, respectively.

Notes to the Financial Statements June 30, 2024 (Continued)

#### NOTE 8-PENSION PLANS: (CONTINUED)

#### Component Unit School Board (professional) (Continued)

#### Contributions: (Continued)

In June 2023, the Commonwealth made a special contribution of approximately \$147.5 million to the VRS Teacher Retirement Plan. This special payment was authorized by Chapter 2 of the Acts of Assembly of 2022, Special Session I, as amended by Chapter 769, 2023 Acts of Assembly Reconvened Session, and is classified as a non-employer contribution. The school division's proportionate share is reflected in the the financial statements.

#### Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2024, the school division reported a liability of \$105,115 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2023 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation performed as of June 30, 2022 and rolled forward to the measurement date of June 30, 2023. The school division's proportion of the Net Pension Liability was based on the school division's actuarially determined employer contributions to the pension plan for the year ended June 30, 2023 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2023, the school division's proportion was .00104% as compared to .00109% at June 30, 2022.

For the year ended June 30, 2024, the school division recognized pension expense of \$7,012. Since there was a change in proportionate share between measurement dates, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions.

Beginning with the June 30, 2022 measurement date, the difference between expected and actual contributions is included with the pension expense calculation.

At June 30, 2024, the school division reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		Deferred Outflows of Resources		Deferred Inflows of Resources
Differences between expected and actual experience	\$	9,029	\$	4,102
Change in assumptions		4,765		-
Net difference between projected and actual earnings on pension plan investments		-		6,835
Changes in proportion and differences between employer contributions and proportionate share of contributions		20		9,128
Employer contributions subsequent to the measurement date		12,465		-
Total	Ş	26,279	Ş	20,065

## NOTE 8-PENSION PLANS: (CONTINUED)

#### Component Unit School Board (professional) (Continued)

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

\$12,465 reported as deferred outflows of resources related to pensions resulting from the school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the fiscal year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future reporting periods as follows:

Year Ended June 3	0	
2025	\$	(5,019)
2026		(8,512)
2027		6,069
2028		1,211

#### Actuarial Assumptions

The total pension liability for the VRS Teacher Retirement Plan was based on an actuarial valuation as of June 30, 2022, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023.

Inflation	2.50%
Salary increases, including inflation	3.50% - 5.95%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation

#### Mortality rates:

#### Pre-Retirement:

Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males

#### **Post-Retirement:**

Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females

Notes to the Financial Statements June 30, 2024 (Continued)

#### NOTE 8-PENSION PLANS: (CONTINUED)

#### Component Unit School Board (professional) (Continued)

Actuarial Assumptions: (Continued)

Mortality rates: (Continued)

Post-Disablement:

Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females

Beneficiaries and Survivors: Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally

Mortality Improvement:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the Standard rates

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020 except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post- retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discounty Rate	No change

## NOTE 8-PENSION PLANS: (CONTINUED)

## Component Unit School Board (professional) (Continued)

#### Net Pension Liability

The net pension liability (NPL) is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB Statement No. 67, less that system's fiduciary net position. As of June 30, 2023, NPL amounts for the VRS Teacher Employee Retirement Plan is as follows (amounts expressed in thousands):

	_	Teacher Employee Retirement Plan
Total Pension Liability	\$	57,574,609
Plan Fiduciary Net Position		47,467,405
Employers' Net Pension Liability (Asset)	\$	10,107,204
Plan Fiduciary Net Position as a Percentage		
of the Total Pension Liability		82.45%

The total pension liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net pension liability is disclosed in accordance with the requirements of GASB Statement No. 67 in the System's notes to the financial statements and required supplementary information.

The long-term expected rate of return and discount rate information previously described also apply to this plan.

# Sensitivity of the School Division's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the school division's proportionate share of the net pension liability using the discount rate of 6.75%, as well as what the school division's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	Rate					
	1% Decrease		Current Discount		1% Increase	
	(5.75%)		(6.75%)	_	(7.75%)	
School division's proportionate share of the VRS Teacher Employee Retirement Plan						
Net Pension Liability	\$ 186,331	\$	105,115	\$	38,348

#### Pension Plan Fiduciary Net Position

Detailed information about the VRS Teacher Retirement Plan's Fiduciary Net Position is available in the separately issued VRS 2023 Annual Comprehensive Financial Report (Annual Report). A copy of the 2023 VRS Annual Report may be downloaded from the VRS website at <a href="http://www.varetire.org/Pdf/Publications/2023-annual-report.pdf">http://www.varetire.org/Pdf/Publications/2023</a> Annual Report may be downloaded from the VRS website at <a href="http://www.varetire.org/Pdf/Publications/2023-annual-report.pdf">http://www.varetire.org/Pdf/Publications/2023</a> Annual Report may be downloaded from the VRS website at <a href="http://www.varetire.org/Pdf/Publications/2023-annual-report.pdf">http://www.varetire.org/Pdf/Publications/2023-annual-report.pdf</a>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

#### **City Supplemental Pension Plans**

The City's Supplemental Retirement Plans cover all full-time employees and permanent part-time employees hired between March 1, 2004 and June 30, 2014 of the City except police officers and firefighters who are covered under a separate plan for police and firefighters. Permanent part-time employees hired after June 30, 2014 are not eligible to participate in the City's Supplemental Retirement Plan. Both plans are single-employer, defined benefit pension plans, authorized by the City Council, and administered by the City Retirement Committee composed of nine individuals appointed by the Mayor and Council.

Upon retirement, a participant in the two City plans would receive a monthly retirement allowance which is determined based on a certain percentage of the participant's average final compensation at the date of retirement and the number of years of the participant's credited service. In the event of death prior to retirement, the beneficiary receives the same monthly benefit that would have been payable to the participant, assuming the joint and 100% survivor option was elected.

#### Membership

According to the last available actuary statement, the membership in the City Supplemental Retirement (General) Plan and the Firefighters, Policemen, and Policewomen (Public Safety) Plan at June 30, 2024 is as follows:

		City General Plan	City Public Safety Plan
Inactive plan members or beneficiaries receiving benefits Inactive plan members entitled to but not yet receiving benefits Active members	\$ 5	241 \$ 44 267	133 15 131
Total	\$	552 \$	279

Notes to the Financial Statements June 30, 2024 (Continued)

#### NOTE 8-PENSION PLANS: (CONTINUED)

#### City Supplemental Pension Plans: (Continued)

#### Significant Accounting Policies

Basis of Accounting - The City's Supplemental Retirement Plans' financial statements are prepared using the accrual basis of accounting.

Reporting - The Plans are accounted for as a pension trust fund of the City. A separate actuarial report for each plan is generated by the Actuary each year. There were no separate financial statements for the plans.

Investment Policy - The Plans' policy in regard to the allocation of invested assets is established and may be amended by the Plan Board by a majority vote of its members. It is the policy of the Plans' Board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The Plans' investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans.

Investment Valuation and Income Recognition - Shares of registered investment companies (mutual funds), corporate bonds, and stocks are reported at fair value based on the quoted market price of the investment, which represents the fair value of the shares held by the Plan.

Payment of Benefits - Benefits are recorded when paid.

Refunds - In the event that a participant terminates employment with the City before reaching normal retirement age, other than by death or disability, and has less than five years (or seven years if hired after July 1, 2014) of credited service, the participant's accumulated contributions including credited interest will be refunded. Participants with at least five years (or seven years if hired after July 1, 2014) of credited service will be eligible for a deferred retirement benefit if accumulated contributions remain in deposit in the plan.

Administrative Costs - Administrative costs are financed from investment earnings.

#### Contributions

The contribution requirements of Plan members and the City are established and may be amended by City Council.

## NOTE 8-PENSION PLANS: (CONTINUED)

# City Supplemental Pension Plans (Continued)

#### Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2024 are summarized in the following table:

Asset Class (Strategy)	Target Allocation	Long-term Expected Real Rate of Return
Total Public Equity	55.00%	5.93%
Fixed Income	30.00%	2.35%
Private Markets	10.00%	7.09%
GAA	5.00%	3.72%
Total	100.00%	

For the year ended June 30, 2024, the annual money-weighted rate of return, which expresses investments performance, net of investment expense, adjusted for the changing amounts actually invested on pension plan investments, net of pension plan investment expense, was 12.37%.

## NOTE 8-PENSION PLANS: (CONTINUED)

#### City Supplemental Pension Plans (Continued)

## Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liabilities: The components of the pension liabilities at June 30, 2024, were as follows:

_	General	Public Safety	Total
Total pension liability \$	83,907,579	, , ,	190,546,478 (148,791,036)
Plan fiduciary net position Net Pension Liability (Asset) Ş	(68,856,834) 15,050,745		41,755,442
Plan fiduciary net position as a percentage of the total pension liability	82.06%	74.96%	78.09%

*Pension Expense*: For the year ended June 30, 2024, the City recognized pension expense of \$4,160,622 (General) and \$6,192,409 (Public Safety).

Deferred outflows of resources and deferred inflows of resources related to pensions: Deferred outflows of resources and deferred inflows of resources related to pensions were reported from the following sources:

		City Gene	ral Plan	City Public S	afety Plan	Total		
		Deferred	Deferred	Deferred	Deferred	Deferred	Deferred	
		Outflows of	Inflows of	Outflows of	Inflows of	Outflows of	Inflows of	
		Resources	Resources	Resources	Resources	Resources	Resources	
Differences between expected and actual								
experience	\$	2,234,407 \$	1,869 \$	6,342,736 \$	599,162 \$	8,577,143 \$	601,031	
Change in assumptions		1,608,241	-	3,197,835	-	4,806,076	-

## NOTE 8-PENSION PLANS: (CONTINUED)

#### City Supplemental Pension Plans (Continued)

#### Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of June 30, 2024, using the entry age actuarial cost method, a level percent of payroll and the following actuarial assumptions, applied to all periods included in the measurement:

Price Inflation	2.50%
Salary increases, including inflation	3.75% to 7.75% including inflation
Investment rate of return	6.25%
Remaining amortization period	10 years, closed

The mortality table used to measure non-disabled retired life mortality is the RP-2014 Combined Healthy Mortality Table for males and females. The base table is the RP-2014 Combined Healthy Mortality Table including the use of the MP-2017 mortality improvement scale. The mortality tables used to measure disabled retired life mortality were the same as described above, set-forward 10-years.

## Discount Rate

A Single Discount Rate of 6.00% was used to measure the total pension liability. This Single Discount Rate was based on an expected rate of return on pension plan investments of 6.00%. The projection of cash flows used to determine this Single Discount Rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all the projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to projected benefit payments to determine the total pension liability.

#### Sensitivity of Net Pension Liability to Changes in Discount Rate

The following presents the net pension liability of the City Plans, calculated using the discount rate of 6.00%, as well as what the City's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.00%) or one percentage point higher (7.00%) than the current rate:

		Current	
_	1.00% Lower (5.00%)	Discount Rate (6.00%)	1.00% Higher (7.00%)
General Plan Net Pension Liability (Asset) \$	25,731,256 \$	15,050,745 \$	6,179,046
Public Safety Plan Net Pension Liability	42,165,750	26,704,697	14,168,887

#### NOTE 9-FAIRFAX COUNTY AGREEMENTS:

The City and School Board are parties to certain contracts under which services are provided to its citizens by Fairfax County (the "County"), an unrelated local governmental entity. The costs of these services are summarized below.

Description		
Joint court service	\$	351,680
Juvenile & domestic court		1,101,638
Commonwealth Attorney		222,954
Jail and custody services		1,632,443
Fire and rescue		228,783
Housing and community development		309,328
Health		1,839,489
Social services		1,589,802
Library services		1,021,568
Education		60,955,083
Refuse collection		515,591
Extension services		77,576
Sewage treatment	_	3,206,243
Total	\$	73,052,178

The City constructs and owns its school facilities. In accordance with the education contract, the County manages, maintains and provides instruction in these facilities to City residents for a fee. Under the contract the City reimburses the County for the portion of the County's school expenditures related to City students.

The City pays tuition to Fairfax County Public Schools (FCPS) quarterly, based on estimates provided by FCPS. After the end of each fiscal year, FCPS provides a reconciliation of actual expenditures to estimates, and either increases or decreases the amount due from the City for the first quarter's tuition for the following fiscal year as a result. As of June 30, 2024, the City had recorded a payable of \$6,301,938 for true-up of tuition during fiscal year 2024. This amount will be added by FCPS from the first quarter's invoice for fiscal year 2025.

# NOTE 10-TRANSPORTATION CONTRACTS:

The City provides bus transportation services to its citizens in two ways:

CUE Bus - CUE Bus is an intra-city bus service operation in cooperation with George Mason University. Funding received from George Mason University was \$900,000 for the fiscal year ended June 30, 2024.

Washington Metropolitan Area Transit Authority - The City contracts on an annual basis for rail service from the Washington Metropolitan Area Transit Authority ("WMATA"). The City's share of WMATA's capital and operating for bus and rail service for the year ended June 30, 2024 was \$4,134,534. This amount was paid from the City's account at the Northern Virginia Transportation Commission ("NVTC").

#### NOTE 10-TRANSPORTATION CONTRACTS: (CONTINUED)

Northern Virginia Transportation Commission ("NVTC") - NVTC receives funds designated for the City and it also disburses the designated funds for the City. As of June 30, 2024, the balance designated for the City is \$6,665,571. The NVTC received \$5,873,133 and disbursed \$5,628,946 on behalf of the City for the fiscal year ended June 30, 2024.

#### NOTE 11-MAJOR CUSTOMER:

The City has one major sewer customer and for the year ended June 30, 2024, sewer revenue from this customer was approximately \$248,018.

#### NOTE 12-SURETY BOND:

	1	Coverage
City Funds: VML Insurance Programs: Tom Scibilia, City Treasurer	\$	250,000
City Council and all employees City of Fairfax School Board		250,000 250,000
State Funds: Tom Scibilia, City Treasurer William Page Johnson, II, Commissioner of Revenue		500,000 450,000
Commonwealth of Virginia Performance of Duty Bond Self Insurance Plan: All Employees of constitutional officers-blanket bond-each loss		250,000

NOTE: The coverage with respect to the City Treasurer does not apply to pecuniary loss sustained by the City by reason or in consequence of the failure of the Treasurer to faithfully and fully discharge according to laws the duties pertaining to said position.

#### NOTE 13-OTHER POSTEMPLOYMENT BENEFITS - CITY PLAN:

#### Plan Description

In addition to the pension benefits described in Note 8, through a single employer defined benefit plan, the City provides postemployment health care insurance benefits for employees who are eligible for retirement benefits. General Government employees are eligible for normal retirement if they have attained the age of 60 with 5 years of service. Public Safety employees are eligible for normal retirement if they have attained the age of 50 with 5 years of service or have 20 years of service. General Government employees are eligible for early retirement if they have attained the age of 50 years of service or have 25 years of service. Disabled individuals must have completed 5 years of service to be eligible to participate in the plan. No assets are accumulated in a trust that meets the criteria in GAAP.

# NOTE 13-OTHER POSTEMPLOYMENT BENEFITS - CITY PLAN: (CONTINUED)

#### **Benefits Provided**

Retirees and their spouses are eligible to continue coverage under the City's medical, prescription drug, dental and vision plans at the City's group rate. Premiums paid by the retiree or spouse range from 10% to 100% depending on whether coverage is for individual, dual or family and the employee's termination is related to in-service death or disability, or early or normal retirement. Effective for normal and early retirements after July 1, 2004 and prior to October 1, 2016, retirees with a minimum of 5 years of credited service will receive a monthly stipend ranging from \$50 - \$175 to offset a portion of their medical coverage cost. Effective for normal and early retirements on or after October 1, 2016 and before July 1, 2022, retirees with a minimum of 15 years of credited service will receive a monthly stipend ranging from \$100 - \$175 to offset a portion of their medical coverage. Effective for normal and early retirement on or after July 1, 2022, retirees with a minimum of 15 years of credited service will receive a monthly stipend ranging from \$100 - \$175 to offset a portion of their medical coverage. Effective for normal and early retirement on or after July 1, 2022, retirees with a minimum of 15 years of credited service will receive a monthly stipend ranging from \$50 - \$275 to offset a portion of their medical coverage. Effective for normal and early retirement on or after July 1, 2022, retirees with a minimum of 15 years of credited service will receive a monthly stipend ranging from \$50 - \$275 to offset a portion of their medical coverage. The stipend is payable for the life of the retiree, subject to annual approval by the City Council.

At June 30, 2022, the following employees were covered by the benefit terms:

Retirees and beneficiaries	126
Active members	381
Total	507

The City's total OPEB liability of \$13,853,807 was measured as of June 30, 2024 and was determined by an actuarial valuation as of June 30, 2022.

The total OPEB liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Price Inflation	2.50%
Salary Increases	3.75% to 7.75%
Discount Rate	3.97%
Healthcare cost trend rates	Initial trend of 7.50% gradually decreasing to an ultimate trend rate of 3.5% in year 12 for pre-65. Initial trend of 6.25% gradually decreasing to an ultimate trend rate of 3.5% in year 12 for post-65.

The discount rate was based on the daily rate closest to but not later than the measurement date of the Fidelity 20-Year Municipal GO AA Index.

Mortality rates were based on the RP-2014 Employee, Healthy Annuitant and Disabled Mortality Tables, adjusted backwards to 2006 with the MP-2014 scale, resulting in a base year of 2006 with future mortality improvements assumed each year using scale MP-2017. The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2017 to June 30, 2022.

#### Changes in the Total OPEB Liability

	Total OPEB Liability
Balances at June 30, 2023	\$ 13,907,764
Changes for the year:	
Service cost	399,938
Interest	525,761
Change in benefit terms	-
Difference between expected and actual experience	158,625
Changes of assumptions	(164,321)
Benefit payments	(973,960)
Net changes	\$ (53,957)
Balances at June 30, 2024	\$ 13,853,807

Changes of assumptions and other inputs reflect a change in the discount rate from 3.86% in 2023 to 3.97% in 2024.

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate.

	Rate		
 1% Decrease	Current Discount		1% Increase
(2.97%)	Rate (3.97%)	_	(4.97)
\$ 15,469,995	\$ 13,853,807	\$	12,489,786

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates.

	Rates	
	Healthcare Cost	
 1% Decrease	 Trend	 1% Increase
\$ 12,040,451	\$ 13,853,807	\$ 16,075,013

#### NOTE 13-OTHER POSTEMPLOYMENT BENEFITS - CITY PLAN: (CONTINUED)

#### Changes in the Total OPEB Liability: (Continued)

For the year ended June 30, 2024, the City recognized OPEB expense of \$864,559. At June 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	-	Deferred Outflows of Resouces		Deferred Inflows of Resources
Differences between expected and actual experience	\$	393,788	\$	1,373,019
Changes in assumptions	¢-	2,339,167		2,702,046
Total	<u>ې</u>	2,732,955	<u>ې</u>	4,075,065

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended June 30	
2025	\$ (60,567)
2026	(41,768)
2027	(367,871)
2028	(551,855)
2029	(395,891)
Thereafter	75,842

The City provides death and disability benefits to its public safety employees and surviving spouses as required by the Virginia Line of Duty Act (LODA). The obligation for LODA benefit payments has been transferred by the City to an insurance company. In the event of the insurance company's insolvency, the City retains an obligation for the benefits.

# NOTE 14-GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN):

#### Plan Description

The Group Life Insurance (GLI) Plan was established pursuant to \$51.1-500 et seq. of the <u>Code of Virginia</u>, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent employees of the state agencies, teachers, and employees of participating political subdivisions are automatically covered by the VRS GLI Plan upon employment. This is a cost-sharing multiple-employer plan administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

#### NOTE 14-GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

#### Plan Description: (Continued)

In addition to the Basic GLI benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional GLI Plan. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured program, it is not included as part of the GLI Plan OPEB.

The specific information for GLI OPEB, including eligibility, coverage and benefits is described below:

#### Eligible Employees

The GLI Plan was established July 1, 1960, for state employees, teachers, and employees of political subdivisions that elect the program. Basic GLI coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their accumulated retirement member contributions and accrued interest.

#### Benefit Amounts

The GLI Plan is a defined benefit plan with several components. The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled. The accidental death benefit is double the natural death benefit. In addition to basic natural and accidental death benefits, the program provides additional benefits provided under specific circumstances that include the following: accidental dismemberment benefit, seatbelt benefit, repatriation benefit, felonious assault benefit, and accelerated death benefit option. The benefit amounts are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value. For covered members with at least 30 years of service credit, the minimum benefit payable was set at \$8,000 by statute in 2015. This will be increased annually based on the VRS Plan 2 cost-of-living adjustment calculation. The minimum benefit adjusted for the COLA was \$9,254 as of June 30, 2024.

# Contributions

The contribution requirements for the GLI Plan are governed by \$51.1-506 and \$51.1-508 of the <u>Code of</u> <u>Virginia</u>, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the GLI Plan was 1.34% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.80% ( $1.34\% \times 60\%$ ) and the employer component was 0.54% ( $1.34\% \times 40\%$ ). Employers may elect to pay all or part of the employee contribution; however, the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2024 was 0.54% of covered employee compensation. This rate was the final approved General Assembly rate, which was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the GLI Plan from the School Board were \$405 and \$532 for the years ended June 30, 2023, respectively.

#### NOTE 14-GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

#### Contributions: (Continued)

In June 2023, the Commonwealth made a special contribution of approximately \$10.1 million to the Group Life Insurance Plan. This special payment was authorized by Chapter 2 of the Acts of Assembly of 2022, Special Session I, as amended by Chapter 769, 2023 Acts of Assembly Reconvened Session, and is classified as a special employer contribution. The entity's proportionate share is reflected in the the financial statements.

#### GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Program OPEB

At June 30, 2024, the School Board reported a liability of \$5,037 for its proportionate share of the Net GLI OPEB Liability. The Net GLI OPEB Liability was measured as of June 30, 2023 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation performed as of June 30, 2022 and rolled forward to the measurement date of June 30, 2023. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the GLI Plan for the year ended June 30, 2023 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2023, the participating employer's proportion was .00042% as compared to .00045% at June 30, 2022.

For the year ended June 30, 2024, the participating employer recognized GLI OPEB expense of \$41. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2024, the employer reported deferred outflows of resources and deferred inflows of resources related to the GLI OPEB from the following sources:

	School Professional			sional
	-	Deferred Outflows of Resources	D	eferred Inflows of Resources
Differences between expected and actual experience	\$	503	\$	153
Net difference between projected and actual earnings on GLI OPEB program investments		-		202
Change in assumptions		108		349
Changes in proportionate share		2		662
Employer contributions subsequent to the measurement date	-	405		-
Total	\$	1,018	\$	1,366

# NOTE 14-GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

# GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Program OPEB: (Continued)

\$405 reported as deferred outflows of resources related to the GLI OPEB resulting from the employer's contributions subsequent to the measurement date will be recognized as a reduction of the Net GLI OPEB Liability in the fiscal year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

Year Ended June 30	_	
2025	÷	(222)
2025	\$	(222)
2026		(378)
2027		(39)
2028		(106)
2029		(8)
Thereafter		-

#### Actuarial Assumptions

The total GLI OPEB liability was based on an actuarial valuation as of June 30, 2022, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023. The assumptions include several employer groups as noted below. Salary increases and mortality rates included herein are for relevant employer groups. Information for other groups can be referenced in the VRS Annual Report.

Inflation	2.50%
Salary increases, including inflation: Teachers	3.50%-5.95%
Investment rate of return	6.75%, net of investment expenses, including inflation

# **Mortality Rates - Teachers**

#### Pre-Retirement:

Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males

Post-Retirement:

Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females

#### Post-Disablement:

Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females

#### NOTE 14-GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

Actuarial Assumptions: (Continued)

#### Mortality Rates - Teachers: (Continued)

Beneficiaries and Survivors: Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally

Mortality Improvement:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020 except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post- retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

#### NET GLI OPEB Liability

The net OPEB liability (NOL) for the GLI Plan represents the Plan's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2023, NOL amounts for the GLI Plan are as follows (amounts expressed in thousands):

	 GLI OPEB Plan
Total GLI OPEB Liability	\$ 3,907,052
Plan Fiduciary Net Position	2,707,739
GLI Net OPEB Liability (Asset)	\$ 1,199,313
Plan Fiduciary Net Position as a Percentage of the Total GLI OPEB Liability	 69.30%

#### NOTE 14-GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

# NET GLI OPEB Liability: (Continued)

The total GLI OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

# Long-Term Expected Rate of Return

The long-term expected rate of return on the System's investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Long-Term Target Asset Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long-term Expected Rate of Return*
Public Equity	34.00%	6.14%	2.09%
Fixed Income	15.00%	2.56%	0.38%
Credit Strategies	14.00%	5.60%	0.78%
Real Assets	14.00%	5.02%	0.70%
Private Equity	16.00%	9.17%	1.47%
MAPS - Multi-Asset Public Strategies	4.00%	4.50%	0.18%
PIP - Private Investment Partnership	2.00%	7.18%	0.14%
Cash	1.00%	1.20%	0.01%
Total	100.00%		5.75%
		Inflation	2.50%
	Expected arithmetic	c nominal return**	8.25%

\*The above allocation provides a one-year expected return of 8.25%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 7.14%, including expected inflation of 2.50%.

\*\*On June 15, 2023, the VRS Board elected a long-term rate of return of 6.75% which was roughly at the 45<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.50%.

# NOTE 14-GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

# Discount Rate

The discount rate used to measure the total GLI OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ended June 30, 2023, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

# Sensitivity of the Employer's Proportionate Share of the Net GLI OPEB Liability to Changes in the Discount Rate

The following presents the employer's proportionate share of the net GLI OPEB liability using the discount rate of 6.75%, as well as what the employer's proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

		Rate						
		1% Decrease		Current Discount		1% Increase		
		(5.75%)		(6.75%)		(7.75%)		
School Board proportionate share of the GLI Plan	_							
Net OPEB Liability	\$	7,467	\$	5,037	\$	3,073		

# **GLI Program Fiduciary Net Position**

Detailed information about the GLI Plan's Fiduciary Net Position is available in the separately issued VRS 2023 Annual Comprehensive Financial Report (Annual Report). A copy of the 2023 VRS Annual Report may be downloaded from the VRS website at <u>http://www.varetire.org/Pdf/Publications/2023-annual-report.pdf</u>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

# NOTE 15-TEACHER EMPLOYEE HEALTH INSURANCE CREDIT (HIC) PLAN (OPEB PLAN):

# Plan Description

The Virginia Retirement System (VRS) Teacher Employee Health Insurance Credit (HIC) Plan was established pursuant to §51.1-1400 et seq. of the <u>Code of Virginia</u>, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Employee HIC Plan. This is a cost-sharing multiple-employer plan administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The HIC is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

The specific information for the Teacher HIC Plan OPEB, including eligibility, coverage, and benefits is described below:

# Eligible Employees

The Teacher Employee Retiree HIC Plan was established July 1, 1993 for retired Teacher Employees covered under VRS who retire with at least 15 years of service credit. Eligible employees include full-time permanent (professional) salaried employees of public school divisions covered under VRS. These employees are enrolled automatically upon employment.

#### Benefit Amounts

The Teacher Employee HIC Plan is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired teachers. For Teacher and other professional school employees who retire with at least 15 years of service credit, the monthly benefit is \$4.00 per year of service per month with no cap on the benefit amount. For Teacher and other professional school employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is either: \$4.00 per month, multiplied by twice the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by the amount of service credit, or \$4.00 per month, multiplied by th

#### HIC Plan Notes

The monthly HIC benefit cannot exceed the individual premium amount. Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the HIC as a retiree.

# Contributions

The contribution requirements for active employees is governed by \$51.1-1401(E) of the <u>Code of Virginia</u>, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Each school division's contractually required employer contribution rate for the year ended June 30, 2024 was 1.21% of covered employee compensation for employees in the VRS Teacher Employee HIC Plan.

#### Contributions: (Continued)

This rate was the final approved General Assembly rate, which was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the school division to the VRS Teacher Employee HIC Plan were \$908 and \$1,181 for the years ended June 30, 2023 and June 30, 2022, respectively.

In June 2023, the Commonwealth made a special contribution of approximately \$4 million to the VRS Teacher HIC Plan. This special payment was authorized by Chapter 2 of the Acts of Assembly of 2022, Special Session I, as amended by Chapter 769, 2023 Acts of Assembly Reconvened Session, and is classified as a special employer contribution. The school division's proportionate share is reflected in the financial statements.

# Teacher Employee HIC Plan OPEB Liabilities, Teacher Employee HIC Plan OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Teacher Employee HIC Plan OPEB

At June 30, 2024, the school division reported a liability of \$11,993 for its proportionate share of the VRS Teacher Employee HIC Plan Net OPEB Liability. The Net VRS Teacher Employee HIC Plan OPEB Liability was measured as of June 30, 2023 and the total VRS Teacher Employee HIC Plan OPEB liability used to calculate the Net VRS Teacher Employee HIC Plan OPEB Liability was determined by an actuarial valuation performed as of June 30, 2022 and rolled forward to the measurement date of June 30, 2023. The school division's proportion of the Net VRS Teacher Employee HIC Plan OPEB Liability was based on the school division's actuarially determined employer contributions to the VRS Teacher Employee HIC Plan OPEB plan for the year ended June 30, 2023 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2023, the school division's proportion of the VRS Teacher Employee HIC Plan 30, 2023, the school division's proportion of the VRS Teacher Employee HIC Plan 30, 2023. The school division's proportion of the VRS Teacher to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2023, the school division's proportion of the VRS Teacher Employee HIC Plan Was .0010% as compared to .0010% at June 30, 2022.

For the year ended June 30, 2024, the school division recognized VRS Teacher Employee HIC Plan OPEB expense of \$588. Since there was a change in proportionate share between measurement dates a portion of the VRS Teacher Employee HIC Plan Net OPEB expense was related to deferred amounts from changes in proportionate share and differences between actual and expected contribution.

At June 30, 2024, the school division reported deferred outflows of resources and deferred inflows of resources related to the VRS Teacher Employee HIC Plan OPEB from the following sources:

		eferred Outflows of Resources	Deferred Inflows of Resources		
Differences between expected and actual experience	\$	-	\$	528	
Net difference between projected and actual earnings on Teacher HIC OPEB plan investments		6		-	
Change in assumptions		279		12	
Change in proportionate share and differences between actual and expected contributions		3		1,533	
Employer contributions subsequent to the measurement date		908			
Total	\$	1,196	\$	2,073	

Notes to	the Financial Statements
June 30,	2024 (Continued)

\$908 reported as deferred outflows of resources related to the Teacher Employee HIC OPEB resulting from the school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Teacher Employee HIC OPEB Liability in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Teacher Employee HIC OPEB will be recognized in the Teacher Employee HIC OPEB expense in future reporting periods as follows:

Year Ended June 30	
2025	\$ (395)
2026	(392)
2027	(312)
2028	(290)
2029	(263)
Thereafter	(133)

#### Actuarial Assumptions

The total Teacher Employee HIC OPEB liability for the VRS Teacher Employee HIC Plan was based on an actuarial valuation as of June 30, 2022, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023.

Inflation	2.50%
Salary increases, including inflation	3.50%-5.95%
Investment rate of return	6.75%, net of investment expenses, including inflation

#### **Mortality Rates - Teachers**

**Pre-Retirement:** 

Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males

**Post-Retirement:** 

Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females

#### Post-Disablement:

Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally

#### Mortality Improvement:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

#### Actuarial Assumptions: (Continued)

#### Mortality Rates - Teachers: (Continued)

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (pre-retirement, post- retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

# Net Teacher Employee HIC OPEB Liability

The net OPEB liability (NOL) for the Teacher Employee HIC Plan represents the plan's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2023, NOL amounts for the VRS Teacher Employee HIC Plan is as follows (amounts expressed in thousands):

	_	Teacher Employee HIC OPEB Plan
Total Teacher Employee HIC OPEB Liability	\$	1,475,471
Plan Fiduciary Net Position		264,054
Teacher Employee net HIC OPEB Liability (Asset)	\$	1,211,417
Plan Fiduciary Net Position as a Percentage		
of the Total Teacher Employee HIC OPEB Liability		17.90%

The total Teacher Employee HIC OPEB liability is calculated by the System's actuary, and the plan's fiduciary net position is reported in the System's financial statements. The net Teacher Employee HIC OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

# Long-Term Expected Rate of Return

The long-term expected rate of return on the VRS System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of VRS System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Long-Term Target Asset Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long-term Expected Rate of Return*
Public Equity	34.00%	6.14%	2.09%
Fixed Income	15.00%	2.56%	0.38%
Credit Strategies	14.00%	5.60%	0.78%
Real Assets	14.00%	5.02%	0.70%
Private Equity	16.00%	9.17%	1.47%
MAPS - Multi-Asset Public Strategies	4.00%	4.50%	0.18%
PIP - Private Investment Partnership	2.00%	7.18%	0.14%
Cash	1.00%	1.20%	0.01%
Total	100.00%		5.75%
		Inflation	2.50%
	Expected arit	hmetic nominal return**	8.25%

\*The above allocation provides a one-year expected return of 8.25%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 7.14%, including expected inflation of 2.50%.

\*\*On June 15, 2023, the VRS Board elected a long-term rate of return of 6.75% which was roughly at the 45<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.50%.

# Discount Rate

The discount rate used to measure the total Teacher Employee HIC OPEB was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ended June 30, 2023, the rate contributed by each school division for the VRS Teacher Employee HIC Plan will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2023 on, all agencies are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the Teacher Employee HIC OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total Teacher Employee HIC OPEB liability.

# Sensitivity of the School Division's Proportionate Share of the Teacher Employee HIC Net OPEB Liability to Changes in the Discount Rate

The following presents the school division's proportionate share of the VRS Teacher Employee HIC Plan net HIC OPEB liability using the discount rate of 6.75%, as well as what the school division's proportionate share of the net HIC OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

		Rate					
	1	1% Decrease		Current Discount		1% Increase	
		(5.75%)		(6.75%)		(7.75%)	
School division's proportionate share of the VRS Teacher Employee HIC OPEB Plan Net HIC OPEB Liability	\$	13,565	\$	11,993	\$	10,661	

#### Teacher Employee HIC OPEB Fiduciary Net Position

Detailed information about the VRS Teacher Employee HIC Plan's Fiduciary Net Position is available in the separately issued VRS 2023 Annual Comprehensive Financial Report (Annual Report). A copy of the 2023 VRS Annual Report may be downloaded from the VRS website at <a href="http://www.varetire.org/Pdf/Publications/2023-annual-report.pdf">http://www.varetire.org/Pdf/Publications/2023</a> Annual Report may be downloaded from the VRS website at <a href="http://www.varetire.org/Pdf/Publications/2023-annual-report.pdf">http://www.varetire.org/Pdf/Publications/2023</a> Annual Report may be downloaded from the VRS website at <a href="http://www.varetire.org/Pdf/Publications/2023-annual-report.pdf">http://www.varetire.org/Pdf/Publications/2023</a> Annual Report may be downloaded from the VRS website at <a href="http://www.varetire.org/Pdf/Publications/2023-annual-report.pdf">http://www.varetire.org/Pdf/Publications/2023</a> Annual Report may be downloaded from the VRS website at <a href="http://www.varetire.org/Pdf/Publications/2023-annual-report.pdf">http://www.varetire.org/Pdf/Publications/2023-annual-report.pdf</a>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

Notes to the Financial Statements June 30, 2024 (Continued)

#### NOTE 16-RISK MANAGEMENT:

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. To reduce insurance costs and the need for self-insurance, the City has joined with other municipalities in the Commonwealth of Virginia in several public entity risk pools that operate as common risk management and insurance programs for member municipalities. The City is not self-insured.

The City has coverage with the VRSA Insurance Programs ("Program"). Each Program member jointly and severally agrees to assume, pay and discharge any liability. The City pays VRSA the contributions and assessments based upon classifications and rates into a designated cash reserve fund out of which expenses of the Program and claims and awards are to be paid. In the event of a loss deficit and depletion of all available excess insurance, the Program may assess all members in the proportion which the premium of each bears to the total premiums of all members in the year in which such deficit occurs.

The City also contracts with private insurance carriers for accident insurance for all volunteer firefighters and holds a policy for any pollution associated with underground storage tanks. Settled claims have not exceeded commercial insurance coverage in any of the past three fiscal years.

#### NOTE 17-COMMITMENTS AND CONTINGENCIES:

Federal programs in which the City participates were audited in accordance with the provisions of Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.* Pursuant to the CFR, the City's major program was tested for compliance with applicable grant requirements.

While no matters of material noncompliance were disclosed by audit, the Federal Government may subject grant programs to additional compliance tests which may result in disallowed expenditures. In the opinion of management, any future disallowance of current grant program expenditures, if any, would be immaterial.

In fiscal year 2014, the City entered into an agreement to sell certain water assets to Fairfax County Water Authority. The City has potential liability related to any material adverse effects of the sale on the Authority. As of June 30, 2024, management is unaware of any liabilities related to this part of the sale agreement.

#### NOTE 18-LITIGATION:

At June 30, 2024, there were no matters of litigation involving the City which would materially affect the City's position should any court decisions on pending matters not be favorable.

#### NOTE 19-CONSTRUCTION COMMITMENTS:

At June 30, 2024, the City had several major projects under construction which are summarized below:

Project		Contract Amount		Expenditures as of June 30, 2024		Contract Balance
Primary Government: Street Repaving Curb Gutter and Sidewalk Northfax II	\$	1,876,783 1,978,650 1,015,322	\$	1,649,278 1,938,759 541,126	\$	227,505 39,891 474,196
Total	Ş	4,870,755	<u>Ş</u>	4,129,163	Ş	741,592

#### NOTE 20-NEW ACCOUNTING STANDARDS:

Statement No. 101, *Compensated Absences*, updates the recognition and measurement guidance for compensated absences. It aligns the recognition and measurement guidance under a unified model and amends certain previously required disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2023.

Statement No. 102, *Certain Risk Disclosures*, provides users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. The requirements of this Statement are effective for fiscal years beginning after June 15, 2024.

Statement No. 103, *Financial Reporting Model Improvements*, improves key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025.

Management is currently evaluating the impact these standards will have on the financial statements when adopted.

# NOTE 21–COVID-19:

#### ARPA Funding

On March 11, 2021, the American Rescue Plan (ARPA) Act of 2021 was passed by the federal government. A primary component of the ARPA was the establishment of the Coronavirus State and Local Fiscal Recovery Fund (CSLFRF). Local governments are to receive funds in two tranches, with 50% provided beginning in May 2021 and the balance delivered approximately 12 months later.

In June 2022, the City received its share of the first half of the CSLFRF funds. During fiscal year 2022 the City received additional ARPA funds totaling \$2,332,705. In July 2022 the City received additional ARPA tranches totaling \$14,792,761. As a condition of receiving CSLFRF funds, any funds unobligated by December 31, 2024, and unexpended by December 31, 2026, will be returned to the federal government. Unspent funds in the amount of \$17,708,854 are reported as unearned revenue as of June 30.

# **REQUIRED SUPPLEMENTARY INFORMATION**

Note to Required Supplementary Information:

Presented budgets were prepared in accordance with accounting principles generally accepted in the United States of America.

Notes to Required Supplementary Information - VRS Pension Pension Plans Year Ended June 30, 2024

**Changes of benefit terms** - There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

**Changes of assumptions** - The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

#### All Others (Non 10 Largest) - Non-Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

#### All Others (Non 10 Largest) - Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Largest 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

#### Component Unit School Board - Professional Employees

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

Notes to Required Supplementary Information - City Pay-As-You-Go OPEB Plan Year Ended June 30, 2024

Valuation Date:	6/30/2022
Measurement Date:	6/30/2024

No assets are accumulated in a trust that meets the criteria in GASB 75 to pay related benefits.

Methods and assumptions used to determine OPEB liability:

Actuarial Cost Method	Entry age normal
Amortization Method	Level percentage of payroll
Discount Rate	3.97% as of June 30, 2024 and 3.86% as of June 30, 2023
Inflation	2.50%
Healthcare Trend Rate	Initial trend of 7.50% gradually decreasing to an ultimate trend rate of 3.50% in year 12 for pre-65. Initial trend of 6.25% gradually decreasing to an ultimate trend rate of 3.50% in year 12 for post-65.
Salary Increase Rates	3.75 to 7.75%
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition and date of hire
Mortality Rates	RP-2014 Fully Generational Mortality Tables, adjusted backwards to 2006 with the MP-2014 Scale. Future mortality improvements assumed each year using scale MP-2017.

Notes to Required Supplementary Information Group Life Insurance (GLI) Plan Year Ended June 30, 2024

**Changes of benefit terms** - There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

**Changes of assumptions** - The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

#### Teachers

Mortality Rates (pre-retirement, post- retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

#### Non-Largest Ten Locality Employers - General Employees

Mortality Rates (pre-retirement, post- retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

#### Non-Largest Ten Locality Employers - Hazardous Duty Employees

Mortality Rates (pre-retirement, post- retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP- 2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Top 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

	Economic Development Authority
Net changes in fund balances-discretely presented nonmajor component units	\$ 871,955
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which the capital outlays exceeded depreciation in the current period. The following details support this adjustment:	
Depreciation expense	(522,438)
The net effect of principal retirement of long-term obligations	266,017
Interest accrued on leases do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	575
Change in net position of governmental activities	\$ 616,109

### STATISTICAL SECTION TABLE OF CONTENTS

The statistical section of the City's annual comprehensive financial report presents detailed information as a context for understanding what the information presented in the financial statements, note disclosures and required supplementary information say about the City's overall financial health. This information has not been audited by the independent auditor.

Contents	Table Number
Financial Trends These tables contain trend information to help the reader understand how the City's financial performance and well being have changed over time.	1 to 5
<b>Revenue Capacity</b> These tables contain information to help the reader assess the City's most significant local revenue sources, the property tax, as well as other revenue sources.	6 to 10
<b>Debt Capacity</b> These tables present information to help the reader assess the affordability of the City's current level of outstanding debt and the City's ability to issue additional debt in the future.	11 to 13
<b>Demographic and Economic Information</b> These tables offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	14
<b>Operating Information</b> These tables contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	15 to 18

### Sources:

Unless otherwise noted, the information in these tables is derived from the annual comprehensive financial report for the relevant year.

The following statistical table recommended by the National Council on Governmental Accounting is not included for the reason stated below:

The City of Fairfax, Virginia has no overlapping debt with any other government within its boundaries. Cities in the Commonwealth of Virginia are not part of the surrounding counties, and cities have no political subdivisions.

Notes:

(1) Net (expense) revenue is the difference between the expenses and program revenues. This difference indicates the degree to which a function or program is supported with its own fees and program-specific grants versus its reliance upon funding from taxes and other general revenues. Numbers in a parentheses are net expenses indicating that expenses were greater than program revenues and, therefore, general revenues were needed to finance that function or program. Numbers without parentheses are net revenues, demonstrating that program revenues were more than sufficient to cover expenses.

Debt service as a percentage of noncapital experior	-	10.15%	10.27%	10.41/2	8.57%	9.13%

Notes:

(1) The amounts used for capital outlay were obtained from the Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balance of Governmental Funds to the Statement of Activities.

(2) In Virginia, the City issues debt to finance the construction of school facilities for the public schools because the public schools do not have borrowing or taxing authority. Therefore, the debt service payments related to school facilities are presented as debt service of that component unit. Debt service as a percentage of noncapital expenditures for the total reporting entity more appropriately reflects the unique Virginia school debt requirement.

(3) For the reporting entity totals, the expenditures have been reduced by the amounts given to the public schools and the other component units so that the expenditures are not counted twice.

Real Estate Assessor's Office Source: Notes:

Real Estate assessments are on a calendar year basis. Values are reflective of published 2024 Land Books.
 Commercial property values include commercial, industrial & apartments
 "Nontaxable" is interpreted to mean tax exempt properties.

4) Total Assessed Value category includes real estate, public service corporations and exempt properties.

5) Total taxable assessed value includes real estate and public service corporation properties.

6) 2024 Public Service Corporation, assessed by the State Corporation Commission not yet available as of date of this document.

Notes:

(1) Total utility service charges include interest and transfers in from other funds, but do not include developer contributions.

- (2) Total operating expenses are exclusive of depreciation, amortization, interest expense and losses on disposition of assets.
- (3) The 2008 Water revenue bond was paid off in FY14 after the sale of the water utility, and the 2010 VRA bond was transferred to the Wastewater Fund (approved by VRA). Prior to the sale, some of the debt service for these two bonds was paid from the water fund, but 100% of the VRA bond debt service is presented in the Wastewater Fund here.

Fiscal Year		Per Capita Personal	School	Unemployment Rate

Notes:

- \*Estimated by City of Fairfax
- (1) Population updated from 2020 US Census Bureau results and annual population estimates. 2024 population estimated by City staff based on avg. annual rate of change.
- (2) Personal income is published annually (with a 1-year delay) by the BEA. The most recent available figures are for 2022 (released in November 2023).
- (2) To estimate personal income for 2023 & 2024, an estimated annual change in personal income was projected based on the average of the previous five years' increases.
- (2) The BEA agglomerates the City of Fairfax with Fairfax County and the City of Falls Church in its reporting of personal income. To separate City data, the proportion of City/County income as estimated by the Census ACS was applied to the BEA per capita income figure.
- (3) Average Daily Membership "ADM" as reported in City of Fairfax annual budget.
- (4) US Bureau of Labor Statistics, Local Area Unemployment Statistics.
- (4) Unemployment rates are annual averages. 2024 unemployment rate is estimated by averaging all available months (Jan-Jul) of 2024 data.

Certified Public Accountants

# Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

# To the Honorable Members of the City Council City of Fairfax, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties*, *Cities*, *and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Fairfax, Virginia, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the City of Fairfax, Virginia's basic financial statements, and have issued our report thereon dated December 10, 2024. Our report includes a reference to other auditors who audited the financial statements of the Economic Development Authority, as described in our report on the City of Fairfax, Virginia's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

# Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Fairfax, Virginia's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Fairfax, Virginia's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Fairfax, Virginia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

# **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Fairfax, Virginia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

# Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Robinson, Farmer, Cox Associares

Fredericksburg, Virginia December 10, 2024

Certified Public Accountants

# Independent Auditors' Report on Compliance For Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance

To the Honorable Members of the City Council City of Fairfax, Virginia

Report on Compliance for Each Major Federal Program

# Opinion on Each Major Federal Program

We have audited City of Fairfax, Virginia's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of City of Fairfax, Virginia's major federal programs for the year ended June 30, 2024. City of Fairfax, Virginia's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, City of Fairfax, Virginia complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

# Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of City of Fairfax, Virginia and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of City of Fairfax, Virginia's compliance with the compliance requirements referred to above.

# Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to City of Fairfax, Virginia's federal programs.

# Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on City of Fairfax, Virginia's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about City of Fairfax, Virginia's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding City of Fairfax, Virginia's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of City of Fairfax, Virginia's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of City of Fairfax, Virginia's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

# Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal that is less severe than a material weakness in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

# Report on Internal Control over Compliance: (Continued)

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

See accompanying notes to the Schedule of Expenditures of Federal Awards.

# Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2024

#### Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the City of Fairfax, Virginia under programs of the federal government for the year ended June 30, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City of Fairfax, Virginia, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City of Fairfax, Virginia.

#### Note 2 - Summary of Significant Accounting Policies

(1) Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(2) Pass-through entity identifying numbers are presented where available.

(3) The City did not elect to use the 10% de minimis indirect cost rate.

(4) The City did not pass any federal awards through to subrecipients during the year ended June 30, 2024.

#### Note 3 - Relationship to Financial Statements

Federal expenditures, revenues and capital contributions are reported in the City's basic financial statements as follows:

Intergovernmental federal revenues per the basic financial statements:	
Primary government:	
Governmental Funds	\$ 16,327,023
Enterprise Funds	333,334
Total primary government	\$ 16,660,357
Total federal expenditures per the Schedule of Expenditures	
of Federal Awards	\$ 16,660,357
