INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners
Rappahannock-Rapidan Regional Commission
Culpeper, Virginia

Opinion

We have audited the accompanying financial statements of the business-type activities and the aggregate remaining fund information of the Rappahannock-Rapidan Regional Commission (the Commission) as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate remaining fund information of the Rappahannock-Rapidan Regional Commission as of June 30, 2024 and the respective changes in financial position, and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Commission and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in aggregate, that raise substantial doubt about the Commission's ability to continue as a going concern for twelve months beyond the financial statements date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the Commission's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Commission's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of revenue and expenses-budget and actual (budgetary basis), the schedule of changes in the Commission's net pension liability and related ratios, and the schedule of employer contributions on pages 4 through 8 and pages 39 through 45 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Commission’s basic financial statements. The schedule of expenditures of federal awards, on pages 36 and 37, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 17, 2024, on our consideration of the Rappahannock-Rapidan Regional Commission’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Rappahannock-Rapidan Regional Commission’s internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of the Rappahannock-Rapidan Regional Commission we offer this narrative overview and analysis of the financial performance of the Commission's financial activities for the year ended June 30, 2024.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Commission's basic financial statements. Since the Commission is engaged only in business-type activities, its basic financial statements are comprised of only two components: 1) financial statements and 2) notes to the financial statements.

Enterprise fund financial statements. The enterprise fund financial statements are designed to provide readers with a broad overview of the Commission's finances, in a manner similar to a private-sector business.

The statement of net position presents information on the Commission's assets, deferred outflow of resources, liabilities and deferred inflow of resources, with the difference between them reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Commission is improving or deteriorating.

The statement of revenues, expenses and changes in net position presents information showing how the Commission's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods, (i.e. earned but unused vacation leave).

Notes to financial statements. The notes to the financial statements provide additional disclosure required by governmental accounting standards and provide information to assist the reader in understanding the Commission's financial condition. The MD&A is intended to explain the significant changes in financial position and the differences in operation between the current year and prior year.

Financial Highlights FY 2024

The financial position of the Rappahannock-Rapidan Regional Commission remains stable and positive. Following a period of utilizing reserve funds to balance revenues and expenditures, the Commission made the determination to begin restoring reserve funds with a primary goal of achieving a balance of six months' operating expenses and secondary goal of addressing long-term debt liabilities in 2018. This stated strategy, along with successful grant awards for environmental, mobility management, transportation, housing, economic development and hazard mitigation projects have resulted in increases in net position over the past five fiscal years.

In FY 2024, the Commission continued its successful programmatic efforts in transportation and mobility management, environmental and food system coordination, housing development, homeless services, tourism and services to local governments. Of particular note in FY 2024 are the continuation of Chesapeake Bay watershed planning, increased awards for the Commission’s Mobility Management and Regional Transportation Collaborative program, ongoing implementation of the PDC Housing Development Program, completion of the region’s first Comprehensive Economic Development Strategy (CEDS), and continued support for the Farm to School program and for the Commission’s role as Foothills Housing Network lead agency.

Financial Analysis

The following table reflects the condensed Statements of Net Position:

Summary Statements of Net Position		
June 30,		
	<u>2024</u>	<u>2023</u>
Current Assets	\$ 785,495	\$ 742,680
Capital Assets (net)	163,621	177,901
Net Pension Asset	<u>548,928</u>	<u>501,905</u>
Total Assets	<u>1,498,044</u>	<u>1,422,486</u>
Current Liabilities	338,929	301,466
Long-term Liabilities	<u>89,429</u>	<u>108,597</u>
Total Liabilities	<u>428,358</u>	<u>410,063</u>
Deferred Inflows of Resources	<u>46,636</u>	<u>69,521</u>
Invested in capital assets, net of related debt	55,020	51,017
Unrestricted	<u>968,030</u>	<u>891,885</u>
Total Net Position	<u>\$1,023,050</u>	<u>\$ 942,902</u>

The Commission’s total net position (which is the Commission’s bottom line) increased by \$80,148 during the year. It should be noted that \$69,281 of this increase was due to the current year GASB 68 adjustment and that current assets increased by \$42,815 during the year. The improvement in net position over the past five fiscal years enables the Commission to better manage our cash flow for grant programs including the PDC Housing Development Program, provides needed cash match for recurring annual grant programs, and ensures adequate staffing levels to support future needs of our member jurisdictions, and to maintain reserve funds for long-term liabilities, including the Commission-owned office building.

The following summarizes the revenues and expenses of the Commission:

	Changes in Net Position For the Years Ended June 30,	
	<u>2024</u>	<u>2023</u>
Operating revenues		
Grants	\$2,679,423	\$1,588,840
Dues	151,859	151,859
Other operating revenues	<u>1,883</u>	<u>12,615</u>
Total operating revenues	<u>2,833,165</u>	<u>1,753,314</u>
Non-operating revenues		
GASB 68 adjustment	69,281	104,198
Interest	30,849	12,326
Net loss on investments	-	(374)
Net loss on disposal of equipment	<u>-</u>	<u>(252)</u>
Total non-operating revenues	<u>100,130</u>	<u>115,898</u>
 Total revenues	 <u>2,933,295</u>	 <u>1,869,212</u>
 Operating expenses		
Virginia Housing Development Authority	1,006,627	248,820
Salaries and wages	666,186	552,047
Freedom grants	506,094	300,651
PATH Foundation mobility management	226,550	184,430
Fringe benefits	135,808	119,285
Comprehensive Economic Development Strategy	51,300	40,850
Other operating expenses	36,873	42,487
Regional ride sharing	35,831	37,805
Other grant expenses	28,306	14,554
Hazard mitigation	26,331	-
Commuter assistance program strategic plan	26,112	-
National Fish and Wildlife Foundation	25,377	110,641
Commonwealth Flood Preparedness Fund	22,389	-
Technology	12,521	11,038
Regional tourism	10,719	4,163
Volunteers in Service to America (VISTA)	8,000	6,500
Maintenance and repairs	<u>5,345</u>	<u>7,092</u>
Total operating expenses	<u>2,830,369</u>	<u>1,680,363</u>
 Depreciation	 17,145	 17,713
Interest paid on debt	<u>5,633</u>	<u>6,887</u>
Total expenses	<u>2,853,147</u>	<u>1,704,963</u>
 Change in net position	 80,148	 164,249
 Net position beginning of year	 <u>942,902</u>	 <u>778,653</u>
 Net position end of year	 <u>\$1,023,050</u>	 <u>\$ 942,902</u>

Revenues

For the fiscal year ended June 30, 2024, total revenues increased by \$1,064,083 from the prior year. \$69,281 of the increase in revenue was the result of the GASB 68 adjustment. Operating revenues increased \$1,079,851 from FY2023 to FY2024. The continuation of annual grants from the Department of Rail and Public Transportation in support of RRRC's Commuter Services and Mobility Management programs, the Rural Transportation Planning grant from the Virginia Department of Transportation, and Chesapeake Bay watershed planning from the Department of Environmental Quality are important for RRRC's ability to continue providing support for successful, long-term projects. In addition, support received from the PATH Foundation for RRRC's Regional Transportation Collaborative and Farm to School position efforts are important for the successful growth of those programs. Finally, RRRC's regional housing efforts were aided by successful grants from the Virginia Homeless Solutions Program, but also from funding allocated by member jurisdictions in support of a 0.5 Full-Time Equivalent housing position.

Expenses

For the fiscal year ended June 30, 2024, total expenses increased by \$1,148,184 from the prior year. Personnel costs such as health insurance and retirement increased from FY 2023 to FY 2024. Salaries and wages – the largest expense for the Commission – increased by \$114,139 with a full staff for most of the fiscal year. Total expenses were lower than our total revenues before the GASB 68 adjustment.

Capital Assets

At the end of fiscal year 2024, the Commission had invested \$445,908 in capital assets which consisted of the office building, office furniture and equipment. This amount has been depreciated by \$282,287, for a carrying amount of \$163,621.

Long-Term Debt

On August 12, 2000 the Commission received loan proceeds in the amount of \$376,000 from the Department of Agriculture to finance construction of office facilities. The loan is due in monthly installments of \$1,993 through July 12, 2029. Interest on the loan is at 4.75%. The balance of this loan was \$108,601 as of June 30, 2024.

Economic Factors and Future Projects

The Commission receives a substantial amount of its support from local and state governments. The Commission was successful in beginning to restore its reserve fund balance in FY 2017 based on controlling expenses and continued success with state and federal grant applications. The Commission expects that revenues and expenses will be more closely balanced in future years. Operating expenses will generally remain at a level in proportion to the revenues.

Presently, management of the Commission is closely tracking local, state and federal revenue and program impacts post-pandemic and the potential impacts on the overall agency finances. The short-term outlook remains positive based on known funding awards. In addition, uncertainty at the federal and state level may cause some long-term changes, depending upon funding priorities and availability of grant funding. In particular, funding for housing, transit, mobility management, and environmental planning has been the subject of discussion at the state and federal levels during recent fiscal years. The Commission was able to address internal impacts related to COVID-19, including a shift to partial remote work, using existing funding sources.

The Commission is currently involved in numerous projects including but not limited to agricultural development, rural transportation planning, mobility management, ridesharing, environmental planning, regional housing, economic development, community development planning, and regional tourism.

Contacting the Commission's Financial Management

This financial report is designed to provide a general overview of the Commission's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in the report or requests for additional financial information should be directed to the Commission's Executive Director at 420 Southridge Parkway, Suite 106, Culpeper, VA 22701.

See accompanying notes.

RAPPAHANNOCK-RAPIDAN REGIONAL COMMISSION

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – Summary of Significant Accounting Policies

The financial statements of the Rappahannock-Rapidan Regional Commission conform to generally accepted accounting principles (GAAP) applicable to government units promulgated by the Government Accounting Standards Board (GASB). The following is a summary of the more significant accounting policies:

A. The Financial Reporting Entity

The Rappahannock-Rapidan Regional Commission was chartered in 1971. The Commission includes the Counties of Culpeper, Fauquier, Madison, Orange and Rappahannock and the towns of Remington, Warrenton, Culpeper, Orange, Madison, Gordonsville, Washington and The Plains. Regional Commissions achieved their being and legal status by the Virginia Area Development Act, passed by the General Assembly on March 13, 1968. The Act was an amendment of Chapters 34 and 35 of the *Code of Virginia* and provided the State with a uniform set of sub-state administrative boundaries and local government the authority to create planning and/or service district commissions, all in an effort to improve state and local relations which would enable government to be more responsive to the needs of its people.

B. Financial Statement Presentation

Management’s Discussion and Analysis – GASB Statement #34 requires the financial statements be accompanied by a narrative introduction and analytical overview of the government’s financial activities in the form of “management’s discussion and analysis” (MD&A).

Enterprise Fund Financial Statements:

The Statement of Net Position is designed to display the financial position of the Commission. Governments will report all capital assets and will report depreciation expense – the cost of “using up” capital assets – in the Statement of Revenues, Expenses and Changes in Net Position. The net position of the government is broken down into three categories – 1) invested in capital assets, net of related debt; 2) restricted; and 3) unassigned.

C. Basis of Accounting

The accounting and reporting policies of the Commission relating to the accompanying basic financial statements conform to accounting principles generally accepted in the United States of America applicable to state and local governments. Generally accepted accounting principles for local governments include those principles prescribed by the Governmental Accounting Standards Board (GASB) the American Institute of Certified Public Accountants in the Publication entitled Audits of State and Local Government Units and by the Financial Accounting Standards Board (when applicable).

D. Budgets and Budgetary Accounting

A budget is prepared for information and fiscal planning purposes. None of the participating entities are required to approve the budget. The budget is adopted as a planning document and is not a legal control on expenses. The budget is prepared on the same basis of accounting as the actual financial statements are prepared except for depreciation and capital asset purchases are expensed.

RAPPAHANNOCK-RAPIDAN REGIONAL COMMISSION
NOTES TO FINANCIAL STATEMENTS
(Continued)

NOTE 1 – Summary of Significant Accounting Policies (continued)

E. Capital Assets

Property, plant and equipment purchased is stated at cost or estimated cost for all items with an initial cost exceeding \$1,000. Donated property is recorded at fair market value prevailing at the date of donation. Depreciation for capital asset has been provided for over the following estimated useful lives using the straight-line method:

Equipment	3-12 years
Buildings	39 years

Activity of the capital assets for the Commission for the year ended June 30, 2024 was as follows:

	Balance July 1, 2023	Additions	Disposals	Balance June 30, 2024
Office furniture and equipment	\$ 52,935	\$ 2,865	\$ -	\$ 55,800
Buildings and improvements	390,108	-	-	390,108
Less:				
Accumulated Depreciation	(265,142)	(17,145)	-	(282,287)
Net capital assets	<u>\$177,901</u>	<u>\$(14,280)</u>	<u>\$ -</u>	<u>\$ 163,621</u>

F. Cash and Cash Equivalents

For purposes of the statement of cash flows, the Commission considers all highly liquid investments with a maturity of three months or less to be cash equivalents.

G. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principals requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

H. Accounts Receivable

Accounts receivable are reported at their gross value when earned as the underlying exchange transaction occurs. Receivables related to non-exchange transactions are recognized when their eligibility requirements have been met. Receivables are reduced by the estimated portion that is expected to be uncollectible. This estimate is made based on collection history and current information regarding the credit worthiness of the debtors. When continued collection activity results in receipts of amounts previously written off, revenue is recognized for the amount collected. Management considers all of the receivables collectible at June 30, 2024, and no allowance for doubtful accounts has been provided.

NOTE 1 – Summary of Significant Accounting Policies (continued)

I. Deferred Outflows/Inflows of Resources

The Commission reports deferred outflows of resources on its statement of net position. Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until the applicable period. The Commission has one item that qualifies for reporting in this category. Per the actuarial report prepared as of June 30, 2023, the change in assumptions was \$-0-.

The Commission reports deferred inflows of resources on its statement of net position. Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until a future period. The Commission has two items that qualify for reporting in this category. Per the actuarial report prepared as of June 30, 2023, the difference between expected and actual experience was \$(16,971) and the net difference between projected and actual earnings on plan investments was \$(29,665).

J. Right to Use Assets

The Commission has recorded the right to use asset, leased office space, as a result of implementing GASB 87. The right to use assets are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, less lease incentives, plus ancillary charges necessary to place the lease into service.

The right to use assets are amortized on a straight-line basis over the life of the related lease.

K. Pension

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Commission's Retirement Plan and additions to/deductions from the Commission's Retirement Plan's net fiduciary position have been determined on the same basis as they were reported by Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

L. Restricted Resources

When both restricted and unrestricted resources are available for use, it is the Commission's policy to use restricted resources first, then unrestricted, as they are needed.

M. Advertising Costs

Advertising costs are expensed as incurred.

RAPPAHANNOCK-RAPIDAN REGIONAL COMMISSION
NOTES TO FINANCIAL STATEMENTS
(Continued)

NOTE 2 - Cash and Investments

State statute authorizes the Commission to invest in obligations of the U. S. Treasury, agencies, and instrumentalities, repurchase agreements, certificates of deposit or time deposits insured by the FDIC, and the local government investment pool. Cash and cash equivalents include amounts in demand deposits as well as short-term, highly liquid investments with a maturity date within three months of the date acquired by the Commission. Deposits are carried at cost, which approximates fair value. At year end, the carrying value of the Commission’s bank account balances was \$84,684, and the bank balances totaled \$121,504.

There is no custodial credit risk to these accounts, as the entire bank balance was covered by federal depository insurance or collateralized in accordance with the Virginia Security for Public Deposits Act (Act). Under the Act, banks holding public deposits in excess of the amounts insured by the FDIC must pledge collateral in the amount of 50% of excess deposits to a collateral pool in the name of the State Treasury Board. Savings and loan institutions are required to collateralize 100% of deposits in excess of FSLIC limits. The State Treasury Board is responsible for monitoring compliance by banks and savings and loans. Accordingly, there is no custodial risk for either of the accounts as they are fully collateralized. In addition, there is no interest rate risk as the interest rates are adjusted daily.

The Commission is a participant in the Virginia Investment Pool, a jointly-administered investment pool. Jointly-administered investment pools, such as VIP, are allowable investment as identified in the Investment of Public Funds Act. Participants own and control VIP, which is a governmental trust under Section 115 of the Internal Revenue Code. Public Trust Advisors, LLC (PTA) serves as Investment Manager. PTA is a Securities and Exchange Commission registered, independent investment advisor with significant local government investment pool experience. PTA manages more than \$30 billion in public funds nationwide. Wells Fargo Bank is VIP’s custodian bank.

The investment pool has not been assigned a risk category since the Commission is not issued securities, but rather owns an undivided interest in the assets of the pool. At June 30, 2024 the Commission’s balance in the investment pool was \$407,997 and included the following investments:

VIP Liquidity Pool Account	\$407,997
----------------------------	-----------

NOTE 3 – Rural Development Loan

The Commission received loan proceeds in the amount of \$376,000 from the Department of Agriculture on August 12, 2000. The loan is secured by the Commission’s real estate and due in monthly installments of \$1,993 including interest of 4.75% through July 12, 2029. Current year debt activity was as follows:

Beginning Balance	Increases	Decreases	Ending Balance
<u>\$126,884</u>	<u>\$ -</u>	<u>\$18,283</u>	<u>\$108,601</u>

NOTE 3 – Rural Development Loan (continued)

Mandatory debt service requirements consist of the following:

Year Ending <u>June 30,</u>	<u>Principal</u>	<u>Interest</u>
2025	\$ 19,172	\$ 4,744
2026	20,102	3,814
2027	21,079	2,837
2028	22,102	1,814
2029	23,174	742
Thereafter	<u>2,972</u>	<u>12</u>
Total	\$ <u>108,601</u>	\$ <u>13,963</u>

NOTE 4 – Defined Benefit Pension Plan

Pensions

The Virginia Retirement System (VRS) Political Subdivision Retirement Plan is a multi-employer, agent plan. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Commission’s Retirement Plan and the additions to/deductions from the Commission’s Retirement Plan’s net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Plan Description

All full-time, salaried permanent (professional) employees of the Commission are automatically covered by a VRS Retirement Plan upon employment. This plan is administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

The System administers three different benefit structures for covered employees – Plan 1, Plan 2, and Hybrid. Each of these benefit structures has different eligibility criteria. The specific information for each plan and the eligibility for covered groups within each plan are set out in the table below:

NOTE 4 – Defined Benefit Pension Plan (Continued)

<p>Members who were eligible for an optional retirement plan (ORP) and had prior service under Plan 1 were not eligible to elect the Hybrid Retirement Plan and remain as Plan 1 or ORP.</p>	<p>Members who were eligible for an optional retirement plan (ORP) and have prior service under Plan 2 were not eligible to elect the Hybrid Retirement Plan, and remain as Plan 2 or ORP.</p>	<p>Those employees eligible for an optional retirement plan (ORP) must elect the ORP plan or the Hybrid Retirement Plan. If these members have prior service under Plan 1 or Plan 2, they are not eligible to elect the Hybrid Retirement Plan and must select Plan 1 or Plan 2 (as applicable) or ORP.</p>
<p>Retirement Contributions Employees contribute 5% of their compensation each month to their member contribution account through a pretax salary reduction. Member contributions are tax-deferred until they are withdrawn as part of a retirement benefit or as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees. VRS invests both member and employer contributions to provide funding for the future benefit payment.</p>	<p>Retirement Contributions Same as Plan 1.</p>	<p>Retirement Contributions A member’s retirement benefit is funded through mandatory and voluntary contributions made by the member and the employer to both the defined benefit and the defined contribution components of the plan. Mandatory contributions are based on a percentage of the employee’s creditable compensation and are required from both the member and the employer. Additionally, members may choose to make voluntary contributions to the defined contribution component of the plan, and the employer is required to match those voluntary contributions according to specified percentages</p>
<p>Service Credit Service credit includes active service. Members earn service credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional service credit the member was granted. A member’s total service credit is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.</p>	<p>Service Credit Same as Plan 1.</p>	<p>Service Credit <i>Defined Benefit Component:</i> Under the defined benefit component of the plan, service credit includes active service. Members earn service credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional service credit the member was granted. A member’s total service credit is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit. <i>Defined Contributions Component:</i> Under the defined contribution component, service credit is used to determine vesting for the employer contribution portion of the plan.</p>

NOTE 4 – Defined Benefit Pension Plan (Continued)

Employees Covered by Benefit Terms

As of the June 30, 2022 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	Number
Inactive Members or Their Beneficiaries Currently Receiving Benefits	5
Inactive Members	
Vested inactive members	5
Non-vested inactive members	6
LTD	-
Active members active elsewhere in VRS	<u>5</u>
Total Inactive Members	16
Active Members	<u>7</u>
Total covered employees	<u>28</u>

Contributions

The contribution requirement for active employees is governed by § 51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

The Commission’s contractually required employer contribution rate for the year ended June 30, 2024 was .71% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employee during the year, with an additional amount to finance any unfunded accrued liability. Contribution to the pension plan from the Commission was \$-0- and \$-0- for the years ended June 30, 2024 and June 30, 2023, respectively.

Net Pension Liability

The net pension liability (NPL) is calculated separately for each employer and represents that particular employer’s total pension liability determined in accordance with GASB Statement No. 68, less that employer’s fiduciary net position. For the Commission, the net pension liability was measured as of June 30, 2023. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2022 rolled forward to the measurement date of June 30, 2023.

NOTE 4 – Defined Benefit Pension Plan (Continued)

Long-Term Expected Rate of Return

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Target Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Average Long-Term Expected Rate of Return
Public Equity	34.00%	6.14%	2.09%
Fixed Income	15.00%	2.56%	0.38%
Credit Strategies	14.00%	5.60%	0.78%
Real Assets	14.00%	5.02%	0.70%
Private Equity	16.00%	9.17%	1.47%
MAPS-Multi-Asset Public Strategies	4.00%	4.50%	0.18%
PIP-Private Investment Partnership	2.00%	7.18%	0.14%
Cash	1.00%	1.20%	0.01%
Total	100.00%		5.75%
	Inflation		2.50%
	* Expected arithmetic nominal return		8.25%

* The above allocation provides a one-year return of 8.25%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.14%, including expected inflation of 2.50%.

On June 15, 2023, the VRS Board elected a long-term rate of 6.75% which is roughly at the 45th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.50%.

Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions;

RAPPAHANNOCK-RAPIDAN REGIONAL COMMISSION
NOTES TO FINANCIAL STATEMENTS
(Continued)

NOTE 4 – Defined Benefit Pension Plan (Continued)

political subdivisions were also provided with an opportunity to use an alternate employer contribution rate. For the year ended June 30, 2023, the alternate rate was the employer contribution rate used in FY2012 or 100% of the actuarially determined employer contribution rate from the June 30, 2022, actuarial valuations, whichever was greater. From July 1, 2023 on, participating employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Change in the Net Pension Liability (Asset):

	Total Pension Liability (Asset) (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (Asset) (a)-(b)
Balances at June 30, 2022	<u>\$1,384,215</u>	<u>\$1,886,120</u>	<u>\$(501,905)</u>
Changes for the year:			
Service cost	32,583		32,583
Interest	93,476		93,476
Changes of assumption	-		-
Difference between expected and actual experience	(31,815)		(31,815)
Contributions – employer		-	-
Contributions – employee		21,473	(21,473)
Net investment income		121,087	(121,087)
Benefit payments, including refunds of employee contributions	(63,923)	(63,923)	-
Pension Plan Administrative expense		(1,215)	1,215
Other changes	-	(78)	78

Pension Plan Data

Information about the VRS Political Subdivision Retirement Plan is also available in the separately issued VRS 2023 *Comprehensive Annual Financial Report (CAFR)*. A copy of the 2023 VRS CAFR may be downloaded from the VRS website at varetire.org/Pdf/Publications/2023-annual-report.pdf, or by writing to the System’s Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

NOTE 5 – Commitments and Contingencies

The Commission receives a substantial amount of its support from local and state governments. A significant reduction in the level of this support, if this were to occur, could have an adverse effect on the Commission’s programs and activities.

NOTE 6 – Evaluation of Subsequent Events

The Commission has evaluated subsequent events through December 17, 2024, the date which the financial statements were available to be issued.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Commissioners
Rappahannock-Rapidan Regional Commission
Culpeper, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the business-type activities and the aggregate remaining fund information of the Rappahannock-Rapidan Regional Commission as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Rappahannock-Rapidan Regional Commission's basic financial statements, and have issued our report thereon dated December 17, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Rappahannock-Rapidan Regional Commission's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Rappahannock-Rapidan Regional Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of Rappahannock-Rapidan Regional Commission's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Rappahannock-Rapidan Regional Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Commissioners
Rappahannock-Rapidan Regional Commission

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Rappahannock-Rapidan Regional Commission's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Rappahannock-Rapidan Regional Commission's major federal programs for the year ended June 30, 2024. Rappahannock-Rapidan Regional Commission's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Rappahannock-Rapidan Regional Commission complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responses under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Rappahannock-Rapidan Regional Commission and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriated to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Rappahannock-Rapidan Regional Commission's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal controls over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Rappahannock-Rapidan Regional Commission's federal programs.

Phone: (703) 631-8940

FAX: (703) 631-8939

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Rappahannock-Rapidan Regional Commission's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about Rappahannock-Rapidan Regional Commission's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Rappahannock-Rapidan Regional Commission's compliance with the compliance requirements referred to above and performing such other procedures as we consider necessary in the circumstances.
- Obtain an understanding of Rappahannock-Rapidan Regional Commission's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion of the effectiveness of Rappahannock-Rapidan Regional Commission's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**RAPPAHANNOCK-RAPIDAN REGIONAL COMMISSION
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2024**

NOTE 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of the Rappahannock-Rapidan Regional Commission (the Commission) for the year ended June 30, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operation of the Commission, it is not intended to and does not present the financial position, change in net position, or cash flows of the Commission. The Commission's fiscal year does not parallel the federal government's fiscal year. This should be considered when reconciling amounts reported on this schedule.

NOTE 2 - Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 3 - Indirect Cost Rate

The Commission has elected not to use the 10% de minimus indirect cost rate.

NOTE 4 - Federal Loans

The Commission was approved by the Department of Agriculture in 1999 to receive a loan totaling \$376,000. The amount listed for this loan includes the outstanding balance due at the beginning of the fiscal year, with no additional proceeds used during the year. The balance owing at the end of the fiscal year is \$108,601.

RAPPAHANNOCK-RAPIDAN REGIONAL COMMISSION

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION For the Year Ended June 30, 2024

NOTE 1 – Change of Benefit Terms

There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

NOTE 2 – Changes of Assumptions

The actuarial assumptions used in the June 30, 2022, valuation were based on results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Largest 10 – Non-Hazardous Duty:

Mortality Rates (Pre-retirement, post-retirement healthy and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

All Other (Non 10 Largest) – Non-Hazardous Duty:

Mortality Rates (Pre-retirement, post-retirement healthy and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change
