CAFR-LETTER OF TRANSMITTAL

November 30, 2010

To The Honorable Members of the Board of Supervisors and Citizens of Wise County County of Wise, Virginia

I am pleased to present the Comprehensive Annual Financial Report of the County of Wise, Virginia for the fiscal year ended June 30, 2010. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the County. I believe the data, as presented, is accurate in all material respects, is presented in a manner designed to fairly set forth the financial position and results of operations of the County as measured by the financial activity of its various funds, and that all disclosures necessary to enable the reader to gain the maximum understanding of the County's financial affairs have been included.

The management of the County is responsible for establishing and maintaining an internal control structure to ensure the protection of the County's assets. In developing and evaluating the County's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition; and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be diverted; and (2) the valuation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above framework. I believe the County's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

BUDGETARY CONTROLS

In addition to the internal accounting controls noted above, the County also maintains budgetary controls. These budgetary controls ensure compliance with provisions embodied in the annual appropriated budget approved by the Board of Supervisors. A budget is approved for the general, emergency numbers, sewer enterprise, and landfill enterprise funds. Within the general fund budget, annual appropriations are made to supplement the emergency numbers, sewer, and landfill enterprise funds.

As a recipient of federal and state financial assistance, the County is also responsible for ensuring that adequate internal controls are in place to ensure and document compliance with applicable laws and regulations. The audit of the fiscal year ended June 30, 2010 has been completed and no material internal control weaknesses or material violations of laws and regulations have been found. The County adopts an annual budget by July 1 of each year required by 15.2-2503, Code of Virginia of 1950, as amended. A budget is not required for fiduciary funds. When necessary, the Board of Supervisors approves amendments to the adopted budget in accordance with 15.2-2507, Code of Virginia of 1950, as amended. Budgetary compliance is mentioned and reported at the department level. The budget expenditures, as implemented through appropriations that the Board makes annually, may be greater or less than contemplated in the original budget.

THE REPORTING ENTITY AND ITS SERVICES

The County of Wise report includes all funds and account groups of the "primary government." In Virginia, cities and counties are distinct units of government; therefore, the County is responsible for providing all services normally provided by a local government. These services include public safety, social services, recreation, and cultural activities and community development. For financial reporting purposes and in accordance with the Governmental Accounting Standards Board (GASB), Statement 14, "The Financial Reporting Entity", the County has identified two discretely component units. The GASB statement establishes the criteria used in making this determination and identifies each as a blended component unit or discretely presented component unit. Blended component units, although legally separate entities, are, in substance, part of the primary government's operations and are included as a part of the primary government. Therefore, the County School Board and the Wise County Public Service Authority are reported in a discrete presentation. Based upon GASB Statement 14 criteria, the School Board is a legally separate organization providing educational services to the public whose board is elected and is fiscally dependent on the local government.

The financial statements of the Wise County Industrial Development Authority are not included in the County report. This organization is administered by a Board separate from and independent of the Board of Supervisors.

Local Economy

Wise County is located in Southwest Virginia, approximately 50 miles northwest of Bristol, Virginia. The county encompasses a land area of 407 square miles with a population of 41,703. US routes 23 and 58 and State routes 83, 72, 74, 78, 160, 620, 646, 640 and 636 are the primary routes that transverse the County. Wise County has a diversified economy with manufacturing, trade services, coal mining, and agricultural sectors. Manufacturing activities include hardwood flooring, cabinetry, and steel molding and fabrication. Service industries include technology call centers, telecommunications, food, health care, education, and government. Agriculture remains important in Wise County's economy with beef cattle the principal livestock, and apples, vineyard grapes, tobacco, and hay the cash crops.

Wise County has not experienced the growth in unemployment that the rest of the state has experienced but has begun to feel some effects of the global economic downturn.

MAJOR INITIATIVES

For Fiscal Year 2010

Following the goals and objectives established by the County of Wise Board of Supervisors, and with the assistance and guidance of the County's Administrator, County Attorney, and County Financial Administrator, County staff agencies implemented and continued a number of specific "programs" designed to provide County residents with cost efficient government while enhancing their home and employment environment.

Major Initiatives begun, continued, or implemented this fiscal year are:

- Working with VDOT, Wise County saw construction completed on the turning lane off US Route 23 into the entrance of J.W. Adams Middle School near Pound, Virginia.
- Discussion continues between Wise County and VDOT officials regarding development of Innovation Highway between US Route 58 and State Route 646 to service access to the Lonesome Pine Business and Technology Park, the Lonesome Pine Airport, UVA-Wise, and the Wise County Fair Grounds.
- After completing acquisition of approximately 17 acres of land just off State Route 646 near the current Wise County Christian School, the Wise County IDA is now working to complete necessary infrastructure (roads, water,

sewer, electricity, TV cable and communication cable network) to allow for future industrial and technological development.

- The Wise County IDA, working with a local engineering firm, is moving forward with design of a two-lane VDOT approved entrance into the 17-acre development behind the current Wise County Christian School. It is anticipated that coal severance funds will be used to cover the cost of construction of this road.
- After being selected as one of five (5) sites in Southwest Virginia and Southside Virginia by the Virginia Tobacco
 Commission, the Wise County IDA has completed construction of the Appalachian American Energy Research
 Center with a ribbon cutting ceremony held in the Fall of 2010.
- Wise County continues to work using coal severance funds to secure expansion of State Route 757 into a 3 lane road to facilitate development in that area. Necessary funds have been identified from unused funds on another project to be combined with VDOT Revenue Sharing Funds to fund the design of Rt. 757 improvements and possibly facilitate the beginning of construction.
- The Wise County PSA anticipates completion of the Stephens/Guest River Sewer Interceptor Sewer Lines in December 2010 or January 2011, which will service the wastewater needs of the Guest River Watershed areas from the Glamorgan community to the Esserville community.
- The Wise County PSA and the Wise County IDA worked in a collaborative effort to see the Fairgrounds Sewer
 Project completed with wastewater now flowing in the area in and around the Wise County Fairgrounds, the
 Hurricane community, and parts of the Coeburn Mountain Community. Final inspection has been held and project
 closeout has begun.
- The Wise County PSA, working with the City of Norton, anticipates completion of the long awaited Josephine Sewer Project in December 2010 with between 45 to 50 homes already hooked up to public sewer. Prior to the completion of these improvements, much of the wastewater in this community was entering failing septic systems or direct straight piping into the Powell River.
- Exterior renovations to the Wise County Courthouse were completed and final inspection held.
- The Spearhead Trails Program consisting of Wise County, the City of Norton, and neighboring counties continues
 to move forward to secure funding. After a successful regional symposium was held in Norton, interest has piqued
 and work continues to secure a director, design trails, and secure funding.
- The Wise County IDA and the Dickenson County IDA, after entering into an agreement to develop the Coalfield Agricultural Center located on the line between Wise and Dickenson County has seen completion of the Agricultural Center Building, a roof placed over the live stock pens, and the completion of the new education center building. There are held at the Center, monthly horse shows, periodic stock sales where local veterinarians can check cattle and such events as Family Safety Day. Meeting there are the Bee Keepers Association, the Beef Cattle Association, and the Cumberland Horse Riders.
- Work is well under way and a committee has been formed for Wise County to participate in the recognition of the
 contribution of the State of Virginia to the American Civil War. Plans are to have historical markers located at the
 Pound Gap and on the lawn of the Wise County Courthouse.
- The Wise County PSA completed work on the Raw Water System to serve the new Dominion Energy Plant from the Clinch River.
- The Wise County PSA has secured grant funding for updating the filtering system and the telemetry system at the Wise County Carfax Water Treatment Plant.

- After securing a deed to the property currently known as the Wise County Christian School, Wise County is
 moving forward toward completion of that portion of the building which will house the Wise County Central
 Dispatch, the Magistrate's Office, Sheriff's Office Processing, and the GIS Office. After completion of all parts of
 the building, the building will be called the Wise County Justice Center which will also house the Sheriff's Office
 and EOC.
- The County of Wise and the City of Norton nears completion of the agreement between the two parties to allow for wastewater flow from the new Stephens/Guest River Sewer Interceptor Sewer Lines into and through the City of Norton.
- Work on the Dominion Energy-Virginia City Coal Fired Plant continues toward completion with an anticipated completion date of Summer/Fall 2012.
- After securing grant funding from VCEDA, the VA Tobacco Commission, and the Virginia Department of
 Housing and Community Development, the Wise County IDA has made much progress toward completion of the
 restoration of the exterior of the Wise Inn. Work moves forward in such a way as to ensure future financial
 assistance from the Department of Historical Resources and investment tax credits.
- Wise County, while working with the Town of Big Stone Gap and Appalachia, and working through the LENOWISCO Planning District Office has advertised for RFP for removal of the existing rail and shoring up of bridge structures associated with the new Powell River Trail -- a walking and biking trail between the Town of Appalachia and Big Stone Gap. Total First Phase Funding is approximately \$380,000.00.
- For the Upper Exeter Sewer System, grant funds have been secured as follows: \$1,000,000.00-Southern River/DHCD; \$109,000.00-LENOWISCO and \$665,000.00- DEQ. The estimated cost of the project is \$1,774,000.00 with an advertisement date of January 11, 2011 and an anticipated completion date of October 2011.
- Wise County, working in conjunction with "Hands Across the Mountain," moves forward with the Black Mountain Overlook Project with an estimated cost of \$105,000.00 and estimated completion date of August 2011.
- Wise County PSA has begun design work on a sewer project for the area around State Route 757 and necessary application for funding has been filed. Estimated construction cost of \$1,800,000.00 and estimated date of August 2011.
- The long awaited expansion of the Wise County Landfill at Blackwood nears completion. The completion of this 4.5 acre cell will allow the County the option of shipping or landfilling solid waste.
- Wise County IDA conveyed five acres of land in Lonesome Pine Business and Technology Park for construction of new facility for Wise County Christian School. Construction is ongoing with anticipated completion late Spring 2011.
- Wise County IDA has secured tenant for the Appalachia America Energy Research Center and has, accordingly, successfully negotiated a termination agreement with AVRC for the management of the facility.
- Wise County IDA has acquired title, as a place holder, to the abandoned Norfolk-Southern Railway right-of-way between Appalachia and Big Stone Gap to develop a bicycle/pedestrian trail between the two towns.
- Wise County IDA also purchased the former Bandag building on West Main Street, Appalachia to be used as a trail
 head as the trails project evolves.

Prospects for the Future

- The Wise County IDA continues negotiations with a proposed tenant for the new AAERC Research Center located in the Lonesome Pine Business and Technology Park.
- After securing the necessary land and hosting a successful groundbreaking, the Wise County IDA is moving forward toward construction for the new dental clinic building and related structures.
- The Wise County IDA is working with the Wise County Coal Severance Tax Committee to secure funding for completion of the road into the area of the new Appalachian America Energy Research Center, the entrance road for development of a new 17 acre parcel off Coeburn Mountain Road State Route 646, and the extension of the 4-lane road running through the Technology Park to Pole Bridge Road near the entrance to the Lonesome Pine Airport Terminal Building.
- The Wise County IDA continues to move forward to secure a developer, operator or developer/operator for the Wise Inn to bring to Wise County and the Southwest Virginia region a first-class historical hotel and restaurant. Development of tourism and the basic economy, demand that an area have four (4) areas covered: 1. Strong branding—The Crooked Road, the Artisan Trail and Country Music Highway; 2. Something to sell: mountain culture, mountain music, mountain crafts and rich cultural history; 3. A place or places to sleep and 4. A place or places for people to eat. The restoration of the Wise Inn will move us closer to that goal.
- Boundary adjustments for Enterprise Zone completed and approved by Department of Housing and Community Development
- The Wise County IDA continues to work with the Cumberland Airport Commission for the necessary physical
 expansion of the airport property to allow for installation of equipment necessary for instrument landing at the
 Lonesome Pine Airport.
- Engineering studies and conversations continue with funding agencies for moving forward with a waste water treatment plant on the Powell River.
- Wise County participates with others to continue to evaluate the economic impact of development of the Spearhead Trails Program and especially ATV and Waterways Trails.
- Wise County Board of Supervisors and the Wise County Public Schools continue to examine the best answer to the
 question regarding the building needs for the high schools in Wise County.
- Wise County continues to offer support to Dominion Energy in their efforts to develop a wind energy turbine project in Wise County.
- Wise County has made applications for a VDOT Enhancement Grant in the amount of \$425,000.00 \$450,000.00
 which will extend the Powell River Trails Project from Bee Rock Tunnel to the Powell River. Estimated Construction Cost is \$450,000.00
- The Wise County PSA has filed applications for funding and completed necessary community canvassing to secure sewer improvements for the Roda Community.
- Working with the Wise County Coal Severance Committee, Wise County has identified possible funds to complete the new service road and second entrance and exit for Mountain Empire Community College.

- The Wise County PSA continues to evaluate the opportunities provided to Wise County by possibly participating in the expansion of the CNW Treatment Plant from 4 mgd to 6 mgd. Estimated cost of the CNW Plant expansion is \$10 million to \$12 million. Wise County could possibly use fifty (50) percent of the expanded capacity.
- The Wise County PSA has applied for funding in the amount of \$4,500,000.00 to improve water flow from the Club Scotty area through Dunbar and into Appalachia. This project would complete a loop from the Wise County PSA to the Town of Appalachia.
- The Wise County PSA is seeking funding for improvements related to a Pump Station and water tank at Bull Run
 which will allow for an alternate system to pump from the water treatment plant at Carbo to enter the entire Wise
 County PSA Water system.
- The Wise County PSA has applied for funding for improvements in water flow in the area of Pole Bridge Road and Coeburn Mountain by installation of a water tank at the Fairgrounds area.
- The Wise County PSA has applied for funding for emergency generators at the Carfax Water Treatment Plant and pump stations located throughout the Wise County PSA water system.
- Wise County continues efforts associated with the County's participation in all new equipment for the Wise County Dispatch.
- Wise County PSA is participating with the Town of St. Paul and the Castlewood Industrial Development Authority to expand the St. Paul Wastewater Treatment Plant by .999 million gallons. The cost of the expansion is \$6.548 million, with funding from Rural Development. Should this project be financed and become reality, Wise County PSA will participate twenty (20) percent, Castlewood thirty (30) percent and the Town of St. Paul fifty (50) percent. This would allow Wise County to serve the areas of Bull Run and Carfax with sewer service.
- Wise County IDA conveyed approximately two acres of land in the Bear Creek Business Park to the Health Wagon for construction of building to centralize medical services to citizens of Wise and Dickenson Counties.
- Wise County IDA is negotiating with prospect for acquisition of five acres in Bear Creek Business Park on which to locate service facility.
- Wise County IDA has secured VCEDA funds to match Tobacco Commission funding to conduct feasibility study for location of a School of Dentistry in Wise County.
- Wise County IDA has secured \$1.5 million grant from the Tobacco Commission for development of a project at former Pace Carbon Fuel site in Blackwood.
- Wise County IDA continues to work with Dominion Energy personnel, as needed, in the completion of the coal-fired
 power plant at Virginia City. Also, IDA is deeply involved with a natural gas-fired electric generating plant and
 continuing in efforts to establish a wind turbine facility for generation of electricity with Dominion.
- Wise County IDA is working with an independent company to secure approvals and funding for a solar power electric generating plant.

For the 2010-2011 Fiscal Year, the Board of Supervisors has approved a General Fund Operating Budget of \$52,385,903.

Cash Management

Cash temporarily idle during the year was invested in time deposits and various authorized money market instruments. The amount of interest and dividends received was \$429,080. This is a significant decrease from interest and dividends earned on

temporary investments in Fiscal Year 2008-2009 when the interest on investments totaled \$1,028,585.00. This decrease is due to significantly lower interest rates and a non-recurring item that occurred in FY 2008-2009.

OTHER INFORMATION

Management's Discussion and Analysis

Generally accepted accounting principles require management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD& A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County of Wise's MD&A can be found immediately following the report of the independent auditors.

Independent Auditor

The Commonwealth of Virginia requires an annual audit of the financial records and transactions of all departments of the County by independent certified public accountants selected by the Board of Supervisors. The County is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996 and U.S. Office of Management and Budget Circular A-133, Audits of States, Local Government and Non-Profit Organizations. Information related to this single audit, including the findings and recommendations, and auditor's reports on the internal control structure and compliance with laws and regulations, is contained in this report. These requirements have been complied with the auditor's opinion included in this report.

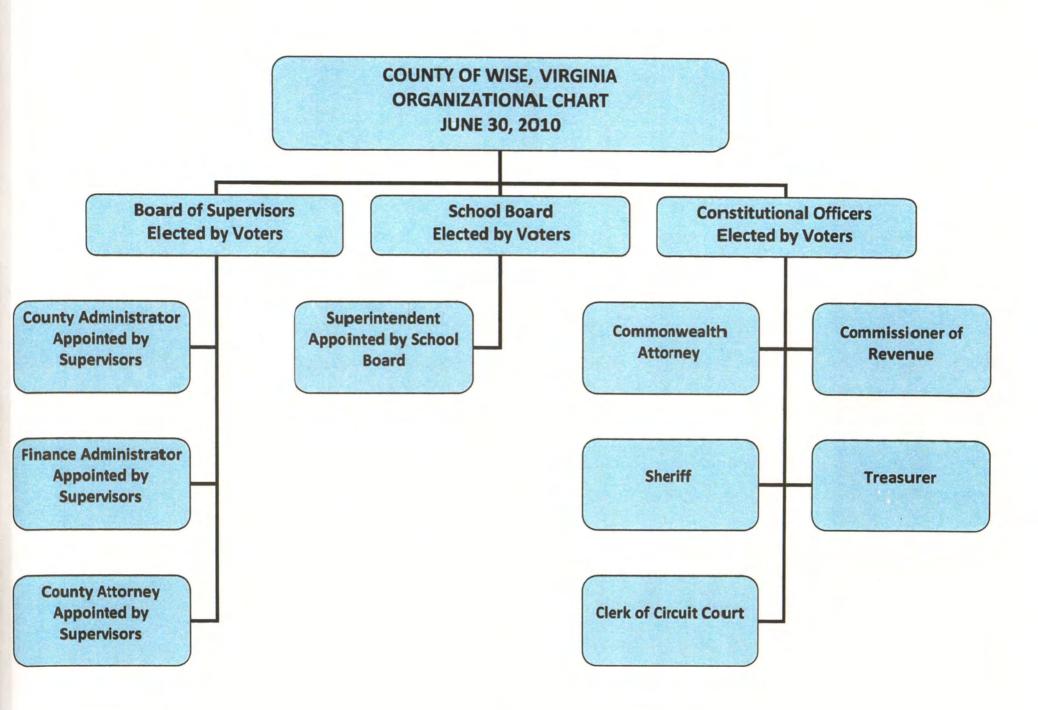

Acknowledgements

I would also like to thank the Board of Supervisors for their interest and support in planning and conducting the financial operations of the County in a responsible and progressive manner.

Respectfully submitted,

David L. Cox, CPA

INDEPENDENT AUDITOR'S REPORT

The Honorable Members of the Board of Supervisors County of Wise Wise, Virginia 24293

Supervisors:

I have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Wise, Virginia, as of and for the year ended June 30, 2010, which collectively comprise the county's basic financial statements as listed in the Table of Contents. These financial statements are the responsibility of the County of Wise, Virginia's management. My responsibility is to express opinions on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audit of Counties*, *Cities and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Wise, Virginia as of June 30, 2010, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Honorable Members of the Board of Supervisors County of Wise Wise, Virginia 24293 Page 2

In accordance with Government Auditing Standards, I have also issued my report dated November 30, 2010 on my consideration of the County of Wise Virginia's internal control over financial reporting on my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of my audit.

The management's discussion and analysis and budgetary comparison information on pages 3 - 10 and 79 - 92, are not a required part of the basic financial statements, but are supplementary information required by accounting principles generally accepted in the United States of America. I have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, I did not audit the information and express no opinion on it.

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Wise, Virginia's basic financial statements. The introductory section, combining and individual non-major fund financial statements, and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statement. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements of Wise County, Virginia. The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, I express no opinion on them.

MANAGEMENT'S DISCUSSION AND ANALYSIS

To the Honorable Members of the Board of Supervisors And Citizens of Wise County County of Wise, Virginia 24293

As management of the County of Wise, Virginia we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2010. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on page i-vii of this report. All accounts, unless otherwise indicated, are expressed in thousands of dollars.

Financial Highlights

The assets of the County exceeded its liabilities at the close of the most recent fiscal year by \$34,894,071 (net assets). Of this amount, \$7,399,196 (unrestricted net assets) may be used to meet the government's ongoing obligations to citizens and creditors from the general fund.

As of the close of the current fiscal year, the County's funds reported combined ending fund balances of \$27,631,941, an increase of \$2,822,140 in comparison with the prior year. Approximately 31 percent of this total amount, \$8,788,539 is available for spending at the County's discretion (unreserved fund balance).

At the end of the current fiscal year, unreserved fund balance for the general fund was \$8,788,539, or 19.43% percent of total general fund expenditures.

The County of Wise, Virginia's total debt increased by \$1,809,259 during the current fiscal year.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements compose three components:

- Government-wide financial statements
- Fund financial statements
- Notes to the financial statements

Overview of the Financial Statements (Continued)

This report also contains other supplementary information in addition to the basic financial statements themselves.

<u>Government-wide financial statements</u> – The Government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The statement of activities presents information showing how the County's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the County's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and inter-governmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, courts, police protection, sanitation, social services, education, cultural events, and recreation.

The Government-wide financial statements include not only the County of Wise, Virginia itself (known as the primary government), but also a legally separate school district and a water authority for which the County of Wise, Virginia is financially accountable. Financial information for these component units is reported separately from financial information present for the primary government itself.

<u>Fund financial statements</u> -- A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County of Wise, Virginia, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds – Governmental funds are used to account for essentially the same functions reported as Governmental activities in the government-wide financial statements. However, unlike the government-wide financial statement, governmental fund financial statement focus on near-term inflows and outflows of spendable resources, as well as on balance of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare to the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental fund balance sheet and the governmental statement of revenues, expenditures, and

Overview of the Financial Statements (Continued)

changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains an individual governmental fund and many special revenue funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and the Special Revenue funds, all of which are considered to be major funds.

The County adopts an annual appropriated budget for its General fund, emergency numbers, and law library funds. A budgetary comparison statement has been provided for those funds to demonstrate compliance with its budget.

Fiduciary funds – The County is the trustee, or fiduciary, for the County's agency funds. It is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the County's fiduciary activities are reported in a separate statement of fiduciary net assets and a statement of changes in fiduciary net assets. The County excludes these activities from the County's government-wide financial statements because the County cannot use these assets to finance its operations. Agency funds are County custodial funds used to provide accountability of client monies for which the County is custodian.

Notes to financial statements – The notes provide additional information that is essential to a full understanding of the data provided in the government –wide and fund financial statements.

Other Information – In addition to the basic financial statement and accompanying notes, this report also presents certain required supplementary information for budgetary comparison schedules and presentation of combining financial statements for the discretely presented component unit School Board. The School Board does not issue separate financial statements.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a County's financial position. In the case of the County, assets exceeded liabilities by \$34,894,071 at the close of the most recent fiscal year.

A portion of the County's net assets (18.36 percent) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The county uses these capital assets to provide service to citizens: consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Financial Analysis of the County's Funds

As noted earlier, the County used fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds – The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a County's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$27,631,941 an increase of \$2,822,140 in comparison with the prior year. Approximately 31 percent of this total amount (\$8,788,539) constitutes unreserved fund balance, which is available for spending at the County's discretion. The remainder of fund balance is reserved, as to indicate it is not available for new spending because it has already been committed for:

- Landfill closure and post closure cost
- Future special revenue expenditures
- Future school projects
- Future employee benefits

The general fund is the operating fund of the County. At the end of the current fiscal year, unreserved fund balance of the general fund was \$8,788,539, while the total fund balance was \$17,989,669. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 19.43 percent of total general fund expenditures, while total fund balance represents 39.8 percent of that same amount.

The general fund balance increased \$2,004,145 during the current fiscal year.

The special revenue funds has a total fund balance of \$9,642,272, all of which is reserved for future projects. The fund balance increased \$817,995 during the current year.

General Fund Budgetary Highlights

Differences between the original budget and the final amended budget were \$1,952,785 increase in appropriations) and can be briefly summarized as follows:

- \$54,704 increase in general government administration
- \$85,987 increase in judicial administration
- \$67,650 increase in public safety expenditures
- \$129,000 increase in public work expenditures
- \$827,788 increase in health and welfare expenditures
- \$0 increase in education expenditures
- \$0 increase in Parks, Recreation & Cultural

- \$686,600 increase in community development
- \$101,056 increase in non-departmental

This increase was primarily funded by higher than anticipated revenues from various sources. During the year, however, primary government revenues exceeded budgetary estimates by \$1,134,500 and primary government expenditures were less than budgetary estimates by \$2,165,668.

Capital Asset and Debt Administration

<u>Capital assets</u> – The county's investment in capital assets for its governmental activities as of June 30, 2010 amounts to \$20,359,697 (net of accumulated depreciation). This investment in capital assets land, buildings and improvements, and machinery and equipment. The total decrease in the County's investment in capital assets for the current fiscal year was \$263,576.

	Governmental Activities		
	2009	2010	
Land	\$ 1,560,000	\$ 1,560,000	
Buildings	28,848,701	28,921,108	
Equipment	<u>3,847,998</u>	4,310,331	
Total	34,256,699	34,791,439	
Less: Accumulated Depreciation	(13,633,426)	(14,431,742)	
Net capital assets	\$ 20,623,273	\$20,359,697	

Additional information on the County's capital assets can be found in Note 17.

<u>Long-term debt</u> - At the end of the current fiscal year, the County had total primary government debt outstanding of \$17,963,099, including claims, judgments, OPEB GASB 45 liability and compensated absences of \$1,047,845. Of this amount \$16,915,254 comprises debt backed by the full faith and credit of the County.

During the current fiscal year, the County's total primary government debt increased by \$1,809,259.

Additional information on the County of Wise, Virginia's long-term debt can be found in Note 7 of this report.

Economic Factors

• Unemployment rate is one of the factors considered in preparing the County's budget for the 2011 fiscal year. The September 2010 unemployment rate for the County is 7.0 percent, which is unchanged from the rate of 7.0 percent in 2009. This exceeds the state's unemployment rate of 6.8 percent and is below the national average rate of 9.6 percent as of September 2010.

All of these factors were considered in preparing the County's budget for the 2011 fiscal year.

Budget and Rates

The approved budget is \$52,385,903 for fiscal year 2010-2011. The appropriate tax rates for the 2010-2011 year are as follows: 57 cents per \$100 value for real estate, mobile home taxes, and public utilities real estate, \$1.49 per \$100 of assessed value for personal property and public service personal property, 2.85 per \$100 of assessed value for merchants capital, and 1.15 per \$100 of assessed value for machinery and tools.

Acknowledgements

This financial report is designed to provide a general overview of the County of Wise, Virginia's finances for all those with an interest in the County's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Mr. David L. Cox, CPA, County Financial Administrator, P.O. Box 570, Wise, Virginia 24293.

County of Wise, Virginia Reconciliation of Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds To the Statement of Activities For the Year Ended June 30, 2010

	*		Governmental Funds		
Amounts reported for governmental activities in the statement of activities are different because:					
Net change in fund balances - total governmental funds		\$	2,822,140		
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded the depreciation in the					
current period.			718,355		
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.			422.455		
as revenues in the funds.			423,455		
Compensated absences not payable from current year resources are not reported as expenditures of the current year. In the Statement of Activities, these costs represent expenses of the current year.			(121,977)		
Accrued OPEB GASB 45 Hospitalization Insurance Liability not payable from current year resources. In the Statement of Activities, these costs represent					
expenses of the current year.			(65,867)		
The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.					
This amount is the net effect of these differences in					
the treatment of long-term debt and related items.			(494,077)		
Change in net assets of governmental activities		\$	3,282,029

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County of Wise, Virginia is governed by an elected eight-member Board of Supervisors. The Board of Supervisors is responsible for appointing the County Administrator, County Finance Administrator, and the County Attorney. The County provides a full range of services for its citizens. These services include police and volunteer fire protection, sanitation services, recreational activities, cultural events, education, and social services.

The financial statements of the County of Wise, Virginia have been prepared in conformity with the specifications promulgated by the Auditor of Public Accounts (APA) of the Commonwealth of Virginia, and the accounting principles generally accepted in the United States as specified by the Governmental Accounting Standards Board (GASB). The more significant of the government's accounting policies are described below.

Financial Statement Presentation

In June 1999, GASB issued Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. This statement, known as the "Reporting Model" statement, affects the way the County prepares and presents financial information.

GASB Statement No. 34 establishes new requirements and a new reporting model for the annual financial reports of state and local governments. The Statement was developed to make annual reports easier to understand and more useful to the people who use governmental financial information to make decisions.

Management's Discussion and Analysis – GASB Statement No. 34 requires the financial statements be accompanied by a narrative introduction and analytical overview of the government's financial activities in the form of "management's discussion and analysis" (MD&A).

Government-wide and Fund Financial Statements

Government-wide financial statements – The reporting model includes financial statements prepared using full accrual accounting for all of the government's activities. This approach includes not just current assets and liabilities but also capital assets and long-term liabilities (such as buildings and general obligation debt).

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the primary government and its components units. For the most part, effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

Statement of Net Assets – The Statement of Net Assets is designed to display financial position of the primary government (government and business-type activities) and its discretely presented component units. Governments will report all capital assets, in the government-wide Statement of Net Assets and will report depreciation expense – the cost of "using up" capital assets – in the Statement of Activities. The net assets of a government will be broken down into three categories – 1) invested in capital assets, net of related debt; 2) restricted; and 3) unrestricted.

Statement of Activities – The new government-wide statement of activities reports expenses and revenues in a format that focuses on the cost of each of the government's functions. The expense of individual functions is

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

compared to the revenues generated directly by the function (for instance, through user charges or intergovernmental grants).

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Budgetary comparison schedules – Demonstrating compliance with the adopted budget is an important component of a government's accountability to the public. Many citizens participate in one way or another in the process of establishing the annual operating budgets of state and local governments and have a keen interest in following the actual financial progress of their governments over the course of the year. Many governments revise their original budgets over the course of the year for a variety of reasons. Under the new reporting model, governments will continue to provide budgetary comparison information in their annual reports. An important change, however, is a requirement to add the government's original budget to the current comparison of final budget and actual results.

A. The Financial Reporting Entity

The basic criterion for determining whether a governmental department, agency, institution, commission, public authority, or other governmental organization should be included in a primary governmental unit's reporting entity for basic financial statements is financial accountability. Financial accountability includes the appointment of a voting majority of the organizations governing body and the ability of the primary government to impose its will on the organization or if there is a financial benefit/burden relationship. In addition, an organization which is fiscally dependent on the primary government should be included in its reporting entity. These financial statements present the County of Wise, Virginia (the primary government) and its component units. Blended component units, although legally separate entities, are, in substance, part of the government's operations, and so data from these units are combined with data of the primary government. Each discretely presented component unit, on the other hand, is reported in a separate column in the combined financial statements to emphasize it is legally separate from the government.

As required by generally accepted accounting principles, these financial statements present the County of Wise, Virginia (primary government) and its component units. The component units discussed in Note B are included in the County's reporting entity because of the significance of their operational or financial relationships with the County of Wise, Virginia.

NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (Continued)

B. Individual Component Unit Disclosures

Discretely Presented Component Units:

- (1) Wise County School Board The County has the responsibility for fiscal matters of the School Board, including authorizations of budgetary appropriations, funding of operating deficiencies, control or use of surplus funds, responsibility for debts, and control over the collections and disbursement of funds.
- (2) Wise County Public Service Authority The County has a financial accountability for the authority, including the appointment of the Authority's governing body, the contribution of a material amount of funds to the Authority and the county serves as the agent for grant receipts for capital projects.

The financial activities of the following organizations are excluded from the County of Wise, Virginia annual report for the reasons indicated:

(1) The Wise County Redevelopment and Housing Authority was excluded primarily because the County Board of Supervisors does not control the Authority's financial and fiscal matters.

C. Measurement Focus, Basis of Accounting, Financial Statement Presentation

The accompanying financial statements are prepared in accordance with pronouncements issued by the Governmental Accounting Standards Board (GASB). The principles prescribed by GASB represent generally accepted accounting principles applicable to governmental units.

The County applies all GASB pronouncements as well as the Financial Accounting Standards Board pronouncements issued on or before November 30, 1989 unless these pronouncements conflict with or contradict GASB pronouncements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The government-wide statement of activities reflects both the gross and net cost per functional category (public safety, public works, health and welfare, etc.) which are otherwise being supported by general government revenues, (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.) The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants, and contributions. The program revenues must be directly associated with the function (public safety, public works, health and welfare, etc.) or a business-type activity.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The County's fiduciary funds are presented in the fund financial statements by type. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

In the fund financial statements, financial transactions and accounts of the County are organized on the basis of funds. The operation of each fund is considered to be an independent fiscal and separate accounting entity, with a self-balancing set of accounts recording cash and/or other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The government reports the following major governmental funds.

(1) <u>Governmental Funds</u> account for the expendable financial resources, other than those accounted for in Fiduciary Funds. The Governmental Fund measurement focus is upon determination of financial position and changes in financial position, rather than upon net income determination as would apply to a commercial enterprise. The individual Governmental Funds are:

General Fund

The General Fund is the primary operating fund of the County. This fund is used to account for all financial transactions and resources except those required to be accounted for in another fund. Revenues are derived primarily from property and other local taxes, state and federal distributions, licenses, permits, charges for service, and interest income.

Special Revenue Funds

Special Revenue Funds account for the proceeds of specific revenue sources (other than those derived from special assessments, expendable trusts, or dedicated from major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action. Special Revenue Funds consists of the School Operating, School Cafeteria, School Textbook Rental, Law Library Fund, Coal Road Improvement Funds, Emergency Numbers Fund, and Community Development Fund.

Capital Project Fund

Capital Project Fund account for financial resources to be used for the acquisition or construction of major capital facilities. Capital Project Funds consist of the School Construction Fund.

(2) <u>Proprietary Funds</u> account for activities similar to those found in the private sector. The measurement focus is upon determination of net income. Proprietary Funds consist of Enterprise and Internal Service Funds.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Enterprise Funds

Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises. The intent of the County of Wise is that the cost of providing services to the general public be financed or recovered through user charges. Enterprise Funds consist of the Sewer Fund and Landfill Fund.

(3) <u>Fiduciary Funds (Trust and Agency Funds)</u> account for assets held by a governmental unit in a trustee capacity or as an agent or custodian for individuals, private corporations, other governmental units, or other funds.

(4) Combined/Combining Format

<u>Combined Financial Statements</u> - These statements are referred as General Purpose Financial Statements and provide a summary overview of the financial position of all funds and account groups and of the operating results of all funds. All funds and account groups of a specific fund classification are combined and presented as one in the financial statements. For example, all funds classified as Special Revenue Funds are combined and presented under the caption "Special Revenue Funds".

<u>Combining Financial Statements - By Fund Classification</u> - These statements present individual financial statements for each fund of a given fund classification. For example, each Special Revenue Fund is shown individually.

(5) <u>Total Columns on Combined Statements</u> The total columns on the combined statements - Overview are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in cash flows in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

D. Budgets and Budgetary Accounting

The following procedures are used by the County in establishing the budgetary data reflected in the financial statements:

- (1) Prior to March 30, the County Finance Administrator submits to the Board of Supervisors a proposed operating and capital budget for the fiscal year commencing the following July 1. The operating and capital budget includes proposed expenditures and the means of financing them.
- (2) Public hearings are conducted to obtain citizen comments.
- (3) Prior to June 30, the budget is legally enacted through passage of an Appropriations Resolution.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- (4) The Appropriations Resolution places legal restrictions on expenditures at the department level or category level. The appropriation for each department or category can be revised only by the Board of Supervisors. The County Finance Administrator is authorized to transfer budgeted amounts within the school system's categories.
- (5) Formal budgetary integration is employed as a management control device during the year for the General Fund and Special Revenue Funds (except the School Fund), and the General Capital Projects Fund.
- (6) All budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
- (7) Appropriations lapse on June 30, for all County units.
- (8) All budget data presented in the accompanying financial statements is the revised budget for the year.

E. Capital Assets

Capital assets, which include property, plant and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the County as land, buildings, road registered vehicles, and equipment with an initial individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the primary government, as well as the component units, is depreciated using the straight-line method over the following estimated useful lives:

Plant, Equipment and System 35 – 50 Years Motor Vehicles 5 – 10 Years Equipment 2 – 15 Years

F. Allowance for Uncollectible Accounts

Property Taxes:

The County calculates its allowance for uncollectible accounts using historical collection data and, in certain cases, specific account analysis. The allowance amounted to approximately \$623,978 at June 30, 2010.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Cash and Cash Equivalents

For the purpose of the Statement of Cash Flows, cash and cash equivalents are defined as short-term highly liquid investments that are both readily convertible to known amounts of cash and investments with maturities of 90 days or less.

H. Investments

Investments are stated at cost, which approximates market. Certificate of deposits and short-term repurchase agreements are reported in the accompanying financial statements as cash and cash equivalents. Investments in a deferred compensation agency fund are reported at market value.

NOTE 2: DEPOSITS AND INVESTMENTS

<u>Deposits</u>: All cash of the County of Wise, Virginia is maintained in accounts collateralized in accordance with the Virginia Security for Public Deposits Act, Section 2.2-4400et.seq. of the Code of Virginia or covered by federal depository insurance.

<u>Deposits</u>: All cash of the Wise County School Board, a discretely presented component unit, is maintained in accounts collateralized in accordance with the Virginia Security for Public Deposits Act, Section 2.2-4400et.seq. of the Code of Virginia or covered by federal depository insurance.

<u>Deposits</u>: All cash of the Wise County Public Service Authority, a discretely presented component unit, County of Wise, Virginia is maintained in accounts collateralized in accordance with the Virginia Security for Public Deposits Act, Section 2.2-4400et.seq. of the Code of Virginia or covered by federal depository insurance.

Investments:

Statutes authorize the local governments and other public bodies to invest in obligations of the United States, or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank) the Asian Development Bank, the African Development Bank, "prime quality", commercial paper and certain corporate notes, banker's acceptances, repurchase agreements, and the State Treasurer's Local Government Investment Pool (LGIP).

Investments are categorized below to give an indication of the level of risk assumed by the entity at year-end. Category 1 includes investments that are insured or registered or for which the securities are held by the government or its safekeeping agent in the government's name. Category 2 includes uninsured or unregistered investments for which the securities are held by the broker or dealer's trust department or safekeeping agent in the government's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the broker or dealer, or by its trust department or safekeeping agent but not in the government's name.

At year-end, the County of Wise, Virginia's investment balances were as follows, on the next page.

NOTE 3: TAXES RECEIVABLE

<u>Property</u>: Property is assessed at its value on January 1. Property taxes attach as an enforceable

lien on property as of January 1. Taxes are payable in two installments on May 15th

and October 15th. The County bills and collects its own property taxes.

<u>Coal Severance</u>: Coal severance tax is assessed monthly based on the gross receipts of the mining

operation for the preceding month. Coal severance taxes attach as enforceable lien on the mining operation in the month of assessment. Taxes are payable in the month

of assessment. The County bills and collects its own coal severance taxes.

TOTAL LONG-TERM OBLIGATIONS

\$ 5,018,256

NOTE 8: CLAIMS, JUDGMENTS AND COMPENSATED ABSENCES

In accordance with NCGA Statement 4 "Accounting and Financial Reporting Principles for Claims and Judgments and Compensated Absences," the County has accrued the liability arising from outstanding claims and judgments and compensated absences. County employees earn vacation and sick leave at various rates. County employees can receive 25% of sick leave upon separation not to exceed 25 unused sick days. At June 30, 2010, the value of accrued vacation pay for the primary government was \$896,582.

The amount of accrued vacation pay for the professional School Board employees was \$171,249 and non-professional employees was \$91,034. The total value of these liabilities for the Component Unit - School Board was \$262,283.

The Wise County School Board adopted on March 28, 2000 the Local Retirement Option Plan, making it possible for any full-time certified or professional of Wise County Schools who are covered by the Virginia Retirement System to retire and receive supplemental retirement benefits. As of June 30, 2010, the School Board held an investment account with SunTrust Bank with a market value of \$1,913,280. This account exceeds the total obligation under this plan of \$1,500,261 by \$413,019.

The Wise County Public Service Authority employees earn vacation and sick leave at various rates. One-half (1/2) of benefits or pay is received for unused sick leave upon termination; however, total benefits are paid in the event of employee death. At June 30, 2010, the amount of accrual recorded is \$21,804, which equals one-half (1/2) of the value. Vacation is earned on a calendar year and expires at the end of the period earned. At June 30, 2010 the value of accrued vacation pay was \$35,152. The accrual for vacation and sick leave totals \$56,956.

NOTE 9: DEFINED BENEFIT PENSION PLAN

A. Plan Description

Name of Plan: Virginia Retirement System (VRS)

Identification of Plan: Agent and Cost-Sharing Multiple-Employer Defined Benefit

Pension Plan

Administering Entity: Virginia Retirement System (System)

All full-time, salaried permanent employees of participating employers must participate in the VRS. Benefits vest after five years of service. Employees are eligible for an unreduced retirement benefit at age 65 with 5 years of service (age 60 with 5 years of service for participating law enforcement officers and firefighters) and at age 50 with 30 years of service for participating employees (age 50 with 25 years for participating law enforcement officers and firefighters) payable monthly for life in an amount equal to 1.7 percent of their average final compensation (AFC) for each year of credited service (1.85% for sheriffs and, if the employer elects, other employees in hazardous duty positions receiving enhanced benefits). Benefits are actuarially reduced for retirees who retire prior to becoming eligible for full retirement benefits. In addition, retirees qualify for annual cost-of-living adjustment (COLA) beginning in their second year of retirement. The COLA is limited to 5% per year. AFC is defined as the highest consecutive 36 months of reported compensation. Participating law enforcement officers and firefighters may receive a monthly benefit supplement if they retire prior to age 65. The VRS also provides death and disability benefits. Title 51.1 of the Code of Virginia (1950), as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

The System issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information for VRS. A copy of that report may be downloaded from http://www.varetire.org/Pdf/Publications/2009AnnuRept.pdf or obtained by writing the System at P.O. Box 2500, Richmond, VA, 23218-2500.

B. Funding Policy

Plan members are required by Title 51.1 of the <u>Code of Virginia</u> (1950), as amended, to contribute 5% of their annual reported compensation to the VRS. This 5% member contribution may be assumed by the employer. In addition, the County of Wise and Wise County School Board is required to contribute the remaining amounts necessary to fund its participation in the VRS using the actuarial basis specified by the statute and approved by the VRS Board of Trustees. The County of Wise and Wise County School Board's Non-Professional employees contribution rate for the fiscal year ended 2010 was 5.00% of annual covered payroll. Total employer and employee contributions made to the VRS statewide teacher pool for professional employees by Wise County School Board for fiscal year 2010, 2009 and 2008 amounted to \$4,364,164, \$5,352,105, and \$4,831,697, respectively, and represented, 15.64%, 15.71% and 15.30%, respectively.

C. Annual Pension Cost

For 2010, County of Wise and the School Board's Non-Professional Employees annual pension cost of \$1,080,978 and \$355,279, respectively, was equal to the County's required and actual contributions. The required contribution was determined as part of the June 30, 2009 actuarial valuation using the entry age normal actuarial cost method. This actuarial valuation uses the assumptions and methods that were adopted as a result of the 2004 Experience Study. In particular, it uses an assumed investment return rate of 7.50%; an assumed annual cost-of-living adjustment of 2.50%; salary increases that range between 3.75% and 5.60% depending on the member's service and classification (general employee or uniformed officer); and retirement, mortality, disability and termination rates that were also based on the 2004 Experience Study prepared for VRS. Liabilities were determined under the Entry Age Normal actuarial cost method.

NOTE 9: <u>DEFINED BENEFIT PENSION PLAN</u> (Continued)

NOTE 10: DEFERRED REVENUE

General Fund:

Deferred revenue represents amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Under the modified accrual basis of accounting, such amounts are measurable, but not available. Deferred revenue totaling \$2,522,188 is compromised of deferred property tax revenue representing uncollected tax billings not available for funding of current expenditures in the amount of \$1,433,166 and collection of 2010 taxes not due until October 15, 2010 in the amount of \$1,089,022.

NOTE 11: CONTINGENT LIABILITIES

Federal programs in which the County participates were audited in accordance with the provisions of U.S. Office of Management and Budget Circular A-133, <u>Audits of States, Local Governments</u>, and Non-Profit Organizations. Pursuant to the provisions all major programs and certain other programs were tested for compliance with applicable grant requirements. While no matters of noncompliance were disclosed by audit, the Federal Government may subject grant programs to additional compliance tests, which may result in disallowed expenditures. In the opinion of management, any future disallowances of current grant program expenditures, if any, would be immaterial.

NOTE 13: LITIGATION

In regard to litigation involving the County of Wise, Virginia at June 30, 2010, the County's legal counsel informed us that there is one case pending court actions in which Wise County is a party:

Equitable Production Company v. County of Wise, Virginia, Wise County Circuit Court.

This case is a suit challenging the County's assessment methodology correction of erroneous assessment of property tax suit challenging the County's assessment methodology for gas well gathering systems and gas producing real property improvements for the periods 2002 to September 2005 and requests a refund for payment of the assessed fees.

Legal counsel informed us there are no unasserted possible claims that are probable of assertion and must be disclosed in accordance with Statement of financial Accounting Standards No. 5.

NOTE 14: SUPPLEMENTAL DISCLOSURES OF CASH FLOW INFORMATION

Interest Paid - Proprietary Fund

Cash paid interest expense relating to debt for the year ended June 30, 2010 amounted to \$24,359.

The County considers all short-term investments with an original maturity date of three months or less to be cash equivalents.

NOTE 15: INTEREST PAID - WISE COUNTY PUBLIC SERVICE AUTHORITY

Cash paid interest expense relating to debt for the period ending June 30, 2010 amounted to \$100,568. The Wise County Public Service Authority considers all short-term investments with an original maturity of three months or less to be cash equivalents.

NOTE 18: RESTRICTED CASH/DEBT RESERVE - COMPONENT UNIT: WISE COUNTY PUBLIC SERVICE AUTHORITY

As of June 30, 2010, customer deposits held by the Public Service Authority is restricted and refunded to customers upon termination of their respective water hookup. The Authority maintains a debt service account for the purpose of repayment of outstanding debt.

Total restricted cash held by the Authority at June 30, 2010 is as follows:

	Balance
Capital Improvement Fund	\$ 1,650,159
Operating Reserve	8,981
Emergency Reserve	181,353
Replacement Reserve	30,597
Total Reserve Accounts	1,871,090
Customer Deposit Account	366,780
Debt Service Accounts	320,907
TOTAL RESTRICTED CASH	\$ 2,558,777

NOTE 19: LANDFILL CLOSURE COST LIABILITY

According to laws and regulations the County must perform closure and postclosure care to the Landfill as specified in Part V, Section 5.1.E of the Virginia Solid Waste Management Regulations (VR 672-20-10). The regulations require the County to close its facility in a manner that minimizes the need for further maintenance and controls, minimizes or eliminates the post-closure escape of uncontrolled leachate, surface runoff, decomposition gas, migration or waste decomposition products to the groundwater, surface water or to the atmosphere. The regulations also require that the County conduct post-closure care for ten years after the date of completing closure or for as long as leachate is generated, whichever is later.

The total estimated closure and post-closure care costs for the County's landfill operation is \$16,002,851. The accrued liability for these costs reported as of June 30, 2010 is based on the capacity of the landfill used to date. The landfill capacity used at year end is approximately 43% and the remaining life of the landfill is approximately 26 years. The remaining costs to be accrued in the future is as follows:

Total Estimated Liability Accrued Liability as of June 30, 2010	\$ 16,002,851 6,957,761
Total Closure and Postclosure Care Costs Remaining to be Recognized	\$ 9,045,090

It should be noted that the total estimated liability for the closure and postclosure care is only an estimate based on current projections. Uncontrollable factors such as inflation, changes in technology, and changes in applicable laws and regulations may affect these projections.

NOTE 19: LANDFILL CLOSURE COST LIABILITY (Continued)

At this time the County complied with the regulations of the Virginia Financial Assurance Regulations for Solid Waste Facilities, 9 VAC 20-70-10 etseg. The regulation requires local government owners and operators to maintain a financial mechanism, or combination of mechanisms, demonstrating assurance for the closure, post-closure care, and, if applicable, corrective actions costs associated with their owned and operated solid waste facilities. The County has fulfilled the requirements as set forth in the financial ratio test mechanism.

The County has a reserved fund designated for the purpose of landfill closure. During the current year ending June 30, 2010, the County has deposited \$2,707,912 into this fund.

NOTE 20: ACCOUNTS RECEIVABLE

Proprietary Fund:	Balance
Accounts Receivable Landfill Fees	\$ 114,660
NET ACCOUNTS RECEIVABLE	\$ 114,660
Component Unit - Wise County Public Service Authority:	Deleman
Accounts Receivable	Balance \$ 252,386
Less: Allowance for Doubtful Accounts	(63,446)
NET ACCOUNTS RECEIVABLE	\$ 188,940

NOTE 21: CONTRIBUTED CAPITAL

INVESTMENT IN CAPITAL ASSETS - COMPONENT UNIT: WISE COUNTY PUBLIC SERVICE AUTHORITY

Contributions received from individuals or other governmental units which are used to defray a part of all of the cost of installing a portion of the utility plant are credited to contributions in aid of construction. The Authority amortizes contributions against depreciation of utility plants in service in the ratio that such related contributions bear to total utility plants in service.

Contributions in aid of construction at June 30, 2010 include non-refundable donations or contributions in cash, services, or property from corporations, individuals, and others for the construction and extension of water and sewer facilities as follows:

NOTE 21: CONTRIBUTED CAPITAL (Continued)

TOTAL CONTRIBUTED CAPITAL,	\$	23,498,792
NET OF AMORTIZATION		

NOTE 22: COMMITMENTS AND CONTINGENCIES - COMPONENT UNIT: WISE COUNTY PUBLIC SERVICE AUTHORITY

Federal programs in which the Wise County Public Service Authority participates were audited in accordance with the provisions of the U. S. Office of Management and Budget Circular A-133 and, <u>Audits of State and Local Governments</u>. Pursuant to these provisions all major programs and certain other programs were tested for compliance with applicable grant requirements. While no matters of noncompliance were disclosed by audit, the Federal Government may subject grant programs to additional compliance tests which may result in disallowed expenditures. In the opinion of management, any future disallowances of current grant program expenditures, if any, would be immaterial.

The Authority operates by providing water & sewer services to the general public financed through user charges. A significant reduction in the level of services provided, if this were to occur, may have an effect on the Authority's ability to continue operations.

NOTE 23: GASB STATEMENT 45 ACTUARIAL VALUATION FOR WISE COUNTY

The objective of Statement 45 is to accurately reflect the financial effects of OPEB (postemployment benefits other than pensions), including the amounts paid or contributed by the government. Statement 45 requires the disclosure of information about the funded status of the plan, including the UAAL (Unfunded Actuarial Accrued Liability).

ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of net income is appropriate for accountability purposes.

Detailed explanation of adjustments from fund statements to government-wide		
statement of net assets:		
FUND BALANCE JUNE 30, 2010	\$	4,385,117
When capital assets (land, buildings, equipment) that are to be used in governmental activities are purchases or constructed, the costs of those assets are reported as expenditures in governmental funds. However, the statement of net assets includes those capital assets among the		
assets of the locality as a whole.	\$	29,033,234
Adjustment for amounts due to / due from primary government.	\$	2,260,315
Long-term liabilities applicable to the locality's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. All liabilities both current and long-term		
are reported in the statement of net assets.	\$	(2,475,469)
Net Assets of General Government Activities	\$	33,203,197

RECONCILIATION OF STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
DISCRETELY PRESENTED COMPONENT UNIT-SCHOOL BOARD
FOR THE YEAR ENDED JUNE 30, 2010

	COMPONENT UNIT SCHOOL BOARD
Amounts reported for governmental activities in the statement of activities are different because:	
Net change in fund balances total governmental funds	\$ 1,042,698
Compensated absences not payable from current year resources are not reported as expenditures of the current year. In the Statement of Activities, these costs represent expenses of the current year.	\$ (300,379)
The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	\$ 170,052
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which the capital outlays exceeded depreciation in the current period.	701,240
Change in net assets of governmental activities	\$ 1,613,611

COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

The Honorable Members of the Board of Supervisors County of Wise Wise, Virginia 24293

I have audited the financial statements of the governmental activities, and the major funds of the County of Wise, Virginia as of and for the year ended June 30, 2010, and have issued my report thereon dated November 30, 2010, which collectively comprise the County of Wise, Virginia's basic financial statements. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and with the *Specifications for Audit of Counties, Cities and Towns* issued by the Auditor of Public Accounts of the Commonwealth of Virginia.

Internal Control over Financial Reporting

In planning and performing my audit, I considered the County's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements and not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combinations of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected, on a timely basis.

The Honorable Members of the Board of Supervisors County of Wise Wise, Virginia 24293 Page 2

My consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the internal control over financial reporting that might be significant deficiencies or material weaknesses. I consider the deficiency described in the accompanying schedule of findings, responses, and questioned costs (reference 2010-1) to be a material weakness in internal control over financial reporting.

Compliance

As part of obtaining reasonable assurance about whether the County of Wise, Virginia's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Supervisors, management, others within the organization, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

The Honorable Members of the Board of Supervisors County of Wise Wise, Virginia 24293

Supervisors:

Compliance

I have audited the compliance of the County of Wise, Virginia with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2010. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the County's management. My responsibility is to express an opinion on the County's compliance based on my audit.

I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as I considered necessary in the circumstances. I believe that my audit provides a reasonable basis for my opinion.

The Honorable Members of the Board of Supervisors County of Wise Wise, Virginia 24293 Page 2

My audit does not provide a legal determination on the County of Wise, Virginia's compliance with those requirements.

In my opinion, Wise County, Virginia, complied, in all material respects, with requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2010.

Internal Control over Compliance

The management of the County of Wise, Virginia is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing my audit, I considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine my auditing procedures for the purpose of expressing my opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

My consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over compliance and its operation that I consider to be material weaknesses.

This report is intended for the information of Management, the Board of Supervisors, Federal and State awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Section II - Financial Statement Findings

2010-1

Condition: The County's financial statements as presented to the auditors required significant adjustments.

Criteria: Per Statement on Auditing Standards 115, an auditee should have sufficient expertise in the selection and application of accounting principles used in the preparation of the annual financial report. In addition, the auditee should have sufficient internal controls over the preparation of financial statements in accordance with generally accepted accounting principles. Furthermore, reliance on the year end closure procedures to detect and correct errors in financial reporting hampers the County's ability to comply with the criteria that internal controls should be in place that would prevent or timely detect and correct errors in financial reporting.

Effect: There is more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the County's internal controls over financial reporting.

Management's Response: Management is dedicated to complying with the concepts set forth in Statement on Auditing Standards 115 and will make diligent efforts in the future to eliminate material errors from its financial statement.

Section III - Federal Award Findings and Questioned Costs

There are no federal award findings and questioned costs to report.
