INTRODUCTORY SECTION

BOARD OF SUPERVISORS DEWEY L. RITCHIE Election District No. 1 SALLIE WOLFE-GARRISON Election District No. 2 RICK L. CHANDLER Election District No. 3 WILLIAM B. KYGER, JR. Election District No. 4 MICHAEL A. BREEDEN Election District No. 5

ROCKINGHAM COUNTY

December 13, 2023

Board of Supervisors County of Rockingham 20 East Gay Street Harrisonburg, VA 22802

Members of the Board:

It is our pleasure to submit to you the Annual Comprehensive Financial Report for the fiscal year ended June 30, 2023. The Code of the Commonwealth of Virginia requires that all local governments shall be audited annually with a report to the Governing Body. The Annual Comprehensive Financial Report fulfills this reporting requirement. The report is designed to present the respective financial position of the government activities, business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the County in all material respects, and to demonstrate compliance with applicable finance-related legal and contractual provisions.

The financial statements included in this report, which have earned an unmodified ("clean") audit opinion, conform to the standards of financial reporting as prescribed by the Governmental Accounting Standards Board (GASB), the Government Finance Officers Association of the United States and Canada (GFOA), and the Auditor of Public Accounts (APA).

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal controls that have been established for this purpose. Internal controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition; and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes: (1) the cost of control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits requires estimates and judgements by management.

The County's financial statements have been audited by PBMares LLP, a certified public accounting firm. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended June 30, 2023, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by County management; and evaluating the overall financial statement presentation. The independent auditor's report is located at the front of the Financial Section of the Annual Comprehensive Financial Report.

Upon completing your review of this introductory section, you are encouraged to review the narrative introduction, overview, and analysis found in management's discussion and analysis (MD&A) for a more detailed overview of the County's financial position. The MD&A immediately follows the independent auditors report, compliments this letter and should be read in conjunction with it.

Profile of the Government

The County of Rockingham, located in the heart of the Shenandoah Valley, is the third largest county in Virginia in land area with 853.65 square miles and an approximate population of 85,000. The independent city of Harrisonburg, with an approximate population of 51,500 serves as the County seat and is the largest city in western Virginia between the Roanoke and the Washington, D.C. metropolitan areas.

The County was established in 1778 by an act of the Virginia General Assembly, and is organized under the traditional form of County government. Under this form, the County's governmental operations are directed by a five-member Board of Supervisors (Board) who are elected by election districts. The Board is responsible for establishing the policies and ordinances that provide the direction for the government and for approving the annual budget.

This report includes the financial activities of the County (primary government); as well as, the financial activities of the County's component units. Component units are legally separate entities for which the primary government is financially accountable and, therefore, are included in the primary government's ACFR.

The County provides a full range of services including law enforcement, emergency medical response, and fire protection; judicial services; correctional facilities; disposal of solid waste; utility services; planning and zoning; and recreational and cultural activities.

The County provides courthouse and jail facilities; as well as, the services of the Sheriff, Commonwealth's Attorney, and Clerk of the Circuit Court for the City of Harrisonburg (City). The total costs of these services are presented in this report and supporting schedules. The City reimburses the County for one-half of the net local cost incurred in the provision of these services.

Discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the primary government and to differentiate their financial position and results of operations from those of the primary government. The Rockingham County School Board is a legally separate entity and is reported as a major discretely presented component unit. The Economic Development Authority is a separate legal entity and is reported as a nonmajor discretely presented component unit. The Rockingham Recreation Foundation is a separate legal entity and is reported as a nonmajor discretely presented component unit. The Rockingham Recreation Foundation is a separate legal entity and is reported as a nonmajor discretely presented component unit. The County has consolidated social service operations with the City which is named the Harrisonburg-Rockingham Social Services District (District). The District is also a separate legal entity and is a major discretely presented component unit in the government-wide financial statements.

The School Operating and School Cafeteria Funds are included in the supporting statistical schedules in this report since the Board is required to approve the budget for these operations. The County believes that the omission of these funds from the Statistical Section would not give the reader an accurate depiction of the overall results of the operations of County government.

Additional information on the financial reporting entity can be found in Note 1.A. in the notes to the financial statements.

State law requires the County Administrator to submit a balanced budget to the Board no later than April 15th of each year. Each department and agency prepares its budget request for review and amendment by the County Administrator prior to inclusion in the County's general operating budget. The School Board and Social Services Administrative Board prepare their budgets and transmit them to the County Administrator. The County Administrator then submits his recommendation to the Board's Finance Committee for consideration and recommendation to the full Board.

The Board establishes a time and place for a public hearing on the budget. A hearing must be held at least seven days prior to the adoption of the budget. Except for the School's budget, which may only be increased or decreased by major category or as a whole, the Board may insert new items of expenditure or may increase, decrease or remove items of expenditure (other than debt service or other legal requirements). On June 22, 2022, the Board approved the budget for fiscal year 2023. During fiscal year 2023, as is customary, the Board also approved supplemental budget amendments.

Local Economy

The County continues to exhibit a relatively stable economy, seeing growth particularly in single and multi-family housing. The unemployment rate for the County in September 2023 was 2.4, as compared to the State unemployment rate of 2.5.

Major industries with headquarters or divisions located within the County's boundaries include a chemical manufacturer, brewery, printer, foodservice marketer and distributor, retail distributors, four-season resort, and several poultry processors. Higher education also has a major presence within the area with a state university, private university, and a private college with a combined full-time enrollment of over 25,000 students.

According to the 2017 U.S. Census of Agriculture, Rockingham County is ranked 1st in the state and 45th in the U.S. for total value of agricultural products sold (\$796 million) with 2,026 farms totaling 228,542 acres. Also from the census, Rockingham County is ranked 1st in the state for the following three commodity group sales: Milk and other dairy products from cows, cattle and calves, and poultry & eggs. Rockingham County further ranked 1st in the state and 21st in the U.S. for all eight livestock categories.

The economy of the region remains relatively strong, influenced by the steady growth of three local universities and colleges (James Madison University, Eastern Mennonite University and Bridgewater College), and a very diverse local economy. Despite the economic challenges in other areas of Virginia and the United States which impact the funding received from other governments, the County is meeting critical service demands for its citizens. As a result of the Commonwealth's budget difficulties and continued uncertainty of federal funding, management continues a restrained, targeted strategy for local operations with close coordination with the School Board and the Constitutional Officers.

The health of existing businesses in the county has remained strong over the past two years. Molson-Coors, Sysco, Danone, Shenandoah Growers, Virginia Poultry Growers Cooperative, Dynamic Aviation and Interchange have all remained strong and steady. In the past year, Merck completed a one-billion-dollar expansion for the Gardasil vaccine that was started in 2019. Veronessi, an Italian charcuterie company, has completed phase 1 of its planned \$100 million-dollar further processing facility. Leiber LLC announced in 2023 it would construct a \$25 million dollar yeast extraction facility and the nationally renowned travel center Buc-ee's announced its first Virginia location would be constructed in Rockingham County. The combination of the projects has resulted in more than 450 new positions being hired and substantial machinery and tools growth.

The tourism sector remains strong with Great Eastern Resorts exploring future growth opportunities in the hotel and time share market. 2023 saw the first expansion of ski trails at Massanutten Resort in more than a decade, aided by local and State tourism grants. Additionally, the company recently undertook a comprehensive master planning effort focused on its undeveloped lands to better position themselves for long-term viability.

Significant events and actions during this past year include:

- American Rescue Plan Act provided \$15,917,438 in funds to provide up to \$10,000,000 in revenue loss the County experienced as a result of the Coronavirus pandemic and the remaining \$5,917,438 to be used for bringing broadband to all County citizens.
- Started construction of the Elkton Emergency Response Station.
- Initiated acquisition of the Massanutten water and sewer system
- Began land acquisition for Emergency Response Stations in Fulks Run and Dayton.
- Awarded design-build contract to Lantz Construction of Broadway, Virginia to construct an indoor track, recreation, and community center as proposed in the 2014 master plan at Rockingham Park at the Crossroads.
- Substantially completed development of a third well at the 3-Springs water treatment facility.
- Initiated steps to purchase the former Harrisonburg Motors property in downtown Harrisonburg to provide space to meet District Courts and Juvenile & Domestic Courts space needs.

Looking to the future, there are several projects and financial issues which need to be part of the County's short- and long-term financial planning.

These items include:

- Continue to work toward a long-term plan to address space needs in the District Courts and Circuit Courts buildings.
- Assess space needs for the Department of Social Services.
- Evaluate partnerships with the City and the seven towns in the County to develop water supply resources and related delivery infrastructure and look to acquire additional wastewater treatment capacity to meet long-term County needs.
- The demand for County-funded fire and rescue services continues to grow as volunteer participation wanes.

The Board of Supervisors and School Board are to be commended for collaborating to maintain a highquality education system, which is critical for the development of an educated workforce. An educated workforce stimulates economic activity by encouraging private sector business investment in our community. Rockingham County holds a "AAA" credit rating from one of the United States' largest credit rating agencies - Standard & Poor's. In 2015, the County was notified by Standard & Poor's that after a review of the County's financial position the firm was upgrading Rockingham County from a "AA+" to "AAA" indicating that the agency found the County's economy strong and that the actions taken by the Board to sustain the County's financial strength were significant. Also, Fitch Ratings recognizes the County with an AA+ credit rating. These strong ratings reflect recognition by the credit ratings agency of the strong leadership of the Board and the County's economic viability.

The policies and actions by the Board of Supervisors encourage steady, sustainable growth, fostering a strong local economy. For more information on the services provided by the County, please refer to the County's website at <u>www.rockinghamcountyva.gov</u>.

The Government Finance Officers Association of the United States and Canada has awarded the County a Certificate of Achievement for Excellence in Financial Reporting for thirty-eight consecutive years. This award certifies the County's continuing efforts to achieve the highest standards in government accounting and financial reporting.

On behalf of the County's management team, we extend our sincerest appreciation to the members of County staff that assisted and contributed in the preparation of this report and to the Board of Supervisors for the confidence expressed and resources entrusted to us throughout the year, which allow for the implementation of the Board's policies. We look forward to continuing to work with you to provide high quality, efficient and effective services for our community.

Respectfully submitted,

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the Honorable Members of the Board of Supervisors County of Rockingham, Virginia

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, the aggregate remaining fund information, and the budgetary comparison of the General Fund of the County of Rockingham, Virginia (County), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2023, and the respective changes in financial position and the budgetary comparison of the General Fund, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities and Towns* issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Our responsibilities under those standards and specifications are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require Management's Discussion and Analysis and the required supplementary information on pages 12-25 and 141-161, respectively, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying schedules listed in the table of contents as supplementary information, supplemental schedules, and the Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards,* are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information, supplemental schedules, and the Schedule of Expenditures of Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections as listed in the table of contents, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2023 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering County's internal control over financial reporting and compliance.

PBMares, LLP

Harrisonburg, Virginia December 13, 2023

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the County of Rockingham, Virginia, (County) we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2023. We encourage readers to consider the information presented here in conjunction with the letter of transmittal in the Introductory Section of this report and the County's financial statements following this analysis. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

Financial Highlights

- The County's total net position, excluding component units, totaled \$134,549 at June 30, 2023. Of this amount, there was \$102,053 invested in the County's capital assets, net of related debt, \$2,676 in restricted funds assets, and \$29,820 in unrestricted funds.
- As of the close of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$99,593. Approximately 66 percent of this total amount, \$65,697 is available for spending at the government's discretion (unassigned fund balance). There is an additional \$6,636 in the General Capital Projects Fund assigned to unspecified future capital outlays that could be returned to the General Fund at the Board of Supervisors' (Board) discretion.
- At the end of the current fiscal year, the unassigned fund balance in the General Fund was \$65,697, which represents 41 percent of total General Fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the County's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or declining.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*).

The governmental activities of the County include general government administration, judicial administration, public safety, public works, health and social services, education, parks, recreation and cultural, and community development. The business-type activities of the County include water and sewer, solid waste, and other proprietary fund operations.

The government-wide financial statements include not only the County itself (known as the *primary government*), but also a legally separate school board, legally separate social services district, legally separate economic development authority, and a legally separate recreation foundation, for which the County is financially accountable. Financial information for these *component units* is reported separately from the financial information presented for the primary government.

The government-wide financial statements can be found on pages 26-29 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains six individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund and the General Capital Projects Fund, which are considered to be major funds and the Asset Forfeiture Fund, Tourism Funds, LLC Library Fund and Opioid Settlement Fund, which are considered to be nonmajor funds.

The County adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 30-34 of this report.

Proprietary funds. The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its water and sewer activities and for its solid waste operation. Internal service funds are used to accumulate and allocate costs internally among the County's various functions. The County has one internal service funds, the Self-Insurance Fund. The Self-Insurance Fund accounts for the costs associated with providing health insurance benefits and managing claims for employees of the County and its component units.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water and Sewer, Smith Creek Water & Waste Authority, and Solid Waste Funds, all of which are considered to be major funds of the County. Conversely, the non-major enterprise funds are combined into a single, aggregated presentation in the proprietary fund financial statements. The basic proprietary fund financial statements can be found on pages 35-38 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 39-40 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately following the financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the County's pension plans and its obligation to provide pension benefits to its employees. Required supplementary information can be found immediately following the notes to the financial statements.

Government-wide Financial Analysis

Net position may serve over time as a useful indicator of a government's financial position. In the case of the County, assets plus deferred outflows of resources exceeded liabilities plus deferred inflows of resources by \$134,549 at the close of the most recent fiscal year. This is an increase of \$43,937 in comparison with the prior year's net position. The explanation for this change is provided below.

By far, the largest portion of the County's net position, \$102,053, reflects its investment in capital assets (e.g. land, easements, buildings, improvements, machinery and equipment, software, intangible right-touse lease assets, intangible right-to-use subscription assets, and construction in progress, net of accumulated depreciation and amortization), less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to its citizens; consequently, these assets are not readily available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves would not likely be used to liquidate these liabilities. The balance increased from the prior year's balance of \$99,160 to \$102,053.

An additional portion of the County's net position, \$2,676, represents resources that are subject to external restrictions on how they may be used. There was an increase of \$570 in restricted net assets reported in connection with the County's governmental activities.

The unrestricted portion of the County's net position for the primary government's governmental activities increased from a deficit of \$26,470 to an increase of \$11,207 due to the realization of unearned revenue, and revenues exceeding expenditures for the year. Business-type activities unrestricted portion of net position increased \$2,797, from \$15,816 to \$18,613.

The unrestricted portion of the County's net position for the primary government is lower than the preferred balance due to the County financing the necessary capital asset projects of the component unit School Board. Since the County is legally obligated for the retirement of the debt, it is required to record the liability for this financing; however, the capital asset which statutorily is owned by the School Board is recorded with the component unit. Please refer to Note 1(E)(10) of the financial statements for further explanation.

The largest portion of the component unit School Board's net position reflects its investment in capital assets (e.g. land, easements, buildings, improvements, equipment, right-to-use leased assets, and construction in progress, net of accumulated depreciation and amortization). As explained above and in Note 1(E)(10) of the financial statements, the School Board does not have taxing authority by law and, therefore, cannot incur debt through general obligation bonds for its capital assets.

County of Rockingham, Virginia Summary Statement of Net Position June 30, 2023 and 2022

Governmental activities. Governmental activities increased the County's net position by \$39,051 compared to an increase in the County's net position by \$22,884 in fiscal year 2022. Key factors for this change are as follows:

Total revenues increased \$27,092 (from \$169,107 to \$196,199) compared to last year. Tax revenues increased primarily due to an increase in general property taxes of \$15,748, primarily as a result of an increase in personal property assessed values and an increase in real property tax values due to the calendar year 2022 reassessment. Local sales and use tax also increased by \$1,358. Revenues by source are shown in the chart below. Revenues from general property taxes make up 62 percent of total revenues.

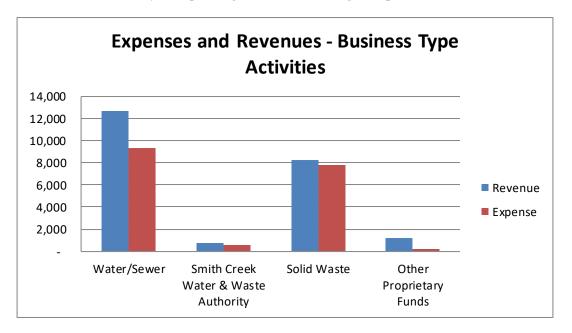

Total expenses increased by \$10,924 (from \$146,223 to \$157,147) compared to last year. The local transfer to Education in the amount of \$66,568 makes up 42 percent of total Governmental activities with Public Safety coming in second at 29 percent of the total.

Expenditures by Type - Governmental Activities

A detailed explanation of the key components for the revenue and expense changes is outlined on pages 19-20 under the Financial Analysis of the Government's Funds.

Business-type activities. Business-type activities increased the County's net position by \$4,885 compared to an increase of \$4,679 last fiscal year. The increase to the net position is a result of the amount of connection fees collected during the fiscal year. Each of these businesses are monitored on a regular basis to assure that they are operating as a self-sustaining enterprise.

Component Unit – School Board. The School Board's net position increased by \$8,735 this fiscal year compared to an increase of \$4,023 in fiscal year 2022. Key elements of this increase are as follows:

- 1. Revenues increased by \$19,236 (from \$168,673 to \$187,909) primarily due to increase in the school food program funds received from the Commonwealth.
- 2. Expenses also increased by a total of \$14,524 (from \$164,650 to \$179,174) due to increased expenses related to instruction.
- 3. Included in 2023 expenses are depreciation and amortization totaling \$11,119, which are a non-cash reduction in net position.

Financial Analysis of the Government's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with financerelated legal requirements.

Governmental funds. The focus of the County's *governmental funds* is to provide information on nearterm inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$99,593, an increase of \$29,204 in comparison with the prior year.

Approximately 66 percent of this total amount \$65,697 constitutes unassigned general fund balance, which is available for spending at the government's discretion. In addition, another 7% percent of this total amount \$6,636 constitutes fund balance assigned to future unspecified capital outlays in the General Capital Projects Fund. However, these funds may be returned to the General Fund at the Board's discretion.

The General Fund is the chief operating fund of the County. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$65,697 while total fund balance reached \$83,788. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 41 percent of total General Fund expenditures, while total fund balance represents 52 percent of that same amount.

The fund balance of the County's General Fund increased \$25,074 during the current fiscal year compared to an increase of \$16,575 for fiscal year 2022. This \$25,074 increase is better than the original budget, which projected a \$1,390 decrease, and the final budget projecting a \$6,271 decrease. The key factors influencing these results are as follows:

- > Total revenue was \$26,711 higher than last year. The key components with changes were:
 - General property tax revenue was \$15,562 over last year primarily as a result of an increase in personal property tax values due to the fluctuations in the values of used cars and an increase in the assessed value of real estate in calendar year 2022.
 - Other local taxes were \$202 higher than last year primarily due to an increase in local sales and use tax and food and beverage tax collections.
 - Use of money and property were \$3,677 higher than last fiscal year due to the increase in interest rates as seen in the county investments.
 - Intergovernmental revenue was higher than last fiscal year by \$7,649 due to the funding received from the American Rescue Plan.
- ➤ Total expenditures increased by \$16,802 compared to last year. The key components with changes were:
 - Public safety increased \$2,573 compared to the prior fiscal year total of \$40,781 due to the increase in fire and rescue and sheriff personnel expenses.
 - Health and social services increased \$1,677 compared to the prior fiscal year total of \$8,448 primarily due to the county's contribution to the children's services act and social services programs.
 - Education increased \$5,963 compared to the prior fiscal year total of \$60,606 due to an increase in state and federal funding provided for education expenses.
 - Community development increased \$4,627 compared to the prior fiscal year total of \$3,850 due to contributions and grants paid during fiscal year 2022.

The General Capital Projects Fund has a total fund balance of \$13,127, of which the majority is committed to specified future capital outlays or assigned to unspecified future capital outlays. The County had capital outlays of \$5,071 during the current fiscal year, which were funded by revenues and the fund balance.

Proprietary funds. The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Net position of these funds increased \$4,885 this fiscal year to \$60,672. The largest portion of the net position, \$42,059, continues to reflect the County's net investment in capital assets.

Other factors concerning the finances of these funds have already been addressed in the discussion of the County's business-type activities.

General Fund Budgetary Highlights

The General Fund's original budgeted appropriations amounted to \$167,849; the final amended General Fund budget was \$180,134 representing an increase of \$12,285. The most notable amendment to the budget is an increase of \$11,917 of American Rescue Plan Act funding.

- > Total revenue was \$12,822 higher than budgeted. The key components with changes were:
 - General property tax revenue was \$6,243 higher than the final budget primarily as a result of an increase in personal property tax values due to the fluctuations in the values of used cars and an increase in the assessed value of real estate in calendar year 2022.
 - Other local taxes were \$3,451 higher than the final budget primarily due to an increase in local sales and use tax and food and beverage tax collections.
 - Use of money and property were \$2,293 higher than the final budget due to the increase in interest rates as seen in the county investments.
 - Intergovernmental revenue was lower than the final budget by \$1,698 due to the funding received from the American Rescue Plan and the realization of unearned revenue.
- Total expenditures were \$18,523 lower than the final budget. The key components with changes were:
 - Public safety was \$5,556 lower than the final budget due to the use of American Rescue Plan funding for public safety salaries.
 - Community Development was \$5,152 lower than the final budget due to the timing of the payments for the Broadband project.
 - Education was \$5,557 lower than the final budget due to an increase in state and federal funding provided for education expenses.
- Most of the other expenditure categories were less than the final budget amounts to varying degrees, but primarily due to containment of costs.

Capital Asset and Debt Administration

Capital assets. The County's investment in capital assets for its governmental and business-type activities as of June 30, 2023, amounted to \$126,453 (net of accumulated depreciation and amortization). This investment in capital assets includes land, easements, construction in progress, buildings, improvements, machinery and equipment, intangible right-to-use leased buildings and improvements, intangible right-to-use subscriptions, and software. The County's investment in capital assets for the current fiscal year decreased to \$126,453 compared to \$127,730 last year.

The key changes in capital assets were:

A net decrease to construction in progress under Governmental Activities of \$229 was comprised of a decrease of \$1,150 due to the reclassification to buildings for the construction of the Route 11 North Emergency Response Taton, \$536 for the construction of the Rockingham Park Maintenance Building, and the reclassification to improvements of \$130 for the HVAC controls at the Human Services Building. Additions to construction in progress include \$525 for Jail Camera upgrades, \$450 for a Pierce Enforcer Pumper, \$287 for the Computer Assisted Mass Appraisal system and other smaller projects.

An increase to buildings under Governmental Activities of \$3,043 for the Route 11 North Emergency Response Station, \$591 for the Rockingham Park Maintenance Building and \$211 for the Central Garage Building Addition

An increase to intangible right-to-use subscriptions under Governmental Activities of \$367 for the subscriptions of internet services and technology.

An increase to improvements under Governmental Activities of \$135 for the HVAC controls at the Human Services Building.

A net increase to machinery and equipment under Governmental Activities of \$540 was comprised of a decrease of \$659 due to the disposal of outdated equipment and vehicles and the following increases: \$929 for the purchase of vehicles; \$40 for the purchase of a CIT simulator; \$165 for the purchase of a brush truck; and \$65 for the purchase of an alerting system at the Route 11 North Emergency Response Station.

A net decrease to software in the amount of \$323 due to the disposal of the City View software of \$368 and the addition of Evolve software of \$45.

A decrease to construction in progress under Business-type Activities of \$149 due to the reclassification to improvements for the Lake Shenandoah Stormwater detention basin.

A total increase to improvements under Business-type Activities of \$2,136 for the following: \$1,085 for the construction of the Lake Shenandoah Stormwater detention basin and \$1,051 for the Fieldale sewer line replacement.

A net increase to machinery and equipment under Business-type Activities of \$355 was comprised of a decrease of \$349 for the disposal of vehicles and the following increases: \$704 for the purchases of a roll-off truck, vehicles and sewage pumps.

The key changes in capital assets were:

A net increase to construction in progress for the component unit School Board of \$1,775 was comprised of \$2,113 for renovations at Broadway High School; \$314 for renovations at Elkton Elementary School; \$10 for Linville Edom Septic Upgrades. Reductions to construction in progress totaled \$662 due to transfers to machinery and equipment, buildings and improvements.

An increase to buildings for the component unit School Board of \$155 due to the construction of a new maintenance building.

An increase to improvements for the component unit School Board of \$683 was comprised of \$139 for HVAC upgrades at Lacey Spring Elementary School; \$198 for upgrades at Massanutten Technical Center; \$174 for an ADA accessible ramp at J Frank Hillyard Middle School; \$116 for a irrigations system at Spotswood High School; and \$56 for water line upgrades at Elkton Middle School.

A net increase in machinery and equipment for the component unit School Board of \$1,354 was comprised of \$1,318 for various HVAC equipment upgrades; \$237 for the purchase of school buses; \$578 for the replacement of bleachers on various sports fields; and \$275 for a hot water pump at Turner Ashby High School. A decrease of \$1,054 for the disposal of various school buses.

An increase to right-to-use lease machinery and equipment for the component unit School Board of \$953 was for the lease of 2,700 Chromebooks to be used for middle and high school students.

An increase to right-to-use lease subscriptions for the component unit School Board of \$246 is for multiyear contracts for instructional and professional software. These software are now being recognized as capital assets in FY23 as we have adopted GASB 96.

A decrease to right-to-use lease buildings and improvements for the component unit Harrisonburg-Rockingham Social Services District of \$317 was for the lease of the Bridgeport Building basement.

More detailed information about the County's capital assets is presented in Note 5 of the financial statements.

Long-term obligations. At the end of the current fiscal year, the County had total net bonded debt outstanding of \$79,664. General obligation bonds issued by the County are for educational purposes to construct and renovate school facilities, the construction of the Community Services Board and the Port Road Emergency Response Station.

County of Rockingham, Virginia Summary Statement of Long-Term Obligations June 30, 2023 and 2022

Article VII, Section 10(b), *Constitution of Virginia*, stipulates that no debt shall be contracted by or on behalf of any county or district thereof unless approved by an affirmative vote of a majority of the qualified voters of the County. No referendum was called to issue general obligation debt in the fiscal year.

The ratio of net bonded debt to assessed valuation and the amount of bonded debt per capita are useful indicators of the County's debt position to management, citizens, and investors. Data for the County at the end of the 2023 fiscal year is presented as actual amounts as follows:

| | Assessed | | | Ratio | | Net |
|------------|------------------|------------------|----|----------|----|---------|
| | Valuation of | Net | of | Debt to | В | onded |
| Estimated | All Taxable | Bonded | A | ssessed | D | ebt per |
| Population | Property | Debt | Va | aluation | (| Capita |
| 85,397 | \$13,851,326,400 | \$ 79,663,628 | (| 0.58% | \$ | 933 |

More detailed information about the County's long-term obligations is presented in Note 7 of the financial statements.

Economic Factors and Next Year's Budget and Rates

- The unemployment rate for September 2023 in Rockingham County was 2.4 percent, which is higher than the 2.2 percent rate a year ago. This is lower than the Virginia statewide unemployment rate of 2.5 percent and the United States national average of 3.9 percent.
- Fiscal year 2024 General Fund revenue is budgeted to increase by \$19,511 to \$187,289 in comparison to the fiscal year 2023 Adopted Budget of \$167,778.
- Federal revenues are primarily from grant sources, and with the federal fiscal year not beginning until October 1, it is difficult to project which grants will be approved. However, it is important to mention that those expenditures dependent upon federal grants will not be incurred until the grant is approved and the County has assurances that it will receive those funds.
- Revenue estimates continue to be projected conservatively by staff to be responsible to the County's citizens in funding planned levels of service for next year.
- Fiscal year 2024 General Fund expenditures are budgeted to increase \$19,511 to \$187,289 in comparison to the fiscal year 2023 Adopted Budget of \$167,778.
- The unassigned fund balance in the General Fund at fiscal year-end was \$83,788. The County has appropriated \$13,628 of this amount for spending in the fiscal year 2024 budget. The drawdown in the fund balance is used for one-time capital and maintenance expenditures and, therefore, lessens the need to raise taxes.

All of these factors were considered in preparing the County's budget for fiscal year 2024.

Requests for Information

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Director of Finance, County of Rockingham, P.O. Box 1252, Harrisonburg, Virginia 22803, telephone (540) 564-3010. The County's website address is www.rockinghamcountyva.gov.

| econciliation of amounts reported for governmental activities in the Statement of Activities: | | |
| Governmental funds report capital outlays as expenditures. However, in the Statement of | | |
| Activities, the cost of those assets is allocated over their estimated useful lives and reported | | |
| as depreciation and amortization expense. This is the amount by which depreciation and | | |
| amortization exceeded capital outlays in the current period. | | |
| Expenditures for capital assets | \$ 5,023,613 | |
| Less depreciation and amortization expense | (6,122,770) | |
| Excess of depreciation and amortization over capital outlays | | (1,099,15 |
| The net effect of miscellaneous transactions involving capital assets (i.e. sales, trade-ins and | | |
| donations) is to decrease net position. | | (20,81 |
| Revenues in the Statement of Activities that do not provide current financial resources are not | | |
| reported as revenues in the funds. | | |
| OPEB non-employer contributions from the Commonwealth | 33,641 | |
| Unavailable revenue | 450,273 | |
| Long-term due from other government - pension | (197,846) | |
| Long-term due from other government - other postemployment benefits | 89,340 | |
| | | 375,40 |
| The issuance of long-term debt provides current financial resources to governmental funds, but | | |
| issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of | | |
| principal is an expenditure in the governmental funds, but the repayment reduces long-term | | |
| liabilities in the Statement of Net Position. | | |
| Issuance of subscription | (28,565) | |
| Principal repayments: | | |
| General obligation bonds | 7,018,323 | |
| General obligation bonds - payments recorded in health and social services | 91,667 | |
| Lease revenue refunding bonds | 1,590,000 | |
| Lease liabilities | 36,073 | |
| Subscription liabilities | 137,164 | |
| Private placement notes - payments recorded in public safety | 1,349,857 | |
| | | 10,194,5 |
| Some expenses reported in the Statement of Activities do not require the use of current financial | | |
| resources and, therefore, are not reported as expenditures in governmental funds. | | |
| Accrued interest | 180,397 | |
| Compensated absences | (176,954) | |
| Changes in OPEB liabilities and related deferred outflows and inflows of resources | (373,480) | |
| Amortization of premium | 587,105 | |
| Changes in pension liabilities and related deferred outflows and inflows of resources | 581,567 | |
| Internal Service Funds are used by management to charge the costs of certain activities to | | 798,63 |
| individual funds. The net loss of the Internal Service Funds are reported with | | |
| governmental activities. | | |
| Total revenues | 8,218,186 | |
| Total expenses | (8,619,586) | |
| rotar expenses | (0,017,300) | (401,40 |
| Change in net position of governmental activities | | \$ 39,051,25 |
| Change in her position of 60 to michael activities | | φ 57,051,25 |

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies

The financial statements of the County of Rockingham, Virginia (County), have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. During the current year, the County adopted GASB Statement No. 91, *Conduit Debt Obligations*, GASB Statement No. 93, *Replacement of Interbank Offered Rate*, GASB Statement No. 94, *Public-Private and Public-Public Partnership and Availability Payment* Arrangements, GASB Statement No. 96, *Subscription-Based Information Technology* Arrangements, and certain portions of GASB Statement No. 99, *Omnibus 2022*. As required by GAAP, these financial statements present the activities of the County and its component units.

In determining how to define the financial reporting entity, management considered all potential component units using the standards prescribed under GASB. Component units include any legally separate organizations for which the Board of Supervisors is financially accountable. Financial accountability results where 1) there is fiscal dependence and a financial benefit or burden relationship, 2) there is a voting majority of the organization's governing body appointed by the Board of Supervisors and a financial benefit or burden relationship, or 3) there is a voting majority of the organization's governing body appointed by the Board of Supervisors and the Board of Supervisors has the ability to impose its will on the organization.

Even if financial accountability is not established, a potential component unit may still need to be reported simply because it would be misleading to exclude it.

A. <u>Reporting Entity</u>

The County was created by an act of the General Assembly of Virginia in 1778, and provides a wide range of municipal services contemplated by statute or charter. As required by GAAP, these financial statements present the County (primary government) and its component units, entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the County's operations and so data from these units are combined with data of the primary government. Discretely presented component units are reported in separate columns in the government-wide financial statements to emphasize that they legally separate from the government. Each blended and discretely presented component unit has a June 30 year end.

Blended Component Units:

Blended component units, although legally separate entities, are, in substance, part of the County's operations, and function as an integral part of the primary government, so data from these units are combined with data of the County.

The Lilly Subdivision Sanitary District, the Smith Creek Water & Waste Authority, the Penn Laird Sewer Authority, the Countryside Sanitary District, and Lake Shenandoah Stormwater Control Authority serve the citizens of the primary government that are in their respective districts and authorities and are governed by a board comprised of the primary government's Board of Supervisors. The rates for user charges and bond issuances are approved by the primary government, and the primary government is primarily obligated to provide resources in case there are deficits in debt service payments. The districts and authorities are reported as enterprise funds and do not issue separate financial statements.

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies (Continued)

A. <u>Reporting Entity</u> (Continued)

Discretely Presented Component Units:

The County reports the following two major discretely presented component units:

1) School Board

The School Board is responsible for elementary and secondary education within the County's jurisdiction and is elected by the voters of the County. The School Board is fiscally dependent upon the government because the County's Board of Supervisors approves the School Board's budget, levies taxes and must approve any debt issuances of the School Board. School Board related debt, including leases, is expected to be repaid entirely or almost entirely with the resources of the primary government. The School Board is presented as a governmental fund type and consists of two special revenue funds and one capital projects fund which include the following:

<u>School Operating Fund</u> accounts for the general operations of the School Board. Financing is provided by specific allocations from the state and federal governments, by appropriation from the General Fund of the primary government by the Board of Supervisors, and charges for services.

School Cafeteria Fund accounts for the centralized school cafeteria operations.

<u>School Capital Projects Fund</u> accounts for financial resources used for the acquisition or construction of major capital facilities of the School Board, other than those financed by the Massanutten Technical Center.

<u>Massanutten Technical Center – Operating Fund</u> accounts for the general operations of the Massanutten Technical Center. The Massanutten Technical Center Board of Control is appointed by the Rockingham County School Board and Harrisonburg City School Board.

The Component Unit – School Board does not issue a separate set of financial statements. All independently audited financial information of the School Board is presented within this Annual Comprehensive Financial Report.

Complete financial statements for the School Activity Fund and Massanutten Technical Center – Operating Fund can be obtained from Massanutten Technical Center administrative office.

Massanutten Technical Center 325 Pleasant Valley Road Harrisonburg, Virginia 22801

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies (Continued)

A. <u>Reporting Entity</u> (Continued)

Discretely Presented Component Units: (Continued)

2) Harrisonburg-Rockingham Social Services District

The Harrisonburg-Rockingham Social Services District (District) is a regional district created by the governing bodies of the County of Rockingham and City of Harrisonburg to provide social services for the residents of the County of Rockingham and the City of Harrisonburg. The City and County each appoint 50% of the governing board. The District is a legally separate organization and its financial statements are presented as a discrete presentation of the County's financial statements because the District is fiscally dependent on the County and has a financial benefit or burden relationship with the County. The County has the ability to impose its will on the District. The District cannot enter into a contract or issue debt without the County's and City's approvals. The District is presented as a governmental fund type consisting of two funds as follows:

<u>Social Services Operating Fund</u> accounts for the general operations of the District. Financing is provided by specific allocations from the state and federal governments, by appropriation from the General Fund of the County by the Board of Supervisors, and by the City of Harrisonburg.

<u>Special Revenue Fund – Children's Services Act (CSA) Fund</u> accounts for funds designated for the CSA program.

The Component Unit - Harrisonburg-Rockingham Social Services District does not issue a separate set of financial statements. All financial information of the District is presented within this Annual Comprehensive Financial Report.

The County reports the following two nonmajor discretely presented component units:

1) Economic Development Authority

The Economic Development Authority of Rockingham County, Virginia (Authority), formerly the Industrial Development Authority, was created as a governmental subdivision of the Commonwealth of Virginia by ordinance of the Board of Supervisors of the County of Rockingham, Virginia on December 11, 1972, pursuant to the provisions of the Economic Development and Revenue Bond Act, Title 15.2, Chapter 49, Sections 15.2-4900 et seq. (formerly Title 15.1, Chapter 33, Sections 15.1-1373, et seq.) of the *Code of Virginia* of 1950, as amended. The Authority is governed by seven directors appointed by the Board of Supervisors of the County of Rockingham, Virginia. The Authority is empowered, among other things, to acquire, own, lease, and dispose of any of its facilities and to make loans or grants in furtherance of its purposes as set forth by law, including to promote industry and develop trade by indicating manufacturing, economic, governmental, nonprofit and commercial enterprises and institutions of higher education to locate in or remain in the Commonwealth of Virginia and further the use of its agricultural products and natural resources.

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies (Continued)

A. <u>Reporting Entity</u> (Continued)

Discretely Presented Component Units: (Continued)

1) Economic Development Authority (Continued)

The Authority is specifically authorized to issue revenue bonds for any of its purposes, including the payment of the cost of its facilities and the payment or retirement of bonds previously issued by the Authority. All bonds issued by the Authority are payable solely from the revenues and receipts derived from the leasing or sale by the Authority of its facilities or any part thereof, or from the payments received by the Authority in connection with its loans. In addition, depending upon the financing structure, the bonds of the Authority may be further secured by a deed of trust or other collateral documents. No bonds of the Authority shall be deemed to constitute a debt or pledge of the faith of credit of the Commonwealth of Virginia or any political subdivision thereof, including the County.

The Authority is reported as a discretely presented component unit because the voting majority of the Authority's governing body is appointed by the Board of Supervisors and there is a benefit and burden relationship. The Authority is fiscally dependent on the County. The Authority does not issue separate financial statements but is included in the County's financial statements for fiscal year ended June 30, 2023 as a discretely presented component unit.

2) Rockingham County Recreation Foundation

The Recreation Foundation of Rockingham County, Virginia was created as a non-stock corporation duly formed under the provisions of the Virginia Non-stock Corporation Act. The Foundation was organized on September 21, 2015 and is governed by a five-member Board. The members consist of two members of the Board of Supervisors of Rockingham County, two members of the Rockingham County Recreation Commission and the County Administrator. The Foundation was created to provide diverse opportunities that enhance the quality of life and deliver accessible recreation and leisure to the community for a lifetime.

The Foundation is reported as a discretely presented component unit because the voting majority of the Foundation's governing body is appointed by the Board of Supervisors and there is a benefit and burden relationship. The Foundation does not issue separate financial statements but is included in the County's financial statements for fiscal year ended June 30, 2023 as a discretely presented component unit.

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies (Continued)

B. <u>Government-Wide and Fund Financial Statements</u>

Government-Wide Statements: The Statement of Net Position and the Statement of Activities display information about the primary government (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. Interfund services provided and used are not eliminated in the process of consolidation. These statements distinguish between the *governmental* and *business-type activities* of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The Statement of Activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. *Direct expenses* are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a *particular* function. Indirect expense allocations made in the funds have been reversed for the Statement of Activities. *Program revenues* include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues, including all taxes, are presented as *general revenues*.

Fund Financial Statements: The fund financial statements provide information about the County's funds, including its fiduciary funds and blended component units. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

C. <u>Measurement Focus, Basis of Accounting and Financial Statement Presentation</u>

Government-Wide, Proprietary, and Fiduciary Fund Financial Statements: The governmentwide and proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide, proprietary, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from the property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies (Continued)

C. <u>Measurement Focus, Basis of Accounting and Financial Statement Presentation</u> (Continued)

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within 75 days after year-end, except property taxes which are recognized as revenue if they have been collected within 45 days after year-end. Property taxes, sales taxes, franchise taxes, and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted components of net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, and then general revenues to fund the program.

Proprietary funds distinguish operating revenues and expenses from nonoperating items.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

Operating expenses include cost of services, administrative expenses and depreciation and amortization on capital assets. All expenses not meeting this definition are reported as nonoperating expenses.

The County reports the following major governmental funds:

General Fund. This is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

General Capital Projects Fund. This fund accounts for financial resources to be used for the acquisition or construction of major capital facilities and equipment, other than those financed by proprietary funds.

The County reports the following major enterprise funds:

Water and Sewer Fund. This fund accounts for services to the general public which are financed primarily by charges to users of such services.

Smith Creek Water & Waste Authority Fund. This fund accounts for services provided to those areas within the Smith Creek Water & Waste Authority and is financed primarily by charges to users of such services. This fund has been judgmentally determined to be major for public interest reasons, in that the presentation is of particular importance to the financial statement users.

Solid Waste Fund. This fund accounts for the operation, maintenance, and development of various landfills and disposal sites.

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies (Continued)

C. <u>Measurement Focus, Basis of Accounting and Financial Statement Presentation</u> (Continued)

The County reports the following Internal Service Funds:

Self-Insurance Fund. This fund accounts for the costs associated with providing health insurance benefits to employees of the County, School Board, and Harrisonburg-Rockingham Social Services District and with managing claims pertaining thereto.

The County also reports the following fund type:

Custodial Fund. This fund utilizes the accrual basis of accounting and accounts for assets being held for the benefit of a third party and cannot be used to address activities or obligations of the County.

D. <u>Budgetary Data</u>

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the General Fund, School Operating Fund, School Cafeteria Fund, Massanutten Technical Center, enterprise funds, special revenue funds, Children's Services Act and Department of Social Services. The Capital Projects Fund is appropriated on a project basis with carry forwards approved each year.

The appropriated budget is prepared by fund, function, and department. The government's department heads may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of the Board. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the department level. The School Operating Fund, School Cafeteria Fund and Massanutten Technical Center are appropriated in total, with reference to specific departments and accounts. The legal level of budgetary control is the fund level.

Appropriations in all budgeted funds lapse at the end of the fiscal year even if they have related encumbrances. Encumbrances are commitments related to unperformed (executory) contracts for goods or services (i.e., purchase orders, contracts, and commitments). Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. While all appropriations and encumbrances lapse at year end, valid outstanding encumbrances (those for which performance under the executory contract is expected in the next year) are re-appropriated and become part of the subsequent year's budget pursuant to state regulations.

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies (Continued)

E. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and</u> <u>Fund Balance/Net Position</u>

1. <u>Deposits and Investments</u>

Cash and Cash Equivalents

For purposes of reporting cash flows, the County considers all cash accounts, including cash on hand, demand deposits, and all short-term investments with a maturity of three months or less to be cash equivalents.

Investments

Cash of individual funds other than the Special Welfare and Rockingham County Recreation Foundation is combined to form a pool of cash and investments. The pool consists primarily of government and corporate obligations, money market mutual funds, and an external local government investment pool program. Interest earned as a result of pooling is distributed to the appropriate funds utilizing a formula based on average monthly balances.

2. <u>Property Taxes</u>

Property taxes are levied as of January 1 with real estate values reassessed every four years and personal property values assessed annually. The last general real property reassessment was effective January 1, 2022. Property taxes attach as an enforceable lien on property as of January 1. Real estate taxes are due and collectible twice a year, by June 5 and December 5 in the same year as levied. Personal property taxes are due and collectible annually by December 5 in the same year as levied. That portion of the taxes receivable which is not collected within 45 days after June 30 is shown as unavailable revenue. A penalty of 10% of the tax is assessed after the applicable payment date. Interest is charged to all unpaid accounts beginning July 1 and January 1, as applicable, at an annual rate of 10%.

3. <u>Prepaid Items</u>

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements using the consumption method.

4. <u>Inventory</u>

Inventories are stated at cost using the first-in, first-out method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies (Continued)

E. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and</u> <u>Fund Balance/Net Position</u> (Continued)

5. <u>Capital Assets</u>

Capital assets are defined by the County as assets with an initial, individual cost of more than \$25,000 and are accounted for at cost (except for intangible right-to-use lease assets and intangible right-to-use subscription assets, the measurement of which is discussed in Note 1.E.9 and 1.E.10, respectively). Assets acquired by gift are accounted for at the asset's acquisition value at the date the property was received. Acquisition value is the price that would be paid to acquire an asset with equivalent service potential on the date of contribution. The Commonwealth of Virginia, not the County, has primary responsibility to construct and maintain infrastructure, such as streets, roads, and bridges, within the County. The County may, at its option, contribute to improvements to the road system. Such expenditures would be expensed during the year incurred. There were no impaired capital assets at year end.

The County's intangible assets include land easements, software, intangible right-to-use lease assets, and right-to-use subscription assets. Land easements have indefinite useful lives and thus are not subject to amortization.

Capital assets are depreciated or amortized using the straight-line method over the following estimated useful lives:

| Buildings | 20 to 30 years |
|--|----------------|
| Intangible right-to-use lease buildings and improvements | 5 to 15 years |
| Improvements other than buildings | 5 to 50 years |
| Machinery and equipment | 5 to 15 years |
| Intangible right-to-use lease machinery and equipment | 3 to 4 years |
| Right-to-use subscriptions | 2 to 12 years |
| Software | 3 to 5 years |

6. <u>Deferred Outflows/Inflows of Resources</u>

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period and so will not be recognized as an outflow of resources (expenditure) until then. The County and discretely presented component units, the School Board and the District, have several items that qualify for reporting in this category. The first item is a deferred charge on refunding resulting from the difference in carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the life of the refunded or refunding debt. The remaining items relate to the pension plan and the other postemployment benefits (OPEB) plans. See Notes 12 and 13 for details regarding these items.

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies (Continued)

E. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and</u> <u>Fund Balance/Net Position</u> (Continued)

6. <u>Deferred Outflows/Inflows of Resources (Continued)</u>

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. Several types of items qualify for reporting in this category. Accordingly, one item, unavailable revenue, which arises under the modified accrual basis of accounting, is reported only in the governmental funds Balance Sheet. The governmental funds report unavailable revenue from property taxes. This amount is deferred and recognized as an inflow of resources in the period that the amounts become available. In the government-wide and the governmental funds, property taxes collected in advance and lease related charges are reported as deferred inflows of resources. The remaining items relate to the pension plan and the OPEB plans. See Notes 12 and 13 for details regarding these items.

7. <u>Compensated Absences</u>

Legacy employees, hired before January 1, 2014, accumulate vacation and sick leave hours for subsequent use or for payment upon termination, death or retirement based on full-time or part-time status. In the primary government and the discretely presented component unit, the District, an employee can accumulate up to 42 days of vacation and no more than \$5,000 of sick leave liability. In the District, an employee will receive an accrued sick leave payout upon retiring after five years of continuous service.

Employees hired on or after January 1, 2014, accumulate paid time off (PTO) for subsequent use or for payment upon termination, death or retirement based on full-time status. In the primary government and the discretely presented component unit, the District, an employee may carry forward to a new calendar year PTO leave balance of no more than the applicable maximum annual hours per year. In the County, an employee will receive a PTO payout upon leaving their employment no more than the applicable maximum.

Also, in the primary government, compensatory time can be earned at $1\frac{1}{2}$ hours in lieu of overtime pay. Accumulated compensatory time will be paid out to the employee in the months of June and December.

Compensated absences are accrued when incurred in proprietary funds and reported as a fund liability. The General Fund is responsible for paying the liability for compensated absences for general government employees and has been used in prior years to liquidate the governmental funds' liability.

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies (Continued)

E. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and</u> <u>Fund Balance/Net Position</u> (Continued)

7. <u>Compensated Absences (Continued)</u>

In the discretely presented component unit, the School Board, a 12-month employee can accumulate up to 36 days of vacation and an unlimited amount of sick leave. An employee earns one day of sick leave at the end of each month worked up to a maximum of 12 days per year. A new employee is eligible to transfer up to 90 sick leave days from another Virginia school district. Upon retirement after age 55, all full-time school employees will be compensated at one day for every three days of unused sick leave up to a maximum of two months of current salary.

Compensated absences expected to be liquidated with expendable available resources are reported as expenditures and fund liabilities of the governmental fund that will pay it. A liability for these amounts is reported in governmental funds only if they have matured. All amounts accrued for compensated absences are recorded on the entity-wide statements.

8. <u>Long-Term Obligations</u>

In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

9. <u>Leases</u>

Lessee: The County is a lessee for noncancellable leases of property. The County recognizes lease liabilities and intangible right-to-use lease assets (lease assets) in the government-wide financial statements. The County recognized lease liabilities with an initial, individual value of \$25,000 or more.

At the commencement of the lease, the County initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies (Continued)

E. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and</u> <u>Fund Balance/Net Position</u> (Continued)

9. <u>Leases (Continued)</u>

Key estimates and judgements related to leases include how the County determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The County uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the County uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the County is reasonably certain to exercise.

The County monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Lessor: The County is a lessor for a noncancellable lease of a building and a tower. The County recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements.

At the commencement of the lease, the County initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow or resources is recognized as revenue over the life of the lease term.

Key estimates and judgements include how the County determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The County uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies (Continued)

E. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and</u> <u>Fund Balance/Net Position</u> (Continued)

10. <u>Subscription-based information technology arrangements (SBITAs)</u>

The County adopted GASB Statement No. 96 on July 1, 2022.

For new or modified contracts, the County determines whether the contract is a SBITA. If a contract is determined to be, or contain, a SBITA with a non-cancellable term in excess of 12 months (including any options to extend or terminate the subscription when exercise is reasonably certain), the County records a right-to-use subscription asset and subscription liability which is calculated based on the value of the discounted future subscription payments over the term of the subscription. If the interest rate implicit in the subscription is not readily determinable, the County will use the applicable incremental borrowing rate in the calculation of the present value of the subscription payments.

The County recognizes a subscription liability and a right-to-use subscription asset on the Statement of Net Position. Subscriptions with an initial, non-cancellable term of 12 months or less are not recorded on the Statement of Net Position and expense is recognized as incurred over the subscription term.

At the commencement of a SBITA, the County measures the subscription liability at the present value of payments expected to be made during the subscription term and then reduces the liability by the principal portion of the subscription payments made. The right-to-use subscription asset is measured at the initial amount of the subscription liability, adjusted for subscription payments made at or before the subscription commencement date, plus certain initial direct costs, then amortized on a straight-line basis over the subscription term.

Subscription payments are apportioned between interest expense and principal based on an amortization schedule calculated using the effective interest method.

11. <u>Net Position</u>

By law, the School Board does not have taxing authority and, therefore, it cannot incur debt through general obligation bonds to fund the acquisition, construction or improvement to its capital assets. That responsibility lies with the local governing body who issues the debt on behalf of the School Board. However, the *Code of Virginia* requires the School Board to hold title to the capital assets (buildings and equipment) due to their responsibility for maintaining the asset.

In the Statement of Net Position, this scenario presents a dilemma for the primary government. Debt issued on behalf of the School Board is reported as a liability of the primary government, thereby reducing the net position of the primary government. The corresponding capital assets are reported by the Component Unit – School Board (title holder), thereby increasing their net position.

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies (Continued)

E. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and</u> <u>Fund Balance/Net Position</u> (Continued)

11. <u>Net Position (Continued)</u>

The Virginia General Assembly legislature amended the *Code of Virginia* to allow a tenancy in common with the School Board whenever the locality incurs a financial obligation which is payable over more than one fiscal year for any school property. The tenancy in common terminates when the associated debt has been paid in full. For financial reporting purposes, the legislation permits the locality to report the portion of the school property related to any outstanding financial obligation, thus eliminating a potential deficit from financing capital assets with debt. The legislation also allows local governments to elect not to acquire a tenancy in common by adopting a resolution to that effect.

The County concluded, while joint tenancy would resolve a deficit in the primary government's net position, the continual computation process that would be required to allocate principal, interest, asset amount, and depreciation between the County and the School Board would be cumbersome and not provide any added benefit to the financial statements. Therefore, the Board of Supervisors adopted a resolution declining tenancy in common for current and future obligations.

12. Fund Balance

In the fund financial statements, governmental funds report classifications of fund balance as follows:

Nonspendable fund balance – amounts not in a spendable form or are required to be maintained intact (such as prepaid items, inventory, and the principal of a permanent fund that is legally or contractually required to be maintained intact).

Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors, creditors, or laws and regulations of other governments), or by law through constitutional provisions or enabling legislation.

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies (Continued)

E. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and</u> <u>Fund Balance/Net Position</u> (Continued)

12. Fund Balance (Continued)

In the fund financial statements, governmental funds report classifications of fund balance as follows:

Nonspendable fund balance – amounts not in a spendable form or are required to be maintained intact (such as prepaid items, inventory, and the principal of a permanent fund that is legally or contractually required to be maintained intact).

Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors, creditors, or laws and regulations of other governments), or by law through constitutional provisions or enabling legislation.

Committed fund balance – amounts constrained to specific purposes determined by the adoption of an ordinance committing fund balance for a specified purpose by the County's Board of Supervisors prior to the end of the fiscal year. To be reported as committed, amounts cannot be used for any other purpose unless the Board of Supervisors takes the action to remove or change the constraint.

Assigned – amounts intended to be used by the County for specific purposes but do not meet the criteria to be classified as committed. The Board of Supervisors has by resolution authorized the Director of Finance to assign fund balance. The Board of Supervisors may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Unassigned fund balance – residual balance of the General Fund that has not been restricted, committed, or assigned to specific purposes within the General Fund and negative unassigned fund balances of other governmental funds.

The Board of Supervisors, as the highest level of authority within the County, establishes the commitment of fund balance by resolutions. All subsequent changes to the budget plan to add, reduce, or redirect resources to other purposes are also accomplished by Board resolution. As a result, all unrestricted amounts directed toward a purpose are shown as committed. Balances shown as assigned in the General Fund represent encumbrances which would otherwise be unassigned.

The County considers restricted balances to be expended first in cases where both restricted and unrestricted amounts are available. When utilizing unrestricted balances, committed balances are applied first, followed by assigned then unassigned balances.

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies (Continued)

E. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and</u> <u>Fund Balance/Net Position</u> (Continued)

13. <u>Pensions</u>

The Virginia Retirement System (VRS) County, District and School Board Non-Professional Retirement Plan is a multi-employer, defined benefit agent plan. The VRS School Board Professional Retirement Plan is a multiple employee, cost-sharing defined benefit plan. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County of Rockingham and its component units, the Harrisonburg-Rockingham Social Services District and the Rockingham County School Board, retirement plans and the additions to/deductions from the County, the Harrisonburg-Rockingham Social Services District, and the Rockingham County School Board's retirement plans fiduciary net positions have been determined on the same basis as they were reported by the VRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The General Fund typically has been used in prior years to liquidate pension liability.

14. Other Postemployment Benefits

Medical Insurance Program

The Medical Insurance Program is a single-employer defined benefit plan. Experience gains or losses and changes in actuarial assumptions are amortized over the average working lifetime of all participants, which for the current period is five years. Plan amendments are recognized immediately. The General Fund typically has been used in prior years to liquidate OPEB liability.

Group Life Insurance Program

The VRS Group Life Insurance Program (GLI) is a multiple employer, cost-sharing plan. It provides coverage to state employees, teachers, and employees of participating political subdivisions. The GLI was established pursuant to Section 51.1-500 et seq. of the *Code of Virginia*, as amended, and which provides the authority under which benefit terms are established or may be amended. The GLI is a defined benefit plan that provides a basic GLI benefit for employees of participating employers. For purposes of measuring the total GLI other postemployment benefits (OPEB) liability, deferred outflows of resources and deferred inflows of resources related to the GLI OPEB, and GLI OPEB expense, information about the fiduciary net position of the VRS GLI OPEB and the additions to/deductions from the VRS GLI OPEB's fiduciary net position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The General Fund typically has been used in prior years to liquidate OPEB liability.

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies (Continued)

E. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and</u> <u>Fund Balance/Net Position</u> (Continued)

14. Other Postemployment Benefits (Continued)

Health Insurance Credit Program

The School Board non-professional Health Insurance Credit (HIC) Program is a multipleemployer, agent defined benefit plan that provides a credit toward the cost of health insurance coverage for retired political subdivision employees of participating employers. The School Board professional HIC Program is a multiple-employer, cost-sharing defined benefit plan. Both HIC Programs were established pursuant to Section 51.1-1400 et seq. of the *Code of Virginia*, as amended, and which provide the authority under which benefit terms are established or may be amended. For purposes of measuring both HIC Programs' total OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to the HIC Programs' OPEB, and the HIC Programs' OPEB expense, information about the fiduciary net position of the HIC Programs; and the additions to/deductions from both of the HIC Programs fiduciary net position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The General Fund typically has been used in prior years to liquidate OPEB liability.

F. <u>Use of Estimates</u>

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

G. <u>Subsequent Events</u>

The County has evaluated subsequent events through December 13, 2023, the date on which the financial statements were available to be issued.

Note 2. Deposits and Investments

<u>Deposits</u>. Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the Act), Section 2.2-4400 et seq. of the *Code of Virginia*. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

<u>Custodial Credit Risk (Deposits)</u>. This is the risk that in the event of a bank failure, the County's deposits may not be returned to it. The County's investment policy requires all deposits to be insured under FDIC or comply with the Act. At year end, none of the County's deposits were exposed to custodial credit risk.

NOTES TO FINANCIAL STATEMENTS

Note 2. Deposits and Investments (Continued)

<u>Investments</u>. The State Treasurer's Local Government Investment Pool Program (LGIP Program) was established pursuant to Section 2.2-4605 of the *Code of Virginia*. The Treasury Board of the Commonwealth sponsors the Program and has delegated certain functions to the State Treasurer. The Program is comprised of two portfolios: the Local Government Investment Pool (LGIP) portfolio, which is designed to meet participants daily operational cash management needs, and the Local Government Investment Pool – Extended Maturity (LGIP - EM), which is designed to meet the longer term investment needs of Virginia's public funds investors. The Program is not registered with the Securities Exchange Commission as an investment company. The LGIP portfolio is managed in accordance with the requirements of GASB Statement No. 79. The County's investment in the LGIP, totaling \$119,574,107, is stated at amortized cost and classified as cash and cash equivalents. The LGIP has been assigned an "AAAm" rating by Standard & Poor's. The maturity of the LGIP is less than one year.

Investment Policy

State statutes authorize local governments and other public bodies to invest in obligations of the United States or its agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, "prime quality" commercial paper and certain corporate notes, bankers' acceptances, repurchase agreements, and the LGIP Program.

The goal of the County is to obtain the highest possible yield on available financial assets invested consistent with state law, while observing the primary goal of preservation of principal and providing necessary liquidity to meet cash flow needs.

As of June 30, 2023, the County's investment policy establishes the maximum percentages of the portfolio permitted in each of the following instruments:

| Permitted Investment | Sector Limit | Issuer Limit |
|---|--------------|--------------|
| U.S. Treasury Obligations | 100% | 100% |
| Federal Agency Obligations | 100% | 35% |
| Federal Agency Mortgage-Backed Securities | 35% | 35% |
| Municipal Obligations | 20% | 5% |
| Commercial Paper | 35% | 5% |
| Bankers' Acceptances | 35% | 5% |
| Corporate Notes | 35% | 5% |
| Negotiable Certificates of Deposit and Bank Deposit Notes | 35% | 5% |
| Money Market Mutual Funds | 100% | 50% |
| Principle Stability Pools | 100% | 100% |
| Short-term Bond Pools | 100% | 100% |
| Repurchase Agreements | 35% | 35% |
| Supranational Bonds | 35% | 10% |
| Bank Deposits and Non-Negotiable Certificates of Deposit | 100% | 100% |

The Sector Limit and Issuer Limit should be applied to the total investment portfolio value at the date of acquisition. When investing in a Pool, the County shall limit its investment to ten percent of the total assets of the Pool.

NOTES TO FINANCIAL STATEMENTS

Note 2. Deposits and Investments (Continued)

Credit Risk

As of June 30, 2023, as required by state statute, the Policy requires commercial paper, with a maturity of 270 days or less, have a short-term debt rating of no less than "A-1" (or its equivalent) by at least two of the Nationally Recognized Statistical Rating Organizations (NRSROs). Corporate notes with final maturity of less than five years must have a rating of at least "AA" by Standard & Poor's and "Aa" by Moody's Investors Service. Negotiable certificates of deposit and negotiable bank deposit notes of domestic banks and domestic offices of foreign banks, maturing in one year or less, must have a rating of at least "A-1" by Standard & Poor's and "P-1" by Moody's Investors Service. Negotiable certificates of deposit and negotiable bank deposit notes of domestic banks and domestic offices of foreign banks, maturing over one year but less than five years, must have a rating of at least "AA" by Standard & Poor's and "Aa" by Moody's Investors Service. Federal agency obligations, with final maturity less than five years, must have a rating of at least "AA" (or its equivalent) by at least two of the NRSROs, one of which will be either Moody's Investors Service or Standard & Poor's. Municipal obligations, with final maturity less than five years, must have a rating of at least "AA" by Standard & Poor's and/or "Aa" by Moody's Investors Service. Bankers' Acceptances, with a maturity of 180 days or less, must have a short-term debt rating of no less than "A-1" (or its equivalent) by at least two of the NRSROs. Money market mutual funds must be rated at least "AAA" or the equivalent by at least two of the following: Moody's Investors Service, Standard & Poor's, Fitch Investors Service, or Duff and Phelps, Inc. Principle stability pools must be rated "AAAm" (or its equivalent) by an NRSRO. Short-term bond pools with a maximum duration of three years must be rated "AAP" (or its equivalent) by an NRSRO. Repurchase agreements, with final maturity less than five years, must be rated "AA" (or its equivalent) by an NRSRO. Supranational bonds with final maturity of less than five years must have a rating of "AA" (or its equivalent) by at least two NRSROs, one of which must be either Moody's Investors Services or Standard & Poor's.

As of June 30, 2023, 65% was invested in "AA+" U.S. Agency Securities and 35% was invested in "AAA, AA, AA+, AA-, A+, and A-1" Corporate obligations. All credit ratings presented in this paragraph are Standard & Poor's ratings.

Concentration of Credit Risk

Concentration of credit risk is defined as the risk of loss attributed to the magnitude of a government's investment in a single issuer. If certain investments in any one issuer represent 5% of total investments, there must be a disclosure for the amount and issuer. At June 30, 2023, there were no investments in any single issuer that exceed 5% of the total portfolio.

NOTES TO FINANCIAL STATEMENTS

Note 2. Deposits and Investments (Continued)

Interest Rate Risk

Interest rate risk is defined as the risk that changes of interest rates will adversely affect the fair value of an investment.

| | |] | ies | |
|----------------------------|---------------|---------------|---------------|-----------|
| | Fair | Less Than | | More Than |
| | Value | 1 Year | 1 - 5 Years | 5 Years |
| U.S. Treasury Obligations | \$ 27,768,688 | \$ 12,896,533 | \$ 14,872,155 | \$ - |
| Corporate Notes | 19,781,675 | 9,309,361 | 10,472,314 | - |
| Federal Agency Obligations | 9,300,642 | 970,647 | 7,916,550 | 413,445 |
| | \$ 56,851,005 | _ | | |

To manage the volatility of the Investment Portfolio, the County shall determine an appropriate duration or weighted average maturity target for each component of the Investment Portfolio. At no time shall the duration of the weighted average maturity of any component of the Investment Portfolio exceed three years.

The average duration of the Investment Portfolio will not deviate by more than +/-25% of the average duration of the performance benchmark.

The County categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The County has the following recurring fair value measurements as of June 30, 2023:

- U.S. Treasury obligations of \$27,768,688 are valued using quoted market prices (Level 1 inputs).
- Federal agency obligations of \$997,310 are valued using quoted market prices (Level 1 inputs).
- Federal agency obligations of \$8,303,332 are valued using market inputs of trades in the exact item near pricing date (Level 2 inputs).
- Corporate notes of \$9,127,993 are valued using quoted market prices (Level 1 inputs).
- Corporate notes of \$10,653,682 are valued using market inputs of trades in the exact item near pricing date (Level 2 inputs).

NOTES TO FINANCIAL STATEMENTS

Note 3. Receivables

Receivables at June 30, 2023 for the County's individual major funds and nonmajor funds and internal service funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

Primary Government

| | General | General Capital | | Nonmajor Governmental | | 1 | Water and | | ith Creek r & Waste |
|----------------------------------|-----------------|--------------------|-----------|--------------------------|---------|----|-----------|------|------------------------|

| Utility taxes | | - | | - | | - | | 283,533 |
| Trade and other accounts | | 689,100 | | 23,122 | | 7,700 | | 4,244,640 |
| Leases | | - | | - | | - | | 3,002,745 |
| Gross receivables | | 689,100 | | 23,122 | | 7,700 | | 13,372,141 |
| Less allowance for uncollectable | | | | | | | | |
| accounts | | 8,082 | | 3,552 | | - | | 869,617 |
| | | | | | | | | |
| Net receivables | \$ | 681,018 | \$ | 19,570 | \$ | 7,700 | \$ | 12,502,524 |

The County determines its allowance for uncollectible accounts using historical collection data and specific account analysis. The total allowance for uncollectible accounts amounted to \$869,617 as of June 30, 2023.

Component Units – School Board and Harrisonburg-Rockingham Social Services District

The component units' receivables are considered fully collectible and, therefore, an allowance for uncollectible accounts is not applicable for those receivables.

NOTES TO FINANCIAL STATEMENTS

Note 4. Due to/from Other Governments

Amounts due from other governments include the following:

| Primary Government: | |
|--|-----------------|
| Governmental Funds: | |
| General Fund: | |
| Commonwealth of Virginia: | |
| Local sales and use taxes | \$ 2,054,710 |

Note 8. Leases

Primary Government

Lease Receivable

During the current fiscal year, the County leased three pieces of property to a third party. One is a building that is being leased for five years ending on July 31, 2025, one is a building that is being leased for five years ending on May 31, 2027, and a tower being leased for fifteen years ending on August 31, 2027. The County will receive monthly payments of \$18,333 and \$55,409 for the buildings and \$1,000 for the tower. The County recognized \$696,813 in lease revenue and \$144,674 in interest revenue during the current fiscal year related to these leases. As of June 30, 2023, the County's receivable for lease payments was \$3,002,745. Also, the County has deferred inflows of resources associated with this lease that will be recognized as revenue over the lease term. As of June 30, 2023, the balance of the deferred inflows of resources was \$2,902,311.

NOTES TO FINANCIAL STATEMENTS

Note 8. Leases (Continued)

Primary Government (Continued)

Leases Payable

The County has a ten-year lease agreement as lessee for a building. As of June 30, 2023, the value of the lease liability was \$300,150. The County is required to make monthly principal and interest payments ranging from \$3,294, to \$3,558. The lease has an interest rate of 4.59%. The building has a ten-year estimated useful life. The value of the right-to-use lease asset as of the end of the current fiscal year was \$343,685 and had accumulated amortization of \$62,488.

The County had a fifteen-year lease agreement as lessee for a parking lot. As of June 30, 2023, the value of the lease liability was \$291,018. The County is required to make annual principal and interest payments ranging from \$27,798 to \$32,490. The lease has an interest rate of 4.59%. The equipment has a fifteen-year estimated useful life. The value of the right-to-use lease asset as of the end of the current fiscal year was \$318,025 and had accumulated amortization of \$42,404.

The future principal and interest lease payments as of June 30, 2023 are as follows:

| | | Primary Government | | | | | |

| | \$ | 149,136 | \$ | 8,991 | | | | | |

NOTES TO FINANCIAL STATEMENTS

Note 10. Conduit Debt Obligations

To further economic development in the County, the County Economic Development Authority has issued bonds that provide capital financing to private-sector entities for the acquisition and construction of industrial and commercial facilities. The properties financed are pledged as collateral, and the bonds are payable solely from payments received from the private-sector entities on the underlying mortgage or promissory notes. In addition, no commitments beyond the collateral, the payments from the private-sector entities, and maintenance of the tax-exempt status of the conduit debt obligation were extended by the County Economic Development Authority for any of those bonds. At June 30, 2023, the bonds have an aggregate outstanding principal amount payable of \$216,734,948.

Note 11. Government Services Provided by Authorities

The County of Rockingham, City of Harrisonburg, and the Towns of Bridgewater, Mt. Crawford, and Dayton entered into a guaranty agreement with the Harrisonburg-Rockingham Regional Sewer Authority (Authority) dated December 15, 1992. Under the terms of this agreement, these municipalities jointly and severally guaranteed the Authority's bonds payable, which then qualifies as a nonexchange of financial guarantees. HRRSA's outstanding bonds payable at June 30, 2023 (most recent balances available) consist of the following:

| Series | Amount | Interest |
|--------------|---------------|----------|
| Series 2007 | \$ 13,376,381 | 2.52% |
| Series 2008B | 15,052,631 | 2.72% |
| Series 2015 | 6,211,098 | 1.20% |
| Series 2017 | 11,528,500 | 2.25% |
| Series 2020 | 6,341,338 | 1.85% |

The County is obligated for 3.407% of the above debt service.

The Authority bills the localities a monthly charge, which includes an assessment for their respective shares of the Authority's debt service, construction, and operating expenditures based on the locality usage of the sewage treatment facilities. Based on the current average usage, the County's assessment for the Authority's operating and maintenance and capital outlay, construction, and debt service expenditures for the ensuing year will approximate \$1,692,319, \$419,734, and \$1,811,158, respectively. To obtain a copy of the audited financial statements, contact the Authority at 856 North River Road, P. O. Box 8, Mt. Crawford, Virginia 22841.

Note 12. Pension Plan (Continued)

A. <u>Plan Description</u>

All full-time, salaried permanent employees of the County of Rockingham and its component units, the Harrisonburg-Rockingham Social Services District (the District) and the Rockingham County School Board (School Board), are automatically covered by the VRS Retirement Plan or the VRS Teacher Retirement Plan upon employment. These plans are administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

The System administers three different benefit structures for covered employees – Plan 1, Plan 2, and, Hybrid. Each of these benefit structures has a different eligibility criteria. The specific information for each plan and the eligibility for covered groups within each plan are set out in the table below:

| PLAN 1 | PLAN 2 | RETIREMENT PLAN |
|--|--|--|
| About Plan 1 Plan 1 is a defined benefit plan. The retirement benefit is based on a member's age, service credit and average final compensation at retirement using a formula. | <i>employees:</i> Same as Plan 1.<i>School division employees</i> | About the Hybrid Retirement Plan The Hybrid Retirement Plan combines the features of a defined benefit plan and a defined contribution plan. The defined benefit is based on a member's age, service credit and average final compensation at retirement using a formula. The benefit from the defined contribution component of the plan depends on the member and employer contributions made to the plan and the investment performance of those contributions. In addition to the monthly benefit payment payable from the defined benefit plan at retirement, a member may start receiving distributions from the balance in the defined contributions, investment gains or losses, and any required fees. |

HYBRID

NOTES TO FINANCIAL STATEMENTS

Note 12. Pension Plan (Continued)

A. <u>Plan Description</u> (Continued)

PLAN 1

PLAN 2

Eligible Members

Political subdivision employees: Members are in Plan 1 if their membership date is before July 1, 2010, and they were vested as of January 1, 2013, and they have not taken a refund.

School division employees (teachers): Members are in Plan 1 if their membership date is prior to July 1, 2010, they were vested before January 1, 2013, and they have not taken a refund.

Hybrid Opt-In Election

VRS non-hazardous duty covered Plan 1 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014. The Hybrid Retirement Plan's effective date for eligible Plan 1 members who opted in was July 1, 2014.

If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan.

Members who were eligible for an optional retirement plan (ORP) and had prior service under Plan 1 were not eligible to elect the Hybrid Retirement Plan and remain as Plan 1 or ORP. Eligible MembersPoliticalsubdivisionemployees:Members are inPlan 2 if their membership dateis on or after July 1, 2010, or

their membership date is before July 1, 2010, and they were not vested as of January 1, 2013.

School division employees (teachers): Members are in Plan 2 if their membership date is from July 1, 2010, to December 31, 2013, and they have not taken a refund. Members are covered under Plan 2 if they have a membership date prior to July 1, 2010, and they were not vested before January 1, 2013.

Hybrid Opt-In Election

Eligible Plan 2 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014.

The Hybrid Retirement Plan's effective date for eligible Plan 2 members who opted in was July 1, 2014.

If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan.

Members who were eligible for an optional retirement plan (ORP) and have prior service under Plan 2 were not eligible to elect the Hybrid Retirement Plan and remain as Plan 2 or ORP.

HYBRID RETIREMENT PLAN

Eligible Members

Members are in the Hybrid Retirement Plan if their membership date is on or after January 1, 2014. This includes:

- Political subdivision employees.*
- School division employees (teachers).
- Members in Plan 1 or Plan 2 who elected to opt into the plan during the election window held January 1 through April 30, 2014; the plan's effective date for opt-in members was July 1, 2014.

*Non-Eligible Members

Some employees are not eligible to participate in the Hybrid Retirement Plan. They include:

• Political subdivision employees who are covered by enhanced benefits for hazardous duty employees.

Those employees eligible for an optional retirement plan (ORP) must elect the ORP plan or the Hybrid Retirement Plan. If these members have prior service under Plan 1 or Plan 2, they are not eligible to elect the Hybrid Retirement Plan and must select Plan 1 or Plan 2 (as applicable) or ORP.

Retire Members contribute 5% of their Same as Plan 1. compensation each month to their member contribution account through a pre-tax salary reduction. Member contributions are taxdeferred until they are withdrawn as part of a retirement benefit or as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees. VRS invests both member and employer contributions to provide funding for the future benefit payment.

Service Credit

Service Credit e Same as Plan 1.

A member's retirement benefit is funded through mandatory and voluntary contributions made by the member and the employer to both the defined benefit and the defined contribution components of the plan. Mandatory contributions are based on a percentage of the employee's creditable compensation and are required from both the member and employer. Additionally, the members may choose to make voluntarv contributions to the defined contribution component of the plan, and the employer is required to match those voluntary contributions according to specified percentages.

HYBRID

Service Credit

Defined Benefit Component

Under the defined benefit component of the plan, service credit includes active service. Members earn service credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional service credit the member was granted. A member's total service credit is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.

Defined Contribution Component

Under the defined contribution component, service credit is used to determine vesting for the employer contribution portion of the plan.

Service credit includes active Members earn service service. credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional service credit the member was granted. A member's total service credit is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.

NOTES TO FINANCIAL STATEMENTS

Note 12. Pension Plan (Continued)

A. <u>Plan Description</u> (Continued)

| PLAN 1 | PLAN 2 | HYBRID RETIREMENT PLAN |
|---|----------------------------|---|
| Vesting Vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members become vested when they have at least five years (60 months) of service credit. Vesting means members are eligible to qualify for retirement if they meet the age and service requirements for their plan. Members also must be vested to receive a full refund of their member contribution account balance if they leave employment and request a refund. | Vesting Same as Plan 1. | Vesting Defined Benefit Component Defined benefit vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members are vested under the defined benefit component of the Hybrid Retirement Plan when they reach five years (60 months) of service credit. Plan 1 or Plan 2 members with at least five years (60 months) of service credit who opted into the Hybrid Retirement Plan remain vested in the defined benefit component. |
| Members are always 100% vested in the contributions that they make. | | Defined Contribution Component Defined contribution vesting refers to the minimum length of service a member needs to be eligible to withdraw the employer contributions from the defined contribution component of the plan. |
| | | Members are always 100% vested in the contributions that they make. |
| | | Upon retirement or leaving covered employment, a member is eligible to withdraw a percentage of employer contributions to the defined contribution component of the plan, based on service. |
| | | After two years, a member is 50% vested and may withdraw 50% of employer contributions. After three years, a member is 75% vested and may withdraw 75% of employer contributions. After four or more years, a member is 100% vested and may withdraw 100% of employer contributions. |
| | | Distribution is not required, except as governed by law. |

| PLAN 1 | PLAN 2 | HYBRID RETIREMENT PLAN |
|--------|--------|---------------------------|
| | | alculating the Benefit |

Calcu The basic benefit is determined See definition under Plan 1. using the average final compensation, service credit and plan multiplier.

An early retirement reduction factor is applied to the Basic Benefit if the member retires with a reduced retirement benefit. In cases where the member has elected an optional form of retirement payment, an option factor specific to the option chosen is then applied.

Average Final Compensation

member's average А final compensation is the average of the 36 consecutive months of highest compensation as а covered employee.

Service Retirement Multiplier

VRS: The retirement multiplier is a factor used in the formula to determine a final retirement benefit. The retirement multiplier for nonhazardous duty members is 1.70%.

Sheriffs and regional jail

superintendents: The retirement multiplier for sheriffs and regional jail superintendents is 1.85%.

Political subdivision hazardous duty employees: The retirement multiplier of eligible political subdivision hazardous dutv employees other than sheriffs and regional jail superintendents is 1.70% or 1.85% as elected by the employer.

Defined Benefit Component See definition under Plan 1.

IIVDDID

Defined Contribution Component The benefit is based on contributions made by the member and any matching contributions made by the employer, plus net investment earnings on those contributions.

Average Final Compensation member's average А final

60 consecutive months of highest benefit component of the plan. compensation as a covered employee.

Service Retirement Multiplier

VRS: Same as Plan 1 for service Defined Benefit Component earned, purchased or granted prior to January 1, 2013. For nonhazardous duty members the retirement multiplier is 1.65% for service credit earned, purchased For members that opted into the or granted on or after January 1, 2013.

Average Final Compensation

Same as Plan 2. It is used in the compensation is the average of the retirement formula for the defined

Service Retirement Multiplier

VRS: The retirement multiplier for the defined benefit component is 1.00%.

Hybrid Retirement Plan from Plan 1 or Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans.

Sheriffs and regional jail superintendents: Same as Plan 1.

Political subdivision hazardous duty employees: Same as Plan 1.

Sheriffs and regional jail superintendents: Not applicable.

Political subdivision hazardous duty employees: Not applicable.

Defined Contribution Component Not applicable.

NOTES TO FINANCIAL STATEMENTS

Note 12. Pension Plan (Continued)

A. Plan Description (Continued)

PLAN 1

Cost-of-Living Adjustment (COLA) in Retirement

The Cost-of-Living Adjustment (COLA) matches the first 3% increase in the Consumer Price Index for all Urban Consumers (CPI-U) and half of any additional increase (up to 4%) up to a maximum COLA of 5%.

Eligibility:

For members who retire with an unreduced benefit or with a reduced benefit with at least 20 years of service credit, the COLA will go into effect on July 1 after one full calendar year from the retirement date.

For members who retire with a reduced benefit and who have less than 20 years of service credit, the COLA will go into effect on July 1 after one calendar year following the unreduced retirement eligibility date.

Exceptions to COLA Effective Dates:

School Division (Teachers) and Political Subdivision Employees:

The COLA is effective July 1 following one full calendar year (January 1 to December 31) under any of the following circumstances:

- The member is within five years of qualifying for an unreduced retirement benefit as of January 1, 2013.
- The member retires on disability.
- The member is involuntarily separated from employment for causes other than job performance or misconduct and is eligible to retire under the Workforce Transition Act or the Transitional Benefits Program.

PLAN 2

Cost-of-Living Adjustment (COLA) in Retirement

The Cost-of-Living Adjustment (COLA) matches the first 2% increase in the Consumer Price Index for all Urban Consumers (CPI-U) and half of any additional increase (up to 2%) up to a maximum COLA of 3%.

Eligibility: Same as Plan 1.

HYBRID RETIREMENT PLAN

Cost-of-Living Adjustment (COLA) in Retirement

Defined Benefit Component Same as Plan 2.

Defined Contribution Component Not applicable.

Eligibility: Same as Plan 1 and Plan 2.

without pay.

County and the District Plan (Agent Plan)

As of the June 30, 2021 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

| | Number |
|--|--------|
| Inactive members or their beneficiaries currently receiving benefits | 390 |
| Inactive members: | |
| Vested | 128 |
| Non-vested | 220 |
| Active elsewhere in VRS | 358 |
| Total inactive members | 706 |
| Active members | 649 |
| Total covered employees | 1,745 |

NOTES TO FINANCIAL STATEMENTS

Note 12. Pension Plan (Continued)

B. Employees Covered by Benefit Terms (Continued)

School Board Non-Professional Plan (Agent Plan)

As of the June 30, 2021 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

| | Number |
|--|--------|
| Inactive members or their beneficiaries currently receiving benefits | 305 |
| Inactive members: | |
| Vested | 53 |
| Non-vested | 91 |
| Active elsewhere in VRS | 50 |
| Total inactive members | 194 |
| Active members | 371 |
| Total covered employees | 870 |

C. Contributions

County and the District Plan (Agent Plan)

The contribution requirement for active employees is governed by Section 51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

The County and the District's contractually required contribution rate for the year ended June 30, 2023 was 13.71% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by an employee during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the County and the District were \$4,746,659 and \$3,685,323 for the years ended June 30, 2023 and 2022, respectively.

NOTES TO FINANCIAL STATEMENTS

Note 12. Pension Plan (Continued)

C. <u>Contributions</u> (Continued)

School Board Non-Professional Plan (Agent Plan)

The contribution requirement for active employees is governed by Section 51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

The School Board non-professional's contractually required contribution rate for the year ended June 30, 2023 was 5.81% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by an employee during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the School Board for the non-professional plan were \$462,419 and \$442,584 for the years ended June 30, 2023 and 2022, respectively.

School Board Professional Plan (Cost-Sharing Plan)

The contribution requirement for active employees is governed by Section 51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. The School Board professional's contractually required contribution rate for the year ended June 30, 2023 was 16.62% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the School Board for the professional plan were \$13,177,237 and \$12,245,179 for the years ended June 30, 2023 and 2022, respectively.

In June 2022, the Commonwealth made a special contribution of approximately \$442.4 million to the VRS Teacher Employee Plan. This special payment was authorized by a budget amendment included in Chapter 1 of the 2022 Appropriation Act, and is classified as a non-employer contribution.

NOTES TO FINANCIAL STATEMENTS

Note 12. Pension Plan (Continued)

D. <u>Net Pension Liability</u>

County, District and School Board Non-Professional Plans (Agent Plans)

The net pension liabilities (NPL) is calculated separately for each employer and represents that particular employer's total pension liability determined in accordance with GASB Statement No. 68, less that employer's fiduciary net position. For the County, District and School Board Non-Professional Plans, the NPLs were measured as of June 30, 2022. The total pension liabilities used to calculate the NPLs were determined by an actuarial valuation performed as of June 30, 2021 rolled forward to the measurement date of June 30, 2022.

School Board Professional Plan (Cost-Sharing Plan)

At June 30, 2023, the School Board reported a liability for the professional plan of \$78,476,391 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2021 and rolled forward to a measurement date of June 30, 2022. The School Board's proportion of the net pension liability was based on the School Board's actuarially determined employer contributions to the pension plan for the year ended June 30, 2022 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2022, the School Board's proportion was 0.82428% as compared to 0.80852% at June 30, 2021.

The net pension liability (NPL) is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB Statement No. 67, less that system's fiduciary net position. As of June 30, 2022, NPL amounts for the VRS Teacher Employee Retirement Plan is as follows (amounts expressed in thousands):

| | Re | Teacher Employee Retirement Plan | | | |
|--|--------|--|--|--|--|
| Total pension liability | \$ | 54,732,329 | | | |
| Plan fiduciary net position | | 45,211,731 | | | |
| Employers' net pension liability | \$ | 9,520,598 | | | |
| Plan fiduciary net position as a percentage of the | | 92 (10/ | | | |
| total pension liability | 82.619 | | | | |

The total pension liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net pension liability is disclosed in accordance with the requirements of GASB Statement No. 67 in the System's notes to the financial statements and required supplementary information.

NOTES TO FINANCIAL STATEMENTS

NOTES TO FINANCIAL STATEMENTS

Note 12. Pension Plan (Continued)

F. Long-Term Expected Rate of Return

County, District and School Board Non-Professional Plans (Agent Plans) and the School Board Professional Plan (Cost-Sharing Plan)

The long-term expected rate of return on pension System investments was determined using a lognormal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| | | | Weighted |
|--|------------|------------------|-----------------|
| | Long-Term | Arithmetic | Average |
| | Target | Target Long-Term | |
| | Asset | Expected | Expected |
| Asset Class (Strategy) | Allocation | Rate of Return | Rate of Return* |
| Public Equity | 34.00% | 5.71% | 1.94% |
| Fixed Income | 15.00% | 2.04% | 0.31% |
| Credit Strategies | 14.00% | 4.78% | 0.67% |
| Real Assets | 14.00% | 4.47% | 0.63% |
| Private Equity | 14.00% | 9.73% | 1.36% |
| MAPS - Multi - Asset Public Strategies | 6.00% | 3.73% | 0.22% |
| PIP - Private Investment Partnership | 3.00% | 6.55% | 0.20% |
| Total = | 100.00% | | 5.33% |
| | Inflation | | 2.50% |
| * Expected arithmet | 7.83% | | |

*The above allocation provides a one-year expected return of 7.83%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.72%, including expected inflation of 2.50%.

*On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

NOTES TO FINANCIAL STATEMENTS

Note 12. Pension Plan (Continued)

G. Discount Rate

County, District and School Board Non-Professional Plans (Agent Plans)

The discount rate used to measure the total pension liabilities was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions; political subdivisions were also provided with an opportunity to use an alternate employer contribution rate. For the year ended June 30, 2022, the alternate rate was the employer contribution rate used in fiscal year 2012 or 100% of the actuarially determined employer contribution rates. Based on those assumptions, whichever is greater. From July 1, 2022 on, participating employers are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liabilities.

School Board Professional Plan (Cost-Sharing Plan)

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ended June 30, 2022, the rate contributed by the employer for the School Board's retirement plans will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly. From July 1, 2022 on, participating employers are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liabilities.

NOTES TO FINANCIAL STATEMENTS

Note 12. Pension Plan (Continued)

J. <u>Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to</u> <u>Pensions (Continued)</u>

School Board Non-Professional Plan (Agent Plan)

For the year ended June 30, 2023, the School Board recognized pension credit related to its non-professional plan of \$207,030. At June 30, 2023, the School Board reported deferred outflows of resources and deferred inflows of resources related to pensions for its non-professional plan from the following sources:

| | Defe Outfl | | Deferred Inflows | | | |
|---|---------------|---------|---------------------|--------------|--|--|
| | of Resources | | | of Resources | | |
| Differences between expected and actual experience | \$ | - | \$ | (189,105) | | |

| pension plan investments | | - | | (1,307,334) | | |
| Employer contributions subsequent to the measurement date | | 462,419 | | - | | |
| Total | \$ 8 | 345,465 | \$ | (1,496,439) | | |

The \$462,419 reported as deferred outflows of resources related to pensions resulting from the School Board non-professional plan's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2024. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense in future reporting periods as follows:

| Year Ending June 30, | Amount |
|----------------------|-------------------|
| 2024 | \$ (258,259) |
| 2025 | (574,489) |
| 2026 | (868,217) |
| 2027 | 587,572 |
| | |
| | \$ (1,113,393) |

NOTES TO FINANCIAL STATEMENTS

Note 12. Pension Plan (Continued)

J. <u>Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to</u> <u>Pensions (Continued)</u>

School Board Professional Plan (Cost-Sharing Plan)

For the year ended June 30, 2023, the School Board recognized pension expense related to the professional plan of \$4,114,801 and the Commonwealth's special contribution of \$3,646,376. Since there was a change in proportionate share between measurement dates, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions.

At June 30, 2023, the School Board reported deferred outflows of resources and deferred inflows of resources related to pensions for the professional plan from the following sources:

| | | Deferred | | Deferred |
|---|----|-------------|----|--------------|
| | | Outflows | | Inflows |
| | 0 | f Resources | C | of Resources |
| Differences between expected and actual experience | \$ | - | \$ | (5,411,257) |

13.1. Medical Insurance Program

A. Plan Description

The County's, the Harrisonburg-Rockingham Social Services District's (District) and the Rockingham County School Board's (School Board) defined benefit other postemployment benefit (OPEB) – medical insurance plan provides OPEB for all permanent full-time general and public safety employees of the County, the District and the School Board. The County and the District have the same plan provisions. The School Board has separate plan provisions. The plan was established by the County's Board of Supervisors and any amendments to the plan must be approved by the Board. This plan is a single-employer defined benefit OPEB plan administered by the County. No assets are accumulated in a trust that meets the criteria in paragraph four of GASB Statement No. 75. This plan does not issue stand-alone financial reports.

The specific information for Medical Insurance Program's OPEB, including eligibility, is set out in the tables below:

County and the District

MEDICAL INSURANCE PROGRAM PLAN PROVISIONS

Eligible Employees

A Rockingham County retiree, eligible for postretirement medical coverage, is defined as a fulltime employee who retires directly from the County and is eligible to receive an early or regular retirement benefit from the VRS. Employees applying for early or regular retirement are eligible to continue participation in the County sponsored Retiree Health plan.

Retirement Eligibility

Employees may retire under the VRS with an unreduced pension benefit under the following age and service requirements:

- Plan 1 eligible employees
 - Age 50 and 30 years of service
 - Age 65 and 5 years of service
- Plan 2 and Hybrid plan eligible employees
 - Age 65 with 5 years of service
 - \circ Rule of 90

NOTES TO FINANCIAL STATEMENTS

Note 13. Other Postemployment Benefits (Continued)

13.1. Medical Insurance Program (Continued)

A. <u>Plan Description</u> (Continued)

County and the District (Continued)

MEDICAL INSURANCE PROGRAM PLAN PROVISIONS (Continued)

Benefit Amounts

The County will provide a premium credit toward a retiree's health insurance premium at a rate of \$4.00 per year of service per month not to exceed \$120 per month based on 30 years of service in the VRS. To be eligible for this premium credit, the retiree must have a minimum of 15 years of service in the VRS and must have enrolled in the County's health insurance plan at the time of retirement. The premium credit may only be applied to the retiree's individual health insurance plan, and is not applicable to the premium charges for family members. The premium credit is made only until the employee is eligible for Medicare coverage, usually at age 65.

Reduction in Benefit Amounts

Plan 1 eligible employees may retire with a reduced pension benefit at age 50 and 10 years of service or age 55 and 5 years of service. Plan 2 and Hybrid eligible employees can retire with a reduced pension benefit at age 60 with 5 years of service.

Death of a Retiree

Upon death of a current retiree, the surviving spouse is eligible for coverage until age 65. Survivors of actives are not eligible for postretirement benefits, even if the deceased active was eligible to retire at the time of death.

School Board

MEDICAL INSURANCE PROGRAM PLAN PROVISIONS

Eligible Employees

Retired employees may participate in the School Board health insurance program in accordance with the following terms and conditions:

- The employee has served a minimum of 10 consecutive years as an employee of Rockingham County School Board.
- The employee is eligible for retirement under VRS and that his/her monthly payments are made through payroll deductions by the VRS.
- Once the retired employee becomes eligible for or obtains other health coverage, the retired employee will no longer be eligible to participate in the group plan.

Retirement Eligibility

School Board employees may retire under the VRS according to the same eligibility requirements as the County and the District employees described above.

C. Total Medical Insurance Program OPEB Liability

The County and the District's total Medical Insurance OPEB liability of \$8,596,050 was measured as of June 30, 2023 with a reporting date of June 30, 2023, and was determined by an actuarial valuation as of July 1, 2021. The School Board's total Medical Insurance OPEB liability of \$27,909,020 was measured as of June 30, 2023, and was determined by an actuarial valuation as of July 1, 2021.

D. Actuarial Assumptions and Other Inputs

The total Medical Insurance Program OPEB liabilities were based on an actuarial valuation as of July 1, 2021, using the Entry Age Normal actuarial cost method and the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| Inflation | 2.50% |
|-----------------------------|--|
| Salary increases | 2.50% per annum |
| Discount rate | 2.18% per annum |
| Healthcare cost trend rates | Medical and Stop Loss: 6.25% graded uniformly to 5.50% over 3 years and following the Getzen model thereafter to ultimate rate of 4.04% in the year 2075; Administrative Expenses 5% per annum |

The discount rate was based on the S&P 500 High Grade 20 Year Rate Index as of June 30, 2021.

County and the District

Mortality Rates

The following mortality assumptions were chosen to match the mortality assumptions used in the June 30, 2016 Annual Financial Statement for the Virginia Retirement System.

<u>Pre-Commencement:</u> RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020; males set back one year, 85% of rates; females set back one year.

<u>Post-Commencement</u>: RP-2014 Employee Rates to age 49, Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward one year; females set back one year with 1.5% increase compounded from ages 70 to 85.

<u>Post-Disablement:</u> RP-2014 Disability Mortality Rates projected with scale BB to 2020; males 115% of rates; females 130% of rates.

13.2. Group Life Insurance Program

A. Plan Description

All full-time, salaried permanent employees of the County and the District, and the School Board non-professional and the School Board professional employees are automatically covered by the VRS Group Life Insurance Program (GLI) upon employment. This plan is administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

In addition to the Basic GLI benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional GLI. For members who elect the optional GLI coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from the members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured program, it is not included as part of the GLI OPEB.

The specific information for GLI OPEB, including eligibility, coverage and benefits is set out in the table below:

GROUP LIFE INSURANCE PROGRAM PLAN PROVISIONS

Eligible Employees

The GLI was established July 1, 1960, for state employees, teachers and employees of political subdivisions that elect the program.

Basic GLI coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their accumulated retirement member contributions and accrued interest.

Benefit Amounts

The benefits payable under the GLI have several components.

- Natural Death Benefit: The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled.
- Accidental Death Benefit: The accidental death benefit is double the natural death benefit.
- Other Benefit Provisions: In addition to the basic natural and accidental death benefits, the program provides additional benefits provided under specific circumstances. These include:
 - Accidental dismemberment benefit
 - Seatbelt benefit
 - Repatriation benefit
 - Felonious assault benefit
 - o Accelerated death benefit option

NOTES TO FINANCIAL STATEMENTS

Note 13. Other Postemployment Benefits (Continued)

13.2. Group Life Insurance Program (Continued)

A. <u>Plan Description</u> (Continued)

GROUP LIFE INSURANCE PROGRAM PLAN PROVISIONS (Continued)

Reduction in Benefit Amounts

The benefit amounts provided to members covered under the GLI are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value.

Minimum Benefit Amount and Cost-of-Living Adjustment (COLA)

For covered members with at least 30 years of service credit, there is a minimum benefit payable under GLI. The minimum benefit was set at \$8,000 by statute in 2015. This will be increased annually based on the VRS Plan 2 cost-of-living adjustment calculation. The minimum benefit adjusted for the COLA was \$8,984 as of June 30, 2023.

B. Contributions

The contribution requirements for the GLI are governed by Sections 51.1-506 and 51.1-508 of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the GLI was 1.34% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.80% (1.34% X 60%) and the employer component was 0.54% (1.34% X 40%). Employers may elect to pay all or part of the employee contribution, however, the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2023 was 0.54% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability.

Contributions to the GLI from the participating employers for the years ended June 30, 2023 and 2022 were as follows.

| | 2023 | 2022 |
|-------------------------------|---------------|---------------|
| County and the District | \$ 196,073 | \$ 175,169 |
| School Board Non-Professional | 50,540 | 46,838 |
| School Board Professional | 448,496 | 413,350 |

In June 2022, the Commonwealth made a special contribution of approximately \$30.4 million to the Group Life Insurance plan. This special payment was authorized by a Budget Amendment included in Chapter 1 of the 2022 Appropriation Act.

NOTES TO FINANCIAL STATEMENTS

Note 13. Other Postemployment Benefits (Continued)

13.2. Group Life Insurance Program (Continued)

C. <u>GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred</u> <u>Inflows of Resources Related to the Group Life Insurance Program OPEB</u>

At June 30, 2023, the participating employers' reported liabilities for its proportionate share of the net GLI OPEB liability as follows:

| | 2023 |
|---------------------------------------|-----------------|
| Primary Government | \$ 1,440,231 |
| District | 355,438 |
| Total primary government and District | 1,795,669 |
| School Board Non-Professional | 480,073 |
| School Board Professional | 4,237,215 |

The net GLI OPEB Liability was measured as of June 30, 2022 and the total GLI OPEB liability used to calculate the net GLI OPEB Liability was determined by an actuarial valuation performed as of June 30, 2021, and rolled forward to the measurement date of June 30, 2022. The covered employers' proportion of the net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the GLI for the year ended June 30, 2022 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2022, comparisons of the participating employers' proportions to June 30, 2021 are as follows:

| | 2022 | 2021 |
|-------------------------------|----------|----------|
| County and the District | 0.14913% | 0.14531% |
| School Board Non-Professional | 0.03987% | 0.03959% |
| School Board Professional | 0.35190% | 0.34504% |

For the year ended June 30, 2023, the County and the District, School Board non-professional, and School Board professional employees recognized GLI OPEB expense of \$100,812, \$3,995, and \$140,013, respectively. Since there was a change in the proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

E. <u>Net GLI OPEB Liability</u>

The net OPEB Liability (NOL) for the GLI represents the program's total OPEB Liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2022, NOL amounts for the GLI are as follows (amounts expressed in thousands):

| | Insu | roup Life rance OPEB Program |
|---|------|------------------------------------|
| Total GLI OPEB liability | \$ | 3,672,085 |
| Plan fiduciary net position | | 2,467,989 |
| GLI OPEB liability | \$ | 1,204,096 |
| Plan fiduciary net position as a percentage of the total GLI OPEB liability | | 67.21% |

The total GLI OPEB Liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net GLI OPEB Liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

NOTES TO FINANCIAL STATEMENTS

Note 13. Other Postemployment Benefits (Continued)

13.2. Group Life Insurance Program (Continued)

F. Long-Term Expected Rate of Return

The long-term expected rate of return on the System's investments was determined using a lognormal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

| | | | Weighted |
|--|------------------|------------------|-----------------|
| | Long-Term | Arithmetic Long- | Average Long- |
| | Target Asset | Term Expected | Term Expected |
| Asset Class (Strategy) | Allocation | Rate of Return | Rate of Return* |

| | Inflation | - | 2.50% |
| * Expected arithmetic | c nominal return | - | 7.83% |

* The above allocation provides a one-year return of 7.83%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.72%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 6.72%, including expected inflation of 2.50%.

G. Discount Rate

The discount rate used to measure the total GLI OPEB Liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS guidance and the employer contributions will be made in accordance with the VRS funding policy and at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ended June 30, 2022, the rate contributed by the participating employers for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rates. From July 1, 2022 on, employers are assumed to continue contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB Liability.

H. <u>Sensitivity of the Participating Employers' Proportionate Share of the Net OPEB Liability to Changes</u> in the Discount Rate

The following presents the participating employers' proportionate share of the net GLI OPEB liability using the discount rate of 6.75%, as well as what the participating employers' proportionate share of the net GLI OPEB Liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

| | Current Discount | | | | | |
|---------------------------------------|------------------|------------|----|-----------|----|------------|
| | 10 | % Decrease | | Rate | 1 | % Increase |
| | | (5.75%) | | (6.75%) | | (7.75%) |
| Primary government | \$ | 2,095,705 | \$ | 1,440,231 | \$ | 910,519 |
| District | | 517,204 | | 355,438 | | 224,709 |
| Total primary government and District | | 2,612,909 | | 1,795,669 | | 1,135,228 |
| School Board Non-Professional | | 698,563 | | 480,073 | | 303,504 |
| School Board Professional | | 6,165,644 | | 4,237,215 | | 2,678,781 |

I. Group Life Insurance Program Fiduciary Net Position

Detailed information about the GLI's fiduciary net position is available in the separately issued VRS 2022 Annual Comprehensive Financial Report (Annual Report). A copy of the 2022 VRS Annual Report may be downloaded from the VRS website at <u>varetire.org/pdf/publications/2022-annual-report.pdf</u>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, Virginia, 23218-2500.

Note 13. Other Postemployment Benefits (Continued)

13.3. Health Insurance Credit Program

A. Plan Description

School Board Non-Professional and School Board Professional Plans

The County has two types of Health Insurance Credit Program (HIC) OPEB plans. A singleemployer plan for political subdivisions (School Board non-professional plan) and a cost-sharing employer plan for VRS teacher employees (School Board professional plan). For the School Board non-professional plan, all full-time, salaried permanent employees of participating political subdivisions are automatically covered by the VRS Political Subdivision Health Insurance Credit Program (HIC) upon employment. For the School Board professional Plan, all full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Employee Health Insurance Credit Program. These plans are administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The health insurance credit is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

School Board Non-Professional Plan

The specific information about the School Board non-professional HIC OPEB, including eligibility, coverage and benefits is set out in the table below:

POLITICAL SUBDIVISION HIC PLAN PROVISIONS

Eligible Employees

The Political Subdivision Retiree HIC was established July 1, 1993 for retired political subdivision employees of employers who elect the benefit and who retire with at least 15 years of service credit.

Eligible employees are enrolled automatically upon employment. They include:

• Full-time permanent salaried employees of the participating political subdivision who are covered under the VRS pension plan.

Benefit Amounts

The political subdivision's Retiree HIC provides the following benefits for eligible employees:

- At Retirement for employees who retire, the monthly benefit is \$1.50 per year of service per month with a maximum benefit of \$45.00 per month.
- Disability Retirement for employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is \$45.00 per month.

13.3. Health Insurance Credit Program (Continued)

A. <u>Plan Description</u> (Continued)

School Board Non-Professional Plan (Continued)

POLITICAL SUBDIVISION HIC PLAN PROVISIONS (Continued)

Health Insurance Credit Program Notes

- The monthly HIC benefit cannot exceed the individual premium amount
- No HIC for premiums paid and qualified under Line of Duty Act (LODA), however, the employee may receive the credit for premiums paid for other qualified health plans.
- Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the HIC as a retiree.

School Board Professional Plan

The specific information for the Teacher Employee HIC OPEB, including eligibility, coverage, and benefits is set out in the table below:

TEACHER EMPLOYEE HIC PLAN PROVISIONS

Eligible Employees

The Teacher Employee Retiree HIC was established July 1, 1993 for retired Teacher Employees covered under VRS who retire with at least 15 years of service credit.

Eligible employees are enrolled automatically upon employment. They include:

• Full-time permanent (professional) salaried employees of public school divisions covered under VRS.

Benefit Amounts

The Teacher Employee Retiree HIC provides the following benefits for eligible employees:

- At Retirement for teacher and other professional school employees who retire, the monthly benefit is \$4.00 per year of service per month with no cap on the benefit amount.
- Disability Retirement for teacher and other professional school employees who retire on disability or go on long-term disability under the VLDP, the monthly benefit is either:
 - \circ \$4.00 per month, multiplied by twice the amount of service credit, or
 - \$4.00 per month, multiplied by the amount of service earned had the employee been active until age 60, whichever is lower.

Health Insurance Credit Program Notes

- The monthly HIC benefit cannot exceed the individual premium amount
- Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the HIC as a retiree.

B. Employees Covered by Benefit Terms

School Board Non-Professional Plan

As of the June 30, 2021 actuarial valuation, the following employees were covered by the benefit terms of the HIC OPEB plan.

| | Number |
|--|--------|
| Inactive members: | |
| Inactive members or their beneficiaries currently receiving benefits | 178 |
| Vested | 6 |
| Total inactive members | 184 |
| Active members | 371 |
| Total covered employees | 555 |

C. Contributions

School Board Non-Professional and School Board Professional Plans

The contribution requirement for active employees is governed by Section 51.1-1402(E) of the *Code* of Virginia, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. For the year ended June 30, 2023, the contractually required employer contribution rates for the School Board non-professional and School Board professional was 0.83% and 1.21%, respectively, of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the HIC Program from the participating employers for the years ended June 30, 2023 and 2022 were as follows:

| | 2023 | 2022 |
|-------------------------------|-----------------|---------------|
| School Board Professional | \$ 1,003,541 | \$ 924,891 |
| School Board Non-Professional | 77,649 | 67,614 |

In June 2022, the Commonwealth made a special contribution of approximately \$12 million to the VRS Teacher Health Insurance Credit Program. This special payment was authorized by a budget amendment included in Chapter 1 of the 2022 Appropriation Act, and is classified as a non-employer contribution.

NOTES TO FINANCIAL STATEMENTS

Note 13. Other Postemployment Benefits (Continued)

13.3. Health Insurance Credit Program (Continued)

D. Net HIC OPEB Liability

School Board Non-Professional Plan

The School Board Non-Professional plan's net HIC OPEB liability was measured as of June 30, 2022. The total HIC OPEB liability was determined by an actuarial valuation performed as of June 30, 2021, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022.

School Board Professional Plan

The net OPEB liability (NOL) for the Teacher Employee HIC represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2022, NOL amounts for the Teacher Employee HIC are as follows (amounts expressed in thousands):

| | Teacher pployee HIC DPEB Plan |
|--|-------------------------------------|
| Total teacher employee HIC OPEB liability Plan fiduciary net position | \$ 1,470,891 221,845 |
| Teacher employee net HIC OPEB liability | \$ 1,249,046 |
| Plan fiduciary net position as a percentage of the total teacher employee HIC OPEB liability | 15.08% |

The total Teacher Employee HIC OPEB liability is calculated by the System's actuary, and the plan's fiduciary net position is reported in the System's financial statements. The net Teacher Employee HIC OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

NOTES TO FINANCIAL STATEMENTS

Note 13. Other Postemployment Benefits (Continued)

13.3. Health Insurance Credit Program (Continued)

E. Actuarial Assumptions

School Board Non-Professional and School Board Professional Plans

The total HIC OPEB liabilities were based on an actuarial valuation as of June 30, 2021, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022.

| Inflation | 2.50% |
|--|--|
| Salary increases, including inflation: | |
| Locality – general employees | 3.50%-5.35% |
| Teacher employees | 3.50%-4.75% |

Note 13. Other Postemployment Benefits (Continued)

13.3. Health Insurance Credit Program (Continued)

E. Actuarial Assumptions (Continued)

School Board Non-Professional Plan (Continued)

Mortality Rates – General Employees (Continued)

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

| Mortality Rates (pre-retirement, post-retirement healthy, and disabled) | Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020 |
|---|--|
| Retirement Rates | Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all |
| Withdrawal Rates | Adjusted rates to better fit experience at each age and service decrement through nine years of service |
| Disability Rates | No change |
| Salary Scale | No change |
| Line of Duty Disability | No change |
| Discount Rate | No change |

School Board Professional Plan

Mortality Rates – Teachers

| Pre-retirement: | Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males. |
|---------------------------------|--|
| Post-retirement: | Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females. |
| Post-disablement: | Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females. |
| Beneficiaries and Survivors: | Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally. |
| Mortality Improvement Scale: | Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates. |

NOTES TO FINANCIAL STATEMENTS

Note 13. Other Postemployment Benefits (Continued)

13.3. Health Insurance Credit Program (Continued)

F. Long-Term Expected Rate of Return

School Board Non-Professional and School Board Professional Plans

The long-term expected rate of return on the System's investments was determined using a lognormal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

| | | Weighted |
|------------------|--|--|
| Long-Term | Arithmetic Long- | Average Long- |
| Target Asset | Term Expected | Term Expected |
| Allocation | Rate of Return | Rate of Return* |
| 34.00% | 5.71% | 1.94% |
| 15.00% | 2.04% | 0.31% |
| 14.00% | 4.78% | 0.67% |
| 14.00% | 4.47% | 0.63% |
| 14.00% | 9.73% | 1.36% |
| 6.00% | 3.73% | 0.22% |
| 3.00% | 6.55% | 0.20% |
| 100.00% | | 5.33% |
| Inflation | - | 2.50% |
| c nominal return | _ | 7.83% |
| | Allocation 34.00% 15.00% 14.00% 14.00% 14.00% 6.00% 3.00% 100.00% Inflation | Target Asset Term Expected Allocation Rate of Return 34.00% 5.71% 15.00% 2.04% 14.00% 4.78% 14.00% 9.73% 6.00% 3.73% 3.00% 6.55% 100.00% 100.00% |

* The above allocation provides a one-year return of 7.83%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.72%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 6.72%, including expected inflation of 2.50%.

G. Discount Rate

School Board Non-Professional and School Board Professional Plans

The discount rate used to measure the total HIC OPEB liabilities was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ended June 30, 2022, the rate contributed by the School Board non-professional and School Board professional plans for the HIC OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rates. Based on those assumptions, the HIC OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total HIC OPEB liability.

J. <u>HIC OPEB Liabilities, HIC OPEB Expense, and Deferred Outflows of Resources and Deferred</u> <u>Inflows of Resources Related to HIC OPEB</u>

School Board Non-Professional Plan

For the year ended June 30, 2023, the School Board non-professional plan recognized HIC OPEB expense of \$60,284. At June 30, 2023, the School Board non-professional plan reported deferred outflows of resources and deferred inflows of resources related to the HIC OPEB from the following sources:

| | D | eferred | Deferred |
|---|-----|----------|----------------|
| | Out | flows of | Inflows of |
| | Re | sources | Resources |
| Differences between expected and actual experience | \$ | 4,388 | \$ (16,652) |
| Net difference between projected and actual earnings on | | | |
| HIC OPEB program investments | | - | (13,757) |
| Change in assumptions | | 14,738 | - |
| Employer contributions subsequent to the measurement date | | 77,649 | - |
| | | | |
| Total | \$ | 96,775 | \$ (30,409) |

The \$77,649 reported as deferred outflows of resources related to the HIC OPEB resulting from the school Board non-professional plan's contributions subsequent to the measurement date will be recognized as a reduction of the total HIC OPEB liability in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIC OPEB will be recognized in the HIC OPEB expense in future reporting periods as follows:

| Year Ending June 30, | At | mount |
|----------------------|----|----------|
| 2024 | \$ | (4,771) |
| 2025 | | (5,325) |
| 2026 | | (8,699) |

| Total | \$ | (11,283) |

NOTES TO FINANCIAL STATEMENTS

Note 13. Other Postemployment Benefits (Continued)

13.3. Health Insurance Credit Program (Continued)

J. <u>HIC OPEB Liabilities, HIC OPEB Expense, and Deferred Outflows of Resources and Deferred</u> <u>Inflows of Resources Related to HIC OPEB</u> (Continued)

School Board Professional Plan

At June 30, 2023, the School Board professional plan reported a liability of \$10,243,805 for its proportionate share of the Teacher Employee HIC total OPEB liability. The total Teacher Employee HIC OPEB liability was measured as of June 30, 2022 and the total Teacher Employee HIC OPEB Liability used to calculate the total Teacher Employee HIC OPEB Liability was determined by an actuarial valuation performed as of June 30, 2021 and rolled forward to the measurement date of June 30, 2022. The School Board professional plan's proportion of the total Teacher Employee HIC OPEB liability was based on the School Board professional plan's actuarially determined employer contributions to the Teacher Employee HIC OPEB plan for the year ended June 30, 2022, relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2022, the School Board professional plan's proportion of the Teacher Employee HIC was 0.82013% as compared to 0.80417% at June 30, 2021.

For the year ended June 30, 2023, the School Board professional plan recognized Teacher Employee HIC OPEB expense of \$807,914. Since there was a change in proportionate share between measurement dates, a portion of the Teacher Employee HIC net OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2023, the School Board professional plan reported deferred outflows of resources and deferred inflows of resources related to the Teacher Employee HIC OPEB from the following sources:

| | | Deferred outflows of | | Deferred Inflows of |
|---|----|-------------------------|----|------------------------|
| |] | Resources | | Resources |
| Differences between expected and actual experience | \$ | - | \$ | (417,554) |

NOTES TO FINANCIAL STATEMENTS

Note 15. Interfund Transfers

A summary of interfund transfer activity is presented as follows:

| Transfer to Fund | General Fund | Tourism Fund | Penn Laird Sewer Authority | | School Operating Fund | | Total Transferred In | |
|-------------------------------|-----------------|-----------------|-------------------------------|---------|--------------------------|-------|-------------------------|-----------|
| Primary Government: | | | | | | | | |
| Governmental funds: | | | | | | | | |
| General Capital Projects Fund | \$ 7,386,750 | \$ 104,000 | \$ | - | \$ | - | \$ | 7,490,750 |
| Water and Sewer Fund | - | - | | 672,542 | | - | | 672,542 |
| School Cafeteria Fund | - | - | | - | | 2,831 | | 2,831 |
| Total transferred out | \$ 7,386,750 | \$ 104,000 | \$ | 672,542 | \$ | 2,831 | \$ | 8,166,123 |

The transfer from the General Fund to the General Capital Projects Fund was to transfer funds for capital projects adopted in FY23 budget along with a supplemental for cash proffer and to transfer funds for the purchase of fire and rescue apparatus.

The transfer from the Tourism Fund to the General Capital Projects Fund was for Rockingham Park parking lot upgrades.

The transfer from the Penn Laird Sewer Authority to the Water and Sewer Fund was for the closure of the Penn Laird Sewer Authority Fund.

The transfer from the School Operating to the School Cafeteria Fund was for cafeteria bad debts.

Note 16. Major Customers

The Water and Sewer Fund has one major customer. For the year ended June 30, 2023, water and sewer revenue from this customer was approximately \$3.83 million. Accounts receivable from this customer were approximately \$205,000 at June 30, 2023.

The Solid Waste Fund has three major customers. Revenues from these customers for the year ended June 30, 2023 were approximately \$2.50 million. Accounts receivable from these customers were approximately \$228,000 at June 30, 2023.

The Smith Creek Water & Waste Authority Fund has one major customer. For the year ended June 30, 2023, revenue from this customer was approximately \$135,000. Accounts receivable from this customer were approximately \$14,800 at June 30, 2023.

NOTES TO FINANCIAL STATEMENTS

Note 17. Landfill Closure and Postclosure Care Cost

An agreement between the County and City of Harrisonburg divided the closure and post-closure liability pro rata for all cells active as of December 31, 2011. The City of Harrisonburg's liability for closure and post-closure was capped at that amount calculated pursuant to the regulations and percentage of waste disposed in the active cells as of December 31, 2011. The City of Harrisonburg's landfill closure and post-closure care liability totals \$2,697,965.

State and federal laws and regulations require the County to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure. Although closure and post-closure care costs will be paid only near or after the date the landfill stops accepting waste, the Solid Waste Fund reports a portion of these closure and post-closure care costs as an operating expense in each period based on the landfill capacity used as of each balance sheet date. The County has recorded \$17,674,289 as landfill closure and post-closure liability at June 30, 2023. The landfill's total capacity used to date is 9.99% for active cells.

The Solid Waste Fund will report the County's estimated liability of closure and post-closure care of \$6,278,364 for the active cell as the remaining estimated capacity is filled. These amounts are based on the cost to perform all closure and post-closure care in 2023. Actual costs may be higher due to inflation, changes in technology, or changes in regulations. The estimated remaining life of the landfill is approximately three years and does not account for future expansion.

Note 18. Risk Management

The County and its component units are exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets, errors and omissions; employee health and accident claims; and natural disasters. The County and its component units have chosen to retain a portion of the risks through a self-insurance program and have also purchased insurance to transfer other risks to outside parties. There has been no significant reduction in insurance coverage during the past year. A description of the County and its component units' risk management program is presented below:

Auto, Liability and Workers' Compensation Insurance

The County has coverage with the Virginia Association of Counties Group Self Insurance Association (Association) for auto, liability, and workers' compensation insurance. Each Association member jointly and severally agrees to assume, pay and discharge any liability. The County pays the Association contributions and assessments based upon classifications and rates into a designated cash reserve fund out of which expenses of the Association and claims and awards are to be paid. In the event of a loss deficit and depletion of all available excess insurance, the Association may assess all members the proportion in which the premium of each bears to the total premiums of all members in the year in which such deficit occurs.

The County continues to carry commercial insurance for all other risks of losses. Settled claims from these risks have not exceeded commercial coverage in any of the last three fiscal years.

NOTES TO FINANCIAL STATEMENTS

Note 18. Risk Management (Continued)

Health Insurance

County employees, retirees and employee dependents are eligible for medical benefits from a health insurance Internal Service Funds. Funding is provided by charges to County departments, employees, and retirees. The program is supplemented by stop loss protection, which limits the County's annual liability.

Based on the requirements of GASB Statement No. 10, the County records an estimated liability for indemnity healthcare claims. The following represents the change in the fund's claims liability for 2023, 2022, and 2021:

| | E | Beginning | Changes in | Claim | Ending |
|-------------------|----|-----------|------------------|------------------|-----------------|
| Fiscal Year Ended | | Liability | Estimates | Payments | Liability |
| June 30, 2023 | \$ | 2,329,377 | \$ 32,434,531 | \$ 32,732,506 | \$ 2,031,402 |
| June 30, 2022 | | 1,357,606 | 30,375,084 | 29,403,313 | 2,329,377 |
| June 30, 2021 | | 2,055,328 | 24,403,171 | 25,100,893 | 1,357,606 |

The ending liability is reported by the following:

| | Gov | vernmental | Con | nponent Unit | |
|-------------------|-----|------------|------|--------------|-----------------|
| Fiscal Year Ended | Α | ctivities | - Se | chool Board | Total |
| June 30, 2023 | \$ | 507,850 | \$ | 1,523,552 | \$ 2,031,402 |
| June 30, 2022 | | 588,250 | | 1,741,127 | 2,329,377 |
| June 30, 2021 | | 339,402 | | 1,018,204 | 1,357,606 |

Note 19. Tax Abatements and the Technology Zone Grant Program

Pursuant to the provisions of Title 15.2, Chapter 9, Section 15.2-953 of the *Code of Virginia*, localities are permitted to make appropriations of money to industrial development authorities for the purposes of promoting economic development. Furthermore, Title 58.1, Chapter 38, Section 58.1-3850 of the *Code of Virginia* permits any city, county or town the authority to establish one or more technology zones, within which incentives may be offered for investments in technological advances. The tax incentives may be provided for up to ten years and may include, but not be limited to: (i) reduction of permit fees; (ii) reduction of user fees; and (iii) reduction of any type of gross receipts tax.

The County has established the Technology Zone Grant Program and currently maintains four technology zones. The County has entered into grant agreements with local businesses within those zones. Once the business has satisfactorily paid all current year property taxes due, a calculation is performed to determine the grant amount that will ultimately be returned to the business. This transaction, in essence, is an abatement of taxes collected, as it is a reduction in tax revenues available for spending by the County. Once the grant amount is determined, the County transfers funds to the Rockingham Economic Development Authority, who subsequently returns the funds to the business. Grants shall be used for investment in technological advancements to machinery and tools and tangible personal property in the construction of new or expanded facilities within the technology zone.

NOTES TO FINANCIAL STATEMENTS

Note 19. Tax Abatements and the Technology Zone Grant Program (Continued)

For the fiscal year ended June 30, 2023, the County abated property taxes totaling \$546,056 under this grant program, including the following tax abatement agreements:

- Property tax abatement to a pharmaceutical facility in the amount of \$31,694.
- Property tax abatement to a beverage facility in the amount of \$216,766.
- Property tax abatement to a food packaging and beverage facility in the amount of \$297,596.

Note 20. Pending GASB Statements

At June 30, 2023, the Governmental Accounting Standards Board (GASB) had issued statements not yet implemented by the County. The statements which might impact the County are as follows:

GASB Statement No. 99, *Omnibus 2022*, will enhance comparability in accounting and financial reporting and improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB statements and (2) accounting and financial reporting for financial guarantees. The portion of Statement No. 99 related to leases, PPPs, and SBITAs are effective for fiscal years beginning after June 15, 2022. The portion of the Statement related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement No. 53 are effective for fiscal years beginning after June 15, 2023.

GASB Statement No. 100, Accounting Changes and Error Corrections – an amendment of GASB Statement No. 62 will enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. Statement No. 100 will be effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023.

GASB Statement No. 101, *Compensated Absences* will better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. Statement No. 101 will be effective for fiscal years beginning after December 15, 2023.

Management has not determined the effects these new Statements may have on prospective financial statements.

NOTES TO FINANCIAL STATEMENTS

Note 21. Joint Venture

The Harrisonburg-Rockingham Emergency Communications Center (HRECC) is a joint venture of the County and the City of Harrisonburg (City). The HRECC was created in August 2003, to provide for the purchase, operation, and maintenance of a two-way radio system for public safety and general government operations in the County and City. The County's Board of Supervisors and the Harrisonburg City Council approve the annual operating and maintenance budget, as submitted by the HRECC Administrative Board comprised of the County Administrator and the City Manager. Both localities are contractually obligated to provide appropriations for the operating costs of the HRECC. The County has no explicit and measurable financial interest in the HRECC. Complete financial statements for the HRECC can be obtained from the Director of Finance, City of Harrisonburg, 345 South Main Street, Harrisonburg, Virginia 22801.

In fiscal year 2023, the County's contributions to the HRECC totaled approximately \$3,506,761.

Note 22. Middle River Regional Jail Authority

The Middle River Regional Jail Authority (MRRJA), which opened in April 2006, was established by the County of Augusta, City of Staunton and City of Waynesboro (the Original Member Jurisdictions) to house prisoners from their own jurisdictions as well as others. An agreement was executed as of July 1, 2015 among the Original Member Jurisdictions and the County of Rockingham and City of Harrisonburg to allow the County and City to become Member Jurisdictions of MRRJA, effectively allowing the County and City to no longer pay MRRJA's per diem rental fee. The Original Member Jurisdictions agreed to admit the County as an additional member jurisdiction effective July 1, 2015 for \$10,771,794. See Note 7 for details of the long-term liability associated with becoming a member jurisdiction.

The total principal paid by the County to become a member jurisdiction of MRRJA was \$1,009,166 in fiscal year 2023, which has been shown as a public safety expenditure in the General Fund, and as a reduction in the liability on the Governmental Activities Statement of Net Position.

The total paid by the County to MRRJA for operating purposes of MRRJA was \$1,817,901 in fiscal year 2023.

Note 23. Contingency

Federal and State-Assisted Programs

The County has received proceeds from several federal and state grant programs. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. Based upon past experience, no provision has been made in the accompanying financial statements for the refund of grant monies.

NOTES TO FINANCIAL STATEMENTS

Note 24. Subsequent Events

On July 1, 2023, the County signed a new lease for the Bridgeport building, which resulted in a right-touse asset and lease liability of \$299,167.

Effective on July 1, 2023, the County signed a new subscription agreement with Cohesity for five years, which resulted in a right-to-use asset and subscription liability of \$262,955.

Effective on August 12, 2023, the County signed a new subscription agreement with ESRI for three years, which resulted in a right-to-use asset and subscription liability of \$168,807.

Effective on October 1, 2023, the County signed a new subscription agreement with Microsoft for three years, which resulted in a right-to-use asset and subscription liability of \$440,387.

Subsequent to year-end the County approved a contract with Lantz Construction not to exceed \$13,500,000 to construct a new recreation center.

Subsequent to year-end the County approved a bid in the amount of \$572,166 to purchase vehicles from Myers Ford.

Subsequent to year-end the County issued Literary Loan in the amount of \$14,000,000 for the renovation of Broadway High School to be paid back over 30 years at an interest rate of 3%.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION – VIRGINIA RETIREMENT SYSTEM For the Year Ended June 30, 2023

Note 1. Changes of Benefit Terms

There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Note 2. Changes of Assumptions

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

County and the District and School Board Non-Professional Plans (Agent Plans)

General Employees

| Mortality Rates (Pre-retirement, post-retirement healthy, and disabled | Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020 |
|--|--|
| Retirement Rates | Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age |
| Withdrawal Rates | Adjusted rates to better fit experience at each year age and service through nine years of service |
| Disability Rates | No change |
| Salary Scale | No change |
| Line of Duty Disability | No change |
| Discount Rate | No change |

Public Safety Employees with Hazardous Duty Benefits

| Mortality Rates (Pre-retirement, post-retirement healthy, and disabled | Update to Pub-2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020 |
|--|--|
| Retirement Rates | Adjusted rates to better fit experience and changed final retirement age from 65 to 70 |
| Withdrawal Rates | Decreased rates and changes from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Local's Largest 10 Hazardous Duty |
| Disability Rates | No change |
| Salary Scale | No change |
| Line of Duty Disability | No change |
| Discount Rate | No change |

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION – VIRGINIA RETIREMENT SYSTEM For the Year Ended June 30, 2023

Note 2. Changes of Assumptions (Continued)

School Board Professional Plan (Cost-Sharing)

| Mortality Rates (pre-retirement, post-retirement healthy, and disabled) | Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020 |
|---|--|
| Retirement Rates | Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all |
| Withdrawal Rates | Adjusted rates to better fit experience at each year age and service through nine years of service |
| Disability Rates | No change |
| Salary Scale | No change |
| Discount Rate | No change |

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION – OTHER POSTEMPLOYMENT BENEFITS Year Ended June 30, 2023

Note 1. Medical Insurance Program

There are no assets accumulated in a trust for the Medical Insurance Program.

A. Changes of Benefit Terms

There have been no actuarially material changes to the Medical Insurance benefit provisions since the prior actuarial valuation.

B. Changes of Assumptions

The following changes were made to the actuarial assumptions and methods effective July 1, 2021.

1. The following is the discount rate used for the period presented:

| 2021 | 2.18% |
|------|-------|
| 2020 | 3.36% |
| 2019 | 3.11% |

- 2. The medical claims aging table was updated to be based on the aging factor in the Dale Yamamoto study released by the Society of Actuaries in June 2013.
- 3. The assumed trend rate for the medical claims was changed to 6.25% grading uniformly to 5.50% over 3 years, and following the Getzen model thereafter until reaching an ultimate rate of 4.04% in the year 2075.

Note 2. Group Life Insurance Program

A. Changes of Benefit Terms

There have been no actuarially material changes to the Virginia Retirement System benefit provisions since the prior actuarial valuation.

B. Changes of Assumptions

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumption as a result of the experience study and VRS Board action are as follows:

School Board Professional

Teachers

| Mortality Rates (pre-retirement, post-retirement healthy, and disabled) | Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020 |
|---|---|
| Retirement Rates | Adjusted rates to better fit experienced for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all |
| Withdrawal Rates | Adjusted rates to better fit experience at each year age and service decrement through nine years of service |

STATISTICAL SECTION

STATISTICAL SECTION TABLE OF CONTENTS

The statistical section of the County's annual comprehensive financial report presents detailed information as a context for understanding what the information presented in the financial statements, note disclosures and required supplementary information say about the County's overall financial health. This information has not been audited by the independent auditor.

| Contents | Tables |
|---|--------|
| Financial Trends These tables contain trend information to help the reader understand how the County's financial performance and well-being have changed over time. | 2-6 |
| Revenue Capacity These tables contain information to help the reader assess the County's most significant local revenue sources, the property tax, as well as other revenue sources. | 7-11 |
| Debt Capacity These tables present information to help the reader assess the affordability of the County's current level of outstanding debt and the County's ability to issue additional debt in the future. | 12-14 |
| Demographic and Economic Information These tables offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place. | 15-16 |
| Operating Information These tables contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs. | 17-19 |

Sources: Unless otherwise noted, the information in these tables is derived from the annual comprehensive financial report for the relevant year.

STATISTICAL SECTION Comments Relative to Statistical Section

Table 1

The following statistical table recommended by the National Council on Governmental Accounting is not included for the reason stated below:

The table showing legal debt margin is omitted because counties in the State of Virginia are not subject to the 10% legal debt margin as cities and towns are.

Notes:

- (1) Component Unit net position/assets are included in this table due to public schools and social services being significant portions of the County operations. In Virginia, the County issues debt to finance the construction of facilities for these component units because the component units do not have borrowing or taxing authority.
- (2) The sum of the rows for the Reporting Entity identified as "Net investment in capital assets" and "Unrestricted" do not equal the sum of the rows from the total Primary Government and the total Component Units because the outstanding debt for the schools has not been subtracted from the total Primary Governments "Invested in capital assets" since the debt for the school board does not correspond to the capital assets of the Primary Government. However, when the Primary Government and the component Units are combined, the outstanding debt needs to be accounted for by reducing the balance classified as "Net investment in capital assets."
- (3) June 30, 2014 net position was restated for the implementation of GASB Statement No. 68.
- (4) June 30, 2018 net position was restated for the implementation of GASB Statement No. 75.
- (5) June 30, 2018 net position was restated for change in accounting policy.
- (6) June 30, 2021 net position was restated for change in accounting policy.

Notes:

- (1) Net (expense) revenue is the difference between the expenses and program revenues. This difference indicates the degree to which a function or program is supported with its own fees and program-specific grants versus its reliance upon funding from taxes and other general revenues. Numbers in a parentheses are net expenses indicating that expenses were greater than program revenues and, therefore, general revenues were needed to finance that function or program. Numbers without parentheses are net revenues, demonstrating that program revenues were more than sufficient to cover expenses.
- (2) Component units were included in this table due to their significance to the County.

CHANGES IN FUND BALANCES – GOVERNMENTAL FUNDS Last Ten Fiscal Years (modified accrual basis of accounting) (Unaudited)

Notes:

- (1) In Virginia, the County issues debt to finance the construction of school facilities for the public schools because the public schools do not have borrowing or taxing authority. Therefore, the debt service payments related to school facilities are presented as debt service of the primary government. Debt service as a percentage of noncapital expenditures for the total reporting entity more appropriately reflects the unique Virginia school debt requirement.
- (2) For the "Total Reporting Entity" amounts, the total noncapital expenditures have been reduced by the amounts given by the primary government to the public schools, Massanutten Technical Center, and the Social Services District so those expenditures are not included twice.

TAX REVENUES BY SOURCE – GOVERNMENTAL FUNDS Last Ten Fiscal Years (modified accrual basis of accounting)

Source:

Rockingham County real estate records.

Notes:

(1) Real estate assessed values are assessed for comparison to fair market value every four years. (2014, 2018 and 2022)

(2) Nontaxable and exempt property includes principally real estate owned by governmental, religious, charitable or educational entities.

(3) Rockingham County has adopted land use valuation for agricultural and open space land. Rather than fair market value, the value of this property is based upon its "use" value.

Notes:

- (1) The above table shows ranges of tax rates since individual towns set varying rates. People residing in the following towns pay property taxes to the town in addition to the taxes paid to the County. The towns included in the above table include Bridgewater, Broadway, Dayton, Elkton, Grottoes, Mt. Crawford, and Timberville.
- (2) Information obtained from the Rockingham County Commissioner of the Revenue.

COMPLIANCE SECTION

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Members of the Board of Supervisors County of Rockingham, Virginia

We have audited, in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, the aggregate remaining fund information, and the budgetary comparison of the General Fund of the County of Rockingham, Virginia (County), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated December 13 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2023-001 that we consider to be a material weakness.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

County's Response to Findings

Government Auditing Standards require the auditor to perform limited procedures on the County's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

PBMares, LLP

Harrisonburg, Virginia December 13, 2023

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Honorable Members of the Board of Supervisors County of Rockingham, Virginia

Report on Compliance for Each Major Federal Program

Opinion on the Major Federal Program

We have audited the County of Rockingham, Virginia's (County) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2023. The County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the County's major federal program for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the County's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of the federal programs as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiency, or a combination of deficiency, or a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiency, or a combination of deficiencies, in internal control over compliance that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material weaknesses.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTES TO SCHEDULE OF EXPENDITURE OF FEDERAL AWARDS Year Ended June 30, 2023

Note 1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of the County of Rockingham, Virginia (the County) and component units of the Rockingham County School Board and the Harrisonburg-Rockingham Social Services District under programs of the federal government for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

Federal Financial Assistance – The Single Audit Act Amendments of 1996 (Public Law 104-156) and Uniform Guidance define federal financial assistance as grants, loans, loan guarantees, property (including donated surplus property), cooperative agreements, interest subsidies, insurance, food commodities, direct appropriations or other assistance. Nonmonetary deferral assistance including food commodities is considered federal assistance and, therefore, is reported on the Schedule. Federal financial assistance does not include direct federal cash assistance to individuals.

Direct Payments – Assistance received directly from the Federal government is classified as direct payments on the Schedule.

Pass-through Payments – Assistance received in a pass-through relationship from entities other than the Federal government is classified as pass-through payments on the Schedule of Expenditures of Federal Awards.

Major Programs – Major programs for the County and its component units were determined using a risk-based approach in accordance with Uniform Guidance.

Cluster of Programs – Closely related programs that share common compliance requirements are grouped into clusters of programs. A cluster of programs is considered as one federal program for determining major programs. The following are the clusters administered by the County and its component units: SNAP, Child Nutrition, Forest Service Schools and Roads, Child Care and Development Fund, Medicaid, and Special Education.

NOTES TO SCHEDULE OF EXPENDITURE OF FEDERAL AWARDS Year Ended June 30, 2023

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3. Indirect Cost Rate

The County has elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 4. Non-Cash Assistance

In addition to amounts reported on the Schedule, the County consumed non-cash assistance in the form of food commodities. Commodities with a fair value of \$525,138 at the time received were consumed during the year ended June 30, 2023. These commodities were included in the determination of federal awards expended during the year ended June 30, 2023.

A. Material Weakness in Internal Control

2023-001: Material Weakness Due to Material Audit Adjustments

Criteria: The year-end financial statements obtained from the County to be audited should be final and free of material misstatements.

Condition: Upon auditing unearned revenue in the General Fund and the MTC Operating Fund of the School Board component unit, lease liabilities in the School Board component unit, accounts payable in the Capital Projects Fund, and accounts receivable in the Water & Sewer Fund, we identified material audit entries.

Cause: Errors in year-end entries and reconciliations for unearned revenue, lease liabilities, and accounts receivables. Also, invoices received after year end were not being properly reviewed to ensure they were recorded in the correct period.

Effect: The financial statements have been corrected to include the identified audit adjustments. The necessary entries were material to the financial statements, and were included as adjustments in order to more accurately represent the County's financial position. Failure to record the material items noted above is a departure from GAAP.

Recommendation: We recommend the County be more diligent in reviewing unearned revenues, lease liabilities, accounts receivable, and accounts payable.

Views of Responsible Official: The County agrees with this finding.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS Year Ended June 30, 2023

CORRECTIVE ACTION PLAN Year Ended June 30, 2023

Identifying Number: 2023-001: Material Weakness Due to Material Audit Adjustments

<u>Finding:</u> Upon auditing unearned revenue in the General Fund and the MTC Operating Fund of the School Board component unit, lease liabilities in the School Board component unit, accounts payable in the Capital Projects Fund, and accounts receivable in the Water & Sewer Fund, we identified material audit entries.

<u>Corrective Action Taken or Planned:</u> The County and Schools experienced turnover of the County Deputy Finance Director and the School Chief Financial Officer, leaving the Finance Departments short on staff and new to the position. More diligence will be taken next fiscal year to ask questions when making judgement calls and to be more cautious in deciding on the proper accounting treatment of transactions.

Date: March 1, 2024 – the County plans to have hired a Deputy Director that will reduce the workload on the Senior Accountant, the newly appointed Chief Financial Officer for the School, and the Director of Finance for the County. Already hired is a school accountant that has partially reduced the workload of the Chief Financial Officer for the School.

Responsible person: Trish Davidson

ROCKINGHAM COUNTY

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS Year Ended June 30, 2023

Identifying Number: 2022-001: Material Weakness Due to Material Audit Adjustments

<u>Finding:</u> Upon auditing accounts payables in the Capital Projects Fund, landfill depreciation in the Solid Waste Fund, and revenues in the Tourism Fund, we identified material audit entries.

<u>Corrective Action Taken</u>: The workload on the Senior Accountant increased with the resignation of the Deputy Director of Finance in February 2020. The County hired a new Deputy Director of Finance in December 2023, however, they resigned in July 2023. Since July 2023, the County has had a job posted for this position and is actively searching for the right candidate.

Identifying Number: 2022-002: Special Test – Wage Rate Requirement

<u>Finding:</u> Nonfederal entities shall include in their construction contracts subject to the Wage Rate Requirements (which still may be referenced as the Davis-Bacon Act) a provision that the contractor or subcontract comply with those requirements and the DOL regulations (29 CFR Part 5, Labor Standards Provisions Applicable to Contacts Governing Federally Financed and Assisted Construction). This includes a requirement for the contractor or subcontractor to submit to the nonfederal entity weekly, for each week in which any contract work is performed, a copy of the payroll and a statement of compliance (certified payrolls) (29 CFR sections 5.5 and 5.6; the A-102 Common Rule (section 36(i)(5)); OMB Circular A-110 (2 CFR Part 215, Appendix A, Contract Provisions); 2 CFR Part 176, Subpart C; and 2 CFR section 200.326). The School Board did not have adequate internal controls in place to verify this compliance requirement for this particular award prior to funds being spent. School Board employees were unaware the Wage Rate Requirement was applicable for this program.

<u>Corrective Action Taken:</u> The School Board Chief Financial Officer had been very diligent about the grant requirements for documenting the wage rate requirements.
