December 15, 2011

The Honorable Members of City Council
City of Petersburg, Virginia

To the Honorable Members of City Council:

The Comprehensive Annual Financial Report (CAFR) of the City of Petersburg, Virginia (the City) for the year ended June 30, 2011, is hereby submitted. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the management of the City. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

Internal Control: Management of the City is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Single Audit: As a recipient of Federal and state financial assistance, the City also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by management of the City.

The City is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 and U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*. As part of the City's single audit, tests are made to determine the adequacy of the internal control structure, including that portion related to Federal financial assistance programs, as well as to determine that the City has complied with applicable laws and regulations. Information related to this single audit, including the schedule of expenditures of federal awards, findings and questioned costs and independent auditors' reports on the internal control structure and compliance with applicable laws and regulations, is included in a separately issued report.

Budgetary Controls: The City maintains budgetary controls. The objective of budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City's governing body. Activities of the General Fund and Special Revenue Funds are included in the annual appropriated budget. Project-length financial plans are adopted for the Capital Projects Fund. The level of budgetary control (i.e., the level at which expenditures cannot legally exceed the appropriated amount) is established by function for the General Fund and the fund level for other individual funds. The City also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Appropriations, except for encumbrances and reserved fund balances, lapse at year-end. As demonstrated by the financial statements and schedules included in the financial section of this report, the City continues to meet its responsibility for sound financial management.

The financial reporting entity includes all funds of the Primary Government (i.e., the City), as well as the component units for which the City is financially accountable. GAAP has established standards for defining and reporting on the financial reporting entity. Specifically, under GAAP the School Board of the City of Petersburg, Virginia (the School Board) is reported as a separate component unit in the City's reporting entity. This presentation is designed to emphasize that the School Board is legally separate from the City and to differentiate its financial position and results of operations from that of the City. This component unit is administered by a separate board which is elected. The City provides a full range of services including police and fire protection; sanitation services; health and social services; the construction and maintenance of roads, streets, and infrastructure; recreations activities; and cultural events. In addition to general government activities, the operations of the Petersburg public utilities and the City's bus system are also part of the primary government and included in the reporting entity.

ECONOMIC CONDITION AND OUTLOOK AND FUTURE PROSPECTS

The City's basic industries are manufacturing, government, trade and services. The manufacturing sector includes firms in the chemical, medical, metal and optical industries. The City's economic prospects are enhanced by its proximity to Richmond, the state capital, and its inclusion in the Richmond-Petersburg Metropolitan Statistical Area. Fort Lee Army Base is located adjacent to the City. Fort Lee houses the Army's Quartermaster and Logistics Management Centers. Fort Lee employs approximately 4,100 civilians. Fort Lee was a net gainer for the last round of Base Realignment and Closure. The base is projected to grow from a current population of 36,000 to approximately 80,000 in the year 2011. The expansion at Fort Lee has commenced and it is expected that \$2 billion in new construction will occur in the next four years.

The region's primary medical services facility, Southside Regional Medical Center (SRMC), is located in the City. The facility, which includes an outpatient cancer treatment center, a nursing school, and a specialty healthcare center, employs over 1,400 people. SRMC was approved for a new 300 bed hospital by the State of Virginia. Work is complete and the new SRMC has opened in Petersburg. This facility carries a capital investment of \$125 million.

The City has initiated a proactive economic development program focusing on the attraction of new business, retention of existing businesses, and revival of the City's retail base and the re-use of vacant buildings.

ECONOMIC CONDITION AND OUTLOOK AND FUTURE PROSPECTS: (CONTINUED)

Petersburg continues to experience economic development success throughout the City. Development in the southeast portion of the City is highlighted by the previously mentioned hospital project on South Crater Road. Downtown continues to see an influx of private investment highlighted by the conversions of older commercial and industrial buildings into mixed use projects with ground floor commercial and upper story residential space.

Visitation to the City is enhanced through participation in Petersburg Area Regional Tourism, exhibits at our museums and events such as the Friday for the Arts, the Farmer's Market, the Generals Baseball Team, and various activities held at the Petersburg Sports Complex.

MAJOR INITIATIVES

Transportation: The City has approved the expansion of transit services by extending routes to Prince George, Hopewell, Colonial Heights and Chester. Through a partnership with the Transit Authority of Richmond, local patrons are offered round-trip bus service between Petersburg and Richmond. The City has completed construction of a Multi-modal Transportation Center at a cost \$19 million.

Education: During the year, the City of Petersburg issued approximately \$8.5 million of Qualified School Construction Bonds. The Proceeds will be used for expansion and rehabilitation at Robert E. Lee School and for transportation and central warehouse complex for the School system.

OTHER INFORMATION

Relevant Financial Policies:

Investments are made to an investment policy that seeks to safeguard principal, meet liquidity objectives, and seek fair value rates of return within the parameters of the *Code of Virginia*. Funds held for capital projects are invested in accordance with these objectives in addition to ensuring compliance with U.S. Treasury arbitrage regulations.

The City recognizes the need to monitor revenue estimates to identify any shortfalls and potential trends that would significantly affect the various revenue sources in the current budget. Individuals in the Finance Department monitor revenues to ensure a careful review of all revenue sources and to provide revenue estimates for budget development. During the current year the Cameron Foundation contributed \$3,000,000 to curtail principal indebtedness incurred by the City in connection with renovations to the Stuart Elementary and Hill Elementary schools. In addition \$423,053 in revenues from the Virginia Department of Transportation totaling were received to fund various road construction costs.

Management's Discussion and Analysis: GAAP require management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

OTHER INFORMATION: (CONTINUED)

Independent Audit: State statutes require an annual audit by independent certified public accountants. The accounting firm of Robinson, Farmer, Cox Associates was selected by the City's audit committee. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the federal Single Audit Act of 1984 and the related requirements of OMB Circular A-133. The independent auditors' report on the basic financial statements, combining, and individual fund statements and schedules is included in the financial section of this report. The independent auditors' reports related specifically to the single audit are included in a separately issued report.

Awards: The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting Program to the City of Petersburg, Virginia for its comprehensive annual financial report for the fiscal year ended June 30, 2010. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report conforms to the Certificate of Achievement Program requirements, and we are submitting it to GFOA to determine its eligibility for a certificate.

Acknowledgements: This report could not have been accomplished without a great deal of cooperation and assistance by the staff in a number of City departments. We would like to express our appreciation to the staff members of the Department of Finance who had the primary role in the financial report preparation. We also wish to thank the Commissioner of Revenue, the City Treasurer, the City Assessor and their staffs who provided invaluable assistance in the preparation of the report. Finally, we would like to thank the Mayor and members of the City Council for the continued interest and support in planning and conducting the financial operations of the City in a reasonable and responsive manner.

Respectfully Submitted,

Independent Auditors' Report

To The Honorable Members of City Council
City of Petersburg
Petersburg, Virginia

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Petersburg, Virginia, as of and for the year ended June 30, 2011, which collectively comprise the City's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the City of Petersburg, Virginia's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the *Specifications for Audits of Counties, Cities and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Petersburg, Virginia, as of June 30, 2011, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 1 to the financial statements, the City of Petersburg, Virginia adopted the provisions of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, effective July 1, 2010.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 9, 2011, on our consideration of the City of Petersburg, Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and schedules of pension and OPEB funding progress be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the management's discussion and analysis and schedules of funding progress in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the management's discussion and analysis and schedules of funding progress because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Petersburg, Virginia, basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, supporting schedules and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements of the City of Petersburg, Virginia. The combining and individual nonmajor fund financial statements and schedules, and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

As discussed in Note 18 to the financial statements, the City of Petersburg, Virginia has discovered several items subsequent to the previously issued financial statements. These financial statements have been restated to reflect these corrections which are disclosed in Note 18.

Robinson, Farmer, Cox Associates

Charlottesville, Virginia

December 9, 2011, except for Note 18, as to which the date is August 10, 2012.

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2011

As management of the City of Petersburg, Virginia (City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City as of and for the fiscal year ended June 30, 2011. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

Financial Highlights

- The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$73,195,452 (net assets). Of this amount, \$11,622,113 (unrestricted net assets) may be used to meet the City's ongoing obligations to citizens and creditors.
- As of the close of the current fiscal year, the City's Governmental Funds reported combined ending fund balances of \$32,060,711, a decrease of \$3,194,231 in comparison with the prior year. Twenty percent of this amount (\$6,402,849) is available for spending at the City's discretion (unreserved fund balance).
- At the end of the current fiscal year, unreserved fund balance for the General Fund was \$6,402,849 or 8 percent of total General Fund expenditures.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components:

1. Government-wide financial statements,
2. Fund financial statements, and
3. Notes to the basic financial statements.

This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements - The Government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The Statement of Net Assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the Government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, judicial administration, public safety, public works, health and welfare services, education, parks recreation, & cultural events, and community development. The business-type activities of the City include Public Utility and Mass Transit operations.

Overview of the Financial Statements: (Continued)

The Government-wide financial statements include not only the City itself (known as the primary government), but also a legally separate school district for which the City is financially accountable. Financial information for this component unit is reported separately from the financial information presented for the primary government itself.

Fund financial statements - A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds - Governmental funds are used to account for essentially the same functions reported as Governmental activities in the government-wide financial statements. However, unlike the government-wide financial statement, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balance of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains seven individual governmental funds. The General Fund and the Capital Projects Fund are both considered to be major funds and accordingly financial information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for these funds. The five other governmental funds (Federal and State Projects Fund, Community Development Act Fund, Blandford Cemetery Perpetual Care Fund, Clara J. McKenney Memorial Fund, and Library Endowment Fund) are considered to be non-major funds and are reported in the fund financial statements in one column and in the combining and individual fund statements and schedules as individual columns.

The City adopts an annual appropriated budget for certain Governmental funds. A budgetary comparison schedule has been provided as required supplementary information for the General Fund to demonstrate compliance with this budget.

Proprietary funds - The City maintains three enterprise funds, which are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water system, mass transportation and golf course operations. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water, mass transportation and golf course activities all of which are considered to be major funds of the City.

Fiduciary funds - The City is the trustee, or fiduciary, for the City's agency and private-purpose trust funds. It is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the City's fiduciary activities are reported in a separate Statement of Fiduciary Net Assets and a Statement of Changes in Fiduciary Net Assets. The City excludes these activities from the City's government-wide financial statements because the City cannot use these assets to finance its operations. Fiduciary funds consist of private purpose trust funds and agency funds. Agency funds are City custodial funds used to provide accountability of client monies for which the City is custodian.

Overview of the Financial Statements: (Continued)

Notes to the basic financial statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information - In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information including the General Fund budgetary comparison schedule and pension funding activities and other supplementary information, including combining and individual fund financial statements and schedules.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a City's financial position. In the case of the City, assets exceeded liabilities by \$73,195,452 at the close of the fiscal year.

Total net assets	<u>\$ 39,459,556</u>	<u>\$ 39,177,608</u>	<u>\$ 33,735,896</u>	<u>\$ 35,633,490</u>	<u>\$ 73,195,452</u>	<u>\$ 74,811,098</u>

A large part of the City's net assets (75%) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), net of any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

At the end of the current fiscal year, the City is able to report positive balances in all categories of net assets, for the City as a whole, and for its governmental activities; however, its business-type activities reports negative unrestricted net assets. The City plans to remediate its negative unrestricted net assets over time through increases in user fees and transfers from the general government.

Government-wide Financial Analysis: (Continued)

Governmental Activities - Governmental activities increased the City's net assets by \$256,634, while business-type activities decreased net assets by \$1,879,594. Key elements of these increases are as follows:

Government-wide Financial Analysis: (Continued)

The City's net assets decreased \$1,640,960 during the current fiscal year. This decrease was reflective of an increase in net assets of governmental activities of \$256,634 and a decrease of \$1,879,594 in business-type activities. Governmental activity revenues decreased from \$86,435,754 to \$82,220,789, a decrease of \$4,214,965 or 4.88%. The economic downturn has caused revenues such as general property taxes (\$1,299,586), Operating grants and contributions (\$1,169,417), and charges for services (\$254,805) to decline. Capital funding from the Department of Transportation decreased from \$1,682,199 in FY 10 to \$423,053 in FY 11. Slight increases were noted in other taxes \$156,718 and in other general revenues, which increased \$167,871. Governmental expenses decreased from \$82,070,060 to \$81,711,219 or (\$358,841). Key elements of decreases are noted in Education \$1,344,204 and Public Works of \$468,623 as well as Health and Welfare of \$450,050. Expenses for Public Safety increased \$827,791 while Parks and Recreation increased \$756,477. Overall, the City's changes in net assets for governmental activities increased \$256,634 during the year.

Net assets decreased in the business-type activities by \$1,897,594. The Public Utility Fund's net assets decreased by \$187,537 while the Mass Transit Fund net assets decreased by \$1,401,486. In the fourth year of operations the Golf Course incurred a net loss of \$308,571 resulting from expenses of \$1,127,133 exceeding revenues and transfers in of \$818,562.

The chart below provides an overview of FY 10-11 revenues by program source:

Government-wide Financial Analysis: (Continued)

The chart below denotes expenses by major category.

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds - The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a City's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$32,060,711, a decrease of \$3,194,231 in comparison with the prior year. Approximately 20% of this total amount (\$6,402,849) constitutes unassigned fund balance, which would be available for spending at the City's discretion if all assets were available. The City has non-spendable balances comprised of land held for resale in the amount of \$5,015,776 and inter-fund loans in the amount of \$8,225,957. The remainder of fund balance is committed and assigned and details can be found supporting these amounts in Note 17 to the financial statements.

The General Fund is the primary operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$6,402,849 while the total fund balance was \$24,183,112. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 8% of total General Fund expenditures, while total fund balance represents 30.22% of that same amount.

Financial Analysis of the City's Funds: (Continued)

The fund balance of the City's General Fund increased \$833,605 during the current fiscal year. Key factors in the increase are as follows:

- An increase in miscellaneous revenue general property taxes of \$3,374,951 which consists of primarily of contributions from the Cameron Foundation. A contribution of \$3,000,000 was received by the Cameron Foundation to curtail the principal indebtedness in connection with the renovations at Stuart and Hill Elementary Schools.
- A decrease in real estate taxes of \$572,463 and personal property taxes of \$95,033 comprised the largest portion of the decline in general property taxes of \$663,989. Overall the property tax levy decreased \$239,002 in FY 11 compared to FY 10. This and a slight reduction in the percentage of taxes collected caused the decline in property tax revenue.
- A decrease in revenue from the Commonwealth and Federal government in the amount of \$682,885 was caused due primarily to declines in revenue from the public assistance and welfare administration and comprehensive services.
- An increase of \$2,678,607 in principal retirement of indebtedness was noted due to the retirement of a note issued in FY08 for renovations and improvements on the two schools as noted above.
- An increase of \$1,284,067 in public safety expenditures due primarily to increase in police department salaries and fringe benefits of \$675,124 and an increase of \$661,564 in jail contracted services and other operating expenditures.

The City's other governmental funds reflected an overall decrease in fund balances of \$4,027,836. The Capital Projects fund balance decreased \$3,808,543 and the other non-major funds decreased \$219,293. The decrease in the Capital Projects fund was primarily caused by the expenditure on Robert E. Lee Elementary School of \$3,471,399 and the School bus barn of \$584,739. Expenditures of \$432,242 for the Bollingbrook Street Bridge and other public works expenditures totaled \$303,287.

Proprietary funds - The City's proprietary funds provide the same type of information found in the government-wide financial statements for business-type activities, but in more detail.

Unrestricted net assets (deficit) of the Public Utility Fund, Mass Transit Fund and the Golf Course at the end of the year were \$53,446, (\$5,821,271), and (\$2,075,526), respectively. Net assets decreased for each of these funds during the year in the amounts of \$187,537 for Public Utility, \$1,401,486 for Mass Transit and \$308,571 for the Golf Course Fund. Connection fees for the Public Utility Fund decreased from \$2,348,026 to \$1,046,409 while charges for services remained virtually the same. Operating expenses in the Utility Fund decreased \$730,394 from FY10 to FY 11 as other charges declined \$571,197. Overall the net assets decreased \$187,537 in comparison to the prior year increase of \$455,437. Operating expenses in the Mass Transit Fund have increased from \$3,537,143 in FY 10 to \$3,903,243 in FY 11. The Multi-modal Transportation Facility was fully operational for the first year in FY 11 and state and federal funding sources were not sufficient to cover operating expenses thus contributing to the decline in net assets. The Golf Course Fund had operating losses of \$368,685 as revenues of \$565,626 weren't sufficient to cover all operating expenses of \$934,311.

General Fund Budgetary Highlights

The differences between the General Fund original budget and final amended budget were caused by several increases in appropriations. These increases caused the expenditure budget to increase from \$76,961,545 to \$79,320,442 as disclosed on Exhibit 11. Some of the major differences can be summarized as follows:

- An increase of \$282,889 in public safety for the police department salaries and other contractual services.
- An increase of \$675,090 in public safety for jail contracted services and other operating expenses.

General Fund Budgetary Highlights: (Continued)

- An increase of \$484,473 in public works for street maintenance for paving expenditures.
- An increase of \$283,201 in community development primarily for economic incentive contributions.
- An increase of \$248,675 in health and welfare primarily for family stabilization program expenditures of \$238,950.

While the total General Fund revenue budget increased from \$76,549,973 to \$77,959,936 or \$1,409,963 most of the funding to support these increases came from amounts from the Commonwealth of Virginia and Federal government which increased by a combined \$491,981. The largest of these was the COPS Universal Hiring grant of \$236,000 and the next largest was the Sheriff Grant STEPS in the amount of \$105,000. Jail recovered costs increased final budget amounts over original budget amounts by \$371,782. Other recovered costs for various items increased the final budget by \$120,000. Sale of real estate in the amount of \$237,400 and gifts and donations of \$129,350 increased the miscellaneous budget from \$183,400 to \$572,150. Overall the revenue budget was increased from \$76,549,973 to \$77,959,936 or \$1,409,963. Fund balance was needed to cover the remaining increases on the expenditure budget as it was used to provide funding in the amount of \$1,135,506 up from original budget amounts of \$186,572, reference Exhibit 11. More detailed information on the General Fund budget revenues and expenditures can be found on Schedules 1 and 2 of this report.

Capital Assets and Debt Administration

Capital assets - The City's investment in capital assets for its governmental and business-type activities as of June 30, 2011 totaled \$95,641,247 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, infrastructure, water capacity rights intangibles, vehicles, and machinery and equipment. Current year depreciation on the assets amounted to \$6,502,938 in the governmental activities and \$1,581,890 in the business-type activities. The City's governmental capital assets, net of accumulated depreciation, decreased \$2,175,465. The City's business-type capital assets, net of accumulated depreciation, increased \$665,020. More detailed information on the City's capital assets can be found in Note 6 of this report.

Long-term debt - At the end of the current fiscal year, the City governmental activities had total long-term obligations outstanding of \$49,007,203 and the business-type activities had \$6,162,664. Of these amounts \$41,341,696 comprises debt backed by the full faith and credit of the City as general obligation and Qualified Zone Academy bonds. During the fiscal year, the City issued \$3,565,000 in general obligation refunding bonds to refund \$3,445,000 of 1997 GO bonds. The City also issued \$396,000 in GO bonds as well as capital lease obligations in the amount of \$379,650 for various public safety vehicles. The City also issued and redeemed \$4,500,000 of tax revenue anticipation notes during the year. More detailed information on the City's long-term obligations can be found in the Note 7 of this report.

Economic Factors and Next Year's Budgets and Rates

Based on available economic data, certain trends for the local economy have continued to show improvements while others do not. The local unemployment rate was 11.8% at June 30, 2011, which is lower than the 12.04% at June 30, 2010.

This factor was considered in preparing the City's budget for the 2012 fiscal year. The budget for FY '12 totals \$88,462,975, which is a decrease of \$504,983 or 5.68% under the fiscal 2011 approved budget. The real estate tax rate of \$1.35 per \$100 assessment remains unchanged.

Requests for Information

This financial report is designed to provide a general overview of the City of Petersburg, Virginia's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Department, City Hall Annex, Petersburg, Virginia 23803.

Detailed explanation of adjustments from fund statements to government-wide statement of net assets:

When capital assets (land, buildings, equipment) that are to be used in governmental activities are governmental activities are purchased or constructed, the costs of those assets are reported as expenditures in governmental funds. However, the statement of net assets includes those capital assets among the assets of the locality as a whole.

51,122,344

Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when

(432,473)

Because the focus of governmental funds is on short-term financing, some assets will not be available to pay for current-period expenditures. Those assets (for example, receivables) are offset by deferred revenues in the governmental funds and thus are not included in the fund balance.

4,974,106

Other assets used in governmental activities are not financial resources and therefore not reported in the governmental funds:

Net bond issuance financing costs

742,071

Long-term liabilities applicable to the locality's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. All liabilities--both current and long-term--are reported in the statement of net assets.

(49,007,203)

Net assets of General Government Activities

\$ 39,459,556

Reconciliation of Statement of Revenues, Expenditures and Changes in Fund Balances
to the Statement of Activities - Governmental Funds
Year Ended June 30, 2011

		<u>Primary Government Governmental Funds</u>
Amounts reported for governmental activities in the statement of activities are different because:		
Net change in fund balances - total governmental funds		\$ (3,194,231)
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which the capital outlays exceeded depreciation in the current period. The following details support this adjustment.		
Capital asset additions	\$ 1,016,135	
Increase in construction in progress	4,920,147	
Net loss on capital asset disposals	(1,766,564)	
Depreciation expense	<u>(6,502,938)</u>	(2,333,220)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. Details of this item consist of the change in deferred taxes.		
		651,623
The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items the treatment of long-term debt and related items. A summary of items supporting this adjustment is as follows:		
Principal retired on debt	\$ 8,594,861	
Issuance of debt, refunding bonds and capital leases	<u>(3,462,339)</u>	5,132,522
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds. The following is a summary of items supporting this adjustment:		
Change in accrued leave	\$ 46,944	
Other post employment benefits	(112,000)	
Amortization of deferred charges	92,759	
Change in interest payable	<u>(27,763)</u>	(60)
Change in net assets of governmental activities		<u>\$ 256,634</u>

The accompanying notes to financial statements are an integral part of this statement.

CITY OF PETERSBURG, VIRGINIA

Notes to Financial Statements As of June 30, 2011

Note 1—Summary of Significant Accounting Policies:

The City of Petersburg, Virginia (the City) was incorporated in 1850 and its current Charter was granted in 1962. The City is governed by an elected seven member City Council. The City operates under a Council/Manager form of government and provides the following services: public safety (police and fire), public works, health and welfare services, parks, recreation and cultural, education, community and economic development and judicial and general administrative services.

A. Financial Reporting Entity

The basic criterion for determining whether a governmental department, agency, institution, commission, public authority, or other governmental organization should be included in a primary governmental unit's reporting entity is financial accountability. Financial accountability includes the appointment of a voting majority of the organizations governing body and the ability of the primary government to impose its will on the organization or if there is a financial benefit/burden relationship. In addition, an organization which is fiscally dependent on the primary government should be included in its reporting entity. These financial statements present the City of Petersburg, Virginia (the primary government) and its component units. Blended component units, although legally separate entities, are, in substance, part of the government's operations and so data from these units are combined with data of the primary government. Each discretely presented component unit, on the other hand, is reported in a separate column in the combined financial statements to emphasize it is legally separate from the government.

B. Individual Component Unit Disclosures

Blended Component Unit. The City has no blended component units to be included for the fiscal year ended June 30, 2011.

Discretely Presented Component Unit. The School Board is a discretely presented component unit of the City of Petersburg, Virginia for the fiscal year ended June 30, 2011.

The School Board members are elected by the citizens and are responsible for the operations of the City's School System. The School Board is fiscally dependent on the City in that the City has the ability to approve its budget and any amendments and serves as the primary funding source for the School Board.

Complete financial statements of the School Board can be obtained from the administrative offices at Petersburg Public Schools, 255 South Boulevard East, Petersburg, Virginia 23805.

C. Other Related Organizations

Included in the City's Comprehensive Annual Financial Report

None

Note 1—Summary of Significant Accounting Policies: (Continued)

C. Other Related Organizations: (Continued)

Excluded from the City's Comprehensive Annual Financial Report

Joint Ventures

South Central Wastewater Authority

The South Central Wastewater Authority is considered a joint venture and therefore its operations are not included in the City's financial statements. The Counties of Chesterfield, Dinwiddie and Prince George and the Cities of Petersburg and Colonial Heights each appoint one member to the five member board. Each participating entity is required to purchase wastewater treatment services from the Authority at prescribed rates and capacity levels. Based on the City's capacity level of 10.5 million gallons out of total capacity of 20 million gallons, the City retains an on-going financial responsibility for the joint venture due to this requirement. The City's expenditures for wastewater treatment services for the year ended June 30, 2011 were \$2,180,912 and amortization of prepaid debt service totaled \$870,000. The City does not retain a financial interest in the SCWA.

Complete financial statements for the Authority can be obtained from the Authority's office at 900 Magazine Road, Petersburg, Virginia 23803.

Riverside Regional Jail Authority

The Riverside Regional Jail Authority is considered a joint venture and therefore its operations are not included in the City's financial statements. The Counties of Charles City, Chesterfield, Prince George and Surry and the Cities of Petersburg, Colonial Heights and Hopewell each appoint one member to the seven member board. Each participating entity is required to commit prisoners and pay the established per diem charge in accordance with its service agreement with the RRJA. The City's expenditures for confinement services for the year ended June 30, 2011 were \$2,204,910. The City does not retain a financial interest in the RRJA.

Complete financial statements for the Authority can be obtained from the Authority's office at 1000 River Road, Hopewell, Virginia 23860.

Appomattox River Water Authority

The Appomattox River Water Authority is considered a joint venture and therefore its operations are not included in the City's financial statements. The Counties of Chesterfield, Dinwiddie and Prince George and the Cities of Petersburg and Colonial Heights each appoint one member to the five member board. Each participating entity is required to purchase water in accordance with its service agreement with the ARWA. The City's expenses for water purchased for the year ended June 30, 2011 were \$1,278,724. The City does not retain a financial interest in the ARWA.

Complete financial statements for the ARWA can be obtained from the ARWA's office at 21300 Chesdin Road, Petersburg, Virginia 23860.

CITY OF PETERSBURG, VIRGINIA

Notes to Financial Statements
As of June 30, 2011 (Continued)

Note 1—Summary of Significant Accounting Policies: (Continued)

C. Other Related Organizations: (Continued)

Jointly Governed Organizations

Central Virginia Waste Management Authority

The Central Virginia Waste Management Authority (CVWMA) is considered a jointly governed organization and therefore its operations are not included in the City's financial statements. The Counties of Charles City, Chesterfield, Goochland, Hanover, Henrico, New Kent, Powhatan and Prince George and the Cities of Petersburg, Colonial Heights, Hopewell, and Richmond and the Town of Ashland each appoint at least one member and no more than three members to the twenty member board based on population. The City appoints two of the twenty members to the CVWMA Board. The CVWMA Board has the ability to execute contracts and to budget and expend funds. No locality contributes more than 50 % of the CVWMA's funding.

Appomattox Basin Industrial Development Corporation

The Appomattox Basin Industrial Development Corporation (ABIDCO) is considered a jointly governed organization and therefore its operations are not included in the City's financial statements. The Counties of Chesterfield, Dinwiddie and Prince George and the Cities of Petersburg, Colonial Heights, and Hopewell each appoint one member to the six member ABIDCO Board. The ABIDCO Board has the ability to execute contracts and to budget and expend funds. No locality contributes more than 50 % of the ABIDCO's funding.

District 19 Community Services Board

The District 19 Community Services Board (Board) is considered a jointly governed organization and therefore its operations are not included in the City's financial statements. The Counties of Greensville, Surry, Sussex and Dinwiddie and the Cities of Petersburg, Colonial Heights, Hopewell and Emporia each appoint a member to the Board. The City cannot impose its will on the Board since it does not have the ability to modify or approve the budget or overrule or modify the decisions of the Board. The Board is fiscally independent and there is no financial benefit or burden relationship with the City.

Related Organizations

The City Council is responsible for appointing the members of the Petersburg Redevelopment and Housing Authority (the Housing Authority) and the Petersburg Industrial Development Authority (the Development Authority), but the City Council's financial accountability for these organizations does not extend beyond making these appointments. The Housing Authority provides housing to eligible families for redevelopment and conservation of housing in the City. The Housing Authority performs certain services under contract with the City for community development block grants and downtown redevelopment and conservation projects. The Development Authority was established under the Industrial Development and Revenue Act, Code of the Commonwealth of Virginia. The Development Authority has the responsibility to promote industry and develop trade by inducing manufacturing, industrial and commercial enterprises to locate or to remain in the City.

Note 1—Summary of Significant Accounting Policies: (Continued)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The financial statements of the City of Petersburg, Virginia have been prepared in conformity with the specifications promulgated by the Auditor of Public Accounts (APA) of the Commonwealth of Virginia, and the accounting principles generally accepted in the United States as specified by the Governmental Accounting Standards Board. The more significant of the government's accounting policies are described below.

Financial Statement Presentation

Management's Discussion and Analysis - GAAP require the financial statements be accompanied by a narrative introduction and analytical overview of the government's financial activities in the form of "management's discussion and analysis" (MD&A).

Government-wide and Fund Financial Statements

Government-wide financial statements - The GAAP reporting model includes financial statements prepared using full accrual accounting for all of the City's non-fiduciary activities. This approach includes not just current assets and liabilities but also capital assets and long-term liabilities (such as buildings and general obligation debt).

The government-wide financial statements (i.e., the Statement of Net Assets and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government and its components unit. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the Primary Government is reported separately from certain legally separate component units for which the Primary Government is financially accountable.

Statement of Net Assets - The Statement of Net Assets is designed to display financial position of the Primary Government (government and business-type activities) and its discretely presented component unit. Governments report all capital assets, in the government-wide Statement of Net Assets and report their depreciation expense - the cost of "using up" capital assets - in the Statement of Activities. The net assets of a government will be broken down into three categories - 1) invested in capital assets, net of related debt; 2) restricted; and 3) unrestricted.

Statement of Activities - The government-wide Statement of Activities reports expenses and revenues in a format that focuses on the cost of each of the government's functions. The expense of individual functions is compared to the revenues generated directly by the function (for instance, through user charges or intergovernmental grants).

Note 1—Summary of Significant Accounting Policies: (Continued)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation: (Continued)

Reconciliation of Government-wide and Fund Financial Statements - A summary reconciliation of the difference between total fund balances as reflected on the Governmental Funds Balance Sheet and total net assets for governmental activities as shown on the government-wide Statement of Net Assets is presented in a schedule accompanying the Governmental Funds' Balance Sheet. The asset and liability elements which comprise the reconciliation differences stem from Governmental Funds using the current financial resources measurement focus and the modified accrual basis of accounting while the government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting. A summary reconciliation of the differences between net change in total fund balances as reflected on the Governmental Funds' Statement of Revenues, Expenditures, and Changes in Fund Balances, and the change in net assets for governmental activities as shown on the government-wide Statement of Activities, is presented in a schedule accompanying the Governmental Funds' Statement of Revenues, Expenditures, and Changes in Fund Balances. The revenue and expense elements which comprise the reconciliation differences stem from the governmental funds using the current financial resources measurement focus and the modified accrual basis of accounting while the government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Administrative overhead charges are included in direct expenses. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. As a general rule, the effects of interfund activity have been eliminated from the government-wide financial statements.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. For the governmental funds, the financial statements consist of a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances. For the proprietary funds, the financial statements consist of a Statement of Net Assets, Statement of Revenues, Expenses, and Changes in Net Assets, and Statement of Cash Flows. For the fiduciary funds, the financial statements consist of a Statement of Fiduciary Net Assets and a Statement of Changes in Fiduciary Net Assets.

The accompanying financial statements are prepared in accordance with pronouncements issued by the Governmental Accounting Standards Board. The principles prescribed by GASB represent generally accepted accounting principles applicable to governmental units.

The City applies all GASB pronouncements as well as the Financial Accounting Standards Board pronouncements issued on or before November 30, 1989 unless these pronouncements conflict with or contradict GASB pronouncements.

Note 1—Summary of Significant Accounting Policies: (Continued)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation: (Continued)

Budgetary comparison schedules - Demonstrating compliance with the adopted budget is an important component of a government's accountability to the public. Many citizens participate in one way or another in the process of establishing the annual operating budgets of state and local governments, and have a keen interest in following the actual financial progress of their governments over the course of the year. Many government's revise their original budgets over the course of the year for a variety of reasons. Under the reporting model, governments provide budgetary comparison information in their annual reports, including the government's original budget and a comparison of final budget and actual results.

Measurement Focus and Basis of Accounting:

The government-wide financial statements are reported and accounted for using the economic resources measurement focus and the accrual basis of accounting, which include all assets and liabilities associated with governmental and business-type activities. Assets and liabilities associated with fiduciary activities are included in the Statement of Fiduciary Net Assets. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the City either gives or receives value without directly, receiving or giving equal value in exchange, include sales and income taxes, property taxes, grants, entitlements, and donations. On an accrual basis, revenue from sales and income taxes are recognized when the underlying exchange transaction takes place. Property taxes are recognized as revenues in the year for which they are levied. Grants, entitlements and donations are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The government-wide Statement of Activities reflects both the gross and net cost per functional category (public safety, public works, health and welfare, etc.), which are otherwise being supported by general government revenues, (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants, and contributions. The program revenues must be directly associated with the function (public safety, public works, health and welfare, etc.) or a business-type activity. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and grants and contributions that are restricted to meeting the operation or capital requirements of a particular function or segment. Taxes and other items not specifically restricted to the various programs are reported as general revenues. The City does not allocate indirect expenses. Operating grants presented include operating specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

Note 1—Summary of Significant Accounting Policies: (Continued)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation: (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers non-grant related revenues to be available if they are collected within 60 days of the end of the current fiscal period. Property taxes, sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period to the extent they are measurable and available. Reimbursement grants, or expenditure-driven grants, are recognized as revenue when measurable, all eligibility criteria have been met, the related amounts become available, and if received within one year. All other revenue items are considered to be measurable and available only when cash is received by the government. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to compensated absences, claims and judgments, and landfill closure liability and post-closure monitoring, are recorded only when payment is due.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

In the fund financial statements, financial transactions and accounts of the City are organized on the basis of funds. The operation of each fund is considered to be an independent fiscal and separate accounting entity, with a self-balancing set of accounts recording cash and/or other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. GAAP sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The non-major funds are combined in a single column in the fund financial statements. Since the governmental fund financial statements are presented on a different measurement focus and basis of accounting than the government-wide financial statements' governmental activities column, a reconciliation is presented which briefly explains the adjustments necessary to reconcile the fund financial statements to the governmental activities column of the government-wide financial statements. The City's fund types utilized are as follows:

1. Governmental Funds

Governmental Funds are those through which most governmental functions typically are financed. The government reports the following funds.

a. General Fund

The General Fund is the primary operating fund of the City. This fund is used to account for all financial transactions and resources except those required to be accounted for in another fund. Revenues are derived primarily from property and other local taxes, state and federal distributions, licenses, permits, charges for service, and interest income. A significant part of the General Fund's revenues is used principally to finance the operations of the Component Unit School Board. The General Fund is considered a major fund for reporting purposes.

Note 1—Summary of Significant Accounting Policies: (Continued)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation: (Continued)

1. Governmental Funds: (Continued)

- b. Special Revenue Funds - Special Revenue Funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. Special Revenue Funds consist of the Federal and State Projects Fund and Community Development Act. Both of these funds are considered non-major funds for reporting purposes.
- c. Capital Projects Funds - Capital Projects Funds account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays, except for those financed by proprietary funds or for assets held in trust for individuals, private organizations, or other governments. Capital Projects Funds consist of Capital Projects Fund. The Capital Projects fund is considered a major fund for reporting purposes.
- d. Permanent Funds - Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for the purposes that support the City's programs for the benefit of the government or its citizenry. Permanent funds consist of the Blandford Cemetery Perpetual Care, Clara J. McKenney Memorial, and Library Endowment funds. These funds are considered non-major funds for financial reporting purposes.

2. Proprietary Funds

Proprietary Funds are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time the liability is incurred. City proprietary funds consist of Enterprise Funds.

Enterprise Funds

Enterprise funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services and state and federal grants. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The City reports the following major enterprise funds.

Public Utility Fund - to account for the operations of the City's water system.

Mass Transit Fund - to account for the operations of the City's bus system.

Golf Course Fund - to account for the operations of the Dogwood Trace Golf Course.

Note 1—Summary of Significant Accounting Policies: (Continued)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation: (Continued)

3. Fiduciary Funds (Trust and Agency Funds) - account for assets held by the City in a trustee capacity or as an agent or custodian for individuals, private organizations, other governmental units, or other funds. These funds include Private-Purpose Trust Funds and Agency Funds. The Private-Purpose Trust Fund accounts for monies derived from investment earnings to provide hospitalization care for welfare recipients in the City and is named the Hospital Trust Fund. The Agency Funds are custodial in nature (assets equal liabilities) and does not involve measurement of results of operations. Fiduciary funds are not included in the government-wide financial statements. Agency funds include the Special Welfare, Jail Inmate, Drug Seizure and Industrial Development Authority Fund. The City's fiduciary funds are presented in the fund financial statements by type. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

E. Budgets and Budgetary Accounting

The following procedures are used by the City in establishing the budgetary data reflected in the financial statements:

1. Prior to April 30, the City Manager submits to the City Council a proposed operating and capital budget for the fiscal year commencing the following July 1. The operating and capital budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain citizen comments.
3. Prior to June 30, the budget is legally enacted through passage of an Appropriations Ordinance.
4. The Appropriations Ordinance places legal restrictions of budgetary control at the function level for the General Fund and the fund level for the Special Revenue Funds. City Council must approve any budget revisions at the function level once the appropriation ordinance has been adopted.
5. Capital Projects Funds are budgeted on a project-length basis. Adopted budgets may be amended or superseded by action of City Council.
6. Budgets are also adopted by City Council for the Enterprise Funds. Budget to actual comparisons for these funds are not presented since there is no legal requirement for such presentation.
7. Appropriations, except for encumbrances and reserved fund balances, lapse at year-end.
8. All budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
9. All budgetary data presented in the accompanying financial statements is the original to the current comparison of the final budget and actual results.

CITY OF PETERSBURG, VIRGINIA

Notes to Financial Statements
As of June 30, 2011 (Continued)

Note 1—Summary of Significant Accounting Policies: (Continued)

F. Cash and Cash Equivalents

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. All funds, unless otherwise classified as restricted, are deposited into pooled bank accounts; the major account defined as the General Fund concentration account. As disbursements are made from the payroll, budget, and social services bank accounts, funds from the General Fund concentration account are automatically transferred to those bank accounts to cover those disbursements on a daily basis.

State statutes authorize the City to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds, repurchase agreements, and the State Treasurer's Local Government Investment Pool (LGIP).

Investments for the City, as well as for its component unit, are reported at fair value. The LGIP operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

G. Investments:

Investments are stated at fair value which approximates market; no investments are valued at cost.

H. Receivables and Payables:

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds" (i.e. the current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

All trade and property tax receivables are shown net of an allowance for uncollectibles. The City calculates its allowance for uncollectible accounts using historical collection data and, in certain cases, specific account analysis. The allowance amounted to approximately \$1,827,936 at June 30, 2011 and is comprised of the following:

Property taxes - General Fund	\$ 671,197
Refuse and consumer's utility taxes - General Fund	182,667
Public Utility Accounts	974,072
Total	<u>\$ 1,827,936</u>

Property is assessed at its value on January 1. Property taxes attach as an enforceable lien on property as of January 1. Taxes are payable December 5th. The City bills and collects its own property taxes.

CITY OF PETERSBURG, VIRGINIA

Notes to Financial Statements
As of June 30, 2011 (Continued)

Note 1—Summary of Significant Accounting Policies: (Continued)

I. South Central Wastewater Authority Water Capacity Rights:

The City participates in the South Central Wastewater Authority joint venture. The SCWA was established when the City transferred its investment in its wastewater treatment assets, net of the related debt of approximately \$19 million, in exchange for 10.5 million gallons of capacity valued at \$1 million per 1 million gallons of capacity and a payment of \$9.5 million. The purchase proceeds were placed in escrow to create a rate stabilization fund for Petersburg to retire its share of the SCWA public improvement bond issue. This escrow is held by SCWA. The City maintained 10.5 million gallons of capacity or 52.5% of the plant's total capacity. The joint venture agreement does not state that the City is to share in the profits and losses of SCWA, and there is no explicit, measurable equity interest in SCWA. The City reports the escrowed proceeds as a restricted asset and the water capacity rights as an intangible capital asset. At June 30, 2011 the City has Restricted Assets totaling \$860,000 and \$2,179,926 as current and noncurrent in its public utility fund.

J. Capital Assets:

Capital assets, which include property, plant and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide and proprietary fund financial statements. Capital assets are defined by the City as land, buildings, infrastructure, road registered vehicles, intangible assets and equipment with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant and equipment of the primary government, as well as the component unit, are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Intangibles	40
Land Improvements	15-20
Buildings	40
Building Improvements	20-40
Buses	12
Machinery and Equipment	5-20
Vehicles	3-10
Infrastructure	30-50

K. Compensated Absences

City employees are granted vacation and sick leave in varying amounts. In the event of termination, other than retirement, City employees are reimbursed for accumulated vacation days based on years of service and are not reimbursed for accumulated sick leave. Upon retirement, City employees are reimbursed for accumulated vacation days and accumulated sick leave. A liability for these amounts is reported in governmental funds if they have matured, for example, as a result of employee resignations and retirements.

Note 1—Summary of Significant Accounting Policies: (Continued)

K. Compensated Absences: (Continued)

For City governmental funds, the cost of accumulated vacation and sick leave expected to be paid based on known terminations at year-end is recorded as a fund liability and all other amounts are recorded in the government-wide statements as a liability. For City proprietary funds, the cost of vacation and sick leave is recorded as a liability when earned.

L. Retirement Plan

Retirement plan contributions are actuarially determined and consist of current service costs and amortization of prior service costs over a 30-year period. The City's policy is to fund pension cost as it accrues.

M. Property Taxes

The City levies real estate and personal property taxes on property within its boundaries, except those specifically exempted by statute. These levies are assessed each year as of July 1 on the estimated market value of the property, at which time a lien in favor of the City is automatically attached to the property. The City follows the practices of reassessing real estate and personal property annually.

Real estate taxes are payable in equal quarterly installments on September 30, December 31, March 31, and June 30. Personal property taxes are payable in full on June 5. Property taxes are levied to finance activities of the fiscal year in which they are due from the taxpayer. The City bills and collects taxes and recognizes such as revenues when measurable and available in the General Fund and when earned in the governmental activities. Property taxes, net of allowance for uncollectible amounts, not collected within 60 days after year end are reflected as unearned revenue in the governmental fund financial statements. For government-wide reporting, uncollected property taxes, net of allowance for uncollectible amounts, are reported as revenues.

N. Inventory and Land Held for Resale

Inventory consists of expendable supplies held for consumption and commercial and residential property held for resale. Inventories are valued at cost or using the first-in, first-out method for the supplies held for consumption. The land parcels held for resale are valued at the lower of cost or market value.

O. Long-term Obligations

In the basic financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Assets. Bond discounts and issuance costs in the government-wide financial statements are deferred and amortized over the term of the bonds using the bonds outstanding method, which approximates the effective interest method. Bond discounts are presented as a reduction of the face amount of bonds payable, whereas issuance costs are recorded as deferred expenses.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Note 1—Summary of Significant Accounting Policies: (Continued)

O. Long-term Obligations: (Continued)

City management believes that financial assurance requirements of the Financial Assurance Regulations for solid waste disposal (Administrative Code Section 20-70-210) are being met through the use of the local government financial test. The City plans to fund landfill closure and post-closure monitoring costs through operating and capital budgets.

P. Fund Equity:

Beginning with fiscal year 2011, the City implemented GASB Statement 54, Fund Balance Reporting and Governmental Fund Type Definitions. This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable fund balance - amounts that are not in spendable form (such as inventory and prepaids) or are required to be maintained intact (corpus of a permanent fund);
- Restricted fund balance - amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;
- Committed fund balance - amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;
- Assigned fund balance - amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;
- Unassigned fund balance - amounts that are available for any purpose; positive amounts are only reported in the general fund.

When fund balance resources are available for a specific purpose in more than one classification, it is the Council policy to use the most restrictive funds first in the following order: restricted, committed, assigned, and unassigned as they are needed.

The City Council establishes (and modifies or rescinds) fund balance commitments by passage of an ordinance / resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund (such as for special incentives). Assigned fund balance is established by the City Council through adoption or amendment of the budget as intended for specific purpose (such as the purchase of capital assets, construction, debt service, or for other purposes).

As of June 30, 2011, there was a deficit fund balance in the Golf Course Fund (\$1,916,446). It is expected that future operating revenues will remediate the deficit in the Golf Course Fund.

CITY OF PETERSBURG, VIRGINIA

Notes to Financial Statements
As of June 30, 2011 (Continued)

Note 1—Summary of Significant Accounting Policies: (Continued)

Q. Use of Estimates:

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

R. Internal and Intra-entity Activity:

In the process of aggregating data for the Statement of Net Assets and the Statement of Activities, some amounts reported as interfund activity and balances in the funds have been eliminated or reclassified. Eliminations are made in the Statement of Net Assets to minimize the “grossing-up” effect on assets and liabilities within the governmental and business-type activities columns of the Primary Government. Amounts reported in the funds as interfund receivables and payables are eliminated in the governmental and business-type activities columns of the government wide financial statements, except for net residual amounts due between governmental and business-type activities, which are presented as internal balances.

Payments from a fund receiving revenue to a fund through which the revenue is to be expended are reported as transfers. Such payments include transfers for debt service and capital construction.

In the government-wide financial statements, resource flows between the Primary Government and the discretely presented Component Unit are reported as if they were external transactions.

S. Restricted Cash:

The City has governmental fund restricted cash amounts in its Capital Projects Fund, which consists of unexpended bond proceeds, and in Permanent Funds which are restricted of amounts held for cemetery and other purposes. Restricted cash amounts in the Public Utility Fund are to be used for fund South Central Wastewater Authority debt service amounts through fiscal year ending June 30, 2014. The amount to be paid during FY 2012 is \$860,000.

Note 2—Deposits and Investments:

Deposits

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the “Act”) Section 2.2-4400 et. seq. of the Code of Virginia. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

Investments

Statutes authorize the City to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, “prime quality” commercial paper and certain corporate notes, banker’s acceptances, repurchase agreements and the State Treasurer’s Local Government Investment Pool (LGIP).

Note 2—Deposits and Investments: (Continued)

Custodial Credit Risk (Investments)

The City's investment policy provides that securities purchased for the City shall be held by the City Treasury or by the Treasurer's custodian. If held by a custodian, the securities must be in the City's name or in the custodian's nominee name and identifiable on the custodian's books as belonging to the City. Further, if held by a custodian, the custodian must be a third party, not a counterparty (buyer or seller) to the transaction. At June 30, 2011 all of the City's investments were held in accordance with this policy.

Credit Risk of Debt Securities

The City's investment policy is to follow the legal limits set forth in the Code of Virginia, 2.2-45, Investment of Public Funds Act, which describes the types of investments permitted. The City has not established credit risk limits for each category of investment; however, the City has an emphasis on high credit quality and known marketability. The City has contracted with investment advisors to ensure compliance. The City's rated debt investments as of June 30, 2011 were rated by Standard and Poor's and the ratings are presented below using the Standard and Poor's rating scale.

	Fair Quality Ratings

External Investment Pools

The fair values of the positions in the LGIP are the same as the value of the pool shares. As this pool is not SEC registered, regulatory oversight of the pool rests with the Virginia State Treasury. LGIP maintains a policy to operate in a manner consistent with SEC Rule 2a-7.

Foreign Currency Risk

The City does not have a policy regarding foreign currency risk and the City does not have any investments in foreign currencies.

Concentration of Credit Risk

The City does not have a policy regarding concentration of credit risk.

Note 3—Due From Other Governmental Units:

At June 30, 2011 the City has receivables from other governments as follows:

	<u>Primary Government</u>	
	<u>Governmental Funds</u>	<u>Proprietary Funds</u>
Commonwealth of Virginia:		
Local sales taxes	\$ 578,884	\$ -
Miscellaneous grants	263,881	-
Shared expenses	383,845	-
Public assistance and welfare administration	282,371	-
Comprehensive services	392,922	-
Mass Transit	-	29,671
PPTRA	2,294,331	-
Communications tax	291,730	-
Federal Government:		
Public assistance and welfare administration	363,238	-
Community Development Block Grant	16,569	-
Miscellaneous grants	211,170	-
Mass Transit	-	587,029
	<hr/>	<hr/>
Total due from other governments	\$ <u>5,078,941</u>	\$ <u>616,700</u>

CITY OF PETERSBURG, VIRGINIA

Notes to Financial Statements
As of June 30, 2011 (Continued)

Note 4—Interfund Transfers Due From/To Other Funds/Primary Government/Component Unit:

Individual fund and interfund receivable and payable balances relate to working capital loans at June 30, 2011 are presented below:

<u>Fund</u>	<u>Due from Other Funds/ Component Unit</u>	<u>Due to Other Funds/ Component Unit</u>
Interfund Balances:		
General	\$ 9,148,704	\$ -
Capital projects	279,781	-
Enterprise:		
Public Utility	-	672,676
Mass Transit	-	6,480,355
Golf Course	-	2,025,383
Non-major funds:		
Blandford Cemetery Perpetual Care	-	250,071
Total	<u>\$ 9,428,485</u>	<u>\$ 9,428,485</u>
Reporting Entity:		
Primary Government - General Fund	\$ 2,874,555	\$ -
Primary Government - Capital Projects Fund	-	3,440,976
School Board - General Fund	566,421	-
Total	<u>\$ 3,440,976</u>	<u>\$ 3,440,976</u>

Interfund balances have been recorded to cover fund cash deficits; however, it is expected that future revenue streams will enable repayment from the Public Utility Fund. For the Federal and State Projects and the Mass Transit Funds, grants from the state and federal governments are the anticipated source from which the funds will reimburse the General Fund. As investments mature in the Blandford Cemetery Perpetual Care Fund, funds will be available to reimburse the General Fund.

Interfund Transfers

Interfund transfers for the year ended June 30, 2011, consisted of the following:

<u>Fund</u>	<u>Transfers In</u>	<u>Transfers Out</u>
Primary Government:		
Major Funds:		
General	\$ 234,035	\$ 252,936
Capital Projects	217,199	
Enterprise:		
Golf Course	252,936	
Nonmajor Funds:		
Community Development Act Fund	-	371,234
Blandford Cemetery Perpetual Care	-	80,000
Total	<u>\$ 704,170</u>	<u>\$ 704,170</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgeting authorization.

	Compensated absences	2,249,875
	Total governmental activities	\$ 49,007,203

- (1) Annual payments are made to a sinking fund. Interest is earned yearly on sinking fund deposits. Upon payment of each sinking fund deposit, an amount equal to the deposit plus interest earned to date at 3.79% shall be deemed to be defeased. Upon maturity, the balance of the sinking fund will fully redeem the principal balance of \$1,400,000.
- (2) Annual payments are made to a sinking fund. Interest is earned yearly on sinking fund deposits. Upon payment of each sinking fund deposit, an amount equal to the deposit plus interest earned to date at 3.40% shall be deemed to be defeased. Upon maturity, the balance of the sinking fund will fully redeem the principal balance of \$600,000.
- (3) Annual payments are made to a sinking fund. Interest is earned yearly on sinking fund deposits. Upon payment of each sinking fund deposit, an amount equal to the deposit plus interest earned to date at 3.40% shall be deemed to be defeased. Upon maturity, the balance of the sinking fund will fully redeem the principal balance of \$2,142,167.
- (4) Annual payments are made to a sinking fund. Interest is earned yearly on sinking fund deposits. Upon payment of each sinking fund deposit, an amount equal to the deposit plus interest earned to date at 2.0% shall be deemed to be defeased. Upon maturity, the balance of the sinking fund will fully redeem the principal balance of \$1,536,671.
- (5) Annual payments are made to a sinking fund. Interest is earned yearly on sinking fund deposits. Upon payment of each sinking fund deposit, an amount equal to the deposit plus interest earned to date at 2.57% shall be deemed to be defeased. Upon maturity, the balance of the sinking fund will fully redeem the principal balance of \$1,116,857.

Note 7—Long-Term Obligations: (Continued)

Primary Government: (Continued)

Qualified Zone Academy Bonds (QZABs) are zero interest loans. Annually, payments are made into a sinking fund that is irrevocably pledged to the bank that issued the bonds. The sinking funds are held by the bank in custody and in escrow for the benefit of the bank and any future owners of the QZAB and are irrevocably pledged to secure the payment of the principal of the QZAB. The annual payments are deposited and invested in qualified governmental investments and accrue interest during the life of the bond. The interest inures to the benefit of the bank, just as the annual deposit. Due to the irrevocable nature of the sinking fund, the annual deposits made thereto and the interest earned to date are considered defeasance of debt. Instead of interest, the bondholder receives a tax credit.

The following is a summary of proprietary long-term obligation transactions of the City for the year ended June 30, 2011:

	Balance July 1, 2010	Increases	Decreases	Balance June 30, 2011	Amounts Due Within One Year

The City's general fund is responsible for repaying long-term obligation amounts.

CITY OF PETERSBURG, VIRGINIA

Notes to Financial Statements
As of June 30, 2011 (Continued)

Note 7—Long-Term Obligations: (Continued)

Primary Government: (Continued)

Business-Type Activities

The general obligation bonds payable above, totaling \$1,767,173, are secured by the full faith and credit of the City. However, bonds payable are expected to be paid from water utility fund service revenues. Notes payable are expected to be paid from the operating revenues of the Golf Course.

Prior years' debt defeasance:

In prior years, the City has defeased various bond issues by creating separate irrevocable trust funds. New debt has been issued and the proceeds have been used to purchase U.S. government securities that were placed in the trust funds. The investments and fixed earnings from the investments are sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt has been considered defeased and therefore removed as a liability from the City's government-wide financial statements. As of June 30, 2011, the amount of defeased debt outstanding amounted to \$5,740,000.

On December 22, 2010 The City of Petersburg issued General Obligation Refunding Bonds, Series 2010 in the amount of \$3,565,000 to refund Series 1997 General Obligation Bonds in the amount of \$3,445,000. The 1997 Series was split between General and the Water and Sewer Fund in the amount of \$2,596,254 and \$848,746 respectively. The refunding was undertaken to reduce total debt service payments by \$281,956 and resulted in an economic gain of \$248,709.

Note 8—Unearned Revenue:

Unearned revenue represents amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Under the modified accrual basis of accounting, such amounts are measurable, but not available. Unearned revenue totaling \$4,979,928 is comprised of the following:

A. Unearned Property Tax Revenue

Deferred revenue representing uncollected tax billings not available for funding of current expenditures totaled \$4,974,106 at June 30, 2011.

CITY OF PETERSBURG, VIRGINIA

Notes to Financial Statements
As of June 30, 2011 (Continued)

Note 8—Unearned Revenue: (Continued)

B. Unearned Revenue Other

The City has received \$5,822 in grant funds which are unexpended at year end.

Unearned Revenue Item	Governmental Funds			Entity-Wide Activities
	General Fund	Federal and State Projects Fund	Total Governmental Funds	
Litter control state grant funding	\$ -	\$ 5,822	\$ 5,822	\$ 5,822
Local delinquent real and personal property taxes	4,974,106	-	4,974,106	-
	<u>\$ 4,974,106</u>	<u>\$ 5,822</u>	<u>\$ 4,979,928</u>	<u>\$ 5,822</u>

Note 9—Commitment and Contingencies:

While no matters of noncompliance were disclosed by audit, the Federal Government may subject grant programs to additional compliance tests which may result in disallowed expenditures. In the opinion of management, any future disallowance of current grant program expenditures, if any, would be immaterial.

Note 10—Risk Management:

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City joined together with other local governments in Virginia to form the Virginia Municipal Group Self Insurance Association, a public entity risk pool currently operating as a common risk management and insurance program for participating local governments. The City pays an annual premium to the association for its workers compensation insurance.

In the event of a loss deficit and depletion of all available excess insurance, the Association may assess all members in the proportion which the premium of each bears to the total premiums of all members in the year in which such deficit occurs.

The City continues to carry commercial insurance for all other risks of loss, including general liability and employee health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Note 11—Litigation:

At June 30, 2011, there were no matters of litigation involving the City or which would materially affect the City's financial position should any court decisions on pending matters not be favorable to such entities.

CITY OF PETERSBURG, VIRGINIA

Notes to Financial Statements
As of June 30, 2011 (Continued)

Note 12—Defined Benefit Pension Plan:

A. Plan Description

Name of Plan: Virginia Retirement System (VRS)
Identification of Plan: Agent and Cost-Sharing Multiple-Employer Defined Benefit Pension Plan
Administering Entity: Virginia Retirement System (System)

All full-time, salaried permanent employees of participating employers and (professional) employees of public school divisions are automatically covered by VRS upon employment. Benefits vest after five years of service credit. Members earn one month of service credit for each month they are employed and their employer is paying into the VRS. Members are eligible to purchase prior public service, active duty military service, certain periods of leave and previously refunded VRS service as credit in their plan.

VRS administers two defined benefit plans for local government employees - Plan 1 and Plan 2:

- Members hired before July 1, 2010 and who have service credits before July 1, 2010 are covered under Plan 1. Non-hazardous duty members are eligible for an unreduced retirement benefit beginning at age 65 with at least five years of service credit or age 50 with at least 30 years of service credit. They may retire with a reduced benefit early at age 55 with at least 10 years of service credit or age 50 with at least five years of service credit.
- Members hired or rehired on or after July 1, 2010 and who have no service credits before July 1, 2010 are covered under Plan 2. Non-hazardous duty members are eligible for an unreduced benefit beginning at their normal Social Security retirement age with at least five years of service credit or when the sum of their age and service equals 90. They may retire with a reduced benefit as early as age 60 with at least five years of service credit.
- Eligible hazardous duty members in Plan 1 and Plan 2 are eligible for an unreduced benefit beginning at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit. These members include sheriffs, deputy sheriffs and hazardous duty employees of political subdivisions that have elected to provide enhanced coverage for hazardous duty service. They may retire with a reduced benefit as early as age 50 with at least five years of service credit. All other provisions of the member's plan apply.

The VRS Basic Benefit is a lifetime monthly benefit based on a retirement multiplier as a percentage of the member's average final compensation multiplied by the member's total service credit. Under Plan 1, average final compensation is the average of the member's 36 consecutive months of highest compensation. Under Plan 2, average final compensation is the average of the member's 60 consecutive months of highest compensation. The retirement multiplier for non-hazardous duty members is 1.70 %. The retirement multiplier for sheriffs and regional jail superintendents is 1.85%. The retirement multiplier for eligible political subdivision hazardous duty employees other than sheriffs and jail superintendents is 1.70% or 1.85% as elected by the employer. At retirement, members can elect the Basic Benefit, the Survivor Option, a Partial Lump-Sum Option Payment (PLOP) or the Advance Pension Option. A retirement reduction factor is applied to the Basic Benefit amount for members electing the Survivor Option, PLOP or Advance Pension Option or those retiring with a reduced benefit.

CITY OF PETERSBURG, VIRGINIA

Notes to Financial Statements
As of June 30, 2011 (Continued)

Note 12—Defined Benefit Pension Plan: (Continued)

A. Plan Description

Retirees are eligible for an annual cost-of-living adjustment (COLA) effective July 1 of the second calendar year of retirement. Under Plan 1, the COLA cannot exceed 5.00%; under Plan 2, the COLA cannot exceed 6.00%. During years of no inflation or deflation, the COLA is 0.00%. The VRS also provides death and disability benefits. Title 51.1 of the Code of Virginia (1950), as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

The system issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information for VRS. A copy of the report may be obtained from the VRS website at <http://www.varetire.org/Pdf/Publications/2010-Annual-Report.pdf> or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

B. Funding Policy

Plan members are required by Title 51.1 of the Code of Virginia (1950), as amended, to contribute 5% of their annual salary to the VRS. This 5% member contribution may be assumed by the employer. In addition, the City is required to contribute the remaining amounts necessary to fund participation in the VRS using the actuarial basis specified by the Code of Virginia and approved by the VRS Board of Trustees. The City's employee's contribution rate for the fiscal year ended 2011 was 9.42% of annual covered payroll.

C. Annual Pension Cost

For fiscal year 2011 the City's annual pension cost of \$2,340,106 was equal to the City's required and actual contributions.

<u>Fiscal Year Ending</u>	<u>Annual Pension Cost (APC) (1)</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
June 30, 2011	\$ 2,340,106	100%	\$ -
June 30, 2010	1,833,951	100%	-
June 30, 2009	1,815,149	100%	-

(1) Employer portion only

The required contribution was determined as part of the June 30, 2009 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions at June 30, 2009 included (a) an investment rate of return (net of administrative expenses) of 7.50%, (b) projected salary increases ranging from 3.75% to 5.60% per year for general government employees and 3.50% to 4.75% for employees eligible for enhanced benefits available to law enforcement officers, firefighters, and sheriffs, and (c) a cost-of-living adjustment of 2.50% per year. Both the investment rate of return and the projected salary increases include an inflation component of 2.50%. The actuarial value of the City's assets is equal to the modified market value of assets. This method uses techniques that smooth the effects of short-term volatility in the market value of assets over a five-year period. The City's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at June 30, 2009 was 20 years.

CITY OF PETERSBURG, VIRGINIA

Notes to Financial Statements
As of June 30, 2011 (Continued)

Note 12—Defined Benefit Pension Plan: (Continued)

D. Funded Status and Funding Progress

As of June 30, 2010, the most recent actuarial valuation date, the City's plan was 82.88% funded. The actuarial accrued liability for benefits was \$147,031,585, and the actuarial value of assets was \$121,863,335, resulting in an unfunded actuarial accrued liability (UAAL) of \$25,168,250. The covered payroll (annual payroll of active employees covered by the plan) was \$25,098,810 and ratio of the UAAL to the covered payroll was 100.28%.

The schedule of funding progress, presented as Required Supplementary Information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Note 13—Landfill Closure and Postclosure Care Costs:

State and federal laws and regulations require the City to place a final cover on each phase of its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste. In accordance with GASB Statement No. 18, *Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs*, the City reported a liability for a portion of these closure and postclosure care costs based on landfill capacity used. The \$6,206,677 reported as a landfill closure, postclosure care cost, and corrective action cost liability as of June 30, 2011 is based on the use of 90.32% of the estimated capacity used to date. The City will recognize the remaining estimated cost of closure and postclosure care of \$558,023 as the remaining estimated capacity is utilized in the existing open cell. These amounts are based on what it would cost to perform all closure and postclosure care in 2011. Actual closure and postclosure care costs may be different due to inflation, changes in technology, or changes in regulations. The landfill's remaining life is estimated to be 3 years. The amount included for corrective action costs is \$1,000,000, as required by the Virginia Department of Environmental Quality, until a formal corrective action plan as submitted by the City is approved and carried out.

The City plans to meet all federal laws, regulations and tests of financial assurance related to the financing of closure and postclosure care when they become effective, however subsequent to year end the City is in the process of transferring its landfill obligations to an independent contractor.

Note 14—Expenditures and Appropriations:

Expenditures exceeded appropriations at June 30, 2011 as follows:

Function	Appropriation	Expenditures	Amount
General government administration	\$ 3,996,297	\$ 4,098,854	\$ 102,557
Public safety	25,696,429	27,554,467	1,858,038
Parks and recreation	1,858,815	2,296,897	438,082
Debt service - principal retirement	1,692,431	6,413,277	4,720,846
Nondepartmental	1,027,710	1,247,187	219,477

CITY OF PETERSBURG, VIRGINIA

Notes to Financial Statements
As of June 30, 2011 (Continued)

Note 15—Other Post-Employment Benefits Program:

A. Plan Description

The City Post-Retirement Medical Plan is a multiple-employer defined benefit healthcare plan which offers health insurance for retired employees. The plan is administered by the County. Retired employees, who were enrolled in the City group health insurance plan for the 24 month prior to retirement date, who were employed by City with at least 20 years of service and who retire under the VRS plan are eligible to elect post-retirement coverage in the plan. The plan has no separate financial report.

B. Funding Policy

The City establishes employer contribution rates for plan participants as part of the budgetary process each year. The City also determines how the plan will be funded each year whether it will partially fund the plan or fully fund the plan. Again this is determined annually as part of the budgetary process. For participating retirees the City contributed zero per month towards the monthly premium and the retiree contributes all remaining funds towards the monthly premium. Retirees pay 100 % of spousal premiums. Coverage ceases when retirees reach the age of 65. Surviving spouses are not allowed access to the plan.

C. Annual OPEB Cost and Net OPEB Obligation

In accordance with GASB Statement No. 45, an actuarial study was performed calculating the postemployment healthcare costs as of July 1, 2009. The actuarial valuation estimated the Unfunded Actuarial Accrued Liability (“UAAL”) at \$2,796,000 and an Annual Required Contribution (“ARC”) of \$229,000. The annual cost of other post employment benefits (OPEB) under GASB 45 is called the annual required contribution or ARC. The City paid \$116,000 towards the estimated pay as you go cost for OPEB benefits in fiscal year 2011. The City elected to pre-fund OPEB liabilities. The City is required to contribute the annual required contribution of the employer (ARC) an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

Annual OPEB Cost

The City’s annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the fiscal years ending June 30, 2011, 2010 and 2009 are as follows:

<u>Fiscal Year Ended</u>	<u>Annual Pension Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net Pension Obligation</u>
June 30, 2011	\$ 228,000	51%	\$ 441,000
June 30, 2010	287,000	35%	329,000
June 30, 2009	274,000	35%	177,000

CITY OF PETERSBURG, VIRGINIA

Notes to Financial Statements
As of June 30, 2011 (Continued)

Note 15—Other Post-Employment Benefits Program: (Continued)

C. Annual OPEB Cost and Net OPEB Obligation: (Continued)

Annual OPEB Cost: (Continued)

For 2011, the City's cash payments of \$116,000 were less than the annual pension costs. The City's annual OPEB cost, the contributions made, and the increase in net OPEB obligation as well as the net OPEB obligation for 2011 is as follows:

	<u>City</u>
Annual required contribution	\$ 229,000
Interest on net OPEB obligation	13,000
Adjustment to annual required contribution	(14,000)
Annual OPEB cost (expense)	\$ 228,000
Contributions made	116,000
Increase (decrease) in net OPEB obligation	\$ 112,000
Net OPEB obligation - beginning of year	329,000
Net OPEB obligation - end of year	\$ 441,000

Funded Status and Funding Progress

The funded status of the plan as of June 30, 2011 is as follows:

Actuarial accrued liability (AAL)	\$ 2,796,000
Actuarial value of plan assets	-
Unfunded actuarial accrued liability	2,796,000
Funded ratio (actuarial value of plan assets / AAL)	0%
Covered payroll (active plan members)	24,696,000
UAAL as a percentage of covered payroll	11.32%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revisions as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

CITY OF PETERSBURG, VIRGINIA

Notes to Financial Statements
As of June 30, 2011 (Continued)

Note 15—Other Post-Employment Benefits Program: (Continued)

C. Annual OPEB Cost and Net OPEB Obligation: (Continued)

Cost Method

In the June 30, 2011 actuarial valuation, the entry age actuarial cost method was used. The actuarial assumptions included a 10 percent investment rate of return (net of administrative expenses), which is a blended rate of the expected long-term investment returns on plan assets and on the employer's own investments calculated based on the funded level of the plan at the valuation date, and on the employer's own investments calculated based on the funded level of the plan at the valuation date, and an annual healthcare cost trend rate of 10% initially, reduced by decrements to an ultimate rate of 5.5 percent after ten years. The UAAL is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at June 30, 2011 was up to thirty years.

Interest Assumptions

	<u>Funded</u>
Discount rate	7.5%
Payroll growth	N/A
Inflation rate	2.5%
Health cost trend rate	4.0%

Note 16—Subsequent Event:

The City entered into a purchase and sale agreement dated August 31, 2009 in which the City's property including the sanitary landfill currently operating under Virginia Solid Waste Facility Permit No. 228 will be sold for \$350,000 to an independent contractor. In addition the contractor, upon taking possession of the Landfill, will assume all liabilities and duties for compliance with applicable laws and regulations, with the Permit and with all subsequent amendments to include maintenance of financial assurance, monitoring, corrective action, closure, and post-closure care. During FY 2010 the City's title to the property has been transferred to the Contractor. Subsequent to year end the Contractor will be obtaining a Permit from DEQ. When DEQ issues the Contractor the Permit the City's liability for closure and post-closure care will be removed from the City's long-term obligations. During FY 2011 the Contractor has purchased property adjacent to the landfill and is in the processing of developing a transfer station site. Once the transfer site is complete DEQ will then issue the Contractor a combined permit.

On August 30, 2011 the City issued \$2,500,000 of Economic Development Authority of the City of Petersburg, Virginia Revenue Note for acquisition of property located on Pocahontas Street in the City of Petersburg, Virginia.

Note 17–Fund Balance Commitments and Assignments:

The following is a summary of the City's commitments and assignments as of June 30, 2011:

	General Fund	Capital Projects Fund
Fund Balances:		
Committed to:		
Land acquisition	\$ 225,000	\$ -
Rives Road widening	10,000	-
Walnut Hill Elementary School	121,000	-
Employee bonuses	750,000	-
Petersburg Public School Operations Center	100,000	-
Health and welfare	63,000	-
Total Committed Fund Balance	\$ 1,269,000	\$ -
Assigned to:		
Data Processing	\$ 3,658	\$ -
Police Department	75,190	-
Fire Department	8,080	-
Jail	23,595	-
Engineering	14,080	-
Street maintenance	459,944	-
Building maintenance	44,800	-
Library	2,710	-
Tourism	1,828	-
LT Run Watershed Study - stream restoration	-	638,400
Centre Hill drainage improvement	-	57,518
Passenger train station	-	164,000
Prince George PPEA project	-	499,540
Poor Creek Pump Station	-	2,368,980
Health Department	-	335,575
RE Lee School parking	-	22,130
Other purposes	4,525	1,215,436
Total Assigned Fund Balance	\$ 638,410	\$ 5,301,579

CITY OF PETERSBURG, VIRGINIA

Notes to Financial Statements
As of June 30, 2011 (Continued)

Note 18—Financial Statement Adjustments:

Beginning balance adjustments:

	<u>Governmental Activities</u>	<u>General Fund</u>
Fund balance/Net assets - beginning, as previously reported	\$ 39,177,608	\$ 21,139,371
QZAB bonds outstanding	(2,184,821)	- (1)
Sinking fund balance	<u>2,210,135</u>	<u>2,210,135 (1)</u>
Fund balance/Net assets - beginning, as restated	<u>\$ 39,202,922</u>	<u>\$ 23,349,506</u>

Current year adjustments:

<u>Description</u>	<u>Amounts Previously Reported</u>	<u>Adjustment</u>	<u>Amounts As Restated</u>
General Fund:			
Exhibit 4:			
Revenue from use of money and property	\$ 305,449	\$ 6,315	\$ 311,764 (2)
Debt Service:			
Principal retirement	6,314,277	(414,670)	5,899,607 (2)
Education	8,646,527	119,638	8,766,165 (3)
Mass Transit Fund:			
Exhibit 6:			
Due from other Governments	814,415	(197,715)	616,700 (4)

Explanations of Adjustments:

- (1) Subsequent to the issuance of the June 30, 2011 Comprehensive Annual Financial Report, the City of Petersburg, Virginia elected to change the manner in which its Qualified Zone Academy Bonds (QZAB's) are reported. Amounts previously reported as principal retirements of debt totaling \$2,184,821 have been restated as increases to the related QZAB sinking fund balance. In addition, interest earned on the sinking fund balances was previously unrecorded, which totaled \$25,314 for periods prior to fiscal year 2011.
- (2) FY11 sinking fund deposits of \$414,670 were previously reported as principal retirements. In addition, interest earnings of \$6,315 on the sinking fund were not originally reported.
- (3) Contributions to the City of Petersburg, Virginia School Board have been adjusted to reflect a refund of \$119,638 made to the Commonwealth of Virginia on August 2, 2012. This refund resolved federal award finding 2011-1 as previously reported in the City of Petersburg, Virginia Schedule of Findings and Questioned Costs.
- (4) During fiscal year 2011, the City originally recorded a receivable from the Federal Transit Administration in the amount of \$706,194 for its share of FY11 apportionments. The actual amount received on March 23, 2012 was \$508,479, resulting in an overstatement of receivables at June 30, 2011.

CITY OF PETERSBURG, VIRGINIA

Statistical Tables

<u>Section / Table #</u>	<u>Description of Section / Tables</u>
Financial Trends	These tables contain trend information to help the reader understand how the the City's financial performance and well-being have changed over time.
1	Net Assets by Component
2	Changes in Net Assets
3	Governmental Activities Tax Revenues by Source (Accrual Basis of Accounting)
4	Fund Balances of Governmental Funds
5	Changes in Fund Balances of Governmental Funds
6	Governmental Activities Tax Revenues by Source (Modified Accrual Basis of Accounting)
Revenue Capacity	These tables contain information to help the reader assess the factors affecting the City's ability to generate its property and sales taxes.
7	Assessed Value of Taxable Property
8	Property Tax Rates
9	Principal Taxpayers
10	Property Tax Levies and Collections
Debt Capacity	These tables present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue debt in the future.
11	Ratios of Outstanding Debt by Type
12	Ratio of Net General Bonded Debt to
13	Computation of Direct and Overlapping Bonded Debt
14	Revenue Coverage
Demographic and Economic Information	These tables offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and to help make comparisons over time and with other governments.
15	Demographic, Economic and Census Statistics
Operating Information	These tables contain information about the City's operations and resources to help the reader understand how the City's financial information relate to the services the City provides and the activities it performs.
16	Major Private Employers
17	Full-time Equivalent County Government Employees by Function
18	Operating Indicators by Function
19	Capital Asset Statistics by Function

Sources: Unless otherwise noted, the information in these tables is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB Statement 34 in fiscal year 2003; schedules presenting government-wide information include information beginning in that year.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

**To The Honorable Members of City Council
City of Petersburg
Petersburg, Virginia**

We have audited the financial statements of the governmental activities, business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of City of Petersburg, Virginia, as of and for the year ended June 30, 2011, which collectively comprise the City of Petersburg, Virginia's basic financial statements and have issued our report thereon dated December 9, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Petersburg, Virginia's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of Petersburg, Virginia's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Petersburg, Virginia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the City of Petersburg, Virginia in a separate letter dated December 9, 2011.

This report is intended solely for the information and use of management, the City Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditor's Report on Compliance with Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133

**To The Honorable Members of City Council
City of Petersburg
Petersburg, Virginia**

Compliance

We have audited City of Petersburg, Virginia's compliance with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011. The City of Petersburg, Virginia's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City of Petersburg, Virginia's management. Our responsibility is to express an opinion on the City of Petersburg, Virginia's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Petersburg, Virginia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of City of Petersburg, Virginia's compliance with those requirements.

As described in item 2011-1 in the accompanying schedule of findings and questioned costs, the City did not comply with requirements regarding maintenance of effort provisions that are applicable to its Special Education Cluster. Compliance with such requirements is necessary, in our opinion, for the City to comply with the requirements applicable to that program.

In our opinion, the City of Petersburg, Virginia complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

Internal Control Over Compliance

The management of the City of Petersburg, Virginia is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City of Petersburg, Virginia's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the City Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

See accompanying notes to the schedule of expenditures of federal awards.

CITY OF PETERSBURG, VIRGINIA

Notes to Schedule of Expenditures of Federal Awards
For The Year Ended June 30, 2011

Note 1 - General

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of the City of Petersburg, Virginia under programs of the federal government for the year ended June 30, 2011 . The information in this Schedule is presented in accordance with the reporting requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* . Because the Schedule presents only a selected portion of operations of the City of Petersburg, Virginia, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the City of Petersburg, Virginia.

Note 2 - Summary of Significant Accounting Policies

(1) Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments* , wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

(2) Pass-through entity identifying numbers are presented where available.

Note 3 - Relationship to Financial Statements

Federal expenditures, revenues and capital contributions are reported in the City's basic financial statements as follows:

Intergovernmental federal revenues per the basic financial statements:

Primary government:

General Fund	\$ 5,367,420
Non-major governmental funds	1,199,882
Mass Transit	1,576,394
School Board	<u>12,331,694</u>

Total federal expenditures per the Schedule of Expenditures of Federal Awards	\$ <u><u>20,475,390</u></u>

93.659	ARRA Adoption Assistance; Adoption Assistance

Dollar threshold used to distinguish between Type A and Type B programs:	\$614,262
Auditee qualified as low-risk auditee?	No

Section II - Financial Statement Findings

There are no financial statement findings to report.

Section III - Federal Award Findings and Questioned Costs

There are no federal award findings and questioned costs to report.

Section III - Federal Award Findings and Questioned Costs

2011-1 Funding Source - Department of Education

Special Education Cluster

CFDA Numbers: 84.027, 84.173, 84.391, 84.392

Federal Award Year: 2009, 2010, 2009 ARRA, 2009 (Preschool), 2010 (Preschool), 2009 (Preschool ARRA)

Federal Grant Award: H027A090107, H027A100107, H391A090107, H173A090112, H173A100112, H392A090112

Criteria: For any fiscal year for which the federal allocation received by a LEA exceeds the amount received for the previous fiscal year, the LEA may reduce the level of local or State and local expenditures by not more than 50 percent of the excess (20 USC 1413(a)(2)(C)(i)). If an LEA exercises this authority, it must use an amount of local funds equal to the reduction in expenditures under Section 1413(a)(2)(C)(i) to carry out activities authorized under the Elementary and Secondary Education Act (ESEA) of 1965. The amount of funds expended by the LEA for early intervening services counts toward the maximum amount of State and local expenditures that the LEA may reduce. However, if an SEA determines that an LEA is unable to establish and maintain programs of FAPE that meet the requirements of Section 1413(a) or the SEA has taken action against the LEA under Section 1416, the SEA shall prohibit the LEA from reducing its local or State and local expenditures for that fiscal year (20 USC

Condition: The School board did not meet their required local effort during fiscal year 2011.

Questioned Costs: It is estimated that the School Board failed to meet their required local effort by approximately \$732,103. This estimate is subject to change based on a review by the Virginia Department of Education.

Cause: The School Board received additional federal funds of \$484,607 during the year ended June 30, 2011 as compared to the prior year. Expenditures for the program did not increase by a corresponding amount; therefore, the federally funded portion of program expenses increased while the state and local funded portion of program expenditures decreased. In essence, federal funds were used to pay expenses that had been supported with State and local funds in prior periods. The underlying cause of this problem was a significant allocation of Federal stimulus money to the program that represents a one-time increase in funding.

Effect: The School Board did not meet requirements governing the state and local maintenance of effort for the fiscal year. The School Board may be required to repay federal funds or accept reduced funding for the program in future periods. The Virginia Department of Education will likely file a waiver on behalf of the School Division requesting a one-time exemption from the level of effort requirements surrounding the program.

Recommendation: We have no recommendations as the School Board has already appropriately reported this finding to the Virginia Department of Education. In addition, the Virginia Department of Education has started a review of the program and will provide guidance to the School Division.

Response: The School Board has resolved this finding by issuing a check with the Virginia Department of Education and issued a check on August 2, 2012 in the amount of \$119,638 thus resolving this finding.

Section IV - Financial Statement Findings - Prior Year

There are no financial statement findings from the prior year.
