The Honorable Members of the Board of Supervisors
County of Prince George, Virginia

Members of the Board:

We are pleased to submit to you the Comprehensive Annual Financial Report (CAFR) of Prince George County (the "County") for the fiscal year ended June 30, 2019. This report was prepared by the County's Department of Finance. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the County. We believe the data, as presented, is accurate in all material respects; that it is presented in a manner designed to fairly set forth the financial position and results of operations of the County, as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the County's financial affairs have been included.

The management of the County is responsible for establishing and maintaining an internal control structure to ensure the protection of County assets. In developing and evaluating the County's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition; and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above framework. We believe that the County's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

Section 15.2-2511 of the Code of Virginia requires that local governments have their financial records audited annually as of the end of the fiscal year by an independent certified public accountant. The County has engaged the independent accounting firm of Robinson, Farmer, Cox Associates, Inc. (RFCA) to perform the audit and prepare the accompanying financial statements.

P.O. BOX 68, PRINCE GEORGE, VIRGINIA 23875-0068 / (804) 722-8600 / FAX (804) 732-3604
<http://www.princegeorgecountyva.gov>

The Reporting Entity and its Services

The County of Prince George's Comprehensive Annual Financial Report includes all funds of the "primary government." In Virginia, cities and counties are distinct units of government; therefore, the County is responsible for providing all services normally provided by a local government. These services include police protection, social services, recreation and cultural activities, and community development. Additionally, the County operates a water and wastewater utility system. Fire protection services are largely provided by volunteers who receive financial and administrative support from the County. Emergency medical services are provided through a combination of full-time paid and volunteer personnel.

For financial reporting purposes and in accordance with the Governmental Accounting Standards Board (GASB), Statement 14, "The Financial Reporting Entity," the County has identified one discrete component unit. The GASB statement establishes the criteria used in making this determination and identifies each as a blended component unit or discretely presented component unit. Blended component units, although legally separate entities, are, in substance, part of the primary government's operations, and therefore are included as part of the primary government. Discretely presented component units are reported in a separate column in the combined financial statements to emphasize that they are legally separate from the primary government and to differentiate their financial position and results of operations from those of this primary government. Therefore, the County School Board is reported in a discrete presentation. Based on GASB Statement 14 criteria, the School Board is a legally separate organization providing educational services to the public whose board is elected and is fiscally dependent on the local government.

The financial statements for the Riverside Regional Jail, the Appomattox Regional Library System, Appomattox River Water Authority, South Central Wastewater Authority, Crater Juvenile Detention Center, Prince George County Industrial Development Authority and Rowanty Vocational Technical School are not included in the County report. Boards separate from, and independent of, the Board of Supervisors administer these organizations.

Prince George County is located 25 miles southeast of Richmond, the capital city of Virginia, and 75 miles northeast of the Greater Hampton Roads area. The County's 276 square mile area has a population of 38,082 people (2018 Census Bureau – County Population Estimates). The greater proportion of the County's land area remains rural, although areas of the County are experiencing rapid residential, commercial and industrial growth. Prince George County is an independent political subdivision of the Commonwealth of Virginia, and has no subordinate political entities within its borders. A five-member Board of Supervisors governs the County. Other elected officials in the County government include the Clerk of Circuit Court, Commissioner of the Revenue, Commonwealth's Attorney, Sheriff, and Treasurer. All elected officials are elected on a four-year cycle except the Clerk of Circuit Court who is elected every eight years.

Major industries located in Prince George County include: warehousing and distribution centers, hotels and tourism, manufacturing, packaging, and logistics automation. Prince George's strategic location on or near several east coast transportation arteries also contributes to the proliferation of distribution centers located in the County. Interstates 95 and 295 traverse through Prince George, as well as Route 460, a primary arterial from the Virginia Beach area.

Based on available economic data, the local economy has remained steady. The local unemployment rate was 3.1% for September 2019, as compared to 3.3% for September 2018. The state and national unemployment rates for September 2019 were 2.7% and 3.5%, respectively.

Major Initiatives in Fiscal Year 2019

Following the vision and strategic initiatives of the Prince George County Board of Supervisors, and with the assistance and guidance of the County Administrator, County staff and departments have implemented and continued a number of specific programs and projects designed to enhance the levels of service provided to County residents while maintaining an effective and efficient government. A brief description of selected initiatives during fiscal year 2019 is as follows:

New Route 10 Fire Station (Station 7)

The County completed construction of a new Route 10 Fire Station during Fiscal Year 2019. The project totaled \$3,001,712, including the cost of land acquisition. The County acquired land in FY16, secured an architect in FY17 and held the grand opening for the station on June 9, 2019.

Courthouse Lower Level Buildout

The County has nearly completed a renovation of the lower level of its Courthouse to relocate and expand the Juvenile and Domestic Relations Court. A new courtroom was added, as well as holding cells, conference meeting spaces, a break room for staff, storage areas and restrooms. Total expenditures on June 30, 2019 were \$1,842,350. The courtroom is currently in operation and a small "punch list" remains.

Public Safety Radio System Replacement Planning

The County is working with a consultant to purchase a replacement public safety radio system. Proposal review is complete and a recommendation for contract award is expected by the end of calendar year 2019. As of June 30, 2019 \$405,305 has been expended for consulting services. This project will be ongoing through Fiscal Year 2022, with cutover and final system acceptance anticipated by December 2021. A total of \$14.18 million has been borrowed and budgeted for this system replacement.

Recreation Improvements & Activities

During Fiscal Year 2019, the County engaged Land Planning & Design Associates (LPDA) to prepare a master plan for Scott Park. The plan will be presented to the Board in November of 2019. The 7-8 year old coach pitch baseball team won the Dixie state championship and represented Prince George County in the World Series in Louisiana in July 2019. Prince George County was selected to host the 2021 Dixie Softball World Series for 7-8 and 9-10 year olds. Facility improvement and event planning activities are underway.

Community Development & Code Compliance Software Replacement

Replacement software, EnerGov, is being purchased for Community Development and Code Compliance. This software will be used to issue building permits, inspections, code compliance and site planning documentation. EnerGov will replace the current INKforce system that has been in place since 2013. Expenditures at June 30, 2019 totaled \$168,228, and total estimated expenditures are \$219,863.

Real Estate Assessor Software Replacement

Visions Software is being purchased to replace Proval, which has been in use by the Assessor's office for over ten years. Visions will provide better functionality and web portal enhancements for staff and citizens; as well as improved field tools to gather assessment information. Expenditures at June 30, 2019 were \$155,093, and total estimated expenditures are \$247,629.

School Projects

The School division completed a number of capital improvements during fiscal year 2019 including replacing the track (\$229,172); replacing windows at David A. Harrison Elementary (\$448,749) and South Elementary (\$270,790) schools. School security improvements are underway, as are chiller replacements at J. E. J. Moore Middle School, and roof repairs at David A. Harrison Elementary; expenditures at June 30, 2019 for these projects are \$243,190, \$125,531 and \$285,700 respectively. Funding sources for these school projects include excess School Impact Aid revenues, County appropriated Cash Proffers, and re-appropriated unexpended school operating budget amounts.

Water and Sewer Projects

The Public Utility (water and sewer fund) completed some rehabilitation projects in fiscal year 2019 that included a complete rehabilitation of Pump Station 6 (\$1,057,007); storage tank and pressure tank rehabilitations were completed at Beechwood/Lemonwood (\$45,457); and Cedarwood (\$40,191). Additionally, phased-in SCADA [Supervisory Control and Data Acquisition] initiatives have been underway since 2016 to allow for the remote monitoring and control of utility facilities. To date, over \$346,114 in SCADA enhancements at County tanks, water and wastewater facilities have been capitalized. SCADA enhancements remain ongoing. The three-mile water line extension project along Route 156 and the Food Lion Water System upgrades, which include a one-mile water line extension and booster station upgrades, both continue through the design phase.

Sections of the Report

Fiscal year 2019 was the sixteenth year in which the County was required to present financial statements in accordance with Governmental Accounting Standards Board (GASB) Statement Number 34. GASB 34 dramatically changed the structure of financial statements, as well as required changes in the composition of the amounts reported. This limits the comparability of statements from prior fiscal years to the statements produced after implementation of GASB 34.

Compliance with GASB 34 also requires a written analysis of the County's financial performance for the year to be included in the financial statements. This analysis, referred to as management's discussion and analysis (MD&A), is included immediately following the auditor's letter. Prince George County's audited basic financial statements immediately follow the management's discussion and analysis. The notes to financial statements are an integral part of these basic financial statements. In accordance with GASB 34 and the opinion of the Auditor of Public Accounts, financed school plant and equipment, as well as the related debt, are reported with the primary government instead of the component unit school board.

The supplementary information, supporting schedules, and statistical tables provided after the basic financial statements contain more detailed information in support of the basic financial statements and are unaudited.

For federal programs and related funding, the County is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996 and the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-profit Organizations*. Information related to compliance with these regulations is located in the *Compliance* section of this report.

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County of Prince George for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2018. This was the fifteenth year that the County has received this prestigious award. In order to be awarded a Certificate of Achievement, the government must publish an easily readable and efficiently organized CAFR. This report satisfied both generally accepted accounting principles (GAAP) and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the cooperation and dedication of the staff of the Prince George County Finance Department and the accounting firm of Robinson Farmer Cox Associates. Credit also must be given to the Board of Supervisors for their unfailing support for maintaining the highest standards of professionalism in the management of Prince George County's finances.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read 'P. C. Ashcraft', written in a cursive style.

Percy C. Ashcraft
County Administrator

Independent Auditors' Report

**To the Honorable Members of
the Board of Supervisors
County of Prince George, Virginia**

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Prince George, Virginia, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Prince George, Virginia, as of June 30, 2018, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As described in Note 18 to the financial statements, in 2019, the County of Prince George, Virginia adopted new accounting guidance, GASB Statement Nos. 88 *Certain Disclosures Related to Debt, Including Borrowing Direct Placements*. Our opinion is not modified with respect to this matter.

Restatement of Beginning Balances

As described in Note 19 to the financial statements, in 2019, the County of Prince George, Virginia restated beginning balances to report the Stormwater Fund as an other governmental fund.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and schedules related to pension and OPEB funding on pages 5-12, 111-114, and 115-131 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Prince George, Virginia's basic financial statements. The introductory section, other supplementary information, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

Other Matters: (Continued)

Supplementary and Other Information

The other supplementary information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 16, 2019, on our consideration of the County of Prince George, Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of County of Prince George, Virginia's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County of Prince George, Virginia's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following discussion of the County of Prince George's financial performance provides an overview of the County's financial activities for the fiscal year ended June 30, 2019. Please review it in conjunction with the transmittal letter in the beginning of this report and the County's financial statements, which begin after this analysis.

FINANCIAL HIGHLIGHTS

Government Wide Financial Statements (Full Accrual Basis)

The assets, and deferred outflows of resources of the County exceeded its liabilities, and deferred inflows of resources at June 30, 2019 by \$62,728,875 (net position). Of this amount, \$20,190,261 is unrestricted and may be used to meet the County's future obligations.

The County's total net position from Governmental Activities was \$36,347,566 on June 30, 2019, compared to \$31,908,681 total net position on June 30, 2018. Total net position represents the amount by which the County's assets exceeded its liabilities. The governmental net position increased \$4,438,885.

The total net position from Business-type activities (Water and Sewer Fund) was \$26,381,309 on June 30, 2019, compared to \$24,792,964 total net position on June 30, 2018. Net position increased \$1,588,345 during FY 2019.

OVERVIEW OF THE FINANCIAL STATEMENTS

This Comprehensive Annual Financial Report contains a variety of schedules and tables designed to provide a comprehensive look at the use of the County's financial resources throughout the 2019 fiscal year and at the status of those financial resources at June 30, 2019, the end of the fiscal year. The basic financial statements contained in this report are separated into three sections:

- **Government-wide financial statements** provide a broad overview of both the long and short-term financial status of the County. Government-wide financial statements, a component of governmental financial reporting under GASB 34, provide financial information in a manner similar to private sector businesses. These statements include the value of capital assets (less accumulated depreciation) and the long-term liabilities of the County.
- **Fund financial statements** are similar in nature to financial statements issued by local governments prior to implementation of GASB 34. These are prepared on the modified accrual basis of accounting, and therefore do not include long-term liabilities, capital assets, or depreciation. Fund financial statements provide more detail on the operations of the County than the government-wide financial statements.
- **Notes to the financial statements** are an integral part of the previous two sections. These notes provide explanations of the amounts in the basic financial statements and offer the reader information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

This report also contains other supplementary information in addition to the basic financial statements.

Government-wide financial statements

The *government-wide financial statements* are designed to provide the readers with a broad overview of the County's finances in a manner similar to a private-sector business. Government-wide financial reporting consists of two statements: the Statement of Net Position and the Statement of Activities.

The *statement of net position* presents information on all County assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

OVERVIEW OF THE FINANCIAL STATEMENTS: (CONTINUED)

The *statement of activities* presents information identifying how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, some items of revenues and expenses are reported in this statement that will result in cash flows in future fiscal periods.

In the Statement of Net Position and the Statement of Activities, the County is divided into the following categories:

- **Governmental activities** – Most of the County's basic services are reported here including general government, public safety, public works, education, health and welfare, parks and recreation and economic and community development.
- **Business-type activities** – The County's water and sewer services are reported here. These services are supported by charges for services based on use.
- **Component Units** – The County includes one separate legal entity in its report – the Prince George County School Board. While legally separate, the County is financially accountable for and provides operating and capital funding to the School Board.

Fund Financial Statements

Fund financial statements are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance. Traditional users of government financial statements will find the fund financial statement presentation more familiar. The focus is now on the County's most significant funds. The fund financial statements are divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains several individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the General, Capital Projects and Debt Service funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

Proprietary Funds – The County maintains one proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its water and sewer operations.

OVERVIEW OF THE FINANCIAL STATEMENTS: (CONTINUED)

Fund Financial Statements: (Continued)

Fiduciary Funds – The fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's programs. The accounting used for fiduciary funds is similar to that of the proprietary funds.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found following the Basic Financial Statements section of this report.

Required Supplementary Information – In addition to the basic financial statements and notes, this report also presents budgetary comparison schedules, a schedule of funding progress and employer contributions and notes to the required supplementary information.

Other Supplementary Information – This report also presents combining and individual fund statements and schedules.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements include two basic statements: the statement of net position and the statement of activities. Both of these statements include all assets and liabilities for all County funds (except fiduciary funds) using the full accrual basis of accounting. The accrual basis of accounting is the method used by private-sector businesses.

The Statement of Net Position

The following table reflects the condensed statement of net position:

County of Prince George, Virginia
Schedule of Assets, Liabilities and Net Position
Governmental and Business-type Activities
For the Years Ended June 30, 2019 and 2018

	Governmental Activities		Business-type Activities		Totals	
	2019	2018	2019	2018	2019	2018

GOVERNMENT-WIDE FINANCIAL STATEMENTS: (CONTINUED)

Net position (assets in excess of liabilities and deferred inflows of resources) may serve over time as a useful indicator of a government's financial position. At June 30, 2019 the County's governmental assets exceeded liabilities and deferred inflows of resources by \$36,347,566 while business assets exceeded its liabilities by \$26,381,309. The largest portion of the County's net position, 67.6% and 66.6% in 2019 and 2018, respectively, represents its investment in capital assets (e.g., land, buildings and improvements, machinery and equipment), net of accumulated depreciation and less any related debt used to acquire or construct those assets that are still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

The majority of the remaining balance of net position, 32.2% and 32.6% in 2019 and 2018, respectively, represents unrestricted net position, which may be used to meet the County's ongoing obligations. Unrestricted net position decreased in governmental activities in FY 19 by \$1,700,984 and increased in business-type activities by \$1,553,886.

The Statement of Activities

The statement of activities, which also uses the full accrual basis of accounting, illustrates the cost of governmental activities net of related revenues. It also shows the general revenue sources that fund governmental operations. A summary of the statement of activities for the fiscal years covering July 1, 2017 through June 30, 2019 follows:

**County of Prince George, Virginia
Changes in Net Position
Governmental and Business-type Activities

GOVERNMENT-WIDE FINANCIAL STATEMENTS: (CONTINUED)

Governmental Activities

Governmental activities revenues increased from \$56,471,022 to \$61,480,768 or \$5,009,746 (8.87%) in FY 19 over FY 18. Increases in general property taxes represent the majority of this increase, growing by \$2,370,283 between FY 18 and FY 19. Property tax increases are largely due to growth in assessed values and efforts made to collect delinquent property taxes. Non-categorical revenues from the Commonwealth of Virginia increased, as did other local tax revenues and use of money and property (interest) revenues. Decreases were seen in charges for services, as well as in other general revenues.

Governmental activities expenses increased from \$54,386,203 to \$57,043,255 or 4.9%. Increases were seen in Public Safety, Public Works, Health and Welfare, General Government Administration and Parks and Recreation. There were decreases in Education, Judicial Administration, Community Development, Parks and Recreation and Interest and Other Fiscal Charges.

Business-type activities

The Water and Sewer Fund revenues increased \$898,210; an increase of 14.5% over FY 18.

Total expenses for the Water and Sewer Fund increased by \$697,543 (14.5%); from \$4,822,569 in FY 18 to \$5,520,112 in FY 19.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$52,461,088. Of this amount \$25,501,529 is assigned for capital projects and \$3,022,787 is assigned to various special revenue funds. The Stormwater Fund has been separated from the General Fund for reporting purposes in FY 19, and is now reported as a nonmajor governmental fund.

General Fund. The general fund is the chief operating fund of the County. At the end of the current fiscal year, the general fund balance was \$23,905,886 of which \$23,905,886 represents unassigned fund balance of the General Fund. This amount represents 22.66% of General Fund and School Operating expenditures (including debt service). The Board of Supervisors has committed to maintaining an unreserved General Fund balance of at least 12.5% of General Fund and School Operating expenditures and has met and exceeded that target for the fiscal year ending June 30, 2019.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS: (CONTINUED)

The net increase in unassigned fund balance for the General Fund for 2019 was \$3,503,570. Unassigned fund balance at June 30, 2018 was \$20,402,316 (as restated). The beginning unassigned fund balance for the General Fund has been restated due to the separation of the Stormwater Fund from General Fund activity in FY 19; the restated Stormwater Fund beginning fund balance was \$2,314,837. The increase in fund balance for the General Fund, as restated, is largely attributable to an increase in property taxes, and collections exceeding budgeted amounts. Prince George County partnered with a collection agency in FY 19 to pursue delinquent property taxes. Significant reasons for the increase in unassigned General Fund balance are:

Revenues: General Fund revenues of \$59,524,420 exceeded budgeted amounts by \$3,118,842, primarily in general property taxes, revenue from use of money and property (interest) and other local tax revenues.

Expenditures: General Fund expenditures and transfers out were \$1,953,606 less than amended budget amounts in FY 19. Spending was less than budgeted amounts by \$1,101,686 in FY 19. Expenditures were under budgeted amounts in every General Fund functional area in FY 19 due to conservative spending practices. Additionally, the transfer to schools was \$851,920 less than budgeted due to actual school operating expenditures being less than what was budgeted.

Use of Fund Balance: For FY 2019, there was minimal planned / budgeted use of fund balance. A planned transfer of \$254,000 was budgeted for schools to assist with health insurance premiums. The County encountered unexpected growth in Comprehensive Services Act spending for special needs students in FY 19, as well as higher than expected contributions to Riverside Regional Jail. The County braced itself to use fund balance to meet higher than anticipated spending in both of these areas, but higher than expected revenues and conservative spending in other areas more than offset these unanticipated spikes.

Capital projects fund. The Capital Projects Fund accounts for all construction projects of general public improvements, excluding capital projects related to business-type activities, which are accounted for elsewhere. At the end of the current fiscal year, the fund balance was \$25,501,529, which was an increase of \$4,802,202 from the FY 18 balance of \$20,699,327. This increase in the capital fund balance is due to unspent spring 2019, 2018 and 2017 bond proceeds for projects that will be ongoing in fiscal years 2020 and 2021. The County has borrowed to replace its public safety radio system and contract negotiations are currently underway. Additionally, design work is being completed for a new Jefferson Park Fire station. More details of specific project revenues and expenditures can be found in Note 5 and Exhibit 31.

Debt service fund. The Debt Service Fund received transfers from the General Fund slightly higher than that needed to meet its requirements in FY 19. New for FY 19, the County began building a reserve in the debt fund to accommodate future capital projects and minimize potential tax increases. At the end of FY 19 the fund balance was \$30,886 in the debt Service Fund. In FY 2019 transfers in were \$8,049,557 and principal retirements of indebtedness totaled \$6,693,435 while interest expense totaled \$1,325,236. More information on the County's long-term obligations including general obligation bonds and school indebtedness can be found in Note 7.

Proprietary funds. The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The net position of the proprietary funds at the end of the current fiscal year totaled \$26,381,309. Details of the Water and Sewer operations were previously discussed in the letter.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS: (CONTINUED)

General Fund Budgetary Highlights

Prince George County generally takes a conservative approach to financial management, staying well within budgetary limits for expenditures during the fiscal year and fiscal year 2019 was no exception. General fund adopted budget totaled \$54,968,159, amended budget and transfers out totaled \$57,974,456, an increase of \$3,006,297. Actual general fund expenditures and transfers out totaled \$56,020,850. Details supporting comparison of final amended budget and actual results can be found on Exhibit 12. No appropriation category exceeded its amended appropriations during FY 19. The following is a summary of the most significant changes in the adopted and amended budgets for FY 19:

- Increases of \$980,353 were approved for Comprehensive Services Act expenditures in fiscal year 2019.
- During fiscal year 2019, an increase of \$540,000 was approved for local Riverside Regional Jail contributions, and another \$269,429 increase in rainy day distributions was approved.
- The County received an additional \$125,373 in state funds related to Medicaid expansion for use by the Department of Social Services.
- The County received and appropriated the following grant amounts during fiscal year 2019:
 - \$123,655 in Fire Program Funds for use by the volunteer fire departments;
 - \$112,722.50 in Rescue Squad Assistance Funds (RSAF) to purchase an ambulance;
 - \$112,722.50 in Proffer distributions to purchase an ambulance (combined with RSAF funds)
 - \$152,000 in Public Safety Assistance Funds (PSAP) to upgrade the E-911 phone system;
 - \$50,000 School Resource Officer (SRO) grant (continuation grant for one SRO position);
 - \$71,664.32 in Four for Life grants for Fire/EMS initiatives;
- Increases and appropriations from fund balance were approved for one-time or capital purposes and were for:
 - \$228,502 for multi-year federal and state grants;
 - \$38,638 for capital initiatives and one-time purchases for the courthouse, Clerk of Circuit Court and Assessor;
 - \$97,275 for purchase order obligations.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Governmental Accounting Standards Board (GASB) Statement 34 requires the primary government (the County) to report debt and debt service incurred "on behalf" of component units (the School Board). In this report, capital assets such as school buildings that have related debt are reported with the primary government on the Statement of Net Position. The portion of these capital assets free of related debt are reported as buildings and improvements under the component unit School Board (see Note 5 in the Notes to Financial Statements).

CAPITAL ASSETS AND DEBT ADMINISTRATION: (CONTINUED)

The following table summarizes the County's capital assets, net of depreciation, as of June 30, 2019. The County's total investment in capital assets, such as land, buildings and improvements, utility plant, equipment, and construction in progress totals \$108,870,162 (includes schools).

**County of Prince George, Virginia
Capital Assets (net of Depreciation)
Governmental and Business-type Activities
For the Year Ended June 30, 2019**

	Governmental Activities 2019	Business-type Activities 2019
Land	\$ 3,995,201	\$ 244,744
Buildings and improvements	67,323,293	-
Utility plant	-	32,553,818
Equipment	28,305,896	1,628,133
Construction in progress	3,031,557	89,912
Total	\$ 102,655,947	\$ 34,516,607
Less accumulated depreciation	48,480,924	17,860,999
Net capital assets	\$ 54,175,023	\$ 16,655,608

More information on the County's capital assets can be found in note 5 to the financial statements.

At the end of fiscal year 2019, the County had total outstanding debt of \$57,698,680 (excluding compensated absences, bond premiums, length of service award program and OPEB, see Note 7 in the Notes to Financial Statements), in comparison; the County had \$55,176,114 and \$52,878,268 outstanding at June 30, 2018 and 2017, respectfully. Of the \$57,698,690 of outstanding debt at June 30, 2019, \$41,576,981 is for general government purposes and \$14,366,699 is outstanding debt on behalf of the School Board. The Water and Sewer Fund has outstanding debt of \$1,755,000.

For more information regarding Prince George County's long-term obligations, see Note 7 in the Notes to Financial Statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

Based on available economic data, the local economy has remained stable. The local unemployment rate was 3.1% for September 2019, as compared to 3.3% for September 2018. The state and national unemployment rates for September 2019 were 2.7% and 3.5%, respectively.

The FY 20 General Fund operating budget totaled \$57,761,488, which was a \$2,442,969 (4.4%) increase over the FY 19 adopted budget. The Real Estate Tax Rate remained at \$0.86 with no increase and there was **no reliance on fund balance** during FY 20 for operations.

It is the continued mission of the County to provide the most cost-efficient services to the taxpayers of Prince George County, and to make Prince George "the best place to live, learn, work and raise a family."

REQUESTS FOR INFORMATION

This financial report is designed to provide the Board of Supervisors, citizens, taxpayers, customers, and creditors of Prince George County, Virginia with a general overview of the County's finances and to show the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Finance Department, Prince George County, PO Box 68, Prince George, VA 23875, telephone (804) 722-8710.

Reconciliation of the Balance Sheet of Governmental Funds
 To the Statement of Net Position
 At June 30, 2019

Amounts reported for governmental activities in the Statement of Net Position are different because:

Total fund balances per Exhibit 3 - Balance Sheet - Governmental Funds		\$	52,461,088
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.			54,175,023
Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due.			(494,669)
Other long-term assets are not available to pay for current-period expenditures and, therefore, are unavailable in the funds.			
Unavailable revenue-property taxes			3,153,759
Deferred outflows of resources are not available to pay for current period expenditures and, therefore, are not reported in the funds.			
Deferred outflows related to:			
Net pension liabilities	\$	2,208,193	
Net OPEB liabilities		<u>110,089</u>	2,318,282
Deferred inflows of resources are not due and payable in the current period and, therefore, are not reported in the funds.			
Net pension liabilities	\$	(1,486,906)	
Net OPEB liabilities		<u>(837,730)</u>	(2,324,636)
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds. Details supporting this amount are as follows:			
Deferred amount on refunding			657,904
Compensated absences			(1,822,762)
County general obligation bonds			(41,576,981)
School Board general obligation bonds			(7,206,699)
School board literary fund loans			(7,160,000)
Net OPEB liabilities			(4,966,882)
Net pension liabilities			(10,717,146)
School Board premium on bonds payable			<u>(148,715)</u>
Net position of governmental activities		\$	<u><u>36,347,566</u></u>

The notes to the financial statements are an integral part of this statement.

Reconciliation of the Statement of Revenues,
Expenditures, and Changes in Fund Balances of Governmental Funds
To the Statement of Activities
For the Year Ended June 30, 2019

Amounts reported for governmental activities in the Statement of Activities are different because:

Net change in fund balances - total governmental funds	\$	7,865,120
--	----	-----------

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which the depreciation exceeded capital outlays in the current period. Details are as follows:

Depreciation expense	\$	(4,097,210)	
Capital asset additions		6,138,532	
Transfer of joint tenancy assets from Primary Government to the Component Unit		<u>(937,268)</u>	1,104,054

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

Property taxes	(847,550)
----------------	-----------

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Details supporting these changes are as follows:

Issuance of debt	\$	(9,450,000)	
Amortization of premium on bonds payable		21,246	
Retirement of County general obligation bonds		4,532,937	
Retirement of School Board general obligation bonds		1,990,497	
Retirement of School Board literary fund loans		<u>170,000</u>	(2,735,320)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds.

Details supporting these changes are as follows:

Change in accrued interest payable	\$	124,217	
Pension expense		1,245,773	
OPEB expense		(2,076,013)	
Deferred amount on refunding		(82,132)	
Change in compensated absences		<u>(159,264)</u>	(947,419)

Change in net position of governmental activities	\$	<u>4,438,885</u>
---	----	------------------

The notes to the financial statements are an integral part of this statement.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The County of Prince George, Virginia (the "County") is governed by an elected five member Board of Supervisors. The County provides a full range of services for its citizens. These services include police and fire protection, sanitation, recreation, cultural events, education, and social services.

The financial statements of the County of Prince George, Virginia have been prepared in conformity with the accounting principles generally accepted in the United States as specified by the Governmental Accounting Standards Board (GASB), and the specifications promulgated by the Auditor of Public Accounts (APA) of the Commonwealth of Virginia. The more significant of the government's accounting policies are described below.

Financial Statement Presentation

Management's Discussion and Analysis - GASB Statement No. 34 requires the financial statements be accompanied by a narrative introduction and analytical overview of the government's financial activities in the form of "Management's Discussion and Analysis" (MD&A).

Government-wide and Fund Financial Statements

Government-wide financial statements - The reporting model includes financial statements prepared using full accrual accounting for all of the government's activities. This approach includes not just current assets and liabilities but also capital assets and long-term liabilities (such as buildings and general obligation debt).

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component unit. The governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

Statement of Net Position - The Statement of Net Position is designed to display financial position of the primary government (government and business-type activities) and its discretely presented component unit. Governments will report all capital assets in the government-wide Statement of Net Position and will report depreciation expense - the cost of "using up" capital assets - in the Statement of Activities. The net position of a government will be broken down into three categories - 1) net investment in capital assets; 2) restricted; and 3) unrestricted.

Statement of Activities - The government-wide Statement of Activities reports expenses and revenues in a format that focuses on the cost of each of the government's functions. The expense of individual functions is compared to the revenues generated directly by the function (for instance, through user charges or intergovernmental grants).

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

The County's internal activities include water and sewer billings and activities of the County garage. It is the County's policy not to eliminate these internal activities in the government-wide Statement of Activities.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Budgetary Comparison Schedules - Demonstrating compliance with the adopted budget is an important component of a government's accountability to the public. Many citizens participate in one way or another in the process of establishing the annual operating budgets of state and local governments, and have a keen interest in following the actual financial progress of their governments over the course of the year. Many governments revise their original budgets over the course of the year for a variety of reasons. Under the reporting model, governments provide budgetary comparison information in their annual reports including the original budget, final budget and actual results.

A. Financial Reporting Entity

The basic criterion for determining whether a governmental department, agency, institution, commission, public authority, or other governmental organization should be included in a primary governmental unit's reporting entity for the basic financial statements is financial accountability. Financial accountability includes the appointment of a voting majority of the organization's governing body and the ability of the primary government to impose its will on the organization or if there is a financial benefit/burden relationship. In addition, an organization which is fiscally dependent on the primary government should be included in its reporting entity. These financial statements present the County of Prince George (the primary government) and its component unit. Blended component units, although legally separate entities, are, in substance, part of the government's operations and so data from these units are combined with data of the primary government. Each discretely presented component unit, on the other hand, is reported in a separate column in the combined financial statements to emphasize it is legally separate from the government.

B. Individual Component Unit Disclosures

Blended Component Unit - The County has no blended component units at June 30, 2019.

Discretely Presented Component Unit - The School Board members are elected by the citizens of Prince George County. The School Board is responsible for the operations of the County's School System within the County boundaries. The School Board is fiscally dependent on the County. The County has the ability to approve its budget and any amendments. The primary funding is from the General Fund of the County. The School Fund does not issue a separate financial report. The financial statements of the School Board are presented as a discrete presentation of the County financial statements for the fiscal year ended June 30, 2019.

C. Other Related Organizations: (Continued)

Excluded from the County's Comprehensive Annual Financial Report

Joint Ventures

South Central Wastewater Authority

The South Central Wastewater Authority is considered a joint venture and therefore its operations are not included in the County's financial statements. The Counties of Chesterfield, Dinwiddie and Prince George and the Cities of Petersburg and Colonial Heights each appoint one member to the five member board. Each participating entity purchases wastewater treatment services from the Authority at prescribed rates and capacity levels. The County's expenditures for wastewater treatment services for the year ended June 30, 2019 were \$570,021. The participants have no ongoing financial responsibilities to or equity interest in the Authority.

Complete financial statements for the Authority can be obtained from the Authority's office at 900 Magazine Road, Petersburg, Virginia 23803.

Riverside Regional Jail Authority

The Riverside Regional Jail Authority is considered a joint venture and therefore its operations are not included in the County's financial statements. The Counties of Charles City, Chesterfield, Prince George and Surry and the Cities of Petersburg, Colonial Heights and Hopewell each appoint two members to the fourteen member board. Each participating entity is required to commit prisoners and pay the established per diem charge in accordance with its service agreement with the Authority. The County's expenditures for confinement services for the year ended June 30, 2019 were \$2,134,149. The participants have no ongoing financial responsibilities to or equity interest in the Authority.

Complete financial statements for the Authority can be obtained from the Authority's office at 1000 River Road, Hopewell, Virginia 23860.

Appomattox River Water Authority

The Appomattox River Water Authority is considered a joint venture and therefore its operations are not included in the County's financial statements. The Counties of Chesterfield, Dinwiddie and Prince George and the Cities of Petersburg and Colonial Heights each appoint one member to the five member board. Each participating entity purchases water from the Authority at prescribed rates and capacity levels. The County's expenses for water purchased for the year ended June 30, 2019 were \$334,667. The participants have no ongoing financial responsibilities to or equity interest in the Authority.

Complete financial statements for the Authority can be obtained from the Authority's office at 21300 Chesdin Road, Petersburg, Virginia 23860.

Excluded from the County's Comprehensive Annual Financial Report: (Continued)

Appomattox Regional Library

The County is a participant with the County of Dinwiddie and the City of Hopewell in a joint venture to operate the Appomattox Regional Library (the Library). The Library is governed by a 9 member board composed of three appointees each from Hopewell, Dinwiddie, and Prince George. Each locality is obligated by contract to fund a percentage of the Library's approved budget. In accordance with the joint venture agreement, the County remitted \$598,146 to the Library for fiscal 2019. Financial statements for the Library can be obtained at its administrative offices at 245 East Cawson Street, Hopewell, Virginia 23860. The participants have no ongoing financial responsibilities to or equity interest in the Library.

Jointly Governed Organizations

The County participates with eight other localities in District 19 Community Services Board. The County also participates with five other localities in Virginia's Gateway Region, a regional economic development organization. The County provided funding of \$107,342 to District 19 CSB during fiscal 2019. The County provided funding of \$255,139 to Crater Youth Care Commission during fiscal 2019. The County provided funding of \$45,479 to Virginia Gateway Region during fiscal 2019.

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The accompanying financial statements are prepared in accordance with pronouncements issued by the Governmental Accounting Standards Board. The principles prescribed by GASB represent generally accepted accounting principles applicable to governmental units.

The government-wide financial statements and fiduciary fund statements are reported using the economic resources measurement focus and the accrual basis of accounting. Agency funds have no measurement focus since they do not record equity balances, only assets and liabilities. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The government-wide Statement of Activities reflects both the gross and net cost per functional category (public safety, public works, health and welfare, etc.) which are otherwise being supported by general government revenues, (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants, and contributions. The program revenues must be directly associated with the function (public safety, public works, health and welfare, etc.) or a business-type activity.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation: (Continued)

Generally the effect of interfund activity has been eliminated from the County's government-wide financial statements. Exceptions to our general rule are payments-in-lieu of taxes where the amounts are equivalent to interfund services provided and other charges between the government's proprietary funds and various other functions of government. Elimination of these charges would distort the direct cost and program revenues reported for the various functions concerned.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The County's fiduciary funds are presented in the fund financial statements by type. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Accordingly, real and personal property taxes are recorded as revenues and receivables when billed, net of allowances for uncollectible amounts. Property taxes not collected within 60 days after year-end are reflected as unavailable revenues. Sales and utility taxes, which are collected by the state or utilities and subsequently remitted to the County, are recognized as revenues and receivables upon collection by the state or utility, which is generally within two months preceding receipt by the County.

Licenses, permits, fines and rents are recorded as revenues when received. Intergovernmental revenues, consisting primarily of federal, state and other grants for the purpose of funding specific expenditures, are recognized when earned or at the time other specific expenditures, are recognized when earned or at the time of the specific expenditure. Revenues from general purpose grants are recognized in the period to which the grant applies. All other revenue items are considered to be measurable and available only when cash is received by the government.

In the fund financial statements, financial transactions and accounts of the County are organized on the basis of funds. The operation of each fund is considered to be an independent fiscal and separate accounting entity, with a self-balancing set of accounts recording cash and/or other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation: (Continued)

1. Governmental Funds

Governmental Funds are those through which most governmental functions typically are financed. The County reports the following governmental funds:

General Fund - The General Fund is the primary operating fund of the County. This fund is used to account for and report all financial transactions and resources except those required to be accounted for and reported in another fund. Revenues are derived primarily from property and other local taxes, state and federal distributions, licenses, permits, charges for service, and interest income. A significant part of the General Fund's revenues is used principally to finance the operations of the Component Unit School Board. The General Fund is considered a major fund for government-wide reporting purposes.

Special Revenue Funds: Special Revenue Funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Special Revenue Funds are considered nonmajor governmental funds and consist of the Economic Development Fund, Community Corrections Fund, Asset Forfeiture Fund, Tourism Fund, and Stormwater Fund.

Capital Projects Fund – The Capital Projects Fund accounts for and reports financial resources that are restricted, committed or assigned to expenditure for capital outlays, except for those financed by proprietary funds or for assets held in trust for individuals, private organizations, or other governments. The Capital Projects Fund is considered a major governmental fund.

Debt Service Fund – The Debt Service Fund Accounts for and reports resources that are restricted, committed or assigned to expenditure for principal and interest or to report financial resources being accumulated for future debt service. The Debt Service fund is considered a major governmental fund.

2. Proprietary Funds

Proprietary Funds account for operations that are financed in a manner similar to private business enterprises. The Proprietary Fund measurement focus is upon determination of net income, financial position, and changes in financial position. Proprietary funds consist of Enterprise Funds.

Enterprise Funds - Enterprise funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The County's Enterprise Funds consist of the Water and Sewer Fund, which is considered a major fund.

3. Fiduciary Funds (Trust and Agency Funds)

Fiduciary Funds account for assets held by a governmental unit in a trustee capacity or as an agent or custodian for individuals, private organizations, other governmental units, or other funds. These funds include Trust and Agency Funds. These funds utilize the accrual basis of accounting as described in the Proprietary Funds. Fiduciary funds are not included in the government-wide financial statements. Trust Funds include the Pension Trust Fund. Agency funds include the Special Welfare Fund, Fringe Benefits Fund and the Performance Bond Fund.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation: (Continued)

4. Component Unit

The Prince George County School Board has the following funds:

Governmental Funds:

School Operating Fund - This fund is the primary operating fund of the School Board and accounts for and reports all revenues and expenditures applicable to the general operations of the public school system. Revenues are derived primarily from charges for services, appropriations from the County of Prince George and state and federal grants. The School Operating Fund is considered a major fund of the School Board for financial reporting purposes.

Special Revenue Funds: Special revenue funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Adult Basic Education, Textbook Fund and School Cafeteria Funds are considered to be nonmajor funds.

E. Cash and Cash Equivalents

Cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the government.

F. Investments

Money market investments, participating interest-earning investment contracts (repurchase agreements) that have a remaining maturity at time of purchase of one year or less, nonparticipating interest-earning investment contracts (nonnegotiable certificates of deposit (CDs)) and external investment pools are measured at amortized cost. All other investments are reported at fair value.

G. Receivables and Payables

All trade and property tax receivables are shown net of an allowance for uncollectibles. The County calculates its allowance for uncollectible accounts using historical collection data and, in certain cases, specific account analysis. The allowance amounted to approximately \$1,209,073 at June 30, 2019 is comprised of property taxes in the amount of \$1,159,000 and utility accounts of \$50,073.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

G. Receivables and Payables: (Continued)

Real and Personal Property Tax Data:

The tax calendars for real and personal property taxes are summarized below.

	<u>Real Property</u>	<u>Personal Property</u>
Levy	July 1	January 1
Due Date	June 5/December 5	June 5
Lien Date	July 1	January 1

The County bills and collects its own property taxes.

H. Capital Assets

Capital assets, which include property, plant and equipment, are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the County as land, buildings, and equipment with an initial individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. The County does not have any infrastructure in its capital assets since roads, streets, bridges and similar assets within its boundaries are the property of the Commonwealth of Virginia. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. No interest was capitalized for the fiscal year ending June 30, 2019.

Property, plant and equipment of the primary government, as well as the component unit, are depreciated using the straight-line method over the following estimated useful lives.

<u>Assets</u>	<u>Years</u>
Buildings	40
Machinery and Equipment	5-20
Utility Plant	30-50
Buses	10

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

I. Compensated Absences

County employees are granted vacation and sick pay in varying amounts based on years of service. Employees may accumulate, subject to certain limitations, unused vacation and sick pay earned and, upon retirement, termination, or death, may be compensated for certain amounts at specified rates. The cost of accumulated vacation and sick pay expected to be paid from future expendable resources is accounted for as a liability in the government-wide statements and proprietary statements.

All vacation pay is accrued when incurred in the government-wide and proprietary financial statements. For governmental fund types, the amount of accumulated unpaid vacation leave which is payable from available resources is recorded as a liability of the respective fund only if they have matured, for example, as a result of employee retirement or resignation. For the County's Water and Sewer Fund, the cost of vacation and sick leave is recorded as a liability when earned.

J. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

K. Fund Equity

The County reports the following classifications of fund balance to describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable fund balance – amounts that are not in spendable form (such as inventory and prepaids) or are required to be maintained intact (corpus of a permanent fund);
- Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;
- Committed fund balance – amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;
- Assigned fund balance – amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;
- Unassigned fund balance – amounts that are available for any purpose; positive amounts are only reported in the general fund.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

K. Fund Equity: (Continued)

- Unassigned fund balance – amounts that are available for any purpose; positive amounts are only reported in the general fund.

When fund balance resources are available for a specific purpose in more than one classification, it is the County policy to use the most restrictive funds first in the following order: restricted, committed, assigned, and unassigned as they are needed.

The Board of Supervisors establishes and modifies or rescinds fund balance commitments and assignments by passage of a resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment or assignment is further indicated in the budget document as a designation or commitment of the fund (such as for special incentives). The County does this through adoption or amendment of the budget as intended for specific purpose (such as the purchase of capital assets, construction, debt service, or for other purposes). The County's Board of Supervisors has not delegated this authority to assign amounts to any individual for the fiscal year ended June 30, 2019.

In the General Fund, the County strives to maintain an unassigned fund balance to be used for unanticipated emergencies of approximately 15% of the actual GAAP basis expenditures and other financing sources and uses.

L. Long-term Obligations

In the government-wide financial statements, long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued as well as premiums received are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

M. Restricted Cash

The County has total restricted assets of \$25,348,380, which consist of proffers in the amount of \$100,388, debt service of \$30,886, and unspent bond proceeds of \$25,217,106 at June 30, 2019.

N. Net Position

Net position is the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources. Net investment in capital assets represents capital assets, less accumulated depreciation, less any outstanding debt related to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

O. Net Position Flow Assumption

Sometimes the County will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

P. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has several items that qualify for reporting in this category. One item is comprised of certain items related to the measurement of the net pension liabilities and net OPEB liabilities. Another item relates to contributions to the pension plans made during the current year and subsequent to the net pension liability and net OPEB liability measurement date, which will be recognized as a reduction of the net pension liability and net OPEB liability next fiscal year. For more detailed information on these items, reference the pension and OPEB notes. Another is the deferred amount on bond refunding, which is the difference between the reacquisition price and the net carrying amount of the retired debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has two types of items that qualify for reporting in this category. Under a modified accrual basis of accounting, unavailable revenue representing property taxes receivable is reported in the governmental funds balance sheet. This amount is comprised of uncollected property taxes due prior to June 30 and amounts prepaid on the 2nd half installments and is deferred and recognized as an inflow of resources in the period that the amount becomes available. Under the accrual basis, amounts prepaid on the 2nd half installments are reported as deferred inflows of resources. In addition, certain items related to the measurement of the net pension liability and net OPEB liability are reported as deferred inflows of resources. For more detailed information on the pension and OPEB item, reference the pension and OPEB notes.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Q. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County's Retirement Plan and the additions to/deductions from the County's Retirement Plan's net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

R. Other Postemployment Benefits (OPEB)

Group Life Insurance

The Virginia Retirement System (VRS) Group Life Insurance (GLI) Program provides coverage to state employees, teachers, and employees of participating political subdivisions. The GLI Program was established pursuant to §51.1-500 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. The GLI Program is a defined benefit plan that provides a basic group life insurance benefit for employees of participating employers. For purposes of measuring the net GLI Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the GLI OPEB, and GLI OPEB expense, information about the fiduciary net position of the VRS GLI Program OPEB and the additions to/deductions from the VRS GLI OPEB's net fiduciary position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Political Subdivision and Teacher Employee Health Insurance Credit Program

The County and Virginia Retirement System (VRS) Teacher Employee Health Insurance Credit (HIC) Programs were established pursuant to §51.1-1400 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. The Teacher Employee HIC Program is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired teachers. For purposes of measuring the net OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to the Programs' OPEB, and the related OPEB expenses, information about the fiduciary net position of the County and VRS Teacher Employee HIC Programs; and the additions to/deductions from the County and VRS Teacher Employee HIC Programs' net fiduciary position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 2—STEWARDSHIP, COMPLIANCE, AND ACCOUNTING:

The following procedures are used by the County in establishing the budgetary data reflected in the financial statements:

1. On or before March 30th, the County Administrator submits to the Board of Supervisors a proposed operating and capital budget for the fiscal year commencing the following July 1. The operating and capital budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain citizen comments.
3. Prior to June 30, the budget is legally enacted through passage of an Appropriations Resolution.
4. The Appropriations Resolution places legal restrictions on expenditures at the department level for the General Fund and Fund level for other Governmental Funds. The School Board is authorized to transfer budgeted amounts within the school system's categories.
5. All budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
6. Appropriations lapse on June 30 for all County units with the exception of Capital Projects.

Expenditures and Appropriations

Expenditures exceeded appropriations in the Board of Supervisors department of the General Fund by \$11,930. School Operating Fund's Operation and Maintenance department expenditures exceed appropriations by \$35,568.

NOTE 3—DEPOSITS AND INVESTMENTS:

Deposits

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act") Section 2.2-4400 et. seq. of the Code of Virginia. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

Investments

Statutes authorize the County and School Board Component Unit to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, "prime quality" commercial paper and certain corporate notes, banker's acceptances, repurchase agreements and the State Treasurer's Local Government Investment Pool (LGIP). Bond proceeds subject to arbitrage rebate are invested in the State Non-Arbitrage Program.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 3—DEPOSITS AND INVESTMENTS: (CONTINUED)

Credit Risk of Debt Securities

The County limits the investment of funds in Debt Securities to those with credit ratings of at least Aa3/AA-. The County's rated debt investments as of June 30, 2019 were rated by Standard & Poor's and the ratings are presented below using Standard & Poor's rating scale.

Rated Debt Investments' Values

Rated Debt Investments	Value	AAAm	AA+f
Virginia Investment Pool - High Quality Bond	\$ 10,515,771	\$ -	\$ 10,515,771
Virginia Investment Pool - Stable NAV Liquidity	13,006,171	13,006,171	-
SNAP	25,217,106	25,217,106	-
Total	<u>\$ 48,739,048</u>	<u>\$ 38,223,277</u>	<u>\$ 10,515,771</u>

Interest Rate Risk

The County does not have a formal policy relating to interest rate risk.

Investment Type	Fair Value	Less Than 1 Year	1-3 Years
Virginia Investment Pool - High Quality Bond	\$ 10,515,771	\$ -	\$ 10,515,771
Virginia Investment Pool - Stable NAV Liquidity	13,006,171	13,006,171	-
SNAP	25,217,106	25,217,106	-
Total	<u>\$ 48,739,048</u>	<u>\$ 38,223,277</u>	<u>\$ 10,515,771</u>

Custodial Credit Risk

The County's investments are all insured, registered in the County's name and held in an account in the County's name, or invested in an external investment pool.

Fair Value Measurements:

Fair value of the Virginia Investment Pool is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The County has measured fair value of the above investments at the net asset value (NAV).

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 3—DEPOSITS AND INVESTMENTS: (CONTINUED)

Redemption Restrictions:

External Investment Pools

The value of the positions in the external investment pool (SNAP) is the same as the value of the pool shares. As SNAP is not SEC registered, regulatory oversight of the pool rests with the Virginia State Treasury. SNAP is amortized cost basis portfolio. There are no withdrawal limitations or restrictions imposed on participants.

NOTE 4—DUE TO/FROM OTHER GOVERNMENTS:

At June 30, 2019, the County has amounts due from other governments as follows:

NOTE 8—DEFERRED/UNAVAILABLE REVENUE:

The following is a summary of unearned/unavailable revenue for the year ended June 30, 2019:

Deferred revenue /unavailable revenue represent amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Under the modified accrual basis of accounting, such amounts are measurable, but not available. Under the accrual basis, assessments for future periods are deferred.

	Government-wide Statements Governmental Activities	Balance Sheet Governmental Funds
Deferred/Unavailable Revenue		
Unavailable revenue representing uncollected property tax billings for which asset recognition criteria has not been met. The uncollected tax billings are not available for the funding of current expenditures	\$ -	\$ 3,153,759
Prepaid property taxes due in December 2019, but paid in advance by the taxpayers.	72,305	72,305
Total unavailable/deferred revenue	<u>\$ 72,305</u>	<u>\$ 3,226,064</u>

NOTE 9—COMMITMENTS AND CONTINGENT LIABILITIES:

Federal programs in which the County and all discretely presented component units participate were audited in accordance with the provisions of the Uniform Guidance. Pursuant to the provisions of this guidance all major programs and certain other programs were tested for compliance with applicable grant requirements.

While no matters of noncompliance were disclosed by our audit, the Federal Government may subject grant programs to additional compliance tests which may result in disallowed expenditures. In the opinion of management, any future disallowance of current grant program expenditures, if any, would be immaterial.

At June 30, 2019, the County had the following construction contracts outstanding:

Project	Contractor	Balance June 30, 2019
Harrison Elementary Roof	Roof Systems of Virginia, Inc.	\$ 285,570
Cedar Creek Reach 5	River Works, Inc.	350,410
Total		<u>\$ 635,980</u>

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 10—LITIGATION:

At June 30, 2019, there were no matters of litigation involving the County or which would materially affect the County's financial position should any court decisions on pending matters not be favorable to such entities.

NOTE 11—RISK MANAGEMENT:

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries insurance.

The County is a member of the Virginia Association of Counties Risk Pool (VaCorp) insurance program for its property, automobile, liability, public officials and worker's compensation coverage. The pool is a nonprofit, tax exempt association.

Each Association member jointly and severally agrees to assume, pay and discharge any liability. The County pays VaCorp contributions and assessments based upon classifications and rates into a designated cash reserve fund out of which expenses of the Association and claims and awards are to be paid. In the event of a loss deficit and depletion of all available excess insurance, the Association may assess all members in the proportion which the premium of each bears to the total premiums of all members in the year in which such deficit occurs.

The County continues to carry commercial insurance for all other risks of losses. During the last three fiscal years, settled claims from these risks have not exceeded commercial coverage.

NOTE 12—PENSION PLAN:

Plan Description

All full-time, salaried permanent employees of the County and (nonprofessional) employees of public school divisions are automatically covered by a VRS Retirement Plan upon employment. This is an agent multiple-employer plan administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the Code of Virginia, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

Benefit Structures

The System administers three different benefit structures for covered employees – Plan 1, Plan 2 and Hybrid. Each of these benefit structures has different eligibility criteria, as detailed below.

- a. Employees hired before July 1, 2010, vested as of January 1, 2013, and have not taken a refund, are covered under Plan 1, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced retirement benefit beginning at age 65 with at least 5 years of creditable service or age 50 with at least 30 years of creditable service. Non-hazardous duty employees may retire with a reduced benefit as early as age 55 with at least 5 years of creditable service or age 50 with at least 10 years of creditable service. Hazardous duty employees (law enforcement officers, firefighters, and sheriffs) are eligible for an unreduced benefit beginning at age 60 with at least 5 years of creditable service or age 50 with at least 25 years of creditable service. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 5 years of creditable service.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 12—PENSION PLAN: (CONTINUED)

Benefit Structures: (Continued)

- b. Employees hired on or after July 1, 2010, or their membership date is before July 1, 2010, and they were not vested as of January 1, 2013 are covered under Plan 2, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of creditable service or when the sum of their age and service equals 90. Non-hazardous duty employees may retire with a reduced benefit as early as age 60 with at least 5 years of creditable service. Hazardous duty employees are eligible for an unreduced benefit beginning at age 60 with at least 5 years of creditable service or age 50 with at least 25 years of creditable service. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 5 years of creditable service.
- c. Non-hazardous duty employees hired on or after January 1, 2014 are covered by the Hybrid Plan combining the features of a defined benefit plan and a defined contribution plan. Plan 1 and Plan 2 members also had the option of opting into this plan during the election window held January 1 – April 30, 2014 with an effective date of July 1, 2014. Employees covered by this plan are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of creditable service, or when the sum of their age and service equal 90. Employees may retire with a reduced benefit as early as age 60 with at least 5 years of creditable service. For the defined contribution component, members are eligible to receive distributions upon leaving employment, subject to restrictions.

Average Final Compensation and Service Retirement Multiplier

The VRS defined benefit is a lifetime monthly benefit based on a retirement multiplier as a percentage of the employee's average final compensation multiplied by the employee's total creditable service. Under Plan 1, average final compensation is the average of the employee's 36 consecutive months of highest compensation and the multiplier is 1.7% for non-hazardous duty employees, 1.85% for sheriffs and regional jail superintendents, and 1.7% or 1.85% for hazardous duty employees as elected by the employer. Under Plan 2, average final compensation is the average of the employee's 60 consecutive months of highest compensation and the retirement multiplier is 1.65% for non-hazardous duty employees, 1.85% for sheriffs and regional jail superintendents, and 1.7% or 1.85% for hazardous duty employees as elected by the employer. Under the Hybrid Plan, average final compensation is the average of the employee's 60 consecutive months of highest compensation and the multiplier is 1.00%. For members who opted into the Hybrid Retirement Plan from Plan 1 or Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans.

Cost-of-Living Adjustment (COLA) in Retirement and Death and Disability Benefits

Retirees with an unreduced benefit or with a reduced benefit with at least 20 years of creditable service are eligible for an annual COLA beginning July 1 after one full calendar year from the retirement date. Retirees with a reduced benefit and who have less than 20 years of creditable service are eligible for an annual COLA beginning on July 1 after one calendar year following the unreduced retirement eligibility date. Under Plan 1, the COLA cannot exceed 5.00%. Under Plan 2 and the Hybrid Plan, the COLA cannot exceed 3.00%. The VRS also provides death and disability benefits. Title 51.1 of the Code of Virginia, as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 12—PENSION PLAN: (CONTINUED)

Employees Covered by Benefit Terms

As of the June 30, 2017 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	Primary Government	Component Unit School Board Nonprofessional
Inactive members or their beneficiaries currently receiving benefits	150	128
Inactive members:		
Vested inactive members	45	16
Non-vested inactive members	46	57
Inactive members active elsewhere in VRS	98	19
Total inactive members	189	92
Active members	228	166
Total covered employees	567	386

Contributions

The contribution requirement for active employees is governed by §51.1-145 of the Code of Virginia, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

The County's contractually required employer contribution rate for the year ended June 30, 2019 was 14.55% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2017.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the County were \$1,905,449 and \$1,775,595 for the years ended June 30, 2019 and June 30, 2018, respectively.

The Component Unit School Board's contractually required employer contribution rate for nonprofessional employees for the year ended June 30, 2019 was 7.77% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2017.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the Component Unit School Board's nonprofessional employees were \$322,212 and \$331,058 for the years ended June 30, 2019 and June 30, 2018, respectively.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 12—PENSION PLAN: (CONTINUED)

Net Pension Liability

The net pension liability (NPL) is calculated separately for each employer and represents that particular employer’s total pension liability determined in accordance with GASB Statement No. 68, less that employer’s fiduciary net position. The County’s and Component Unit School Board’s (nonprofessional) net pension liabilities were measured as of June 30, 2018. The total pension liabilities used to calculate the net pension liabilities were determined by an actuarial valuation performed as of June 30, 2017 and rolled forward to the measurement date of June 30, 2018.

Actuarial Assumptions – General Employees

The total pension liability for General Employees in the County’s and Component Unit School Board’s (nonprofessional) Retirement Plan was based on an actuarial valuation as of June 30, 2017, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2018.

Inflation	2.5%
Salary increases, including inflation	3.5% – 5.35%
Investment rate of return	7.0%, net of pension plan investment expense, including inflation*

* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of pension liabilities.

Mortality rates:

Largest 10 – Non-Hazardous Duty: 20% of deaths are assumed to be service related

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

COUNTY OF PRINCE GEORGE, VIRGINIA

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Largest 10 – Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages
Withdrawal Rates	Adjusted rates to better fit experience
Disability Rates	Increased rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 60% to 70%

All Others (Non 10 Largest) – Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Increased age 50 rates, and lowered rates at older ages
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better fit experience
Salary Scale	No change
Line of Duty Disability	Decreased rate from 60% to 45%

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 12—PENSION PLAN: (CONTINUED)

Long-Term Expected Rate of Return

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Target Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Average Long-Term Expected Rate of Return
Public Equity	40.00%	4.54%	1.82%
Fixed Income	15.00%	0.69%	0.10%
Credit Strategies	15.00%	3.96%	0.59%
Real Assets	15.00%	5.76%	0.86%
Private Equity	15.00%	9.53%	1.43%
Total	100.00%		4.80%
		Inflation	2.50%
	*Expected arithmetic nominal return		7.30%

* The above allocation provides a one-year return of 7.30%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.83%, including expected inflation of 2.50%.

Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions; the County and Component Unit School Board (nonprofessional) was also provided with an opportunity to use an alternative employer contribution rate. For the year ended June 30, 2018, the alternate rate was the employer contribution rate used in FY 2012 or 90% of the actuarially determined employer contribution rate from the June 30, 2015 actuarial valuations, whichever was greater. Through the fiscal year ended June 30, 2018, the rate contributed by the school division for the VRS Teacher Retirement Plan was subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2018 on, participating employers and school divisions are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Pension Plan Data

Information about the VRS Political Subdivision Retirement Plan is also available in the separately issued VRS 2018 Comprehensive Annual Financial Report (CAFR). A copy of the 2018 VRS CAFR may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2018-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

Component Unit School Board (professional)

Plan Description

All full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Retirement Plan upon employment. This is a cost-sharing multiple employer plan administered by the Virginia Retirement System (the system). Additional information related to the plan description is included in the first section of this note.

Contributions

The contribution requirement for active employees is governed by §51.1-145 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. Each school division's contractually required employer contribution rate for the year ended June 30, 2019 was 15.68% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2017. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the school division were \$5,031,204 and \$5,095,114 for the years ended June 30, 2019 and June 30, 2018, respectively.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 12—PENSION PLAN: (CONTINUED)

Component Unit School Board (professional): (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the school division reported a liability of \$47,531,000 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2018 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The school division's proportion of the Net Pension Liability was based on the school division's actuarially determined employer contributions to the pension plan for the year ended June 30, 2018 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2018, the school division's proportion was .40418% as compared to .41019% at June 30, 2017.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

For the year ended June 30, 2019, the school division recognized pension expense of \$2,673,000. Since there was a change in proportionate share between measurement dates, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions.

At June 30, 2019, the school division reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ 4,064,000
Change in assumptions	567,000	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	548,000	2,100,000
Net difference between projected and actual earnings on pension plan investments	-	1,008,000
Employer contributions subsequent to the measurement date	<u>5,031,204</u>	<u>-</u>
Total	<u>\$ 6,146,204</u>	<u>\$ 7,172,000</u>

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 12—PENSION PLAN: (CONTINUED)

Component Unit School Board (professional): (Continued)

\$5,031,204 was reported as deferred outflows of resources related to pensions resulting from the school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the fiscal year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future reporting periods as follows:

<u>Year ended June 30</u>	
2020	\$ (987,000)
2021	(1,463,000)
2022	(2,447,000)
2023	(909,000)
2024	(251,000)

Actuarial Assumptions

The total pension liability for the VRS Teacher Retirement Plan was based on an actuarial valuation as of June 30, 2017, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2018.

Inflation	2.5%
Salary increases, including inflation	3.5% – 5.95%
Investment rate of return	7.0%, net of pension plan investment expense, including inflation*

* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of pension liabilities.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 12—PENSION PLAN: (CONTINUED)

Component Unit School Board (professional): (Continued)

Actuarial Assumptions: (Continued)

Mortality rates:

Pre-Retirement:

RP-2014 White Collar Employee Rates to age 80, White Collar Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020.

Post-Retirement:

RP-2014 White Collar Employee Rates to age 49, White Collar Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males 1% increase compounded from ages 70 to 90; females set back 3 years with 1.5% increase compounded from ages 65 to 75 and 2.0% increase compounded from ages 75 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with Scale BB to 2020; 115% of rates for males and females.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change

Component Unit School Board (professional): (Continued)

Net Pension Liability

The net pension liability (NPL) is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB Statement No. 67, less that system's fiduciary net position. As of June 30, 2018, NPL amounts for the VRS Teacher Employee Retirement Plan is as follows (amounts expressed in thousands):

		Teacher Employee Retirement Plan
Total Pension Liability	\$	46,679,555
Plan Fiduciary Net Position		34,919,563
Employers' Net Pension Liability (Asset)	\$	<u>11,759,992</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability		74.81%

The total pension liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net pension liability is disclosed in accordance with the requirements of GASB Statement No. 67 in the System's notes to the financial statements and required supplementary information.

The long-term expected rate of return and discount rate information previously described also apply to this plan.

Sensitivity of the School Division's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the school division's proportionate share of the net pension liability using the discount rate of 7.00%, as well as what the school division's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

			Rate			
		(6.00%)		(7.00%)		(8.00%)
School division's proportionate share of the VRS Teacher Employee Retirement Plan						
Net Pension Liability	\$	72,605,000	\$	47,531,000	\$	26,777,000

NOTE 15—OTHER POSTEMPLOYMENT BENEFITS (OPEB):

Health Insurance Credit (HIC) Program (OPEB Plan):

Plan Description

The Political Subdivision Health Insurance Credit (HIC) Program was established pursuant to §51.1-1400 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent employees of participating political subdivisions are automatically covered by the VRS Political Subdivision HIC Program upon employment. This is an agent multiple-employer plan administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The HIC is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

The specific information about the Political Subdivision HIC Program OPEB, including eligibility, coverage and benefits is described below:

Eligible Employees

The Political Subdivision Retiree HIC Program was established July 1, 1993 for retired political subdivision employees of employers who elect the benefit and retire with at least 15 years of service credit. Eligible employees include full-time permanent salaried employees of the participating political subdivision who are covered under the VRS pension plan. These employees are enrolled automatically upon employment.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 15—OTHER POSTEMPLOYMENT BENEFITS (OPEB: (CONTINUED))

Health Insurance Credit (HIC) Program (OPEB Plan): (Continued)

Benefit Amounts

The Political Subdivision Retiree HIC Program is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired political subdivision employees of participating employers. For employees who retire, the monthly benefit is \$1.50 per year of service per month with a maximum benefit of \$45.00 per month. For employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is \$45.00 per month.

HIC Program Notes

The monthly HIC benefit cannot exceed the individual premium amount. There is no HIC for premiums paid and qualified under LODA; however, the employee may receive the credit for premiums paid for other qualified health plans. Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the HIC as a retiree.

Employees Covered by Benefit Terms

As of the June 30, 2017 actuarial valuation, the following employees were covered by the benefit terms of the HIC OPEB plan:

	<u>Number</u>
Inactive members:	
Vested inactive members	<u>2</u>
Total inactive members	<u>2</u>
Active members	166
Total covered employees	<u><u>168</u></u>

Contributions

The contribution requirements for active employees is governed by §51.1-1402(E) of the Code of Virginia, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. The Component Unit School Board's (nonprofessional) contractually required employer contribution rate for the year ended June 30, 2019 was .48% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2017. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the Component Unit School Board (nonprofessional) to the HIC Program were \$20,826 for the year ended June 30, 2019.

Net HIC OPEB Liability

The Component Unit School Board's (nonprofessional) net HIC OPEB liability was measured as of June 30, 2018. The total HIC OPEB liability was determined by an actuarial valuation performed as of June 30, 2017, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2018.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 15—OTHER POSTEMPLOYMENT BENEFITS (OPEB: (CONTINUED))

Health Insurance Credit (HIC) Program (OPEB Plan): (Continued)

Actuarial Assumptions:

The total HIC OPEB liability was based on an actuarial valuation as of June 30, 2017, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2018.

Inflation	2.5%
Salary increases, including inflation:	
Locality - General employees	3.5%-5.35%
Locality - Hazardous Duty employees	3.5%-4.75%
Investment rate of return	7.0%, net of investment expenses, including inflation*

*Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of the OPEB liabilities.

Mortality Rates – Largest Ten Locality Employers – General Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages and extended final retirement age from 70 to 75
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Lowered disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 15%

Long-Term Expected Rate of Return

The long-term expected rate of return on the System's investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class (Strategy)</u>	<u>Target Allocation</u>	<u>Arithmetic Long-term Expected Rate of Return</u>	<u>Weighted Average Long-term Expected Rate of Return</u>
Public Equity	40.00%	4.54%	1.82%
Fixed Income	15.00%	0.69%	0.10%
Credit Strategies	15.00%	3.96%	0.59%
Real Assets	15.00%	5.76%	0.86%
Private Equity	15.00%	9.53%	1.43%
Total	100.00%		4.80%
		Inflation	2.50%
		*Expected arithmetic nominal return	7.30%

*The above allocation provides a one-year return of 7.30%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.83%, including expected inflation of 2.50%.

NOTE 15—OTHER POSTEMPLOYMENT BENEFITS (OPEB: (CONTINUED))

Health Insurance Credit (HIC) Program (OPEB Plan): (Continued)

Discount Rate

The discount rate used to measure the total HIC OPEB liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ended June 30, 2018, the rate contributed by the entity for the HIC OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2018 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the HIC OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total HIC OPEB liability.

HIC Program Plan Data

Information about the VRS Political Subdivision HIC Program is available in the separately issued VRS 2018 Comprehensive Annual Financial Report (CAFR). A copy of the 2018 VRS CAFR may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2018-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

Teacher Employee Health Insurance Credit (HIC) Program (OPEB Plan):

Plan Description

The Virginia Retirement System (VRS) Teacher Employee Health Insurance Credit (HIC) Program was established pursuant to §51.1-1400 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Employee HIC Program. This is a cost-sharing multiple-employer plan administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The HIC is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

The specific information for the Teacher HIC Program OPEB, including eligibility, coverage, and benefits is described below:

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 15—OTHER POSTEMPLOYMENT BENEFITS (OPEB: (CONTINUED))

Teacher Employee Health Insurance Credit (HIC) Program (OPEB Plan): (Continued)

Eligible Employees

The Teacher Employee Retiree HIC Program was established July 1, 1993 for retired Teacher Employees covered under VRS who retire with at least 15 years of service credit. Eligible employees include full-time permanent (professional) salaried employees of public school divisions covered under VRS. These employees are enrolled automatically upon employment.

Benefit Amounts

The Teacher Employee HIC Program is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired teachers. For Teacher and other professional school employees who retire with at least 15 years of service credit, the monthly benefit is \$4.00 per year of service per month with no cap on the benefit amount. For Teacher and other professional school employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is either: \$4.00 per month, multiplied by twice the amount of service credit, or \$4.00 per month, multiplied by the amount of service earned had the employee been active until age 60, whichever is lower.

HIC Program Notes

The monthly HIC benefit cannot exceed the individual premium amount. Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the HIC as a retiree.

Contributions

The contribution requirements for active employees is governed by §51.1-1401(E) of the Code of Virginia, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Each school division's contractually required employer contribution rate for the year ended June 30, 2019 was 1.20% of covered employee compensation for employees in the VRS Teacher Employee HIC Program. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2017. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the school division to the VRS Teacher Employee HIC Program were \$392,593 and \$398,264 for the years ended June 30, 2019 and June 30, 2018, respectively.

NOTE 15—OTHER POSTEMPLOYMENT BENEFITS (OPEB: (CONTINUED))

Teacher Employee Health Insurance Credit (HIC) Program (OPEB Plan): (Continued)

Teacher Employee HIC Program OPEB Liabilities, Teacher Employee HIC Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Teacher Employee HIC Program OPEB

At June 30, 2019, the school division reported a liability of \$5,126,000 for its proportionate share of the VRS Teacher Employee HIC Program Net OPEB Liability. The Net VRS Teacher Employee HIC Program OPEB Liability was measured as of June 30, 2018 and the total VRS Teacher Employee HIC Program OPEB liability used to calculate the Net VRS Teacher Employee HIC Program OPEB Liability was determined by an actuarial valuation as of that date. The school division's proportion of the Net VRS Teacher Employee HIC Program OPEB Liability was based on the school division's actuarially determined employer contributions to the VRS Teacher Employee HIC Program OPEB plan for the year ended June 30, 2018 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2018, the school division's proportion of the VRS Teacher Employee HIC Program was .40374% as compared to .40934% at June 30, 2017.

For the year ended June 30, 2019, the school division recognized VRS Teacher Employee HIC Program OPEB expense of \$388,000. Since there was a change in proportionate share between measurement dates a portion of the VRS Teacher Employee HIC Program Net OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2019, the school division reported deferred outflows of resources and deferred inflows of resources related to the VRS Teacher Employee HIC Program OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ 25,000
Net difference between projected and actual earnings on Teacher HIC OPEB plan investments	-	4,000
Change in assumptions	-	45,000
Change in proportion	-	173,000
Employer contributions subsequent to the measurement date	<u>392,593</u>	<u>-</u>

Teacher Employee Health Insurance Credit (HIC) Program (OPEB Plan): (Continued)

Teacher Employee HIC Program OPEB Liabilities, Teacher Employee HIC Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Teacher Employee HIC Program OPEB: (Continued)

\$392,593 was reported as deferred outflows of resources related to the Teacher Employee HIC OPEB resulting from the school division’s contributions subsequent to the measurement date will be recognized as a reduction of the Net Teacher Employee HIC OPEB Liability in the fiscal year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Teacher Employee HIC OPEB will be recognized in the Teacher Employee HIC OPEB expense in future reporting periods as follows:

<u>Year Ended June 30</u>		
2020	\$	(43,000)
2021		(43,000)
2022		(43,000)
2023		(41,000)
2024		(42,000)
Thereafter		(35,000)

Actuarial Assumptions

The total Teacher Employee HIC OPEB liability for the VRS Teacher Employee HIC Program was based on an actuarial valuation as of June 30, 2017, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2018.

Inflation	2.5%
Salary increases, including inflation	3.5%-5.95%
Investment rate of return	7.0%, net of investment expenses, including inflation*

*Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of OPEB liabilities.

Teacher Employee Health Insurance Credit (HIC) Program (OPEB Plan): (Continued)

Mortality Rates – Teachers

Pre-Retirement:

RP-2014 White Collar Employee Rates to age 80, White Collar Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020.

Post-Retirement:

RP-2014 White Collar Employee Rates to age 49, White Collar Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males 1% increase compounded from ages 70 to 90; females set back 3 years with 1.5% increase compounded from ages 65 to 70 and 2.0% increase compounded from ages 75 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; 115% of rates for males and females.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change

Net Teacher Employee HIC OPEB Liability

The net OPEB liability (NOL) for the Teacher Employee HIC Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2018, NOL amounts for the VRS Teacher Employee HIC Program is as follows (amounts expressed in thousands):

		Teacher Employee HIC OPEB Plan
Total Teacher Employee HIC OPEB Liability	\$	1,381,313
Plan Fiduciary Net Position		111,639
Teacher Employee net HIC OPEB Liability (Asset)	\$	<u>1,269,674</u>
Plan Fiduciary Net Position as a Percentage of the Total Teacher Employee HIC OPEB Liability		8.08%

NOTE 15—OTHER POSTEMPLOYMENT BENEFITS (OPEB: (CONTINUED))

Teacher Employee Health Insurance Credit (HIC) Program (OPEB Plan): (Continued)

Net Teacher Employee HIC OPEB Liability: (Continued)

The total Teacher Employee HIC OPEB liability is calculated by the System's actuary, and the plan's fiduciary net position is reported in the System's financial statements. The net Teacher Employee HIC OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

Long-Term Expected Rate of Return

The long-term expected rate of return on the VRS System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of VRS System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class (Strategy)</u>	<u>Target Allocation</u>	<u>Arithmetic Long-term Expected Rate of Return</u>	<u>Weighted Average Long-term Expected Rate of Return</u>
Public Equity	40.00%	4.54%	1.82%
Fixed Income	15.00%	0.69%	0.10%
Credit Strategies	15.00%	3.96%	0.59%
Real Assets	15.00%	5.76%	0.86%
Private Equity	15.00%	9.53%	1.43%
Total	<u>100.00%</u>		<u>4.80%</u>
		Inflation	<u>2.50%</u>
		*Expected arithmetic nominal return	<u>7.30%</u>

*The above allocation provides a one-year return of 7.30%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.83%, including expected inflation of 2.50%.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 15—OTHER POSTEMPLOYMENT BENEFITS (OPEB: (CONTINUED))

Teacher Employee Health Insurance Credit (HIC) Program (OPEB Plan): (Continued)

Discount Rate

The discount rate used to measure the total Teacher Employee HIC OPEB was 7.00%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ended June 30, 2018, the rate contributed by each school division for the VRS Teacher Employee HIC Program will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2018 on, all agencies are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the Teacher Employee HIC OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total Teacher Employee HIC OPEB liability.

Sensitivity of the School Division's Proportionate Share of the Teacher Employee HIC Net OPEB Liability to Changes in the Discount Rate

The following presents the school division's proportionate share of the VRS Teacher Employee HIC Program net HIC OPEB liability using the discount rate of 7.00%, as well as what the school division's proportionate share of the net HIC OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

		Rate		
		1% Decrease	Current Discount	1% Increase
		(6.00%)	(7.00%)	(8.00%)
School division's proportionate share of the VRS Teacher Employee HIC OPEB Plan				
Net HIC OPEB Liability	\$	5,725,000	\$ 5,126,000	\$ 4,616,000

Teacher Employee HIC OPEB Fiduciary Net Position

Detailed information about the VRS Teacher Employee HIC Program's Fiduciary Net Position is available in the separately issued VRS 2018 Comprehensive Annual Financial Report (CAFR). A copy of the 2018 VRS CAFR may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2018-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

NOTE 15—OTHER POSTEMPLOYMENT BENEFITS (OPEB: (CONTINUED))

Group Life Insurance (GLI) Program (OPEB Plan):

Plan Description

The Group Life Insurance (GLI) Program was established pursuant to §51.1-500 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent employees of the state agencies, teachers, and employees of participating political subdivisions are automatically covered by the VRS GLI Program upon employment. This is a cost-sharing multiple-employer plan administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

In addition to the Basic GLI benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional GLI Program. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured program, it is not included as part of the GLI Program OPEB.

The specific information for GLI OPEB, including eligibility, coverage and benefits is described below:

Eligible Employees

The GLI Program was established July 1, 1960, for state employees, teachers, and employees of political subdivisions that elect the program. Basic GLI coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their accumulated retirement member contributions and accrued interest.

Benefit Amounts

The GLI Program is a defined benefit plan with several components. The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled. The accidental death benefit is double the natural death benefit. In addition to basic natural and accidental death benefits, the program provides additional benefits provided under specific circumstances that include the following: accidental dismemberment benefit, safety belt benefit, repatriation benefit, felonious assault benefit, and accelerated death benefit option. The benefit amounts are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value. For covered members with at least 30 years of creditable service, the minimum benefit payable was set at \$8,000 by statute. This amount is increased annually based on the VRS Plan 2 cost-of-living adjustment and was increased to \$8,279 effective July 1, 2018.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 15—OTHER POSTEMPLOYMENT BENEFITS (OPEB: (CONTINUED))

Group Life Insurance (GLI) Program (OPEB Plan): (Continued)

Contributions

The contribution requirements for the GLI Program are governed by §51.1-506 and §51.1-508 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the GLI Program was 1.31% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.79% (1.31% x 60%) and the employer component was 0.52% (1.31% x 40%). Employers may elect to pay all or part of the employee contribution; however, the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2019 was 0.52% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2017. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the GLI Program from the entity were \$69,241 and \$65,238 for the years ended June 30, 2019 and June 30, 2018, respectively, for the County; \$22,600 and \$19,426 for the years ended June 30, 2019 and June 30, 2018, respectively, for the School Board (nonprofessional) and \$170,045 and \$171,742 for the years ended June 30, 2019 and June 30, 2018, respectively, for the School Board (professional).

GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Program OPEB

At June 30, 2019, the entity reported a liability of \$995,000 for the County; \$295,000 for the School Board (nonprofessional); \$2,612,000 for the School Board (professional) for its proportionate share of the Net GLI OPEB Liability. The Net GLI OPEB Liability was measured as of June 30, 2018 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation as of that date. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the GLI Program for the year ended June 30, 2018 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2018, the participating employer's proportion was .06548% as compared to .06792% at June 30, 2017 for the County. At June 30, 2018, the participating employer's proportion was .01942% as compared to .02143% at June 30, 2017 for the School Board (nonprofessional). At June 30, 2018, the participating employer's proportion was .17196% as compared to .17310% at June 30, 2017 for the School Board (professional).

For the year ended June 30, 2019, the participating employer recognized GLI OPEB expense of (\$1,000) (County), (\$4,000) (School Board – nonprofessional), \$0 (School Board – professional). Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

Group Life Insurance (GLI) Program (OPEB Plan): (Continued)

GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Program OPEB: (Continued)

\$69,241 (County); \$22,600 (School Board nonprofessional); and \$170,045 (School Board professional) were reported as deferred outflows of resources related to the GLI OPEB resulting from the employer's contributions subsequent to the measurement date will be recognized as a reduction of the Net GLI OPEB Liability in the fiscal year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

<u>Year Ended June 30</u>	<u>Primary Government</u>	<u>Component Unit School Board (nonprofessional)</u>	<u>Component Unit School Board (professional)</u>
2020	\$ (23,000)	\$ (10,000)	\$ (57,000)
2021	(23,000)	(10,000)	(57,000)
2022	(23,000)	(9,000)	(57,000)
2023	(12,000)	(7,000)	(32,000)
2024	(3,000)	(4,000)	(7,000)
Thereafter	(1,000)	(3,000)	8,000

Actuarial Assumptions

The total GLI OPEB liability was based on an actuarial valuation as of June 30, 2017, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2018. The assumptions include several employer groups as noted below. Mortality rates included herein are for relevant employer groups. Information for other groups can be referenced in the VRS CAFR.

Inflation	2.5%
Salary increases, including inflation:	
General state employees	3.5% – 5.35%
Teachers	3.5%-5.95%
SPORS employees	3.5%-4.75%
VaLORS employees	3.5%-4.75%
JRS employees	4.5%
Locality - General employees	3.5%-5.35%
Locality - Hazardous Duty employees	3.5%-4.75%
Investment rate of return	7.0%, net of investment expenses, including inflation*

*Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of OPEB liabilities.

NOTE 15—OTHER POSTEMPLOYMENT BENEFITS (OPEB: (CONTINUED))

Group Life Insurance (GLI) Program (OPEB Plan): (Continued)

Mortality Rates – Teachers

Pre-Retirement:

RP-2014 White Collar Employee Rates to age 80, White Collar Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020.

Post-Retirement:

RP-2014 White Collar Employee Rates to age 49, White Collar Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males 1% increase compounded from ages 70 to 90; females set back 3 years with 1.5% increase compounded from ages 65 to 70 and 2.0% increase compounded from ages 75 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; 115% of rates for males and females.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change

Mortality Rates – Largest Ten Locality Employers – General Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

NET GLI OPEB Liability

The net OPEB liability (NOL) for the GLI Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2018, NOL amounts for the GLI Program are as follows (amounts expressed in thousands):

		Group Life Insurance OPEB Program
Total GLI OPEB Liability	\$	3,113,508
Plan Fiduciary Net Position		1,594,773
Employers' Net GLI OPEB Liability (Asset)	\$	<u>1,518,735</u>
Plan Fiduciary Net Position as a Percentage of the Total GLI OPEB Liability		51.22%

The total GLI OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 15—OTHER POSTEMPLOYMENT BENEFITS (OPEB: (CONTINUED))

Group Life Insurance (GLI) Program (OPEB Plan): (Continued)

Long-Term Expected Rate of Return

The long-term expected rate of return on the System's investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class (Strategy)</u>	<u>Target Allocation</u>	<u>Arithmetic Long-term Expected Rate of Return</u>	<u>Weighted Average Long-term Expected Rate of Return</u>
Public Equity	40.00%	4.54%	1.82%
Fixed Income	15.00%	0.69%	0.10%
Credit Strategies	15.00%	3.96%	0.59%
Real Assets	15.00%	5.76%	0.86%
Private Equity	15.00%	9.53%	1.43%
Total	<u>100.00%</u>		<u>4.80%</u>
		Inflation	<u>2.50%</u>
		*Expected arithmetic nominal return	<u>7.30%</u>

*The above allocation provides a one-year return of 7.30%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.83%, including expected inflation of 2.50%.

Discount Rate

The discount rate used to measure the total GLI OPEB liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS guidance and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ended June 30, 2018, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. From July 1, 2018 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 15—OTHER POSTEMPLOYMENT BENEFITS (OPEB: (CONTINUED))

Group Life Insurance (GLI) Program (OPEB Plan): (Continued)

Sensitivity of the Employer's Proportionate Share of the Net GLI OPEB Liability to Changes in the Discount Rate

The following presents the employer's proportionate share of the net GLI OPEB liability using the discount rate of 7.00%, as well as what the employer's proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

	Rate		
	1% Decrease	Current Discount	1% Increase
	(6.00%)	(7.00%)	(8.00%)
County's proportionate share of the Group Life Insurance Program Net OPEB Liability	\$ 1,300,000	\$ 995,000	\$ 747,000
School Board (nonprofessional)'s proportionate share of the Group Life Insurance Program Net OPEB Liability	\$ 385,000	\$ 295,000	\$ 221,000
School Board (professional)'s proportionate share of the Group Life Insurance Program Net OPEB Liability	\$ 3,413,000	\$ 2,612,000	\$ 1,961,000

GLI Program Fiduciary Net Position

Detailed information about the GLI Program's Fiduciary Net Position is available in the separately issued VRS 2018 Comprehensive Annual Financial Report (CAFR). A copy of the 2018 VRS CAFR may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2018-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

Medical, Dental, and Life Insurance – Pay-as-you-Go (OPEB Plan):

County

Plan Description

In addition to the pension benefits described in Note 12 and the group life benefits described above, the County administers a single-employer defined benefit healthcare plan. The plan provides postemployment health care benefits to all eligible permanent employees who meet the requirements under the County's pension plans. The plan does not issue a publicly available financial report.

Benefits Provided

Postemployment benefits are provided to eligible retirees include Medical, Dental, and Life insurance. The benefits that are provided for active employees are the same for eligible retirees, spouses and dependents of eligible retirees. All permanent employees of the County who meet eligibility requirements of the pension plan are eligible to receive postemployment health care benefits. In addition, the County provides a fixed basic death benefit for all retirees.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 15—OTHER POSTEMPLOYMENT BENEFITS (OPEB: (CONTINUED))

County: (Continued)

Plan Membership

At June 30, 2019 (measurement date), the following employees were covered by the benefit terms:

Total active employees with coverage	\$	191
Total retirees with coverage		<u>7</u>
Total	\$	<u>198</u>

Contributions

The board does not pre-fund benefits; therefore, no assets are accumulated in a trust fund. The current funding policy is to pay benefits directly from general assets on a pay-as-you-go basis. The funding requirements are established and may be amended by the County Board. The amount paid by the County for OPEB as the benefits came due during the year ended June 30, 2019 was \$92,945.

Total OPEB Liability

The County's total OPEB liability was measured as of June 30, 2019. The total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as January 1, 2019.

Actuarial Assumptions

The total OPEB liability in the January 1, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50% per year as of January 1, 2019
Salary Increases	2.50% per year for general salary inflations as of January 1, 2019
Discount Rate	3.13% for accounting and funding disclosures as of January 1, 2019

Mortality rates were PUB2010G.H (general employees headcount) for males/females with generational improvements with Scale SSA18. For those on disability, PUBC2010G.H disabled for males/females with generational improvements with Scale SSA18. The disability and termination rates have been updated to those in the most recent VRS OPEB valuation.

The date of the most recent actuarial experience study for which significant assumptions were based is not available.

Discount Rate

The discount rate used to measure the total OPEB liability is 3.13%. There is no prefunding of benefits in an OPEB trust for this plan, therefore the discount rate is equal to the yield on a 20-year municipal bond Aa index as of June 30, 2019.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended June 30, 2019, the County recognized OPEB expense in the amount of \$2,403,010. At June 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 606,068
Changes in assumptions	-	159,856
Total	<u>\$ -</u>	<u>\$ 765,924</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense in future reporting periods as follows:

Year Ended June 30	
2020	\$ (85,102)
2021	(85,102)
2022	(85,102)
2023	(85,102)
2024	(85,102)
Thereafter	(340,414)

Additional disclosures on changes in net OPEB liability and related ratios, can be found in the required supplementary information following the notes to the financial statements.

School Board

Plan Description

In addition to the pension benefits described in Note 12 and the health insurance credit and group life benefits described above, the School Board administers a single-employer defined benefit healthcare plan. The plan provides postemployment health care benefits to all eligible permanent employees who meet the requirements under the School Board's pension plans. The plan does not issue a publicly available financial report.

Benefits Provided

Postemployment benefits are provided to eligible retirees include Medical, Dental, and Life insurance. The benefits that are provided for active employees are the same for eligible retirees, spouses and dependents of eligible retirees. All permanent employees of the School Board who meet eligibility requirements of the pension plan are eligible to receive postemployment health care benefits. In addition, the School Board provides a fixed basic death benefit for all retirees.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended June 30, 2019, the School Board recognized OPEB expense in the amount of \$356,333. At June 30, 2019, the School Board reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 1,318,301
Changes in assumptions	-	379,375
Total	\$ -	\$ 1,697,676

Amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense in future reporting periods as follows:

Year Ended June 30	
2020	\$ (154,882)
2021	(154,882)
2022	(154,882)
2023	(154,882)
2024	(154,882)
Thereafter	(923,266)

Additional disclosures on changes in net OPEB liability and, related ratios, can be found in the required supplementary information following the notes to the financial statements.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 16—LENGTH OF SERVICE AWARD PENSION PROGRAM:

Plan Description and Provisions

On January 1, 2001 the Prince George County Board of Supervisors adopted the Length of Service Awards Program for the Prince George County Volunteer Fire Companies and Emergency Crew to recognize the service provided by the volunteers. The plan is a single employer, defined benefit pension plan open to any volunteer emergency service technician or volunteer firefighter who has earned a year of credited service. Participants vest after five years of service and earn a fixed dollar benefit based on years of service. Benefits and refunds of the postemployment defined benefit pension plan are recognized when due and payable in accordance with the terms of the plan. No separate financial report is issued for the plan.

As of June 30, 2019, the date of the most recent actuarial valuation, the program membership consisted of the following:

	<u>LOSAP</u>
Inactive members or their beneficiaries currently receiving benefits	35
Inactive members:	
Vested inactive members	<u>59</u>
Total inactive members	59
Active members	<u>146</u>
Total covered employees	<u><u>240</u></u>

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of June 30, 2019, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.00%
Discount Rate	4.35%
Long term expected rate of return	4.50%

Investments

The following was the County's adopted asset allocation as of June 30, 2019:

<u>Asset Class (Strategy)</u>	<u>Target Allocation</u>
Fixed Income	98.64%
Cash	<u>1.36%</u>
Total	<u><u>100.00%</u></u>

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 16—LENGTH OF SERVICE AWARD PENSION PROGRAM: (CONTINUED)**Net Pension Liability of the County**

The components of the net pension liability of the County at June 30, 2019 were as follows:

	LOSAP		
	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Balances at June 30, 2018	\$ 2,523,385	\$ 1,787,446	\$ 735,939
Changes for the year:			
Service cost	\$ 55,169	\$ -	\$ 55,169
Interest	123,115	-	123,115
Differences between expected and actual experience	15,615	-	15,615
Change in assumptions	305,983	-	305,983
Contributions - employer	-	135,000	(135,000)
Net investment income	-	47,825	(47,825)
Benefit payments	(88,550)	(88,550)	-
Net changes	\$ 411,332	\$ 94,275	\$ 317,057
Balances at June 30, 2019	\$ 2,934,717	\$ 1,881,721	\$ 1,052,996

Discount Rate

The discount rate used to measure the total pension liability was 4.35%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that County contributions will be made at rates at lesser or equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 16—LENGTH OF SERVICE AWARD PENSION PROGRAM: (CONTINUED)**Sensitivity of the Net Pension Liability to Changes in the Discount Rate**

The following presents the net pension liability of the County, calculated using the discount rate of 3.13%, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (3.35%) or 1-percentage-point higher (5.35%) than the current rate:

	<u>1% Decrease</u> <u>(3.35%)</u>	<u>Current</u> <u>Discount</u> <u>Rate</u> <u>(4.35%)</u>	<u>1% Increase</u> <u>(5.35%)</u>
LOSAP			
Net Pension Liability	\$ 1,529,000	\$ 1,052,996	\$ 662,000

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2019, the County recognized pension expense of \$92,244. At June 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>LOSAP</u>	
	<u>Deferred</u> <u>Outflows of</u> <u>Resources</u>	<u>Deferred</u> <u>Inflows of</u> <u>Resources</u>
Differences between expected and actual experience	\$ 11,105	-
Change in assumptions	262,783	-
Net difference between projected and actual earnings on pension plan investments	75,765	-
Total	<u>\$ 349,653</u>	<u>\$ -</u>

Amounts reported as deferred outflows of resources to pensions will be recognized in pension expense in future accounting periods as follows:

<u>Year ended June 30</u>	<u>LOSAP</u>
2020	\$ 34,328
2021	34,328
2022	34,328
2023	34,328
2024	26,068
2025	17,523
Thereafter	168,750

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Financial Statements
As of June 30, 2019 (Continued)

NOTE 17—UPCOMING PRONOUNCEMENTS:

Statement No. 84, *Fiduciary Activities*, establishes criteria for identifying fiduciary activities of all state and local governments for accounting and financial reporting purposes and how those activities should be reported. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018.

Statement No. 87, *Leases*, requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019.

Statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*, provides guidance for reporting capital assets and the cost of borrowing for a reporting period and simplifies accounting for interest cost incurred before the end of a construction period. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019.

Statement No. 90, *Majority Equity Interests – An Amendment of GASB Statements No. 14 and No. 61*, provides guidance for reporting a government's majority equity interest in a legally separate organization and for reporting financial statement information for certain component units. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018.

Statement No. 91, *Conduit Debt Obligations*, provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020.

Management is currently evaluating the impact these standards will have on the financial statements when adopted.

NOTE 18—ADOPTION OF ACCOUNTING POLICIES:

The County implemented the financial reporting provisions of Governmental Accounting Standards Board Statement No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements* during the fiscal year ended June 30, 2019. This Statement clarifies which liabilities governments should include when disclosing information related to debt. It also requires that additional essential information related to debt be disclosed in notes to financial statements. No restatement was required as a result of this implementation.

2015	4,323,112	4,323,112	-	26,635,819		16.23%	

The School Board Professional schedule is intended to report information for 10 years. 2015 is the first year for this presentation, no other data is available. Additional years will be included when available.

Notes to Required Supplementary Information - Pension
For the Year Ended June 30, 2019

Changes of benefit terms – There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions – The following changes in actuarial assumptions were made effective June 30, 2016 based on the most recent experience study of the System for the four-year period ending June 30, 2016:

Largest 10 - Non-Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Lowered rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 20%

All Others (Non 10 Largest) - Non-Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Lowered rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 15%

Largest 10 - Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages
Withdrawal Rates	Adjusted rates to better fit experience
Disability Rates	Increased rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 60% to 70%

All Others (Non 10 Largest) - Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Increased age 50 rates, and lowered rates at older ages
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better fit experience
Salary Scale	No change
Line of Duty Disability	Decreased rate from 60% to 45%

Component Unit School Board - Professional Employees

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change

This schedule is intended to report information for 10 years. Information prior to the 2014 is not available. However, additional years will be included as they become available.

Notes to Schedule

Valuation date:

Actuarially determined contribution rates are calculated as of June 30, 2018.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age normal
Amortization method	Level dollar on a closed amortization period
Remaining amortization period	10 years
Inflation	2.00%
Investment rate of return	4.50%

Schedule of School Board's Share of Net OPEB Liability
Teacher Employee Health Insurance Credit (HIC) Program

Total OPEB liability - beginning	2,779,454	2,658,417
Total OPEB liability - ending	\$ 4,336,918	\$ 2,779,454
 Covered payroll	 \$ 13,386,741	 \$ 9,602,174
 County's total OPEB liability (asset) as a percentage of covered payroll	 32.40%	 28.95%

Schedule is intended to show information for 10 years. Additional years will be included as they become available.

Notes to Required Supplementary Information - County OPEB
For the Year Ended June 30, 2019

Valuation Date: 1/1/2019
Measurement Date: 6/30/2019

No assets are accumulated in a trust that meets the criteria in GASB 75 to pay related benefits.

Methods and assumptions used to determine OPEB liability:

Actuarial Cost Method	Entry age normal level % of salary
Discount Rate	3.13% as of June 30, 2019
Inflation	2.50% per year as of June 30, 2019
Healthcare Trend Rate	The healthcare trend rate assumption starts at 6.50% in 2019 and gradually declines to 4.25%
Salary Increase Rates	The salary increase rate is 2.50% annually
Retirement Age	The average age at retirement is 62
Mortality Rates	Mortality rates for general employees were PUB2010G.H. For those on disability, PUB2010G.H Disabled for males/females with generational improvements with Scale SSA18. The disability and termination rates have been updated to those used in the most recent VRS OPEB valuation.

Schedule of Changes in Total OPEB Liability (Asset) and Related Ratios
 Component Unit - School Board
 For the Measurement Dates of June 30, 2019 and 2018

	2019	2018
Total OPEB liability		
Service cost	\$ 267,064	\$ 260,550
Interest	244,151	227,986
Changes in assumptions	(384,313)	(33,108)
Differences between expected and actual experience	(1,438,147)	-
Benefit payments	(159,411)	(84,346)
Net change in total OPEB liability	\$ (1,470,656)	\$ 371,082
Total OPEB liability - beginning	6,556,429	6,185,347
Total OPEB liability - ending	<u>\$ 5,085,773</u>	<u>\$ 6,556,429</u>
 Covered payroll	 \$ 36,566,162	 \$ 23,107,306
 County's total OPEB liability (asset) as a percentage of covered payroll	 13.91%	 28.37%

Schedule is intended to show information for 10 years. Additional years will be included as they become available.

Amounts reported for governmental activities in the Statement of Activities (Exhibit 2) are different because:

Net change in fund balances - total governmental funds - per above \$ 120,364

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation expense in the current period. Details are as follows:

Current year asset additions	\$ 5,047,027	
Depreciation expense	<u>(3,957,696)</u>	1,089,331

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds.

Details supporting these changes are as follows:

Change in compensated absences	\$ 76,556	
Pension expense	3,156,503	
OPEB expense	<u>8,010</u>	3,241,069

Change in net position of governmental activities \$ 4,450,764

Notes: Property in the County is reassessed each year. Property is assessed at fair market value; therefore, the assessed values are equal to actual value. Tax rates are per \$100 of assessed value.
Personal Property, Machinery & Tools, Mobil Homes and Public Service Corporations assessed values are provided by Calendar Year

The County of Prince George does not have any overlapping property tax rates.

**Independent Auditors' Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with Government Auditing Standards**

**To the Honorable Members of the Board of Supervisors
County of Prince George
Prince George, Virginia**

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Prince George, Virginia as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the County of Prince George, Virginia's basic financial statements, and have issued our report dated November 16, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered County of Prince George, Virginia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of County of Prince George, Virginia's internal control. Accordingly, we do not express an opinion on the effectiveness of County of Prince George, Virginia's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management, or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County of Prince George, Virginia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditors' Report on Compliance For Each Major Program and on
Internal Control over Compliance Required by the Uniform Guidance**

**To the Honorable Members of the Board of Supervisors
County of Prince George
Prince George, Virginia**

Report on Compliance for Each Major Federal Program

We have audited the County of Prince George, Virginia's compliance with the types of compliance requirements described *OMB Compliance Supplement* that could have a direct and material effect on each of County of Prince George, Virginia's major federal programs for the year ended June 30, 2019. County of Prince George, Virginia's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of County of Prince George, Virginia's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirement, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about County of Prince George, Virginia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of County of Prince George, Virginia's compliance.

Opinion on Each Major Federal Program

In our opinion, County of Prince George, Virginia complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control over Compliance

Management of the County of Prince George, Virginia is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County of Prince George, Virginia's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of County of Prince George, Virginia's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

See accompanying notes to the schedule of expenditures of federal awards.

COUNTY OF PRINCE GEORGE, VIRGINIA

Notes to Schedule of Expenditures of Federal Awards For the Year Ended June 30, 2019

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the County of Prince George, Virginia under programs of the federal government for the year ended June 30, 2019. The information in this Schedule is presented in accordance with the reporting requirements of *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Because the Schedule presents only a selected portion of operations of the County of Prince George, Virginia, it is not intended to and does not present the financial position, changes in net position or cash flows of the County of Prince George, Virginia.

Note 2 - Summary of Significant Accounting Policies

(1) Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(2) Pass-through entity identifying numbers are presented where available.

Note 3 - Food Donation

Nonmonetary assistance is reported in the schedule at the fair market value of the commodities received and disbursed.

Note 4 - De Minimis Cost Rate

The County did not elect to use the 10-percent de minimis indirect cost rate under Uniform Guidance.

Note 5 - Subrecipients

No awards were passed through to subrecipients.

Note 6 - Relationship to Financial Statements

Federal expenditures, revenues and capital contributions are reported in the County's basic financial statements as follows:

Intergovernmental federal revenues per the basic financial statements:

Primary government:

General Fund	\$ 1,927,544
Total primary government	\$ 1,927,544

Component Unit School Board - reference Exhibit 29

School Operating Fund	\$ 7,783,050
School Cafeteria Fund	1,854,959
Adult Basic Education Fund	294,833
Total component unit School Board	\$ 9,932,842

Total federal expenditures per basic financial statements	\$ 11,860,386
---	---------------

Amounts required to reconcile federal revenues to expenditures:

Less: Payment in lieu of taxes	(42,985)
--------------------------------	----------

Total federal expenditures per the Schedule of Expenditures of Federal Awards	\$ 11,817,401
---	---------------
