#### Independent Auditors' Report

To the Members of Council Town of Pearisburg, Virginia Pearisburg, Virginia

#### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the Town of Pearisburg, Virginia, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Town of Pearisburg, Virginia's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the Town of Pearisburg, Virginia, as of June 30, 2013, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Emphasis of Matter

As described in Note 1 to the financial statements, in 2013, the Town of Pearisburg, Virginia adopted new accounting guidance, GASB Statement Nos. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* and 65, *Items Previously Reported as Assets and Liabilities.* Our opinion is not modified with respect to this matter.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information and the schedule of pension and OPEB funding progress be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Pearisburg, Virginia's basic financial statements. The introductory section, other supplementary information, and statistical information, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

#### Other Information (continued)

The other supplementary information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section and statistical information have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 5, 2014, on our consideration of the Town of Pearisburg, Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Pearisburg, Virginia's internal control over financial reporting and compliance.

# Town of Pearisburg, Virginia Reconciliation of Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Fund To the Statement of Activities For the Year Ended June 30, 2013

Amounts reported for governmental activities in the statement of activities are different because: Net change in fund balances - total governmental funds \$ 154,657 Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which the capital outlays exceeded depreciation in the current period. Capital outlays \$ 259,773 Depreciation expenses (231,060)28,713 Revenues in the statement of activities that do not provide current financial resources are 25,245 not reported as revenues in the funds The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. Debt issued or incurred: Issuance of general obligation bonds (328,523)Principal repayments: General obligation bonds and capital leases 98,396 (230, 127)Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds. Decrease (increase) in compensated absenses (9,168)Decrease (increase) in accrued interest payable (46, 256)Decrease (increase) in net OPEB obligation (26,677)(82,101)

The notes to the financial statements are an integral part of this statement

Change in net position of governmental activities

NOTES TO THE FINANCIAL STATEMENTS

#### TOWN OF PEARISBURG, VIRGINIA

# Notes to the Financial Statements June 30, 2013

#### Note 1-Summary of Significant Accounting Policies:

The financial statements of the Town conform to generally accepted accounting principles (GAAP) applicable to governmental units promulgated by the Governmental Accounting Standards Board (GASB). The more significant accounting policies established by GAAP and used by the Town are discussed below.

#### A. Financial Reporting Entity:

The Town of Pearisburg, Virginia (government) is a municipal corporation governed by an elected seven-member Town Council. The accompanying financial statements present the government. Related organizations, if any, are described below.

Blended Component Units - None

Discretely Presented Component Units - None

Related Organizations - None

Jointly Governed Organizations - None

#### B. Government-wide and fund financial statements:

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

#### C. Measurement focus, basis of accounting, and financial statement presentation:

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary funds. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

#### Note 1-Summary of Significant Accounting Policies: (continued)

C. Measurement focus, basis of accounting, and financial statement presentation: (continued)

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Accordingly, real and personal property taxes are recorded as revenues and receivables when billed, net of allowances for uncollectible amounts. Property taxes not collected within 60 days after year-end are reflected as unavailable revenues.

Sales and utility taxes, which are collected by the state or utility and subsequently remitted to the Town, are recognized as revenues and receivables upon collection by the state or utility, which is generally in the month preceding receipt by the Town.

Licenses, permits, fines, and rents are recorded as revenues when received. Intergovernmental revenues, consisting primarily of federal, state, and other grants for the purpose of funding specific expenditures, are recognized when earned or at the time of the specific expenditure. Revenues from general-purpose grants are recognized in the period to which the grant applies. All other revenue items are considered to be measurable and available only when the government receives cash.

The government reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for and reports all financial resources of the general government, except those required to be accounted for and reported in other funds. The general fund includes activity of the following funds: eastside cemetery fund, park fund, repair/replacement fund, adult day care fund, downtown grant, library expansion fund, fire truck fund, community center fund, and fire department fund. The Town maintains these funds separately in internal financial statements; however, for financial reporting purposes these funds are merged with the general fund.

The government reports the following major proprietary funds:

Proprietary funds account for operations that are financed in a manner similar to those found in private business enterprises. The measurement focus is upon determination of net income, financial position, and changes in financial position. Proprietary funds consist of enterprise funds.

Enterprise funds account for the financing of services to the general public where all or most of the operating expenses involved are recorded in the form of charges to users of such services. Enterprise funds consist of the water fund and the sewer fund.

#### C. Measurement focus, basis of accounting, and financial statement presentation: (continued)

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are other charges between the government's water and sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town's enterprise funds are charges to customers for sales and services. The Town also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

#### D. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance:

#### 1. Cash and Cash Equivalents

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

#### 2. Property Taxes

Property is assessed at its value on January 1. Property taxes attach as an enforceable lien on property as of January 1. Real estate taxes are payable on March 15<sup>th</sup>. Personal property taxes are due and collectible annually on March 15<sup>th</sup>. The Town bills and collects its own property taxes.

#### 3. Allowance for Uncollectible Accounts

The Town calculates its allowance for uncollectible accounts using historical collection data and, in certain cases, specific account analysis. The allowance amounted to approximately \$18,385 at June 30, 2013 and is comprised solely of property taxes. Historically, the Town's water and sewer funds have not had significant write offs of uncollectible accounts, therefore an allowance for uncollectible accounts is not necessary.

#### D. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance: (continued)

#### 4. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### 5. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. No interest was capitalized during the current or previous year.

Property, plant, equipment, and infrastructure of the primary government are depreciated using the straight line method over the following estimated useful lives:

| Assets                             | Years |
|------------------------------------|-------|
| Buildings                          | 40    |
| Building improvements              | 20-40 |
| Structures, lines, and accessories | 20-40 |
| Machinery and equipment            | 4-30  |

#### 6. Compensated Absences

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. In accordance with the provisions of Government Accounting Standards Statement No. 16, *Accounting for Compensated Absences*, no liability is recorded for non-vesting accumulating rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulating sick leave benefits that it is estimated will be taken as "terminal leave" prior to retirement. The Town accrues salary-related payments associated with the payment of compensated absences. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements.

D. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance: (continued)

#### 7. Long-term Obligations

In the government-wide financial statements, and proprietary fund financial statements, long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

#### 8. Fund equity

The Town reports fund balance in accordance with GASB Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable fund balance amounts that are not in spendable form (such as inventory and prepaids) or are required to be maintained intact (corpus of a permanent fund);
- Restricted fund balance amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;
- Committed fund balance amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;
- Assigned fund balance amounts a government intends to use for a specific purpose; intent can be
  expressed by the governing body or by an official or body to which the governing body delegates the
  authority;
- Unassigned fund balance amounts that are available for any purpose; positive amounts are only reported in the general fund.

When fund balance resources are available for a specific purpose in more than one classification, it is the Town of Pearisburg, Virginia's policy to use the most restrictive funds first in the following order: restricted, committed, assigned, and unassigned, as they are needed.

#### D. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance: (continued)

#### 8. Fund equity (continued)

The Town of Pearisburg, Virginia establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund (such as for special incentives). Assigned fund balance is established by the Town Council through adoption or amendment of the budget as intended for specific purpose (such as the purchase of capital assets, construction, debt service, or for other purposes).

#### 10. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The consumption method is used in governmental funds to report prepaid items.

#### 11. Restricted Assets

Restricted assets consist of cash and cash equivalents that are legally restricted for use by enabling state legislation.

#### 12. Net Position

Net position is the difference between a) assets and deferred outflows of resources and b) liabilities and deferred inflows of resources. Net investment in capital assets represents capital assets, less accumulated depreciation, less any outstanding debt related to acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position.

#### 13. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The Town does not have any deferred outflows of resources as of June 30, 2013.

D. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance: (continued)

#### Deferred Outflows/Inflows of Resources

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Town has one type of item that qualifies for reporting in this category. Under a modified accrual basis of accounting, unavailable revenue representing property taxes receivable is reported in the governmental funds balance sheet. This amount is comprised of uncollected property taxes due prior to June 30 and prepaid amounts and is deferred and recognized as an inflow of resources in the period that the amount becomes available. Under the accrual basis, prepaid amounts are reported as deferred inflows of resources.

#### 14. Net Position Flow Assumption

Sometimes the Town will fund outlays for a particular purpose from both restricted (e.g. restricted bond and grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Town's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

15. Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position, Statement No. 63 of the Governmental Accounting Standards Board:

The Town implemented the financial reporting provisions of the above Statement for the fiscal year ended June 30, 2013. This Statement provides guidance for reporting deferred inflows and deferred outflows of resources. The requirements of this Statement will improve financial reporting by standardizing the presentation of deferred outflows of resources and deferred inflows of resources and their effects on an entity's net position. With the implementation of this Statement, certain terminology has changed and financial statement descriptions have changed from "net assets" to "net position." The net equity reported in the financial statements was not changed as a result of implementing this Statement and no restatement of prior balances is required.

16. Items Previously Reported as Assets and Liabilities, Statement No. 65 of the Governmental Accounting Standards Board:

The Town implemented the financial reporting provisions of the above Statement for the fiscal year ended June 30, 2013. This Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. The net equity reported in the financial statements was not changed as a result of implementing this Statement and no restatement of prior balances is required.

#### Note 2-Stewardship, Compliance, and Accountability:

#### A. Budgetary information

The following procedures are used by the Town in establishing the budgetary data reflected in the financial statements:

- Prior to May 1, the Town Manager submits to the Town Council a proposed operating and capital budget for the fiscal year commencing the following July 1. The operating and capital budget includes proposed expenditures and the means of financing them. The General Fund has a legally adopted budget.
- 2. Public hearings are conducted to obtain citizen comments.
- 3. Prior to June 30, the budget is legally enacted through passage of an Appropriations Resolution.
- 4. The Appropriations Resolution places legal restrictions on expenditures at the function level. Only the Town Council can revise the appropriation for each department or category. The Town Manager is authorized to transfer budgeted amounts within general government departments.
- Formal budgetary integration is employed as a management control device during the year for the General Fund.
- 6. All budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
- 7. Appropriations lapse on June 30, for all Town units.
- Encumbrance accounting, under which purchase orders, contracts, and other commitments for the
  expenditure of monies are recorded in order to commit that portion of the applicable appropriations, is not
  part of the Town's accounting system.

#### B. Deficit fund equity

At June 30, 2013, there were no funds with deficit fund equity.

The remainder of this page left blank intentionally.

#### Note 3-Deposits and Investments:

<u>Deposits</u>: Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act"), Section 2.2-4400 et. seq. of the <u>Code of Virginia</u>. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

<u>Investments</u>: Statutes authorize local governments and other public bodies to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, "prime quality" commercial paper and certain corporate notes, banker's acceptances, repurchase agreements, and the State Treasurer's Local Government Investment Pool (LGIP).

At June 30, 2013 the Town had no investments.

#### Note 4-Interfund Transfers and Balances:

Interfund transfers for the year ended June 30, 2013, consisted of the following:

| Fund                  | Tra | Transfers In |    | nsfers Out |
|-----------------------|-----|--------------|----|------------|
| Primary Government:   |     |              |    |            |
| General Fund          | \$  | 18,113       | \$ | -          |
| Water and Sewer Funds |     | 203,287      |    | 221,400    |
| Total                 | \$  | 221,400      | \$ | 221,400    |

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgeting authorization.

Interfund balances for the year ended June 30, 2013, consisted of the following:

| Fund                | <br>Due To    |    | Oue From  |
|---------------------|---------------|----|-----------|
| Primary Government: |               |    |           |
| General Fund        | \$<br>144,735 | \$ | -         |
| Water Fund          | 9,570         |    | (94,118)  |
| Sewer Fund          | 7,061         |    | (67,248)  |
| Total               | \$<br>161,366 | \$ | (161,366) |

This amount is comprised of various advances made to the Water and Sewer Funds over the past several years.

#### Note 5-Due from Other Governmental Units:

The following amounts represent receivables from other governments at year-end:

|                           | P   | rimary  |
|---------------------------|-----|---------|
|                           | Gov | ernment |
| Commonwealth of Virginia: |     |         |
| Non-categorical aid       | \$  | 7,141   |
|                           |     |         |
| Total                     | \$  | 7,141   |

#### Note 6-Long-Term Obligations:

#### Primary Government - Governmental Activities Obligations:

The following is a summary of long-term obligation transactions of the governmental activities for the year ended June 30, 2013:

|                         | Balance<br>July 1, 2012 | Increases/ Issuances | Decreases/<br>Retirements | Balance<br>June 30, 2013 |
|-------------------------|-------------------------|----------------------|---------------------------|--------------------------|
| Capital Leases (Note 7) | \$ 64,014               | \$ -                 | \$ (34,354)               | \$ 29,660                |
| Bonds Payable           | 2,485,090               | 328,523              | (64,042)                  | 2,749,571                |
| Net OPEB Obligation     | 131,451                 | 60,634               | (33,957)                  | 158,128                  |
| Compensated Absences    | 107,192                 | 89,562               | (80,394)                  | 116,360                  |
| Total                   | \$ 2,787,747            | \$ 478,719           | \$ (212,747)              | \$ 3,053,719             |

#### Note 7-Capital Leases:

#### **Primary Government:**

The Town has entered into lease agreements for the acquisition of land and a building. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the inception dates.

The assets acquired through capital leases are as follows:

|                                | <br>vernmental<br>activities |
|--------------------------------|------------------------------|
| Asset:                         | <br>                         |
| Building                       | \$<br>287,484                |
| Land                           | 12,516                       |
| Less: Accumulated depreciation | <br>(66,495)                 |
|                                | _                            |
| Total                          | \$<br>233,505                |

The future minimum lease obligations and the net present value of the minimum lease payments as of June 30, 2013, were as follows:

| Fiscal                                  | Governmental |        |  |
|-----------------------------------------|--------------|--------|--|
| Year Ended                              | Activities   |        |  |
| 2014                                    | \$           | 30,188 |  |
| Total minimum lease payments            | \$           | 30,188 |  |
| Less: amount representing interest      |              | (528)  |  |
| Present value of minimum lease payments | \$           | 29,660 |  |

#### Business-type activities:

The Town has entered into lease agreements for the acquisition of numerous radio read meters. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the inception date.

The assets acquired through capital leases were (individually) below the Town's capitalization threshold and, therefore, are not shown on the books as capital assets.

Note 7-Capital Leases: (continued)

Business-type activities: (continued)

The future minimum lease obligations and the net present value of the minimum lease payments as of June 30, 2013, were as follows:

| Fiscal                                  | Business-type |         |
|-----------------------------------------|---------------|---------|
| Year Ended                              | Activities    |         |
| 2014                                    |               | 33,893  |
| 2015                                    |               | 33,893  |
| 2016                                    |               | 33,893  |
| Total minimum lease payments            | \$            | 101,679 |
| Less: amount representing interest      |               | (5,900) |
| Present value of minimum lease payments | \$            | 95,779  |

#### Note 8-Employee Retirement System and Defined Benefit Pension Plan:

#### A. Plan Description

Name of Plan: Virginia Retirement System (VRS)

Identification of Plan: Agent Multiple-Employer Defined Benefit Pension Plan

Administering Entity: Virginia Retirement System (System)

All full-time, salaried permanent (professional) employees of public school divisions and employees of participating employers are automatically covered by VRS upon employment. Benefits vest after five years of service credit. Members earn one month of service credit for each month they are employed and their employer is paying into the VRS. Members are eligible to purchase prior public service, active duty military service, certain periods of leave and previously refunded VRS service as service credit in their plan.

VRS administers two defined benefit plans for local government employees – Plan 1 and Plan 2:

Members hired before July 1, 2010 and who were vested as of January 1, 2013 are covered under Plan 1.
Non-hazardous duty members are eligible for an unreduced retirement benefit beginning at age 65 with at
least five years of service credit or age 50 with at least 30 years of service credit. They may retire with a
reduced benefit early at age 55 with at least five years of service credit or age 50 with at least 10 years of
service credit.

#### Note 8-Employee Retirement System and Defined Benefit Pension Plan: (Continued)

#### A. Plan Description (continued)

- Members hired or rehired on or after July 1, 2010 and Plan 1 members who were not vested on January 1, 2013 are covered under Plan 2. Non-hazardous duty members are eligible for an unreduced benefit beginning at their normal Social Security retirement age with at least five years of service credit or when the sum of their age and service equals 90. They may retire with a reduced benefit as early as age 60 with at least five years of service credit.
- Eligible hazardous duty members in Plan 1 and Plan 2 are eligible for an unreduced benefit beginning
  at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit.
  These members include sheriffs, deputy sheriffs and hazardous duty employees of political
  subdivisions that have elected to provide enhanced coverage for hazardous duty service. They may
  retire with a reduced benefit as early as age 50 with at least five years of service credit. All other
  provisions of the member's plan apply.

The VRS Basic Benefit is a lifetime monthly benefit based on a retirement multiplier as a percentage of the member's average final compensation multiplied by the member's total service credit. Under Plan 1, average final compensation is the average of the member's 36 consecutive months of highest compensation. Under Plan 2, average final compensation is the average of the member's 60 consecutive months of highest compensation. The retirement multiplier for non-hazardous duty members is 1.70%. The retirement multiplier for sheriffs and regional jail superintendents is 1.85%. The retirement multiplier for eligible political subdivision hazardous duty employees other than sheriffs and jail superintendents is 1.70% or 1.85% as elected by the employer. The multiplier for Plan 2 members was reduced to 1.65% effective January 1, 2013 unless they are hazardous duty employees and their employer has elected the enhanced retirement multiplier. At retirement, members can elect the Basic Benefit, the Survivor Option, a Partial Lump-Sum Option Payment (PLOP) or the Advance Pension Option. A retirement reduction factor is applied to the Basic Benefit amount for members electing the Survivor Option, PLOP or Advance Pension Option or those retiring with a reduced benefit.

Retirees are eligible for an annual cost-of-living adjustment (COLA) effective July 1 of the second calendar year of retirement. Under Plan 1, the COLA cannot exceed 5.00%; under Plan 2, the COLA cannot exceed 6.00%. During years of no inflation or deflation, the COLA is 0.00%. The VRS also provides death and disability benefits. Title 51.1 of the Code of Virginia (1950), as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

The system issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information for VRS. A copy of the most recent report may be obtained from the VRS website at <a href="http://www.varetire.org/Pdf/Publications/2012-annual-report.pdf">http://www.varetire.org/Pdf/Publications/2012-annual-report.pdf</a>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

## Note 8-Employee Retirement System and Defined Benefit Pension Plan: (Continued)

#### B. Funding Policy

#### **Primary Government:**

Plan members are required by Title 51.1 of the <u>Code of Virginia</u> (1950), as amended, to contribute 5.00% of their compensation toward their retirement. All or part of the 5.00% member contribution may be assumed by the employer. Beginning July 1, 2012 new employees were required to pay the 5% member contribution. In addition, for existing employees, employers were required to begin making the employee pay the 5% member contribution. This could be phased in over a period up to 5 years and the employer is required to provide a salary increase equal to the amount of the increase in the employee-paid member contribution. In addition, the Town of Pearisburg, Virginia is required to contribute the remaining amounts necessary to fund its participation in the VRS using the actuarial basis specified by the <u>Code of Virginia</u> and approved by the VRS Board of Trustees. The Town of Pearisburg, Virginia's contribution rate for the fiscal year ended 2013 was 11.60% of annual covered payroll.

#### C. Annual Pension Cost

For fiscal year 2013, the Town of Pearisburg, Virginia's annual pension cost of \$139,439 was equal to the Town of Pearisburg, Virginia's required and actual contributions.

| Primary Government: |                |         |                   |                   |            |       |
| Town                | 6/30/2013      | \$      | 139,439           | 100.00%           | \$         | -     |
|                     | 6/30/2012      |         | 78,587            | 100.00%           |            | -     |
|                     | 6/30/2011      |         | 78,294            | 100.00%           |            | -     |

The FY 2013 required contribution was determined as part of the June 30, 2011 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions at June 30, 2011 included (a) an investment rate of return (net of administrative expenses) of 7.00%, (b) projected salary increases ranging from 3.75% to 5.60% per year for general government employees, 3.75% to 6.20% per year for teachers, and 3.50% to 4.75% for employees eligible for enhanced benefits available to law enforcement officers, firefighters, and sheriffs, and (c) a cost-of-living adjustment of 2.50% per year for Plan1 employees and 2.25% for Plan 2 employees. Both the investment rate of return and the projected salary increases include an inflation component of 2.50%. The actuarial value of the Town's assets is equal to the modified market value of assets. This method uses techniques that smooth the effects of short-term volatility in the market value of assets over a five-year period. The Town's unfunded actuarial accrued liability is being amortized as a level percentage of projected payrolls on an open basis. The remaining amortization period at June 30, 2011 for the Unfunded Actuarial Accrued Liability (UAAL) was 30 years.

# Note 8-Employee Retirement System and Defined Benefit Pension Plan: (Continued)

#### D. Funded Status and Funding Progress

#### **Primary Government:**

As of June 30, 2012, the most recent actuarial valuation date, the plan was 71.33% funded. The actuarial accrued liability for benefits was \$6,107,834, and the actuarial value of assets was \$4,356,814, resulting in an unfunded actuarial accrued liability (UAAL) of \$1,751,020. The covered payroll (annual payroll of active employees covered by the plan) was \$1,127,457, and ratio of the UAAL to the covered payroll was 155.31%.

The schedule of funding progress, presented as Required Supplementary Information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability (AAL) for benefits.

#### Note 9-Capital Assets:

Capital asset activity for the year ended June 30, 2013 was as follows:

## Primary Government:

|                                             | Beginning<br>Balance | Increases    | Decreases      | Ending<br>Balance |

Notes to Financial Statements (Continued) June 30, 2013

#### Note 10-Risk Management:

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees, and natural disasters. The Town participates with other localities in a public entity risk pool for their coverage of property, general liability and auto insurance with the Virginia Municipal Liability Pool. Each member of this risk pool jointly and severally agrees to assume, pay and discharge any liability. The Town pays the Virginia Municipal Group contributions and assessments into a designated cash reserve fund out of which expenses of the pool, claims and awards are to be paid. In the event of a loss, deficit, or depletion of all available resources, the pool may assess all members in the proportion to which the premium of each bears to the total premiums of all members in the year in which such deficit occurs. The Town continues to carry commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

#### Note 11-Other Postemployment Benefits – Health Insurance:

Beginning in fiscal year 2010, the Town of Pearisburg implemented Governmental Accounting Standards Board (GASB) Statement No. 45 for other postemployment benefits (OPEB) including healthcare and other non-pension benefits offered to retirees. This standard determines how the Town of Pearisburg should account for and report its costs related to postemployment healthcare. GASB Statement No. 45 requires that the Town of Pearisburg recognize the cost of retiree health benefits during the period of active employment, while the benefits are being earned, and disclose the unfunded actuarial accrued liability (UAAL) in order to accurately account for the total future cost of postemployment benefits and their financial impact.

#### A. Plan Description

The Town of Pearisburg allows retirees to participate in health insurance programs that are offered. To participate, a retiree must have reached age 50 and completed at least 10 years of full-time service. Retirees are required to contribute 100% of their health insurance premiums to the Town of Pearisburg. The retirees' health insurance rates are not age adjusted; rather the retirees pay the same premium as active employees.

#### B. Funding Policy

The contribution requirements of the Town of Pearisburg and the plan members are established and may be amended by the Town of Pearisburg. The Town of Pearisburg currently pays for post-retirement health care benefits on a pay-as-you-go basis. Retirees are responsible for the payment of 100% of the health care insurance rates shown below:

| Participants      | Mor | nthly Premium |
|-------------------|-----|---------------|
| Employee          | \$  | 523.00        |
| Employee / Spouse |     | 968.00        |
| Family            |     | 1,412.00      |

## Note 11-Other Postemployment Benefits - Health Insurance: (Continued)

#### C. Annual OPEB Cost and Net OPEB Obligation

The Town of Pearisburg is required to compute the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

The following table shows the components of the Town's annual OPEB cost for the year, the amount actually contributed to the plan, and the change in the net OPEB obligation:

| Annual required contribution               | \$<br>59,758  |
|--------------------------------------------|---------------|
| Interest on net OPEB obligation            | 5,258         |
| Adjustment to annual required contribution | <br>(4,382)   |
| Annual OPEB cost (expense)                 | <br>60,634    |
| Contributions made                         | <br>(33,957)  |
| Increase in net OPEB obligation            | <br>26,677    |
| Net OPEB obligation - beginning of year    | <br>131,451   |
| Net OPEB obligation - ending of year       | \$<br>158,128 |

The Town of Pearisburg's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2013 and the two preceding years were as follows:

|            |    |          | Percentage of    |    |           |
|------------|----|----------|------------------|----|-----------|
| Fiscal     |    | Annual   | Annual OPEB Cost | N  | et OPEB   |
| Year Ended | OF | PEB Cost | Contributed      | О  | bligation |
| '          |    |          |                  |    | _         |
| 6/30/2013  | \$ | 60,634   | 56%              | \$ | 158,128   |
| 6/30/2012  |    | 60,359   | 32%              |    | 131,451   |
| 6/30/2011  |    | 60,072   | 28%              |    | 90,164    |

#### D. Funded Status and Funding Progress

The funded status of the Plan as of June 30, 2010, the most recent valuation date, was as follows:

| Actuarial accrued liability (AAL)                                        | \$<br>818,047   |
|--------------------------------------------------------------------------|-----------------|
| Actuarial value of plan assets                                           | \$<br>-         |
| Unfunded actuarial accrued liability (UAAL)                              | \$<br>818,047   |
| Funded ratio (actuarial value of plan assets/AAL)                        | 0.00%           |
| Covered payroll (annual payroll of active employees covered by the plan) | \$<br>1,063,854 |
| UAAL as a percentage of covered payroll                                  | 76.89%          |

Notes to Financial Statements (Continued) June 30, 2013

#### Note 11-Other Postemployment Benefits – Health Insurance: (Continued)

#### D. Funded Status and Funding Progress (continued)

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far in the future. Examples include assumptions about future employment, mortality, and inflation. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, will present multiyear trend information, as it becomes available, about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

#### E. Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. In the June 30, 2010 actuarial valuation, the entry age actuarial cost method was used. Under this method, future benefits are projected and the present value of such benefits is allocated from date of hire to date of eligibility.

A commetices

The actuarial assumptions for the Town of Pearisburg include:

|                           | Assumptions                        |
|---------------------------|------------------------------------|
| Amortization period       | 30 years                           |
| Investment rate of return | 4%                                 |
| Payroll growth            | 3.75%                              |
| Age adjustment factor     | 2.094552                           |
| Health Contribution rate  | 4.2% graded to 5.6% over ten years |

The UAAL is being amortized as a level percentage of payroll over the remaining amortization period, which at June 30, 2010, was 30 years. Amortizations are open ended in that they begin anew at each valuation date.

The remainder of this page left blank intentionally.

Notes to Financial Statements (Continued) June 30, 2013

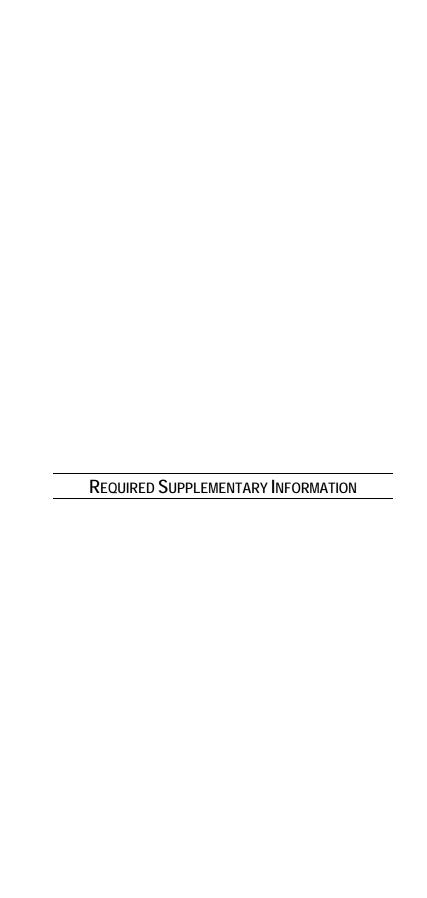

#### Note 15-Upcoming Pronouncements:

The Governmental Accounting Standards Board (GASB) has issued Statement No. 67, *Financial Reporting for Pension Plans*, and Statement No. 68, *Accounting and Financial Reporting for Pensions*. Statement No. 68 will require governments with defined benefit pension plans to disclose a "net pension liability" on their balance sheets. That liability equals the difference between the total pension liability and the value of assets set aside in a pension plan to pay benefits. The statement calls for immediate recognition of more pension expense than is currently required. This includes immediate recognition of annual service cost and interest on the pension liability, plus the effect of changes in benefit terms on the net pension liability. These standards will be effective for fiscal years ending June 30, 2014 (67) and June 30, 2015 (68). The Town believes the implementation of Statement No. 68 will significantly impact the Town's net position; however, no formal study or estimate of the impact of this standard has been performed.

#### Note 16-Commitments:

The Town was involved in a major construction project during the fiscal year, as presented below:

|                                   |    |               | Out | standing at |
|-----------------------------------|----|---------------|-----|-------------|
| Project                           | Co | ntract Amount | Jun | e 30, 2013  |
| Water & Sewer System Improvements | \$ | 1,433,283     | \$  | 89,892      |

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Members of Council Town of Pearisburg, Virginia Pearisburg, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund of the Town of Pearisburg, Virginia as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Town of Pearisburg, Virginia's basic financial statements and have issued our report thereon dated February 5, 2014.

#### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Pearisburg, Virginia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Pearisburg, Virginia's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Pearisburg, Virginia's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs to be material weaknesses [2013-01].

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Town of Pearisburg, Virginia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Town of Pearisburg, Virginia's Response to Findings

The Town of Pearisburg, Virginia's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The Town of Pearisburg, Virginia's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# Independent Auditors' Report on Compliance For Each Major Program and on Internal Control Over Compliance Required by OMB Circular A-133

To the Members of Council Town of Pearisburg, Virginia Pearisburg, Virginia

#### Report on Compliance for Each Major Federal Program

We have audited the Town of Pearisburg, Virginia's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Town of Pearisburg, Virginia's major federal programs for the year ended June 30, 2013. The Town of Pearisburg, Virginia's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

#### Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Town of Pearisburg, Virginia's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Town of Pearisburg, Virginia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Town of Pearisburg, Virginia's compliance.

#### Opinion on Each Major Federal Program

In our opinion, the Town of Pearisburg, Virginia complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

#### Report on Internal Control Over Compliance

Management of the Town of Pearisburg, Virginia is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Town of Pearisburg, Virginia's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Town of Pearisburg, Virginia's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

#### Note A-Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of the Town of Pearisburg, Virginia under programs of the federal government for the year ended June 30, 2013. The information in the Schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States*, *Local Governments, and Non-Profit Organizations*. Because the Schedule presents only a selected portion of the operations of the Town of Pearisburg, Virginia, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Town of Pearisburg, Virginia.

#### Note B-Summary of Significant Accounting Policies

- (1) Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments, wherein certain types of expenditures are not allowed or are limited as to reimbursement.
- (2) Pass-through entity identifying numbers are presented where available.

#### Note C-Relationship to the Financial Statements:

Federal expenditures, revenues and capital contributions are reported in the Town's basic financial statements as follows:

Intergovernmental federal revenues per the basic financial statements:

| Primary government: General Fund Proprietary Fund Loan General Fund Loan      | \$ 32,041<br>1,151,814<br>328,523 |
|-------------------------------------------------------------------------------|-----------------------------------|
| Subtotal                                                                      | 1,512,378                         |
| Adjustments for payables - current and prior year                             | (394,914)                         |
| Total federal expenditures per the Schedule of Expenditures of Federal Awards | \$1,117,464                       |

#### TOWN OF PEARISBURG

Schedule of Findings and Questioned Costs Year Ended June 30, 2013

#### Section II - Financial Statement Findings

#### 2013-01

Criteria: Per Statement on Auditing Standards No. 115, an auditee should have sufficient expertise in the

selection and application of accounting principles used in the preparation of the annual financial

report.

Condition: The auditee does not possess sufficient expertise in the selection and application of accounting

principles to ensure the annual financial report meets all applicable standards promulgated by Generally Accepted Accounting Standards (GAAS), the Governmental Accounting Standards

Board (GASB).

Effect: There is more than a remote likelihood that a material misstatement of the financial statements

will not be prevented or detected by the entity's internal controls over financial reporting.

Cause: The auditee is small and does not have staff with significant experience in preparing financial

statements in accordance with current reporting standards. As such, the auditee relies on the

auditor for technical advice related to same.

Recommendation: The auditor recommends that the auditee review audit adjustments annually and replicate same

in future periods to the extent possible. It is noted that the auditee has made great strides in posting year end adjustments and is gaining a good understanding of the year end audit process.

Management's

Response To comply with SAS No. 115, we would be required to hire staff and/or consultants with expertise

in the preparation of financial statements using standards referred to above. The additional cost required exceeds any identified benefits. As such, management does not propose to take any

action regarding SAS No. 115.

#### Section III - Federal Award Findings and Questioned Costs

There are no federal award findings and questioned costs to report.

#### Section IV - Status of Prior Audit Findings

There were no findings in the prior fiscal year.
