Independent Auditors' Report

**To the Commissioners
Thomas Jefferson Planning District Commission
Charlottesville, Virginia**

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Thomas Jefferson Planning District Commission, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Thomas Jefferson Planning District Commission, as of June 30, 2021, and the respective changes in financial position, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and schedules related to pension and OPEB funding, on pages 4-8, 43, and 44-50 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Thomas Jefferson Planning District Commission's basic financial statements. The supporting schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The supporting schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supporting schedules and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 4, 2021 on our consideration of the Thomas Jefferson Planning District Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Thomas Jefferson Planning District Commission's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Thomas Jefferson Planning District Commission's internal control over financial reporting and compliance.

**THOMAS JEFFERSON PLANNING DISTRICT COMMISSION
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2021
CHRISTINE JACOBS, EXECUTIVE DIRECTOR**

Management's discussion and analysis (MD&A) is a required element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments. Its purpose is to provide an overview of the financial activities of the Thomas Jefferson Planning District Commission (TJPDC) based on currently known facts, decisions, and/or conditions.

USING THIS REPORT AND FINANCIAL STATEMENTS

The annual report consists of the management's discussion and analysis, financial statements on government-wide and fund basis, supporting schedules, compliance reports, and the schedule of expenditures of federal awards. The government-wide financial statements present financial information for all activities of the TJPDC. The fund-basis financial statements concentrate on separate sets of self-balancing accounts.

FINANCIAL HIGHLIGHTS

For FY21, TJPDC had total revenues of \$4,183,206 and total expenditures of \$4,057,294 resulting in a general fund balance increase of \$125,912. Included in revenues and expenditures are \$582,891 in HOME pass-through funds and \$2,060,946 in CARES Act pass-through. The FY21 audit calculates the indirect cost rate based on actual indirect costs divided by the total staff salary and fringe costs applied to projects for the year. That calculated rate is 55%, compared to 66% in FY20.

The General Fund

The General Fund is the general operating fund of the Commission. It is used to account for and report financial resources outside of the grant-funded programs that make up most of the budget. These consist of locality contributions, locally-funded projects, state allocation, interest earned and rental revenue from the Water Street Center and office space.

The following table (Table 1) is a summary of the General Fund's revenues and expenditures for the years ended June 30, 2021 and 2020:

TABLE 1 - GENERAL FUND REVENUE AND EXPENDITURES

	<u>FY 2021</u>	<u>FY 2020</u>	<u>Change From FY 2020</u>
Revenue.....	\$ 365,978	\$ 440,676	\$ (74,698)
Expenditures	<u>240,066</u>	<u>426,231</u>	<u>(186,165)</u>
Excess revenue over expenditures.....	\$ 125,912	\$ 14,445	\$ 111,467
Net change in fund balance.....	\$ 125,912	\$ 14,445	\$ 111,467
Fund balance, beginning.....	<u>743,495</u>	<u>729,050</u>	
Fund balance, ending.....	<u><u>\$ 869,407</u></u>	<u><u>\$ 743,495</u></u>	

FINANCIAL HIGHLIGHTS: (CONTINUED)

The General Fund: (Continued)

During FY21, General Fund revenues decreased by \$74,698, from \$440,676 in FY20 to \$365,978 in FY21. Expenditures decreased from \$426,231 in FY20 to \$240,066 in FY21. Excess revenue over expenditures for FY21 was \$125,912, significantly more than the FY20 change of \$14,445, an increase of \$111,467.

Primary changes between FY20 and FY21 were:

- Local contracts initiated in FY21 included the Albemarle Transit Vision Expansion Study, and the Regional Transit Vision Plan.
- Revenue from the use of money and property decreased from \$29,098 in FY20 to \$14,832 in FY21, due to a decrease in our interest earned and a significant reduction in rentals of the Water Street Center by outside groups due to COVID-19.
- The TJPDC received \$38,783 of a \$100,000 grant for a Regional Affordable Housing Plan from Virginia Housing.
- State funding from the Department of Housing and Community Development (DHCD) remained level from FY20 to FY21 at \$75,971.
- Administrative expenses in FY21 were \$240,066 compared to \$426,231 in FY20, a decrease of \$186,165. The decrease in administrative expenses can be attributed to several factors, which include but are not limited to: the resignation of the previous Executive Director, a vacant administrative position during the interim director's tenure, limited travel and in-person professional development expenses due to COVID-19, and limited meeting expenses due to COVID-19.

Special Revenue Funds

Special Revenue Funds are the grant funds and other revenues dedicated to specific programs and projects. Special Revenue Funds income accounts for the vast majority of funds coming to the TJPDC. For FY21, both the transportation and HOME programs were less than \$750,000 in federal funding and were not classified as major programs. HOME pass-through funds were \$582,891 compared to \$612,060 in FY20. Special Revenue Funds increased by \$2,260,001 between FY21 and FY20, which represents a 145% increase.

FINANCIAL HIGHLIGHTS: (CONTINUED)

Special Revenue Funds: (Continued)

A summary of the Commission's Statement of Activities is presented below on a full accrual basis.

TABLE 2 - STATEMENT OF ACTIVITIES

		FY 2021	FY 2020	Change From FY 2020
Federal Grant Revenues	\$	3,311,545	\$ 1,164,089	\$ 2,147,456
Non-Federal Grant Revenues		505,678	393,133	112,545
Special Fund Revenues	\$	3,817,223	\$ 1,557,222	\$ 2,260,001
General Fund Revenues	\$	365,983	\$ 440,681	\$ (74,698)
Total Revenues	\$	4,183,206	\$ 1,997,903	\$ 2,185,303
Current Operation Expenses	\$	1,757,568	\$ 1,399,877	\$ 357,691
Pass-Through Funds		2,308,837	612,060	1,696,777
Total Expenses	\$	4,066,405	\$ 2,011,937	\$ 2,054,468
Excess of Revenues over/(under)				
Expenses	\$	116,801	\$ (14,034)	\$ 130,835
Capital Outlays and Depreciation, net		(589)	10,890	(11,479)
Change in Net Position	\$	116,212	\$ (3,144)	\$ 119,356

During the fiscal year ended June 30, 2021, Special Revenue Funds income totaled \$3,817,223, an increase of \$2,260,001 from FY20's total of \$1,557,222. Special Fund Revenues consisted of:

- CARES Act revenue totaling \$2,170,284 for the Emergency Rent and Mortgage Relief Program, the Nelson CARES Small Business Grant Program and the development of an affordable housing search platform, PorchlightVA.org. All CARES Act programs were completed by December 31, 2020.
- \$551,092 for transportation. This included the MPO, Rural Transportation, RideShare, the Albemarle Transit Expansion Study and the Regional Transit Vision Plan. Of the total, \$287,901 consisted of federal funds.
- \$644,300 for the HOME program funded through the US Department of Housing and Urban Development (HUD). Of which, \$61,404 was used for administrative expenses.
- \$451,552 for other governmental funds, including USDA's Housing Preservation Grant, the Regional Housing Planning for Affordability Plan, Hazard Mitigation Planning, the Legislative Liaison program, and the Watershed Implementation Plan.

YEAR-END ANALYSIS OF THE COMMISSION

During FY21, the Commission's net position increased by \$116,212. A summary of the Commission's Statement of Net Position is presented below:

TABLE 3 - STATEMENT OF NET POSITION

	<u>FY 2021</u>	<u>FY 2020</u>	<u>Change From FY 2020</u>
Current and Other Assets	\$ 1,546,750	\$ 1,778,226	\$ (231,476)
Capital Assets, net	17,249	17,838	(589)
Total Assets	<u>\$ 1,563,999</u>	<u>\$ 1,796,064</u>	<u>\$ (232,065)</u>
Deferred Outflows of Resources.....	\$ 79,189	\$ 49,005	\$ 30,184
Total Assets and Deferred Outflows	<u>\$ 1,643,188</u>	<u>\$ 1,845,069</u>	<u>\$ (201,881)</u>
Long-term Liabilities.....	\$ 52,665	\$ 61,066	\$ (8,401)
Current Liabilities	420,363	\$ 736,278	\$ (315,915)
Total Liabilities	<u>\$ 473,028</u>	<u>\$ 797,344</u>	<u>\$ (324,316)</u>
Deferred Inflows of Resources.....	\$ 29,214	\$ 22,991	\$ 6,223
Investment in Capital Assets	\$ 17,249	\$ 17,838	\$ (589)
Restricted Net Position	290,746	332,471	(41,725)
Unrestricted Net Position	832,951	674,425	158,526
Total Net Position	<u>\$ 1,140,946</u>	<u>\$ 1,024,734</u>	<u>\$ 116,212</u>
Total Liabilities, Deferred Inflows and Net Position	<u>\$ 1,643,188</u>	<u>\$ 1,845,069</u>	<u>\$ (201,881)</u>

Total Liabilities and Net Position shows a snapshot of receivables and payables on June 30, 2021; the change from FY20 reflects the normal variation from year to year.

ORIGINAL BUDGET VS FINAL BUDGET

Budget requests to local governments were submitted between October 2019 and January 2020. In accordance with the Bylaws, the Commission adopted the original FY21 operating budget at their May 7, 2020 meeting; this was used for the submission to the Virginia Department of Housing and Community Development (DHCD) along with the FY21 Work Program. The Commission adopted the final amended budget at their March 4, 2021 meeting, reflecting updated projections of revenues and expenditures. This budget was used for the financial reporting to the Commission for FY21.

ORIGINAL BUDGET VS FINAL BUDGET: (CONTINUED)

Federal revenues increased significantly between the original budget and the final budget primarily due to the Emergency Rent and Mortgage Relief (RMRP) funding awarded from the Virginia Department of Housing and Community Development (DHCD) and the administration of Nelson County's Small Business Grant Program using Federal CARES Act funding. State grants decreased slightly due to restrictions on RideShare programming and advertising due to the COVID-19 pandemic. Revenues from the use of money decreased significantly between the two budgets due to the anticipated decrease in rentals of the Water Street Center due to COVID. Expenditures varied significantly between the original and final budget for several reasons. Administrative expenses were reduced significantly with the resignation of the former Executive Director. Further, an administrative position was held open and vacant during the tenure of the Interim Executive Director during the leadership transition. Finally, expenditures for the DHCD RMRP program accounted for a significant \$2,170,345 increase.

Local Contributions: The Commission approved equalized member assessments for FY21 based on the 2019 Provisional Weldon Cooper Population Estimates and a \$0.62 per capita rate and adopted the Projected FY21 budget at their October 3, 2019 meeting to serve as the basis for budget requests to the member localities. The FY21 budget requests were slightly higher than FY20, due to population increases. The total request for Legislative Liaison was based on a per capita rate of \$0.40, a change instituted with the FY18 budget. The Solid Waste total of \$10,500 was unchanged from FY20, with small changes among the localities due to relative changes in population. RideShare requests were ever so slightly higher for the five participating localities due to a required match for the state funding. An assessment for RideShare was included in the budget submission to Greene County, however, Greene County chose not to participate in the program. The budget requests also included \$10,500 for the Rivanna River Basin Commission (RRBC) for localities within the watershed (Charlottesville, Albemarle, Fluvanna and Greene) with all four localities providing the requested funding for the RRBC for FY21, as well as a request for \$50,000 for the Regional Transit Partnership for the urban localities (Charlottesville and Albemarle).

FINAL BUDGET VS ACTUAL RESULTS

A summary of the Commission's Final Budget (see Exhibit 7 for detail) is presented below:

TABLE 4 - BUDGET TO ACTUAL

	Budget	Actual	% of Budget
REVENUES (INFLOWS)			
Federal grants.....	\$ 417,422	\$ 1,002,708	240.21%
Federal pass-through.....	2,950,877	2,308,837	78.24%
State grants.....	344,648	256,898	74.54%
Localities.....	661,832	599,926	90.65%
Miscellaneous sources.....	14,529	14,837	102.12%
	<u>\$ 4,389,308</u>	<u>\$ 4,183,206</u>	<u>95.30%</u>
EXPENDITURES (OUTFLOWS)			
Operating expenses.....	\$ 1,335,337	\$ 1,748,457	130.94%
Pass-through expenses.....	2,950,877	2,308,837	78.24%
	<u>\$ 4,286,214</u>	<u>\$ 4,057,294</u>	<u>94.66%</u>

FY21 total revenues were about 95.3% of budgeted revenues. In general, unrealized revenues carry forward to FY22 (except for MPO funds which roll-over into FY23 and RideShare funds which are unrecoverable). Expenditures for TJPDC operations, taking out pass-through, represent 131% of the budget.

Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position
As of June 30, 2021

Total fund balance for governmental funds (Exhibit 3)	\$	869,407
---	----	---------

Total net position reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. Those assets consist of:

Depreciable capital assets, net of accumulated depreciation	\$	<u>17,249</u>	
Total capital assets			17,249

The net pension asset is not an available resource and, therefore, is not reported in the funds.		290,746
--	--	---------

Items related to measurement of the net pension and GLI OPEB liability are considered deferred outflows or deferred inflows and will be amortized and recognized in pension and GLI expense over future years.

Pension deferrals - Deferred outflows		65,237
Group life insurance OPEB deferrals - Deferred outflows		13,952
Pension deferrals - Deferred inflows		(19,408)
Group life insurance OPEB deferrals - Deferred inflows		(9,806)

Long-term liabilities applicable to the Commission's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Balances of long-term liabilities affecting net position are as follows:

Net group life insurance OPEB liability	\$	(44,224)	
Compensated absences		<u>(42,207)</u>	
Total long-term liabilities			<u>(86,431)</u>
Total net position of governmental activities (Exhibits 1 and 2)	\$		<u><u>1,140,946</u></u>

The accompanying notes to financial statements are an integral part of this statement.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2021

Net change in fund balance - total governmental funds (Exhibit 5) \$ 125,912

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.

Capital outlays	6,408
Depreciation expense	(6,997)

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. Details of this adjustment consist of the change in deferred inflows of resources related to the measurement of the net pension asset and net group life insurance OPEB liability.

Change in deferred inflows of resources related to measurement of net pension asset	(1,098)
Change in deferred inflows of resources related to measurement of net group life insurance OPEB liability	(5,125)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds. The following is a summary of items supporting this adjustment:

Change in net pension asset	(41,725)
Change in net group life insurance OPEB liability	8,337
Change in deferred outflows of resources related to measurement of net pension asset	30,763
Change in deferred outflows of resources related to measurement of net group life insurance OPEB liability	(579)
Change in compensated absences	316
Change in net position of governmental activities (Exhibit 2)	\$ 116,212

The accompanying notes to financial statements are an integral part of this statement.

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021

NOTE 1–SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Thomas Jefferson Planning District Commission (Commission) conform to generally accepted accounting principles (GAAP) applicable to governmental units promulgated by the Governmental Accounting Standards Board (GASB). The following is a summary of the more significant policies:

A. Financial Reporting Entity

As required by generally accepted accounting principles, these financial statements present the Commission and its component units. There are no such component units that are required to be included in the Commission's financial statements.

The Commission has been organized by the governing authorities of the Counties of Albemarle, Fluvanna, Greene, Louisa, and Nelson and the City of Charlottesville pursuant to the Regional Cooperation Act for the purpose of promoting the orderly and efficient development of the physical, social, and economic elements of Planning District Number Ten by planning, encouraging, and assisting governmental subdivisions to plan for the future.

B. Basic Financial Statements – Government-wide Statements

The Commission's basic financial statements include both government-wide (reporting the Commission as a whole) and fund financial statements (reporting the Commission's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The Commission's general administrative services are classified as governmental activities. The Commission has no business-type activities at this time.

In the government-wide statement of net position, both the governmental and business-type activities columns (if any) are presented on a consolidated basis by column and are reported on a full accrual economic resource basis which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Commission's net position is reported in three parts - net investment in capital assets, restricted net position, and unrestricted net position.

The government-wide statement of activities reports both the gross and net cost of each of the Commission's functions. The functions are also supported by general government revenues. The statement of activities reduces gross expenses (including depreciation) by related program revenues and operating and capital grants. Program revenues must be directly associated with the function. Operating grants include operating-specific and discretionary (either operating or capital) grants, while the capital grants column reflects capital-specific grants.

The net costs (by function) are normally covered by general revenue (intergovernmental revenues, interest income, etc.).

The Commission allocates indirect costs using a specific percentage of use method.

This government-wide focus is on the sustainability of the Commission as an entity and the change in the Commission's net position resulting from the current year's activities.

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS AS OF JUNE 30, 2021 (Continued)

NOTE 1–SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

C. Basic Financial Statements – Fund Financial Statements

The financial transactions of the Commission are reported in individual funds in the fund statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund balance, revenues, and expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the Commission:

Governmental Funds:

The focus of the governmental funds measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Commission:

1. *General Fund* is the general operating fund of the Commission. It is used to account for and report all financial resources except those required to be accounted for in another fund.
2. *Special revenue funds* are used to account for and report the proceeds of specific revenue sources that are legally restricted to expenses for specified purposes.

Major and Nonmajor Funds:

All funds are classified as either major or nonmajor. The following criteria are used when determining the fund types:

1. The General Fund is always classified as major.
2. All other major funds have assets, liabilities, revenues, or expenditures that are at least 10% of the corresponding element total (i.e., assets, liabilities, etc.) for all funds of that category or type (i.e., total governmental or enterprise funds). In addition, the same element that met the 10% criterion is at least 5% of the corresponding element total for all governmental and enterprise funds combined.

The Commission's funds are classified as follows:

Fund	Brief Description
<i>Major:</i> General	See above for description.
Special Revenue Funds:	
Department of Transportation	Accounts for and reports revenues and expenses restricted for the purposes of various projects funded by the Department of Transportation.
HOME Department of Housing and Urban Development	Accounts for and reports revenues and expenses restricted for the purpose of HOME program.

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS AS OF JUNE 30, 2021 (Continued)

NOTE 1–SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

C. Basic Financial Statements – Fund Financial Statements: (Continued)

Major and Nonmajor Funds: (Continued)

<u>Fund</u>	<u>Brief Description</u>
<i>Major:</i>	
CARES ACT	Accounts for and reports revenues and expenses restricted for the CARES ACT Funding.
<i>Nonmajor-Other Governmental Funds:</i>	
<i>Special Revenue Funds:</i>	
Virginia Department of Rail and Public Transportation	Accounts for and reports revenues and expenses restricted for the purpose of various projects funded by the Virginia Department of Rail and Public Transportation.
Department of Homeland Security	Accounts for and reports revenues and expenses restricted for the purpose of various projects funded by the Department of Homeland Security.
Environmental Protection Agency	Accounts for and reports revenues and expenses restricted for the purpose of various projects funded by the Environmental Protection Agency.
Virginia Housing Development Authority	Accounts for and reports revenues and expenses restricted for the purpose of various projects funded by the Virginia Housing Development Authority.
Virginia Department of Agriculture	Accounts for and reports revenues and expenses restricted for the purpose of various projects funded by the Virginia Department of Agriculture.
Legislative Liaison	Accounts for and reports revenues and expenses for the Legislative Liaison Program.

D. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

1. *Accrual* - Governmental activities in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.
2. *Modified Accrual* - The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e. both measurable and available. “Available” means collectible within the current period or within 60 days after the year end. Expenses are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that debt service expenditures as well as expenditures related to compensated absences, and claims and judgments are recognized when due.

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS AS OF JUNE 30, 2021 (Continued)

NOTE 1–SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

E. Budgets and Budgetary Accounting

The following procedures are used by the Commission in establishing the budgetary data reflected in the required supplementary information:

1. Prior to due dates for budget submissions to localities, the Executive Director submits to the Commission a proposed budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing them.
2. After the budget is approved by the Commission, it is presented to the local governing bodies within its jurisdiction for approval of appropriations to the Commission.
3. The budget amounts depend on the staff securing grants and contracts throughout the year; therefore, appropriate budget revisions are proposed and approved by the Commission during the year. The Commission adopts a working budget for the fiscal year beginning July 1 at their May meeting, per the Bylaws. The Commission adopts the final budget for use in financial reporting at the March, FY21 meeting.
4. The approved budget is utilized as a management control device.
5. All budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
6. All budgetary data presented in the accompanying financial statements represents both the original and revised budgets as of June 30.

F. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

G. Cash and Cash Equivalents

The Commission's cash and cash equivalents are considered to be cash on hand, demand deposits, and all highly-liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

State statutes authorize the Commission to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds, repurchase agreements, and the Local Government Investment Pool.

Money market investments, participating interest-earning investment contracts (repurchase agreements) that have a remaining maturity at time of purchase of one year or less, nonparticipating interest-earning investment contracts (nonnegotiable certificates of deposit (CDs)) and external investment pools are measured at amortized cost. All other investments are reported at fair value.

NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021 (Continued)

NOTE 1–SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

H. Receivables and Payables

Outstanding balances between funds at the end of the fiscal year are reported as due to/from other funds. No allowance for uncollectibles is included in the receivables, due to the limited exposure related to the contractual nature of governmental receivables.

I. Prepaid Items

Certain payments to vendors represent costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

J. Net Position

Net Position is the difference between a) assets and deferred outflows of resources and b) liabilities and deferred inflows of resources. Net investment in capital assets represents capital assets, less accumulated depreciation, less any outstanding debt related to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position.

K. Net Position Flow Assumption

Sometimes the Commission funds outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Commission’s policy to consider restricted - net position to have been depleted before unrestricted - net position is applied.

L. Capital Assets

Property and equipment are recorded at the original cost. Depreciation is computed by the straight-line method over the estimated useful lives of the assets as follows:

Office furniture and equipment	3 - 10 years
Vehicle	5 years
Website	3 years
Leasehold improvements	Remaining life of lease

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS AS OF JUNE 30, 2021 (Continued)

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

M. Unearned Revenue

The Commission reports unearned revenue on its statement of net position. Unearned revenues arise when a potential revenue does not meet both the “measurable” and “available” criteria for recognition in the current period. Unearned revenues also arise when resources are received by the Commission before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the Commission has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and revenue is recognized.

N. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Commission has one item that qualifies for reporting in this category. It is comprised of certain items related to the measurement of the net pension asset and net OPEB liability and contributions to the pension and OPEB plans made during the current year and subsequent to the net pension asset and net OPEB liability measurement date. For more detailed information on these items, reference the related notes.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Commission has one type of item that qualifies for reporting in this category. Certain items related to the measurement of the net pension asset and net OPEB liability are reported as deferred inflows of resources. For more detailed information on these items, reference the related notes.

O. Pensions

For purposes of measuring the net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Commission’s Retirement Plan and the additions to/deductions from the Commission’s Retirement Plan’s net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS AS OF JUNE 30, 2021 (Continued)

NOTE 1–SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

P. OPEB

Group Life Insurance

For purposes of measuring the net GLI Plan OPEB liability, deferred outflows of resources and deferred inflows of resources related to the GLI OPEB, and GLI OPEB expense, information about the fiduciary net position of the VRS GLI Plan OPEB and the additions to/deductions from the VRS GLI OPEB's net fiduciary position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Q. Fund Balance

The Commission reports fund balance in the required classifications. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable fund balance - amounts that are not in spendable form (such as inventory and prepaids) or are required to be maintained intact (corpus of a permanent fund);
- Restricted fund balance - amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;
- Committed fund balance - amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;
- Assigned fund balance - amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;
- Unassigned fund balance - amounts that are available for any purpose; positive amounts are only reported in the general fund.

R. Legislative Liaison

The Liaison reports regularly to the local governments during the General Assembly session and when studies are undertaken by the General Assembly and are pertinent to local government interests. The Liaison prepares a Legislative Program in consultation with the localities who subsequently adopt the Program.

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021 (Continued)

NOTE 2—DEPOSITS AND INVESTMENTS:

Deposits

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the “Act”) Section 2.2-4400 et. seq. of the Code of Virginia. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized. No deposits exceed FDIC insurance limits.

Investments

Statutes authorize local governments and other public bodies to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, “prime quality” commercial paper that has received at least two of the following ratings: P-1 by Moody’s Investors Service, Inc.; A-1 by Standard and Poor’s; or F1 by Fitch Ratings, Inc. (Section 2.2-4502), banker’s acceptances, repurchase agreements, and the State Treasurer’s Local Government Investment Pool (LGIP).

The Commission does not have a policy related to credit risk of debt securities.

The Commission’s rated debt investments as of June 30, 2021 were rated by Standard & Poor’s and the ratings are presented below using Standard & Poor’s rating scale.

Rated Debt Investments' Values		
Rated Debt Investments	Fair Quality Ratings	
	AAAm	AAf
Virginia Investment Pool	\$ 958,212	\$ -
Total	\$ 958,212	\$ -
Investment maturities in years:		
Investment Type	Fair Value	Less Than 1 Year
Virginia Investment Pool	\$ 958,212	\$ 958,212
Total	\$ 958,212	\$ 958,212

Redemption Restrictions: Commission is limited to two withdrawals per month.

Fair Value Measurements: Fair value of the Virginia Investment Pool is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Commission has measured fair value of the above investments at the net asset value (NAV).

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTE 5-CAPITAL ASSETS:

Capital asset activity for the year ended June 30, 2021 was as follows:

	Balance July 1, 2020	Additions	Deletions	Balance June 30, 2021
Governmental Activities:				
Capital assets, being depreciated:				
Office furniture and equipment	\$ 74,555	\$ -	\$ -	\$ 74,555
Vehicle	31,734	-	-	31,734
Website	13,570	6,408	-	19,978
Leasehold improvements	11,993	-	-	11,993
Total capital assets being depreciated	\$ 131,852	\$ 6,408	\$ -	\$ 138,260
Less accumulated depreciation for:				
Office furniture and equipment	\$ 62,457	\$ 5,141	\$ -	\$ 67,598
Vehicle	31,734	-	-	31,734
Website	7,830	1,856	-	9,686
Leasehold improvements	11,993	-	-	11,993
Total accumulated depreciation	\$ 114,014	\$ 6,997	\$ -	\$ 121,011
Total capital assets being depreciated, net	\$ 17,838	\$ (589)	\$ -	\$ 17,249
Governmental activities capital assets, net	\$ 17,838	\$ (589)	\$ -	\$ 17,249

Depreciation expense was charged to functions/programs as follows:

Governmental activities:	
Office administration	\$ 6,997
Total governmental activities	\$ 6,997

NOTE 6-COMPENSATED ABSENCES:

The Commission employees earn sick leave at the rate of ten hours per month and may accumulate a maximum of 480 hours (60 days). No benefits or pay are received for unused sick leave upon termination. The amount of annual leave earned by an employee each month, with the exception of the Executive Director, depends upon the number of years the permanent full-time and part-time staff were employed by the Commission, as noted below. The Executive Director's leave is set by the Commission as part of the employment contract.

Years of Services	Days Per Month	Days of Annual Leave Per Year
0-5	1	12
6-10	1 ^{1/4}	15
Over 10	1 ^{1/2}	18

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021 (Continued)

NOTE 6—COMPENSATED ABSENCES: (CONTINUED)

An employee may accumulate a maximum of 30 days of annual leave. At the time of separation of employment, the employee will be compensated for the accumulated leave balance. Accrued annual leave was \$42,207 as of June 30, 2021. The following is a summary of changes in accrued annual leave for the year ended June 30, 2021:

<u>Balance</u> <u>July 1, 2020</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance</u> <u>June 30, 2021</u>
\$ <u>42,523</u>	\$ <u></u>	\$ <u>316</u>	\$ <u>42,207</u>

NOTE 7—COMMITMENTS/CONTINGENT LIABILITIES:

Federal programs in which the Commission participates were audited in accordance with the provisions of the Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Pursuant to the provisions of this circular, all major programs and certain other programs were tested for compliance with applicable grant requirements.

Additionally, the federal government may subject grant programs to additional compliance tests, which could result in disallowed expenditures. In the opinion of management, any future disallowances of grant program expenditures would be immaterial.

NOTE 8—PENSION PLAN:

Plan Description

All full-time, salaried permanent employees of the Thomas Jefferson Planning District Commission are covered by a VRS Retirement Plan after six months of employment. This is an agent multiple-employer plan administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the Code of Virginia, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS AS OF JUNE 30, 2021 (Continued)

NOTE 8—PENSION PLAN: (CONTINUED)

Benefit Structures

The System administers three different benefit structures for covered employees - Plan 1, Plan 2 and Hybrid. Each of these benefit structures has different eligibility criteria, as detailed below.

Employees with a membership date before July 1, 2010, vested as of January 1, 2013, and have not taken a refund, are covered under Plan 1, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced retirement benefit beginning at age 65 with at least 5 years of service credit or age 50 with at least 30 years of service credit. Non-hazardous duty employees may retire with a reduced benefit as early as age 55 with at least 5 years of service credit or age 50 with at least 10 years of service credit.

- a. Employees with a membership date from July 1, 2010 to December 31, 2013, that have not taken a refund or employees with a membership date prior to July 1, 2010 and not vested before January 1, 2013, are covered under Plan 2, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of service credit or when the sum of their age plus service credit equals 90. Non-hazardous duty employees may retire with a reduced benefit as early as age 60 with at least 5 years of service credit.
- b. Non-hazardous duty employees with a membership date on or after January 1, 2014 are covered by the Hybrid Plan combining the features of a defined benefit plan and a defined contribution plan. Plan 1 and Plan 2 members also had the option of opting into this plan during the election window held January 1 - April 30, 2014 with an effective date of July 1, 2014. Employees covered by this plan are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of service credit, or when the sum of their age plus service credit equals 90. Employees may retire with a reduced benefit as early as age 60 with at least 5 years of service credit. For the defined contribution component, members are eligible to receive distributions upon leaving employment, subject to restrictions.

Average Final Compensation and Service Retirement Multiplier

The VRS defined benefit is a lifetime monthly benefit based on a retirement multiplier as a percentage of the employee's average final compensation multiplied by the employee's total service credit. Under Plan 1, average final compensation is the average of the employee's 36 consecutive months of highest compensation and the multiplier is 1.70% for non-hazardous duty employees, 1.85% for sheriffs and regional jail superintendents. Under Plan 2, average final compensation is the average of the employee's 60 consecutive months of highest compensation and the retirement multiplier is 1.65% for non-hazardous duty employees, 1.85% for sheriffs and regional jail superintendents. Under the Hybrid Plan, average final compensation is the average of the employee's 60 consecutive months of highest compensation and the multiplier is 1.00%. For members who opted into the Hybrid Retirement Plan from Plan 1 or Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans.

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS AS OF JUNE 30, 2021 (Continued)

NOTE 8—PENSION PLAN: (CONTINUED)

Cost-of-Living Adjustment (COLA) in Retirement and Death and Disability Benefits

Retirees with an unreduced benefit or with a reduced benefit with at least 20 years of service credit are eligible for an annual COLA beginning July 1 after one full calendar year from the retirement date. Retirees with a reduced benefit and who have less than 20 years of service credit are eligible for an annual COLA beginning on July 1 after one calendar year following the unreduced retirement eligibility date. Under Plan 1, the COLA cannot exceed 5.00%. Under Plan 2 and the Hybrid Plan, the COLA cannot exceed 3.00%. The VRS also provides death and disability benefits. Title 51.1 of the Code of Virginia, as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

Employees Covered by Benefit Terms

As of the June 30, 2019 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	<u>Number</u>
Inactive members or their beneficiaries currently receiving benefits	8
Inactive members:	
Vested inactive members	8
Non-vested inactive members	9
Inactive members active elsewhere in VRS	<u>11</u>
Total inactive members	28
Active members	<u>8</u>
Total covered employees	<u><u>44</u></u>

Contributions

The contribution requirement for active employees is governed by §51.1-145 of the Code of Virginia, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

The Commission's contractually required employer contribution rate for the year ended June 30, 2021 was 1.50% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019.

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021 (Continued)

NOTE 8–PENSION PLAN: (CONTINUED)

Contributions (Continued)

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the Commission were \$3,474 and \$4,812 for the years ended June 30, 2021 and June 30, 2020, respectively.

Net Pension Asset

The net pension asset is calculated separately for each employer and represents that particular employer’s total pension asset, less that employer’s fiduciary net position. For Thomas Jefferson Planning District Commission, the net pension asset was measured as of June 30, 2020. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2019 rolled forward to the measurement date of June 30, 2020.

Actuarial Assumptions - General Employees

The total pension liability for General Employees in the Commission’s Retirement Plan was based on an actuarial valuation as of June 30, 2019, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2020.

Inflation	2.5%
Salary increases, including inflation	3.5% - 5.35%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation*

* Administrative expenses as a percent of the fair value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of pension liabilities.

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021 (Continued)

NOTE 8—PENSION PLAN: (CONTINUED)

Actuarial Assumptions - General Employees: (Continued)

Mortality rates:

All Others (Non-10 Largest) - Non-Hazardous Duty: 15% of deaths are assumed to be service-related

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2021; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2021; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2021; males set forward 2 years, 110% of rates; females 125% of rates.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

All Others (Non-10 Largest) - Non-Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Lowered rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 15%
Discount Rate	Decreased rate from 7% to 6.75%

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021 (Continued)

NOTE 8—PENSION PLAN: (CONTINUED)

Long-Term Expected Rate of Return

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Long-Term Target Asset Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Average Long-Term Expected Rate of Return
Public Equity	34.00%	4.65%	1.58%
Fixed Income	15.00%	0.46%	0.07%
Credit Strategies	14.00%	5.38%	0.75%
Real Assets	14.00%	5.01%	0.70%
Private Equity	14.00%	8.34%	1.17%
MAPS - Multi-Asset Public Strategies	6.00%	3.04%	0.18%
PIP - Private Investment Partnership	3.00%	6.49%	0.19%
Total	100.00%		4.64%
		Inflation	2.50%
		*Expected arithmetic nominal return	7.14%

* The above allocation provides a one-year return of 7.14%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation. More recent capital market assumptions compiled for the FY2020 actuarial valuations provide a median return of 6.81%.

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021 (Continued)

NOTE 8—PENSION PLAN: (CONTINUED)

Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions; the Commission was also provided with an opportunity to use an alternative employer contribution rate. For the year ended June 30, 2020, the alternate rate was the employer contribution rate used in FY 2012 or 100% of the actuarially determined employer contribution rate from the June 30, 2017 actuarial valuations, whichever was greater. From July 1, 2020 on, participating employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in Net Pension Liability (Asset)

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (Asset) (a) - (b)
Balances at June 30, 2019	\$ 1,747,223	\$ 2,079,694	\$ (332,471)
Changes for the year:

NOTE 8—PENSION PLAN: (CONTINUED)

Sensitivity of the Net Pension Asset to Changes in the Discount Rate

The following presents the net pension asset of the Commission using the discount rate of 6.75%, as well as what the Commission's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

		Rate		
		1% Decrease	Current Discount	1% Increase
		(5.75%)	(6.75%)	(7.75%)
Commission's				
Net Pension Liability (Asset)	\$	(56,460)	\$ (290,746)	\$ (482,252)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2021, the Commission recognized pension expense of \$13,112. At June 30, 2021, the Commission reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$	-	\$ 19,408
Net difference between projected and actual earnings on pension plan investments		61,763	-
Employer contributions subsequent to the measurement date		3,474	-
Total	\$	65,237	\$ 19,408

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021 (Continued)

NOTE 8—PENSION PLAN: (CONTINUED)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

\$3,474 reported as deferred outflows of resources related to pensions resulting from the Commission's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the fiscal year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future reporting periods as follows:

<u>Year ended June 30</u>	
2022	\$ (17,679)
2023	19,286
2024	20,910
2025	19,838
Thereafter	-

Pension Plan Data

Information about the VRS Political Subdivision Retirement Plan is also available in the separately issued VRS 2020 Comprehensive Annual Financial Report (Annual Report). A copy of the 2020 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2020-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

NOTE 9—DEFERRED COMPENSATION PLAN:

During the year ended June 30, 1998, the employees of the Commission adopted a Section 457 Deferred Compensation Plan. The Commission delegates administrative and investment responsibilities for its 457 Plan assets to a third-party administrator. The Commission does not have to report these assets on their financial statements.

Employee contributions to this plan for the year ended June 30, 2021 were \$23,750. There were no matching contributions.

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021 (Continued)

NOTE 10–UNEARNED REVENUE:

The details of unearned revenue at June 30, 2021 are as follows:

<u>Fund Name</u>	<u>Amount</u>
General Fund	\$ 46,595
Department of Transportation	287,928
HOME Department of Housing and Urban Development	6,150
	<u>\$ 340,673</u>

NOTE 11–LITIGATION:

As represented by management, there were no lawsuits pending which would materially affect the Commission's financial position as of the date of these financial statements.

NOTE 12–COST ALLOCATION BASIS - INDIRECT COSTS AND FRINGE BENEFITS:

Indirect costs are those costs which are not readily identifiable within a particular program but, nevertheless, are necessary to the general operation and the conduct of the activities it performs. Allocations from the General Fund and to the Special Revenue Funds are made based on a ratio of indirect costs to the individual program's direct costs associated with salaries and fringe benefits (personnel costs). The rate is determined by a relation of total administrative costs to program salary costs. Program salary costs are calculated as follows:

Total personnel costs (salaries and fringes)
Less: Administrative personnel costs
Less: Contractual personnel costs

This ratio is calculated on an annual basis. The rate used during the fiscal year ended June 30, 2021 was 62%, for billing purposes.

The actual indirect cost rate for the fiscal year ended June 30, 2021 was 55% and was calculated as follows:

Indirect costs	\$ 417,046	= 55%
Individual programs' personnel costs	<u>754,681</u>	

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS AS OF JUNE 30, 2021 (Continued)

NOTE 13—GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN):

Plan Description

The Group Life Insurance (GLI) Plan was established pursuant to §51.1-500 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent employees of the state agencies, teachers, and employees of participating political subdivisions are automatically covered by the VRS GLI Plan upon employment. This is a cost-sharing multiple-employer plan administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

In addition to the Basic GLI benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional GLI Plan. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured plan, it is not included as part of the GLI Plan OPEB.

The specific information for GLI OPEB, including eligibility, coverage and benefits is described below:

Eligible Employees

The GLI Plan was established July 1, 1960, for state employees, teachers, and employees of political subdivisions that elect the plan. Basic GLI coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their accumulated retirement member contributions and accrued interest.

Benefit Amounts

The GLI Plan is a defined benefit plan with several components. The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled. The accidental death benefit is double the natural death benefit. In addition to basic natural and accidental death benefits, the plan provides additional benefits provided under specific circumstances that include the following: accidental dismemberment benefit, safety belt benefit, repatriation benefit, felonious assault benefit, and accelerated death benefit option. The benefit amounts are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value. For covered members with at least 30 years of service credit, the minimum benefit payable was set at \$8,000 by statute in 2015. This will be increased annually based on the VRS Plan 2 cost-of-living adjustment calculation. The minimum benefit adjusted for the COLA was \$8,616 as of June 30, 2021.

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021 (Continued)

NOTE 13—GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

Contributions

The contribution requirements for the GLI Plan are governed by §51.1-506 and §51.1-508 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the GLI Plan was 1.34% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.80% (1.34% x 60%) and the employer component was 0.54% (1.34% x 40%). Employers may elect to pay all or part of the employee contribution; however, the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2021 was 0.54% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the Group Life Insurance Plan from the entity were \$3,805 and \$2,832 for the years ended June 30, 2021 and June 30, 2020, respectively.

GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Plan OPEB

At June 30, 2021, the entity reported a liability of \$44,224 for its proportionate share of the Net GLI OPEB Liability. The Net GLI OPEB Liability was measured as of June 30, 2020 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation performed as of June 30, 2019, and rolled forward to the measurement date of June 30, 2020. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the GLI Plan for the year ended June 30, 2020 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2020, the participating employer's proportion was 0.00270% as compared to 0.00323% at June 30, 2019.

For the year ended June 30, 2021, the participating employer recognized GLI OPEB expense of \$1,183. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021 (Continued)

NOTE 13—GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Plan OPEB: (Continued)

At June 30, 2021, the employer reported deferred outflows of resources and deferred inflows of resources related to the GLI OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,837	\$ 398
Net difference between projected and actual earnings on GLI OPEB program investments	1,328	-
Change in assumptions	2,212	923
Changes in proportion	3,770	8,485
Employer contributions subsequent to the measurement date	3,805	-
Total	\$ 13,952	\$ 9,806

\$3,805 reported as deferred outflows of resources related to the GLI OPEB resulting from the employer's contributions subsequent to the measurement date will be recognized as a reduction of the Net GLI OPEB Liability in the fiscal year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

Year Ended June 30	
2022	\$ 162
2023	537
2024	880
2025	205
2026	(1,144)
Thereafter	(299)

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS AS OF JUNE 30, 2021 (Continued)

NOTE 13—GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

Actuarial Assumptions

The total GLI OPEB liability was based on an actuarial valuation as of June 30, 2019, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2020. The assumptions include several employer groups. Salary increases and mortality rates included herein are for relevant employer groups. Information for other groups can be referenced in the VRS Annual Report.

Inflation	2.5%
Salary increases, including inflation: Locality - General employees	3.5%-5.35%
Investment rate of return	6.75%, net of investment expenses, including inflation*

*Administrative expenses as a percent of the fair value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of OPEB liabilities.

Mortality Rates - Non-Largest Ten Locality Employers - General Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with scale BB to 2021; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2021; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2021; males set forward 2 years, 110% of rates; females 125% of rates.

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021 (Continued)

NOTE 13—GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

Actuarial Assumptions: (Continued)

Mortality Rates - Non-Largest Ten Locality Employers - General Employees (Continued)

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages and extended final retirement age from 70 to 75
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Lowered disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 15%
Discount Rate	Decreased rate from 7% to 6.75%

NET GLI OPEB Liability

The net OPEB liability (NOL) for the GLI Plan represents the plan's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2020, NOL amounts for the GLI Plan are as follows (amounts expressed in thousands):

		Group Life Insurance OPEB Plan
Total GLI OPEB Liability	\$	3,523,937
Plan Fiduciary Net Position		1,855,102
GLI Net OPEB Liability (Asset)	\$	<u>1,668,835</u>
Plan Fiduciary Net Position as a Percentage of the Total GLI OPEB Liability		52.64%

The total GLI OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021 (Continued)

NOTE 13—GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

Long-Term Expected Rate of Return

The long-term expected rate of return on the System's investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Long-Term Target Asset Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long-term Expected Rate of Return
Public Equity	34.00%	4.65%	1.58%
Fixed Income	15.00%	0.46%	0.07%
Credit Strategies	14.00%	5.38%	0.75%
Real Assets	14.00%	5.01%	0.70%
Private Equity	14.00%	8.34%	1.17%
MAPS - Multi-Asset Public Strategies	6.00%	3.04%	0.18%
PIP - Private Investment Partnership	3.00%	6.49%	0.19%
Total	100.00%		4.64%
		Inflation	2.50%
		*Expected arithmetic nominal return	7.14%

*The above allocation provides a one-year return of 7.14%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation. More recent capital market assumptions compiled for the FY2020 actuarial valuations provide a median return of 6.81%.

Discount Rate

The discount rate used to measure the total GLI OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS guidance and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ended June 30, 2020, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. From July 1, 2020 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021 (Continued)

NOTE 13—GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN): (CONTINUED)

Discount Rate (Continued)

assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

Sensitivity of the Employer's Proportionate Share of the Net GLI OPEB Liability to Changes in the Discount Rate

The following presents the employer's proportionate share of the net GLI OPEB liability using the discount rate of 6.75%, as well as what the employer's proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	Rate		
	1% Decrease (5.75%)	Current Discount (6.75%)	1% Increase (7.75%)
Commission's proportionate share of the Group Life Insurance Program Net OPEB Liability	\$ 58,136	\$ 44,224	\$ 32,927

GLI Plan Fiduciary Net Position

Detailed information about the GLI Plan's Fiduciary Net Position is available in the separately issued VRS 2020 Comprehensive Annual Financial Report (Annual Report). A copy of the 2020 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/pdf/publications/2020-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

Notes to Required Supplementary Information - Pension Plan
For the Year Ended June 30, 2021

Changes of benefit terms - There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions - The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

All Others (Non 10 Largest) - Non-Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Lowered rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 15%
Discount Rate	Decreased rate from 7% to 6.75%

COMPLIANCE

**Independent Auditors' Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

**To the Commissioners
Thomas Jefferson Planning District Commission
Charlottesville, Virginia**

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Thomas Jefferson Planning District Commission as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Thomas Jefferson Planning District Commission's basic financial statements and have issued our report thereon dated December 4, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Thomas Jefferson Planning District Commission's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Thomas Jefferson Planning District Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of Thomas Jefferson Planning District Commission's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is

a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Thomas Jefferson Planning District Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditors' Report on Compliance for Each Major Program and on
Internal Control over Compliance Required by the Uniform Guidance**

**To the Commissioners
Thomas Jefferson Planning District Commission
Charlottesville, Virginia**

Report on Compliance for Each Major Federal Program

We have audited Thomas Jefferson Planning District Commission's (a nonprofit organization) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Thomas Jefferson Planning District Commission's major federal programs for the year ended June 30, 2021. Thomas Jefferson Planning District Commission's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Thomas Jefferson Planning District Commission's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Thomas Jefferson Planning District Commission's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Thomas Jefferson Planning District Commission's compliance.

Opinion on Each Major Federal Program

In our opinion, Thomas Jefferson Planning District Commission complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control over Compliance

Management of Thomas Jefferson Planning District Commission is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Thomas Jefferson Planning District Commission's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Thomas Jefferson Planning District Commission's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the *Uniform Guidance*. Accordingly, this report is not suitable for any other purpose.

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

Notes to Schedule of Expenditures of Federal Awards
For the Year Ended June 30, 2021

Note 1 - Basis of Accounting

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the Thomas Jefferson Planning District Commission under programs of the federal government for the year ended June 30, 2021. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Thomas Jefferson Planning District Commission, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Thomas Jefferson Planning District Commission.

Note 2 - Summary of Significant Accounting Policies

(1) Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(2) Pass-through entity identifying numbers are presented where available.

(3) The Commission did not elect to use the 10-percent de minimis indirect cost rate allowed under Uniform Guidance.

Note 3 - Subrecipients

Of the federal expenditures presented in the Schedule, the Commission provided federal awards to subrecipients as follows:

CFDA Number	Program Name	Amount provided to subrecipients
14.239	HOME Investment Partnerships Program	\$ 582,891
21.023	COVID-19 - Emergency Rental Assistance Program	<u>1,725,946</u>
	Total	<u>\$ 2,308,837</u>

Note 4 - Relationship to Financial Statements

Federal expenditures, revenues and capital contributions are reported in the Commission's basic financial statements as follows:

Intergovernmental federal revenues per the basic financial statements:

Primary government:

Department of Transportation	\$ 287,901
HOME Department of Housing and Urban Development	644,295
CARES ACT	2,160,226
Other Governmental Funds	<u>219,123</u>

Total primary government \$ 3,311,545

Total federal expenditures per the Schedule of Expenditures
of Federal Awards \$ 3,311,545

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

Schedule of Findings and Questioned Costs
