INTRODUCTORY SECTION

ROANOKE COUNTY PUBLIC SCHOOLS

Department of Finance 5937 Cove Rd. Roanoke, VA 24019 ◆ (540) 562-3700

November 12, 2024

To the Honorable Chairman and Members of the School Board, and the Citizens of the County of Roanoke, Virginia:

We are pleased to submit to you the Annual Comprehensive Financial Report (ACFR) of the Roanoke County Public Schools for the fiscal year ended June 30, 2024. State law requires that every general-purpose local government publish a complete set of audited financial statements within six months of the close of the fiscal year. Roanoke County Public Schools (School Division) is a component unit of the County of Roanoke, Virginia (County), which is a general-purpose local government. This report has been prepared by the School Division's Finance Department in accordance with the standards of financial reporting as prescribed by the Governmental Accounting Standards Board (GASB) and the Auditor of Public Accounts of the Commonwealth of Virginia (APA).

The ACFR was prepared with an emphasis on full disclosure of the financial activities of the School Division. Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of material misstatements.

The auditing firm of Brown, Edwards & Company, L.L.P., a firm of independent certified public accountants, has issued unmodified opinions on Roanoke County Public Schools' basic financial statements as of and for the year ended June 30, 2024, contained in this report. The report of independent auditors is located at the front of the financial section of this report.

Management's Discussion and Analysis (MD&A) immediately follows the report of independent auditors and provides a narrative introduction, overview, and analysis of the basic financial statements. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

PROFILE OF THE SCHOOL DIVISION

Roanoke County Public Schools is the 20th largest of 131 school systems in the Commonwealth of Virginia. The County of Roanoke is in the southwestern part of the State and is the suburban hub of the Roanoke Valley, with a provisional population of 96,519. Located in the largest urban area west of Richmond, the School Division is the second largest employer in the Roanoke Valley.

The supervision of schools in each school division shall be vested in a school board selected in accordance with the applicable provisions of the Code of Virginia. The school board is a corporate body whose official title shall be the Roanoke County School Board (School Board). The School Board consists of five members made up of the citizens of their magisterial district to serve four-year terms.

The School Division provides a broad range of general, special, gifted, career and technical education opportunities for approximately 13,700 students (including preschool) between the ages of 3 and 21 at

sixteen elementary schools, five middle schools, five high schools, and one specialty center. In addition to the Standard Diploma, the School Division also offers an Advanced Studies Diploma, an Applied Studies Diploma for students with disabilities who complete the requirements of their Individualized Education Program, a General Achievement Adult High School Diploma for individuals who are at least 18 years of age and not enrolled in public school or not otherwise meeting the compulsory school attendance requirements set forth in the Code of Virginia, and a General Educational Development Certificate.

All Roanoke County schools were fully accredited based on high achievement in reading, mathematics, science, attendance, and graduation rates. The School Division ranked 7th of 131 divisions in overall math performance. The SOL test scores exceeded state rates by 25 points for grade 7 math and by 4 points for grade 6 math. The School Division tied for 8th of 131 divisions in overall reading performance. The SOL test scores exceeded state rates by 13 points for grade 3 reading and by 12 points for grade 5 reading. The School Division also maintains extensive individualized intervention programs to support student academic success, culminating in a 92.8% on-time graduation rate for our students.

LOCAL ECONOMY

To provide quality educational programs to its students, the School Division is largely dependent upon the economy of its largest funding sources, which include the Commonwealth of Virginia (45.1% of revenue), the County of Roanoke (37.3% of revenue) and the Federal government (7.8% of revenue). A look at the economic environment is integral to operations.

One measure of the health of an economy is the level of unemployment. This is a graph of the unemployment trend for the past five years for the Nation, Commonwealth, and the County of Roanoke. The unemployment rates at all levels of the government increased to unprecedented levels during the pandemic shutdown. One year after the shutdown ended, the rates dropped. In Roanoke County, the rate of 2.8% for June 2024 remains below the Nation and the Commonwealth.

Another factor that indicates how the State economy

12.0%
10.0%
8.0%
6.0%
4.0%
2.0%
0.0%

June-20 June-21 June-22 June-23 June-24
■ Nation ■ Commonwealth ■ Roanoke County

is fairing is the personal income level. Personal income level is strongly correlated to income tax and sales tax income. Not only does this provide greater revenue to be passed to the local government, but statewide sales tax collections are a line-item revenue for the School Division. The School Division experienced a decrease in sales tax revenue of 2.46% this year. Due to the two-month lag in receipting sales tax revenue, the effects of slower spending by consumers are expected to be felt in the coming year.

The enrollment budget projection for fiscal year 2024 was 13,375 (excluding pre-kindergarten), however year-end Average Daily Membership was below this at 13,347. This is a (0.04%) decrease from fiscal year 2023 and is 6 fewer students. Roanoke County Public Schools is starting to see a decline in enrollment levels mostly due to birth rates and a higher out-migration rate than an in-migration rate.

LONG-TERM FINANCIAL PLANNING

The School Division annually updates a Capital Improvement Plan (CIP). The CIP serves as a planning tool for efficient, effective, and equitable distribution of public improvements throughout the School Division. The CIP represents a balance between finite resources and an ever-increasing number of competing school projects. This balance is achieved using the priorities and objectives established by the School Board. The CIP serves as a long-range planning tool to schedule anticipated capital projects and coordinate capital financing in a way that manages future debt service requirements.

The School Division operates 27 school buildings with an average age of 50 years. The School Board has made a financial commitment to address the infrastructure needs in a steady and methodical manner through a joint financing program with the local governing body and, accordingly, has been able to take advantage of competitive construction bids resulting in lower overall costs to the citizens. The School Division increased its operating transfer to Roanoke County by \$300,000 for a total of \$3.2 million to be set aside to fund future capital needs.

In addition to school building needs, the School Division has a dedicated funding stream for ongoing capital needs related to fleet replacement. The fleet replacement schedule, based on age and condition of the fleet, necessitates the replacement of approximately ten school buses per year along with other maintenance vehicles. The annual budget includes funds earmarked specifically towards this purpose which allows the School Division to accumulate a replacement reserve to pay cash for the vehicles purchased each year rather than borrowing funds and incurring the additional financing charges. In fiscal year 2023, the School Division transferred \$1.2 million for the fleet replacement fund, and this increased in fiscal year 2024, to \$1.8 million.

Another dedicated funding stream for ongoing capital needs relates to technology replacement. The School Division maintains a one-to-one laptop program for all students, allowing students in grades 6 through 12 the ability to take laptops home. In addition, the School Division provides a computer for all teachers and staff who require one for their position. All computers are funded through leases that expire on a planned rotational basis after 49 months, in alignment with warranties. Other significant technology spending includes an active board in each classroom, wireless access, networking, radios, and other safety equipment.

In fiscal year 2023, the School Division transferred \$2.3 million for the technology replacement fund, and this increased in fiscal year 2024 to \$6.2 million. The increase was planned to shift approximately \$3.0 million of revenue from the Technology Replacement fund to the General Fund in order that a transfer of an equal amount could be made on the first day of the year. This would prevent the Technology Replacement Fund from operating in the negative as the cash flow comes in monthly or at the end of the year.

RELEVANT FINANCIAL POLICIES

The School Board is required to submit an adopted budget to the County Board of Supervisors by April 1 of each year for the fiscal year beginning July 1. This annual budget serves as the foundation for the School Division's financial planning and budget control. The budget is prepared by fund, function (e.g., instruction, attendance and health, nutrition), and department (e.g., transportation, technology, human resources) for management purposes. For June 30, 2024, the County legally adopted the School Division budget at the categorical basis (function level). The School Board must seek approval from the County Board of Supervisors to transfer funds between functions. However, the School Board may transfer resources within

functions as they see fit. The Superintendent may approve transfers between departments for amounts below \$50,000, otherwise, School Board approval is required.

The School Board and County Board of Supervisors utilize a revenue sharing agreement for allocating revenues between the local government and the School Division. The agreement factors in fluctuations in County population and student enrollment, a payroll element reflecting the labor-intensive nature of public education, and the calculation of a net allocation percentage which is then applied to total general property and other local taxes of the local governing body to arrive at the allocation of local revenues for public education. This formula has been used since the fiscal year 2015 school budget.

In 2021, the School Board revised the Year-End Carryover policy that allocates the balance at the end of a fiscal year from excess revenues and/or unspent expenditures. The policy stipulates the appropriation in the following order of priority: \$2 million emergency contingency, outstanding encumbrances, 50% of the remaining balance to major capital projects, and then the residual may be allocated for minor capital projects, capital maintenance program, school safety and security, fleet replacements, technology replacements and/or Comprehensive Services Act reserves.

MAJOR INITIATIVES

The School Board and the County Board of Supervisors continue to place a major emphasis on the capital needs in the School Division. In the 2025-2034 CIP (the most recent plan) the School Board funded \$102.9 million of projects in the June 30, 2025, budget. The funding is derived from general fund operating transfers derived from carryover, debt proceeds from the County, and reserve balances. Of this balance, \$53.9 million is reserved to build a modern facility for the *Roanoke County Career and Technology Center* to expand programming and better meet the needs of the business community. Another \$46.6 million is reserved to renovate *Glen Cove and W.E. Cundiff Elementary Schools*. These are the last two schools built with the open classroom concept that needs to be re-engineered for a better instructional environment. The final \$1.5 million is reserved for the Capital Maintenance Plan to maintain school facilities. The School Board recognizes the growing need for maintenance updates and increased this annual budget by \$200,000 over the prior year.

Roanoke County Public Schools implemented **Positive Behavioral Interventions & Supports** (PBIS), a research and evidenced-based framework for creating a common vision of behavioral expectations through consistent language and practices among staff and students. These practices (e.g., explicit instruction of expectations, feedback systems, behavioral definitions and procedures, professional learning for students and staff, etc.) help to ensure that students miss a minimal amount of instructional time due to disciplinary consequences and support all learners across three tiers (universal, targeted, and intensive) based upon student needs.

Throughout the year, all students will participate part in the division-wide **Opportunity Ready graduate certification program**. Elementary and middle school students will participate in student-led conferences in which students will directly showcase their learning to parents during conferences, giving the student the opportunity to practice and develop important communication skills as well as showcase their work while at school, reviewing strengths and opportunities for improvement. All the while, students are adding different pieces to their portfolio. At the high school level, seniors will prepare a presentation about their learning and will defend that presentation to a panel of staff. If successful, that senior will have an Opportunity Ready seal added to their diploma.

AWARDS AND ACKNOWLEDGEMENTS

On October 24, the Virginia Board of Education recognized 141 schools for their high achievement and continued improvement as part of its Exemplar School Recognition Program. The recognized schools

include 92 schools earning the Board of Education Highest Achievement Award and 49 schools earning the Board of Education Continuous Improvement Award. The Highest Achievement Award is based on performance during the 2023-2024 school year and the Continuous Improvement Award uses 2023-2024 and prior school years. Five schools in Roanoke County Public Schools earned the Highest Achievement Award. Those schools are: Back Creek Elementary, Cave Spring High, Fort Lewis Elementary, Hidden Valley High, and Mount Pleasant Elementary.

Government Finance Officers Association of the United States and

Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Roanoke County Public Schools for its annual comprehensive financial report for the fiscal year ended June 30, 2023. This was the 23rd consecutive year that the School Division has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

The Association of School Business Officials International (ASBO) awarded a Certificate of Excellence in Financial Reporting to Roanoke County Public Schools for its ACFR for the 23rd consecutive year ended June 30, 2023. This nationally recognized program was established by ASBO to encourage school business officials to achieve a high standard of financial reporting and accountability. The award is the highest recognition for school division financial operations offered by ASBO, and it is only conferred upon school systems that have met or exceeded the standards of the program.

Participation in the Certificate of Excellence in Financial Reporting program validates the School Division's commitment to fiscal and financial integrity and enhances the credibility of the School Division's operations with the School Board and the community. The program reviews the accounting practices and reporting procedures used by the School Division in its ACFR based upon specific standards established within GAAP.

We would like to express our sincere gratitude to the School Board and the administration, whose continuing leadership and support is vital to the fiscal health of the School Division. Appreciation is also extended to the personnel in the Finance Department for their dedication to assuring the fiscal integrity of the School Division and the preparation of this report.

Respectfully yours,

Kenneth E. Nicely, Ed.D. Superintendent

Roanoke County Public Schools Government Finance Officers Association Award June 30, 2024

Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Roanoke County Public Schools for its annual comprehensive financial report for the fiscal year ended June 30, 2023. This was the 23rd consecutive year that the School Division has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

Roanoke County Public Schools Association of School Business Officials International Award June 30, 2024

The Association of School Business Officials International (ASBO) awarded a Certificate of Excellence in Financial Reporting to Roanoke County Public Schools for its ACFR for the 23rd consecutive year ended June 30, 2023. This nationally recognized program was established by ASBO to encourage school business officials to achieve a high standard of financial reporting and accountability. The award is the highest recognition for school division financial operations offered by ASBO, and it is only conferred upon school systems that have met or exceeded the standards of the program.

Participation in the Certificate of Excellence in Financial Reporting program validates the School Division's commitment to fiscal and financial integrity and enhances the credibility of the School Division's operations with the School Board and the community. The program reviews the accounting practices and reporting procedures used by the School Division in its ACFR based upon specific standards established within GAAP.

FINANCIAL SECTION

Independent Auditor's Report

To the Honorable Members of the School Board County of Roanoke, Virginia Roanoke, Virginia

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Roanoke County Public Schools (the "School Division"), a component unit of Roanoke County, Virginia, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the School Division's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the School Division, as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and *Specifications for Audits of Counties, Cities, and Towns* issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School Division and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School Division's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that

an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School Division's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School Division's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information other than management's discussion and analysis, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management, and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School Division's basic financial statements. The accompanying supplementary information section and schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other

records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections and Schedule 45 but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 12, 2024 on our consideration of the School Division's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School Division's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School Division's internal control over financial reporting and compliance.

Roanoke County Public Schools Management's Discussion and Analysis For the Year Ended June 30, 2024

The management of Roanoke County Public Schools (School Division) presents the following discussion and analysis as an overview of the financial activities of the School Division for the year ended June 30, 2024. We encourage readers to consider the information presented here in conjunction with the transmittal letter at the front of this report, and the School Division's basic financial statements and notes thereto, which immediately follow this section.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources exceeded the total liabilities and deferred inflows of resources of the School Division as of June 30, 2024, by \$21.5 million (net position). Of total net position, \$(73.9) million is unrestricted net position. The unrestricted net position is a deficit due to recognizing a \$95.0 million liability related to the Virginia Retirement System pension and \$22.2 million liability related to other postemployment benefits (Exhibit A).
- On a government-wide basis for governmental activities, the School Division had expenses, net of program revenues, of \$135.5 million, which were \$20.5 million less than general revenues of \$156.0 million (Exhibit B).
- At the end of the current fiscal year, the committed fund balance for the General Fund was \$8.2 million or 4.2% of total General Fund expenditures for fiscal year 2024 (Exhibits C and E). Based on School Board policy, the fund balance in the General Fund is appropriated for specific purposes at year-end so there is no unassigned fund balance at year-end.
- The General Fund, on a current financial resource basis, reported revenues greater than expenditures and other financing sources (uses) by \$1.0 million for fiscal year 2024 (Exhibit E).

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

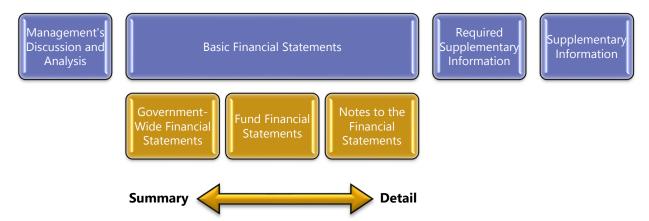

Management's Discussion and Analysis is intended to serve as an introduction to the School Division's basic financial statements and is unaudited. The basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. In addition, required supplementary information follows the basic financial statements and related notes, but is unaudited.

The School Division's basic financial statements include two types of financial statements, each with a different view of the School Division's finances. The focus is on both the School Division as a whole (government-wide) and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the School Division's overall financial position. The fund financial statements focus on the individual funds of the School Division, reporting the School Division's operations in more detail than the government-wide statements. Both perspectives (government-wide and fund) allow the user to address relevant questions, broaden the basis of comparison and enhance the School Division's accountability.

Unaudited

Roanoke County Public Schools Management's Discussion and Analysis For the Year Ended June 30, 2024

The financial section of the Annual Comprehensive Financial Report consists of the following:

Government-wide Financial Statements – The government-wide financial statements (Exhibits A and B) report information about the School Division as a whole, using accounting methods like those used by private-sector companies. The two statements – Statement of Net Position and Statement of Activities, report the School Division's net position and how it has changed during the fiscal year.

The Statement of Net Position includes all the government's assets, deferred outflows of resources, liabilities (both current and long-term) and deferred inflows of resources. The result is reported in one of the three categories of the net position (Investment in capital assets, Restricted, or Unrestricted). Over time, increases or decreases in the School Division's net position are indicators of whether its financial position is improving or deteriorating. To assess the overall financial position of the School Division, other non-financial factors must also be considered, however, such as changes in the property tax base of the County of Roanoke, Virginia (the County) and the condition of school buildings and other facilities.

The Statement of Activities reports all the current year's revenues and expenses as soon as the underlying event for recognition occurs, regardless of the timing of the related cash flows.

The School Division reports only *governmental activities*, which include the School Division's basic services: instruction; administration, attendance, and health; transportation; operations and maintenance; technology; facilities; nutrition, and student activities. County appropriations and State aid finance most of these activities.

Fund Financial Statements – Fund financial statements provide more detailed information about the School Division funds, focusing on its most significant or "major" funds – not the system as a whole. The School Division utilizes three types of funds:

• **Governmental funds** – Most of the School Division's activities are reported in governmental funds, which focus on how resources flow into and out of these funds and the balances at year-end available to spend in future periods. Consequently, the governmental funds statements (Exhibits C and E) provide a detailed short-term view that helps the reader to determine whether there are current financial resources that can be used in the near future to finance the School Division's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, a reconciliation (Exhibits D and F) is provided immediately following the governmental funds statement that explains the relationship (or differences) between the statements.

- **Proprietary funds**: Services for which the School Division charges employees and other funds a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long and short-term financial information. The School Division uses the Internal Service Funds to account for the financing of services provided by one department to other departments of the School Division on a cost reimbursement basis. The School Division uses Internal Service Funds for health insurance, dental insurance, and risk management expenses. (Exhibits G, H, and I)
- **Fiduciary fund**: Assets held either by a trustee or in an agency capacity are reported in the fiduciary fund. These funds cannot be used to support the School Division's activities and are reported in a separate statement of fiduciary assets and liabilities. It is not included in the government-wide financial statements. The School Division reports an OPEB Trust as a fiduciary fund. (Exhibits J and K)

Notes to the basic financial statements – The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information – In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the School Division's budgetary comparisons for the General Fund, Grant Fund, Nutrition Fund, and Student Activity Fund, along with progress in funding its obligations to provide pension and other postemployment benefits to its employees.

Certain additional *supplementary information* is presented immediately following the required supplementary information. Supplementary information includes general fund combining schedules, student activity cash receipts and disbursements schedules, reconciliations (Schedule 33 and 34) providing a crosswalk between the student activity fund and the student activity cash receipts and disbursements schedules, capital projects fund budgetary comparison schedule, internal service fund combining statements, and the Virginia Department of Education Annual School Report.

FINANCIAL ANALYSIS OF THE SCHOOL SYSTEM

Summary of Net Position – As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The following table reflects the condensed Summary of Net Position as presented in the government-wide financial statements.

			Table 1		
Summary	of Net Position	1			
As of June 3	As of June 30, 2023 and 2024				
	Governmental Activities				
	2023	2024	Change		
Current and other assets	\$ 54,234,382	\$ 49,929,681	(7.9)%		
Capital assets, net	86,885,845	102,246,158	17.7		
Total assets	141,120,227	152,175,839	7.8		
		_			
Deferred outflows of resources	28,602,732	33,293,220	16.4		
Current and other liabilities	19,402,104	23,532,099	21.3		
Long-term liabilities	121,298,166	123,067,895	1.5		
Total liabilities	140,700,270	146,599,994	4.2		
		_			
Deferred inflows of resources	28,036,152	17,360,540	(38.1)		
		_			
Net investment in capital assets	75,619,519	93,264,468	23.3		
Restricted	2,996,020	2,138,982	(28.6)		
Unrestricted	(77,629,002)	(73,894,925)	(4.8)		
Total net position	\$ 986,537	\$ 21,508,525	2080.2		

The School Division's assets and deferred outflows of resources exceeded the total liabilities and deferred inflows of resources of the School Division as of June 30, 2024, by \$21.5 million (net position). Net position increased \$20.5 million from the prior year's balance. A detailed description of the changes in revenues and expenses that create the differences in net position is discussed in the next section.

For fiscal year 2024, \$93.3 million of the School Division's net position reflects its *net investment in capital assets* (i.e., land, building and improvements, furniture and equipment, right-to-use leased equipment, and right-to-use subscription assets, net of the lease liabilities and right-to-use subscription liabilities). The School Division uses capital assets to provide services to citizens; consequently, these assets are not available for future spending. The Commonwealth of Virginia requires counties to issue general obligation debt for all financially dependent component units. The County reports in its basic financial statements the debt-funded capital assets and related debt until the debt is repaid.

The School Division's *restricted net position* is \$2.1 million and represents the Virginia Retirement System's (VRS) net pension relatable to the non-professional plan. The remaining balance of *unrestricted net position* of \$(73.9) million is a result of recognizing the School Division's proportionate share of the Virginia

Retirement System's (VRS) net pension liability relatable to the teacher plan and recognizing the School Division's liabilities for other postemployment benefit liabilities.

The School Division's net position on hand at the end of a fiscal year is designated for specific uses in funding capital projects in the upcoming year. Thus, increases or decreases in net position typically result from and are in accordance with the adopted plan to provide capital programs in any given year, and fluctuate dollar for dollar with changes in the amount of net capital assets and noncurrent liabilities due in more than one year. Finally, to assess the overall health of the School Division, additional non-financial factors need to be considered, such as changes in the property tax base of the County, the condition of the school buildings and equipment, and the supply of and demand for instructional staff.

Summary of Changes in Net Position – The below table presents a condensed summary of changes in net position for governmental activities.

			Table 2				
Summary of Changes in Net Position							
For the Years Ended June 30, 2023 and 2024							
Governmental Activities Percent							
Program revenues:	2023	2024	Change				
Charges for services	\$ 3,415,155	\$ 8,274,064	142.3%				
Operating grants and contributions	50,741,273	59,399,382	17.1%				
Capital grants and contributions	7,612,839	14,156,405	86.0%				
General revenues:							
County appropriation	80,427,743	88,662,833	10.2%				
Non-categorical State aid	63,390,172	65,341,260	3.1%				
Miscellaneous	6,319,684	2,028,993	(67.9)%				
Total revenues	211,906,866	237,862,937	12.2%				
Instruction	130,524,110	151,819,388	16.3%				
Administration	4,348,862	4,989,386	14.7%				
Attendance and health	2,988,663	3,470,364	16.1%				
Transportation	7,965,673	8,706,067	9.3%				
Operations and maintenance	17,587,291	22,759,652	29.4%				
Technology	11,884,404	7,611,558	(36.0)%				
Nutrition	7,211,946	9,391,250	30.2%				
Student activities	4,500,304	4,071,387	(9.5)%				
Interest	1,342,234	1,321,897	(1.5)%				
Payment for Future Capital	2,900,000	3,200,000	10.3%				
Total program expenses	191,253,487	217,340,949	13.6%				
Change in net position	20,653,379	20,521,988	(0.6)%				
Total net position, beginning of year	(19,666,842)	986,537	(105.0)%				
Total net position, end of year	\$ 986,537	\$ 21,508,525	2080.2%				

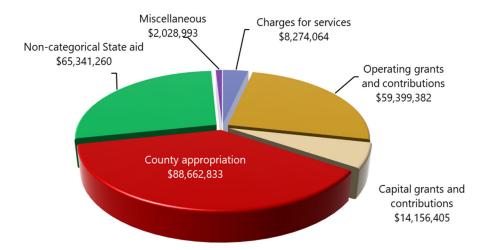

Governmental activities increased the School Division's net position by \$20.5 million. Revenues for governmental activities increased \$26.0 million (12.2%) and total expenses increased \$26.1 million (13.6%) when compared to the prior year.

The County appropriation and general State aid accounted for most of the School Division revenue, contributing 71¢ of every dollar of expenses. The remaining 29¢ of every dollar of expenses are funded with Federal and State aid for specific programs, charges for services, and miscellaneous revenues.

Most of the School Division's expenses, or 85¢ of every dollar spent, are directly related to the provision of services to students, including classroom instruction, attendance and health, transportation, technology, nutrition, and student activities. The balance of every dollar spent goes for administrative costs (2¢), operations and maintenance (10¢), and interest and other charges for the school portion of County debt payments on school construction and renovations (3¢).

Governmental Activities - Revenues

Revenues of the governmental activities are shown by category in the graph below.

Charges for services, which were 3.5% of total government revenues, include school breakfast and lunch sales, tuition fees, Medicaid reimbursements, student activities, and other miscellaneous fees for services provided. These revenues increased \$4.9 million from the prior year, mainly due to reclassification of student activities to this category from general miscellaneous revenues.

Operating grants and contributions, which were 25.0% of total government revenues includes State and federal revenues. State revenues include Standards of Quality (SOQ) revenues of \$19.7 million, and other programmatic support of \$21.5 million. Federal revenues were \$12.7 million of the total operating grants and contributions. Finally, nutrition services State and federal revenues were \$5.4 million of operating grants and contributions. Overall, this category increased by \$8.7 million from the prior year and was driven by the continued prioritization by the Governor to k-12 education funding during the biennial budgeting process. Specifically, the State compensation supplement increased by \$4.3 million, the State sales tax hold harmless funding increased by \$1.7 million, other State program grants increased by \$591,653 and the Students with Intensive Support Needs/Regional Program increased by \$154,528. In addition, the School Division

collapsed the infrastructure & operations per pupil funding into this category for fiscal year 2024, previously \$1.3 million was recognized in capital grants and contributions.

Capital grants and contributions, which were 6.0% of total government revenues, include state technology grants and capital transfers from the County. These revenues increased by \$6.5 million from the prior year. A transfer of \$12.3 million was received from the County for school construction projects related to the current year debt payoff for tenancy-in-common assets, including renovations at Herman L. Horn, Mountain View, and Oak Grove Elementary Schools, improvements at Bogle Stadium, field and concession building enhancements at Cave Spring High School and Hidden Valley High School. This was reduced by the prior year Virginia Department of Education one-time \$4.3 million construction grant. Finally, the School Division collapsed the infrastructure & operations per pupil funding into this operation grants and contributions category for fiscal year 2024, which \$1.3 million was previously recognized in capital grants and contributions.

County appropriation, which is the largest funding source at 37.3% of total government revenues, represents operating transfers from the County of Roanoke. The operating transfers, which includes a portion for Comprehensive Services Act, is based on a revenue sharing formula and increased from the prior year by \$8.2 million relative to the County's revenue estimates.

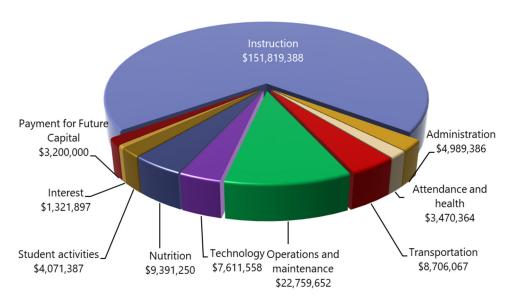

Non-categorical State aid, which was 27.5% of total government revenues, includes State sales tax and the Basic Aid SOQ State revenues. There was a decrease of \$909,367 in sales tax receipts from the prior year. This was offset by an increase in Basic Aid SOQ of \$2.4 million from the prior year. The Commonwealth uses an inverse relationship between sales tax and Basic Aid SOQ in funding levels, so these two often track opposite trends. As previously mentioned, the continued prioritization by the Governor to k-12 education funding during the biennial budgeting process helped drive the increase in basic aid. One important change was the increase in funding for support positions. The final budget increased the funding of support positions to 23 positions per 1,000 students instead of 21 per 1,2000 students.

Miscellaneous, which was 0.7% of total government revenues includes interest, warranty reimbursements, rebates and refunds, donations, insurance adjustments, local grant revenue, and other miscellaneous items. These revenues decreased by \$4.3 million from the prior year, mainly due to reclassification of student activities to this category to the charges for services category.

Governmental Activities - Expenses

Expenses of the governmental activities are shown by functional area below:

Instruction, which was 69.9% of total government expenses, includes activities and programs to prepare all students to be productive citizens in a democratic and diverse society while enabling them to meet established standards for achievement and foster life-long learning. These expenses increased by \$21.3 million from the prior year. Salaries and benefits increased to provide an average 8.0% raise for all employees. The School Division has lagged neighbors, the state average, and the national average in average salaries. The School Board placed employee retention and recruitment at the top of the priority list to close this gap. As such a compensation study was performed that helped realign the scales and individual placement on the scales. The teacher scale was shifted and the first-year teacher begins at \$45,000. The School Board added 19 positions, including 504 facilitators, teachers, behavior coaches, instructional assistants, an assistant principal (shared between two elementary schools), a bookkeeper, and a work-based coordinator. The loss in the Health Insurance Fund adds almost \$2.1 million in costs due to a significant increase in health insurance claims this year. The Virginia Retirement Plan pension expense also increased instructional expenses. Finally, another significant increase was the allocation of principal payments resulting from the payment to the County for debt service, right-to-use leased equipment, and right-to-use subscription assets.

Administration, which was 2.3% of total government expenses, includes executive administration, personnel services, fiscal services, board services, reprographic services, planning services, and information services. These expenses increased \$640,524 from the prior year. Salaries and benefits increased to provide an average 8.0% raise for all employees based on the compensation study. Also, the School Board added a finance analyst position. The loss in the Health Insurance Fund adds costs due to a significant increase in health insurance claims this year. The Virginia Retirement Plan pension expense also increased expenses. Finally, another significant increase was the allocation of principal payments resulting from the payment to the County for debt service, right-to-use leased equipment, and right-to-use subscription assets.

Attendance and health, which was 1.6% of total government expenses, includes health, psychological, and attendance services. These expenses increased \$481,701 from the prior year. Salaries and benefits increased to provide an average 8.0% raise for all employees based on the compensation study. Also, the School Board added two psychologists and a lead nurse position. The loss in the Health Insurance Fund adds costs due to a significant increase in health insurance claims this year. The Virginia Retirement Plan pension expense also increased expenses. Finally, another significant increase was the allocation of principal payments resulting from the payment to the County for debt service, right-to-use leased equipment, and right-to-use subscription assets.

Transportation, which was 4.0% of total government expenses, includes vehicle operation, monitoring, and maintenance services. These expenses increased \$740,394 over the prior year. Salaries and benefits increased to provide an average 8.0% raise for all employees based on the compensation study. Due to recent market price and inflation increases, fuel costs rose significantly over the prior year. Also, the loss in the Health Insurance Fund adds costs due to a significant increase in health insurance claims this year. The Virginia Retirement Plan pension expense also increased expenses. Finally, another significant increase was the allocation of principal payments resulting from the payment to the County for debt service, right-to-use leased equipment, and right-to-use subscription assets. All these increases were offset by the reduction in depreciation expenses this year.

Operations and maintenance, which was 10.5% of total government expenses, includes custodial, maintenance, utilities, and security services for buildings and grounds at all 27 schools, central office, maintenance, garage, and warehouse. These expenses increased \$5.2 million from the prior year. Salaries and benefits increased to provide an average 8.0% raise for all employees based on the compensation study. Also, the School Board added two HVAC positions and two positions for a special projects crew. The loss in the Health Insurance Fund adds costs due to a significant increase in health insurance claims this year. The Virginia Retirement Plan pension expense also increased expenses. Another significant increase was the allocation of principal payments resulting from the payment to the County for debt service, right-to-use leased equipment, and right-to-use subscription assets. A large one-time increase this year related to the use of grants to replace or repair various parts of Heating, Ventilation, and Air Conditioning systems throughout 15 different schools in the division. Due to recent energy price increases and inflation increases, utility costs rose significantly over the prior year. Also, there was a significant increase in depreciation expenses this year, relative to the addition of William Byrd High School renovations.

Technology, which was 3.5% of total government expenses, includes noncapital equipment, software, operating and maintenance costs for all classrooms, administration, and attendance and health. These expenses decreased by \$4.3 million from the prior year. The most significant reduction was the move of approximately \$4.2 million for right-to-use leased equipment payments from the technology category to the principal and interest categories. Then, the allocation of principal payments resulting from the payment to the County for debt service, right-to-use leased equipment, and right-to-use subscription assets is allocated across all functions.

Nutrition, which was 4.3% of total government expenses, includes all costs associated with operating and maintaining school cafeterias. These costs increased \$2.2 million from the prior year. Personnel costs increased by \$588,031 and included an average 8% raise for all employees along with the realignment of staff on the scale for service years. In addition, 25 associate positions were converted to lead positions. This created a career path for the associates and provided back up and assistance for the nutrition manager at each school. Another budget priority was converting three field manager contracts to year-round to assist during summer feeding and in preparing for the new school year. Food costs rose by \$560,835 from the prior fiscal year, driven by inflation and supply chain disruptions. In addition, there was \$890,962 spent purposefully to spend down the excess balance through replacing aged equipment and small wares.

Student activities, which is 1.9% of total government expenses, includes all costs associated with extracurricular student activities, including, but not limited to, entertainment, athletic contests, and club dues. These costs decreased \$428,917 from the prior year.

Interest, which was 2.4% of total government expenses includes a portion for debt payments, a portion for lease payments, and a portion for subscription liability payments. \$1.2 million represents a relative portion of the School Division's \$4.1 million transfer to the County for debt service. The portion reflected for interest mirrors the ratio of interest to principal paid by the County on School VPSA Bonds. In addition, interest also includes \$129,820 for the current year lease payments and \$25,698 for the current year right-to use subscription liability payments.

Payment for future capital, which was 1.5% of total government expenses, includes a transfer to the County for the joint funding of future debt related to the Capital Improvement Plan (CIP). These expenses increased \$300,000 from the prior year to raise the capital financing plan to allow the School Division to set aside \$17 million in bond issues every two out of three years. This arrangement was agreed upon by the County Board of Supervisors and the School Board to speed up the renovation of schools on the CIP.

Governmental Activities - Total Cost and Net Cost

Table 3 presents the cost of the School Division's functions and shows the net cost (total expenses less program revenues). The net cost reflects the financial burden that was placed on the taxpayers by each of these functions.

						Table 3
Total Cost and Net Cost of Governmental Activities						
	For the Years Ended June 30, 2023 and 2024					
	Total Cost	of Services	Percent	Net Cost	Percent	
	2023	2024	Change	2023	2024	Change
Instruction	\$130,524,110	\$151,819,388	16.3%	\$ 75,826,609	\$ 95,387,252	25.8%
Administration	4,348,862	4,989,386	14.7%	4,348,862	4,989,386	14.7%
Attendance and health	2,988,663	3,470,364	16.1%	2,988,663	3,470,364	16.1%
Transportation	7,965,673	8,706,067	9.3%	7,936,567	8,668,873	9.2%
Operations and maintenance	17,587,291	22,759,652	29.4%	17,500,824	10,283,144	(41.2)%
Technology	11,884,404	7,611,558	(36.0)%	11,884,404	7,611,558	(36.0)%
School nutrition	7,211,946	9,391,250	30.2%	261,810	2,040,859	679.5%
Student activities	4,500,304	4,071,387	(9.5)%	4,494,247	(1,462,235)	(132.5)%
Interest	1,342,234	1,321,897	(1.5)%	1,342,234	1,321,897	(1.5)%
Payment for future capital	2,900,000	3,200,000	10.3%	2,900,000	3,200,000	10.3%
Total expenses	\$191,253,487	\$217,340,949	13.6%	\$129,484,220	\$135,511,098	4.7%

Key elements of total and net cost of governmental activities during fiscal year 2024 were as follows:

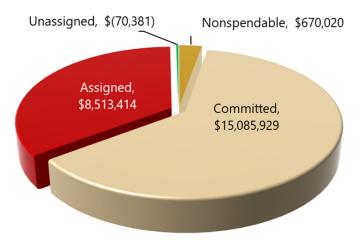

- The cost of all governmental activities this year was \$217.3 million.
- Roanoke County citizens paid for these activities through local taxes in the amount of \$88.7 million.
- Some of the costs were paid by those who directly benefited from the programs (\$8.3 million), entitlements from State and Federal aid (\$59.4 million), and other receipts for capital investments (14.2 million).

FINANCIAL ANALYSIS OF THE FUNDS

Governmental Funds – Governmental funds consist of the General Fund, Grant Fund, Nutrition Fund, Student Activity Fund, and Capital Projects Fund, and account for the general operations of the School Division. As noted earlier, the School Division uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the School Division's governmental funds is on nearterm inflows, outflows, and balances of spendable resources. As such, these funds are accounted for using the modified accrual basis of accounting.

As of the end of the current fiscal year, the School Division's governmental funds reported combined fund balances of \$24.2 million, a decrease of \$4.4 million in comparison with fiscal year 2023. Of this amount, 2.8% constitutes *nonspendable fund balance* and includes inventories and prepaid expenses that are in a non-liquid form and cannot be spent; 62.3% constitutes *committed fund balance*, which is approved by the School Board to be spent on specific expenditures in 2025; 35.2% constitutes *assigned fund balance*, which reflects the nutrition program and the student activity fund and the final (0.3%) constitutes *unassigned fund balance*, which offsets the prepaid expenses in the grant fund.

The Governmental Fund Balances are shown by functional area below:

The **General Fund** is the primary operating fund used to account for all financial transactions and resources except those required to be accounted for in another fund. For financial reporting purposes, this fund includes the General Fund (main operating fund), Fleet Replacement Fund, Instructional Resources Fund, and Technology Replacement Fund. The fund balance in the combined General Fund increased by \$1.0 million.

The *General Fund* operating accounts increased from \$4.3 million by \$890,283 to \$5.2 million. In the Commonwealth of Virginia, School Divisions are required to return any surplus at the end of a year to the governing body from which the funds were received. The County of Roanoke Board of Supervisors' Comprehensive Financial Policy allows the School Division to maintain this balance for specific purposes in the following year. The total surplus to be carried over at the end of the year derives from a revenue surplus of \$772,997 (mostly relatable to interest and rental income), payroll lapse of \$1.7 million, departmental savings of \$748,688 and the carryover emergency contingency of \$2.0 million.

The Fleet Replacement Fund decreased by \$1.4 million. During the 2024 budget planning, the School Board approved an increase in the transfer of \$600,000 to \$1.8 million to support the Fleet Replacement Plan. The current year spending included \$2.9 million for 10 planned school bus replacements, in addition to 11 school bus replacements from the prior year, which due to supply chain issues were delivered during the 2024 fiscal year. In addition, during the current fiscal year, the School Division replaced 10 vehicles and purchased 10 additional vehicles for \$1.0 million in order make efforts to replace an aging fleet.

The *Instructional Resources Fund* increased by approximately \$1.5 million. During the 2024 budget planning, the School Board approved an increase in the annual transfer from the General Fund of \$100,000, for a total

annual transfer of \$1.0 million. This level of yearly transfer, in addition to the State SOQ funding of \$1.1 million, is expected to fund the necessary resources for future curriculum adoptions to ensure materials provided to students remain current and relevant. In the current year, the School Division purchased health and physical education materials for \$191,437 and funded continuing the necessary English and reading cost materials, which annually \$295,830.

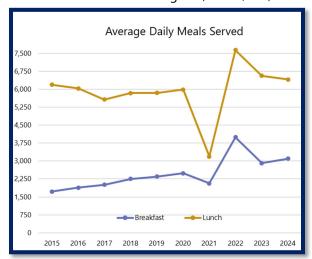

The *Technology Replacement Fund* increased by \$75,316. The School Division maintains a 6-year Technology Replacement Plan to smooth the operating transfer across years regardless of fluctuations of identified spending. Excess surplus from one year is available the following year as needed. During the 2024 budget planning, the School Board approved moving \$3.0 million of revenue from the Technology Replacement Fund to the General Fund and then increasing the transfer from the General Fund to the Technology Replacement Fund by a similar amount. Because the timing of the revenue occurs throughout the year, while the payments to vendors mostly take place at the beginning of the year, this shift will allow the Technology Replacement Fund to remain positive. In addition, during the current year, the School Board approved an additional annual transfer of \$853,871 to fund the Technology Replacement Plan. This increase was for 9th and 10th-grade laptops (\$267,810), server replacements (\$155,000) for server replacements (\$124,113), video surveillance computer system replacements (\$95,000), distance learning equipment replacements in classrooms (\$60,000), networking equipment (\$54,390), and other changes in the replacement plan.

The **Grant Fund** is used to account for Federal, State, and local grants restricted for specified purposes by the grantor. Most grants are budgeted for multiple years and funded via reimbursements. At the end of the year, revenues are accrued to match the expenditure incurred. A few State grants are paid up front and, if not fully expended, may be carried over to the following school year if the School Division has met required local effort and required local match (pursuant to Item 137 B.24.a of Chapter 2, 2022 Special Session I Acts of Assembly). As of June 30, 2024, there was \$70,381 of prepaid expenses in nonspendable fund balance and negative \$70,381 of related unassigned fund balance. These amounts are related to a prepayment for school year 2024-2025 for instructional curriculum and a Positive Behavioral Interventions and Supports conference both of which will be recognized in the following school year.

During fiscal year 2024, in the grant fund there was \$6.0 million of spending related to pandemic funding, \$3.7 million of spending related to IDEA Special Education, \$2.0 million of spending related to ESEA Titles I through IV, and \$189,095 for spending related to the Perkins grant. During fiscal year 2023, in the grant fund there was \$6.1 million of spending related to pandemic funding, \$3.5 million of spending related to IDEA Special Education, \$2.0 million of spending related to ESEA Titles I through IV, and \$158,362 for

spending related to the Perkins grant. See the Schedule of Expenditures of Federal Awards for additional details.

The **Nutrition Fund** is used to account for the preparation and serving of student breakfasts and lunches. During fiscal year 2023, six schools qualified and participated in the Community Eligibility Provision (CEP) of the National School Lunch Program, which allows all students free meal benefits. During fiscal year 2024, two additional schools joined the CEP program. Schools participating in the CEP include Burlington, Herman L. Horn, Masons Cove, Mount Pleasant, Mountain View, and W.E. Cundiff Elementary Schools, Northside Middle School, and Northside High School.

At the end of the fiscal year, the Nutrition Fund balance reflected \$224,007 in nonspendable fund balance for nutrition inventory consisting of USDA Commodities, purchased food, and other supplies used to serve meals. The fund balance also consisted of \$5.7 million in assigned fund balance for nutrition operations. School Nutrition programs are required to retain a fund balance equal to three month's average expenditures and are required to develop a spend-down plan for excesses. The Nutrition Fund has approximately \$2.4 million of fund balance subject to spend down and plans to use the funds to replace aging equipment, continue staff retention incentives, waive the reduced fees under the National School Lunch Program, and continue developing marketing programs to increase meals served.

The overall fund balance decreased by \$1.6 million from the prior year. While there were additional federal revenues from the two new CEP schools and an increase in interest revenue, there was a purposeful intent to spend down the excess accumulated fund balance. Personnel costs increased by \$588,031 and included an 8% raise for all employees along with the realignment of staff on the scale for service years. In addition, 25 nutrition associate positions were converted to nutrition lead positions. Another budget priority included converting three field manager contracts to year-round to assist during summer feeding and in preparing

for the new school year. Food costs rose by \$560,835 from the prior fiscal year, driven by inflation and supply chain disruptions. In addition, there was \$890,962 spent purposefully to spend down the excess balance through replacing aged equipment and small wares.

The **Student Activity Fund** is used to account for extracurricular student activities, including, but not limited to, entertainment, athletic contests, and club dues. At the end of the current fiscal year, the Student Activity Fund balance consisted of \$2.8 million assigned for student activities. The fund balance increased by \$376,204, this directly relates to activities at the schools as they received \$285,638 more than they spent. This activity is related to the school activities operated by each of the schools and is subject to change as student initiatives change with new student groups.

The **Capital Projects Fund** is used to account for the acquisition, renovation, maintenance, or construction of major and minor capital projects using cash, which is derived from general fund operating transfers, debt proceeds from the County, and reserve balances. Major capital projects exceed \$500,000 and typically represent the cash portion of large projects included in the Capital Improvement Plan. Minor capital projects include \$1.3 million of funds set aside for the Capital Maintenance Program and other projects that arise during the year and are approved by the School Board.

At the end of the current fiscal year, the Capital Projects Fund balance consisted of \$6.9 million committed for future school capital projects. The fund balance decreased by \$4.3 million. Revenues included General Fund transfers of \$3.5 million and Roanoke County payments of \$1.0 million. This along, with carryover balances funded the following projects: William Byrd High School renovations of \$5.3 million, capital maintenance projects of \$1.1 million, implementation of human resources/payroll system of \$500,000, playground renovations and improvements of \$440,581, Northside High School athletic fields of \$401,617, William Byrd High School HVAC replacement and repairs of \$217,712, Cave Spring High School resurface rubber track of \$193,475, Burlington Elementary School new classrooms of \$138,328, along with 20 other projects whose spending is below \$100,000.

Proprietary Funds – The School Division's Internal Service Funds, a proprietary fund type, is presented on the same basis as the government-wide financial statements but is presented in more detail in the fund financial statements. Unrestricted net position of the health insurance, dental insurance, and risk management funds at the end of the year amounted to \$4.7 million. The increases (decreases) in net position for the health insurance, dental insurance, and risk management funds were \$(2.5) million, \$22,610, and \$(127,006), respectively. The most significant change related to health insurance. In 2024 medical claims cost was significantly higher (\$1.7 million) than the prior year. Since the School Division is self-insured, this is s direct result of the employee medical procedures. Claims were particularly significant between \$10,000 and \$250,000 (the stop loss level). In addition, the 2024 stop loss cost contracted with the vendor was significantly higher than the prior year (about \$30,000 more per month), this was coupled with a significant reduction in stop loss credits (\$694,148).

GENERAL FUND BUDGETARY HIGHLIGHTS

The School Division budget is prepared in accordance with the *Code of Virginia*. Table 4 presents a condensed version of the budgetary comparison of the original budget, final budget, and actual amounts for fiscal year 2024.

			Table 4				
Budgetary Highlights - General Fund							
For the Years Ended	d June 30, 2023	and 2024					
	Original	Final					
	Budget	Budget	Actual				
Revenues:							
Intergovernmental-Roanoke County	\$ 88,661,061	\$ 88,661,061	\$ 88,662,833				
Intergovernmental-State and Federal	105,553,181	105,565,223	105,644,191				
Other	833,594	637,340	1,268,484				
Total	195,047,836	194,863,624	195,575,508				
Expenditures	(193,944,236)	(198,536,346)	(195,949,846)				
Other financing sources	56,000	56,000	4,860,871				
Net transfers	(1,910,025)	(3,886,095)	(3,448,280)				
Net change in fund balance	\$ (750,425)	\$ (7,502,817)	\$ 1,038,253				

During the year, the School Division amended the original budget primarily for the following purposes:

- To reappropriate monies to pay for commitments in the form of encumbrances established prior to June 30, 2024, but not paid by that date.
- To reappropriate grants, donations and other revenues authorized in fiscal year 2023 or earlier, but not expended or encumbered as of June 30, 2024.
- To appropriate grants, donations, and other revenues accepted or adjusted in fiscal year 2024 when official notice of approval was received.
- To appropriate the designated General Fund balance to capital projects.

The School Board and County Board of Supervisors have a jointly adopted financial policy designating yearend balances for \$2 million emergency contingency, outstanding encumbrances, 50% of the remaining balance to major capital projects, and then the residual may be allocated for minor capital projects, capital maintenance program, school safety and security, fleet replacements, technology replacements and/or Comprehensive Services Act reserves.

CAPITAL ASSETS AND LEASES

At the end of the fiscal year, the School Division had land, buildings and improvements, furniture and equipment, right-to-use leased equipment, right-to-use subscription assets, and construction in progress in governmental activities with a total historical cost of \$222.6 million. Total accumulated depreciation and amortization on these assets was \$120.3 million. For the eight leases existing as of June 30, 2024, the School Division recorded an asset related to the right-to-use leased equipment in the amount of \$16.5 million and

the related accumulated amortization of \$9.1 million. For the 41 subscription agreements existing as of June 30, 2024, the School Division recorded an asset related to the right-to-use subscription assets in the amount of \$4.9 million and the related accumulated amortization of \$2.8 million. Table 5 shows capital asset balances (net of accumulated depreciation) for fiscal years 2023 and 2024. More detailed information about capital assets can be found in Note 5 to the basic financial statements.

			Table 5				
Capital Assets - Net of Accumulated Depreciation							
As of June 3	30, 2023 and 20	24					
	Governmen	tal Activities	Percent				
	2023	2024	Change				
Land	\$ 12,288,419	\$ 12,288,419	0.0%				
Construction in progress	4,183,261	792,692	(81.1)%				
Buildings and improvements	52,446,960	69,492,925	32.5%				
Furniture and equipment	6,217,120	10,179,518	63.7%				
Right-to-use leased equipment	7,961,083	7,411,563	(6.9)%				
Right-to-use subscription assets	3,789,002	2,081,041	(45.1)%				
Totals	\$ 86,885,845	\$102,246,158	17.7%				

Major capital asset events during the current fiscal year included the following:

- An amount of \$5.8 million was spent for the initiation or continuation of construction projects currently in progress:
 - o Building renovation at William Byrd High School
 - o Building construction for a new Career and Technical Center
 - o Building renovations for Glen Cove and W.E. Cundiff Elementary Schools
 - o Athletic field turf installation at Northside High School
 - Playgrounds at Back Creek, Bonsack, Cave Spring, Fort Lewis, Green Valley, Herman L. Horn,
 Mount Pleasant, Mountain View, and Oak Grove Elementary Schools
 - o Building addition of new classrooms at Burlington Elementary School
 - o Building addition of a storage building at Central Office
- A total of \$26.8 million was recognized for capitalizing the following acquisitions:
 - Transfer of \$12.3 million from the County for school construction projects related to the current year debt payoff for tenancy-in-common assets, including renovations at Herman L. Horn, Mountain View, and Oak Grove Elementary Schools, improvements at Bogle Stadium, field and concession building enhancements at Cave Spring High School and Hidden Valley High School
 - o Renovation of William Byrd High School for \$7.1 million
 - o Replacement of 21 buses and acquisition of 3 new buses for \$2.9 million
 - o Athletic field turf installation at Northside High School for \$1.0 million
 - o Playground replacements at Back Creek, Bonsack, Cave Spring, Fort Lewis, Herman L. Horn, Mount Pleasant, Mountain View, and Oak Grove Elementary Schools for \$1.0 million

Unaudited

Roanoke County Public Schools Management's Discussion and Analysis For the Year Ended June 30, 2024

- o Replacement of 10 vehicles and purchase of 10 additional vehicles for \$1.0 million
- o IT equipment acquisitions totaling \$763,403
- o Nutrition services equipment, including 12 convection ovens, 5 heated cabinets, a refrigerator, and a dish room renovation, for \$296,732
- o Maintenance equipment acquisitions, including a boom lift, scissor lift, welder, and pipeline inspection camera, totaling \$96,784
- o Athletic equipment, including a Glenvar High School stadium sound system, golf simulator, and softball storage shed, Northside High School scoreboard and football sled, and William Byrd High School basketball goals, totaling \$95,542
- Building improvements, including William Byrd High School HVAC, Central Office shed, and William Byrd High risers, totaling \$94,320
- o New signs, including Central Office, William Byrd High School digital sign replacement, Green Valley Elementary sign base renovation, for \$73,089
- o Four new mowers for \$61,844
- o Four new trailers for \$42,734
- o Instructional equipment (EMT simulation device) for \$11,985
- Additional capitalizations include \$3.7 million for Dell equipment under a 49-month lease and \$1.2 million for right-to-use subscription assets.

CAPITAL ASSETS FINANCED THROUGH DEBT

According to the *Code of Virginia*, when a local government incurs a financial obligation payable over more than one fiscal year to fund an acquisition, construction or improvement of public-school property, the local government acquires title to the school property as a tenant in common with the local school board for the term of the financial obligation. For financial reporting purposes, the local government may report the school property and related financial obligations. At the time the financial obligation is paid in full, the net value of the school property is transferred to the school board as program revenue and expense on the government-wide financial statements for the School Division and County, respectively. As of June 30, 2024, the County's government-wide financial statements included school capital assets and related debt outstanding of \$184.1 million and \$69.8 million, respectively related to tenancy in common assets.

FACTORS INFLUENCING FUTURE BUDGETS

The future budgets for the School Division will be influenced by several key factors, including revenue constraints, personnel expenditures, health insurance costs, and the expiration of federal COVID-19 funding. Revenue generation relies heavily on state and local contributions, with allocations subject to economic and legislative shifts. The largest budgetary commitment is to compensation, encompassing a planned 5.0% salary raise and funding for new positions, underscoring the division's focus on staff retention and quality. Health insurance costs, managed through a self-insurance model, continue to rise due to increased claims, impacting reserve balances despite minimal rate adjustments over recent years. Finally, the phase-out of federal COVID-19 relief funds necessitates a cautious approach to resource allocation and program sustainability to avoid disruptions in service and staffing

ECONOMIC FACTORS

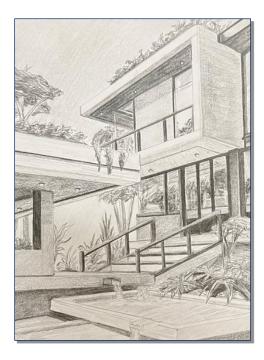

To provide quality educational programs to its students, the School Division is largely dependent upon the economy of its largest funding sources, which include the Commonwealth of Virginia (53.7% of revenue), the County of Roanoke (45.5% of revenue) and the Federal government (0.6% of revenue). A look at the economic environment is integral to operations.

From January 2024 through June 2024, U.S. disposable income and consumer spending showed modest growth compared to the same period in 2023, which would generally support increased sales tax revenues for school divisions across Virginia. However, the School Division experienced a decline in sales tax revenue during this timeframe. Despite the stabilizing Consumer Price Index (CPI), which typically bolsters consumer purchasing power, this reduction in sales tax revenue impacts available funds for the School Division. Ongoing global challenges, such as elevated food and commodity prices, driven by international conflicts and continued supply chain disruptions, are likely contributors to this revenue decline. These uncertainties highlight the need for prudent financial planning within the school division.

REQUESTS FOR INFORMATION

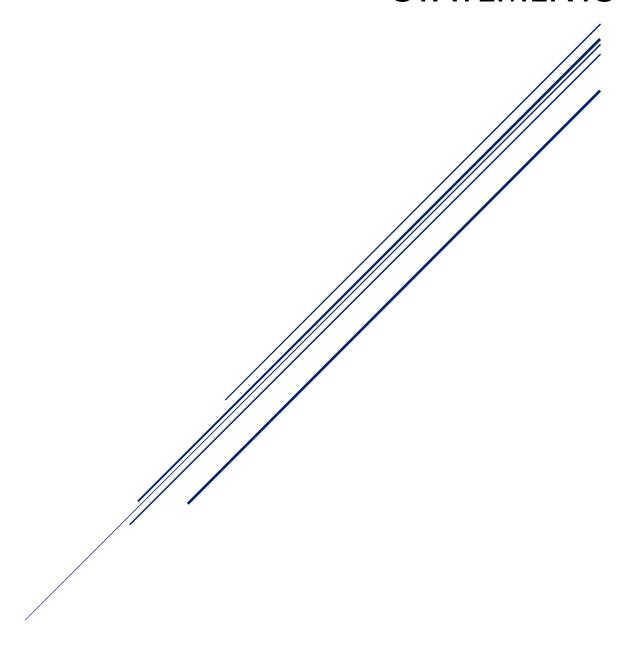

This financial report is designed to provide our citizens, taxpayers, and parents with a general overview of the School Division's finances and to demonstrate the School Division's accountability for the money it receives. Questions concerning this report or requests for additional financial information should be directed to:

fund balances	\$18,591,885	\$ 4,642,425	\$ 6,418,951	\$ 2,897,211	\$ 8,315,216	\$ 40,865,688

Roanoke County Public Schools Reconciliation of the Balance Sheet to the Statement of Net Position June 30, 2024

Total fund balances - total governmental funds (Exhibit C)	\$ 24,198,982
Amounts reported for governmental activities in the Statement of Net Position are different because:	
Internal service funds are used to charge the cost of health, dental, and workers' compensation insurance to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net Position (Exhibit G).	4,723,763
Capital assets used in governmental activities are not considered current financial resources and, therefore, are not reported in the governmental funds (Note 5).	102,246,158
Revenues earned but not considered available are not current financial resources and, therefore, are not reported in the governmental funds (Note 8).	1,513,931
Long-term assets or liabilities are not due and payable in the current period and, therefore, are not reported as assets or liabilities in the governmental funds:	
Net asset from pension (Note 11) Lease obligations (Note 6) Right-to-use subscription liabilities (Note 7) Compensated absences (Note 9) Net liability from pension (Note 11) Net liability from other postemployment benefit provided by Virginia Retirement System (Note 12) Net liability from other postemployment benefit provided by Roanoke County Public Schools (Note 13)	2,138,982 (7,010,587) (1,971,103) (3,011,508) (95,014,800) (16,615,225) (5,622,748)
Deferred outflows and inflows of resources are applicable to future periods and, therefore, are not reported in the governmental funds:	
Deferred outflows of resources: Pension (Note 11) Other postemployment benefit provided by Virginia Retirement System (Note 12) Other postemployment benefit provided by Roanoke County Public Schools (Note 13)	29,365,982 3,022,588 904,649
Deferred inflows of resources: Pension (Note 11) Other postemployment benefit provided by Virginia Retirement System (Note 12) Other postemployment benefit provided by Roanoke County Public Schools (Note 13)	(11,114,297) (1,696,670) (4,549,573)
Net position of governmental activities (Exhibit A)	\$ 21,508,524

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended June 30, 2024

Net change in fund balances - total governmental funds (Exhibit E)	\$ (4,405,956)
Amounts reported for governmental activities in the Statement of Activities are different because:	
Internal service funds are used to charge the costs of health, dental, and workers' compensation insurance to individual funds. The change in net position of internal service funds is reported with governmental activities (Exhibit H).	(2,690,678)
Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate the cost of those assets over the life of the assets (Note 5).	
Capital outlay	11,071,802
Right-to-use leased equipment	3,725,055
Right-to-use subscription assets Capital donated by County and Parent Organizations	1,232,239 12,341,845
Depreciation and amortization expense	(12,205,535)
Loss on disposal of assets	(805,093)
Revenues earned but not considered available in the Statement of Activities are not reported as revenues in governmental funds. This is the amount by which the current year amount exceeds the prior year available	150 201
resources (Note 8).	150,301
Expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	
Proceeds from lease purchase (Note 9)	(3,725,055)
Lease payments (Note 9)	4,305,331
Proceeds from subscriptions (Note 9) Difference in subscription liability and actual payment (Note 9)	(1,044,411) (187,828)
Right-to-use subscription liabilities (Note 9)	2,936,599
Compensated absences (Note 9)	(102,907)
Governmental funds report pension contributions as expenditures. However, in the Statement of Activities, the cost of pension benefits earned net of employee contributions is reported as pension expense (Note 11). Deferred outflows of resources Cost of benefits earned net of employee contributions	4,693,891 3,174,152
Governmental funds report other postemployment benefit provided by Virginia Retirement System contributions as expenditures. However, in the Statement of Activities, the cost of other postemployment benefit provided by Virginia Retirement System benefits earned net of employee contributions is reported as pension expense (Note 12).	
Deferred outflows of resources Cost of benefits earned net of employee contributions	(38,251) 1,036,289
Governmental funds report other postemployment benefit provided by Roanoke County Public Schools contributions as expenditures. However, in the Statement of Activities, the cost of other postemployment benefit provided by Roanoke County Public Schools benefits earned net of employee contributions is reported as pension expense (Note 13).	
Deferred outflows of resources Cost of benefits earned net of employee contributions	34,847 1,025,350

See accompanying notes to basic financial statements.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Roanoke County Public Schools (School Division) was established in 1870 to provide educational opportunities to the residents of the County of Roanoke, Virginia (County). The accounting policies of the School Division conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The following is a summary of the more significant policies.

FINANCIAL REPORTING ENTITY

Roanoke County Public Schools is a political subdivision of the Commonwealth of Virginia (Commonwealth) that operates sixteen elementary schools, five middle schools, five high schools, and one specialty center. The members of the School Board are elected by the citizens of their magisterial district to serve four-year terms. The School Board is responsible for setting the educational policies of the School Division and employs a superintendent to implement the School Board's policies. The mission of the School Division is to invest in our community's future by preparing students with the Opportunity Ready skills described in the Roanoke County Public Schools Profile of a Graduate.

The School Division is a component unit of the County because it is fiscally dependent on the County as operations are funded significantly by transfers from the County's General Fund. Specifically, the County Board of Supervisors approves the School Division's budget, levies the necessary taxes to finance operations, and issues debt on behalf of the School Division. During the current year, the County provided \$88,662,833 of operating support and \$1,088,560 of capital support to the School Division and made debt service payments of \$11,220,911 on behalf of the School Division.

FINANCIAL REPORTING MODEL

GAAP establishes accounting and financial reporting standards for general purpose external financial reporting by state and local governments. The School Division's basic financial statements include the Management's Discussion and Analysis (MD&A), the Basic Financial Statements, and related footnotes.

Management's Discussion and Analysis – GAAP requires that financial statements be accompanied by a narrative introduction and analytical overview of the government's financial activities in the form of Management's Discussion and Analysis. This analysis is like what the private sector provides in its annual reports.

Government-wide Financial Statements – These statements report on all activities of the School Division, except for the fiduciary funds.

The **Statement of Net Position** is designed to display the financial position of the School Division on the accrual basis of accounting. This approach incorporates capital assets and long-term liabilities. The School Division's net position is presented in three categories: net investment in capital assets, restricted, and unrestricted.

The **Statement of Activities** is designed to demonstrate the degree to which the direct expenses of a given function are offset by program revenues. *Direct Expenses* are those that are clearly identifiable with a specific function. *Program Revenues* include 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Revenues which are not classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which the School Division's functions are self-financing or draws from the general revenues of the School Division.

Fund Financial Statements – These statements provide information about the School Division's funds, including its fiduciary funds, each of which is considered a separate accounting entity. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All the School Division's funds are considered major governmental funds. A brief description of the specific funds used by the School Division follows.

Governmental Funds account for expendable financial resources. The individual major governmental funds are:

- The *General Fund* is the primary operating fund used to account for all financial resources except those required to be accounted for in another fund. The General Fund includes the Fleet Replacement, Instructional Resources, and Technology Replacement Funds. Combining Schedules of these funds are presented under Supplementary Information.
- The *Grant Fund* is a special revenue fund used to account for proceeds of grants restricted for specific purposes. The primary source of revenue includes grants from the Federal government (American Rescue Plan Act, Individuals with Disabilities Education Act, and Every Student Succeeds Act, Coronavirus Response and Relief Supplemental Appropriations, and Coronavirus State and Local Fiscal Recovery Funds), the Commonwealth of Virginia and other local grants.
- The *Nutrition Services Fund* is a special revenue fund used to account for proceeds of the nutrition program, which are legally restricted to the operation of the nutrition program. The primary source of revenue includes the Federal reimbursements for meals served through the National School Lunch Program and the School Breakfast Program and from sales of meals served that do not qualify for the Federal programs.
- The *Student Activity Fund* is a special revenue fund used to account for student organizations. This includes student activities whereby students manage, direct, and participate in the program activities. It also includes divisional activities used to support its co-curricular and extra-curricular activities and are administered by the school district.
- The Capital Projects Fund is used to account for financial resources used for the acquisition or construction of major capital facilities, other than those financed by the General Fund. The primary source of revenue includes year-end carryover surplus and transfers from the County of Roanoke, Virginia. The Capital Projects Fund includes Major and Minor Capital Funds. All Capital Funds supported by bond activities are included in the County's Annual Comprehensive Financial Report (ACFR).

Proprietary Funds account for operations that are financed in a manner like private business enterprises. The individual proprietary funds are:

• The Internal Service Funds account for employee health, dental, and risk management and are provided to other departments on a cost-reimbursement basis. The primary source of revenue is insurance premiums paid by employees and other funds.

Fiduciary Funds account for assets held either by a trustee or by the School Division in an agency capacity. The individual fiduciary fund is:

• The OPEB Trust Fund was created in fiscal year 2012 to account for assets held for and costs of other postemployment benefits.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. *Measurement focus* indicates the type of resources being measured, such as economic resources or current financial resources. The *basis of accounting* determines when transactions or events are reported in financial statements.

Government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recognized when earned, regardless of the timing of the related cash flows. Grants, entitlements, and donations are recognized as soon as all eligibility requirements imposed by the provider have been met. Expenses are recognized when liabilities are incurred, regardless of the timing of related cash flows.

Generally, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions are when services are provided and used. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Governmental Fund financial statements are reported using the *current financial resources* measurement focus and the *modified accrual basis of accounting*. Revenues are recognized when they become susceptible to accrual; that is when they become both measurable and available to finance expenditures of the current period. Grant and other reimbursement-based revenues are recognized in the fiscal year in which all eligibility requirements have been satisfied. All other revenue items are considered measurable and available if collected within 30 days after year-end. Expenditures are recorded when liability is incurred, except for compensated absences and lease obligations, which are recognized as expenditures only when payment is due.

As a result of the different measurement focus and basis of accounting used in preparing the government-wide statements versus the governmental fund financial statements, a reconciliation between the government-wide and fund financial statements is necessary. The reconciliations are presented immediately following the fund financial statements. As part of the reconciliation process, non-departmental indirect expenditures are allocated to functional expenses based on a percent of functional expenses. Some functions classified under support services include expenses that are, in essence, indirect expenses of instructional functions. However, the School Division does not allocate those indirect expenses to the instructional program.

Proprietary Fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. These statements distinguish operating from nonoperating revenues and expenses wherein operating revenues and expenses generally result from providing services in connection with the proprietary fund's principal ongoing operations. Specifically, operating revenues include charges to departments, employees, and students for insurance premiums and operating expenses include insurance claims and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating.

When both restricted and unrestricted resources are available for use, it is the School Division's policy to use restricted resources first, then unrestricted resources, as they are needed.

Other Postemployment Benefits (OPEB) Trust Fund – This fiduciary fund is used to account for the assets held in trust for the employees and beneficiaries of its OPEB plan.

ACCOUNTING POLICIES

Budgetary Process – Demonstrating compliance with the legally adopted budget is an important component of a government's accountability to the public. The School Division and many other governments revise their original budgets over the course of the year for a variety of reasons. The School Division adopts annual budgets for all its funds. Additional budgets for the Capital Projects Fund are approved by the School Board during the fiscal year as funding is identified and designated for capital projects.

Cash and Cash Equivalents – The School Division's cash and cash equivalents are comprised of cash on hand, demand deposits and short-term investments with original maturities of three months or less. Student Activity Fund cash and cash equivalents are maintained by school principals.

Deposits and Investments – All non-fiduciary and non-Student Activity Fund money of the School Division are deposited with the County Treasurer in a pool of bank accounts and are used to purchase investments which are specifically allocated to the appropriate funds. Short-term investments are stated at cost (which approximates fair value) or at quoted market prices for all debt securities.

Each fund with monies deposited in the pooled accounts has an equity interest therein. Interest earned is allocated based on an average monthly balance. Monies that are legally required to be maintained individually, such as trust balances and contractor escrows, are deposited and maintained in individual segregated bank accounts. The OPEB trust fund's other pooled funds represent cash and investments held by the Virginia Pooled OPEB Trust Fund (OPEB Trust Fund) sponsored by the Virginia Municipal League and the Virginia Association of Counties (VML/VACo).

Accounts Receivable – Accounts receivable consist of amounts due from self-insurance prescription rebates, insurance reimbursements, facility rentals, refunds, interest, and other various immaterial amounts due for the fiscal year. All accounts are deemed collectible.

Due from Other Governments – Revenue from specific-purpose Federal, State, and other grants, which are provided to fund specific program expenditures, is recognized at the time the specific program expenditures are incurred and have met all eligibility requirements for reimbursement. Revenue from general-purpose grants is recognized in the period to which the grant applies.

Interfund Balances and Transfers – In the governmental funds' financial statements, receivables and payables resulting from interfund loans are referred to as due to or due from other funds. These amounts are eliminated in the government-wide Statement of Net Position.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flow of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in the proprietary funds.

Inventory – General Fund inventories consist of fuel and vehicle parts and are offset by nonspendable fund balance. Fuel inventory is valued at cost using the first-in first-out method, while vehicle parts are valued at cost using the average cost method. Nutrition fund inventories consist of USDA Commodities, purchased food, and other supplies used to serve meals and are offset by nonspendable fund balance. These inventories are valued at cost using the first-in first-out method. The cost of all inventories is recorded as expenditures when consumed rather than purchased.

Capital Assets – Capital assets, which include property, plant, equipment, right-to-use leased equipment, and right-to-use subscription assets, are reported in the government-wide financial statements. Capital assets are defined by the School Division as assets with an initial individual cost of more than \$5,000 and an estimated useful life exceeding three years. Such assets are recorded at historical cost if purchased or estimated historical cost if constructed. Donated capital assets are reported at acquisition value at the time received. The School Division includes the cost of certain intangible assets with a definite life in the appropriate asset class.

Land and construction in progress are not depreciated. The other property, plant, and equipment are depreciated using the straight-line method over the following estimated useful lives:

Asset	Estimated
Class	Useful Lives
Buildings	40 years
Building improvements	10 years
Furniture and equipment	3 – 20 years
Right-to-use leased equipment	4-5 years
Right-to-use subscription assets	3-5 years

Major additions, including those that significantly prolong a capital asset's economic life or expand usefulness, are capitalized. Normal repairs that merely maintain the asset in its present condition are recorded as expenditures and are not capitalized.

According to the *Code of Virginia*, when a local government incurs a financial obligation payable over more than one fiscal year to fund an acquisition, construction, or improvement of public school property, the local government acquires title to the school property as a tenant in common with the local school board for the term of the financial obligation. For financial reporting purposes, the County reports the school property and related financial obligation. At the time the financial obligation is paid in full, the net value of the school property is transferred from the County to the School Division as program expense and revenue in the government-wide financial statements for the County and School Division, respectively.

Deferred Outflows of Resources – This represents a consumption of net assets that applies to a future period when the expense will be recognized. In the government-wide statement, amounts relate to the pension plan, other postemployment benefit provided by Virginia Retirement System, and other postemployment benefit provided by Roanoke County Public Schools. The amount includes differences between expected and actual experience, change in assumptions, changes in proportion and differences between employer contributions and proportionate share of contributions, net difference between projected and actual earnings on investments, and the employer contributions subsequent to the measurement date for these benefits. Changes in deferred outflows of resources, except contributions subsequent to the measurement date, are amortized over the remaining service life of all plan participants.

Compensated Absences – The School Division has a policy to allow the accumulation and vesting of limited amounts of vacation and sick leave. Amounts of such leave are accrued when earned in the government-wide financial statements. A liability for these amounts, including the related social security and Medicare tax withholdings, is reported in the governmental funds when the amounts are due for payment because of employee resignations and retirements.

Pollution and Remediation – Upon the demolition or renovation of aged school buildings, ceiling and floor tiles containing asbestos are removed and abated in accordance with Federal regulations promulgated by the Environmental Protection Agency. A pollution and remediation obligation is recognized as a payable upon commencement of such projects and the costs are recognized when incurred.

Pension Plan – The Virginia Retirement System (VRS) Teacher Employee Retirement Plan (Teacher Plan) is a multiple employer, cost-sharing plan. The VRS Political Subdivision Retirement Plan (Non-Professional Plan) is a multi-employer, agent plan. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teacher Plan and Non-Professional Plan and the additions to/deductions from the Teacher Plan's and Non-Professional Plan's fiduciary net position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Postemployment Benefit Provided by Virginia Retirement System – As part of participation in the Virginia Retirement System, the following two programs provide other benefits for employees upon retirement.

- Health Insurance Credit Program The VRS Teacher Employee Health Insurance Credit Program (Teacher Plan) is a multiple-employer, cost-sharing plan. The VRS Political Subdivision Health Insurance Credit Program (Non-Professional Plan) is a multiple-employer, agent defined benefit plan. The Health Insurance Credit Program was established pursuant to §51.1-1400 et seq. of the Code of Virginia, as amended, and provides the authority under which benefit terms are established or may be amended. The Health Insurance Credit Program is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired members.
- Group Life Insurance Program The VRS Group Life Insurance Program is a multiple employer, cost-sharing plan. It provides coverage to state employees, teachers, and employees of participating political subdivisions. The Group Life Insurance Program was established pursuant to §51.1-500 et seq. of the Code of Virginia, as amended, and provides the authority under which benefit terms are established or may be amended. The Group Life Insurance Program is a defined benefit plan that provides a basic group life insurance benefit for employees of participating employers.

For purposes of measuring the net VRS OPEB liability, deferred outflows of resources and deferred inflows of resources related to the VRS OPEB, and the VRS OPEB expense, information about the fiduciary net position of the VRS OPEB; and the additions to/deductions from the VRS OPEB's net fiduciary position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Postemployment Benefit Provided by Roanoke County Public Schools – The School Division participates in other postemployment benefits plan through a single-employer defined benefit plan. The benefits are set by the School Board and are subject to change through board action.

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB and OPEB expense, information about the fiduciary net position of the Retiree Medical Plan, and additions to/deductions from the fiduciary net position, the School Division recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

Deferred Inflows of Resources – When an asset is recorded in governmental fund financial statements, but the revenue is not available, it is reported as a deferred inflow of resources until it becomes available. In the government-wide statement, amounts relate to the pension plan, other postemployment benefit provided by Virginia Retirement System, and other postemployment benefit provided by Roanoke County Public Schools. The amount includes the net difference between projected and actual experience, changes in assumptions, the net difference between projected and actual investment earnings, and changes in proportion and differences between employer contributions and proportionate share of contributions. Changes in deferred inflows of resources are amortized over the remaining service life of all plan participants.

In the governmental fund statement, sales tax revenues collected in August are included in total due from other governments and since the availability criterion of 30 days has not been met, it is recorded as a deferred inflow of resources rather than as a revenue.

Leases – The School Division has a policy to recognize a lease liability and a right-to-use lease asset (lease asset) in the government-wide financial statements. The School Division recognizes lease liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the School Division initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the School Division determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

• The School Division uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the School Division generally uses its estimated incremental borrowing rate as the discount rate for leases.

• The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the School Division is reasonably certain to exercise.

The School Division monitors changes in circumstances that would require a remeasurement of its lease and will remeasure any lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability. Lease assets are reported as right-to-use along with other capital assets and lease liabilities are reported under long-term liabilities on the statement of net position.

Subscription-Based Information Technology Arrangements – The School Division has a policy to recognize a right-to-use subscription liability and a the right-to-use subscription asset in the government-wide financial statements. The School Division recognizes right-to-use subscription liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a subscription-based information technology arrangement (subscription), the School Division initially measures the right-to-use subscription liability at the present value of payments expected to be made during the subscription term. Subsequently, the right-to-use subscription liability is reduced by the principal portion of subscription payments made. The right-to-use subscription asset is initially measured as the initial amount of the lease liability, adjusted for subscription payments made at or before the subscription commencement date, plus certain initial direct costs. Subsequently, the right-to-use subscription asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to subscriptions include how the School Division determines (1) the discount rate it uses to discount the expected subscription payments to present value, (2) subscription term, and (3) subscription payments.

- The School Division generally uses its estimated incremental borrowing rate as the discount rate for subscriptions.
- The subscription term includes the noncancellable period of the subscription. Subscription payments included in the measurement of the subscription liability are composed of fixed payments and purchase option price that the School Division is reasonably certain to exercise.
- The School Division records all payments as of January 1, 2024, for the purpose of calculating interest.

The School Division monitors changes in circumstances that would require a remeasurement of its subscription and will remeasure any right-to-use subscription asset and liability if certain changes occur that are expected to significantly affect the amount of the right-to-use subscription liability. Right-to-use subscription assets are reported as right-to-use along with other capital assets and as right-to-use subscription liabilities are reported under long-term liabilities on the statement of net position.

Debt Service – The School Division makes payments to the County to fund a portion of the principal and interest for tenancy in common assets and to fund future capital needs.

Encumbrances – The School Division uses encumbrance accounting, wherein purchase orders, contracts, and other commitments are recorded to reserve the applicable appropriation. Encumbrances outstanding at year-end represent the estimated expenditures if unperformed contracts and open purchase orders in process are completed. Funding for all encumbrances lapses at year-end and re-appropriation is required by the County Board of Supervisors except for capital project fund encumbrances.

Net Position – Net position represents the difference between assets plus deferred outflows and liabilities plus deferred inflows. Net investment in capital assets consists of capital assets, net of accumulated depreciation and related lease obligations. Net position is reported as restricted when there are external restrictions imposed by grantors or laws or regulations of other governments. The School Division applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Fund Balances – In the governmental funds' financial statements, fund balances have been classified to reflect the limitations and restrictions placed on the respective funds in accordance with the provisions of GAAP as follows:

- Nonspendable Fund Balance This amount cannot be spent because it is either not in spendable form or it is legally or contractually required to be maintained intact. The School Division has inventory and prepaid balances at year-end that are nonspendable.
- Restricted Fund Balance This amount is subject to externally imposed regulations on the spending
 for a specific purpose and includes grant balances restricted by the grant agencies for specified
 purposes.
- Committed Fund Balance This amount can only be used for specific purposes as imposed or rescinded by formal appropriation of the School Board, which is the highest level of decisionmaking authority. School Board Policy 4.26 Year-End Carryover, adopted by the School Board on October 28, 2021, sets forth the following priority for allocating year-end carryover funds from the General Fund:
 - 1) \$2,000,000 will be allocated to the Emergency contingency. This balance is available for unexpected revenue shortfalls, unplanned significant expenditures increases, and emergency appropriations. The balance will be reserved for financial emergencies and when appropriations are necessary, the balance will be replenished with the next available year-end funds from the school operations.
 - 2) All funded outstanding operating encumbrances at year-end will be re-appropriated to the subsequent fiscal year to the same department and account for which they are encumbered in the previous year.
 - 3) 50% will be allocated to major capital.
 - 4) 50% will be allocated for one or more of the following purposes: major capital, minor capital, capital maintenance program, safety and security, fleet replacements, technology replacements, or Comprehensive Services Act.
- Assigned Fund Balance This amount is constrained by the government's intent to be used for specific purposes but is neither restricted nor committed. The division has assigned fund balance for nutrition and student activity funds.
- Unassigned Fund Balance This amount has no spending restrictions under any of the preceding four classifications. The School Division has no unassigned fund balance at year-end.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the School Division policy considers restricted amounts to have been spent first. In addition, when an expenditure is incurred for purposes for which committed, assigned, or unassigned fund balance is available, the School Division policy considers fund balances to be exhausted in the order listed.

Use of Estimates – Management of the School Division has made several estimates and assumptions relating to the reporting of assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues, expenses/expenditures, and the disclosure of contingent assets and liabilities to prepare these financial statements in conformity with GAAP. Actual results could differ from these estimates.

New Accounting Pronouncements – The following accounting pronouncements became effective and have been implemented by the School System in fiscal year 2024. Unless otherwise noted, the adoption of these statements had no material effect on the School System's financial statements.

The GASB issued Statement No. 99, Omnibus 2022 in April 2022. This Statement was issued to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements and accounting and financial reporting for financial guarantees. The requirements of this Statement are effective immediately upon issuance, for periods beginning after June 15, 2022 and June 15, 2023, depending on the topical area.

The GASB issued Statement No. 100, Accounting Changes and Error Corrections in June 2022. This Statement provides guidance on the accounting and financial reporting requirements for accounting changes and error corrections. The requirements of this Statement are effective for periods beginning after June 15, 2023.

2. DEPOSITS AND INVESTMENTS

The County maintains a cash and investment pool that is available for use by all County funds and by the School Division. The carrying value of the School Division's share of deposits and investments as of June 30, 2024, is as follows:

	Governmental	Governmental	Internal	Fiduciary	Total
	Activities	Funds	Service Funds	Funds	Funds
Cash and cash equivalents	\$ 35,697,777	\$ 29,018,288	\$ 6,679,489	\$ -	\$ 35,697,777
Investments	3,904,677	3,904,677	-	-	3,904,677
Other pooled funds		-	-	1,916,317	1,916,317
	\$ 39,602,454	\$ 32,922,965	\$ 6,679,489	\$ 1,916,317	\$ 41,518,771

The investment in other pooled funds categorizes its investments within the fair value hierarchy established by general accepted accounting principles. A government is permitted in certain circumstances to establish the fair value of an investment that does not have a readily determinable fair value by using the Net Asset Value (NAV) per share (or its equivalent) of the investment. Investments in the pooled funds are valued using the NAV per share, which is determined by dividing the total value of the pooled funds by the number of outstanding shares. The NAV per share changes with the value of the underlying investments in the pooled funds. Generally, participants may redeem their investment at the end of a calendar quarter upon 90 days written notice. As of June 30, 2024, excluding pooled funds, there were no other investments.

The fair value and maturity of the School Division's share of deposits and investments as of June 30, 2024, is as follows:

		(Original Inves			
	Credit Rating	< 1 Year			1-6 Years	Fair Value
Demand and time deposits	N/A	\$	21,030,000	\$	-	\$ 21,030,000
Money market mutual funds	AAAm		10,786,877		-	10,786,877
Virginia LGIP	AAAm		3,880,900		-	3,880,900
Federal agency bonds and notes	AAA		2,338,467		1,566,210	3,904,677
Investment in other pooled funds	N/A		1,916,317		-	1,916,317
		\$	39,952,561	\$	1,566,210	\$ 41,518,771

Fair Value – The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The School Division has the following recurring fair value measurements as of June 30, 2024:

	Level	1	Level 2	Level 3	B Total
Debt Securities					
U.S. governmental bonds and notes	\$	-	\$ 3,904,677	\$ -	- \$ 3,904,677

Debt securities classified in Level 2 of the fair value hierarchy are valued using matrix technique pricing.

Deposits and Credit Risk – Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (Act) §2.2-4400 et. seq. of the *Code of Virginia*. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

The Virginia Local Government Investment Pool (LGIP) is administered by the Treasury Board pursuant to \$2.2-4600 through \$2.2-4606 of the *Code of Virginia*. The Treasury Board has delegated the management of the LGIP to the State Treasurer. The fair value of the County's position in the LGIP is the same as the value of the pool shares measured at amortized cost.

Investments and Credit Risk – In accordance with the *Code of Virginia* and other applicable laws, including regulations, the County's investment policy (Policy) limits credit risk by restricting authorized investments to the following: bonds, notes and other direct obligations of the United States; bonds, notes, and other direct obligations of the Commonwealth of Virginia or political subdivisions thereof; bonds and other obligations issued, guaranteed or assumed by the International Bank for Reconstruction and Development and the Asian Development Bank; prime quality commercial paper; certificates of deposits; bankers' acceptances; repurchase agreements; and money market funds. The Policy requires that commercial paper have a minimum Standard & Poor's (S&P) rating (or Moody's equivalent) of A-1.

The OPEB Trust Fund is established as an investment vehicle for participating employers to accumulate assets to fund OPEB. Plan assets are usually in the form of stocks, bonds, and other classes of investments, that have been segregated and restricted in a trust, in which (a) contributions to the plan are irrevocable, (b) assets are dedicated to providing benefits to retirees and their beneficiaries, and (c) assets are legally protected from creditors of the employer or plan administrator, for the payment of benefits in accordance with the terms of the plan.

Concentration of Credit Risk – Concentration of credit risk is the risk of loss that may be attributed to the magnitude of a government's investment in a single issue. The Policy establishes limitations on portfolio composition, both by investment type and by issuer, to control concentration of credit risk.

The maximum percentage of the portfolio permitted in each eligible security with the limit to any one issuer is as follows:

U.S. Treasury Obligations	70%
U.S. Treasury Agency Securities and Instrumentalities of Government Sponsored Corporations	80%
Bankers' Acceptance with no more than 25% with any one institution and a maximum of 10% in any one issuance	40%
Repurchase Agreement Overnight with no more than 20% with any one institution	70%
Repurchase Agreement Two or more nights with no more than 20% with any one institution	25%
Certificate of Deposit with Commercial Banks with no more than 45% with any one institution	100%
Certificate of Deposit with Savings and Loan Associations with no more than \$100,000 with any one institution	10%
Commercial Paper with no more than 35% with any one institution and a maximum of 10% or \$1 million dollars in any one issuance	35%
Local Government Investment Pool	75%

As of June 30, 2024, the portion of the County and School Division's portfolio, excluding the LGIP, Virginia State Non-Arbitrage Program (SNAP), interest-earning investment contract and investment in other pooled funds held by fiduciary agents, and U.S. Government guaranteed obligations, that exceeds 5% of the total portfolio is as follows:

lssuer	% of Portfolio
Federal Home Loan Bank	5.37%

Custodial Credit Risk – Custodial credit risk is the risk that, in the event of the failure of the counterparty, the depositor will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Policy requires all investment securities purchased by the County or held as collateral on deposits or investments shall be held by the County or by a third-party custodial agent who may not otherwise be counterparty to the investment transaction. As of June 30, 2024, except for the Length of Service Award Program funds, all the County's investments are held by the County or in a bank's trust department in the County's name.

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Policy requires maturity scheduling be timed to anticipated need and scheduled to coincide with projected cash flow needs. All funds shall be considered short-term except those reserved for capital projects and prepayment funds being held for debt retirement. As of June 30, 2024, the School Division did not have any investments with a maturity greater than 24 months.

3. Due from Other Governments

Amounts due from other governments as of June 30, 2024, are as follows:

		Total					Total		Total
	Go	vernmental				Go	vernmental	lı	nternal
		Activities	General	Grant	Nutrition		Funds	Serv	vice Funds
Federal	\$	3,864,182	\$ 357,631	\$ 3,480,938	\$ 25,613	\$	3,864,182	\$	-
State		3,263,366	3,140,585	36,454	60		3,177,099		86,267
	\$	7,127,548	\$ 3,498,216	\$ 3,517,392	\$ 25,673	\$	7,041,281	\$	86,267

A significant portion of amounts due to the General Fund is attributed to the State sales tax due to the School Division from the Commonwealth of Virginia. The Virginia Retail Sales and Use Tax Act require one and one-eighth of every 5¢ collected in State sales tax to be distributed to school divisions based on schoolage population. Other amounts include the Federal E-rate reimbursement, which assists schools in obtaining affordable telecommunications and information services.

Amounts due to the Grant Fund are attributed primarily to the Individuals with Disabilities Education Act (IDEA) and the Elementary and Secondary Education Act Titles I, II, and III Federal grants. IDEA is designed to ensure that all school age handicapped children are provided a free, appropriate public education. Titles I, II, and III programs enhance the instruction for disadvantaged children. In addition, \$1,907,526 is attributed to the COVID-19 federal grants awarded to the school division to help respond to the pandemic.

Amounts due to the Internal Service Funds include health and dental insurance premiums due from Virginia Retirement Systems.

4. Interfund Balances and Transfers

Interfund balances represent spending in a fund during the current fiscal year that was reimbursed by another fund in the subsequent fiscal year. All balances have subsequently been repaid. Interfund balances as of June 30, 2024, were as follows:

					Dι	ie From			
					S	tudent	Capital		
		G	eneral	Grant	A	Activity Projects		rojects	Total
_	General	\$	-	\$ -	\$	36,449	\$	-	\$ 36,449
P	Grant		-	-		114		-	114
Oue	Student Activity		32,210	5,689		-		3,533	41,432
_	Total	\$	32,210	\$ 5,689	\$	36,563	\$	3,533	\$ 77,995

Interfund transfers for the year ended June 30, 2024, were as follows:

				Transfers In		
				Student	Capital	_
	General Grant			Activity	Projects	Totals
General	\$ -	\$	-	\$1,297,864	\$3,491,426	\$4,789,290
Grant	88	7	-	322,043	-	322,930
Student Activity	1,340,12	3	1,164	-	-	1,341,287
Capital Projects	-		-	23,823	-	23,823
Totals	\$ 1,341,010) \$	1,164	\$1,643,730	\$3,491,426	\$6,477,330
	Grant Student Activity Capital Projects	General \$ - Grant 88' Student Activity 1,340,12: Capital Projects -	General \$ - \$ Grant 887 Student Activity 1,340,123 Capital Projects -	General \$ - \$ - Grant 887 - Student Activity 1,340,123 1,164 Capital Projects - -	General Grant Student Activity General \$ - \$ 1,297,864 Grant 887 - 322,043 Student Activity 1,340,123 1,164 - Capital Projects - - 23,823	General Grant Student Activity Capital Projects General 9 - \$1,297,864 \$3,491,426 Grant 887 - 322,043 - Student Activity 1,340,123 1,164 - - Capital Projects - - 23,823 -

Transfers were used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the primary government as debt service payments become due, (3) use restricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

5. Capital Assets/Intangible Assets

The School Division's capital asset activity for the year ended June 30, 2024 was as follows:

	Balance							Balance
	Jur	ne 30, 2023		Increases		Decreases	Jι	ine 30, 2024
Non-depreciable/non-amortizable capital assets:								_
Land	\$	12,288,419	\$	-	\$	-	\$	12,288,419
Construction in progress		4,183,261		5,772,156		(9,162,725)		792,692
Total non-depreciable/non-amortizable capital assets		16,471,680		5,772,156		(9,162,725)		13,081,111

Right-to-use leased equipment (Note 6)		(8,199,966)		(4,274,575)		3,379,609		(9,094,932)
Right-to-use subscription assets (Note 7)		(1,827,345)		(2,145,048)		1,143,551		(2,828,842)
Total accumulated depreciation/amortization	(1	114,025,314)		(12,205,535)		5,892,888		(120,337,961)
Depreciable/amortizable capital assets, net		70,414,165		19,555,975		(805,093)		89,165,047
Capital assets, net	\$	86,885,845	\$	25,328,131	\$	(9,967,818)	\$	102,246,158

The School Division implemented GASB Statement No. 87, *Leases* during 2022. For the eight leases existing as of June 30, 2024, the School Division recorded an asset related to the right-to-use leased equipment in the amount of \$16,506,495 and the related accumulated amortization of \$9,094,932.

The School Division implemented GASB Statement No. 96, Subscription-Based Information Technology Arrangements during 2023. For the 41 subscription agreements existing as of June 30, 2024, the School Division recorded an asset related to the right-to-use subscription assets in the amount of \$4,909,883 and the related accumulated amortization of \$2,828,842

Depreciation and amortization expense charged to function/program activities for the year ended June 30, 2024 was as follows:

Instruction	\$ 4,342,421
Administration	225,633
Transportation	53,182
Operations and maintenance	1,113,062
Technology	6,419,623
Nutrition	51,614
	\$12,205,535

As of June 30, 2024, the County's government-wide financial statements included school capital assets, net of accumulated depreciation and amortization of \$65,872,809 and related debt outstanding of \$69,781,182 related to tenancy in common assets.

6. LEASES

For the year ended June 30, 2024, the financial statements include the adoption of GASB Statement No. 87, Leases. The primary objective of this statement is to enhance the relevance and consistency of information about the School Division's leasing activities. This statement establishes a single model for lease accounting based on the principle that leases are financings of the right-to-use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

Asset Information – The details of the right-to-use leased equipment asset is as follows.

•			6/30/24	6/30/24	6/30/24
Lease		Useful	Right to	Accumulated	Net Asset
Date	Equipment	Life	Use Asset	Amortization	Value
07/01/20	Activpanels	60	\$ 1,913,109	\$ 1,531,129	\$ 381,980
08/01/22	Camera equipment	60	2,426,104	930,007	1,496,097
10/01/22	Radio equipment	60	1,565,332	547,866	1,017,466
07/01/23	Activpanels	60	1,659,350	331,870	1,327,480
10/01/20	Computer equipment	49	3,645,081	3,367,606	277,475

	\$7,010,587	\$ 365,536	\$7,376,123

7. Subscription-Based Information Technology Arrangements

For the year ended June 30, 2024, the financial statements include the adoption of GASB Statement No. 96, Subscription-Based Information Technology Arrangements. The primary objective of this statement is to enhance the relevance and consistency of information about governments' subscription activities. This statement establishes a single model for subscription accounting based on the principle that subscriptions are financings of the right-to-use an underlying asset. Under this Statement, an organization is required to recognize a subscription liability and an intangible right-to-use subscription asset. For additional information, refer to the disclosures on the following page.

Subscription Details					6/30/24		6/30/24	6/30/24

8. UNEARNED AND UNAVAILABLE REVENUES

Unearned revenues as of June 30, 2024, are as follows:

		Total								Total		Total
	Go	vernmental					(Capital	Go	vernmental	Pro	oprietary
		Activities	•	Grants	١	Nutrition	P	rojects		Funds		Funds
Charges for services	\$	242,214	\$	-	\$	230,753	\$	-	\$	230,753	\$	11,461
Other revenue		4,269,094	4,	191,055		-		78,039		4,269,094		-
Unearned Revenues	\$	4,511,308	\$ 4,	191,055	\$	230,753	\$	78,039	\$	4,499,847	\$	11,461

Unearned other revenue includes grant and other state revenue collected in June before legal and contractual requirements have been met (available but unearned). Unearned charges for services include prepayments on student and adult meal accounts.

Unavailable revenues as of June 30, 2024, are \$1,513,931 and include June sales taxes received in August.

9. LONG-TERM LIABILITIES

The change in the School Division's long-term liabilities for the year ended June 30, 2024, was as follows:

Balance			Balance	Due Within
June 30, 2023	Increases	Decreases	June 30, 2024	One Year
\$ 2,197,000	\$ 19,802,737	\$ (19,825,737)	\$ 2,174,000	\$ 1,509,647

The Internal Service Fund is used to liquidate the long-term liabilities for claims payables and net OPEB liabilities, while the General Fund is used to liquidate the long-term liabilities for compensated absences, lease liability, subscription-based information technology arrangements, and net pension liability.

10. RISK MANAGEMENT

The School Division is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; the health of and injuries to employees; and natural disasters. The School Division maintains self-insured Internal Service Funds for health insurance benefits, and workers' compensation claims. The School Division believes it is more cost effective to manage certain risks internally rather than purchase commercial insurance.

Health Insurance – The School Division established a self-insured health insurance program on July 1, 1990. A reinsurance policy limits the School Division's liability on each claim to \$250,000. Premiums are paid into the Internal Service Fund from all other funds and school employees. They are based upon claims experience, stop-loss insurance costs, and administrative costs. Interfund premiums are based upon the employees within each fund enrolled in the plan. As of June 30, 2024, incurred but not yet reported claims for the School Division were estimated to be \$1,195,000.

Risk Management – The School Division established a self-insured workers' compensation program on July 1, 1990. A reinsurance policy limited the School Division's liability on each claim. Subsequently on July 1, 2015, the School Division ended the self-insured status and joined the Virginia Association of Counties Group Self-Insurance Risk Pool, which limits the School Division's liability on each claim to \$200,000. Premiums are paid into the Internal Service Fund from the General Fund and the Nutrition Fund relative to the employees in each fund. They are based upon the claims experience and administrative costs. As of June 30, 2024, the School Division had \$979,000 of accrued liabilities based upon an actuarial estimate and net cash reserves of \$753,851 for workers' compensation.

Unpaid claims For the Health Insurance and Risk Management funds are included as claims payable on the Statement of Net Position. Changes in the balances of claims payable liability during the past two years were as follows:

	He	alth Insurance	Ris	sk Management	Total
Unpaid claims, June 30, 2022	\$	1,418,238	\$	858,000 \$	2,276,238
Incurred claims*		17,575,182		318,781	17,893,963
Claim payments		(17,689,420)		(283,781)	(17,973,201)
Unpaid claims, June 30, 2023		1,304,000		893,000	2,197,000
Incurred claims*		19,271,655		531,082	19,802,737
Claim payments		(19,380,655)		(445,082)	(19,825,737)
Unpaid claims, June 30, 2024	\$	1,195,000	\$	979,000 \$	2,174,000

^{*}Incurred claims includes claims incurred but not reported and changes in estimates.

The School Division carries commercial property, casualty, and auto insurance, surety bonds, fiduciary insurance, and dental insurance. There were no significant changes in the coverage levels of these policies this year. In the past three fiscal years, settled claims have not exceeded any of these commercial policy limits.

11. PENSION PLAN

Plan Description – All full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Retirement Plan (Teacher Plan) upon employment. All full-time, salaried permanent (non-professional) employees of the school division are automatically covered by the VRS Political Subdivision Retirement Plan (Non-Professional Plan) upon employment.

Both plans are administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

The System administers three different benefit structures for covered employees – Plan 1, Plan 2, and Hybrid. Each of these benefit structures has different eligibility criteria. The specific information for each plan and the eligibility for covered groups within each plan are set out in the following table.

RETIREMENT PLAN PROVISIONS BY PLAN STRUCTURE

PLAN 1	PLAN 2	HYBRID PLAN
About the Plans		
Plan 1 is a defined benefit plan. The retirement benefit is based on a member's age, service credit and average final compensation at retirement using a formula.	Same as Plan 1.	The Hybrid Plan combines the features of a defined benefit plan and a defined contribution plan. The defined benefit is based on a member's age, service credit and average final compensation at retirement using a formula.
		The benefit from the defined contribution component of the plan depends on the member and employer contributions made to the plan and the investment performance of those contributions.
		In addition to the monthly benefit payment payable from the defined benefit plan at retirement, a member may start receiving distributions from the balance in the defined contribution account, reflecting the contributions, investment gains or losses, and any required fees.

PLAN 1	PLAN 2	HYBRID PLAN		
Eligible Members				
Employees are in Plan 1 if their membership date is before July 1, 2010, they were vested as of January 1, 2013, and they have not taken a refund.	Employees are in Plan 2 if their membership date is on or after July 1, 2010, or their membership date is before July 1, 2010, and they were not vested as of January 1, 2013.	Employees are in the Hybrid Plan if their membership date is on or after January 1, 2014. This includes:		
Hybrid Opt-In Election VRS non-hazardous duty-covered Plan 1 members were allowed to make an irrevocable decision to opt into the Hybrid Plan during a special election window held January 1 through April 30, 2014. The Hybrid Plan's effective date for eligible Plan 1 members who opted in was July 1, 2014.	Hybrid Opt-In Election Eligible Plan 2 members were allowed to make an irrevocable decision to opt into the Hybrid Plan during a special election window held January 1 through April 30, 2014. The Hybrid Plan's effective date for eligible Plan 2 members who opted in was July 1, 2014.	School division employees Members in Plan 1 or Plan 2 who elected to opt into the plan during the election window held January 1 through April 30, 2014; the plan's effective date for optin members was July 1, 2014. Those employees eligible for an optional retirement plan (ORP) must		
If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Plan. Members who were eligible for an optional retirement plan (ORP) and had prior service under Plan 1 were not eligible to elect the Hybrid Retirement Plan and remain as Plan 1 or ORP.	If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Plan. Members who were eligible for an optional retirement plan (ORP) and have prior service under Plan 2 were not eligible to elect the Hybrid Retirement Plan and remain as Plan 2 or ORP.	elect the ORP plan or the Hybrid Retirement Plan. If these members have prior service under Plan 1 or Plan 2, they are not eligible to elect the Hybrid Retirement Plan and must select Plan 1 or Plan 2 (as applicable) or ORP.		
Retirement Contributions				
Employees contribute 5% of their compensation each month to their member contribution account through a pretax salary reduction. Member contributions are tax-deferred until they are withdrawn as part of a retirement benefit or as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees.	Same as Plan 1.	A member's retirement benefit is funded through mandatory and voluntary contributions made by the member and the employer to both the defined benefit and the defined contribution components of the plan. Mandatory contributions are based on a percentage of the employee's creditable compensation and are required from both the member and the employer.		
VRS invests both member and employer contributions to provide funding for the future benefit payment.		Additionally, members may choose to make voluntary contributions to the defined contribution component of the plan, and the employer is required to match those voluntary contributions according to specified percentages.		

PLAN 1	PLAN 2	HYBRID PLAN
Service Credit		
Service credit includes active service. Members earn service credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional service credit the member was granted. A member's total service credit is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit.	Same as Plan 1.	Defined Benefit Component Service credit includes active service. Members earn service credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional service credit the member was granted. A member's total service credit is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit.
It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.		It also may count toward eligibility for the health insurance credit in retirement if the employer offers the health insurance credit. Defined Contribution Component Service credit is used to determine vesting for the employer contribution portion of the plan.
Vesting		· · · · · · · · · · · · · · · · · · ·
Vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members become vested when they have at least five years (60 months) of service credit. Vesting means members are eligible to qualify for retirement if they meet the age and service requirements for	Same as Plan 1.	Defined Benefit Component Vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members become vested when they have at least five years (60 months) of service credit. Plan 1 or Plan 2 members with at least five years (60 months) of service credit who opted into the Hybrid Plan
their plan. Members also must be vested to receive a full refund of their member contribution account balance if they leave employment and request a refund. Members are always 100% vested in the contributions that they make.		remain vested in the defined benefit component. Defined Contribution Component Vesting is the minimum length of service a member needs to be eligible to withdraw the employer contributions from the defined contribution component of the plan. Members are always 100% vested in the contributions that they make.

PLAN 1	PLAN 2	HYBRID PLAN
		Upon retirement or leaving covered employment, a member is eligible to withdraw a percentage of employer contributions to the defined contribution component of the plan, based on service.
		After two years, a member is 50% vested and may withdraw 50% of employer contributions.
		After three years, a member is 75% vested and may withdraw 75% of employer contributions.
		After four or more years, a member is 100% vested and may withdraw 100% of employer contributions.
		Distributions not required, except as governed by law.
Calculating the Benefit		
The basic benefit is determined using the average final compensation,	Same as Plan 1.	Defined Benefit Component Same as Plan 1.
An early retirement reduction is applied to this amount if the member is retiring with a reduced benefit.		Defined Contribution Component The benefit is based on contributions made by the member and any matching contributions made by the employer, plus net investment
In cases where the member has elected an optional form of retirement payment, an option factor specific to the option chosen is then applied.		earnings on those contributions.
Average Final Compensation		
A member's average final compensation is the average of the 36 consecutive months of highest	A member's average final compensation is the average of the 60 consecutive months of highest	Same as Plan 2. It is used in the retirement formula
compensation as a covered employee.	compensation as a covered employee.	for the defined benefit component of the plan.
Service Retirement Multiplier		
The retirement multiplier is a factor used in the formula to determine a final retirement benefit.	Same as Plan 1 for service earned, purchased, or granted prior to January 1, 2013.	Defined Benefit Component The retirement multiplier for members is 1.00%.

PLAN 1	PLAN 2	HYBRID PLAN
The retirement multiplier for members is 1.70%.	The retirement multiplier for members is 1.65% for service credit earned, purchased, or granted on or after January 1, 2013.	For members who opted into the Hybrid Plan from Plan 1 or Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans.
		Defined Contribution Component Not applicable.

Normal Social Security retirement age with at least five years (60 months) of service credit or when their age and service equal 90.	Defined Benefit Component Normal Social Security retirement age and have at least five years (60 months) of service credit or when their age and service equal 90.
		Defined Contribution Component Members are eligible to receive distributions upon leaving employment, subject to restrictions.
Earliest Reduced Retirement Eligibili	ty	
Age 55 with at least five years (60 months) of service credit or age 50 with at least 10 years of service credit.	Age 60 with at least five years (60 months) of service credit.	Defined Benefit Component Age 60 with at least five years (60 months) of service credit.
war de least to years of service creat.		Defined Contribution Component Members are eligible to receive distributions upon leaving employment, subject to restrictions.
Cost-of-Living Adjustment (COLA) in	n Retirement	
The COLA matches the first 3% increase in the Consumer Price Index for all Urban Consumers (CPI-U) and half of any additional increase (up to 4%) up to a maximum COLA of 5%.	The COLA matches the first 2% increase in the CPI-U and half of any additional increase (up to 2%), for a maximum COLA of 3%.	Defined Benefit Component Same as Plan 2. Defined Contribution Component Not applicable.

PLAN 1	PLAN 2	HYBRID PLAN
Eligibility For members who retire with an unreduced benefit or with a reduced benefit with at least 20 years of service credit, the COLA will go into effect on July 1 after one full calendar year from the retirement date. For members who retire with a reduced benefit and who have less than 20 years of service credit, the COLA will go into effect on July 1 after one calendar year following the unreduced retirement eligibility date.	Eligibility Same as Plan 1.	Eligibility Same as Plan 1 and Plan 2.
Exceptions to COLA Effective Dates The COLA is effective July 1 following one full calendar year (January 1 to December 31) under any of the following circumstances: • The member is within five years of qualifying for an unreduced retirement benefit as of January 1, 2013. • The member retires on disability. • The member retires directly from	Exceptions to COLA Effective Dates Same as Plan 1.	Exceptions to COLA Effective Dates Same as Plan 1 and Plan 2.
short-term or long-term disability. • The member is involuntarily separated from employment for causes other than job performance or misconduct and is eligible to retire under the Workforce Transition Act or the Transitional Benefits Program.		
The member dies in service and the member's survivor or beneficiary is eligible for a monthly death-in-service benefit. The COLA will go into effect on July 1 following one full calendar year (January 1 to December 31) from the date the monthly benefit begins.		

PLAN 1	PLAN 2	HYBRID PLAN
Disability Coverage		
Members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.70% on all service, regardless of when it was earned, purchased, or granted.	Members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.65% on all service, regardless of when it was earned, purchased or granted.	Members (including Plan 1 and Plan 2 opt-ins) participate in the Virginia Local Disability Program (VLDP) unless their local governing body provides an employer-paid comparable program for its members.
		Hybrid members (including Plan 1 and Plan 2 opt-ins) covered under VLDP are subject to a one-year waiting period before becoming eligible for non-work-related disability benefits.
Purchase of Prior Service		
Members may be eligible to purchase service from previous public employment, active-duty military service, an eligible period of leave or VRS refunded service as service credit in their plan. Prior service credit counts toward vesting, eligibility for retirement and the health insurance credit. Only active members are eligible to purchase prior service. Members also may be eligible to purchase periods of leave without pay.	Same as Plan 1.	Defined Benefit Component Same as Plan 1, with the following exception: Hybrid Plan members are ineligible for ported service. Defined Contribution Component Not applicable.

Pension Plan Data – The System issues a publicly available Annual Comprehensive Financial Report (ACFR) that includes financial statements and required supplementary information for plans administered by VRS. A copy of the 2023 VRS ACFR may be downloaded from the VRS website at waretire.org/Pdf/Publications/2023-annual-report.pdf, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

Employees Covered by Benefit Terms – As of the June 30, 2022, actuarial valuation the following employees in the Non-Professional Plan were covered by the benefit terms of the pension plan:

Inactive members or their beneficiaries currently receiving benefits	441
<u>Inactive members:</u>	
Vested inactive members	91
Non-vested inactive members	161
Active elsewhere in VRS	76
Total inactive members	328
Active members	77
Total covered employees	846

Pension Contributions – The contribution requirement for active employees is governed by §51.1-145 of the *Code of Virginia*, as amended, but may be impacted because of funding provided to school divisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

The School Division's contractually required employer contribution rates for the year ended June 30, 2024 were 16.62% and 1.15% of covered employee compensation for the Teacher and Non-Professional Plans, respectively. This was the General Assembly approved rate which was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

For the years ended June 30, 2023, and June 30, 2024, the actual contribution rates and total amount contributed to the pension plan from the School Division were as follows:

	Teacher Plan		Non-Professional Plan		_
	Contractually	Amount of	Contractually	Amount of	Total
For the Year Ended	Required Rate	Contribution	Required Rate	Contribution	Contributions
June 30, 2023	16.62%	\$ 14,828,794	2.09%	\$ 22,646	\$ 14,851,440
June 30, 2024	16.62%	15,898,757	1.15%	24,482	15,923,239

In June 2023, the Commonwealth made a special contribution of approximately \$147.5 million to the VRS Teacher Employee Plan. This special payment was authorized by Chapter 2 of the Acts of Assembly of 2022, Special Session I, as amended by Chapter 769, 2023 Acts of Assembly Reconvened Session, and is classified as a non-employer contribution. Our proportionate share is reflected in the current expenditures of our Statement of Revenues, Expenditures and Changes in Fund Balances.

Payable to the Pension Plan – As of June 30, 2024, the Teacher and Non-Professional Plans reported payables of \$268,894 and \$1,610, respectively. The combined payable of \$270,504 represents the outstanding contributions to the pension plan required as of June 30, 2024.

Net Pension Liabilities – As of June 30, 2024, the School Division reported a liability of \$95,014,800 for its proportionate share of the Teacher Plan net pension liability and an asset of \$2,138,982 for its Non-Professional net pension asset. The Teacher Plan net pension liability and Non-Professional Plan net pension asset was measured as of June 30, 2023, and the Teacher Plan pension liability and Non-Professional Plan pension asset used to calculate the net pension liability (asset) was determined by an actuarial valuation performed as of June 30, 2022, and rolled forward to the measurement date of June 30, 2023.

The School Division's proportion of the Teacher Plan net pension liability was based on the School Division's actuarially determined employer contributions to the pension plan for the year ended June 30, 2023, relative to the total of the actuarially determined employer contributions for all participating employers. For the Teacher Plan, the School Division's proportion was 0.940070% as of June 30, 2024, compared to 0.941580% as of June 30, 2023. Detailed information about the Teacher Plan's fiduciary net position is available in the separately issued VRS 2023 ACFR, which was previously referenced.

The Teacher Plan net pension liability is calculated separately for each school division and represents that school division's total pension liability determined in accordance with GASB Statement No. 67, less that school division's fiduciary net position. The Non-Professional net pension liability (asset) is calculated separately for each employer and represents that employer's total pension liability (asset) determined in accordance with GASB Statement No. 68, less that employer's fiduciary net position.

The changes in the Teacher Plan pension liability and Non-Professional Plan pension were as follows:

	Total Pension	Fiduciary	١	let Pension
Change in Pension Liability	Liability	Net Position	(A:	sset) Liability
	(a)	(b)		(a) - (b)
Teacher Plan Liabilities, June 30, 2024	\$541,241,631	\$446,226,831	\$	95,014,800
Teacher Plan Fiduciary Net Position as a Percentage of	Total Pension Lia	bility		82.45%
Non-Professional Plan Balances, June 30, 2023	\$ 32,839,350	\$ 35,835,370	\$	(2,996,020)
Changes for the year:				
Service cost	319,350	-		319,350
Interest	2,151,652	-		2,151,652
Difference between expected and actual experience	774,108	-		774,108
Contributions - employer	-	22,602		(22,602)
Contributions - member	-	165,182		(165,182)
Net investment income	-	2,223,049		(2,223,049)
Benefit payments, including refunds of contributions	(2,564,758)	(2,564,758)		-
Administrative expense	-	(23,643)		23,643
Other		882		(882)
Net changes	680,352	(176,686)		857,038
Non-Professional Plan Assets, June 30, 2024	\$ 33,519,702	\$ 35,658,684	\$	(2,138,982)

Pension Expense – For the year ended June 30, 2024, the School Division recognized pension expenses of \$9,098,502 and \$353,544 in the Teacher and Non-Professional Plans, respectively, for a combined pension expense of \$9,452,046. Since there was a change in proportionate share between measurement dates in the Teacher Plan, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions. Beginning with the June 30, 2022, measurement date, the difference between expected and actual contributions is included with the pension expense calculation.

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – As of June 30, 2024, the School Division reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows		Deferred Inflows		nflows	
	of F	lesou	rces	of Resources		rces
		Non	-Professional		Nor	n-Professional
	Teacher Plan		Plan	Teacher Plan		Plan
Differences between expected						_
and actual experience	\$ 8,161,852	\$	-	\$ 3,707,884	\$	-
Change in assumptions	4,307,354		-	-		-
Net difference between projected and						
actual earnings on plan investments	-		-	6,177,879		643,570
Changes in proportion and differences						
between employer contributions and						
proportionate share of contributions	973,537		-	584,964		-
Employer contributions subsequent to						
the measurement date	15,898,757		24,482	-		
Total	\$29,341,500	\$	24,482	\$10,470,727	\$	643,570
Combined Totals		\$	29,365,982	•	\$	11,114,297

Within deferred outflows, \$15,898,757 and \$24,482 related to pensions resulting from the School Division's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2025, for the Teacher and Non-Professional Plans, respectively.

The following table reconciles the deferred outflows of resources and deferred inflows of resources to the amortization schedule.

		Non-P	rofessional
	Teacher Plan		Plan
Deferred Outflows of Resources	\$ 29,341,500	\$	24,482
Employer contributions subsequent to			
the measurement date	(15,898,757)		(24,482)
Deferred Inflows of resources	(10,470,727)		(643,570)
	\$ 2,972,016	\$	(643,570)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Non-	Protess	ional
------	---------	-------

For	the	Year	Ended	June	30,	2025
For	the	Year	Ended	June	30,	2026
For	the	Year	Ended	June	30,	2027
For	the	Year	Fnded	June	30.	2028

Teacher Plan	Plan
\$ (1,663,273)	\$ (435,801)
(4,983,851)	(753,338)
7,791,935	522,598
1,827,205	22,971
\$ 2,972,016	\$ (643,570)

Discount Rate – The discount rate used to measure the total Teacher Plan pension liability and Non-Professional Plan pension asset was 6.75%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2023, the rate contributed by the School Division for the Teacher Plan and Non-Professional Plan will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 112% and 100%, respectively, of the actuarially determined contribution rate. From July 1, 2023 on, school divisions are assumed to contribute 112% and 100% of the actuarially determined contribution rates for the Teacher Plan and Non-Professional Plans, respectively. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Long-Term Expected Rate of Return – The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

	Long-Term	Long-Term Expected	
	Target	Rate of Return	
	Asset		Weighted
Asset Class (Strategy)	Allocation	Arithmetic	Average*
Public Equity	34.00%	6.14%	2.09%
Fixed Income	15.00%	2.56%	0.38%
Credit Strategies	14.00%	5.60%	0.78%
Real Assets	14.00%	5.02%	0.70%
Private Equity	16.00%	9.17%	1.47%
Multi-Asset Public Strategies	4.00%	4.50%	0.18%
Private Investment Partnership	2.00%	7.18%	0.14%
Cash	1.00%	1.20%	0.01%
Total	100.00%		5.75%
		Inflation	2.50%
		**Expected arithmetic nominal return	8.25%

^{*}The above allocation provides a one-year return of 8.25%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.14%, including expected inflation of 2.50%.

Sensitivity of the School Division's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the School Division's net pension liability for the Teacher Plan (proportionate share) and Non-Professional Plan using the discount rate of 6.75%, as well as what it would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	1.00%		1.00%
	Decrease	Current Rate	Increase
	(5.75%)	(6.75%)	(7.75%)
Teacher Plan	\$ 168,427,351	\$ 95,014,800	\$ 34,663,644
Non-Professional Plan	1,106,457	(2,138,982)	(4,909,198)
	\$ 169,533,808	\$ 92,875,818	\$ 29,754,446

^{*}On June 15, 2023, the VRS Board elected a long-term rate of return of 6.75%, which was roughly at the 45th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.50%.

Actuarial Assumptions – The total pension liability for both the Teacher and Non-Professional Plans were based on an actuarial valuation as of June 30, 2022, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023.

Inflation	. 2.50%
Salary increases, including inflation	. 3.50% to 5.95% for Teacher Plan 3.50% to 5.35% for Non-Professional Plan
Investment rate of return	. 6.75%, net of pension plan investment expense, including inflation
Mortality rates for Teacher Plan	
Pre-Retirement	. Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males
Post-Retirement	Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females
Post-Disablement	Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females
Beneficiaries and Survivors	. Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally
Mortality Improvement Scale	. Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates
Mortality rates for Non-Professional Retiren	ment Plan – 15% of deaths are assumed to be service related
Pre-Retirement	Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years
Post-Retirement	Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years
Post-Disablement	. Pub-2010 Amount Weighted General Disabled Rates projected generationally: 95% of rates for males set back 3 years; 90% of rates for females set back 3 years
Beneficiaries and Survivors	. Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years
Mortality Improvement	. Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021.

Changes to the actuarial assumptions because of the experience study are as follows:

Mortality Rates	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale Mp-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	. No change
Salary Scale	. No change
Discount Rate	. No change

12. OTHER POSTEMPLOYMENT BENEFITS - VRS (VRS OPEB)

Health Credit Program Plan Description – All full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Employee (Teacher Plan) Health Insurance Credit Program (Health Credit Program). All full-time, salaried permanent employees of participating political subdivisions are automatically covered by the VRS Political Subdivision (Non-Professional Plan) Health Insurance Credit Program (Health Credit Program). These plans are administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

Members of the Health Credit Program earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The health insurance credit is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

Group Life Program Plan Description – All full-time, salaried permanent employees of the state agencies, teachers, and employees of participating political subdivisions are automatically covered by the VRS Group Life Insurance Program (Group Life Program) upon employment. These plans are administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

In addition to the Basic Group Life Insurance benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional Group Life Insurance Program. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured program, it is not included as part of the Group Life Insurance Program OPEB.

The specific information for the Health Credit and the Group Life Programs, including eligibility, coverage, and benefits for each program are set out in the following table.

VRS OPEB PLAN PROVISIONS BY PLAN STRUCTURE

Health Credit Program Teacher Plan	Health Credit Program Non-Professional Plan	Group Life Program Both Plans
Eligible Members		
The Health Credit Program was established July 1, 1993, for retired teacher employees covered under VRS who retire with at least 15 years of service credit.	The Health Credit Program was established July 1, 1993, for retired political subdivision employees of employers who elect the benefit and who retire with at least 15 years of service credit.	The Group Life Program was established July 1, 1960, for state employees, teachers, and employees of political subdivisions that elect the program.
Eligible employees are enrolled automatically upon employment.	Eligible employees are enrolled automatically upon employment.	Basic group life insurance coverage is automatic upon employment.
They include: • Full-time permanent (professional) salaried employees of public school divisions covered under VRS.	They include: • Full-time permanent salaried employees of the participating political subdivision who are covered under VRS.	Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their accumulated retirement member contributions and accrued interest.
Benefit Amounts		
At Retirement For Teacher and other professional school employees who retire, the monthly benefit is \$4.00 per year of service per month with no cap on the benefit amount. Disability Retirement For Teacher and other professional school employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is either: • \$4.00 per month, multiplied by twice the amount of service credit, or • \$4.00 per month, multiplied by the amount of service earned had the employee been active until age 60, whichever is lower.	At Retirement For employees who retire, the monthly benefit is \$1.50 per year of service per month with a maximum benefit of \$45.00 per month. Disability Retirement For employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is \$45.00 per month.	Natural Death Benefit The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled. Accidental Death Benefit The accidental death benefit is double the natural death benefit. Other Benefit Provisions In addition to the basic natural and accidental death benefits, the program provides additional benefits provided under specific circumstances. These include: Accidental dismemberment benefit Seatbelt benefit Repatriation benefit
		Felonious assault benefit
		Accelerated death benefit option

Health Credit Program Teacher Plan	Health Credit Program Non-Professional Plan	Group Life Program Both Plans
Program Notes		
The monthly health insurance credit benefit cannot exceed the individual premium amount. Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the health insurance credit as a retiree.	The monthly health insurance credit benefit cannot exceed the individual premium amount. No health insurance credit for premiums paid and qualified under LODA; however, the employee may receive the credit for premiums paid for other qualified health plans. Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the health insurance credit as a retiree.	Reduction in Benefit Amounts The benefit amounts provided to members covered under the Group Life Program are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value. Minimum Benefit Amount and Cost-of-Living Adjustment (COLA) For covered members with at least 30 years of service credit, there is a minimum benefit payable under the Group Life Program. The minimum benefit was set at \$8,000 by statute in 2015. This will be increased annually based on the VRS Plan 2 cost-of-living adjustment calculation. The minimum benefit adjusted for COLA was \$9,254 effective June 30, 2024.

VRS OPEB Plan Data – The System issues a publicly available Annual Comprehensive Financial Report (ACFR) that includes financial statements and required supplementary information for plans administered by VRS. A copy of the 2023 VRS ACFR may be downloaded from the VRS website at waretire.org/Pdf/Publications/2023-annual-report.pdf, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

VRS OPEB Employees Covered by Benefit Terms – As of the June 30, 2023 actuarial valuation the following employees in the Health Credit Program Non-Professional Plan were covered by the benefit terms of the plan:

Inactive members or their beneficiaries currently receiving benefits	95
<u>Inactive members:</u>	
Vested inactive members	10
Non-vested inactive members	-
Active elsewhere in VRS	76
Total inactive members	86
Active members	77
Total covered employees	258

VRS OPEB Contributions – The contribution requirements for Health Credit Program active employees is governed by §51.1-1401(E) of the *Code of Virginia*, as amended for the Teacher plan and. § 51.1-1402(E) of the *Code of Virginia*, as amended for the Non-Professional Plan. The contribution requirements for the Group Life Program are governed by §51.1-506 and §51.1-508 of the *Code of Virginia*, as amended. Contribution requirements for both plans may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly.

The School Division's contractually required employer contribution rate for the Health Credit Program for years ended June 30, 2024, was 1.21% and 2.18% of covered employee compensation for the Teacher and Non-Professional Plans, respectively. This rate was the final approved General Assembly rate which was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

The total contribution rate for the Group Life Program was 1.34% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.80% (1.34% X 60%) and the employer component was 0.54% (1.34% X 40%). Although not required, the School Division elected to pay the employee component, which is separate from the contractually required employer component. Each employer's contractually required employer contribution rate for the year ended June 30, 2024 was 0.54% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability.

For the years ended June 30, 2023 and June 30, 2024, the actual contribution rates and total amount contributed were as follows:

	Teache	Non-Profes:	Total			
	Contractually	Amount of	Contractually	Ar	mount of	Amount of
	Required Rate	Contribution	Required Rate	Co	ntribution	Contribution
Health Credit Program	1.21%	\$ 1,125,781	2.18%	\$	79,696	\$ 1,205,477
Group Life Program - Employee	0.80%	747,933	0.80%		29,277	777,210
Group Life Program - Employer	0.54%	504,828	0.54%		19,762	524,590
For the Year Ended June 30, 20	23	\$ 2,378,542		\$	128,735	\$ 2,507,277
			•			
Health Credit Program	1.21%	\$ 1,212,213	2.18%	\$	98,568	\$ 1,310,781
Group Life Program - Employee	0.80%	803,395	0.80%		36,460	839,855
Group Life Program - Employer	0.54%	542,286	0.54%		24,611	566,897
For the Year Ended June 30, 20	24	\$ 2,557,894	•	\$	159,639	\$ 2,717,533

In June 2023, the Commonwealth made a special contribution of approximately \$4.0 million to the VRS Teacher Health Insurance Credit Program and \$10.1 million to the Group Life Insurance plan. These special payments were authorized by Chapter 2 of the Acts of Assembly of 2022, Special Session I, as amended by Chapter 769, 2023 Acts of Assembly Reconvened Session and is classified as a special non-employer contribution. Our proportionate share is reflected in the current expenditures of our Statement of Revenues, Expenditures and Changes in Fund Balances.

Payable to the VRS OPEB Plan - The Teacher Plan and Non-Professional Plan reported payables of \$20,123 and \$6,810, outstanding respectively, for the contributions to the Health Care Programs required as of June 30, 2024. The Teacher Plan and Non-Professional Plan reported payables of \$22,284 and \$4,186, respectively, for the outstanding contributions to the Group Life Programs required as of June 30, 2024. Of these payables, the Teacher Plan and Non-Professional Plan included \$8,980 and \$1,687, respectively, for the required employer contribution. The difference is the employee component the School Division elected to pay on behalf of the employee. As of June 30, 2024 the total combined total payable to the VRS OPEB Plan was \$26,470.

Net VRS OPEB Liabilities – As of June 30, 2024, the School Division reported \$11,305,916 for its proportionate share of the Teacher Plan Health Credit Program Net VRS OPEB Liability. The Teacher Plan Health Credit Program Net OPEB Liability was measured as of June 30, 2023, and the Teacher Plan Health Credit Program total OPEB liability used to calculate the Teacher Plan Health Credit Program Net OPEB Liability was determined by an actuarial valuation performed as of June 30, 2022 and rolled forward to the measurement date of June 30, 2023. The School Division's proportion of the Teacher Plan Health Credit Program Net OPEB Liability was based on the School Division's actuarially determined employer contributions to the Teacher Plan Health Credit Program OPEB plan for the year ended June 30, 2023, relative to the total of the actuarially determined employer contributions for all participating employers. As of June 30, 2024, the School Division's proportion of the Health Credit Program was 0.933280% as compared to 0.934130% as of June 30, 2023.

As of June 30, 2024, the School Division reported \$4,750,600 and \$186,374 for its proportionate share of the Group Life Program Net VRS OPEB Liability for teachers and non-professional employees, respectively. The Group Life Program Net VRS OPEB Liability was measured as of June 30, 2023, and the total Group Life Program VRS OPEB Liability used to calculate the Group Life Program Net VRS OPEB Liability was determined by an actuarial valuation performed as of June 30, 2022, and rolled forward to the measurement date of June 30, 2023. The covered employer's proportion of the Group Life Program Net VRS OPEB Liability was based on the covered employer's actuarially determined employer contributions to the Group Life Insurance Program for the year ended June 30, 2023, relative to the total of the actuarially determined employer contributions for all participating employers. As of June 30, 2024, the participating employer's proportion was 0.39611% and 0.01554% for teachers and non-professional employees, respectively, as compared to 0.40111% and 0.01464% for teachers and non-professional employees, respectively, as of June 30, 2023.

As of June 30, 2024, the School Division reported \$372,335 for its Non-Professional Health Credit Program Net VRS OPEB Liability. The changes in the Non-Professional Health Credit Program Net OPEB Liability were as follows:

	Tot	Total VRS OPEB		Fiduciary		t VRS OPEB
		Liability	Net Position			Liability
		(a)		(b)		(a) - (b)
Health Credit Program Non-Professional, June 30, 2023	\$	723,374	\$	51,821	\$	671,553
Changes for the year:

Net changes		(256,405)		42,813		(299,218)
Health Credit Program Non-Professional, June 30, 2024	\$	466,969	\$	94,634	\$	372,335

As of June 30, 2024, total combined Net VRS OPEB Liability was \$16,615,225.

Combined VRS OPEB Balances			
Health Credit Program Teacher, June 30, 2024	\$ 13,770,281	\$ 2,464,365	\$ 11,305,916
Health Credit Program Non-Professional, June 30, 2024	466,969	94,634	372,335
Group Life Program Teacher, June 30, 2024	15,476,225	10,725,625	4,750,600
Group Life Program Non-Professional, June 30, 2024	 607,156	420,782	186,374
Combined VRS OPEB Balances	\$ 30,320,631	\$13,705,406	\$ 16,615,225

Detailed information about the OPEB Plan's fiduciary net position is available in the separately issued VRS 2023 ACFR, which was previously referenced.

The net VRS OPEB liability is calculated separately for each school division and represents that particular division's total VRS OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. The net VRS OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

VRS OPEB Expense – For the year ended June 30, 2024, the School Division recognized Health Credit Program OPEB expense (benefit) of \$851,648 and (\$78,385) for the Teacher Plan and Non-Professional Plan, respectively. For the year ended June 30, 2024, the School Division recognized Group Life Program OPEB expense of \$179,768 and \$4,997 for teachers and non-professional employees, respectively. Total VRS OPEB Expense for all plans combined was \$958,028 for the year ended June 30, 2024.

Since there was a change in proportionate share between measurement dates, a portion of the Health Care Program for both the Teacher Plan and Non-Professional Plan Net OPEB expense was related to deferred amounts from changes in proportionate share and differences between actual and expected contributions.

Since there was a change in proportionate share between measurement dates, a portion of the Group Life Program expense was related to deferred amounts from changes in proportion.

VRS OPEB Deferred Outflows of Resources and Deferred Inflows of Resources – As of June 30, 2024, the School Division reported deferred outflows of resources and deferred inflows from the following sources:

	Health Credit Program		Group Life Program							
				Non-				Non-	•	
	7	Teacher	Pro	ofessional		Teacher	Pro	ofessional

and actual earnings on investments		-		-		190,906		7,490		198,396
Total	\$	738,633	\$	121,351	\$	799,226	\$	37,460	\$	1,696,670

In the Health Credit Program, \$1,212,213 and \$98,568 of deferred outflows of resources resulting from the School Division's contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2025, for the Teacher Plan and Non-Professional Plan, respectively. In the Group Life Program, \$542,286, and \$24,611 of deferred outflows of resources resulting from the School Division's contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2025, for Teacher Plan and Non-Professional Plan, respectively.

The following table reconciles the deferred outflows of resources and deferred inflows of resources to the amortization schedule.

	Health Cred	dit Program	Group Life		
		Non-		Non-	
	Teacher	Professional	Teacher	Professional	
	Plan	Plan	Plan	Plan	Total
Deferred Outflows of Resources	\$ 1,650,942	98,763	1,211,955	60,928	3,022,588
Employer contributions subsequent					
to the measurement date	(1,212,213)	(98,568)	(542,286)	(24,611)	(1,877,678)
Deferred Inflows of resources	(738,633)	(121,351)	(799,226)	(37,460)	(1,696,670)
	\$ (299,904)	\$ (121,156)	\$ (129,557)	\$ (1,143)	\$ (551,760)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB programs will be recognized in OPEB expense as follows:

	Health Credit Program				Group Life Program				
				Non-	Non-				
	-	Гeacher	eacher Professional			Teacher	Pro	ofessional	
		Plan		Plan		Plan		Plan	Total
For the Year Ended June 30, 2025	\$	(90,907)	\$	(121,537)	\$	(65,840)	\$	(4,107)	\$ (282,391)
For the Year Ended June 30, 2026		(98,998)		(188)		(201,061)		(8,600)	(308,847)
For the Year Ended June 30, 2027		(21,939)		641		94,012		4,507	77,221
For the Year Ended June 30, 2028		(27,521)		(72)		6,851		3,340	(17,402)
For the Year Ended June 30, 2029		(39,356)		-		36,481		3,717	842
Thereafter		(21,183)		-		-		-	(21,183)
	\$	(299,904)	\$	(121,156)	\$	(129,557)	\$	(1,143)	\$ (551,760)

VRS OPEB Discount Rate – The discount rate used to measure the total Health Credit Program and Group Life Program liabilities was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be in accordance with the VRS funding policy at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2023, the rate contributed by the school divisions for the Teacher Plans will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. From July 1, 2023, school divisions are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the Health Credit Program's and Group Life Program's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total Health Credit Program and Group Life Program liabilities.

VRS OPEB Long-Term Expected Rate of Return – The long-term expected rate of return on VRS System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of VRS System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage

and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

	Long-Term	Long-Term	Expected	
	Target	Rate of	Return	
	Asset		Weighted	
Asset Class (Strategy)	Allocation	Arithmetic	Average*	
Public Equity	34.00%	6.14%	2.09%	
Fixed Income	15.00%	2.56%	0.38%	
Credit Strategies	14.00%	5.60%	0.78%	
Real Assets	14.00%	5.02%	0.70%	
Private Equity	16.00%	9.17%	1.47%	
Multi-Asset Public Strategies	4.00%	4.50%	0.18%	
Private Investment Partnership	2.00%	7.18%	0.14%	
Cash	1.00%	1.20%	0.01%	
Total	100.00%	_	5.75%	
		Inflation_	2.50%	
**Expected arithmetic nominal return 8.25%				

^{*}The above allocation provides a one-year return of 8.25%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.14%, including expected inflation of 2.50%.

Sensitivity of the School Division's Proportionate Share of the Net VRS OPEB Liability to Changes in the Discount Rate – The following presents the School Division's proportionate share of the Net VRS OPEB liability using the discount rate of 6.75%, as well as what the School Division's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

1 000/

1 000/

	1.00%		1.00%
	Decrease	Current Rate	Increase
	(5.75%)	(6.75%)	(7.75%)
Health Credit Program Teacher	\$ 12,788,254	\$11,305,916	\$ 10,049,764
Health Credit Program Non-Professional	412,038	372,335	337,903
Group Life Program Teacher	7,041,874	4,750,600	2,898,091
Group Life Program Non-Professional	276,263	186,374	113,697
Combined VRS OPEB Balances	\$ 20,518,429	\$ 16,615,225	\$ 13,399,455

^{*}On June 15, 2023, the VRS Board elected a long-term rate of return of 6.75%, which was roughly at the 45th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.50%.

VRS OPEB Actuarial Assumptions – The total OPEB liability for the Health Credit Program and Group Life Program was based on an actuarial valuation as of June 30, 2022, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023.

Inflation	2.50%
Salary increases, including inflation	3.50% to 5.95% for teachers 3.50% to 5.35% for non-professionals
Investment rate of return	6.75%, net of pension plan investment expense, including inflation
Mortality rates for teachers	
Pre-Retirement	Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males
Post-Retirement	Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward 1 year; 105% of rates for females
Post-Disablement	Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females
Beneficiaries and Survivors	Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally
Mortality Improvement Scale	Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates
Mortality rates for non-professionals	
Pre-Retirement	Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years
Post-Retirement	Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years
Post-Disablement	Pub-2010 Amount Weighted General Disabled Rates projected generationally: 95% of rates for males set back 3 years; 90% of rates for females set back 3 years
Beneficiaries and Survivors	Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years
Mortality Improvement Scale	Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021.

Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

13. OTHER POSTEMPLOYMENT BENEFITS PLAN — RCPS OPEB (EMPLOYER RECOGNITION OF THE OPEB PLAN)

RCPS OPEB Plan Description – The School Division administers and sponsors a single-employer defined benefit healthcare plan (Retiree Medical Plan). Employees are eligible for this benefit if they retire after age 55 with at least 10 years of service and 12 months enrollment in the School Division's self-insured health insurance program. The benefits, employee contributions, and employer contributions are governed by School Board policy and can be amended through School Board action. Information for the June 30, 2024, School Division Retiree Medical Plan balances are based on the June 30, 2023 actuarial valuation with a measurement date of June 30, 2023.

The School Division participates in the OPEB Trust Fund, an irrevocable trust established for the purpose of accumulating assets to fund postemployment benefits other than pensions. The OPEB Trust Fund issues a separate report, which can be obtained by requesting a copy from the plan administrator, Virginia Municipal League (VML) at P.O. Box 12164, Richmond, VA 23241.

RCPS OPEB Benefits Provided – The School Division contributes up to \$2,500 per year towards the total medical premium for each eligible retiree for up to five years after retiring under the Employee Extended Work Plan. In addition, the total retiree medical premium is calculated as a blended rate based on the medical claims of all active and retired participants resulting in an implicit subsidy that benefits the retiree with a lower cost medical premium.

All health care benefits are provided through the School Division's self-insured health insurance program (Note 10). The

benefit levels are the same as those provided to active employees. Benefits include general inpatient and outpatient medical services, mental, nervous and substance abuse care, basic vision care, and prescriptions. Retirees are removed from the plan at age 65.

RCPS OPEB Employees Covered by Benefit Terms – As of the valuation and measurement date of June 30, 2023, he following employees were covered by the benefit terms in the Retiree Medical Plan:

Inactive employees or beneficiaries currently receiving benefits	72
Active employees	1,542
Total covered employees	1,614

RCPS OPEB Contributions – The Retiree Medical Plan is funded through member and employer contributions. Plan members receiving benefits contribute monthly premiums towards the cost of the health insurance depending on the coverage selected (single, single plus dependent, single plus spouse, or family). For the year ended June 30, 2024, the School Division's average contribution rate was 0.40% of covered employee payroll. The total amount contributed was \$370,501. This rate was based on the actuarially determined rate from the actuarial valuation performed as of June 30, 2023.

Net RCPS OPEB Liability – The net RCPS OPEB liability for the Retiree Medical Plan represents its total RCPS OPEB liability calculated by the actuary in accordance with GASB Statement No. 74 less the fiduciary net position. The total RCPS OPEB liability used to calculate the net RCPS OPEB liability was determined by an actuarial valuation performed as of June 30, 2023. As of June 30, 2024, the Retiree Medical Plan reported a net OPEB liability of \$5,622,748.

Fiduciary Net Position as a Percentage of Total RCPS OPEB Liability

22.79%

RCPS OPEB Expense – For the year ended June 30, 2024, the School Division recognized OPEB expense of \$587,344, based on the actuarial valuation and measurement date ended June 30, 2023.

RCPS OPEB Deferred Outflows of Resources and Deferred Inflows of Resources – As of June 30, 2024, the School Division reported deferred outflows of resources and deferred inflows of resources related to the Retiree Medical Plan from the following sources:

		Deferred	Deferred
	Οι	utflows of	Inflows of
	R	esources	Resources
Differences between expected and actual experience	\$	-	\$ 1,961,618
Net difference between projected and actual earnings on plan investments		59,843	-
Changes in assumptions		371,953	2,587,955
Employer contributions subsequent to the measurement date		472,853	
Total	\$	904,649	\$ 4,549,573

In the RCPS OPEB deferred outflows of resources, \$472,853 resulted from the School Division's contributions subsequent to the measurement date will be recognized as a reduction of the OPEB liability in the year ended June 30, 2025.

The following table reconciles the deferred outflows of resources and deferred inflows of resources to the amortization schedule.

Deferred outflows of resources	\$	904,649
Employer contributions subsequent to the measurement date		(472,853)
Deferred inflows of resources	((4,549,573)
Total amortization schedule	\$ ((4,117,777)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Retiree Medical Plan will be recognized in RCPS OPEB expense as follows:

For the Year Ended June 30, 2024	\$ (1,414,869)
For the Year Ended June 30, 2025	(631,251)
For the Year Ended June 30, 2026	(582,807)
For the Year Ended June 30, 2027	(634,591)
For the Year Ended June 30, 2028	(632,681)
Thereafter	(221,578)
Total amortization schedule	\$ (4,117,777)

RCPS OPEB Long-Term Expected Rate of Return – The long-term expected rate of return on Retiree Medical Plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB Plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

	Target	Long-term Arithme		etic Average
	Asset	Nominal	Real	Weighted
Asset Class (Strategy)	Allocation	Return	Return	Real Return
Core Bonds	5.00%	5.33%	2.58%	0.13%
Core Plus	11.00%	5.64%	2.89%	0.32%
Liquid Absolute Return	4.00%	6.00%	3.25%	0.13%
U.S. Large Cap Equity	21.00%	9.92%	7.17%	1.51%
U.S. Small Cap Equity	10.00%	11.36%	8.61%	0.86%
International Developed Equity	13.00%	10.81%	8.06%	1.05%
Emerging Market Equity	5.00%	12.08%	9.33%	0.47%
Long/Short Equity	6.00%	8.52%	5.77%	0.35%
Private Equity	vate Equity 10.00% 13.30% 10.55%			
Core Real Estate	10.00%	9.29%	6.54%	0.65%
Opportunistic Real Estate	5.00%	12.29%	9.54%	0.48%
Long/Short Equity	100.00%	•		7.01%
	2.75%			
*Expected arithmetic nominal return				9.76%

Benefits will be financed through a combination of accumulated trust funds and on a pay as you go basis until sufficient funds are accumulated in the OPEB trust. Therefore, the discount rate of 7.50% used to measure the total OPEB liability is based on the S&P Municipal Bond 20 Year High Grade Rate Index as of June 30, 2023.

Sensitivity of the Net RCPS OPEB Liability to Changes in the Discount Rate – The following presents the Retiree Medical Plan's net RCPS OPEB liability using the discount rate of 7.50%, as well as what it would be if it were calculated using a discount rate that is one percentage point lower (6.50%) or one percentage point higher (8.50%) than the current rate:

	1.00% Decrease	Current Rate	1.00% Increase
_	(6.50%)	(7.50%)	(8.50%)
Net RCPS OPEB Liability	\$6,088,886	\$5,622,748	\$5,178,373

Sensitivity of the Net RCPS OPEB Liability to Changes in the Healthcare Cost Trend Rate – The following presents the Retiree Medical Plan's net RCPS OPEB liability using the health care cost rate of 7.00% decreasing to 4.50% over 10 years, as well as what it would be if it were calculated using a healthcare cost rate that is one percentage point lower (6.0% decreasing to 3.50% over 10 years) or one percentage point higher (8.00% decreasing to 5.50% over 10 years) than the current rate:

	1.00% Decrease	Current Rate	1.00% Increase
	(6.0% grading to	(7.0% grading to	(8.0% grading to
	3.50% over 10 years)	4.50% over 10 years)	5.50% over 10 years)
Net RCPS OPEB Liability	\$4,974,100	\$5,622,748	\$6,372,649

RCPS OPEB Actuarial Assumptions – The total OPEB liability was based on an actuarial valuation as of June 30, 2023, using the Entry Age Normal actuarial fair value method and the following assumptions:

Inflation	2.50% per annum
Discount rate	7.50% as of June 30, 2023 per annum
Salary increases	3.50% per annum plus a step-rate/promotional component based on the VRS actuarial valuation as of June 30, 2023
Investment rate of return	7.50% per annum
Medical cost trend rate	7.00% graded down to 4.50% over 10 years beginning in 2024.

Mortality rates

Professionals	SOA Pub-2010 Teacher Headcount Weighted Mortality Table fully generational using Scale MP-2021
Non-Professionals	SOA Pub-2010 General Headcount Weighted Mortality Table fully generational using Scale MP-2021
Surviving Spouses	SOA Pub-2010 Contingent Survivor Headcount Weighted Mortality Table fully generational using Scale MP-2021
Disabled Retirees	SOA Pub-2010 Non-Safety Disabled Retiree Headcount Weighted Mortality Table fully generational using Scale MP- 2021

The following changes were made to the actuarial assumptions and methods effective June 30, 2023:

- Health care trend rates have been updated from
 - o 7.50% graded down to 4.50% over 7 years beginning in 2022 to
 - o 7.00% graded down to 4.50% over 5 years beginning in 2024.

14. OTHER POSTEMPLOYMENT BENEFITS PLAN — RCPS PLAN (RETIREE MEDICAL PLAN DISCLOSURES)

The GASB issued Statement 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, in June 2015. This GASB Statement requires the School Division to report extensive note disclosures and required supplementary information (RSI) about the Retiree Medical Plan since the plan does not issue a separate financial report. Information for these required disclosures and RSI are based on the June 30, 2024, actuarial valuation with measurement date of June 30, 2024. Given this, the information for the Retiree Medical Plan below is one year after the required Employer Disclosures of the Plan as recognized in the Statement of Net Position and discussed in Note 13.

RCPS Plan Employees Covered by Benefit Terms – As of the valuation and measurement date of June 30, 2024, the following employees were covered by the benefit terms in the Retiree Medical Plan:

Inactive employees or beneficiaries currently receiving benefits	72
Active employees	1,542
Total covered employees	1,614

RCPS Plan Contributions – The Retiree Medical Plan is funded through member and employer contributions. Plan members receiving benefits contribute monthly premiums towards the cost of the health insurance depending on the coverage selected (single, single plus dependent, single plus spouse, or family). As of the valuation and measurement date of June 30, 2024, the Retiree Medical Plan's average contribution rate was 0.50% of covered employee payroll. The total amount contributed was \$472,853.

Net RCPS Plan Liability – The net RCPS Plan Liability for the Retiree Medical Plan represents its total Net RCPS Plan liability calculated by the actuary in accordance with GASB Statement No. 74 less the fiduciary net position. The total RCPS Plan liability used to calculate the net RCPS Plan liability was determined by an actuarial valuation performed as of June 30, 2024. As of June 30, 2024, the Retiree Medical Plan reported a net RCPS Plan liability of \$7,253,546.

Change in RCPS Plan Liability	Total RCPS Plan Liability	Fiduciary Net Position	Net RCPS Plan Liability
	(a)	(b)	(a) - (b)
Balances at June 30, 2022	\$ 7,282,861	\$ 1,660,113	\$ 5,622,748

Balances at June 30, 2023	\$ 9,169,863	\$ 1,916,317	\$ 7,253,546

Fiduciary Net Position as a Percentage of Total RCPS Plan Liability 20.90%

RCPS Plan Expense – For the valuation and measurement date ended June 30, 2024, the Retiree Medical Plan recognized RCPS Plan expense of \$975,072.

RCPS Plan Deferred Outflows of Resources and Deferred Inflows of Resources – As of the valuation and measurement date of June 30, 2024, the Retiree Medical Plan reported deferred outflows of resources and deferred inflows of resources related to Retire Medical Plan from the following sources:

	D	eferred		Deferred
	Outflows of		Inflows of	
	Re	sources	F	Resources
Differences between expected and actual experience	\$	982,130	\$	1,359,427
Change in assumptions	1	1,042,951		1,723,488
Net difference between projected and actual earnings on plan investments		18,780		-
Total	\$ 2	2,043,861	\$	3,082,915

The following table reconciles the deferred outflows of resources and deferred inflows of resources to the amortization schedule.

Deferred Outflows of Resources	\$ 2,043,861
Deferred Inflows of resources	(3,082,915)
Total amortization schedule	\$ (1,039,054)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to Retiree Medical Plan will be recognized in Retiree Medical Plan expense as follows:

For the Year Ended June 30, 2025	\$	(427,095)
For the Year Ended June 30, 2026		(378,651)
For the Year Ended June 30, 2027		(430,435)
For the Year Ended June 30, 2028		(428,523)
For the Year Ended June 30, 2029		132,445
Thereafter		493,205
Total amortization schedule	\$ (1,039,054)

RCPS Plan Long-Term Expected Rate of Return – The long-term expected rate of return on Retiree Medical Plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB Plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

			Port	folio I	Port	folio I
				Long-term		Long-term
	Long-	term		Arithmetic		Arithmetic
	Arithmetic	Average	Target	Weighted	Target	Weighted
	Nominal	Real	Asset	Average	Asset	Average
Asset Class (Strategy)	Return	Return	Allocation	Real Return	Allocation	Real Return
Core Bonds	5.31%	2.56%	5.00%	0.13%	7.00%	0.18%
Core Plus	5.62%	2.87%	11.00%	0.32%	38.00%	1.09%
Liquid Absolute Return	6.00%	3.25%	4.00%	0.13%	5.00%	0.16%
U.S. Large Cap Equity	9.90%	7.15%	21.00%	1.50%	16.00%	1.14%
U.S. Small Cap Equity	11.33%	8.58%	10.00%	0.86%	7.00%	0.60%
International Developed Equity	10.78%	8.03%	13.00%	1.04%	9.00%	0.72%
Emerging Market Equity	12.04%	9.29%	5.00%	0.46%	4.00%	0.37%
Long/Short Equity	8.30%	5.55%	6.00%	0.33%	4.00%	0.22%
Private Equity	13.26%	10.51%	10.00%	1.05%		
Core Real Estate	9.24%	6.49%	10.00%	0.65%	10.00%	0.65%
Opportunistic Real Estate	12.24%	9.49%	5.00%	0.47%		
Long/Short Equity			100.00%	6.95%	100.00%	5.13%
		2.75%		2.75%		
*Expected ar		9.70%		7.88%		

- 1) Long-Term Arithmetic Average Nominal Return is the average return assumption for any given year derived from long-term risk premiums and a long-term average risk-free rate.
- 2) Long-Term Arithmetic Average Real Return is the Long-Term Arithmetic Average Nominal Return minus an average annual inflation rate of 2.75%.

Benefits will be financed through a combination of accumulated trust funds and on a pay as you go basis until sufficient funds are accumulated in the OPEB trust. Therefore, the discount rate of 7.00% used to measure the total OPEB liability is based on the S&P Municipal Bond 20 Year High Grade Rate Index as of June 30, 2024.

Sensitivity of the RCPS Plan Liability to Changes in the Discount Rate – The following presents the Retiree Medical Plan's net RCPS Plan liability using the discount rate of 7.00%, as well as what it would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

	1.00% Decrease	Current Rate	1.00% Increase	
	(6.00%)	(7.00%)	(8.00%)	
Net RCPS Plan Liability	\$7,805,019	\$7,253,546	\$6,724,940	

Sensitivity of the RCPS Plan Liability to Changes in the Healthcare Cost Trend Rate – The following presents the Retiree Medical Plan's net OPEB liability using the health care cost rate of 8.00% decreasing to 4.50% over seven years, as well as what it would be if it were calculated using a healthcare cost rate that is one percentage point lower (7.00% decreasing to 3.50% over seven years) or one percentage point higher (9.00% decreasing to 5.50% over seven years) than the current rate:

	1.00% Decrease	Current Rate	1.00% Increase
	(7.00% grading to	(8.00% grading to	(9.00% grading to
	3.50% over 7 years)	4.50% over 7 years)	5.50% over 7 years)
Net RCPS Plan Liability	\$6,552,414	\$7,253,546	\$8,058,711

RCPS Plan Actuarial Assumptions – The total OPEB liability was based on an actuarial valuation as of June 30, 2024, using the Entry Age Normal actuarial fair value method and the following assumptions:

Inflation	. 2.50% per annum
Discount rate	. 7.00% as of June 30, 2024 per annum
Salary increases	.3.50% per annum plus a step-rate/promotional component based on the VRS actuarial valuation as of June 30, 2024
Investment rate of return	. 7.00% per annum
Medical cost trend rate	.8.00% graded down to 4.50% over seven years beginning in 2024.
Mortality rates	
Professionals	. SOA Pub-2010 Teacher Headcount Weighted Mortality Table fully generational using Scale MP-2021
Non-Professionals	. SOA Pub-2010 General Headcount Weighted Mortality Table fully generational using Scale MP-2021
Surviving Spouses	. SOA Pub-2010 Contingent Survivor Headcount Weighted Mortality Table fully generational using Scale MP-2021
Disabled Retirees	SOA Pub-2010 Non-Safety Disabled Retiree Headcount Weighted Mortality Table fully generational using Scale MP-2021

The following changes were made to the actuarial assumptions and methods effective June 30, 2024:

- The discount rate has been updated as of June 30, 2024 (measurement date) with the updated forward-looking long-term rate of return information from the Trust's target investment policy. The discount rate is 7.00% as of June 30, 2024, and 7.50% as of June 30, 2023. Making this change increased liabilities.
- The health care trend rates were reset to an initial rate of 8.00%, decreasing annually by 0.50% to an ultimate rate of 4.50%. Making this change increased liabilities.

15. COMMITMENTS, CONTINGENCIES, AND OTHER

Construction Commitments – The School Division has active construction projects as of June 30, 2024, with commitments with construction contractors as follows:

				Additional for		
				Jı	uly 23, 2024	
	Spent	F	Remaining	,	Agreement	
	to Date		Contract	(inc	luding bonds)	
William Byrd High building renovation	\$ 6,182,873	\$	727,795		na	
Playground replacement	999,135		78,713		na	
RCCTC new construction	28,483		742,911		65,070,700	
GCE building renovation	36,141		410,062		25,164,309	
WEC building renovation	 38,541		410,062		28,064,289	
	\$ 7,285,173	\$	2,369,543	\$	118,299,298	

On July 23, 2024, the County of Roanoke Board of Supervisors approved the final comprehensive agreement between Roanoke County School Board and Branch Builds, Inc. to construct the new Roanoke County Career Technology Center (RCCTC) and renovate Glen Cove Elementary and W. E. Cundiff Elementary schools. Additional amounts are shown in the table to reflect this subsequent contract for both cash and bond totals.

Grant Funds – The School Division participates in Federal award programs, which are subject to audit annually in accordance with the provisions of the Uniform Guidance. These programs are also potentially subject to financial and compliance audits by the grantors or their representatives. Such audits could lead to requests for reimbursements to the grantor agencies in the event any expenditure was to be disallowed under terms of the grants. Based on prior experience, the School Division's management believes such disallowances, if any, would be immaterial.

Encumbrances – The School Division has open purchase orders in its governmental funds as of June 30, 2024, as follows:

					Total
			Capital	G	overnmental
Fund Balance	General	Nutrition	Projects		Funds
Committed	\$ 862,608	\$ -	\$ 2,008,194	\$	2,870,802
Assigned	-	3,450	-		3,450
	\$ 862,608	\$ 3,450	\$ 2,008,194	\$	2,874,252

Litigation – The School Division may be contingently liable with respect to lawsuits and other claims, which arise in the ordinary course of its operations. As of June 30, 2024, management believes that the amount of loss, if any, is not material to the School Division's financial position.

16. RELATED PARTIES

Except for the County, which funds a large portion of the School Division budget, the School Division has no other related parties.

REQUIRED SUPPLEMENTARY INFORMATION OTHER THAN MANAGEMENT'S DISCUSSION AND ANALYSIS

In accordance with the GAAP, the following information, although not a part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

General Fund

The **General Fund** reflects all revenues and expenditures of the School Board, which are not required to be accounted for in another fund. Revenues are primarily derived from the County local appropriation, the Virginia Department of Education, and the Federal Government. Major expenditures represent the costs of operating the County's public school system.

For financial statement reporting purposes, the General Fund includes the General Fund, the Fleet Replacement Fund, Instructional Resources Fund, and the Technology Replacement Fund. Separate budget schedules for individual funds are included in the section Supplementary Information.

Nutrition Fund

Special Revenue Fund

Special revenue funds are used to account for certain revenues that are restricted to expenditures for specific purposes.

The **Nutrition Fund** is used to account for procurement, preparation, and serving of student breakfasts and lunches. The primary source of revenues is receipts derived from food sales and subsidies from Federal school lunch and breakfast programs.

Student Activity Fund

Special Revenue Fund

Special revenue funds are used to account for certain revenues that are restricted to expenditures for specific purposes.

The **Student Activity Fund** is used to account for student organizations. This includes student activities whereby students manage, direct, and participate in the program activities. It also includes divisional activities used to support its co-curricular and extracurricular activities and are administered by the school district.

Actuarial assumptions: (1)

The following assumptions relate only to the GASB 74 actuarial valuation.

Valuation date	Actuarially determined contribution rates are calculated as of June 30, 2023
Actuarial cost method	Entry Age Normal
Remaining amortization period	16 years
Asset valuation method	Fair value
Inflation	2.50% per annum
Discount rate	7.50% as of June 30, 2023 per annum
Salary increases	3.50% per annum plus a step-rate/promotional component based on the VRS actuarial valuation as of June 30, 2023
Investment rate of return	7.50% per annum
Healthcare cost trend rates	7.00% graded down to 4.50% over 10 years beginning in 2024.
Retirement age	In the 2024 actuarial valuation, expected retirement ages of employees were updated to the assumptions listed in the most recently published
	VRS Annual Comprehensive Financial Report, which was the 2023 report.
Mortality	In the 2021 actuarial valuation, assumed life expectancies were adjusted as a result of adopting the SOA Pub-2010 Mortality Tables. In prior
	years, those assumptions were based on the RP-2000 Healthy Annuitant Mortality Tables.

Roanoke County Public Schools Roanoke County Public Schools' Other Postemployment Benefits Plan Schedule of Investment Returns For the Year Ended June 30, 2024

Annual money-weighted rate of	13.04%	9.52%	6.31%	6.43%	6.95%	7.01%	6.95%	TBD	
return, net of investment expense	13.0470	9.5270	0.5170	0.4370	0.5576	7.0170	0.3370	טטו	

Note:

Schedule is intended to show information for 10 years. Since 2024 is the eighth year for this presentation and the data was not available for fiscal year 2024, only seven years of data are available. Additional years will be added as they become available.

Roanoke County Public Schools Notes to Required Supplementary Information June 30, 2024

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Annual Budget Adoption – All appropriations are legally controlled at the fund level. Overall increases in fund budgets are adopted by the School Board and then by the County Board of Supervisors. Budget transfers of \$50,000 or below within a fund are approved by the Superintendent. Budget transfers exceeding \$50,000 within a fund are approved by the School Board. Budget revisions were approved throughout the fiscal year 2024. Unexpended appropriations on annual budgets lapse at the end of each fiscal year.

The Board of Supervisors adopts the annual budget by category per Code of Virginia 22.1-115. The School Board adopts the annual budget by fund. Budgetary comparison schedules for the General Fund, Grant Fund, Nutrition Fund, and Student Activity Fund, as required by GAAP, are presented as required supplementary information. In addition, budgetary comparison schedules for the General Fund (non-combining), Fleet Replacement Fund, Instructional Resources Fund, Technology Replacement Fund, Capital projects Fund, Health Insurance Fund, Dental Insurance Fund, Risk Management Fund, and Fiduciary Fund are presented as supplementary information.

The budgets are integrated into the accounting system and the budgetary data, as presented in the financial statements for all funds with annual budgets, compare the expenditures with the final amended budget. All budgets are presented using the modified accrual basis of accounting. Accordingly, the Budgetary Comparison Schedules present actual expenditures in accordance with the accounting principles generally accepted in the United States of America on a basis consistent with the legally adopted budgets as amended.

The *Code of Virginia* requires adoption of a balanced budget by June 30 of each year. The School Board formally adopted the fiscal year 2024 budget appropriation on March 23, 2023. The County Board of Supervisors adopted the school budget on May 23, 2023.

Changes of VRS benefit terms – There have been no actuarial material changes to the System benefit provisions since the prior actuarial valuation.

Changes of VRS assumptions – The actuarial assumptions used in the June 30, 2022, valuation were based on the results of an actuarial experience study for the four-year period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021.

Changes to the actuarial assumptions because of the experience study are as follows:

,	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
	Adjusted rates to better fit experience at each year age and service through 9 years of service for Teacher Plan

Roanoke County Public Schools Notes to Required Supplementary Information June 30, 2024

Disability Rates	No change
Salary Scale	No change
Discount Rate	No change

Changes of Roanoke County Public Schools OPEB benefit terms – There have been no actuarial material changes to the Plan benefit provisions since the prior actuarial valuation.

Changes of Roanoke County Public Schools OPEB assumptions – The following changes were made to the actuarial assumptions and methods effective June 30, 2024:

- The discount rate has been updated as of June 30, 2024 (measurement date) with the updated forward-looking long-term rate of return information from the Trust's target investment policy. The discount rate is 7.00% as of June 30, 2024, and 7.50% as of June 30, 2023. Making this change increased liabilities.
- The health care trend rates were reset to an initial rate of 8.00%, decreasing annually by 0.50% to an ultimate rate of 4.50%. Making this change increased liabilities.

2. MATERIAL VIOLATIONS

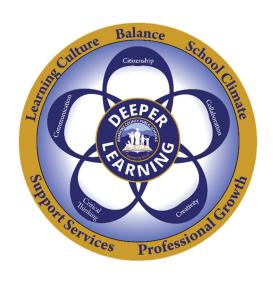

There were no material violations of the annual appropriated budget adopted for the General Fund, Grant Fund, Nutrition Fund, Student Activity, and Capital Projects Fund for the fiscal year ended June 30, 2024. In addition, there were no excesses of budgetary expenditures for the period.

SUPPLEMENTARY INFORMATION

In accordance with the GAAP, the following information is not required by the GASB. However, management considers the additional schedules, which complements the basic financial statements, to provide additional transparency and useful information to the user.

Combining General Fund Schedules

The **General Fund** is the main operating fund and reflects all revenues and expenditures of the School Board, which are not required to be accounted for in another fund. The following separate internal operating funds are combined with the General Fund for financial reporting purposes.

The **Fleet Replacement Fund** accounts for the funding of the Fleet Replacement Plan, which is a 15-year plan addressing the need to replace school buses and other vehicles on a useful-life schedule. This will ensure the fleet does not age to a point where the fleet maintenance cost exceeds the replacement cost of the vehicles.

The **Instructional Resources Fund** accounts for the funding of the Textbook Adoption Plan, which is a 7-year plan addressing the need to replace textbooks and other electronic resources for the classroom in accordance with VDOE guidelines. This will ensure classroom materials remain current and relevant.

The **Technology Replacement Fund** accounts for the funding of the Technology Replacement Plan, which is a 6-year plan addressing the need to continually replace technology infrastructure and equipment that require significant resources.

Combining Internal Service Fund Schedules

Internal service funds are used to account for the financing of services provided by one department to other departments of the School Division on a cost reimbursement basis.

The **Health Insurance Fund** is a self-insured fund used to account for health care costs for employees electing to participate in the Anthem group program.

The **Dental Insurance Fund** is a fully insured fund used to account for dental care costs for employees electing to participate in the Delta Dental group program.

The **Risk Management Fund** is a self-insured fund used to account for workers' compensation costs for employees injured on the job.

This fund is presented for internal purposes as adopted by the School Board.

It is included in the General Fund for presentation in accordance Generally Accepted Accounting Principles.

See accompanying independent auditors' report.

Fleet Replacement Fund

The **Fleet Replacement Fund** accounts for the funding of the Fleet Replacement Plan, which is a 15-year plan addressing the need to replace school buses and other vehicles on a useful-life schedule. This will ensure the fleet does not age to a point where the fleet maintenance cost exceeds the replacement cost of the vehicles.

Virginia Department of Education Annual School Report

The following pages are required for financial reporting each September by the Virginia Department of Education.

- Revenues
- Expenditures
- Recapitulation
- FTEs
- GASB 84 Fiduciary Funds
- Various Schedules

Note that while the information presented here is in summary form, the School Division reports all required expenditures at the school level by uploading a summarized trial balance to the Virginia Department of Education.

Roanoke County Public Schools Virginia Department of Education 2023-2024 Annual School Report

STATISTICAL SECTION

Roanoke County Public Schools Statistical Section June 30, 2024

This part of the School Division's Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the School Division's overall financial position.

Financial Trends

These schedules contain trend information to help the reader understand how the School Division's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the School Division's most significant local revenue sources and the factors affecting the County's ability to generate its property and sales taxes.

Debt Capacity

These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future for the School Division's capital improvements.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the School Division's financial activities take place and to help make comparisons with other school divisions over time.

Operating Information

These schedules contain service and capital asset data to help the reader understand how the information in the School Division's financial report relates to the services the School Division provided and the activities it performs.

Notes:

(1) The School Division adopted GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (OPEB) for the fiscal year ended June 30, 2018. Implementation of GASB 75 establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures for OPEB that is provided to the employees of state and local governmental employers. The restatement of prior period net position for fiscal year ended June 30, 2017 decreased the net position by \$32,124,800. As a result, the net position as of June 30, 2017 has been adjusted accordingly:

Total net position, as originally reported, June 30, 2017	\$ (42,214,202)
Adjustment for beginning net VRS OPEB liability	(18,102,726)
Adjustment for beginning net RCPS OPEB liability	(14,022,074)
Total net position, as restated reported, June 30, 2017	\$ (74,339,002)

(2) The School Division adopted Statement No. 84 of the Government Accounting Standards Board, "Fiduciary Activities," for fiscal year ended June 30, 2021. This Statement established standards of accounting and financial reporting for fiduciary activities. Roanoke County Public Schools' Student Activity Fund has historically been reported as a stand-alone cash-basis audited financial report. The total balance was reported in the Annual Comprehensive Financial Report as a fiduciary fund, separate from all other funds. With the implementation of Statement No. 84, the Student Activity Fund was incorporated in the Annual Comprehensive Financial Report as a special revenue fund and reported as part of total governmental funds. The Student Activity Fund was reported on the modified accrual basis of accounting. The restatement of prior period net positions and fund balance for fiscal year ended June 30, 2020 increased the amounts by \$2,159,058. As a result, the net position as of June 30, 2020 has been adjusted accordingly:

Total net position, as restated reported, June 30, 2020	\$ (53,661,492)
Adjustment for accounts payable of Student Activity Fund	(60,227)
Adjustment for accounts receivable of Student Activity Fund	8,712
Adjustment for cash and cash equivalents of Student Activity Fund	2,210,573
Total net position, as originally reported, June 30, 2020	\$ (55,820,550)

Notes:

(2) The School Division adopted Statement No. 84 of the Government Accounting Standards Board, "Fiduciary Activities," for fiscal year ended June 30, 2021. This Statement established standards of accounting and financial reporting for fiduciary activities. Roanoke County Public Schools' Student Activity Fund has historically been reported as a stand-alone cash-basis audited financial report. The total balance was reported in the Annual Comprehensive Financial Report as a fiduciary fund, separate from all other funds. With the implementation of Statement No. 84, the Student Activity Fund was incorporated in the Annual Comprehensive Financial Report as a special revenue fund and reported as part of total governmental funds. The Student Activity Fund was reported on the modified accrual basis of accounting. The restatement of prior period net positions and fund balance for fiscal year ended June 30, 2020 increased the amounts by \$2,159,058. As a result, the net position as of June 30, 2020 has been adjusted accordingly:

Total net position, as originally reported, June 30, 2020	\$ 26,297,772
Adjustment for cash and cash equivalents of Student Activity Fund	2,210,573
Adjustment for accounts receivable of Student Activity Fund	8,712
Adjustment for accounts payable of Student Activity Fund	(60,227)
Total net position, as restated reported, June 30, 2020	\$ 28,456,830

Notes:

Property in Roanoke County is assessed annually and is assessed at approximately 79.31% of actual value for fiscal year 2024 and at approximately 91.0% of actual value for fiscal years 2015-2023.

Estimated actual taxable value is calculated by dividing taxable assessed value by those percentages.

Tax rates are per \$100 of assessed value.

Notes:

Overlapping rates are those of the Town of Vinton, which is located in the County of Roanoke. Only those residents living in Vinton are subject to both the Town of Vinton's rate and the County of Roanoke's rate.

The County's tax rates are determined each year by the Roanoke County Board of Supervisors.

All tax rates are per \$100 of assessed value.

Notes:

- (1) The Code prohibits the School Division from issuing general obligation debt. As a result, Roanoke County issues general obligation bonds and State literary loans on behalf of the School Division. These balances are from Table 10 provided by the Roanoke County Finance Department.
- (2) GASB 87 and GASB 96 implementations in fiscal years 2022 and 2023, respectively, resulted in a change to School Division debt to include leases and right-to-use subscription liabilities. See Footnotes 6, 7, and 9.
- (3) Personal income and per capita personal income from Table 14 Demographic Statistics.
- (4) Total assessed value of taxable property from Table 6 Assessed Value and Estimated Actual Value of Taxable Property.

Notes:

Source: Office of School Nutrition.

⁽¹⁾ In 2021 and 2022, Student Breakfast and Lunch was free due to pandemic waivers from USDA.

⁽²⁾ Although there was a waiver for free breakfasts and lunches, the meal counts are lower because Roanoke County Public Schools operated on a hybrid learning schedule. Students attended school in-person two days a week and virtually 2 days a week. The last day was reserved for self-study or time to reach out to teachers for extra assistance. Although take home meals were offered, they were not as popular.

Notes:

The year of original construction or major replacement is shown in parentheses.

Increases in square footage and capacity are the result of renovations and additions.

The enrollment counts for May are used for comparison purposes in this table.

(1) In fiscal year 2016, the student capacity was updated from an independent facility study conducted by Perkins & Will. The Glenvar High School student capacity was updated after the completion of construction with information provided by the Roanoke County Public Schools' Facilities and Operations Department.

COMPLIANCE SECTION

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Honorable Members of the School Board County of Roanoke, Virginia Roanoke, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities and Towns*, and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Roanoke County Public Schools (the "School Division"), a component unit of Roanoke County, Virginia, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the School Division's basic financial statements, and have issued our report thereon dated November 12, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School Division's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School Division's internal control. Accordingly, we do not express an opinion on the effectiveness of the School Division's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School Division's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School Division's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Roanoke County Public Schools Notes to Schedule of Expenditures of Federal Awards June 30, 2024

1. Basis of Accounting

Federal Programs are accounted for on the modified accrual basis of accounting.

2. REPORTING ENTITY

The Schedule of Expenditures of Federal Awards includes all Federal grants awarded to Roanoke County Public Schools (School Division).

3. In-Kind Contributions

The School Division received commodities at the fair value of \$519,848 from the U.S. Department of Agriculture during fiscal year 2024. These in-kind contributions are included in the basic financial statements.

4. INDIRECT COSTS

For fiscal year 2024, the School Division chose to avoid charging indirect costs to any grant. Instead, 100% of all grant proceeds are invested in the students and employees for which the grant was awarded.
