### MISSION STATEMENT

The mission of the Alcoholic Beverage Control Board is to control the distribution of alcoholic beverages; operate efficient, conveniently located retail outlets; enforce the laws of the Commonwealth pertaining to alcoholic beverages and youth access to tobacco products; and provide excellent customer service, a reliable source of revenue, and effective public safety.

### RECORD YEAR FOR ABC

Fiscal Year 2000 was the most profitable in the Department's history. The Department's stores grossed over \$355 million (+ 9.5%) and produced net profits of over \$41 million while per capita consumption remained relatively constant. In addition, the Department collected \$58 million in excise taxes, \$13 million in sales taxes, \$19 million in wine taxes, and \$41 million in malt beverage taxes for a record total of \$172 million in contributions to the General Fund and the Commonwealth's localities.

### REORGANIZATION

Building walls, framing doors – ABC's Central Office has taken on a new look to accommodate the moving of divisions – physically as well as within the organizational structure.

Best Practices recommendations and ABC's strategic plan thrust the agency into a major reorganization during FY00. The idea behind it was to shift responsibilities for day-to-day operations to ABC's professional management staff, in order to allow the Board to focus on policy issues and disciplinary and regulatory matters with licensees.

As part of the reorganization, Internal Audit was re-established in June 1999 with John W. Wszelaki as Director. The division has agency-wide responsibility for managing risk, ensuring internal controls are in place and functioning and recommending business solutions.

In September 1999, Ronald K. Layne was named Chief Financial Officer. He oversees core services for the agency, including Financial Management, Policy, Analysis & Support, Information Technology and Property Management.

W. Curtis Coleburn, III, was named Chief Operating Officer in December 1999. He oversees all operational components of ABC except for Internal Audit, Adjudication, Board Administration and Public Affairs, which report directly to the Board. Certain units were relocated in order to facilitate interaction and teamwork. Education joined the Enforcement Bureau, members of the License Records Management staff were centralized and Research and Planning and Purchasing units moved closer to Financial Management.

Funding for Central Office renovations came from savings derived from improved cash management practices implemented by the Division of Financial Management, which resulted in savings of interest expenses paid by the agency.

### Wholesale/Retail Operations

Fiscal Year 2000 was an exceptional year for

Wholesale/Retail Operations Division. The stores' gross sales of over \$355 million was a record effort. In opening eight new retail stores, the total was 251 stores statewide strategically located to better serve the citizens of the Commonwealth.

The Management of Inventory and Product Sales (MIPS) system was conceived in the last quarter of 1999. After implementing the Product Distribution System (PDS) in early August of 1998, it became evident that PDS was too customized to maintain and support future development and technologies. Comprised of an enterprise system known as MasterPack and the warehouse system known as MOVE, PDS was analyzed and a decision was made to rewrite in-house the MasterPack portion of the system using state of the art technologies. The MIPS system, a webenabled system, is the rewrite of the

MasterPack portion of PDS and includes the MOVE system. There will be efforts by the MIPS team in FYO1 to replace the Point of Sale (POS) system as well.

The MOVE system, or warehouse management system, manages the activity and tracks inventory in the warehouse. It tracks the inventory through a series of activities or tasks from the time that product is received into the warehouse until it is shipped out of the warehouse. One of the key features of the MOVE system is the utilization of radio frequency terminal (RF) communication. This allows the user the mobility and flexibility to enter information and/or scan the information. This feature increases the efficiency of order fulfillment and receipt of product.

The Category Development Manager provided inventory and demographic analysis as well as store layouts and merchandising for eight new stores and six relocated stores. Using the Inventory Management program, slow moving products were removed from

all stores based on individual store sales. A policy and program plan was devised for Phase III of Category Management and implemented in test stores. In Phase III shelf inventory levels are set and maintained based on individual store sales and profit.

The POS section downloaded an updated drink recipe database to the POS systems in our stores. Software modifications were implemented to remotely activate demographics mode on POS to poll this data. Y2K program modifications to POS were successfully downloaded and implemented. A new two-tier tax table was created and downloaded to be applied to non-alcoholic mixers. Eight new stores were opened. Six stores were relocated and two were permanently closed.

The 251 retail stores were responsible for over \$355 million in gross sales and the sales of approximately 2.7 million cases in distilled spirits, Virginia wines, and assorted mixers. The ABC warehouse received 2,716,604 cases and shipped 2,720,286 cases during the fiscal year. The cost of

### WHOLESALE/RETAIL OPERATIONS CONTINUED

Warehouse Supervisor Larry Murphy loads store merchandise on a truck.

shipping the cases of merchandise to our stores was \$1,728,072, with an average cost of \$.66 per case. Approximately 42,406 cases were purchased in advance of price increases at a savings of \$414,892 or an average of \$9.78 per case. 2,692,293 cases were purchased for resale at a cost of \$201,921,975.

At the close of the fiscal year, ABC carried 1,941 items on the price list, a decrease of 38 items since last fiscal year. The Special Order Catalog contains an additional 315 items. 1,665 cases were purchased through the use of the Special Order process, resulting in \$426.894 in revenue.

### BUREAU OF LAW ENFORCEMENT

The mission of ABC's Bureau of Law Enforcement is to promote the responsible distribution and consumption of alcoholic beverages and voluntary compliance with state tobacco laws.

The Bureau conducts education programs and continuous statewide law enforcement operations to ensure public safety and enforce the laws and regulations of the Commonwealth of Virginia.

During FY00, special agents and staff of the Bureau of Law Enforcement:

- issued 9,595 one-day banquet and special event licenses
- issued 2,467 new retail, wholesale and special permit licenses
- collected \$69,656,777 in wine and beer taxes and license fees
- conducted 10,064 criminal investigations
- · made 2,878 arrests
- conducted 10,077 inspections of licensed establishments
- issued 1,863 written warnings and violation reports
- conducted 16 illegal still investigations
- conducted 2,163 public and licensee training presentations

The Bureau is charged with ensuring that the state's alcoholic beverage and youth access to tobacco laws are followed. In FY00, ABC field agents conducted almost 5,000 underage

buyer visits to assess merchant compliance. For both alcohol and tobacco, approximately 77 percent of the merchants refused to sell to an underage person, two points higher than the previous year. Nevertheless, sales to underage persons continues to be one of the most prevalent reasons for disciplinary action. ABC stores were also checked using the same underage buyers and demonstrated significantly better performance. Over 92 percent of state stores refused the sale. The U. S. Supreme Court ruled on March 21, 2000 that the Food and Drug Administration did not have jurisdiction over tobacco enforcement. Therefore, the FDA tobacco enforcement contract with ABC was terminated. At the close of the Fiscal Year, the Bureau was anticipating an agreement with the Virginia Tobacco Settlement Foundation to continue conducting 400 tobacco compliance checks each month at Virginia retailers to prevent minor access to cigarettes. This agreement will provide the Bureau \$500,000 for tobacco enforcement during FY01.

The Bureau's Illegal Whiskey Task Force and Financial Investigations Section concluded a joint investigation into the illegal manufacture and transportation of untaxed liquor spanning Virginia, North Carolina and Pennsylvania. The Federal Bureau of Alcohol, Tobacco and Firearms, the Internal Revenue Ser-

vice, and the North Carolina Alcohol Law Enforcement Department assisted in the investigation. Named Operation Lightning Strike, this investigation led to multiple search warrant executions in Virginia in May 1999, resulting in seizures of \$210,000 in cash, 28 vehicles, and 12 real estate properties valued at \$820,600. During this investigation, 16 stills, 10,600 gallons of mash, and 800 gallons of untaxed liquor were seized and destroyed from sites in Pittsylvania, Franklin and Craig counties in Virginia. In July 2000, the U.S. Attorney in Roanoke obtained a 78 count federal grand jury indictment involving 20 defendants. Two defendants have since been convicted of perjury in grand jury testimony. Trials for the major criminal conspiracy and money laundering crimes will begin next year.

During the past year, the Bureau has significantly upgraded technology support for special agents. The Bureau evaluated newer, smaller and lighter pistols for enhanced concealment and selected the H&K USP40 Compact semi-automatic pistol. Statewide transition training found the new sidearm well received by special agents. The Bureau, with strong support from the Information Technology Services Division, also rolled out its Computerized Organization of Resources for Enforcement (CORE) records system to regional field offices, resulting in a more efficient

### BUREAU OF LAW ENFORCEMENT CONTINUED

license records system. All special agents were trained to use CORE from their laptop computers. This distributed records system eliminates many paper records, duplicate data entry and mail delays in processing license applications.

#### **Education Section**

The agency's Education section promotes responsible consumption and distribution of alco-

holic beverages by licensees to those of age. Education also advocates zero tolerance for underage consumption through the use of various prevention initiatives. This year, Education merged with the Bureau of Law Enforcement to achieve efficiencies and provide quality service to licensees, institutions of higher learning, civic groups and K-12 school systems across the Commonwealth.

The Education section received grant funding from the U.S. Department of

Parent Alcohol education booklet

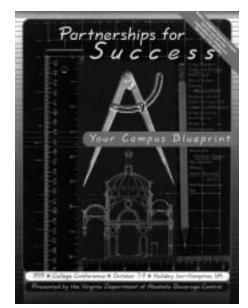

Education to spearhead the Virginia College Consortium project. The purpose of the project is to create a statewide network that brings together the Virginia ABC, drug/alcohol abuse prevention professionals, college and community leaders, law

enforcement and other state and regional stakeholders.

The Office of Juvenile Justice and Delinquency Prevention (OJJDP) continues to grant the agency funding to enforce underage drinking laws. The grant includes funding for enforcement efforts, community coalition grants, and social norms marketing efforts. In addition, a brochure was developed for parents of first-year college students. Colleges throughout the Commonwealth distributed it to parents and discussed it during orientation week. Another initiative of the OJJDP grant is to select and develop comprehensive strategies to reduce underage drinking in communities of the following cities: Richmond, Blacksburg, Farmville, and Virginia Beach. Also, the agency received grant funding from the Virginia Department of Motor Vehicles to work with colleges on Driving Under the Influence (DUI) prevention, designated driver programs and occupant protection. Training for Intervention Procedures (TIPS) for sellers and servers of alcohol were offered to licensees throughout the state. Approximately 300 licensees were TIPS trained and 60 were certified as TIPS Train-the-Trainer instructors. Virginia ABC also partnered with the Virginia Petroleum Marketers and Convenience Stores Association to offer TIPS workshops for more than 100 employees.

The Education section coordinated a Social Norms Marketing Conference that was attended by 23 colleges and universities. Regional training was held on a number of issues including: Prime for Life, a parent training program; evaluation; Statistical Package for Social Sciences; children of alcoholics; and DUI/Designated Driver programs.

The agency's 14th Annual College Conference focused on the development of action plans by campus

Brochure from 1999 College Conference.

teams. The plans were taken back to the college campuses and implemented. Eleven colleges and universities received grant funding to initiate their prevention strategies on campus.

The Department also actively participated in the Youth Alcohol and Drug Abuse Prevention Project (YADAPP), a leadership and peer empowerment conference aimed at Virginia high school youth.

### Public Affairs

Underage sale prevention stickers for licensees.

Public Affairs is charged with disseminating information to the press, to the public and to the public through the press.

Efforts to publicize ABC enforcement activities, prevention programs and retail operations resulted in 43 news releases during FY00. In addition, Public Affairs staff responded to more than 340 inquiries from the media and answered hundreds of questions and requests for materials from

the agency's Web site and toll-free line. Staff participated in numerous special events including promotional events for Drunk and Drugged Driving (3D) Prevention Month, College Conference, annual display at the General Assembly and Youth Alcohol and Drug Abuse Prevention Project (YADAPP).

Public Affairs produces the *Licensee Newsletter*, an excellent tool for educating and informing licensees. The *Inside Spirits* employee newsletter, also produced by Public Affairs, keeps staff updated on the latest agency developments and newest employees.

Public Affairs provided writing, design, photographic and other support services to all agency divisions throughout the year. Staff produced numerous publications including: "A Parent's Guide to College Drinking," the 1999 Annual Report, the Social Norms Marketing Conference brochure, a brochure and collateral materials for College Conference, promotional and collateral materials for

YADAPP, a special agent brochure, and various brochures for educational grants. Staff also contributed graphic design and written material to the agency's Web site.

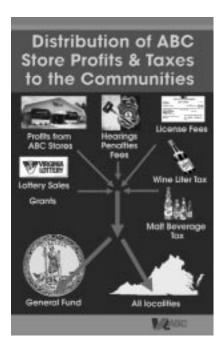

Public awareness of ABC history, programs and activities increased at the Virginia State Fair, as thousands of citizens visited the nostalgic 65th

ABCs State Fair booth.

Anniversary booth. Public Affairs enlisted employees, representing every department at ABC's Central Office, to ensure the booth was manned for the 11-day fair. The State Fair is a valuable outlet for promoting ABC services and the agency's mission.

### DIVISION OF FINANCIAL MANAGEMENT SERVICES

The Financial Management Services Division is responsible for all fiscal functions of the agency including payroll, budget, cash receipts, cash disbursements and financial reporting. Our refined cash management efforts during the fiscal year allowed ABC to reduce yearly interest expense by approximately \$400,000. In addition to recording \$315 million in revenue, (excluding state taxes on sales), the division processed \$131 million in taxes for a total of \$446 million in deposits.

The Department of Account's decentralized audit of the Accounts Payable section resulted in a rating of "Exceptional Level of Performance." While paying the agency's bills for goods and

services, the section is responsible for ensuring the agency is in compliance with the Commonwealth's Accounting Policies and Procedures.

Record ABC store sales required the processing of nearly \$200 million in purchases of merchandise for resale. The division also processed \$46 million in payroll expenses and an additional \$22 million in other purchases.

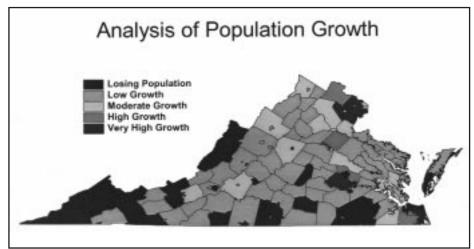

### DIVISION OF POLICY, ANALYSIS AND SUPPORT SERVICES

FY00 was a year of transition for this division in light of the agency-wide reorganization. The Education and Public Affairs offices separated from this division, and the new Policy section was added. As a result, the Division was renamed from Management Services to Policy, Analysis and Support Services. Primary business functions now include purchasing and

research and analysis, and legislative analysis.

#### **Purchasing Section**

Purchasing staff acquired goods and services vital to agency business, such as the hauling contract, store fixtures, conference facilities, computer hardware and software, and consulting services.

Market studies use state-of-the-art geographic information systems to identify service needs.

### Research and Analysis

Staff developed a statewide market location strategy to identify localities that might benefit from additional ABC service. They performed complex market studies to evaluate new store opportunities in such areas as Loudoun County, Henrico County, Arlington County and the city of Virginia Beach.

The division migrated to Arcview, a sophisticated geographic information system that allows the agency to graphically display demographic information along with store and licensee locations. This proved to be a very useful tool for analyzing store market characteristics. To our knowledge, no other control state is utilizing this capability.

Staff also performed operational studies such as an analysis of the wine label approval process and the half-case packing process, making recommendations for process improvement.

### DIVISION OF INFORMATION TECHNOLOGY SERVICES

Teamwork in progress in the ITSD.

The mission of the Information Technology Services Division (ITSD) is to plan, implement, and support automated information system technologies that are justified and deployed agencywide for the purpose of supporting ABC statutory / regulatory / administrative functions, improving operational productivity, and/or enhancing information availability, accuracy and timeliness.

ITSD put a tremendous amount of time, energy and resources into assuring the Year 2000 (Y2K) transition went smoothly. ABC converted, tested and implemented 25 major applications and applied Y2K patches to more than 700 agency workstations in the Central Office, eight regional offices and 245 retail stores prior to the new year. As a result, the Y2K conversion was completed without interruption of services or production operations.

ITSD staff continued to enhance the Computerized Organization of Resources for Enforcement (CORE) application, completing five training classes and implementing CORE in five regional offices. This has brought 60 new field agents on-line with immediate access to enforcement information that results in increased agent productivity and improved customer services.

During FY00, ABC also began the migration to Microsoft Office 2000 for all ABC workstations. The E-mail application, GroupWise, was upgraded for all employees. ITSD staff implemented Performance Accounting 1.4 that offers improved operations and efficiencies of accounting staff members, and meets Y2K requirements. Staff also initiated the Management of Inventory and Product Sales (MIPS) project, to upgrade the product distribution system, improve inventory accountability, and improve customer services.

In response to Governor Gilmore's Executive Order 51, ITSD initiated the collection and conversion of all state agency forms to Web-based formats. All 44 forms will be available to the public on the ABC Web site, www.abc. state.va.us, by December 31, 2000.

### HUMAN RESOURCES

During the past fiscal year, 88 new classified employees joined ABC. Human

Resources screened thousands of applications and consulted with hiring managers to expeditiously fill vacancies and further enhance the quality of the organization's workforce. Continued development of a partnership with agency management resulted in significant improvements in employee relations practices in the agency and the successful resolution of related issues.

FY00 marked the beginning of the first major change in the Commonwealth's compensation system in more than 40 years. This is a significant departure from the previous system, and considerable training and education have been required to raise employee awareness and gain an

understanding of shared responsibilities. In addition to participating in the design of the state's training program, Human Resources Training staff customized the program for ABC managers and employees. A Salary Administration Plan tailored specifically for ABC was drafted. A toll-free number and E-mail box were established to answer employee questions and provide information. In addition to internal demands from this program. ABC Human Resources staff served on five committees at the state level to ensure that agency concerns were addressed, and to facilitate a smooth transition to the new program.

ABC employees were able to choose from an array of educational opportunities offered on a bi-annual training calendar. More than 450 employees attended professional development, skill development and Human Resources policy workshops conducted internally, and nine new training programs were designed and offered.

Wholesale/Retail training managers provided on-the-job training to 36 newly hired and/or promoted retail management personnel. A new technical training component was added, and Microsoft Office 2000 software training program was designed and implemented. Formal funding for tuition reimbursement was centralized in the Human Resources budget, and all employees seeking undergraduate or other degrees are eligible to participate.

A new retirement program, Virginia Law Enforcement Officer Retirement System (VALORS), was implemented for sworn employees. A Human Resources staff member served on the state Employee Recognition task force and assisted in drafting a new handbook and policy to provide agencies with more flexibility to recognize and reward employees. Service award luncheons, held in the spring, recognized 161 employees, and two employee suggestions, improving the way the agency does business, were adopted.

### **ADJUDICATION**

The Mission of the Adjudication Division is to provide fair and expeditious resolution processes for all contested applications or allegation of violations of law and regulations regarding the manufacture, distribution, sale and consumption of alcoholic beverages in the Commonwealth of Virginia. Unnecessary delays and excessive litigation costs undermine the efforts of the Department to administer the laws fairly, properly and assure compliance.

The Adjudication Division was created as an independent division to establish the primacy of ABC's administrative law procedures as the principle dispute resolution mechanism. Those disputes may rise over the accuracy of a licensee's records, neighborhood concerns for peace, good order, quietude and tranquility

that are affected by licensee's or applicant's operations, and whether there are sales to underage or intoxicated individuals. Where an Administrative Law Judge/Hearing Officer (ALJ/HO) finds that a dispute is valid, there are sanctions and modifications of licensure that can be imposed to correct the situation. Parties that are dissatisfied with the initial result may appeal the decision to the full ABC Board.

Unlike many judicial and quasi-judicial proceedings, parties coming before the Adjudication Division's panels are not required to have counsel. While many licensees or applicants want to avail themselves of counsel, the ALJ/HOs of the division strive to assure that the quality of justice administered by each of them is equally high regardless of whether counsel is

The Hearing Room in ABCs Central Office.

present. Their knowledge of the law, experiences, and willingness to probe for the facts that will reveal the truth is the underpinning that supports fair and impartial application of ABC laws and regulations.

To improve judicial economy, the division has centered most of its statewide docket into ABC's regional offices. That reduces travel time and associated costs, increases the number

### ADJUDICATION CONTINUED

of cases that can be heard, and enables the ALJ/HO to make full use of the regional office facilities, personnel and other resources.

Equally important has been the move to establish long range dockets. While cases cannot be set more than a few weeks forward, efforts have been undertaken to advise each office when they can expect cases to be heard in that region several months in advance. Case loads for each region vary and adjustments are often required; but, the system is beginning to take hold.

facts and the more fully developed record helps assure the ABC comnity that any decision has been for considered, is fair, impartially remaind supported.

In addition to hearing contested applications and disciplinary profings, the Adjudication Division and hears cases involving the franching.

A more significant change involves the role of the Special Agents in Bureau of Law Enforcement Operations. They, as well as licensees and applicants, have been asked to take a more active role in each case. Agents not only set out the facts, they increasingly ask questions and raise objections, often parrying with licensee's counsel, in an effort to assure that the ALJ/HO has all the facts on which to make a solid deci-

sion. Where a licensee lacks counsel or chooses to proceed *pro se*, the same ALJ/HO makes sure that his rights are fully protected by intervening as appropriate. The greater number of facts and the more fully developed record helps assure the ABC community that any decision has been fully considered, is fair, impartially rendered, and supported.

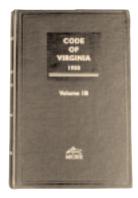

applications and disciplinary proceedings, the Adjudication Division also hears cases involving the franchise rights between manufacturers and wholesalers. These cases, often involving several millions of dollars and the rights to distribute a product, are the most complex and time consuming. Inevitably, they contain the seeds of whether a product will be readily available at a fair price. This year has seen a significant rise in the number of franchise matters. While many are expected to settle, some are likely to remain active for an extended period of time. The number of motions,

exhibits, and the sheer volume of testimony demands careful consideration. Since franchise matters are heard *en banc*, the views of each ALJ/HO must be considered.

The year ahead holds new challenges. To meet the challenges of an ever increasing caseload, the Adjudication Division will examine the use of virtual courtrooms to enable parties to remain at regional locations while continuing to participate. This can help lower the costs of counsel, it can allow for the virtual presence of witnesses otherwise unavailable, and will speed the scheduling of cases in distant locations.

The Adjudication Division is committed to removing impediments that affect the quality of dispute resolution and eliminating the barriers that create adversity in the manufacture, distribution, sale and use of alcoholic beverages. This first year has shown that it can and will be done.

### BOARD ADMINISTRATION

Board Administration facilitates all aspects of the appeal process for Board Appeals except for hearing the appeals and making the decisions.

Responsibilities include: accepting appeal

notices; requesting transcripts; scheduling the appeals; checking in attendees; calling the cases; recording the appeals; and preparing final orders.

Board Administration also handles offers in compromise, which are plea bargains initiated by licensees. Staff receives the offers, reviews them, contacts ABC Enforcement, and prepares summaries for Board vote. After the vote, the licensee or their

attorney is contacted and a final order is prepared.

Staff responsibilities are similar for requests for modifications, late appeals and reconsiderations. After receiving and reviewing the requests, they are summarized for Board vote, parties are contacted, notices are prepared and/or final orders are issued.

The division is also responsible for regulations (initiating the rulemaking process) and Freedom of Information Act requests. They serve as the liaison between the agency and the Secretary of the Commonwealth on distribution and collection of Statements of Economic Interests.

Board Administration fields numerous phone inquiries about Virginia ABC laws. Many of the inquiries deal with the Wine and Beer Franchise Act. Others are regulatory or policy and procedure matters. The division receives bankruptcy petitions that list the agency as a creditor. Board Administration is responsible for coordinating with various divisions to confirm that money is owed.

Permits authorizing the sale of alcoholic beverages warranted by particular situations such as foreclosures, bankruptcies and deaths are issued by the division.

When ABC administrative law cases are appealed to the Circuit Court, the division handles the Notice of Appeal and prepares necessary paperwork for the Attorney General. They also track the Circuit Court Cases.

The Board Administration Director is responsible for the official minutes of the ABC Board. The division also serves as a repository of important documents for the agency.

### ADJUDICATION SUMMARY

#### CASES ADJUDICATED FOR FISCAL YEAR 2000

	FY 2000	FY 1999
Contested Applications Approved Refused SUBTOTAL	16	16
Disciplinary Proceedings Revoked		
TOTAL	1,175	1,421
Revenues*	\$946,375.00	\$946,929.00
* Civil penalties and cost as a result	of disciplinary action.	

Source: Board Administration

### PROPERTY MANAGEMENT SERVICES

During FY00, the Real Estate Division was renamed Property Management Services to better reflect their primary responsibilities. The division maintains rented and owned properties including the Central Office and Warehouse, regional enforcement offices and ABC stores. Property Management Services negotiates and prepares leases for all agency-leased space. The staff also performs renovations, upgrades and repair work. Property Management Services staff was instrumental in the relocation of many offices within the Central Office and completed renovations throughout the building to improve operational efficiency.

A primary focus of the division during the past fiscal year was the opening of new stores and relocation of existing stores. Staff set up eight new stores (Glen Allen, Stafford, Gainesville, Rosslyn, Ashburn, Daleville and two in Virginia Beach) and relocated six (Hampton, St. Paul, Centerville, Midlothian, Fairfax and Fredericksburg), bringing the total to 251 stores

Employees install shelving and equipment in a new ABC store.

statewide. There are plans to open and relocate more stores in the next fiscal year.

Property Management Services staff continued work on its extensive maintenance reserve program to update ABC-owned facilities. ABC owns 18 properties: the Central Office, three regional enforcement offices with attached ABC stores and 14 freestanding ABC liquor stores. Property Management Services staff handles structural maintenance on owned properties, while landlords are

responsible for this type of maintenance on leased properties.

Ongoing projects include the modernization of retail stores, relocation of existing stores to improve service, and placement of new stores where demographics dictate. The agency's Real Estate Committee, which routinely meets twice monthly, performs considerable analysis regarding new store openings, relocations and closings. Sales, profitability and demographic reports are studied so that low volume stores can be closed while more

profitable stores are maintained or opened. This results in more profits to the general fund and localities.

Modernization efforts include an emphasis on updating interior store design and customizing fixtures and interior lighting to augment product displays. The division also replaces worn trade fixtures and equipment as needed and addresses Americans with Disabilities Act (ADA) compliance issues when doing renovations.

W. Curtis Coleburn, III Chief Operating Officer

July 1, 2000.

### INTERNAL AUDIT

The internal Audit team pores over boxes of document from an investigation.

The Internal Audit Division has agency-wide responsibility for managing risk, ensuring that a proper internal control environment is in place, and adding value through creative business solutions/recommendations. The division had a successful first year at ABC after being re-established in June 1999.

Internal Audit is somewhat unique in that the responsibilities of the Office of Professional Standards (formerly assigned to the Agency's Law Enforcement Division) were also assigned to the Internal Audit Division at the time of the division's creation. The basic responsibilities assumed by Internal Audit include conducting all administrative reviews and investigating all state hotline complaints.

The division has had the good fortune of recruiting quality personnel who have added value throughout the organization by identifying issues and providing solid recommendations and solutions. Staff members have worked closely with all divisions at ABC to enhance business processes and partner with line management to develop creative solutions where opportunities exist to mitigate risk. Internal Audit has provided input on major system development projects, compensation reform, and strategic planning efforts for the agency.

The major contribution the division has made to ABC is raising the awareness level of risk and internal

control in all components of ABC operations. The division is recognized in the agency's field offices and at the Central Office as a facilitator of change. The division's focus is to partner with the auditee to identify issues, document internal control deficiencies, and develop creative solutions to enhance business process and mitigate risk. The division was staffed with three full-time employees in FY00 and will expand to five full-time employees in FY01. The division completed more than 60 reviews and investigations this year.

The major challenge faced by the division was gaining acceptance and being perceived as a contributor. Long-term ABC employees have gained a comfort level with the division and recognize the value that a different set of eyes brings to the agency. The division also brings the perspective of partnering with the area being reviewed to develop joint solutions and improve the business process together.

enacted into law 16 alcohol-related measures during the 2000 session. The privileges of farm winery and amphitheater licensees and the extent local governments may control or tax the sale of alcoholic beverages were popular topics of discussion. The following enactments became effective

The Virginia General Assembly

House Bill 1093 and Senate Bill 771 were identical bills which create two classes of farm wineries. Under the new scheme, farm wineries operating under the current laws will be designated as Class A farm wineries. Class A farm wineries will continue to be required to manufacture their wine using at least 51 percent fruit or other agricultural products grown or produced on the farm where the winery is located, and no more than 25 percent out of state fruit.

Class B wineries, who will pay a higher license tax, will not be required to have a vineyard or orchard of their own, but must have agreements to purchase fruit from Virginia growers. At least 75 percent of the fruit used to manufacture their wine must be grown or produced in the Commonwealth. These bills, as well as another measure, Senate Bill 591, will also for the first time allow farm wineries in

Virginia to produce fortified wine with an alcohol content of up to 18 percent.

Food concessionaires at outdoor performing arts amphitheaters in Prince William County and the City of Virginia Beach, presently limited to beer or wine and beer licenses, will be able to apply for mixed beverage licenses effective July 1. House Bill 795 creates this new license. An unrelated provision of this bill will allow Busch Gardens to operate a facility for the "education of persons in the manufacture of beer," including sampling, at its Williamsburg theme park.

In addition to the Prince William and Virginia Beach amphitheaters, two bills—House Bill 1978 and Senate Bill 769—allow for the issuance of a mixed beverage license to a smaller facility yet to be built in the City of Portsmouth. "Brown-bagging" provisions originally included in all the amphitheater bills were removed at the request of the governor. Issues involving attempts at local con trol of alcoholic beverages have been common at the General Assembly in recent years, and this year was no exception. House Bill 416 and Senate Bill 346 were identical bills designed to clarify local authority in the area of alcoholic beverage taxation. The new provision spells out that no

county, city or town may adopt any ordinance which imposes a sales or excise tax on alcoholic beverages.

This does not prevent localities from including alcoholic beverage sales in computing local sales or meals taxes, but prevents the imposition of specific alcohol taxes.

The City of Richmond sponsored two measures—one to give it additional authority in dealing with zoning permits where alcoholic beverage retailers are involved, and a second to expand the Board's authority to invoke the "twelve-month rule," which allows the Board to refuse a hearing in certain circumstances. House Bill 1456 gives Richmond the authority to require a review of special use permits issued to alcoholic beverage retailers upon a change of ownership or possession of the business. This provision will only apply to permits issued after July 1. House Bill 1455 allows the Board to refuse to hear an application for the lessening of restrictions on a license within twelve months of the issuance of the restricted license.

Senate Bill 523 repeals the one-year residency requirement prior to the issuance of wholesale beer or wine licensees to give compensation to

### LEGISLATION CONTINUED

employees based upon a percentage of be monitored by an alcohol safety sales, as is currently allowed for wine and beer licensees.

House Bill 747 will allow ABC to accept payment of taxes, penalties or other fees imposed on a licensee through the use of credit or debit cards and assess a service fee on such transactions. This change in the law was sought by ABC to facilitate the possible use of the Internet to process applications for one-day events.

House Bill 991 gives courts the authority to require individuals issued a restricted driver's license as a result of a conviction of unlawful possession of alcoholic beverages to

action program.

Finally, ABC Act definitions of what constitutes a "restaurant" will be studied by a joint subcommittee created by House Joint Resolution 282. This study is designed to determine whether certain types of ABC licensed establishments might be redefined for the purpose of designating to which ones persons holding concealed weapon permits could legally carry their weapons. Presently, concealed weapon permittees are prohibited from carrying a concealed handgun onto the premises of any restaurant holding an ABC on-premises license.

### FINANCIAL RESULTS IN BRIEF\*

	FY 2000
ABC PROFITS STATE TAXES GENERAL SALES TAX WINE LITER TAX MALT BEVERAGE TAX	41,435,780 58,316,888 12,962,232 19,058,900 40,746,268
	172,520,068

	General Fund	Localities
ABC PROFITS	22,819,890	18,615,890
STATE TAXES	58,316,888	
GENERAL SALES TAX	12,962,232	
WINE LITER TAX	9,529,450	9,529,450
MALT BEVERAGE TAX	40,746,268	

144,374,728 28,145,340 172,520,068

- (1) Profits are reported in accordance with GAAP. Profits include licensing fees and ABC's portion (12%) of the Wine Liter Tax.
- (2) State Taxes (20%) on distilled spirits and (4%) on wine sold in ABC stores.
- (3) General Sales Tax (4.5%).
- (4) The non-ABC portion (88%) of the Wine Liter Tax. (rate= 40¢ per liter)

<sup>\*</sup> Before audit.

<sup>(2)</sup> State taxes on distilled spirits (20%) and wine (4%) sold in ABC Stores.

<sup>(3)</sup> Store expenses include miscellaneous revenue and net cash overages.

<sup>(4)</sup> General and Administrative Expenses are offset by 'Other ABC Revenue.'

<sup>(5)</sup> Rate of return is calculated by adding Adjusted Net Profits and State taxes then dividing result by Gross Sales.

(1) Does not include General Sales Tax (4.5%).

(2) State taxes on distilled spirits (20%) and wine (4%) sold in ABC Stores.

(3) Store expenses include miscellaneous revenue and net cash overages.

(4) General and Administrative Expenses are offset by 'Other ABC Revenue.'

(5) Rate of return is calculated by adding Adjusted Net Profits and State taxes then dividing result by Gross Sales.

Conv = Conventional Store; C = Closed; R = Relocation; NS = New Store

<sup>(1)</sup> Does not include General Sales Tax (4.5%).

<sup>(2)</sup> State taxes on distilled spirits (20%) and wine (4%) sold in ABC Stores.

<sup>(3)</sup> Store expenses include miscellaneous revenue and net cash overages.

<sup>(4)</sup> General and Administrative Expenses are offset by 'Other ABC Revenue.'

<sup>(5)</sup> Rate of return is calculated by adding Adjusted Net Profits and State taxes then dividing result by Gross Sales.

**Conv** = Conventional Store;  $\mathbf{C} = Closed$ ;  $\mathbf{R} = Relocation$ ;  $\mathbf{NS} = New Store$

- (1) Does not include General Sales Tax (4.5%).
- (2) State taxes on distilled spirits (20%) and wine (4%) sold in ABC Stores.
- (3) Store expenses include miscellaneous revenue and net cash overages.
- (4) General and Administrative Expenses are offset by 'Other ABC Revenue.'
- (5) Rate of return is calculated by adding Adjusted Net Profits and State taxes then dividing result by Gross Sales.

Conv = Conventional Store; C = Closed; R = Relocation; NS = New Store

<sup>(1)</sup> Does not include General Sales Tax (4.5%).

<sup>(2)</sup> State taxes on distilled spirits (20%) and wine (4%) sold in ABC Stores.

<sup>(3)</sup> Store expenses include miscellaneous revenue and net cash overages.

<sup>(4)</sup> General and Administrative Expenses are offset by 'Other ABC Revenue.'

<sup>(5)</sup> Rate of return is calculated by adding Adjusted Net Profits and State taxes then dividing result by Gross Sales.

Conv = Conventional Store; C = Closed; R = Relocation; NS = New Store

### AUDITOR'S REPORT

# Commonwealth of Virginia

Walter J. Kucharski, Auditor

Auditor of Public Accounts P.O. Box 1295 Richmond, Virginia 23218

**SEPTEMBER 29, 2000** 

THE HONORABLE JAMES S. GILMORE, III GOVERNOR OF VIRGINIA STATE CAPITOL RICHMOND, VIRGINIA THE HONORABLE VINCENT F. CALLAHAN, JR. CHAIRMAN, JOINT LEGISLATIVE AUDIT AND REVIEW COMMISSION
GENERAL ASSEMBLY BUILDING
RICHMOND, VIRGINIA

We have audited the balance sheet of the Department of Alcoholic Beverage Control (the Department) as of June 30, 2000, and the related statements of revenues, expenses, and retained earnings, and cash flows for the year then ended.

#### **INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS**

We have audited the balance sheet of the Department of Alcoholic Beverage Control (the Department) as of June 30, 2000, and the related statements of revenues, expenses, and retained earnings, and cash flows for the year then ended. These financial statements are the responsibility of the Department's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Department of Alcoholic Beverage Control as of June 30, 2000, and the results of its operations and cash flows for the year then ended, in conformity with generally accepted accounting principles.

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated September 29, 2000, which includes our consideration of the Department's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, and contracts.

Net cash provided by operating activities	\$ 45,594,640

The accompanying notes to financial statements are an integral part of this statement

### Notes to Financial Statements as of June 30, 2000

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### A. Reporting Entity

The Department of Alcoholic Beverage Control administers ABC laws with an emphasis on public service and a focus on public safety by ensuring a safe, orderly, and regulated system for convenient distribution and responsible consumption of alcoholic beverages while generating a reasonable profit for the Commonwealth and its localities.

A separate report is prepared for the Commonwealth of Virginia, which includes all agencies, boards, commissions, and authorities over which the Commonwealth exercises or has the ability to exercise oversight authority. The Department is a component unit of the Commonwealth of Virginia and is included in the general-purpose financial statements of the Commonwealth.

#### B. Fund Accounting

The activities of the Department are accounted for in an enterprise fund. The enterprise fund is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis, including depreciation, be financed or recovered primarily through user charges.

#### C. Basis of Accounting

The Department's records are maintained on the accrual basis whereby revenues are recognized when earned and expenses are recognized when the liability is incurred.

#### D. Inventories

Merchandise inventory, purchased for resale, is valued at average cost, which is lower than market value.

### E. Compensated Absences

Compensated absences reflected in the balance sheet represent the amounts of vacation, sick, and compensatory leave earned by employees of the Department, but not taken at June 30, 2000. The amount reflects all earned vacation, sick, and compensatory leave payable under the Commonwealth of Virginia's leave payout policies. Information on the Commonwealth's leave payout policies is available at the statewide level in the Commonwealth of Virginia's Comprehensive Annual Financial Report.

#### 2. CASH WITH THE TREASURER OF VIRGINIA

All state funds of the Department are held by the Treasurer of Virginia, pursuant to Section 2.1.177, et. seq., Code of Virginia, who is responsible for the collection, disbursement, custody, and investment of state funds. Each fund's equity in pooled state funds is reported as "Cash" on the balance sheet and is not categorized as to credit risk.

#### 3. FIXED ASSETS

The schedule at the top of the next page shows the breakdown of fixed assets by category at June 30, 2000.

	Total Fixed Assets		Accumulated Depreciation		Net Fixed Assets
Land Buildings Equipment	\$ 1,577,406 9,216,382 24,371,222	;	\$ 8,331,125 12,295,782	\$	1,577,406 885,257 12,075,440
Total	\$ 35,165,010		\$ 20,626,907	\$	14,538,103

The following schedule presents the changes in Fixed Assets by category.

	J	Balance at une 30, 1999	_	Acquired		Deleted	Jı	Balance at une 30, 2000
Land Buildings Equipment	\$	1,586,806 9,239,982 26,693,855	\$	1,001,973	\$	(9,400) (23,600) (3,324,606)	\$	1,577,406 9,216,382 24,371,222
Total	\$	37,520,643	\$	1,001,973	\$	(3,357,606)	\$	35,165,010

Property, plant, and equipment are stated at cost and at the time of acquisition are set up in a comprehensive fixed asset system. Depreciation of the cost of property, plant, and equipment is provided on a straight-line basis over their estimated lives of from ten to thirty years on buildings and from three to eight years on equipment.

#### 4. DUE TO THE COMMONWEALTH

#### A. Note Payable

The Department has a line of credit for \$25,000,000 with the Treasurer of Virginia. Repayment is made from revenue collections pursuant to Title 4.1, Chapter 1 of the Code of Virginia. As of June 30, 2000, the Department had outstanding \$21,582,438 of its available line of credit to extinguish a cash overdraft.

#### B. General Fund

The Department collects certain taxes on behalf of the General Fund of the Commonwealth. The state tax on sales is collected from store sales and is paid quarterly to the General Fund of the Commonwealth. The liter tax is collected on wholesalers' direct wine shipments. Twelve percent of the liter tax is retained by the Department and reported as wine wholesalers' tax on the Department's financial statements. The remainder is paid to the General Fund of the Commonwealth quarterly. Of the liter tax paid to the General Fund, the Commonwealth subsequently transfers 50 percent to localities. Collections and transfers of state tax on sales and liter tax are not reported on the Statement of Revenues, Expenses, and Changes in Retained Earnings. Activity relating to the amounts due to the General Fund for the year ended June 30, 2000, is summarized below.

	State Tax On Sales	Liter Tax On Wine	Total
Balance due to the General Fund July 1, 1999	\$ 118,431	\$ 297,853	\$ 416,284
Receipts for fiscal year	58,316,888	19,108,558	77,425,446
Transfers to the General Fund	(58,359,313)	(18,978,859)	(77,338,172)
Balance due to the General Fund June 30, 2000	\$ 76,006	\$ 427,552	\$ 503,558

### C. <u>Department of Taxation - Sales Tax</u>

The Department collects sales tax on all sales of alcohol and remits collections monthly to the Department of Taxation. Sales tax collections and transfers are not reported on the Statement of Revenues, Expenses, and Changes in Retained Earnings. Activity relating to the amounts due to the Department of Taxation for the year ended June 30, 2000, is summarized below.

Balance due to the Department of Taxation, July 1, 1999	\$ 943,528
Sales tax collections	12,962,232
Transfers to the Department of Taxation	 (12,833,816)
Balance due to the Department of Taxation, June 30, 2000	\$ 1,071,944

#### D. Earned Surplus

The Appropriation Act, Chapter 935 of the 1999 Acts of Assembly, requires the Department to transfer an estimate of its fourth quarter profits in the month of June. In accordance with the Alcoholic Beverage Control Act, Section 4.1-116 of the Code of Virginia, the Department transfers any additional net profit to the General Fund of the Commonwealth 50 days after the last day of the quarter. The Department underestimated profit for the fourth quarter resulting in an additional \$461,622 due to the General Fund at June 30, 2000.

#### 5. DEFICIT RETAINED EARNINGS

The Department ended the year with a deficit retained earnings of \$771,024. This is attributable to the difference between the statutory method of calculating transfers to the Commonwealth prior to 1994 and calculating net profit.

#### 6. LEASE COMMITMENTS

The Department is committed under various operating lease agreements for store buildings. Rent expense under operating lease agreements amounted to \$7,748,967 for the year. A summary of future obligations under lease agreements as of June 30, 2000, follows.

2001	\$ 5,441,267
2002	3,832,473
2003	2,473,283
2004	1,508,545
2005	504,303
Later years	169,423
Total obligations	\$ 13,929,294

#### 7. SECURITIES LENDING TRANSACTIONS

Investments held by the Treasurer of Virginia represent the Department's allocated share of cash collateral received and reinvested and securities received for the State Treasury's securities lending program. Information related to the credit risk of these investments and the State Treasury's securities lending program is available on a statewide level in the Commonwealth of Virginia's Comprehensive Annual Financial Report.

#### 8. COLLECTIONS OF MALT BEVERAGE TAX

During the year ended June 30, 2000, the Department collected \$40,746,268 in malt beverage taxes. These funds are deposited by the Department directly with the Treasurer of Virginia for credit to the General Fund of the Commonwealth and are not available to the Department to meet current operating needs and are not included in the financial statements.

#### 9. PENSION PLAN AND OTHER POST RETIREMENT BENEFITS

The employees of the Department are employees of the Commonwealth. The employees participate in a defined benefit plan administered by the Virginia Retirement System (VRS). The VRS also administers life insurance and health related plans for retired employees. Information related to these plans is available on a statewide level only in the Commonwealth of Virginia's Comprehensive Annual Financial Report. The Commonwealth, not the Department, has overall responsibility for contributions to these plans.

#### 10. RISK MANAGEMENT AND EMPLOYEE HEALTH CARE PLANS

The Department participates in two self-insurance plans maintained by the Commonwealth of Virginia. The state employee health care plan is administered by the Department of Human Resource Management (formerly the Department of Personnel and Training) and the risk management insurance plans are administered by the Department of General Services, Division of Risk Management. Risk management insurance includes worker's compensation, property, general (tort) liability, and automobile plans. Information relating to the Commonwealth's self-insurance plans is available at the statewide level in the Commonwealth's Comprehensive Annual Financial Report.

#### 11. SURETY BOND

The employees of the Department were covered by a Faithful Performance Duty Bond administered by the Commonwealth of Virginia's Department of General Services, Division of Risk Management with liability limits of \$500,000 for each occurrence. Information relating to the Commonwealth's self-insurance plans is available at the statewide level in the Commonwealth of Virginia's Comprehensive Annual Financial Report.

#### 12. CONTINGENT LIABILITIES

The Department is named as a party in several legal proceedings. It is not possible at the present time to estimate ultimate outcome or liability, if any, of the Department in respect to the various proceedings; however, it is believed that any ultimate liability resulting from these suits will not have a material, adverse effect on the financial condition of the Department.
