See Notes to Statement of Revenues and Expenses

Note 1. Basis of Presentation

The accompanying Statement of Revenues and Expenses (Statement) has been prepared on the accrual basis of accounting. The purpose of the Schedule is to present a summary of current revenues and expenses of the Intercollegiate Athletic Programs (Athletics) of Radford University (Institution) for the year ended June 30, 2025, and includes both Athletics' revenues and expenses made on behalf of Athletics by outside organizations not under the accounting control of the Institution. Because the Statement presents only a selected portion of the activities of the Institution, it is not intended to and does not present either the financial position, changes in financial position or changes in cash flow of the Institution as a whole, for the year then ended. Revenues and expenses directly identifiable with each category of sport presented are reported accordingly. Revenues and expenses not directly identifiable to a specific sport are reported under the category "Nonprogram Specific."

Note 2. Affiliated Organizations

The Statement includes transactions of the Radford University Foundation, Inc. made on behalf of Athletics. Athletics received \$1,370,583 from the Radford University Foundation, Inc., \$1,104,677 of which is included in revenue as "contributions", \$133,615 of which is included in revenue as "Athletics restricted endowment and investment income", and \$132,291 of contributed site improvement, which is shown within "Total Athletics-related capital expenditures" listed under the Statement's Other Reporting Items section.

Note 3. Institution Administrative Fee

The *Commonwealth's Appropriation Act* requires that educational and general programs in institutions of higher education recover the full indirect cost of auxiliary enterprise programs. Therefore, the Institution assesses each auxiliary unit an "administrative fee" to recover institutional educational and general administrative costs. In fiscal year 2025, the total charge for Athletics amounted to \$1,515,513 which includes \$23,821 in administrative fees for the Athletics Academic Support Center that is provided as direct institutional support and is included in the "Indirect costs paid to institution by Athletics" expense line as Nonprogram Specific.

Note 4. Capital Assets

Capital assets consisting of buildings and equipment are stated at the estimated historical cost or actual cost where determinable. Capital assets are generally defined by the Institution as assets with an initial cost of \$5,000 or greater and an estimated useful life of greater than one year. Donated capital assets are recorded at the acquisition value at the date of donation. Construction in progress expenses are capitalized at actual cost as the major capital assets and improvements are constructed. The costs of normal maintenance and repairs that do not add to an asset's value or materially extend its useful life are not capitalized. Depreciation is computed using the straight-line method over the estimated useful life of the asset with no residual value. The useful life is 40 years for buildings, 20 years for site improvements, and 2 to 25 years for equipment.

Our procedures are described below. Our results and findings (greater than 0.1% of total revenue or total expenses) are also described below. Management representations or responses were added for further context and were not subject to our procedures.

Internal Controls

1. We obtained an understanding of Radford University's (Institution) internal control structure and those controls unique to the Intercollegiate Athletics Program (Athletics).

Affiliated and Outside Organizations

1. Athletics' management identified all related affiliated and outside organizations and provided us with copies of audited financial statements for each such organization for the reporting period.
2. Athletics' management prepared and provided to us a summary of revenues and expenses for or on behalf of Athletics by affiliated and outside organizations included in the Statement of Revenues and Expenses (Statement) (Attachment A).
3. Athletics' management provided to us any additional reports regarding internal control matters identified during the audits of affiliated and outside organizations performed by independent public accountants. We were not made aware of any internal control findings that would impact our Statement.

Statement of Revenues and Expenses

1. We will obtain the Statement for the year ended June 30, 2025, as prepared by management. We will compare the revenue and expense amounts reported on the Statement to the supporting schedules prepared by management of the Institution for relevant revenue and expense categories which are greater than 4.0% of total operating revenues and operating expenses.

Results and Findings: No matters are reportable.

2. We will compare a sample of five items from the operating revenues, receipts, and operating expenses, except for student aid, obtained from the above Statement to adequate supporting schedules. For the student aid population, we will follow the NCAA Agreed-Upon Procedures suggested sample size of 40 or 60 as applicable. If the population is less than five or is based on monthly or quarterly occurrences a sample of two to four items is required.

Results and Findings: See procedures #4 to #72.

3. We will compare each major revenue and expense category over 10% of the total revenues or expenses in the Statement to prior year amounts and current year budgeted amounts. We will obtain and document an understanding of any significant variances greater than 10% from prior year amounts or current year budget estimates.

Results and Findings:

Current year actual versus prior year actual:

- Student Fees – Increased \$1,177,270 due to increased enrollment in FY 2025 when compared to FY 2024 and an increase in the tuition and fees charged over prior year.
- Indirect costs paid to Institution by Athletics – Increased \$292,062 due to an overall increase in expenditures.

Current year actual versus current year budget:

- The Institution represented that it does not budget by the revenue and expense line items on the Statement; therefore, no procedures were performed.

Ticket Sales

4. For football and men's basketball ticket revenue, we will compare the detail of tickets sold, complimentary tickets provided, and unsold tickets to the related revenue reported by the Institution in the Statement and the related attendance figures and recalculate totals.

Results and Findings: Statement line item was less than 4% of total revenues; therefore, no procedures were performed.

Student Fees

5. We will compare and agree student fees reported by the Institution in the Statement to student enrollments and recalculate totals.

Results and Findings: Total student fees per the Statement were \$10,142,465, while the recalculated amount using student enrollment data from the Institution's online Electronic Fact Book was \$9,666,609. This difference of \$(475,856) represents 3.42% of total operating revenue. Management represents that the amount reported for Student Fees on the Statement includes accruals of deferred revenue and student receivables as well as comprehensive fee waivers which would not be reflected in the recalculated amount, thus resulting in a difference in excess of the 0.1% reporting threshold.

6. We will obtain and document an understanding of the Institution's methodology for allocating student fees to Athletics and inquire of the Institution's management as to whether there were any significant changes from prior year.

Results and Findings: No matters are reportable.

7. If Athletics is reporting that an allocation of student fees should be countable as generated revenue, we will recalculate the totals of Athletics' methodology for supporting that they are able to count each sport. We will agree the calculation to supporting documents, such as seat manifests, ticket sales reports, and student fee totals.

Results and Findings: The Institution does not perform an allocation; therefore, no procedures were performed.

Direct State or Other Governmental Support

8. We will compare the direct state or other governmental support recorded by the Institution during the reporting period with state appropriations, Institution authorizations, and/or other corroborative supporting documentation and recalculate totals.

Results and Findings: There were no revenues in this line item in the Statement; therefore, no procedures were performed.

Direct Institutional Support

9. We will compare the direct institutional support recorded by the Institution during the reporting period with supporting budget transfers documentation and other corroborative supporting documentation and recalculate totals.

Results and Findings: Statement line item was less than 4% of total revenues; therefore, no procedures were performed.

Transfers Back to Institution

10. We will compare the transfers back to the Institution with permanent transfers back to the Institution from Athletics and recalculate totals.

Results and Findings: There were no revenues in this line item in the Statement; therefore, no procedures were performed.

Indirect Institutional Support and Indirect Institutional Support – Athletic Facilities Debt Service, Lease, and Rental Fees

11. We will compare the indirect institutional support – athletic facilities, debt service, lease, and rental fees recorded by the Institution during the reporting period with expense payments, cost allocation detail, and other corroborative supporting documentation and recalculate totals.

Results and Findings: There were no revenues in this line item in the Statement; therefore, no procedures were performed.

Guarantees

12. We will select a sample of five settlement reports for away games during the reporting period and agree the selection to the Institution's general ledger and/or the Statement and recalculate totals.

Results and Findings: Statement line item was less than 4% of total revenues; therefore, no procedures were performed.

13. We will select a sample of five contractual agreements pertaining to revenues derived from guaranteed contests during the reporting period and compare and agree the selection to the Institution's general ledger and/or the Statement and recalculate totals.

Results and Findings: Statement line item was less than 4% of total revenues; therefore, no procedures were performed.

Contributions

14. We will obtain a listing of all contributions of money, goods, or services received directly by Athletics from any affiliated or outside organization, agency, or group of individuals (two or more). For any individual contributions greater than 10% of total contributions received, we will obtain and review supporting documentation, and recalculate totals.

Results and Findings: All contributions reported on the Statement were contributions from the Radford University Foundation. We agreed the total from the Foundation to supporting documentation. No matters are reportable.

In-Kind

15. We will compare the in-kind revenue recorded by the Institution during the reporting period with a schedule of in-kind donations and recalculate totals.

Results and Findings: Statement line item was less than 4% of total revenues; therefore, no procedures were performed.

Compensation and Benefits Provided by a Third Party

16. We will obtain the summary of revenues from affiliated and outside organizations (the Summary) as of the end of the reporting period from the Institution and select a sample of five items from the Summary and compare and agree the selection to supporting documentation, the Institution's general ledger, and/or the Summary and recalculate totals.

18. We will compare and agree the media rights revenues to a summary statement of all media rights identified, if applicable, and the Institution's general ledger and recalculate totals.

Athletic Student Aid

34. We will select a sample of students (if the Institution used CA software, the sample is the lesser of 10% or 40 student-athlete recipients; if the Institution did not use CA software, the sample is the lesser of 20% or 60 student-athlete recipients) from the listing of student aid recipients during the reporting period.

Results and Findings: We selected a sample of 21 students from the listing of student aid recipients during the reporting period. No matters are reportable.

35. We will obtain individual student-account detail for each selection and compare total aid per the Institution's student information system to the student's detail in the Institution report that ties directly to the NCAA Membership Financial Reporting System.

Results and Findings: No matters are reportable.

36. We will compare information for each student selected to their information reported in the NCAA's CA software or the NCAA Membership Financial Reporting System, using the following criteria:

- a. We will compare the equivalency value in the CA software for each student athlete (rounded to two decimal places) to supporting documentation.
- b. We will note whether grants-in-aid were calculated by using the revenue distribution equivalencies by sport and in aggregate (athletic grant amount divided by the full grant amount).
- c. We will note whether other expenses related to attendance (also known as cost of attendance) are excluded from grants-in-aid revenue distribution equivalencies. Only tuition, fees, room, board, and course-related books were counted for grants-in-aid revenue distribution per Bylaw 20.02.10.
- d. We will note whether the maximum equivalency limits exceed maximum equivalency limits.

-
- e. We will note whether the grant amount represented the full cost of tuition for an academic year, rather than a semester.
 - f. If an athlete participated in more than one sport, we will note whether the award was only included in one sport.
 - g. We will note whether Athletics' grants were for sports in which the NCAA conducts championships competition, emerging sports for women and bowl subdivision football.
 - h. We will note whether grants-in-aid were for sports that meet the minimum contests and participants' requirements of Bylaw 20.9.6.3.
 - i. We will note whether any of the selected items represented grants to student-athletes listed on the calculation of revenue distribution equivalencies report as "exhausted eligibility" or "medical."
 - j. We will note whether any sports were discontinued during the fiscal year.
 - k. We will note whether any of the student-athletes selected had exhausted their Athletics' eligibility.
 - l. If a selected student received a Pell Grant, we will note whether the value of the grant was excluded from the calculation of equivalencies or the total dollar amount of student athletic aid expense for the Institution.
 - m. If a student received a Pell Grant, we will compare the student's total grant to the total number and total value of Pell Grants reported for revenue distribution purposes in the NCAA Membership Financial Reporting System.

Results and Findings: Pertaining to item (e) above, we noted two student athletes who had a grant amount for only one semester as opposed to a full cost of tuition for an academic year. Management represented this was due to each of these student athletes only attending the Institution for one semester.

37. We will recalculate the detail amounts of athletic student aid and agree it to the total per the Statement. We will recalculate totals for each sport and overall.

Results and Findings: No matters are reportable.

39. We will obtain and inspect a sample of five contractual agreements pertaining to expenses recorded by the Institution during the reporting period from guaranteed contests and agree related expenses to the general ledger and/or Statement and recalculate totals.

Results and Findings: Statement line item was less than 4% of total expenses; therefore, no procedures were performed.

Coaching Salaries, Benefits, and Bonuses Paid by the Institution and Related Entities

40. We will obtain and inspect a listing of coaches employed by the Institution and related entities during the reporting period and select a sample of five coaches' contracts that will include football and men's and women's basketball from the above listing.

Results and Findings: The Institution has no football program; therefore, no football coaching salary was selected. For all selected items, no matters are reportable.
