INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members of the Town Council
Town of Christiansburg, Virginia

We have audited the accompanying financial statements of the governmental activities, business-type activities, and each major fund of the Town of Christiansburg, Virginia, as of and for the year ended June 30, 2011, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Christiansburg's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and *Specifications for Audits of Counties, Cities and Towns* issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the Town of Christiansburg as of June 30, 2011, and the respective changes in financial position and cash flows, thereof, and the respective budgetary comparison for the general fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 18, 2011, on our consideration of the Town of Christiansburg's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and Virginia Retirement System - Schedule of Funding Progress, on pages 4 through 10, and 36, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's

responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Christiansburg's basic financial statements as a whole. The Supplementary Information included in Schedules 1 through 6, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The Supplementary Information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Michael B. Cooke, CPA, PC

November 18, 2011

TOWN OF CHRISTIANSBURG, VIRGINIA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2011

The following discussion and analysis of the Town of Christiansburg's financial performance provides an overview of the Town's financial activities for the fiscal year ended June 30, 2011. It should be read in conjunction with the Town's basic financial statements.

FINANCIAL HIGHLIGHTS

- The Town's total net assets increased by \$5,998,219 during the fiscal year, on the government-wide basis. The Town's total net assets, on the government-wide basis, totaled \$149,546,252 at June 30, 2011. Of this amount, \$12,668,926 may be used to meet ongoing obligations to citizens and creditors, \$130,691,835 is invested in capital assets, net of related debt, \$359,215 is restricted for perpetual care in the Cemetery Fund; \$5,826,276 is restricted for other purposes.
- On a government-wide basis for governmental activities, the Town had expenses (including transfers) net of program revenues of \$17,250,415, which totaled \$5,921,783 less than the general revenues, of \$23,172,198.
- At June 30, 2011 the Town's governmental funds balance sheet reported total ending fund balances of \$17,831,212 of which \$359,214 was nonspendable as a part of the cemetery perpetual care fund, \$2,455,423 was restricted by law or donor restrictions; \$2,199,995 was assigned to specifics savings for future needs of the Town and \$12,816,580 was unassigned and available to meet future needs.

OVERVIEW OF THE FINANCIAL STATEMENTS

Our discussion and analysis is intended to serve as an introduction to the Town's basic financial statements. The Town's financial statements present two types of statements, each with a different snapshot of the Town's finances. The focus is on both the Town as a whole (government-wide) and the fund financial statements. The government-wide financial statements provide both short-term and long-term information about the Town's overall financial status. The fund financials focus on the individual parts of the Town government, reporting the Town's operations in more detail than the government-wide statements, which present a longer-term view. Presentation of both perspectives provides the user a broader overview, enhances the basis for comparisons, and better reflects the Town's accountability.

Government-Wide Financial Statements

The government-wide financial statements include the Statement of Net Assets and the Statement of Activities. These statements provide information about the Town as a whole using the accrual basis of accounting, which is the method used by most private-sector enterprises. All current year revenues and expenses are reported in the Statement of Activities regardless of when cash is received or paid. These statements allow readers to answer the question, "Is the Town's financial position, as a whole, better or worse as a result of the year's activities?"

One of the main goals of these two statements is to report the Town's net assets and changes that affected net assets during the fiscal year. The change in the Town's net assets, the difference between assets and liabilities, is one way to measure the Town's financial health, or financial position. Increases or decreases in net assets are indicators of whether the Town's financial health is improving or deteriorating. Other nonfinancial factors, such as changes in the Town's property

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

tax base and the condition of the Town's infrastructure should also be considered in assessing the overall financial health of the Town.

In the Statement of Net Assets and the Statement of Activities, the Town's fund-based activity is classified as follows:

Governmental activities – Most of the Town's basic services are reported here, including general government, public safety, public works, health and welfare, parks and recreation, cemetery and community development. Property taxes, other local taxes, and federal and state grants finance most of these activities.

Business-type activities – The Town's water and sewer operations are reported here as the Town charges a fee to customers designed to cover all or most of the cost of the services it provides.

Fund Financial Statements

Traditional users of governmental financial statements will find the fund financial statement presentation more familiar. The fund financial statements focus on the Town's most significant funds rather than fund types. The fund financial statements begin on page 13 and provide detailed information about the most significant funds, not the Town as a whole. The Town has two types of funds:

Governmental funds – Most of the Town's basic services are included in governmental funds. Fund-based statements for these funds focus on how resources flow into and out of those funds and the balances left at year-end that are available for future spending. These funds are reported on the modified accrual basis of accounting, which measures cash and other liquid assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term overview that helps the reader determine the financial resources that can be spent in the near future to finance the Town's programs. The differences between governmental activities as reported in the government-wide and fund financial statements are reconciled in Exhibits D and F on pages 14 and 16.

The Cemetery Fund (Permanent Fund) is a nonmajor Governmental Fund. The Town as of April 1, 2008 took over control of the Town's cemetery.

The Special Revenue Fund is used in accordance with generally accepted accounting principles to account for the proceeds of specific revenue sources that are legally restricted by contract or donor to expenditure for a specified purpose.

Proprietary funds – When the Town charges customers for the services it provides, whether to outside customers or to other units of the Town, these services are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, utilize the accrual basis of accounting, and their statements provide both short and long-term financial information.

The Town's enterprise fund, one type of proprietary fund, is the same as the government-wide business-type activities; however, the fund financial statements provide more detail and additional information, such as cash flows. The Town's enterprise fund is the Water and Sewer Fund.

FINANCIAL ANALYSIS OF THE TOWN AS A WHOLE

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the Town of Christiansburg, assets exceeded liabilities by \$149,546,252 at the close of the most recent fiscal year.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
(CONTINUED)**

By far the largest portion of the Town of Christiansburg's net assets (86 percent) reflects its investment in capital assets (e.g., land, buildings and structures, and equipment); less any related debt used to acquire those assets that are still outstanding. The Town of Christiansburg uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town of Christiansburg's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate the liabilities.

Summary of Net Assets:

The following table presents a condensed summary of net assets:

Summary of Net Assets As of June 30, 2011 (In Thousands)						
	Governmental Activities		Business-type Activities		Total Primary Government	
	2011	2010	2011	2010	2011	2010
Current and other assets	\$ 21,715	\$ 19,130	\$ 939	\$ 1,080	\$ 22,654	\$ 20,210
Capital assets, net	111,857	110,503	38,828	39,349	150,685	149,852
Total Assets	133,572	129,633	39,767	40,429	173,339	170,062
Other liabilities	1,981	3,516	783	800	2,764	4,316
Long-term liabilities	13,569	14,016	7,461	8,106	21,030	22,122
Total Liabilities	15,550	17,532	8,244	8,906	23,794	26,438
Net assets:						
Invested in capital assets, net of related debt	99,222	97,269	31,470	31,180	130,692	128,449
Restricted	6,185	290	-	-	6,185	290
Unrestricted	12,615	14,542	53	343	12,668	14,885
Total Net Assets	\$ 118,022	\$ 112,101	\$ 31,523	\$ 31,523	\$ 149,545	\$ 143,624

The Town's combined net assets increased from \$143,624,469 to \$149,546,252 as a result of the increase in net assets of both Business-type activities of \$0 and the Governmental activities of \$5,921,783. Unrestricted net assets, the portion of net assets that can be used to finance the day-to-day operations of the Town totaled \$12,668,926. Invested in capital assets, represents the amount of capital assets owned by the Town, including infrastructure, net of any outstanding debt. Net assets are reported as restricted when constraints on asset use are externally imposed by creditors, grantors, contributors, regulators, or are imposed by law through constitutional provisions. The total amount of restricted net assets is \$6,185,490; \$359,215 is restricted for the use of perpetual care in the Cemetery Fund and \$5,826,276 is restricted by law, contract or donor restrictions or has been assigned for specific use.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

The property tax classification, which comprises approximately 12% of total revenue generated by governmental activities, includes real estate tax, the local portion of personal property tax, machinery & tools tax and public service corporation taxes. Real estate tax revenue, totaled \$2,180,540.

Sales taxes, consumer's utility taxes, Commonwealth share of personal property taxes, business and professional occupational license taxes, prepared food and beverage taxes, transient room taxes, E-911 taxes, and cigarette taxes comprised the majority of other local taxes collected by the Town. Other taxes comprised approximately 49% of total revenues generated for governmental activities and are the largest source of revenue for the Town.

Payments from other Governments – State and Federal comprised approximately 13% of governmental activities revenues. Street maintenance funds, and funding received under House Bill 599 for law enforcement are some of the major sources of revenue included in this category.

Charges for services include items such as recreational fees and garbage collection fees represent approximately 8% of the governmental activities revenues.

Public Safety expenses comprised approximately 35% of expenses of the governmental activities. Operations of the labor-intensive Police Department are included in this category, along with expenses of the Building Inspections, Rescue Squad, Fire Department and E-911 Call Center.

Public Works expenses comprised approximately 24% of governmental activities expenses. Expenses for Solid Waste Management, Building Maintenance, Street Paving, and Street Maintenance are included in the Public Works category.

Recreation expenses comprised approximately 20% of government activities expenses.

An additional \$323,096 in cash was transferred from the General Fund to the Water/Sewer Fund during the fiscal year ending June 30, 2011.

Community Development and Health & Welfare include such items as industrial development, planning district commission, planning, and engineering services.

There was no change in the net assets of business-type activities.

FINANCIAL ANALYSIS OF THE TOWN'S FUNDS

For the fiscal year ended June 30, 2011, the governmental funds reflect a total fund balance of \$17,831,212. Of this amount \$12,816,580 constitutes unassigned fund balance, which is available for spending for services debt obligations and future capital projects. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures.

The General Fund balance increased by \$2,032,290 during the fiscal year ending June 30, 2011 primarily due to capital projects that were not completed during the fiscal year that will be completed in the next fiscal year.

Local taxes generated the majority of General Fund revenue, totaling approximately \$16,249,621 in fiscal year ending June 30, 2011.

Intergovernmental revenue is the second largest source of General Fund revenues, generating approximately \$3,648,735 in fiscal year ending June 30, 2011. The majority of this revenue is received from the Commonwealth and includes reimbursement for law enforcement funding received under House Bill 599, and street maintenance funds.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

GENERAL FUND BUDGETARY HIGHLIGHTS

General Fund revenues exceeded the budgeted revenues by \$821,320 due to slightly higher collections in a number of categories than anticipated.

General Fund expenditures were less than the budgeted amount by \$1,988,565 for general operations. Actual expenses for all departments were reduced due to hiring freezes and constraints on spending with the slowing recovery but were primarily from capital projects not completed during the period and rolled into the next fiscal year budgets.

CAPITAL ASSETS

As of June 30, 2011, the Town's capital assets for its governmental and business-type activities amounted to \$150,685,528 (net of accumulated depreciation). This investment includes land, streets and highways, construction in progress, land improvements, buildings and structures, vehicles, equipment, infrastructure and bond issue costs. The total net increase (additions less retirements and depreciation) in the Town's investment in capital assets for the current fiscal year was \$833,080.

Capital Assets, Net of Depreciation (In Thousands)

	Governmental Activities		Business-Type Activities		Total	
	June 30, 2011	June 30, 2010	June 30, 2011	June 30, 2010	June 30, 2011	June 30, 2010
Land	\$ 2,664	\$ 2,144	\$ 12	\$ 12	\$ 2,676	\$ 2,156
Construction in Progress	414	21,413	-	-	414	21,413
Streets & Highways	76,370	75,112	-	-	76,370	75,112
Land Improvements	1,863	648	-	-	1,863	648
Buildings & Structures	25,953	6,696	19,167	19,897	45,120	26,593
Equipment	2,731	2,555	19,649	19,440	22,380	21,995
Vehicles	569	686	-	-	569	686
Infrastructure	1,155	1,105	-	-	1,155	1,105
Bond Issue Cost	138	144	-	-	138	144
Total	\$ 111,858	\$ 110,503	\$ 38,828	\$ 39,349	\$ 150,685	\$ 149,852

The changes in each category of Capital Assets are presented in detail in note 7 to the Basic Financial Statements.

Major capital asset events during the fiscal year included the following:

- Construction in Progress – Major sewer and water main construction for Miller and Allegany area in town and the rehabilitation of the Hills Tank Water Tower. Both projects will continue into the 2012 fiscal year.

LONG-TERM DEBT

At June 30, 2011, the Town's long-term liabilities, not including compensated absences, landfill closure, bond premiums and postclosure care costs payable, totaled \$19,993,692 comprised of \$12,635,000 related to governmental activities, and \$7,358,692 related to business-type activities. Total debt decreased by \$1,186,747 during the fiscal year.

The Charter of the Town of Christiansburg and Code of Virginia limits the Town's net debt to 10% of the assessed valuation of real estate within the Town limits. This limit applies to governmental activity debt only, as long-term liabilities of business-type funds will be met by revenues generated by those funds. The

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Town's governmental activity debt of \$12,635,000 is well below the legal debt limit of \$185,755,733 (see Schedule 6 of Statistical Section).

Interest and fiscal charges for fiscal year ending June 30, 2011 were \$574,940 of the total governmental activities expenses.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The economic outlook during 2011 was somewhat improved over 2010. We saw a 0.1% increase in employment in Montgomery County during the fiscal period from 6.9% to 6.8% at September 2010 and 2011, respectively.

Another indicator of the state of the economy is the sales tax revenue, which is directly proportional to the retail sales. This revenue increased late in the fiscal year by \$64,000. Indicating some improvement in the economy between budget years 2010 and 2011. Revenues have not yet recovered to pre-recession levels.

Also transient lodging tax revenue increased \$63,630, or 8%, and prepared meals tax revenue increased \$904,180, or 20%. \$182,936, or 20%, of the increased amount is attributed to increased sales and \$721,244, or 80%, is attributable to a 1% increase in the meals tax rate.

Building permits for new residential units in fiscal year 2010-2011 decreased by 36% compared to fiscal year 2009-2010. Overall, building permits fees decreased by \$72,629 indicating building and new construction starts continued to decline during the fiscal period.

These signals seem to indicate that the economy in our area is stabilizing to some extent with very small growth in a few areas. The Town also has concerns with future intergovernmental revenues from both federal and state sources declining as a result of the continued economic instability at the state and federal levels particularly as it relates to street maintenance funds and law enforcement funds.

The 2011-2012 budget includes a rate increase for water and sewer fees to help offset the deficit in the enterprise fund and continues to have conservative estimates of revenue based on the state of the economy.

CONTACTING THE TOWN'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the Town's finances and to demonstrate the Town's accountability for the resources it receives and their uses. Questions concerning this report or requests for additional information should be directed to the Town Manager or the Director of Finance at 100 East Main Street, Christiansburg, Virginia 24073, telephone (540)382-6128. The Town's website address is www.christiansburg.org.

GOVERNMENTAL FUNDS

RECONCILIATION OF THE BALANCE SHEET TO THE STATEMENT OF NET ASSETS
AS OF JUNE 30, 2011

Fund Balances-total governmental funds	\$	17,831,212
Amounts reported for governmental activities in the Statement of Net Assets are different because:		
The installment of the real property taxes receivable would not be recognized for governmental activities because it is not collectible within 45 days after year-end		2,140,469
Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds:		
Governmental capital assets	\$	128,788,947
Less: accumulated depreciation and amortization		<u>(16,931,852)</u>
		111,857,095
Compensated absences are not due and payable in the current year and therefore are not reported in the governmental funds.		(566,753)
Landfill closure and postclosure care cost are not due and payable in the current year and therefore are not reported in the governmental funds.		(142,583)
Accrued merit/sick pay (OPEB) are not due and payable in the current year and therefore are not reported in the governmental funds.		(160,218)
Interest payable used in the governmental activities are not payable from current resources and therefore are not reported in the governmental funds.		(236,521)
Governmental funds report the effect of bond premiums when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities and reported as a long-term liability on the Statement of Net Assets.		(64,783)
Long-term liabilities are not due and payable in the current year and therefore are not reported in the governmental funds:		
2007 Revenue Bond	(1,780,000)	
2004 Revenue Bond	(9,840,000)	
1995 General Obligation Note	<u>(1,015,000)</u>	(12,635,000)
Net Assets of Governmental Activities	\$	<u>118,022,918</u>

Fund Balance, June 30, 2011	\$ 15,445,663	\$ 359,214	\$ 2,026,335	\$ 17,831,212

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES
OF THE GOVERNMENTAL FUND TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2011

Net Change in Fund Balances - total governmental fund	\$	4,102,007
Amounts reported for governmental activities in the Statement of Activities are different because:		
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds:		
Change in deferred revenues	\$	(17,025)
Change in taxes receivable		<u>26,838</u>
		9,813
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is depreciated over their estimated useful lives:		
Expenditures for capital assets	\$	1,553,672
Less: current year depreciation		<u>(1,450,808)</u>
		102,864
The value of the roads taken over by the Town from developers is considered contributed capital and is included in capital assets.		1,257,322
Governmental funds report an increase in compensated absences as an expenditure. However, in the Statement of Net Assets the addition increases long-term liabilities.		(81,710)
Governmental funds report the decrease in post closure care costs as an expenditure. However, in the Statement of Net Assets the reductions reduce long-term liabilities.		9,509
Governmental funds report repayment of bond principal as an expenditure. However, in the Statement of Net Assets the repayment reduces long-term liabilities.		530,000
Governmental funds report premiums on bonds as other financing sources and uses. However, in the Statement of Net Assets these bonds are reported as a long-term liability.		4,049
Governmental funds do not include amortization as an expenditure. However, bond issue costs are capitalized and amortized over the life of the bond on the Statement of Revenues, Expenditures and Changes in Fund Balances.		
Current year amortization		(5,894)
Accrued interest expense reported in the Statement of Activities does not require the use of current financial resources and is therefore not reported as expenditures in governmental funds.		9,041
Accrued merit/sick pay (OPEB) in the Statement of Activities does not require the use of current financial resources and is therefore not reported as expenditures in governmental funds.		(15,218)
Change in Net Assets of Governmental Activities	\$	<u><u>5,921,783</u></u>

STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES -
BUDGET AND ACTUAL - GENERAL FUND
YEAR ENDED JUNE 30, 2011

Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

Sources/Inflows of Resources:

Actual amount (budgetary basis) of "available for expenditures" from the budgetary comparison statement	\$ 34,055,754
The fund balance at the beginning of the year is a budgetary resource but is not a current year revenue for financial statement purposes (Exhibit E)	(10,910,484)
Insurance recoveries are inflows of budgetary resources but are not revenues for financial reporting purposes (Exhibit E)	<u>(48,852)</u>
Total general fund revenues as reported on the statement of revenues, expenditures, and changes in fund balances (Exhibit E)	<u>\$ 23,096,418</u>

Uses/Outflows of Resources:

Actual amount (budgetary basis) of "total expenditures" from the budgetary comparison statement	\$ 620,082
Transfers to other funds are outflows of budgetary resources but are not expenditures for financial reporting purposes (Exhibit E)	<u>(620,082)</u>
Total general fund expenditures as reported on the statement of revenues, expenditures, and changes in fund balances (Exhibit E)	<u>\$ -</u>

TOWN OF CHRISTIANSBURG

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2011

1. Summary of Significant Accounting Policies

A. The Financial Reporting Entity

The Town of Christiansburg, Virginia (the "Town") operates on a Council-Manager form of government and provides municipal services to its residents including fire and police protection, planning, engineering, inspections, public works and public utilities, parks and general government. The Town also provides water, sewer, refuse collection, and public transit services to its citizens. The Town is the county seat of Montgomery County and has taxing powers subject to state-wide restrictions and limits. The financial statements present the Town as the primary government. A component unit is an entity for which the Town is considered to be financially accountable. The Town does not have any component units.

For financial reporting purposes, in conformance with GASB Statement 14, *Defining the Governmental Reporting Entity*, the Town includes all funds, account groups, agencies, boards, commissions, and authorities that are controlled by or dependent upon the Town Council. Control by, or dependence upon, the Town Council was determined on the basis of the following:

1. The Town's ability to designate the management or significantly control the operations of the entity.
2. The Town's responsibility for the fiscal matters of the entity, including the authorization of budgetary appropriations, funding of operating deficiencies, control or use of surplus funds, responsibility for debts, and control over the collections and disbursement of funds.
3. The scope of public services rendered by and the geographic location of the entity.

Based on the foregoing criteria, the financial activities of no other organizations are included in the accompanying financial statements.

B. Financial Statement Presentation

In February 2009, Governmental Accounting Standards Board (GASB) issued Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The objective of GASB Statement No. 54 is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. Beginning with year end June 30, 2011, fund balance is displayed in accordance with GASB No. 54 using the following classifications:

- 1) *Nonspendable fund balance* - Inventories, prepaid items, accounts receivable and other current assets that are consumed in the course of operations that cannot be converted to cash or are not expected to be available to pay current liabilities. This classification includes funds set aside for perpetual care of the cemetery.
- 2) *Restricted fund balance* - The resources of a governmental fund that are subject to constraints imposed by external parties or law. These restrictions include such things as debt covenants or constraints imposed by legislation or federal and state agencies on the use of intergovernmental revenue, such as grants and contracts.
- 3) *Committed fund balance* - Represents amounts that have been designated by Town Council resolution or by town ordinance. These funds may only be spent for the purpose intended by the resolution or ordinance and can only be uncommitted by the same action taken to commit the funds.
- 4) *Assigned fund balance* - Represents the net resources of governmental funds that the government intends for a specific purpose. Assigned resources do not require formal action of the governing body. The permanent fund's net resources would be assigned fund balance as well as any net resources remaining in the special revenue funds.
- 5) *Unassigned fund balance* - Represents funds available for any purpose and represents expendable financial resources that can be used to meet contingencies and cash flow requirements.

Expenditures shall be charged first to restricted fund balance, second to committed fund balance, third to assigned fund balance and finally to unassigned fund balance as appropriate for the expenditure and to the fund being expended.

The Town Manager, in consultation with the Director of Finance and Town Council, shall determine funds to be classified as assigned.

Except in extraordinary circumstances, unassigned fund balance will not be used to fund any portion of the ongoing and routine operating expenditures of the Town. Unassigned funds are to be used primarily to insure adequate reserves, to respond to unforeseen emergencies, to provide cash flow, and to provide overall financial stability.

In June 1999, Governmental Accounting Standards Board (GASB) issued Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*. GASB Statement No. 34 established new requirements and a new reporting model for the annual financial reports of state and local governments. GASB Statement No. 34 was developed to make annual reports easier to understand and more useful to people who use governmental financial information to make decisions. GASB Statement No. 34 includes:

TOWN OF CHRISTIANSBURG

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2011

I Summary of Significant Accounting Policies (continued)

B. Financial Statement Presentation (continued)

Management's Discussion and Analysis (MD&A) - MD&A introduces the basic financial statements and provides an analytical overview of the government's financial activities in a narrative format. An analysis of the government's overall financial position and results of operations is included to assist users in assessing whether financial position has improved or deteriorated as a result of the year's activities.

Government-Wide Financial Statements - Present financial statements prepared using the economic resources measurement focus and full accrual accounting for all of the government's activities. These statements will include all assets, liabilities, revenues and expenses of the primary government.

The Town does not allocate *indirect expenses*. The government-wide statements segregate governmental activities, which are normally supported by taxes and intergovernmental revenues, and business-type activities, which rely on user fees and charges for support.

Statement of Net Assets - Presents both governmental and business-type activities on the full accrual, economic resource basis, which incorporates long-term assets and receivables, as well as long-term debt and obligations.

Statement of Activities - Presents the net cost of each individual function. Program revenues are presented as a reduction of the total cost of providing program services. Program revenues include charges for services, operating grants and contributions and capital grants that are directly associated with a specific function. Taxes and other revenue sources not reported as program revenue are included as general revenue.

Fund Financial Statements - These financial statements present information on major governmental and enterprise funds.

The accounts are organized on the basis of fund classification, each of which is considered to be a separate accounting entity. The operation of each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, fund balances or net assets, revenues, and expenditures or expenses, as appropriate.

Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped in the basic financial statements as follows:

Governmental Funds - accounts for expendable financial resources, other than proprietary fund types. Governmental fund types use the flow of current financial resources measurement focus. The major governmental funds consists of:

General Fund - The General Fund is the major operating fund of the Town. All unrestricted resources, except those required to be accounted for in another fund, are accounted for in this fund. The general operating expenses and fixed charges are paid from this fund.

Special Revenue Fund - This fund is used to account for the proceeds of specific revenue sources that are legally restricted by contract or donor to expenditure for a specified purpose.

Proprietary Fund - accounts for operations that are financed and operated in a manner similar to private business enterprises. The proprietary fund measurement focus is on the flow of economic resources. Operating revenues include charges for services and other revenue. Operating expenses include personal services, as well as other services and charges, materials and supplies and depreciation. The proprietary fund type is:

Enterprise Fund - Finances and accounts for the acquisition, operation, and maintenance of governmental facilities and services that are supported by user charges. The operations of water and sewer facilities are accounted for and reported in the Water and Sewer Fund.

In accordance with Governmental Accounting Standards Board (GASB) Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, the Town has elected to apply only applicable FASB Statements and Interpretations issued on or before November 30, 1989 that do not contradict GASB pronouncements in its accounting and reporting practices for its proprietary operations.

Permanent Fund - Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs.

Cemetery fund - This fund is used to account for principal trust amounts received and related interest income. The interest portion of the trust can be used to maintain the community cemetery. On April 1, 2008 the Town took over control of the Town's cemetery from the Cemetery Corporation.

TOWN OF CHRISTIANSBURG

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2011

I. Summary of Significant Accounting Policies (continued)

B. Financial Statement Presentation (continued)

Budget and Actual Comparison Statement - This statement is presented to demonstrate whether resources were obtained and used in accordance with the government's legally adopted budget. The Town may revise the original budget over the course of the year for various reasons. Budgetary information continues to be provided, and includes a comparison of the government's original adopted budget to the current comparison of final budget and actual results.

C. Basis of Accounting

Basis of accounting refers to the point at which revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Governmental activities in the government-wide statements are presented using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recognized when earned and expenses are recognized when a liability has been incurred, regardless of the timing of related cash flows.

Governmental funds are accounted for using the modified accrual basis of accounting. Revenues are recognized when they become measurable and available. General fund tax revenues are considered measurable when they have been levied. To be considered available, and thus susceptible to accrual, the taxes must be collected within the Town's period of availability of 45 days from the end of the current fiscal period. Uncollected taxes at the end of this period are reported as deferred revenues. Interest income and intergovernmental receivables are considered susceptible to accrual. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. However, debt service expenditures as well as expenditures related to compensated absences are recorded only when payment is due.

As a result of the different measurement focus and basis of accounting used in preparing the government-wide statements, a reconciliation between the government-wide and fund financial statements is necessary. Exhibit D presents reconciliation of the net assets as reported on the Statement of Net Assets (Exhibit A) to total governmental fund balance as reported on the Balance Sheet - Governmental Fund (Exhibit C). Exhibit F presents a reconciliation of change in net assets as reported on the Statement of Activities (Exhibit B) and the total changes in fund balance as reported on the Statement of Revenues, Expenditures and Changes in Fund Balances - Governmental Fund (Exhibit E).

D. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, certificates of deposit, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

E. Investments

Investments are stated at fair value.

F. Allowance for Uncollectible Taxes and Accounts Receivable

The Town calculates its allowance for uncollectible receivables based on historical collection data. At June 30, 2011, the allowance for uncollectible taxes and accounts receivable was \$112,399 for the General Fund and \$168,608 for the Water and Sewer Fund.

G. Property Taxes

Property taxes are assessed at their value on January 1. Real estate tax is payable in one installment on December 5. On January 1, real property taxes become an enforceable lien against the property. Personal property tax is due on or before December 5 during the year of assessment. The Town bills and collects taxes and recognizes revenue upon levy for government-wide purposes. For the fund financial statements, the Town recognizes revenue to the extent that it results in current receivables.

The annual assessment for real estate is based on 100% of the assessed fair market value. The tax rates are established annually, without limitation. The tax rate for real estate was \$.1126 per \$100 of assessed value for the year. The personal property tax rate was \$.45 per \$100 of assessed value for the year. In 1998, the Commonwealth enacted the Personal Property Tax Relief Act. The Commonwealth share of the tax was 60% for fiscal year 2011. Business furniture, fixtures, and machinery and tools taxes are assessed at a rate of \$.45 per \$100 of assessed valuation.

TOWN OF CHRISTIANSBURG

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2011

I Summary of Significant Accounting Policies (continued)

H Capital Assets

Capital assets acquired or constructed by the Town with a value in excess of \$5,000 are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets belonging to the proprietary fund are also reported in the applicable fund financial statements. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at fair market value when received. Depreciation is recorded on a straight-line basis over the estimated useful life of each capital asset. No depreciation expense is recorded for land, construction-in-progress, or streets and highways.

The estimated useful lives for capital assets are as follows:

Land Improvements	15 years
Building and Improvements	25-50 years
Equipment and Vehicles	5-20 years
Infrastructure	15-40 years

In accordance with GASB Statement No. 34, the Town's infrastructure has been capitalized, retroactively, upon adoption of the standard.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. No interest expense was capitalized during the current year.

I Estimates

Management uses estimates and assumptions in preparing its financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities, and reported revenues, expenditures, and expenses. Actual results could differ from those estimates.

J Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund-type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

K Budgets and Budgetary Accounting

The Town adheres to the following procedures in establishing the budgetary data reflected in the Budget and Actual Comparison Statement (Exhibit G):

- a. The Town Manager, in coordination with the Finance Committee, prepares the budget and the Finance Committee presents it to the Town Council.
- b. Legal notice of the public hearing is published in the newspaper at least 10 days prior to the hearing. Notice contains information as to date, place, and time, and solicits citizen attendance or written comments at the hearing with a synopsis of the budget.
- c. The public hearing is held at least seven days (State Code 15-1-162 as amended) prior to approval of the budget.
- d. Budget is approved at least seven days after public hearing, and no later than the beginning of the new fiscal year. Council sets tax rates for real estate and personal property.
- e. Notice of budget adoption and availability for viewing of adopted budget is published in a local newspaper one time, within thirty (30) days of adoption.
- f. The budget basis is adopted in accordance with the modified accrual basis of accounting.

TOWN OF CHRISTIANSBURG

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2011

I Summary of Significant Accounting Policies (continued)

L Compensated Absences

It is the Town's policy to permit employees to accumulate earned but unused compensated absences. For government-wide reporting, a liability is recorded for compensated absences when services are rendered and employees have earned the right to receive compensation for such services.

Town employees earn vacation and sick leave as follows:

Vacation:

- Twelve days per year for less than five full years of service
- Fifteen days per year for more than five but less than ten full years of service
- Eighteen days per year for ten full years or more of service

Sick leave:

- One and one-fourth days per month with unlimited accrual

Accumulated leave is paid upon termination. The maximum would be 32 days plus any sick leave accumulated, subject to limitations, after July 1 of the fiscal year. After five years of employment, an employee, upon retirement, will be paid for one-fourth of accumulated sick leave to a maximum of \$10,000. No sick leave is paid out upon termination.

2 Compensated Absences

The Town's liability at June 30, 2011 for these compensated absences was:

	Current Portion	Long-Term Portion	Total
General Fund	\$ 56,675	\$ 510,077	\$ 566,752

Liabilities for compensated absences are not liquidated until leave is actually taken by employees or leave balances are paid upon termination. The Town has estimated that 10% of the compensated absences balance can be liquidated with expendable available resources, and are considered a current liability. Both current and non-current portions of compensated absences totaling \$566,752 are recorded for governmental activities in the government-wide statements and represent a reconciling item between the government-wide and fund presentations.

Compensated absences earned by employees and charged to the proprietary fund are expensed and accrued as a liability when incurred. At June 30, 2011, the liabilities for compensated absences of the enterprise fund were \$101,728.

3 Deposits and Investments

Deposits

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act") Section 2-2-4400 et. seq. of the Code of Virginia. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

At year end, the carrying value of the Town's deposits with banks and savings institutions was \$18,234,773. Of the Town's bank balances, \$18,234,773 was covered by Federal depository insurance or collateralized as required by the Virginia Security for Public Deposit Accounts.

Investments

Town and State statute (Code of Virginia, Chapter 3, Title 26) authorize local governments and other public bodies to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, "prime quality" commercial paper and certain corporate notes; bankers' acceptances, repurchase agreements and the State Treasurer's Local Government Investment Pool (LGIP).

Deposits and investments of the Town are categorized below to give an indication of the level of risk assumed by the entity at year-end. Category 1 includes investments that are insured or registered or for which the securities are held by the Town in the Town's name. Category 2 includes uninsured and unregistered investments for which the securities are held by the broker or dealer bank trust department or safekeeping agent in the Town's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the broker or dealer or by its trust department or safekeeping agent, but not in the Town's name. As of June 30, 2011, the Town's deposit and investment balances were as follows:

TOWN OF CHRISTIANSBURG

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2011

3 Deposits and Investments (continued)

	Category			Non-Categorized	Fair Value
	1	2	3		
Deposits	-	-	-	7,842,797	7,842,797
Certificates of Deposit	-	-	-	8,551,852	8,551,852
Money Market	-	-	-	1,712,240	1,712,240
Totals	-	-	-	18,106,889	18,106,889

The following table provides a reconciliation of investments to the Statement of Net Assets in Exhibit A:

Investment Type	Fair Value
Certificates of Deposit	\$ 8,551,852
Money Market	1,712,240
Total Investments	\$ 10,264,092

4 Receivables

Receivables as of June 30, 2011 consisted of the following:

Governmental Activities:

	General	Special Revenue	Totals
Receivables			
Taxes	\$ 2,324,757	\$ -	\$ 2,324,757
Due from Government	239,124	79,358	318,482
Accounts	921,097	-	921,097
Gross Receivables	3,484,978	79,358	3,564,336
Less Allowance for Doubtful Accounts	156,082	-	156,082
Receivables, net	\$ 3,641,060	\$ 79,358	\$ 3,720,418

Business-type Activities:

	Water & Sewer
Receivables	
Accounts	1,151,038
Less Allowance for Doubtful Accounts	(168,608)
Receivables, net	\$ 982,430

The taxes receivable account is largely comprised of the current and prior five years of uncollected tax levies for personal property, and the current and past nineteen years of uncollected real estate tax levies. The collectability of these accounts has been considered in the allowance for uncollectible accounts.

Amounts due from/to other funds consist of the following at June 30:

	Due from:		
	Water & Sewer Fund	Special Revenue Fund	General Fund
<u>Due to:</u>			
General Fund	\$ 44,078	\$ 3,317	\$ -
Permanent Fund	\$ -	\$ -	\$ 36,769

5. Interfund Receivables, Payables and Transfers

Interfund transfers consist of the following at June 30

	Transfers in		
	Water & Sewer Fund	Special Revenue Fund	Permanent (Cemetery) Fund
<u>Transfer out:</u>			
General Fund	\$ 323,096	\$ 176,427	\$ 120,560

TOWN OF CHRISTIANSBURG

Community Development	8,163
	<u>\$ 1,456,702</u>

<u>Business-type activities:</u>	
Water and Sewer	\$ 1,557,750

Amortization expense for bond issuance costs in the amount of \$5,894 is included in the total for Parks, Recreation, and Culture.

8. Deferred Revenue

Deferred revenue represents amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Deferred revenue as reported in the governmental fund financial statements at June 30, 2011 consisted of the following:

	General Fund
Grant revenue	\$ 19,359

9. Long-Term Liabilities

General obligation notes are direct obligations and pledge the full faith and credit of the Town. The charter of the Town of Christiansburg limits the legal debt to 10% of the assessed valuation of real estate within the Town limits. The Town's legal debt margin at June 30, 2011 is \$185,755,733 (see Schedule 6 of Statistical Section).

The following is a summary of existing long-term liabilities and the changes in those liabilities during the year:

	Balance July 1, 2010	Additions	Reductions	Balance June 30, 2011
<u>Governmental Activities</u>				
General Obligation Debt:				
2007 Revenue Bond	\$ 1,845,000	\$ -	\$ 65,000	\$ 1,780,000
2004B Revenue Bond	10,080,000	-	240,000	9,840,000

TOWN OF CHRISTIANSBURG

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2011

II. Defined Benefit Pension Plan

A. Plan Description

Name of Plan: Virginia Retirement System (VRS)

Identification of Plan: Agent and Cost-sharing Multiple-Employer Defined Benefit

Administering Agent: Virginia Retirement System (System)

All full-time, salaried permanent employees of participating employers are automatically covered by VRS upon employment. Benefits vest after five years of service credit. Members earn one month of service credit for each month they are employed and their employer is paying into the VRS. Members are eligible to purchase prior public service, active duty military service, certain periods of leave and previously refunded VRS service as credit in their plan.

VRS administers two defined benefit plans for local government employees - Plan 1 and Plan 2:

Members hired before July 1, 2010 and who have service credits before July 1, 2010 are covered under Plan 1. Non-hazardous duty members are eligible for an unreduced retirement benefit beginning at age 65 with at least five years of service credit or age 50 with at least 30 years of service credit. They may retire with a reduced benefit early age 55 with at least 10 years of service credit or age 50 with at least five years of service credit.

Members hired or rehired on or after July 1, 2010 and who have no service credits before July 1, 2010 are covered under Plan 2. Non-hazardous duty members are eligible for an unreduced benefit beginning at their normal Social Security retirement age with at least five years of service credit or when the sum of their age and service equals 90. They may retire with a reduced benefit as early as age 60 with at least five years of service credit.

Eligible hazardous duty members in Plan 1 and Plan 2 are eligible for an unreduced benefit beginning at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit. These members include, sheriffs, deputy sheriffs and hazardous duty employees of political subdivisions that have elected to provide enhanced coverage for hazardous duty service. They may retire with a reduced benefit as early as age 50 with at least five years of service credit. All other provisions of the member's plan apply.

The VRS Basic Benefit is a lifetime monthly benefit based on a retirement multiplier as a percentage of the member's average final compensation multiplied by the member's total service credit. Under Plan 1, average final compensation is the average of the member's 36 consecutive months of highest compensation. Under Plan 2, average final compensation is the average of the member's 60 consecutive months of highest compensation. The retirement multiplier for non-hazardous duty members is 1.70%. At retirement, members can elect the Basic Benefit, the Survivor Option, a Partial Lump Sum Option Payment (PLOS) or the Advance Pension Option. A retirement reduction factor is applied to the Basic Benefit amount for members electing the Survivor Option, PLOS or Advance Pension Option or those retiring with a reduced benefit.

Retirees are eligible for an annual cost-of-living adjustment (COLA) effective July 1 of the second calendar year of retirement. Under Plan 1, the COLA cannot exceed 5.00%; under Plan 2, the COLA cannot exceed 6.00%. During years of no inflation or deflation, the COLA is 0.00%. The VRS also provides death and disability benefits. Title 51.1 of the Code of Virginia (1950), as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

The System issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information for VRS. A copy of that report may be downloaded from their web site at <http://www.varetre.org/Pdf/Publications/2010-AnnualReport.pdf> or obtained by writing to the System at P.O. Box 2500, Richmond, VA 23218-2500.

B. Funding Policy

Plan members are required by Title 51.1 of the Code of Virginia (1950), as amended, to contribute 5.00% of their compensation toward their retirement. The Town of Christiansburg has assumed this 5.00% member contribution. In addition, the Town is required to contribute the remaining amounts necessary to fund its participation in the VRS using the actuarial basis specified by the Code of Virginia and approved by the VRS Board of Trustees. The Town's contribution rate for the fiscal year ended 2011 was 15.20% of annual covered payroll. The Town's contribution rate includes the employee's share of 5.00% paid by the employer.

C. Annual Pension Cost

For fiscal year 2011, the Town's annual pension cost of \$1,380,955 was equal to their required and actual contributions.

Fiscal Year Ending	Three Year Trend Information		
	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
June 30, 2009	\$ 1,102,950	100.00%	\$ -
June 30, 2010	\$ 1,380,955	100.00%	\$ -
June 30, 2011	\$ 1,430,452	100.00%	\$ -

TOWN OF CHRISTIANSBURG

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2011

C Annual Pension Cost (continued)

The fiscal year 2011 required contribution was determined as part of the June 30, 2009 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions at June 30, 2009 included (a) an investment rate of return (net of administrative expenses) of 7.50%, (b) projected salary increases ranging from 3.75% to 5.60% per year for general government employees and 3.50% to 4.75% for employees eligible for enhanced benefits available to law enforcement officers, firefighters, and sheriffs, and (c) a cost-of-living adjustment of 2.50% per year. Both the investment rate of return and the projected salary increases include an inflation component of 2.50%. The actuarial value of the Town of Christiansburg's assets is equal to the modified market value of assets. This method uses techniques that smooth the effects of short-term volatility in the market value of assets over a five-year period. The Authority's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at June 30, 2009 for the Unfunded Actuarial Accrued Liability (UAAL) was 20 years.

D Funded Status and Funding Progress

As of June 30, 2010, the most recent actuarial valuation date, the plan was 69.77% funded. The actuarial accrued liability for benefits was \$31,621,423, and the actuarial value of assets was \$22,061,054, resulting in an unfunded actuarial accrued liability (UAAL) of \$9,560,369. The covered payroll (annual payroll of active employees covered by the plan) was \$9,513,961, and ratio of the UAAL to the covered payroll was 100.49%.

The schedule of funding progress, presented as Required Supplementary Information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability (AAL) for benefits.

2 Sick Leave Divestiture Plan (Defined Benefit Pension Plan)

A Plan Description

Name of Plan: Sick Leave Divestiture Plan

Identification of Plan: Single Employer

Administering Agent: Town of Christiansburg

Sick Leave Divestiture at retirement. Employees retiring in accordance with VRS guidelines and who have at least five (5) years of service with the Town of Christiansburg are eligible to take payment of accrued sick leave payable directly to them with the following options (dependent upon time of service):

1. Employees retiring that have a minimum of five (5) years of service may withdraw 25% of their accrued sick leave up to a maximum of \$10,000 (taxable).
2. Employees hired on or before June 30, 2011, who retire immediately upon separation from the Town with a minimum of twenty (20) years of service and who are retiring in accordance with VRS guidelines, may take their total accrued sick leave in 120 monthly payments (i.e., 10 years), subject to applicable Federal and State taxes. The value of the accrued sick leave for payout will be calculated at an hourly rate using the VRS Average Final Compensation computation. If the retiree becomes deceased during the payout period, the payouts cease and are non-transferable.

B Funding Policy

The plan is a pay-as-you-go system, with the Town annually funding and paying the benefits to the members.

C Annual Pension Cost

For fiscal year 2011, the Town's annual pension cost for this plan was \$96,246 which was \$35,971 less than their required and actual contributions of \$132,217.

Three-Year Trend Information			
Fiscal Year Ending	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
June 30, 2009	\$ 131,762	32.31%	\$ 89,196
June 30, 2010	\$ 131,762	50.76%	\$ 154,076
June 30, 2011	\$ 138,219	69.63%	\$ 132,217

The fiscal year 2011 required contribution was determined as part of the June 30, 2011 actuarial valuation using the unit credit cost method. The actuarial assumptions at June 30, 2011 included (a) an investment rate of return (net of administrative expenses) of 4.00%, (b) projected salary increases ranging from 3.50% per year for general government employees and 3.50% for employees eligible for enhanced benefits available to law enforcement officers, firefighters, and sheriffs, and (c) a cost-of-living adjustment of 2.50% per year. Both the investment rate of return and the projected salary increases include an inflation component of 2.50%. The remaining amortization period at June 30, 2011 for the Unfunded Actuarial Accrued Liability (UAAL) was 29 years.

TOWN OF CHRISTIANSBURG

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2011

D Funded Status and Funding Progress

As of June 30, 2011, the most recent actuarial valuation date, the plan was unfunded. The actuarial accrued liability for benefits was \$1,498,425 and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$1,498,425. The covered payroll (annual payroll of active employees covered by the plan) was \$9,513,961, and the ratio of the UAAL to the covered payroll was 15.74%.

13. Risk Management

The Town is exposed to various risks of loss related to the following: torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. The Town risk management programs are as follows:

Workers' Compensation - Workers' compensation insurance is provided through the Virginia Municipal Self Insurance Association. During 2010-2011, total premiums paid were \$873,286. Benefits are those afforded through the State of Virginia as outlined in the Code of Virginia Section 65.2-100; premiums are based on covered payroll, job rates and claims history.

General Liability and Other - The Town has general liability, automobile liability, property, and public officials liability insurance through the Virginia Municipal Liability Pool. Boiler and machinery coverage and property insurance are covered as per statement of values. Total premiums for 2010-2011 were \$349,830.

Healthcare - The Town provides health insurance coverage for employees through commercial insurance policies. Employees' spouses and dependents may also be covered provided they pay for part of the premium cost. During the year, the Town paid \$1,310,039 in healthcare premiums.

Other - There were no significant reductions in insurance coverage from the prior year and no settlements that exceeded the amount of insurance coverage during the last three fiscal years.

All Town employees are covered by a blanket bond in the amount of \$10,000. Additionally, the Treasurer and Town Manager are covered by surety bonds in the amount of \$100,000 each. The surety is United States Fidelity and Guaranty.

Intergovernmental dependency - The town depends on financial resources flowing from, or associated with, both the federal government and the State of Virginia. Because of this dependency, the Town is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and state laws and federal and state appropriations. It is also subject to changes in investment earnings and asset values associated with U.S. Treasury securities because of actions by foreign governments and other holders of publicly held U.S. Treasury securities.

During the fiscal year ended June 30, 2011 the Town received direct funding from the federal and state government as

Law Enforcement funds	431,728
Street Maintenance Funds	2,833,444
Sales Tax	1,547,345
Non Categorical State Aid	1,324,045
Federal and State Grants	111,261
	<u>6,247,823</u>

14 Blacksburg-Christiansburg-VPI Water Authority

The Blacksburg-Christiansburg-VPI Water Authority is a public body of politic and corporate of the Commonwealth of Virginia, created pursuant to the Virginia Water and Sewer Authorities Act to acquire, construct, reconstruct, improve, extend, make additions to, operate, and maintain a water supply system for the Town of Blacksburg, Virginia, the Town of Christiansburg, Virginia, and Virginia Polytechnic Institute and State University. Each of the three localities appoints one member of the Board of Directors and two additional at-large members are appointed by joint resolution by the three localities. The Town has an all-requirements contract with the Authority for its bulk water purchases.

The Authority is not a part of the Town entity and the Town assumes no financial responsibility what-so-ever for the Authority. Accordingly, the financial position and results of operations of the Authority are not included in the accompanying financial statements.

15 Contributed Capital

The contributed capital account of the Enterprise Fund increased from \$18,482,538 to \$18,535,238 in 2010-2011 due to contributed capital - grants in aid of construction of \$52,700.

The contributed capital account of the General Fund on the Statement of Activities for GASB Statement No. 34 purposes includes the roads given to the Town by developers for the Town to maintain. The value of \$1,257,323 was arrived at using \$100 per foot of center lane miles. Total miles given to the Town during the fiscal year amount to 2.3813. These new road additions are included on the Statement of Net Assets as a Capital Asset.

TOWN OF CHRISTIANSBURG

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2011

16. Landfill Closure and Postclosure Care Costs

In FY 1998, the Town adopted GASB Statement No. 18, *Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs*. State and federal laws and regulations require the Town to place a final cover on its landfill site as well as other sites opened in the future when they stop accepting waste, and to perform certain maintenance and monitoring functions at the sites for thirty years after closure. Although closure and postclosure care cost will be paid only near or after the date that the landfill stops accepting waste, GASB No. 18 requires that the Town record a portion of these closure and postclosure care costs as a long-term liability in each period based on landfill capacity used as of each balance sheet date. The \$142,583 liability for landfill closure and postclosure care cost at June 30, 2011 represents the estimated liability based on the usage of 100% of the estimated capacity of the landfill. The Town will recognize the remaining estimated cost of closure and postclosure care as costs are incurred.

The liability accrued at June 30, 2011 is based on what it would cost to perform all closure and postclosure care in 2011. Actual cost may differ from this estimate due to inflation, changes in technology or changes in regulation.

17. Postemployment Benefits other than Pension Benefits

In the fiscal year 2009, the Town adopted GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. The statement was issued to provide more complete, reliable, and decision-useful financial reporting regarding the costs and financial obligations that governments incur when they provide postemployment benefits other than pensions as part of the compensation for services rendered by their employees. The statement will provide better information to users about the government's unfunded actuarial accrued liabilities (the difference between the Town's total obligation for OPEB and any assets set aside for financing the benefits) and changes in the funded status of the benefits over time. The liability is based on an actuarial valuation performed by a third-party every two years. The total unfunded accrued liability at June 30, 2011 is \$1,258,886 which is based on the June 30, 2011 valuation. The government-wide financial statements reflect the portion of the liability. The Town's plan is a pay-as-you-go system. The annual required contribution per the actuarial valuation is \$138,732. During the fiscal year the Town paid out benefits of \$43,710. The Net Other Post Employment (OPEB) obligation at June 30, 2011 is \$160,218. The town currently intends to continue to fund these benefits annually as they become due on a Pay-as-you-go system.

The description of the retirement service merit plan/sick pay is as follows:

Town-Sponsored Service Merit. An employee retiring under VRS and who has at least 20 years of service to the Town is eligible for payment of ten dollars (\$10) per month for each year of service (as determined by Council with each budget year). Upon Medicare eligibility, the employee's Town Sponsored Service Merit payment turns to a flat \$100/month. These payments are placed into the Retirement Health Savings for the employee's use toward medical expenses after retirement.

1. Employees retiring that have a minimum of five (5) years of service may withdraw 25% of their accrued sick leave up to a maximum of \$10,000 (taxable).
2. Employees hired on or before June 30, 2011, who retire immediately upon separation from the Town with a minimum of twenty (20) years of service and who are retiring in accordance with VRS guidelines, may take their total accrued sick leave in 120 monthly payments (i.e., 10 years), subject to applicable Federal and State taxes. The value of the accrued sick leave for payout will be calculated at an hourly rate using the VRS Average Final Compensation computation. If the retiree becomes deceased during the payout period, the payouts cease and are non-transferable.

18. Special Item

It was determined that assets held by the fire department in the amount of \$329,647 and the rescue squad in the amount of \$579,933 were held under the Town's tax identification number and therefore, needed to be included in the assets of the Town. The funds have been categorized as special revenue with the balances restricted as to use due to donor restrictions under the heading "special item" on the Statement of Activities at the government-wide level of presentation and the Statement of Revenues, Expenditures, and Changes in Fund Balance at the fund level of presentation.

19. Contingency

In October 2002, the Town of Christiansburg received a loan/grant for \$675,000 from the Virginia Department of Housing and Community Development for the construction of low income housing for low income at risk youths. The facility, Tekoa Boys Home, was to be built, run and maintained by Community Housing Partners Inc. (CHP). The loan is secured by this facility and will be forgiven at the end of a 20 year term provided that the original purpose continues to be met. In the event that CHP defaults on the terms of the grant/loan, the funds must be repaid to the Virginia Department of Housing and Community Development and the Town is contingently liable for that repayment. During 2010 the home was converted to other uses and the Virginia Department of Housing and Community Development has approved that change stating that "it is a reasonable replacement for the originally intended use".

19. Subsequent Events

In preparing these financial statements, the Organization has evaluated events and transactions for potential recognition or disclosure through November 18, 2011, the date the financial statements were available to be issued. Management is not aware of any subsequent events that occurred or other matters that should be disclosed.

NOTE (1) Exclusive of penalties and interest. Includes public service corporations and personal property reimbursement from the Commonwealth.

(2) This heading "Delinquent Tax Collections" includes all delinquent tax collections made within the fiscal year indicated regardless of when the levy occurred. Also, included in total is the amount of refunds paid during the year.

(3) This heading, "Outstanding Delinquent Taxes", merely reports total outstanding delinquent taxes as of the fiscal year end as one lump sum. In subsequent fiscal years, these amounts are not being reduced by subsequent collections for purposes of this schedule. Only the outstanding delinquent taxes resulting from the current fiscal year levies plus 20 years delinquent real estate taxes and 5 years delinquent personal property taxes are being reported in the lump sum amount.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Mayor and Members of Town Council
Town of Christiansburg, Virginia

We have audited the basic financial statements of the governmental activities, business-type activities, and each major fund of the Town of Christiansburg, Virginia, as of and for the year ended June 30, 2011, which collectively comprise the Town of Christiansburg's basic financial statements and have issued our report thereon dated November 18, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Town of Christiansburg's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Christiansburg's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Town of Christiansburg's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Christiansburg's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Town Council, management, and state and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH CERTAIN PROVISIONS OF LAWS, REGULATIONS, CONTRACTS, AND GRANTS

The Honorable Mayor and Members of the Town Council
Town of Christiansburg, Virginia:

We have audited the accompanying financial statements of the Town of Christiansburg, Virginia, as of and for the year ended June 30, 2011, and have issued our report thereon dated November 18, 2011.

We conducted our audit in accordance with generally accepted auditing standards and standards applicable to financial audits contained in *Specifications for Audits of Counties, Cities, and Towns* issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

As part of obtaining reasonable assurance about whether the Town of Christiansburg's financial statements are free of material misstatement, we also performed tests of compliance with certain provisions of laws, regulations, contracts, and grants related to the following state compliance matters:

State Compliance Matters:

Code of Virginia:

- Budget and Appropriation Laws
- Cash and Investment Laws
- Conflicts of Interest Acts
- Local Retirement System
- Procurement Laws
- Uniform Disposition of Unclaimed Property Act

State Agency Requirements:

- Highway Maintenance Funds

Compliance with laws, regulations, contracts, and grants, applicable to the Town of Christiansburg, Virginia, is the responsibility of the Town's management. Providing an opinion on such provisions was not an objective of our audit of the financial statements and, accordingly, we do not express such an opinion.

The results of our tests relating to the above mentioned state compliance matters disclosed the following instances of noncompliance that are required to be reported:

All locally appointed officials must file an annual disclosure form (Section 2.2-3115 of the Code of Virginia) with the clerk of the governing body by January 15th each year. All required disclosure forms were not received by the clerk as of this due date.

This report is intended solely for the information and use of Town Council, management, and state and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
